NEW HEALTH CENTER BUILDING IS OPEN

A two and a half-year construction project, the Student Health Center, is now open. Health Center personnel were busy last week settling in their new quarters.

Despite a few minor items remaining to be completed, the \$885,200 facility is ready to receive patients and visitors. The architects for the 11,000 square-foot structure are Bissel and August of Newport Beach. Ken Neff Construction of Ontario is the contractor.

The new addition to the campus features tilt-up concrete panels with sand-blasted exterior surface. Featured inside the new Health Center are a large reception area, seven examining and treatment rooms, doctors' offices, a pharmacy, clinical laboratory, emergency treatment room, physical therapy room, conference room and a five-bed rest and recovery area.

Dr. Ross Ballard, Director of Student Health Services, states that the new facility will enable the College to offer everything large college health centers do, except hospitalization. We will be able to provide more complete physio-therapy, a part-time pharmacist and do minor surgery, he said.

The new center, with its modern equipment and expanded facilities, will more than double our capabilities, Dr. Ballard added. The old health center, located in the Administration Building, provided clinical service to an average of 30 students a day in three examining rooms and one recovery room. It was a temporary facility which was in use for 14 years, making CSCSB the last of the CSUC campuses to obtain a permanent Health Center facility.

It was financed through student facilities fees and some funds from the Student Health Services budget of the CSUC Trustees.

Part of the new facility will be occupied by the Nursing Department and will allow the nursing program to share the facility for training in physical assessment and provide a clinical outlet for the courses offered in the B.S. Nursing Program.

NOTE: The new extension number for the Health Center is 7641. (See Directory Changes.)

Through July, doctors and nurses will be on duty Monday through Friday, 8 a.m. to 4:30 p.m.

In August the Center will maintain the same hours, but no doctors will be on duty.

A new schedule will be announced for September.

TWO SPECIAL SERVICE SUMMER
PROGRAMS BRING HIGH SCHOOL
STUDENTS TO CAMPUS THIS YEAR

Two youth programs are being sponsored this summer by the Special Services Programs Department of the Student Services Division.

For the tenth consecutive year, the EOP office will conduct the Operation Second Chance Summer Work Experience Program on campus. From July 9 through August 24, 25 students from the San Bernardino area will work in campus departments and offices four hours a day and participate in a two-hour career development seminar each afternoon.

The goals of the program are to increase job responsibility awareness, develop career goals and acquaint the students with the College's programs and services.

Alvin Simpson and Brian Townsend of Operation Second Chance provide daily supervision of the program. Walter Hawkins, Director, E.O.P., is coordinator.

The Upward Bound Summer Resident Program made its seventh annual appearance on campus this June when 62 high school students arrived for a seven-week program during which they live on campus, attend classes during the morning and afternoon, participate in counseling, recreation, social and cultural activities. The program, funded by an H.E.W. grant, is designed to heighten self-motivation and academic and social skills.

The students live in Waterman and Morongo. They are supervised by eight live-in counselors who are in charge of their campus activities.

The program is under the direction of John A. Chesney, Director, Upward Bound.

TWO LOVE TRIANGLE COMEDIES
OFFERED AS SUMMER FARE

* * *
Two love triangle comedies will be staged in repertory fashion on campus, beginning July 18.

Murray Shisgal's "Luv" will be presented July 18, 20, 26 and 28. "An Almost Perfect Person" by Judith Ross will be shown on alternating nights, July 19, 21, 25 and 27. Curtain time for each performance is 8:15 p.m. in the Theatre.

A three-member cast will perform in both plays: O.P. Hadlock, CSCSB Stage Technician; Amanda Sue Rudisill, Professor of Theatre Arts, and Kurt Nelson, graduate student in Theatre Arts. General admission is \$2.50; \$2 for faculty and staff and \$1.50 for senior citizens and students with I.D. Directing both plays is Adri Klein, Lecturer in Education.

PERSONALS

* * *
The College extends congratulations on two recent marriages and one to be performed this weekend:

On May 19 Gail Carbis (Social Sciences) married Fred Acevedo in Redlands.

On June 15 Kevin Gallagher (former A.S. Pres. June graduate) married Barbara McCully (Admin. Intern on leave from San Diego State U) in La Habra.

Dennis Stover (Physical Plant) will marry Gerda of Highland in Las Vegas on July 8. They will go to Mazatlan, Mexico for a week.

CSCSB BULLETIN

The California State College, San Bernardino BULLETIN is published by the Office of College Relations, AD-151, Ext. 7217. Material for publication must be received by noon Tuesday before the Friday of publication.

NEW PARKING LOT Work on the College's new parking lot has been completed, except for striping, and is expected to be ready for use the middle of July. Striping is scheduled for next week.

Financed from the State College Parking Revenue Fund, the \$180,000 facility was constructed by J. D. Stine Co. of San Bernardino. The contract provided for landscaping, lighting and curbs and will add 350 new spaces for the College.

BIDS OUT ON FINE Bids will be opened Thursday, July 31, for remodeling the Fine Arts Building.

The conversion will provide improved facilities for ceramics and sculpture studios, new woodworking and furniture design studios, new weaving and communication design facilities as well as improved printing and painting areas. The Art Gallery will also be enlarged.

The architect's estimate on the project is \$219,200. Funds were allocated from the CSUC Capital Outlay Budget for 1978-79. It is expected that \$11,000 will be provided for necessary equipment for the art facility in this year's budget.

VOCATIONAL ED. OFFERED
AS NEW OPTION IN M.A. A new option under the Master of Arts in Education has been approved. Effective with the Fall, 1979 Quarter, the College will offer the Option in Vocational Education under the M.A. in Education.

Designed to provide advanced and specialized professional training for students in vocational education programs, it will provide a background in past, recent and current developments in this field of education. The courses will enable candidates to gain general knowledge in education at the same time that they specialize in areas of vocational education, provide an avenue toward further professional growth, develop leadership potential and contribute to the improved functioning of the programs in which they work.

It is designed for persons holding a bachelor's degree and vocational teaching credential.

Other options under the M.A. program already offered include school administration, counseling, secondary education, history and English, elementary education, bilingual/cross-cultural education and reading.

Joseph Yabu, Asst. Prof., Education, will serve as coordinator of the program.
