PARKER HOSPITALS TO TREAT WORKERS, COUNCIL STUDY PERMANENT GOVT. SET-UP, TRUST FUND.

Evacuee residents who may be the victims of emergency injuries while working in Parker will be given treatment at either the Indian Service Hospital or the Parker Hospital, it was reported by George Ono, Unit II Fair Practice committee chairman, Monday to the community council.

According to Ono, the labor boards of the three units met with Vernon Kennedy, A. W. Empe, H. H. Twonsend and Len Nelson, of the administrative staff and submitted several proposals, "most of which were accepted." First aid to injured workers in Parker was one of the propositions approved, and Mr. Twonsend was appointed to take the necessary steps.

Chairman John Maeno requested the Council to study the proposed set-up for a permanent form of government with a central executive council for all three units.

The Fair Practice Board was delegated to make definite suggestions concerning the appointment of trustees for the Evacuee Trust Fund. A symposium was suggested to be held to clarify the trust fund situation.

COUNCIL OPPOSES DONATION PRACTICE

The Poston III Community Council announced its opposition to solicitation of donations for continued cotton-picking in Parker Valley; Postonians pick 42,000 lbs.; earn over $1,000 for continued cotton-picking in Parker Valley;

Twelve Parker Valley cotton growers, meeting at the Indian Trading post Monday night, unanimously endorsed a telegram to be forwarded to Lt. Gen. John L. DeWitt, Western Defense Command, requesting that the school children and other evacuee groups of Poston be permitted to continue the harvesting of crops in this area.

William Dudley, spokesman for the growers said, "We have nothing but praise for the field work shown by the various cotton picking groups from Poston. Various school classes have cooperated with us especially."

As of yesterday, Poston groups had harvested approximately 42,000 pounds of cotton, and pay checks which have been turned over to the various class treasurers and presidents now exceed $1,000.

Under the edict from the Fourth Command headquarters from San Francisco, affecting both Gila and Poston, cotton picking activities are to cease tomorrow, Nov. 12.

Both the Project Director W. Wade Head, Industrial Relations Chier, Vernon R. Kennedy and the Parker Valley growers are now hoping that it will be continued.

A supplementary wire was sent to Lt. Gen. J. L. DeWitt by the Administration requesting that the restrictions be lifted.

or sponsoring of money-making concessions in events affecting this unit. This stand was released yesterday in a memorandum to all block managers, department heads and organizations of Poston III.

Groups wishing to have concessions must receive the approval of the council, the resolution stated.
OUR THOUGHT ON ARMISTICE

At 11 a.m. today, it will have been exactly 24 short years when the bugles sounded "Cease firing" thus ending one of the great catastrophic wars of the world. Over 5,300,000 men sacrificed their lives, more than 12 million bled from their gaping wounds, staining the bloody battlefields of No Men's Land in a vain effort "to make the world safe for democracy.

Once again we are in the midst of a physical conflict, perhaps the worst in the history of mankind. Once again, millions of men, in vibrant youth, are forsaking their right to live, being utilized in body and soul, all in the name of democracy. It is indeed a travesty on the soul of the Unknown Soldier. It would be a force to commemorate this day.

Let us, instead, look forward to the day when another Armistice will be declared. Let us, instead, trust in the judgment of our Father to lead us away forever from the tyrannical forces of fury, hate and fear that is such a lingering counterpart, a perpetuation, of all wars.

Let us not be satisfied that someday a truce will be declared. For while all things come to an end as Swinburne so aptly stated thusly: "From too much of living, From hope and pain set free, We thank with brief thanksgiving Whatever gods may be, That no life lives forever, That dead men rise up never, That even the weariest river Winds somewhere safe to sea,"

the spiritual tares of race prejudice, suspicion and fear among mankind will linger on for years after the peace.

Regardless of race, creed or religion, we are all in this battle fighting the oppression, the slavery, the contempt of men for fellow men. That is what we are fighting for today, to sweep away fear and distrust, so that men throughout the world may live forever as outlined in the terms of the Atlantic Charter.... "which will afford assurance that all men in all lands may live out their lives in freedom from want and fear."

Let us look to the soul of that Unknown Soldier and vow to him that he shall not have died in vain, vow that the next Armistice Day and all the others that will forever follow shall be commemorated in all its democratic significance.
