Van Andrews on trial - part II

commentary

By Peggy O'Malley

Amid the music of Mozart and much clearing of throats, Van C. Andrews was arrested Sunday night, February 11, on Cal Straight's campus.

Following his suspension Friday evening, February 9, Van was forbidden to reenter the lovely grounds of Cal Straight. The suspension was preceded by a blood-and-threat trial that lasted four-and-one-half hours, 3:30 - 7:30, on Friday afternoon. Informed sources indicate that the reason for Van's suspension may be that Van allegedly made a non-verbal threat on a certain professor at the college.

Before speaking of the intricacies of the trial, the details of the arrest of Van C. Andrews may be of interest.

Van, as many of the students at Cal Straight realize, has been known for displaying unusual dress habits (i.e. long white robes and lacy tablecloths draped in fishnet), for effect while he is in the process of protesting. Sunday night Van may have been striving for more than effect. He was struggling to keep his freedom. Wearing a bushy grey wig and other unrecorded items, Van C. Andrews paraded up and down the aisles of the Mozart concert whispering "Shhh!" at the audience. It is reported that an intermission President Pfau "...put the finger on Van Andrews."

The College has the right to comment on a personnel matter only if the individual involved makes public the confidential record or reports of the proceedings. To date, I have no evidence that such a public revelation has been made.

Unanswered questions

John M. Pfau

President

SUBJECT: INTERVIEW WITH PRESIDENT PFAU
RE: OUTCOME OF VAN ANDREWS TRIAL
INTERVIEWER: PEGGY O'MALLEY

TITLE: ACTIVITIES EDITOR
QUESTIONS: 1. According to Executive Order No. 148, under Section entitled "Authority of the President," the President is accorded final campus authority, established pursuant to Section 41304, Title 5, of the California Administrative Code, in all disciplinary procedures. In accordance with above, did you order the immediate suspension of Van C. Andrews? 4. In a meeting with Nancy Saunders, Editor-in-Chief of the PAWPRINT, on a preceding Friday afternoon, Nancy indicated that in the Publications Code of the college, the President of said college shall be permitted the opportunity to defend his actions to the college faculty and/or student body, if he so wishes. Would you like to present a supporting statement of your disciplinary actions in the Van C. Andrews trial? Certainly any other comments presented to the PAWPRINT by the President of the college will be welcome.

Thank you, sir.
To Our Editor—

The recent middle-finger gesture of the Van Andrews toward the resident crusader rabbit. His dramatic, more or less tongue-in-cheek manner for some would be considered a result of the current administration's disregard for the student body. However, Van Andrews has never been known for his intellectual capabilities, and his actions are more likely to be interpreted as a form of protest against the university's policies.

The middle finger incident occurred during the mid-term exam period, when Van Andrews appeared at the front of the class to display his middle finger. The gesture was interpreted by many students as a form of rebellion against the administration's actions, particularly in relation to the suspension of the student newspaper, The Spokesman.

Indeed, the administration's decision to suspend The Spokesman has sparked a wave of protests and demonstrations on campus. Students have organized rallies and marches to demand the reinstatement of the newspaper and to challenge the administration's decision.

In response to the protests, the administration has issued a statement expressing its commitment to upholding academic freedom and ensuring a safe and respectful learning environment. However, many students are unconvinced by the administration's stance and continue to pressure for change.

The middle finger gesture by Van Andrews is just one example of the ongoing conflict between the student body and the administration. As the academic year comes to a close, it remains to be seen how this tension will be resolved.
WHAT STOKELEY HAD TO SAY

Stokely Carmichael on Pan Africanism, recorded by Kent Grant 17 Feb. 73 at the Watts Mental Health Clinic in Los Angeles.

...For a revolution to be successful all the people must be totally involved in struggle twenty-four hours every day. A revolutionary must look at the problems, analyze them, and then pose solutions to the people, who have to then understand in order to fight. There is no mysticism involved.

Pan Africanism is dealing with World Revolution of Africans all over the world. We here are all Africans — Africans born in the U.S. and we here have the same problems that the black man in Bermuda, Algeria, Brazil, Johannesburg, and so, and we all have to get our house together before we can help each other. The Chinese contributed to world culture and civilization for thousands of years. Our problem here, is that we don't equate richness with humanity, but with technology — big cars.

Revolution only succeeds if the principles are just; ours are on the side of justice. After we beat the white man, we'll give the red man back his land, and we'll go home!...applause.

There are two groups of Africans. The first were taken away from their land and the second had their land taken away from them. When organized and powerfully united, Africa will be one. And man, she's gigantic.

This new system is scientific socialism and its objective is for the destruction of mass imperialism and for Pan Africanism. You see, what we have been through, can't be one else go through. Our objective solves three problems — racism, imperialism, and poverty through scientific socialism.

Africa is our land. America is the land of the Red Man; Europe, the White, and Asia, the Yellow Man. This society we live in is vicious and barbaric. We must regain value system diametrically opposed and uncompromising, uncompromising to American values.

Africa is the richest continent in the world, in the world. Africa is the richest continent in the world — and not just materially. Understand, she has contributed to world culture and civilization for thousands of years. Our problem here, is that we don't equate richness with humanity, but with technology — big cars.

Revolution only succeeds if the principles are just; ours are on the side of justice. After we beat the white man, we'll give the red man back his land, and we'll go home!...applause.

There are two groups of Africans. The first were taken away from their land and the second had their land taken away from them. When organized and powerfully united, Africa will be one. And man, she's gigantic. Africa is gigantic — from Cape Town to Egypt. When one African speaks, millions of Africans around the world will have understood. It has been crystal clear.

This system the societies has built is backwards. The cities are breaking down. It takes you twice as long to drive to and from work than it took ten years ago. Now you tell me, that's progress; And you might lose your life with the lunatics you have to drive with on the freeway. We have to change our way of life. In this system, money is more important than man. No doubt about it! This element from wall street has infiltrated into our communities. It's gone deeper than the pimp. Man is the most essential element, not money. It's the man who makes the money, not money that makes the man. Money must not dominate man but man must dominate it (It's intelligent use). We have to keep saving. Man is more important than money. Man is more important than money!

Individualism is less important than the rights of the people. The only way we can raise ourselves is by working together. A few people (individuals) who own property called capitalist, exploit labor and then use the money to do whatever they want with it. To be a capitalist you must own the means of production. That's why there are no black capitalists and very few capitalists all told. What we do have are plenty of house servants. Man calls them "running dog lackeys" serving the interest of the capitalist. They are aspiring to be capitalist but they'll never make it 'cause they're being exploited systematically. It's the house nigger who'll be working twice as hard as the master to put out the master's burning house.

It costs the capitalist who manufactures shirts one dollar, including the fifty cents he pays you, to make a shirt. Then this capitalist sells the shirt to the store for four dollars. When you go to buy the shirt it's gone cost you five dollars. Now you tell the man that you gone strike unless you get a dollar fifty. So he says, O.K., and gives you the dollar fifty. Then he sells the shirt to the store for six dollars and you have to buy it at eight — spiraling.

CLASS SCHEDULE—SPRING '73

Quarter's credit by comp. exam

The traditional walls of the college classroom are being pushed aside in favor of new ways of learning. One of the most distinctive innovations in testing knowledge and giving credit is being pioneered at the State College, San Bernardino. It will provide the opportunity to get a full quarter's credit through one examination.

The branchchild of Dr. Leslie Van Marter and his colleagues, the proposed program is formally entitled "Comprehensive Examinations: An Alternative to Classroom Instruction." In layman's language, it means that a student may take one examination over the content covered in three courses and if he passes, earn 15 quarter units of credit instantly.

Educationally, however, it's not quite that simple. The student who wishes to receive credit, one quarter's full load, must have a considerable amount of independent study.

One of the significant factors in the program, which will be tested during spring quarter, will be to determine whether students can be motivated to undertake more responsibility for their own learning.

Dr. Van Marter and his colleagues have identified several reasons why a student might opt for an independent learning experience. One might be the realization that he would not need to. "He might elect to do study in a classroom. Rather, he would have the flexibility to study when and where he wanted. Someone living a distance from the campus could eliminate the daily trek from home to class.

The student who has a strong background in a field of interest, or a core of knowledge which might plug into the experience and independence he needs without regard for other courses. The working individual who wants a college degree can in effect "exit his own college" and have it too."

Development of a program which represents so radical a departure from traditional learning patterns is not a simple task. Dr. Van Marter and his committee have been working during the first two quarters of the academic year. First, they had to identify the courses which would adapt to such a program. Now they are developing the study guides and resources which will meet the students covering the full range of knowledge incorporated in these classes. And by no means least of the tasks, they must develop an examination which is adequate, fair and a test whether a student has synthesized the body of knowledge for which he is earning credit.

The time and resources needed to develop a program such as this were provided through a $19,774 grant from the State College Administration. Besides the financial assistance, the university and Colleges are from the Fund for Innovation and as a part of the mandatory cost to the students. The developmental work has been supported by a Legislative appropriation in response to a thrust for innovation in the field of education.

Dr. Van Marter is working with Dr. Bernardi Motrovich, sociology; Dr. Wallace Cleaves, psychology; Dr. Ronald Taylor, biology; and Dr. Walter Zoelcklein, philosophy.

The sociologist and the psychologist each are adapting a course with the student as part of the mandatory core curriculum in their major. Dr. Motrovich is developing an upper division sociology course and Dr. Cleaves is combining upper and lower division psychology courses. As a second cooperation, the psychology major, Dr. Motrovich also is preparing a package of upper division courses.

Dr. Zoelcklein is inventing an upper division general education comprehensive examination, modeled on specific courses but covering broader areas in the liberal arts. Dr. Taylor is deciding whether to construct a single comprehensive test based on a core of upper division courses or to cover one specific area of biology.

We hope this program will motivate students to want to take the mandatory core for a major at one crack. The core will not be presented as three, disconnected study guides but as one integrated, interleaved learning situation which will develop a student's ability to integrate information from various courses and work with the material. "The program is not designed to be an Oxford tutorial, with frequent personal contact with a professor," he added.

The study aids and materials, organized in proper sequence so as to be pretty self-sufficient, will be handed out to the students at the beginning of the course. Some existing resources will be used, as well as those specially prepared for this program. Both audio and visual resources, in addition to written guides, will be available to the student. Sample tests to be taken along the way will check the student's level of competency as he progresses.

In our pilot program this coming quarter, we will need more feedback from the student to explore the project director. "Later, the amount of contact will be less."

One of the criteria imposed by the Chancellor's Office in granting Dr. Van Marter funds for his project was that he make the program "exportable." The professor believes there is no doubt that it can be adapted on any of the other state university or college campuses and can be used in an extended degree program.

"A student enrolls in this project who has no other single course. He gets residence credit at the San Bernardino campus and a letter grade denoting the success of his efforts."

The project, says its author, pioneers a new option for the evening or part-time student and has great potential for the individual living some distance from the campus. It ultimately could speed progress through college for the regular student.

As part of an experimental study being conducted this term, students have been given opportunities to spend a full quarter out of the classroom while preparing for comprehensive examinations that serve as an alternative to regular course instruction. Because each examination will cover the equivalent of at least three regular courses, the passing of any one complete exam will earn fifteen or more quarter units. Every student who registers will receive detailed instructions, study guides, and other materials to help him guide himself during preparation for the test of his choice, to be taken toward the end of the regular term.

There are one or more comprehensive tests available in these departments: sociology, biology, and psychology, and also in the field of upper division required General Education.
Summer study in Europe

Bob Turley, Assistant Professor of Sociology at San Bernardino Valley College, and Anne Turley, sending specialist at California State College, San Bernardino, are enrolling students for a State College, San Bernardino, are minimum of three transferable second study tour of Europe this summer. The student may earn a minimum of three transferable units in sociology from Valley College while visiting London, Amsterdam, Munich, East and West Berlin, Vienna, Belgrade, Yugoslavia, Athens, Rome, Florence, Montreaux, Switzerland, and Paris. The six-week tour will leave Los Angeles on July 3 and return on August 15. The all-inclusive tour cost of $1195.00 covers all transportation (jet, train, steamer, bus, hotel), sightseeing tours, travel information and insurance. Experienced travelers; besides having taken a group of Valley College students on a similar tour during the summer of 1971, they traveled throughout most of the U.S., across southern Canada, to Mexico City and they served two years in the Peace Corps in East Africa. The first meeting for all who are interested will be held on Thursday, February 15, at 7:30 in the SBVC Campus Center. Who is responsible for making the show slides and answer any questions regarding the tour. Informative and entertaining. Him a call at 885-0231, Ext. 380.

SCHOOL OF EDUCATION

Admissions to the credential program is required to register in any of the following course and in any order.

Library

"rap rack"

Because students traditionally are too harrried to spend idle time perusing the regular press, the Library staff has created a "rap rack" on the main floor of the Library next to the Circulation Desk. Each week a selection of articles and faculty will be clipped from local newspapers and posted there. And two months a faculty member feels strongly enough about any item posted, he is encouraged to submit his opinion for posting. Please submit your written comments to a member of the Library staff at the Reference Desk or drop them off in a box drop addressed to Rap Rack. Please limit your response to only those items posted, and keep the wording to a 5" x 7" card or an 8" x 11" piece for both of which are available on the Rap Rack. Comments must be signed and will remain posted for one week.

Any comments on library services, suggestions and/or complaints will be welcome, and all directed to library services will be answered and will appear on the Rap Rack. The Library staff is responding to the recently circulated Library questionnaire and any responses will appear on the Rap Rack.

The Rap Rack was designed to be an island of pertinent current information in these Grove of Academia. Make it a habit to look it over.

ALPHABETICAL REGISTRATION SCHEDULE

Students will be admitted to the registration area according to the priority number for their registration period. Priority groups are related terms STUDENTS MUST BRING THEIR PRIORIY CARD AND ADVISOR'S CARD WHEN REGISTRATION.

### Veteran Information

Veterans who have used their G.I. loan can have their eligibility restored and get another VA-guaranteed loan under some conditions. Gordon R. Elliott, Director of Southern California's VA Regional Office, reminded veterans.

Some of the reasons for which property may be disposed of and entitlement restored by VA are:
- Payment of employment from one locality to another by an employer.
- Destruction of home by fire or natural hazard.
- Voluntary change of employment to another locality offering more income and opportunity for advancement provided satisfactory evidence is furnished VA.
- Transfer of a veteran, or transfer of a serviceman by his military department while he is on active duty.
- Limited space in a veteran or serviceman's home, if a doctor certifies that space is a health question. An increase in size of his family in the armed forces is not in itself sufficient grounds for restoration of entitlement.
- Loss of employment through a reduction in force, or curtailment of activities in occupation where he is employed — if suitable employment is obtained in another locality.

Some student loans are available to eligible veterans and servicemen with at least 90 days of active duty during World War II and the Korean Conflict, or at least 181 days in the Vietnam Era. Loan benefits are available to eligible widows, and wives of servicemen going in action or prisoners of war for more than 90 days.

### UCLA Seeks Minorities

The demand for minority personnel in social work is currently great and UCLA's School of Social Welfare is seeking qualified students wishing to enter a graduate school program leading to the master's or doctoral degree, according to Dean Maurice F. Connery.

Admissions for next fall are open March 15.

"The reason we are encouraging minority students to consider social work as a profession is that there is a real need for minority graduates in the field, particularly Spanish-speaking students," Dean Connery said.

The educational background of Black, Chicano, Indian and Asian students will be evaluated in the light of the opportunities available to them. Determining admisions, Dean Connery added. Social counseling will be available at the School from 9 to 3 p.m. on Thursday, February 22 and March 2 and 9.

Some students may be eligible for financial assistance under current programs. Anyone interested in learning more about the programs should call the School of Social Welfare at 825-7737 or 825-1951.

Summer program in nuclear energy

A training program for undergraduate students on the application of nuclear energy to problems of the environment, medicine, and biology will be sponsored this summer by the Laboratory for Nuclear Medicine and Radiation Biology at UCLA. Scheduled for June 25 - August 31, the program will be open to qualified students in mathematics, science, and engineering. Applicants should have completed at least one year of college by June 25.

Application deadline is March 15, and successful applicants will be notified by April. Trainees will receive a monthly stipend of $360 if the program of study is from within 15 miles of UCLA and $400 if from farther away. Funding of the program is through grants from the Atomic Energy Commission.

Trainees will participate in a summer research program in nuclear fields of cooperating UCLA faculty. Lectures and demonstrations on environmental problems, medical and biological applications of nuclear science and related subjects will be included.

Program supervisor will be Dr. Mark Black, Laboratory Director. Further information contact him at the Department of Physics, California State University, Los Angeles, 515 State University Drive, Los Angeles 90032.

Applications can also be obtained from Dr. W. R. Lent, Director, Laboratory of Nuclear Medicine and Radiation Biology, 800 Veteran Avenue, Los Angeles 90054, or by calling (213) 477-7532, Ext. 241.

CSCSB student in ROTC Honored

WASHINGTON, D.C. (APTN) - Charles R. Geiss, son of Mr. and Mrs. Arthur B. Geiss, 1247 Gila Ave., San Diego, Calif., was among some 250 ROTC cadets and midshipmen who were special guests at the Reserve Officers Association's Mid-Winter Conference in Washington, D.C., last week (Feb. 15 - 16).

A member of the Army Reserve Officers' Training Corps (ROTC) at California State College at San Bernardino, Geiss is a junior majoring in business administration.

The cadet, representing Air Force, Navy and Marine as well as Army ROTC campus groups, were guests of the Reserve Officers Association (ROA) and the Defense Department.

They came from schools in 38 states.

Headquartered at the Washington Hilton Hotel, the conference featured the cadets' visits to the Pentagon, the Washington Monument, the White House, the Capitol and other Washington area points of interest.

Highlighting the two-day meet was the National Council Banquet, which drew some 2000 persons, including Department of Defense and Congressional leaders as well as top personnel from all branches of the Army.

Senator Henry M. "Scoop" Jackson (D-Wash.) was named Man of the Year, 1972, at the annual award to "the Citizen who has contributed most to National Security in these times."

Cade, Grimm is a member of Alpha Kappa fraternity.
Many things are possible under the flexible Social Sciences major, and many students are not aware of all the interesting possibilities. For example, a student interested in Ethnic Studies programs knows what can be done in a Social Sciences major contract? Consider a possibility for students interested in Black Minorities.

- PRINCIPAL FIELD: SOCIOLOGY
  - Soc. 100. The Study of Society
  - Soc. 212. Sociology of the Ghetto
- FIRST SUPPORT FIELD: HISTORY
  - Hist. B.A. Black History I
  - Hist. B.A. Black History II
  - Hist. B.A. Black History III
- SECOND SUPPORT FIELD: PSYCHOLOGY
  - Psych. B.A. White Normality/Black Deviance
  - Psych. B.A. African American Studies
  - Psych. B.A. Development of the Black Man

Similarly, consider a possible contract in Mexican-American Studies:

- PRINCIPAL SUPPORT FIELD: SOCIOLOGY
  - Soc. 100. The Study of Society
  - Soc. 212. Sociology of the Ghetto
  - Soc. 214. The Mexican-American Family
  - Soc. 410. Racial and Cultural Minorities
  - Soc. 411. Black Social Stratification
  - Soc. 430. Urban Sociology
  - Soc. 434. Community Organization

FIRST SUPPORT FIELD: HISTORY
- Hist. B.A. Black History I
- Hist. B.A. Black History II
- Hist. B.A. Black History III

SECOND SUPPORT FIELD: PSYCHOLOGY
- Psych. B.A. White Normality/Black Deviance
- Psych. B.A. African American Studies
- Psych. B.A. Development of the Black Man

Students interested in careers in social services could consider the possibilities under a Social Sciences major. One possibility, described below, emphasizes Social Work.

- PRINCIPAL FIELD: SOCIOLOGY
- Soc. 100. The Study of Society
- Soc. 212. Sociology of the Ghetto

SECOND SUPPORT FIELD: HISTORY
- Hist. B.A. African American Studies

SECOND SUPPORT FIELD: PSYCHOLOGY
- Psych. B.A. Clinical Psychology

Another Social Services contract could emphasize counseling psychology.

Human Sexuality course offered

Biology 355: Biological Aspects of Human Sexuality will be offered Spring term by Dr. Taylor. The objective of this course is to help students in all majors gain a thorough understanding of biology's role in human sexuality. In so doing, it is hoped that the student will gain a better understanding of his or her own sexual needs and sexual behavior and will be more accepting of other people whose sexual needs and behaviors are different. Another objective of the course is to help students to make the wisest possible decisions in matters of human sexuality. We are being called upon today to make decisions regarding contraceptive techniques, abortion, venereal disease, the roles of male and female in society, etc. These are decisions that may affect ourselves, our families and possibly the structure and behavior of society. Anyone who is likely to be offended by lectures, discussions, chalkboard drawings, films, slides or book illustrations of explicit human anatomy and functions is requested not to enroll in this course (even though the instructor is firmly convinced that these are the people most likely to profit).

GEOGRAPHY

From the report from the National Student Lobby, many programs are going to be increased federal student aid, and the people most likely to profit. The State budget for the coming year is firmly convinced that these are

ECONOMICS

The conference began at 11:00 a.m. on February 27, 1973.

POLITICAL SCIENCE

The conference began at 11:00 a.m. on February 27, 1973.
An opportunity for study abroad is available from the Rotary Foundation of Rotary International to outstanding young men and women who are interested in world affairs and who can fulfill a dual role of student and "ambassador of good will." Rotary Foundation Graduate Fellowships, Undergraduate Scholarships, Technical Training and Teachers Awards offer qualified students, technicians and teachers of the handicapped an opportunity to contribute to better understanding between the peoples of their home and host countries while pursuing their own career interests.

An award covers round trip transportation, educational, living and miscellaneous related expenses for one academic year, plus in country prior to the commencement of the regular academic year. Awards are made for study in most any field and are tenable in countries in which there are Rotary clubs. Applications are due by March 15, but interested students should make initial application right away. For additional information contact Mr. Doyle Stansel in the Placement and Financial Aid office, 2-123, before March 8.

**RENAISSANCE DANCE WORKSHOPS**

The College will offer two special weekend workshops in Renaissance Dance during the spring quarter. The instructor will be Mrs. Luba Blumberg of Berkeley, California. Students may enroll in either session A or B for one unit credit or in both sessions for two units credit. Non-matriculated individuals may enroll as extension students (call the Office of Continuing Education, ext. 504, for details). The workshops are open to all students; no previous dance experience is required.

**INDEPENDENT STUDY / CREDIT-BY-EXAMINATION**

During the Spring term 1973 a pilot program is being offered in which students may enroll in certain courses on an independent study basis. Through the use of pre-packaged materials, video tapes, and other instructional resources, students may set their own pace in these courses. Further information regarding these courses or procedures involved in these courses is available from the Office of Academic Planning or the individual course instructors.

**GREETINGS TO ALL THE STUDENTS - FACULTY AT CAT STATE**

February 27, 1973
In which case you will not only forget taking the Bar Exam but you will be too busy shaking hands.

**PSYCHOLOGY CLUB** - Wednesdays, 1:00 - 2:00 p.m., in LC-504. The PSYCH groups have got ya some realtionship theories on the road and they're analysis in the dry analysis. Marys, the PSYCH club is a real trip as any brother of an uplifted artist will tell ya. Frizz out your hand, grab a chess board and get on with some bad matter. The Psychology Library's, the Dept's don't make a lot of our Brother Mark is running a match.

**SCUBA DIVES** - Here at the Cal State's Central campus you may enjoy the pleasant facilities of our scuba dives in our own heated, free of frong pool. Relativley sounding like an advertisement for Ben Hur's Holiday Shores advertisements for Sun City's beautiful Lake Mohave, the pool will be available for you and Jellyfish Jim are gonna bring you some aught easy living in the pool. Shower facilities are free for all.

**SPANISH CLUB & SPANISH TUTORING SESSIONS** - The applicants could make of the beach, alive and kicking, so come and español your way across the board. The Mediterranean Sea was launched throughout the PE department. The $500 question is: Why does Cal State not have inter-collegiate sports? Ask President Plus for the 50 cent answer.

**STUDENT COUNCIL FOR CHILDREN** - Thursdays, 12:00 - 1:00 p.m., in PS-224. Warm a little place in your heart for the underprivileged. Special Education is required for the on going and continues to be held. The student society needs in change, so you ask the Council 's input. Do you think's are the devil's recreation? Dr. Steve Morin, who has his uptown in all about. He can get it together.

**FOREIGN FLICKS FOR MARCH**

**FOR MARCH** - 9:00 a.m. to 10:00 a.m. in LC-505, Monday, March 30. Catch 'em, they're a flyin' by! Gettin' if on!

By PEGGY O'MALLEY

**DRAMA DAREDEVILS**

"Self-Accusations," written by George Handke, is a multi-media entitled "Self-Accusations." The play will be on Wednesday, March 14, at 7:30 p.m. in LC-501 and two tickets are the real thing. You must have a reservation to see the show. The play is being presented by the Drama Club and directed by Dr. Michael Doyle.

**INTER-ORGANIZATION COUNCIL**

Meet every Thursday at 10:00 a.m. in the Lower Commons (Mother Bear). The I.O.C. is a dream for representatives of the active student organizations on campus. If you are a member of a student club or group, your organization is not being represented in the I.O.C. meetings, your organization is not being adequately represented. Find out what is happening on campus and how your organization can better serve your needs.

By PEGGY O'MALLEY

**PAWPRINT**

**CSCSB PHOTO CONTEST**

Mr. White of the Drama Department has a really psyched up coming in March, enter the Photographic Contest. Admission is free to all and Pals' got the whole 5th floor reserved for your pleasure (start movin' that furniture, Phil). The play will be on Wednesday, March 14, at 7:00 p.m. on the 5th floor of the everlastin' library.
TO STATE

Quick to ask: "Who are you?"
deregulate individual sovereignty,
only the authority of the state
need apply

there is no i: intelligence
suffers, state grows, individuals
mould, patterns are lost, feelings
die.

by Robert Silber

in a classroom

of the college

The ghosts of these minds
behind desks,
trails of light out the corner of
your eye.

— nancy Saunders

Monday on 40th street, San Bernardino
I met you on a Monday and my heart
stood still,
day doo run run day doo doo run.

somebody told me that your name was Bill,
but I don't believe it: it doesn't matter.
men never tell the truth anyway: I ask you
"how do you get high?" and you say "I don't,
I'm depressed all the time." You're lying.

You are a college bound tom cat who day-dights
by the strength of the sun and the long wind
of college professors, bloating with the wisdom
nighttime finds you sneaking around parties,
smiling out the warm to dry your rain skin —
It smells like sidewalks wet with water.

You say you never make decisions and don't think
on Sundays, but I know you're dying to prove
you've a man; and baby if you make my heart
stand still you better be ready to sprint down
the assignments of my soul cuz I'll study you
until you whitt the adversarial in hot circles
and make an "A" and get stoned on life and stop
ly ing and proving and dreaming and fantasizing,
unt i spring brings out the flowers on Little
Mountain, the truth out of lies, the truth
that makes men out of tom-catting San Bernardino
street dwellers, Sundays out of Mondays,
and complete lovers in studious repose in May out of
a single lonely woman standing with the sea
in her eyes and the rain in her hair,
on a Monday in December.

day doo run run day doo run.

nancy Saunders

Dear Sisters and Friends,

The Supreme Court ruling of January 19, 1973 is enabling
the Feminist Women's Health Center
to open two new abortion clinics
and Women's Clinics!!

The location of the Los Angeles
Clinic is 1027 South Crenshaw
Bivd., Los Angeles, and in order
to get it together immediately we
need help.

WE NEED YOUR HELP!!

Specific things are needed. They
are:

Money — hamp sums, weekly or
monthly pledges

Good forms for the clinic
and lounges

Office supplies — paper,
envelopes, pens, stamps

Anything and Everything
Clinic or office equipment
Paint

Pictures for the walls

Anything else you can think of
But, also we need some of your
time and energy

We need women with clinic or
office skills

We need women to form work
crews, to clean and fix up the
clinic

We need women to do
telephoning

Everyone has something to donate

Please contact us immediately
at the Feminist Women's Health
Center, 746 So. Crenshaw Blvd., Los Angeles, and in
order to get it together immediately we
need help.

We also need you to spread this
word!! your continued support is
desperately needed and appreciated.

We hope to hear from you soon.

Barb Hansen

Barb Hansen for
The Feminist Women's Health Center
Great News for Women!

Koris Darrell and Gloria Covas in Psychology are trying to get a Women's Studies Program going here at State. The program is in the very earliest stages and really need student help with it. They particularly would like interested students to submit requests for courses they would want to take (whether it's in your particular field or not), preferably in petition form with signatures of other students who are interested in it. These will be used when the whole program and the specific courses given will be presented for approval. They also need help with jobs like stuffing envelopes which are very boring and not in the least bit glamorous but ALLSISTERS hopes that all women will contribute to this effort. Leave work in the Activities Office marked ALLSISTERS.

I'm glad I'm living now that this, my 25th year, I could leave my husband, find a job and a place to live, and learn to be independent... that I could decide intellectually that I would be bisexual and refuse to accept the traditional guilt and fear... that I could accept my own sexuality and ask a man into my bed instead of having to wait and silently hope he would notice my behavior and then afterwards act innocent and surprised and passive... that I could write and in so doing tear down the taboos placed on my body, to talk of my period and being fertile, things that were 'woman talk' and only whispered of in dark sitting rooms in the afternoons while the men were at work or in the lace-curtained bedrooms, hurriedly, the week before my marriage... that I can do all of these things and not care that I perhaps embarrass people or that men are frightened of me because they know I don't need them anymore and if they still want me to know they must come to me on a new and equal basis.

I am living, watching and being a part of a new age. I am becoming a new woman. I am unafraid though the path is foggy and the journey long. I may have to walk alone much of the way and it won't be easy, even now, but I stand within reach of the golden age; I see the new world in the distance waiting for us to create it.

I hate to think of being alone, independent, because I can't find a man I can tolerate but that seems the way it will be... it is still so utterly feminine still waiting for the man to act waiting for my cue... but when I think of how often I speak and he doesn't respond or he argues, taking precedence but wishing to destroy it this the flower of my thoughts instead of waiting for it tending and watering it like my sisters do, I wonder how long I can wait and keep this presence of equality when there is no equality in the world and I feel like the statue of liberty on Ellis Island.

I've just realized today February 9th 1973 that I'm glad I'm living now rather than in the past.

I had always looked with nostalgia to the past, 1880, 1600 or even 1920 when it was still innocent to be bourgeois and one was simply born to one's pleasures, but then I forgot that I have no ancient titled ancestors that I know of and I would most probably have been a peasant, worked all my life, raped by the lord of the manor on my marriage night or by the master's son in whose house I served, or perhaps not so dramatically just beaten by my husband with no way of escaping.

I hope every woman who is interested will make herself known and will support the program with her time and effort as well as sympathy. And, hopefully, by this quarter next year we will have a full-fledged Women's Studies Program.

Attention women

Introducing: ALLSISTERS: women's poetry, short stories, cartoons, photographs, letters. A place that's warm and vulnerable — emotional and defensive. ALLSISTERS is a woman liberation group. ALLSISTERS hopes that all women will contribute to this section. Leave work in the Activities Office marked ALLSISTERS.
Stokely continued from page 3 economy. And it will keep going up and up until it bust. Wage and price freezes ain't gone stop it 'cause it's the system that's wrong. You have to destroy that system and put something better in its place. The capitalist in this country he'll have to try and get will be four hundred million dollars. So he's fighting to get the biggest chunk. Under socialism, forty dollars is shared. There isn't no arguing over the profits. Profits are used for the benefit of the people. They are used humanistically and intelligently. The white man thinks that he can invent space. He keeps on making cars. The capitalist has used technology to make his money. A car is made to last you two years, then everything goes wrong with it. That's the way it's designed. In 1943 cars cost less to make and they were better cars, they lasted longer. In 1973, it cost less to make cars but they sell them for more and they don't last no where near the time they used to. Everything is gone up. Even toilet paper's gone up and the paper's gettin' thinner.

We must be concerned about people — money will come, don't worry about it. We got to come together. The man who says PRIVATE PROPERTY! This is My land! I own it! It's a fool. Land can't belong to one person but belongs collectively to its people, this principle is diametrically opposed to America. RACISM — Everywhere we are you'll find it. Everywhere we are with the white man, you'll find it. We must find enough power to frustrate racism and enough power to stop the white man from carrying out his racism. As Africans, as Black men, we have to decide our destiny. We have to go back to Africa. And I know a lot of you out there don't like to hear talk about going back. But we have to go back to Africa. And I know a lot of you out there don't like to hear talk about going back to Africa, but you have to know where you come from. Does your history start four hundred years ago in slavery or in Africa, millions of years ago? History properly interpreted should inspire. I heard on the radio that the Leaning Tower of Pisa is falling, the Leaning Tower is cracking, and something's going wrong with the Statue of Liberty. But through rain, wind, and earthquake the Pyramids of Africa are still standing. To me my home is Africa. The Revolutionary sees the problems and gives the solution. We are on the right path because we are in a just struggle. There is nothing to fear. There is nothing to fear. Viet Nam showed us that it is the will of the people that decides the war — and that's a fact. The U.S. is giving money to North Viet Nam for reconstruction. This is clearly an admission of guilt. When the U.S. dropped the atomic bomb on Hiroshima it was in warning to all third world people that the man had something in store for us. Third World people around the world were breaking the bonds of colonialism and the threat didn't scare us. And it didn't stop the revolution. When they shot Malcolm they didn't stop the revolution. We must be concerned about the third world people. When you see the man give ground, push hard and precisely. Don't be impatient. Don't practice political castrations, chasing political slogans. We want men who can think, not robots.

In 1964, Malcolm X told Africans that we had a responsibility to them and to us. The base is in Africa. We are the Vanguard. We divided the country — Viet Nam. Before anybody was talking about Viet Nam, Hell No! We Won't Go! Nobody can stop the march of history — we must push the positive. Nkruma said that if you want to know the consciousness of the people then look at the women, because they are the ones who produce the nation. Our women are strong, naturally. They are stronger than the men, naturally. We must come together.

The End
On a lazy summer night: "Neath the soft moonlight, the moon shoe will know we made love..."
The 'Credibility Gap' consisting of Harry Shearer, David Lander, Mike McKean, and Richard Belzer, began with a skit on daytime TV. A TV show had Batman and Superman plugging their new comic books, and Superman told a story of how he'd had LSD put in his drink at a party, and ended up in a K Mart with his pants down. Batman found Robin lying on the floor of the Bat cave with a hypodermic in his arm, and a reefer in his mouth. It wasn't his fault though. A gang of "toughs" wanted a joy ride in the Bat car, and doped Robin up. One hilarious scene involved a "Smiling Kop" commercial complete with machine gun for Columbia School of Security. ... Write in for your free matchbook cover to channel your creative killing instincts..." The last scene, and one of the best was take off on the Osmond Brothers' "End Game." The Osmond Brothers were it one of their new hits. "You Can't Judge a Book By the Way it Wears Its Hair." The 'Credibility Gap' proved its claim to satire over drugs. Superman told a story of how he'd had LSD put in his drink at a party, and ended up in a K Mart with his pants down. Batman found Robin lying on the floor of the Bat Cave with a hypodermic in his arm, and a reefer in his mouth. It wasn't his fault though. Van Andrews continued from front page

Bent over a Campus Security Police car, Van could not manage to remove his wig. It remained on his head until he reached the County Jail for booking, where officers were able to remove the wig before mug shots were taken.

Van was jailed from 11:00 p.m. to 2:00 p.m. the following afternoon. He was lucky enough to have a very good time, pleasantly slept through breakfast, and then was released at 2:00.

During the trial, Van was not represented by C.B. as he was in the preliminary hearing, as C.B. began receiving too many tickets from the Campus Security Police. Counsel kept attempting to pin Dean Monroe down to clarify the alleged threat made against a certain professor, but attempts appeared to be unsuccessful. Dean Monroe repeatedly slandered Van throughout the trial, alleging that Van made obscene phone calls to various high officials of the college at 12:00 midnight.

Dean Monroe, also according to informed sources, presented various threats to the college, and claimed that Van Andrews is emotionally disturbed.

According to this report, a tribunal of faculty were in essence asking very leading questions of Van during the trial. They are Dean Monroe, Dean Perry, Professor Greathouse, and Professor McDonald.

The case rests almost entirely on the shoulders of Dean James Thomas, according to sources, who was allotted six (6) days to listen to the four-hour tape of the trial.

It was mentioned by a participant that Van is "... quite bright but spreading himself out too thin. He was pushing it last year when he touched too close to Pfau's and Monroe's nerves."

The irony of it all is that if Van went to a campus like Berkeley, he'd be just another one of the crowd.

Senator introduces booze legislation

Sacramento — State Senator Mervyn M. Dymally re-introduced legislation to repeal the requirements that off-site sale of alcoholic beverages cannot be made within specified distances from college campuses.

"Each year this bill is killed by the opposition of a tiny group of liquor dealers who have previously obtained exemptions from the present limits, and want to keep everybody else from getting the same treatment," the Los Angeles Senator said.

The bill, Senate Bill 139, would apply only to package sales of beer, wine and liquor, and would not affect regulations dealing with on-site sale near colleges, Dymally pointed out. Sale would still be prohibited on campuses, or to anyone under 21.

The bill has the support of the UC Student Lobby.

The City Council of Davis will consider a resolution soon to support the bill. A representative of the Mayor's office pointed out that "it's not only students who are inconvenienced by the present law. Townspeople are inconvenienced by the 'dry zone,' too."

"Current law says that package sales cannot be made within 1/2 miles of a college campus. But at least 25 exceptions and exemptions have been passed, varying the distance at different college sites," Dymally said. "And it is legal for a package store to deliver within the 1/2 mile zone."

"As a result, the present law is little more than a farce, one which gives special breaks to some stores and package firms, while discriminating against others," he added.

He pointed out that the student who wishes to purchase beer or liquor merely drives to the nearest package store and makes his purchase.

"The underage student who is going to make an illegal purchase, is not going to be deterred by having to go beyond the 1/2 mile distance from campus."

Dymally said his proposal is also in line with society's increasing recognition that college students are young adults, and should not be protected "as though they were children."

"The bill doesn't change the law which still prohibits sale to those under 21. It merely recognizes that many college students are over 21, married and with families, and resent being treated as though they were still immature youngsters," said Dymally.

PRACTICAL HINTS FOR SHAVING.

How to Sharpen a Razor, Keep the Face Smooth. Care the Beard, Cure Pimples, and Various Preparations, for the Face.

1. To Make a Good Razor Strop, take a piece of old leather, which has been used on some shaving machine or fancy machinery, cut it narrow and oil it well. No better strop to use.

2. Take a piece of new kid leather and oil it well with warm water, or a good face wash after shaving. It keeps the skin smooth and soft, and makes shaving an easy task.

3. No one shaving himself should neglect the use of Bag Root, or a good face wash after shaving. It keeps the skin smooth and soft, and makes shaving an easy task.

4. One of the best and safest washes for the face, to use after shaving, is the following:

- 2 oz. Glycerine
- 1 oz. Tincture Bergamot
- 1 oz. Rose Water

ORENTHAL SHAVING CREAM.

- 4 ounces oil of almonds
- 3 ounces white wax
- 2 ounces spermwhale

Mix, and add rose water, essence orange flower water, 1 ounce; rub in before the skin, apply as the last

LAW OF FORCING THE RAZOR.

1. Take a piece of old leather.
2. First, take off the hair with a razor, then apply a little oil to lubricate the blade.
3. Take a piece of new kid leather and oil it well with warm water.

APPLY TO THE FACE DAILY, AND AVOID RESULT. Said to be reliable.

CARE FOR PIMPLES ON THE FACE.

- 90 drops cardamom
- 1 oz. glycerine
- 1 oz. new water

This is one of the best and safest remedies to use. Many of the so-called Pimple Cures, do more injury than good.

BARKEN-STICH OINTMENT.

- 1 pound olive oil
- 1 pound wax
- 2 ounces allantone

Melt and pour into a vessel colored, then strain, and add 2 ounces of resin, sapon and sulphate of alum, in very fine powder, allowing a tablespoon to color it, and oil of antiseptic, lavender oil, and spirits of turpentine.

A GOOD SHAVING STROP PASTE.

Wet the skin with a little sweet oil, and apply a little floor of every forty over the surface.

COLD FRESH SHAMPOO COMPOUND.

- 2 inches of beef
- 1/2 lb. of soap

Mix and dissolve 1 ounce of the mixture in 4 pint of water.

How to Take Care of the Hands.

To prevent chapping and roughness of the hands, soap should not need very sparingly and the hands should never be washed just before going out of doors. If the hands are allowed to be rough, it is best to use a little motion toward after each washing.

Rubber, kid, dogskin, or other forms of leather, should not be worn in cold weather. Silk and wooden gloves and mittens are more likely to produce smoothness.

To Whiten the Hands.

Wash the hands in water containing a few drops of bay rum and ammonia.

Or, take one half teaspoonful of sulphuric acid, and another of lemon juice; arrange both in two cakes of Brown Windsor soap. Mix well and let it harden. This will be an excellent soap for whitening the hands.

To Whiten the Nails.

2 1/2 Dr. distilled Sulphuric acid.
3 tablespoons tincture of aloes.
3 1/2 oz. pure water. Mix. First wash the hands with ester soap, and then apply a little of the above soap.

Chapped Hands.

Wash the hands in water as hot as can be borne, then apply warm tallow, sometimes or a little carbolic acid and water.

FEB 23 - MARCH 8, 1973

THE VULCANITE

April can put one in touch with one's most basic urges as they occur in cycles. Astrological inspiration can provide the means for dealing with and understanding occurrences from the past and reappear within an individual's particular birth chart.

The forecast is given for the sun in Pisces. From the 23rd of Feb. until the 28th of Feb. we will be in our first ten degree period of Pisces which is Pisces/Neptune. The inner sense is quite developed and one's self is very sympathetic. On the 28th the sun will move into the second degree of Pisces which is Pisces/Neptune. The individual will experience strong longings along with a keen sensitivity which can be curbed from becoming overpowering.

People born in Pisces are particularly kind and loving, showing affection to family and friends. Pisceans are very much in touch with their feelings; and at times so acutely so that they feel the inner sense is create a very distressing situation to the Piscean recipient.

Forecast for zodiac sign at birth: Aries - 3/20 - 4/20 - Fiery ruled by Mars planet of aggressive energy (War). Denotes enthusiasm guarded from becoming impulsive. Along with regular physical cleaning try some mental, emotional, and spiritual as well. On Feb. 30 the Sun will square Neptune. This aspect is bad for March and mid March. Denotes corporate and family bonding conditions. Prepare things in advance of the 26th so as to avoid negativity.

Leo - 7/23 - 8/23 - Fiery ruled by the Sun, giver of life and all vital energies. Denotes power with persistence. Friends: Aries, Sagittarius, Gem, Libra. Your favorable days are Feb. 25 and March 6; unfavorable ones are Feb. 26, and March 1, 2, 4.

Watch out! Think beyond your superficial feelings so as not to act impulsively. Along with regular physical cleaning try some mental, emotional, and spiritual as well. On Feb. 26 the Sun will square Neptune. This aspect is bad for March and mid March. Denotes corporate and family bonding conditions. Prepare things in advance of the 26th so as to avoid negativity.

Virgo - 8/22 - 9/22 - Earthy ruled by Mercury, messenger and communicator. Denotes ability for guidance and analysis. Friends: Taurus, Capricorn, Scorpio. Cancer. Favorable days are Feb. 27 and March 7th; unfavorable ones Feb. 25, March 5th. Capture ideas and feelings that you usually let slip and slide to the back of your mind. On March 6th you may tend toward over-caution in your dealings. Try to keep your memory clear and effective. Does it hit home base?

Libra - 9/22 - 10/22 - Airy ruled Venus, goddess of Love, Beauty, and Balance; the arts. Denotes mental activities for equalizing things. Friends: Aquarius, Leo, Gemini, Sagittarius. Favorable days are Feb. 25th and March 2nd; unfavorable ones are Feb. 27th and March 5th and 6th.

Your temperament is at a high level for inner understanding of things. On the 6th of March Venus is in disharmony with Neptune creating a bad environment to deal with friends and drugs, and you'll find yourself having difficulty in expressing yourself emotionally. Integrate your hunches with your emotional expression and hope for the best.

Scorpio - 10/23 - 11/22 - Watery co-ruled by Mars and Pluto, planets of psychic and aggressive energies being emotionally focused. Denotes demanding emotions. Friends: Pisces, Cancer, Virgo and Capricorn. Favorable days are Feb. 23, 27th and March 5th; unfavorable ones are March 2nd, 7th and 8th.

You can definitely benefit yourself and others through teaching and giving guidance as you are mentally bright, alert, and imaginative; all good attributes for teaching. Writing should also be profitable for you. There is, in your nature, a need to absorb feelings from others. Sit a little closer, appreciative friends.

Sagittarius - 11/22 - 12/21 - Earthy ruled by Jupiter, planet of benevolence and expansion. Denotes need for positive outgoingness. Friends: Aries, Leo, Aquarius, and Libra. Favorable days are Feb. 24th, 29, March 5th, 6th; the only unfavorable one is March 4th.

If you're planning to move, now is the perfect time, all this month. Work will be with the ill Institutionalized will be appreciated. Your loving feelings are demonstrative. Writing should be fun for you now and especially communicative to others.

By BIFF BIZARRO

A-LEAGUE

After a shaky start at the beginning of the season, the Spades have vaulted to the top spot in league play. Moving into a tie for first place, the Spades edged by the Mother Truckers 69 - 66.

Robert Thomas and Michael Thomas combined for 41 of the team's 69 points in defeating the previously undefeated Mother Truckers. Saar was high man for the M.T.'s with 19 pts, as John Nagel scored 13.

Bouncing back later in the week, the Mother Truckers soundly downed the Honkies 74 - 63. John Nagel, finding his soundly downed the Honkies 74 - 63. John Nagel, finding his

The Spades continued their win streak and stopped the Cavaliers' streak at one. The score Spades 67, the Cavaliers 61. Doing what I feel he should be doing more often, shooting, David Wheaton led all scorers with 27 points.

Continuing the following week, the fast break was too much for the victors was Jerry Tripp, while Luster scored 6 high ones for the Pollacks.

Playing first on the 9th, Los Malos devoured Alpha Kappa Psi 87-33. Equal-balanced scoring was provided by Dan Ochoa, 18 pts., A. Landcaster, 17 pts., and Randy Svoboda, 16 pts. High point man for Alpha Kappa was Kent with 19.

Continuing the following week, the fast break was too much for the Pollacks. Taking over the edge. Leading scorer for T.E.I.S. was Greg Price with 17 pts., Carl Wagner, 10 pts., and Walt Oliver, 10 pts.

Fortunately for the Avocados they were able to bounce back the next week. Taking over the scoring was Reisenhofer for the Avo's as they downed the D.T.'s 47 - 50 as O'Connor scored 8 pts. for the D.T.'s. None could score higher. This reporter wonders why Sam Miller could not get hot?

Heads, Hands, Balls finally getting it together again, perhaps, has found the answer to plugging up the middle with the re-entrance on the scene of veteran forward-center Mike Ross. Hauling down rebounds was needed as Stan Kielman again topped H.H. and B. with 21 pts., as they walloped Alpha Kappa Psi 53 - 20. While Kielman rested, Alan Coffeen decided to get some needed as Stan Kielman again topped H.H. and B. with 21 pts., as they walloped Alpha Kappa Psi 53 - 20. While Kielman rested, Alan Coffeen decided to get some

The Avocados, meeting a strong opponent, bottled up Frank Reyes as the T.E.I.S. won their 3rd game in a row by a score of 60 - 25.

T.E.I.S., on a streak after losing their opening ball game, might prove to be a test for the hard-running Los Malos. Having more height and perhaps having played more on the CSCSB home court through the past years, other teams will give T.E.I.S. the edge. Leading scorer for T.E.I.S. was Greg Price with 17 pts., Carl Wagner, 10 pts., and Walt Oliver, 10 pts.

Tuesday, the 27th - Tahoe Tennis Invitational Tournament: Everyone welcome regardless of ability! Be there for playing at 3:00 in gym, room 122.

Wednesday, the 28th - Chess Invitational Tournament: Everyone welcome regardless of ability! Be there for playing at 5:00 p.m. in gym, room 122. Bring your own board and chessmen.
