Welcome to Cal State, San Bernardino! I'm delighted that you're interested in our campus.

Let me share some information about our University. To begin, we're situated on 430 acres of land pressed up against the beautiful San Bernardino Mountains. Because of major recent developments, our 17,000 plus students have various new facilities, including over 480 new apartment-style residence hall units, a new College of Social and Behavioral Sciences building, and a new Science facility. We also have broken ground on a 37,000 square foot Fitness Center and on doubling the size of our Student Union.

At Cal State, San Bernardino, even more importantly, you'll also find small classes—held across the day and evening when you need them—and a dynamic faculty committed to student learning. And to promote personal and intellectual development, our students can participate in a rich set of organizations and attend a diverse array of musical, theatrical, social, cultural, and athletic events. In addition, there's our wonderful Southern California weather and close proximity to a remarkable array of cultural resources, as well as mountains and beaches. Given these attributes, it shouldn't be surprising that at the time of this writing we had a 36% increase in freshman applications last year.

If you think Cal State, San Bernardino might be the right University for you, we'd like to invite you to visit our beautiful campus for a personal tour. And of course, we'll be happy to provide any additional information you need.

If you decide to attend Cal State, San Bernardino, I'll look forward to greeting you!

Albert K. Karnig, President
Four-Year Graduation Pledge Program

California State University, San Bernardino is committed to assisting students in reaching their goal of a baccalaureate degree in the shortest time possible. With careful planning a student can graduate in four years. The campus has consistently worked to plan an academic schedule and degree requirements which can be taken by students willing to devote their time and energy to full-time enrollment and study. Many students have found it possible to graduate in four years (12 quarters) of full-time study. We believe well-qualified, hard working students who have met all entrance requirements upon graduation from high school should set as their goal the completion of an undergraduate program without loss of time. We are prepared to help students reach this goal.

Full-time enrollment and involvement in campus life and activities will make the years at Cal State stimulating, engaging and rewarding. A healthy balance of study, work and leisure is critical to academic success. The careful integration of classroom study, out-of-class discussions with faculty and friends, library investigation, laboratory research, practical application of skills in jobs and field work, and involvement in co-curricular clubs and activities is essential to ensuring that knowledge attained at the university results in fully qualified graduates who can use the critical skills, facts, competencies, and achievements of the college years for active citizenship, productive, useful employment, and life-long learning.

Who is Eligible?

All entering freshmen with a declared major, and concentration if applicable, who are willing to take 45-47 or more units a year, who enter without deficiencies and meet all entrance requirements for the major are eligible. Students must average 15 units per quarter to reach the minimum of 180 units required for the Bachelor of Arts degree. It should be noted that the Bachelor of Science degree requires 198 units. Completion of the B.S. degree in four years will require a higher unit load in most quarters or enrollment in summer sessions.

What is the University's Pledge?

- Cal State San Bernardino pledges to provide sufficient classes for Four-Year Degree Pledge Program students so they will be able to graduate in four years. All Four-Year Degree Pledge students will receive special advisement and consideration in course enrollments. Incoming freshmen and participants who continue to meet the eligibility criteria will receive the highest priority in course registration and must register during the priority time assigned.
- Students will receive a Degree Audit Summary each quarter to allow them to track their progress and to clearly outline remaining units and course requirements.
- Departments will provide a tentative two-year schedule of course offerings to allow students to plan their enrollments and sequence of courses in advance. Every effort will be made to sequence course offerings to allow students to take required courses either day or night; however, it should be noted that a full load of 15-16 units normally cannot be taken after 6:00 p.m. and is not advisable if students are working more than 20 hours a week.
- If there are course conflicts which prevent students from taking courses on schedule, the appropriate course substitutions, waivers or options in the major will be provided by the department chair or for General Education by the Dean of Undergraduate Studies.

What is the Student's Obligation?

- Sign the Four-Year Degree Pledge form prior to the first term of enrollment.
- Take all qualifying exams and diagnostic/placement tests in English (EPT), mathematics (ELM), foreign language placement, music auditions, portfolio reviews, etc. before registering for the first term. All deficiencies or remedial course work must be made up before the first term of courses.
- Enroll each quarter at the assigned TRACS phone registration times. Students enrolling late cannot be assured of getting courses needed.
- Take a minimum of 15-16 units per quarter. Those considering enrolling in the Four-Year Degree Pledge Program should understand that for every unit of credit about 3 hours of instruction and study is required. A program of 15 units will require a minimum of 45 hours of class and study per week. Students with family obligations, long commutes or work schedules requiring more than 20 hours a week of commitment will find 15 units of university study a difficult if not impossible assignment.
- Make satisfactory progress, maintain a "C" average and receive grades sufficient to allow registration into the next level of required courses.
- Meet each quarter with the assigned advisor, reach agreement regarding an appropriate course of study, and have the class schedule approved by the advisor and/or the Advising Center before registering. At advisement, students and advisors will consider the future term's course offerings as related to graduation requirements.
- Take courses at times (day or evening) when they are offered and/or available and in correct sequence. Note: Students who change their major or concentration or who take a leave of absence will not necessarily be able to graduate in four years.
- Demonstrate accountability by complying with all administrative and academic policies and procedures. Non-compliance will result in cancellation of the pledge agreement. Students should purchase a copy of the University Bulletin which contains all degree requirements and policies.

After four academic years of full-time enrollment, if it is determined that required courses were not made available, the student will not be required to pay tuition or fees otherwise required for the student to subsequently register and enroll in courses necessary for graduation. This is the sole remedy for the university's breach of the degree pledge program.

For more information and to determine eligibility to sign the pledge, contact Advising and Academic Services, University Hall, Room 380, (909) 880-5034.

FALL TERM 2004

May 3    Last day to file or refile graduation check for March graduation without payment of late fee
May 18-  Fall Quarter 2004 Priority Registration (see Class Schedule for Priority Group times)
June 9   Admission Day, university open (observed Dec. 29)
Sept. 9  Beginning of academic year
Sept. 15 Classes begin (Saturday classes begin September 25)
Sept. 23 Late add period ends
Oct. 6   Columbus Day, university open (observed Dec. 30)
Oct. 11  Last day to drop classes without record
Oct. 11  Last day to file or refile graduation check for June graduation without payment of late fee
Nov. 1-22 Winter Quarter 2005 Priority Registration (see Class Schedule for Priority Group times)
Nov. 11  Veteran's Day, university open (observed Nov. 26)
Nov. 25-28 Thanksgiving recess, university closed (Library open Nov. 27 and 28)
Dec. 3   Last day of classes (Saturday classes end Dec. 4)
Dec. 6-11 Final examinations
Dec. 11  Commencement
Dec. 14  Grades due; end of term
Dec. 24- Academic recess, campus closed (campus closes at noon on Dec. 23)
Jan. 2   For a more detailed calendar of academic dates and deadlines, see the quarterly class schedule. The above calendar is not intended to be construed as an employee work calendar.

WINTER TERM 2005

Jan. 3    Last day to file or refile graduation check for September graduation without payment of late fee
Jan. 6    Beginning of winter term
Jan. 10   Classes begin (Saturday classes begin Jan. 8)
Jan. 17   Martin Luther King, Jr. birthday, university closed
Jan. 24   Late add period ends
Jan. 31   Last day to drop classes without record
Feb. 1    Last day to file or refile graduation check for December graduation without payment of late fee
Feb. 11   Lincoln's Birthday, campus open (observed Dec. 27)
Feb. 14-  Spring Quarter 2005 Priority Registration (see Class Schedule for Priority Group times)
Mar. 7    Washington's Birthday, campus open (observed Dec. 28)
Feb. 22   Last day of classes (Saturday classes end March 19)
March 21  Final examinations
March 22-26 Grades due; end of term
March 28- Academic recess
April 1
SPRING TERM 2005
March 31  Ceasar Chavez Holiday, university closed
April 4   Classes begin (Saturday classes begin April 2)
April 15  Late add period ends
April 22  Last day to drop classes without record
May 2-18  Summer Quarter 2005 Priority Registration (see Class Schedule for Priority Group times)
May 2    Last day to file or refile graduation check for March graduation without payment of late fee
May 24-   Fall Quarter 2005 Priority Registration (see Class Schedule for Priority Group times)
June 15  Memorial Day (university closed)
June 13   Last day of classes (Saturday classes end June 11)
June 14-18  Final examinations
June 17-19  Commencement
June 21  Grades due; end of term

SUMMER TERM 2005
June 22   Classes begin, Sessions I and III
June 28    Late add ends Session I
June 20-   Campus closed each Friday, Saturday, and Sunday
   Sept. 11  
June 30  Last day to drop classes without record, Session I
July 4    Independence Day holiday (university closed)
July 6    Late add ends Session III
July 13   Last day to drop classes without record, Session III
July 14   Last day for refund, Session III
July 27   Last day of classes, Session I
July 28-   Final examinations, Session I
Aug. 1    
Aug. 2    Classes begin, Session II
Aug. 8    Late add ends, Session II
Aug. 10   Last day to drop classes without record, Session II
Aug. 31   Last day of classes, Session III
Sept. 1-6  Final examinations, Session III
Sept. 1    Last day of classes, Session II
Sept. 5    Labor Day holiday (university closed)
Sept. 6-7  Final examinations, Session II
Sept. 7    Grades due, Session III
Sept. 8    Grades due, Session II
Sept. 9    Admission Day, campus open (observed Dec. 29)

FALL TERM 2005
May 2      Last day to file or refile graduation check for March graduation without payment of late fee
Sept. 14   Beginning of academic year
Sept. 22   Classes begin (Saturday classes begin Sept. 24)
Oct. 10    Columbus Day, campus open (observed Dec. 30)
Nov. 1     Last day to file or refile graduation check for June graduation without payment of late fee
Nov. 11    Veteran's Day, campus open (observed Nov. 25)
Nov. 24-27  Thanksgiving recess (Library open Nov. 26-27)
Dec. 2     Last day of classes (Saturday classes end Dec. 3)
Dec. 5-10  Final examinations
Dec. 10    Commencement
Dec. 13    Grades due; end of term
Dec. 24-    Academic recess, university closed (campus closes
               Jan. 2 at noon on Dec. 23)

THE CALIFORNIA STATE UNIVERSITY SYSTEM

The individual California State Colleges were brought together as a system by the Donahoe Higher Education Act of 1960. In 1972 the system became the California State University and Colleges and in 1982 the system became the California State University. Today the campuses of the CSU include comprehensive and polytechnic universities and, since July 1995, the California Maritime Academy, a specialized campus.

The oldest campus—San José State University—was founded in 1857 and became the first institution of public higher education in California. The CSU Channel Islands opened in fall 2002, with freshmen arriving in fall 2003.

Responsibility for the California State University is vested in the Board of Trustees whose members are appointed by the governor. The trustees appoint the chancellor, who is the chief executive officer of the system, and the presidents, who are the chief executive officers of the respective campuses.

The trustees, the chancellor and the presidents develop systemwide policy, with implementation at the campus level taking place through broadly based consultative procedures. The Academic Senate of the California State University, made up of elected representatives of the faculty from each campus, recommends academic policy to the Board of Trustees through the chancellor.

Academic excellence has been achieved by the California State University through a distinguished faculty, whose primary responsibility is superior teaching. While each campus in the system has its own unique geographic and curricular character, all campuses, as multipurpose institutions, offer undergraduate and graduate instruction for professional and occupational goals as well as broad liberal education. All of the campuses require for graduation a basic program of "general education requirements" regardless of the type of bachelor's degree or major field selected by the student.

The CSU offers more than 1,800 bachelor's and master's degree programs in some 240 subject areas. Many of these programs are offered so that students can complete all upper-division and graduate requirements by part-time, late afternoon and evening study, or by distance learning from home or work via computer or television. In addition, a variety of teaching and school service credential programs are available. A number of doctoral degrees are offered jointly with the University of California and with private institutions in California.

Enrollments in fall 2003 totalled nearly 409,000 students, who were taught by some 22,000 faculty. The system awards more than half of the bachelor's degrees and 30 percent of the master's degrees granted in California. Nearly 2 million persons have been graduated from CSU campuses since 1960.
TRUSTEES OF THE CALIFORNIA STATE UNIVERSITY

EX OFFICIO TRUSTEES
The Honorable Arnold Schwarzenegger
Governor of California
State Capitol, Sacramento 95814

The Honorable Cruz Bustamante
Lieutenant Governor of California

Vision Statement

California State University, San Bernardino will become one of the leading comprehensive universities in the nation, distinctive for its contributions to the understanding of learning and for the creation and study of innovative partnerships to promote educational, social, economic and cultural advancement in the region.

Mission and Goals

The mission of California State University, San Bernardino is to enhance the intellectual, cultural and personal development of its students. Serving inland Southern California, in one of the fastest growing regions in the nation, the university seeks to serve the educational needs of the region and the state by offering a wide range of academic programs and support services. The overall goal is to prepare students to assume leadership roles in the 21st century.

The teaching and learning environment for students is enhanced by close contact with faculty, staff, and administrators in state-of-the-art facilities and through extracurricular activities offered outside of the classroom. In order to provide a truly comprehensive education for its students, the university has built programs and services based upon six objectives:

- Provide a sound program of general education in the arts and sciences for all undergraduates,
- Include experiential approaches to learning for undergraduate and graduate students,
- Foster an open exchange of ideas and views,
- Encourage and support faculty to remain current in the fields that they teach,
- Enrich students’ lives outside of class by sponsoring speaker programs, supporting clubs and other organizations, and encouraging a variety of cultural events, and
- Build partnerships with the communities throughout the region in order to identify and solve mutual concerns and problems.

To achieve these aims, the university continues to develop academic programs and services that assist people who use the campus to gain the skills and information that they need to improve their quality of life and to plan for productive futures. The university offers a large number of professional, occupational, and traditional academic programs at both the baccalaureate and master’s level, so that new and returning students can gain up-to-date skills and knowledge. To foster excellence and anticipate the needs of our service region, the university has identified six programmatic areas beyond its traditional liberal arts curricula for continued emphasis and expansion:

- Education programs to prepare teachers to serve a multicultural society,
- Applied science and engineering programs to support technology development in southern California,
- Management and administration programs to graduate future business and public agency leaders,
- Health and helping professions to support the burgeoning population in our service area,
- International studies to prepare graduates to function in a truly global community, and
- Fine and performing arts to enrich our lives.

The university seeks also to expand its role as one of the preeminent centers of cultural and intellectual activity in inland Southern California. Faculty, staff, administrators, and students sponsor conferences, institutes, workshops, exhibitions, and other extended learning activities. New programs, enhanced by new facilities, in the arts, information sciences, social sciences,
education, and athletics will allow the university to offer a greater range of plays, concerts, art exhibitions, sports events, museum exhibitions, speakers, and academic offerings for its students and the community at large.

California State University, San Bernardino recognizes that one of its strengths is the diversity of the university community. As a result, the university has developed curricula and services that affirm the multiculturalism of this region and show the dignity and values that unite all people.

Faculty, administrators, and staff know, too, that the university serves not just traditional full-time students but others who attend part-time because of responsibilities at home and at work. In fact, because many students begin their higher education elsewhere, the university continually updates its transfer agreements with surrounding colleges and universities. Furthermore, to help all students complete their programs of study, the university offers both day and evening classes on campus as well as selected programs at a few off-campus sites, including a center in the Coachella Valley. Additionally, innovative uses will be made of technology to serve its many student populations throughout the Inland Empire.

With outstanding faculty, administrators, and staff from around the nation and the world, the university is fully prepared to instruct and support its diverse student body and to serve the region's intellectual and cultural needs. Through excellence in the pursuit of learning, the university enriches both itself and the communities it serves.

The above Statement of Mission and Goals was approved by the Faculty Senate and President Anthony H. Evans in November, 1993.

Location and History

The city of San Bernardino is situated at the foot of the San Bernardino Mountains, which form the northeastern boundary of the San Gabriel Valley. The valley's western terminus, 60 miles away, is the Los Angeles basin and the beaches of the Pacific Ocean.

In earlier times the San Bernardino area was the home of Serrano, Luiseno and Cahuilla Indians. The first pioneers from Mexico settled in the San Gabriel Valley in the 1770s. Mission San Gabriel was founded by Fr. Junipero Serra in 1771, ten years before pueblo Los Angeles was established. The mission built a fortified asistencia near modern San Bernardino in 1819, but this was abandoned in 1834 when newly independent Mexico secularized the missions.

In 1842 the Lugo family purchased the 37,000-acre San Bernardino Valley. A group of Mormon colonists came to the valley in 1851, purchased the Lugo Rancho and built a stockade near the present county courthouse. A village developed around the stockade and this, coupled with California statehood, led to the establishment of San Bernardino County in 1853 and the incorporation of the city of San Bernardino in 1854. Connection to the transcontinental railroad in 1885 recognized the valley's importance and insured its future growth and prosperity.

Inland Southern California

The historic San Bernardino Valley is part of inland Southern California, an area encompassing all of San Bernardino and Riverside counties. The university is within the Riverside-San Bernardino-Ontario metropolitan area and also serves more distant locations in the two counties, the Colorado River communities of Blythe and Needles; the high desert area including Victorville and Barstow; the low desert, Coachella Valley region including Palm Springs and Indio; the mountain communities of Big Bear, Lake Arrowhead and Idyllwild; the Hemet Valley, including Hemet, San Jacinto and Perris.

THE UNIVERSITY
ACADEMIC
PROGRAM

Now in its fourth decade, California State University, San Bernardino continues its development in new directions.

The college opened in 1965, offering six degree programs to approximately 300 students and focusing on the liberal arts. Currently the curriculum has been expanded to 44 baccalaureate degree programs, 15 teaching credential fields and various options within 21 master's degree programs. Current enrollment exceeds 17,000.

While continuing to emphasize the liberal arts, the university has implemented a number of career-oriented programs, both at the undergraduate and at the graduate levels.

Academic Plan
California State University, San Bernardino operates on the quarter system. The fall, winter and spring terms each consist of 10 weeks of instruction plus a final exam week. The university also offers a state-supported summer quarter allowing students to accelerate their progress and take summer courses at the same fees as during the rest of the academic year. Summer quarter has overlapping five-week and one 10-week terms.

Most lecture/discussion courses are offered for four units of credit and meet four hours per week. Each unit of credit typically requires two hours of out-of-class study and preparation in addition to the hour of direct instruction in the class. Laboratories and activity-based courses, such as studio art, music, physical education, computer science, etc. meet for 2-3 hours of instruction a week for each unit of credit. Students transferring from a semester system campus should note semester courses are five weeks longer (15 weeks versus 10) so that a quarter unit is equal to 2/3 of a semester unit. (Thus, three semester units are equivalent to 4.5 quarter units.)

The total number of quarter units required for graduation varies from a minimum of 180 for the Bachelor of Arts degree to 198 units for the Bachelor of Science. Students planning to graduate in four years need to take an average of 15 units per quarter to reach 180 units. Master's degrees require a minimum of 45 units, but some professional degrees, such as the M.S.W. in Social Work and M.S. in Psychology, have licensing and/or accreditation standards demanding up to 90 units.

Colleges of the University
The academic program of the university is offered through five colleges—Arts and Letters, Business and Public Administration, Education, Natural Sciences, and Social and Behavioral Sciences—organized into departments.

Degree programs are offered by departments, colleges and interdisciplinary committees. A complete listing of the degrees available at the university may be found on the next two pages.
Baccalaureate Degree Programs

In the 2004-2005 academic year, the university will offer bachelor’s degree programs in the following fields (majors):

College of Arts and Letters
Art* ...................................................... B.A.
Communication* ...................................... B.A.
human communication
intercultural communication*
mass communication
public argumentation and rhetoric
public relations*
English* .............................................. B.A.

program also has a minor available

Graduate Degree Programs
In the 2004-2005 academic year, the university will offer master's degree programs in the following fields:

Art  .............................................. M.A.
Biology  ........................................ M.S.
Business Administration ................ M.B.A.
accounting
entrepreneurship
executive
finance
information management
management
marketing management
operations management
Communication Studies ................... M.A.
integrated marketing communication
Computer Science .......................... M.S.
The university is planning to offer the following programs in the future pending official authorization by the CSU Chancellor's Office.

### Degree

- **Accountancy, M.S.**
- **Child Development, M.A.**
- **Information Systems and Technology, B.S.**
- **Music, M.A.**
- **Physical Education, M.A.**
- **Psychology, Ph.D.**
- **Public Health, M.P.H.**
- **Spanish, M.A.**
- **Special Education, M.S.**
- **Theatre Arts, M.A.**

### Programs Under Development

The university is planning to offer the following programs in the future pending official authorization by the CSU Chancellor's Office.

- Counseling and Guidance ........................................... M.S.
- Criminal Justice ...................................................... M.A.
- Education, with options in: ........................................ M.A.
  - bilingual/cross-cultural education
  - career and technical education
  - curriculum and instruction
  - environmental education
  - health education
  - instructional technology
  - kinesiology
  - language, literacy and culture (primary language)
  - reading/language arts
  - science education
  - special education
  - teaching English to speakers of other languages
- Educational Administration ........................................ M.A.
- English Composition .................................................. M.A.
  - English composition
  - English literature
  - teaching English as a second language
- Health Services Administration ................................. M.S.
- Interdisciplinary Studies ............................................. M.A.
  - integrative studies
  - e-marketing communication and new media
- Mathematics .............................................................. M.A./M.A.T.
- National Security Studies .......................................... M.A.
- Nursing ........................................................................ M.S.
  - school nurses
- Psychology ................................................................. M.A.
  - child development
  - general-experimental psychology
  - life-span psychology
- Social Work ................................................................. M.S.W.
  - bilingual/cross-cultural
  - counseling psychology
  - industrial/organizational psychology
- Social Sciences ............................................................ M.A.
- Women's Studies ............................................................ M.A.

### Class Size

A distinctive feature of the San Bernardino plan is the attempt to offer the majority of courses in a small lecture/discussion/seminar format. Currently approximately 70 percent of the courses are taught in this arrangement. This small class size increases the possibilities for discussion and for student-faculty contacts both within and outside the classroom.

To maintain the small class as the norm requires that some proportion of courses be offered in an intermediate size (enrollment of 30 to 72) or in a large-lecture format (maximum enrollment of 250).

Among lower-division general education courses, those in the basic skills area, in foreign language, mathematics and in English are offered mostly through small classes, while those in other areas employ intermediate or large-lecture classes. Upper-division general education courses are also offered in the large-lecture format. Each department utilizes intermediate size classes for a small number of required or elective courses, but the majority of departmental offerings are in small classes. The typical laboratory section has a maximum enrollment of 24, sometimes less.

### Course Numbering System

- **1-99** Nondegree-applicable credit.
- **100-299** Lower-division courses designed primarily for freshmen and sophomores. **Graduate credit is not allowed.**
- **300-599** Upper-division courses of junior and senior level; graduate credit may be awarded if course is accepted in a specific graduate program.
- **600-699** Courses for postbaccalaureate and graduate students only. **May not be taken by undergraduates.**
- **X1000-X9999** Courses offered through extension only. **Credit not degree applicable.**
- **IP100-IP699** Courses taken by students in the International Programs.
- **E300-E699** Credit earned in a continuing education program for residence credit pursuant to an external degree program.

### Course Credits and Study Expectations

Most courses at California State University, San Bernardino carry four quarter units of credit; some carry six units; some two units; and a few variable credit. Course credits are indicated in the course descriptions in this catalog. Since each unit of credit presumes one hour of class time and two hours of preparation, a typical four-unit course would require a minimum of 12 hours per week of the student's time. For purposes of comparison with other colleges, a four quarter-hour course is equivalent to a 2.66 semester-hour course.

### Faculty Office Hours

In addition to meeting with students during designated class hours, faculty members hold regularly scheduled office hours, which are posted outside their offices. A student who is unable to see a faculty member during class or the posted office hours may arrange an appointment by contacting the appropriate department office.
Accreditation

California State University, San Bernardino is accredited by the Western Association of Schools and Colleges, the official accrediting body for institutions of higher learning in the West. The teaching credential programs are approved by the California State Board of Education, California Commission on Teacher Credentialing, and the National Council for Accreditation of Teacher Education (NCATE).

The following professional programs have received specialized approval or accreditation from organizations recognized by the national Council on Postsecondary Education:
- Administration (B.A., B.S., M.B.A.)-AACSB International, the Association to Advance Collegiate Schools of Business
- Art (B.A.)-National Association of Schools of Art and Design
- Chemistry (B.S.)-American Chemical Society
- Computer Science (B.S.)-Accreditation Board for Engineering and Technology, Computing Accreditation Commission
- Music (B.A.)-National Association of Schools of Music
- Nursing (B.S.)-National League of Nursing
- Nutrition and Food Sciences (B.S.)-American Dietetics Association (Plan V, Didactic Program in Dietetics)
- Public Administration (M.P.A.)-National Association of Schools of Public Administration and Affairs
- Rehabilitation Counseling (M.A.)-Council on Rehabilitation Education
- Social Work (M.S.W.)-Council on Social Work Education

University Honors Program

The University Honors Program stands for an education that will give each student the opportunity to explore ideas and principles underlying the major areas of modern knowledge, the understanding that learning is a continuous lifetime process, and the courage and enthusiasm to participate in the creation of a better world. This program offers integrated courses and other enrichment opportunities for highly-motivated students who seek an intellectual challenge. Most honors courses fulfill the general education requirements which all students at the university must meet.

Students who have shown scholastic ability, intellectual promise, and creativity are encouraged to apply for the program. Further information about the Honors Program can be obtained in PL-208, 880-7765.

Phi Kappa Phi

The university has an active chapter of the national honor society of Phi Kappa Phi, whose purpose is the recognition and encouragement of superior scholarship in all academic disciplines. Membership is by invitation issued to selected juniors, seniors and graduate students who have excelled in scholarship and who meet the chapter's requirements. Graduating seniors who are members of PKP have an opportunity to apply for a Fellowship from the national office to be used towards the first year of graduate study.

Gamma Lambda of Phi Beta Delta

Phi Beta Delta, founded in 1986, is the first U.S. honor society dedicated to recognizing individuals who have demonstrated scholarly achievement in the areas of international education and exchange. These individuals include: international (visa) students who have demonstrated high scholastic achievement at our university; U.S. students who have completed studies abroad in approved exchange programs with our university; distinguished international faculty at California State University, San Bernardino; distinguished CSUSB faculty and staff who have been involved in recognized international endeavors (i.e. research, teaching, program development and service). The Gamma Lambda Chapter at California State University, San Bernardino is a charter chapter of the national organization.

Palm Desert Campus

Residents of the Coachella Valley and surrounding communities can now complete a B.A., M.A. or teaching credential program without driving long distances. Cal State, San Bernardino opened a satellite campus at College of the Desert in fall of 1986, and the two institutions are working in partnership to provide affordable higher education. College of the Desert provides freshman and sophomore-level course work, while the university's Palm Desert Campus offers junior, senior and graduate level classes in a variety of programs. Degree and credential programs which can be completed in their entirety at the Palm Desert Campus include the following:
- Administration (B.A.)
- Management Administration (B.S.)
- Accounting
- Business Administration for Executives (M.B.A.)
- Communication, B.A.
- Criminal Justice (B.A.)
- Education (M.A.)
- Curriculum and Instruction
- Instructional Technology
- Reading/Language Arts
- Special Education
- Educational Administration (M.A.)
- English (B.A.)
- Liberal Studies (B.A.)
- Multiple Subject (Credential)
- Nursing (B.S.)
- Public Administration (M.P.A.)
- Psychology (B.A.)
- Single Subject (Credential)

The Palm Desert Campus is on the quarter system, and students can enroll either exclusively in Coachella Valley, or can combine San Bernardino and Palm Desert classes. Admissions information, course registration, academic advising, and a variety of student services are available at the satellite campus.

The Palm Desert Campus is located at its permanent facility at 37-500 Cook Street, Palm Desert. Daytime, evening and weekend classes are offered. The campus is equipped with state-of-the-art technology, including interactive video conferencing. For further information, call the center at (760) 341-2883.

Victor Valley College Center

CSUSB's regional center (High Desert Teacher Education and Development Center) offers upper division, credential, graduate and extended learning programs for the convenience of students living in the High Desert. Courses are available on site, by compressed video from the main campus or the Coachella Valley Campus and on-line. Admission and financial aid information, registration, academic advising and library access are also available locally. CSUSB utilizes classrooms, computer labs and a
teleconference classroom on the VVC campus. Students enrolled in courses offered by CSUSB receive a Coyote OneCard or Coyote Remote Access Card to allow access to library and data base resources through the Internet from CSUSB. In addition, students receive a Victor Valley ID card to allow access to VVC computer labs, library, bookstore and food services. Course service is available to VVCC from the main campus and CVC. VVCC is located at 184 Bear Valley Road, Victorville. While CSUSB operates on a quarter system, VVC operates on a semester system. Quarterly schedules and additional information are available at http://odl.csusb.edu.

Distributed Learning

The Office of Distributed Learning (ODL) provides coordination and oversight of a multitude of distributed learning activities on campus, including state-supported degree programs as well as technology-based extension courses and activities.

The concept of distributed learning implies a system through which the campus can more fully "distribute" its academic resources to its diverse and broad-based population, whether at a distance or simply bound by time constraints. Distributed learning techniques engage students more actively (or interactively), and focus on helping students achieve class objectives via a number of state-of-the-art technologies, including compressed video, satellite, cable, Internet, and on-line delivery formats.

In addition, courses taught off campus at remote sites are coordinated by the Office of Distributed Learning.

ODL is coordinating a five-year Title V Grant from the U.S. Department of Education. This grant will establish a distributed learning network that will connect CSUSB to the ten community colleges in the San Bernardino and Riverside Counties. Each community college will house a regional learning center for better articulation of student services and programs.

Because CSUSB has been designated as an Hispanic Serving Institution (HSI), the grant also will provide funding for the campus endowment to increase the number of scholarships to students in need.

For more information on course offerings, professional development for faculty or programs offered by other CSU campuses, contact the ODL at 880-7439 or at the Web site: http://odl.csusb.edu or toll free at 1-877-907-0079.

Special Courses

More specific information on the special courses described below can be obtained from the Office of Academic Programs or the appropriate colleges and departments.

Comprehensive Examinations. Students now have limited opportunities to spend a full term out of the classroom while preparing for comprehensive examinations that serve as alternatives to regular instruction. Comprehensive examinations are currently available in psychology and sociology.

Cooperative Education. The university is developing ways in which students may earn course credit through academically related work experience. Currently available are internship courses in accounting, anthropology, art, biology, chemistry, communication, computer science, criminal justice, economics, English, finance, French, geography, geology, health science, history, human development, humanities, information management, management, marketing, operations management, philosophy, physics, public administration, paralegal studies, political science, psychology, sociology/social work, Spanish, supply chain management, theatre arts and women's studies.

Self-Paced Courses. An alternative mode of instruction, developed for a few courses, enables students to set their own learning pace. ANTH 335 and SSCI 215 are conducted on an independent study basis made possible through the use of study guides, video tapes and other instructional resources.

On-Line Courses. Online courses and web/classroom courses are identified as such in the schedule of classes by department and in the distributed learning section. Various departments in all colleges offer courses. Online courses are taught completely on the Internet and are not assigned classroom space. Web/classroom courses are assigned classroom space and meeting times range from once per quarter to weekly, accompanied by significant online materials. Students taking on-line courses should consult the Distributed Learning website at http://odl.csusb.edu for minimum hardware and software requirements for taking any courses on the Internet.

Facilities

The campus of California State University, San Bernardino blends modern facilities with wide expanses of well maintained landscapes, and panoramic views. As such, the Pfau Library Mall has undergone extensive new landscaping, providing a beautiful, multifunctional, open space setting to enhance university life.

The 430-acre campus features more than 33 fully accessible and air-conditioned buildings. In addition to classrooms and laboratories for course work in the arts, letters and sciences, the university has a number of rather distinctive facilities, such as simulation laboratories, a modern instructional television studio lab, an electronic music studio, glass blowing facilities and state-of-the-art self-instructional computer laboratories located in each of the major instructional buildings.

The university, experiencing an enrollment-driven expansion, enhanced the physical plant with the University Hall building, opening its doors in the fall of 1991, and the Foundation Building completed in winter of 1992.

In response to a demand for more facilities, completed construction includes the Jack H. Brown Hall building which houses the College of Business and Public Administration, and the Departments of Computer Science, and Mathematics.

The Student Union addition opened its doors in fall 1993, providing space for a new Pub, multipurpose room, lounges, meeting rooms, and Associated Student offices. Also, a large addition to the Coyote Bookstore was opened in fall, 1993.

The campus expansion also includes the John M. Pfau Library addition, doubling the current building floor space, which opened in Fall 1994. Besides greatly increasing library space, the building houses the Information Resources and Technology Division which is comprised of the Departments of Academic Computing and Media, Administrative Computing Services, Data Center Services and Telecommunications and Network Services as well as the Pfau Library. This addition also houses several self-instructional computer labs as well as professional development labs.

In winter, 1995, the new Health/PE-Classroom/Faculty Office Complex opened with a 5,000-seat gymnasium and also provides three basketball cross-courts, a dance studio, sports medicine room, a weight training room, an outdoor twenty-five meter competition pool, and additional outdoor facilities. The facility houses Athletics, the Nursing, Health Science and Human Ecology, and Kinesiology Departments, with additional lecture space and self-instructional computer labs.

Dedicated in fall, 1995, the Yasuda Center for Extended Learning, a one-story classroom and conference facility provides
five classrooms, a multipurpose room, a language lab, two computer labs and a student lounge.

The Visual Arts Center and Robert V. Fullerton Museum opened its doors in 1996 to a University Gallery with supporting storage rooms and workrooms, a 150-student lecture auditorium, teaching labs, seminar classrooms, 25 faculty offices, and self-instructional computer graphic, video and photographic studios for the College of Arts and Letters/Visual Arts Department.

The Facilities Management addition and Administrative Services building were completed in January 2000, providing much needed shops, warehouses, and administrative offices in the Departments of Duplicating, Receiving, Mail Services, Capital Planning, Design and Construction, Facilities Services, Environmental Health and Safety, and Public Safety.

A new building for the College of Social and Behavioral Sciences opened in 2002. A Natural Science Annex/Phase I is under construction. Several other campus enhancements currently being designed will be the Science addition/renovation of the Biological Sciences and Physical Sciences buildings; an addition/renovation to the Student Union and a permanent Student Recreation Center. In addition, feasibility studies were completed justifying two additional building projects, a College of Education Building and a University Theatre/Performing Arts addition/renovation, as well as a Library renovation.

University Library

The mission of the Pfau Library is to meet the information needs of its users, both in paper and electronic formats, both inside and outside its walls, and to continue to support curricular and research needs. The Pfau Library consists of a general collection of 740,000 books and bound periodicals. The Library subscribes to more than 1,700 periodicals, newspapers, and other serial publications in paper format and more than 16,000 periodical titles on-line offering full text and/or abstracts. The book collection is further augmented by musical scores, maps, microformat materials, curriculum materials, CD-ROM networks, and electronic databases.

The Library's card catalog is a computerized catalog, HORIZON, which provides web-based workstations. Remote access to on-line databases is available. Two electronic, on-line bibliographic instruction rooms provide bibliographic content training for students. As a depository for California state documents, the Library regularly receives state publications. In 1999 the Pfau Library was designated as a United States Government Documents depository. Reciprocal borrowing agreements with other area libraries further enhance the availability of material.

All materials are easily accessible to students. An open shelf arrangement of the collection gives users convenient access to Library materials. The Library occupies the first, second (in the Addition only), third, fourth and fifth floors and parts of the basement of the Pfau Library Building. Special facilities include photo-duplicating service, micro-forum readers, map room, media facilities, individual study carrels (some with power to accommodate laptop computers), group study rooms, a curriculum collection and seating for about 1,200 users. Individual or class instruction in Library usage is available upon request. Resource handouts are available at the Reference Desk.

Visit the Library home page at http://www.lib.csusb.edu and review library resources, services, and "links" to other libraries.

Academic Computing and Media

Academic Computing and Media provides the campus community with a wide variety of technological services from instructional computing resources to computing and multimedia consultation as well as professional development courses.

The ACM self-instructional labs, which are located in the "wedge" side of the Library, have over 150 computers in both Mac and Windows platforms. These provide access to the Internet and the Microsoft Office Suite of software applications. There are computers with special capabilities such as video editing applications and Assistive Technology software for those with disabilities. The Assistive Computing Resource Center is located in PL-014. Both areas have professional staff and student consultants available for training and assistance in various software applications including email, the Internet, Microsoft's Office Suite software and others. Plus, for those seeking their master's degree, there is assistance in thesis formatting.

ACM's Media Services area provides audio/video equipment and support for the academic campus and has assisted in the creation of "smart" classrooms by adding LCD projectors, computers, VCRs, speakers and screens to classrooms across the campus to enhance the learning experience. Some of the other services offered are micro teaching rooms, and video viewing or checkout.

The Professional Development and Multimedia lab is an excellent resource for faculty and staff providing consultation, training classes as well as one-on-one assistance. Consultation and assistance is an integral part of ACM, including the assistance of the Campus Web Master in the development of department web sites. The Multimedia area has created and consulted in interactive CDs and videos. Teleconferencing and video conferencing is another facet of ACM, along with the facilitation of Distributed Learning classes. ACM also administers the Campus Photographer and the Coyote One Card. For more information check our home page at http://acm.csusb.edu.

Administrative Computing Services

Administrative Computing Services' (ACS) mission is to develop software tools to enhance and support the learning experience of campus constituents through the deployment of technology.

ACS provides support for all university enterprise administrative software applications. Currently, the Student Information System (SIS+), Student Aid Management System (SAMS), PeopleSoft HRMS and FIS (Human Resources and Financials), Degree Audit Record System (DARS), and the Development System (Cal State Advance) are all managed by the department. Additional applications, such as the voice response system (TRACS), WebReg, and web applications located at URL: http://info001.csusb.edu are maintained and enhanced by the ACS analyst/programmers.

In addition to maintaining existing applications, the department recently implemented the CSU Common Management Systems (CMS) initiative which replaced some administrative systems with PeopleSoft applications. The department homepage is http://acs.csusb.edu.

CMS Office. The CMS project involves the implementation of PeopleSoft, an integrated software solution for the administration of Human Resources, Financials and Student Administration across the CSU campuses. The campus CMS Office is responsible for managing the campus implementation including: overall planning, budgeting, and coordination of project activities with the various campus project teams and affected organizations. The human resources and financials modules went live in April 2001.

In October 2002, Human Resources was upgraded and web enabled. In October 2004, the Finance module will be upgraded and web enabled. Student Administration work begins 2005. Additional Information about the CMS project can be found on the website: http://cms.csusb.edu.
IRT Support and Data Center Services

The IRT Support Center & Data Center Services is a central resource for help, information and support on a 24/7 basis providing the University with an effective, primary point of contact for timely and consistent response to computing and information technology and its related inquiries and problems. The center provides efficient and effective utilization of resources throughout the IRT division, and is responsible for the system administration and maintenance of the hardware and software environment supporting all administrative computing systems on-line and batch production, production support, personal computers, campus central servers and system maintenance. These services include software installation, IBM mainframe and Central servers security, configuration, maintenance, file backup and recovery, computer generated media and distribution, on-line/paper base surveys, test surveys, tape processing, optical scanning services, report processing and first, second and third level technical support. For more information and scope of services, see http://helpweb.csusb.edu, or e-mail at: helpdesk@csusb.edu for the IRT Support Center, and jobreq@csusb.edu for the Data Center Services.

Telecommunications and Network Services

The Telecommunications group is responsible for installing and repairing data and voice jacks (wall jacks), supplying and repairing telephone equipment, including the campus telephone switches, managing the campus operators and maintaining the campus voice mail system, and the yearly updating and distribution of the campus telephone directory. The Telecommunications group can complete work requests from users for specific telecommunications-related activities. The Network Services group is responsible for installing, managing, and maintaining the campus network infrastructure, various campus-wide network applications, and specific network systems and providing campus-wide functions, such as Email, DNS, DHCP, IP routing, and firewall support to name a few. In addition, the Network Services group can complete work requests from users for specific network-related activities. For more information, see http://tns.csusb.edu/.

Scheduling of Classes

Most four-unit courses meet for 200 minutes per week. Three basic plans are used in scheduling classes: three meetings per week (usually Monday-Wednesday-Friday), two meetings per week or one meeting. Principal exceptions occur among laboratory, activity and studio courses and courses which carry less than four units of credit.

The two-period, two-day-per-week format is utilized for Tuesday-Thursday classes and most late afternoon and evening courses; the single four-hour period format has been found most appropriate for certain evening and weekend classes. The university attempts to maintain accurate information about changing student needs and to adjust its class schedule accordingly.

Late-Day and Evening Classes

Courses offered in the late afternoon and evening are in every respect the equal of courses offered earlier in the day; they have identical prerequisites and requirements and they confer equal credit. Late-day classes have proved to be of convenience to regular and part-time students, teachers, business people and others in the community. The proportion of late-day classes has been increasing and stands currently at more than one-third of all classes.

Degree Completion Programs for Part-Time Students

Increasing opportunities are being developed for part-time students to complete baccalaureate and master’s degree programs by attending late-day classes, as well as Friday night and weekend courses with compressed schedules.

Presently offered in the late afternoon and evening is a sufficient range of upper-division course work to complete a major in administration, criminal justice, economics, English, geography, health science, history, human development, humanities, human services, liberal studies, mathematics, nursing, psychology, social sciences, sociology, Spanish and vocational education. At the graduate level, master’s degree programs are available in business administration, public administration, biology, education, rehabilitation counseling, criminal justice, English composition and health services administration.

Students who wish to pursue a late-day degree-completion program in other fields should consult with the department of their proposed major regarding the availability of required courses and then apply for admission to the university in the usual manner.

Institutes

The university sponsors the following institutes which are interdisciplinary in nature and are comprised of faculty from a number of different schools.

Institute for Applied Research and Policy Analysis. Co-directors, Shel Bockman, Department of Management, 880-5733, and Barbara Sirotnik, Department of Information and Decision Sciences, 880-5729. Established to meet the information needs of policy and decision makers in the Inland Empire, conducting applied business, social and public policy research, and offering research and related consulting services to the community, CSUSB faculty and centers on the CSUSB campus.

Institute for Applied Supercomputing. Co-directors, Yasha Karant, Department of Computer Science, 880-5372 and Kay Zemoudah, Department of Computer Science, 880-5348. Established to promote, develop, and deploy the uses of high performance computing, including high speed communications, visualization, large scale data stores, and virtual reality, to the intellectual needs of the university and the community.

Institute for Child Development and Family Relations. Director Laura Kampartner, Department of Psychology, 880-5582. Established with four main components: 1) a model laboratory school for both typically and atypically development infants through kindergarten-aged children, 2) a child assessment and development center, 3) a parenting and family relations resources center, and 4) the university center for developmental disabilities which serves children with autism and other pervasive developmental disabilities.

Community-University Partnerships Institute. Co-directors, Richard Eberst, Department of Health Science and Human Ecology and Lee Hanson, Department of Management, 880-5793. Established to advance partnerships with the community that will improve the overall quality of life and health in the University’s service area, with five focus areas: culture and the arts, economic transformation, educational quality of the workforce and citizenry, health enhancement, and family and community enrichment.

Diversity Institute: Director, Sue Brotherton, Department of Educational Psychology and Counseling, 880-5693. Established under the auspices of the Dean of Undergraduate Studies to meet
the diversity and cultural competency training and consulting needs of public and private industry, the educational sector, and other agencies of the residents of California.

**International Institute.** Co-directors: Rosalie Giacchino-Baker, College of Education, 880-5256, and Elsa Ochoa-Fernández, Director, International Student Services, 880-5193. Established to lead the campus’ globalization process by collaborating with university and community partners to develop, identify funding for, and promote academic programs, activities, and services that meet the international needs of our university and region and that make contributions to our global community.

**Institute for Criminal Justice Research.** Director, Dale Sechrest, Department of Criminal Justice, 880-5506. Established to conduct research, training, and service activities in the area of criminal justice.

**Institute for Science Education.** Director, Herb Brunkhorst, Department of Science, Mathematics and Technology, 880-5613. Established to promote the improvement of science education in addressing the needs for professional preparation in the sciences and scientific literacy for citizenship and to promote the utilization of science education as an interface between science and society.

**Water Resources Institute.** Director, Jeffrey Davis, 880-7861. Created in 1999 as an interdisciplinary center for research, policy analysis and education. Programs include collections of library resources and archives, research opportunities, an annual conference, quarterly speakers on specific water related topics, K-12 water education programs, development of water related academic programs, environmental science teacher education, conflict mediation, and an interdisciplinary water resources journal.

In addition, the WRI works with local water and government agencies to provide internship opportunities for students, to provide opportunities for students to network with water agencies and other special districts, and to educate students on water resources issues. The WRI is in the process of developing a scholarship program for CSUSB students interested in pursuing undergraduate and graduate degrees in water-related programs.

Many of these programs require the help of student assistants, particularly in the areas of computer science, history, geology and geography. Students are encouraged to learn more about the WRI from its web site, wri.csusb.edu, or at the WRI Office on the fourth floor of Plate Library.

**Centers**

Individual academic schools sponsor the following centers on campus. For further information, contact the director listed.

**Center for the Advancement of Second Languages in the Inland Empire.** Director, Mirta Gonzalez, Department of World Languages and Literatures, 880-5849. Promotes the study and dissemination of second languages in the Inland Empire through workshops, translator and interpreter services, curriculum development, conferences and seminars.

**CSUSB Community Counseling Center.** Director, Ed Teyber, Department of Psychology, 880-5569. Established as a service/training clinic to provide low-cost or free counseling service to individuals from the community and to provide a training site for graduate students therapists-in-training.

**University Center for Developmental Disabilities (UCDD).** Director, Dwight Sweeney, Department of Educational Psychology and Counseling, 880-5689. Established as a clinical training program of the College of Education, Special Education program for evaluation, assessment, training and support for autistic children, their parents and siblings.

**Center for Global Management.** Director, Mo Vaziri, Department of Accounting and Finance, 880-5718. Coordination of students and faculty exchange programs, facilitating research projects in international management, and supporting the College of Business and Public Administration in its efforts to sensitize students to the growing globalization of business, all reflect the varied focuses of the CGM.

**Inland Empire Center for Entrepreneurship.** Co-directors, Pat Mcinturff and Tapie Rohm, Jr., College of Business and Public Administration, 880-5708. An inter-departmental, multi-disciplinary collaborative established to promote the study and practice of entrepreneurship via education and training, information and expertise exchange, consulting and business assistance, research, and technology support using a variety of traditional and non-traditional modes. The Center is a student- and community-targeted entity linking the entrepreneurial needs of the Inland Empire to the education and scholarly expertise of faculty and students in the various academic units of the CSU San Bernardino.

**Inland Empire Management Center.** Coordinated through the College of Business and Public Administration, 880-5700. Representing the College of Business and Public Administration, the IEMC conducts seminars, short courses, contract classes, and conferences and provides management consulting by faculty.

**Center for Research in Integrative Learning and Teaching.** Executive Director, Barbara Larrivee, Department of Learning, Literacy and Culture, 880-5670. Established to conduct research and develop models which acknowledge the "multiple and complex patterns" inherent in the teaching learning process; to provide both faculty and the community with "state of the art" developments in education and educational evaluation; and to serve as a conduit to other educational institutions and organizations.

**CSUSB Center for Criminal Justice Research.** Director, Dale Sechrest, Department of Criminal Justice. Established to provide expertise and research assistance to criminal justice agencies and organizations.

**Center for Equity in Education.** Director, Esteban Diaz, Department of Educational Psychology and Counseling, 880-5621. Established by faculty of the College of Education to address issues related to providing equitable education for students at all levels of the educational system. Of special concern are public school students who are from different linguistic and cultural backgrounds or who have special educational needs.

**Center for Economics Education.** Director, Jim Charkins, Department of Economics, 880-5553. Established to train teachers in the economics method of thinking so that their students will become better informed concerning the economy in which they live, the relationship of the U.S. economy and the world economic system, and the economics of various social and political issues.

**CSUSB Environmental Education Resource Center.** Director, Darlene Stoner, Department of Educational Policy and Research, 880-5640. Regional environmental education materials and curriculum resource center.

**Center for the Enhancement of Mathematics Education.** Director, Joan Hallett, Department of Mathematics, 880-5368. Established to serve as a vehicle for identifying, analyzing, and addressing the needs of mathematics teachers in the service area.

**Center for Prose Studies.** Director, Bruce Golden, Department of English, 880-5832. Established to remedy the lack of a rigorous collective effort devoted to the "product" of expository writing instruction—the prose itself.

**Center for Scholarship on Spirituality.** College of Extended Learning, 880-5975. Established to promote scholarship and lifelong learning related to the study of spirituality, and supports
the investigation of religious practices from academic perspectives including historical, anthropological and sociological.

**Center for the Study of Correctional Education**. Directors, Carolyn Eggleston and Thom Gehring, Department of Educational Policy and Research, 880-5654 or 880-5653. Established to serve teachers who work in prisons and juvenile institutions. Center activities include a planned master's degree in correctional education, research, and professional development with an emphasis on networking across jurisdiction and national boundaries.

**Center for the Study of Hate Crimes and Extremism**. Director, Brian Levin, Department of Criminal Justice, 880-5506. Established to conduct research and serve as a community resource in the areas of hate crimes and extremism.

**International Programs**

Developing intercultural communication skills and international understanding among its students is a vital mission of The California State University (CSU). Since its inception in 1963, the CSU International Programs has contributed to this effort by providing qualified students an affordable opportunity to continue their studies abroad for a full academic year. More than 15,000 CSU students have taken advantage of this unique study option.

International Programs participants earn resident academic credit at their CSU campuses while they pursue full-time study at a host university or special study center abroad. The International Programs serves the needs of students in over 100 designated academic majors. Affiliated with 70 recognized universities and institutions of higher education in 18 countries, the International Programs also offers a wide selection of study locales and learning environments.

**Australia**
- Griffith University
- University of Western Sydney
- Macquarie University
- Queensland University of Technology
- University of Queensland
- Victoria University of Technology

**Canada**
The universities of the Province of Quebec including:
- Université de Montréal
- Concordia University
- Université Laval
- McGill University
- Université du Québec system
- Université de Sherbrooke
- Bishop’s University

**Chile**
- Pontificia Universidad Católica de Chile (Santiago)

**China**
- Peking University (Beijing)
- Shanghai Jiao Tong University, Shanghai

**Denmark**
- Denmark's International Study Program (the international education affiliate of the University of Copenhagen)

**France**
- Institut des Etudes Françaises pour étudiants étrangers L’Académie ‘Aix-Marseille (Aix-en-Provence)
- MICEFA-University of Paris

**Germany**
- Universität Tübingen and a number of institutions of higher education in the Federal state of Baden-Württemberg

- Università degli Studi di Firenze
- La Accademia di Belle Arti di Firenze

**Japan**
- Waseda University (Tokyo)

**Korea**
- Yonsei University (Seoul)

**Mexico**
- Instituto Tecnológico y de Estudios Superiores de Monterrey, (ITESA) Campus Querétaro

**New Zealand**
- Lincoln University (Christchurch)
- Massey University (Palmerston North)

**Spain**
- Universidad Complutense de Madrid
- Universidad de Granada

**Sweden**
- Uppsala Universitet

**Taiwan**
- National Taiwan University (Taipei)
- National Tsing Hua University

**United Kingdom**
- University of Bradford
- University of Bristol
- Hull University
- Kingston University (Greater London)
- University of Sheffield
- University of Wales, Swansea

**Zimbabwe**
- University of Zimbabwe (Harare)

The International Programs pays all tuition and administrative costs for participating California resident students to the same extent that such funds would be expended to support similar costs in California. Participants are responsible for all personal costs, such as transportation, room and board, living expenses, and home campus fees. Participants remain eligible to receive any form of financial aid (except work-study) for which they can individually qualify.

To qualify for admission to the International Programs, students must have upper division or graduate standing at a CSU campus by the time of departure. Students at the sophomore level may, however, participate in the intensive language acquisition programs in France, Germany, and Mexico. California Community Colleges transfer students are eligible to apply directly from their community college. Students must also possess a current cumulative grade point average of 2.75 or 3.0, depending on the program for which they apply. Some programs also have language study and/or other coursework prerequisites.

Additional information and application materials may be obtained from Dr. Aurora Wolfgang, World Languages and Literatures Department on campus at 880-5838 or aurora@csusb.edu; or by writing to the California State University International Programs, 401 Golden Shore, Sixth Floor, Long Beach, California 90802-4275. Visit us on the World Wide Web at [http://www.gateway.calstate.edu/csuienet/](http://www.gateway.calstate.edu/csuienet/). Applications for the 2004-05 academic year overseas must be submitted by February 1, 2004.

**National Student Exchange Program**

California State University, San Bernardino is a member of this cooperative program which allows selected students to spend up to a year at one of 158 U.S. colleges. These campuses are located in 48 states, District of Columbia, Puerto Rico, Guam, Virgin Islands and Canada. The exchange student pays either normal California State University, San Bernardino fees or “in state” tuition at the host institution.

This exchange encourages students to see another part of their own country, live and work in a different academic environment, and pursue specialized courses not offered at Cal State. All course work taken while on exchange is approved by an advisor and then
evaluated by the records office before leaving campus. Thus, there is no loss of time or credits.

Students normally apply in the winter of their freshman or sophomore year and are screened and placed during March for the next academic year. To qualify, students must have a 2.5 grade point average. For information and applications, contact the National Student Exchange Office in University Hall, Room 183, 880-5239.

University Foundation

The Foundation is a nonprofit, self-financed corporation chartered to support the university in fulfilling its mission. It oversees non-state appropriated revenues derived from the administration of grants, research and external contracts, manages investments and endowments, administers scholarships, manages the university’s commercial operations including the Coyote Bookstore, Foundation Food Services, the Children’s Center, ICTN, and provides administration of community-oriented conferences and workshops. A Board of Directors whose membership is drawn from the community, administration, faculty and student body governs the Foundation. An Executive Director and a professional staff manage its operations. During the 2003-04 academic year, the Foundation administered revenues in excess of $41.2 million and a payroll of 600 full and part-time employees.

CSU Soda Springs Desert Studies Center

The Soda Springs Desert Studies Center, a desert field station, is available for use by CSU faculty, students and other universities and agencies. The Center is located in the Eastern Mojave Desert, eight miles southwest of Baker, California, in the Mojave National Preserve and adjacent to areas of critical ecological concern.

The Center contains the habitat of the Mohave Tui chub, a federally registered, endangered species of fish. Dormitory, bath house, kitchens, lecture rooms, laboratory, computer lab, and library facilities are available to support classes and individuals conducting independent study projects and research.

The Center offers a variety of short-term courses on desert-related topics and hosts field-oriented courses in anthropology, archaeology, art, biology, geography, geology, history and physics. The College of Natural Sciences Office can supply information to those seeking to use or visit the Desert Studies Center or phone (714) 278-2428; e-mail: WPresch@Fullerton.Edu. Web page: http://biology.fullerton.edu/facilities/dsc/zyzx.html.

Campus Tours

Tours of the Cal State campus are available throughout the year for individuals or groups. Student visitors interested in acquiring firsthand information about the university’s programs or classes may request a meeting with faculty or administrators. Arrangements can be made to visit the residence halls. Requests should be made through the Office of Admissions and Student Recruitment at (909) 880-5188 or at tours@csusb.edu.
STUDENT LIFE

Housing and Residential Life

Living on campus is one of the best and easiest ways to become involved at Cal State, San Bernardino. The University offers on-campus housing for students in two Serrano Village residential environments—the University Apartments, and the traditional Residence Halls. Living on campus is a significant part of the CSUSB experience for more than 1,000 students. Social and educational programs and opportunities are organized by the residents and advised by the Housing and Residential Life staff.

First-year students electing to live on campus will enjoy the Residence Hall experience. Each of the eight residence halls is made up of five suite areas with approximately 13 students in each suite sharing a study room and bathroom facility. With double and single rooms available, students can experience the benefits of community living. Each residence hall has a main lounge, kitchenette, laundry facility, and a sun deck.

Students living in the University Apartments, which are available to upperclass students, experience a more independent style of living. The University Apartments feature single- and double-occupancy rooms, two bathrooms, with up to four students per apartment. Each apartment includes a furnished living room and bedroom and is equipped with full kitchen appliances. Common area facilities within the University Apartment community include study rooms and lounge areas. Each building has an elevator and is accessible for individuals with disabilities. Laundry facilities are available to apartment residents in a separate facility adjacent to the apartments.

All residents of Serrano Village enjoy the benefits of high-speed Internet access, expanded digital cable service, and local phone service in each room. The Housing and Residential Life staff is available 24 hours a day to assist students with safety and emergency needs. Residents also have access to the Village Square with the community center open 24 hours a day with a large-screen TV, game tables, and lounge space to relax and meet with friends. The outdoor recreation area includes barbecue grills, patio seating, sand volleyball court, basketball court, sun deck and a swimming pool.

The Serrano Village Association (SVA) organizes student advocacy and programming efforts for the residents of Serrano Village. Each year, an executive board and the general council offer a variety of opportunities to help make living on campus an exciting and rewarding experience. Movie nights, hall competitions, trips, and study break activities are among the more popular programs sponsored by SVA in the past.

The Housing and Residential Life staff includes 20 Resident Advisors who live in the Residence Halls and University Apartments. These undergraduate and graduate student staff members have been specifically trained to assist students with personal and academic needs. They are an important part of the housing operation, facilitating the community living experience, and enforcing community policies and standards. The Resident Advisor staff is supervised closely by three Resident Coordinators. These professionals bring extensive skills and experiences to CSUSB. Directly responsible for the operational and programmatic efforts of a specific area, each Resident Coordinator lives on campus to provide immediate support for the residents of Serrano Village.

Living in either the residence halls or university apartments is reasonably priced when compared to the rapidly rising costs of commuting and has the advantage of priority registration, assigned parking, and being near academic and classroom buildings, the Pfau Library and all the activities the campus has to offer. Furthermore, the Housing and Residential Life staff seeks to make financial arrangements as convenient as possible and offers multiple payment options as well as working with financial aid.
28 / Student Life

The cost to live in the Residence Halls for 2004-2005 is projected to be $384 per person, per month for a private room, and $502 per month for a single room. Living space in the University Apartments is rented on a per-bed basis rather than per-apartment so students are not responsible for additional rent should one or more roommates move out before the end of the contract. Rental rates for the 2004-2005 academic year are projected to be $580 per month for a private, single-occupancy bedroom, $632 for a single-occupancy premium bedroom (approximately 25 more square ft. of living space), and $479 for a shared, double-occupancy bedroom, and $714 for a studio. All rates are based on the academic year of September through June; 12-month contracts are available upon request at a discounted rate. Students may contact the office at 880-5246 for additional information. The Mandatory Meal Plan is required only for Residence Hall residents. Meal plans are available through Foundation Food Service (880-5916) at a discounted rate to Serrano Village Residents.

Housing in the Residence Halls is guaranteed to first-year freshmen who applied by the priority deadline in March 2004. Students are encouraged to apply for housing as early as possible to ensure priority in the room selection process. Any student needing information about on-campus housing should contact the Office of Housing and Residential Life, 880-5246 or www.housing.csusb.edu.

Associated Students, Inc. (ASI)

ASI’s mission is stated as follows: “To Serve Students.” In support of this mission, ASI funds many projects, events and activities enriching campus life. For example, the ASI Box Office offers discount tickets to local area movie chain, Magic Mountain, Knott’s Berry Farm, Universal Studios, Sea World, and the Renaissance Pleasure Faire (in season) to name just a few. ASI supports the College Legal Clinic providing free legal advice to students through a panel of attorneys. ASI annually grants funding for student research and travel so that students may pursue research projects or present papers at conferences. Other areas enjoying ASI funding support are the ASI Activities Board which puts on such events as the weekly movie night and the Speaker Series; the Club Allocation Budget which supports clubs and their programming efforts; and the Associated Students Productions which brings major talent to campus and cosponsors entertainment events with the Coussoulis Arena.

While all these activities are important, ASI’s real value lies in its ability to provide a setting in which leadership skills are developed. Every spring campus-wide elections are held to elect the President, the Executive Vice President, the Vice President for Finance, the Vice President for University Affairs, and the members of the ASI Board of Directors from among the student body. These student leaders set ASI policy, interact with the University’s senior management, and voice student issues and concerns to the faculty and administration. Many of our alumni have gone on to very successful careers in education, business, medicine, law, etc., and all of them who stay in touch cite their experience at ASI as a very positive factor in their development and success.

Activities

The diverse interests and lifestyles of students are reflected in numerous activities sponsored by the university and the Associated Students, Inc. (ASI). These programs include dances, drama productions, choral concerts, quarterly festivals, musical concerts, guest lecturers and small group socials.

The university and ASI encourage and aid the formation of organizations which enhance the educational opportunities of students. These organizations involve students, faculty, and staff working together in professional, recreational, educational, political, service, religious and cultural activities. University-recognized groups have full use of campus facilities in planning their programs.

Student Union

The Student Union, through its programs and facilities, is a focal point of the campus where students, faculty, staff, administration, alumni and guests develop an enduring connection to the university. As a campus center, the Student Union assists in the retention and development of students, while encouraging a deeper understanding and appreciation of cultural pluralism, gender equity and ethnic diversity by providing a variety of cultural, social, educational and recreational activities which create an environment conducive to personal growth and development. As a bridge between formal learning and life experience, co-curricular activities coordinated by the Student Union serve as a training ground for development of future leaders. Planned activities also provide students with leadership opportunities and employment which yield an agenda of events intended to promote interaction as well as relaxation, entertainment and social opportunities. As the meeting place on campus for students and their organizations, the physical facilities provide a comfortable and relaxing environment that facilitates the delivery of services important to the university community.

The Student Union includes spacious lounge areas, a study lounge, the Coyote Cafe, the Pub, game room and a spacious courtyard. Offices for the Associated Students, Inc., the Office of Student Leadership and Development, meeting rooms for organizations and a 1,000-seat Events Center used for major events are a part of the facility. Services provided in the Student Union include an Automatic Teller Machine, locker rentals, free notary services to students, graphics services, college ring sales and Student Union scheduling.

Adult Re-Entry Center. Offers support for non-traditional students with a variety of programming including academic lectures and workshops that address issues specifically facing the mature student. The ARC provides resources and referrals for services both on campus and in the community as well as providing a place where students of various cultures, orientations and life experiences can gather for support.

Cross Cultural Center. Focuses on issues of race and ethnicity in its mission to provide a space for students from all racial and ethnic groups. Its programs, workshops, advising and support services combine to create a place for students to explore issues of identity, develop political and social consciousness, facilitate educational goals and create communities that benefit both individual students and the entire campus.

Program Board. The Student Union Program Board promotes a sense of community at Cal State, San Bernardino through exciting, entertainment-oriented events such as movie showings, bands, karaoke and contests held in the Student Union. Program Board Consultants develop leadership abilities through training sessions, hands-on event management experience, and team building opportunities. Consultants also develop their overall understanding of event management as it related to budgets, marketing, negotiating, creativity, statistical reports and research.

Women’s Resource Center. Provides support for students by offering a variety of programs including lectures and workshops that address issues which affect women’s lives. The WRC helps students access referrals and resources on and off campus, as well as networking. Committed to diversity, the WRC welcomes students from various cultures, orientations and life experiences.
Coussoulis Arena

Coussoulis Arena is the largest indoor facility in the Inland Empire (nearly 5,000 seats), serving Cal State, San Bernardino with quality facilities for the kinesiology classes, Coyote athletic games and practices, student recreational sports programs and university events such as commencement. Additionally, the arena has hosted several special events including:

- Sesame Street Live
- Ja Rule
- Sammy Hagar
- Sugar Ray and Everlast
- Dwight Yoakam
- The Harlem Globetrotters
- Howie Mandel
- Dr. Maya Angelou
- The Peking Acrobats
- JoDee Messina
- STYX

Students can gain firsthand knowledge and experience by working part-time in the Arena, learning about all aspects of events management from ticketing, marketing, house operations, sound, lighting and production for concerts. The Arena Management Office is located in HP-121, 880-7360, http://arena.csusb.edu.

Intercollegiate Athletics

An intercollegiate athletics program was implemented in the 1984-85 academic year. It is an NCAA, Division II program with basketball, and soccer for both women and men; cross country, softball, water polo, volleyball and tennis for women; and golf and baseball for men.

The university mascot is the Coyote and the colors are columbia blue and black.

Coyote Orientation

Coyote Orientation offers dynamic programming for freshmen, parents, transfer students, and re-entry students in order to equip students with the information needed to better manage their transitions to the university. These programs prepare students for academic success, provide knowledge of university resources, encourage involvement in student activities, and help build meaningful relationships. Each Coyote Orientation program is designed to minimize anxiety and to promote positive attitudes about the student's success at the university. In addition, there are leadership opportunities for students to serve as Coyote Orientation Leaders and on the Coyote Orientation Planning Committee.

For additional information contact Student Leadership and Development at (909) 880-5234 or visit us on the internet at http://studentleadership.csusb.edu.

Student Clubs and Organizations

CSUSB is home to more than 100 student clubs and organizations that offer a wide range of roles and responsibilities that will accommodate a variety of interests and talents. Students can experiment with different roles that will help them identify their own strengths, weaknesses and preferences. Academic, cultural, religious, service and political organizations are just a few examples of the types of clubs open to students. Membership in any student club or organization is an excellent way to enjoy all the benefits that college life has to offer, and it is one way to make the campus seem more like home. Students can learn how to lead an organization and conduct effective meetings and elections as well as develop communication and mediation skills, and improve their public speaking skills. Clubs and organizations provide ready-made laboratories for students to strengthen their leadership skills and opportunities to test classroom learning in a real-world setting.

For additional information or to find a current listing of all the clubs and organizations, contact Student Leadership and Development at (909) 880-5234 or on the internet at http://studentleadership.csusb.edu.

Greek Life

Greek Life is a great way to get involved on campus, and CSUSB is home to sixteen fraternities and sororities. Each fraternity and sorority contributes to campus life, helps the surrounding community and assists in the development of leadership skills for each of its members. Joining a fraternity or sorority is a lifelong commitment. It is a commitment to sisterhood or brotherhood, to high standards of scholarship and moral conduct, and it is a commitment to yourself to strive for ideals stated by the founders of each organization, most, over 100 years ago. Greek organizations are rich with tradition, and members are often known for their involvement in philanthropic endeavors (also known as community service). In addition to the fraternities and sororities on campus, governing councils and Greek Honor Societies exist to foster relationships between the organizations and to set high scholarship standards. For additional information on Greek Life contact Student Leadership and Development at (909) 880-5234 or visit us on the internet at http://studentleadership.csusb.edu.

Leadership Education

The Leadership Academy is a comprehensive certificate program that offers skills-building workshops focusing on Individual Development, Organizations and Community, and Diversity. The Academy includes personal assessment of students’ leadership potential and a strong focus on personal reflection as a tool for growth and development. Participants work closely with high-caliber faculty, staff, alumni, and community members to complete the certificate which will be awarded at a special recognition program. Leadership Academy participants often describe the Academy as a life-changing experience, increasing their self-esteem and personal effectiveness. Many students successfully land jobs after graduation and credit the Leadership Academy with their success. For additional information on the Leadership Academy contact Student Leadership and Development at (909) 880-5234 or on the internet at http://studentleadership.csusb.edu.

Intramural Sports

Intramural sports offers a great way to meet people, have fun, and keep in shape. The program contributes to the personal development of students through the "out of classroom experience" and is related to the total educational program of the university. All CSUSB students, faculty, staff and alumni association members are eligible to participate in competitive sport leagues, tournaments, or special events. The Recreational Sports Department is dedicated to providing enjoyable, innovative, and safe activities for all skill levels and interests. Different sports are offered each quarter and include flag football, soccer, basketball, floor hockey, volleyball, softball, and a 3-point and slam dunk contest. For a detailed schedule of each quarter’s offering, call the Department of Recreational Sports at 880-5235 or check the department’s website at http://campusrec.csusb.edu.
Informal Recreation

Recreational Sports offers a wide variety of activities to satisfy fitness and leisure needs. The recreation center, swimming pool, gymnasium, racquetball courts, and tennis courts are available for unstructured use when academic classes and athletic team practices are not scheduled. The facilities are open to encourage participants to develop active lifetime skills, and to promote a health and wellness lifestyle. CSUSB students, staff, faculty and alumni association members have the privilege of using these facilities. All users must show a valid Coyote One Card or Recreational Sports membership card prior to entering the facility. A copy of the current hours can be obtained from Department of Recreational Sports located in PE-122 or at the Recreation Center. For instant information call 880-5235 or visit the department's website at http://campusrec.csusb.edu/.

Career Development Center

The Career Development Center offers assistance to students and CSUSB alumni. The office provides a variety of programs and services designed for those seeking employment in business, industry, and government as well as the teaching profession. Career counseling is available by appointment as is placement counseling. Discover is a web-based career exploration guide. Career-related workshops are available to all students and alumni. Presentations for student clubs and organizations as well as faculty who wish class presentations are available upon request throughout the academic year. Requested workshops may be customized to fit the student's needs. Graduate school files may be set up and maintained by the Career Development Center. Additionally, the CDC sponsors two annual Career Fairs, the Education Job Fair and the Career Expo provides opportunities for full-time career positions, part-time and temporary employment, and internships in business, industry and government. Other services include on-line campus interviews (spring quarter only,) and on and off-campus job listings through www.monstertrak.com. Company and how-to video tapes and a variety of reference books and directories are available for review in the Career Development Center's Resource Library. Helpful tips on resumes and interviews are also available on line. Details of all career related programs and services are available at http://career.csusb.edu.

Financial Aid

The Financial Aid Office administers a variety of programs to assist qualified students. Sources of aid include the Federal Pell and Supplemental Educational Opportunity Grants, Perkins Loans and Work-Study Program. The Federal Direct Student Loans and Parent Loans to Undergraduate Students are also available. The CSUSB Emergency Loan Fund and the Joseph Bailey Loan Fund are available for short-term loans which require funds rapidly. The office also administers State University Grants, Educational Opportunity Programs Grants and the State Work-Study Program.

For a student interested in working part-time, on or off campus, assistance in obtaining a job is available through the Career Development Center.

Work Study. For part-time positions, on or off-campus, for students who were awarded Work Study on their Financial Aid Award Letter, should visit the Financial Aid Office's website at http://finaid.csusb.edu and click on "Jobs Available" for a listing of positions available through the Work Study financial aid programs. Students interested in a position funded through the Work Study Program, but Work Study did not appear on their award letter, should contact the Financial Aid Office at 880-7800 or finaid@csusb.edu.

Other aid-related programs are available through the Veterans Administration, California State Rehabilitation, ROTC, Social Security, Bureau of Indian Affairs and other public assistance agencies.
The Free Application for Federal Student Aid (FAFSA) must be submitted to the processor by March 2 each year. Late applications are accepted after March 2 and throughout the school year if funds are available. Necessary forms can be obtained from high schools, community colleges, the world wide web (fafsa.ed.gov) or the university.

Scholarships

Scholarships listed below are awarded to new and continuing students attending CSUSB. Scholarship applications are accepted from January 2 through March 2 each year. Scholarships are administered by the Financial Aid Office, with the exception of those noted otherwise, are applied for by visiting the CSUSB Financial Aid web site at: http://finaid.csusb.edu. Applicants need only to complete the on-line scholarship application once to be considered for all scholarships for which they are eligible. For further information contact the Financial Aid Office at (909) 880-5221.

The Academic Merit Award Scholarship is a $3,000 scholarship awarded annually to 20 students. Applicants must have graduated from a high school in California during the 2004/2005 academic year, have a minimum high school GPA of 3.75, minimum SAT score of 1,000 and have financial need.

The Albro Scholarship provides a scholarship to a full-time student with a minimum 3.0 GPA and involved in the African American Community. The most recent award was $1,650.

The Alumni Scholars Scholarship provides a $3,000 scholarship, renewable for up to three years, to a full-time incoming freshman who graduates from a high school in the Inland Empire, has a high school GPA of 3.75, a combined SAT score of 1,000, and has financial need. In order to continue receiving the renewable scholarship, the recipient must: 1) maintain full-time status, 2) maintain a 3.5 GPA and 3) contribute each year a minimum of 30 hours of service through the Student Alumni Association.

Arrowhead Credit Union provides two $2,500 scholarships to full-time students who are enrolled in the College of Business and Public Administration or the College of Social and Behavioral Sciences.

The Associated Students, Incorporated Endowed Scholarship provides 34 scholarships at $1,000 each to full-time continuing students community involvement. Undergraduates must maintain a GPA of 2.0, graduates must maintain a 3.0 GPA and continue in the master's program.

The Ruben S. Ayala Scholarship awards a scholarship to a student in the Master of Public Administration or B.S. in Geology, Environmental Geology, with a GPA of 2.5.

The Glenda and Gerry Bayless Scholarship provides a $500 scholarship to an accounting major who has a minimum overall 3.0 GPA, has completed ACCT 372, and will be enrolled at CSUSB for at least two quarters of the following academic year and taking a minimum of 12 units per quarter.

The Caroll J. Bellis Scholarship provides $100 to five undergraduate public administration majors who have completed outstanding research papers as part of the requirements for any class in public administration.

The Black Faculty and Staff Association awards approximately $1,000 in scholarships to students with a minimum 2.5 GPA. Preference will be to those who demonstrate financial need. For information on how to obtain an application, contact Cynthia Linton in the Financial Aid Office at 880-5038.

The Roger Broadfoot Memorial Scholarship is awarded to a student who works as a cartoonist for the California State University Coyote Chronicle. If no student is employed in such a position, preference will then be given to students majoring in French or Spanish with preference given to one who is a member of an intercollegiate athletic team.

The Jack H. Brown Scholarship in Business and Public Administration offers five $1,000 scholarships each to students of at least sophomore standing, a minimum GPA of 3.0 and enrolled full-time.

The Rose Brown Scholarship provides five $1,000 scholarships to students in any undergraduate major who meet the following criteria: financial need, minimum 2.5 GPA, a student who has been out of high school for at least eight years, a widowed and/or single parent with children enrolled up through secondary school.

The Vivien Bull Scholarship provides a $500 scholarship to a student with a minimum 3.0 GPA based on 12 units for two consecutive quarters. The student must have completed at least 24 quarter units at CSUSB, and be majoring in Liberal Studies with the goal of entering the teacher credential program. Preference is given to re-entry students.

The Broc Burns Scholarship is awarded to a CSUSB college junior, senior, credential, or graduate student who plans to become an elementary school teacher. If at the graduate level, the student must have received a bachelor's degree at CSUSB. Preference will be given to a student who lives in the local mountain community, and who maintains a minimum 3.0 GPA.

The Business Access and Opportunity Program Scholarship provides scholarships to freshmen or transfer students with financial need accepted to the College of Business and Public Administration. Each award is approximately $1,000. A separate application is needed for this scholarship.

The Robert C. Byrd Honors Scholarship is a federally funded scholarship of $1,500 awarded to incoming freshman students. For application information, call the California Student Aid Commission, (916) 526-7590.

California Portland Cement awards $1,000 scholarships to part- or full-time students in a teaching credential program preparing them to teach math or science at the secondary level. Preference is given to students with high scholastic standing.

The California Retired Teachers Association Laura F. Settle Scholarship provides a $2,000 scholarship to an upper-division or graduate student entering the field of teaching. The student is selected on the basis of financial need, academic achievement, and school and community activities. Recipient must be a resident of California and a U.S. citizen.

The CSU Future Scholars Program awards thirty $1,000 scholarships each to: California residents who are disadvantaged based on economic, educational, or environmental background with a minimum financial need of $4,000 or $1,500 EFC, first time CSUSB freshmen who has graduated from a high school in California, and to students who plan to attend CSUSB as a full-time student. Priority given to first generation college students. Recipients must meet regular CSUSB admissions requirements. The California State Lottery funds this scholarship.

The Fabiola Campos Scholarship is awarded to a full-time student, of at least sophomore status, with a minimum GPA of 2.8, open to any major, and must be working 25 hours per week in addition to attending CSUSB. First preference will be given to residents of Barstow or graduates of Barstow High School. Second preference will be given to transfer students or graduates of Barstow College and Victor Valley College. Third preference will be given to all other students. The most recent award was $300.
The California State University, San Bernardino Associates provides scholarships to full-time upper-division or graduate students who maintain a 3.0 GPA and demonstrate financial need.

The Century 21/Lois Lauer Realty Scholarship awards one scholarship to a student with financial need and has graduated from high school in either San Bernardino or Redlands and is currently enrolled in Liberal Studies, College of Business and Public Administration, or College of Education at any grade level.

The Community Foundation Scholarship provides scholarships to new freshmen, and/or community college transfer students, or full-time students with a minimum 3.0 GPA, and have financial need. Scholarships can be automatically renewed for students who meet residency, GPA and full-time status. Applicants must be permanent residents of Riverside or San Bernardino counties.

The Frances Louise Davidson Crum Scholarship provides a scholarship to a student who is a senior, who has completed sixty or more quarter units at CSUSB and who, in the opinion of the faculty of the Nursing Department, is recognized as an outstanding student. Preference will be given to a student having an interest in geriatric nursing.

The Carol A. DeVault Scholarship provides a $500 scholarship to a student enrolled in the masters degree in education program in environmental education, and has a minimum 3.5 GPA. Preference is given to a student who provides volunteer service related to environment education.

The Economics Alumni Association Scholarship awards four scholarships of $675 based on available funding, to students who are declared Economics majors or Business Economics majors in the College of Business and Public Administration with a minimum 2.75 GPA, at least a half-time student, and have completed 45 quarter units of college coursework with 15 units of economics coursework.

The Edison International Teachers for Tomorrow Scholarship provides three scholarships at $5,000 each to students enrolled full time in a teacher preparation program (single subject, multiple subject or special education), with a minimum GPA of 3.0, and who have financial need. A separate application is needed for this scholarship. For information on how to obtain an application, contact the Financial Aid Office at 880-5221.

The Anthony and Lois Evans Scholarship is awarded to a student with a minimum GPA of 3.5, who is involved in student performance activities such as music, theater arts or debate/forensics. The annual award was approximately $550.

The Faculty and Staff Memorial Scholarship honors the memory of deceased university faculty and staff. Amounts vary as additional funds are added to the scholarship. Recipients must be regularly enrolled full-time students, maintain a 3.0 GPA in 30 units at CSUSB, and have financial need. The Faculty and Staff Memorial Scholarship Fund contains tributes to former faculty including Dr. Mary Cisar (died 1971), Dr. Walter Zoecleekin (1975), Dr. Florence Mote (1977), Dr. Neville Spencer (1977), Dr. James Finley (1980), Dr. William Gean (1980), Dr. Alfred Egge (1982), Dr. Marvin Frost (1983), Dr. Robert R. Roberts (1984) and Dr. Margaret Lenz (1987).

The Robert and Claire Forsythe Scholarship is awarded to an incoming freshman with a minimum GPA of 2.0, and is enrolled at CSUSB at least half-time. Preference will be given to Arts and Letters majors. The most recent award was $300.

The CSUSB Foundation Scholarship provides scholarships to students at the sophomore, junior and senior level who maintain a minimum GPA of 3.0 and demonstrate financial need.

The Robert and Frances Fullerton Scholarship provides a scholarship to a full-time student demonstrating financial need and pursuing a paralegal or law degree upon graduation.

The Foundation for California State University, San Bernardino provides approximately $3,700 in scholarships to continuing students with superior academic records and financial need.

The Richard Garza Scholarship provides one $1,000 scholarship to a student who is attending half-time or more as a declared Criminal Justice/Paralegal option major or Paralegal certificate, have completed at least 45 quarter units of college work, a minimum GPA of 2.75, with at least a GPA of 3.0 in the major with 16 units of paralegal coursework completed.

The Margaret King Gibbs Scholarship of $100 is awarded to a graduate student enrolled in the Master of Public Administration degree program, based on an outstanding academic record and outstanding research project completed to meet the requirements in ADMN 695. Recipients must also have an outstanding project or paper completed as part of the requirements for any class in public administration; the conduct of the projects that involve interaction with government, community organizations or individuals.

The Gay, Lesbian, Bisexual and Transgender Student Union Scholarship awards a $100 award to students involved with the gay, lesbian, bisexual and transgender community. For more information on how to obtain an application, contact Dr. Craig Henderson at 880-5238.

The Dr. Alice Givens Memorial Scholarship is awarded to a student who is attending CSUSB at least part-time. The most recent award was $300.

The Golf Classic Scholarship of the College of Business and Public Administration provides a $500 scholarship to a student demonstrating academic ability and financial need. For information on how to obtain an application, contact the Marketing Department at 880-5749.

The CSUSB Graduate Equity Fellowship is funded by the CSU Chancellor's Office, and administered by the Office of Graduate Studies, 880-5058. Recipients must be a full-time student accepted as a classified or conditionally classified student in the M.A. in Psychology, maintain a minimum 3.0 GPA, meet each quarter the Graduate Equity Fellowship portfolio deadlines and attend one meeting in the fall quarter. Preference is given to underrepresented students.

The Reynolds C. Gross Memorial Scholarship awards $300 annually to a ROTC cadet in good standing and cannot be the recipient of an Army two-, three- or four-year scholarship prior to award. The student is selected by the Officer in Charge from a field of no fewer than three applicants.

The Leslie I. Harris Scholarship provides scholarships to incoming freshmen from San Bernardino City Schools or Aquinas High School with outstanding academic records (minimum 3.5 GPA). The amount of each award is approximately $1,200. Some awards may be renewed for an additional three years. No special application is required for renewal, however students must maintain a 3.0 GPA with 36 units completed each year.

The William Randolph Hearst/CSU Trustee's Award for Outstanding Achievement awards $3000 to a currently enrolled full-time student with a 3.0 GPA demonstrating financial need.

The Hal Hoverland Scholarship is a $500 scholarship awarded to a junior or senior accounting major who has completed ACCT 372 and has a 3.5 minimum grade point average.

The Janczyk Family Economic Scholarship provides a $675 scholarship to a student who is a declared Economics major or Administration major with declared concentration in Business Economics, must have completed a minimum 45 quarter units of college coursework with 15 units of economics courses, a minimum 2.5 overall GPA and 2.75 in the major, must be enrolled at
least half-time, and must be employed outside the home an average of 15 hours per week during the previous six months or work in the home having primary responsibility for care of a family.

The Donald W. Jordan Memorial Scholarship provides a $1,100 scholarship for an undergraduate student interested in the practice of law or paralegal studies with the intention of practicing law in San Bernardino and has financial need.

The Albert K. and Marilyn Karnig Family Scholarship provides a scholarship to a full-time incoming freshman with a minimum 3.5 GPA or exceptional artist or other talent.

The President Albert K. Karnig Scholarship provides a $1,000 scholarship to a full-time incoming freshman with a minimum 3.5 GPA. Exceptional artistic talent may compensate for the absence of a 3.5 GPA.

The Charles Fred Kellers Endowment provides a scholarship to a full-time student majoring in physics, with an overall GPA of 3.0, and has financial need. The most recent award was $300.

The John Winn Kennedy Scholarship provides a $675 scholarship to a student who is a declared Economics major or Administration major with declared concentration in Business Economics, must have completed a minimum of 45 quarter units of college coursework with 15 units of economics courses, a minimum 2.5 overall GPA and 2.75 in the major, and must be enrolled at least half-time.

The Judy Kilgore Endowed Staff Scholarship provides a scholarship to a student who is enrolled in four or more units per quarter at CSUSB, is seeking their first undergraduate degree, is a permanent or temporary CSUSB employee, working a minimum of 20 hours per week, and is maintaining a 3.0 GPA. The most recent award was $400.

The Joy Renee Kirka Memorial Scholarship provides a scholarship to a student who is accepted and enrolled in the Master’s of Psychology, with a Clinical Psychology Concentration at CSUSB. The most recent award was $500.

The Krieger & Steward Scholarship provides scholarships to students based on academic achievement, career potential in water policy or water resources, as well as demonstrating individual character. Applicants must have financial need and be a declared major in the B.S. in Geology, Environmental Geology option or the Masters in Public Administration.

The Maurice H. Kronowitz Scholarship awards a scholarship to a senior student with high scholastic standing attending at least half-time and intending to apply to law school.

The Latino Faculty, Staff and Students Association provides scholarships to students attending CSUSB with a minimum 2.5 GPA, are enrolled part- or full-time and demonstrated financial need. This scholarship is open to undergraduate and graduate students and demonstrated interest in Hispanic culture, heritage or community. A separate application is needed for this scholarship. For information on how to obtain an application, contact the Financial Aid Office at 880-5221.

The Bill Leesburg Golf Scholarship provides a scholarship to a student who qualifies on the CSUSB golf team, maintains a minimum 3.0 GPA, demonstrates community service, has financial need, and meets all relevant eligibility requirements to participate in intercollegiate athletics. The most recent award was $350.

The Margaret Lenz Scholarship provides a scholarship to a full-time student pursuing a teacher preparation credential. The most recent award was $300.

The Donald Lucia, Sr. Scholarship provides one $5,000 scholarship to a student with demonstrated financial need who maintains a minimum GPA of 3.0.

The Evelyn Magnuson Scholarship provides five $5,000 scholarships for students planning to major in music or pursue a teaching career. Applicants must have graduated, with a minimum 3.5 GPA, from a San Bernardino city high school, and must enroll as a full-time student at CSUSB and maintain a 3.5 GPA (3.4 for music scholarship), as well be active in community service in San Bernardino.

The Clara B. McKinney Scholarship provides a scholarship to a student in early childhood education with a minimum GPA of 3.0. Consideration will be given to students who reside, or have resided, in the Barstow area.

The Eva Mae Merchant Loan-Scholarship provides scholarships to students in the College of Education and Department of Nursing. Each award is comprised of a $1,600 scholarship and a $1,600 no-interest loan.

The Bennet A. Meyers Scholarship provides three scholarships to incoming freshmen from San Bernardino City Schools and Aquinas High School with outstanding academic records (minimum 3.0 GPA). The amount of each award is approximately $1,200. Some awards may be renewed for an additional three years, if the student maintains a 3.0 GPA and completes 36 units per year.

The David Montano Memorial Scholarship provides a $750 scholarship to a declared major in the School of Business and Public Administration with a cumulative GPA of 2.7 and is a junior or senior student with at least 12 units taken at CSUSB who plans to continue his or her post secondary education at California State University, San Bernardino.

The Mojave Desert Environmental Education Scholarship provides scholarships to students who are residents of the Mojave Desert District or a graduate of a high school physically located within the district, must have a minimum 2.5 GPA, and must demonstrate a serious interest or commitment to the environmental issues during the course of his or her school education. This interest or commitment may be demonstrated through achievement in sciences, vocational sciences, community activities, or involvements in environmental issues as determined by the scholarship selection committee. The amount of each award is determined by the selection committee.

The Alfred F. Moore Scholarship provides scholarships to students with outstanding academic records (minimum 3.5 GPA). The amount of each award is $1,200. Some awards may automatically be renewed for an additional three years for a total of $7,200. Students must maintain a GPA of 3.0 to receive further scholarships.

The Dr. Arthur A. Moorefield Scholarship is awarded to a full-time music major with a cumulative GPA of 3.3 or better. The most recent award was $750.

The Richard C. Moseley Marketing Scholarship provides $1,000 in scholarships to full-time students majoring in Marketing who have a minimum 3.0 grade point average. Preference is given to employees of Stater Bros. markets and immediate relatives. Second preference is given to individuals employed in the Supermarket Industry as well as Food Science majors.

The Music Department provides merit scholarships to students who have demonstrated above average proficiency with a musical instrument and have performed with a university related organization.

The Ochoa and Fernandez Family Study Abroad Scholarship awards one scholarship to a student with a minimum 3.2 GPA. Financial need is considered but not essential.
The Taft T. Newman Scholarship is awarded to a student who has extreme financial need, has a minimum 2.0 GPA, is a graduating college senior at the time of the award, enrolled full time, and is accepted into the Educational Opportunity program (EOP). The most recent award was $300.

The Charles and Shelby Obershaw Scholars Award for Business provides nine scholarships to full-time junior level students pursuing a business degree with a minimum GPA of 3.0, and have financial need. The most recent award was $1,000. Previous scholarship recipients may apply.

The Charles and Shelby Obershaw Scholars Award for Education provides scholarships to full-time junior level students pursuing a graduate degree/credential in education and have financial need. The most recent awards totaled $1,500. Previous scholarship recipients may apply.

The Charles and Shelby Obershaw Student Athlete of the Year Scholarship provides two scholarships to full-time athletic students (one male and one female) who excel both on the field and in the classroom, must have and maintain an overall GPA of 3.0, and have financial need. The most recent awards totaled $1,000.

The Shelby Obershaw Teacher Education Scholarship provides a scholarship to a student in a teacher preparation program leading to the multiple subject or single subject credential at CSUSB. Applicants must have completed 32 units toward the credential and have a minimum 3.0 GPA during their junior and senior years.

The Alan Pattee Scholarship is provided to the children of California law enforcement personnel or firemen who are killed in the performance of official duties within the State of California. The amount of the scholarship is equal to the cost of tuition and mandatory registration fees. For information on how to apply, contact the Financial Aid Office at 880-5221.

The Martha Pinkney Scholarship awards $1000 to a student enrolled at CSUSB at the senior or graduate level in the teacher education program, preference will be given to applicants focusing on elementary education. Student must be enrolled in at least six quarter units at the undergraduate level or 4 quarter units at the graduate level and must maintain a minimum GPA of 3.0.

The Leon V. and Marion G. Pittman Scholarship provides a $950 scholarship to a student with excellence in academic studies, has the potential to pursue a successful professional career, and demonstrates financial need.

The Poma Family Business Scholarship provides two scholarships at $2,500 each to full-time students majoring in a discipline in the School of Business Administration and Public Administration, demonstrates community service involvement, has financial need, and has a minimum GPA of 2.9.

The President's Academic Excellence Scholarship is awarded to students who graduate within the top 1% of their high school graduating class. Students must be nominated by their high school counselor in order to be considered for this award. The amount of the scholarship is $5,000, and is renewable for up to four years. In order to be eligible to receive the scholarship each year the recipient must complete a minimum of 36 quarter units and maintain a 3.5 GPA.

The John Raymond Family Economics Scholarship provides a $675 scholarship to a student who is a declared Economics major or Administration major with declared concentration in Business Economics, has completed a minimum 45 quarter units of college coursework with 12 units of economics courses with a minimum 2.75 GPA and an overall GPA of 2.5, and is enrolled at least half-time at CSUSB.

The Mike and Janie Ritter Scholarship awards $300 to a full-time senior nursing student not currently holding an RN license.

The Arlene Roberts Scholarship is awarded to full-time art major with a minimum 3.0 GPA and who has financial need. The most recent award was $800.

The Roger's Scholarship provides approximately $3,600 to students attending the Palm Desert Campus full-time and have an outstanding academic record. Students must be undergraduates enrolled in liberal studies in preparation for careers in public school teaching, other undergraduates who demonstrate exceptional potential as future leaders in public service and business, or graduate students enrolled in one of the teaching credentials or pursuing a Master's in Education.

The San Manuel Indian Band of Mission Indians Scholarship provides scholarships to students who are enrolled at CSUSB in a minimum of 12 units with a GPA of 2.5 for undergraduates and eight units with a GPA of 3.25 for graduate students. Highest preference will be given to students who express an interest in the study of Indian culture, finance, policy, government and/or infrastructure. Students seeking to renew scholarships will be asked to demonstrate—through coursework, individual instruction, and the topics of research papers, their focus on the subject areas outlined above.

The Marilyn Sauer Scholarship provides a $1,000 scholarship to a student enrolled in the master's degree program in educational administration at CSUSB, and has a minimum GPA of 3.5.

The Jack C. Scott Scholarship provides a $500 scholarship to a full-time junior or senior student majoring in accounting with a minimum 3.0 GPA. The student must have completed ACCT 426 with a grade of at least a "B."

The Stanford C. Shaw Memorial provides a $500 scholarship to a student with financial need, enrolled at least half time and is making satisfactory progress towards a degree objective.

The Mara Simmons Scholarship provides scholarships to students with a physical or a learning disability and who has a minimum 2.5 GPA. Preference is given to undergraduate students.

The Beverly Smith Scholarship is awarded to a student majoring in finance or ecology, with a 3.0 GPA. The amount of the most recent award was $300.

The Nancy Smith Scholarship is provided to a full-time student majoring in public administration or political science with a 3.0 GPA in all subject areas, who intends to pursue a career in public service, and is a U.S citizen or permanent resident of the U.S. The amount of the award is $600.

The Linda Stockham Scholarship of $250 is awarded to graduate students with a B.A. in Anthropology and who have a 3.0 GPA in major course work and 2.75 GPA overall.

The P. Richard Svitzer Scholarship is awarded to CSUSB students who are enrolled in the CSU International Program or another approved academic program in France during their junior year, who continue as full-time students during their study abroad period. Preference will be given to students with financial need but consideration will be given to others based on merit. For information on how to obtain an application, contact the World Languages Department at 880-5847.

The Barbara A. Taylor Memorial Scholarship awards one scholarship to a Fontana resident, preferably a graduate of Fontana High School, who is a full-time student with a minimum GPA of 2.5, demonstrates financial need, and plans to continue post-secondary education at CSUSB.
The Shervin Tehranchi Scholarship provides two $500 scholarships to full-time incoming freshmen, priority given to students who are active participants in athletics and can demonstrate a strong athletic spirit and talent for sports, and must have a minimum 3.0 GPA.

The Theatre Arts Department provides scholarships to students who have demonstrated excellence in the field of theater arts. For more information contact the Theatre Arts Department at 880-5876.

The Joseph K. Thomas Scholarship awards $750 to a full-time music major with a minimum GPA of 3.3.

The Janice Tillema Memorial Scholarship provides a scholarship to a student living within the Citizens Business Bank area (San Gabriel Valley, Inland Empire, and Orange County), has a minimum 3.0 GPA, and is a full-time undergraduate or graduate student majoring in business. The most recent award was $1,150.

The Title V Bridging the Distance Scholarship provides two $500 scholarships to student enrolled at least half-time with a minimum GPA of 2.5, demonstrate financial need, and are from traditionally disadvantaged groups.

The JoAnn Vance Memorial Scholarship provides a scholarship to a student who is enrolled full time, is a CSU graduate with a BA/BS in the social or behavioral sciences with preference given to sociology and psychology majors, has a minimum 3.0 GPA, former EOP student in CSU, has financial need, and has a career goal of becoming a teacher (K-college level). The most recent award was $500.

The Doyle A. Varner Memorial Scholarship provides a scholarship to a full-time student who is a participating member of one of the university's intercollegiate athletics programs and has a minimum 2.5 GPA. The most recent award was $1,000. Preference is given to students majoring in business or public administration.

The Lee and Pam Wigington Scholarship is awarded to a full-time student at either the graduate or undergraduate level, with a minimum GPA of 2.5 and demonstrates financial need. The most recent award was $500.

The Water Resource Management Scholarship is awarded to students who intend to specialize in Water Resources Management. These scholarships consist of reimbursement for tuition and books. To be eligible students must be actively pursuing an MPA degree specializing in Water Resources Management, be a full-time student (taking at least eight units per quarter), and possess and maintain a minimum GPA of 3.0.

The West Valley Material Recovery Facility Scholarship provides a $3,000 scholarship to a student who is enrolled full-time.

The William H. Wilson Scholarship provides a $600 scholarship to a full time student at California State University, San Bernardino, preferably from the immediate San Bernardino area with a minimum GPA of 3.0. Applicants must demonstrate financial need.

The Dr. Clifford Young Scholarship provides a $1,200 scholarship to a student enrolled in the masters of public administration program, has a minimum 3.0 GPA, and demonstrates an interest to continue education beyond the master's degree.

Many students qualify for assistance through other programs not administered by the University. They include veterans' benefits, dependents of disabled or deceased veterans, Social Security Administration, State Department of Rehabilitation, Bureau of Indian Affairs and other public assistance agencies.

Cal Grant A, B, and T Bilingual Teacher Grants and Graduate Fellowships. Students apply directly to the California Student Aid Commission for these state-sponsored awards which cover a portion of the expense of required fees. Applications and full information on these awards are available at high schools, community colleges, on the world wide web, and the California State University, San Bernardino Financial Aid Office.

International Students

The International Student Services Office is the primary contact for international students including new immigrant and permanent resident students who are nationals of other countries. The ISS Office assists students upon arrival with locating temporary and permanent housing, provides an orientation to the campus and the campus including information about academic requirements, immigration requirements, housing, health and support services available to the student. The ISS Office also provides programs and activities to assist students with personal growth and development. Assistance and referrals are available for academic and personal counseling.

The ISS Office works closely with the international clubs and the various nationality organizations in bringing cultural events on campus. Information about club activities and field trips is available. The International Student Services Office is in University Hall, Room 235.

Project UPBEAT (University Preparation by Early Academic Training)

The Student Academic Services Outreach Program is designed to motivate and enhance student awareness about seeking a postsecondary education. The program targets middle school students through Project UPBEAT (University Preparation By Early Academic Training). Project UPBEAT’s objective is to provide an educational, college-oriented program to students and parents. Primary emphasis of the program is to increase the number of students pursuing a college education. Project UPBEAT participants are likely to be regularly admissible to four-year universities upon high school graduation. Students are invited to the campus for tours, CSUSB faculty presentations and special events. Project UPBEAT serves 11 middle schools in the Inland Empire and approximately 600 students and their parents.

University Awareness Program (UNAP)

UNAP is a supportive program designed to motivate 9th and 10th grade students to complete high school and pursue a college education. Participants attend workshops presented by CSUSB Student Mentors at their respective school sites. The workshops range from college admission requirements and career awareness to goal setting and motivational presentations. There are 10 high schools involved in UNAP from Riverside and San Bernardino Counties and approximately 500 participants.

Student Health Center

The Student Health Center assists students in maintaining good health to successfully participate in the educational program of the campus. The Student Health Center provides, on an outpatient basis, medical care usually provided by a primary care physician. Services available during posted hours include treatment of illnesses, injuries, family planning, and immunization programs. Referrals to community health facilities are made for major illnesses or injuries beyond the scope of the Student Health Center.
Any outside care, whether referred by the Health Center or not, is at the student's expense. Medication and elective health services (such as pre-employment physical examinations) are available at a nominal cost. The Center has its own licensed pharmacy where students may get prescriptions filled and purchase over-the-counter items as well. Charges associated with these services are usually dramatically lower than those found elsewhere.

All regularly enrolled students are eligible for services. Students in the extended learning program and those on staff fee waiver are not eligible. A supplementary insurance plan is available to all regularly enrolled students through a private insurance company. This plan provides health insurance coverage for serious illnesses and accidents that may require hospitalization. For more information or to purchase this insurance, contact the Student Health Center at 880-5241.

The Center is closed on official university holidays. Office hours are Monday, Tuesday, Thursday and Friday, 8 a.m.-5 p.m., Wednesday 8 a.m.-6 p.m.

In case of an on campus emergency, contact the Department of Public Safety by dialing 911.

Immunization Requirements. The Student Health Center provides clearances for the requirement that certain groups of students present proof of the Measles and Rubella vaccine, and/or Hepatitis B series. Hepatitis B vaccine is now required of all first time enrollees that are 18 years or younger. For specific information about vaccines required call the Immunization Hotline at 880-7356. These immunization requirements must be fulfilled by the beginning of the second term of enrollment at CSUSB. Students may fulfill these requirements by bringing, faxing (880-7027) or mailing documentation to the Center. For those students unable to obtain acceptable proof of immunizations, the Student Health Center will provide the immunizations during posted clinic hours. There is no fee for the Measles/Rubella vaccine. There is a cost for the Hepatitis B series, call the Health Center for updated prices at 880-5241. Refer to Page 43 for detailed information on the measles/rubella requirement.

Student Health Advisory Committee. Students can offer important feedback about services through membership on the Student Health Advisory Committee (SHAC) sponsored by the Associated Students, Inc. Members work with clinic staff on a variety of health education projects, and also act as a liaison between the CSUSB student body and the Student Health Center.

Psychological Counseling Center

The Psychological Counseling Center works with students who have questions on relationships, lifestyles, parenting skills, anxiety or depression. Anything that keeps a student from achieving educational potential or life success may be addressed. Any student who is currently enrolled at CSUSB is eligible for eight sessions of counseling per academic year. Couples may be seen as long as one member of the couple is a student. The staff at the Center consists of licensed psychologists, marriage-family therapists, and supervised graduate interns. There is no charge to currently enrolled students for the Center's services. Although the demand for counseling services is considerable, appointments are usually made within a week of the student's initial contact. In case of emergency, students are seen with minimum delay. Appointments may be scheduled by calling 880-5040 or visiting the Health Center, Room 136. Office hours are Monday through Friday, 8 a.m.-5 p.m.

Services to Students with Disabilities (SSD)

Services to Students with Disabilities offers a comprehensive and well-coordinated system of educational support services to students who have documented permanent or temporary disabilities. All students who are registered with the office are guaranteed equal opportunity to participate in all programs, services, activities and facilities.

Some of the support services available include: tape-recording of course related materials, sign language interpreting and real-time captioning services for the hearing impaired, test-taking accommodations, priority registration, campus orientation, mobility assistance, and temporary medical parking permits. The SSD office is also a resource to faculty and staff members who assist students with disabilities in meeting their educational objectives.

The SSD Office, in collaboration with the California State Department of Rehabilitation, sponsors the WorkAbility IV program. WorkAbility IV is a transition program designed to create career options and opportunities for students with disabilities who complete their degrees at CSUSB. This program also focuses on effective assistive technology appropriate to each participant's disability and chosen field of employment.

Both prospective and new students to the university are encouraged to contact SSD early in their CSUSB programs. To arrange for an appointment with a SSD staff member or for further information, call 880-5238, TTY 880-7230 or visit the SSD web site at http://enrollment.csusb.edu/~ssd. The office is located in University Hall, Room 183.

University Police

The University Police Department is a duly authorized law enforcement agency. The mission of the department is the protection of life and property on campus. The department provides professional service to the university community through diligent crime prevention, disaster preparedness, law enforcement, and campus-oriented problem solving. The department's motto is "Campus Safety Through Service."

All university police officers are fully trained California state peace officers with law enforcement authority throughout the State of California. The officers provide a full range of service, including law enforcement, crime reporting and investigation, crime prevention training, motorist assistance, traffic enforcement, accident investigation, lost and found property, disaster preparedness, escorts, and medical and fire emergency coordination and response. University Police operates 24 hours per day, 7 days per week, and can be reached by dialing 911 for emergencies and 880-5165 for all other requests.

A complete “Campus Safety Report” is available through the home university web page www.csusb.edu and in a pamphlet from University Police. Additional information is available on the university web page under University Police.

Student Affairs

The Office of the Vice President for Student Affairs provides administrative leadership within the division and the university to assist students in the attainment of their educational goals. This is accomplished through advocacy for the provision of numerous student services as well as the intentional creation of programs and environments that enhance a student's learning, leadership potential, personal responsibility, and career development. Students needing assistance with any university matter are invited to begin with this office. Specific policies regarding student non-academic
and discrimination-related grievances, discipline and emergency calls for students are administered by this office. A more complete statement on student privacy rights appears in the appendix.

**Alumni Association**

All graduates of the university are eligible to join and participate in the activities of the California State University, San Bernardino Alumni Association. Also eligible are those who earn credentials through the university and members of the senior class.

The purpose of the nonprofit association is to assist alumni in continued cultural and educational development, further the community interests of the university, establish mutually beneficial relationships between the university and its alumni, and promote the educational goals of the university. Additional information may be obtained from the Alumni Affairs Office, at 880-5008 and www.csusbalumni.com.

**Commons**

The Commons, one of the social centers of the campus, services residential and commuter students, faculty and staff. The facility offers an attractive view of the mountains which provides a pleasant atmosphere for eating and relaxing. Inside, on the upper level of the Commons, is Mt. View Plaza, a food court with a wide variety to choose from, including sandwiches, Mexican food, hamburgers and fries, Asian food, salad bar, sushi, and breakfast foods.

**Foundation Food Service**

Food Services are provided throughout the University by Foundation Food Services. The two main eateries are Coyote Café, in the Student Union Building and Mt. View Plaza, in the Commons Building. In Coyote Café, the menu includes Pizza Hut, Coyote Grill, Pacific Rim Asian Foods, Hero's Submarine Sandwiches, and a wide variety of grab-n-go items including salads, sandwiches, sushi, fruit, and yogurt. The Mt. View Plaza menu includes Krispy Kreme Donuts, Starbucks Coffee, stir-fry foods, submarine sandwiches, salads, grilled hamburgers, Del Real Mexican food, and a large selection of items to pick up on the run.

In addition to the main eateries, the Pub is on the second floor of the Santos Manuel Student Union Building. The Pub menu includes Taco Bell, Java Coast Coffees, beer, fruit smoothies and baked items. There are food carts stationed by Jack Brown Hall and by the Social and Behavioral Sciences Building with coffees, sodas, water, sandwiches, fruit and baked items. Food is sold in the Coussoulis Arena at the concession stand during sporting events.

The Catering Department serves everything from coffee and donuts to five course gourmet feasts. Whether served in the Upper Commons, with a spectacular view of the mountains, or in a conference room for just a select group, the catering department can customize the menu to meet any need.

**Coyote Bookstore**

The Coyote Bookstore supports the campus community through its operations by providing a variety of goods and services, including textbooks requested by faculty, school and office supplies, backpacks, CSUSB clothing, gifts, greeting cards, computers, computer software and supplies, general books, food and snack items. A satellite bookstore is also operated at the Palm Desert Campus. The Bookstore is owned and operated by the Foundation for CSUSB. Additional information regarding the Bookstore is available on-line at www.coyotebooks.com or by calling 880-5966.

**Student Responsibility**

Students at the university are subject to all federal, state and local laws as are other citizens. Of particular importance are regulations established by the State of California through its Education Code. In addition, Board of Trustees and local university regulations directly affect student life on campus. Students are responsible for their behavior on and off campus and are expected to comply with all policies and regulations which are posted and/or printed in university publications. Copies of all policies which affect students are available at the Office of the Vice President for Student Affairs. The Student Conduct Code, which relates to student disciplinary matters, appears in the appendix of this catalog.

**Children’s Center**

The Children’s Center is a child development program which accommodates children of university students, as well as faculty and staff and people from the community when space is available. The center is open during the academic year (Monday through Thursday, 7:30 a.m.-10:00 p.m. and Friday, 7:30 a.m.-4:00 p.m.) for children three years (toilet trained) to 10 years. Additional information regarding fees and space availability may be obtained by calling the Children’s Center Office, at 880-5928.
ADMISSION TO THE UNIVERSITY

Requirements for admission to California State University, San Bernardino are in accordance with Title 5, Chapter 1, Subchapter 3, of the California Code of Regulations. Prospective applicants who are unsure of their status under these requirements are encouraged to consult a high school or community college counselor or the Office of Admissions and Student Recruitment.

Electronic versions of the CSU undergraduate and graduate applications are accessible on the web at http://www.csumentor.edu/. The CSUMentor system allows students to browse through general information about CSU’s 23 campuses, view multimedia campus presentations, send and receive electronic responses to specific questions, and apply for admission and financial aid. Applications may be obtained online or at any California high school or community college or from the Admissions Office at any of the campuses of the California State University.

The CSU advises prospective students that they must supply complete and accurate information on the application for admission, residence questionnaire and financial aid forms. Further, applicants must have authentic and official transcripts of all previous academic work attempted submitted directly from each institution attended. Failure to file complete, accurate and authentic application documents may result in denial of admission, cancellation of academic credit, suspension or expulsion (Section 41301 of Title 5, California Code of Regulations).

Students who are admitted to the university for a given term but who do not register in that term must file a new application form and $55 application fee when they again seek admission and must meet the then current admission requirements.

Undergraduate Application

Prospective students, applying for part-time or full-time undergraduate programs of study, in day or evening classes, must file a complete undergraduate application. The $55 nonrefundable application fee should be in the form of a check or money order payable to The California State University or by credit card if submitting the online application, and may not be transferred or used to apply to another term.

An alternate campus and major may be indicated on the application, but applicants should list as an alternate campus only a campus that also offers the major. Generally, an alternate major will be considered at the first choice campus before an application is redirected to an alternate choice campus.

Impacted Programs

The CSU designates programs to be impacted when more applications are received in the initial filing period (October and November for fall terms, June for winter terms, August for spring terms, February for summer terms) than can be accommodated. Some programs are impacted at every campus where they are offered; others are impacted at some campuses but not all. Students must meet supplementary admissions criteria when applying to an impacted program.

The CSU will announce during the fall filing period those programs that are impacted and the supplementary criteria campuses will use. That announcement will be published in the “CSU Review,” distributed to high school and college counselors, and available online at http://www.calstate.edu/AR/csureview/. Information about the supplementary criteria also is sent to program applicants.

Students must file their applications for admission to an impacted program during the initial filing period. If they wish to be considered in impacted programs at more than one campus, they must file an application to each.
Each campus with impacted programs uses supplementary admission criteria in screening applicants. Supplementary criteria may include ranking on the freshman eligibility index, the overall transfer grade point average, completion of specified prerequisite courses and a combination of campus-developed criteria. Students required to submit scores on either the SAT I or the ACT should take the test as early as possible and no later than October if applying for fall admission. The supplementary admission criteria used by the individual campuses to screen applicants appear periodically in the "CSU Review" and are sent by the campuses to all applicants seeking admission to an impacted program.

Unlike unaccommodated applicants to locally impacted programs, who may be redirected to another campus in the same major, unaccommodated applicants to systemwide impacted programs may not be redirected in the same major but may choose an alternate major either at the first choice campus or another campus.

**Application Filing Periods**

<table>
<thead>
<tr>
<th>Terms in 2004-2005</th>
<th>Applications first accepted</th>
<th>Initial Filing Period</th>
</tr>
</thead>
<tbody>
<tr>
<td>Winter quarter 2005</td>
<td>June 1, 2004</td>
<td>June 1-30, 2004</td>
</tr>
<tr>
<td>Spring quarter 2005</td>
<td>Aug. 1, 2004</td>
<td>August 1-31, 2004</td>
</tr>
</tbody>
</table>

Each campus accepts applications until capacities are reached. Many campuses limit undergraduate admissions in any enrollment category because of overall enrollment limits. If applying after the initial filing period, consult the Office of Admissions and Student Recruitment for current information.

**Application Acknowledgment**

Students may expect to receive an acknowledgment of their application from their first-choice campus within two to four weeks of filing the application. The notice may also include a request that they submit additional records necessary for the campus to evaluate their qualifications. Students may be assured of admission if the evaluation of their qualifications indicates they meet CSU admission requirements, and campus requirements for admission to an impacted program. An offer of admission is not transferable to another term or to another campus.

**Hardship Petitions**

The campus has established procedures for considering qualified applicants who would be faced with an extreme hardship if not admitted. Prospective hardship petitioners should contact the university regarding specific policies governing hardship admission.

**Undergraduate Admission Requirements**

**Freshman Requirements**

Generally, first time freshmen applicants will qualify for regular admission if they

1. graduated high school (see High School Graduation Equivalency below),
2. have a qualifiable eligibility index (see below), and
3. have completed with grades of "C" (2.0) or better each of the courses in the comprehensive pattern of college preparatory subject requirements (see "Subject Requirements" on the next page). Courses must be completed prior to the first enrollment in the California State University.

**Eligibility Index.** The eligibility index is the combination of the high school grade point average and the score on either the ACT or the SAT. See Page 71 for revised score requirements. For this purpose, the university computes the grade point average on the final three years of high school studies, excluding physical education and military science, and uses bonus points for approved honors courses. Beginning with admission for Fall 2004, the high school grade point average will be based solely on courses taken in the final three years of high school that satisfy the comprehensive pattern of college preparation subject requirements. Grades of "C" (2.0) or better in up to eight semester courses, taken in the last two years of high school, including up to two approved courses taken in the tenth grade, that are designated honors in approved subjects receive additional points in grade-point-average calculations. Each unit of A in approved courses will receive a total of 5 points; B, 4 points; and C, 3 points.

CSU may offer students early, provisional admission based on work completed through the junior year of high school and planned for the senior year. The campus will monitor the senior year of study to ensure that those so admitted complete their senior year of studies satisfactorily, including the required college preparatory subjects, and graduate from high school. Students are required to submit an official transcript after graduation to certify that all course work has been satisfactorily completed. The campus may rescind admission decisions for students who are found not to be eligible after the final transcript has been evaluated.

Students can calculate the index by multiplying their grade point average by 800 and adding their total score on the SAT I. If they took the ACT, multiply the grade point average by 200 and add ten times the composite score from the ACT. California high school graduates (or legal residents of California for tuition purposes) need a minimum index of 2900 using the SAT I or 694 using the ACT. The table on Page 532 shows the combinations of test scores and averages required. Students who neither graduated from a California high school nor are a resident of California for tuition purposes need a minimum index of 3502 (SAT I) or 842 (ACT). Graduates of secondary schools in foreign countries must be judged to have academic preparation and abilities equivalent to applicants eligible under this section.

Applicants with grade point averages of 3.0 or above (3.61 for nonresidents) are exempt from submitting test scores. However, students are urged to take the SAT I or ACT because all campuses use test results for advising and placement purposes and may require them for admission to impacted majors or programs.

Students will qualify for regular admission when the university verifies the student has graduated from high school, has a qualifiable eligibility index and has completed the comprehensive pattern of college preparatory subjects and, if applying to an impacted program, meets supplementary criteria.

**High School Graduation Equivalency**

*Students Who Are Not High School Graduates* may satisfy the high school graduation requirement by submitting the California Certificate of Proficiency or the General Education Development (GED) certificate or equivalent certificates awarded by other states.

1. *California High School Proficiency Test.* A "pass" on the California High School Proficiency Examination is considered equivalent to graduation from high school.
2. *Tests of General Educational Development (GED).* An applicant submitting scores on the GED has established high school graduation equivalence if the average score for the five tests is 45 or better and each score is at least 40.

**Meeting Admission Requirements.** Applicants presenting the high school proficiency test or the GED will be expected to meet
the fifteen-unit college preparatory subject requirements. Grades in courses completed after grade nine are used to calculate the grade point average for the eligibility index.

**Subject Requirements**

The California State University requires that first-time freshmen applicants complete, with grades of "C" (2.0) or better, a comprehensive pattern of college preparatory study totaling 15 units. A "unit" is one year of study in high school.

- 2 years of social science, including 1 year of U.S. history, or U.S. history and government.
- 4 years of English.
- 3 years of math (algebra, geometry, and intermediate algebra).
- 2 years of laboratory science (1 biological and 1 physical, both with labs).
- 2 years in the same foreign language (subject to waiver for applicants demonstrating equivalent competence).
- 1 year of visual and performing arts: art, dance, drama/theater, or music.
- 1 year of electives: selected from English, advanced mathematics, social science, history, laboratory science, foreign language, and visual and performing arts.

**Making Up Missing College Preparatory Subject Requirements**

Lower division applicants who did not complete subject requirements while in high school may make up missing subjects in any of the following ways.

1. Complete appropriate courses with a "C" or better in adult school or high school summer sessions.

2. Complete appropriate college courses with a "C" or better. One college course of at least three semester or four quarter units will be considered equivalent to one year of high school study.

3. Earn acceptable scores on specified examinations.

Consult with any CSU admission office for further information about alternative ways to satisfy the subject requirements.

**Alternate Admission Criteria**

An adjustment to first-time freshman admission standards has been approved for fall 1998 through summer 2003. The adjustment will allow students to be missing up to one unit (one year) of visual and performing arts or foreign language (one semester of each) as long as they have completed 15 or more college preparatory units. Students must have completed an extra unit in another area to offset the missing unit of visual and performing arts or foreign language.

Students who are admitted with up to one unit (one year) of visual and performing arts or foreign language missing, will be required to complete the missing course by the end of their first year of CSU enrollment. Students may complete the subject area deficiency at a high school during the summer prior to CSU enrollment or a community college, CSU, or other four-year college or university during their first year of enrollment. Further enrollment at CSU will be limited by TRACS registration to completing the missing course if it is not taken by the second year of enrollment.

**Subject Requirement Substitution for Students with Disabilities**

Applicants with disabilities are encouraged to complete college preparatory course requirements if at all possible. If an applicant is judged unable to fulfill a specific course requirement because of his or her disability, alternate college preparatory courses may be substituted for specific subject requirements. Substitutions may be authorized on an individual basis after review and recommendation by the applicant's academic advisor or guidance counselor in consultation with the director of a CSU Disabled Student Services Program. Although the distribution may be slightly different from the course pattern required of other students, students qualifying for substitutions will still be held for 15 units of college preparatory study. Students should be aware that failure to complete courses required for admission may limit later enrollment in certain majors, particularly those involving mathematics. For further information and substitution forms, call the director of Services to Students with Disabilities at CSUSB or at the nearest CSU campus.

**Waiver of Foreign Language Subject Requirement**

The foreign language subject requirement may be waived for applicants who demonstrate competence in a language other than English equivalent to or higher than expected of students who complete two years of foreign language study. Consult with a school counselor or any CSU campus admissions or Office of Admissions and Student Recruitment for further information.

**High School Students**

Students still enrolled in high school will be considered for enrollment in certain special programs if recommended by the principal and if preparation is equivalent to that required of eligible California high school graduates. Such admission is only for a given program and does not constitute the right to continued enrollment. The university's High School-University Program enables qualified high school juniors and seniors to enroll in university classes at times convenient to their high school schedules. A brochure describing the program is available from the Office of Admissions and Student Recruitment.

**Fee Waiver Program For California Residents Sixty Years of Age or Older**

California State University, San Bernardino offers a program which allows California residents, sixty years of age or older, to enroll in regular session courses without payment of certain specified fees. All regular admission requirements must be met. The program is required to adhere to the following standards: 1) enrollment shall be limited to persons who are California residents as defined by the Education Code, are 60 years of age or older, and are eligible for admission to the university, and 2) persons enrolling in the program will be able to register using the TRACS registration system on last day of TRACS priority registration. If someone applies after priority registration is over, they will register during "late registration" but the $25.00 late fee will be waived.

Students interested in applying to the "Over 60 Program" or would like more information should contact Melissa McQuead in the Records, Registration and Evaluations Office at 880-5202 or e-mail at mmcquead@csusb.edu.
Provisional Admission

Students who do not achieve a satisfactory score on the English Placement Test (EPT) and/or Entry Level Mathematics test (ELM) will be required to enroll in the appropriate developmental course(s) every term until this deficiency has been made up (see Page 71). If the developmental English and Mathematics courses are not completed within four quarters of enrollment and the student is not ready to take both ENG 101 and MATH 110 or 115 after four terms of study they will be subject to dismissal from the university until these deficiencies are met.

Transfer Applicants

1. They have a grade point average of 2.0 ("C") or better in all required courses satisfactorily. All accepted applicants are required to submit an official transcript of all college level work completed. Campuses will rescind admission for all students who are found not to be eligible after the final transcript has been evaluated.

2. Were eligible as a freshman at the time of high school graduation, and have made up the missing subjects.

Lower Division Transfer Requirements. Applicants will qualify for admission as a lower division transfer student if they have a grade point average of at least 2.0 ("C") or better in all transferable units attempted, are in good standing at the last college or university attended, and meet any of the following standards:

1. Will meet the freshman admission requirements (grade point average and subject requirements) in effect for the term to which they are applying; or
2. Were eligible as a freshman at the time of high school graduation except for the subject requirements, have been in continuous attendance in an accredited college since high school graduation, and have made up the missing subjects.

Applicants who graduated from high school prior to 1988 should contact the Office of Admissions and Student Recruitment to inquire about alternative admission programs.

Upper Division Transfer Requirements. Applicants will qualify for admission as an upper division transfer student if:

1. They have a grade point average of 2.0 ("C") or better in all transferable units attempted; or
2. They are in good standing at the last college or university attended, and they have completed at least 45 quarter (30 semester) units of college coursework with a grade of "C" or better in each course to be selected from courses in English, arts and humanities, social science, science and mathematics at a level at least equivalent to courses that meet general education requirements. The 45 quarter units must include all the general education requirements in communication in the English language and critical thinking (at least 12 quarter units) and the requirement in mathematics/quantitative reasoning (usually 3 semester units) OR the Intersegmental General Education Transfer Curriculum (IGETC) requirements in English communication and mathematical concepts and quantitative reasoning.

Provisional Admission for Transfer Students. Transfer students may be provisionally admitted based on their academic preparation and courses planned for completion. The campus will monitor the final terms to ensure that those admitted complete all required courses satisfactorily. All accepted applicants are required to submit an official transcript of all college level work completed. Campuses will rescind admission for all students who are found not to be eligible after the final transcript has been evaluated.

TOEFL Requirement

All undergraduate applicants whose native language is not English and who have not attended schools at the secondary level or above for at least three years full time where English is the principal language of instruction must present a score of 500 (paper-based) on the Test of English as Foreign Language. Some majors may require a higher score. Applicants taking the Computer Based Test of English as a Foreign Language must present a score of 173 or above. Some majors may require higher scores.

Test Requirements

Freshmen and transfer applicants who have fewer than 56 semester or 84 quarter units of transferable college credit must submit scores, unless exempt (see "Eligibility Index" on Page 532) from either the ACT or the SAT I of the College Board. Students applying to an impacted program on campus and who are required to submit test scores should take the test no later than October or November. Test scores also are used for advising and placement services. Registration forms and dates for SAT I or ACT are available from school or college counselors or from a campus Testing Office or may write to or call:

- The College Board (SAT I)
  Registration Unit, Box 6200
  Princeton, New Jersey 08541-6200
  (609) 771-7588
  www.collegeboard.org
- ACT Registration Unit
  P.O. Box 414
  Iowa City, Iowa 52240
  (319) 337-1270
  www.act.org

Intrasystem and Intersystem Enrollment Programs

Students enrolled at any CSU campus will have access to courses at other CSU campuses on a space available basis unless those campuses or programs are impacted. This access is offered without students being required to be admitted formally to the host campus and sometimes without paying additional fees. Although courses taken on any CSU campus will transfer to the student's home CSU campus as at least elective credit, students should consult their home campus academic advisors to determine how such courses may apply to their degree programs before enrolling at the host campus.

There are two programs for enrollment within the CSU and one for enrollment between CSU and the University of California or California community colleges.

CSU Concurrent Enrollment. Matriculated students in good standing may enroll at both their home campus and a host CSU campus during the same term. Credit earned at the host campus is automatically reported to the home campus to be included on the student's transcript at the home campus.

CSU Visitor Enrollment. Matriculated students in good standing enrolled at one CSU campus may enroll at another CSU campus for one term. Credit earned at the host campus is reported automatically to the home campus to be included on the student's transcript.
Intersystem Cross Enrollment. Matriculated CSU, UC or community college students may enroll for one course per term at another CSU, UC or community college and request that a transcript of record be sent to the home campus.

Health Screening
All new and readmitted California State University, San Bernardino students are required to present proof of the following immunizations before the beginning their second quarter of enrollment.

Measles and Rubella: All new and readmitted students born after January 1, 1957 must provide proof of immunization against both measles and rubella. If they do not have appropriate records, the Student Health Center (SHC) does provide these immunizations free of charge to all registered students.

Hepatitis B: All new students who will be 18 years of age or younger at the start of their first quarter must also provide proof of full immunization against Hepatitis B by the beginning of their second quarter of attendance. Full immunization against Hepatitis B consists of three timed doses of vaccine. For further details, including price or special circumstances, consult the SHC.

Failure to meet the above requirements within the first quarter of attendance will result in a registration hold for subsequent quarters. Call the Student Health Center's Immunization Hotline at 880-7556 or the SHC at 880-5241 for further information.

Meningococcal Notification: Each incoming freshman who will be residing in on-campus housing will be required to return a form indicating that they have received information about meningococcal disease and the availability of the vaccine to prevent one from contracting the disease and whether or not he or she has chosen to receive the vaccination.

Other persons subject to these screening provisions include:
• Students who reside in off-campus housing;
• Students who obtained their primary and secondary schooling outside the United States;
• Students enrolled in dietetics, nursing, physical therapy, student teaching, or field work involving preschool-age children, or working in a health care setting.

Admission Requirements

International (Foreign) Student Admission Requirements
The California State University must assess the academic preparation of foreign students. For this purpose, "foreign students" include those who hold U.S. visas as students, exchange visitors, or in other nonimmigrant classifications.

The CSU uses separate requirements and application filing dates in the admission of foreign students. For these purposes, foreign students are residents of a country other than the United States or those who hold visas as students, exchange visitors or in other nonimmigrant classifications.

Applicants for admission as either graduates or undergraduates whose education has been in a foreign country should file an application for admission, official certificates and detailed transcripts of record from each secondary school and collegiate institution attended several months in advance of the opening of the quarter in which the applicant expects to attend. If certificates and transcripts are not in English, they must be accompanied by certified English translations. Credentials will be evaluated in accordance with the general regulations governing admission to California State University, San Bernardino. Priority in admission is given to residents of California. There is little likelihood of nonresident applicants, including international students, being admitted.

An applicant whose education has been in a language other than English must take the Test of English as a Foreign Language (TOEFL). This test is administered in most foreign countries and official test scores must be received by the university before admission to the university can be granted. Information as to the time and place at which this test is given may be obtained from: Educational Testing Service (TOEFL), Princeton, New Jersey 08540, U.S.A.

Foreign applicants must also submit a statement of financial responsibility to the Office of Admissions and Student Recruitment to be considered for admission to the university. Also, foreign students are required to submit evidence of adequate medical/hospital insurance to the international student advisor.

Arrangements for housing should be completed before the student's arrival on the campus. Detailed information regarding housing may be obtained from the director of housing. California State University, San Bernardino. Scholarship aid for entering students is limited; no scholarships are specifically reserved for students from another country.

Upon arrival at California State University, San Bernardino the student should obtain an appointment as early as possible with the International Student Services Office.

Insurance Requirement. Effective August 1, 1995, as a condition of registration and continued enrollment in the California State University. Such insurance must be in amounts as specified by the United States Information Agency (USIA) and NAFA: Association of International Educators. The campus president or designee shall determine which insurance policies meet these criteria. Further information can be obtained from the International Student Services Office.

Admission of Postbaccalaureate and Graduate Students
Requirements pertaining to the admission of postbaccalaureate and graduate students are contained in the Graduate Studies section beginning on Page 353.
Returning Students

Students in good standing may be readmitted to the university after an absence of one term by notifying the Office of Records, Registration and Evaluations. The application and fee of $55 are required if the student was not enrolled in any of the three terms prior to the term for which the student is seeking admission or if the student was enrolled in another institution during the absence from California State University, San Bernardino. Enrollment through Open University or Extended Learning during fall, winter or spring quarters does not constitute enrollment for this purpose. (See Leave of Absence, Page 54.)

Matriculation Policy

A student is considered matriculated only if they register and pay fees for a given term through the regular campus enrollment. An application and application fee are required if: 1) the student was not matriculated in any of the three terms prior to the term in which they plan to register, 2) the student was enrolled at another four-year institution during an absence from California State University, San Bernardino, and 3) the student has since earned a baccalaureate degree. Enrollment through Open University or Extended Learning does not constitute regular enrollment.

Other Applicants

An applicant not admissible under one of the above provisions should enroll in a community college or other appropriate institution. Only under the most unusual circumstances will such applicants be permitted to enroll in the university. Permission is granted only by special action of the university.

Transfer of Credit

A maximum of 70 transferable semester units (105 quarter units) of work taken at a community college can be applied toward the requirements for a degree from the university. No upper-division credit will be allowed for courses taken at a community college. No credit may be allowed for professional courses in education taken at a community college, other than an introduction to education course.

The Office of Records, Registration and Evaluations will evaluate previous college work to determine its applicability to the requirements of the university. All undergraduate degree candidates will be issued a credit summary, indicating requirements which remain unfulfilled. Once issued to a student, the credit summary remains valid as long as the student matriculates at the date specified, pursues the objective specified, and remains in continuous attendance. Students will not be held to additional graduation requirements unless such requirements become mandatory as a result of changes in the California Code of Regulations or the California Education Code.

Credit for work completed at institutions of recognized accreditation will be accepted toward the satisfaction of degree requirements at the university within limitations of residence and major requirements, community college transfer maximums, and course applicability.

Concurrent Enrollment. Once a student has matriculated at this university, only those courses subsequently taken elsewhere that the university has articulated as being equivalent to courses offered here may be accepted as fulfilling university major or general education requirements. Students planning to take courses off campus must complete a concurrent enrollment contract and file it with the Office of Records, Registration and Evaluations, giving sufficient time to receive a response prior to registering for any off-campus course work. Credit will not be allowed for course work completed without this prior approval. The method in which the course will be offered must be disclosed and any courses that use non-traditional off-campus delivery systems, such as self-paced instruction, correspondence courses or on-line computer instruction and testing may be required to be proctored through our Counseling and Testing Office. Limits on courses that would create overloads must follow the procedures established by this campus. Upon completion of the course(s), an official transcript must be submitted directly from that school to our Records, Registration and Evaluations Office. See Page 53 for concurrent enrollment at other CSU campuses.

California Articulation Number (CAN)

The California Articulation Number (CAN) System identifies many transferable, lower division, preparation courses commonly taught on California college and university campuses.

The system assures students that CAN courses on one participating campus will be accepted “in lieu of” the comparable CAN courses on another participating campus. For example: CAN ECON 2 on one campus will be accepted for CAN ECON 2 on every other participating campus. Each campus retains its own numbering system, but adds the CAN designation parenthetically in its publications.

Check with counseling offices, departmental offices, or articulation officers for current listings of CAN courses and campuses participating in the CAN System. A CAN Catalog listing campuses and courses is published biannually. A list of the CAN courses offered on this campus can be found on Page 535.

Credit for Standardized External Examinations and Systemwide Examinations

The university shall grant four and a half quarter units of credit for each of the following College Level Examination Program (CLEP) examinations passed at the 50th percentile, provided the examination was not taken previously within the past term and that degree credit has not been granted for previous course work at the equivalent or at a more advanced level than for the examination in question.

U.S. History
Social Science
Biological Science
Physical Science
Mathematics (1975 edition)
Fine Arts
Literature
No credit will be granted for CLEP English Composition. The university may also grant credit and advanced standing for CLEP subject examinations, using as minimum standards:
1. That the student submit a score at or above the 50th percentile in the norming group who earned a mark of “C” (2.0) or better;
2. That equivalency to CSUSB courses be determined by the appropriate academic department;
3. That college credit shall have not been previously earned in the courses in question.

Questions regarding the acceptance of other standardized external examinations should be directed to the Office of Records, Registration and Evaluations.

In no case will credit awarded through external examinations count towards residence credit.

English Equivalency Examination. Students passing the California State University English Equivalency Examination...
shall be awarded a total of nine quarter units of credit for ENG 101 and ENG 170, provided credit has not been granted previously at the equivalent or at more advanced levels. Further, those who pass this optional examination are exempt from the requirement to take the English Placement Test. Test results must be presented to the Office of Records, Registration and Evaluations for credit to be awarded.

The total amount of credit earned on the basis of externally developed tests which may be applied to a baccalaureate degree shall not exceed 45 quarter units, except that advanced placement credit is excluded from the limit.

Credit by Advanced Placement

Students who have successfully completed courses in the Advanced Placement Program of the College Entrance Examination Board (defined as receiving a score of 3 or better) shall be granted credit for each advanced placement course toward graduation, advanced placement in the university's sequence of courses and credit for curriculum requirements. Test results must be presented to the Office of Records, Registration and Evaluations for credit to be awarded.

Credit for Extension and Correspondence Courses

A maximum of 36 quarter units of credit earned through extension and correspondence courses may be applied to a baccalaureate degree program. A maximum of 13 quarter units of graduate credit earned through extension registration may be accepted toward a master's degree program. No credit so earned may be used to satisfy the university residence requirement.

Matriculated students wanting to take correspondence courses must first have the courses approved by following the procedures outlined in the section on Concurrent or Summer Enrollment. All examinations for these courses must be proctored by the University Testing Center.

Only those credits will be accepted for transfer which are acceptable toward a baccalaureate or master degree or credential at the institution offering the courses.

Credit for Military Service

The university grants lower-division undergraduate credit for completion of basic training in the armed forces of the United States. This credit is applied to the physical education and general health requirements.

A limited amount of additional credit may be granted to students who have completed certain service schools in addition to basic training. Credit will only be evaluated if needed for admittance or toward graduation. This credit is allowed on the basis of recommendations of the Commission on Educational Credit and Credentials of the American Council on Education and must be documented on a DD-214 or DD-295. Credit based on military rank (MOS) will not be awarded.

The total amount of credit earned on the basis of externally developed tests and through recommendations of the commission, which may be applied to a baccalaureate degree, shall not exceed 45 quarter units, except that advanced placement credit is excluded from the limit.

Admission to Teaching Credential Programs

Admission to the university as a student does not constitute admission to a teaching credential program. Students who intend to work toward credentials should also make application to the College of Education.

Admission as an Auditor

A student who wishes only to audit a course instead of enrolling for credit must complete a statement of residence issued by the Office of Records, Registration and Evaluations. Auditors must pay the same fees as would be charged if the courses were taken for credit.

Enrollment as an auditor is subject to the approval of the instructor. A student registered as an auditor may be required to participate in any or all classroom activities at the discretion of the instructor. Credit for courses audited will not be subsequently granted on the basis of the audit. Transcripts are not issued for students enrolled as auditors only.

Permission to register as an auditor may be done through the Office of Records, Registration and Evaluations on the first day of classes.

Readmission of Previously Disqualified Students

After receiving notice of disqualification, a student may petition the director of Advising and Academic Services for readmission to the university on probation. All petitions for readmission must be submitted to the director of Advising and Academic Services according to the following schedule:

<table>
<thead>
<tr>

</tr>
</tbody>
</table>

Determination of Residence

The determination of whether a student qualifies as a resident for admission and tuition purposes is made by the university after review of a residence questionnaire, designed to provide necessary information including the applicability of any exceptions. A statement summarizing the principal rules regarding residency determination and their exceptions is included in the appendix.

Use of Social Security Number

 Applicants are required to include their correct social security number in designated places on applications for admission pursuant to the authority contained in Section 41201, Title 5, California Code of Regulations, and Section 6109 of the Internal Revenue Code (26 U.S.C. 6109). The university uses the social security number to identify students and their records for purposes of financial aid eligibility and disbursement and the repayment of financial aid and other debts payable to the university.

Also, the Internal Revenue Service requires the university to file information returns that include the student's social security number and other information such as the amount paid for qualified tuition, related expenses, and interest on educational loans. That information is used by the IRS to help determine whether a student, or a person claiming a student as a dependent, may take a credit or deduction to reduce federal income taxes.

Reservation

The University reserves the right to select its students and deny admission to the University or any of its programs as the University, in its sole discretion, determines appropriate based on an applicant's suitability and the best interests of the University.
Students are required to pay registration fees in accordance with the instructions provided by the Telephone Ready Access System (TRACS) and WebReg. Tuition is not charged to legal residents of California. Non-resident students shall pay tuition in addition to other university fees.

Checks and ATM debit cards will be accepted at the Bursar and electronic checks via a Campus website. MasterCard, Discover, American Express and electronic checks will be accepted through a third party vendor with a service fee assessed. Credit cards will no longer be accepted on campus, except in the bookstore, commons and Foundation Cashier. See the Class Schedule for details. The application fee, identification card and late charge fees are nonrefundable.

The following reflects the systemwide fees and expenses for the quarter system in effect when the catalog was printed, and are subject to change:

**NOTE:** Student fees have been proposed to be increased by 10% for undergraduate students, 40% for graduate students, and 20% for nonresident students. A decision has not been made at the time of this printing. Actual fees may be different than those posted below, pending budget decisions.

Class Schedule

State University Fee
A state university fee has been established by the trustees of
the California State University to provide financing for various
student services programs not covered by state funding.

Fee Waivers
The California Education Code includes provisions for the
waiver of mandatory statewide fees as follows: Pursuant to the
Alan Pattee Scholarship Act, Education Code Section 68120,
children of deceased public law enforcement or fire suppression
employees who were California residents and who were killed in
the course of law enforcement or fire suppression duties are not
charged mandatory statewide fees or tuition of any kind at any
California state-supported university (referred to as Alan Pattee
Scholarships);
Section 66025.3: Qualifying children, spouses, or unmarried
surviving spouses of a war period veteran of the U.S. military
who is totally service-connected disabled or who died as a result
of service-related causes; children of any veteran of the U.S.
military who has a service-connected disability, was killed in action,
or died of a service-connected disability and meets specified
income provisions; qualifying dependents of a member of the
California National Guard who in the line of duty and in active service
of the state was killed or became permanently disabled or died of
a disability as a result of an event while in active service of the
state; and undergraduate students who are the recipient of or the
child of a recipient of a Congressional Medal of Honor and meet
age and income restrictions; and
Section 68121: Students enrolled in an undergraduate pro-
gram who are the surviving dependents of any individual killed in
the September 11, 2001 terrorist attacks on the World Trade
Center in New York City, the Pentagon building in Washington, D.C.,
or the crash of United Airlines Flight 93 in southwestern Pennsyl-
vania, if the students meet the financial need requirements set
forth in Section 69432.7 for the Cal Grant A Program and either a
surviving dependent or the individual killed in the attacks must
have been a resident of California on September 11, 2001.

Students who may qualify for these benefits should contact
the Office of Admissions and Student Recruitment for further in-
formation and/or an eligibility determination.

Credit/Refund of Fees including
Nonresident Tuition
Regulations governing the refund of mandatory fees, including
nonresident tuition, for students enrolling at the California
State University are included in §41802 of Title 5, California
Code of Regulations. For purposes of the refund policy, mandato-
ry fees are defined as those statewide fees and campus fees that
are required to be paid in order to enroll in state-supported aca-
demic programs at the California State University. Refunds of
fees and tuition charges for self-support programs at the Califor-
nia State University (courses offered through extended learning)
are governed by a separate policy established by the University.

Note: Application Fees, Late Registration Fee, and
Coyote One Card Fee are not refundable.

In order to receive a full refund of mandatory fees, including
nonresident tuition, a student must cancel registration or drop all
courses prior to the first day of instruction for the term. Information
on procedures and deadlines for canceling registration and
dropping classes is available in the Class Schedule.

For state-supported semesters, quarters and non-standard
terms of courses of four weeks or more, a student who withdraws
during the term in accordance with the university's established
procedures will receive a refund of mandatory fees, including
nonresident tuition, based on the portion of the term during which
the student was enrolled. No student withdrawing after the 60 per-
cent point in the term will be entitled to a refund of any mandato-
ry fees or nonresident tuition.

For state-supported semesters, quarters and non-standard
terms of courses of less than four weeks, no refunds or mandatory
fees and nonresident tuition will be made unless a student cancels
registration or drops all classes prior to the first day in accordance
with the university's established procedures and deadlines.

It is each student's responsibility to formally withdraw from
classes and meet the conditions described above to receive a re-
fund. The refund will be automatically mailed. Important notice:
Make sure that the University has your correct mailing address.
Refunds are typically processed within 10 business days. Registration
fees paid by check or credit card are not considered valid
until the bank has cleared the payment. Refunds will not be
processed until checks and credits are cleared by the bank. Ref-
unds for payments made by check require a copy of the student's
canceled check; otherwise, it may take up to five weeks before
Accounting receives confirmation from the State that the student's
check has cleared.

Information concerning any aspect of the refund of fees may
be obtained from Student Accounts Office located in Sierra Hall,
Room 119, or extension 7426.
Students will also receive a refund of mandatory fees, including nonresident tuition under the following circumstances:

- The tuition and mandatory fees were assessed or collected in error;
- The course for which the tuition and mandatory fees were assessed or collected was cancelled by the university;
- The university makes a delayed decision that the student was not eligible to enroll in the term for which mandatory fees were assessed and collected and the delayed decision was not due to incomplete or inaccurate information provided by the student; or
- The student was activated for compulsory military service.

Students who are not entitled to a refund as described above may petition the university for a refund demonstrating exceptional circumstances and the Director of Accounting may authorize a refund if he or she determines that the university did not earn the fees and tuition.

Information concerning the refund policies of California State University, San Bernardino for the return of unearned tuition and fees or other refundable portions of institutional charges is available from the Office of Accounting, 5500 University Parkway, San Bernardino, CA 92407, (909) 880-5153, http://sao.csusb.edu/refunds/refund.htm. Questions regarding refunds can be sent to refunds@csusb.edu.

Fees and Debts Owed to the University

Should a student or former student fail to pay a fee or a debt owed to the institution, the institution may "withhold permission to register, to use facilities for which a fee is authorized to be charged, to receive services, materials, food or merchandise or any combination of the above from any person owing debt" until the debt is paid (see Title 5, California Code of Regulations, Sections 42380 and 42381).

Prospective students who register for courses offered by the university are obligated for the payment of fees associated with registration for those courses. Failure to cancel registration in any course for an academic term prior to the first day of the academic term gives rise to an obligation to pay student fees including any tuition for the reservation of space in the course.

The institution may withhold permission to register or to receive official transcripts of grades or other services offered by the institution from anyone owing fees or another debt to the institution. If a person believes he or she does not owe all or part of an asserted unpaid obligation, that person should contact the Director of Accounting. The Director of Accounting will review all pertinent information provided by the person and other campus offices and will advise the person of its conclusions.

Federal Refund Policy

Effective September 1, 2000, federal financial aid regulations are very strict concerning dropping classes after receiving Federal Grant Aid. Students are expected to complete a minimum number of units per term. By dropping all classes prior to the 60% mark of the term, students will owe a repayment based on a chart of percentages available in the Financial Aid Office. Once a repayment has been calculated, students have 30 days to repay the funds.

Federal financial aid regulations also state that students may not pay a prior debt with future financial aid. This means that students must repay the amount due prior to receiving future financial aid. Before deciding to drop classes, students should meet with a Financial Aid Advisor in the Financial Aid Office in University Hall to make an appointment with a financial aid advisor. The advisor will calculate the expected repayment of federal grant funds and will explain options.

Estimated Costs per Quarter

It is estimated that full-time students each quarter pay about $405 for books and $580 to $940 for fees plus parking costs.

Parking Services

Parking Services is located in TO-209 (behind the Pfau Library). Parking personnel can be reached at 880-5912, or parking@csusb.edu. Parking Services maintains two Information Centers located on University Parkway and on Coyote Drive where information regarding parking and special events is available. Daily parking permits may be purchased at these locations. Parking officers provide services such as battery jumps and vehicle lockouts, as well as providing parking and general campus information. In addition to enforcing the campus parking regulations, officers patrolling the lots report criminal and suspicious activity directly to University Police Dispatch. Parking Services Bicycle Patrol enhances the safety of the parking lots while working with the University Police Bicycle Patrol.

The State of California does not provide funds to construct, operate, or maintain parking facilities on state university campuses. Parking fees are collected to fund parking lot repair, maintenance, and the construction of new parking lots.

All vehicles parking on campus must display a permit and/or decal issued by the university. A permit and/or decal is only valid if properly displayed. Quarterly and annual permits may be purchased at the Bursar's Offices located in Sierra Hall and University Hall. Daily parking permits are available from ticket dispensers located at University Parkway, Serrano Village Drive, Coyote Drive, Sierra Drive, Lots A and G and between Lots E and F. Permits are valid in all lots except for those with special designation—such as Science Lot and Lot M. 30-minute parking spaces are available throughout the campus, and are marked with green curbs and/or signs. Drivers are cautioned to observe any restrictions posted on curbs or signs throughout the campus, as parking regulations are strictly enforced at all times.

Drivers assume all risks when parking on campus. Neither the university nor the State of California assumes any liability for loss or damage to vehicles or property when parked on university property.

Commuter Services (promoting alternate modes of transportation), which is a branch of Parking Services, is located in University Hall, Room 130, and can be reached at 880-7433 (RIDE). The funding for this program is provided by the use of the fines and forfeiture revenues (parking violation money). Commuter Services is dedicated to promoting alternate modes of transportation to faculty, staff and students by providing the following services:

- Quarterly carpool permits
- Carpool ride matching services
- Vanpool services
- Metrolink schedules,
- Omni Trans bus schedules,
- Smog forecasts
- Parking regulations.

Additionally, Commuter Services' mission is to increase the number of drivers who use an alternate transportation mode (i.e. carpool, vanpool, walk, bike, bus or metrolink) so that the number of single occupancy vehicles are reduced.
ACADEMIC REGULATIONS

All students who register at California State University, San Bernardino in resident study must first be admitted to the university by the Office of Admissions and Student Recruitment.

No student may attend classes until his or her registration has been completed.

Registration is complete only when official programs are properly filed and all fees are paid. Students are required to make all payments on the regularly announced days.

Students are granted credit only for those courses in which they are formally registered and are responsible for completing all courses under their name on the schedule confirmation list, except those courses they officially change by filing a change of program with the Office of Records, Registration and Evaluations or through TRACS.

Class Level of Students

Students are classified at the end of each quarter according to total earned credits accepted for transfer and/or completed at California State University, San Bernardino as follows:

<table>
<thead>
<tr>
<th>Status</th>
<th>Units earned</th>
</tr>
</thead>
<tbody>
<tr>
<td>Lower-division</td>
<td></td>
</tr>
<tr>
<td>Freshman</td>
<td>0-44.9 quarter units</td>
</tr>
<tr>
<td>Sophomore</td>
<td>45-89.9 quarter units</td>
</tr>
<tr>
<td>Upper-division</td>
<td></td>
</tr>
<tr>
<td>Junior</td>
<td>90-134.9 quarter units</td>
</tr>
<tr>
<td>Senior</td>
<td>135 quarter units or more</td>
</tr>
<tr>
<td>Postbaccalaureate</td>
<td>Holding a baccalaureate degree from an accredited college and not pursuing a graduate degree program</td>
</tr>
<tr>
<td>Unclassified</td>
<td>No degree or credential objective</td>
</tr>
<tr>
<td>Classified</td>
<td>Pursuing a credential</td>
</tr>
<tr>
<td>Graduate</td>
<td>Postbaccalaureate student pursuing a graduate degree</td>
</tr>
<tr>
<td>Conditionally classified</td>
<td>Completing prerequisite requirements</td>
</tr>
<tr>
<td>Classified</td>
<td>Admitted to the degree program</td>
</tr>
</tbody>
</table>

Academic Information Sessions

All new students, including entering freshmen and transfers, must attend an Undergraduate Studies Academic Information Session prior to meeting with an advisor and registering. Only students who have been admitted by the university can attend a session. Dates for these sessions are provided by the Office of Admissions and Student Recruitment or the Office of Records, Registration and Evaluations.

Advising and Academic Services faculty and staff conduct each session with information concerning EPT/ELM, basic skills, academic advising, registration, university rules and regulations, credit summaries and university support services. For additional information visit our web site at http://ug3.csusb.edu/Advising/index.htm.

Advising

Students must take responsibility for the decisions which affect their academic progress. Faculty and staff at the university are available to assist students by providing academic advisement during their office hours or by appointment.

However, before a student meets with an advisor, the following steps are highly recommended:

1. Become knowledgeable about university policies, procedures and requirements.
52 / Academic Regulations

2. Update and bring a copy of the Program Advising Worksheet for Students (PAWS) to the advising appointment.

3. Develop a tentative course schedule using the University Bulletin, Class Schedule and PAWS.

4. Gather all relevant decision-making information such as work schedules or other time commitments.

5. Prepare a list of questions or topics to discuss with the advisor. This is a good opportunity to discuss educational and career goals.

Students have the opportunity to meet with a faculty advisor each term for help in planning their academic programs and schedules of classes. Usually, the faculty advisor is from the student’s major field. To make contact with an advisor, call the appropriate department office as listed in the Class Schedule, which also gives information about the university’s certificate and credential programs. Students who have not yet declared a major should contact Advising and Academic Services for an appointment. All students should confer with an advisor on a regular basis.

All new freshmen and transfer students are required to attend an information session and meet with an advisor prior to their first registration. Failure to do so will result in a denial of a student’s registration request.

First-term undergraduate students who are placed on academic probation must confer with an Advising and Academic Services advisor prior to registration and must adhere to that advisor’s specific recommendations which are designed to improve the student’s grade point average.

Academic Course Load

Students planning to finish their undergraduate degree requirements in four years by attending three quarters each year must complete a minimum of 15-16 units per quarter. To be considered full-time for veteran’s benefits and financial aid purposes, an undergraduate student must enroll in a minimum of 12 units. With their advisor’s consent, students may carry up to 19.5 quarter units per term.

Unit Overloads. A student may carry 20 or more units only upon petition to his or her college dean. Normally, petitions are approved only if both the grade point average for the previous term and the overall grade point average are 3.0 (“B”) or better. Additional units may be added at the beginning of the first day of classes, if classes remain open and the overload is approved.

Mandatory Basic Skills

College-level skills in written communication (composition), computation (mathematics), oral communication, and critical thinking are basic to success at the university. To qualify for Freshman Composition and General Education mathematics courses, all new students must take the English Placement Test (EPT) and the Entry Level Mathematics (ELM) tests before registering for their first quarter of attendance. See Page 71 for exemptions. All new students who have not completed Freshman Composition and the General Education mathematics requirement (or equivalent courses) must enroll in a Freshman Composition course (ENG 101) and a General Education mathematics course (MATH 110, 115, 120, 192, or 211). They must remain enrolled in these courses until each requirement has been completed. Students who do not qualify for enrollment in those courses must enroll in appropriate developmental courses (ENG 85 or 95; MATH 75, 80 or 90, depending on EPT/ELM scores) until they are qualified to enroll in the General Education courses.

Students must complete the remediation in mathematics and English composition during the first year of enrollment unless granted an exception. The year begins July 1 and ends June 30. Failure to meet these requirements will result in the ending of matriculation at CSUSB. Contact Academic Services for special circumstances at 880-5034.

Accelerated Progress

Some students choose to accelerate progress toward completion of their objectives through a program of independent study and registration for additional course credits.

In addition, credit-by-examination procedures permit students to demonstrate mastery of the content of local courses, as described below, or courses offered through the Advanced Placement Program or the subjects tested by the College Level Examination Programs described on Page 44.

Students wishing to enroll for additional course work during the academic year should follow the procedures described in the section on academic course load, above.

Credit for Comprehensive Examination Courses

Any student admitted to this campus may earn degree credit for no more than three comprehensive examination courses regardless of the total units earned in those courses. This maximum is to be counted separately from all other out-of-class curriculum options (for example, credit by examination). The student’s major discipline may further restrict the number of comprehensive examination credits acceptable toward the major.

In cases where the subject matter of a comprehensive examination course duplicates that of a course taken previously, the university’s Repeat of Course policy will apply (see Page 58). In no instance will duplicate credit be awarded for a repetition of subject matter.

Credit by Examination

A student may petition to receive course credit by examination. In this manner a student who already possesses, or through independent study is able to acquire, the skills or knowledge of the ideas and concepts of a course can accelerate progress through the university. Students must register for the examination in the office of the college or department concerned before the first day of classes of the term in which the course is offered. Some presumptive evidence is required to indicate that the student has a reasonable chance of passing the examination. The student must complete the examination within the first two weeks of the term. Courses may be designated by a college, department or appropriate unit as inappropriate to be challenged by examination on the basis that course content is not suited to such examination.

No fee is charged for these examinations. A student who passes an examination is given the grade of CBE (see Page 56 for definition of this grade) for that course, provided that this does not duplicate credit counted for his admission to the university. No official record is made of failures in these examinations.

Examinations for course credit are given under the following restrictions:

1. They may be taken only by students currently enrolled at the university in courses other than the one(s) to be challenged.
2. They may not be taken by students who have received credit for work in the subject in advance of the course in which the examination is requested, except where permission is granted by the college or department concerned.
3. They may not be taken to raise grades or remove failures in courses.
4. Once students have successfully challenged a course, they may not subsequently enroll in the course for credit. Units attempted, units earned and grade points for any such enrollment will be disallowed.
5. A maximum of 40 units of credit may be received through such examinations.
6. A student may repeat an examination for credit only upon approval of the associate vice president for academic programs.
7. Credit by examination may not be used to fulfill the minimum residence requirement.
8. The course must be offered during the term in which the examination is taken. However, students may not enroll in a course they plan to challenge. If the challenge is unsuccessful, the student may add the course subject to the regulations for adding a class printed in the Class Schedule.

Exact times and places of examinations are announced by the departments concerned. Students who wish to take an examination should consult the departmental office well in advance.

For regulations concerning credit by examination in graduate programs refer to Page 359.

Concurrent Enrollment
Procedures have been established whereby a student in good academic standing at California State University, San Bernardino who has completed at least 18 quarter units of work at the university and who is eligible to register as a continuing student for the immediately subsequent term may enroll concurrently at another college.

To guarantee acceptance, for degree credit, of work taken at institutions other than those within The California State University system (see Intrasystem and Intersystem Enrollment Programs, Page 42), a student must complete a concurrent enrollment contract. These contracts are reviewed by the evaluators in the Office of Records, Registration and Evaluations.

ROTC Programs
The Army ROTC is a two or four year program which leads to a commission in the U.S. Army and trains students for positions of responsibility in the active Army, Army Reserve, or National Guard. The university has the only ROTC program in San Bernardino and Riverside counties. Scholarships, simultaneous enrollment in the National Guard or Army Reserve, specialized summer training, and other challenging activities are some of the benefits of the program. Students may attend ROTC classes on this campus, and attend any of the other two- or four-year colleges in the area. For more information about Army ROTC at CSUSB, consult the Military Science portion of the catalog, or contact the ROTC Office, Health and Physical Education Building, 880-5533.

The Air Force Reserve Officer Training Corps (ROTC) is an educational program designed to give men and women the opportunity to become an Air Force officer while completing a bachelor's or graduate degree. The Air Force ROTC program is designed to prepare students to assume positions of increasing responsibility and importance while on active duty in the Air Force. Multi-year scholarships are available for books, tuition, and fees associated with various major fields of study. Students may attend ROTC classes on campus while enrolled in any of the area's two or four year colleges. For more information contact the Aerospace Studies Department, Health and Physical Education Building, 880-5440.

Cross-Registration with University of California, Riverside
On a limited basis, students may be permitted to take advantage of courses offered at the nearby University of California campus in Riverside. Note that this opportunity is available only for undergraduate courses not normally offered at CSUSB and is subject to availability of space at UC Riverside after their early registration process is completed. The following conditions apply:
1. A limited number of students may participate.
2. A limit of one course per student per quarter.
3. The student is matriculated and currently enrolled in a degree program.
4. Student must pay sufficient (full) fees at the Home Campus. No additional registration fees will be required at the Host Campus.
5. The desired course is not offered at the Home Campus.
6. Student must be in good academic standing.
7. Student must observe all academic deadlines and regulations of the Host Campus.
8. Enrollment is subject to space availability and consent of the instructor.
9. Student must meet course prerequisites of the Host Campus.
10. Records of grades will be maintained by the Host Campus and forwarded to the Home Campus. The Home Campus will include the "transfer" work on the student's transcript, with a footnote indicating that the course was taken through the exchange program.
11. Residence credit will be granted for courses taken by CSUSB students under this arrangement.
12. Cross-registration students will have the use of library facilities at the Host Campus. The student is not eligible for other student services or facilities.

Check with the Office of Records, Registration and Evaluations for more details and application form.

Class Schedule
An official Class Schedule, prepared each quarter by the university, includes the registration schedule, procedure for registration, fees, classes offered by hours and instructors, and other pertinent registration information. The schedule is available just prior to advisement and early registration each quarter and may be purchased at the Coyote Bookstore. Students are responsible for being aware of information contained in the Class Schedule.

Registration Procedures
All registration, including schedule adjustments (adds and drops) and late registration, will be accomplished by students using touchtone telephones (TRACS) or on the website for WebReg http://info001.csusb.edu. It is essential that students follow the required telephone registration or on-line procedures and conform to established deadlines as given each quarter in the Class Schedule.

Simultaneous Enrollment. Procedures have been established whereby a student may enroll in two courses that are scheduled to meet at overlapping times. The student should procure a Petition for Waiver of University Regulations from Advising and Academic Services, meet with instructors for both of the courses involved to make special arrangements, and obtain the written approval of both instructors. The petition must be filed prior to the student's registration for the quarter.
Late Registration
The dates of late registration each term will be announced in the Class Schedule. The university calendar, Pages 4-5, lists registration dates. Late registrants may find themselves handicapped in arranging their programs due to closed classes. A $25 late registration fee is required.

Adding Classes
Beginning with the first day of the schedule adjustment period, all students may add classes, subject to appropriate approvals, continuing up to and including the last day to add classes. (See the Class Schedule.)

Auditing Courses
Enrollment in any course as an auditor shall be permitted only after students otherwise eligible to enroll in the course on a credit basis have had an opportunity to do so and only upon consent of the instructor. Auditors are subject to the same fee structure as credit students, and regular class attendance is expected.

Credit for courses audited will not subsequently be granted on the basis of the audit. Transcripts are not issued for audited courses.

Once enrolled as an auditor, a student may not change to credit status unless such a change is requested within the first week of class and is approved by the instructor. Students registered for credit may change their status from that of an enrolled student to that of an auditor with the approval of the instructor concerned and within the first three weeks of class.

Forms for such changes may be obtained at the Office of Records, Registration and Evaluations in University Hall.

Class Attendance
Regular attendance is expected of all students enrolled at the university. The instructor of each class sets specific standards expected of students.

A student absent from classes is responsible for arranging to make up missed class work and assignments. In cases of prolonged absence, the student should investigate the feasibility of withdrawing from the university. (See below.)

Administrative Drop Policy
Faculty members may initiate an administrative drop of a student in their courses based on the following criteria.

Lack of attendance. Students who fail to attend two consecutive class meetings during the first two weeks of the term without contacting the faculty member or making special arrangements.

Prerequisites not met. Students must be able to show completion of required courses and have the background needed to succeed in the course.

Declared majors. Certain courses are open only to students who have been formally admitted to the major program. Special permission and signature of department chair may be required.

Students who are administratively dropped will receive a notice in the mail. Students should not assume they are automatically disenrolled unless written confirmation is received. It is the student’s responsibility to withdraw from classes prior to requesting a refund. After the drop is initiated, other students will be permitted to add the class if it was closed.

If the administrative drop reduces the student’s unit load to a lower fee level, it is the student’s responsibility to file a request for a refund of fees by the deadline printed in the Class Schedule. Questions regarding refunds should be addressed to the Accounting Office at 880-5153.

Withdrawal from a Class or the University (See Class Schedule for details.)
Students who find it necessary to cancel their registration or to withdraw from all classes after enrolling for any academic term are required to follow the university’s official withdrawal procedures. Failure to follow formal university procedures may result in an obligation to pay fees as well as the assignment of failing grades in all courses and the need to apply for readmission before being permitted to enroll in another academic term. Information on cancelling registration and withdrawal procedures is available in the Office of Admission and Student Recruitment.

Students are assigned grades for every course in which they have enrolled. If a student withdraws officially from the university or from a class by the end of the third week of class (see university calendar for exact date), the course is not recorded on the permanent record; however, a refund will not be granted if withdrawal is beyond the refund deadline date.

Withdrawal after the third week is permissible only for serious and compelling reasons. Permission to withdraw during this time period must be obtained from the instructor and the college dean.

Withdrawal will not be permitted during the final three weeks of instruction except in cases such as documented personal problems, accident, serious illness, employment change or military orders, where the cause of withdrawal is due to circumstances clearly beyond the student’s control and the assignment of an Incomplete grade is not practicable. Withdrawal during this period requires the approval of the instructor and the college dean.

A grade of “W” will be assigned for approved withdrawals occurring after the third week of instruction.

Students who receive financial aid funds must consult with the Financial Aid Office prior to withdrawing from the university regarding any required return or repayments of grant or loan assistance received for that academic term or payment period. If a recipient of student financial aid funds withdraws from the institution during an academic term or a payment period the amount of grant or loan assistance received may be subject to return and/or repayment provisions.

Retroactive Withdrawal
Requests for withdrawal from a course(s) following the close of the term (retroactive withdrawal) will be considered only for: accident or illness (physical or mental), serious personal or family problems, or military transfer. Documentation is required. In addition, extenuating circumstances must be shown to have prevented withdrawal in a more timely fashion. Partial withdrawal of grades during a term is not permissible unless a special circumstances exists and is approved by the dean of the student’s major. All courses must be withdrawn and will be noted with a “W” on the official transcript. Lack of awareness of the withdrawal procedures is not an extenuating circumstance.

Employment-related reasons are not acceptable.

Requests by undergraduates must be made in writing to the Director of Advising and Academic Services, UH-380. Requests by unclassified postbaccalaureate, credential candidates and graduate students must be made in writing to the Dean of Graduate Studies, AD-127.

Leave of Absence
Degree seeking students who plan to be absent from the university for more than two consecutive quarters must file a leave of absence to preserve their current catalog rights (Title 5, Article 5,
The leave of absence policy covers both involuntary and voluntary interruptions. In most instances, with an approved leave of absence, a student may be absent from the campus without losing rights to specific degree requirements under an earlier catalog.

Petitions for leaves of absence should be filed in advance of the interruption in enrollment. Each leave commences with the first regular quarter of non-attendance. Medical and military leaves may be considered retroactively if supported by individual circumstances, but those leaves must be filed no later than census date of the third regular quarter of non-attendance. Personal and planned educational leaves cannot be retroactive since they constitute an agreement or "contract" which must be set in advance. The maximum duration for any leave is two calendar years.

Leaves of absence will not be approved for students subject to disqualification or dismissal due to academic deficiencies or disciplinary action.

Other students ineligible for leaves of absence are those who are not completing any degree applicable course work, those who are enrolling only in extension courses or those who are only auditing courses.

Students who do not return to CSU, San Bernardino at the conclusion of their planned leaves and those who enroll elsewhere without permission of the Office of Records, Registration and Evaluations will be considered to have withdrawn from the university at the end of their last quarter of regular enrollment.

International students must submit a copy of the leave of absence petition to the Office of International Student Services, UH-235. Visa students must be registered as full-time students except, when after three consecutive quarters of regular enrollment they decide to take a quarter off. All leave of absence periods must be approved by ISS prior to taking the leave in order to report the students properly to the Bureau of Citizenship and Immigration Services (BCIS). As a general rule, visa students must go back to their home country when applying for a leave of absence, as their primary goal in the U.S. is to obtain an academic degree.

The following Leaves of Absence may be requested:

**Medical Leave of Absence**: Requests must be accompanied by a statement from a medical doctor explaining why the student must interrupt enrollment. Exceptions to the two-year limit may be granted under extenuating circumstances.

**Military Leave of Absence**: For those being inducted, requests must be accompanied by a copy of military orders indicating the induction date. For students being called to active military service, Title 5, Section 40401, provides for an extended leave of absence up to a maximum of two years due to approved educational reasons and for circumstances beyond a student's control. The university will approve a leave for students called for active military service as a result of mobilization of U.S. military reserves. Students will retain their catalog rights and register for subsequent quarters. In the case of students called for active military service, the university will authorize withdrawals throughout the quarter. For additional information, assistance with dropping current classes and other processing, see the veteran's coordinator in the Office of Records, Registration and Evaluation (UH-171, 880-5213).

**Personal and Planned Educational Leaves of Absence**: is defined as a planned interruption or pause in a student's regular education during which the student temporarily ceases formal studies at CSU, San Bernardino. The student must plan to return to CSU, San Bernardino at the end of the leave. Such activities may be for the purpose of clarifying or enriching educational goals or to allow time to address personal matters and thus enhance the prospect of successful completion of the student's academic program.

Since students usually maintain their catalog rights, courses completed at other institutions must have received prior approval in order to be transferred back to CSU, San Bernardino. Therefore, a student must also file a concurrent enrollment form with the Office of Records, Registration and Evaluations to obtain that approval. Failure to file a concurrent enrollment form may result in coursework not being accepted and revised G.E. and major requirements being required.

**Returning from Approved Leave of Absence**: When students plan to return from their leave, a readmission form, available through the Office of Records, Registration and Evaluations must be submitted within the filing period for the quarter of return. No application fee will be assessed for leaves of absence that meet the terms of the leave agreement.

**Final Examinations**

Written examinations of two hours' duration are held at the close of each term. In courses extending over more than one term, the examination in the concluding term may also cover work done in the preceding term or terms. Examinations may not be taken before or after the scheduled period nor may the time of an examination be changed without authorization by the dean of the appropriate college. Permission to take a final examination with a different section in the same course may be granted by the dean of the appropriate college with the consent of the instructors concerned. Failure to take or to pass any final or other course examinations will result in such deficiencies as instructors may assign.

**Final Grade**

Final grades will be available to students within two weeks after the last day of each quarter except for Fall quarter grades which will be available the first business day of the following January. Grades are accessed through TRACS.

**Grade/Academic Grievance Procedures**

Information concerning grade grievances and other academic grievances may be obtained from the Office of the Associate Dean of Undergraduate Studies in AD-183 or from College Deans' offices. Generally, a grade grievance must be initiated by the student within no more than 40 working days after the grade is recorded. The complete policy statement is available at the Office of the Dean of Undergraduate Studies, UH-368, or the Office of the Associate Dean of Undergraduate Studies, AD-183, or on the web at http://academic-affairs.csusb.edu/progs/grade_policy.

Information concerning nonacademic grievances and discrimination complaints may be obtained from the Office of the Vice President for Student Affairs, UH-231, other Vice Presidents' offices, and College Deans' offices. A grievance or complaint must be filed within no more than 40 calendar days after the student learned or reasonably should have learned of the occurrence of the grievance/complaint event. These policies can also be accessed at http://studentaffairs.csusb.edu/policies.html.
Grades

The grade symbols used at the university are as follows:

<table>
<thead>
<tr>
<th>Grade symbol</th>
<th>Performance level</th>
<th>Grade points per quarter hour</th>
</tr>
</thead>

All courses, except those specifically designated otherwise, will be graded on the A through F basis.

Grade point averages are computed by dividing the number of grade points earned by the number of units attempted. Only units and grade points earned by a student while enrolled at this university are used to compute the resident grade point average. Grades from courses numbered 1-99 are not computed in this average.

The following administrative grades carry no grade points and are, therefore, not used to determine a student's grade point average. Grades from courses numbered 1-99 are not computed in this average.

The following administrative grades carry no grade points and are, therefore, not used to determine a student's grade point average. Grades from courses numbered 1-99 are not computed in this average.

Expanded Grade Symbol Definitions

**A (Excellent):** Meeting course requirements with a superior level of performance. A is recognized to be an honors evaluation.

**B (Good):** Meeting course requirements with a high level of performance.

**C (Satisfactory):** Meeting course requirements with an acceptable performance.

**D (Passing):** Meeting course requirements with minimally adequate performance.

**F (Failing):** Inadequate performance or not meeting course requirements.

**CR (Credit):** A satisfactory or better level of performance, equivalent to the grade of "C" (2.0) or better, has been demonstrated in meeting course objective. For graduate courses, equivalent to grade of "B" (3.0) or better.

**NC (No Credit):** Performance at an unsatisfactory or failing level, equivalent to a grade of "C-" (1.7) or less. For graduate courses, equivalent to a grade of less than "B" (3.0). Does not award credit for the course or affect grade point average.

**CBE (Credit by Exam):** This symbol indicates that a student has successfully passed a course through an examination. It is not included in the calculation of grade point averages.

**I (Incomplete):** An Incomplete signifies that a portion of required course work has not been completed and evaluated in the prescribed time period due to unforeseen, but fully justified reasons and that there is still a possibility of earning credit. It is the responsibility of the student to bring pertinent information to the instructor and to reach agreement on the means by which the remaining course requirements will be satisfied. A final grade is assigned when the work agreed upon has been completed and evaluated.

An Incomplete must be made up within one calendar year immediately following the end of the term in which it was assigned. This limitation prevails whether or not the student maintains continuous enrollment. Failure to complete the assigned work will result in an Incomplete being converted to an IC (or an NC if applicable) for grade point average computation. Note: In some instances the instructor may have indicated on the Incomplete Form a grade to be assigned in the eventuality that the remaining course work is not completed.

Students may not receive an "I" grade in any applicable degree course for the term in which their graduation check is filed. Students will be required to refile their grad check for the term in which the outstanding requirements are fulfilled.

**IC (Incomplete Charged):** The IC symbol is used when a student who received an authorized incomplete "I" has not completed the required course work within the allowed time limit. The "IC" replaces the "I" and is counted as a failing grade for grade point average and progress point computation.

**RD (Report Delayed):** The RD symbol is used in those cases where a delay in the reporting of a grade is due to circumstances beyond the control of the student. The symbol is assigned by the Office of Records, Registration and Evaluations and is replaced beyond the control of the student. The symbol is assigned by the Office of Records, Registration and Evaluations and is replaced by a more appropriate grading symbol as soon as possible. An RD is not included in the calculation of grade point averages.

**SP (Satisfactory Progress):** The SP symbol is used in connection with course that extend beyond one academic term. It indicates work is in progress but that assignment of a final grade must await completion of additional work. Work is to be completed within one year except for graduate degree theses. (Previously SP.)

**W (Withdrawal):** The symbol W indicates that the student was permitted to withdraw from the course after the 15th day of instruction with approval of the instructor and appropriate campus officials. It carries no connotation of quality of performance and is not used in calculating grade point average.

**WU (Withdrawal Unauthorized):** The symbol WU indicates that an enrolled student did not withdraw from the course and also failed to complete course requirements. It is used when, in the opinion of the instructor, completed assignments or course activities or both were insufficient to make normal evaluation of academic performance possible. For purposes of grade point average and progress point computation this symbol is equivalent to an "F." (Previously U.)
Policy on Nontraditional Grading

All courses are graded on an A through F basis, except those specifically designated as follows:

Credit/no credit: Credit is awarded for grades equivalent to "C" (2.0) or better. No credit is awarded for grades equivalent to C- or less.

ABC/no credit: Grades awarded are A, A-, B+, B, B-, C+ or C. No credit is awarded for grades equivalent to C- or less.

Certain activity courses, independent study projects, and other courses serving special needs are not readily evaluated in the traditional A through F manner. The non-traditional credit/no credit grading allows faculty to award credit for satisfactory performance in an activity, rather than assign a letter grade when such performance cannot be evaluated traditionally.

Courses graded credit/no credit, whether taken at this or at another institution, may not be used to satisfy requirements for the major, except specific courses designated by the department to be graded credit/no credit.

Students who, because of a change of major or because of transfer from another institution or for any other reason, present courses in the major field which have been graded on a credit/no credit basis may, at the discretion of the department or other appropriate academic unit, be required to pass competency examinations at an acceptable level or to take prescribed alternate courses before being allowed to continue in the major.

A student may offer no more than 36 quarter units of work graded credit/no credit in satisfaction of the total units required in the student's baccalaureate degree program at California State University, San Bernardino. This number includes any combination of units graded credit/no credit earned at California State University, San Bernardino and any other institution or institutions, excepting that all units accepted for transfer credit from an institution or in-stitution by California State University, San Bernardino of 36 quarter units graded credit/no credit earned at California State University, San Bernardino. This number includes any combination of units graded credit/no credit in satisfaction of the total units required in the student's baccalaureate degree program at California State University, San Bernardino.

Retention, Academic Probation and Disqualification

For purposes of determining a student's eligibility to remain at the university, quality of academic performance toward the student's objective shall be considered. Such eligibility shall be determined by the use of grade point average. Also see the Student Discipline Code (page 530) for other regulations governing expulsion, suspension, and probation. This policy is in effect beginning Fall 2003 following the Minimum Requirements for Probation and Disqualification established by Executive Order No. 823.

Academic Probation

An undergraduate student is subject to academic probation if at any time the cumulative grade point average in all college work attempted or the cumulative grade point average at California State University, San Bernardino falls below 2.0 (Title 5, California Code of Regulations, Section 41300 (a)). The student shall be advised of probation status promptly.

An undergraduate student shall be removed from academic probation when the cumulative grade point average in all college work attempted and the cumulative grade point average at California State University, San Bernardino is 2.0 or higher.

Academic Disqualification

An undergraduate student on academic probation is subject to academic disqualification (as authorized by Section 41300 (b) of Title 5) when:

1. As a freshman (fewer than 45 quarter units of college work completed) the student falls below a grade point average of 1.50 in all units attempted or in all units attempted at the campus where enrolled.
2. As a sophomore (45 through 89 quarter units of college work completed) the student falls below a grade point average of 1.70 in all units attempted or in all units attempted at the campus where enrolled.
3. As a junior (90 through 134 quarter units of college work completed) the student falls below a grade point average of 1.85 in all units attempted or in all units attempted at the campus where enrolled.
4. As a senior (135 or more quarter units of college work completed) the student falls below a grade point average of 1.95 in all units attempted or in all units attempted at the campus where enrolled.

The President (as authorized by Section 41300 (c) of Title 5) has designated the Director of Advising and Academic Services to act to disqualify an individual not on probation when the following circumstance exists:

1. At the end of any term, the student has a cumulative grade point average below 1.0, and
2. The cumulative grade point average is so low that in view of the student's overall educational record, it seems unlikely that the deficiency will be removed within a reasonable period, as defined by campus academic policy.

Notice of Disqualification

Students who are disqualified at the end of any quarter under any of the provisions of this policy should be notified before the beginning of the next consecutive regular quarter. Students disqualified at the beginning of a summer enrollment break should be notified at least one month before the start of the fall term. In cases where a student ordinarily would be disqualified at the end of a term, save for the fact that it is not possible to make timely notification, the student may be advised that the disqualification is to be effective at the end of the next term. Such notification should include any conditions which, if met, would result in permission to continue in enrollment. Failure to notify students does not create the right of a student to continue enrollment.

Probation and Disqualification of post-baccalaureate and graduate students are subject to Section 41300 (d), (e), and (f) of Title 5 and criteria established by the Office of Graduate Studies. (See Standards for Graduate Study on Page 357.)

Administrative-Academic Probation

An undergraduate or graduate student may be placed on administrative-academic probation by action of appropriate campus officials (as authorized by Section 41300.1 of Title 5) for any of the following reasons:

1. Withdrawal from all or a substantial portion of a program of studies in two successive terms or in any three terms. (Note: A student whose withdrawal is directly associated with a chronic or recurring medical condition or its treatment is not...
to be subject to Administrative-Academic probation for such withdrawal.)

2. Repeated failure to progress toward the stated degree objective or other program objective, including that resulting from assignment of 15 units with grades of NC, when such failure appears to be due to circumstances within the control of the student.

3. Failure to comply, after due notice, with an academic requirement or regulation, as defined by campus policy, which is routine for all students or a defined group of students (examples: failure to complete a required CSU or campus examination, failure to complete a required practicum, failure to comply with professional standards appropriate to the field of study, failure to complete a specified number of units as a condition for receiving student financial aid or making satisfactory progress in the academic program).

When such action is taken, the student shall be notified in writing and shall be provided with the conditions for removal from probation and the circumstances that would lead to disqualification, should probation not be removed.

Administrative-Academic Disqualification

A student who has been placed on administrative-academic probation may be disqualified from further attendance (as authorized by Section 41300.1 of Title 5) if:

1. The conditions for removal of administrative-academic probation are not met within the period specified.
2. The student becomes subject to academic probation while on administrative-academic probation.
3. The student becomes subject to administrative-academic probation for the same or similar reason for which he has been placed on administrative-academic probation previously, although not currently in such status.

When such action is taken, the student shall receive written notification including an explanation of the basis for the action.

Administrative Contract Appeal and Readmission Process

A student placed on academic probation may appeal this action by contacting the Director of Advising and Academic Services. A student placed on academic probation may be required to meet with an academic advisor and sign an Administrative Contract with Advising and Academic Services or with his/her major department advisor. A registration block for the ensuing quarter enrollment after the initial probationary status will be placed if a contract is not signed.

A student subject to disqualification will not be permitted to enroll in any regular term and may be denied admission to other educational programs operated or sponsored by the university. The student must contact the Office of Advising and Academic Services at 880-5034 in order to receive the guidelines to petition for readmission. See the statement on Readmission of Previously Disqualified Students on Page 45 for further details.

Repeat of Courses: Undergraduates

1. The discounting of a grade in a repeated course is by petition only. Petitions should be filed after completion of the course for the second time. Discounting, as used in these guidelines, means that when computing grade point averages required for graduation with a baccalaureate degree, "units attempted," "units passed" and "grade points" for the first attempt shall be excluded. The first attempt will still show on the transcript with the repeat (discount) noted.

2. Students may repeat a course only once in order to have the first grade discounted. The grade earned in the second attempt will be the grade used. Repetitions subsequent to the second attempt will be averaged when determining cumulative grade point averages.

3. The grades in no more than five different courses may be discounted by repeating them.

4. A course may not be repeated for the purpose of removing an Incomplete. Incompletes that have changed to a letter grade or are now being counted as equivalent to an F may be discounted on repeat.

5. Students on dismissal may repeat a course through the Extended Learning Open University program and petition to have the grade earned treated as though it were taken in residence.

6. If the course which was taken at CSUSB is repeated elsewhere, the grades will be averaged in determining a student's overall grade point average. Repeating a course elsewhere will have no effect on a student's CSUSB grade point average.

7. Grades for courses taken at one institution (other than CSUSB) and repeated at another institution (other than CSUSB) will be averaged when determining a student's cumulative transfer grade point average.

8. CSUSB will honor the repeat-of-course policy in effect at the institution issuing the transfer transcript.

9. Students may repeat courses transferred from other institutions at CSUSB and the transfer grade will be discounted if provisions of the pertinent preceding guidelines are met. Course equivalency will be determined by the evaluation section of the Office of Records, Registration and Evaluations or by the department offering the course.

10. Unclassified postbaccalaureate students may be permitted to repeat a course taken as an undergraduate. However, the grade earned shall not replace the grade in the undergraduate record.

11. Courses taken for undergraduate credit may not be repeated for discount as a postbaccalaureate student. Unless expressly allowed, credit may not be awarded for a course that has been previously completed, either at California State University, San Bernardino, or elsewhere, unless a petition is filed to discount the first attempt.

Graduate students refer to Page 360. Contact Advising and Academic Services, UH-380, 880-5034, for questions regarding grade discounts.

Academic Renewal

Under certain circumstances, a student may petition to have up to two semesters or three quarters of previous course work disregarded from all considerations associated with requirements for the baccalaureate degree. In order for this to happen the following conditions must be met:

1. The work to be disregarded must have been completed at least five years before the date of the petition to disregard it.

2. The student has completed all GE, major and elective requirements with the exception of the cumulative and/or CSUSB grade point average of 2.0. The student must demonstrate that it would be necessary to complete additional units and enroll for one or more additional terms in order to qualify for the baccalaureate if the request were not approved.

3. During the interval since completing the work to be disregarded, the student must have maintained a satisfactory record at CSUSB (22 units with at least a 3.0 grade point average; 45 units with at least a 2.5 grade point average; or 67 units with at least a 2.0 grade point average).
4. Under special circumstances, a student who was admitted on probation through the administrative contract process may petition to have up to three quarters or two semesters of previous coursework disregarded from all consideration for the baccalaureate degree if ALL of the following conditions are fulfilled:

a. the work to be disregarded must have been completed at least five years before the date of the petition to disregard it;

b. the student must make the request for this academic renewal within the first academic year of attendance at CSUSB;

c. during the interval since being admitted and the petition request, the student must have completed a minimum of eight units and maintained an above satisfactory record at CSUSB with at least a 3.0 grade point average;

d. the student must be on administrative contract in Academic Services at the time the petition is filed.

The approval will allow the student to be in good academic standing. Students seeking academic renewal should consult with the Director, Advising and Academic Services (UH-380).

Plagiarism and Cheating

Plagiarism and cheating are violations of the Student Discipline Code (see Appendix) and may be dealt with by both the instructor and the Judicial Affairs Officer. Procedures for addressing cheating and plagiarism are found below. Questions about academic dishonesty and the policy should be addressed to the Office of the Vice President, Student Services.

Plagiarism is the act of presenting the ideas and writing of another as one's own. Cheating is the act of obtaining or attempting to obtain credit for academic work through the use of any dishonest, deceptive, deceptive, or fraudulent means.

Cheating includes but is not limited to:

- Copying, in part or in whole, from another's test, software, or other evaluation instrument;
- Submitting work previously graded in another course unless this has been approved by the course instructor or by departmental policy;
- Submitting work simultaneously presented in two courses, unless this has been approved by both course instructors or by the department policies of both departments;
- Using or consulting during an examination sources or materials not authorized by the instructor;
- Altering or interfering with grading or grading instructions;
- Sitting for an examination by a surrogate, or as a surrogate;
- Any other act committed by a student in the course of his or her academic work, which defrauds or misrepresents, including aiding or abetting in any of the actions defined above.

Plagiarism is academically dishonest and subjects the offending student to penalties up to and including expulsion. Students must make appropriate acknowledgments of the original source where material written or compiled by another is used.

Procedure. Allegations of academic dishonesty may be handled directly by the instructor or may be referred by the instructor to the Judicial Affairs Officer.

If handled by the instructor, the instructor has the following responsibilities:

- To preserve the evidence in support of the allegation;
- To notify the student of the allegation and of the evidence on which it is based;
- To provide the student a reasonable opportunity to challenge or rebut the allegation;
- To notify the student of the action being taken.

The instructor may employ any of the following sanctions:

- Verbal or written reprimand;
- Assignment of appropriate task or examination;
- Change of grade, including assigning a punitive grade to the work involving the dishonesty, or for the course, project, thesis, or any other summary evaluation of the student's academic work.

If the student does not wish to accept the sanction proposed by the instructor, the student may request and require that the allegation be referred to the Judicial Affairs Officer. In that event, the procedures specified under Executive Order 628 (Student Disciplinary Procedures of the California State University) shall be observed. The instructor shall not impose any sanction other than the sanction(s) imposed through the disciplinary procedure.

Declaring (or changing) a Major

Work in a major field of study is designed to afford students the opportunity to engage in intensive study of a discipline. Because there is a strong correlation between having a declared major and persistence at the university, all students are strongly encouraged to declare a major as quickly as possible. Students may declare a major at the time of graduation for all requirements.

In order to declare or change a major, students should process a Change of Major form through the Office of Records, Registrations, and Evaluations. Before submitting the Change of Major, students should contact an advisor or new major for advising. Students who declare a major or change from one major to another following admission will be held to either:

1. The current catalog for requirements of the major and to the catalog under which they entered for other college requirements (for example, general education), or
2. The catalog in effect at the time of graduation for all requirements.

A processing fee will be assessed each time a student files a Change of Major form. (See Class Schedule for fee.)

Required Declaration of a major. A non-transfer CSUSB student who has not declared a major will receive a notice from the office of Advising and Academic Services when the student has 70 units (this will count work in progress). The notice will require that the student come into the office of Advising and Academic Services and meet with an advisor to talk about selecting a major. A registration hold will be placed on the student's file, and the student will not be allowed to register for a subsequent term until he or she has come in for that appointment. Counseling regarding the selection of a major will be the focus of that appointment leading to referral to an academic department or, in some cases, to the Career Development Center. A student who does not declare a major by the time he or she has completed 90 quarter units will not be allowed to register without the approval of the Director of Advising and Academic Services.
The procedure for transfer students will depend on the total number of units CSUSB counts toward the student's degree. Students who receive credit for fewer than 70 quarter units will be held to the same timeline for declaring a major as students who began at CSUSB as first-time freshmen. Students who come in with 70 or more quarter units will be required to declare a major after they have completed 20 units at CSUSB. If a major is not declared at admission, the transfer student will receive a notice from the Office of Advising and Academic Services. The notice will require that the student come into the office of Advising and Academic Services and meet with an advisor to talk about selecting a major. A registration hold will be placed on the student's file, and the student will not be allowed to register for a subsequent term until he or she has come in for that appointment. Counseling regarding the selection of a major will be the focus of that appointment leading to a referral to an academic department or, in some cases, to the Career Development Center. If a major is not declared by the completion of 20 quarter units at CSUSB, a transfer student held to this policy will not be allowed to register without the approval of the Director of Advising and Academic Services.

Election of Graduation Requirements

A student remaining in continuous attendance in regular sessions and continuing in the same curriculum in this university, in any of the California community colleges, or in any combination of California community colleges and campuses of the California State University, may, for purposes of meeting graduation requirements, elect to meet the graduation requirements in effect at this university either at the time of entering the curriculum or at the time of graduation from this university, except that substitutions for discontinued courses may be authorized or required by the proper university authorities. (See Leave of Absence, Page 54.)

University Honors

University Honors for graduation. To be considered for University Honors for graduation, an undergraduate student must have completed a minimum of 45 units of work at California State University, San Bernardino in courses for which letter grades (A, B, C and D) were received. University Honors for commencement are based on the student's units and grade point average through the end of the previous winter quarter. University Honors for commencement are based on the student’s units and grade point average through the end of the previous quarter prior to commencement.

- **Highest Honors:** an overall cumulative undergraduate grade point average of 3.9 or above and a grade point average of 3.9 or above in all work attempted at this university.
- **High Honors:** an overall cumulative undergraduate grade point average of 3.75 or above and a grade point average of 3.75 or above in all work attempted at this university.
- **Honors:** an overall cumulative undergraduate grade point average of 3.5 or above and a grade point average of 3.5 or above in all work attempted at this university.

Dean's List. An undergraduate student completing 12 or more units for which letter grades (A, B, C and D) were received, and who earns a 3.5 or above in any regular academic term will be placed on a Dean's List.

- **Dean's Letter of Recognition.** Any full-time undergraduate student, meeting the above requirements, who earns a 4.0 in any regular academic term will receive a letter of special recognition from the appropriate dean.

**Presidential Letter of Recognition.** Any full-time undergraduate student, meeting the above requirements, who earns a 4.0 in three consecutive regular academic terms will receive a letter of special recognition from the president of the university.

Departmental Honors. Individual departments may award departmental honors at graduation, recognizing distinguished students majoring in that field. The requirements to be met to earn honors are specified by the respective departments. Departmental honors are currently awarded in accounting and finance, anthropology, biology, chemistry, communication, computer science, criminal justice, economics, English, environmental studies, French, geography, geology, health science, history, human services, information and decision sciences, kinesiology, liberal studies, management, marketing, mathematics, music, nursing, philosophy, physics, political science, psychology, public administration, sociology and Spanish.

Graduation Requirement Check

Students must request a graduation requirement check at the Office of Records, Registration and Evaluations prior to the end of the term of their expected graduation. Undergraduates should not request the check until they have accumulated 144 quarter units toward their degree, which may include work in progress. Students must pay for and file the graduation check by the deadlines established for each quarter and published in the academic calendar of the catalog and in the Class Schedule.

Students who do not complete the requirements in the terms for which the first graduation check was filed must refile and pay for a second graduation check indicating the quarter in which graduation is expected. Access to registration for terms subsequent to the stated graduation term will not be granted unless a graduation check is refiled for a later term or a graduate/postbacalaureate application is submitted for readmission.

Diplomas

Diplomas are issued for a specific degree only with no concentration, option, track, minor, etc. shown on the diploma. This information is recorded on the student's university transcript.

Students earning a Special Major will automatically receive a diploma stating "Special Major." Students wishing to have a diploma reflect the field of study will need to purchase a duplicate diploma requesting this additional information. Duplicate diploma forms are available in the Office of Records, Registration and Evaluations and require a $15 processing fee. (Currently under review.)

Commencement

Participation in commencement activities is voluntary. CSUSB has two commencement exercises, one in December and one in June.

**December 2004**

Summer 2004, prospective December 2004 and March 2005 candidates are eligible to participate in the December 2004 commencement exercise. In order to get commencement information to all eligible students, the deadline to file a graduation check and be included in the commencement program is the last working day in October.

**June 2005**

December 2004, March 2005 and prospective June and September 2005 candidates are eligible to participate in the June 2005 commencement exercises. In order to get commencement information to all eligible students, the deadline to file a graduation
check and be included in the commencement program is the last working day in April.

Students who do not file graduation checks within the specified time period may still participate in commencement but will not have their names included in the commencement program. Appropriate information will be sent to students. Graduates and candidates wishing to participate in the commencement ceremony will be required to pay a commencement fee. Questions regarding commencement should be directed to the Academic Affairs/Academic Resources Commencement Office, 880-7050.

Palm Desert Campus

The Palm Desert Campus holds one Commencement exercise in June. The commencement fee is paid at the Palm Desert Campus. Questions regarding this exercise should be directed to the Palm Desert Campus Administrative Office (760) 341-2883. Palm Desert Campus graduates have the option of also participating in the main campus exercises.

Master's Students

In order to participate in commencement, students completing a master’s degree must file a grad check AND meet the eligibility requirements specified by their program. For the specific requirements, students should consult their program coordinator or go to http://gradstudies.csusb.edu.

Credential Students

Students completing a Multiple Subject, Single Subject, or Education Specialist Basic credential during September 2004 through August 2005 are eligible to participate in a Credential Recognition Ceremony rather than commencement. Only one Credential Recognition Ceremony will be held in June 2005. Specific information can be obtained in the College of Education Office, CH-107.

Postbaccalaureate Credit for Senior Students

A student, for the term (including summer) in which he or she receives the baccalaureate degree, will be granted postbaccalaureate credit for any course taken at California State University, San Bernardino numbered 300 or above which is not needed to meet undergraduate degree requirements. Students not wishing to receive postbaccalaureate credit for such courses must file a petition in Advising and Academic Services, UH-380, to have the work included in their undergraduate program. Postbaccalaureate credit will not be granted for courses numbered below 300 or for courses numbered 300 or above taken in advance of the last undergraduate term.

Information for Issuance of Transcripts

Single transcripts are issued at a cost of $4 per copy, payable in advance. (Refer to fee schedule in the Class Schedule or Page 48.)

All transcripts will be complete as of the date of issuance showing all work attempted at California State University, San Bernardino.

Copies are normally mailed two weeks after receipt of request. However, if the request specifies inclusion of grades just earned or verification of a degree just awarded, two to three weeks must be allowed beyond the end of the term for a transcript to be issued.

The university will not issue transcripts to the student, another educational institution or a third party if there is a transcript hold in place. The student must contact the Office of Records, Registration and Evaluations once the hold has been lifted so that the transcript request can be processed.

Access to Records

All student records, including recommendations, are kept by the university in accordance with the Family Educational Rights and Privacy Act of 1974, which allows students access to their records. Inquiries and concerns about this federal regulation should be directed to the Office of the Vice President for Student Services for further information.

Veterans Information and Enrollment Certification

California State University, San Bernardino, is approved for the training of veterans of the military services and their dependents under educational assistance programs, established by the state and federal governments. Applications for educational benefits may be obtained directly from the veterans certification clerk in the Office of Records, Registration and Evaluations.

Student enrollment certification is based on the following minimum unit loads for undergraduates:

- Full time . . . . . . . . . . . .12 quarter units
- 3/4 time . . . . . . . . . . . .9-11.5 quarter units
- 1/2 time . . . . . . . . . . . .6-8.5 quarter units

The university will certify course loads to the Veterans Administration based on the criteria above for units which are degree or objective applicable. Veterans enrolled less than half time are eligible for reimbursement of tuition and fees only.
CERTIFICATE PROGRAMS

The university offers a variety of programs leading to a certificate of competency in special areas. Certificates may be earned by regularly matriculated or extended learning students and denote successful completion of a prescribed program of study designed to impart specified professional/vocational/career competencies, or produce mastery of the content of a subfield of an academic major (discipline), or provide exposure to the range of materials in a traditional or emerging interdisciplinary field.

Courses offered for the certificate may be the same ones used to satisfy major, minor, credential or general education requirements. In order to qualify for a certificate, undergraduate candidates must earn a grade point average of 2.0 ("C") or better in applicable course work. Postbaccalaureate candidates must earn a grade point average of 2.5. Standards for individual programs may exceed this minimum. Candidates must also receive two-thirds of their certificate-applicable credit from the university. The transferring of credit or the substitution of courses may occur only after application to the appropriate campus authority.

The certificate is awarded upon confirmation that the requirements for that program have been satisfied. The candidate is responsible for filing an application with the Office of Records, Registration and Evaluations for granting of the certificate, no later than the last term of certificate-applicable study, and for notifying the coordinator of the certificate program of completion of required course work. The awarding of a certificate will be noted on the student's transcript.

Further information regarding the certificates offered by the university can be found under the appropriate department.

Certificate Programs Offered

Accounting
Department of Accounting and Finance, JB-459, 880-5704. Refer to Page 86.

Ambulatory Care/Group Practice Management
Department of Health Science and Human Ecology, HP-235, 880-5339. Refer to Page 208.

Applied Cultural Anthropology
Department of Anthropology, SB-327J, 880-5502. Refer to Page 93.

Archaeology
Department of Anthropology, SB-327J, 880-5502. Refer to Page 93.

Bilingual/Cross-Cultural Studies: Spanish/English
Department of World Languages and Literatures, UH-314, 880-5847. Refer to Page 328.

Biotechnology
Department of Biology, BI-329, 880-5305. Refer to Page 111.

Business Skills for the Artist
Department of Art, VA-105, 880-5802. Refer to Page 103.

Coaching
Department of Kinesiology, HP-120, 880-5349. Refer to Page 243.

Communication Skills
Department of Communication Studies, UH-018, 880-5815. Refer to Page 126.

Community Mental Health
Department of Health Science and Human Ecology, HP-235, 880-5339. Refer to Page 208.

Computer Systems and Programming
Department of Computer Science, JB-307, 880-5326. Refer to Page 132.

Conflict Management
Department of Communication Studies, UH-018, 880-5815 or Department of Management, JB-461, 880-5731. Refer to Page 383.

Criminal Justice
Department of Criminal Justice, SB-209, 880-5506. Refer to Page 138.

Crosscultural, Language and Academic Development (CLAD)
Teacher Education Office, FO-125, 880-5603. Refer to Page 247.

Early Adolescent Education
Department of Special Education, FO-146, 880-7406. Refer to Page 427.

Education of the Gifted and Talented
Department of Special Education, FO-146, 880-7406. Refer to Page 427.

Educational Professional Services
Teacher Education Office, FO-125, 880-5603. Refer to Page 247.

Educational Technology
Department of Science, Mathematics and Technology Education, CH-107, 880-5290. Refer to Page 248.

Environmental Education
64 / Certificate Programs

Fitness Management
Department of Kinesiology, HP-120, 880-5349. Refer to Page 243.

French/English and English/French Translators
Department of World Languages and Literatures, UH-314, 880-5847. Refer to Page 188.

Geographic Information Systems
Department of Geography, SB-327J, 880-5519. Refer to Page 201.

German/English Translators
Department of World Languages and Literatures, UH-314, 880-5847. Refer to Page 201.

Gerontology (Applied)
Department of Sociology, SB-327, 880-5541. Refer to Page 323.

Health Care Management
Department of Health Science and Human Ecology, HP-235, 880-5339. Refer to Page 208.

Human Resources
Department of Management, JB-461, 880-5731. Refer to Page 87.

Information Systems Management
Department of Information and Decision Sciences, JB-460, 880-5723. Refer to Page 87.

Intelligence Methodology

International Relations
Department of Political Science, SB-112, 880-5535/5534. Refer to Page 303.

Introductory Actuarial Science
Department of Mathematics, JB-370, 880-5361. Refer to Page 267.

Latin American Studies
Department of Anthropology, SB-327J, 880-5502. Refer to Page 93.

Museum Studies
Department of Anthropology, SB-327J, 880-5502. Refer to Page 94.

Paralegal Studies
Coordinator's Office, SB-209C, 880-5506. Refer to Page 139.

Reading/Language Arts
Department of Language, Literacy and Culture, FO-138, 880-7405. Refer to Page 428.

Recreation Leadership
Department of Kinesiology, HP-120, 880-5349. Refer to Page 243.

Rehabilitation Counseling
Department of Educational Psychology and Counseling, FO-249, 880-5606. Refer to Pages 429 and 494.

School Business Management
Department of Educational Leadership and Curriculum, FO-144, 880-7404. Refer to Page 429.

Social Work
Department of Sociology, SB-327, 880-5541. Refer to Page 324.

Spanish for Public Services
Department of World Languages and Literatures, UH-314, 880-5847. Refer to Page 328.

Supply Chain Management
Department of Information and Decision Sciences, JB-460, 880-5723. Refer to Page 86.

Teaching Basic Mathematics
Department of Mathematics, JB-370, 880-5361. Refer to Page 267.

Theatre for Youth
Department of Theatre Arts, CA-111, 880-5876. Refer to Page 338.

Urban Planning
Department of Geography, SB-327J, 880-5519. Refer to Page 193.

Women's Studies
University Hall, Room 201.46, 880-5838. Refer to Page 350.

Writing: Creative Writing
Department of English, UH-334, 880-5824. Refer to Page 171.

Writing: Professional Writing
Department of English, UH-334, 880-5824. Refer to Page 171.
EXTENDED LEARNING

College of Extended Learning
Sierra Hall, Room 134
880-5975
http://cel.csusb.edu

The College of Extended Learning (CEL) at California State University, San Bernardino offers a variety of programs and services to extend the resources of the university to the community. These resources include faculty and staff, degree applicable credit, noncredit offerings, customized training programs, facilities and program facilitation and support.

The California State University regards its Extended Learning credit-bearing programs as integral parts of the institution. These programs are viewed as extensions of the university's educational services and are in concert with its overall mission and purpose. The programs and courses offered through CEL meet the standards of quality which the institution sets for its other programs and courses, in terms of resources, faculty, level of instruction, evaluation and support services.

EXTENSION PROGRAMS

Extension
A variety of credit and noncredit extension courses are offered to meet the lifelong educational needs of residents in the Inland Empire and beyond. Taught by university faculty and academically qualified practitioners, many of these courses provide professional development in business, management, education, health care, human services and other fields, with the aim of improving one's effectiveness on the job or opening doors to new careers.

The College of Extended Learning offers a variety of certificate programs that can help participants gain a competitive edge for upward mobility in their workplace. Excellent instructors are drawn from the university, educational community, business and industry. Current certificate programs include:
- Business/Management:
  - Grant Development and Management
  - Human Resources Management
  - Logistics Management
  - Management and Leadership Practices
  - Records Management
  - Safety, Environmental and Risk Management
  - School Business Management
- Computer Systems:
  - Computer-Aided Drafting (CAD)
  - Computer Graphics and Design
  - Microsoft Systems Certification
  - Web Page Design

Education:
- Primary Reading Development
- Intermediate Reading Development
- On-line Technology Integration, K-12
- School Business Management
- Science for Elementary Teachers
- Standards Approach to Mathematics

The 1000-level extension courses offered through Extended Learning are designed with professional growth in mind and, in most cases, apply toward the requirements of SB813 and salary advancement for teachers.

Many extension courses are offered off campus including a variety of courses at the Soda Springs Desert Studies Center near Baker, California. In outdoor classrooms, students can explore the life-ways of early man, archaeology, geology, flora and fauna, art and much more. (See Page 26.)

Extended Learning also offers numerous on-line courses and personal enrichment courses in areas such as writing, recreation, music and travel. In addition, the College of Extended Learning is an authorized Sun Microsystems Education Center with high-tech training programs leading to professional industry-standard certifications. An array of exciting courses for kids also is offered on a regular basis. For more information, call 880-5975.

Inservice Credit for Training Programs
Schools, school districts and other organizations interested in planning special staff development programs may contact the College of Extended Learning to arrange for university credit. Training programs that meet academic criteria set forth by CSUSB can provide participants with CEU hours or extension credit (non-degree applicable credit) that can be used toward credential renewal and salary increases. The application process is simple and quick. For more information, call 880-5976.

WORKPLACE TRAINING/CONTRACT PROGRAMS

The College of Extended Learning provides training development programs, certificate programs, conferences, and educational components for grants on a contractual basis for business (large and small), private industry, health care organizations, not-for-profit organizations and government agencies.

In direct consultation with the participating organization, the College of Extended Learning will develop custom-designed professional development programs including language programs to accelerate the professional effectiveness, productivity and problem-solving skills of the organization's staff. For more information, call 880-5995.

CONFERENCE SERVICES

The College of Extended Learning’s conference services division provides conference support for educational institutions, professional organizations, business and industry.

Depending upon the scope and content of the particular conference, the College of Extended Learning may be able to arrange for meeting and meal facilities, locate keynote speakers and other program presenters, provide registration support, certificates of completion and, in many cases, professional advancement continuing education credit in several fields.

The campus is conducive to supporting groups up to 400, providing ample meeting space and a picturesque setting in the foothills of the San Bernardino mountains. The College of Extended Learning also features an extensive off-campus program,
managing conferences of more than 3,000 people in a number of venues in California, the United States and internationally. For more information, call 880-5977.

OSHER LIFELONG LEARNING INSTITUTE

The Osher Lifelong Learning Institute is a partnership between the College of Extended Learning and CSUSB’s Palm Desert Campus made possible through generous funding from the Bernard Osher Foundation. Through quarterly or annual memberships in this Institute, retirement-aged seniors in the Coachella Valley can choose courses from an impressive array of non-credit offerings taught by CSUSB faculty and local experts. It’s college level learning for the pure joy of it—no tests, no grades, no stress—just stimulating courses at the beautiful Palm Desert Campus. For more information, call (760) 341-2883, ext. 4425.

INTERNATIONAL EXTENSION PROGRAMS

The College of Extended Learning’s International Extension Programs (IEP) Office encompasses and supports CEL’s many international programs and initiatives, including the very popular American Culture and Language Program (ACLP), and homestay.

The American Culture and Language Program (ACLP)

ACLP is designed for international students, visitors, and professionals who seek:

• an intensive English experience focusing on reading, writing and speaking English
• an introduction to American culture
• pre-MBA/graduate studies preparation
• educational and fun field trips
• TOEFL preparation
• academic counseling
• 1-20 form for student visas
• month-long American conversation classes

The American Culture and Language Program offers a ten-week program each quarter, a one-month conversation and culture program, and specially designed intensive five-week programs for smaller groups. Many ACLP students eventually matriculate to California State University, San Bernardino.

Homestay Program

Homestay is a housing option for ACLP students who want to improve their English quickly and learn how American culture really works. Host families from the area want students to become a member of their family. This means spending time with the family in the evenings and on weekends, having fun with them, and participating in daily family activities. A homestay provides a room (single or double), three meals a day, and transportation to and from school.

International Extension Activities

Other programs/activities offered through the International Extension Programs Office include:

• Short-term language contract programs tailored to the needs of specific groups (groups of 20 or more), focusing on second language for special purposes.
• International extension/continuing education programs including travel/study abroad programs, domestic workplace English programs, international extension workshops, contract training programs focused on international business practices, culture, and language acquisition.
• International academic programs coordinated in conjunction with CSUSB’s academic colleges and departments, such as CSUSB degree programs abroad, certificate and “diploma” programs.

For information on ACLP, Homestay, or any of the international programs offered through the College of Extended Learning’s International Extension Programs Office, call the IEP at 880-5978.

OPEN UNIVERSITY

Most courses listed in the university catalog are open to non-matriculated students through the College of Extended Learning under a program called Open University. Members of the community who meet the prerequisites may enroll in regular campus courses on a space-available basis. Students can apply up to a maximum of 36 units through Open University toward a bachelor’s degree and 13 units toward a master’s degree (subject to approval by department concerned).

Open University is designed for those who:

• missed the deadline for admission to the regular resident program,
• want to examine a particular field before actually enrolling in a degree program,
• want to update professional training,
• have “dropped out” of CSUSB or those who want to improve their G.P.A. in order to reenter an academic program, or
• want to take selected CSUSB courses that will transfer to another university.

Students who desire to enroll in Open University classes are required to obtain an application from the College of Extended Learning and approval of the instructor. Education credential courses are not available through Open University, and certain other courses are restricted and require departmental approval. Currently matriculated students are not allowed to enroll concurrently in the Open University program. For more information, call 880-5975.
The Office of the Dean of Undergraduate Studies has oversight in several broad areas including high school preparation, testing, developmental programs in mathematics and English, the General Education program, the University Honors program, academic advising, and research and policy analysis. The purpose of Undergraduate Studies is to assist students in making their academic careers productive and enjoyable. Contact the office with any questions, comments, or concerns about the University's undergraduate academic programs.

The university offers a full range of academic support programs. These programs are a vital part of the extended education the university offers. Advising and Academic Services, the Learning Center, and the Writing Center are all places with which students should be familiar. In support of its mission to help retain and graduate students, Undergraduate Studies also offers a First-Year Seminar designed to introduce students to the University and to provide them with the academic and personal skills necessary to succeed in a university setting. Other programs are targeted for specific students and may have eligibility requirements. All the programs offered by Undergraduate Studies rest on a solid foundation of assessment and data analysis performed by the Office of Research and Policy Analysis. All of the programs are there to give students the best possible experience and to help students successfully achieve their educational goals.

In addition to programs aimed primarily at undergraduate work, there are several programs that help undergraduate students look forward toward graduate studies. These transitional programs include the McNair Scholars program and several programs aimed at preparation for professional schools. These pre-professional programs include pre-engineering, pre-law, and pre-professional programs in medicine, veterinary medicine, dentistry, and pharmacy.

The baccalaureate degree students earn at California State University, San Bernardino will represent work done in three broad areas: General Education, courses in a major, and free electives. On Page 72, the General Education program will be explained, and all the courses that comprise the General Education program will be listed. It is important to note that not all of these courses will be offered each quarter. Students should consult the Class Schedule to find those courses offered during the current quarter. Following the General Education requirements are several important process requirements that must be attended to in order to obtain an undergraduate degree. Finally, beginning on Page 77 are the program requirements and course descriptions required of baccalaureate degrees, minors, certificates, and credentials with appropriate contact information at the beginning of each section.
writing, and supervision for the university waiver of regulation petitions are also coordinated through Advising and Academic Services. See http://www.ugs.csusb.edu/advising/ or for advising questions email: askcsusb@mail.csusb.edu.

The office reviews and acts on the following petition requests: admission by special action, general education course substitutions, retroactive withdrawals, extension of time to remove "Incomplete" grades beyond one year, leave of absence, academic renewal, simultaneous enrollment, drop after census date for undeclared students, and other waivers of university regulations.

In addition, the office provides general education and credit summary assistance for students, academic counseling for continuing probation and dismissed students, educational equity support advising for special admits (TAP program), and supervision for the University Studies 37 study skills course. Electronic Mail (e-mail) Advising is available for students, faculty, staff and the community for academically related inquiries.

Advising and Academic Services is located in University Hall, Room 380, 880-5034. The e-mail address is: askcsusb@mail.csusb.edu.

Educational Opportunity Program

The Educational Opportunity Program (EOP) is an admissions and support services program designed to assist students who meet specific income guidelines and demonstrate the potential to obtain a baccalaureate degree offered by the university.

Through the Educational Opportunity Program, the student receives help in admissions; registration; financial aid; housing; curriculum planning; tutoring; personal, academic and career counseling; graduate school information; workshops; and other support services, depending upon individual needs. Students who have been enrolled at the university prior to applying to EOP are not eligible to apply to the program. EOP is located in University Hall, Room 395, 880-5042 or visit our web site at http://ugA.csusb.edu/EOP/index.htm.

Educational Support Programs

The Office of Educational Support Programs is responsible for assuring that the policy and procedures of the university's Student Grade and Academic Grievance Procedures are maintained in all grievance procedures. The Office also provides support for the university's retention programs for undergraduate students; coordinates the Special Major program; develops and initiates university-community partnership projects that support the division's goals of enhancing the quality of academic life for students, educational access and graduation, and early outreach. Educational Support Programs is located in the Administration Building (AD), Room 183, (909) 880-5044.

Faculty/Student Mentoring Program

Mentors make a difference. The Faculty/Student Mentor Program (FSMP) pairs experienced CSUSB students with incoming protégés. Student mentors are an invaluable resource for helping new students make the transition to CSUSB. Student mentors help guide new students through the first year at the university and make sure that they have someone to turn to when questions arise. In addition to being experienced Cal State students, the mentors are given special training, and they are supported by a faculty coordinator. The FSMP also offers at least one special trip designed to enhance the CSUSB educational experience each quarter. FSMP is located in Pfau Library, Room 208. For information, call 880-7765.

The First-Year Seminar

The First-Year Seminar (USTD 100A) introduces students to academic and practical skills necessary to succeed at the university. Upon completion of this course, students will be familiar with the Pfau Library, campus computer facilities, and academic procedures. Students in this course will learn about the academic culture of the university including what it means to be a responsible citizen in the CSUSB community and how personal attitudes will impact the quality of the university experience. The course will offer valuable time management and study skills. The seminar introduces the student to higher learning utilizing a variety of modes of instruction such as guest speakers, discussion, assignments and activity. Goal setting, the importance of understanding personal values, critical thinking, and career preparation are all covered in the course, making the First-Year Seminar ideal for all new students and especially valuable for those who are undeclared. Information about the First-Year Seminar can be obtained in University Hall, Room 380, 880-5034.

Intensive Learning Experience

The Intensive Learning Experience (ILE) program provides instruction and advising for students enrolled in Basic English (ENG 85) and/or Basic Mathematics (MATH 75). Each is a course sequence designed for students who need to improve their skills in these areas prior to enrolling in Freshman Composition and one of the General Education mathematics courses. Participation in the ILE program is determined by scores on the English Placement Test and the Entry Level Mathematics test.

While ILE courses do not count toward the units one needs to graduate, they do carry course-load credit. One of the great attractions of these courses is the small class size. The ILE Program is located in University Hall, Room 368, 880-5032.

Learning Center

The Learning Center provides a variety of free academic support programs for CSUSB students. These include tutoring for many undergraduate courses (except English/writing), use of computers (IBMs and Macintoshes) with free printing, and general study aids. In addition, testing—during limited hours and with the approval of the professor—is administered for students needing make-up exams, students enrolled in self-paced courses, and for those taking challenge exams.

The Learning Center is located in University Hall, Room 351. It has evening hours four nights a week (Monday-Thursday 8 a.m.-8 p.m.). Note: English/writing tutoring is conducted by the separate Writing Center. Visit the Learning Center's web site at http://dcr.csusb.edu/LearningCenter/.

SAIL Program

The SAIL program (Student Assistance in Learning) is the university's federally funded Student Support Services project. Funded by a grant from the U.S. Department of Education, SAIL is designed to assist students who are low-income, disabled, or whose parents have not earned a bachelor's degree. SAIL offers a variety of support services to ensure students' success in college. These include:

- Adjunct courses—two-unit courses designed to help students earn better grades in general education courses.
- Academic and financial aid advising.
- Personal and career counseling.
- College Reading Courses—computer assisted 2-unit courses designed to increase reading speed, vocabulary and comprehension.
Preprofessional Programs: Medicine, Veterinary Medicine, Dentistry, Pharmacy

The majority of students entering medical and dental schools in the United States do so after having acquired a B.A. or B.S. degree at an undergraduate college. Possession of an undergraduate degree is especially worthwhile, since professional schools do not offer liberal arts subjects.

Any undergraduate major is appropriate for a preprofessional student as long as certain basic subject areas are included in the program. For specific requirements of professional schools, the student is urged to consult special sources such as “Medical School Admission Requirements” (a publication of the Association of American Medical Colleges) or a preprofessional advisor in the College of Natural Sciences.

In general, medical and dental schools recommend that the undergraduate degree program include: one year of general chemistry, one year of organic chemistry, one year of general biology, with additional course work in developmental biology and/or comparative anatomy and genetics, and one year of physics. Other courses, e.g., mathematics through calculus and physical chemistry, are often recommended as well.

Since preprofessional programs in dentistry place heavy emphasis on biology and chemistry, these are the two majors most often elected by preprofessional students. A preprofessional student majoring in biology should complete the biology core program, supported by courses in chemistry and physics, and should elect MATH 211 and BIOL 342. See Page 109. A preprofessional student majoring in chemistry should complete the chemistry core program, supported by courses in mathematics and physics, and should elect BIOL 342 and 440.

The science and mathematics components of preprofessional programs in veterinary medicine are quite similar to those for medicine.

Admission to a school of pharmacy can also be gained after two years of undergraduate work. Although entrance requirements vary somewhat, they generally include full-year introductory courses in biology, chemistry, mathematics and physics. A course in organic chemistry is sometimes required as well.

Pre-engineering Program

Most students earn engineering degrees by attending a university with an accredited program in engineering. Although there are many different engineering disciplines, the first two years of coursework are quite similar for most of these fields.

The pre-engineering courses offered allow the student to complete the first two years of courses generic to engineering. Students may then transfer to an accredited engineering program of their choice.

The advantages to students who enter the pre-engineering program are many. Most engineering schools are very competitive and not all qualified students can be accepted as freshmen. However, it is much easier for a student to qualify as a transfer student. Students with math course deficiencies can enter the pre-engineering program and complete their course work at their own pace. Classes here have smaller enrollments than in large engineering schools and provide students with greater opportunities to interact with the faculty.

The physics faculty, working as pre-engineering advisors, help the student design a course of study specific to the engineering field of interest and to the program to which the student will transfer. For detailed course information, refer to the courses listed under the Department of Physics.
Preprofessional Program: Law

Applicants for admission to most law schools are expected to have a B.A. or B.S. degree and to have taken the Law School Admission Test. There is no single "prelaw" major required since the successful study of law is more often related to the ability to grasp and solve difficult intellectual problems and to employ disciplined work habits, than it is to any narrow, specialized field of study. However, students headed for law school are well advised to take a small number of selected liberal arts courses in subjects relevant to the law. Accordingly, the College of Social and Behavioral Sciences offers a pre-law minor consisting of such courses. For further information concerning the prelaw minor, see Page 302.

Several broad objectives of prelegal education are set forth by the Association of American Law Schools. These include the oral and written command of language; an understanding and appreciation of social, political and economic values, institutions, problems and frames of reference; and an ability for creative, innovative, critical and analytical thinking.

For these reasons, every prelaw student should carefully choose, with the aid of appropriate advisors, courses which sharpen the skills and sensitivities previously listed. Since no one major is mandatory, the student should select one which emphasizes the areas mentioned above (administration, economics, English, history, philosophy, political science and sociology, to name a few). For additional information, the student should consult with the prelaw advisor and should be familiar with the Prelaw Handbook.

For additional information, a student should see the bulletins or catalogs of various law schools or the official Prelaw Handbook, current edition, prepared by the Law School Admission Test Council and the Association of American Law Schools. This handbook may be obtained at most college bookstores or ordered from Educational Testing Services, Princeton, N.J. 08540.

McNair Scholars Program

The McNair Scholars Program is a federally funded grant through the U.S. Department of Education and named for astronaut and Challenger Space Shuttle crew member Ronald E. McNair. The program encourages students to pursue graduate studies by providing opportunities to define goals, engage in research, develop skills and build student/faculty mentor relationships critical to success at the doctoral level. The McNair Scholars Program provides selected students with a six-week summer research experience designed to increase skills and encourage enrollment in graduate school. As McNair Scholars, students are paired with faculty members at CSUSB whose research interests match their own.

Applicant requirements:
- Be a junior or senior at CSUSB;
- Be a citizen or permanent U.S. resident;
- Be a first-generation college student from a low-income family and/or belong to a group underrepresented in doctoral studies, including African Americans, Native Americans and Latinos.

For more information or to pick up an application form, visit the McNair Scholars Program office located in AD-143, 9 a.m. - 4 p.m., 880-7344 or email: McNair@csusb.edu.

PROGRAM REQUIREMENTS FOR A BACHELOR'S DEGREE

To be eligible for the bachelor's degree, a student must:

1. Complete a minimum of 180 quarter units of college credit. Some majors require more than 180 quarter units to a maximum of 198.
2. Complete 82 quarter units in general education distributed in the manner outlined in the following section titled General Education Program Requirements. Satisfactory scores on the English Placement Test and the Entry Level Mathematics exam are prerequisites for enrollment in the following general education courses:
   - ENG 101. Freshman Composition
   - MATH 110. College Algebra
   - MATH 115. The Ideas of Mathematics
   - MATH 120. Pre-Calculus Mathematics
   - MATH 192. Methods of Calculus
   - MATH 211. Basic Concepts of Calculus
3. Complete all requirements for a major, including at least 20 quarter units of upper-division course work in the major.
4. Complete at least 45 quarter units at this university. (Refer to University Residence Requirement for Graduation, Page 72.)
5. Complete at least 60 quarter units of upper-division work.
6. Earn a grade point average of 2.0 ("C") or better in all units used to fulfill the requirements of the major.
7. Earn a grade point average of 2.0 ("C") or better in all units attempted, and in all units attempted at the university.
8. Complete two quarter units of physical education course work as required in the general education program. Ten additional units of physical education activity courses (numbered KINE 150 and below) for a total of 12 units maximum may be applied toward graduation.
9. Complete the upper-division writing requirement. (Refer to Page 75.)
10. Complete the history, constitution and government requirement. (Refer to History, Constitution, Government Requirement, Page 76.)
11. Be recommended for graduation by the faculty of the university.
12. Have an application for graduation on file prior to the end of the term of graduation.

Required Systemwide Tests

The CSU requires each entering undergraduate, except those who qualify for exemption, to take the CSU Entry Level Mathematics (ELM) examination and the CSU English Placement Test (EPT) prior to enrollment. These placement tests are not a condition for admission to the CSU, but they are a condition of enrollment. They are designed to identify entering students who may need additional support in acquiring basic English and mathematics skills necessary to succeed in CSU baccalaureate-level courses. Undergraduate students who do not demonstrate college-level skills both in English and in mathematics will be placed in appropriate remedial programs and activities during the first term of their enrollment. Students placed in remedial programs in either English or mathematics must complete all remediation in their first year of enrollment. Failure to complete remediation by the end of the first year may result in denial of enrollment for future terms. Students register for the EPT and/or ELM at their local CSU campus. Questions about test dates and registration materials may be addressed to the Testing Office, JB-405, 880-5041.
Because basic competency in mathematics and English is fundamental to success at the university, the CSU Board of Trustees has placed a high priority on having students who do not demonstrate such competence gain it as quickly as possible. To that end, they have set a maximum of one year for students to complete such work, and their expectation is that campuses will strongly encourage students to complete all remedial work in less time than that. For students graduating from high school in June prior to their admission in the Fall, the allowed time for completing remedial work is July 1st through the following June. Students who delay matriculation are encouraged to begin their remedial work before they begin taking classes in the CSU so that they can also complete their remedial work as quickly as possible.

If all required remedial work is not completed within one year, students must see an advisor in Advising and Academic Services prior to attending a community college to complete that work and the General Education courses in mathematics and English.

**English Placement Test (EPT).** The EPT is designed to assess the level of reading and writing skills of entering undergraduate students so that they can be placed in appropriate baccalaureate-level courses. The CSU EPT must be completed by all entering undergraduates with the exception of those who present proof of one of the following:
- A score of 550 or above on the verbal section of the College Board SAT I Reasoning Test taken on or after April 1995 or later.
- A score of 24 or above on the enhanced ACT English Test taken October 1989 or later.
- A score of 680 or above on the re-centered and adjusted College Board SAT II: Writing Test taken May 1998 or later.
- A score of 3, 4, or 5 on either the Language and Composition or the Composition and Literature examination of the College Board Advanced Placement program.
- Completion and transfer of a course that satisfies the General Education-Breadth or Intersegmental General Educational Transfer Curriculum (IGETC) written communication requirement, provided such a course was completed with a grade of "C" (2.0) or better.

The score obtained on the EPT will determine the appropriate level English composition course for each student. Pre-baccalaureate course work may be required in preparation for the freshman composition course.

**EPT scores and required course placement:**
- EPT total score of 151 or greater, students must enroll in ENG 101.
- EPT total score in range from 142 to 150 (regardless of EPT essay score), students must enroll in ENG 95.
- EPT total score in range from 0 to 141 (regardless of EPT essay score or units earned), students must enroll in ENG 85A. Students not exempt from the EPT must have a total score of 151 or greater on EPT, or complete ENG 95 at CSUSB with a grade of "C" or better, or complete ENG 85 with a "CR" before enrolling in Freshman Composition (ENG 101).

**Note:** Undergraduates who are admitted with 56 or more transferable semester units and are subject to a campus catalog or bulletin earlier than 1986-87 are not required to complete the EPT.

**Entry Level Mathematics (ELM) Exam.** The ELM examination is designed to assess the skill levels of entering CSU students in the areas of mathematics typically covered in three years of rigorous college preparatory mathematics courses in high school (Algebra I, Algebra II, and Geometry). The CSU ELM must be completed by all entering undergraduates, with the exception of those who present proof of one of the following:
- A score of 550 or above on the mathematics section of the College Board SAT I Reasoning Test or on the College Board SAT II Mathematics Tests Level I, IC (Calculator), II or IIC (Calculator).
- A score of 23 or above on the American College Testing Mathematics Test.
- A score of 3 or above on the College Board Advanced Placement Mathematics examination (AB or BC) or statistics examination.
- Completion and transfer of a course that satisfies the General Education-Breadth or Intersegmental General Educational Transfer Curriculum (IGETC) quantitative reasoning requirement, provided such course was completed with a grade of "C" or better.

**Student ELM Scores**

The score obtained on the ELM will determine the appropriate level math course for each student. Pre-baccalaureate course work may be required in preparation for the general education math course.

- Note the old scores for ELM tests administered before March 23, 2002 are in parenthesis ( ). ELM scores and required course placement:
  - ELM score of \((550 \text{ or greater})\) students may enroll in MATH 110, 115, 120, 192, 211.
  - ELM score of \((480 \text{ to } 540)\) students must enroll in MATH 90.
  - ELM score of \((350 \text{ to } 470)\) students must enroll in MATH 80.
  - ELM score of \((330 \text{ to } 340)\) students have two options available:
    1. Enroll in MATH 80 PLUS MATH 79 math lab adjunct;
    2. Enroll in MATH 75B.
  - ELM score of \((280 \text{ to } 320)\) students must enroll in MATH 75B.
  - ELM score of \((270 \text{ and below})\) students must enroll in MATH 75A.

**ALL PREREQUISITE MATH COURSES (MATH 75A, 75B, 79, 80, 90) MUST BE COMPLETED WITHIN ONE YEAR.** The year begins July 1 and ends June 30. If this requirement is not fulfilled within the one-year period, the student must attend a community college to complete the prerequisite coursework and the General Education Math course. Contact Advising and Academic Services at 880-5034 for more information. CSUSB strongly encourages students who need pre-baccalaureate level coursework to begin that work in the summer prior to the start of the regular academic school year.

Students not exempt from the ELM must score 550 or greater on the old ELM or a score of 50 or greater on the ELM if taken after March 16, 2002, or complete MATH 90 at CSUSB with a grade of "C" or better before enrolling in any General Education mathematics course.

The EPT and ELM must be taken at the first opportunity after admission or as soon as possible thereafter and before registering for classes.

New students who plan to start taking courses at the university in the Fall term and who do not pass these tests are strongly encouraged to begin their prerequisite math and/or English course work during the summer prior to enrollment to ensure that they will complete that remedial work before the mandatory completion deadline.
72 / General Education Program

Information bulletins and registration materials for the EPT and ELM will be mailed to all students subject to the requirements. The materials may also be obtained from the Office of Admissions and Student Recruitment or the campus Test Office.

Assistant in understanding EPT and ELM test scores and requirements is available at Advising and Academic Services (University Hall, Room 380, 880-5035). Students who do not pass the EPT and/or ELM will be required to take appropriate prerequisite course(s) at CSUSB. Transfer courses are not accepted to meet these prerequisite requirements.

University Residence Requirement for Graduation

A minimum of 45 quarter units must be completed at this university. At least 36 of these units must be upper-division, 18 in the major and 12 in general education. Extension credit, credit by examination or credit by evaluation may not be used to fulfill the minimum residence requirement.

Second Bachelor's Degree Requirements

A student who holds a bachelor's degree from California State University, San Bernardino or another accredited institution and who applies for a second degree must have satisfactorily completed each of the following in order to receive a second bachelor's degree in a different major:
1. General education requirements as stated in the appropriate catalog;
2. Upper-division writing requirement;
3. Requirements of the major involved;
4. In addition to whatever work was presented for the first bachelor's degree, a minimum of 45 quarter units of residence work of which
   a. 18 units must be in the second major;
   b. 12 units must be in general education;
   c. 36 units must be at the upper-division level;
5. Maintain a 2.5 grade point average in all work attempted;
6. Approval of the faculty of the university.

It is not necessary to complete a second bachelor's degree in order to graduate with a dual major; however, only a single diploma is issued in the case of a dual major. Contact the Office of Records, Registration and Evaluations. Students seeking a second bachelor's degree will be subject to the registration policies in effect for unclassified postbaccalaureates. Refer to Page 48 for further information about duplicate degree fees.

Multiple Majors/Concentration

A student will normally meet graduation requirements for a degree in one of the major curricula. A student may be granted a bachelor's degree with two or more major/concentrations if the complete requirements of all curricula are satisfied at the same time. Students graduating with one or more degrees will be issued separate diplomas. The fact that the requirements of multiple concentrations with the same degree have been completed will be noted on the transcript. Graduation check/diploma fees will be required for each separate degree.

Minors

Minors can only be granted for the same term in which the student graduates with an undergraduate degree. The requirements for minors are listed under appropriate majors in the catalog. All minors require a 2.0 grade point average. Minors will not be automatically dropped if the requirements have not been fulfilled by the term for which the student's graduation is posted.

GENERAL EDUCATION PROGRAM

Requirements (78-82 units)

The general education requirements at California State University, San Bernardino are designed to assure that all graduates of the university, whatever their major, have acquired certain essential skills and a broad range of knowledge appropriate to educated persons in our society.

Lower-division courses are intended to foster an ability to think clearly and logically, to find and critically examine information, and to communicate, at an appropriate level, orally and in writing; to acquaint students with the physical universe and its life forms and to impart an understanding of scientific methodology and of mathematical concepts and quantitative reasoning; to cultivate—through the study of philosophy, literature, languages, and the arts—intellect, imagination, sensibility and sensitivity; and to deal with human social, political and economic institutions and their historical background, with human behavior and the principles of social interaction. Upper-division courses include a further requirement in writing as well as integrative capstone courses designed to provide students with an understanding of the interrelationships among disciplines and their applications to contemporary environments. Multicultural and gender issues are given special attention in these courses.

The purpose of general education is less to provide students with a number of possible avenues for specialization, than it is to make sure that all students will be able to write, speak, and think clearly; to understand the issues on which they will have to make decisions; and to know something about themselves and the world in which they live.

The general education program requires a minimum of 78 quarter units. An additional four units may be required to satisfy the Upper-division Writing Requirement.

No substitutions in the general education program are possible without prior approval of a petition submitted to the Office of Advising and Academic Services, UH-380.

Some majors require specific GE courses. Students should consult the catalog for their major's requirements or contact the department.

Note: Courses in Category A should be completed before a student reaches upper-division standing. For upper-division transfer students, this category should be completed within the first 32 units taken at California State University, San Bernardino.

Requirements for General Education Program:

A. Basic Skills Category (12 units)
1. Written Communication
   Four units chosen from:
   ENG 101. Freshman Composition (4)
   HON 103. Language and Meaning (4)

*Open only to students accepted into the University Honors Program. The entire HON 103 A/B/C sequence must be completed before the student will be granted General Education credit in any Basic Skills category. See sections A.1, A.2, A.4.
2. Oral Communication
Four units chosen from:
COMM 120. Oral Communication (4)
HON 103. Language and Meaning (4)*

3. Mathematics
One course listed in the mathematics section of the natural sciences breadth area (category B1).

4. Critical Thinking
Four units chosen from:
COMM 180. Critical Thinking Through Argumentation (4)
HON 103. Language and Meaning (4)*
MATH 180. Critical Thinking Through Applications of Mathematical Logic (4)
PHIL 105. Critical Thinking Through Argument Analysis (4)
PHIL 200. Critical Thinking Through Symbolic Logic (4)
PSYC 105. Critical Thinking Through Problems Analysis (4)
SOC 180. Critical Thinking About Social Problems (4)

B. Natural Sciences Breadth Area (20 units)

1. Mathematics
Four units chosen from:
MATH 110. College Algebra (4)
MATH 115. The Ideas of Mathematics (4)
MATH 120. Pre-Calculus Mathematics (4)
MATH 192. Methods of Calculus (4)
MATH 211. Basic Concepts of Calculus (4)

2. Life Sciences
Five units chosen from:
BIOL 100. Topics in Biology (5)
BIOL 202. Biology of Populations (5)
HSCI 120. Health and Society: An Ecological Approach (5)

3. Physical Sciences
A minimum of five units chosen from:
CHEM 100. Chemistry in the Modern World (5)
CHEM 205. Fundamentals of Chemistry I: General Chemistry (5)
CHEM 215. General Chemistry I: Atomic Structure and Chemical Bonding (6)
GEOG 103. Physical Geography (5)
GEOL 101. Introductory Geology (5)
PHYS 100. Physics in the Modern World (5)
PHYS 103. Descriptive Astronomy (5)
PHYS 121. Basic Concepts of Physics I (5)
PHYS 221. General Physics I (5)

4. Special Topics in Science and Technology
Two units chosen from:
BIOL 216. Genetics and Society (2)
BIOL 217. Biology of Sexually Transmitted Diseases (2)
CHEM 105. Chemicals in Our Environment (2)
CSCI 121. Computer Technology and People (2)
CSCI 124. Exploring the Information Superhighway (2)
GEOL 205. Volcanic Hazards, Surveillance and Prediction (2)
GEOL 210. Earthquakes: Science and Public Policy (2)

5. Integrative Capstone in the Natural Sciences
Four units chosen from:
NSCI 300. Science and Technology (4)
NSCI 310. The Environment and Human Survival (4)
NSCI 314. Life in the Cosmos (4)
NSCI 315. Natural Disasters (4)
NSCI 320. Energy (4)
NSCI 325. Perspectives on Gender (also counts in category G) (4)
NSCI 351. Health and Human Ecology (4)
NSCI 360. Legacy of Life (4)

Note: Students may receive credit for only one of the following courses:
HUM 325. Perspectives on Gender
NSCI 325. Perspectives on Gender
SSCI 325. Perspectives on Gender

C. Humanities Breadth Area (20 units)

1. Arts
Four units chosen from:
ART 200. Studies in Art (4)
HUM 180. The Art of Film (4)
MUS 180. Studies in Music (4)
TA 260. Introduction to Theatre (4)

2. Literature
Four units chosen from:
ENG 110. World Literature I (4)
ENG 111. World Literature II (4)
ENG 160. World Drama (4)
ENG 170. Studies in Literature (4)
TA 160. World Drama (4)
TA 212. Oral Interpretation of Literature (4)

3. Foreign Language or Literature in Translation
Four units chosen from:
ARAB 102. College Arabic II (4)
ARAB 150. Intermediate Arabic III (4)
ARAB 214. Conversation in Arabic (4)
ARAB 290. Arabic Literature in Translation (4)
FLAN 102. Language Study II (4)
FLAN 150. Intermediate Language Study (4)
FREN 102. College French II (4)
FREN 150. Intermediate French (4)
FREN 200. Culture and Communication (4)
FREN 201. Culture and Communication II (4)
FREN 202. Culture and Communication III (4)
FREN 290. French Literature in English (4)
GER 102. College German II (4)
GER 150. Intermediate German (4)
GER 212. Composition (4)
GER 214. Conversation (4)
GER 216. Introduction to Literary Texts (4)
GER 290. German Literature in English (4)
JAPN 102. College Japanese II (4)
JAPN 150. Intermediate Japanese (4)
JAPN 290. Japanese Literature in English (4)
MAND 102. College Mandarin II (4)
MAND 150. Intermediate Mandarin (4)
SPAN 102. College Spanish II (4)
SPAN 150. Intermediate Spanish (4)
SPAN 155. Intermediate Spanish for Spanish Speakers (4)
SPAN 212. Composition (4)
SPAN 213. Composition for Spanish Speakers (4)
SPAN 214. Conversation (4)
SPAN 290. Spanish and Latin American Literature in English (4)
74 / General Education Program

Note: Credit toward the foreign language or literature in translation category will only be awarded for:

ARAB 102. College Arabic II
FLAN 102. Language Study II
FREN 102. College French II
GER 102. College German II
JAPN 102. College Japanese II
MAND 102. College Mandarin II
SPAN 102. College Spanish II

HUM 380. Comparative Studies in the Arts: East and West (also counts in category G) (4)
HUM 385. A Cultural History of Fashion (4)

Note: Students may receive credit for only one of the following courses:
HUM 325. Perspectives on Gender
NSCI 325. Perspectives on Gender
SSCI 325. Perspectives on Gender

D. Social and Behavioral Sciences Breadth Area (20 units)

1. American History and Civilization
Four units chosen from:
HIST 146. American Civilization (4)
HIST 200. United States History to 1877 (4)
HIST 201. United States History, 1877 to the Present (4)

2. American Institutions
PSCI 203. American Government (4)

Note: The American history, constitution, state and local government requirement may be met by taking:
PSCI 203. American Government and one of the following:
HIST 146. American Civilization
HIST 200. United States History to 1877
HIST 201. United States History, 1877 to the Present

If this requirement is met by examination, then students still must take 16 units of lower-division units in this breadth area.

3. World Cultures
Four units chosen from:
ANTH 140. World Civilizations I, the Rise of Civilization (4)
HIST 140. World Civilizations I, the Rise of Civilization (4)
HIST 142. World Civilizations II, the Civilizations of the East and West (4)
HIST 144. World Civilizations III, the Expansion of Europe (4)
SSCI 165. Regions and Peoples of the World (4)

4. Discipline Perspectives
Four units chosen from:
ANTH 100. Introduction to Anthropology: Human Evolution (4)
ANTH 102. Introduction to Anthropology: Culture and Society (4)
ECON 104. Economics of Social Issues (4)
ES 100. Ethnicity and Race in America (4)
GEOG 100. Introduction to Human Geography (4)
PSYC 100. Introduction to Psychology (4)
SOC 100. The Study of Society (4)
WSTD 100. Introduction to Women's Studies (4)

5. Integrative Capstone in the Social and Behavioral Sciences
Four units chosen from:
SSCI 300. Nonwestern World (4)
SSCI 304. Contemporary Latin America (4)
SSCI 315. Cultural Adaptation: The Quest for Survival (4)
SSCI 316. Race and Racism (also counts in category G) (4)
SSCI 320. Understanding Capitalism (4)
SSCI 321. Urbanization and the Urban Environment (4)

To be eligible for general education credit for a foreign language 102 course, a student must have had either less than two years of high school study of the language selected in category C or no such study of that language for at least five years prior to admission to the university.

The following rules apply to challenging a course for credit toward this category:

a. Only courses at the 150-level or higher may be challenged;
b. Students wishing to challenge a language not offered at this university must be tested at the University of California, Los Angeles Testing Center, where they must achieve a level of Intermediate (ACTFL Stage 2) or above. The student must pay all necessary fees and make all necessary arrangements for the taking of the test and for the official reporting of the results to the Department of World Languages and Literatures;
c. Students whose language of instruction in secondary school was not English may satisfy this category by submitting official academic transcripts that show completion of secondary school in a country in which the language with which they wish to meet the foreign language requirement was the medium of instruction;
d. Students who satisfy the Foreign Language/Literature in Translation requirement through b or c above will not receive academic credit and must take four additional units from the Humanities Breadth Area (Category C) to meet the total number of General Education units required for graduation.

4. Philosophy
Four units chosen from:
PHIL 190. Introduction to Philosophical Issues (4)
PHIL 191. Introduction to Ethics (4)
PHIL 192. Introduction to Philosophy of Religion (4)
PHIL 193. Introduction to Eastern Philosophy (4)
PHIL 194. Introduction to Knowledge and Reality (4)

5. Integrative Capstone in the Humanities
Four units chosen from:
HUM 319. Myth, Metaphor and Symbol (4)
HUM 325. Perspectives on Gender (also counts in category G) (4)
HUM 330. Arts and Ideas (4)
HUM 335. The Origin and Contemporary Role of Latino Culture (also counts in category G)(4)
HUM 340. Interpretation and Values (4)
HUM 344. Ideas in American Culture (4)
HUM 350. The Cultures of American Childhood (also counts in category G) (4)
HUM 370. African Heritage in the Arts (also counts in category G) (4)
HUM 375. The World of Islam (also counts in category G) (4)
G. Multicultural/Gender Requirement Category

All students must take one upper-division course designated as meeting this requirement. The multicultural/gender requirement can be met by completing one of the following two options:

1. Integrative capstone course in one of the three breadth areas (categories B5, C5 or D5)
   - SSCI 325. Perspectives on Gender (4)
   - HUM 335. The Origin and Contemporary Role of Latino Culture (4)
   - HUM 350. The Cultures of American Childhood (4)
   - HUM 370. African Heritage in the Arts (4)
   - HUM 375. The World of Islam (4)
   - HUM 380. Comparative Studies in the Arts: East and West (4) (credit for this category begins Fall 2001)

   - NSCI 325. Perspectives on Gender (4)
   - SSCI 316. Race and Racism (4)
   - SSCI 325. Perspectives on Gender (4)
   - SSCI 350. Roots of Modern Racism in America (4)

2. One upper-division course from the following:
   - ANTH 325. Human Biological Variation and the Concept of Race (4)
   - ANTH 333. Sex and Gender in Cross-Cultural Perspective (4)
   - COMM 304. Intercultural Communication (4)
   - COMM 401. Gender, Race and Media (4)
   - CJUS 451. Women and Crime (4)
   - ECON 352. Political Economy of Poverty and Discrimination (4)
   - ENG 314. American Indian Literature (4)
   - HUM 460. Cultural Studies (4)
   - MUS 308. Women in Music (4)
   - MUS 350. Music of World Cultures (4)
   - PA 305. Organizations in Multicultural and Diverse Societies (4)
   - PHIL 364. Philosophy of Race and Ethnicity (4)
   - PHIL 367. Gender and Philosophy (4)
   - TA 462. African-American Theatre and Drama (4)
   - TA 463. Asian Theatre (4)

**Upper-Division Writing Requirement**

All students subject to degree requirements of the 1980-81 or subsequent *University Bulletins* must complete an upper-division writing competency requirement as a condition of graduation through either of two means:

1. Completion with a grade of "C" (2.0) or better of one of the following courses: EDUC 306, ENG 306, HUM 306, MGMT 306, NSCI 306 or SSCI 306. Prerequisites for 306 courses are: ENG 101 and a minimum of 90 quarter (60 semester) units of college credits. (Note: these 306 courses were previously numbered 495.)

2. Satisfactory completion of a designated examination. No credit is awarded for passing the examination. It may be necessary to take additional units to meet minimum residency and graduation unit requirements.

Students normally shall complete the upper-division writing requirement by the end of the junior year. Further information about the examination (for example, how much it costs, when it is offered, what it covers) is available from the Testing Office, Jack Brown Hall, Room 405, 880-5045. Contact the Office of the Dean of Undergraduate Studies, University Hall, Room 368, 880-5032 for questions about the upper-division writing requirement itself.
History, Constitution, Government Requirement

Each student must demonstrate competence in understanding the Constitution of the United States; American history, institutions and ideals; and the principles of state and local government as established in California.

The requirement in the U.S. Constitution may be met by completing one of the following: HIST 146, 200 and 201, or 540, PSCI 203, 410 or 411.

The requirement in U.S. history may be met by completing one of the following: HIST 146, 200, 201, 540, or PSCI 314.

The requirement in state and local government as established in California may be met by completing one of the following: HIST 370 or PSCI 203, 330 or 332.

Note: HIST 540 and PSCI 314 cannot be used to meet the General Education (D.1) American History and Civilization requirement.

Students should note that General Education credit is granted for HIST 146, 200, 201 and PSCI 203 only.

A student can meet the entire U.S. Constitution, U.S. history, and state and local government requirement, while fulfilling general education requirements, by taking PSCI 203 and one of the following: HIST 146, 200 and 201 or 540. The opportunity to meet the requirements by passing an optional examination, which may be repeated once (not in the same quarter), is given to students. However, if this requirement is met by examination, students must still complete 16 lower-division units in the social and behavioral sciences breadth area. Information may be obtained from either the Office of Records, Registration and Evaluations or the College of Social and Behavioral Sciences Office. The examinations are administered through the Testing Office.
ACCOUNTING
Department of Accounting and Finance
Jack Brown Hall, Room 459
880-5704

FACULTY: Frank Bensen (Emeritus), Cynthia Bird, Otto Chang (Chair), John Dorocak, Linvol Henry, Sung-Kyoo Huh, Steven Mintz (Emeritus), Claire Purvis, Christine Schalow, John Scribner, Hossein Shalchi, Mike Trubnick (Emeritus), Curt Westbrook

The university offers concentrations in accounting within the Bachelor of Science in Administration and the Master of Business Administration. A Certificate in Accounting is also available. The details of these programs are listed under Administration on Page 82. The Master of Business Administration can be found on Page 370. The courses listed below are offered in support of these programs. Further information is available from the Department of Accounting and Finance.

COURSE OFFERINGS IN ACCOUNTING (ACCT)

Lower Division

211. Introductory Accounting I
Fundamentals of recording, analyzing, and communicating financial information including income determination, assets and liability relationships and preparation of financial statements. (4 units)

212. Introductory Accounting II
Continuation of Introductory Accounting I with emphasis on interpretation and uses of financial data for decision-making including cost analysis, budgeting, and control. Includes study of the statement of cash flows and long-term debt. Prerequisite: ACCT 211. (4 units)

Upper Division

Enrollment in upper division courses restricted to students who have met all prerequisites and have completed at least 89.9 quarter units (junior class level). Students who do not meet these requirements will be disenrolled.

315. Accounting Information Systems
Introduction to the concepts, objectives and importance of properly designed accounting information systems. Extensive study of internal controls including systems documentation. Three hours lecture and two hours activity laboratory. Prerequisites: ACCT 212, INFO 102, 103 and 309. (4 units)

347. Management Accounting and Decision Making
Overview of techniques to facilitate business decision-making. Models include break-even analysis, differential costing, product cost pricing analyses, capital budgeting and investment analysis techniques. The role of budgeting in management planning and control and an examination of cost and revenue variances. Transfer pricing, management compensation and performance evaluation are reviewed in both domestic and international situations. Formerly ACCT 345. Prerequisite: ACCT 212. (4 units)

372. Intermediate Accounting
First of a three-course sequence covering an in-depth study of financial accounting. Coverage includes the conceptual framework underlying financial accounting, the application of Generally Accepted Accounting Principles (GAAP) applicable to the preparation of financial statements, accounting for cash, receivables and inventories. The accounting cycle and time value of money will also be reviewed. Prerequisite: ACCT 212, with a grade of "C" or better. (4 units)

373. Problem Areas in Intermediate Accounting
Continuation of ACCT 372 with emphasis on the study of long-term assets, equities and earnings per share. Prerequisite: ACCT 372 with a grade of "C" or better. (4 units)

426. Introduction to Taxation
Introduction to the basic concepts of federal income taxation. Includes history and objectives of the tax, along with the treatment of various types of entities, types of income, types of deductions and types of credits. Emphasis is on the individual as a taxpayer. Prerequisites: ACCT 211 and junior standing. (4 units)

440. Financial Statement Auditing
Theory and function of the auditor, viewed from the perspective of public accounting. Topics will include standard audit reports, assessing audit risk, auditor's legal liabilities, tests of controls, and audit evidence. Three hours lecture and two hours activity laboratory. Prerequisites: ACCT 315 and 373. (4 units)

441. EDP Auditing and Control
Concepts of auditing in an electronic data processing (EDP) environment. Special attention to control structures in EDP systems. Review of professional literature regarding EDP auditing. Consideration of statistical sampling as an audit tool. Three hours lecture and two hours activity laboratory. Prerequisite: ACCT 440. (4 units)

442. Internal and Operational Auditing
Theory and practice of internal auditing as an operational appraisal activity within firms. Distinction between internal auditing and external, independent auditing. Use of tools to assist management control structures and operations. Focus on evaluating effectiveness, efficiency and compliance of firm activities. Prerequisite: ACCT 373. (4 units)

444. Accounting Law, Ethics and Institutions
Advanced accounting law topics, ethical standards, and institutions for professional accountants. Emphasis on legal problems encountered in the public accounting profession, including an examination of the ethical standards and the political and regulatory institutions that affect the practice of public accounting. Prerequisite: MGMT 330. (4 units)

447. Cost Accounting
Product and service costing with attention to analysis of overhead and multiple allocation techniques. Topics include joint costs, byproducts, spoilage, rework and scrap. Alternative costing systems including operations costing and process costing. Valuation of inventory for decision-making purposes. Procedures for just-in-time inventory management are included. Formerly ACCT 344. Prerequisite: ACCT 347. (4 units)
503. Financial and Managerial Accounting
Intensive introduction to applied topics and techniques in financial and managerial accounting. Development and use of accounting information for external reporting purposes and management analysis, decision-making, planning and control. No credit will be awarded to students who have taken ACCT 211 and 212. May not be counted toward fulfilling requirements for any degree program offered by the College of Business and Public Administration. (4 units)

536. Corporate and Partnership Taxation
The basic concepts of the federal income taxation of corporations and partnerships. Formerly ACCT 436. Prerequisite: ACCT 426 with a grade of "C" or better or consent of instructor. (4 units)

539. Advanced Accounting
Advanced topics in accounting including business combinations, multinational operations and foreign currency transactions, liquidations, and reorganizations. Includes partnership formation, income distribution and liquidation. Formerly ACCT 439. Prerequisite: ACCT 426 with a grade of "C" or better or consent of instructor. (4 units)

556. Estates and Gifts and other Specialized Taxation Topics
Taxation topics not covered in depth in ACCT 426 and 536, including gift and estate tax, income taxation of trusts and estates, tax administration and practice, working with tax law, advanced individual income tax topics, and other special topics. Formerly ACCT 456. Prerequisite: ACCT 426 with a grade of "C" or better or consent of instructor. (4 units)

568. Accounting for Government and Not-for-Profit Organizations
Covers principles and practices of government fund accounting. Topics include governmental accounting concepts, types and structure of funds and accounts, application of generally accepted accounting principles to government and not-for-profit entities, presentation and uses of financial statements. (Also offered as PA 568. Students may not receive credit for both.) Prerequisite: ACCT 211. (4 units)

574. Reporting Issues in Intermediate Accounting
Study of revenue recognition, deferred taxes, pensions and leases. Formerly ACCT 374. Prerequisite: ACCT 372 with a grade of "C" or better. (4 units)

575. Internship in Accounting
Supervised work and study in private or public organizations. May be repeated once for credit. A total of two College of Business and Public Administration 575 courses may be applied toward graduation. Graded credit/no credit. Prerequisites: consent of instructor and the department's internship coordinator. (4 units)

590. Seminar in Accounting
An intensive study of some phase of accounting to be developed by the instructor. May be repeated for credit as topics change. (4 units)

595. Independent Study
Special topics involving library and/or field research. A total of 10 units in any College of Business and Public Administration 595 may be applied toward graduation. Prerequisites: a minimum overall grade point average of 3.0, consent of project instructor and approval by the department of a written proposal submitted to the appropriate department in the College of Business and Public Administration on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 2 or 4 units)
ADMINISTRATION
Accredited by AACSB International, the Association to Advance Collegiate Schools of Business

College of Business and Public Administration
Jack Brown Hall, Room 278

Master of Public Administration
(Degree requirements can be found on Page 489.)

Certificate Programs
Accounting
Human Resources
Information Systems Management
Supply Chain Management

The College of Business and Public Administration offers a major in administration designed to prepare students for careers in business, government service, institutions and related fields.

Within the mission of the university, the College of Business and Public Administration has three central objectives: 1) provide high quality business and public administration programs which will prepare our students for successful careers in business and government; 2) participate in scholarly activities which will assist in keeping our students, faculty, and our constituent businesses and governments abreast of current developments in their respective disciplines; and 3) provide professional service to our university, community and professional organizations. The curriculum, with its core requirements and areas of specialization, provides the student with a broad-based behavioral and quantitative understanding of the concepts of management. The managerial function and decision-making processes are studied with coverage in methods of analysis of quantitative information; judgment and appraisal of social, economic and human relations issues; and effective communication.

Areas of commonality among various public and private systems of institutional management constitute the core material of the administration major, while variations which distinguish management practices in different functional areas are subjects for optional specialization.

Students are encouraged to check that they have met the prerequisite requirements for each course in the College of Business and Public Administration in which they are planning to enroll. Prerequisite requirements listed for each course are strictly enforced.

Enrollment in 300-, 400- and 500-level courses in the College of Business and Public Administration is restricted to students who have completed at least 89.9 quarter units (i.e., at least junior class level) and all lower-division courses listed below. Course prerequisites are strictly enforced.

Students who do not meet the stated requirements may be disenrolled from the course(s).

In addition to the grade point average requirements stated on Page 70, an administration major student must earn a grade point average of 2.0 ("C") or better in all units used to fulfill the requirements of the concentration.

B.A. IN ADMINISTRATION
Requirements (92-94 units)

Total units required for graduation: 180

Requirements for the B.A. in Administration:

Lower-division requirements (32 units)
1. ACCT 211. Introductory Accounting I (4)
2. ACCT 212. Introductory Accounting II (4)
3. ECON 200. Principles of Microeconomics (4)
4. ECON 202. Principles of Macroeconomics (4)
5. INFO 102. Introduction to Information Technology (2)
6. INFO 103. Using Information Technology Applications (2)
7. MGMT 230. Business Law (4)
9. Four units chosen from (also meets the General Education requirement category B1):
   MATH 110. College Algebra (4)
   MATH 120. Pre-Calculus Mathematics (4)
   MATH 192. Methods of Calculus (4)
   MATH 211. Basic Concepts of Calculus (4)
Upper-division core requirements (36 units)
1. FIN 313. Business Finance (4)
2. FIN 314. Corporate Financial Management (4)
3. INFO 309. Information Management (4)
4. Four units chosen from:
   MGMT 302. Management and Organizational Behavior (4)
   PSYC 302. Management and Organizational Behavior (4)
5. MGMT 330. Legal Environment of Business (4)
6. MGMT 490. Strategic Management (4)
7. MKTG 305. Marketing Principles (4)
8. PA 315. Government-Business Relations (4)
9. SCM 304. Principles of Supply Chain Management (4)

Note: Students choosing the public administration concentration, substitute ECON 475 for FIN 313; PA 472 for FIN 314; PA 307 for MKTG 305 and PSCI 428 for MGMT 490.

Concentration (24 - 26 units)
Choose one concentration from the following:

Note: The concentration electives should be chosen from the electives listed for each concentration or, with the prior approval of the department chair, the student may substitute other courses for these electives. With prior approval, up to two of the concentration electives may be chosen from other academic disciplines. In planning their career goals, students should review course offerings of other departments to determine if specific courses fit their career plans.

Business Economics Concentration
1. ECON 322. Managerial Economics (4)
2. ECON 335. Economic Analysis with Microcomputers (5)
3. ECON 372. Business Cycles (5)
4. Twelve units chosen from:
   ECON 333. Political Economy of Women: Money, Sex, Race, and Power (4)
   ECON 340. Advanced Economic Analysis with Microcomputers (4)
   ECON 360. Economics of the Environment (4)
   ECON 410. Money and Banking (4)
   ECON 430. International Economics (4)
   ECON 435. Multinational Corporations (4)
   ECON 475. Public Finance (4)
   ECON 490. Introduction to Econometrics (4)
   ECON 575. Internship in Economics (4)
   SCM 350. Supply Chain Management (4)
   SCM 470. Applied Decision Analysis (4)

Entrepreneurial Management Concentration
1. ACCT 315. Accounting Information Systems (4)
2. MGMT 442. Small Business Management (4)
3. MGMT 455. Human Resources Management (4)
4. MGMT 515. Small Business Consulting (4)
5. MKTG 460. Retailing (4)
   or one of the following:
   MKTG 420. Advertising (4)
   MKTG 430. Professional Selling and Sales Management (4)
   or
6. Four units chosen from:
   ACCT 426. Introduction to Taxation (4)
   ACCT 536. Corporate and Partnership Taxation (4)
   MGMT 457. Industrial and Labor Relations (4)
   MGMT 458. Fair Employment Practices (4)
   MGMT 520. Legal Regulation of Intellectual Property (4)
   MGMT 575. Internship in Management (4)
   MKTG 420. Advertising (if not taken as a required course) (4)
   MKTG 430. Professional Selling and Sales Management (if not taken as a required course) (4)
   MKTG 460. Retailing (if not taken as a required course) (4)

Environmental Management Concentration
1. MGMT 322. Law and Ethics of Environmental Management (4)
2. MGMT 324. International Environmental Management (4)
3. MGMT 326. Natural Resource Management (4)
4. MGMT 428. Environmental Policy and Management (4)
5. Eight units chosen from:
   ECON 360. Economics of the Environment (4)
   GEOG 350. Conservation and Natural Resources (4)
   HSCI 352. Principles of Environmental Health (4)
   HSCI 451. Principles of Epidemiology (4)

Finance Concentration
1. FIN 430. Financial Theory and Practice (4)
2. FIN 432. Financial Institutions and Capital Formation (4)
3. FIN 433. International Business Finance (4)
4. FIN 435. Investment Analysis (4)
6. Four units chosen from:
   ACCT 372. Intermediate Accounting (4)
   ACCT 373. Problem Areas in Intermediate Accounting (4)
   ACCT 426. Introduction to Taxation (4)
   ACCT 536. Corporate and Partnership Taxation (4)
   ECON 410. Money and Banking (4)
   ECON 475. Public Finance (4)
   FIN 360. Financial Planning Process and Insurance (4)
   FIN 380. Principles of Real Estate (4)
   FIN 534. Export-Import Financing (4)
   FIN 575. Internship in Finance (4)
   FIN 585. Real Estate Finance (4)
   MGMT 442. Small Business Management (4)
   SCM 350. Applied Decision Analysis (4)

Information Management Concentration
1. Eight units of electives chosen from any 100- or 200-level INFO courses.
2. INFO 372. Information Technology (4)
3. INFO 378. Information Problem Solving (4)
4. INFO 490. Information Systems Planning and Policy (4)
5. Four units of electives chosen from any 300-, 400- and 500-level INFO courses.

Management Concentration
1. Sixteen units chosen from:
   MGMT 335. Business and Society (4)
   MGMT 350. Administrative Communications (4)
   MGMT 451. Organization and Management Theory (4)
2. Eight units chosen from one of the specialty areas listed below:

**Management Specialty Area**
- MGMT 402. Studies in Organizational Behavior (4)
- MGMT 405. International Management (4)
- MGMT 432. Human Factors in System Development (4)
- MGMT 459. Work Group Management (4)
- MGMT 575. Internship in Management (4)

**Human Resources Specialty Area**
- MGMT 456. Psychology of Human Resources (4)
- MGMT 457. Industrial and Labor Relations (4)
- MGMT 458. Fair Employment Practices (4)
- MGMT 575. Internship in Management (4)
- MGMT 998. Management Portfolio Assessment (0)

**Marketing Concentration**
1. MKTG 410. Consumer Behavior (4)
2. MKTG 416. Marketing Research (4)
3. MKTG 496. Marketing Decision-Making (4)
4. MKTG 496. Marketing Planning and Strategy (4)
5. Four units of electives chosen from:
   - MKTG 420. Advertising (4)
   - MKTG 430. Professional Selling and Sales Management (4)
6. Four units of 400- or 500-level MKTG courses not previously taken.

**Public Administration Concentration**
1. PA 380. Introduction to Public Administration (4)
2. PA 462. Public Personnel Administration (4)
3. PA 463. Governmental Budgeting (4)
4. PA 490. Senior Assessment Seminar in Public Administration (4)
5. Eight units chosen from:
   - PA 305. Organizations in Multicultural and Diverse Societies (4)
   - PA 514. Management of Private Nonprofit Organizations (4)
   - PA 516. Public and Non-Profit Project Management (4)
   - PA 521. Principles of Planning (4)
   - PA 548A. Management of Computers in the Public Sector: Word Processing (4)
   - PA 548B. Management of Computers in the Public Sector: Data Base Management (4)
   - PA 548C. Management of Computers in the Public Sector: Spread Sheets (4)
   - PA 548D. Management of Computers in the Public Sector: Communication (4)
   - PA 548F. Management of Computers in the Public Sector: Special Problems (4)
   - PA 557. Public Sector Labor Relations (4)
   - PA 564. Local Public Administration (4)
   - PA 568. Accounting for Government and Not-for-Profit Organizations (4)
   - PA 575. Internship in Public Administration (4)
   - PA 590. Seminar in Public Administration (4)
   - PA 595B. Independent Study (2) (with consent of department chair)
   - PA 595D. Independent Study (4) (with consent of department chair)

**Real Estate Concentration**
1. FIN 380. Principles of Real Estate (4)
2. FIN 432. Financial Institutions and Capital Formation (4)
3. FIN 480. Real Estate Appraisal (4)
4. Four units chosen from:
   - FIN 485. Legal Aspects of Real Estate (4)
   - FIN 581. International Aspects of Real Estate (4)
5. FIN 585. Real Estate Finance (4)
6. Four units chosen from:
   - ACCT 347. Management Accounting and Decision Making (4)
   - ACCT 372. Intermediate Accounting (4)
   - ACCT 373. Accounting (4)
   - ACCT 426. Introduction to Taxation (4)
   - ACCT 536. Corporate and Partnership Taxation (4)
   - FIN 360. Financial Planning Process and Insurance (4)
   - FIN 430. Financial Theory and Practice (4)
   - FIN 433. International Business Finance (4)
   - FIN 435. Investment Analysis (4)
   - FIN 485. Legal Aspects of Real Estate (4) (if not taken previously)
   - FIN 523. Security Trading and Analysis (4)
   - FIN 575. Internship in Finance (4)
   - FIN 581. International Aspects of Real Estate (4) (if not taken previously)
   - MKTG 430. Professional Selling and Sales Management (4)

**Supply Chain Management Concentration**
1. SCM 205. Enterprise Systems (4)
2. SCM 350. Applied Decision Analysis (4)
3. SCM 470. Supply Chain Management (4)
4. SCM 480. Quality Management (4)
5. SCM 490. Logistics Strategy (4)
6. Four units chosen from:
   - INFO 280. Information Mapping and Data Visualization (4)
   - INFO 285. Electronic Commerce (4)
   - INFO 477. Decision Support Systems (4)
   - SCM 405. Advanced Enterprise Systems (4)
   - SCM 575. Internship in Supply Chain Management (4)
   - SCM 595. Independent Study (4)

**Transportation and Logistics Concentration**
1. MGMT 307. Introduction to Transportation Management (4)
2. MGMT 450. Logistics Management and Regulation (4)
3. SCM 440. Transportation Systems Management (4)
4. SCM 470. Supply Chain Management (4)
5. SCM 490. Logistics Strategy (4)
6. Four units chosen from:
   - INFO 280. Information Mapping and Data Visualization (4)
   - SCM 205. Enterprise Systems (4)
B.S. IN ADMINISTRATION

Requirements (112 units)

Total units required for graduation: 198

Requirements for the B.S. in Administration:

Lower-division requirements (32 units)
1. ACCT 211. Introductory Accounting I (4)
2. ACCT 212. Introductory Accounting II (4)
3. ECON 200. Principles of Microeconomics (4)
4. ECON 202. Principles of Macroeconomics (4)
5. INFO 102. Introduction to Information Technology (2)
6. INFO 103. Using Information Technology Applications (2)
7. MGMT 230. Business Law (4)

9. Four units chosen from (also meets the General Education requirement category B1):
   MATH 110. College Algebra (4)
   MATH 120. Pre-Calculus Mathematics (4)
   MATH 192. Methods of Calculus (4)
   MATH 211. Basic Concepts of Calculus (4)

Upper-division core requirements (36 units)
1. FIN 313. Business Finance (4)
2. FIN 314. Corporate Financial Management (4)
3. INFO 309. Information Management (4)
4. Four units chosen from:
   MGMT 302. Management and Organizational Behavior (4)
   PSYC 302. Management and Organizational Behavior (4)
5. MGMT 330. Legal Environment of Business (4)
6. MGMT 490. Strategic Management (4)
7. MKTG 305. Marketing Principles (4)
8. PA 315. Government-Business Relations (4)
9. SCM 304. Principles of Supply Chain Management (4)

Concentration (44 units)

Choose one concentration from the following:

Accounting Concentration
1. ACCT 315. Accounting Information Systems (4)
2. ACCT 347. Management Accounting and Decision Making (4)
3. ACCT 372. Intermediate Accounting (4)
4. ACCT 373. Problem Areas in Intermediate Accounting (4)
5. ACCT 426. Introduction to Taxation (4)
6. ACCT 440. Financial Statement Auditing (4)

7. Twenty units to be chosen from the following (in consultation with advisor):
   ACCT 441. EDP Auditing and Control (4)
   ACCT 442. Internal and Operational Auditing (4)
   ACCT 444. Accounting Law, Ethics and Institutions (4)
   ACCT 447. Cost Accounting (4)
   ACCT 536. Corporate and Partnership Taxation (4)
   ACCT 539. Advanced Accounting (4)
   ACCT 556. Estates and Gifts and other Specialized Taxation Topics (4)

May choose only one of the following two courses:
   ACCT 568. Accounting for Government and Not-for-Profit Organizations (4)
   PA 568. Accounting for Government and Not-for-Profit Organizations (4)

ACCT 574. Reporting Issues in Intermediate Accounting (4)
ACCT 575. Internship in Accounting (4)
ACCT 590. Seminar in Accounting (4)
ACCT 595. Independent Study (2 or 4)

Accounting Information Systems Concentration
1. ACCT 315. Accounting Information Systems (4)
2. ACCT 347. Management Accounting and Decision Making (4)
3. ACCT 372. Intermediate Accounting (4)
4. ACCT 373. Problem Areas in Intermediate Accounting (4)
5. ACCT 426. Introduction to Taxation (4)
6. ACCT 440. Financial Statement Auditing (4)
7. CSCI 201. Computer Science I (4)
8. CSCI 202. Computer Science II (4)

9. Twelve units chosen from:
   CSCI 330. Data Structures (4)
   CSCI 455. Software Engineering (4)
   INFO 274. Data Base Management (4)
   INFO 275. Information Networking (4)
   INFO 276. Systems Analysis and Design (4)
   INFO 372. Information Technology (4)
   INFO 474. Advanced Data Base Management (4)
   INFO 475. Advanced Information Networking (4)
   INFO 476. Advanced Systems Analysis and Design (4)

Finance Concentration
1. Four units chosen from:
   FIN 360. Financial Planning Process and Insurance (4)
   FIN 380. Principles of Real Estate (4)
2. FIN 430. Financial Theory and Practice (4)
3. FIN 432. Financial Institutions and Capital Formation (4)
4. FIN 433. International Business Finance (4)
5. FIN 435. Investment Analysis (4)

7. Twenty units of electives chosen from:
   ACCT 372. Intermediate Accounting (4)
   ACCT 373. Problem Areas in Intermediate Accounting (4)
   ACCT 426. Introduction to Taxation (4)
   ACCT 447. Cost Accounting (4)
   ACCT 536. Corporate and Partnership Taxation (4)
   ACCT 556. Estates and Gifts and other Specialized Taxation Topics (4)
   ECON 410. Money and Banking (4)
   ECON 475. Public Finance (4)
   FIN 360. Financial Planning Process and Insurance (if not taken previously) (4)
   FIN 380. Principles of Real Estate (if not taken previously) (4)
FIN 480. Real Estate Appraisal (4)
FIN 523. Security Trading and Analysis (4)
FIN 534. Export-Import Financing (4)
FIN 575. Internship in Finance (4)
FIN 585. Real Estate Finance (4)
FIN 590. Seminar in Finance (4)
MGMT 442. Small Business Management (4)
SCM 350. Applied Decision Analysis (4)

Note: Students interested in taking the CFP examination should take the following as their electives: ACCT 426, 536, 556 and FIN 360.

Financial Planning Concentration
1. ACCT 426. Introduction to Taxation (4)
2. ACCT 556. Estates and Gifts and Other Specialized Taxation Topics (4)
3. FIN 360. Financial Planning Process and Insurance (4)
4. FIN 430. Financial Theory and Practice (4)
5. FIN 435. Investment Analysis (4)
6. FIN 460. Retirement Planning (4)
7. Twenty units chosen from:
   ACCT 536. Corporate and Partnership Taxation (4)
   FIN 380. Principles of Real Estate (4)
   FIN 433. International Business Finance (4)
   FIN 523. Security Trading and Analysis (4)
   FIN 585. Real Estate Finance (4)
   MGMT 442. Small Business Management (4)
   MKTG 430. Professional Selling and Sales Management (4)

Information Management Concentration
1. INFO 274. Data Base Management (4)
2. INFO 275. Information Networking (4)
3. INFO 490. Information Systems Planning and Policy (4)
4. Thirty-two units chosen from one of the following three speciality areas:
   Computer Information Systems Speciality Area
   1. INFO 276. Systems Analysis and Design (4)
   2. INFO 372. Information Technology (4)
   3. INFO 378. Information Problem Solving (4)
   4. INFO 474. Advanced Data Base Management (4)
   5. INFO 475. Advanced Information Networking (4)
   6. INFO 476. Advanced Systems Analysis and Design (4)
   7. Eight units chosen from any INFO or CSCI major courses.

E-Business Speciality Area
1. INFO 282. Business Systems I (4)
2. INFO 285. Electronic Commerce (4)
3. INFO 474. Advanced Data Base Management (4)
4. INFO 485. E-Business (4)
5. MKTG 540. E-Marketing (4)
6. Twelve units chosen from:
   ACCT 372. Intermediate Accounting (4)
   ACCT 373. Problem Areas in Intermediate Accounting (4)
   INFO 140A. The World Wide Web and Multimedia: Web Page Design (2)

    INFO 140B. The World Wide Web and Multimedia: Web Master Administration (2)
    INFO 140C. The World Wide Web and Multimedia: Multimedia (2)
    INFO 283. Business Systems II (4)
    INFO 372. Information Technology (4)
    INFO 378. Information Problem Solving (4)
    INFO 475. Advanced Information Networking (4)
    SCM 470. Supply Chain Management (4)

Information Management Speciality Area
1. INFO 372. Information Technology (4)
2. INFO 378. Information Problem Solving (4)
3. Twenty-four units chosen from any INFO courses (16 units must be from 300-, 400- and 500-level courses).

International Business Concentration
1. FIN 433. International Business Finance (4)
2. MGMT 405. International Management (4)
3. MGMT 406. International Business Law (4)
4. MKTG 470. International Marketing Management (4)
5. Four units chosen from:
   ECON 430. International Economics (4)
   ECON 435. Multinational Corporations (4)
6. Twelve units in the same language chosen from the following categories:
   A. FREN 202. Conversation and Composition II (4)
      FREN 309. French for Translators (4)
      FREN 350. Advanced French Composition (4)
   B. GER 214. Conversation (4)
      GER 309. Advanced German Composition (4)
      GER 312. Business German (4)
   C. SPAN 212. Composition (4)
      SPAN 213. Composition for Spanish Speakers (4)
      SPAN 302. Theory and Practice in Composition (4)
      SPAN 314. Advanced Conversation (4)

Note: Students may receive credit for only one from SPAN 212 or SPAN 213.

D. Twelve units of upper-division course work in the same language other than French, German, or Spanish.

Note: Students may have any or all of the above listed foreign language courses waived by demonstrating equivalent language proficiency. Responsibility for determining this proficiency rests with the Chair of the Department of Management after consultation with the World Languages and Literatures Department Chair. Students having any of these foreign language courses waived must substitute an equal number of units from the electives listed below.

E. Twelve units chosen from:
   ANTH 485. Applied Anthropology and Social Policy (4)
   ECON 430. International Economics (4) (if not taken previously)
   ECON 435. Multinational Corporations (4) (if not taken previously)
   FIN 534. Export-Import Financing (4)
   MGMT 305. International Organizational Behavior (4)
   MGMT 324. International Environmental Management (4)
   MGMT 407. Comparative Management Systems of the Americas (4)
   MGMT 520. Legal Regulation of Intellectual Property (4)
   MKTG 572. Import-Export Management (4)
MINOR IN ACCOUNTING

Requirements (28 units)

Requirements for a minor in Accounting:

Lower-division requirements (8 units)
1. ACCT 211. Introductory Accounting I (4)
2. ACCT 212. Introductory Accounting II (4)

Upper-division requirements (20 units)
1. ACCT 372. Intermediate Accounting (4)
2. Sixteen units chosen from:
   - ACCT 315. Accounting Information Systems (4)
   - ACCT 347. Management Accounting and Decision Making (4)
   - ACCT 373. Problem Areas in Intermediate Accounting (4)
   - ACCT 426. Introduction to Taxation I (4)
   - ACCT 440. Financial Statement Auditing (4)
   - ACCT 441. EDP Auditing and Control (4)
   - ACCT 442. Internal and Operational Auditing (4)
   - ACCT 444. Accounting Law, Ethics and Institutions (4)
   - ACCT 447. Cost Accounting (4)
   - ACCT 536. Corporate and Partnership Taxation (4)
   - ACCT 539. Advanced Accounting (4)
   - ACCT 556. Estates and Gifts and other Specialized Taxation Topics (4)
   - ACCT 568. Accounting for Government and Not-for-Profit Organizations (4)
   - ACCT 574. Reporting Issues in Intermediate Accounting (4)

MINOR IN BUSINESS ADMINISTRATION

Requirements (28 units)

Requirements for a minor in Business Administration:

1. ACCT 211. Introductory Accounting I (4)
2. MGMT 230. Business Law (4)
3. Twenty units of which nine units must be upper-division, usually from one area (i.e., accounting, economics, finance, information management, management, marketing, or operations management), chosen in consultation with the associate dean. Twenty units of the minor must be completed at CSUSB.

MINOR IN BUSINESS INFORMATION MAPPING

Requirements (32 units)

Requirements for a minor in Business Information Mapping:

1. INFO 102. Introduction to Information Technology (2)
2. INFO 103. Using Information Technology Applications (2)
3. INFO 280. Information Mapping and Data Visualization (4)
4. INFO 309. Information Management (4)
5. INFO 480. Advanced Information Mapping and Visualization (4)
6. Technical Area
   Eight units chosen from:
   INFO 274. Data Base Management (4)
   INFO 282. Business Systems I (4)
   INFO 477. Decision Support Systems (4)
   MKTG 416. Marketing Research (4)
   MKTG 450. Logistics (4)
   SCM 350. Applied Decision Analysis (4)

7. General Area
   Eight units chosen from:
   FIN 380. Principles of Real Estate (4)
   FIN 432. Financial Institutions and Capital Formation (4)
   INFO 378. Information Problem Solving (4)
   MGMT 324. International Environmental Management (4)
   MGMT 326. Natural Resource Management (4)
   PA 521. Principles of Planning (4)
   PA 564. Local Public Administration (4)

MINOR IN FINANCE
Requirements (24 units)

Requirements for a minor in Finance:
Lower-division requirements (8 units)
1. ACCT 211. Introductory Accounting I (4)
2. ACCT 212. Introductory Accounting II (4)
Upper-division requirements (16 units)
1. FIN 313. Business Finance (4)
2. FIN 314. Corporate Financial Management (4)
3. Eight units chosen from:
   FIN 430. Financial Theory and Practice (4)
   FIN 432. Financial Institutions and Capital Formation (4)
   FIN 433. International Business Finance (4)
   FIN 435. Investment Analysis (4)
   FIN 534. Export-Import Financing (4)

MINOR IN HUMAN RESOURCES MANAGEMENT
Requirements (24 units)

Requirements for a minor in Human Resources Management:
1. MGMT 302. Management and Organizational Behavior (4)
2. MGMT 455. Human Resources Management (4)
3. MGMT 456. Psychology of Human Resources (4)
4. MGMT 457. Industrial and Labor Relations (4)
5. MGMT 458. Fair Employment Practices (4)
6. Four units of upper-division elective course work chosen with the approval of a Management Department advisor.

MINOR IN INFORMATION MANAGEMENT
Requirements (24 units)

Requirements for a minor in Information Management:
Lower-division requirements (12 units)
1. INFO 102. Introduction to Information Technology (2)
2. INFO 103. Using Information Technology Applications (2)
3. Eight units chosen from any INFO 100- and 200-level courses.
Upper-division requirements (12 units)
1. INFO 309. Information Management (4)
2. Eight units chosen from any INFO 300-, 400- and 500-level courses.

MINOR IN MARKETING
Requirements (24 units)

Requirements for a minor in Marketing:
1. MKTG 305. Marketing Principles (4)
2. MKTG 410. Consumer Behavior (4)
3. Sixteen units chosen from:
   MKTG 420. Advertising (4)
   MKTG 430. Professional Selling and Sales Management (4)
   MKTG 436. Marketing Decision-Making (4)
   MKTG 438. Industrial Marketing (4)
   MKTG 446. Advertising Campaign (4)
   MKTG 450. Logistics (4)
   MKTG 460. Retailing (4)
   MKTG 462. Merchandising (4)
   MKTG 470. International Marketing Management (4)
   MKTG 496. Marketing Planning and Strategy (4)
   MKTG 520. Integrated Marketing Communication (4)
   MKTG 530. Strategic Entrepreneurship (4)
   MKTG 540. E-Marketing (4)
   MKTG 560. Services Marketing (4)
   MKTG 572. Import-Export Management (4)
   MKTG 575. Internship in Marketing (4)
   MKTG 590. Seminar in Marketing (4)
   MKTG 595D. Independent Study (4)

MINOR IN PUBLIC ADMINISTRATION
Requirements (28 units)

Requirements for a minor in Public Administration:
Lower-division requirement (4 units)
1. ECON 200. Principles of Microeconomics (4)
Upper-division requirements (24 units)
1. ECON 475. Public Finance (4)
2. Four units chosen from:
   MGMT 302. Management and Organizational Behavior (4)
   PSYC 302. Management and Organizational Behavior (4)
3. Four units chosen from:
   PA 380.  Introduction to Public Administration (4)
   PSCI 380.  Introduction to Public Administration (4)
4. PA 462.  Public Personnel Administration (4)
5. PA 463.  Governmental Budgeting (4)
6. PA 472.  Administrative Law (4)

MINOR IN REAL ESTATE
Requirements (28 units)

Requirements for a minor in Real Estate:

Lower-division requirements (8 units)
1. ACCT 211.  Introductory Accounting I (4)
2. ACCT 212.  Introductory Accounting II (4)

Upper-division requirements (20 units)
1. FIN 313.  Business Finance (4)
2. FIN 314.  Corporate Financial Management (4)
3. FIN 380.  Principles of Real Estate (4)
4. Eight units chosen from:
   FIN 432.  Financial Institutions and Capital Formation (4)
   FIN 480.  Real Estate Appraisal (4)
   FIN 485.  Legal Aspects of Real Estate (4)
   FIN 581.  International Aspects of Real Estate (4)
   FIN 585.  Real Estate Finance (4)

MINOR IN SUPPLY CHAIN MANAGEMENT
Requirements (28 units)

Requirements for a minor in Supply Chain Management:

Lower-division requirement (4 units)
1. SCM 210.  Applied Business Statistics (4)

Upper-division requirements (24 units)
1. SCM 205.  Enterprise Systems (4)
2. SCM 304.  Principles of Supply Chain Management (4)
3. SCM 350.  Applied Decision Analysis (4)
4. SCM 470.  Supply Chain Management (4)
5. SCM 480.  Quality Management (4)
6. SCM 490.  Logistics Strategy (4)

DEPARTMENTAL HONORS

Students majoring in administration are eligible to receive departmental honors if the following conditions are met:
1. At least four courses in the concentration are completed at this university;
2. A minimum grade point average of 3.5 for all courses satisfying the requirements for the major;
3. One of the following:
   A. A minimum grade point average of 3.8 for all courses satisfying the requirements of the concentration;
   B. A grade of "A" (4.0) in a specific College of Business and Public Administration 595. Independent Study course, developed for honors consideration;
   C. Author or coauthor an article accepted for publication in a leading scholarly journal in their field.

The honor is awarded by the faculty of the department, and students who wish to receive this distinction should initiate the process by submitting a letter of application to the appropriate department office at the beginning of their senior year.

BETA ALPHA PSI

Founded in 1919, Beta Alpha Psi is a national scholastic and professional accounting fraternity. The primary objective of the fraternity is to encourage and give recognition to scholastic and professional excellence in the field of accounting. This includes promoting the study and practice of accounting; providing opportunities for self-development and association among members and practicing accountants; and encouraging a sense of ethical, social and public responsibility. The letters Beta, Alpha and Psi denote Scholarship, Social Responsibility and Practicality, respectively.

BETA GAMMA SIGMA

The university has an active chapter of Beta Gamma Sigma, a national organization that encourages and honors academic achievement and personal excellence in the study and practice of business. Membership is by invitation extended to undergraduate and graduate business students of high scholarship and good moral character.

CERTIFICATE PROGRAMS

Certificates may be earned by regularly matriculated or extended learning students and denote successful completion of a prescribed program of study designed to a) impart specified professional/vocational/career competencies; or b) produce mastery of the content of a sub-field of an academic major (discipline); or c) provide exposure to the range of materials in a traditional or emerging interdisciplinary field. Refer to Page 63 for additional certificate information.

Accounting Certificate

Certificate Requirements (32 units)
1. ACCT 211.  Introductory Accounting I (4)
2. ACCT 212.  Introductory Accounting II (4)
3. ACCT 347.  Management Accounting and Decision Making (4)
4. ACCT 372.  Intermediate Accounting (4)
5. ACCT 373.  Problem Areas in Intermediate Accounting (4)
6. ACCT 447.  Cost Accounting (4)
7. ACCT 574.  Reporting Issues in Intermediate Accounting (4)
8. Four units of electives chosen in consultation with an advisor:
   ACCT 315.  Accounting Information Systems (4)
   ACCT 426.  Introduction to Taxation I (4)
   ACCT 539.  Advanced Accounting (4)
   ACCT 440.  Financial Statement Auditing (4)
   ACCT 441.  EDP Auditing and Control (4)
   ACCT 442.  Internal and Operational Auditing (4)
   ACCT 536.  Corporate and Partnership Taxation (4)
   ACCT 556.  Estates and Gifts and other Specialized Taxation Topics (4)
   ACCT 568.  Accounting for Government and Not-for-Profit Organizations (4)
ACCT 590. Seminar in Accounting (4)
FIN 313. Business Finance (4)
FIN 314. Corporate Financial Management (4)
FIN 430. Financial Theory and Practice (4)

**Human Resources Certificate**

Certificate Requirements (24 units)
1. MGMT 302. Management and Organizational Behavior (4)
2. MGMT 455. Human Resources Management (4)
3. MGMT 456. Psychology of Human Resources (4)
4. MGMT 457. Industrial and Labor Relations (4)
5. MGMT 458. Fair Employment Practices (4)
6. Four units of upper-division elective coursework chosen with the approval of a Management Department advisor.

**Information Systems Management Certificate**

Certificate Requirements (32 units)

Lower-division requirements (16 units)
1. INFO 102. Introduction to Information Technology (2)
2. INFO 103. Using Information Technology Applications (2)
3. Twelve units chosen from any INFO 100- and 200-level courses.

Upper-division requirements (16 units)
1. INFO 309. Information Management (4)
2. Twelve units chosen from any INFO 300-, 400- and 500-level courses.

**Supply Chain Management Certificate**

Certificate Requirements (32 units)
1. SCM 205. Enterprise Systems (4)
2. SCM 210. Applied Business Statistics (4)
3. SCM 304. Principles of Supply Chain Management (4)
4. SCM 350. Applied Decision Analysis (4)
5. SCM 470. Supply Chain Management (4)
6. SCM 480. Quality Management (4)
7. SCM 490. Logistics Strategy (4)
8. Four units chosen from:
   - INFO 280. Information Mapping and Data Visualization (4)
   - INFO 285. Electronic Commerce (4)
   - INFO 477. Decision Support Systems (4)
   - SCM 405. Advanced Enterprise Systems (4)

---

**COURSE OFFERINGS IN ADMINISTRATION (ADMN)**

**Upper Division**

501. Quantitative Methods for Managers
A review of major analytical methods used by managers to facilitate their decision making, including accounting, finance, operations and other decision science tools. (4 units)

502. Managerial Communication and Policy
A review and integration of the managerial areas of human resource management, marketing, organizational communication, negotiation skills, and policy and strategy into a decision-making framework that is bound by legal, ethical and global considerations. (4 units)
AEROSPACE STUDIES (AIR FORCE ROTC)

Aerospace Studies Office
Temporary Offices, Room 122
880-5440

Aerospace Studies Program

FACULTY: Major Kevin Kuhn, Major Steven E. McGibbon, Major Jeff Ohman

Air Force Reserve Officer Training Corps (AFROTC) is a program designed to commission college students as second lieutenants in the active duty Air Force. Students are required to graduate with a bachelor's degree, in any academic major, and complete one of the two program options. AFROTC offers numerous scholarship opportunities, but scholarships are not required to participate in the program. Students enrolled in the Professional Officer Course and students in the General Military Course on scholarship receive a monthly financial stipend. No military commitment is incurred until entering the Professional Officer Course or accepting an AFROTC scholarship.

AEROSPACE STUDIES PROGRAM

Program Requirements

Option I (Four Year Program)

Program Requirements (24 units)
The four year program is available to students with three to four years of undergraduate/graduate study remaining. Entry into the program requires university course enrollment and consultation with the AFROTC admissions officer in the department. The program consists of three parts: General Military Course (academics and laboratory), Field Training, and the Professional Officer Course (academics and laboratory).

General Military Course (GMC):
1. AS 090. Leadership Laboratory (0) (required every quarter)
2. AS 101. The Air Force Today I (1)
3. AS 102. The Air Force Today II (1)
4. AS 103. The Air Force Today III (1)
5. AS 201. The Development of Air Power I (1)
6. AS 202. The Development of Air Power II (1)
7. AS 203. The Development of Air Power III (1)

Field Training
A four-week, noncredit course conducted at an Air Force base during the summer between the second and third years of the program. Successful completion is required before continuing in the program.

Professional Officer Course (POC):
1. AS 090. Leadership Laboratory (0) (required every quarter)
2. AS 301. Air Force Leadership and Management I (3)
3. AS 302. Air Force Leadership and Management II (3)
4. AS 303. Air Force Leadership and Management III (3)
7. AS 403. National Security Forces in Contemporary American Society III (3)

Option II (Two Year Program)

Program Requirements (18 units)
Application for the two-year program is made in the fall and winter quarters for Field Training attendance, during the summer, and prior to entry into the POC. Field Training selection is based on a number of highly competitive criteria. For an application and selection criteria contact the department. The two year program is available to students with two years of undergraduate/graduate study remaining. The program consists of two parts: Field Training and the Professional Officer Course (academics and laboratory).

Field Training:
Prerequisite for entry in the two-year program. A five-week, noncredit course conducted at an Air Force base during the summer before entry into the Professional Officer Course. Successful completion is required before continuing in the program.

Professional Officer Course (POC):
1. AS 090. Leadership Laboratory (0) (required every quarter)
2. AS 301. Air Force Leadership and Management I (3)
3. AS 302. Air Force Leadership and Management II (3)
4. AS 303. Air Force Leadership and Management III (3)
7. AS 403. National Security Forces in Contemporary American Society III (3)

COURSE OFFERINGS IN AEROSPACE STUDIES (AS)

90. Leadership Laboratory
Open only to enrolled Air Force ROTC cadets. Cadets must be concurrently enrolled in aerospace studies courses. Designed to allow students to apply leadership techniques and military skills taught in classroom and to develop their confidence as future military officers. Graded credit/no credit (0 units)

Lower Division

101. The Air Force Today I
Examines the roles and ethical standards expected of an Air Force officer. Presents the opportunities and benefits of being an Air Force officer. (1 unit)

102. The Air Force Today II
The Air Force organization, structure, and mission with emphasis on the basic skills used by military officers. (1 unit)

103. The Air Force Today III
Further analysis of ethical standards expected of an Air Force officer with an emphasis on group dynamics. (1 unit)
201. The Development of Air Power I  
Development of air power technology and tactics from 1900 through the Vietnam War and its impact on military thought. (1 unit)

202. The Development of Air Power II  
Development of air power technology and tactics from the Vietnam War to present and its impact on military thought. (1 unit)

203. The Development of Air Power III  
In-depth discussion of values and public expectations as they relate to military officers. (1 unit)

Upper Division

301. Air Force Leadership and Management I  
Principles and functions of management and leadership. Introduction to "Total Quality Management." (3 units)

302. Air Force Leadership and Management II  
"Quality Air Force" initiatives, procedures, and applications. (3 units)

303. Air Force Leadership and Management III  
Ethics in modern society and the military, including the "Standards of Conduct" and the principles of modern warfare. (3 units)

Forces and issues that influence policy decisions and application of military force. The impact of the executive branch and Congress on military operations. (3 units)

402. National Security Forces in Contemporary American Society II  
Geopolitical influences on U.S. political decision making and the use of military force. (3 units)

403. National Security Forces in Contemporary American Society III  
Basic knowledge necessary for effective military leadership including consideration of legal issues and the military judicial system. (3 units)
AMERICAN STUDIES

Department of Art
Visual Arts Center, Room 105
880-5802

Bachelor of Arts
American Studies

COORDINATOR: Sant Khalsa

The American Studies major provides students with a broad introduction to American culture. The major incorporates course work from a variety of disciplines, and it encourages students to recognize the diversity of our culture. Consequently, American Studies is an appropriate program for those students who wish to be informed citizens as well as for those who also are looking for a useful context for careers in education, government, law, library work and related fields.

The major consists of a basic set of requirements in American literature, art and history. These requirements provide students with a historical overview of the culture as well as the investigative methods for understanding that culture. Related electives allow students to pursue their individual interests. This degree totals 72 units. With additional course work in either English or history, a student also can complete a single-subject waiver program for secondary-school teachers. Contact the Department of Art for more information on this degree program.

Students who are interested in earning a teaching credential in either multiple subject or a single subject should consult the section, "Basic Teaching Credentials," in this catalog, Page 150.

B.A. IN AMERICAN STUDIES

Requirements (72 units)

Total units required for graduation: 180

Lower-division prerequisites (12 units):
1. ENG 140. Major American Authors (4)
2. HIST 146. American Civilization (4)
3. PSCI 203. American Government (4)

Note: HIST 146. American Civilization and PSCI 203. American Government fulfill categories D-1 and D-2 respectively in general education requirements. These units cannot be counted in more than one category.

Requirements for the B.A. in American Studies

A. Concepts and Methods (8 units)
1. AMST 300. Introduction to American Studies (4)
2. HUM 344. Ideas in American Culture (4)
B. American Arts (12 units)
1. ART 311. Art of the United States to the End of the Nineteenth Century (4)
2. Women and/or minorities: Four units chosen from:
   ANTH 323. Native North American Art (4)
   ART 323. Native North American Art (4)
3. American arts: Four units chosen from:
   ANTH 323. Native North American Art (4)
   ART 323. Native North American Art (4)
   MUS 351. Latin American Music (4)
   MUS 352. African American Music (4)

C. Historical and Social Contexts (24 units)
1. Historical Periods
Twelve units chosen from:
   HIST 350. The American Colonies, 1607-1783 (4)
   HIST 351. The Evolution of American Democracy, 1783-1840 (4)
   HIST 354. Civil War and Reconstruction (4)
   HIST 356. The United States, 1877-1917 (4)
   HIST 357. The United States, 1917-1945 (4)
   HIST 359. The United States Since 1945 (4)
2. Social Contexts
Twelve units chosen from one of the following groups:
   Economics
   ECON 333. Political Economy of Women: Money, Sex, Race, and Power (4)
   ECON 352. The Economics of Poverty and Discrimination (4)
   ECON 360. Economics of the Environment (4)
   ECON 421. Economic History of the United States (4)
   Religion
   HIST 380. History of World Religions (4)
   SSCI 345. Religious Expression in America (4)
   SOC 380. Sociology of Religion (4)
   Women and Minorities in America
   ANTH 305. North American Prehistory (4)
   ANTH 323. Native North American Art (4)
   ANTH 351. Indians of North America (4)
   ART 323. Native North American Art (4)
   ECON 333. Political Economy of Women: Money, Sex, Race, and Power (4)
   ECON 352. The Economics of Poverty and Discrimination (4)
   ECON 359. The United States Since 1945 (4)
   HIST 391. Chicano History (4)
   HIST 565. Ethnic Minorities in American History (4)
   PSCI 340. Sex and Politics (4)
   PSCI 352. Minority Politics (4)
   SOC 410. Sociology of Race and Ethnicity (4)
   SOC 440. Social Class (4)
   SOC 441. Black Social Stratification (4)
   SOC 442. Chicano Social Stratification (4)
   SOC 444. Sociology of Gender (4)

Note: Students may receive credit for only one of the following:
   ANTH 323. Native North American Art
   ART 323. Native North American Art

A. Concepts and Methods (8 units)
1. AMST 300. Introduction to American Studies (4)
2. HUM 344. Ideas in American Culture (4)
B. American Arts (12 units)
1. ART 311. Art of the United States to the End of the Nineteenth Century (4)
2. Women and/or minorities: Four units chosen from:
   ANTH 323. Native North American Art (4)
   ART 323. Native North American Art (4)
3. American arts: Four units chosen from:
   ANTH 323. Native North American Art (4)
   ART 323. Native North American Art (4)
   MUS 351. Latin American Music (4)
   MUS 352. African American Music (4)

C. Historical and Social Contexts (24 units)
1. Historical Periods
Twelve units chosen from:
   HIST 350. The American Colonies, 1607-1783 (4)
   HIST 351. The Evolution of American Democracy, 1783-1840 (4)
   HIST 354. Civil War and Reconstruction (4)
   HIST 356. The United States, 1877-1917 (4)
   HIST 357. The United States, 1917-1945 (4)
   HIST 359. The United States Since 1945 (4)
2. Social Contexts
Twelve units chosen from one of the following groups:
   Economics
   ECON 333. Political Economy of Women: Money, Sex, Race, and Power (4)
   ECON 352. The Economics of Poverty and Discrimination (4)
   ECON 360. Economics of the Environment (4)
   ECON 421. Economic History of the United States (4)
   Religion
   HIST 380. History of World Religions (4)
   SSCI 345. Religious Expression in America (4)
   SOC 380. Sociology of Religion (4)
   Women and Minorities in America
   ANTH 305. North American Prehistory (4)
   ANTH 323. Native North American Art (4)
   ANTH 351. Indians of North America (4)
   ART 323. Native North American Art (4)
   ECON 333. Political Economy of Women: Money, Sex, Race, and Power (4)
   ECON 352. The Economics of Poverty and Discrimination (4)
   ECON 359. The United States Since 1945 (4)
   HIST 391. Chicano History (4)
   HIST 565. Ethnic Minorities in American History (4)
   PSCI 340. Sex and Politics (4)
   PSCI 352. Minority Politics (4)
   SOC 410. Sociology of Race and Ethnicity (4)
   SOC 440. Social Class (4)
   SOC 441. Black Social Stratification (4)
   SOC 442. Chicano Social Stratification (4)
   SOC 444. Sociology of Gender (4)

Note: Students may receive credit for only one of the following:
   ANTH 323. Native North American Art
   ART 323. Native North American Art
**Political Thought**

- ANTH 315. Archaeology of the Southwest and California (4)
- ANTH 352. Indians of the Southwest (4)
- GEOG 302. Geography of California (4)
- GEOG 350. Conservation and Natural Resources (4)
- GEOG 440. Understanding the City (4)
- HIST 370. History of California (4)
- HIST 560. History of the American West (4)
- HIST 566. Ethnic Minorities in the American Southwest: Past and Present (4)
- PSCI 310. Classical Political Thought (4)
- PSCI 311. Foundations of Modern Political Thought (4)
- PSCI 314. American Political Thought (4)
- PSCI 326. Political Parties and Interest Groups (4)
- PSCI 342. The Politics of the Environment (4)
- PSCI 410. American Constitutional Law (4)
- PSCI 411. The Bill of Rights (4)
- PSCI 530. Studies in Political Theory: Liberalism (4)

**D. American Literature (20 units)**

1. Four units chosen from: (Prerequisite to upper-division American Literature courses.)
   - ENG 301. Analysis of Poetry (4)
   - ENG 302. Analysis of Drama (4)
   - ENG 303. Analysis of Prose Fiction (4)
   - ENG 304. Analysis of Nonfiction Prose (4)
   - TA 302. Analysis of Drama (4)

2. Twelve units in periods as follows:
   - ENG 330. American Literature I (4)
   - ENG 331. American Literature II (4)
   - ENG 332. American Literature III (4)

   **Note:** At least four units on American minorities and/or women must be chosen from categories D3, E, or F below.

3. Four units of electives chosen from:
   - ENG 314. American Indian Literature (4)
   - ENG 322. Studies in Literary Themes, Genres, or Authors (with appropriate topic approved by an advisor) (4)
   - ENG 339. African American Literature (4)

**E. American Themes Elective (4 units)**

Four units chosen from group 1 or 2 below:

1. Four additional upper-division units chosen from one of the groups in C.1 or C.2;
2. Four units chosen from courses on American subjects in anthropology, economics, geography, history, philosophy, political science and sociology in consultation with an advisor.

**F. Capstone (4 units)**

1. Four units chosen from:
   - AMST 590. Special Topics in American Studies (4)
   - ENG 515. Senior Seminar in Literature (with appropriate topic approved by American Studies coordinator) (4)
# ANTHROPOLOGY

## Department of Anthropology
Social and Behavioral Sciences Building, Room 327J
880-5502

## Bachelor of Arts
Anthropology

## Minor
Anthropology

## Certificate Programs
- Applied Cultural Anthropology
- Archaeology
- Latin American Studies
- Museum Studies

### FACULTY:
- Russell Barber, Anne Bennett, Frances Berdan, Kathy Nadeau, Wesley Niewoehner, James Pierson, Peter Robertshaw (Chair)

The study of anthropology promotes an understanding of self and all humankind by exploring the human condition at all times and in all places. In the modern world in which every society depends upon other societies, ignorance of the goals, values and ways of life of others may become a fear leading to discrimination and racism in the community or to war and oppression between nations. The challenges of desert life for the Australian Aborigine and the problems of contemporary ghetto existence are of equal interest to the anthropologist, and courses in these topics and world ethnography are offered by the Anthropology Department. Human physical and cultural evolution, the distribution and significance of cultural differences, the history and ecology of specific areas, and the role of language in culture are treated in courses in physical anthropology, cultural anthropology, archaeology and prehistory, and linguistics.

Participation in The California State University's International Programs is one way students can experience other cultures first-hand. For further information, see Page 25.

## B.A. IN ANTHROPOLOGY

### Requirements (58 units)

<table>
<thead>
<tr>
<th>Total units required for graduation: 180</th>
</tr>
</thead>
</table>

### Requirements for the B.A. in Anthropology:

1. **ANTH 100.** Introduction to Anthropology: Human Evolution (4)
2. **ANTH 102.** Introduction to Anthropology: Culture and Society (4)
3. **ANTH 200.** Biological Anthropology Laboratory (1)
4. **ANTH 500.** Great Ideas in Anthropology (4)
5. **Archaeology**
   - Eight units chosen from:
     - **ANTH 300.** Archaeology (4)
     - **ANTH 302.** African Archaeology (4)
     - **ANTH 303.** Prehistory of the Middle East and Europe (4)
     - **ANTH 305.** North American Prehistory (4)
     - **ANTH 306.** Aztecs, Maya and Their Predecessors (4)
     - **ANTH 307.** Incas and Their Predecessors (4)
6. **Biological Anthropology**
   - Eight units chosen from:
     - **ANTH 325.** Human Biological Variation and the Concept of Race (4)
     - **ANTH 326.** Human Origins (4)
     - **ANTH 327.** Primate Evolution and Ecology (4)
     - **ANTH 328.** Forensic Anthropology and Crime (4)
7. **Laboratory Analysis**
   - Five units chosen from:
     - **ANTH 319.** Experimental Archaeology and Ethnoarchaeology (5)
     - **ANTH 320.** Archaeological Survey and Excavation (5)
     - **ANTH 321.** Archaeological Laboratory Analysis (5)
     - **ANTH 322.** Human Osteology and Functional Anatomy (5)
8. **Anthropology culture areas**
   - Eight units chosen from:
     - **ANTH 351.** Indians of North America (4)
     - **ANTH 352.** Indians of the Southwest (4)
     - **ANTH 354.** Cultures of Mexico and Central America (4)
     - **ANTH 356.** Cultures of South America (4)
     - **ANTH 357.** African Societies (4)
     - **ANTH 358.** Peoples of the Middle East (4)
     - **ANTH 360.** Peoples of Australia (4)
     - **ANTH 361.** Peoples of Micronesia, Melanesia and Polynesia (4)
     - **ANTH 362.** Peoples of Asia (4)
     - **ANTH 365.** Asian-American Cultures (4)
9. **Anthropology theory**
   - Twelve units chosen from:
     - **ANTH 330.** Cross-Cultural Child-Rearing Practices (4)
     - **ANTH 331.** Anthropology of Human Development (4)
     - **ANTH 332.** Cross-Cultural Perspectives on Aging (4)
     - **ANTH 333.** Sex and Gender in Cross-Cultural Perspective (4)
     - **ANTH 335.** Cross-Cultural Perspectives on Crime and Deviance (4)
     - **ANTH 375.** Museum Methods (4)
     - **ANTH 460.** Language and Culture (4)
     - **ANTH 466.** Anthropology of Health, Illness and Healing (4)
     - **ANTH 470.** Culture Change and Dynamics (4)
     - **ANTH 472.** Colonial and Postcolonial Anthropology (4)
     - **ANTH 475.** Cultural Ecology (4)
     - **ANTH 480.** Magic, Religion and Science (4)
     - **ANTH 485.** Applied Anthropology and Social Policy (4)
     - **ANTH 492.** Economic Anthropology (4)
     - **ANTH 493.** Urban Anthropology (4)
10. Four additional upper-division units in anthropology (may be from a related field, as approved by an advisor).
MINOR IN ANTHROPOLOGY
Requirements (28 units)

Requirements for a minor in Anthropology:
1. ANTH 100. Introduction to Anthropology: Human Evolution (4)
2. ANTH 102. Introduction to Anthropology: Culture and Society (4)
3. Twenty upper-division units chosen in consultation with an advisor.

DEPARTMENTAL HONORS
Students majoring in anthropology are eligible to receive honors in anthropology at graduation if the following conditions are met:
1. At least one-half of the course work required by the major is completed at this university;
2. A grade point average of at least 3.5 in the major, both at this university and overall;
3. An overall undergraduate grade point average of 3.0 (“B”) or better;
4. Successful completion of ANTH 597. Senior Honors Project, resulting in a thesis paper.

Applications for candidacy must be made by the beginning of the senior year. Approval of candidacy and of the project and project advisor rests with the department. The project advisor and one other faculty reader from the department will have responsibility for evaluation of the completed thesis paper.

CERTIFICATE PROGRAMS
Certificates may be earned by regularly matriculated or extended learning students and denote successful completion of a prescribed program of study designed to a) impart specified professional/vocational/career competencies; or b) produce mastery of the content of a sub-field of an academic major (discipline); or c) provide exposure to the range of materials in a traditional or emerging interdisciplinary field. Certain certificate programs contain 600-level courses as requirements and/or electives. These 600-level courses may not be taken by undergraduate students. Refer to Page 63 for additional certificate information.

Certificate in Applied Cultural Anthropology
Admission to the Certificate
1. Consultation with a faculty advisor in anthropology is required before enrolling in upper-division courses.

Certificate Requirements (32 units)
1. ANTH 102. Introduction to Anthropology: Culture and Society (4)
2. A minimum of four units chosen from:
   ECON 250. Statistics for Economists (4)
   GEOG 205. Geographical Statistics (4)
   PSYC 210. Psychological Statistics (5)
   SCM 210. Applied Business Statistics (4)
   SSCI 215. Statistics for Social Sciences (4)
3. ANTH 485. Applied Anthropology and Social Policy (4)
4. ANTH 578. Internship in Applied Anthropology (2-5) for a total of (8)
5. A minimum of twelve units of upper-division social and cultural anthropology courses chosen in consultation with an advisor.

Certificate in Archaeology
Certificate Requirements (33 units)
1. ANTH 300. Archaeology (4)
2. Five units chosen from:
   ANTH 320. Archaeological Survey and Excavation (5)
   ANTH 321. Archaeological Laboratory Analysis (5)
3. Five units chosen from:
   ANTH 319. Experimental Archaeology and Ethnoarchaeology (5)
   ANTH 321. Archaeological Laboratory Analysis (5)
4. Eight units chosen from:
   ANTH 302. African Archaeology (4)
   ANTH 303. Prehistory of the Middle East and Europe (4)
   ANTH 305. North American Prehistory (4)
   ANTH 306. Aztecs, Maya and Their Predecessors (4)
   ANTH 307. Incas and Their Predecessors (4)
   ANTH 314. Archaeology of the Southwest and California (4)
5. GEOG 201. Map Interpretation (2)
6. GEOG 202. Introduction to Geographic Information Systems and Mapping (5)
7. A minimum of four units chosen from:
   GEOG 306. Remote Sensing of Environment (4)
   GEOG 401. Advanced Geographic Information Systems (5)
   GEOG 403. Advanced Map Design (5)
   GEOG 480. Geomorphology (4)
   GEOL 301. Introduction to Geologic Mapping (4)
   GEOL 330. Sedimentary Petrology (5)
   GEOL 350. Paleontology (5)

Certificate in Latin American Studies
Certificate Requirements (32 units)
1. Thirty-two units chosen from the following: (No more than twelve units may be taken from any one discipline.)
   ANTH 306. Aztecs, Maya and Their Predecessors (4)
   ANTH 307. Incas and Their Predecessors (4)
   May choose only one of the following two courses:
   ANTH 324. Pre-Columbian Art (4)
   ART 324. Pre-Columbian Art (4)
   ANTH 354. Cultures of Mexico and Central America (4)
   ANTH 356. Cultures of South America (4)
   ART 328. Mexican Art (4)
   FLAN 320. Masterpieces of Literature (when topic pertains to Latin America) (4)
   GEOG 321. Area Study: Latin America (4)
   GEOG 390. Selected Topics in Geography: Tropical Geography (4)
   HIST 390. History of Modern Mexico (4)
   HIST 469. Colonial Latin America (4)
   HIST 470. Modern Latin America (4)
   HUM 460. Cultural Studies (when topic pertains to Mexico or Latin America) (4)
   MUS 351. Latin American Music (4)
   SSCI 304. Contemporary Latin America (4)
   SPAN 400. Masterpieces in Spanish and Spanish American Literature (when topic pertains to Latin America) (4)
Certificate in Museum Studies

Certificate Requirements (34 units)

1. ANTH 375. Museum Methods (4)
2. ANTH 576. Internship in Museum Studies (2-5) for a total of (8)
3. ART 345. Gallery Management (2)
4. A minimum of twelve units of electives, chosen from one of the following three groups of courses (A, B or C):

   **Group A**
   - ANTH 300. Archaeology (4)
   - ANTH 302. African Archaeology (4)
   - ANTH 303. Prehistory of the Middle East and Europe (4)
   - ANTH 305. North American Prehistory (4)
   - ANTH 306. Aztecs, Maya and Their Predecessors (4)
   - ANTH 307. Incas and Their Predecessors (4)
   - May choose only one of the following two courses:
     - ANTH 312. Historical Archaeology (4)
     - HIST 312. Historical Archaeology (4)
   - ANTH 315. Archaeology of the Southwest and California (4)
   - ANTH 320. Archaeological Survey and Excavation (5)
   - ANTH 321. Archaeological Laboratory Analysis (5)
   - May choose only one of the following two courses:
     - ANTH 323. Native North American Art (4)
     - ART 323. Native North American Art (4)
   - May choose only one of the following two courses:
     - ANTH 324. Pre-Columbian Art (4)
     - ART 324. Pre-Columbian Art (4)

   **Group B**
   - ANTH 351. Indians of North America (4)
   - ANTH 352. Indians of the Southwest (4)
   - ANTH 354. Cultures of Mexico and Central America (4)
   - ANTH 357. African Societies (4)
   - ANTH 358. Peoples of the Middle East (4)
   - ANTH 360. Peoples of Australia (4)
   - ANTH 361. Peoples of Micronesia, Melanesia and Polynesia (4)
   - ART 221. Art History: Prehistoric Times through the Middle Ages (4)
   - ART 222. Art History: Africa, Asia, the Americas and Oceania (4)
   - ART 223. Art History: Renaissance to the Present (4)
   - ART 306. Greek and Roman Art (4)
   - ART 311. Art of the United States to the End of the Nineteenth Century (4)
   - ART 314. The Art of Indigenous Peoples (4)
   - ART 316. Arts of the Ancient Near East and Egypt (4)
   - ART 321. Renaissance Art (4)
   - May choose only one of the following two courses:
     - ANTH 323. Native North American Art (4)
     - ART 323. Native North American Art (4)
   - May choose only one of the following two courses:
     - ANTH 324. Pre-Columbian Art (4)
     - ART 324. Pre-Columbian Art (4)
     - ART 327. Baroque and Rococo Art (4)
     - ART 328. Mexican Art (4)
     - ART 329. Chicano Art (4)

   **Group C**
   - ART 410. Studies in Art History: Renaissance (4)
   - ART 413. Modern Art of the United States (4)
   - ART 423. Nineteenth Century European Art (4)
   - ART 424. Modern European Art (4)

   Any history course except HIST 395, 396, 399, 575, 589 and 595.

5. A minimum of eight units of electives chosen from:
   - ART 120. Introduction to Two Dimensional Design (4)
   - ART 121. Introduction to Three Dimensional Design (4)
   - ART 290. Beginning Photography (5)
   - COMM 341. Introduction to Public Relations (4)
   - GEOG 202. Introduction to Geographic Information Systems and Mapping (5)
   - May choose only one of the following two courses:
     - PA 380. Introduction to Public Administration (4)
     - PSCI 380. Introduction to Public Administration (4)
   - PA 480. Organizational Problems in Public Administration (4)

**COURSE OFFERINGS IN ANTHROPOLOGY (ANTH)**

**Lower Division**

100. **Introduction to Anthropology: Human Evolution**
    Human biological and social evolution through time. (GE=D.4) (ANTH 100= CAN ANTH 2) (4 units)

102. **Introduction to Anthropology: Culture and Society**
    Structure and dynamics of human cultural experience; comparative analysis of language, religion, economic patterns and social and political organization in traditional and complex societies. (GE=D.4) (ANTH 102= CAN ANTH 4) (4 units)

140. **World Civilizations I, the Rise of Civilization**
    Activities and achievements of humans through the rise and diffusion of civilizations in Eurasia, Africa, and the Americas to about the dawn of the Christian era. (Also offered as HIST 140. Students may not receive credit for both.) (GE=D.3) (4 units)
    T. For students in the B.A. in Liberal Studies, Accelerated Track. The instructor uses methods suitable for kindergarten through college classrooms. (Also offered as HIST 140T. Students may not receive credit for both.) (4 units)

200. **Archaeology**
    History of archaeological research, a survey of concepts and methods for the study of prehistoric culture and a summary of major sequences in prehistory. (4 units)
302. African Archaeology
Afric-a's past from the beginnings of humankind to the period of European contact. An examination of Africa's foremost role in the origins of culture and of anatomically modern humans, as well as the development of African civilizations. (4 units)

303. Prehistory of the Middle East and Europe
A survey of prehistory spanning the spread of people into the Middle East and Europe, the development of agriculture and the origins and growth of the earliest civilizations. (4 units)

305. North American Prehistory
Prehistory of North America from earliest times to the dawn of historic contact with the Old World after 1492. (4 units)

306. Aztecs, Maya and Their Predecessors
The origin, spread and decline of pre-Columbian civilizations in Mexico and adjacent areas. (4 units)

307. Incas and Their Predecessors
The origin, spread and decline of pre-Columbian civilizations in Peru and adjacent areas. (4 units)

312. Historical Archaeology
Use of archaeological methods to study historic peoples. Historical and archaeological methods and their results. Focus primarily on North America from A.D. 1492 to modern times. (Also offered as HIST 312. Students may not receive credit for both.) (4 units)

315. Archaeology of the Southwest and California
The prehistoric cultures of California and the American Southwest, their origins, characteristics and relationships. (4 units)

319. Experimental Archaeology and Ethnoarchaeology
Experimental and observational techniques that are important in reconstructing the past. This course has a practical/laboratory component that will assist students in understanding aspects of prehistoric technology and the formation of the archaeological record. Four hours lecture and three hours laboratory. Prerequisite: consent of instructor. (5 units)

320. Archaeological Survey and Excavation
Examines techniques and methods used to recover archaeological remains and information. Stresses the importance of research design and its relationship to methodology. Active participation in a field project under the direction of the instructor. Ten hours activity. (5 units)

321. Archaeological Laboratory Analysis
Examines techniques and methods used to analyze archaeological remains in the laboratory. Active participation in various laboratory projects under the direction of the instructor. Four hours lecture and three hours laboratory. (5 units)

322. Human Osteology and Functional Anatomy
The identification of human skeletal materials and an introduction to the relationship between form and function in the human skeleton. Four hours lecture and three hours laboratory. (5 units)

323. Native North American Art
Art of American Indian and Eskimo peoples north of Mexico, from earliest prehistory to modern times. (Also offered as ART 323. Students may not receive credit for both.) (4 units)

324. Pre-Columbian Art
Art and architecture of pre-Columbian cultures with an emphasis on Mexico and Peru. (Also offered as ART 324. Students may not receive credit for both.) (4 units)

325. Human Biological Variation and the Concept of Race
An inquiry into past and present interpretations of the significance of human physical differences. (GE=G2) (4 units)

326. Human Origins
The archaeological, anatomical and other evidence for human origins examined within their geological and environmental contexts. Discussion of theories that attempt to explain how we became human. Prerequisite: ANTH 100. (4 units)

327. Primate Evolution and Ecology
A comparative study of our closest relatives (the apes, monkeys and other primates): their evolution, ecology, behavior, social organization and means of communication. (4 units)

328. Forensic Anthropology and Crime
Techniques of biological anthropology as applied to the investigation of crime. (4 units)

Cross-cultural examination of child-rearing practices from the perspective of major anthropological theories of personality formation and its relationship with culture. (4 units)

331. Anthropology of Human Development
A cross-cultural perspective on human development and the processes of personality formation and cultural transmission. (4 units)

332. Cross-Cultural Perspectives on Aging
A cross-cultural examination of aging and the roles, statuses, opportunities, and treatment of the aged, with an emphasis on non-Western societies. Formerly ANTH 390N. (4 units)

333. Sex and Gender in Cross-Cultural Perspective
Examination and analysis of the changing position of women in selected societies around the world, including consideration of the sexual division of labor, marriage systems, male-female relations, and systems of myth and ideology concerning gender roles. (GE=G2) (4 units)

335. Cross-Cultural Perspectives on Crime and Deviance
Crosscultural examination of behavior regulation in human societies. Specific topics include cultural definition of crime and deviance, conflict resolution, processes of control and the distribution of authority and power. A self-paced version of this course (ANTH 335S) is also available. Students may not receive credit for both. (4 units)
351-362. World Cultures
Emphasis in the following courses is on major problems of current interest to the cultural anthropologist. Topics include general discussion of physical anthropology, language affiliations and culture, history of the area, the native populations, their relations with each other and to outside societies, and the effects of culture change upon them through time.

351. Indians of North America (4 units)
352. Indians of the Southwest (4 units)
354. Cultures of Mexico and Central America (4 units)
356. Cultures of South America (4 units)
357. African Societies (4 units)
358. Peoples of the Middle East (4 units)
360. Peoples of Australia (4 units)
361. Peoples of Micronesia, Melanesia and Polynesia (4 units)
362. Peoples of Asia (4 units)

365. Asian-American Cultures
Asian-American cultural identity issues and concerns such as stereotyping, race issues, and the diverse ways in which Asian-Americans retain, modify and reinvent Asian cultural traditions in American society. (4 units)

375. Museum Methods
Introduction to the techniques of museum work, and to the history, theory and practice of museums. Includes curatorial methods, and the care, preservation, storage and exhibition of museum specimens. (4 units)

376. Exhibit Design
Examination of the theories and methods used in designing exhibits for museums, libraries, and historic houses, focusing on interpretation and exhibit creation. Some exhibits may be implemented in the Anthropology Museum. (Also offered as HIST 376. Students may not receive credit for both.) Field trips and completion of an exhibition brief are required. Prerequisite: consent of instructor. (4 units)

390. Selected Topics in Anthropology
An anthropological examination of a selected topic. May be repeated for credit as topics change. (4 units)

391. Selected Topics in Anthropology
An anthropological examination of a selected topic. May be repeated for credit as topics change. (2 units)

460. Language and Culture
Analysis of languages stressing the relationship of language to patterns of human behavior. (4 units)

466. Anthropology of Health, Illness and Healing
An anthropological examination of the varying cultural definitions, explanations and experiences of illness and health in a variety of cultures. Strategies which societies have developed to cope with disease and misfortune are investigated, including such things as shamanism and folk medicine. (4 units)

470. Culture Change and Dynamics
An examination and evaluation of the various theories that have been proposed to explain societal change using actual case study materials. (4 units)

472. Colonial and Postcolonial Anthropology
Historical examination of the ways in which colonial anthropology has been connected to the European understanding of non-European cultures and societies. Analysis of the contributions of contemporary anthropology to postcolonial discourses. (4 units)

475. Cultural Ecology
An examination of theories, methods and applications of the ecological perspective in the anthropological study of human cultures, and a cross-cultural comparison of adaptations to different ecological niches. (4 units)

480. Magic, Religion and Science
A comparative study of the widely varied attempts by members of human societies to order, control and make predictions about their physical and social environments. (4 units)

485. Applied Anthropology and Social Policy
Use of anthropological knowledge and methods in solving social problems in institutional, national and international settings. Includes consideration of policy-making, funding, sponsorship, establishing goals, project implementation, popular participation, ethics, evaluation and reporting. (4 units)

492. Economic Anthropology
An anthropological approach to the analysis of systems of production and exchange in nonindustrial societies. (4 units)

493. Urban Anthropology
Utilization of ethnographic and cross-cultural materials in an examination of anthropological concepts and methods for the study of urban environments and the processes of urbanization. (4 units)

500. Great Ideas in Anthropology
Major anthropological theories as applied to a topical area of anthropological study, such as human settlements, migrations, or innovation. Perspectives from cultural anthropology, archaeology, bioanthropology and linguistics will be discussed. Prerequisite: consent of instructor. (4 units)

575. Internship in Anthropology
Supervised work in public or private organizations emphasizing practical applications of anthropological concepts. May be repeated for credit for a total of 10 units. Graded credit/no credit. Prerequisites: consent of instructor and departmental approval of a written proposal submitted on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 2 to 5 units)
576. **Internship in Museum Studies**
Supervised work in public or private museums emphasizing practical applications of knowledge acquired in the classroom. May be repeated for credit for a total of 10 units. Graded credit/no credit. Prerequisites: consent of instructor and departmental approval of a written proposal submitted on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 2 to 5 units)

577. **Internship in Archaeology**
Supervised fieldwork or laboratory analysis in archaeology in public or private organizations emphasizing practical applications of archaeological theories and methods. May be repeated for credit for a total of 10 units. Graded credit/no credit. Prerequisites: consent of instructor and departmental approval of a written proposal submitted on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 2 to 5 units)

578. **Internship in Applied Cultural Anthropology**
Supervised work in any field where students may apply social and cultural anthropological knowledge to work situations. May be repeated for credit for a total of 10 units. Graded credit/no credit. Prerequisites: consent of instructor and departmental approval of a written proposal submitted on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 2 to 5 units)

585. **Fieldwork in Cultural Anthropology**
Supervised design, execution and analysis of an individualized ethnographic field project. Prerequisite: consent of instructor. (4 units)

595. **Independent Study**
Special topics involving library and/or field research. A total of eight units in ANTH 595 may be applied toward graduation. Only four of those units may be applied to the major. Prerequisites: a minimum overall grade point average of 3.0, consent of instructor and departmental approval of a written proposal of a project submitted on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 2 to 5 units)

597. **Senior Honors Project**
Original research in an area of anthropological studies, culminating in a major research report receiving approval of the anthropology faculty. Enrollment limited to students whose formal application for departmental honors is approved. (5 units)

**Graduate level courses can be found on Page 362.**

Master of Art
Art
(Degree requirements can be found on Page 363.)

FACULTY: Susan Beiner, Kurt Collins, Teresa Cotner, James Gobel, Richard Johnston, Sant Khalsa (Chair), George McGinnis, Tom McGovern, Billie Sessions

The challenge for visual artists is to discover what is already there, to open up and probe what is inside and outside themselves and to find a means of giving it back to the whole world. It is this adventure which is the focus of the Department of Art.

A student may either major or minor in art, and eventually choose one or more specific areas of concentration. The choice is governed by the student's experiences with various media, concepts and techniques, but this is not a rigid choice as new interactions among these elements are constantly being developed.

Five plans are available for students working for the Bachelor of Arts in Art and four options are available for a minor in art. The studio areas of concentration currently offered are: ceramics, graphic design, glass, painting and drawing, photography, printmaking, sculpture, and woodworking and furniture design.

In addition to their courses in art, students are urged to seek electives in related areas of creative expression. Suggested possibilities include acting, creative writing and music.

Five-unit studio courses meet for eight scheduled hours per week and require an additional seven hours per week to be arranged on an individual basis. Field trips are required in most art history courses and several studio courses as well. Also, in many courses students are required to pay for materials used.

B.A. IN ART - PLAN I (Art Education)
Requirements (93 units)

Total units required for graduation: 180

This program is an approved single subject teaching credential preparation program in art, designed for students seeking a liberal education with an emphasis in art.

Requirements for the B.A. in Art - Plan I:

Lower-division requirements (13 courses totalling 57 units)
1. ART 120. Introduction to Two Dimensional Design (4)
2. ART 121. Introduction to Three Dimensional Design (4)
3. ART 122. Introduction to Drawing and Life Drawing (4)
4. ART 123. Introduction to Art and Technology (4)
5. ART 221. Art History: Prehistoric Times through the Middle Ages (4)
6. ART 222. Art History: Africa, Asia, the Americas and Oceania (4)
7. ART 223. Art History: Renaissance to the Present (4)
8. ART 235. Painting I (5)
9. ART 240. Sculpture I (5)
10. ART 254. Ceramics I (5)
11. ART 260. Printmaking I (5)
12. ART 290. Photography I (5)
13. Four units chosen from:
   ART 232. Principles of Design Management (4)
   ART 238. Production of Visual Information Design (4)

Upper-division requirements (36 units)

1. History of Art
   Eight units consisting of one four-unit course chosen from each of the following (A and B):
   A. ART 420. Art from 1900 to the Present (4)
      ART 520. Contemporary Art, Theory and Criticism (4)
   B. ART 305. Women and Art (4)
      ART 306. Greek and Roman Art (4)
      ART 323. Native North American Art (4)
      ART 324. Pre-Columbian Art (4)
      ART 328. Mexican Art (4)
      ART 329. Chicano Art (4)
      ART 420. Art from 1900 to the Present (4) (if not taken in Category A above)
      ART 520. Contemporary Art, Theory and Criticism (4) (if not taken in Category A above)

2. Studio courses in a single area of specialization
   Two five-unit courses chosen from one of the following specializations: (Note: Check course descriptions to ascertain which courses may be repeated for credit. Some courses listed require lower division prerequisites.)
   Ceramics
   ART 355. Ceramics II (5)
   ART 357. Ceramics III (5)
   Graphic Design
   ART 320. Digital Image Editing (5)
   ART 322. Web Design (5)
   ART 325. Advanced Digital Editing (5)
### Painting
- ART 304. Advanced Drawing and Life Drawing (5)
- ART 336. Advanced Painting (5)

### Photography
- ART 391. Intermediate Photography (5)
- ART 392. Advanced Photography (5)
- ART 394. Color Photography (5)
- ART 398. Documentary Photography (5)

### Printmaking
- ART 361. Printmaking II (5)
- ART 362. Printmaking III (5)

### Sculpture
- ART 341. Advanced Sculpture (5)
- ART 415. Senior Seminar: Art and Society (2)
- ART 416. Senior Project (2)
- ART 417. Art Education

Fifteen units as follows:
- ART 399. Art Education: History, Philosophy and Theory (4)
- ART 496. Art Education: Social and Cultural Frameworks (4)
- ART 497. Art Education: Issues in Studio Practice (2)
- ART 498. Art Education: Digital Technology (4)

## B.A. IN ART - PLAN II (Specializations in Ceramics, Glass, Painting, Photography, Printmaking, Sculpture, Wood and Furniture Design)

**Requirements (90 units, Woodworking - 85 units)**

**Total units required for graduation: 180**

This program is designed for the student with a strong professional interest in art who may wish to pursue graduate studies.

### Requirements for the B.A. in Art - Plan II:

- **Lower-division requirements** (8 courses totalling 33 units, woodworking specialization - 28 units)
  1. ART 120. Introduction to Two Dimensional Design (4)
  2. ART 121. Introduction to Three Dimensional Design (4)
  3. ART 122. Introduction to Drawing and Life Drawing (4)
  4. ART 123. Introduction to Art and Technology (4)
  5. ART 221. Art History: Prehistoric Times through the Middle Ages (4)
  6. ART 222. Art History: Africa, Asia, the Americas and Oceania (4)
  7. ART 223. Art History: Renaissance to the Present (4)
  8. Five units chosen in the area of specialization:
     - ART 235. Painting I (5)
     - ART 240. Sculpture I (5)
     - ART 254. Ceramics I (5)
     - ART 260. Printmaking I (5)
     - ART 270. Glass I: Beginning Glassblowing (5)
     - ART 290. Photography I (5)

- **Upper-division requirements** (57 units)
  1. History of Art
     - Eight units consisting of one four-unit course chosen from each of the following (A and B):
       - A. ART 420. Art from 1900 to the Present (4)
       - ART 520. Contemporary Art, Theory and Criticism (4)
   - B. ART 305. Women and Art (4)
   - ART 306. Greek and Roman Art (4)
   - ART 310. Asian Art (4)
   - ART 311. Art of the United States to the End of the Nineteenth Century (4)
   - ART 314. The Art of Indigenous Peoples (4)
   - ART 316. Arts of the Ancient Near East and Egypt (4)
   - ART 321. Renaissance Art (4)
   - ART 322. Native North American Art (4)
   - ART 324. Pre-Columbian Art (4)
   - ART 327. Baroque and Rococo Art (4)
   - ART 328. Mexican Art (4)
   - ART 329. Chicano Art (4)
   - ART 333. History of Graphic Design (4)
   - ART 359. History of Photography (4)
   - ART 410. Studies in Art History (4)
   - ART 420. Art from 1900 to the Present (4) (if not taken in Category A above)
   - ART 423. Nineteenth Century European Art (4)
   - ART 520. Contemporary Art, Theory and Criticism (4) (if not taken in Category A above)
   - ART 525. Seminar in Art History (4)

   2. Studio courses in a single area of specialization
      Six five-unit courses chosen from one of the following specialties: (Note: Check course descriptions to ascertain which courses may be repeated for credit. Some courses listed require lower division prerequisites.)
      **Ceramics**
      - ART 355. Ceramics II (5)
      - ART 357. Ceramics III (5)
      **Glass**
      - ART 370. Glass II: Advanced Beginning Glassblowing (5)
      - ART 371. Glass Coldworking (5)
      - ART 372. Glass Kilnforming and Kilncasting (5)
      - ART 470. Glass III: Intermediate Glassblowing (5)
      - ART 471. Glass IV: Advanced Glassblowing (5)
      **Painting**
      - ART 304. Advanced Drawing and Life Drawing (5)
      - ART 336. Advanced Painting (5)
      **Photography**
      - ART 391. Intermediate Photography (5)
      - ART 392. Advanced Photography (5)
      - ART 393. Photographic Illustration and Design (5)
      - ART 394. Color Photography (5)
      - ART 398. Documentary Photography (5)
      **Printmaking**
      - ART 313. Printing Production (5)
      - ART 361. Printmaking II (5)
      - ART 362. Printmaking III (5)
      **Sculpture**
      - ART 341. Advanced Sculpture (5)
      **Woodworking**
      - ART 368. Woodworking and Furniture Design I (5)
      - ART 369. Advanced Woodworking and Furniture Design (5)

   3. Three five-unit courses of studio electives, in at least two different areas not in the area of specialization, chosen from:
      - ART 313. Printing Production (5)
      - ART 320. Digital Image Editing (5)
      - ART 322. Web Design (5)
      - ART 325. Advanced Digital Image Editing (5)
ART 326. Interactive Multimedia Design (5)
ART 336. Advanced Painting (5)
ART 341. Advanced Sculpture (5)
ART 355. Ceramics II (5)
ART 357. Ceramics III (5)
ART 361. Printmaking II (5)
ART 362. Printmaking III (5)
ART 368. Woodworking and Furniture Design I (5)
ART 369. Advanced Woodworking and Furniture Design (5)
ART 370. Glass II: Advanced Beginning Glassblowing (5)
ART 371. Glass Coldworking (5)
ART 372. Glass Kilnforming and Kilncasting (5)
ART 391. Intermediate Photography (5)
ART 392. Advanced Photography (5)
ART 393. Photographic Illustration and Design (5)
ART 394. Color Photography (5)
ART 396. New Genres (5)
ART 398. Documentary Photography (5)
ART 470. Glass III: Intermediate Glassblowing (5)

4. ART 415. Senior Seminar: Art and Society (2)
5. ART 416. Senior Project (2)

B.A. IN ART - PLAN III (Art History)
Requirements (82 units)

Total units required for graduation: 180

This program is designed for the student with a strong professional interest in art history or museum work who may wish to pursue graduate studies.

Requirements for the B.A. in Art - Plan III:

Lower-division requirements (seven courses totalling 28 units)
1. ART 120. Introduction to Two Dimensional Design (4)
2. ART 121. Introduction to Three Dimensional Design (4)
3. ART 122. Introduction to Drawing and Life Drawing (4)
4. ART 123. Introduction to Art and Technology (4)
5. ART 221. Art History: Prehistoric Times through the Middle Ages (4)
6. ART 222. Art History: Africa, Asia, the Americas and Oceania (4)
7. ART 223. Art History: Renaissance to the Present (4)

Upper-division requirements (42 units)
1. History of Art
Six courses consisting of two-unit courses chosen from each of the following three groups (A, B and C). ART 410 may be credited where applicable with the consent of the chair of the Art Department.
A. ART 305. Women and Art (4)
   ART 306. Greek and Roman Art (4)
   ART 316. Arts of the Ancient Near East and Egypt (4)
   ART 321. Renaissance Art (4)
   ART 327. Baroque and Rococo Art (4)
B. ART 311. Art of the United States to the End of the Nineteenth Century (4)
   ART 333. History of Graphic Design (4)
   ART 359. History of Photography (4)
   ART 420. Art from 1900 to the Present (4)
   ART 423. Nineteenth Century European Art (4)
   ART 520. Contemporary Art, Theory and Criticism (4)
C. ART 310. Asian Art (4)
   ART 314. The Art of Indigenous Peoples (4)
   ART 323. Native North American Art (4)
   ART 324. Pre-Columbian Art (4)
   ART 328. Mexican Art (4)
   ART 329. Chicano Art (4)

2. Upper-division studio art courses (Note: Some courses listed require lower division prerequisites.)
Two five-unit courses chosen from:
ART 313. Printing Production (5)
ART 320. Digital Image Editing (5)
ART 322. Web Design (5)
ART 325. Advanced Digital Image Editing (5)
ART 326. Interactive Multimedia Design (5)
ART 330. Animation and Web Motion-Graphics (5)
ART 336. Advanced Painting (5)
ART 341. Advanced Sculpture (5)
ART 355. Ceramics II (5)
ART 357. Ceramics III (5)
ART 361. Printmaking II (5)
ART 362. Printmaking III (5)
ART 368. Woodworking and Furniture Design I (5)
ART 369. Advanced Woodworking and Furniture Design (5)
ART 370. Glass II: Advanced Beginning Glassblowing (5)
ART 371. Glass Coldworking (5)
ART 372. Glass Kilnforming and Kilncasting (5)
ART 391. Intermediate Photography (5)
ART 392. Advanced Photography (5)
ART 393. Photographic Illustration and Design (5)
ART 394. Color Photography (5)
ART 396. New Genres (5)
ART 398. Documentary Photography (5)
ART 470. Glass III: Intermediate Glassblowing (5)

3. ART 415. Senior Seminar: Art and Society (2)
4. ART 416. Senior Project (2)
5. ART 525. Seminar in Art History (4)

Foreign language requirement (12 units)
1. Twelve units or three quarters of one foreign language or equivalent proficiency. (Students are strongly advised to learn French and German.)

B.A. IN ART - PLAN IV (Graphic Design)
Requirements (85 units)

Total units required for graduation: 180

This program is designed for students with a strong professional interest in graphic design for electronic and print media.

Requirements for the B.A. in Art - Plan IV:

Lower-division requirements (nine courses totalling 36 units)
1. ART 120. Introduction to Two Dimensional Design (4)
2. ART 121. Introduction to Three Dimensional Design (4)
3. ART 122. Introduction to Drawing and Life Drawing (4)
4. ART 123. Introduction to Art and Technology (4)
5. ART 221. Art History: Prehistoric Times through the Middle Ages (4)
6. ART 222. Art History: Africa, Asia, the Americas and Oceania (4)
7. ART 223. Art History: Renaissance to the Present (4)
8. ART 224. Art History: A Modern World (4)
9. ART 225. Art History: A Contemporary World (4)
10. ART 226. History of Graphic Design (4)
11. ART 227. History of Photography (4)
12. ART 228. Art from 1900 to the Present (4)

Upper-division requirements (49 units)
1. History of Art
Twenty-five courses consisting of two-unit courses chosen from each of the following three groups (A, B and C). ART 410 may be credited where applicable with the consent of the chair of the Art Department.
A. ART 305. Women and Art (4)
   ART 306. Greek and Roman Art (4)
   ART 316. Arts of the Ancient Near East and Egypt (4)
   ART 321. Renaissance Art (4)
   ART 327. Baroque and Rococo Art (4)
B. ART 311. Art of the United States to the End of the Nineteenth Century (4)
   ART 333. History of Graphic Design (4)
   ART 359. History of Photography (4)
   ART 420. Art from 1900 to the Present (4)
   ART 423. Nineteenth Century European Art (4)
   ART 520. Contemporary Art, Theory and Criticism (4)
C. ART 310. Asian Art (4)
   ART 314. The Art of Indigenous Peoples (4)
   ART 323. Native North American Art (4)
   ART 324. Pre-Columbian Art (4)
   ART 328. Mexican Art (4)
   ART 329. Chicano Art (4)

2. Upper-division studio art courses (Note: Some courses listed require lower division prerequisites.)
Two five-unit courses chosen from:
ART 313. Printing Production (5)
ART 320. Digital Image Editing (5)
ART 322. Web Design (5)
ART 325. Advanced Digital Image Editing (5)
ART 326. Interactive Multimedia Design (5)
ART 330. Animation and Web Motion-Graphics (5)
ART 336. Advanced Painting (5)
ART 341. Advanced Sculpture (5)
ART 355. Ceramics II (5)
ART 357. Ceramics III (5)
ART 361. Printmaking II (5)
ART 362. Printmaking III (5)
ART 368. Woodworking and Furniture Design I (5)
ART 369. Advanced Woodworking and Furniture Design (5)
ART 370. Glass II: Advanced Beginning Glassblowing (5)
ART 371. Glass Coldworking (5)
ART 372. Glass Kilnforming and Kilncasting (5)
ART 391. Intermediate Photography (5)
ART 392. Advanced Photography (5)
ART 393. Photographic Illustration and Design (5)
ART 394. Color Photography (5)
ART 396. New Genres (5)
ART 398. Documentary Photography (5)
ART 470. Glass III: Intermediate Glassblowing (5)

3. ART 415. Senior Seminar: Art and Society (2)
4. ART 416. Senior Project (2)
5. ART 525. Seminar in Art History (4)

Foreign language requirement (12 units)
1. Twelve units or three quarters of one foreign language or equivalent proficiency. (Students are strongly advised to learn French and German.)
5. ART 221. Art History: Prehistoric Times through the Middle Ages (4)
6. ART 222. Art History: Africa, Asia, the Americas and Oceania (4)
7. ART 223. Art History: Renaissance to the Present (4)
8. ART 232. Principles of Design Management (4)
9. ART 238. Production of Visual Information Design (4)

Upper-division requirements (49 units)

B.A. IN ART - PLAN V
(Graphic Design and Marketing)

Requirements (89 units)

Total units required for graduation: 180

This program is designed for students with a strong interest in graphic design, marketing, public relations and business communications.

Requirements for the B.A. in Art - Plan V:

Lower-division requirements (eight courses totalling 32 units)

1. ACCT 211. Introductory Accounting (4)
2. ART 120. Introduction to Two Dimensional Design (4)
3. ART 221. Art History: Prehistoric Times through the Middle Ages (4)
4. ART 222. Art History: Africa, Asia, the Americas and Oceania (4)
5. ART 223. Art History: Renaissance to the Present (4)
6. ART 232. Principles of Design Management (4)
7. ART 238. Production of Visual Information Design (4)
8. Four units chosen from:
   - ECON 200. Principles of Microeconomics (4)
   - ECON 202. Principles of Macroeconomics (4)
   - MKTG 100. Introduction to Business and Public Administration (4)

Upper-division requirements (45 units)

1. ART 333. History of Graphic Design (4)
2. ART 342. Graphic Design I (5)
3. ART 343. Graphic Design II (5)
4. ART 344. Graphic Design III (5)
5. ART 442. Graphic Design IV (5)
6. ART 443. Graphic Design V (5)
7. MKTG 305. Marketing Principles (4)
8. MKTG 410. Consumer Behavior (4)
9. MKTG 420. Advertising (4)
10. MKTG 446. Advertising Campaign (4)

Electives (12 units)

1. Twelve units chosen from (if not taken previously):
   - ART 301. Topics in Studio Art for Non-Majors (2.5)
   - ART 575. Internship (4)
   - ECON 200. Principles of Microeconomics (4)
   - ECON 202. Principles of Macroeconomics (4)
   - MKTG 100. Introduction to Business (4)
   - MKTG 302. Management and Organizational Behavior (4)
   - MKTG 442. Small Business Management (4)
   - MKTG 416. Marketing Research
   - MKTG 430. Professional Selling (4)
   - MKTG 470. International Marketing Management (4)
   - MKTG 496. Marketing Planning and Strategy (4)
   - MKTG 575. Internship in Marketing (4)
   - MKTG 590. Seminar in Marketing (4)
TEACHING CREDENTIAL PROGRAM

The Bachelor of Art in Art - Plan I is an approved single subject teaching credential preparation program in art. For information about prerequisite courses, professional education component of the credential program, admission to the teacher education program and specific requirements for the single subject waiver program, see Page 156 or contact the Center for Assisting Students in Education (C.A.S.E.).

MINOR IN GRAPHIC DESIGN: WEB
Requirements (33 units)

Requirements for a minor in Graphic Design: Web:
1. ART 232. Principles of Design Management (4)
2. ART 238. Production of Visual Information Design (4)
3. ART 320. Digital Image Editing (5)
4. ART 322. Web Design (5)
5. ART 325. Advanced Digital Editing (5)
6. ART 326. Interactive Multimedia Design (5)
7. ART 330. Animation and Web Motion-Graphics (5)

MINOR IN GRAPHIC DESIGN: PRINT
Requirements (33 units)

Requirements for a minor in Graphic Design: Print:
1. ART 232. Principles of Design Management (4)
2. ART 238. Production of Visual Information Design (4)
3. ART 342. Graphic Design I (5)
4. ART 343. Graphic Design II (5)
5. ART 344. Graphic Design III (5)
6. ART 442. Graphic Design IV (5)
7. ART 443. Graphic Design V (5)

MINOR IN STUDIO ART
Requirements (43 units)

Requirements for a minor in Studio Art:

Lower-division requirements (seven courses totalling 28 units)
1. ART 120. Introduction to Two Dimensional Design (4)
2. ART 121. Introduction to Three Dimensional Design (4)
3. ART 122. Introduction to Drawing and Life Drawing (4)
4. ART 123. Introduction to Art and Technology (4)
5. ART 221. Art History: Prehistoric Times through the Middle Ages (4)
6. ART 222. Art History: Africa, Asia, the Americas and Oceania (4)
7. ART 223. Art History: Renaissance to the Present (4)

Upper-division requirements (10 units)

Studio courses
1. Two five-unit courses chosen from:
   - ART 313. Printing Production (5)
   - ART 320. Digital Imaging Editing (5)
   - ART 322. Web Design (5)
   - ART 325. Advanced Digital Image Editing (5)
   - ART 326. Interactive Multimedia Design (5)
   - ART 336. Advanced Painting (5)
   - ART 341. Advanced Sculpture (5)
   - ART 342. Graphic Design I (5)
   - ART 357. Ceramics III (5)
   - ART 361. Printmaking II (5)
   - ART 362. Printmaking III (5)
   - ART 367. Woodworking and Furniture Design I (5)
   - ART 370. Glass II: Advanced Beginning Glassblowing (5)
   - ART 371. Glass Coldworking (5)
   - ART 372. Glass Kilnforming and Kilncasting (5)
   - ART 391. Intermediate Photography (5)
   - ART 392. Advanced Photography (5)
CERTIFICATE PROGRAM

Certificates may be earned by regularly matriculated or extended learning students and denote successful completion of a prescribed program of study designed to a) impart specified professional/vocational/career competencies; or b) produce mastery of the content of a sub-field of an academic major (discipline); or c) provide exposure to the range of materials in a traditional or emerging interdisciplinary field. Certain certificate programs contain 600-level courses as requirements and/or electives. These 600-level courses may not be taken by undergraduate students. Refer to Page 63 for additional certificate information.

Certificate in Business Skills for the Artist

Certificate Requirements (32 units)

1. ACCT 211. Introductory Accounting I (4)
2. MGMT 442. Small Business Management (4)
3. MKTG 305. Marketing Principles (4)
4. Twenty units of upper-division studio art courses chosen in consultation with an advisor.

COURSE OFFERINGS IN ART (ART)

Lower Division

112. Special Topics in Art
Study of a selected topic, theme or movement in the visual arts. May be repeated for credit as topics change. (Credit to be arranged: 1 or 2 units)

120. Introduction to Two Dimensional Design
An introduction to and exploration of the basic principles, components and terminology of two dimensional design that are common to the visual arts. Included are two-dimensional theory, theories of color and light, and their creative use in visual art and design as a graphic means of expression and communication. Materials fee required. Formerly ART 212. Eight hours activity. (ART 120=ART 14) (4 units)

121. Introduction to Three Dimensional Design
An introduction to and exploration of the elements and principles of three dimensional design and their applications, with emphasis on form in space, design systems, and contemporary art concepts. Experimentation in both natural and synthetic materials such as paper, clay, metal, and wood. Materials fee required. Formerly ART 213 and 214. Eight hours activity. (ART 121=ART 16) (4 units)

122. Introduction to Drawing and Life Drawing
An introduction to techniques of drawing for the purpose of creative expression related to object placement in space, figure placement in space and rendering, as it applies to various fields of design. There is an emphasis on form, structure, values, proportions, line, gesture, and systems of perspective and space. Materials fee required. Formerly ART 215 and 216. Eight hours activity. (ART 122=ART 8) (4 units)

123. Introduction to Art and Technology
An introduction to computer based digital technology used by visual artists and designers. Student projects explore the creative potential of the digital environment and its relationship to the studio and design concentrations. Work includes instruction in a Macintosh-based computer laboratory in software programs used by studio artists. Materials fee required. Formerly ART 217 and 218. Eight hours activity. (4 units)

200. Studies in Art
Exploration of the form and content of art. Emphasis on understanding and appreciating painting, sculpture, architecture and other art media. May not be counted toward fulfilling requirements in the art major. Materials fee required. (GE=C.1) (4 units)

221. Art History: Prehistoric Times through the Middle Ages
Development of early Western art and its historical context. Formerly Art 210A. Materials fee required. (ART 221=ART 2) (4 units)

222. Art History: Africa, Asia, the Americas and Oceania
Development of global arts and their historical contexts, including traditions of Africa, Asia, the Americas and Oceania. Materials fee required. (4 units)

223. Art History: Renaissance to the Present
Development of later Western art and its historical context. Formerly ART 210C. Materials fee required. (ART 223=ART 4) (4 units)

232. Principles of Design Management
An introduction to basic procedures used by designers and production managers including techniques of problem solving, presentation, typography, layout and graphic arts practices, and composition and includes instruction in graphics software programs in a Macintosh-based computer laboratory. The focus will be on concept, process and product. Materials fee required. Formerly ART 332. Eight hours activity. Prerequisites: ART 120 and 122 or consent of instructor. (4 units)

235. Painting I
Pictorial functions of formal elements of picture-making such as line, plane, color and light, pattern and edge. Two hours lecture and six hours laboratory. Formerly ART 335. Prerequisites: ART 120 and 122. (ART 235=ART 10) (5 units)

238. Production of Visual Information Design
An introduction to the fundamentals of pre-press and printing production in a digital environment and includes instruction in graphics software programs in a Macintosh-based computer laboratory. Materials fee required. Formerly ART 338. Eight hours activity. Prerequisites: ART 120 and 122 or consent of instructor. (4 units)

240. Sculpture I
Approaches to sculpture using a variety of materials, tools, processes and concepts. Materials fee required. Two hours lecture and six hours laboratory. Formerly ART 340. Prerequisite: ART 121 or consent of instructor. (ART 240=ART 12) (5 units)
254. Ceramics I
Beginning techniques of coil/slab building, wheel throwing, mold making, and glaze applications of low and high fire surfaces. Two hours lecture and six hours laboratory. Materials fee required. Formerly ART 354. (ART 254=CAN ART 6) (5 units)

260. Printmaking I
Introduction to the basic processes and materials of printmaking with a thorough exploration of monotypes, color reduction and relief techniques, including wood and linoleum cutting and other processes. Two hours lecture and six hours laboratory. Materials fee required. Formerly ART 360. Prerequisites: ART 120, 122, and 123 or consent of instructor. (ART 260=CAN ART 20) (5 units)

270. Glass I: Beginning Glassblowing
Intended for beginners with little or no experience with molten glass interested in learning the basic techniques of glassblowing. Hands-on course during which the fundamental aspects of glassblowing will be explored. Through demonstrations and practice, students will become acquainted with the tools and materials needed to realize blown forms in glass. Working with clear glass, students will develop basic glassblowing skills by learning how to form simple shapes such as the sphere, cylinder, disc, and vessel form. Individual student skills emphasized. Materials fee required. Prerequisite: ART 120 or consent of instructor. (5 units)

290. Photography I
Creative research in the study of photography, to include content, design, technique and individual problems. Two hours lecture and six hours laboratory. Formerly ART 390. Materials fee required. (ART 290=CAN ART 18) (5 units)

Upper Division

301. Topics in Studio Art for Non-Majors
Introduction to and experimentation in selected areas of art. Not open to art majors. May be repeated for credit as topics change. Materials fee required. (2.5 units)

302. Topics in Studio Art for Non-Majors
Introduction to and experimentation in selected areas of art. Not open to art majors. May be repeated for credit as topics change. (5 units)

304. Advanced Drawing and Life Drawing
Further exploration in techniques of drawing for purposes of creative expression. A maximum of 25 units may be applied toward the major. Materials fee required. Prerequisite: ART 122 or consent of instructor. (5 units)

305. Women and Art
Survey of women artists in Europe and America from ancient to modern times, contrasting feminist and conventional perspectives. Explores issues of artistic style and content and examines the institution of patronage and its effect on women artists. Formerly a topic under ART 410. (4 units)

306. Greek and Roman Art
Architecture, sculpture, painting and decorative arts of ancient Greece and Rome. Materials fee required. (4 units)

310. Asian Art
History and development of selected Asian art traditions in their historical contexts. Materials fee required. (4 units)

311. Art of the United States to the End of the Nineteenth Century
Development of American art from the Colonial period to c. 1900. Significant examples from the fields of architecture, sculpture, painting and the decorative arts. Materials fee required. (4 units)

313. Printing Production
Foundation of printing production including procedures for operating a two-color offset press and related tools and equipment. Materials fee required. (5 units)

314. The Art of Indigenous Peoples
Art of the native cultures of Africa, the South Pacific and North America; post-conquest and contemporary folk art in Central and South America. Materials fee required. (4 units)

316. Arts of the Ancient Near East and Egypt
History and development of the architecture, sculpture and decorative arts of the Ancient Near East and Egypt. Materials fee required. (4 units)

320. Digital Image Editing
Introduction to image processing and editing software. Re-touching, restoring, color correction, adjusting brightness, contrast and color balance, applying patterns, filters and special effects, create montages, paint and use selection, layering, feathering, and painting tools, gain an understanding of the significance of image formats and resolution for scanning and output, and work with processed images in other software applications. Two hours lecture and six hours laboratory. Materials fee required. (5 units)

321. Renaissance Art
Art and architecture of northern and southern Europe in the fifteenth and sixteenth centuries. Materials fee required. (4 units)

322. Web Design
A hands-on course on the fundamentals of designing functional Web pages from the graphic designer's perspective. Includes general structure and tagging, troubleshooting techniques, and the use of graphically oriented web authoring tools. No prior computer experience required. Two hours lecture and six hours laboratory. Materials fee required. (5 units)

323. Native North American Art
Art of American Indian and Eskimo peoples north of Mexico, from earliest prehistory to modern times. (Also offered as ANTH 323. Students may not receive credit for both.) Materials fee required. (4 units)

324. Pre-Columbian Art
Art and architecture of pre-Columbian cultures with an emphasis on Mexico and Peru. (Also offered as ANTH 324. Students may not receive credit for both.) Materials fee required. (4 units)

325. Advanced Digital Editing
Advanced course in the use of the image processing software. Multiple masking, controlling color transparency, layers, luminosity, complex image compositing, duo-toning, tritoning, ghosting, 3-D, neon, pasting scanned images into text, photo-realism, typesetting, threshold masking, advanced file management, high-end scanning and output, RGB to CMYK and color separations, and offset reproduction. Presents the creative aspects of editing motion-graphics and still images and provides
an analysis of the audio and visual forces that make digital media an expressive means of communication. Two hours lecture and six hours laboratory. Materials fee required. Prerequisite: ART 320 or permission of instructor. (5 units)

326. Interactive Multimedia Design  
An introduction to designing computer-based interactivity. Students combine two-dimensional and three-dimensional graphic imaging and audio and video technology for achieving interactivity from multiple source media. Interface and user design are covered, as well as portfolio and professional presentations online, and/or in CD/DVD/video formats. Two hours lecture and six hours laboratory. Materials fee required. (5 units)

327. Baroque and Rococo Art  
Art and architecture of seventeenth and eighteenth century Europe. Materials fee required. (4 units)

328. Mexican Art  
Art and architecture of Mexico from the Conquest to the present. Materials fee required. (4 units)

329. Chicano Art  
Art and culture of Mexican Americans. Materials fee required. (4 units)

330. Animation and Web Motion-Graphcs  
Advanced graphically oriented Web authoring tools. Covers scripting to create database connectivity and exploration of the newest Web innovations in game design and traditional character to contemporary experimental animation. This includes the use of cel, stop-motion, collage, mixed media and 2- and 3-D animation software. Two hours lecture and six hours laboratory. Materials fee required. Prerequisite: ART 322 or consent of instructor. (5 units)

333. History of Graphic Design  
Development of graphic communication from pictographs to contemporary design. Materials fee required. (4 units)

336. Advanced Painting  
Advanced work in painting. May be repeated for credit. Materials fee required. Two hours lecture and six hours laboratory. Prerequisite: ART 235 or consent of instructor. (5 units)

341. Advanced Sculpture  
Advanced work in sculpture. May be repeated for credit. Materials fee required. Two hours lecture and six hours laboratory. Prerequisite: ART 240. (5 units)

342. Graphic Design I  
Fundamentals and principles of typographic design. An examination of the different elements of typography. Instruction also includes coursework in computer-graphics software programs in a Macintosh-based computer laboratory. Two hours lecture and six hours laboratory. Materials fee required. Prerequisites: ART 232 and 238 or consent of instructor. (5 units)

343. Graphic Design II  
Principles of photography, illustration, collage and typography applied to posters, games, book covers, magazines, point-of-purchase displays, and promotional materials, and includes instruction in computer-graphics software programs in a Macintosh-based computer laboratory. Two hours lecture and six hours laboratory. Materials fee required. Prerequisite: ART 342 or consent of instructor. (5 units)

344. Graphic Design III  
Design principles as applied to regional and national, corporate and retail environments. Covers the interactions between business people and designers and the realities of planning, marketing, and strategic positioning of both company and product, and includes instruction in computer-graphics software programs in a Macintosh-based computer laboratory. Two hours lecture and six hours laboratory. Materials fee required. Prerequisite: ART 343 or consent of instructor. (5 units)

345. Gallery Management  
Fine art gallery practices including installation, packing and crating, special event coordination and conduct. Preparation of publications and publicity, art handling and security. May be repeated for credit with consent of instructor. (2 units)

355. Ceramics II  
Continued exploration in functional and sculptural approaches to ceramics utilizing slip casting, wheel throwing, hand building techniques, and multiple glazing applications with low fire and high fire surfaces. Two hours lecture and six hours laboratory. Materials fee required. Prerequisite: ART 254 or consent of instructor. (5 units)

357. Ceramics III  
Advanced exploration of form/surface relationships combining mold making, wheel throwing, slip casting and hand building techniques. Advanced glaze applications will result in the development of individual styles and ideas. May be repeated for credit. Two hours lecture and six hours laboratory. Materials fee required. Prerequisites: ART 121 and 254 or consent of instructor. (5 units)

359. History of Photography  
Development of the technology and aesthetics of photography. Materials fee required. (4 units)

361. Printmaking II  
Creative research in intermediate studio printmaking techniques in intaglio methods, including metal, collograph and related materials; methods used to create stencils for multi-color registration and printing including photo processing; lithographic methods on stone or metal plates; black and white and color processes and polymer relief processes. Two hours lecture and six hours laboratory. Materials fee required. Prerequisites: ART 120, 122 and 260. (5 units)

362. Printmaking III  
Intensive, advanced study of printmaking including the study of etching, collograph, silkscreen, lithography or experimental processes and combinations stressing individual growth and aesthetic control of imagery and technique. May be repeated three times for credit towards the degree. Two hours lecture and six hours laboratory. Materials fee required. Prerequisite: ART 361. (5 units)

365. Directed Studio Problems  
Study and experimentation in a selected area of art. May be repeated for credit. Materials fee may be required. Prerequisite: consent of instructor. (Credit to be arranged: 1 to 5 units)
368. **Woodworking and Furniture Design I**
Explorations in the use of hand and power tools in woodworking. Materials fee required. (5 units)

369. **Advanced Woodworking and Furniture Design**
Advanced work in woodworking and furniture design. May be repeated for credit. Materials fee required. Two hours lecture and six hours laboratory. Prerequisite: ART 368. (5 units)

370. **Glass II: Advanced Beginning Glassblowing**
Advanced beginning course in which students will develop an understanding of the wide range of possibilities that exist when working with glass in the fields of fine art, craft, design, and architecture. Offers a comprehensive education in techniques, materials, history and philosophy relating to glass. Emphasis is on the sculptural and aesthetic potential of glass in its molten and frozen states. Students will learn such techniques as solid off-hand molten glassworking, glassblowing, kiln casting, cold construction, mold making, sandblasting, and various surface processes. Formerly ART 375. Two hours lecture and six hours laboratory. Materials fee required. Prerequisite: ART 270 or consent of instructor. (5 units)

371. **Glass Coldworking**
Provides comprehensive technical instruction on basic glass coldworking processes including glass polishing, sandblasting, etching, cutting, engraving, gluing, laminating, glass drilling. Students will apply new technical skills to self-generated projects. Two hours lecture and six hours laboratory. Materials fee required. Prerequisite: ART 370 or consent of instructor. (5 units)

372. **Glass Kilnforming and Kilncasting**
Offers a survey of kiln techniques including fusing (melting flat pieces of glass together), slumping (melting flat glass over a dimensional object) and coldwork. Offers a practical overview of the principal techniques required to realize cast forms in glass, including the making of multi-piece plaster and silicon rubber molds used in the reproduction of forms, the lost wax process, and the various refractory molds used for casting these forms in glass. Two hours lecture and six hours laboratory. Materials fee required. Prerequisite: ART 371 or consent of instructor. (5 units)

373. **Intermediate Photography**
Intermediate research in photography with an emphasis on process and technique, visual arts and communication, and personal expression. Two hours lecture and six hours laboratory. Materials fee required. Prerequisite: ART 290 or consent of instructor. (5 units)

374. **Advanced Photography**
Advanced work in photography. May be repeated for credit with a maximum of 20 units applied toward the major (units earned in ART 384 may be counted towards the 20 units). Formerly ART 384. Two hours lecture and six hours laboratory. Materials fee required. Prerequisites: ART 120, 290, and 391 or consent of instructor. (5 units)

375. **Photographic Illustration and Design**
Fundamentals of commercial photography and composition. Two hours lecture and six hours laboratory. Materials fee required. Prerequisite: ART 290. (5 units)

376. **Color Photography**
The theory, aesthetics, techniques, and materials of creative color photography and other color imaging systems. Two hours lecture and six hours laboratory. Materials fee required. Prerequisite: ART 290 or consent of instructor. (5 units)

377. **Art in the Classroom**
Provides basic art skills and experiences and current art education theory and practice for the elementary classroom teacher. Students will learn how to design art lessons and art activities based on works of art in accordance with California Visual Art Standards. May not be counted towards fulfilling requirements in the art major. May not be taken for credit by students who have received credit for ART 400. Materials fee required. Six hours of fine arts activity. Materials fee required. (3 units)

378. **New Genres**
Creative research and experimentation in contemporary artistic expression including installation art, performance art, and video art. Two hours lecture and six hours laboratory. Materials fee required. Prerequisites: ART 120 and 121 or consent of instructor. (5 units)

379. **Art and Media for the Classroom**
Further development of basic art skills for the elementary classroom teacher. Includes appropriate materials for elementary students, preparing high and low tech classroom visual aids, and curriculum planning based on the California Visual and Performing Arts Frameworks. Two hours lecture and four hours activity. Materials fee required. Prerequisite: ART 395. (4 units)

380. **Documentary Photography**
Creative research in the study of social documentary and landscape photography, integrating history, technique, various stylistic and theoretical approaches, and practice. Includes a service-learning component that requires the production of a photographic project in partnership with a local agency or community group. Two hours lecture and six hours laboratory. Materials fee required. Prerequisite: ART 290 or consent of instructor. (5 units)

381. **Art Education: History, Philosophy and Theory**
An introduction to art education emphasizing its evolution, historical structures and contemporary approaches to curriculum. Art education methodology and its relationship to studio art, art criticism, art heritage and aesthetics will be included along with developmental levels of children as they relate to art making. Recommended for art education students prior to senior year. (4 units)

382. **Teaching Art in the Elementary Classroom**
Provides art skills, current art education theory and practice for the elementary classroom teacher with an elevated interest in visual art. Students will learn how to design art lessons and art activities based on works of art in accordance with California Visual Art Standards. May not be counted towards fulfilling requirements in the art major. May not be taken for credit by students who have received credit for ART 395. Two hours lecture and four hours of fine arts activity. Materials fee required. Prerequisites: ART 200 and a college-level studio art course. (4 units)
410. Studies in Art History
Study in a selected period or topic in the history of art. May be repeated for credit as topics change. Materials fee required. (4 units)

415. Senior Seminar: Art and Society
The theoretical and practical roles of art, artists and their audience through history to the present. Prerequisite: senior standing in Department of Art or consent of instructor. (2 units)

416. Senior Project
Preparation of a senior project in the student's area of concentration. Documentation of project is required. Graded credit/no credit. Materials fee required. Prerequisite: senior standing in Department of Art or consent of instructor. (2 units)

420. Art from 1900 to the Present
Art from 1900 to the present, with emphasis on Europe and the United States. (4 units)

423. Nineteenth Century European Art
Art of the Nineteenth-century Europe; from neo-Classicism through post-Impressionism. Materials fee required. (4 units)

442. Graphic Design IV
Advanced corporate identity, including logo and trademark design and related applications. Instruction includes coursework in computer-graphics software programs in a Macintosh-based computer laboratory. Two hours lecture and six hours laboratory. Materials fee required. Prerequisite: ART 344 or consent of instructor. (5 units)

443. Graphic Design V
Design and portfolio workshop: workshop in resume preparation, development of job objectives, mock interviews, and the construction of a portfolio. Instruction includes coursework in computer-graphics software programs in a Macintosh-based computer laboratory. Two hours lecture and six hours laboratory. Materials fee required. Prerequisite: ART 442 or consent of instructor. (5 units)

470. Glass III: Intermediate Glassblowing
Further development of skills to gain better control of the blown glass medium through conceptual projects and technical exercises. A variety of vessel forms, bit work and color techniques are demonstrated with an emphasis on teamwork and communication. Two hours lecture and six hours laboratory. Materials fee required. Prerequisite: ART 372 or consent of instructor. (5 units)

471. Glass IV: Advanced Glassblowing
Students will cultivate a personal portfolio and develop a body of work. Theoretical, philosophical, and critical dialogue is realized through individual and group critique. Students will participate in the following hot glass processes; gathering and forming freehand molten glass using traditional techniques, experimenting with solid and hollow forms, hot construction techniques and team production and forming with molds. Two hours lecture and six hours laboratory. Materials fee required. Prerequisite: ART 470 or consent of instructor. (5 units)

483. Studies in Studio Art
Study and experimentation in a selected area of art. May be repeated for credit as topics change. Materials fee required. Prerequisites: ART 120, 121, 122, and 123 or consent of instructor. (5 units)

484. Studies in Studio Art
Study and experimentation in a selected area of art. May be repeated for credit as topics change. Materials fee required. Prerequisites: ART 120, 121, 122, and 123 or consent of instructor. (2.5 units)

496. Art Education: Social and Cultural Frameworks
A study of the historical and contemporary contexts for art and how they relate to current art education methods and curriculum. Issues of diversity, ethnicity, gender and environment will be included. Prerequisite: ART 399. (4 units)

497. Art Education: Issues in Studio Practice
Students will focus on translating studio techniques and materials into assignments, activities and curriculum appropriate for the student learner. Four hours activity. Prerequisite: ART 399. (2 units)

498. Art Education: Digital Technology
Digital technologies for the K-12 art classroom. Includes theoretical methodologies and practical applications for digital curriculum design, multimedia presentations, school-based web pages; virtual galleries, visual aids, and computer assisted student projects. Three hours lecture and two hours laboratory. Prerequisites: ART 123, 399 and 232 or 238. (4 units)

499. Art Education: Methods and Materials
A synthesis of contemporary art education theory, studio practice, student assessment and topics of classroom teaching. Students experience planning and developing lessons, units and curriculum that are sensitive to contemporary art and art education issues. Materials fee required. Prerequisites: ART 399, 496 and 497. (4 units)

520. Contemporary Art, Theory and Criticism
An examination of selected major movements of contemporary art, and recent art theory and criticism. Formerly ART 459 and 625. Materials fee required. Prerequisite: a minimum of 12 units in art history. (4 units)

525. Seminar in Art History
Historical perspectives on specific art disciplines including research methods in art history. Prerequisite: a minimum of 12 units in art history. (4 units)

575. Internship
Supervised work in a private or public setting which provides professional experience in the field of art. May be repeated for a maximum of 10 units in the major. Prerequisite: consent of instructor. (Credit to be arranged: 1 to 5 units)

595. Independent Study
Studio and/or library research conducted under the direction of a faculty member. May be repeated for credit, a total of 10 units may apply toward graduation. Materials fee required. Prerequisites: a minimum overall grade point average of 3.0, consent of instructor and departmental approval of a written proposal of a project submitted on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 1 to 6 units)
BIOLOGY

  *(Degree requirements can be found on Page 366.)*

FACULTY: Nicole Bournias, Klaus Brasch, Herbert Brunkhorst, Richard Fehn, James Ferrari, Dalton Harrington (Emeritus), Sarojam Mankau (Emeritus), Anthony Metcalf, Paul Orwin, David Polcyn, John Skillman, Alexander Sokoloff (Emeritus), Stuart Sumida, Colleen Talbot, Jeffrey Thompson (Chair), Gerald Thrush, Kimberly Williams, Ruth Wilson (Emeritus)

The major in biology emphasizes the relationship between structure and function in living systems and the concept that biological processes can be studied at different levels of organization. The program provides a balanced blend of traditional and modern biology, incorporating the important generalizations of traditional biology and the more recent advances essential to the successful biologist or medical practitioner of the future.

The excellent facilities and equipment of the department are readily available to all students enrolled in biology courses. Qualified seniors are encouraged to engage in research projects through the independent study program.

Many career opportunities are available to the student majoring in biology. The undergraduate program provides an excellent background for further work in medicine, dentistry, veterinary medicine and graduate programs. It can also serve for entry into a career in education, industry and governmental organizations.

Field trips are a normal and required part of a number of courses.

Preprofessional students of medicine, dentistry or other science-based fields seeking a major in biology should consult with a departmental advisor.

Requirements for the B.A. in Biology:

1. BIOL 200. Biology of the Cell (5)
2. BIOL 201. Biology of Organisms (5)
3. BIOL 202. Biology of Populations (5)
4. CHEM 215. General Chemistry I: Atomic Structure and Chemical Bonding (6)
5. CHEM 216. General Chemistry II: Principles of Chemical Reactions (6)
6. Organic chemistry
   A minimum of nine units chosen from Group A or B below:
   **Group A:**
   - CHEM 221A. Organic Chemistry I (3)
   - CHEM 222A. Organic Chemistry II (3)
   - CHEM 223A. Organic Chemistry III (3)
   **Group B:**
   - CHEM 322. Principles of Organic Chemistry II (5)
7. Four units chosen from:
   - MATH 192. Methods of Calculus (4)
   - MATH 211. Basic Concepts of Calculus (4)
8. Physics
   A minimum of thirteen units chosen from Group A or B below:
   **Group A:**
   - PHYS 121. Basic Concepts of Physics I (5)
   - PHYS 122. Basic Concepts of Physics II (4)
   - PHYS 123. Basic Concepts of Physics III (4)
   **Group B:**
   - PHYS 221. General Physics I (5)
   - PHYS 222. General Physics II (5)
   - PHYS 223. General Physics III (5)
   - BIOL 400. Molecular Biology (5)
   - BIOL 421. Genetics (4)
   - BIOL 422. Genetics Laboratory (1)
13. Five units chosen from:
   - BIOL 450. Ecology (5)
   - BIOL 455. Marine Biology and Ecology (5)
14. A minimum of 20 units of upper-division biology courses from Groups A-D, with at least one course from each of Group A, B and C:
   **Group A:**
   - BIOL 319. Local Flora (5)
   - BIOL 354. Biology of Higher Plants (5)
   - BIOL 360. Functional Anatomy of Plants (5)
   - BIOL 431. Comparative Plant Physiology (6)
   **Group B:**
   - BIOL 320. Microorganisms (6)
   - BIOL 323. Human Anatomy for Biology Majors (6)
   - BIOL 331. Biology of Invertebrates (6)
   - BIOL 342. Biology of the Chordates (6)
   - BIOL 371. Parasitology (5)
   - BIOL 424. Comparative Animal Physiology (6)
   - BIOL 440. Principles of Development (5)
   - BIOL 476. Immunology (5)
Biology / 109

Group C:
BIOL 321. Evolution (4)
BIOL 340. Comparative Embryology (4)
BIOL 370. Symbiosis (4)
BIOL 402. Genetic Engineering (4)
BIOL 428. Concepts of Molecular Genetics (4)
BIOL 472. Virology (4)
BIOL 480. Introduction to Neurobiology (4)

Group D:
BIOL 324. Human Physiology for Biology Majors (6)
BIOL 335. Entomology (5)
BIOL 380. Medical and Economic Botany (4)
BIOL 390. Biology Seminar (1)
BIOL 396. Directed Study (1-2)
BIOL 490. Special Topics (1-3)
BIOL 491. Special Laboratory Topics (1-3)
BIOL 492. Recombinant DNA Techniques (4)
BIOL 522. Population Genetics (4)
BIOL 524. Advanced Vertebrate Morphology (3)
BIOL 530. Scanning Electron Microscopy (5)
BIOL 531. Transmission Electron Microscopy (5)
BIOL 532. Techniques in Ultrastructure Analysis (5)
BIOL 565. Physiological Ecology (6)
BIOL 575. Internship in Biology (2)
BIOL 590. Senior Seminar (2)
BIOL 595. Independent Study (1-6)

B.A. IN BIOLOGY - PRE-MED OPTION

Requirements (93-96 units)

Total units required for graduation: 180

The pre-med option will 1) satisfy the requirements for the B.A. in Biology; 2) satisfy the minimum requirements for entry to most medical schools; and 3) provide additional background courses which will improve preparation for medical school.

Requirements for the B.A. in Biology -
Pre-Med Option:

Lower-division requirements (53-55 units)
1. BIOL 200. Biology of the Cell (5)
2. BIOL 201. Biology of Organisms (5)
3. BIOL 202. Biology of Populations (5)
4. CHEM 215. General Chemistry I: Atomic Structure and Chemical Bonding (6)
5. CHEM 216. General Chemistry II: Principles of Chemical Reactions (6)
6. A minimum of nine units chosen from (note: medical schools will require the laboratory):
   CHEM 221A. Organic Chemistry I: Lecture (3)
   CHEM 221B. Organic Chemistry I: Laboratory (1)
   CHEM 222A. Organic Chemistry II: Lecture (3)
   CHEM 222B. Organic Chemistry II: Laboratory (1)
   CHEM 223A. Organic Chemistry III: Lecture (3)
   CHEM 223B. Organic Chemistry III: Laboratory (1)
7. Four units chosen from:
   MATH 192. Methods of Calculus (4)
   MATH 211. Basic Concepts of Calculus (4)

8. A minimum of thirteen units, chosen from Group A or B below:
   Group A:
   PHYS 121. Basic Concepts of Physics I (5)
   PHYS 122. Basic Concepts of Physics II (4)
   PHYS 123. Basic Concepts of Physics III (4)
   Group B:
   PHYS 221. General Physics I (5)
   PHYS 222. General Physics II (5)
   PHYS 223. General Physics III (5)

Upper-division requirements (40 units)
1. BIOL 300. Cell Physiology (5)
2. BIOL 400. Molecular Biology (5)
3. BIOL 421. Genetics (4)
4. BIOL 422. Genetics Laboratory (1)
5. Five units chosen from:
   BIOL 450. Ecology (5)
   BIOL 455. Marine Biology and Ecology (5)
6. A minimum of 20 units of upper-division biology courses, with at least one course from Group A, B, and C:
   Group A:
   BIOL 319. Local Flora (5)
   BIOL 354. Biology of Higher Plants (6)
   BIOL 360. Functional Anatomy of Plants (5)
   BIOL 431. Comparative Plant Physiology (6)
   Group B:
   BIOL 320. Microorganisms (6)
   BIOL 323. Human Anatomy for Biology Majors (6)
   BIOL 371. Parasitology (5)
   BIOL 476. Immunology (5)
   Group C:
   BIOL 472. Virology (4)
   BIOL 480. Introduction to Neurobiology (4)
   Group D:
   BIOL 324. Human Physiology for Biology Majors (6)
   BIOL 335. Entomology (5)
   BIOL 380. Medical and Economic Botany (4)
   BIOL 390. Biology Seminar (1)
   BIOL 396. Directed Study (1-2)
   BIOL 490. Special Topics (1-3)
   BIOL 491. Special Laboratory Topics (1-3)
   BIOL 492. Recombinant DNA Techniques (4)
   BIOL 522. Population Genetics (4)
   BIOL 524. Advanced Vertebrate Morphology (3)
   BIOL 530. Scanning Electron Microscopy (5)
   BIOL 531. Transmission Electron Microscopy (5)
   BIOL 532. Techniques in Ultrastructure Analysis (5)
   BIOL 565. Physiological Ecology (6)
   BIOL 575. Internship in Biology (2)
   BIOL 590. Senior Seminar (2)
   BIOL 595. Independent Study (1-6)
   Additional courses which will be useful for medical school preparation include:
   BIOL 324. Human Physiology for Biology Majors
   BIOL 380. Medical and Economic Botany
   BIOL 576. Endocrinology
   CHEM 436. Biochemistry I
   CHEM 437. Biochemistry II
B.S. IN BIOLOGY
Requirements (113-118 units)
Total units required for graduation: 186

Requirements for the B.S. in Biology:
1. BIOL 200. Biology of the Cell (5)
2. BIOL 201. Biology of Organisms (5)
3. BIOL 202. Biology of Populations (5)
4. A minimum of 53 units of upper-division biology courses to include each of the following:
   A. BIOL 300. Cell Physiology (5)
   B. BIOL 400. Molecular Biology (5)
   C. BIOL 421. Genetics (4)
   D. BIOL 422. Genetics Laboratory (1)
5. CHEM 215. General Chemistry I: Atomic Structure and Chemical Bonding (6)
6. CHEM 216. General Chemistry II: Principles of Chemical Reactions (6)
7. Five units chosen from:  
   CHEM 245. Modern Quantitative Analysis (5)  
   CHEM 436. Biochemistry I (5)  
   CHEM 437. Biochemistry II (5)
8. Organic chemistry
   A minimum of twelve units chosen from Group A or B below:
   Group A:
   CHEM 221A. Organic Chemistry I: Lecture (3)  
   CHEM 221B. Organic Chemistry I: Laboratory (1)  
   CHEM 222A. Organic Chemistry II: Lecture (3)  
   CHEM 222B. Organic Chemistry II: Laboratory (1)  
   CHEM 223A. Organic Chemistry III: Lecture (3)  
   CHEM 223B. Organic Chemistry III: Laboratory (1)
   Group B:
   CHEM 322. Principles of Organic Chemistry II (5)  
   CHEM 323. Principles of Organic Chemistry III (5)
Note: The requirement in organic chemistry may be met by the completion of one year of transferable organic chemistry course work from another institution of higher education.
9. Four units chosen from:  
   MATH 192. Methods of Calculus (4)  
   MATH 211. Basic Concepts of Calculus (4)
10. Physics
   A minimum of thirteen units chosen from Group A or B below:
   Group A:
   PHYS 121. Basic Concepts of Physics I (5)  
   PHYS 122. Basic Concepts of Physics II (4)  
   PHYS 123. Basic Concepts of Physics III (4)
   Group B:
   PHYS 221. General Physics I (5)  
   PHYS 222. General Physics II (5)  
   PHYS 223. General Physics III (5)

B.S. IN BIOLOGY - PRE-MED OPTION
Requirements (110-120 units)
Total units required for graduation: 186

The Pre-med option will 1) satisfy the requirements for the B.S. in Biology; 2) satisfy the minimum requirements for entry to most medical schools; and 3) provide additional background courses which will improve preparation for medical school.

Requirements for the B.S. in Biology - Pre-Med Option:
Lower-division courses (58-68 units)
1. BIOL 200. Biology of the Cell (5)
2. BIOL 201. Biology of Organisms (5)
3. BIOL 202. Biology of Populations (5)
4. CHEM 215. General Chemistry I: Atomic Structure and Chemical Bonding (6)
5. CHEM 216. General Chemistry II: Principles of Chemical Reactions (6)
6. Five or ten units chosen from:  
   CHEM 245. Modern Quantitative Analysis (5)  
   CHEM 436. Biochemistry I (5)  
   CHEM 437. Biochemistry II (5)
7. A minimum of nine units chosen from (note: medical schools will require the laboratory):
   CHEM 221A. Organic Chemistry I: Lecture (3)  
   CHEM 221B. Organic Chemistry I: Laboratory (1)  
   CHEM 222A. Organic Chemistry II: Lecture (3)  
   CHEM 222B. Organic Chemistry II: Laboratory (1)  
   CHEM 223A. Organic Chemistry III: Lecture (3)  
   CHEM 223B. Organic Chemistry III: Laboratory (1)
8. Four units chosen from:  
   MATH 192. Methods of Calculus (4)  
   MATH 211. Basic Concepts of Calculus (4)
9. A minimum of thirteen units, chosen from Group A or B below:
   Group A:
   PHYS 121. Basic Concepts of Physics I (5)  
   PHYS 122. Basic Concepts of Physics II (4)  
   PHYS 123. Basic Concepts of Physics III (4)
   Group B:
   PHYS 221. General Physics I (5)  
   PHYS 222. General Physics II (5)  
   PHYS 223. General Physics III (5)

Upper-division requirements (32 units)
1. BIOL 300. Cell Physiology (5)
2. BIOL 400. Molecular Biology (5)
3. BIOL 421. Genetics (4)
4. BIOL 422. Genetics Laboratory (1)
5. Five units chosen from:  
   BIOL 450. Ecology (5)  
   BIOL 455. Marine Biology and Ecology (5)
6. Twelve units chosen from Group 1 or Group 2:
   Group 1:
   BIOL 354. Biology of Higher Plants (6)  
   BIOL 424. Comparative Animal Physiology (6)
Group 2:

BIOL 431. Comparative Plant Physiology (6)
BIOL 331. Biology of Invertebrates (6)
BIOL 342. Biology of the Chordates (6)

Electives (20 units)

1. A minimum of 20 units of upper-division biology courses. Suggested courses which may be useful for medical school preparation include:
   
   BIOL 320. Microorganisms
   BIOL 323. Human Anatomy for Biology Majors
   BIOL 324. Human Physiology for Biology Majors
   BIOL 371. Parasitology
   BIOL 380. Medical and Economic Botany
   BIOL 472. Virology
   BIOL 476. Immunology
   BIOL 480. Introduction to Neurobiology
   BIOL 576. Endocrinology

**TEACHING CREDENTIAL PROGRAM**

Teaching Credential Preparation Program Subject Matter Preparation Program in Science: Biology

The California Commission on Teacher Credentialing (CCTC) requirements for a waiver of the PRAXIS/CSET/SSAT exams in biology are as follows:

1. A B.A. or B.S. in Biology equivalent to the degree requirements for CSUSB.
2. Upper-division courses must include a course in each of the following:
   - Plant Biology
   - Animal Biology
   - Ecology
   - Human Biology
   - Physiology
   - Genetics
   - Senior Seminar
3. Additional courses must include:
   - GEOL 101. Physical Geology
   - GEOL 250. Historical Geology
   - GEOL 306. Oceans and Atmospheres for the Science Teacher
   - NSCI 300. Science and Technology
   - PHYS 103. Descriptive Astronomy

Contact a department advisor for more details.

**MINOR IN BIOLOGY**

Requirements (56 units)

**Requirements for a minor in Biology:**

1. BIOL 200. Biology of the Cell (5)
2. BIOL 201. Biology of Organisms (5)
3. BIOL 202. Biology of Populations (5)
4. CHEM 206. Fundamentals of Chemistry II: Organic Chemistry (5)
5. CHEM 215. General Chemistry I: Atomic Structure and Chemical Bonding (6)
6. CHEM 216. General Chemistry II: Principles of Chemical Reactions (6)
7. Four units chosen from:
   - MATH 120. Pre-Calculus Mathematics (4)
   - MATH 192. Methods of Calculus (4)
   - MATH 211. Basic Concepts of Calculus (4)
8. Physics
   - Five units chosen from:
     - PHYS 100. Physics in the Modern World (5)
     - PHYS 121. Basic Concepts of Physics I (5)
     - PHYS 221. General Physics I (5)
9. A minimum of fifteen upper-division units (3 courses) in biology, which must include at least one laboratory-based course.

**CERTIFICATE PROGRAM**

Certificates may be earned by regularly matriculated or extended learning students and denote successful completion of a prescribed program of study designed to:

- a) impart specified professional/vocational/career competencies; or
- b) produce mastery of the content of a sub-field of an academic major (discipline); or
- c) provide exposure to the range of materials in a traditional or emerging interdisciplinary field. Certain certificate programs contain 600-level courses as requirements and/or electives. These 600-level courses may not be taken by undergraduate students. Refer to Page 63 for additional certificate information.

**Certificate in Biotechnology**

**Admission to the Program**

1. One of the following:
   - A. Completion of the following core program of courses for students majoring in biology, chemistry or biochemistry:
     - BIOL 200. Biology of the Cell
     - BIOL 201. Biology of Organisms
     - BIOL 202. Biology of Populations
     - BIOL 300. Cell Physiology
     - CHEM 215. General Chemistry I: Atomic Structure and Chemical Bonding
     - CHEM 216. General Chemistry II: Principles of Chemical Reactions
   - B. Completion of a B.A. or B.S. in Biology, Chemistry or Biochemistry at this university, or equivalent.

**Certificate Requirements (28 units)**

1. BIOL 400. Molecular Biology (5)
2. BIOL 402. Genetic Engineering (4)
3. BIOL 492. Recombinant DNA Techniques (4)
4. A minimum of 15 units chosen from:
   - BIOL 320. Microorganisms (6)
   - BIOL 476. Immunology (5)
   - BIOL 575. Internship in Biology (2)
   - BIOL 590A. Senior Seminar: Molecular (2)
   - BIOL 595. Independent Study (2) (with a grade of "B" or better)
   - CHEM 436. Biochemistry I (5)
   - CHEM 437. Biochemistry II (5)
   - CHEM 439. Separation Techniques in Biochemistry (2)
HONORS IN BIOLOGY

Candidacy for departmental honors in biology is voluntary. To be eligible a student must fulfill the following requirements:
1. Achieve a minimum grade point average of 3.5 for all courses satisfying the requirements for the major (as defined above);
2. Take at least five courses in the major at this university;
3. Satisfactorily complete BIOL 595. Independent Study;
4. Satisfactorily complete the departmental comprehensive examination.

Application for candidacy must be made at the beginning of the senior year. Approval of candidacy and of the project and project advisor rests with the department. The project advisor will have sole responsibility for acceptance of the completed project.

The department may grant honors to exceptional students who fail to meet the above requirements, but who have in the judgment of the department brought distinction upon themselves and the department in some other appropriate manner.

COURSE OFFERINGS IN BIOLOGY (BIOL)

Lower Division

100. Topics in Biology
Provides a broad understanding of biology, our molecular-organismic-ecological heritage and humankind's place within the biosphere. Four hours lecture and three hours laboratory. Materials fee required. (GE=B.2) (5 units)

200. Biology of the Cell
Provides basic understanding of the process of life and the universality of life processes at the molecular and cellular level. Four hours lecture and three hours laboratory. A strong background equivalent to one year each of high school biology and chemistry is highly recommended. Materials fee required. Prerequisite: satisfactory score on the Entry Level Mathematics examination. (BIOL 200+201+202=CAN BIOL SEQ A) (5 units)

201. Biology of Organisms
Provides basic understanding of the functional attributes of organisms and their diversity. Includes examination of their comparative and evolutionary relationships. Four hours lecture and three hours laboratory. Materials fee required. Prerequisite: BIOL 200 with a grade of "C" or better. (BIOL 200+201+202=CAN BIOL SEQ A) (5 units)

202. Biology of Populations
Provides a basic understanding of the principles of genetics, evolution and ecology of organisms, populations, and communities. Four hours lecture and three hours laboratory. Materials fee required. Prerequisite: BIOL 201 with a grade of "C" or better. (GE=B.2) (BIOL 200+201+202=CAN BIOL SEQ A) (5 units)

216. Genetics and Society
Technological advances in human genetics and their impact on society. Biological and ethical perspectives of the application of genetic research. Two hours lecture. (GE=B.4) (2 units)

217. Biology of Sexually Transmitted Diseases
The pathogenesis, biology of the agent, treatment and diagnosis of the prominent sexually transmitted diseases. Impact of current biotechnology in relation to vaccine development, experimental treatments, and improved diagnostics and screening. Two hours lecture. (GE=B.4) (2 units)

220. Principles of Microbiology
Morphology, physiology and classification of bacteria, fungi and viruses. Microbiology of air, soil and dairy products; rudiments of infection and immunity. Laboratory training in culture preparation, sterilization, inoculation and identification. Four hours lecture and three hours laboratory. Materials fee required. Prerequisite: one lower-division biology course. (BIOL 220=CAN BIOL 14) (5 units)

223. Human Physiology and Anatomy I
Comprehensive study of human form and function including living chemistry, cells, tissues, skeletal, muscular and nervous systems. Four hours lecture and three hours laboratory. Materials fee required. Prerequisite: one lower-division biology course. (BIOL 223+224=CAN BIOL SEQ B) (5 units)

224. Human Physiology and Anatomy II
Continuation of BIOL 223 with coverage of special senses, digestive, respiratory, cardiovascular, urinary, endocrine and reproductive systems. Four hours lecture and three hours laboratory. Materials fee required. Prerequisite: BIOL 223. (BIOL 223+224=CAN BIOL SEQ B) (5 units)

251. Readings in Ecosystem Biology
Selected assigned readings in ecosystem biology. For students formally enrolled in the University Honors Program and in BIOL 349. One hour of discussion. Prerequisite or corequisite: BIOL 349. Must be completed within two quarters of having completed BIOL 349. (1 unit)

295. Special Projects in Biology
Individual investigation, research, study or survey of selected problems. Prerequisite: consent of instructor. (Credit to be arranged: 1 to 2 units)

Upper Division

300. Cell Physiology
Study of cell properties, organization and activities; consideration of structure-function relationships of cellular membranes, the cell surface and cytoskeletal elements; metabolism of cell growth, maturation, specialized function and reproduction. Four hours lecture and three hours laboratory. Materials fee required. Prerequisites: BIOL 200, 201 and 202 with grades of "C" or better; CHEM 215 and 216. (5 units)

301. Biology in the Classroom
A comprehensive survey of the design and function of living organisms, from the cellular through the ecosystem levels as these relate to instruction in the elementary and middle school classroom. Unifying concepts such as evolution, energetics and the chemical nature of life will be stressed throughout. Three hours lecture and three hours laboratory. Materials fee required. This course does not satisfy any requirements for the B.A. or B.S. major in Biology. (4 units)
304. **Biology of Cancer**
A comprehensive survey of the biological principles underlying the causes and treatment of cancer. Topics include the genetics of cancer, factors affecting tumor growth, host defense against cancer cells, and modern therapeutic protocols. Four hours lecture. This course does not satisfy requirements for the B.A. and B.S. majors in biology. Prerequisite: BIOL 100. (4 units)

305. **Biology of the Dinosauria**
A survey of major groups of dinosaurs, their interrelationships, and biology. Examples from dinosaurs and their close relatives are used to highlight and explain important issues and topics in biology such as anatomy, evolution, biogeography, climate change, ecology, the use of the scientific literature, and popular interpretations of science. This course does not satisfy any requirements for the B.A. or B.S. in Biology. Four hours lecture. Prerequisite: one lower-division biology course. (4 units)

306. **Human Heredity and Development**
Introductory course in human development. Emphasis on the principles of heredity as they apply to normal human developmental sequences from fertilization to adolescence. Birth defects relating to heredity, and drug or other environmental factors will illustrate how developmental sequences can be modified before birth. This course does not satisfy any requirements for the B.A. or B.S. in Biology. Prerequisite: one lower-division biology course. (4 units)

314. **Biology of Human Sexuality**
Biological aspects of human anatomy, physiology and behavior as related to sexual reproduction including discussion of fertility, pregnancy, childbirth and birth control; consideration also given to homosexuality, sexually transmitted diseases, sexual intercourse and response. Four hours lecture. This course does not satisfy any requirements for the B.A. or B.S. in Biology. Prerequisite: one lower-division biology course. (4 units)

319. **Local Flora**
Identification of the flora and ecological communities of southern California with a consideration of taxonomic principles. Field collections, four hours lecture and three hours laboratory. Materials fee required. Prerequisite: BIOL 300 with a grade of "C" or better or consent of instructor. (5 units)

320. **Microorganisms**
Study of microbial organisms: their cell structure and function, metabolism, genetics and ecology with an introduction to bacterial, viral, fungal, and protozoan pathogens. Four hours lecture and six hours laboratory. Materials fee required. Prerequisite: BIOL 300 with a grade of "C" or better. (6 units)

321. **Evolution**
Darwin, views of evolution and their implications in various disciplines. Four hours lecture. Prerequisite: BIOL 300 with a grade of "C" or better. (4 units)

323. **Human Anatomy for Biology Majors**
Comprehensive study of the human form in the broader context of vertebrate animals. Topics include the anatomy of early development and the following systems: integumentary, skeletal, muscular, nervous, digestive, respiratory, cardiovascular, excretory, reproductive, endocrine and special senses. Four hours lecture and six hours laboratory. Materials fee required. Prerequisite: BIOL 300 with a grade of "C" or better. (6 units)

324. **Human Physiology for Biology Majors**
Comprehensive study of the human function in the broader context of vertebrate animals. Topics include the physiology of the following systems: integumentary, skeletal, muscular, nervous, digestive, respiratory, cardiovascular, excretory, reproductive, and endocrine and special senses. Four hours lecture and six hours laboratory. Materials fee required. Prerequisite: BIOL 300 and 323 with grades of "C" or better. (6 units)

331. **Biology of Invertebrates**
The evolution and ecology of invertebrate phyla with emphasis on major phylogenetic changes. Field collections, four hours lecture and six hours laboratory. Materials fee required. Prerequisite: BIOL 300 with a grade of "C" or better. (6 units)

335. **Entomology**
A study of the evolution, anatomy, classification and habits of insects and related arthropods. Field collections, four hours lecture and three hours laboratory. Materials fee required. Prerequisite: BIOL 300 with a grade of "C" or better. (5 units)

340. **Comparative Embryology**
Descriptive survey of developmental patterns of tissue and organ formation to include studies of insects, echinoderms, and amphibian, avian, reptilian, marsupial plus placental mammalian vertebrate embryology. Three hours lecture and three hours laboratory. Materials fee required. Prerequisite: BIOL 300 with a grade of "C" or better. Biology 342 strongly recommended. (4 units)

342. **Biology of the Chordates**
Structural, developmental and ecological changes in the evolution of the chordate groups with an emphasis on comparative vertebrate anatomy. Four hours lecture and six hours laboratory. Materials fee required. Prerequisite: BIOL 300 with a grade of "C" or better. (6 units)

349. **Biology of Ecosystems**
Survey of the heredity and environmental factors that influence the survival and reproduction of the organisms that compose the dynamic ecosystems of planet Earth with a consideration of evolution and extinction. Four hours lecture and three hours laboratory. Materials fee required. This course does not satisfy requirements for the B.A. or B.S. in Biology. Formerly BIOL 250. Prerequisite: one lower division course in biology. (5 units)

354. **Biology of Higher Plants**
Comparative morphology of ferns, fern allies and seed plants, with a consideration of their phylogenetic relationships. Four hours lecture and six hours laboratory. Materials fee required. Prerequisite: BIOL 300 with a grade of "C" or better. (6 units)

360. **Functional Anatomy of Plants**
Tissues and tissue aggregates in vascular plants, stressing the functional attributes of structure, with laboratory study of living and preserved plant material and prepared slides. Four hours lecture and three hours laboratory. Materials fee required. Prerequisite: BIOL 300 with a grade of "C" or better. (5 units)

370. **Symbiosis**
The nature and principles of biological interactions with a survey of various types of relationships such as commensalism, mutualism, parasitism and competition. Four hours lecture. Prerequisite: BIOL 300 with a grade of "C" or better or consent of instructor. (4 units)
114 / Biology

371. Parasitology
Study of the nature and principles of parasitism with a survey of various groups of animal parasites. Four hours lecture and three hours laboratory. Materials fee required. Prerequisite: BIOL 300 with a grade of "C" or better. (5 units)

380. Medical and Economically Important Plant Species and Families
Survey of medically and economically important plant species and families. Includes plants harmful and beneficial to humans, with emphasis on vascular species. Four hours lecture. Prerequisite: BIOL 300 with a grade of "C" or better. (4 units)

390. Biology Seminar
Topics of current biological interest, presented by students, faculty, and guest speakers. May be taken once for credit toward the major. Lecture only. Graded credit/no credit. Prerequisite: BIOL 300 with a grade of "C" or better. (4 units)

391. Seminar in Biology
Topics of current biological interest, presented by guest speakers, current faculty, and students are analyzed with associated primary literature and written summaries. May be taken once for credit toward the major. One hour lecture and three hours activity. Materials fee required. Concurrent enrollment in BIOL 390 and 391 is not allowed. Graded credit/no credit. Prerequisites: BIOL 200, 201, 202 and 300. (2 units)

396. Directed Study
Reading and library research in an area of biology conducted under the direction of a faculty member in the Department of Biology. No more than two units may be applied toward a biology elective for graduation. Graded credit/no credit. Prerequisite: consent of instructor and departmental approval of a written proposal submitted on a standard application form filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 1 or 2 units)

400. Molecular Biology
A basic course in molecular biology with emphasis on informational macromolecules and how they direct molecular processes in both eukaryotic and prokaryotic cells. Four hours lecture and six hours laboratory. Materials fee required. Prerequisites: BIOL 300 with a grade of "C" or better and CHEM 223 or 323. (5 units)

402. Genetic Engineering
A basic course on recombinant DNA technology, concentrating on major DNA manipulation methods, use of vectors, genetic probes, construction of libraries, transgenic animals, plant genetic engineering and ethical and safety considerations. Four hours lecture. Prerequisites: BIOL 300 with a grade of "C" or better, BIOL 400, and CHEM 223 or 323. (4 units)

421. Genetics
Principles of classical and modern genetics including an introduction to population genetics. Four hours lecture. Concurrent enrollment in BIOL 422 is recommended. Prerequisite: BIOL 300 with a grade of "C" or better. (4 units)

422. Genetics Laboratory
Laboratory experiments with Drosophila melanogaster to demonstrate Mendelian principles of inheritance, linkage mapping and determination of linkage groups to which a gene belongs. Three hours laboratory. Materials fee required. Prerequisite: BIOL 300 with a grade of "C" or better. Prerequisite or corequisite: completion of or concurrent enrollment in BIOL 421. (1 unit)

424. Comparative Animal Physiology
A comparative analysis of the physiological mechanisms and processes of animals with emphasis on trends of evolutionary specialization. Four hours lecture and six hours laboratory. Materials fee required. Prerequisite: BIOL 300 with a grade of "C" or better. (6 units)

428. Concepts of Molecular Genetics
Chemical nature of genes, their replication and mode of action at the molecular level. Transfer and expression of genetic information; interaction and hybridization of genes, molecular mutagens and molecular evolution. Four hours lecture. Prerequisites: BIOL 300 with a grade of "C" or better, BIOL 400, 421, 422 (or 423), and CHEM 223 or 323. (4 units)

431. Comparative Plant Physiology
Analysis of physiological activity at the various levels of cells, tissues, organs and organisms. Four hours lecture and six hours laboratory. Materials fee required. Prerequisites: BIOL 300 with a grade of "C" or better, and CHEM 223 or 323. Recommended: BIOL 360. (6 units)

440. Principles of Development
Comparative analysis of patterns and processes of development of organisms, with emphasis on the role of genetic and biochemical mechanisms. Four hours lecture and three hours laboratory. Materials fee required. Prerequisites: BIOL 300 with a grade of "C" or better, and CHEM 223 or 323. (5 units)

450. Ecology
Analysis of the interrelationships of organisms and their physical and biotic environment with a consideration of the role of the environment in natural selection. Four hours lecture and three hours laboratory/field studies. Materials fee required. Prerequisites: BIOL 300 with a grade of "C" or better, and MATH 120, 192 or 211; or consent of instructor. (5 units)

455. Marine Biology and Ecology
Examination of various marine ecosystems with an analysis of the interactions between organisms and their physical and biotic environments. Laboratory emphasizes southern Californian coastal communities. Four hours lecture and three hours laboratory/field studies. Materials fee required. Prerequisite: BIOL 300 with a grade of "C" or better or consent of instructor. (5 units)

472. Virology
Examination of the structure, genetics and modes of replication of viruses, viroids and other related sub-cellular entities; their implications in medicine and agriculture, and their use in scientific research. Four hours lecture. Prerequisite: BIOL 300 with a grade of "C" or better. (4 units)
476. Immunology
Foundations of immunology and current advances in the study of the immunological response. Laboratory examination of immunological assays. Applied in both research and clinical diagnostics. Four hours lecture and three hours laboratory. Materials fee required. Prerequisites: BIOL 300 with a grade of "C" or better; BIOL 421 and 422. (5 units)

480. Introduction to Neurobiology
Study on a cellular level of how neurons function in terms of structure, physiology and pharmacology. Mechanisms of intercellular communication, perception of sensory information, and development and aging of the nervous system will be examined. Four hours lecture. Prerequisite: BIOL 300 with a grade of "C" or better. (4 units)

490. Special Topics
Group study of a selected topic, the title to be specified in advance. May be repeated for credit as topics change. Prerequisites: BIOL 300 with a grade of "C" or better and 15 units of upper-division biology course work.
A. (1 unit)
B. (2 units)
C. (3 units)

491. Special Laboratory Topics
Group laboratory study of a selected topic, the title to be specified in advance. May be repeated for credit as topics change. Materials fee required. Prerequisites: BIOL 300 with a grade of "C" or better and 15 units of upper-division biology course work.
A. (1 unit)
B. (2 units)
C. (3 units)

492. Recombinant DNA Techniques
Techniques utilized in genetic engineering and biotechnology areas (mainly methods for isolating and analyzing genes, including bacterial isolation, DNA isolation and restriction analysis, transformation protocols and purification and manipulation of plasmid and chromosomal DNA techniques). A final research report will be required from the student. Two hours lecture and six hours laboratory. Materials fee required. Prerequisites: BIOL 300 with a grade of "C" or better and BIOL 400. (4 units)

520. Scanning Electron Microscopy
Theory and techniques of scanning electron microscopy. Lectures on theory of operation of the scanning electron microscope and specimen preparation. Laboratory includes hands-on training in the use of the scanning electron microscope. Laboratory projects will teach technical aspects of specimen preparation and microscope use. Three hours lecture and six hours laboratory. Materials fee required. (Also offered as GEOL 530. Students may not receive credit for both.) Prerequisites: senior standing and consent of instructor. (5 units)

530. Transmission Electron Microscopy
Theory and techniques of transmission electron microscopy. Lectures on theory of operation of the transmission electron microscope and specimen preparation. Laboratory includes hands-on training in the use of the transmission electron microscope. Laboratory projects will teach technical aspects of specimen preparation and microscope use. Three hours lecture and six hours laboratory. Materials fee required. (Also offered as GEOL 531. Students may not receive credit for both.) Prerequisites: senior standing and consent of instructor. (5 units)

531. Techniques in Ultrastructure Analysis
Specialized techniques in ultrastructural analysis using either the scanning or transmission electron microscope. Topics will vary, but will include specialized techniques in specimen preparation, alternative image detectors, and image analysis. Theory of the analysis and training in the technical aspects will be covered. Three hours lecture and six hours laboratory. Materials fee required. (Also offered as GEOL 532. Students may not receive credit for both.) Prerequisites: BIOL 530 or 531, or GEOL 530 or 531 and consent of instructor. (5 units)

532. Physiological Ecology
Physiological, biochemical and molecular attributes of organisms and their interactions with the environment. Explanations for distribution, survival and reproduction. Four hours lecture and six hours laboratory. Materials fee required. Prerequisites: BIOL 354 and 424; or 431 and 331 or 342; and 450. (6 units)

540. Internship in Biology
Supervised work and study in work situations involving biological research and technical skills. May be applied only once toward degree electives in biology programs. May be repeated twice for free elective credit. Graded credit/no credit. Prerequisite: department approval in the quarter prior to registration. (2 units)

566. Endocrinology
Endocrine systems with emphasis on mechanisms for regulating the biosynthesis, secretion, transport and actions of hormones. Four hours lecture. Formerly BIOL 486. Prerequisite: BIOL 300 with a grade of "C" or better. (4 units)
590. Senior Seminar
Survey of current literature, methods and ethics of scientific inquiry. May be repeated once as topics change. Prerequisites: BIOL 300 with a grade of "C" or better, and a minimum of 15 upper-division units in biology courses supportive of the topic area and senior standing.
A. Molecular (2 units)
B. Biosystematics (2 units)
C. Cellular (2 units)
D. Physiology (2 units)
E. Ecology (2 units)
F. Bioethics (2 units)
G. Genetics (2 units)
H. Evolution (2 units)
I. Microbiology (2 units)
J. Zoology (2 units)
K. Botany (2 units)
L. Integrative Approach to Biology (2 units)

595. Independent Study
Laboratory and/or library research in selected areas in biology conducted under the direction of a faculty member. A total of six units in BIOL 595 may be applied toward graduation. Graded credit/no credit. Prerequisites: a minimum overall grade point average of 3.0, consent of instructor and department approval of a written proposal of a project submitted on a standard application filed in advance of the quarter in which the course is to be taken. Consent must be obtained no later than the advisement period preceding the quarter of enrollment. All students will be required to attend the Biology Department colloquium called by the department chair each quarter until their projects are completed. (Credit to be arranged: 1 to 6 units)

Chemistry

FACULTY: Kimberley Cousins, John Craig, Ken Mantei, David Maynard (Chair), Larry Mink, James Noblet, Dennis Pederson, Lisa Shamansky, Douglas Smith, Brett Stanley, John Tate, Shumei Yang

The Department of Chemistry and Biochemistry provides:
1. Undergraduate training in chemistry and biochemistry for students planning professional careers in chemistry and allied professions such as medicine, dentistry, pharmacy, health sciences and veterinary medicine and for those contemplating graduate work for advanced degrees;
2. Appropriate courses for the teacher credential program;
3. Fundamental chemical science courses required by students majoring in related fields such as physics and biology;
4. An understanding of the achievements and contributions of chemistry as a science.

The Bachelor of Science in Chemistry (ACS Certified Option) satisfies the requirements for certification by the American Chemical Society.

The Bachelor of Arts in Chemistry provides greater elective flexibility for double majors and for preprofessional, interdisciplinary or other programs involving substantial preparation in chemistry.

Preprofessional students of medicine, dentistry or other science-based fields seeking a major in chemistry should refer to Page 69 of this catalog and consult with a departmental advisor.

Students interested in fields such as environmental science, environmental law, business, and clinical chemistry can pursue these by following the minimum requirements of the major and appropriate electives.

B.A. IN CHEMISTRY - CHEMISTRY OPTION
Requirements (86 to 88 units)
Total units required for graduation: 180

Requirements for the B.A. in Chemistry - Chemistry Option:
Lower-division requirements (47-49 units)
1. CHEM 215. General Chemistry I: Atomic Structure and Chemical Bonding (6)
2. CHEM 216. General Chemistry II: Principles of Chemical Reactions (6)
3. CHEM 245. Modern Quantitative Analysis (5)
4. MATH 211. Basic Concepts of Calculus (4)
5. MATH 212. Calculus II (4)
6. MATH 213. Calculus III (4)
7. One year of introductory physics (CAN Physics Sequence A or CAN Physics Sequence B for at least 12 quarter units). CSUSB physics sequences that satisfy this requirement are: Sequence A:
   PHYS 121. Basic Concepts of Physics I (5)
   PHYS 122. Basic Concepts of Physics II (4)
   PHYS 123. Basic Concepts of Physics III (4)
Sequence B:
   PHYS 221. General Physics I (5)
   PHYS 222. General Physics II (5)
   PHYS 223. General Physics III (5)
8. Biological science
   Five units chosen from:
   BIOL 100. Topics in Biology (5)
   BIOL 200. Biology of the Cell (5)

Upper-division requirements (40 units)
2. CHEM 322. Principles of Organic Chemistry II (5)
   Note: Subject to departmental approval the organic chemistry requirement may be met with the following:
   CHEM 221A. Organic Chemistry I: Lecture
   CHEM 221B. Organic Chemistry I: Laboratory
   CHEM 222A. Organic Chemistry II: Lecture
   CHEM 222B. Organic Chemistry II: Laboratory
   CHEM 223A. Organic Chemistry III: Lecture
   CHEM 223B. Organic Chemistry III: Laboratory
   CHEM 421. Intermediate Organic Chemistry
4. CHEM 455. Physical Chemistry I (6)
5. CHEM 456. Physical Chemistry II (6)
6. CHEM 475. Inorganic Chemistry (6)
7. CHEM 590. Chemistry Seminar (1) for a total of (2)
8. Four additional upper-division units in chemistry.
B.A. IN CHEMISTRY - BIOCHEMISTRY OPTION
Requirements (101 to 108 units)
Total units required for graduation: 180

Requirements for the B.A. in Chemistry - Biochemistry Option:

Lower-division requirements (69-71 units)
1. CHEM 215. General Chemistry I: Atomic Structure and Chemical Bonding (6)
2. CHEM 216. General Chemistry II: Principles of Chemical Reactions (6)
3. CHEM 245. Modern Quantitative Analysis (5)
4. MATH 211. Basic Concepts of Calculus (4)
5. MATH 212. Calculus II (4)
6. MATH 213. Calculus III (4)
7. One year of introductory physics (CAN Physics Sequence A or CAN Physics Sequence B for at least 12 quarter units). CSUSB physics sequences that satisfy this requirement are:
   Sequence A:
   PHYS 121. Basic Concepts of Physics I (5)
   PHYS 122. Basic Concepts of Physics II (4)
   PHYS 123. Basic Concepts of Physics III (4)
   Sequence B:
   PHYS 221. General Physics I (5)
   PHYS 222. General Physics II (5)
   PHYS 223. General Physics III (5)
8. BIOL 200. Biology of the Cell (5)
9. BIOL 201. Biology of Organisms (5)
10. BIOL 202. Biology of Populations (5)
11. Organic Chemistry
   A minimum of 12 units chosen from:
   CHEM 221A. Organic Chemistry I: Lecture (3)
   CHEM 221B. Organic Chemistry I: Laboratory (1)
   CHEM 222A. Organic Chemistry II: Lecture (3)
   CHEM 222B. Organic Chemistry II: Laboratory (1)
   CHEM 223A. Organic Chemistry III: Lecture (3)
   CHEM 223B. Organic Chemistry III: Laboratory (1)
   Note: Organic Chemistry requirement may be met by taking CHEM 321, 322 and 323.

Upper-division requirements (32-37 units)
1. CHEM 436. Biochemistry I (5)
2. CHEM 437. Biochemistry II (5)
3. CHEM 439. Separation Techniques in Biochemistry (2)
4. A minimum of 10 units chosen from Group A or B below:
   Group A:
   CHEM 451. Physical Chemistry for Biochemists I (5)
   CHEM 452. Physical Chemistry for Biochemists II (5)
   Group B:
   CHEM 455. Physical Chemistry I (6)
   CHEM 456. Physical Chemistry II (6)
5. One course chosen from:
   CHEM 470. Bioinorganic Chemistry (3)
   CHEM 475. Inorganic Chemistry (6)
6. CHEM 590. Chemistry Seminar (1) for a total of (2)
7. BIOL 300. Cell Physiology (5)

B.S. IN CHEMISTRY - ACS CERTIFIED OPTION
Requirements (111 units)
Total units required for graduation: 186

Requirements for the B.S. in Chemistry - ACS Certified Option:

Lower-division requirements (53 units)
1. BIOL 200. Biology of the Cell (5)
2. CHEM 215. General Chemistry I: Atomic Structure and Chemical Bonding (6)
3. CHEM 216. General Chemistry II: Principles of Chemical Reactions (6)
4. CHEM 245. Modern Quantitative Analysis (5)
5. MATH 211. Basic Concepts of Calculus (4)
6. MATH 212. Calculus II (4)
7. MATH 213. Calculus III (4)
8. MATH 251. Multivariable Calculus I (4)
9. PHYS 221. General Physics I (5)
10. PHYS 222. General Physics II (5)
11. PHYS 223. General Physics III (5)

Upper-division requirements (54 units)
2. CHEM 322. Principles of Organic Chemistry II (5)
   Note: Subject to departmental approval the organic chemistry requirement may be met with the following:
   CHEM 221A. Organic Chemistry I: Lecture
   CHEM 221B. Organic Chemistry I: Laboratory
   CHEM 222A. Organic Chemistry II: Lecture
   CHEM 222B. Organic Chemistry II: Laboratory
   CHEM 223A. Organic Chemistry III: Lecture
   CHEM 223B. Organic Chemistry III: Laboratory
   CHEM 421. Intermediate Organic Chemistry
4. CHEM 436. Biochemistry I (5)
5. CHEM 455. Physical Chemistry I (6)
6. CHEM 456. Physical Chemistry II (6)
7. CHEM 475. Inorganic Chemistry (6)
8. CHEM 545. Advanced Analytical Chemistry (6)
9. CHEM 576. Advanced Inorganic Chemistry (4)
10. CHEM 590. Chemistry Seminar (1) for a total of (2)
11. Four additional upper-division units in chemistry.

Additional Requirements (4 units)
1. Applied mathematics
   Four units chosen from:
   MATH 252. Multivariable Calculus II (4)
   MATH 270. Elementary Differential Equations (4)
   MATH 331. Linear Algebra (4)
2. Comprehensive examination
   Successful completion of a comprehensive examination covering the major field of study to be taken during the senior year.
B.S. IN CHEMISTRY -  
BIOCHEMISTRY OPTION  
Requirements (108 to 117 units)  
Total units required for graduation: 186  

Requirements for the B.S. in Chemistry - 
Biochemistry Option:  
Lower-division requirements (57 to 59 units)  
1. CHEM 215. General Chemistry I: Atomic Structure and Chemical Bonding (6) 
2. CHEM 216. General Chemistry II: Principles of Chemical Reactions (6) 
3. CHEM 245. Modern Quantitative Analysis (5) 
4. MATH 211. Basic Concepts of Calculus (4) 
5. MATH 212. Calculus II (4) 
6. MATH 213. Calculus III (4) 
7. One year of introductory physics (CAN Physics Sequence A or CAN Physics Sequence B) for at least 12 quarter units. CSUSB physics sequences that satisfy this requirement are: 
   Sequence A: 
   PHYS 121. Basic Concepts of Physics I (5) 
   PHYS 122. Basic Concepts of Physics II (4) 
   PHYS 123. Basic Concepts of Physics III (4) 
   Sequence B: 
   PHYS 221. General Physics I (5) 
   PHYS 222. General Physics II (5) 
   PHYS 223. General Physics III (5) 
8. BIOL 200. Biology of the Cell (5) 
9. BIOL 201. Biology of Organisms (5) 
10. BIOL 202. Biology of Populations (5)  
Upper-division requirements (51-58 units)  
2. CHEM 322. Principles of Organic Chemistry II (5) 
Note: Subject to departmental approval the organic chemistry requirement may be met with the following:  
   CHEM 221A. Organic Chemistry I: Lecture 
   CHEM 221B. Organic Chemistry I: Laboratory 
   CHEM 222A. Organic Chemistry II: Lecture 
   CHEM 222B. Organic Chemistry II: Laboratory 
   CHEM 223A. Organic Chemistry III: Lecture 
   CHEM 223B. Organic Chemistry III: Laboratory 
   CHEM 421. Intermediate Organic Chemistry  
4. CHEM 436. Biochemistry I (5) 
5. CHEM 437. Biochemistry II (5) 
6. CHEM 439. Separation Techniques in Biochemistry (2) 
7. A minimum of 10 units, choose Group A or B below:  
   Group A: 
   CHEM 451. Physical Chemistry for Biochemists I (5) 
   CHEM 452. Physical Chemistry for Biochemists II (5)  
   Group B: 
   CHEM 455. Physical Chemistry I (6) 
   CHEM 456. Physical Chemistry II (6) 
8. One course chosen from:  
   CHEM 470. Bioinorganic Chemistry (3) 
   CHEM 475. Inorganic Chemistry (6) 
9. CHEM 590. Chemistry Seminar (1) for a total of (2) 
10. BIOL 300. Cell Physiology (5) 
11. One course chosen from:  
   BIOL 320. Microorganisms (6) 
   BIOL 400. Molecular Biology (5) 
   BIOL 421. Genetics (4) 
   BIOL 424. Comparative Animal Physiology (6) 
   BIOL 431. Comparative Plant Physiology (6) 
   BIOL 440. Principles of Development (5) 
   BIOL 480. Introduction to Neurobiology (4)  
12. Successful completion of a comprehensive examination covering the major field of study to be taken during the senior year. 

TEACHING CREDENTIAL PROGRAM  
Teaching Credential Preparation Program Subject Matter Preparation Program in Science:  
Chemistry  
Students wishing to be recommended for a single subject teaching credential in science with a concentration in chemistry must, either as part of the requirements for the Bachelor of Arts or Bachelor of Sciences in Chemistry or as electives in addition to the requirements for the degree, take the following courses:  
1. BIOL 200. Biology of the Cell (5) 
2. BIOL 201. Biology of Organisms (5) 
3. BIOL 202. Biology of Populations (5) 
4. GEOL 101. Physical Geology (5) 
5. GEOL 250. Historical Geology (5) 
6. GEOL 306. Oceans and Atmospheres for the Science Teacher (3) 
7. NSCI 300. Science and Technology (4) 
8. PHYS 103. Descriptive Astronomy (5)  
In addition, certain prerequisites and professional education courses are required. For information about admission to the teacher education program, education courses required or the specific requirements of the single subject teaching credential in science program, see Page 156 or contact the Teacher Education Office in the College of Education. 

MINOR IN CHEMISTRY  
Requirements (64 to 69 units)  

Requirements for a minor in Chemistry:  
1. CHEM 215. General Chemistry I: Atomic Structure and Chemical Bonding (6) 
2. CHEM 216. General Chemistry II: Principles of Chemical Reactions (6) 
3. CHEM 245. Modern Quantitative Analysis (5) 
4. A minimum of twelve units, choose Group A or B below:  
   Group A: 
   CHEM 221A. Organic Chemistry I: Lecture (3) 
   CHEM 221B. Organic Chemistry I: Laboratory (1) 
   CHEM 222A. Organic Chemistry II: Lecture (3) 
   CHEM 222B. Organic Chemistry II: Laboratory (1) 
   CHEM 223A. Organic Chemistry III: Lecture (3) 
   CHEM 223B. Organic Chemistry III: Laboratory (1)
**DEPARTMENTAL HONORS**

A graduating senior will be awarded departmental honors in chemistry after meeting the following requirements:

1. At least a 3.5 average in all chemistry course work taken at the university with a minimum being five chemistry courses;
2. At least a 3.0 ("B") average on the comprehensive examinations;
3. An "A" (4.0) in CHEM 595. Independent Study or another demonstration of ability to do independent work in chemistry.

**COURSE OFFERINGS IN CHEMISTRY (CHEM)**

### Lower Division

100. Chemistry in the Modern World (FWS)  
Examination of chemistry and its value to contemporary society. Topics include atomic and molecular structure, bonding, physical and chemical change, solutions and other important chemical principles related to everyday observable phenomena. In laboratory, the scientific method is employed to design experiments, test hypotheses, formulate chemical principles and interpret experiment results. Designed for those desiring a broad overview of chemistry including liberal studies majors. Four hours lecture and three hours laboratory. Materials fee required. Prerequisite: satisfactory score on the Entry Level Mathematics examination. (GE=B.3) (5 units)

105. Chemicals in Our Environment (FWS)  
Examination of a current issue related to chemicals in our environment with focus on chemical principles and the interplay between chemical technology and society. Lecture only. (GE=B.4) (2 units)

205. Fundamentals of Chemistry I: General Chemistry (FWS)  
Basic introduction to the concepts of chemistry, including the composition of matter and physical and chemical changes. Designed primarily for the student with little or no chemistry background who plans to take additional chemistry or other science courses. Four hours lecture and three hours laboratory. Materials fee required. Prerequisites: one year of high school algebra or equivalent and satisfactory score on the Entry Level Mathematics examination. (GE=B.3) (5 units)

206. Fundamentals of Chemistry II: Organic Chemistry (W)  
Introduction to the chemistry of organic compounds. Four hours lecture and three hours laboratory. Materials fee required. Prerequisite: CHEM 205 or 215. (5 units)

207. Fundamentals of Chemistry III: Biochemistry (S)  
Introduction to the principles of modern biological chemistry and to organic compounds of biological interest. Four hours lecture and three hours laboratory. Materials fee required. Prerequisite: CHEM 206. (5 units)

208. Survey of Human Biochemistry (FWS)  
Survey of basic biochemical principles with an emphasis on the structure, function and metabolism of important biological molecules as related to human physiology. Three hours lecture. Prerequisite: CHEM 205. (3 units)

215. General Chemistry I: Atomic Structure and Chemical Bonding (FW)  
Stoichiometry, atomic and molecular structure, chemical bonding, states of matter and solutions. Designed primarily for the student majoring in the biological or physical sciences. Four hours lecture and six hours laboratory. Materials fee required. Prerequisites: one year of high school chemistry and three years of high school mathematics, or their equivalents; satisfactory score on the Entry Level Mathematics examination. (GE=B.3) (CHEM 215+216=CHEM SEQ A) (6 units)

216. General Chemistry II: Principles of Chemical Reactions (WS)  
Chemical kinetics and equilibrium, thermodynamics, redox reactions and electrochemistry, and topics in inorganic, organic, biological and environmental chemistry. Four hours lecture and six hours laboratory. Materials fee required. Prerequisite: CHEM 215 with a grade of "C-" or better. (CHEM 215+216=CHEM SEQ A) (6 units)

221. Organic Chemistry I (F)  
A. Lecture. The chemistry of carbon compounds, including modern concepts of structure, mechanism, and reactivity. Emphasis is placed on compounds and reactions of biological interest; and includes an introduction to selected topics in biochemistry. Taking the lecture sequence (CHEM 221A, 222A, and 223A) without the lab sequence (CHEM 221B, 222B, and 223B) is inappropriate for premedical, preprofessional, and other pre-health professions students and for all majors and minors except the B.A. major in biology. Chemistry majors (except the B.A. in Chemistry, Biochemistry Option) are expected to take the Principles of Organic Chemistry sequence (CHEM 321, 322 and 323). Lecture only. Prerequisite: CHEM 215. (3 units)

B. Laboratory. An introduction to experimental techniques in organic chemistry. Three hours of laboratory. Materials fee required. Prerequisite: CHEM 215. Prerequisite or corequisite: CHEM 221A. (1 unit)

222. Organic Chemistry II (W)  
A. Lecture. Continuation of CHEM 221A. Three hours lecture. Prerequisite: CHEM 221A with a grade of "C-" or better. (3 units)
223. Organic Chemistry III  
A. Lecture. Continuation of CHEM 222A. Three hours lecture. Prerequisite: CHEM 222A or equivalent with a grade of "C-" or better. (3 units)  
B. Laboratory. Continuation of CHEM 222B. Three hours laboratory. Prerequisites: CHEM 222A. Materials fee required. Prerequisite: CHEM 222B. (1 unit)

245. Modern Quantitative Analysis  
Gravimetric and volumetric analysis, chemical equilibria, modern instrumental methods and radioanalytical techniques. Three hours lecture and six hours laboratory. Materials fee required. Prerequisite: CHEM 216. (CHEM 245=CAN CHEM 12) (5 units)

295. Special Projects in Chemistry  
Individual investigation, research, study or survey of selected problems. May be repeated for credit as topics change. Prerequisite: consent of instructor. (Credit to be arranged: 1 or 2 units)

Upper Division

301. Service Learning in Chemistry  
Supervised activities in chemistry or chemical education providing service to campus or community constituents. At least 30 hours required for credit. May be repeated for credit. May not be counted as upper-division elective units for the chemistry major. One hour lecture and three hours laboratory. Materials fee required. Prerequisite: one college-level course in earth science or physics. (1 unit)

304. Chemistry in the Classroom  
Basic concepts of chemistry as related to the elementary and middle school classroom. Concepts include elements, compounds and mixtures, states of matter, physical and chemical changes, transformations of matter, acids and bases, chemical identification, energetics and kinetics. May not be counted as upper-division elective units for a chemistry degree. One hour lecture and three hours laboratory. Materials fee required. Prerequisite: one college-level course in earth science or physics. (2 units)

305. Demonstration Laboratory in Chemistry  
A demonstration laboratory exploring the basic principles of chemistry through individual student demonstrations. May not be counted as upper-division elective units for the B.S. in Chemistry, ACS Certified Option. Three hours laboratory. Materials fee required. Prerequisite or corequisite: CHEM 304. (1 unit)

Detailed study of organic molecules and their structures, reaction mechanisms, stereochemistry and synthesis. Three hours lecture and six hours laboratory. Materials fee required. Prerequisite: CHEM 216. (5 units)

322. Principles of Organic Chemistry II  
Continuation of CHEM 321. Three hours lecture and six hours laboratory. Materials fee required. Prerequisite: CHEM 321 with a grade of "C-" or better. (5 units)

323. Principles of Organic Chemistry III  
Continuation of CHEM 322, including special topics in heterocyclic compounds, fats, carbohydrates, and amino acids and proteins. Three hours lecture and six hours laboratory. Materials fee required. Prerequisite: CHEM 322 with a grade of "C-" or better. (5 units)

392. Scientific Glassblowing  
Principles and skills in the construction, modification and repair of scientific glass apparatus. May not be counted as upper-division elective units for the B.S. in Chemistry degree, ACS Certified Option. Prerequisite: consent of instructor. (2 units)

421. Intermediate Organic Chemistry  
Organic reaction mechanisms, quantitative identification of organic compounds, and instrumental organic analysis. May not be counted as upper-division elective units for a chemistry degree. Three hours lecture and six hours laboratory. Materials fee required. Prerequisite: CHEM 223 or 323. (5 units)

436. Biochemistry I  
Chemistry of proteins, carbohydrates, lipids, and other classes of biomolecules; the kinetics, mechanism and structure of enzymes; the principles of bioenergetics; and the basic principles of metabolism. Four hours lecture and three hours laboratory. Materials fee required. Prerequisites: BIOL 200 and CHEM 216, 223 or 323. (5 units)

437. Biochemistry II  
Biochemical processes that yield and utilize energy: metabolism of carbohydrates, lipids, amino acids, purines and nucleic acid biosynthesis. Four hours lecture and three hours laboratory. Materials fee required. Prerequisite: CHEM 436. (5 units)

439. Separation Techniques in Biochemistry  
Laboratory experience in techniques commonly employed in the separation of proteins and nucleic acids. Six hours laboratory. Materials fee required. Prerequisite: CHEM 436. (2 units)

451. Physical Chemistry for Biochemists I  
Thermodynamics of single and multi-component systems, properties of non-electrolyte and electrolyte solutions with an emphasis on biomolecular systems. May not be counted for upper-division elective units for a B.A. or B.S. in Chemistry, Chemistry Option. Four hours lecture and three hours laboratory. Materials fee required. Prerequisites: CHEM 216 and 436; CHEM 223 or 323; MATH 213; and PHYS 123 or 223. Recommended: CHEM 436. (5 units)

452. Physical Chemistry for Biochemists II  
Phase equilibria, transport properties, electron transfer reactions, and reaction kinetics, with an emphasis on biomolecular systems. Quantum mechanical and physical principles as applied to molecular structure and spectroscopy. May not be counted for upper-division elective units for a B.A. or B.S. in Chemistry, Chemistry Option. Four hours lecture and three hours laboratory. Materials fee required. Prerequisite: CHEM 451. (5 units)

455. Physical Chemistry I  
Gas kinetics, thermodynamics, properties of solutions, phase equilibria, electrochemistry, and surface phenomena. Four hours lecture and six hours laboratory. Materials fee required. Prerequisites: CHEM 216, MATH 213, and PHYS 123 or 223. Recommended: MATH 251. (6 units)
122 / Chemistry

456. Physical Chemistry II (W) Quantum mechanics, reaction rates and mechanisms, and crystal structure. Four hours lecture and six hours laboratory. Materials fee required. Prerequisite: CHEM 455. (6 units)

470. Bioinorganic Chemistry (F) Principles of inorganic chemistry emphasizing metals in biological systems. Course will cover coordination chemistry and physical techniques used to probe activity. A survey of the types of metalloproteins and metalloenzymes and their biological functions. Detailed case studies of selected metalloproteins. May not be counted for upper division elective units for a B.A. or B.S. in Chemistry, Chemistry option. Prerequisites: CHEM 223 or 323 and 216. Recommended: CHEM 436. (3 units)

475. Inorganic Chemistry (S) Inorganic compounds and reactions. Special emphasis on group theory, structure, kinetics, and thermodynamic principles. Four hours lecture and six hours laboratory. Materials fee required. Prerequisite or corequisite: CHEM 456. (6 units)

500. Topics in Chemistry (WS) Lecture course on an advanced chemistry topic such as: advanced organic chemistry, computational chemistry, environmental chemistry, literature in chemistry, medicinal chemistry, polymer chemistry, and spectroscopy. May be repeated for credit as topics change. Lecture only. Prerequisite: consent of instructor. (2 units)

501. Advanced Laboratory Techniques (FWS) Advanced laboratory course on a subject such as organic or inorganic chemistry. May be repeated for credit for up to six units total. Final written report required. Prerequisites: the basic course covering the subject of the Advanced Laboratory Techniques course and consent of instructor. (Credit to be arranged: 1 to 2 units)

521. Advanced Organic Chemistry Advanced topics in synthetic and mechanistic organic chemistry with emphasis on recent developments and techniques in organic chemistry. Lecture only. Prerequisite: CHEM 323 or 421. (4 units)

545. Advanced Analytical Chemistry (S-alt yr) Principles and techniques of modern instrumental analysis, including spectrophotometry, spectroscopy, chromatography, X-ray analysis, mass spectrometry and potentiometry. Four hours lecture and six hours laboratory. Materials fee required. Prerequisites: CHEM 223 or 323, 245 and 456. (6 units)

575. Internship in Chemistry (FWS) Supervised work and study in applied chemistry in an off-campus setting. Final written report required. Graded credit/no credit. Prerequisites: course work appropriate to the specific internship, junior standing and consent of department. (4 units)

576. Advanced Inorganic Chemistry (F-alt yr) Current developments in inorganic chemistry, including coordination chemistry, non-metals and metalloids. Lecture only. Prerequisite: CHEM 475. (4 units)

590. Chemistry Seminar (FS) Topics of current chemical interest, presented by students, faculty and guest speakers. To be taken twice for credit toward the major requirements for graduation. Lecture only. Prerequisites: twelve upper-division units in chemistry, and NSCI 306 or equivalent. (1 unit)

595. Independent Study (FWS) Laboratory and/or library research conducted under the direction of a faculty member. Final written report required. A total of six units in CHEM 595 may be applied toward the major. Prerequisites: a minimum overall grade point average of 2.5, consent of instructor and departmental approval of a written proposal of a project submitted on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 1 to 6 units)
COMMUNICATION

Department of Communication Studies
University Hall, Room 018
880-5815

Heather Hundley, Fred Jandt, Kevin Lamude, Robin Larsen,
C. Rod Metts, Ahlam Muhtaseb, Richard Pineda,
Scott Rodriguez, Donna Simmons, Stacey Sowards

Defined as "the creation, transmission and evaluation of messages," communication is a multifaceted discipline combining both academic and professional interests.

Through courses in communication, students learn to describe, interpret and evaluate the communication processes as they occur within and among individuals, groups, organizations and societies. Students explore problems in diverse media (platform, conference, print, radio, television, film, computer mediated communication), settings (family, industrial, professional, governmental) and contexts (racial, cultural, international).

The educational objectives established for the degree program in communication are the following terminal competencies: understand relationships between symbols and culture, discover information from its sources, describe characteristics of potential audiences, translate information into an audience's conceptual framework, transmit information/messages clearly in media appropriate to the audience, evaluate messages and their effects on audiences and appreciate the ethics of communication.

By the mid-1980s more than half of the country's gross national product was spent on information products and services. Communication is the means by which information is shared. The growth of communication studies reflects, in part, a growing technology permitting spoken language to move from the forum of Greece to the surface of the moon and around the planet in mere moments.

Communication majors enter careers in business and industry, government and social services, education, media and the professions in positions of public relations, marketing, teaching, sales, media production, writing, personnel, on-air media, advertising and training. Men and women across the ages have testified how the study of communication aided their personal and professional lives, whether they be persuaders, conciliators, diplomats, teachers and scholars, or researchers.

In today's world of changing and integrated communications technology, the department's curriculum reflects the belief that communication should be studied as a single discipline integrated into the liberal arts. Practica and internships support but do not substitute for a sound theoretical base. Participants in department-sponsored journalism and radio laboratories are required to register in COMM 243. Communication Practica; participants in intercollegiate-forensics activities are required to register in COMM 382. Intercollegiate Forensics. Internships are available on and off campus in the full range of communication professions.

B.A. IN COMMUNICATION

Requirements (77 units)
Total units required for graduation: 180

Requirements for the B.A. in Communication:

Core Courses (25 units)
1. COMM 200. Introduction to Communication Studies (4)
2. COMM 304. Intercultural Communication (4)
3. COMM 306. Communication Perspectives (4)
4. COMM 309. Computer Mediated Communication (4)
5. COMM 400. Communication Research Methodologies (4)
6. COMM 501. Ethical Aspects of Communication (4)
7. COMM 599. Senior Project (1)

Communication Practica (8 units)
1. Students must choose eight units from at least two of the following:
   COMM 243A. Communication Practicum: Journalism and Photojournalism (3)
   COMM 243B. Communication Practicum: Radio (3)
   COMM 243D. Communication Practicum: Public Relations (3)
   COMM 382. Intercollegiate Forensics (3)
   COMM 444A. Advanced Communication Practicum: Television Production (3)
   COMM 444B. Advanced Communication Practicum: Research (3)
   COMM 444D. Advanced Communication Practicum: Mentoring (3)
   COMM 591. Internship/Externship (2-5)

Electives (16 units)
1. Sixteen units in addition to those chosen in the concentration, of which 12 must be upper-division, selected in consultation with an advisor and, in the case of non-departmental electives, the approval of the chair. COMM 120 and 180 may not be applied toward the major.
Concentration (28 units)
A minimum of 28 units from one of the following concentrations below to be chosen in consultation with an advisor.

**Human Communication Concentration**
1. Twenty-eight units chosen from:
   - COMM 221. Small Group Communication (4)
   - COMM 225. Fundamentals of Interpersonal Communication (4)
   - COMM 311. Business and Professional Communication (4)
   - COMM 312. Persuasion (4)
   - COMM 331. Communication for Training Programs (4)
   - COMM 341. Public Relations Theory and Principles (4)
   - COMM 342. Publication Design and Makeup (4)
   - COMM 343. Public Affairs Reporting (4)
   - COMM 344. Public Relations Communication (4)
   - COMM 345. Advanced TV and Video Production (5)
   - COMM 346. TV and Video Field Production (5)
   - COMM 352. Broadcast Management (4)
   - COMM 380. Visual Communication (4)
   - COMM 381. The Development of Motion Pictures (4)
   - COMM 387. Radio Production (4)
   - COMM 401. Gender, Race, and Media (4)
   - COMM 405. Mass Media Effects (4)
   - COMM 415. Advertising as Social Communication (4)
   - COMM 442. Public Relations Campaigns (4)
   - COMM 450. Broadcast Research and Audience Analysis (4)
   - COMM 471. International Communication (4)
   - COMM 481. History and Development of Documentary (4)
   - COMM 502. Communication Law and Policy (4)
   - COMM 587. Topics in Mass Communication (4)
   - COMM 595. Independent Study (2-5) for a maximum of (5)

**Intercultural Communication Concentration**
1. Twenty-eight units chosen from:
   - COMM 302. Communication, Language and Culture (4)
   - COMM 401. Gender, Race and Media (4)
   - COMM 422. Communication and Conflict (4)
   - COMM 471. International Communication (4)
   - COMM 522. Mediation Theory and Practice (4)
   - COMM 585. Topics in Human Communication (4)
   - COMM 595. Independent Study (2-5) for a maximum of (5)

**Mass Communication Concentration**
Core (12 units)
1. COMM 240. Writing for Media (4)
2. COMM 320. Media History and Institutions (4)
3. COMM 321. Media and Culture (4)
Electives (16 units)
1. Sixteen units chosen from:
   - COMM 245. Introduction to TV and Video Production (5)
   - COMM 311. Business and Professional Communication (4)
   - COMM 341. Public Relations Theory and Principles (4)
   - COMM 342. Publication Design and Makeup (4)
   - COMM 343. Public Affairs Reporting (4)
   - COMM 344. Public Relations Communication (4)
   - COMM 345. Advanced TV and Video Production (5)
   - COMM 346. TV and Video Field Production (5)
   - COMM 352. Broadcast Management (4)
   - COMM 380. Visual Communication (4)
   - COMM 381. The Development of Motion Pictures (4)
   - COMM 387. Radio Production (4)
   - COMM 401. Gender, Race, and Media (4)
   - COMM 405. Mass Media Effects (4)
   - COMM 415. Advertising as Social Communication (4)
   - COMM 442. Public Relations Campaigns (4)
   - COMM 450. Broadcast Research and Audience Analysis (4)
   - COMM 471. International Communication (4)
   - COMM 481. History and Development of Documentary (4)
   - COMM 502. Communication Law and Policy (4)
   - COMM 587. Topics in Mass Communication (4)
   - COMM 595. Independent Study (2-5) for a maximum of (5)

**Public Argumentation and Rhetoric Concentration**
1. Twenty-eight units chosen from:
   - COMM 204. Introduction to Critical Communication Studies (4)
   - COMM 302. Communication, Language and Culture (4)
   - COMM 305. Critical Approaches to Communication (4)
   - COMM 308. Argumentation (4)
   - COMM 312. Persuasion (4)
   - COMM 341. Public Relations Theory and Principles (4)
   - COMM 344. Public Relations Communication (4)
   - COMM 352. Broadcast Management (4)
   - COMM 581. Contemporary Theories of Rhetoric (4)
   - COMM 584. Topics in Critical Communication (4)
   - COMM 595. Independent Study (2-5) for a maximum of (5)

**Public Relations Concentration**
1. COMM 240. Writing for Media (4)
2. COMM 341. Public Relations Theory and Principles (4)
3. COMM 344. Public Relations Communication (4)
4. COMM 442. Public Relations Campaigns (4)
5. COMM 542. Issue Management and Crisis Communication (4)
6. Eight units chosen from:
   - COMM 243D. Communication Practicum: Public Relations (3)
   - COMM 311. Business and Professional Communication (4)
   - COMM 312. Persuasion (4)
   - COMM 342. Publication Design and Makeup (4)
   - COMM 380. Visual Communication (4)
   - COMM 415. Advertising as Social Communication (4)
   - COMM 421. Organizational Communication (4)
   - COMM 450. Broadcast Research and Audience Analysis (4)
   - COMM 502. Communication Law and Policy (4)
   - COMM 520. Integrated Marketing Communication (4)
   - COMM 542. Issue Management and Crisis Communication (4)
   - COMM 591. Internship/Externship in Communication (2-5) for a maximum of (5)
   - PA 307. Public Relations in the Public Sector (4)
Individualized Concentration

Students may propose a unique, individualized 28-unit concentration if the proposed concentration has curricular integrity and if it fulfills objectives that cannot be met through one of the concentrations listed above. Proposals, which require departmental approval, must be submitted no later than the student's junior year. Only 12 units of course work completed prior to such approval can be applied toward an individualized concentration.

TEACHING CREDENTIAL PROGRAM

Teaching Credential Program - English with a Concentration in Communication Studies

In order to be recommended for the teaching credential in English with a concentration in Communication Studies (English subject matter program), students must complete the courses listed in the core of the B.A. in English (lower-division requirements 1-3, and upper-division requirements 1-7 found on Page 169) and complete the following:

1. Four units chosen from:
   - CSCI 127. Introduction to Computer Technology for Educators (4)
   - COMM 245. Introduction to TV and Video Production (5)

2. Four units chosen from:
   - ENG 306. Expository Writing (4)
   - HUM 306. Expository Writing for the Humanities (4)

3. Four units chosen from:
   - ENG 420. Pedagogical Grammar (4)
   - HUM 312. Theories of Language Acquisition and Learning (4)

4. ENG 510. English in the Secondary Classroom (4)
5. COMM 304. Intercultural Communication (4)
6. COMM 382. Intercollegiate Forensics (3)
7. COMM 501. Legal and Ethical Communication (4)

Prior to student teaching, students must demonstrate subject matter competence as assessed by the Department of English. For information about the professional education component, prerequisites for and admission to the teacher education program, or specific requirements for the single subject credential program, see Page 156 or contact the Center for Assisting Students in Education (C.A.S.E.).

Note: Completing the requirements of the teaching credential in English with a concentration in Communication Studies does NOT in itself satisfy the requirements for the major in either communication or English.

MINOR IN COMMUNICATION

Requirements (28 units)

Requirements for a minor in Communication:

Lower-division requirement (4 units)
1. COMM 200. Introduction to Communication Studies (4)

Upper-division requirements (8 units)
1. COMM 304. Intercultural Communication (4)
2. COMM 501. Ethical Aspects of Communication (4)

Electives (16 units)
1. Sixteen additional units in communication, at least eight of which must be upper-division. COMM 120 and 180 may not be applied toward the minor.

MINOR IN INTERCULTURAL COMMUNICATION

Requirements (28 units)

Requirements for a minor in Intercultural Communication:

Upper-division requirements (16 units)
1. COMM 302. Communication, Language and Culture (4)
2. COMM 304. Intercultural Communication (4)
3. COMM 422. Communication and Conflict (4)
4. COMM 471. International Communication (4)

Electives (12 units)
1. Twelve units chosen from:
   - COMM 401. Gender, Race and Media (4)
   - COMM 402. Ethnography of Communication (4)
   - COMM 522. Mediation Theory and Practice (4)
   - COMM 580. Culture and Ethnicity in Language (4)
   - COMM 581. Contemporary Theories of Rhetoric (4)
   - COMM 588. Topics in Intercultural Communication (4)
   - COMM 593. Communication Approaches to Area Studies (4)
   - COMM 595. Independent Study (2-5) for a maximum of (5)

MINOR IN PUBLIC RELATIONS

Requirements (28 units)

Requirements for a minor in Public Relations:

Lower-division requirements (4 units)
1. COMM 240. Writing for Media (4)

Upper-division requirements (16 units)
1. COMM 341. Public Relations Theory and Principles (4)
2. COMM 344. Public Relations Communication (4)
3. COMM 442. Public Relations Campaigns (4)
4. COMM 542. Issue Management and Crisis Communication (4)

Electives (8 units)
1. Eight units chosen from:
   - COMM 243D. Communication Practicum: Public Relations (3)
   - COMM 311. Business and Professional Communication (4)
COMM 312. Persuasion (4)
COMM 421. Organizational Communication (4)
COMM 591. Internship/Externship in Communication (2-5) for a maximum of (5)
PA 307. Public Relations in the Public Sector (4)

DEPARTMENTAL HONORS
Students majoring in communication are eligible to receive honors in communication at graduation if the following conditions are met:
1. At least one-half of the course work required by the major is completed at this university;
2. At least a 3.5 grade point average in the major;
3. An overall grade point average of 3.5 or better;
4. An independent study course that culminates in a research presentation to the department;
5. Recommendation for departmental honors by the Communication Studies faculty.

Students interested in this recognition must file a formal application with the department at least three quarters prior to graduation.

CERTIFICATE PROGRAM
Certificates may be earned by regularly matriculated or extended learning students and denote successful completion of a prescribed program of study designed to a) impart specified professional/vocational/career competencies; or b) produce mastery of the content of a sub-field of an academic major (discipline); or c) provide exposure to the range of materials in a traditional or emerging interdisciplinary field. Certain certificate programs contain 600-level courses as requirements and/or electives. These 600-level courses may not be taken by undergraduate students. Refer to Page 63 for additional certificate information.

Certificate in Communication Skills
Certificate Requirements (32 units)

Required course (4 units)
1. COMM 501. Legal and Ethical Aspects of Communication (4)

Electives (28 units)
1. Public speaking
   Four units chosen from:
   COMM 120. Oral Communication (4)
   COMM 180. Critical Thinking Through Argumentation (4)
   COMM 311. Business and Professional Communication (4)
2. Intercultural communication
   Four units chosen from:
   COMM 304. Intercultural Communication (4)
   COMM 411. Gender and Communication (4)
3. Interpersonal communication
   Four units chosen from:
   COMM 221. Small Group Communication (4)
   COMM 225. Fundamentals of Interpersonal Communication (4)
   COMM 331. Communication for Training Programs (4)
   COMM 403. Interpersonal Relations (4)
   COMM 441. Interviewing (4)

Lower Division

120. Oral Communication
Introduction to effective speech communication with emphasis on informative and persuasive public speaking and presentation skills. (GE=A.2) (COMM 120=CAN SPCH 4) (4 units)

180. Critical Thinking Through Argumentation
Principles of oral argumentation and forensics: evidence, methods of logical analysis, reasoned discourse demonstrated through argumentative speeches and debates. (GE=A.4) (COMM 180=CAN SPCH 6) (4 units)

200. Introduction to Communication Studies
Descriptive overview of how humans communicate in various contexts within the areas of public argumentation and rhetoric, human communication, and mass communication. Includes introduction to communication processes, theories, and research methodologies. (4 units)

204. Introduction to Critical Communication Studies
Survey of the history and study of rhetoric as it contributes to a critical understanding of the role of communication in society. (4 units)

221. Small Group Communication
Theories of communication applied to small group situations emphasizing decision-making processes. (COMM 221=CAN SPCH 10) (4 units)

225. Fundamentals of Interpersonal Communication
A skills development course designed to facilitate student`s acquisition of basic face-to-face communication competencies such as building and maintaining communication climates, listening, perception, self-disclosure, and verbal and non-verbal communication. (COMM 225=CAN SPCH 8) (4 units)
240. Writing for Media
Development of basic writing skills and practices appropriate for print and electronic media, including news, feature story, and documentary writing skills. Three hours lecture and two hours laboratory. Prerequisites: ENG 101 or equivalent and word processing ability. (COMM 240=CAN JOUR 2) (4 units)

243. Communication Practicum
Practical application of communication skills. COMM 243A, 243B, 243D, 382, 444A, 444B, and 444D may each be taken twice for credit, but no more than nine total units from any combination of these courses may be applied toward the major. Graded credit/no credit.
A. Journalism and Photojournalism (3 units)
B. Radio (3 units)
D. Public Relations (3 units)

245. Introduction to TV and Video Production
Introduction to equipment, theory and procedures used in studio production of television and video programming. Camera, VTR, switcher, lighting, audio character generation, and the roles of crew members will be examined. Basic principles of pictorial composition and aesthetics of the video medium for a variety of applications will also be introduced. Four hours lecture and two hours activity laboratory. (5 units)

Upper Division

302. Communication, Language and Culture
Contemporary theories of language as they relate to the communication process, including the coding system of signs, symbols, and meanings of cultural groups. (4 units)

304. Intercultural Communication
Description and analysis of cultural and gender factors in communication such as perception, value systems, language codes and nonverbal communication. Overcoming the communication problems that can result when members of different cultures communicate. (GE=G2) (4 units)

305. Critical Approaches to Communication
Contemporary approaches to media and rhetorical criticism, with emphasis on television, film and public discourse. (4 units)

306. Communication Perspectives
Traditional and contemporary approaches to communication theory, including an examination of the areas of rhetorical, human, and mediated communication. Prerequisite: COMM 200. (4 units)

308. Argumentation
Advanced principles of argumentation: perspectives, analysis and practice. Prerequisite: completion of General Education Critical Thinking requirement. (4 units)

309. Computer Mediated Communication
Examination of how computer technology, particularly the Internet, influences the creation, retrieval, and processing of information in a variety of communication contexts. Students will acquire the cognitive and technical skills required to become active, thoughtful communicators via computer mediated channels. Formerly COMM 509 and a topic under COMM 587. Prerequisite: CSCI 124 or equivalent recommended. (4 units)

311. Business and Professional Communication
Presentation skills and techniques used in sales, business, professional and technical fields for the communication of information. Special emphasis on technological resources for corporate communication. Prerequisite: COMM 120 or equivalent. (4 units)

312. Persuasion
Study and application of rhetorical, social-psychological and mass behavior principles. (4 units)

320. Media History and Institutions
A historical examination of media institutions prominent in contemporary culture. Particular attention paid to media industry development and policies and processes of media production, past and present. Prerequisite: COMM 200. (4 units)

321. Media and Culture
Analysis of media texts and products as they relate to issues of social impact, identity, representation and economics. Prerequisite: completion of or concurrent enrollment in COMM 320 or consent of instructor. (4 units)

331. Communication for Training Programs
Techniques and functions of training programs in professional and technical settings. (4 units)

341. Public Relations Theory and Principles
Introduction to the theoretical perspectives that form the foundation of public relations. Perspectives and principles of the public relations profession in multiple settings. Historical perspectives, current and future trends, and career opportunities explored. (4 units)

342. Publication Design and Makeup
Designing newspaper, magazine and online publications. Includes concept development, planning and composition, typography, mastheads, illustration, and desktop publishing. Ethical considerations discussed. Prerequisite: COMM 240. (4 units)

343. Public Affairs Reporting
Methods and procedures for reporting activities of both public and private sectors. Includes interpretive and investigative practice. Prerequisite: COMM 240. (4 units)

344. Public Relations Communication
Application of public relations theory and principles through the development of public relations communication production skills: message construction and delivery in written, verbal, and visual communication. Includes special events and other communication components used by public relations professionals. Prerequisites: COMM 240 and 341 or consent of instructor. (4 units)

345. Advanced TV and Video Production
Advanced techniques and aesthetics of television and video studio production, with emphasis on multicamera shooting and switcher effects. Introduction to video editing and postproduction processes. Four hours lecture and three hours laboratory. Prerequisite: COMM 245 with a grade of "B" (3.0) or better. (5 units)
346. TV and Video Field Production
Instruction in the use of portable video equipment for use in field and remote production, as well as postproduction processes associated with remote production. Nonfiction applications and theory will be emphasized. Four hours lecture and three hours laboratory. Prerequisite: COMM 345 with a grade of "B" (3.0) or better. (5 units)

352. Broadcast Management
Management styles and responsibilities of radio and television owners, programmers and producers. Prerequisites: COMM 320, MGMT 302, or consent of instructor. (4 units)

380. Visual Communication
Introduction to the principles and theory of visual literacy essential to understanding the social, cultural and ethical layers of meaning in visual communication. Media and other images are examined in view of how they are constructed, processed and integrated with other forms of communication. (4 units)

381. The Development of Motion Pictures
Survey of the historical background, commercial development and social influences of motion pictures. Course follows the medium from earliest origins through the rise and decline of the studio system and influences of television with emphasis on key directors and styles of film communication. (4 units)

382. Intercolligiate Forensics
Preparation for and participation in intercollegiate debate and/or individual events. Additional hours of supervised practice and performance required. May be repeated for credit for a total of not more than six units. COMM 243A, 243B, 243D, 382, 444A, 444B, and 444D may each be taken twice for credit, but no more than nine total units from any combination of these courses may be applied toward the major. Graded credit/no credit. (3 units)

387. Radio Production
Techniques and principles of recording, splicing, dubbing, and mixing sound for radio newscasts, commercials, public service announcements and promotional announcements. Three hours lecture and two hours laboratory. Prerequisite: COMM 243B or consent of instructor. (4 units)

399. Community Service Project
Credit for applying previously learned skills in the area of communication to academically related tasks in such agencies as governmental, social services, and educational institutions. May be repeated for a total of two units. Thirty hours of service per unit are required. Graded credit/no credit. Prerequisite: departmental approval of a written application submitted in advance of the quarter in which the course is to be taken. (Credit to be arranged: 1 or 2 units)

400. Communication Research Methodologies
Study and application of basic historical, descriptive, critical and experimental research skills unique to communication. Data analysis. Includes ethical considerations of communication research. Prerequisites: COMM 200, 304 and 306. (4 units)

401. Gender, Race and Media
Critical and historical examination of images and representations of gender and race in the mass media. Course focuses primarily on film, television, advertising, and the press. (GE=G2) (4 units)

402. Ethnography of Communication
Ethnographic frameworks and principles for conducting research on communication within and across cultural boundaries. Includes foci on case studies, interviewing and field work. Prerequisites: COMM 302 and 304 or equivalent or consent of instructor. (4 units)

403. Interpersonal Relations
An overview and examination of current concepts, issues and research in the study of human relationships. Primary focus on relational development, maintenance and disengagement in a variety of contexts. (4 units)

405. Mass Media Effects
History of research in understanding media effects on individuals and society. Prerequisite: COMM 400. (4 units)

409. Latina/os, Media and Culture
Examines mass media representations of and by Latina/os in the United States and how these representations construct culture and society. Formerly a topic under COMM 584. (4 units)

411. Gender and Communication
A critical and sociological examination of how gender is socialized, constructed, communicated and performed in various communicative contexts. (4 units)

415. Advertising as Social Communication
Theories of advertising: social, political and economic roles in modern society. (4 units)

421. Organizational Communication
Study of current organizational communication theory and application to the management of communication within the organization. (4 units)

422. Communication and Conflict
Communication theories and models relevant to analyzing and understanding the causes, functions, styles, and effects of conflict. The skills of negotiation and third party intervention in conflict resolution. (4 units)

431. Classroom Communication
Communication skills in instructional settings, including strategies to facilitate understanding and analysis of classroom behavioral models. Prerequisite: COMM 120 or equivalent. (4 units)

441. Interviewing
Interviewing in formal and informal settings. Understanding of employment, journalistic, informative and persuasive interviews. Prerequisite: COMM 120 or equivalent. (4 units)

442. Public Relations Campaigns
Advanced course in public relations that focuses on informational and persuasive communication campaigns to achieve commercial, political and social goals. Emphasis on case analysis and campaign development and campaign implementation. Prerequisites: COMM 341 and 344. (4 units)
444. Advanced Communication Practicum
Advanced application of communication theory and methods. COMM 243A, 243B, 243D, 382, 444A, 444B and 444D may each be taken twice for credit, but no more than nine total units from any combination of these courses may be applied toward the major. Graded credit/no credit.
A. Television Production. Prerequisites: COMM 245, 345, and 346, with a grade of "B" (3.0) or better in COMM 346.
B. Research. Prerequisites: COMM 306 and 400. (3 units)
D. Mentoring. Prerequisite: COMM 225, 331 or 403 or equivalent or permission of instructor. (3 units)

450. Broadcast Research and Audience Analysis
Methods used for understanding the relationship between media producers, the audience, and other social forces. Prerequisite: COMM 400. (4 units)

471. International Communication
Political, economic, and cultural analysis of the structure, context, and impact of communication across national boundaries, including news, entertainment, advertising, corporate communication, transborder data flows and the Internet. (4 units)

481. History and Development of Documentary
Examination of the historical background, economic development, and social influences of documentaries. Theories of cultural representation, rhetorical strategies, and ethical considerations will be studied, with particular emphasis on their application to alternative and experimental documentary forms. (4 units)

501. Ethical Aspects of Communication
Focuses on exploring and assessing issues of responsibility and ethical standards of communication in areas such as interpersonal, political, print, TV/film, organizational and electronic communication contexts. Goals of the course include stimulation of the moral imagination; recognition of ethical issues; and development of critical/analytical skills. Prerequisites: COMM 200, 306 and 400 or consent of department. (4 units)

502. Communication Law and Policy
Exploration and application of laws and regulations as they affect communication. Includes consideration of freedom of speech, libel and slander, intellectual property, broadcast regulations and privacy. (4 units)

506. Media Sex and Violence
Critical and empirical examination of the practices and consequences of portraying human aggression and sexuality in the mass media including television, movies, magazines, video games, and the Internet. Formerly a topic under COMM 587. (4 units)

522. Mediation Theory and Practice
Exploration of the theories, methods, and techniques of mediation as a collaborative process of resolving conflicts among individuals, groups, organizations, and nations. Third party intervention skills needed to serve as a mediator are developed through simulation exercises. Formerly a topic under COMM 585. Prerequisite: COMM 422 or permission of instructor. (4 units)

542. Issue Management and Crisis Communication
Principles and methods of issue evaluation and crisis management in public relations communication including issue monitoring, issue analysis, policy options, program design, evaluation, and identification. Formerly a topic under COMM 585. Prerequisite: COMM 442 or equivalent or consent of instructor. (4 units)

580. Culture and Ethnicity in Language
Critical examination of the way language shapes perceptions, behaviors, and attitudes about culture and ethnicity. Formerly a topic under COMM 584. Prerequisite: COMM 304 or equivalent. (4 units)

581. Contemporary Theories of Rhetoric
Study of 20th century conceptualizations of rhetoric and intercultural communication with an emphasis on contemporary public discourse in different cultural settings. (4 units)

584. Topics in Critical Communication
Intensive study of selected topics in critical communication studies. May be repeated for credit as topics change. Prerequisite: Junior or senior standing. (4 units)

585. Topics in Human Communication
Special topics in human communication. May be repeated for credit as topics change. (4 units)

587. Topics in Mass Communication
Special topics in mass communication. May be repeated for credit as topics change. (4 units)

588. Topics in Intercultural Communication
Intensive study of selected topics in intercultural communication. May be repeated for credit as topics change. Prerequisite: COMM 304 or equivalent. (4 units)

589. Topics in Computer Mediated Communication
Intensive study of selected topics in computer mediated communication. May be repeated for credit as topics change. Prerequisites: COMM 309 or equivalent or permission of instructor. (4 units)

591. Internship/Externship in Communication
Supervised work and study of communication processes in private and public settings. A total of ten units in COMM 591 may be applied toward graduation. Graded credit/no credit. Prerequisites: Junior or senior status with a minimum of 16 units of communication course work completed on this campus; minimum overall grade point average of 2.5; written consent from a supervising agency within which the internship will take place; departmental approval of a contract between the intern and the supervising agency to be filed prior to the quarter in which the course is to be taken. (Credit to be arranged: 2 to 5 units)
593. Communication Approaches to Area Studies
Examination of communication practices and issues within world regions and among cultural groups which may include the role of communication in political, economic, social and cultural conflict and change. May be repeated for credit as focus area changes. Prerequisite: COMM 304 or equivalent.
A. Africa (4 units)
B. Asia-Pacific (4 units)
C. Europe (4 units)
D. Latin America (4 units)

595. Independent Study
Special topics involving library research, experimental or field research, or media production. A total of 10 units in COMM 595 may be applied toward graduation. Prerequisites: a minimum overall grade point average of 3.0 ("B"), consent of instructor and departmental approval of a written proposal of a project submitted on a standard application filed in advance of the quarter in which the course is to be taken, and junior or senior status. (Credit to be arranged: 2 to 5 units)

599. Senior Project
Preparation and submission of a portfolio of course related products reflecting the goals and objectives of the communication major, accompanied by a reflective essay demonstrating how the portfolio reflects successful achievement of those goals and objectives. Required of all communication majors. Graded credit/no credit. Prerequisite: completion of 132 units with a minimum of 44 units in the major. (1 unit)
The Computer Science Department maintains and operates a computer facility which consists of over 120 engineering workstations on the Internet. The facility houses several file servers supporting over 100 gigabytes of secondary storage for application software and user directories.

To stay ahead in today's increasingly competitive computer marketplace and to broaden each student's computer applications horizon, the department encourages student affiliation with the California State University's International Programs. For further information, see Page 25.

B.A. IN COMPUTER SYSTEMS
Requirements (106 units)
Total units required for graduation: 180

Requirements for the B.A. in Computer Systems:
Lower-division requirements (20 units)
1. CSCI 201. Computer Science I (4)
2. CSCI 202. Computer Science II (4)
3. MATH 211. Basic Concepts of Calculus (4)
4. MATH 262. Applied Statistics (4)
5. MATH 272. Discrete Mathematics (4)

Upper-division requirements (54 units)
1. CSCI 322. Web Page Programming (4)
2. CSCI 330. Data Structures (4)
4. CSCI 372. Computer Systems in Organizations (4)
5. CSCI 375. Requirements Analysis and Design (4)
6. CSCI 405. Server Programming (4)
7. CSCI 455. Software Engineering (4)
8. CSCI 482. Senior Interdisciplinary Project (4)
9. CSCI 488. Ethics and the Computing Professional (2)
10. CSCI 530. Data Communications and Networks (4)
11. CSCI 572. Data Base Systems (4)
13. COMM 311. Business and Professional Communication (4)
14. NSCI 306. Expository Writing for the Natural Sciences (4)

Electives (8 units)
1. Eight units chosen from CSCI courses numbered 300 and above.

Minor (minimum of 24 units)
1. Student must complete a minor in another discipline after consultation with a Computer Science faculty advisor.

B.S. IN COMPUTER SCIENCE
Requirements (119 units)
Total units required for graduation: 191

Requirements for the B.S. in Computer Science:
Lower-division requirements (53 units)
1. CSCI 201. Computer Science I (4)
2. CSCI 202. Computer Science II (4)
3. MATH 211. Basic Concepts of Calculus (4)
4. MATH 212. Calculus II (4)
5. MATH 213. Calculus III (4)
MINOR IN COMPUTER SCIENCE
Requirements (28 units)

Requirements for a minor in Computer Science:
1. Mathematics
   Four units chosen from:
   - MATH 272. Discrete Mathematics (4)
   - MATH 372. Combinatorics (4)
2. CSCI 201. Computer Science I (4)
3. CSCI 202. Computer Science II (4)
4. CSCI 330. Data Structures (4)
5. Twelve units of upper-division CSCI courses. These units may not include CSCI 399 or 575.

DEPARTMENTAL HONORS
The department faculty will determine whether a student is to be awarded departmental honors based upon the following criteria:
1. Demonstration of independent work by achieving a grade of "C" (2.0) or better in a four-unit CSCI 595. Independent Study or credit in CSCI 575. Internship in Computer Science;
2. Attainment of a minimum overall grade point average of 3.0 ("B") in all university courses attempted and a minimum grade point average of 3.5 in all computer science courses required by the major (as defined above);
3. At least five computer science courses required by the major must be taken at this university.

Candidacy for honors in computer science is voluntary and must be applied for at the beginning of the senior year. Approval of honors rests solely with the department and other factors may weigh in their judgment.

CERTIFICATE PROGRAM
Certificates may be earned by regularly matriculated or extended learning students and denote successful completion of a prescribed program of study designed to a) impart specified professional/vocational/career competencies; or b) produce mastery of the content of a sub-field of an academic major (discipline); or c) provide exposure to the range of materials in a traditional or emerging interdisciplinary field. Certain certificate programs contain 600-level courses as requirements and/or electives. These 600-level courses may not be taken by undergraduate students. Refer to Page 63 for additional certificate information.

Certificate in Computer Systems and Programming
Certificate Requirements (30 units)

1. Two units chosen from:
   - CSCI 123. Using Computer Software (2)
   - CSCI 124. Exploring the Information Superhighway (2)
   - CSCI 125. Programming in Visual Basic (4)
   - CSCI 201. Computer Science I (4)
   - CSCI 202. Computer Science II (4)
   - CSCI 360. System Tools (4)

   5. Twelve units of upper-division CSCI courses. These units may not include CSCI 399 or 575.
**COURSE OFFERINGS IN COMPUTER SCIENCE (CSCI)**

**Lower Division**

121. **Computer Technology and People** (FWS)

Computer technology: background, contemporary uses, implications and trends, impact on society and ethics. No previous computer background required. May not be taken for credit by students who have received credit for CSCI 100, 120 or 127. (GE=B.4) (2 units)

123. **Using Computer Software** (FWS)

Word processor, spreadsheet, and data base as an aid to personal productivity. One hour lecture and two hours laboratory. Materials fee required. No previous computer background required. May not be taken for credit by students who have received credit for CSCI 100 or 127. (2 units)

124. **Exploring the Information Superhighway** (FWS)

Familiarization, use and customization of software tools to explore and publish information on the Internet. This includes Electronic Mail, the World Wide Web and USENET newsgroups. One hour lecture and two hours laboratory. Materials fee required. (GE=B.4) (2 units)

125. **Programming in Visual Basic** (FWS)

Programming techniques in an event-driven and object-oriented environment. Graphical user interfaces, controls, properties, procedures, and functions. Multiple forms, menus, file access, and applications. Three hours lecture and two hours activity laboratory. Materials fee required. Prerequisite: satisfactory score on the Entry Level Mathematics examination or completion of the General Education Basic Skills category in Mathematics. (CSCI 125=CAN CSCI 6) (4 units)

127. **Introduction to Computer Technology for Educators** (FWS)

Operations, terminology and components. Implications for a democratic society, impacts on quality-of-life including economics, morality, legality and ethics. Hands-on use of computers for word processing, etc. Three hours lecture and two hours laboratory. Materials fee required. No programming involved. No previous computer experience required. May not be taken for credit by students who have received credit for CSCI 100, 121 and 123. (4 units)

128. **Application Programming** (S)

Developing applications using a current graphical user programming environment. Three hours lecture and two hours activity laboratory. Materials fee required. (4 units)

133. **Using Word Processors and Presentation Software**

Advanced features and applications of word processing and presentation software. Includes desktop publishing, building macros, building custom presentation templates and proper presentation techniques. One hour lecture and two hours laboratory. Materials fee required. Prerequisite: CSCI 123 or consent of instructor. (2 units)

134. **Using Spreadsheet and Database Software**

Advanced features and applications of spreadsheets and end-user database applications, including advanced formula programming, spreadsheet linking and database access. One hour lecture and two hours laboratory. Materials fee required. Prerequisite: CSCI 123 or consent of instructor. (2 units)

136. **HTML Programming**

Using the Hyper Text Markup Language to create Web pages. One hour lecture and two hours laboratory. Materials fee required. Prerequisite: CSCI 124 or consent of instructor. (2 units)

201. **Computer Science I** (FWS)

Computer software design, implementation, methods and environments using a current high-level language. Survey of computers, applications and other areas of computer science. Three hours lecture and two hours activity laboratory. Materials fee required. Prerequisite: satisfactory score on the Entry Level Mathematics examination, some prior computer programming experience, or CSCI 121 and 125. (CSCI 201=CAN CSCI 22) (4 units)

202. **Computer Science II** (FWS)

Analysis of problems and the formulation, documentation and implementation of their solutions; an introduction to data structures with abstract data types; software engineering principles for both individual and group projects. Three hours lecture and two hours activity laboratory. Materials fee required. Prerequisites: CSCI 201 and satisfactory score on the Entry Level Mathematics examination. (CSCI 202=CAN CSCI 24) (4 units)

240. **FORTRAN Programming**

FORTRAN language with emphasis on computer solution of problems reducible to algebraic models and elementary numerical methods. Prerequisites: MATH 211 and either some computer programming experience or both CSCI 121 and 125. (CSCI 240=CAN CSCI 4) (4 units)

280. **Low Level Language**

Study of the assembly language for selected processors such as 8086/88, 68000, PDP II, VAX II, etc. May be repeated twice for credit as topics change. Prerequisite: CSCI 202. (4 units)

290. **High Level Language**

Study of a selected high-level programming language, such as ADA, COBOL, C, Prolog or LISP. May be repeated for credit as topics change. Prerequisite: CSCI 202. (CSCI 290=CAN CSCI 16) (4 units)

292. **Object Oriented Programming** (W)

Study of object oriented programming and techniques using a current object oriented programming language. Prerequisite: prior course in computer programming. (4 units)

295. **Computer Science Project**

Production of documented computer programs under the direction of a faculty member. May be repeated twice for credit using different projects, a total of four units may apply toward graduation. Prerequisites: a minimum overall grade point average of 3.0 ("B"), consent of instructor, and departmental approval of a written proposal of a project submitted on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 1 to 4 units)
298. Application Software Topics
Applications software in areas such as word processing, data base, graphics, desk top publishing, planning and communications will be examined under specific operating systems. This is a how-to course and hands-on experience will be stressed. May be repeated for credit as topics change. No previous computing experience is required. One hour lecture and two hours laboratory. Materials fee required. Graded credit/no credit. (2 units)

Upper Division

310. Digital Logic
Boolean algebra, flip-flops, combinational and sequential circuits, arithmetic-logic units, memory devices, and I/O peripherals. Laboratory experiments include bread-board assembly of finite state machine circuits, registers and arithmetic-logic processors. Four hours lecture and three hours laboratory. Materials fee required. Prerequisites: CSCI 202, MATH 272 and PHYS 222. (5 units)

313. Machine Organization
Typical components of von Neumann computer architectures; their organization, interrelated activities and control are emphasized and demonstrated using low-level languages. Three hours lecture and two hours activity laboratory. Materials fee required. Formerly CSCI 260. Prerequisite: CSCI 310. (4 units)

320. Programming Languages
Topics include formal language specification, data types and their implementation, abstract mechanisms, control structures, run-time representations and storage management. Several high-level languages will be examined. Three hours lecture and two hours activity laboratory. Materials fee required. Prerequisite: CSCI 202. (4 units)

322. Web Page Programming
Current protocols, technology, languages, and methodologies for the browser side of web-based systems; performance issues; human factors, page and site design. Three hours lecture and two hours activity laboratory. Materials fee required. Prerequisite: CSCI 202 or consent of instructor. (4 units)

330. Data Structures
Abstract data structures including lists, stacks, queues and trees; their storage allocation and associated application algorithms. Three hours lecture and two hours activity laboratory. Materials fee required. Prerequisites: CSCI 202 and MATH 272. (4 units)

350. File Systems
Topics include file structures, file organization concepts and philosophies. Prerequisite: CSCI 330. (4 units)

360. System Tools
Getting started; terminal types; e-mail; command line and GUI interfaces; advanced editing; macros; text processing and programmer's tools. Two hours lecture and four hours activity laboratory. Materials fee required. Prerequisite: CSCI 202. (4 units)

365. Systems Administration
Responsibilities and skills of the system administrator; managing accounts, system files and mail; security, reliability and backups; emergencies; ethics and usability. Three hours lecture and two hours activity laboratory. Materials fee required. Prerequisite: CSCI 360. (4 units)

366. Systems Networking
Planning and configuring networks; file transfer; network file servers; bridges and routers. Three hours lecture and two hours activity laboratory. Materials fee required. Prerequisite: CSCI 360. (4 units)

372. Computer Systems in Organizations
General system theory, information theory. Modeling organizational activities, hardware and software with Unified Modeling Language. Human-computer interaction, systems engineering. Prerequisites: CSCI 202, MATH 262 and 272. (4 units)

375. Requirements Analysis and Design
Requirements analysis, including organizational objectives, functional characteristics, technology, use cases and conceptual models. The use of aspects, patterns, objects and structure in architectural design specifications. Includes analysis and design of a software system for an organization, and fieldwork. Prerequisites: CSCI 330 and 372. (4 units)

399. Community Service Project
Credit for performing academically related tasks in such agencies as educational, governmental and social service institutions. May be repeated for a total of six units. No more than six units of credit for Community Service Project courses may be applied toward degree requirements. Graded credit/no credit. Prerequisite: consent of department. (Credit to be arranged: 1 or 2 units)

401. Contemporary Computer Architectures
Design methodology; processor units and control units of von Neumann computer architectures; RISC architectures, including pipelining and parallel-processing. Laboratory experiments consist of the use of computer-aided design tools for VLSI layout and simulation. Four hours lecture and three hours laboratory. Materials fee required. Formerly CSCI 311. Prerequisite: CSCI 313 (or 260). (5 units)

405. Server Programming
Current operating system technology; languages and methodologies of controlling servers; performance analysis; interfaces to data bases; security, monitoring, and maintainability. Three hours lecture and two hours activity laboratory. Materials fee required. Prerequisite: CSCI 322. (4)

420. Computer Graphics
Survey of computer graphics hardware. Topics include animation, two-dimensional and three-dimensional transformation, hidden surface removal algorithm, business charts and applications. Prerequisite: CSCI 330. (4 units)

431. Algorithm Analysis
Analysis and design of algorithms, including time and space complexity, design methodologies, and taxonomic classification of problems. Formerly CSCI 331. Prerequisites: CSCI 330 and MATH 372. (4 units)

455. Software Engineering
Advanced techniques and technology used to produce large software systems. Laboratory work with a software development environment. Three hours lecture and three hours laboratory. Materials fee required. Prerequisite: CSCI 330. (4 units)
460. Operating Systems (S)
An overview of operating systems. Principles of resource management and control. Multiprogramming, distributed systems and multiprocessor systems will be included. Three hours lecture and two hours activity laboratory. Materials fee required. Prerequisites: CSCI 313 (or 260) and 330. (4 units)

482. Senior Interdisciplinary Project
Analysis, design and implementation of a software system in the student's minor field of study. Presentation techniques and communication skills to support project planning and execution. Prerequisites: CSCI 375 and consent of the department. (4 units)

488. Ethics and the Computing Professional (F)
Professionalism, ethics, legal issues and the social impact and role of computer technology. Prerequisite: senior standing. (2 units)

489. Senior Seminar (S)
A series of weekly seminars covering a wide range of computer science topics and formats including presentations from industry and university personnel, and students regarding projects and research work. Graded credit/no credit. Prerequisite: completion of all required 300-level computer science courses for the B.S. in Computer Science degree. (2 units)

492. Topics in Computer Science (S)
Consideration of a selected area of computer science. May be repeated for credit as topics change. Prerequisite: CSCI 431 (or 331) or consent of instructor. (2 units)

500. Introduction to Formal Languages and Automata (W)
Introduction to formal language theory. Finite state machines, regular grammars, context-free grammars, context-sensitive grammars, push-down automata, closure properties. Prerequisite: CSCI 431 (or 331) or consent of instructor. (4 units)

510. Advanced Computer Architecture (W)
High performance computer architectures and algorithms including pipeline, vector, array, multiprocessor computer designs, applications, and programming. Also covered are data flow and systolic machines, interconnection networks, and graph and parallel graph algorithms. Formerly CSCI 410. Three hours lecture and two hours laboratory. Materials fee required. Prerequisite: CSCI 401 (or 311). (4 units)

511. Expert Systems
Expert systems components, problems and applications. Knowledge bases, inference "engines," and their integration within expert systems. Tools for building expert systems, system algorithms as related to hardware, implementation languages and examples of systems in operation. Prerequisite: CSCI 330. (4 units)

512. Introduction to Artificial Intelligence (W)
Problems and issues of artificial intelligence, current techniques and methods, and future prospects of machine intelligence. Three hours lecture and two hours activity laboratory. Materials fee required. Formerly CSCI 411. Prerequisite: CSCI 330. (4 units)

513. Advanced Artificial Intelligence (S)
Advanced issues and techniques in artificial intelligence; intelligent agents for problem solving, reasoning and learning; advanced artificial intelligence programming in LISP. Three hours lecture and two hours activity laboratory. Materials fee required. Prerequisite: CSCI 512 (or 411) or consent of instructor. (4 units)

515. Automated Reasoning (F)
Study of deduction algorithms for expert systems and the limitations thereof, propositional calculus, quantification theory, completeness and incompleteness theorems, Herbrand-Gödel computability, resolution principle, equality and inequality relations. Prerequisite: CSCI 431 (or 331). (4 units)

520. Advanced Computer Graphics (S)
Advanced computer graphics concepts, theory and implementation techniques. Topics include shading models, parametric curves and surfaces, hidden edge and surface removal, and anti-aliasing. Prerequisites: CSCI 420, MATH 331 and either MATH 213 or 251. (4 units)

524. Supercomputing and Visualization (F)
Design and implementation of scientific applications on high performance computers emphasizing graphics and visualization techniques. Topics include parallel algorithm development, multiprocessor and multicomputer programming, and real-time visualization programming of computationally intensive problems in the sciences. Prerequisite: CSCI 202 or consent of instructor. (4 units)

525. Parallel Algorithms and Programming (S)
Topics include algorithm design, analysis, and programming of high performance computers. Also covered are control-parallel versus data-parallel approaches, PRAM algorithm design, and selected parallel programming languages. Four hours lecture. Prerequisite: CSCI 401. (4 units)

530. Data Communications and Networks (F)
Topics include baseband and broadband signals and modulation schemes. Error detecting and correcting codes, ISO protocol standard, packet switching and various local network schemes. Three hours lecture and two hours activity laboratory. Materials fee required. Formerly CSCI 430. Prerequisites: CSCI 313 or 498, and 330. (4 units)

531. High Performance Networks
High performance network methodologies. Methods to develop network performance measures and models. Introduction to path cost estimation and service reliability issues. Three hours lecture and two hours laboratory. Materials fee required. Prerequisite: CSCI 530 or consent of instructor. (4 units)

535. Numerical Computation
Introduction to scientific computing. Algorithms related to approximations, zero findings, numerical differentiation and integration, data fitting and interpolation, nonlinear equations. Three hours lecture and two hours laboratory. Materials fee required. Prerequisite: CSCI 313 or equivalent. (4 units)
540. System Simulation (F)
Theory and implementation of computerized modeling. Examples will include administrative, physical and biological systems. Prerequisite: CSCI 330 or consent of instructor. (4 units)

546. Introduction to Theory of Computation (S)
Deterministic and non-deterministic Turing machines, decidable and undecidable problems, complexity classes P and NP. Formerly CSCI 505. Prerequisite: CSCI 431. (4 units)

556. Introduction to Formal Methods, Models and Languages (W)
Applications of logic and mathematics in documenting problems, requirements, specifications, designs, and software. Formal modeling languages. Diagrammatic, algebraic, and tabular models. Model checking. Students prepare, check, and present models using techniques in the literature. Three hours lecture and two hours activity laboratory. Materials fee required. Prerequisites: CSCI 320 and 330. (4 units)

565. Systems Programming (W)
Concepts of, and implementation techniques for systems software such as assemblers, editors, interpreters, linkers, loaders and operating systems. Formerly CSCI 465. Prerequisite: CSCI 460. (4 units)

570. Compilers (S)
Interpreter and compiler structures. Topics include symbol tables, lexical and syntactic analyzers, and object code generation. Three hours lecture and two hours activity laboratory. Materials fee required. Formerly CSCI 470. Prerequisites: CSCI 313 (or 260), 320 and 330. (4 units)

572. Data Base Systems (F)
Basic concepts of data base and the different approaches to data base organization-relational, network and hierarchical. Discusses storage structures necessary for an implementation of a data base design and provides "hands-on" application on one or more commercial data base management systems. Three hours lecture and two hours activity laboratory. Materials fee required. Formerly CSCI 480. Prerequisite: CSCI 350. (4 units)

575. Internship in Computer Science
Supervised work and study in private or public organizations. May be repeated once for credit. Graded credit/no credit. Prerequisite: consent of internship coordinator. (4 units)

580. Advanced Data Base Systems (W)
Advanced description: advanced study of components of general data base systems and other topics such as implementation methods, query language design, reliability, integrity, performance measures, distributed database systems and database machines. Three hours lecture and two hours activity laboratory. Materials fee required. Prerequisite: CSCI 572. (4 units)

594. Topics in Computer Science (S)
An in-depth consideration of selected areas of computer science. May be repeated for credit as topics change. Formerly CSCI 494, credit may not be received twice for the same topic. Prerequisite: CSCI 431 (or 331) or consent of instructor. (4 units)

595. Independent Study
Laboratory and/or library research conducted under the direction of a faculty member. A total of five units in CSCI 595 may be applied toward the computer science major. Prerequisites: a minimum overall grade point average of 3.0, consent of instructor and departmental approval of a written proposal of a project submitted on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 1 to 6 units)

598. Foundations of Computer Architecture (FS)
Boolean algebra and logic gates; combinational and sequential logic; processor design; data path design; control design; memory organization; and system organization. Prerequisites: CSCI 202, MATH 272, and consent of instructor. (4 units)

599. Foundations of Software Systems (W)
Software development process which includes software life-cycles, software techniques and technologies used to produce large software systems; operating systems including processes, input/output, memory management, and file systems. Prerequisites: CSCI 330 and consent of instructor. (4 units)
CRIMINAL JUSTICE

Department of Criminal Justice
Social and Behavioral Sciences Building, Room 209
880-5506

Bachelor of Arts
Criminal Justice
Paralegal Studies

Minor
Criminal Justice
Paralegal Studies

Master of Arts
Criminal Justice

(Degree requirements can be found on Page 395.)

Certificate Program
Criminal Justice
Paralegal Studies

FACULTY: Gisela Bichler-Robertson, Frances Coles, John Conley, Christine Famega, Larry Gaines (Chair), Brian Levin, Deborah Parsons, Pamela Schram, Dale Sechrest, Stephen Tibbetts, John Worrall

A system of criminal justice must meet the needs of each citizen as well as the needs of complex social, economic and governmental institutions. The Bachelor of Arts degree program in criminal justice was developed with these needs in mind and is appropriate for both career-bound preservice students and inservice personnel in law enforcement, probation, parole, corrections, social service agencies and related areas.

In addition, the program is designed to provide students with an appropriate academic background for continuing their graduate studies in criminal justice, criminology or other areas such as law.

The criminal justice major is an interdisciplinary program with enough flexibility to permit students to pursue their own interests. For example, students wishing to emphasize law enforcement may select appropriate courses within the major. Students directed toward probation, parole or corrections work are advised to select courses accordingly.

The paralegal studies option and certificate program are designed to prepare and qualify students for employment as paralegals in the private and public sectors. As such they provide opportunities for a variety of individuals to become acquainted with the field of law. A paralegal is essentially a legal assistant who works under the supervision of a lawyer and functions as a vital member of a law office team. Such paraprofessional positions have been created by many public and private agencies, and government law offices to help meet the increasing demands for their services.

Paralegal work involves doing legal research, interviewing clients, representing clients before some administrative agencies, assisting in the drafting and interpreting of legal documents and participating in various other paraprofessional activities. Those with an interest in legal studies will find the program rewarding as an introduction to the area of legal studies or as an in-depth study of some one aspect of law.

B.A. IN CRIMINAL JUSTICE

Requirements (68 units)
Total units required for graduation: 180

Requirements for the B.A. in Criminal Justice:
Lower-division requirements, prerequisites for upper-division courses (8 units)
1. CJUS 101. Introduction to the Criminal Justice System (4)
2. CJUS 102. Criminal Law (4)

Note: Students transferring from community colleges may substitute selected administration of justice and corrections courses for CJUS 101, 102 and 106 and may be given lower-division credit toward the major for two additional elective courses.

Upper-division requirements (16 units)
1. CJUS 311. Research Methods in Criminal Justice (4)
2. CJUS 312. Statistics in Criminal Justice (4)
3. CJUS 320. Theories of Crime and Delinquency (4)
4. CJUS 598. Integrative Studies in Criminal Justice (4)

Electives (44 units)
1. Forty-four units chosen from:
   - CJUS 106. Introduction to Criminal Investigation (4)
   - CJUS 330. Correctional Theory and Institutions (4)
   - CJUS 354. Victimology (4)
   - CJUS 361. Comparative Criminal Justice Systems (4)
   - CJUS 370. Law and the Courts (4)
   - CJUS 430. Correctional Administration (4)
   - CJUS 431. Community Corrections (4)
   - CJUS 435. Correctional Counseling (4)
   - CJUS 440. Police Administration (4)
   - CJUS 441. Community Policing (4)
   - CJUS 451. Women and Crime (4)
   - CJUS 452. Occupational and Corporate Crime (4)
   - CJUS 453. Gangs (4)
   - CJUS 455. Forensic Profiling (4)
   - CJUS 460. Alcohol, Drugs and the Criminal Justice System (4)
   - CJUS 462. Domestic Violence and the Criminal Justice System (4)
   - CJUS 465. Hate Crime Law and Policy (4)
   - CJUS 466. Justice and the Media (4)
   - CJUS 470. Environmental Crime Prevention (4)
   - CJUS 504. Criminal Procedure (4)
   - CJUS 550. Crime and Intelligence Analysis (4)
   - CJUS 554. Terrorism (4)
   - CJUS 570. Crime in Public Spaces (4)
   - CJUS 575. Internship in Criminal Justice (4)
   - CJUS 580. Juvenile Justice System (4)
   - CJUS 590D. Topics in Criminal Justice (4)
   - CJUS 595. Independent Study (1-4) for a total of (4)
   - CJUS 597. Senior Honors Project (4)

Note: With consent of department course substitution committee, eight upper-division units in related fields may be substituted for eight units of the elective requirement.
B.A. IN CRIMINAL JUSTICE - PARALEGAL STUDIES OPTION

Requirements (68 units)

Total units required for graduation: 180

Requirements for the B.A. in Criminal Justice - Paralegal Studies Option:

Lower-division requirements, prerequisites for upper-division courses (12 units)

1. CJUS 101. Introduction to the Criminal Justice System (4)
2. CJUS 102. Criminal Law (4)
3. PLST 100. Introduction to Law (4)

Note: Students transferring from community colleges may substitute selected administration of justice, corrections, and paralegal courses for CJUS 101, 102 and PLST 100. In addition students may be given lower-division credit toward the major for two additional elective courses.

Upper-division requirements (24 units)

1. CJUS 311. Research Methods in Criminal Justice (4)
2. CJUS 312. Statistics in Criminal Justice (4)
3. PLST 371. Contract Law (4)
4. PLST 372. Tort Law (4)
5. PLST 385. Legal Research (4)
6. PLST 386. Legal Writing (4)

Electives (32 units)

1. Thirty-two units chosen from:
   - CJUS 370. Law and the Courts (4)
   - CJUS 504. Criminal Procedure (4)
   - PLST 370. Wills, Estates and Trusts (4)
   - PLST 373. Property Law (4)
   - PLST 376. Family Law (4)
   - PLST 377. Fundamentals of Litigation (4)
   - PLST 378. Corporate Law (4)
   - PLST 590D. Seminar in Paralegal Studies (4)
   - PLST 595. Independent Study (1-4) for a total of (4)

A maximum of eight units may be chosen from the following:

- ACCT 211. Introductory Accounting (1)
- BIOL 223. Human Physiology and Anatomy (4)
- COMM 311. Business and Professional Communication (4)
- COMM 441. Interviewing (4)
- COMM 522. Mediation Theory and Practice (4)
- PSCI 410. American Constitutional Law (4)
- PSCI 500. International Law (4)

MINOR IN CRIMINAL JUSTICE

Requirements (28 units)

Requirements for a minor in Criminal Justice:

1. CJUS 101. Introduction to the Criminal Justice System (4)
2. CJUS 102. Criminal Law (4)
3. CJUS 320. Theories of Crime and Delinquency (4)
4. CJUS 330. Correctional Theory and Institutions (4)
5. CJUS 340. Police and Police Systems (4)
6. CJUS 370. Law and the Courts (4)
7. Four units chosen from upper-division electives in Criminal Justice.

MINOR IN PARALEGAL STUDIES

Requirements (28 units)

Requirements for a minor in Paralegal Studies:

1. PLST 100. Introduction to Law (4)
2. PLST 385. Legal Research (4)
3. PLST 386. Legal Writing (4)
4. Sixteen units chosen from:
   - PLST 370. Wills, Estates and Trusts (4)
   - PLST 371. Contract Law (4)
   - PLST 372. Tort Law (4)
   - PLST 373. Property Law (4)
   - PLST 376. Family Law (4)
   - PLST 377. Fundamentals of Litigation (4)
   - PLST 378. Corporate Law (4)
   - PLST 590D. Seminar in Paralegal Studies (4)

DEPARTMENTAL HONORS

Students majoring in criminal justice are eligible to receive honors in criminal justice at graduation if the following conditions are met:

1. At least one-half of the course work required by the major is completed at this university;
2. At least a 3.5 grade point average in the major;
3. An overall undergraduate grade point average of 3.0 ("B");

Students interested in receiving this recognition must initiate the process by filing a formal application with the chair of the Criminal Justice Department.

CERTIFICATE PROGRAMS

Certificates may be earned by regularly matriculated or extended learning students and denote successful completion of a prescribed program of study designed to a) impart specified professional/vocational/career competencies; or b) produce mastery of the content of a sub-field of an academic major (discipline); or c) provide exposure to the range of materials in a traditional or emerging interdisciplinary field. See Page 63 for further certificate requirements.

Certificate in Criminal Justice

Certificate Requirements (32 units)

1. CJUS 101. Introduction to the Criminal Justice System (4)
2. CJUS 102. Criminal Law (4)
3. CJUS 320. Theories of Crime and Delinquency (4)
4. CJUS 330. Correctional Theory and Institutions (4)
5. CJUS 340. Police and Police Systems (4)
6. CJUS 370. Law and the Courts (4)
7. Eight units chosen from upper-division electives in criminal justice.
Certificate in Paralegal Studies

Requirements (92 units)

General Education (28 units)

1. ENG 101. Freshman Composition (4)
2. Four units chosen from:
   MATH 110. College Algebra (4)
   MATH 115. The Ideas of Mathematics (4)
   MATH 120. Pre-Calculus Mathematics (4)
   MATH 211. Basic Concepts of Calculus (4)
3. Four units chosen from:
   COMM 180. Critical Thinking Through Argumentation (4)
   MATH 180. Critical Thinking Through Applications of Mathematical Logic (4)
   PHIL 105. Critical Thinking Through Symbolic Logic (4)
   PSYC 105. Critical Thinking Through Problems Analysis (4)
   PSCI 203. American Government (4)
4. SSCI 306. Expository Writing in the Social Sciences (4)
5. Integrative Capstone in the Social and Behavioral Sciences
   Four units chosen from:
   SSCI 300. Nonwestern World (4)
   SSCI 304. Contemporary Latin America (4)
   SSCI 315. Cultural Adaptation: The Quest for Survival (4)
   SSCI 316. Race and Racism (4)
   SSCI 320. Understanding Capitalism (4)
   SSCI 321. Urbanization and the Urban Environment (4)
   SSCI 325. Perspectives on Gender (4)
   SSCI 345. Religious Expression in America (4)
   SSCI 350. Roots of Modern Racism in America (4)

Note: Student may receive credit for only one of the following courses:
   HUM 325. Perspectives on Gender
   NSCI 325. Perspectives on Gender
   SSCI 325. Perspectives on Gender

6. Integrative Capstone in the Humanities
   Four units chosen from:
   HUM 319. Myth, Metaphor and Symbol (4)
   HUM 325. Perspectives on Gender (4)
   HUM 330. Arts and Ideas (4)
   HUM 335. The Origin and Contemporary Role of Latino Culture (4)
   HUM 340. Interpretation and Values (4)
   HUM 344. Ideas in American Culture (4)
   HUM 350. The Cultures of American Childhood (4)
   HUM 370. African Heritage in the Arts (4)
   HUM 375. The World of Islam (4)
   HUM 380. Comparative Studies in the Arts: East and West (4)
   HUM 385. A Cultural History of Fashion (4)

Note: Student may receive credit for only one of the following courses:
   HUM 325. Perspectives on Gender
   NSCI 325. Perspectives on Gender
   SSCI 325. Perspectives on Gender

Legal Specialty (36 units)

1. Required courses (20 units)
   PLST 100. Introduction to Law (4)
   PLST 371. Contract Law (4)
   PLST 372. Tort Law (4)
   PLST 385. Legal Research (4)
   PLST 386. Legal Writing (4)
2. Elective courses (16 units)
   A minimum of eight units must be taken from the following:
   PLST 370. Wills, Estates and Trusts (4)
   PLST 373. Property Law (4)
   PLST 376. Family Law (4)
   PLST 377. Fundamentals of Litigation (4)
   PLST 378. Corporate Law (4)
   PLST 575. Internship in Paralegal Studies (4)
   PLST 590D. Seminar in Paralegal Studies (4)
   PLST 595. Independent Study (1-4)

No more than eight units taken from the following may count towards the major:
   ACCT 211. Introductory Accounting I (4)
   BIOL 223. Human Physiology and Anatomy I (5)
   CJUS 370. Law and the Courts (4)
   CJUS 504. Criminal Procedure (4)
   COMM 311. Business and Professional Communication (4)
   COMM 441. Interviewing (4)
   COMM 522. Mediation Theory and Practice (4)
   PSCI 410. American Constitutional Law (4)

General Electives (28 units)

1. Twenty-eight units chosen from upper-division courses in any field.

COURSE OFFERINGS IN CRIMINAL JUSTICE (CJUS)

Lower Division

101. Introduction to the Criminal Justice System
A descriptive overview of the adult and juvenile justice system, from the commission of crimes and offenses through sentencing and appeal procedures. Criminal justice standards and goals and the relationship of the social and behavioral sciences to criminal justice will be emphasized. (CJUS 101=CAN AJ 2) (4 units)

102. Criminal Law
Historical development of criminal law and its contemporary application. Focus on the interrelationship between criminal law and the criminal justice system. (CJUS 102=CAN AJ 3) (4 units)

106. Introduction to Criminal Investigation
Examination of crime, evidence and police procedures in investigating crime. Investigation of crime, including organized crime, street crime and white collar crime. (CJUS 106=CAN AJ 8) (4 units)
Upper Division

CJUS 101 and 102 are prerequisites for all upper-division courses.

311. Research Methods in Criminal Justice
Introduction to scientific methodology and research designs used to conduct basic and applied research in the criminal justice field. Emphasis on scientific operationalization, survey methodology, and concepts of evaluation design. (4 units)

312. Statistics in Criminal Justice
Introduction to statistical reasoning and social science statistics commonly used in criminal justice. Includes descriptive, inferential and predictive statistics, with emphasis on interpretation rather than calculation. Prerequisites: CJUS 311 and MATH 110 or 115 or equivalent. (4 units)

320. Theories of Crime and Delinquency
Causes of crime and delinquency with emphasis on sociological factors. (4 units)

330. Correctional Theory and Institutions
History and theory of punishment; overview of history of correctional institutions; analysis and evaluation of contemporary institutional corrections; consideration of research concerning correctional institutions. (4 units)

340. Police and Police Systems
Analysis of police, police systems and the police role; limitations imposed on law enforcement in a democratic society in accordance with the Constitution; problems affecting crime control and the interdependence of police and community. (4 units)

354. Victimology
Victim role, criminal-victim relationships, and societal reaction to victimization, including crisis-intervention centers, court related victim/witness services, restitution and compensation. (4 units)

361. Comparative Criminal Justice Systems
Description and analysis of selected international criminal justice systems. Emphasis on administrative functions, processes and outcomes. (4 units)

370. Law and the Courts
Nature, functions, limitations and objectives of law, criminal courts, civil courts, the grand jury and petit jury, family law, and civil liability for police and correctional officers. Emphasis on practical legal problems confronting criminal justice system workers and administrators. (4 units)

430. Correctional Administration
In-depth study of the administration and management of correctional agencies. Emphasis on organizational structure, functions and behavioral processes. Prerequisite: CJUS 330 or equivalent. (4 units)

431. Community Corrections
Issues and trends in community based corrections; alternatives to incarceration including diversion, restitution, community treatment facilities, halfway houses, probation and parole, and such developments as house arrest and electronic surveillance. Special emphasis on the functions, strengths, and problems of community based programs. (4 units)

435. Correctional Counseling
Examination of the history, theory and practice of counseling services within the correctional setting. Topics include rehabilitation (research and application of findings), limitations of counseling, legal liabilities of counselors, and the integration of treatment with other correctional goals. (4 units)

440. Police Administration
In-depth study of the administration and management of law enforcement agencies. Emphasis on organizational structure, functions and behavioral processes. Prerequisite: CJUS 340 or equivalent. (4 units)

441. Community Policing
Analysis of law enforcement strategies to secure cooperative police-community ventures aimed at enhancing community order and suppressing crime. Consideration of strategies designed to improve public relations. Prerequisite: CJUS 340 or equivalent. (4 units)

451. Women and Crime
A critical study of women as offenders, victims and workers within the criminal justice system. (GE=G2) (4 units)

452. Occupational and Corporate Crime
Definition, history, extent, causes, consequences and enforcement methods regarding white collar, occupational and corporate crime in business, the professions, corporations, unions and government. (4 units)

453. Gangs
Gangs and the effects they have on society. Historical developments and recent trends. Review and evaluation of programs that attempt to prevent, intervene, and suppress gang activity. (4 units)

455. Forensic Profiling
Forensic techniques used to aid legal authorities in identifying suspects and acquiring evidence toward solving crimes. Forensic profiles in various criminal justice components, such as law enforcement activities and jury selection. Formerly a topic under CJUS 590. Prerequisite: CJUS 320. (4 units)

460. Alcohol, Drugs, and the Criminal Justice System
Study of the history and development of criminal justice policy concerning alcohol and illegal drugs; consideration of the manufacture, importation, distribution of illegal drugs; particular emphasis placed on the impact of alcohol and illegal drug use on communities and the criminal justice system. (4 units)

462. Domestic Violence and the Criminal Justice System
Examination of violence in the family setting, including spousal abuse, child abuse and elder abuse; consideration of legal issues and of short term consequences for individuals, families and the community; response and responsibilities of the criminal justice system. (4 units)

465. Hate Crime Law and Policy
Analysis of the characteristics, prevalence, causes, and types of hate crimes in the United States. In addition, case law and statutes relating to hate crimes will be examined. (4 units)
466. Justice and the Media
Examination of the relationship between criminal justice and the media, including consideration of the impact of the media on attitudes and perceptions of crime and criminals, the relationship of the media and crime control, and the impact of the media on the operations of the agencies in the criminal justice system. (4 units)

470. Environmental Crime Prevention
Crime Prevention Through Environmental Design (CPTED) and Situational Crime Prevention used by criminal justice agencies, community planners and architects, to increase security of public and private facilities. (4 units)

504. Criminal Procedure
Examination of the rules governing criminal procedure. Impact of statutes and case law on criminal justice practitioners including the 4th, 5th, 6th, 8th and 14th Amendments as they affect the accused, the convicted, and the employees working in the criminal justice system. Formerly CJUS 304. Prerequisites: CJUS 102 and consent of instructor. (4 units)

550. Crime and Intelligence Analysis
Analysis of existing criminal justice information systems with current computer applications in order to assist criminal investigations, examine crime patterns and resolve community crime problems. Analytical techniques including link diagrams, telephone tolls, and visual investigations. Prerequisites: CJUS 311 and 312 or equivalent. (4 units)

554. Terrorism
Characteristics and causes of terrorism emerging in the 21st century. An analysis from a criminal justice perspective of terror movements affecting the United States covering legal issues, investigations, and criminal profile. (4 units)

570. Crime in Public Spaces
Field research on the interrelationship between the built urban environment and crime. Involvement in a community project to study public places that generate and attract crime in order to develop creative solutions. Prerequisite: CJUS 311. (4 units)

575. Internship in Criminal Justice
Supervised work and study in private or public organizations. Only four units may be applied to the criminal justice major. Open only to criminal justice majors. Graded credit/no credit. Prerequisite: consent of internship coordinator. (4 units)

580. Juvenile Justice System
History, development and theory of the juvenile justice system. Formerly CJUS 380. (4 units)

590. Topics in Criminal Justice
Special topics in criminal justice. May be repeated for credit with consent of instructor as topics change. Prerequisite: junior, senior or graduate standing. (Credit to be arranged: 1 to 4 units)

595. Independent Study
In-depth research into special topics concerned with the criminal justice system utilizing readings, library and/or field research. A total of four units may be applied toward the criminal justice major. Prerequisites: a minimum overall grade point average of 3.0, consent of instructor and department chair's approval of a written proposal of a project submitted on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 1 to 4 units)

597. Senior Honors Project
Original research in an area of criminal justice studies, culminating in a major research report receiving approval of the criminal justice faculty. Enrollment limited to students whose formal application for departmental honors is approved. (4 units)

598. Integrative Studies in Criminal Justice
Overview and integration of major issues in criminal justice. Cannot be counted toward the M.A. in Criminal Justice. Limited to senior and graduate students. (4 units)

COURSE OFFERINGS IN PARALEGAL STUDIES (PLST)

Lower Division

100. Introduction to Law
A general introduction to the law and the legal system. Focus will be on the role of the attorney and the paralegal within the legal system. (4 units)

Upper Division

370. Wills, Estates and Trusts
Study of law relating to the control and disposition of property inter vivos (between living persons) and after death, wills, intestate succession (descent and distribution), future interests and trusts, estates in land, principles of estate planning and administration of an estate. Prerequisites: PLST 385 and 386 or consent of instructor. (4 units)

371. Contract Law
Study of law relating to contract formation, formalities, performance and breach. Effect on a contractual relationship of various types of subsequent conduct by the contracting parties and remedies available for breach. Introduction to the Commercial Code of California. Prerequisites: PLST 385 and 386 or consent of instructor. (4 units)

372. Tort Law
Legal liability for wrongful interference with the person; tangible property, real and personal; intangible interests; and advantageous relations. Prerequisites: PLST 385 and 386 or consent of instructor. (4 units)

373. Property Law
Basic principles of law relating to various types of property interests: real and personal, tangible and intangible, public and private; acquisition; bailment; fixtures; deeds; escrow, recording and search of public documents and security instruments in connection with real property. Prerequisites: PLST 385 and 386 or consent of instructor. (4 units)

376. Family Law
Formation and dissolution of the family unit: custody, support, property rights and obligations. Prerequisites: PLST 385 and 386 or consent of instructor. (4 units)

377. Fundamentals of Litigation
Studies of trials at common law and in equity, including examination, competency and privileges of witnesses, judicial notice, burden of proof and presumptions; tactics of litigation, discovery, fact investigation, jurisdiction, remedies, civil procedure and drafting of pleadings. Prerequisites: PLST 385 and 386 or consent of instructor. (4 units)
142 / Criminal Justice

378. Corporate Law
Legal status of the corporate entity, corporate structure and distribution of powers and duties among shareholders, directors and officers. Prerequisites: PLST 385 and 386 or consent of instructor. (4 units)

385. Legal Research
Methods of legal research techniques used to resolve legal questions. Introduction to law libraries and the various types and uses of legal materials available in the California and federal systems. (4 units)

386. Legal Writing
Introduction to the various forms and functions of legal writing using acquired research skills to apply and communicate, in writing, the law as it applies to a specific legal problem. Prerequisite: PLST 385 or consent of instructor. (4 units)

575. Internship in Paralegal Studies
Supervised work and study in public and private legal organizations. Graded credit/no credit. Prerequisites: completion of PLST 385 and 386, 16 additional units of paralegal certificate course work, and consent of paralegal studies coordinator. (4 units)

590. Topics in Paralegal Studies
Selected current issues and topics in the paralegal field. May be repeated for credit as topics change. Prerequisites: PLST 385 and 386. (Credit to be arranged: 1 to 4 units)

595. Independent Study
Special topics involving library and/or field research. A total of eight units in PLST 595 may be applied toward graduation. Prerequisites: a minimum overall grade point average of 3.0, PLST 385 and 386, consent of instructor and coordinator, approval of a written proposal of a project submitted in advance of the quarter in which the course is to be taken. (4 units)
# DANCE

**Department of Theatre Arts**  
Performing Arts Building, Room 111  
880-5876  

The following courses are offered in support of various programs offered by the university. For more information about the B.A. in Theatre Arts, Dance Emphasis, see Page 335.

## COURSE OFFERINGS IN DANCE (DAN)

### Lower Division

**200. Studies in Dance**  
Movement study and body conditioning in specific dance styles. May be repeated for credit up to six units per topic. No more than 12 units may be used to satisfy graduation requirements. Prerequisite: KINE 150 or consent of instructor.  
A. Jazz (2 units)  
B. Modern (2 units)  
C. Tap (2 units)  
D. Ballet (2 units)

### Upper Division

**300. Dance Technique**  
Complex movement technique and artistic interpretation in specific dance styles. May be repeated for credit up to six units per topic. No more than 20 units may be used to satisfy graduation requirements. Prerequisites: DAN 200 or equivalent experience and consent of instructor.  
A. Jazz (2 units)  
B. Modern (2 units)  
C. Tap (2 units)  
D. Ballet (2 units)  
E. Musical Theatre (2 units)

**310. World Dance Traditions**  
Study and application of traditional dance forms from throughout the world. Technique and cultural context will be emphasized. Course may be repeated for credit. One hour lecture and two hours activity.  
A. African (2 units)  
B. South and Central American (2 units)  
C. North American (2 units)  
D. Asian (2 units)  
E. Mediterranean (2 units)

**355. Dance Notation**  
Study and application of written notation for the analysis, reading and preservation of dance. One hour lecture and four hours laboratory. Prerequisite: six units of DAN 300 or consent of instructor. (3 units)

**360. Dance History**  
Chronological study of major styles and personalities in dance. (4 units)

**450. Choreography**  
Study and application of dance composition. May be repeated for credit. Formerly DAN 350. One hour lecture and four hours laboratory. Prerequisite: six units of DAN 300 or consent of instructor. (3 units)

**481. Creative Dance in the Classroom**  
Dance techniques that emphasize concentration, imagination, body awareness and self-expression and are designed to develop creative leadership for parents, recreational leaders, elementary and secondary teachers. (4 units)

**580. Advanced Creative Dance Methods**  
Advanced methods for teaching dance techniques, emphasizing concentration, imagination, body awareness, and self-expression. Course intended for teachers and recreation and community leaders who will plan lessons with the California Visual and Performing Arts Framework and Standards. Requires a minimum six-hour field component. Prerequisite: DAN 481. (4 units)
ECONOMICS

Department of Economics
Social and Behavioral Sciences Building, Room 327D
880-5511

Bachelor of Arts
Administration: Business Economics
(Degree requirements can be found on Page 79.)
Economics
Economics
Political Economy
Social Science Credential

Minor
Economics
Political Economy

FACULTY: Carolyn Aldana, Parviz Asheghian, Jim Charkins, Kazim Konyar, Eric Nilsson, Tom Pierce, Nancy Rose (Chair), Mayo Toruño

Economics is the study of how individuals and societies organize the production and distribution of goods and services. This involves an historical understanding of how our economy has developed and how people in various groups (according to gender, race, class) have been affected by it.

One of the tools economics provides is the ability to analyze the possible costs and benefits of competing alternatives. It provides a framework through which difficult choices can be analyzed—whether an individual should go to college now or later, or whether a firm should invest its money in more machines or offer a bonus to its labor force, or whether a government should spend money on schools or military hardware.

Training in economics provides excellent preparation for careers in industry, government and many professions including law, education, public administration and management.

B.A. IN ECONOMICS
Requirements (61 units)

Total units required for graduation: 180

Requirements for the B.A. in Economics:

Lower-division requirements (16 units)
1. ECON 200. Principles of Microeconomics (4)
2. ECON 202. Principles of Macroeconomics (4)
3. Four units chosen from:
   ECON 250. Statistics for Economists (4)
   SCM 210. Applied Business Statistics (4)
4. Four units chosen from:
   MATH 110. College Algebra (4)
   MATH 120. Pre-Calculus Mathematics (4)

Upper-division requirements (45 units)
1. ECON 300. Intermediate Macroeconomics (4)
2. ECON 302. Intermediate Microeconomics (4)
3. ECON 335. Economic Analysis with Microcomputers (5)
4. ECON 500. History of Economic Thought (4)
5. A minimum of four units chosen from Quantitative Analysis courses:
   ECON 322. Managerial Economics (4)
   ECON 340. Advanced Economic Analysis with Microcomputers (4)
   ECON 372. Business Cycles (5)
   ECON 480. Quantitative Methods in Economics (4)
   ECON 490. Introduction to Econometrics (4)
6. Four units chosen from Applied Field courses:
   ECON 360. Environmental Economics (4)
   ECON 410. Money and Banking (4)
   ECON 430. International Economics (4)
   ECON 435. Multinational Corporations (4)
   ECON 460. Labor Economics (4)
   ECON 475. Public Finance (4)
7. Four units chosen from Political Economy courses:
   ECON 333. Political Economy of Women: Money, Sex, Race, and Power (4)
   ECON 352. Political Economy of Poverty and Discrimination (4)
   ECON 420. Comparative Economic Systems (4)
   ECON 421. Economic History of the United States (4)
   ECON 445. Political Economy (4)
   ECON 450. Economic Development (4)
   ECON 520. Social Economics (4)
8. Sixteen units of additional economics courses. With approval of a departmental advisor, eight units in related fields may be counted toward the course requirement in economics.

Note: In addition to the course requirements stated above, students considering graduate study in economics are urged to complete the following courses: ECON 480 and 490, MATH 211, 212, 251 and 331.

B.A. IN ECONOMICS - POLITICAL ECONOMY
Requirements (60 units)

Total units required for graduation: 180

Requirements for the B.A. in Economics - Political Economy:

Lower-division requirements (16 units)
1. ECON 200. Principles of Microeconomics (4)
2. ECON 202. Principles of Macroeconomics (4)
3. Four units chosen from:
   ECON 250. Statistics for Economists (4)
   SCM 210. Applied Business Statistics (4)
4. Four units chosen from:
   MATH 110. College Algebra (4)
   MATH 120. Pre-Calculus Mathematics (4)

Upper-division requirements (44 units)
1. ECON 300. Intermediate Macroeconomics (4)
2. ECON 302. Intermediate Microeconomics (4)
3. ECON 445. Political Economy (4)
4. ECON 500. History of Economic Thought (4)
5. Twelve units chosen from Political Economy courses:
   ECON 333. Political Economy of Women: Money, Sex, Race, and Power (4)
   ECON 352. Political Economy of Poverty and Discrimination (4)
   ECON 420. Comparative Economic Systems (4)
   ECON 421. Economic History of the United States (4)
ECON 450. Economic Development (4)
ECON 520. Social Economics (4)

6. Sixteen units of additional economics courses. With approval of a departmental advisor, eight units in related fields may be counted toward the course requirements in economics.

Note: In addition to the course requirements stated above, students considering graduate study in economics are urged to complete the following courses: ECON 480 and 490, MATH 211, 212, 251 and 331.

B.A. IN ECONOMICS - SOCIAL SCIENCE CREDENTIAL OPTION

Requirements (125-126 units)

Total units required for graduation: 180

This subject matter preparation program prepares students for admission to the credential program to teach economics and social science in California public schools. For information about the professional education component or admission to the teacher education program, contact the Center for Assisting Students in Education (C.A.S.E.).

Requirements for the B.A. in Economics - Social Science Credential Option:

Lower-division requirements (69 units)
1. ANTH 102. Introduction to Anthropology: Culture and Society (4)
2. Four units chosen from:
   - ANTH 140. World Civilization I, the Rise of Civilization (4)
   - HIST 140. World Civilization I, the Rise of Civilization (4)
3. ECON 104. Economics of Social Issues (4)
4. ECON 200. Principles of Microeconomics (4)
5. ECON 202. Principles of Macroeconomics (4)
6. Four units chosen from:
   - GEOG 100. Introduction to Human Geography (4)
   - GEOG 103. Physical Geography (5)
7. GEOG 102. World Civilizations II, the Civilizations of the East and West (4)
8. HIST 142. World Civilization III, the Expansion of Europe (4)
9. HIST 200. U.S. History to 1877 (4)
10. HIST 201. U.S. History, 1877 to the Present (4)
12. Four units chosen from:
    - PHIL 192. Introduction to Philosophy of Religion (4)
    - PHIL 193. Introduction to Eastern Philosophy (4)
13. Four units chosen from:
    - ECON 250. Statistics for Economists (4)
    - MATH 305. Statistics: Hypothesis Testing and Estimation (4)
    - SCM 210. Applied Business Statistics (4)
14. MATH 110. College Algebra (4)
15. PSCI 203. American Government (4)
16. PSYC 100. Introduction to Psychology (4)
17. SOC 100. The Study of Society (4)

Upper-division requirements (56 or 57 units)
1. ECON 300. Intermediate Macroeconomics (4)
2. ECON 302. Intermediate Microeconomics (4)
3. ECON 421. Economic History of the United States (4)
4. ECON 500. History of Economic Thought (4)
5. ECON 510. Economics in the Classroom (4)
6. Four units chosen from:
   - ECON 420. Comparative Economic Systems (4)
   - ECON 435. Multinational Corporations (4)
   - ECON 450. Economic Development (4)
7. Four or five units chosen from:
   - ECON 335. Economic Analysis with Microcomputers (5)
   - ECON 360. Economics of the Environment (4)
   - ECON 410. Money and Banking (4)
   - ECON 430. International Economics (4)
8. Four units chosen from:
   - ECON 333. Political Economy of Women: Money, Sex, Race, and Power (4)
   - ECON 352. Political Economy of Poverty and Discrimination (4)
   - ECON 445. Political Economy (4)
   - ECON 520. Social Economics (4)
9. GEOG 302. Geography of California (4)
10. HIST 370. History of California (4)
11. PSCI 330. State and Local Politics (4)
12. Four units chosen from:
    - ANTH 354. Cultures of Mexico and Central America (4)
    - ANTH 356. Cultures of South America (4)
    - ANTH 357. African Societies (4)
    - ANTH 358. Peoples of the Middle East (4)
    - GEOG 310. Area Study: Africa (4)
    - GEOG 321. Area Study: Latin America (4)
    - HIST 306. Early Modern Europe, the Renaissance to 1815 (4)
    - HIST 307. Modern Europe, 1815 to the Present (4)
    - HIST 410. Hitler's Europe (4)
    - HIST 430. China, 1895-Present (4)
    - HIST 434. East Asia Since World War II (4)
    - HIST 440. Japan, 1868-Present (4)
    - HIST 465. Modern Central America (4)
    - HIST 470. Modern Latin America (4)
    - HIST 503. Europe Since 1945 (4)
    - PSCI 300. Western Political Systems (4)
    - PSCI 306. Developing Political Systems (4)
    - PSCI 308. Government and Politics of the Middle East (4)
    - SOC 382. Sociology of Developing Societies (4)
13. Four units chosen from:
    - HIST 350. The America Colonies, 1607-1783 (4)
    - HIST 351. The Evolution of American Democracy, 1783-1840 (4)
    - HIST 354. Civil War and Reconstruction (4)
    - HIST 356. The United States, 1877-1917 (4)
    - HIST 357. The United States, 1917-1945 (4)
    - HIST 359. The United States Since 1945 (4)
    - HIST 540. Constitutional History of the United States (4)
    - HIST 556. Foreign Relations of the United States (4)
14. Four units chosen from:
    - HUM 325. Perspectives on Gender (4)
    - HUM 335. The Origin and Contemporary Role of Latino Culture (4)
    - HUM 350. The Cultures of American Childhood (4)
    - HUM 370. African Heritage in the Arts (4)
    - HUM 375. The World of Islam (4)
    - HUM 380. Comparative Studies in the Arts: East and West (4)
OMICRON DELTA EPSILON

Students who have completed a minimum of 20 quarter units of economics course work with a grade point average of at least 3.0 ("B") and who also have an overall grade point average of at least 3.0 may join the university's chapter of Omicron Delta Epsilon, the national honor society in economics. Additional information can be obtained from the Department of Economics.

COURSE OFFERINGS IN ECONOMICS (ECON)

Lower Division

104. Economics of Social Issues
Economic perspectives on social issues. Cannot be counted toward fulfillment of requirements in the economics major. (GE=D.4) (4 units)
T. For students in the B.A. in Liberal Studies, Accelerated Track. Instructor will model teaching methods suitable to a kindergarten through college classroom. (4 units)

200. Principles of Microeconomics
Introduction to the economic principles which govern production, exchange, the pricing of goods, services and resources and the distribution of incomes in competitive and noncompetitive markets. (ECON 200=CAN ECON 4) (4 units)

202. Principles of Macroeconomics
Introduction to the theory of national income determination with particular emphasis on employment and unemployment, price levels, monetary and fiscal policies, international economic issues and theories of economic growth. (ECON 202=CAN ECON 2) (4 units)

250. Statistics for Economists
Introduction to the statistical tools and data used by economists. Three hours lecture and two hours laboratory. Prerequisite: MATH 110. (4 units)

Upper Division

104. Economics of Social Issues
Economic perspectives on social issues. Cannot be counted toward fulfillment of requirements in the economics major. (GE=D.4) (4 units)

200. Principles of Microeconomics
Introduction to the economic principles which govern production, exchange, the pricing of goods, services and resources and the distribution of incomes in competitive and noncompetitive markets. (ECON 200=CAN ECON 4) (4 units)

202. Principles of Macroeconomics
Introduction to the theory of national income determination with particular emphasis on employment and unemployment, price levels, monetary and fiscal policies, international economic issues and theories of economic growth. (ECON 202=CAN ECON 2) (4 units)

250. Statistics for Economists
Introduction to the statistical tools and data used by economists. Three hours lecture and two hours laboratory. Prerequisite: MATH 110. (4 units)

BUSINESS ECONOMICS CONCENTRATION

The College of Business and Public Administration offers a concentration in business economics within its Bachelor of Arts degree. Refer to Page 79 for details.

DEPARTMENTAL HONORS

Departmental honors will be awarded upon graduation to students in economics who have:
1. Earned a 3.5 grade point average in all economics courses attempted at this university;
2. Completed at least half of all work in economics at this university;
3. Been recommended for departmental honors by economics faculty.

Students who qualify for departmental honors are strongly encouraged to discuss with their faculty advisor the possibility of enrolling in ECON 597. Senior Honors Project.
322. Managerial Economics
Application of microeconomic theory and analysis to business and administrative problems. Prerequisites: ECON 200, 202, 335 and MATH 110. (4 units)

333. Political Economy of Women: Money, Sex, Race, and Power
Examination of women’s economic status. History of women of various races in the U.S. political economy. Exploration of alternative policies. (4 units)

335. Economic Analysis with Microcomputers
Formulation and construction of computer models using economic concepts and principles. Application of models to various economic phenomena, deriving solutions under alternative assumptions. Four hours lecture and two hours laboratory. Prerequisites: ECON 200, 202 and MATH 110. (5 units)

340. Advanced Economic Analysis with Microcomputers
Application of sophisticated computer software for purposes of economic analysis and modeling. Prerequisite: ECON 335 or consent of instructor. (4 units)

352. Political Economy of Poverty and Discrimination
An exploration of the causes of poverty and discrimination in the United States. Historical examination of the policies addressing poverty and discrimination. Analysis of alternative policies. (GE=G2) (4 units)

360. Economics of the Environment
Economic causes and implications of air and water pollution, urban congestion, natural resource depletion and population growth; examination of the economic impacts of alternative forms of environmental control and protection. (4 units)

372. Business Cycles
Causes and nature of business fluctuations. Application of macroeconomic theory and cyclical indicators to detect changes in the U.S. economy using the microcomputer as a forecasting tool. Four hours lecture and two hours laboratory. Prerequisites: ECON 200, 202, 335 and MATH 110. (5 units)

390. Selected Topics in Economics
Examination of selected topics of current interest in economics. May be repeated for credit as topics change. (4 units)

410. Money and Banking
Demand for money, creation and manipulation of the money supply, and the role of banking and other financial institutions in the United States in determining the level of employment, prices and international payments equilibrium. (4 units)

420. Comparative Economic Systems
Analysis of major contemporary economic systems including command, market-socialism and free-enterprise economies. (4 units)

421. Economic History of the United States
Economic history of the United States from the founding of the colonies to the present. (4 units)

430. International Economics
Theories of the causes and effects of trade between nations. Study of government policies which alter the pattern of trade between nations. Prerequisites: ECON 200 and 202. (4 units)

435. Multinational Corporations
Multinational corporations and the international economic environment in which they operate. Topics include the international monetary system, balance of payments, international capital movements, foreign direct investment, technology transfer, and conflicts between multinational corporations and host countries. Prerequisites: ECON 200 and 202. (4 units)

445. Political Economy
Introduction to economic theories which have their heritage in the work of Karl Marx. Topics may include historical materialism, value theory, crisis theory, imperialism, the labor process, and social structures of accumulation. (4 units)

450. Economic Development
Economic problems confronting developing countries; policies hypothesized to achieve desired rates of economic development in these areas. (4 units)

460. Labor Economics
Micro- and macroeconomic aspects of labor markets including the workings of labor markets in competitive and noncompetitive markets, structure and causes of unemployment, incomes policies, and selected institutional topics including the economics of U.S. labor movements. Prerequisite: ECON 200. (4 units)

475. Public Finance
Rationale for government actions in an economy which emphasizes private sector allocation; principles of taxation, theories of tax incidence, expenditure evaluation, government sources and uses of revenue, and government budgeting. Prerequisite: ECON 200 or consent of instructor. (4 units)

480. Quantitative Methods in Economics
Application of mathematical tools and concepts in formulating and solving economic problems. Prerequisites: ECON 200, 202, and MATH 110 or 120. (4 units)

490. Introduction to Econometrics
Various statistical methods of testing economic hypotheses. Prerequisites: ECON 200, 202, MATH 110, and ECON 250 or SCM 210, or equivalent. (4 units)

500. History of Economic Thought
Survey of the development of economic doctrines and analyses and concurrent intellectual and social history with emphasis on the ideas of landmark economists from Adam Smith to John Maynard Keynes. (4 units)

503. Economic Analysis
An intensive introduction to micro- and macroeconomic concepts for graduate students. Not open to students who have received credit for ECON 200 and 202. Formerly ECON 505. Prerequisite: graduate standing. (4 units)
510. Economics in the Classroom
Economics method of analysis as it applies to contemporary problems. Designed for K-12 teachers. May not be counted toward fulfilling requirements for the economics major. Formerly ECON 310. (4 units)

520. Social Economics
Study of the social, cultural, and political context of economic behavior. Primary focus on the work of Social Economists, Institutionals, and Post Keynesians. Formerly ECON 447. (4 units)

575. Internship in Economics
Supervised work in public or private organizations emphasizing practical applications of economic concepts and relationships. May be repeated once for credit. Graded credit/no credit. Prerequisites: consent of instructor and departmental approval of a written proposal submitted on a standard application filed in advance of the quarter in which the course is to be taken. (4 units)

590. Seminar in Economics
Intensive study of some phase of economics. May be repeated for credit as subject matter changes and with consent of instructor. (4 units)

595. Independent Study
Investigation of special topics not covered by the department's curricular offerings. A total of eight units in ECON 595 may be applied toward the major and graduation. Prerequisites: a minimum overall grade point average of 3.0, consent of instructor and departmental approval of a written proposal of a project submitted on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 1 to 4 units)

597. Senior Honors Project
Original research in an area of economics, culminating in a major report receiving approval of the economics faculty. Enrollment limited to students whose formal application for admission to the course has been approved by the department chair. (4 units)

Graduate level courses can be found on Page 398.

MASTERS: Special Education

The College of Education offers course work designed to prepare students for a variety of careers in education. At the present time, the university is approved to offer the following credentials through the Multiple Subject Teaching Credential Program and the Single Subject Teaching Credential Program:

- **Multiple Subject Credential** for teaching in a self-contained classroom (K-12),
- **Multiple Subject Bilingual, Crosscultural, Language and Academic Development (BCLAD) Credential** for teaching in a self-contained classroom (K-12),
- **Multiple Subject or Multiple Subject Bilingual Crosscultural, Language and Academic Development (BCLAD) Credential** (intern track) for teaching in a self-contained classroom (K-12),
- **Single Subject Credential** for teaching a single subject in a departmentalized school (all grades),
- **Single Subject Credential (intern track)** for teaching a single subject in a departmentalized school (all grades),
- **Designated Subjects Teaching Credential** for technical, trade or vocational subjects or adult education. For information concerning the Bachelor of Vocational Education and the Bachelor of Science in Vocational Education see Page 346.

In general, students electing to pursue an emphasis in elementary teaching should undertake one of the multiple subject credentials. Students wishing to follow an emphasis in secondary teaching should pursue the single subject credential.

Information on graduate programs in education can be found in the graduate studies section beginning on Page 400. These include the Master of Arts in Education, specialist and services credential programs, certificate programs and specialist certificate programs.

The college offers a program leading to the Bachelor of Vocational Education and the Bachelor of Science in Vocational Education. Further information about these degrees is provided on Page 346.

**BASIC TEACHING CREDENTIALS**

Students preparing to become bilingual education teachers or those who desire to teach in bilingual cross cultural and academic development programs should be aware that Proposition 227 requires all students in public schools be taught in English unless a school has received a waiver. The CSU prepares teachers for positions in California as well as other states. It is in the student's best interest to be knowledgeable about credential or licensure requirements of the state in which they intend to teach.

**MULTIPLE SUBJECT CREDENTIAL PROGRAM**

**Requirements (48 units)**

Admission to the university must precede admission to the basic credential program. In preparation for admission to the basic credential program, students must purchase the *Handbook for the Multiple Subject Credential Programs* at the Coyote Bookstore and attend an orientation session scheduled through the Teacher Education Office, FO-125. At this orientation, students will be assigned an education advisor and receive instructions for completing their Program Admission Files (PAF). For admission to the program, students must have successfully completed the prerequisite courses and successfully completed or be currently enrolled in the pre/corequisite courses.
Admission to the Program

Students must submit a Program Admission File (PAF) to C.A.S.E. (Credential Assistance for Students in Education, CH-123) at least one quarter prior to enrolling in credential courses. Students are advised to complete the required California Basic Educational Skills Test (CBEST) and, if necessary, the CSET series examination (credential must be completed within five years of taking the CSET examination). Students must provide verification of passing scores on these exams when they apply for admission to supervision. Admission to the basic credential program as part of the PAF is based on the following criteria and conditions:

1. Completion of an application form;
2. Two written recommendations by persons who can address scholastic performance and suitability for teaching;
3. Present a written, personal narrative to the assigned education advisor, complete the teacher education interview and obtain the signature of the advisor. The following criteria are used to assess the interview: oral and written English language usage, professional aptitude, personality and character;
4. Verification of a negative tuberculin examination within the last four years;
5. Academic achievement, verified through transcripts:
   A. Applicants must possess a minimum undergraduate grade point average of at least 2.67 in all baccalaureate and post-baccalaureate course work or at least 2.75 in the last 90 quarter units attempted;
   B. Applicants must maintain a grade point average of 3.0 in professional education course work, with no course grade in this area lower than "B-.
No candidate may be recommended for the credential who has received a grade of lower than "C" (2.0) in any non-education course required for the credential, such as the prerequisite courses. In the case of a repeated class, only the highest grade the student has received will be considered for the purpose of this requirement.
6. Documentation of 45 hours of experience in K-12 classrooms; (Information about this requirement is available in the Handbook for the Multiple Subject Credential Programs.)
7. Submission of an application for a certificate of clearance or evidence of a credential or permit authorizing public school teaching in California;
8. Completion of an on-line technology skills assessment;
9. Written verification that the California Basic Educational Skills Test (CBEST);
10. Satisfactory completion of prerequisite courses:
   A. ENG 311. The English Language
   B. One of the following:
      EELB 301. Growth and Development in Socio-Educational Contexts
      HD 240. Introduction to Child Development and a concurrent observation course
11. Satisfactory completion of or current enrollment in:
   A. HSCI 100. Concepts in Health
   B. One of the following:
      ESPE 350. Introduction to Special Populations for General Education Teachers
      PSYC 350. Development of Exceptional Children

Admission to Supervised Student Teaching

One quarter in advance of the time students intend to enroll in supervised student teaching (EELB 540A), they must submit an application for supervision. This application is due by Friday of the third week of the quarter prior to enrolling in supervised student teaching. (No applications are accepted in the summer quarter.)

Admission to supervised student teaching is based on the following criteria and conditions:

1. Completion of an application form;
2. One of the following:
   A. Completion of at least 4/5 of the units required for the Liberal Studies/Human Development, Track II major as offered at this campus and verified in writing by the Liberal Studies/Human Development, Track II coordinator or a California-approved subject matter preparation program from another campus, OR
   B. Verification that the applicant has passed the PRAXIS or CSET series examination;
3. Verification that the applicant has passed the California Basic Educational Skills Test (CBEST);
4. Satisfactory completion of HSCI 100 and either PSYC 350 or ESPE 350 and Phase I coursework (EELB 312, 313, 315, 317 and 519) with a grade point average of 3.0 ("B") and no course grade lower than "B-" and no non-education course grade lower than a "C" (2.0);
5. Verification of a negative tuberculin examination within the last 4 years;
6. Completion of the upper-division writing requirement at this university, or the equivalent graduation requirement at another accredited institution, or a passing score on the CSUSB Writing Requirement Exemption Evaluation (WREE), or a passing score on the written portion of the CBEST.
All course work taken at another college more than seven years ago, is subject to approval by the director of the Multiple Subject Program. No more than 14 units of the credential program may be transferred. Student teaching is never transferable.

Each applicant is reviewed in terms of all of the above criteria and conditions and must be at least of senior standing. Student teaching for the credential is a full-time assignment for one quarter each of EELB 540A (and 422, 423, 425, 529) and EELB 540B (and 532, 533 and 539). No concurrent course work should be taken beyond the required elementary education courses without permission of the program director.

Students who fail to complete EELB 422, 423, 425, 529, 532, 533, 539, 540A or 540B will be denied continuation in the program. An appeal process is available. Consult the program director for details.

Program prerequisites (8-10 units)

1. Students entering the program must have successfully completed:
   A. ENG 311. The English Language
   B. One of the following:
      EELB 301. Growth and Development in Socio-Educational Contexts
      HD 240. Introduction to Child Development and a concurrent observation course
Program prerequisites or corequisites (6 units)
1. Students entering the program must have successfully completed or be currently enrolled in:
   A. HSCI 100. Concepts in Health
   B. One of the following:
      ESPE 350. Introduction to Special Populations for General Education Teachers
      PSYC 350. Development of Exceptional Children

Credential Requirements (48 units)
Completion of the following course work with a grade point average of 3.0 ("B") with no course grade lower than "B-.

Phase I
1. EELB 312. Family, Culture and Schooling (2)
2. EELB 313. Pedagogical Foundations for English Language Learners (4)
3. EELB 315. Reading/Language Arts Curriculum and Pedagogy (3)
4. EELB 317. Educational Psychology for a Diverse Society (4)
5. EELB 519. Assessment Seminar I (2)

Phase II
First quarter of student teaching
1. EELB 422. Classroom Organization, Management and Discipline (2)
2. EELB 423. Mathematics Curriculum and Pedagogy (4)
3. EELB 425. Literacy and Second Language Acquisition for the Intermediate Reader and Beyond (3)
4. EELB 529. Assessment Seminar II (2)
5. EELB 540A. Supervised Student Teaching in Multiple Subjects (6)

Phase III
Second quarter of student teaching
1. EELB 532. Science/Health Curriculum and Pedagogy (4)
2. EELB 533. Social Studies and the Arts Curriculum and Pedagogy (4)
3. EELB 539. Assessment Seminar III (2)
4. EELB 540B. Supervised Student Teaching in Multiple Subjects (6)

Additional Requirements
Students must successfully complete:
1. One of the following to fulfill the United States Constitution requirement (or successful completion of an examination administered through the College of Extended Learning):
   HIST 146. American Civilization (4)
   HIST 200. United States History to 1877 (4)
   HIST 540. Constitutional History of the United States (4)
   PSCI 203. American Government (4)
   PSCI 410. American Constitutional Law (4)
   PSCI 411. The Bill of Rights (4)
2. The Reading Instruction Competence Assessment (RICA) exam with a passing score;
3. The teacher performance assessment with a passing score.
   Upon successfully completing the program and additional requirements above, candidates are eligible to apply for the preliminary credential.
   Requirements for the Professional Clear Credential may be obtained from the employing school district.

Note: Pending state legislation may require curricular changes. Students must consult the current information sheet for this credential in the Teacher Education Office, FO-125. In addition, students may be eligible for SB 57 Early Completion Internship Option. See information in the Teacher Education Office.

MULTIPLE SUBJECT BILINGUAL, CROSSCULTURAL, LANGUAGE AND ACADEMIC DEVELOPMENT (BCLAD) CREDENTIAL

Requirements (48 units)
Admission to the university must precede admission to the basic credential program. In preparation for admission to the basic credential program, students must purchase the Handbook for the Multiple Subject Credential Programs in the Coyote Bookstore and attend an orientation session scheduled through the Teacher Education Office, FO-125. At this orientation, students will be assigned an education advisor and receive instructions for completing their Program Admission File (PAF). For admission to the program, students must have successfully completed the prerequisite courses and successfully completed or be currently enrolled in the pre/corequisite courses.

Admission to the Program
Students must submit a Program Admission File (PAF) to C.A.S.E. (Credential Assistance for Students in Education, CH-123) at least one quarter prior to enrolling in credential courses.

Students are advised to complete the required California Basic Educational Skills Test (CBEST) and if necessary, the CSET series examination (credential must be completed within five years of taking the CSET examination). Students must provide verification of passing scores on these exams when they apply for admission to supervision.

Admission to the basic credential program as part of the PAF is based on the following criteria and conditions:
1. Completion of application form;
2. Two written recommendations by persons who can address scholastic performance and suitability for teaching;
3. Present a written, personal narrative to the assigned education advisor, complete the teacher education interview and obtain the signature of the advisor. The following criteria are used to assess the interview: oral and written English and Spanish language usage, professional aptitude, personality and character;
4. Verification of a negative tuberculin examination within the last 4 years;
5. Academic achievement, verified through transcripts:
   A. Applicants must possess a minimum undergraduate grade point average of at least 2.67 in all baccalaureate and post-baccalaureate course work or at least 2.75 in the last 90 quarter units attempted;
   B. Applicants must maintain a grade point average of 3.0 in professional education course work, with no course grade in this area lower than "B-.

No candidate may be recommended for the credential who has received a grade lower than "C" (2.0) in any non-education course required for the credential, such as the prerequisite courses. In the case of a repeated class, only the highest grade the student has received will be considered for the purpose of this requirement.
6. Documentation of 45 hours of experience in K-12 classrooms;
   (Information about this requirement is available in the Handbook for the Multiple Subject Credential Programs.)
7. Submission of an application for a certificate of clearance or evidence of a credential or permit authorizing public school teaching in California;
8. Completion of an on-line technology skills assessment;
9. Written verification that the California Basic Educational Skills Test (CBEST) has been taken or passing score on CBEST;
10. Satisfactory completion of prerequisite courses:
    A. ENG 311. The English Language
    B. One of the following:
       EELB 301. Growth and Development in Socio-Educational Contexts
       HD 240. Introduction to Child Development and a concurrent observation course
11. Satisfactory completion of or current enrollment in:
    A. HSCI 100. Concepts in Health
    B. One of the following:
       ESPE 350. Introduction to Special Populations for General Education Teachers
       PSYC 350. Development of Exceptional Children

Admission to Supervised Student Teaching

One quarter in advance of the time students intend to enroll in student teaching (EELB 540A), they must submit an application for supervision. This application is due by Friday of the third week of the quarter prior to enrolling in supervised student teaching. (No applications are accepted in the summer quarter.)

Admission to supervised student teaching is based on the following criteria and conditions:
1. Completion of an application form;
2. One of the following:
   A. Completion of 4/5 of the units required for the Liberal Studies/Human Development, Track II major as offered at this campus and verified in writing by the Liberal Studies/Human Development, Track II coordinator or a California-approved subject matter preparation program from another campus, or
   B. Verification that the applicant passed the PRAXIS or CSET series examinations;
3. Verification that the applicant has passed the California Basic Educational Skills Test (CBEST);
4. Satisfactory completion HSCI 100 and Phase I coursework (EELB 312, 313, 316, 317 and 519) with a grade point average of 3.0 ("B") in education, with no course grade lower than "B-") and no non-education course grade lower than a "C" (2.0);
5. Verification of a negative tuberculin examination within the last 4 years;
6. Completion of the upper-division writing requirement at this university or the equivalent graduation requirement at another accredited institution, a passing score on CSUSB Writing Requirement Exemption Evaluation (WREE), or a passing score on the written portion of the CBEST.

All course work taken at another college, or more than seven years ago, is subject to approval by the coordinator of the multiple subject program. No more than 14 units of the credential program may be transferred. Student teaching is never transferable.

Each applicant is reviewed in terms of all of the above criteria and conditions and must be at least of senior standing. Student teaching for the credential is a full-time assignment for one quarter each of EELB 540A (and 422, 423, 425, 529) and EELB 540B (and 532, 534, and 539). No concurrent course work should be taken beyond the elementary education courses without permission of the program director.

Students who fail to complete EELB 422, 423, 425, 520, 532, 534, 539, 540A or 540B will be denied continuation in the program. An appeal process is available. Consult the program director for details.

Program prerequisites (8-10 units)

1. Students entering the program must have successfully completed:
   A. ENG 311. The English Language
   B. One of the following:
      EELB 301. Growth and Development in Socio-Educational Contexts
      HD 240. Introduction to Child Development and a concurrent observation course

Program prerequisites or corequisites (6 units)

1. Students entering the program must have successfully completed or be currently enrolled in:
   A. HSCI 100. Concepts in Health
   B. One of the following:
      ESPE 350. Introduction to Special Populations for General Education Teachers
      PSYC 350. Development of Exceptional Children

Credential Requirements (48 units)

Completion of the following course work with a grade point average of 3.0 ("B") with no course grade lower than "B-")

Phase I

1. EELB 312. Family, Culture and Schooling (2)
2. EELB 313. Pedagogical Foundations for English Language Learners (4)
3. EELB 316. Reading/Language Arts (Primary Language) Curriculum and Pedagogy (3)
4. EELB 317. Educational Psychology for a Diverse Society (4)
5. EELB 519. Assessment Seminar I (2)

Phase II

First quarter of student teaching
1. EELB 422. Classroom Organization, Management and Discipline (2)
2. EELB 423. Mathematics Curriculum and Pedagogy (4)
3. EELB 425. Literacy and Second Language Acquisition for the Intermediate Reader and Beyond (3)
4. EELB 529. Assessment Seminar II (2)
5. EELB 540A. Supervised Student Teaching in Multiple Subjects (6)

Phase III

Second quarter of student teaching
1. EELB 532. Science/Health Curriculum and Pedagogy (4)
2. EELB 534. Social Studies and the Arts (Primary Language) Curriculum and Pedagogy (4)
3. EELB 539. Assessment Seminar III (2)
4. EELB 540B. Supervised Student Teaching in Multiple Subjects (6)
Additional Requirements
Students must successfully complete:

1. Both of the following:
   - HUM 335. The Origin and Contemporary Role of Latino Culture (4)
   - SPAN 415. Comparative Linguistics: Spanish/English (4) (This course has prerequisites.)
2. One of the following to fulfill the United States Constitution requirement (or successful completion of an examination administered through the College of Extended Learning):
   - HIST 146. American Civilization (4)
   - HIST 200. United States History to 1877 (4)
   - HIST 540. Constitutional History of the United States (4)
   - PSCI 203. American Government (4)
   - PSCI 410. American Constitutional Law (4)
   - PSCI 411. The Bill of Rights (4)
3. The Reading Instruction Competence Assessment (RICA) exam with a passing score;
4. The teacher performance assessment with a passing score.

Upon successfully completing the program and additional requirements above, candidates are eligible to apply for a basic preliminary credential.

Requirements for the Professional Clear Credential may be obtained from the employing school district.

Note: Pending state legislation may require curricular changes. Students must consult the current information sheet for this credential in the Teacher Education Office, FO-125. In addition, students may be eligible for SB 57 Early Completion Internship Option. See information in the Teacher Education Office.

MULTIPLE SUBJECT CREDENTIAL and MULTIPLE SUBJECT CREDENTIAL with Bilingual, Crosscultural Language and Academic Development Emphasis (BCLAD) (INTERN TRACK)
Requirements (60 units)

The multiple subject internship is an alternate track for those students who have been placed in an employment setting. Specific admission requirements must be met beyond those of the basic credential program and additional course work for students in this track is required.

Admission to the university must precede admission to this basic credential program. In preparation for admission to the basic credential program, students must purchase the Handbook for the Multiple Subject Credential Programs at the Coyote Bookstore and attend an orientation session scheduled through the Teacher Education Office. At this orientation, students will be assigned an education advisor and receive instructions for completing their Program Admission File (PAF).

For admission to the program, students must have successfully completed the prerequisite courses and successfully completed or be currently enrolled in the pre/corequisite courses.

Admission to the Program
Students must submit a Program Admission File (PAF). The PAF is to be submitted to C.A.S.E. (Credential Assistance for Students in Education, CH-123) at least one quarter prior to enrolling in program courses.

Admission to the intern track, as part of the PAF is based on the following criteria and conditions:

1. Completion of an application form;
2. Three written recommendations by persons who can address the scholastic performance and suitability for teaching, at least one from the current employer;
3. Present a written, personal narrative to the assigned education advisor, complete the teacher education interview and obtain the signature of the advisor. The following criteria are used to assess the interview: oral and written English and for BCLAD Spanish language usage, professional aptitude, personality and character;
4. Verification of a negative tuberculin examination within the last 4 years;
5. Academic achievement verified through transcripts:
   - A. Applicants must possess a minimum undergraduate grade point average of at least 2.67 in all baccalaureate and post-baccalaureate course work or at least 2.75 in the last 90 quarter units attempted;
   - B. Applicants must maintain a grade point average of 3.0 in professional education course work, with no course grade in this area lower than "B-";
   - No candidate may be recommended for the credential who has received a grade of less than "C" (2.0) in any non-education course required for the credential, such as the prerequisite courses. In the case of a repeated class, only the highest grade the student has received will be considered for the purpose of this requirement;
6. Documentation of 45 hours of experience in K-12 classrooms such as instructional aide or substitute teacher; (Information about this requirement is available in the Handbook for the Multiple Subject Credential Programs);
7. Submission of an application for a certificate of clearance or evidence of a credential or permit authorizing public school teaching in California;
8. Completion of an on-line technology skills assessment;
9. Written verification of a passing score on the California Basic Educational Skills Test (CBEST);
10. Completion of the upper-division writing requirement at the university or the equivalent graduation requirement at another accredited institution, or a passing score on the CSUSB Writing Requirement Exemption Evaluation (WREE), or a passing score on the written portion of the CBEST; (CBEST examination does not meet the graduate entrance writing requirement for the Master of Arts degree.)
11. One of the following:
   - A. Completion of an approved subject matter preparation program at CSUSB (Liberal Studies/Human Development, Track II major) and verified in writing by the Liberal Studies coordinator or Human Development, Track II coordinator;
   - B. Completion of an approved subject matter preparation program on another California campus, verified in writing by the appropriate administrator;
   - C. Completion of at least 4/5 of the units required for the Liberal Studies/Human Development, Track II major and verified in writing by the appropriate coordinator;
   - D. Written verification of a passing score on the PRAXIS or CSET series examinations; (This option is required for those students who do not have a California approved subject matter preparation program.)
1. Students entering the program must have successfully completed:
   A. ENG 311. The English Language
   B. One of the following:
      EELB 301. Growth and Development in Socio-Educational Contexts
      HD 240. Introduction to Child Development

15. Satisfactory completion of or current enrollment in:
   A. HSCI 100. Concepts in Health
   B. One of the following:
      ESPE 350. Introduction to Special Populations for General Education Teachers
      PSYC 350. Development of Exceptional Children

13. Completion of a bachelor's degree;
14. Satisfactory completion of prerequisite courses:
   A. ENG 311. The English Language
   B. One of the following:
      EELB 301. Growth and Development in Socio-Educational Contexts
      HD 240. Introduction to Child Development and a concurrent observation course

16. Program prerequisites (8-10 units)
1. Students entering the program must have successfully completed:
   A. ENG 311. The English Language
   B. One of the following:
      EELB 301. Growth and Development in Socio-Educational Contexts
      HD 240. Introduction to Child Development

Program prerequisites or corequisites (6 units)
1. Students entering the program must have successfully completed or be currently enrolled in:
   A. HSCI 100. Concepts in Health
   B. One of the following:
      ESPE 350. Introduction to Special Populations for General Education Teachers
      PSYC 350. Development of Exceptional Children

Credential Requirements (60 units)
Completion of the following coursework with a grade point average of 3.0 ("B") with no course grade lower than "B-"

**Phase I: Pre-supervision**
1. EELB 312. Family, Culture and Schooling (2)
2. EELB 313. Pedagogical Foundations for English Language Learners (4)

3. Three units chosen from:
   EELB 315. Reading/Language Arts Curriculum and Pedagogy (3)
   EELB 316. Reading/Language Arts (Primary Language) Curriculum and Pedagogy (3)
   EELB 317. Educational Psychology for a Diverse Society (4)
   EELB 519. Assessment Seminar I (2)

**Admission to Supervised Intern Teaching**
One quarter in advance of the time students intend to enroll in Phase II courses (EELB 422, 423, 425, and 560A), they must submit an application for supervision. This application is due by Friday of the third week of the quarter prior to enrolling in supervised intern teaching. (No applications are accepted in the summer quarter.)

Admission to supervised intern teaching is based on the following criteria and conditions:
1. Completion of an application form;
2. Satisfactory completion of Phase I course work with a grade point average of 3.0 ("B") and no course grade lower than "B-";
3. Verification that applicant holds an internship credential.

All course work taken at another college, or more than seven years ago, is subject to approval by the Director of the Multiple Subject Credential Program. No more than 14 units of the credential program may be transferred. Student/Intern teaching is never transferable.

The intern is employed full time in a teaching assignment in an approved cooperating school district. The study plan is as follows:

**Phase II**
1. EELB 422. Classroom Organization, Management and Discipline (2)
2. EELB 423. Mathematics Curriculum and Pedagogy (4)
3. EELB 425. Literacy and Second Language Acquisition for the Intermediate Reader and Beyond (3)
4. EELB 560A. Supervised Intern Teaching in Multiple Subjects (8)

**Phase III**
Second quarter of supervised intern teaching
1. EELB 532. Science/Health Curriculum and Pedagogy (4)
2. EELB 529. Assessment Seminar II (2)
3. EELB 560B. Supervised Intern Teaching in Multiple Subjects (8)

**Phase IV**
Third quarter of supervised intern teaching
1. Four units chosen from:
   EELB 533. Social Studies and the Arts Curriculum and Pedagogy (4)
   EELB 534. Social Studies and the Arts (Primary Language) Curriculum and Pedagogy (4)
   EELB 539. Assessment Seminar III (2)
2. EELB 560C. Supervised Intern Teaching in Multiple Subjects (8)

**Additional Requirements**
Students must successfully complete:

*For Multiple Subject BCLAD interns only:*
Both of the following to meet language and culture requirements:
1. HUM 335. The Origin and Contemporary Role of Latino Culture
2. SPAN 415. Comparative Linguistics: Spanish/English
   (This course has prerequisites.)

For Multiple Subject and Multiple Subject BCLAD interns:
1. The Reading Instruction Competence Assessment (RICA) exam with a passing score.
2. The teacher performance assessment with a passing score.
   Upon successfully completing the program and additional requirements above, candidates are eligible to apply for a preliminary credential.

   Requirements for the Professional Clear Credential may be obtained from the employing school district.

   Note: Pending state legislation may require curricular changes. Students must consult the current information sheet for this credential in the Teacher Education Office, FO-125. In addition, students may be eligible for SB 57 Early Completion Internship Option. See information in the Teacher Education Office.

SINGLE SUBJECT TEACHING CREDENTIAL - Student Teaching Track

Requirements (48 units)

Admission to the university must precede admission to the credential program. This is a three-quarter program that begins in the Fall Quarter for full-time students. Part-time students can complete the program in two years (or six quarters) and can enroll in the program in the Fall or Winter Quarter.

Admission to the Program and Student Teaching

In addition to the general requirements for the university, students must meet specific requirements for admission to the student teaching track prior to enrolling in the program:

1. Successfully complete the California Basic Educational Skills Test (CBEST);
2. Demonstrate 80% or more of Subject Matter Competency (SMC) in the content area they plan to teach. Subject Matter Competency can be demonstrated by having a degree from a California Commission on Teacher Credentialing (CCTC) waiver program or passing (if necessary) the appropriate CSET and/or Single Subject Assessment for Teaching (SSAT) examination as early as possible in order to be able to provide verification of passing scores with their application for admission to the program;
3. Complete the Program Application File (PAF) and submit to the C.A.S.E. Office;
4. Two written recommendations, at least two from faculty members in the student's major department;
5. Meet with and obtain signature of a Secondary Education faculty member on an advising form or attend a program advisory meeting to determine requirements of the program;
6. Verification of a negative tuberculin examination within the last 24 months;
7. Academic Achievement
   A. Applicants must possess the following minimum grade point averages:
      1. A grade point average of 2.67 in all baccalaureate and postbaccalaureate course work or at least 2.75 in the last 90 quarter units attempted.

   2. A grade point average of 3.0 ("B") in professional education course work with no course grade in this area lower than "B-.
      Students can only discount one grade in the program courses. They can only repeat a total of two courses in the program.

   B. If necessary, written verification of registration for or passage of subject matter competence in the appropriate single subject credential area.

   No candidate may be recommended for the credential who has received a grade less than "C" (2.0) in any other course required for the credential, such as health science courses.

8. Complete A or B below:

   A. Completion of one of the following approved subject matter preparation programs or these majors at this university:

   Single Subject Credential
   Degree Major
   Art B.A. Art (Plan I)
   English B.A. English
   Foreign Language B.A. Spanish or
   B.A. French
   Health Science B.S. Health Sciences
   Foundational Mathematics/Mathematics B.A. Mathematics
   Music B.A. Music (Music Education)
   Physical Education B.S. Kinesiology
   Sciences B.A. in the Sciences
   Social Science B.A. Social Sciences

   For further information on other majors, supplementary authorizations, examinations and waivers, students should contact the Teacher Education Office and/or the appropriate major department.

9. Submission of an application for a certificate of clearance or evidence of a credential or permit authorizing public school teaching in California;

10. Completion of or concurrent enrollment in the upper-division writing requirement at the university or the equivalent graduation requirement at another accredited institution, or a score of 41 or better on the written portion of the CBEST; (CBEST exam does not meet the graduate entrance writing requirement for the Master of Arts degree.)

11. Written verification a passing score on the CBEST;

12. In addition, the following criteria are used: professional aptitude, personality and character, oral and written language usage, and interest in multicultural education;

13. All course work taken at another institution, or more than seven years ago, is subject to approval by the director of the Single Subject Program. No more than 14 quarter units of the credential program may be transferred. Student teaching is never transferable.

   Each applicant is reviewed in terms of all of the above criteria and in addition, each must have completed at least 80% of SMC and be at least of senior standing. Student teaching for the preliminary credential is a full-time assignment for three quarters (ESEC 550A, 550B and 550C) that only begins in the fall or winter quarters. No concurrent course work should be taken beyond the required for that quarter without permission from the director of the Single Subject Program. Students who fail to successfully complete any program courses will be denied continuation in the program. An appeals process is available. Consult the Teacher Education Office for details.
Credential Requirements for Student Teaching

One Year Program

Once admission to the program has been granted and program requirements have been successfully completed, students may enroll in the following courses. Students must successfully complete all the courses in each quarter before enrolling in subsequent quarters.

First Quarter: Foundational Theories of Secondary Education (16 units)
1. ESEC 405. Introduction to Secondary School Culture (4)
2. ESEC 407. Secondary School Teaching (4)
3. ESEC 410. Adolescent Development and Learning (4)
4. ESEC 505. Curriculum and Instruction in the Content Areas I (2)
5. ESEC 550A. Student Teaching (2)
(These courses must be taken concurrently.)

Second Quarter: Classroom Perspectives (16 units)
1. ESEC 413. Language Interaction in the Classroom (4)
2. ESEC 417. Educational Psychology: Instructional Theory, Assessment and Classroom Management (4)
3. ESEC 508. Curriculum and Instruction in the Content Areas II (2)
4. ESEC 512. Principles of Pedagogy (2)
5. ESEC 550B. Student Teaching (4)

Third Quarter: Implementation of Reflection on Instruction (16 units)
1. ESEC 419. Literacy Across the Curriculum (4)
2. ESEC 514. Assessment and Reflection of Instruction (2)
3. ESEC 550C. Student Teaching (8)
4. ESEC 602. Special Topics in Education (2)

CREDENTIAL REQUIREMENTS FOR STUDENT TEACHING

Two Year Program

Once admission to the program has been granted and all program requirements have been successfully completed, students may enroll in the following courses. Students must successfully complete all the courses in each quarter before enrolling in subsequent quarters.

Foundational Theories of Secondary Education and Classroom Perspectives

First Quarter
1. ESEC 405. Introduction to Secondary School Culture (4)
2. ESEC 410. Adolescent Development and Learning (4)

Second Quarter
1. ESEC 407. Secondary School Teaching (4)
2. ESEC 413. Language Interaction in the Classroom (4)

Third Quarter
1. ESEC 417. Educational Psychology: Instructional Theory, Assessment and Classroom Management (4)
2. ESEC 419. Literacy Across the Curriculum (4)

Implementation of Reflection on Instruction

Fourth Quarter
1. ESEC 505. Curriculum and Instruction of Content Area I (2)
2. ESEC 512. Principles of Pedagogy (2)
3. ESEC 550A. Student Teaching (2)
(These courses must be taken concurrently.)

Fifth Quarter
1. ESEC 602. Special Topics in Secondary Education (2)
2. ESEC 508. Curriculum and Instruction of Content Area II (2)
3. ESEC 550B. Student Teaching (4)

Sixth Quarter
1. ESEC 514. Assessment and Reflection on Instruction (2)
2. ESEC 550C. Student Teaching (8)

Additional Information

Students who fail to successfully complete any program course with a "B-" or better will be denied continuation in the program. An appeal process is available. Consult the Teacher Education Office for details.

Upon completing all requirements for the single subject program, the candidate will be awarded a certificate of completion from California State University, San Bernardino and may apply for a preliminary credential.

Within two years candidates must complete an Induction Program that is offered by the school district in which they secure employment. Preliminary credential students may obtain a professional clear credential by meeting the Induction Program of the school district.

SINGLE SUBJECT CREDENTIAL-INTERN TRACK

Requirements (70 units)

The single subject internship is an alternate program for those student teachers who have been placed in an employed setting. This is a six-quarter program that begins in the Fall, Winter or Spring Quarter.

Admission to the Program

In addition to the general admission requirements for the university, students must meet the following requirements prior to enrolling in the student teaching track:
1. Successfully complete the California Basic Educational Skills Test (CBEST);
2. Demonstrate 80% or more of Subject Matter Competency (SMC) in the content area they plan to teach. Subject Matter Competency can be demonstrated by having a degree from a California Commission on Teacher Credentialing (CCTC) waiver program or passing (if necessary) the appropriate CSET and/or Single Subject Assessment for Teaching (SSAT) examination as early as possible in order to be able to provide verification of passing scores with their application for admission to the program.
3. Successfully complete the U. S. Constitution requirement, CPR examination and be employed in a district that has an internship contract with the Teacher Education Office.

Admission to the Program

Interns must turn in a Program Application File (PAF) with all the information to the C.A.S.E. Office, CH-123. Candidates will not be considered until all the following information is provided:
1. Two letters from faculty members in the student's major department and at least one from a principal or teacher who can attest to the applicant's teaching skills in classroom settings;
2. Meeting with education advisor and signed advising form or attend a program advisory meeting to determine requirements of the program;
3. Verification of a negative tuberculin examination within the last 24 months;
5. Completion of one of the following approved subject matter preparation programs within one of these majors at this university. Note: A list of the required grade point averages for each subject matter area is available from the Credentials Office (C.A.S.E.) and the Teacher Education Office.

6. Submit passage of the U.S. Constitution requirement and the CPR examination;
7. Completion of the upper-division writing requirement at the university or the equivalent graduation requirement at another accredited institution, or a score of 41 or better on the written portion of the CBEST; (CBEST examination does not meet the graduate entrance writing requirement for the Master of Arts degree.)
8. Submission of evidence that the applicant has passed the California Basic Educational Skills Test (CBEST);
9. Interns must be employed in a school district or school site that has an internship contract with the College of Education.
10. In addition, the following criteria are used: professional aptitude, personality and character, oral and written language usage, and interest in multicultural education.

All course work taken at another institution, or more than seven years ago, is subject to approval by the director of the Single Subject Program. No more than 14 quarter units of the credential program may be transferred. Student teaching or internship teaching is never transferable.

Each applicant is reviewed in terms of all of the above criteria. In addition, internship teaching for the preliminary credential is a full-time assignment for six quarters that only begins in the fall, winter or spring quarters. No concurrent course work should be taken beyond the required program courses without permission from the program coordinator.

Students who fail to successfully complete any aspect of the program will be denied continuation in the program. Students must continue to be employed in a school district that has an internship contract agreement with the Teacher Education Office in their content area for two years. An appeal process is available. Consult the Teacher Education Office for details.

Requirements for Internship Program

First Year

Foundation Theories of Secondary Education

First Quarter (14 units)
1. ESEC 405. Introduction to Secondary School Culture (4)
2. ESEC 407. Secondary School Teaching (4)
3. ESEC 570A. Intern Supervision (6)

Second Quarter (14 units)
1. ESEC 410. Adolescent Development and Learning (4)
2. ESEC 413. Language Interaction in the Classroom (4)
3. ESEC 570B. Intern Supervision (6)

Third Quarter (14 units)
1. ESEC 417. Educational Psychology Instructional Theory, Assessment and Classroom Management (4)
2. ESEC 419. Literacy Across the Curriculum (4)
3. ESEC 570C. Intern Supervision (6)

Second Year

Implementation of Reflection on Instruction
1. Admittance to the second year will be satisfactory completion of the first year of the program.

First Quarter (10 units)
1. ESEC 505. Curriculum and Instruction in the Content Areas I (2)
2. ESEC 512. Principles of Pedagogy (2)
3. ESEC 570D. Intern Supervision (6)

Second Quarter (10 units)
Students must successfully pass ESEC 512 before enrolling in these second quarter classes.
1. ESEC 508. Curriculum and Instruction in the Content Areas I (2)
2. ESEC 602. Special Topics in Education (2)
3. ESEC 570E. Intern Supervision (6)

Third Quarter (8 units)
1. ESEC 514. Assessment and Reflection on Instruction (2)
2. ESEC 570F. Intern Supervision (6)

Applications for intern candidacy must be submitted in the quarter prior to the commencement of the internship. It is the responsibility of the intern candidate to obtain employment. The university provides the names of school districts that have intern contracts. Applicants who are accepted to intern candidacy, but who do not find a position, are qualified for regular student teaching.
Additional Requirements

Upon completing the requirements for the internship program, candidates may apply for a preliminary credential. Within two years candidates must complete an induction program in the district in which they are employed to meet additional CCTC requirements to obtain a professional clear credential.

Note: Pending state legislation may require curricular changes. Students must consult the current information sheet for this credential in the Teacher Education Office, FO-125. In addition, students may be eligible for SB 57 Early Completion Internship Option. See information in the Teacher Education Office.

DESIGNATED SUBJECTS
TEACHING CREDENTIAL PROGRAM
(VOCATIONAL AND ADULT EDUCATION)

Requirements (Part-time Credential 12 units, Full-time Credential 20 units)

Admission to the Program

Appropriate work experience and a high school diploma (or the equivalent) are required for admission to the Designated Subjects Teaching Credential Program. Applicants should have at least five years of verifiable work experience in the vocation, skill, or trade to be taught. Appropriate academic course work may be counted for up to two of the five years of required work experience. At least one year of the work experience must have been completed within the three years immediately preceding application for the credential. Additional information is posted on the program web site at HTTP://VE.CSUSB.EDU.

Credential Requirements

Part-time Credential (12 units)
1. EVOC 501. Principles and Methods for Teaching Designated Subjects (4)
2. EVOC 518. Field Work in Designated Subjects (4)
3. EVOC 519. Computer Applications for Vocational Education Teachers (4)

Full-time Credential (20 units)
1. EVOC 501. Principles and Methods for Teaching Designated Subjects (4)
2. EVOC 502. Instructional Support for Teaching Designated Subjects (4)
3. EVOC 503. Contemporary Issues in Teaching Designated Subjects (4)
4. EVOC 518. Field Work in Designated Subjects (4)
5. EVOC 519. Computer Applications for Vocational Education Teachers (4)

Additional Requirements

(Full-time Credential)
Students must also complete:
1. One of the following to fulfill the United States Constitution requirement (or successful completion of an examination administered through the College of Extended Learning):
   - HIST 146. American Civilization (4)
   - HIST 200. United States History to 1877 (4)
306. Expository Writing for Education
Writing related to education including documented research reports, evaluations, and analytical papers. Revision and rewriting will be required. Course fulfills the upper-division writing requirement. May not be counted for fulfilling major requirements for any degree program offered by the College of Education. No more than one of the expository writing courses (EDUC 306, ENG 306, HUM 306, MGMT 306, NSCI 306, SSCI 306) may be taken for credit. Students who have received a grade of no credit in any combination of the expository writing courses two or more times must meet with the 306 coordinator or a designee to design a developmental writing plan as a condition for enrolling for a third quarter. All students must obtain junior status at the time of registration or the course requested will be cancelled. Formerly EDUC 495. Graded A, B, C/no credit. Prerequisites: ENG 101 and a minimum of 90 quarter (60 semester) units of college credit. (GE=F.1) (4 units)

542. Seminar in Education
Intensive study of topics and problems in education. May be repeated for credit as subject matter changes and with consent of instructor. Prerequisite: graduate standing or consent of instructor. (Credit to be arranged: 1 to 5 units)

574. Foundations of Institutional Education: History and Literature
Introduction to historic and current correctional and alternative education delivery structures, the prison reform/correctional education (CE) movement and the classic literature. Emphasis on major CE development in North America, CE paradigms, anomalies, and trends. (Also offered as EDUC 674. Students may not receive credit for both.) (4 units)

575. Educational Change in Institutional Settings
Addresses the work of reforming prisoners and prisons through democratic methods. It equips educators with specialized, professional knowledge and skills to emphasize student learning and personal/professional growth in the most restrictive learning environment. Includes coping with institutional constraints, networking for cooperative resources, managing stressful situations, and support structures that foster student learning. The metaphysical, dialectical, and paradigmatic approaches to educational change will be considered. (Also offered as EDUC 674. Students may not receive credit for both.) (4 units)

580. Teaching the Institutionalized Student
Overview of identified student needs, underlying assumptions, curricular components, and instructional methodologies appropriate to institutional education. Relevant traditional and innovative theory, practice and trends in instruction will be considered. (Also offered as EDUC 680. Students may not receive credit for both.) (4 units)

595. Independent Study
Special topics involving library and/or field research. Prerequisites: a minimum overall grade point average of 3.0, consent of instructor and college approval of a written proposal of a project submitted on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 1 to 4 units)

COURSE OFFERINGS IN EDUCATIONAL COUNSELING (ECLG)

Lower Division

222. College to Career
Introduction to personal interests, values and abilities as they impact educational and career exploration. Use of technology to help identify career choices and labor market trends. Techniques of job search as it relates to all college majors. (4 units)

Upper Division

531. Introduction to Counseling
Experience-based introduction to counseling and its techniques. This course cannot be counted among the 72 units required in the Master of Science in Counseling and Guidance. Must be taken concurrently with EDUC 607 for students in the M.S. in Counseling and Guidance and the Pupil Personnel Services Credentials. Prerequisite: approval of admission portfolio. (4 units)

536. Social-Emotional Development of the Gifted and Talented
Social, emotional and related educational needs of gifted and talented children and youth. (4 units)

542. Seminar in Educational Counseling
Intensive study of topics and problems in education. May be repeated for credit as subject matter changes and with consent of instructor. Prerequisite: graduate standing or consent of instructor. (Credit to be arranged: 1 to 4 units)

COURSE OFFERINGS IN CURRICULUM AND INSTRUCTION (EDCI)

Upper Division

540. Differentiated Curriculum and Instruction
Methods of designing curriculum and instruction to accommodate differences and diversity in learners, with an emphasis on utilizing differentiated instructional methodologies to meet the needs of gifted learners in the regular classroom. (4 units)

543. Creativity, Thinking and Problem Solving
Emphasis on characteristics, needs and appropriate education of creatively gifted individuals. Strategies for regular classroom applications of creative and critical thinking skills and infusion of problem solving across the curriculum. (4 units)

COURSE OFFERINGS IN ELEMENTARY/BILINGUAL EDUCATION (EELB)

Lower Division

130. Introduction to Careers in Education
Perspectives on public school teaching for potential elementary teachers. A minimum of 10 hours per quarter of guided field experience at an approved setting is required. Formerly EDUC 200 and EELB 200. (2 units)
220. Social Studies Curriculum and Methods in the Elementary School
Introductory course in curriculum and instruction for elementary social studies education. Includes designing instruction to meet academic needs of English language learners in a diverse society. Course requires one hour lecture and two hours activity including observation and participation in an approved setting.
A. Emphasis on history and political science. Prerequisite: admission to the B.A. in Liberal Studies, Accelerated Track. Corequisites: HIST 140T and PSCI 201T. (2 units)
B. Emphasis on economics and geography. Prerequisite: Prerequisite: admission to the B.A. in Liberal Studies, Accelerated Track. Corequisites: ECON 140T and GEOG 203T. (2 units)

285. Service Learning Experience
A. I: Supervised intern experience in the classroom. Requires 60 hours of work/study, including three 2-hour meetings on campus. Two units must be completed in a K-3 classroom setting and another two units completed in a 4-8 classroom setting taken in either order. Graded A,B,C/no credit. Formerly EELB 275 and 575. (2 units)
B. II: Continuation of EELB 285A in either a K-3 or 4-8 classroom setting. Formerly EELB 275 and 575. Graded A,B,C/ no credit. Prerequisite: EELB 285A. (2 units)

Upper Division

301. Growth and Development in Socio-Educational Contexts
Developmental characteristics of children from birth through adolescence in the areas of physical, cognitive, language, emotional, personal, social and moral development. Interaction between individual development and social and educational contexts as affected by culture, language, gender, sexual orientation, socioeconomic status, or physical/emotional/learning disabilities. Emphasis on creating classrooms which allow equitable access to education for all students. Requires a minimum six-hour field component in an approved setting. Formerly EELB 331. (4 units)

310. Educational Psychology: Teaching and Learning in Diverse Classrooms
Explores the major educational theories of human learning and cognition, reviews research on effective teaching practices, and examines the use of learning theories and research among students of differing gender, ethnicity, language, socioeconomic status, and handicapping conditions. Five hours of observation/participation in a public elementary school classroom are required. This course cannot be taken in place of EELB 317. Corequisite: HD 315. (3 units)

311. Mathematics Curriculum and Methods in the Elementary School
Introductory course in curriculum and instruction for implementing meaning-centered elementary mathematics education in a culturally diverse society and in designing instruction to meet academic needs of English language learners. Course requires three hours lecture and two hours activity including observation and participation in approved setting. Prerequisite: admission to the B.A. in Liberal Studies, Accelerated Track. Corequisite: MATH 301A. (4 units)

312. Family, Culture and Schooling
Basic understanding of the nature of culture, its manifestations, and the dynamics of crosscultural contact. Key issues of group and individual enculturation, acculturation, assimilation, multiculturalism, culture shock, racism, and gender, and their impact on educational practice. Interaction and communication with diverse families and communities. Requires a minimum six-hour field component in an approved setting. Formerly EELB 321. Must be taken in the first quarter of enrollment in the credential program and may be taken concurrently with EELB 313, 315 or 316, 317 and 519. Prerequisite: admission to the Multiple Subject Credential Program. (2 units)

313. Pedagogical Foundations for English Language Learners
Overview of various theories, principles and instructional practices designed to develop the linguistic, social and academic proficiency of English language learners. Key issues and concepts include: linguistic development, first and second language acquisition, and the relationship between first language literacy and second language development. Relevant state and federal laws pertaining to the education of English learners, the impact of these mandates on student placement and school site instructional programs, the importance of students' families, cultural backgrounds and experiences and how these relate to successful school experiences for English learners are examined. Requires a minimum six-hour field component in an approved setting. Formerly EELB 333. May be taken concurrently with EELB 312, 315 or 316, 317 and 519. Prerequisite: admission to the Multiple Subject Credential Program. (4 units)

315. Reading/Language Arts Curriculum and Pedagogy
Research-based materials, methods, and strategies for teaching reading/language arts, including explicit systematic, meaningful instruction in basic reading skills and comprehension strategies to meet the needs of English learners, proficient English learners and learners with special needs including learners with varied reading levels and language backgrounds. Emphasis is on emergent reading and writing behaviors, balanced literacy components, and literature. Requires a minimum six-hour field component including participation with beginning readers in an approved setting. Formerly EELB 445. May be taken concurrently with EELB 312, 313, 317, and 519. Prerequisite: admission to the Multiple Subject Credential Program. (3 units)

316. Reading/Language Arts (Primary Language) Curriculum and Pedagogy
Materials, methods, and strategies for teaching reading/language arts with a focus on substantive research-based instruction, including explicit systematic, meaningful instruction in basic reading skills and comprehension strategies to meet the needs of English learners, proficient English learners with special needs including learners with varied reading levels and language backgrounds. Emphasis is on emergent reading and writing behaviors, balanced literacy components, and literature. The course is taught in Spanish. Requires a minimum six-hour field component including participation with beginning readers in an approved Multiple Subject BCLAD setting. Formerly EELB 446. May be taken concurrently with EELB 312, 313, 317 and 519. Prerequisite: admission to the Multiple Subject Credential Program. (3 units)
162 / Education

317. Educational Psychology for a Diverse Society
Overview of psychological perspectives applied to education using a variety of theoretical perspectives from psychology to explore educational practices, student development and characteristics, learning processes, teaching strategies and assessment in the multicultural classroom. Requires a minimum six-hour field component in an approved setting. Formerly EELB 332. May be taken concurrently with EELB 312, 313, 315 or 316 and 519. Prerequisite: admission to the Multiple Subject Credential Program. (4 units)

334. Language Development and Schooling
First and second language acquisition and the applications of this to developing curriculum and instructional practices of English language learners. Historical, legal and educational foundations of bilingual instruction, English language development (ELD) and Specially Designed Academic Instruction in English (SDAIE) as well as enrichment versus deficit models of schooling. Requires five hours of observation and participation in an approved setting. (4 units)

335. Reading/Language Arts Curriculum and Methods in the Elementary School
Emphasis on integration of linguistic concepts with appropriate strategies for teaching emergent readers and writers of varied reading levels and language backgrounds. Strategies include developing phonemic awareness; systemic explicit phonics instruction; selection of appropriate materials and assessment measures; making reading and writing connections; supporting comprehension and vocabulary development; and organizing classrooms for a balanced literacy program. Course requires three hours lecture and two hours activity including observation and participation in approved setting. Prerequisite: admission to the B.A. in Liberal Studies, Accelerated Track. Corequisite: ENG 311. (4 units)

342. Curriculum and Methods for Early Childhood Education
Principles, methods and materials of instruction appropriate for young children. Prerequisites: EELB301 and 312. (4 units)

414. Science Curriculum and Methods in the Elementary School
Introductory course in curriculum and instruction for implementing meaning-centered elementary science education in a culturally diverse society and in designing instruction to meet academic needs of English language learners. Course requires three hours lecture and two hours activity including observation and participation in approved setting. Prerequisite: admission to the B.A. in Liberal Studies, Accelerated Track. Corequisite: CHEM 304, GEOL 304 or PHYS 304. (4 units)

422. Classroom Organization, Management and Discipline
Seminar focusing on knowledge, skills and dispositions required to create and maintain a supportive, healthy environment for student learning. Topics include learning about students, encouraging parental involvement and support, understanding multiple factors that influence behavior, using support personnel, establishing procedures which result in using instructional time effectively, and developing a discipline plan based on research and personal educational philosophy. Must be taken with EELB 540A or 560A. May be taken concurrently with EELB 423, 425 and 529. Prerequisites: admission to the Multiple Subject Credential Program and completion of all Phase I courses. (2 units)

423. Mathematics Curriculum and Pedagogy
Introductory course in curriculum and instruction in mathematics. Emphasis on implementing state adopted mathematics curriculum standards and skills in an elementary classroom based on an in depth understanding of concepts, skills, and strategies in mathematics. Includes designing instruction to meet the academic needs of all learners in a diverse classroom including English learners and learners with special needs. Formerly EELB 441. Must be taken in Phase II with EELB 540A or 560A or by consent of instructor. May be taken concurrently with EELB 422, 425 and 529. Prerequisites: admission to the Multiple Subject Credential Program and completion of all Phase I courses. (4 units)

425. Literacy and Second Language Acquisition for the Intermediate Reader and Beyond
Continuation of EELB 315 and 316 which extends the study of literacy development for the intermediate reader and beyond for all learners including English learners, proficient English learners, and learners with special needs. Emphasis on developing higher level academic skills for complex reading, writing, speaking, and thinking; approaches to English language development (ELD); planning for both language and content instruction, literacy in the content areas; development of strategies to build comprehension and fluency; assessment techniques; and transfer of literacy skills from first to second language. Formerly EELB 449. Must be taken concurrently with EELB 540A or 560A. May be taken concurrently with EELB 422, 423, and 529. Prerequisites: admission to the Multiple Subject Credential Program and completion of all Phase I courses. (3 units)

429. Reading, Writing and Literary Analysis in the Elementary School
Emphasis on approaches to reading and writing in the content areas; analysis of literature; assessment techniques; and strategies for making reading, writing and literature comprehensible to all students including English language learners. Course builds on process writing concepts including drafting, peer editing, and idea development. Course requires three hours lecture and two hours of activity including observation and participation in approved setting. Prerequisites: admission to the B.A. in Liberal Studies, Accelerated Track, EELB 235, ENG 306, and 311. Corequisite: ENG 301, 302, 303, 304, 309 or 320. (4 units)

430. Supervised Student Teaching in the Blended Program
Teaching in elementary grades in the public schools. Graded credit/no credit. Prerequisites: admission to the B.A. in Liberal Studies, Accelerated Track and admission to student teaching. Corequisite: HUM 497. (8 units)

480. Capstone Seminar
Seminar on issues in curriculum, instruction and assessment; reflection on all previous course work and experiences; and continuing development of the teaching portfolio to accompany second quarter elementary student teaching. Graded credit/no credit. Prerequisites: EELB 450A, 451 and 533 or 534. Corequisites: EELB 450B, 452 and 511. (2 units)
511. Theory and Practice for English Language Development (ELD)
Study and practice of the design, implementation and assessment of a communication-based curriculum for the English language learners in all stages of second language development. Includes selection and use of appropriate ELD strategies and materials. (Also offered as ESEC 511. Students may not receive credit for both.) Prerequisites: EELB 312, EESL 536 or ESEC 521; and EELB 313, or ESEC 333. (4 units)

512. Spanish Children’s Literature for the Bilingual Classroom
Examines children's literature and how it has the potential to be culturally authentic, interesting and effective in literacy instruction. (Also offered as EELB 611. Students may not receive credit for both.) (4 units)

513. Motivation and Behavior Management of Children
Addresses developmentally-appropriate practices in motivating and sustaining school-aged children's interest, involvement, and appropriate conduct. Theories of achievement motivation and research on student involvement will be addressed as they apply to classrooms where students differ in culture, gender, language, ethnicity, socio-economic status, and handicapping conditions. Approaches to management of classroom resources and student behavior will be analyzed as students develop their own discipline plans. Five hours of observation/participation in a public elementary school classroom are required. (Also offered as HD 513. Students may not receive credit for both.) Prerequisites: senior standing, EELB 310 and HD 315 or equivalent. (3 units)

519. Assessment Seminar I
Seminar focusing on knowledge, skills and dispositions required of first-year teachers. Emphasis on content specific and developmentally-appropriate pedagogy, characteristics of English learners and learners with special needs, and demonstration of Teacher Performance Expectations 1, 3, 4, 6 and 7. Must be the last course taken in Phase I. Graded credit/no credit. Prerequisite: admission to the Multiple Subject Credential program. Prerequisite or corequisite: all courses in Phase I. (2 units)

529. Assessment Seminar II
Seminar focusing on knowledge, skills and dispositions required of first-year teachers. Emphasis on connecting instructional planning to student characteristics for academic learning; designing instruction in physical education; and demonstration of Teacher Performance Expectations 1, 4, 6, 7, 8, 9, and 13. Graded credit/no credit. Corequisite: EELB 540A for student teachers or EELB 560B for intern teachers. Prerequisites or corequisites: EELB 422, 423, 425 for student teachers or EELB 532 for intern teachers. Prerequisite: admission to the Multiple Subject Credential program and all Phase I courses for student teachers or all courses in Phase I and II for intern teachers. (2 units)

532. Science/Health Curriculum and Pedagogy
Introductory course in curriculum and pedagogy in science and health. Emphasis on implementing state adopted science and health curriculum standards in an elementary classroom. Includes designing instruction to meet academic needs of all learners including English language learners and learners with special needs. Formerly EELB 443. Must be taken with EELB 540B or 560B for those not in supervision or consent of instructor. Corequisite: must be taken concurrently with EELB 533 or 534 and 539 for student teachers or with EELB 529 for intern teachers. Prerequisites: admission to the Multiple Subject Credential Program and completion of all Phase I and II courses. (4 units)

533. Social Studies and the Arts Curriculum and Pedagogy
Introductory course in curriculum and pedagogy in history/social studies and visual/performing arts. Emphasis on implementing state adopted curriculum standards and skills in an elementary classroom based on an in-depth understanding of concepts, skills, and strategies in history/social studies and the visual/performing arts. Includes designing a teaching unit to meet academic needs of all learners including English language learners and learners with special needs. Formerly EELB 447. Corequisite: EELB 540B or 560C. May be taken concurrently with EELB 532 and 539 for student teachers or with EELB 539 for intern teachers. Prerequisites: admission to the Multiple Subject Credential Program and completion of all Phase I, II and III courses for intern teachers. (4 units)

534. Social Studies and the Arts (Primary Language) Curriculum and Pedagogy
Introductory course in curriculum and pedagogy in history/social studies and the visual/performing arts. Emphasis on implementing state adopted curriculum standards and skills in an elementary school based on an in-depth understanding of concepts, skills, and strategies in history/social studies and the visual/performing arts. Includes designing a teaching unit to meet academic and language needs of all learners including Spanish-speaking learners and learners with special needs. Part of the course will be taught in Spanish. Formerly EELB 448. May be taken concurrently with EELB 532 and 539 for student teachers or with EELB 539 for intern teachers. Prerequisites: admission to the Multiple Subject Credential program and completion of all Phase I and II courses for student teachers or completion of all Phase I, II, and III courses for intern teachers. Corequisite: EELB 540B or 560C. (4 units)

539. Assessment Seminar III
Seminar focusing on knowledge, skills and dispositions required of first-year teachers. Emphasis on assessment of learning goals; lesson design, implementation, and reflection after instruction; professional, legal and ethical obligations; and demonstration of Teacher Performance Expectations 1 through 13. Graded credit/no credit. Corequisite: EELB 540B for student teachers or EELB 560C for intern teachers. Prerequisites or corequisites: EELB 532 and 533 or 534 for student teachers or EELB 533 or 534 for intern teachers. Prerequisites: admission to the Multiple Subject Credential program and all Phase I and II courses for student teachers or Phase I, II and III courses for intern teachers. (2 units)

540. Supervised Student Teaching in Multiple Subject
Teaching practice in public schools in a multiple subject setting as defined by CCTC. Two quarters of student teaching are required. Graded credit/no credit. Formerly EELB 450 A. Must be taken concurrently with EELB 529. Should be taken concurrently with EELB 422, 423, and 425. Prerequisite: admission to supervision as a student teacher. (6 units)

B. Must be taken concurrently with EELB 539. Should be taken concurrently with EELB 532 and 533 or 534. Prerequisites: EELB 422, 423, 425, 529 and 540A. (6 units)

C. Prerequisite: consent of program director. (6 units)
542. Seminar in Elementary/Bilingual Education
Intensive study of topics and problems in education. May be repeated for credit as subject matter changes and with consent of instructor. Prerequisite: graduate standing or consent of instructor. (Credit to be arranged: 1 to 4 units)

545. Teaching Science in Elementary School
Intensive study of teaching science in elementary school. Exploration, analysis, interpretation and implementation of science process teaching. Intended for experienced teachers. Prerequisite: consent of instructor. (4 units)

551. Internship Seminar I: Classroom Organization, Management and Discipline
Seminar for CLAD and BCLAD interns, focusing on the knowledge, skills and attitudes related to classroom organization, management and discipline that are required for a first year teacher during the first month of teaching. Graded credit/no credit. Formerly EDUC 555B. Prerequisite: admission into the Multiple Subject CLAD or BCLAD Credential Program (Intern Track). (2 units)

554. Internship Seminar II: Curriculum and Instruction for a Diverse Society
Seminar for CLAD and BCLAD interns focusing on knowledge, skills and attitudes required for a first year teacher. Included are developing curriculum and instruction for English Language Learners. Key issues and concepts include the following: first and second language acquisition theories; enrichment versus deficit models of schooling; role of verbal interaction in the classroom; bilingual education; English language development (ELD) and specially designed academic instruction in English (SDAIE). Other issues include historical, legal, and educational foundations of bilingual education, organizational models and instructional approaches. This course fulfills the credential requirement for EELB 313. Formerly EDUC 550D. Prerequisite: admission into the Multiple Subject CLAD or BCLAD Credential Program (Intern Track). Corequisite: EELB 455A. (4 units)

555. Internship Seminar III: Literacy and Second Language Acquisition in the Elementary School
Seminar for CLAD and BCLAD interns focusing on knowledge, skills and attitudes required for a first year teacher. Continuation of EELB 315/316 which extends the study of literacy development. Emphasis on approaches to English Language Development (ELD), planning for both language and content instruction (SDAIE), literacy in the content areas, development of comprehension strategies for all students, assessment techniques, strategies for working with preliterate students, and transfer of literacy skills from first to second language. This course fulfills the credential requirements for EELB 425. Formerly EDUC 555. Prerequisites: EELB 315 or 316 and admission to the Multiple Subject CLAD or BCLAD Credential Program (Intern Track). Corequisite: EELB 455A, 455B, or 455C. (4 units)

556. Internship Seminar IV: Capstone
Seminar for CLAD and BCLAD interns focusing on knowledge, skills and attitudes required for a first year teacher. This seminar includes: discussion of issues in continuing development of the teaching work and experiences; continuing development of the teaching portfolio. Fulfills the credential requirement included with EELB 540. Formerly EDUC 556. Graded credit/no credit. Prerequisite: admission to the Multiple Subject CLAD or BCLAD Credential Program (Intern Track). (2 units)

560. Supervised Intern Teaching in Multiple Subject
Full-time teaching in the public schools under the intern credential in a multiple subject setting as defined by CCTC. Three quarters of supervised intern teaching are required. Formerly EELB 455. Graded credit/no credit.
A. Prerequisites: admission to the intern program, completion of EELB 312, 313, 315 or 316, 317 and admission to supervision. Corequisites: EELB 422, 423, and 425. (8 units)
B. Prerequisites: EELB 312, 313, 315 or 316, 317, 422 423, 425, and 560A. Corequisites: EELB 529 and 532. (8 units)
C. Prerequisites: EELB 533 or 534 and 539. (8 units)

COURSE OFFERINGS IN ENGLISH AS A SECOND LANGUAGE (EESL)

521. Computer-Assisted Language Learning
Survey of theory and practice in teaching English to speakers of other languages by means of computer applications including the internet, CD-ROM and multimedia-based software. Three hours lecture and two hours activity. (4 units)

536. Crosscultural Teaching
Methods and teaching techniques for teaching in multicultural and crosscultural settings in both ESL and EFL contexts. Developing cultural awareness of teachers to assist them in relating to and motivating culturally diverse students. May be taught through distance learning. Formerly EELB 536. (4 units)

544. Reading Methods for TESOL
Reading methods for English language learners, featuring literacy transfer from the first language, explicit instructions in phonetics, and emergent literacy for adults. (4 units)

545. Writing Methods in TESOL
Survey of contemporary approaches to writing, contrasting styles and formats appropriate for creative writing and personal essays with writing intended for purposes of textual analysis and social or cultural expression. Various computer technologies will be used to assist in idea generation, text processing, editing, and desktop publishing. Class will include peer-collaborative tutoring techniques. (4 units)

COURSE OFFERINGS IN SECONDARY EDUCATION (ESEC)

321. Culture and Schooling
Basic understanding of the nature of "culture," its manifestations and the dynamics of crosscultural contact. Key issues of group and individual acculturation, assimilation, biculturalism, culture shock, and racism and their impact on educational practice. Includes a ten-hour field component at an approved setting. Meets CCTC early field requirement. (For CLAD Certificate candidates only: EESL 536 may be substituted for this course.) (4 units)
332. Educational Psychology for a Diverse Society
Overview of psychological principles applied to educational theory and practice. Course uses humanistic, behavioral, anthropological, and cognitive research to explore educational practices, student characteristics, learning processes, teaching strategies, and classroom evaluation in the multicultural classroom. Requires a ten-hour field component in an approved setting. Two hours lecture and two hours discussion. (4 units)

333. Curriculum and Instruction for a Diverse Society
Overview of the social, theoretical, classroom and policy perspectives used to explain the school performance of English language learners. Includes historical, legal, and educational foundations of bilingual education; first and second language acquisition; structure of language; nonverbal communication; English language development; specially designed academic instruction in English; assessment and placement issues; and an examination of the role of verbal interaction in learning. Requires a ten-hour field component in an approved setting. Prerequisite or corequisite: ESEC 321. (For CLAD Certificate candidates only: EESL 536 may be substituted for ESEC 321.) (4 units)

405. Introduction to Secondary School Culture
Examine the importance of students as the center of school culture. Analyzes a broad range of issues and theories that serve as the foundation to the profession of teaching in a diverse society. Prerequisite: admission to the program. (4 units)

407. Secondary School Teaching
Comprehensive and balanced view of teaching and all its complexities. Prerequisite: admission to the program. (4 units)

410. Adolescent Development and Learning
In-depth understanding of the developmental characteristics of early, middle and late adolescence as applicable to teaching in the secondary school settings and teaching. Prerequisite: admission to the program. (4 units)

413. Language Interaction in the Classroom
Examine the philosophy, design, goals and characteristics of school-based organizational structures designed to meet needs of English language learners (ELLS). Prerequisites: admission and good standing in the program or consent of program director. (4 units)

417. Educational Psychology: Instructional Theory, Assessment and Classroom Management
Examines psychological principles applied to instructional theory and practice. Develops skills and classroom management for the multicultural, single subject classroom. Prerequisite: knowledge of the Single Subject Program or consent of program director. (4 units)

419. Literacy Across the Curriculum
Acquire and demonstrate research-based instruction that provides for teaching effective strategies and methods for guiding and developing the content based reading and writing abilities of all students, including students of varied reading levels and language backgrounds. Prerequisites: admission and good standing in the program or consent of program director. (4 units)

421. Secondary Student Teaching
Full-time teaching in the junior or senior high school. Graded credit/no credit.
A. Must be taken concurrently with ESEC 441 or its equivalent, or ESEC 480. Prerequisites: ESEC 332, 440, 445 and admission to student teaching. (8 units)
B. Must be taken concurrently with ESEC 441 or its equivalent or ESEC 480. Prerequisite: satisfactory completion of 421A. (8 units)
C. Prerequisites: satisfactory completion of 421A and 421B and consent of department chair. (8 units)

440. Secondary School Curriculum and Instruction I
Introductory course in secondary curriculum and teaching methods with emphasis on instructional planning, strategies and evaluation, technology as applied to teaching, and classroom management. A minimum of ten hours per quarter of classroom observations in an approved setting is required. Prerequisites: ESEC 321, 332, and admission to the program for the Single Subject Credential. (4 units)

441. Secondary School Curriculum and Instruction II
Introductory course in secondary curriculum and teaching methods with emphasis on subject area materials, mediated materials, secondary curriculum and legal aspects of teaching as a profession. Prerequisites: consent of department chair and admission to the Single Subject Credential program.
A. Art. May be taken prior to or concurrently with ESEC 421A. (4 units)
E. English. Corequisite: ESEC 421A or 421B. (4 units)
F. Foreign Language. May be taken prior to or concurrently with ESEC 421A. (4 units)
H. Music. May be taken prior to or concurrently with ESEC 421A. (4 units)
L. Life and Physical Sciences. (4 units)
M. Mathematics. Corequisite: ESEC 421A or 421B. (4 units)
O. Other. Corequisite: ESEC 421A or 421B. (4 units)
P. Physical Education. May be taken prior to or concurrently with ESEC 421A. (4 units)
S. Social Sciences. Corequisite: ESEC 421A or 421B. (4 units)

443. Adolescent Development and Educational Contexts
Organization of middle school and high school education will be examined. Interaction between adolescent development and community and school contexts will be studied in relation to current research and practice. Includes a ten-hour field component at approved settings. Prerequisites: ESEC 321, 332 and 333. (4 units)

445. Teaching Reading and Writing in Secondary School Subjects
Methods of diagnosing and teaching specific reading and writing skills in secondary school subjects. A minimum of 24 hours per quarter of field experiences in an approved setting is required. Prerequisites: ESEC 321, 332, and admission to the Single Subject Credential program. (4 units)
480. Student Teaching Seminar
A. Seminar to accompany the first quarter of student teaching. Includes curriculum planning, instruction, student evaluation, and classroom management with assignments related to the student teaching placement. Graded credit/no credit. (2 units)
B. Seminar to accompany the second quarter of student teaching. Culminating experience of the teacher preparation program. Students will prepare a portfolio that documents professional development and provides the means to assess program experiences and future professional growth. Graded credit/no credit. (2 units)

505. Curriculum and Instruction in the Content Areas I
Examines the content to be made accessible to all students from varied populations. Student evaluation, assessment and practice that provide equality and access to content area. Prerequisites: admission and good standing in the program or consent of program director.
A. Art (2 units)
E. English (2 units)
F. Foreign Languages (2 units)
H. Music (2 units)
L. Life and Physical Sciences (2 units)
M. Mathematics (2 units)
O. Other (2 units)
P. Physical Education (2 units)
S. Social Sciences (2 units)

508. Curriculum and Instruction in the Content Areas II
Review and reflect on application of methodologies and strategies through microteaching. Prerequisite: admission and good standing in the program or consent of program director.
A. Art (2 units)
E. English (2 units)
F. Foreign Languages (2 units)
H. Music (2 units)
L. Life and Physical Sciences (2 units)
M. Mathematics (2 units)
O. Other (2 units)
P. Physical Education (2 units)
S. Social Sciences (2 units)

510. Teaching English as a Second Language in Secondary Schools
Offers a broad overview of approaches and methods used in language teaching, but will focus specifically on practices that can support the development of English language proficiencies needed for success in secondary schools. Prerequisites: ESEC 321 and 333. (4 units)

511. Theory and Practice for English Language Development (ELD)
Study and practice of the design, implementation, and assessment of a communication-based curriculum for the English language learners in all stages of second language development. Includes selection and use of appropriate ELD strategies and materials. Prerequisites: EELB 312, EESL 536 or ESEC 321; and EELB 313 or ESEC 333. (4 units)

512. Principles of Pedagogy
Teacher performance assessment of 1 and 2 which consists of Teacher Performance Expectations 1, 3, 4, 6, 7, 8, 9 and 12. Prerequisites: admission and good standing in the program or consent of program director. (2 units)

514. Assessment and Reflection of Instruction
Teacher performance assessment of 3 and 4 which consists of Teacher Performance Expectations 2, 3, 4, 5, 6, 7, 8, 9, 10, 11 and 13. Prerequisites: admission and good standing in the program or consent of program director. (2 units)

515. Issues and Trends in Secondary Education
Examination of issues and trends in secondary education. May be repeated with consent of advisor. Prerequisite: consent of advisor. (2 units)

517. Middle School Curriculum and Instruction
Examination of middle school curriculum design and instructional practices. (4 units)

521. Instructional Strategies and Approaches to Middle Grade
Instructional methods, techniques and evaluation procedures especially appropriate for middle schools. (4 units)

522. Practicum in Middle Grade Education
Practicum for middle grade philosophies, objectives, and functions. Prerequisites: ESEC 443, 517 and 521. (4 units)

523. Mainstreaming Exceptional Students in the Secondary Classroom
Addresses the needs of exceptional students in the mainstreamed secondary school classroom. Current research, practice and legislation will be examined as they apply to the secondary school teacher and students. (2 units)

542. Seminar in Secondary Education
Intensive study of topics and problems in education. May be repeated for credit as subject matter changes and with consent of instructor. Prerequisite: graduate standing or consent of instructor. (Credit to be arranged: 1 to 4 units)

545. Adolescents Literacy Tutoring
Tutor training for students to work with low literacy and at-risk adolescents in reading. Topics include literacy methods, multicultural issues, learning disabilities and use of educational software. 20 hours lecture and 48 hours of tutoring an adolescent in a field-based setting. Prerequisite: consent of instructor. (4 units)

550. Student Teaching
Full-time teaching in a single subject setting at a public school. Graded credit/no credit.
A. Prerequisite: must be enrolled in a single subject program or consent of program director. (2 units)
B. Prerequisite: successful completion of ESEC 550A. (4 units)
C. Prerequisite: successful completion of ESEC 550B. (8 units)

554. Internship Seminar I
Seminar for secondary interns, focusing on knowledge, skills and attitudes required of a first-year teacher. Prerequisite: admission to Single Subject Teaching Credential Internship Track. (4 units)
555. Internship Seminar II
Seminar for secondary interns, focusing on knowledge, skills and attitudes required of a first year teacher. Prerequisite: ESEC 554. (2 units)

556. Internship Seminar III
Seminar for secondary interns, focusing on knowledge, skills and attitudes required of a first year teacher. Prerequisite: ESEC 555. (2 units)

560. Study Skills for Secondary School
Programs, methods and materials for teaching study skills to exceptional junior and senior high school students. Study strategies include: note taking, organization, memory devices, study contracts and preparation for examinations. (4 units)

570. Intern Supervision
Full-time teaching in a single subject setting in a public school. Graded credit/no credit. Formerly ESEC 422.
A. Prerequisite: enrollment in Single Subject Program. (6 units)
B. Prerequisite: satisfactory completion of ESEC 570A and consent of program coordinator. (6 units)
C. Prerequisite: satisfactory completion of ESEC 570B. (6 units)
D. Prerequisite: satisfactory completion of ESEC 570C. (6 units)
E. Prerequisite: satisfactory completion of ESEC 570D. (6 units)
F. Prerequisite: satisfactory completion of ESEC 570E. (6 units)

COURSE OFFERINGS IN SPECIAL EDUCATION (ESPE)

Lower Division

350. Introduction to Special Populations for General Education Teachers
Introduction to special populations in the mainstream classroom for general educators. Development of basic skills for teaching special populations in the general education classroom including differentiated instructional strategies within the core curriculum, roles of general education teachers, and creating a positive inclusive climate of instruction for exceptional learners. A minimum of three hours of fieldwork is required. (4 units)

Upper Division

523. Mainstreaming Handicapped Individuals in the Elementary Classroom
Introduction to the adaptation of curriculum, methods and materials necessary for accommodating exceptional individuals in the regular elementary classroom. (2 units)

529. Introductory Methods for Special Education
Instruction in positive classroom and behavior management, effective teaching skills, modification of core curriculum, assessment techniques, IEP development, and relationships with other professionals. (4 units)

530. Psychology and Education of Exceptional Individuals
Characteristics and educational implications of physical, intellectual, social and emotional deviations among exceptional individuals. Ethical and legal aspects of special education. Observations in educational settings. (4 units)

532. Introduction to Teaching Individuals with Exceptional Needs
Learning characteristics of individuals with handicaps related to educational procedures and intervention strategies. Study and observation of education and intervention theory and practices. Prerequisite: ESPE 530 or consent of instructor. (4 units)

538. Introduction to Teaching the Gifted and Talented
Definition, characteristics and development of the gifted and talented individual. Identification procedures. Current legislation and educational practices. Eight hours of class and activities weekly. Prerequisite: consent of instructor. (4 units)

539. Programs for Teaching the Gifted and Talented
Development of school programs for gifted and talented: identification, objectives, scheduling, curriculum, materials and program assessment. Prerequisites: ESPE 538 and consent of instructor. (4 units)

540. Strategies for Remedial Teaching
Methods of diagnosing needs, teaching basic subjects; organizing curriculum, and controlling behavior of low achieving students in the regular elementary classroom. (4 units)

542. Seminar in Special Education
Intensive study of topics and problems in education. May be repeated for credit as subject matter changes and with consent of instructor. Prerequisite: graduate standing or consent of instructor. (Credit to be arranged: 1 to 4 units)

545. Computer Technology and Assistive Devices
Review of, and training in, computer technology and assistive devices that provide solutions to problems in educational and employment environments faced by persons with disabilities. Formerly a topic under ESPE 542. Two hours lecture and two hours laboratory. Graded A,B,C/no credit. Prerequisite: consent of instructor. (3 units)

COURSE OFFERINGS IN INSTRUCTIONAL TECHNOLOGY (ETEC)

Upper Division

500. Foundations in Instructional Technology
Introduction to instructional technology and its foundations. Includes electronic media, operating systems, networks and multimedia in educational and corporate environments. This is a prerequisite for all other ETEC courses; an IT orientation with program faculty/advisors will be part of the first week of the course. Formerly ETEC 547. (4 units)
537. **Computer Based Technology in Education I**
Operations, terminology and components of computing systems. Emphasis on the appropriate use of computer-based technology for information collection, analysis and management in the instructional setting. No programming or previous computer experience required. May not be taken for credit by students who have received credit for CSCI 127. One hour lecture and two hours laboratory. Meets Level I competencies for the preliminary credential. (2 units)

542. **Seminar in Instructional Technology**
Intensive study of topics and problems in education. May be repeated for credit as subject matter changes and with consent of instructor. Prerequisite: graduate standing or consent of instructor. (Credit to be arranged: 1 to 4 units)

543. **Technology and Learning I**
Explores connections between technology and the teaching and learning process through current research in instructional technology and learning theories. Prerequisite: ETEC 500. (4 units)

544. **Design and Development of Instructional Materials I**
Examination of various models of instructional design and procedures used in the production of instructional materials. Prerequisite: ETEC 500. (4 units)

546. **Computer Based Technology in Education II**
Application of computer-based technology for information collection, analysis and management to support teaching, learning and learning environments. Meets technology competencies for the professional credential. Three hours lecture and two hours laboratory. (4 units)
Like English departments in most colleges and universities, the English Department at California State University, San Bernardino is devoted to the study of literature and language. The major in English consists of a common core and three tracks. The core provides background for more advanced courses, with offerings in English literature, American literature, noncanonical literature, as well as analysis of particular genres, literary theory, and introduction to linguistics.

The Literature Track offers courses focused on particular themes, genres, authors, topics, and periods. The Creative Writing Track gives students the opportunity to do extensive, sequenced work in poetry or fiction writing and exposes them to the writing of other genres. The Linguistic Track enables students to understand human language in its many facets: its history, its structure, its variation, its relationship with society and culture, and how it is acquired by children and adults.

The English Department also sponsors The Pacific Review, a literary journal mingling professional and student contributions. Work on this journal provides excellent training for students in editorial work.

As language and culture are understood best in a global context, the English Department encourages students to participate in the California State University’s International Programs. For further information, see Page 25.

B.A. IN ENGLISH
Requirements (73 units)
Total units required for graduation: 180

Requirements for the B.A. in English:

Lower-division requirements (12 units)
1. ENG 230. English Literature I (4)
2. ENG 231. English Literature II (4)
3. ENG 232. English Literature III (4)

Upper-division requirements (61 units)
4. Eight units chosen from:
   ENG 301. Analysis of Poetry (4)
   ENG 302. Analysis of Drama (4)
   ENG 303. Analysis of Prose Fiction (4)
   ENG 304. Analysis of Nonfiction Prose (4)
5. ENG 311. The English Language (4)
6. ENG 330. American Literature I (4)
7. ENG 331. American Literature II (4)
8. ENG 332. American Literature III (4)

9. Four units chosen from:
   ENG 314. American Indian Literature (4)
   ENG 319. Studies in Literary Diversity (4)
   ENG 323. Chicano Literature (4)
   ENG 336. Women Writers (4)
   ENG 339. African American Literature (4)
7. ENG 385. Literary Theory and Criticism (4)

Note: Students in the Creative Writing or Linguistics Track who are NOT seeking to be recommended for the teaching credential (English subject matter program) may substitute another upper-division English course for ENG 385.

8. Four units chosen from:
   ENG 475. Shakespeare I (4)
   ENG 476. Shakespeare II (4)
9. ENG 516. Senior Project (1)

10. Twenty-four units chosen from one of the following tracks (A, B or C): To be recommended for the teaching credential, students must include the courses specified under the Teaching Credential Program requirements below.

A. Literature Track
1. Four units chosen from:
   ENG 321. Studies in Language and Linguistics (4)
   ENG 322. Studies in Literary Themes, Genres, or Authors (4)
   ENG 333. Myth and Epic (4)
   ENG 335. Studies in the Novel (4)

2. Four units chosen from:
   ENG 401. English Literature of the Middle Ages (4)
   ENG 402. English Literature of the Renaissance (4)
   ENG 406. Seventeenth Century Literature (4)
   ENG 409. English Literature of the Restoration and Eighteenth Century (4)
   ENG 412. Romantic Prose and Poetry (4)
   ENG 415. Victorian Literature (4)
   ENG 442. Modern Poetry (4)
   ENG 443. Contemporary Poetry (4)
   ENG 446. Modern Fiction (4)
170 / English

3. Four units chosen from:
   - ENG 510. English in the Secondary Classroom (4)
   (Must be taken by students who wish to be recommended for the Teaching Credential in English.)
   - ENG 515. Senior Seminar in Literature (4)
4. Twelve units of upper-division electives, which may include HUM 312 and up to eight units of foreign literature or literature in translation.

B. Creative Writing Track
1. ENG 317. Introduction to Creative Writing: Poetry (4)
2. ENG 318. Introduction to Creative Writing: Fiction (4)
3. Four units chosen from:
   - ENG 417. Intermediate Creative Writing: Poetry (4)
   - ENG 418. Intermediate Creative Writing: Fiction (4)
4. Four units chosen from:
   - ENG 507. Advanced Creative Writing: Poetry (4)
   - ENG 508. Advanced Creative Writing: Fiction (4)
5. Four units chosen from:
   - ENG 316. Introduction to Creative Writing: Specialized Genres (4)
   - ENG 347. Playwriting (4)
   - ENG 511. Creative Writing in the Classroom (4)
   - ENG 513. Advanced Creative Writing in Specialized Genres (4)
   - ENG 522. Independent Study in Writing (4)
   - TA 347. Playwriting (4)
   Any of ENG 417, 418, 507 or 508 that is not used to satisfy one of the foregoing requirements.
6. Four units of upper-division electives in English, which may include HUM 312 and courses in foreign literature or literature in translation.

C. Linguistics Track
1. HUM 312. Theories of Language Acquisition and Learning (4)
2. ENG 420. Pedagogical Grammar (4)
3. ENG 422. History of English (4)
4. ENG 523. English Syntax (4)
5. ENG 524. Sociolinguistics (4)
6. Four units chosen from:
   - ENG 321. Studies in Language and Linguistics (4)
   - ENG 510. English in the Secondary Classroom (4)
   (Must be taken by students who wish to be recommended for the Teaching Credential in English.)

It is strongly recommended that students majoring in English take ENG 306 to satisfy the upper-division writing requirement of the university; however, ENG 306 is not applicable toward the English major.

Students planning to do graduate work in English literature are strongly advised to acquire a reading knowledge of at least one foreign language and to consider taking ENG 515 in their junior year.

TEACHING CREDENTIAL PROGRAM

In order to be recommended for the teaching credential (English Subject Matter Program), students must complete the requirements for either the Literature Track, the Creative Writing Track, or the Linguistics Track in English as well as the following requirements:

1. Students must include among their English electives within their track:
   - ENG 510. English in the Secondary Classroom (4)
   - ENG 420. Pedagogical Grammar (4)
   - HUM 312. Theories of Language Acquisition and Learning (4)

2. Students must take ENG 306 or HUM 306 to satisfy the upper-division writing requirement of the university.

3. Students must demonstrate familiarity with appropriate educational technology. They may do so by one of the following two methods:
   a. successful completion of one of the following courses:
      - COMM 245. Introduction to TV and Video Production
      - CSCI 127. Introduction to Computer Technology for Educators
   b. submitting to the Chair of the English Department evidence, verified by professional staff or faculty, that the student has either interned in a computer-equipped writing lab or had work experience in which the student used forms of technology appropriate for the study and teaching of literature, composition, language, linguistics or other related fields. (Experience limited to just word-processing will not be credited.)

Prior to student teaching, students must demonstrate subject matter competence as assessed by the Department of English. For information about the professional education component, prerequisites for and admission to the teacher education program, or specific requirements of the single subject teaching credential program, see Page 156 or contact the Credentials Office (C.A.S.E.).

For subject matter programs in English with concentrations in Communication or Theatre Arts, see listings under the Communication Studies or Theatre Arts Departments respectively.

MINOR IN ENGLISH

Requirements (32 units)

Requirements for a minor in English:
1. ENG 311. The English Language (4)
2. Four units chosen from:
   - ENG 301. Analysis of Poetry (4)
   - ENG 302. Analysis of Drama (4)
   - ENG 303. Analysis of Prose Fiction (4)
   - ENG 304. Analysis of Nonfiction Prose (4)
3. Eight units chosen from:
   - ENG 230. English Literature I (4)
   - ENG 231. English Literature II (4)
   - ENG 232. English Literature III (4)
   - ENG 330. American Literature I (4)
   - ENG 331. American Literature II (4)
   - ENG 332. American Literature III (4)
4. Four units chosen from:
   ENG 475. Shakespeare I (4)
   ENG 476. Shakespeare II (4)

5. Four units chosen from:
   ENG 401. English Literature of the Middle Ages (4)
   ENG 403. English Literature of the Renaissance (4)
   ENG 406. Seventeenth Century Literature (4)
   ENG 409. English Literature of the Restoration and Eighteenth Century (4)
   ENG 412. Romantic Prose and Poetry (4)
   ENG 415. Victorian Literature (4)
   ENG 442. Modern Poetry (4)
   ENG 443. Contemporary Poetry (4)
   ENG 446. Modern Fiction (4)

6. Four units chosen from:
   ENG 314. American Indian Literature (4)
   ENG 319. Studies in Literary Diversity (4)
   ENG 323. Chicano Literature (4)
   ENG 336. Women Writers (4)
   ENG 339. African American Literature (4)

7. Four additional units chosen from any upper-division English course except:
   ENG 300. English Workshop
   ENG 306. Expository Writing
   ENG 399. Community Service Project

DEPARTMENTAL HONORS

Students majoring in English are eligible to receive honors in English at graduation if they have:
1. Completed at least one-half of the course work required in the major at this university;
2. Earned a grade point average of at least 3.5 in all courses attempted in the major at this university;
3. Earned an overall undergraduate grade point average of at least 3.0;

CERTIFICATE PROGRAMS

Certificates may be earned by regularly matriculated or extended learning students and denote successful completion of a prescribed program of study designed to a) impart specified professional/vocational/career competencies; or b) produce mastery of the content of a sub-field of an academic major (discipline); or c) provide exposure to the range of materials in a traditional or emerging interdisciplinary field. Certain certificate programs contain 600-level courses as requirements and/or electives. These 600-level courses may not be taken by undergraduate students. Refer to Page 63 for additional certificate information.

Certification in Writing: Creative Writing

Certificate Requirements (28 units)
1. ENG 317. Introduction to Creative Writing: Poetry (4)
2. ENG 318. Introduction to Creative Writing: Fiction (4)
3. Four units chosen from:
   ENG 417. Intermediate Creative Writing: Poetry (4)
   ENG 418. Intermediate Creative Writing: Fiction (4)
4. Four units chosen from:
   ENG 507. Advanced Creative Writing: Poetry (4)
   ENG 508. Advanced Creative Writing: Fiction (4)
   ENG 513. Advanced Creative Writing in Specialized Genres (4)
5. Four units chosen from:
   ENG 301. Analysis of Poetry (4)
   ENG 302. Analysis of Drama (4)
   ENG 303. Analysis of Prose Fiction (4)
   ENG 304. Analysis of Nonfiction Prose (4)
6. Eight units from any upper-division English courses which may include ENG 621.

Certificate in Writing: Professional Writing

Certificate Requirements (31 units)

Lower-division requirements (7 units)
1. COMM 240. Writing for Media (4)
2. COMM 243A. Communication Practicum: Journalism and Photojournalism (3)

Upper-division requirements (24 units)
1. ENG 306. Expository Writing (4)
2. ENG 311. The English Language (4)
3. Eight units chosen from:
   COMM 342. Publication Design and Makeup (4)
   COMM 442. Public Relations Campaigns (4)
   ENG 631. Approaches to Professional Writing (4)
4. Eight units chosen from Group A or B below:

Group A
1. Four units chosen from:
   ENG 420. Pedagogical Grammar (4)
   ENG 422. History of the English Language (4)
   PHIL 387. Philosophy of Language (4)
2. Four units chosen from:
   COMM 311. Business and Professional Communication (4)
   COMM 342. Publication Design and Makeup (if not taken as a required course) (4)
   ENG 522. Independent Study in Writing (4)
   ENG 565. Special Studies in Writing (with appropriate subject) (2)
   ENG 566. Special Studies in Writing (with appropriate subject) (4)
   ENG 631. Approaches to Professional Writing (if not taken as a required course) (4)

Group B
1. Eight units chosen from:
   COMM 311. Business and Professional Communication (4)
   COMM 342. Newspaper Editing and Makeup (if not taken as a required course) (4)
   ENG 522. Independent Study in Writing (4)
   ENG 565. Special Studies in Writing (with appropriate subject) (2)
   ENG 566. Special Studies in Writing (with appropriate subject) (4)
   ENG 631. Approaches to Professional Writing (if not taken as a required course) (4)
COURSE OFFERINGS IN ENGLISH (ENG)

85. Introductory Composition
A two-quarter course (ENG 85A and 85B) designed to prepare students for ENG 101. Placement in ENG 85A is based on students' scores on the English Placement Test. Completion of ENG 85A with a grade of RP ("report in progress") results in placement in ENG 85B; a grade of RP in ENG 85B results in placement in ENG 95; a grade of CR ("credit") in ENG 85A or 85B results in placement in ENG 101. ENG 85 does not apply toward baccalaureate credit. Graded credit/report in progress/no credit.
A. First Quarter (4 units)
B. Second Quarter (4 units)

86. Introductory Composition for Multilingual Students
A two-quarter course (ENG 86A and 86B) designed to prepare students for ENG 101. Placement in ENG 86A is based on students' scores on the English Placement Test and self-identification as a speaker of a native or home language other than English. Particular attention is paid to the writing challenges these students face. Completion of ENG 86A with a RP ("report in progress") results in placement in ENG 86B or 85B; a grade of RP in ENG 86B results in placement in ENG 95; a grade of CR ("credit") in ENG 86A or 86B results in placement in ENG 101. ENG 86 does not apply toward baccalaureate credit. Graded credit/report in progress/no credit.
A. First Quarter (4 units)
B. Second Quarter (4 units)

95. Intensive Composition
A one-quarter course designed to prepare students for ENG 101. Placement in ENG 95 is based on students' scores on the English Placement Test or on completion of ENG 85B with a grade of RP. ENG 95 does not apply toward baccalaureate credit. Graded ABC/no credit. (4 units)

Lower Division

101. Freshman Composition
Using the processes of writing and critical reading not only to communicate but also to generate thinking and to examine assumptions. Frequent writing required. Graded A, B, C/no credit. Prerequisite: essay score of seven or greater and total score of 151 or greater on the English Placement Test, completion of the test and a grade of "C" or better in ENG 95, or completion of the test and a grade of "CR" in ENG 85A or 85B. (GE=A.1) (ENG 101=CAN ENGL 2) (4 units)

110. World Literature I
Readings in world literature to the sixteenth century (in English translation). Prerequisite: ENG 101 or equivalent. (GE=C.2) (4 units)

111. World Literature II
Readings in world literature from the sixteenth century to the contemporary period (in English translation). Prerequisite: ENG 101 or equivalent. (GE=C.2) (4 units)

140. Major American Authors
Readings in major figures in American literature from the Puritans to the present. (4 units)

160. World Drama
Selected readings of dramatic literature (in translation) from the fifth century B.C. to the present. (Also offered as TA 160. Students may not receive credit for both.) Prerequisite: ENG 101 or equivalent. (GE=C.2) (4 units)

170. Studies in Literature
Analysis of the forms and content of literature. Emphasis is on the methodology of reading prose fiction, drama and poetry. Prerequisite: ENG 101 or equivalent. (GE=C.2) (4 units)

230. English Literature I
Readings in English literature from the Middle Ages through the Renaissance. Prerequisite: ENG 101 or equivalent. (ENG 230+231+232=CAN ENGL SEQ B) (4 units)

231. English Literature II
Readings in English literature from the Restoration through the eighteenth century. Prerequisite: English 101 or equivalent. (ENG 230+231+232=CAN ENGL SEQ B) (4 units)

232. English Literature III
Readings in English literature from the Romantics through the present. Prerequisite: ENG 101 or equivalent. (ENG 230+231+232=CAN ENGL SEQ B) (4 units)

Upper Division

300. English Workshop
An intermediate-level refresher course in writing designed to prepare students for advanced work in composition. Concentration on specific techniques. May not be counted toward fulfilling requirements in the English major and does not fulfill the upper-division writing requirement. Not open to students who have already completed EDUC 306, ENG 306, HUM 306, MGMT 306, NSCI 306 or SSCI 306. Graded A, B, C/no credit. Prerequisite: ENG 101. (4 units)

Students are strongly advised to take one or more of the analysis courses (ENG 301, 302, 303, 304) before taking other upper-division courses.

301. Analysis of Poetry
Literary analysis of selected lyric poems with special emphasis on how to write about literature. Prerequisite: ENG 101. (4 units)

302. Analysis of Drama
Literary analysis of selected plays with special emphasis on how to write about dramatic literature. (Also offered as TA 302. Students may not receive credit for both.) Prerequisite: ENG 101. (4 units)

303. Analysis of Prose Fiction
Literary analysis of selected pieces of narrative prose with special emphasis on how to write about literature. Prerequisite: ENG 101. (4 units)

304. Analysis of Nonfiction Prose
Literary analysis of selected pieces of nonfiction prose with special emphasis on how to write about literature. Prerequisite: ENG 101. (4 units)
306. Expository Writing
Advanced expository writing including documented research reports, summaries and analytical papers. Revision and rewriting will be required. Course fulfills the graduation requirement in writing proficiency. No more than one of the Expository Writing courses (EDUC 306, ENG 306, HUM 306, MGMT 306, NSCI 306, SSCI 306) may be taken for credit. Students who have received a grade of no credit in any combination of the expository writing courses two or more times must meet with the 306 coordinator or a designee to design a developmental writing plan as a condition for enrolling for a third quarter. All students must obtain junior status at the time of registration or their course request will be cancelled. Formerly ENG 495. Graded A, B, C/no credit. Prerequisites: ENG 101 and a minimum of 90 quarter (60 semester) units of college credit. (GE=F.1) (4 units)

309. Literature in the Classroom
Approaches to sundry literary genres or themes with an emphasis on adapting them to the elementary classroom. May be repeated for credit as topics change. (4 units)

311. The English Language
Introduction to the structure and development of the English language, including phonetics, phonology, morphology, syntax, pragmatics, sociolinguistics, psycholinguistics, and language acquisition. (4 units)

314. American Indian Literature
A consideration of the oral traditions and significant literary works of a variety of American Indian cultures in their changing cultural contexts. (GE=G.2) (4 units)

316. Introduction to Creative Writing: Specialized Genres
Workshop in writing in a specialized genre, with discussion of student writing and of exemplary works by established writers. May be repeated for credit as topics change. (4 units)

317. Introduction to Creative Writing: Poetry
Workshop in writing poetry, discussion of student writing and exemplary works by established poets. Prerequisite: ENG 101 or consent of instructor. (4 units)

318. Introduction to Creative Writing: Fiction
Workshop in writing fiction, discussion of student writing and exemplary works by established authors. Prerequisite: ENG 101 or consent of instructor. (4 units)

319. Studies in Literary Diversity
Intensive study of literature which reflects diversity, especially of race, gender, sexual orientation, class or culture. May be repeated for credit as topics change. May be taken for credit by students who have received credit for ENG 322; credit may not be received twice for the same topic. (4 units)

320. Children's Literature
History and development of children's literature; emphasis on developing skills in analyzing, evaluating and selecting books for children from preschool through junior high school, especially picture books. Prerequisite: ENG 301, 302, 303, or 304. (4 units)

321. Studies in Language and Linguistics
Intensive study in selected topics in language structure, development, and use. May be repeated for credit as topics change. (4 units)

322. Studies in Literary Themes, Genres, or Authors
Intensive study of selected themes, genres, or authors. May be repeated for credit as topics change. (4 units)

323. Chicano Literature
Selected literature by and about Mexican Americans. Emphasis on the uniqueness of the voices that collectively define Chicano literature and on that literature's formal and thematic characteristics. (4 units)

327. Literature for Adolescents and Young Adults
History and analysis of literature aimed at the adolescent and young adult audience. Emphasis on literary and cultural values by exploration of the themes and genres appropriate for junior and senior high school readers. Prerequisite: ENG 301, 302, 303 or 304. (4 units)

330. American Literature I
Readings in American literature from the Colonial period through the early American Romantics. (4 units)

331. American Literature II
Readings in American literature from the Romantics through the American Renaissance. (4 units)

332. American Literature III
Readings in American literature from the Gilded Age to the present. (4 units)

333. Myth and Epic
Myths and epics of folklore and of classical literature, emphasizing relationship to later Western literature. (4 units)

335. Studies in the Novel
Studies in the novel with emphasis on close reading of specific texts. (4 units)

336. Women Writers
Literary analysis of selected works by women writers, with special emphasis on historical and contemporary issues in women's lives. (Also offered as WSTD 336. Students may not receive credit for both.) (4 units)

339. African American Literature
Readings in African American literature from the oral tradition to the present, with emphasis on literary, historical and cultural contexts. (4 units)

347. Playwriting
Fundamentals of play development, including plot, character, structure, and theme. Students will create individual scripts. (Also offered as TA 347. Students may not receive credit for both.) Prerequisite: ENG 302 or TA 302, or consent of instructor. (4 units)

385. Literary Theory and Criticism
The major issues in literary theory and criticism. (4 units)
399. Community Service Project
Credit for applying previously learned skills in the area of English to academically related tasks in such agencies as governmental, social services and educational institutions. May be repeated for a total of two units. Graded credit/no credit. Prerequisite: departmental approval of a written application submitted in advance of the quarter in which the course is to be taken. (Credit to be arranged: 1 or 2 units)

401. English Literature of the Middle Ages
Lyric, drama, prose and verse narrative from the beginnings of English literature through Malory. (4 units)

403. English Literature of the Renaissance
Poetry, prose and drama of the sixteenth century. (4 units)

406. Seventeenth Century Literature
English prose and poetry from Bacon through Milton. (4 units)

409. English Literature of the Restoration and Eighteenth Century
English poetry and prose of the Restoration and eighteenth century. (4 units)

412. Romantic Prose and Poetry
Major English romantics such as Blake, Wordsworth, Keats, Coleridge, Shelley and Byron. (4 units)

415. Victorian Literature
Major writers of Victorian England. (4 units)

417. Intermediate Creative Writing: Poetry
Intermediate-level workshop in poetry writing; discussion of student writing and exemplary texts by established poets. Prerequisite: ENG 317 or consent of instructor. (4 units)

418. Intermediate Creative Writing: Fiction
Intermediate-level workshop in fiction writing; discussion of student writing and exemplary texts by established fiction writers. Prerequisite: ENG 318 or consent of instructor. (4 units)

420. Pedagogical Grammar
Application of current linguistic theories to the analysis of grammatical structures pertinent to the teaching of English as a first and second language. Prerequisite: ENG 311. (4 units)

422. History of the English Language
Development of the English language from the beginning to the present. Prerequisite: ENG 311. (4 units)

442. Modern Poetry
Studies in British, American and European poetry from the late nineteenth century to World War II. Prerequisite: ENG 301. (4 units)

443. Contemporary Poetry
Studies in British and American poetry from World War II to the present. Prerequisite: ENG 301. (4 units)

446. Modern Fiction
Modern and contemporary fiction. (4 units)

450. Classical Drama
Development of comedy and tragedy in Greece and Rome. (Also offered as TA 450. Students may not receive credit for both.) (4 units)

455. Modern Drama I
European, English and American realism. (Also offered as TA 455. Students may not receive credit for both.) (4 units)

456. Modern Drama II
European, English and American anti-realism. (Also offered as TA 456. Students may not receive credit for both.) (4 units)

475. Shakespeare I
Comedies and histories. (Also offered as TA 475. Students may not receive credit for both.) (4 units)

476. Shakespeare II
Tragedies and romances. (Also offered as TA 476. Students may not receive credit for both.) (4 units)

507. Advanced Creative Writing: Poetry
Advanced-level workshop in poetry writing; discussion of student writing and exemplary texts by established poets. Formerly a topic under ENG 513. Prerequisite: ENG 417 or consent of instructor. (4 units)

508. Advanced Creative Writing: Fiction
Advanced-level workshop in fiction writing; discussion of student writing and exemplary texts by established fiction writers. Formerly a topic under ENG 513. Prerequisite: ENG 418 or consent of instructor. (4 units)

510. English in the Secondary Classroom
English as a secondary school subject including language, literature and composition. Special emphasis on problems of improving and assessing student writing. Prerequisites: ENG 306, 311 and at least two courses from ENG 301, 302, 303, 304. (4 units)

511. Creative Writing in the Classroom
Advanced methods for teaching the techniques of creative writing, focusing primarily on poetry and fiction. Intended for future elementary and secondary teachers. Requires a minimum six-hour field component. Prerequisite: ENG 317 or 318. (4 units)

513. Advanced Creative Writing in Specialized Genres
Advanced workshop in writing in a specialized genre, with discussion of student writing and of exemplary works by established writers. May be repeated for credit as subject matter changes. Prerequisite: ENG 417 or 418 or consent of instructor. (4 units)

515. Senior Seminar in Literature
Advanced study of a selected literary topic, including consideration of critical theory and methodology. May be repeated for credit as topics change. Prerequisites: senior standing (or junior standing with consent of instructor) and completion of at least two analysis courses (ENG 301, 302, 303, or 304), and at least two additional upper-division courses in English. (4 units)
516. **Senior Project**
Preparation and submission of a portfolio of appropriate writing samples as the basis of a reflective essay showing how the portfolio demonstrates accomplishment of essential goals of the major. Graded credit/no credit. Prerequisite: completion of 135 units, including 40 units of the English major. (1 unit)

517. **Honors Project**
Preparation of a piece of graduate-level writing which may be an expansion of one of the student's papers or other work) to be presented at an honors colloquium. One hour of class meeting a week and required attendance at honors colloquia. Graded credit/no credit. (2 units)

522. **Independent Study in Writing**
Projects in advanced writing: fiction, non-fiction, poetry or drama. A total of eight units may apply to the English major or toward graduation. Prerequisites: ENG 513 and departmental approval; students must be enrolled in the Creative Writing track and the project must be approved by an instructor. (4 units)

523. **English Syntax**
A linguistic approach to the analysis of modern English sentences and their component parts. Emphasis is placed on practical experience in analyzing structures in context. Prerequisites: ENG 311 and 420. (4 units)

524. **Sociolinguistics**
An examination of language within social and cultural contexts, including ethnic, social and regional dialect variations in the United States. Prerequisites: ENG 311 and 420. (4 units)

525. **Seminar in Literary Theory and Criticism**
Advanced study in special topics in literary theory and criticism. May be repeated for credit as topics change. (4 units)

526. **English Phonetics and Phonology**
Sounds and sound patterns of spoken English, with special attention to the pronunciation problems encountered by learners of English as a second language. Prerequisite: ENG 311. (4 units)

530. **Issues in Tutoring Writing**
Study of the theory, principles and methods of tutoring students who need specific practice in writing. Those completing this course with a grade of "B" or better are eligible to participate in tutorial writing services on campus. Students in this class are expected to be proficient writers. Prerequisites: ENG 306 or equivalent and consent of instructor. (4 units)

535. **Images of Culture Through Children's Literature**
Becoming acquainted with the children's literature of various cultures and organizing this literature for curricular choices. (Also offered as ERDG 642. Student may not receive credit for both.) Graduate students are required to do coursework appropriate for graduate students. Prerequisite: ERDG 620 for students enrolled in the College of Education; consent of instructor for other students. (4 units)

542. **Literary Publication**
Principles and methods of literary publication. Students function as a literary staff dealing with key aspects of the production process, including helping to select, edit, and proof read poems, short stories, and plays. Two hours lecture and four hours laboratory. ENG 542A and 542B may each be taken once for credit.
A. Producing print literary journal, *The Pacific Review*, and its web site. (4 units)
B. Producing on-line literary journal, *Gold Coast Review*. (4 units)

565. **Special Studies in Writing**
Studies in particular topics in writing, such as assessment, learning theory and research on the teaching of writing. May be repeated for credit as topics change. Prerequisite: consent of instructor. (2 units)

566. **Special Studies in Writing**
Studies in particular topics in writing, such as assessment, learning theory and research on the teaching of writing. May be repeated for credit as topics change. Prerequisite: consent of instructor. (4 units)

575. **Internship in English**
Supervised learning experience applying English-related skills in a work setting. A total of eight units may be applied toward graduation. Graded credit/no credit. Generally assumes 30 hours of work/study per unit of credit. Prerequisites: junior standing with at least 16 units of course work in English on this campus with an overall grade point average of 3.0 or better; consent of instructor; and departmental approval of a written proposal submitted in advance of the quarter in which the course is to be taken. (Credit to be arranged: 2 to 5 units)

595. **Independent Study in Literature, Composition, or Linguistics**
Independent study of selected themes, figures, and areas in literature, composition, or linguistics. May be repeated for a maximum of eight units of credit toward the B.A. in English and toward graduation. Prerequisites: a minimum overall grade point average of 3.0, consent of instructor, and departmental approval of a written proposal of a project submitted on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 2 to 5 units)
Required upper-division core courses:
1. HSCI 352. Principles of Environmental Health (4)
2. HSCI 355. Health, Consumer and Environmental Law (4)
3. HSCI 367. Human Disease Mechanisms (4)
4. HSCI 451. Principles of Epidemiology (4)
5. HSCI 470. Health Behavior (4)
6. Four units chosen from:
   - MATH 262. Applied Statistics (4)
   - MATH 305. Statistics: Hypothesis and Testing Estimation (4)

Required upper-division concentration courses:
1. HSCI 380. Toxicology (4)
2. HSCI 401. Advanced Environmental Health (5)
4. HSCI 403. Vector-borne Disease Control (5)
5. HSCI 490. Health Service Administration (4)
6. HSCI 496. Internship in Environmental Health (6)
7. Four units chosen from:
   - MATH 192. Methods of Calculus (4)
   - MATH 211. Basic Concepts of Calculus (4)
8. A minimum of thirteen units, choose Group A or B below:

   **Group A:**
   - PHYS 121. Basic Concepts of Physics I (5)
   - PHYS 122. Basic Concepts of Physics II (5)
   - PHYS 123. Basic Concepts of Physics III (5)

   **Group B:**
   - PHYS 221. General Physics I (5)
   - PHYS 222. General Physics II (5)
   - PHYS 223. General Physics III (5)

9. Ten units of health science electives chosen from:
   - HSCI 322. Air Pollution (2)
   - HSCI 324. Radiological Health and Safety (2)
   - HSCI 354. Solid Waste Management (2)
   - HSCI 356. Housing and Institutions (2)
   - HSCI 358. Water Quality and Pollution Control (4)
   - HSCI 381. Occupational Safety (4)
   - HSCI 477. Environmental Health Engineering (4)
   - HSCI 478. Environmental Health Management (4)
   - HSCI 499. Directed Reading (1-4)
   - HSCI 530. Food-Borne Illnesses and Their Prevention (4)
   - HSCI 557. Hazardous Material Control (4)
   - HSCI 595. Independent Study (1-4)
ENVIRONMENTAL STUDIES

Department of Geography
Social and Behavioral Sciences Building, Room 327J
880-5519

Bachelor of Arts
Environmental Studies - Track A
Environmental Studies - Track B

Minor
Environmental Studies

COORDINATOR: Jeffrey Hackel

To accomplish its principal objective of promoting an understanding of the interaction of human beings with their environment, this interdisciplinary degree program includes courses primarily from the natural sciences and social sciences.

Major requirements from the natural sciences develop fundamental principles about the composition and functioning of the earth's ecosystems, principles deemed essential to a sound working knowledge of the environment. Course offerings from the social sciences assess the impact of human beings upon the environment and the possibility of creating different environments.

The program is designed for students who desire either to focus on a study of the environment as part of a broader liberal arts curriculum or to prepare for an environmentally related career or graduate school. Professional opportunities for graduates include a wide range of positions in public agencies responsible for developing and enforcing environmental controls, and in business, industry and nonprofit organizations which need qualified individuals to communicate environmental information and to assist in compliance with environmental regulations. Additional opportunities are available in conjunction with other programs of study, such as environmental law, environmental health, education and public administration.

B.A. IN ENVIRONMENTAL STUDIES - TRACK A

Requirements (76 units)

Total units required for graduation: 180

Requirements for the B.A. in Environmental Studies - Track A:

Lower-division requirements (26 units)
1. BIOL 100. Topics in Biology (5)
2. CHEM 205. Fundamentals of Chemistry I: General Chemistry (5)
3. GEOG 201. Map Interpretation (2)
4. A minimum of fourteen units from:
   ANTH 100. Introduction to Anthropology: Human Evolution (4)
   CHEM 206. Fundamentals of Chemistry II: Organic Chemistry (5)
   GEOG 103. Physical Geography (5)
   GEOL 101. Introductory Geology (5)
   HSCI 120. Health and Society: An Ecological Approach (5)

May choose only one of the following two courses:
   PHYS 100. Physics in the Modern World (5)
   PHYS 121. Basic Concepts of Physics I (5)

Upper-division requirements (30 units)
1. A minimum of four units from:
   BIOL 349. Biology of Ecosystems (5)
   GEOG 370. Landscape Analysis (4)
2. Four units from:
   ECON 360. Economics of the Environment (4)
   HSCI 478. Environmental Health Management (4)
3. Four units from:
   GEOG 304. Field Methods in Geography (4)
   GEOG 306. Remote Sensing of Environment (4)
4. GEOG 350. Conservation and Natural Resources (4)
5. Four units from:
   GEOG 360. Weather and Climate (4)
   GEOG 365. Climate Change (4)
6. Four units from:
   GEOG 480. Geomorphology (4)
   GEOL 312. Geology of California (4)
7. Four units from:
   GEOG 305. Geographic Statistics and Research Methods (4)
   MATH 305. Statistics: Hypothesis Testing and Estimation (4)
8. GEOG 500. Senior Seminar (2)

Electives (20 units)
1. A minimum of 20 units chosen from Groups 1 and 2 below:
   (Students must take at least two courses from each of the following groups provided that none have been used elsewhere to meet requirements of this major.)

Group 1:
   ANTH 475. Cultural Ecology (4)
   ECON 360. Economics of the Environment (4)
   GEOG 370. Landscape Analysis (4)
   GEOG 380. Population Geography (4)
   GEOG 415. Urban Planning and Land Development (4)
   GEOG 470. Hydrology and Water Resources (4)
   GEOG 480. Geomorphology (4)
   GEOL 312. Geology of California (4)
   HSCI 322. Air Pollution (2)
   HSCI 352. Principles of Environmental Health (4)
   HSCI 401. Advanced Environmental Health (5)
   PSCI 342. The Politics of Environment (4)

Group 2:
   GEOG 202. Introduction to Geographic Information Systems and Mapping (5)
   GEOG 304. Field Methods in Geography (4)
   GEOG 401. Advanced Geographic Information Systems (5)
   GEOG 402. Geographic Information Systems Applications (5)
   GEOG 301. Introduction to Geologic Mapping (4)
   HSCI 324. Radiological Health and Safety (2)
   HSCI 478. Environmental Health Management (4)

Optional courses not a part of the major. Students are encouraged to continue their studies of the environment through the use of independent study courses and approved internships.
B.A. IN ENVIRONMENTAL STUDIES - TRACK B

Requirements (79 units)

Total units required for graduation: 180

Requirements for the B.A. in Environmental Studies - Track B:

Lower-division requirements (37 units)
1. BIOL 200. Biology of the Cell (5)
2. BIOL 201. Biology of Organisms (5)
3. BIOL 202. Biology of Populations (5)
4. CHEM 215. General Chemistry I: Atomic Structure and Chemical Bonding (6)
5. CHEM 216. General Chemistry II: Principles of Chemical Reactions (6)
6. CHEM 245. Modern Quantitative Analysis (5)
7. Five units chosen from:
   PHYS 100. Physics in the Modern World (5)
   PHYS 121. Basic Concepts of Physics I (5)

Upper-division requirements (26 units)
1. Four units chosen from:
   ECON 360. Economics of the Environment (4)
   HSCI 478. Environmental Health Management (4)
2. Four units chosen from:
   GEOG 304. Field Methods in Geography (4)
   GEOG 306. Remote Sensing of Environment (4)
3. GEOG 350. Conservation and Natural Resources (4)
4. Four units chosen from:
   GEOG 360. Weather and Climate (4)
   GEOG 365. Climate Change (4)
5. Four units chosen from:
   GEOG 480. Geomorphology (4)
   GEOL 312. Geology of California (4)
6. GEOG 500. Senior Seminar (2)
7. Four units chosen from:
   GEOG 305. Geographic Statistics and Research Methods (4)
   MATH 305. Statistics: Hypothesis Testing and Estimation (4)

Electives (a minimum of 16 units)
1. A minimum of 16 units chosen from one of the following Groups 1 or 2 below:

Group 1
1. BIOL 370. Symbiosis (4)
2. Five units chosen from:
   BIOL 450. Ecology (5)
   BIOL 455. Marine Biology and Oceanography (5)
3. A minimum of seven units chosen from:
   BIOL 319. Local Flora (5)
   CHEM 221A. Organic Chemistry I: Lecture (3)
   CHEM 221B. Organic Chemistry I: Laboratory (1)
   CHEM 222A. Organic Chemistry II: Lecture (3)
   CHEM 222B. Organic Chemistry II: Laboratory (1)
   GEOG 370. Landscape Analysis (4)
   GEOG 103. Physical Geography (5)
   GEOG 101. Introductory Geology (5)
   GEOG 300. Geocartography (3)
   HSCI 352. Principles of Environmental Health (4)
   HSCI 401. Advanced Environmental Health (5)

MINOR IN ENVIRONMENTAL STUDIES

Requirements (36 units)

Requirements for a minor in Environmental Studies:

Lower-division requirements (12 units)
1. Five units chosen from:
   BIOL 100. Topics in Biology (5)
   BIOL 202. Biology of Populations (5)
   HSCI 120. Health and Society: An Ecological Approach (5)
2. Five units chosen from:
   GEOG 103. Physical Geography (5)
   GEOL 101. Introductory Geology (5)
   GEOG 304. Field Methods in Geography (4)
   GEOG 306. Remote Sensing of Environment (4)
3. GEOG 350. Conservation and Natural Resources (4)
4. Four units chosen from:
   GEOG 360. Weather and Climate (4)
   GEOG 365. Climate Change (4)
5. Four units chosen from:
   GEOG 480. Geomorphology (4)
   GEOL 312. Geology of California (4)
6. GEOG 500. Senior Seminar (2)
7. Four units chosen from:
   GEOG 305. Geographic Statistics and Research Methods (4)
   MATH 305. Statistics: Hypothesis Testing and Estimation (4)

Electives (12 units)
1. A minimum of 12 units chosen from one of the following Groups 1 or 2 below:

Group 2
1. CHEM 221A. Organic Chemistry I: Lecture (3)
   CHEM 221B. Organic Chemistry I: Laboratory (1)
2. CHEM 222A. Organic Chemistry II: Lecture (3)
   CHEM 222B. Organic Chemistry II: Laboratory (1)
3. A minimum of eight units chosen from:
   BIOL 319. Local Flora (5)
   BIOL 370. Symbiosis (4)
   GEOG 370. Landscape Analysis (4)
   May choose only one of the following two courses:
   BIOL 450. Ecology (5)
   BIOL 455. Marine Biology and Oceanography (5)
   May choose only one of the following two courses:
   GEOG 103. Physical Geography (5)
   GEOG 101. Introductory Geology (5)
   GEOG 322. Introduction to Geochemistry (3)
   HSCI 352. Principles of Environmental Health (4)
   HSCI 401. Advanced Environmental Health (5)
   Optional courses not a part of the major. Students are encouraged to continue their studies of the environment through the use of independent study courses and approved internships.
GEOG 370. Landscape Analysis (4)
GEOG 470. Hydrology and Water Resources (4)
GEOL 301. Introduction to Geologic Mapping (4)
GEOL 312. Geology of California (4)
GEOL 375. Groundwater Hydrology (4)
HSCI 352. Principles of Environmental Health (4)
HSCI 401. Advanced Environmental Health (4)
HSCI 478. Environmental Health Management (4)
MGMT 326. Natural Resource Management (4)

HONORS IN THE MAJOR

Students majoring in environmental studies are eligible to receive honors in environmental studies at graduation if the following conditions are met:
1. At least one-half of the course work required by the major is completed at this university;
2. At least a 3.5 grade point average in the major, both at this university and overall;
3. An overall undergraduate grade point average of 3.0 ("B") or better;
4. Completion of a senior project approved in advance by the program coordinator.

Students interested in receiving this recognition must initiate the process by making a formal application with the Geography Department administrative support coordinator.
ETHNIC STUDIES

College of Social and Behavioral Sciences
Social and Behavioral Sciences Building, Room 207
880-7500

Minor
Ethnic Studies
with options in:
General Ethnic Studies
African American Studies
Chicano(a)/Latino(a) Studies
Native American Studies
Asian American Studies

COORDINATOR: Mary Fong

Ethnicity is an interdisciplinary study of American nationality and race, and utilizes knowledge from the humanities and social sciences to explore issues and experiences. Faculty teaching in the program represent the wide diversity of these disciplines. Essentially, Ethnic Studies is part of American Studies rather than regional, area or international studies. The study of American ethnicity and race is designed to enhance the understanding of a multicultural and multiracial society.

The Center for Ethnic Studies oversees the program including academic advising and mentoring of students. Collaborative efforts between students and faculty may result in research proposals, data compilation, joint professional papers for academic conferences, and joint publications.

Jointly governed by the College of Social and Behavioral Sciences and the College of Arts and Letters, the Center's director works closely with an Advisory Council whose members are drawn from the faculty of every college as well as students and staff.

MINOR IN ETHNIC STUDIES

Requirements (28 units)

To earn the minor in ethnic studies, students must complete 28 units of coursework with options in:
General Ethnic Studies
African American Studies
Chicano(a)/Latino(a) Studies
Native American Studies
Asian American Studies

Requirements for a minor in Ethnic Studies:

Core Courses (8 units)
1. ES 100. Ethnicity and Race in America (4)
2. ES 300. Research Methods in Ethnic Studies (4)

Topic Courses (4 units)
1. In consultation with an advisor from the Ethnic Studies Program Committee, four units chosen from:
   ES 392. Topics in Ethnic Studies (2) for a total of (4)
   ES 394. Topics in Ethnic Studies (4)

One of the following options (16 units):

General Ethnic Studies

In consultation with an advisor from the Ethnic Studies Program Committee, 16 units chosen from:
1. Four units chosen from:
   ANTH 305. North American Prehistory (4)
   ANTH 306. Aztecs, Maya, and Their Predecessors (4)
   ANTH 323. Native North American Art (4)
   ANTH 325. Human Biological Variation and the Concept of Race (4)
   ANTH 333. Sex and Gender in Cross-Cultural Practices (4)
   ANTH 335. Cross-Cultural Perspectives on Crime and Deviance (4)
   ANTH 351. Indians of North America (4)
   ANTH 352. Indians of the Southwest (4)
   ANTH 354. Cultures of Mexico and South America (4)
   ANTH 357. African Societies (4)
   ANTH 362. Peoples of Asia (4)
   ANTH 365. Asian-American Cultures (4)
   ANTH 466. Anthropology of Health, Illness and Healing (4)
   ANTH 472. Colonial and Postcolonial Anthropology (4)
   ANTH 493. Urban Anthropology (4)

2. Four units chosen from:
   ECON 352. Political Economy of Poverty and Discrimination (4)
   ES 595. Independent Study (1-4) for a total of (4)
   HIST 341. African-American History, 1865-Present (4)
   HIST 391. Chicano History (4)
   HIST 465. Modern Central America (4)
   HIST 470. Modern Latin America (4)
   HIST 565. Ethnic Minorities in American History (4)
   HIST 566. Ethnic Minorities in the American Southwest: Past and Present (4)
   HIST 567. The Asian-American Experience (4)
   PSCI 352A. Minority Politics: Ethnic Politics (4)
   PSCI 352B. Minority Politics: African American Politics (4)
   PSCI 352C. Minority Politics: Latino Politics (4)
   PSCI 352D. Minority Politics: Asian American Politics (4)
   PSCI 352E. Minority Politics: Native American Politics (4)
   PSYC 340. Prejudice, Race and Racism (4)
   SOC 336. Black Women and Feminism (4)
   SOC 341. Marriage and Family Among Blacks (4)
   SOC 342. The Chicano Family (4)
   SOC 441. Black Social Stratification (4)
   SOC 442. Chicano Social Stratification (4)
   SSCI 300. Nonwestern World (4)
   SSCI 316. Race and Racism (4)
   SSCI 350. Roots of Modern Racism in America (4)

3. Eight units chosen from:
   ART 310. Asian Art (4)
   ART 323. Native North American Art (4)
   ART 328. Mexican Art (4)
   ART 329. Chicano Art (4)
   COMM 302. Communication, Language and Culture (4)
   COMM 304. Intercultural Communication (4)
   COMM 401. Gender, Race and Media (4)
   COMM 402. Ethnography of Communication (4)
MINOR IN ETHNIC STUDIES —
CHICANO(A)/LATINO(A) STUDIES

Requirements (28 units)

Designed to provide increased awareness, knowledge and an in-depth understanding, the minor in Ethnic Studies, Chicano(a)/Latino(a) Studies will address issues of language, history, culture, politics, economics, education, immigration and the creative expression of the Chicano/Latino presence in this country. Students will examine this growing ethnic group's experience in a social context and its interdependence with other populations by addressing interracial, intercultural and international understanding.

Requirements for a minor in Ethnic Studies — Chicano(a)/Latino(a) Studies

1. ES 102. Chicano(a)/Latino(a) Culture: An Overview (4)
2. ES 300. Research Methods in Ethnic Studies (4)
3. ES 394. Topics in Ethnic Studies (4)
4. Eight units chosen from:
   ANTH 306. Aztecs, Maya, and Their Predecessors (4)
   ES 395. Independent Study (2 or 4)
   HIST 391. Chicano History (4)
   HIST 566. Ethnic Minorities in the American Southwest: Past and Present (4)
   PSCI 352C. Minority Politics: Latino Politics (4)
   SOC 342. The Chicano Family (4)
   SOC 442. Chicano Social Stratification (4)
5. Eight units chosen from:
   ART 328. Mexican Art (4)
   ART 329. Chicano Art (4)
   ENG 323. Chicano Literature (4)
   HUM 335. The Origin and Contemporary Role of Latino Culture (4)
   IS 460. Aspects of Chicano Culture (4)
   PSCI 352C. Minority Politics: Latino Politics (4)
   SOC 442. Chicano Social Stratification (4)
   SPAN 435. Aspects of Chicano Culture (4)

African American Studies

1. In consultation with an advisor from the Ethnic Studies Program Committee, sixteen units chosen from:
   ANTH 357. African Societies (4)
   ENG 339. African American Literature (4)
   HIST 341. African-American History, 1865-Present (4)
   HIST 565. Ethnic Minorities in American History (4)
   HUM 370. African Heritage in the Arts (4)
   MUS 352. African American Music (4)
   PSCI 352B. Minority Politics: African American Politics (4)
   SOC 336. Black Women and Feminism (4)
   SOC 341. Marriage and Family Among Blacks (4)
   SOC 441. Black Social Stratification (4)
   TA 462. African-American Theatre and Drama (4)

Chicano(a)/Latino(a) Studies

1. In consultation with an advisor from the Ethnic Studies Program Committee, sixteen units chosen from:
   ART 328. Mexican Art (4)
   ART 329. Chicano Art (4)
   ENG 323. Chicano Literature (4)
   HUM 335. The Origin and Contemporary Role of Latino Culture (4)
   HIST 341. African-American History, 1865-Present (4)
   HIST 565. Ethnic Minorities in American History (4)
   HIST 566. Ethnic Minorities in the American Southwest: Past and Present (4)
   SOC 342. The Chicano Family (4)
   SOC 442. Chicano Social Stratification (4)

Native American Studies

1. In consultation with an advisor from the Ethnic Studies Program Committee, sixteen units chosen from:
   ANTH 305. North American Prehistory (4)
   ANTH 351. Indians of North America (4)
   ANTH 352. Indians of the Southwest (4)
   ART 323. Native North American Art (4)
   ENG 314. American Indian Literature (4)
   HIST 565. Ethnic Minorities in American History (4)
   HIST 566. Ethnic Minorities in the American Southwest: Past and Present (4)
   PSCI 352E. Minority Politics: Native American Politics (4)
COURSE OFFERINGS IN ETHNIC STUDIES (ES)

Lower Division

100. Ethnicity and Race in America
Culture, history and politics, and current problems of ethnic and racial minorities. Major groups included will be Black, Chicano, Asian American, and Native American. (GE=D.4) (4 units)

102. Chicano(a)/Latino(a) Culture: An Overview
Introduction to the central concepts and historical experiences that define Chicanos/Latinos in the United States and an examination of current trends through a multidisciplinary perspective. (4 units)

Upper Division

300. Research Methods in Ethnic Studies
Development and implementation of research (quantitative or qualitative) that explores in depth one or more facets of ethnic experience. (4 units)

392. Topics in Ethnic Studies
A selected area or issue of ethnic studies. May be repeated for credit as topics change. (2 units)

394. Topics in Ethnic Studies
A selected area or issue of ethnic studies. May be repeated for credit as topics change. (4 units)

595. Independent Study
For students capable of individualized work and in need of advanced or specialized study. May be repeated for credit in the Ethnic Studies minor for a total of no more than eight units. Prerequisites: consent of instructor and Ethnic Studies Program Committee approval. (Credit to be arranged: 1 to 4 units)
FINANCE
Department of Accounting and Finance
Jack Brown Hall, Room 459
880-5704

FACULTY: Gene Andrusco (Emeritus), Francisca Beer, Rauf Khan (Emeritus), Dong Man Kim, David Schalow, Mo Vaziri, Taewon Yang

The university offers concentrations in finance within the Bachelor of Arts in Administration, the Bachelor of Science in Administration and the Master of Business Administration. The details of these programs are listed under Administration on Page 79. The Master of Business Administration can be found on Page 370. The courses listed below are offered in support of these programs. Further information is available from the Department of Accounting and Finance.

<table>
<thead>
<tr>
<th>COURSE OFFERINGS IN FINANCE (FIN)</th>
</tr>
</thead>
</table>

Lower Division

101. Financial Choices in Life
Introduction to economic and financial reasoning and decision making pertaining to personal financial issues that will be faced throughout the lifetime. Topics include financial planning strategies, money and credit management, home ownership; health and property insurance needs, saving and investment strategies, and retirement and estate planning. (2 units)

Upper Division

Enrollment in upper-division courses restricted to students who have met all prerequisites and have completed at least 89.9 quarter units (junior class level). Students who do not meet these requirements will be disenrolled.

313. Business Finance
Basic principles of financial analysis for management. Techniques of financial decision-making for liquidity management, financial forecasting, dividend policy and selection of sources of capital. Prerequisites: ACCT 212 or 312, MATH 110 and SCM 210. (4 units)

314. Corporate Financial Management
An advanced study of internal business financial policies and decisions. Includes: capital budgeting, sources and forms of long-term financing, financial structure, cost of capital, equity management, and mergers and acquisitions. Prerequisite: FIN 313. (4 units)

360. Financial Planning Process and Insurance
Modern money management with discussion of budgeting, banking, real estate, insurance, consumer credit, retirement, and estate planning. The course also examines the identification of risk exposures and the various tools used to address these risks. Prerequisite: FIN 313. (4 units)

380. Principles of Real Estate
Basic issues in real estate, including legal concepts, appraisal, financing, investment, brokerage, and management of real estate. This class also contributes toward the state requirements for pre-licensure education. Prerequisite: FIN 313 or consent of instructor. (4 units)

430. Financial Theory and Practice
Financial management with application to capital markets, financial planning, capital budgeting, capital structure, portfolio selection and managerial problems. Prerequisites: FIN 313 and 314. (4 units)

432. Financial Institutions and Capital Formation
Structure, operations, portfolio compositions and problems of financial intermediaries and markets. Prerequisites: FIN 313 and 314. (4 units)

433. International Business Finance
Financial operations of multinational businesses with emphasis on foreign exchange mechanics, funds transmission, financing instruments, institutions and markets, capital investment decisions and special problems facing a firm in this unique environment. Three hours lecture and two hours activity laboratory. Prerequisite: FIN 313. (4 units)

435. Investment Analysis
Analysis and forecasting of security markets, industry studies, portfolio construction. Three hours lecture and two hours activity laboratory. Prerequisites: FIN 313, 314 and 430. (4 units)

Decision-making in financial management. Advanced financial applications and analysis, including reporting and presentations. Students are advised to take this course near the end of their program. Three hours lecture and two hours activity laboratory. Prerequisite: FIN 430. (4 units)

460. Retirement Planning
Analysis of key issues in retirement planning: Individual Retirement Accounts, 401k’s, defined benefit plans, profit sharing plans, and other retirement planning instruments. Prerequisite: FIN 360. (4 units)

480. Real Estate Appraisal
Examines the appropriate methodology for determining the value of real estate, including both theory and practice. A foundation for potential licensing and certification will be developed. Meets requirement for California Broker Credit. Prerequisite: FIN 313. (4 units)

485. Legal Aspects of Real Estate
Legal aspects of real estate transactions will be emphasized. Legal considerations of listing contracts, purchase agreements, disclosure requirements, trust deeds, promissory notes and agency will be the key topics. Liability exposures to all parties will also be explored in the real estate transaction. California Broker credit can also be received. (4 units)

503. Financial Management Concepts
An introductory course in financial management with an emphasis on concepts, tools and strategies underlying corporate financial decision-making. Topics include techniques used by firms in procuring and allocating capital for short-term and long-term operations. No credit will be awarded to students who have had FIN 313 and 314. May not be counted toward fulfilling requirements for any degree program offered by the College of Business and Public Administration. Prerequisite: ACCT 503. (4 units)
523. Security Trading and Analysis
An applied investment analysis course, emphasizing the application of modern portfolio theory and asset allocation models in selecting and evaluating stocks and bonds. This web-enhanced course utilizes modern computer and data facilities to conduct extensive fundamental and technical analysis, security portfolio tracking, performance measurement, and trading simulation and strategies. Prerequisite: FIN 503 or equivalent. (4 units)

534. Export-Import Financing
International complexities of exporting and importing. Emphasis on the benefits of international trade, the various ways to enter the global market, project financing, trading blocs and investment strategies, components of an export-import quotation, methods of payment, imports, exports, contracts and public and private assistance programs. Formerly FIN 434. Prerequisite: FIN 313. (4 units)

575. Internship in Finance
Supervised work and study in private or public organizations. May be repeated once for credit. A total of two College of Business and Public Administration 575 courses may be applied toward graduation. Graded credit/no credit. Prerequisites: consent of instructor and the department's internship coordinator. (4 units)

581. International Aspects of Real Estate
Study of international investment in real estate with emphasis on diversification of benefits including international real estate in an investment portfolio. Specific investment strategies and opportunities for different countries will be analyzed. (4 units)

585. Real Estate Finance
Financial aspects of real estate investment, including analysis of investment characteristics, lending environment, financial instruments, and effective loan proposals. Three hours lecture and two hours activity laboratory. Prerequisite: FIN 313 or consent of instructor. (4 units)

590. Seminar in Finance
An intensive study of some phase of finance to be developed by the instructor. May be repeated for credit as topics change. (4 units)

595. Independent Study
Special topics involving library and/or field research. A total of 10 units in any College of Business and Public Administration 595 may be applied toward graduation. Prerequisites: a minimum overall grade point average of 3.0, consent of instructor and approval by the department of a written project/proposal submitted to the appropriate department in the College of Business and Public Administration on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 2 or 4 units)
FOREIGN LANGUAGES AND LITERATURES

Department of World Languages and Literatures
University Hall, Room 314
880-5847

FACULTY: Jacques Benzakein, Ruth Burke, Rafael Correa, Khamla Dhouti, Arturo Fernández-Gilbert, M. Antonietta Gallegos-Ruiz, Mirta A. González (Chair), Jorun Johns (Emeritus), Terri Nelson, Walter Oliver (Emeritus), Daniel Whitaker, Aurora Wolfgang

The Department of World Languages and Literatures offers a wide variety of courses both in the foreign languages and in English. The foreign languages include American Sign Language, Arabic, French, German, Greek, Japanese, Latin, Mandarin and Spanish. Arabic, Japanese, Mandarin and courses that apply comprehensively to all languages, including English, appear below. The offerings of French, German and Spanish can be found separately listed in alphabetical order within the undergraduate section of this catalog.

The principal objectives of the department's programs are to teach students to understand, speak, read and write the foreign languages offered; and to promote an understanding of world civilizations and an appreciation of their literatures. This background will prepare students to teach foreign languages and will provide language skills for those interested in positions such as librarian, interpreter, translator, foreign service officer, foreign trade specialist, international trade, diplomacy, intelligence and law enforcement.

COURSE OFFERINGS IN FOREIGN LANGUAGES AND LITERATURES (FLAN)

Lower Division

100. English as a Second Language
Self-paced course designed to help students gain mastery of the English language at beginning, intermediate and advanced levels. No more than 10 units are applicable to a baccalaureate degree. Open only to foreign students for whom English is a second language. Prerequisite: consent of instructor. (4 units)

101. Language Study I
Introduction to a language not offered as a major or minor. Fundamentals of pronunciation, structure and culture designed to develop the ability to use and understand the chosen language. May be repeated for credit as topics change. A. American Sign Language (4 units) B. Italian (4 units) C. Portuguese (4 units) D. Greek (4 units) E. Latin (4 units) F. Russian (4 units)

102. Language Study II
Further study in a language not offered as a major or minor. Fundamentals of pronunciation, structure and culture designed to develop the ability to use and understand the chosen language. May be repeated for credit as topics change. Prerequisite: FLAN 101 in the chosen language. (GE=C.3) A. American Sign Language (4 units) B. Italian (4 units) C. Portuguese (4 units) D. Greek (4 units) E. Latin (4 units) F. Russian (4 units)

150. Intermediate Language Study
Intermediate study in a language not offered as a major or minor. Emphasis on oral and written competency at the intermediate level in a cultural context. May be repeated for credit as topics change. Prerequisite: two years of high school study in the chosen language or equivalent. (GE=C.3) A. American Sign Language (4 units) B. Italian (4 units) C. Portuguese (4 units) D. Greek (4 units) E. Latin (4 units) F. Russian (4 units)

Upper Division

320. Masterpieces of Literature
Selected masterpieces and authors from Western Europe and Latin America. Course taught entirely in English. No foreign language prerequisite. May be repeated for credit as topics change. (4 units)

555. Independent Study
Independent study of individual writers and genres. Prerequisites: one 300-level course in the language under study or consent of instructor, a minimum overall grade point average of 3.0, and departmental approval of a written proposal of a project submitted on a standard application filed in advance of the quarter in which the course is to be taken. (4 units)

COURSE OFFERINGS IN ARABIC (ARAB)

Lower Division

101. College Arabic I
Introduction to Arabic including fundamentals of grammatical structure, pronunciation and culture. Formerly a topic under FLAN 101. (4 units)

102. College Arabic II
Further study of the fundamentals of grammatical structure, pronunciation and culture. Emphasis in oral communication, reading and writing. Formerly a topic under FLAN 102. Prerequisite: ARAB 101 or equivalent. (GE=C.3) (4 units)

150. Intermediate Arabic III
Emphasis on oral and writing competencies at the intermediate level in a cultural context. Formerly a topic under FLAN 150. Prerequisite: ARAB 102. (GE=C.3) (4 units)
186 / Foreign Languages and Literatures

214. Conversation in Arabic
Practice of oral Arabic including current topics, panel discussions, debates, and oral presentations. Students will become familiar with day-to-day social and business expressions. Prerequisite: ARAB 150 or equivalent. (GE=C.3) (4 units)

290. Arabic Literature in Translation
Introduction to Arabic literature in English translation. (GE=C.3) (4 units)

COURSE OFFERINGS IN MANDARIN (MAND)
Lower Division

101. College Mandarin I
Emphasizes listening and speaking skills with reading and writing as supporting skills. Students learn to formulate and respond to questions about their daily life, express preferences, as well as master the ability to list, enumerate, identify, compare, agree and disagree. Formerly a topic under FLAN 101. (4 units)

102. College Mandarin II
Develops listening and active speaking skills with further development of reading and writing skills while expanding vocabulary of daily life. Ability to describe events in present, near past and near future. Formerly a topic under FLAN 102. Prerequisite: MAND 101 or consent of department. (GE=C.3) (4 units)

150. Intermediate Mandarin
Develops listening and speaking skills with emphasis on reading and writing skills. Students should be able to negotiate routine social situations and more complex tasks. Ability to describe events in the past, present and future. Formerly a topic under FLAN 150. Prerequisite: MAND 102 or consent of department. (GE=C.3) (4 units)

290. Japanese Literature in English
Introduction to Japanese literature read in English translation. Selection of writers and genres from classical and contemporary Japanese literature. (GE=C.3) (4 units)
FRENCH

Department of World Languages and Literatures
University Hall, Room 314
880-5847

Bachelor of Arts
French

Teaching Credential Program
French

Minor
French

Certificate Program
French/English and English/French Translators

The study of French combines training in world studies with language, literature and culture. These studies contribute to the basis of any program of liberal education, affording insight into foreign attitudes and methods and permitting free communication, written and oral, among people.

In addition to the traditional preparation of teachers in the subject, a major in French can provide a good background for advanced professional or business programs, especially when combined with an appropriate second major.

Attention is drawn to other courses which may be of interest to French majors:
1. FLAN 320. Masterpieces of Literature
2. FLAN 555. Independent Study
3. HUM 380. Comparative Studies in the Arts: East and West
4. HUM 460. Cultural Studies
5. HUM 499. Methods and Materials in the Teaching of Humanities

B.A. IN FRENCH

Requirements:

Literature Track - 70 units
Culture Studies Track - 70 units
Business Track - 70 units

Total units required for graduation: 180

Requirements for the B.A. in French:

Core requirements (32 units)
1. Proficiency in French equal to that of French 201 or equivalent.
2. FREN 202. Culture and Communication III (4)
3. FREN 295. Intermediate Assessment (2)
4. FREN 303. Contemporary Spoken French (4)
5. FREN 307. Phonetics (4)
6. FREN 350. Advanced French Composition (4)
7. FREN 381. French Civilization I (4)
8. FREN 382. French Civilization II (4)
9. FREN 450. Advanced Grammar Review (4)
10. FREN 496. Senior Assessment (2)

11. One of the following tracks:

Literature Track (38 units)
1. FREN 310. Approaches to Literature (4)
2. Sixteen units chosen from:
   FREN 336. Francophone Women Writers (4)
   FREN 360. Contemporary French Fiction (4)
   FREN 370. Francophone Film and Culture (4)
   FREN 411. Studies in the Novel (4)
   FREN 412. Studies in Theater (4)
   FREN 413. Studies in Poetry (4)
   FREN 420. Special Topics in French Literature (4)
   FREN 471. Culture and Identity (4)
3. Eighteen units chosen from:
   FREN 250. Reading and Interpretation (4)
   FREN 575. Internship (1-4)
   HUM 312. Theories of Language Acquisition and Learning (4)
   Any upper-division French course.

Culture Studies Track (38 units)
1. Sixteen units chosen from:
   FREN 370. Francophone Film and Culture (4)
   FREN 407. Comparative Linguistics: French/English (4)
   FREN 460. Contemporary France (4)
   FREN 461. Contemporary Issues in the Francophone World (4)
   FREN 470. Special Topics in Francophone Cultures (4)
   FREN 471. Culture and Identity (4)
2. Twenty-two units chosen from:
   FREN 250. Reading and Interpretation (4)
   FREN 575. Internship (1-4)
   HUM 312. Theories of Language Acquisition and Learning (4)
   Any upper-division French course.

Business Track (38 units)
1. FREN 309B. French for Translators: Commercial Translation (2)
2. FREN 409. Business French (4)
3. Eight units chosen from:
   FREN 309A. French for Translators: General Translation (4)
   FREN 309C. French for Translators: Technical Translation (2)
   FREN 350. Advanced French Composition (4)
   FREN 460. Contemporary France (4)
   FREN 461. Contemporary Issues in the Francophone World (4)
   FREN 471. Culture and Identity (4)
   FREN 575. Internship (1-4)
4. Sixteen units taken in the College of Business and Public Administration:
   ACCT 211. Introductory Accounting I (4)
   INFO 102. Introduction to Information Technology (2)
   INFO 103. Using Information Technology Applications (2)
   MKTG 302. Management and Organizational Behavior (4)
   MKTG 305. Marketing Principles (4)
5. Electives (8 units) chosen from A or B below:
   A. Eight upper-division units chosen from a specific area in accounting, information management, management or marketing.
   B. Eight additional upper-division units chosen from the courses listed above in category 3.

**TEACHING CREDENTIAL PROGRAM**

The B.A. in French, Literature Track and B.A. in French, Culture Studies Track are approved as single subject teaching credential programs provided that students complete at least 36 hours of upper-division coursework in courses taught in French. Upper-division coursework must include FREN 407 and 500. Students may complete no more than 32 units of the required coursework for the B.A. in French through courses taught at other institutions or through International Programs. FREN 295, 496 and 500 may only be completed at CSUSB. For information about the professional education component, admission to the teacher education program or specific requirements of the single subject waiver program, see Page 156 or contact the Credentials Office (C.A.S.E.).

**MINOR IN FRENCH**

**Requirements (34 units)**

**Requirements for a minor in French:**

1. Proficiency in French equal to that of FREN 150. Intermediate French or equivalent.
2. FREN 201. Culture and Communication II (4)
3. FREN 202. Culture and Communication III (4)
4. Four units chosen from:
   - FREN 250. Reading and Interpretation (4)
   - FREN 310. Approaches to Literature (4)
5. FREN 295. Intermediate Assessment (2)
6. Eight units chosen from:
   - FREN 303. Contemporary Spoken French (4)
   - FREN 309A. French for Translators: General Translation (4)
   - FREN 305. Advanced French Composition (4)
7. Twelve units chosen from any upper-division French courses.

**DEPARTMENTAL HONORS**

A graduating senior will be awarded departmental honors in French after meeting the following requirements:

1. Earned a 3.5 grade point average in the major.
2. Completed at least 45 units of the major at this university.
3. Successful completion of an oral and written honors evaluation.

Qualified students should apply for honors recognition during the first week of the quarter in which they are enrolled in FREN 496. The honors evaluation will take place during FREN 496. Exceptional performance on the oral and written evaluation may result in the waiving of requirements one and two above.

**CERTIFICATE PROGRAM**

Certificates may be earned by regularly matriculated or extended learning students and denote successful completion of a prescribed program of study designed to a) impart specified professional/vocational/career competencies; or b) produce mastery of the content of a sub-field of an academic major (discipline); or c) provide exposure to the range of materials in a traditional or emerging interdisciplinary field. Certain certificate programs contain 600-level courses as requirements and/or electives. These 600-level courses may not be taken by undergraduate students. Refer to Page 63 for additional certificate information.

**Certificate for French/English and English/French Translators**

**Certificate Requirements (26 units)**

1. Proficiency in French equal to that of FREN 150. Intermediate French or equivalent.
2. Four units chosen from:
   - FREN 250. Reading and Interpretation (4)
   - FREN 310. Approaches to Literature (4)
3. FREN 295. Intermediate Assessment (2)
4. FREN 309A. French for Translators: General Translation (4)
5. FREN 309B. French for Translators: Commercial Translation (2)
6. FREN 309C. French for Translators: Technical Translation (2)
7. FREN 350. Advanced French Composition (4)
8. Four units chosen from:
   - FREN 382. French Civilization II (4)
   - FREN 460. Contemporary France (4)
   - FREN 461. Contemporary Issues in the Francophone World (4)
9. Four units chosen from:
   - EDUC 305. Expository Writing for Education (4)
   - ENG 305. Expository Writing (4)
   - HUM 305. Expository Writing for the Humanities (4)
   - MGMT 305. Expository Writing for Administration (4)
   - NSCI 305. Expository Writing for the Natural Sciences (4)
   - SSCI 305. Expository Writing for the Social Sciences (4)

**COURSE OFFERINGS IN FRENCH (FREN)**

**Lower Division**

Courses at the 101, 102 and 150 levels require one hour each week in the language laboratory in addition to the regularly scheduled classroom hours.

**101. College French I**

Emphasizes listening and speaking, with reading and writing as supporting skills. Students learn to formulate and respond to questions about their daily life, express preferences, as well as master the ability to list, enumerate, identify, compare, agree and disagree. (FREN 101+102+150=C.3) (4 units)

**102. College French II**

Develops listening and active speaking skills with further development of reading and writing skills while expanding vocabulary of daily life. Ability to describe events in present, near past and near future. Prerequisite: FREN 101 or consent of department. (FREN 101+102+150=C.3) (GE=C.3) (4 units)
150. Intermediate French
Develops listening and speaking with emphasis on reading and writing skills. Student would be able to negotiate routine social situations and more complex tasks. Ability to recount events in the past, present and future. Prerequisite: FREN 102 or consent of department. (FREN 101+102+150=C.3) (4 units)

200. Culture and Communication
Intermediate-level course in French culture and in the four language skills—oral comprehension, speaking, reading, and writing—designed to prepare students for the required courses in the core. Prerequisite: FREN 150 or equivalent. (GE=C.3) (4 units)

201. Culture and Communication II
Second-year course to build proficiency in listening, speaking, reading and writing while enhancing knowledge of French-speaking world. May not be taken for credit by students who have received credit for FREN 104 and 212. Prerequisite: FREN 150 or 200 or consent of department. (GE=C.3) (4 units)

202. Culture and Communication III
Second-year course to increase proficiency in listening, speaking, reading and writing while enhancing knowledge of the French-speaking world. Formerly FREN 214. Prerequisite: FREN 201 or consent of department. (GE=C.3) (4 units)

250. Reading and Interpretation
Concentration on reading and interpretive writing skills in preparation for upper-division coursework in French. Prerequisite: FREN 202 or consent of department. (4 units)

290. French Literature in English
Introduction to French literature read in English translation. (GE=C.3) (4 units)

295. Intermediate Assessment
Assessment of skills in reading, writing, listening, and speaking in the four language skills—oral comprehension, speaking, reading, and writing designed to prepare students for the required courses in the core. Graded credit/no credit. May be repeated once for a total of six units. No more than six units of credit for Community Service Project courses may be applied toward degree requirements. Prerequisites: FREN 250 and 295 or consent of instructor. (4 units)

Upper Division
Ordinarily, upper-division courses are conducted in French. Students enrolled in these courses will be evaluated on appropriate progress in both the command of the language and the subject matter.

303. Contemporary Spoken French
Practice of contemporary spoken French through the reading and discussion of current topics in the French-speaking world. Formerly FREN 340. Prerequisite: FREN 202 or consent of department. (4 units)

307. Phonetics
In-depth study of the French sound system. Oral practice and study of general principles of French phonology and dialectology. Formerly FREN 306. Prerequisite: FREN 202 or consent of department. (4 units)

309. French for Translators
Extensive practice in precise written translations from French into English and from English into French. May be repeated for credit as topics change. Prerequisites: FREN 250 and 295 or consent of department.
A. General Translation. (4 units)
B. Commercial Translation. May be taken concurrently with FREN 309C. (2 units)
C. Technical Translation. May be taken concurrently with FREN 309B. (2 units)

310. Approaches to Literature
Introduction to a variety of approaches to literature; how to read, interpret, understand, and explain a variety of literary genres (short stories, novels, poetry, theatre). Prerequisite: FREN 295. FREN 350 strongly recommended. (4 units)

336. Francophone Women Writers
Exploration of selected works by Francophone women writers, with emphasis on issues in women's lives. Prerequisites: FREN 295; and 250 or 310; or consent of instructor. (4 units)

350. Advanced French Composition
Improvement of written expression in a variety of genres, including narrative, correspondence, summaries and research reports. Frequent writing required. Course may be repeated once for credit. Formerly FREN 302. Prerequisites: FREN 250 and 295 or consent of department. (4 units)

360. Contemporary French Fiction
Exploration of fictional works by Francophone authors published since 1980. Particular attention will focus on how contemporary issues are revealed through these novels. Prerequisites: FREN 295; and 250 or 310; or consent of instructor. (4 units)

370. Francophone Film and Culture
Analysis and historical examination of Francophone cultures, literatures and themes through French-language films. Prerequisites: FREN 295; and 250 or 310; or consent of instructor. (4 units)

381. French Civilization I
Explores the national identity of the French people, as reflected in the arts and social and political institutions, from the Middle Ages to the Enlightenment. Prerequisites: FREN 250 and 295 or consent of department. (4 units)

382. French Civilization II
Explores the national identity of the French people as reflected in the arts and social and political institutions in the nineteenth and twentieth centuries. Prerequisites: FREN 250 and 295 or consent of department. (4 units)

399. Community Service Project
Credit for performing academically related tasks in such agencies as governmental, social service and educational institutions. May be repeated for a total of six units. No more than six units of credit for Community Service Project courses may be applied toward degree requirements. Graded credit/no credit. Prerequisite: consent of department. (Credit to be arranged: 1 or 2 units)
190 / French

407. Comparative Linguistics: French/English
Application of modern linguistic theory to the problems of second-language acquisition in the areas of phonology, morphology, and syntax. Emphasis on practical implementation for teaching purposes. Prerequisites: FREN 250, 295 and 307 or consent of department. (4 units)

409. Business French
Introduction to commercial institutions and socioeconomic aspects of contemporary France; development of useful vocabulary in commercial French. Prerequisites: FREN 250 and 295 or consent of department. FREN 309B strongly recommended. (4 units)

411. Studies in the Novel
Analysis of major novels written in French from various periods and Francophone cultures. Prerequisites: FREN 250, 295 and 310 or consent of department. FREN 350 strongly recommended. (4 units)

412. Studies in Theater
Reading and discussion of representative dramatic works written in French from the seventeenth to the twentieth century. Prerequisites: FREN 250, 295 and 310 or consent of department. FREN 350 strongly recommended. (4 units)

413. Studies in Poetry
Introduction to poetry as a genre, principles of French versification. Major contributions of Francophone poets. Prerequisites: FREN 250, 295 and 310 or consent of department. FREN 350 strongly recommended. (4 units)

420. Special Topics in French Literature
Critical examination of selected works in Francophone literature focusing on a particular theme or literary movement. May be repeated for credit as topics change. Prerequisites: FREN 250, 295 and 310 or consent of department. FREN 350 strongly recommended. (4 units)

450. Advanced Grammar Review
An intensive review of advanced French grammar, including vocabulary building, proficiency in the written and spoken language. Prerequisites: FREN 295 and 350 or consent of department. (4 units)

460. Contemporary France
Focus on society, politics and institutions of the Fifth Republic. Prerequisites: FREN 295; and 250 or 310; and 382; or consent of department. (4 units)

461. Contemporary Issues in the Francophone World
Issues affecting the contemporary Francophone world, such as colonialism, regionalism, women's issues, intellectual movements, education and the arts. Prerequisites: FREN 250 and 295 or consent of department. FREN 350 strongly recommended. (4 units)

470. Special Topics in Francophone Cultures
Critical examination of selected Francophone works focusing on a particular aspect of Francophone society or historical period. May be repeated for credit as topics change. Prerequisites: FREN 295; and 250 or 310; and 381 or 382; or consent of instructor. (Credit to be arranged: 2 or 4 units)

471. Culture and Identity
Exploration of how Francophone literature, film, and histories can reveal cultural identities as well as analyses of how authors express their identities through these media. Particular attention will be paid to the development of post-colonial issues. Prerequisites: FREN 295; and 250 or 310; and 381 or 382; or consent of instructor. (4 units)

496. Senior Assessment
Assessment of proficiency and performance in five skill areas: listening, speaking, reading, writing and culture. Submission of a student portfolio. Students who have not yet demonstrated the required proficiencies in all areas will not pass the course. Additional coursework may be assigned before the course can be repeated; therefor, students should take this course at least two quarters prior to their anticipated graduation. Students planning on entering a teacher credential program should take FREN 500 concurrently. Graded credit/no credit. (2 units)

500. Advanced Performance Assessment
Students' performance in the five skills assessments of FREN 496 and the portfolio will be measured according to the outcomes expectations for teacher credential candidates. Minimum required performance in all areas is advanced-low with a required overall average of advanced-mid. Students will have additional required items in their assessment portfolios, including an official oral proficiency interview (additional fees required). Graded credit/no credit. Corequisite: FREN 496. (2 units)

514. Seminar in French Language, Literature or Civilization
Advanced study of a single author, a literary movement, linguistics or civilization. May be repeated for credit as topics change. Prerequisite: one 400-level French course. (4 units)

575. Internship
Internship offers students wishing to pursue careers using French opportunities to observe and work with professionals in the field. Requires 30 hours of work/study per unit of credit plus a report documenting their activities and reflecting on their experiences. Graded credit/no credit. May be repeated for credit for a maximum of four units. Prerequisites: FREN 250 and 295, and consent of department. (Credit to be arranged: 1 to 4 units)
GEOGRAPHY

Department of Geography
Social and Behavioral Sciences Building, Room 327J
880-5519

Bachelor of Arts
Geography - Track A
Geography: Geographic Analysis—Spatial/Technical - Track B
Geography: Social Science Teaching Credential (Single Subject) - Track C

Minor
Geography

Certificate Programs
Geographic Information Systems
Urban Planning

FACULTY: Jeffrey Hackel (Chair), Michael Kohout, Mark Kumler, Ted McDowell, Norman Meek, James Mulvihill, Richard Rowland, Jenny Zorn

Geography is concerned with the spatial variations and interrelationships between the natural and cultural features of the earth. Geographers study the earth primarily as the home of human beings. As an approach to knowledge, geography forms an interdisciplinary bridge between the physical and cultural worlds, examining both humans and their environment. As a synthesizing discipline, geography is an especially attractive major for liberal arts and science students. Its body of theory and methodologies provides an analytic technique applicable to a wide range of questions. For students planning to terminate their formal education with a bachelor's degree, it also provides both the regional and world perspective required of responsible citizens. For the same reasons, geography is especially valuable for those who plan to do graduate work. Geography offers job opportunities in teaching, business, government, armed forces, conservation and water resources, planning and market research, geographic information systems (GIS) and international organizations.

Students who can meet the qualifications are also encouraged to participate in the California State University's International Programs. Such participation will not only contribute immediately to the student's geographical knowledge and degree program, but may have longer-term educational and career benefits as well. For further information, see Page 25.

B.A. IN GEOGRAPHY - TRACK A
Requirements (62 units)

Total units required for graduation: 180

Requirements for the B.A. in Geography - Track A:

Lower-division requirements (20 units)
1. GEOG 100. Introduction to Human Geography (4)
2. GEOG 103. Physical Geography (5)
3. GEOG 201. Map Interpretation (2)
4. GEOG 202. Introduction to Geographical Information Systems and Mapping (5)
5. SSCI 165. Regions and Peoples of the World (4)

Upper-division requirements (42 units)
1. GEOG 305. Geographic Statistics and Research Methods (4)
2. GEOG 380. Population Geography (4)
3. GEOG 420. Geography of Economic Activity (4)
4. GEOG 500. Senior Seminar (2)
5. Eight units chosen from:
   GEOG 304. Field Methods in Geography (4)
   GEOG 306. Remote Sensing of Environment (4)
   GEOG 401. Advanced Geographic Information Systems (5)
   GEOG 402. Geographic Information Systems Applications (5)
6. Four units chosen from:
   GEOG 309. Area Study: Former and Post-Soviet Union (4)
   GEOG 310. Area Study: Africa (4)
   GEOG 321. Area Study: Latin America (4)
   GEOG 322. United States and Mexico Border Issues (4)
   GEOG 323. Area Study: North America (4)
7. Eight units chosen from:
   May choose only one of the following two courses:
   GEOG 360. Weather and Climate (4)
   GEOG 365. Climate Change (4)
   GEOG 370. Landscape Analysis (4)
   GEOG 470. Hydrology and Water Resources (4)
   GEOG 480. Geomorphology (4)
8. Eight units of upper-division course work in geography chosen in consultation with a departmental advisor. Only four of these units may be drawn from the area studies group.

B.A. IN GEOGRAPHY:
GEOGRAPHIC ANALYSIS—SPATIAL TECHNICAL - TRACK B
Requirements (69 units)

Total units required for graduation: 180

Requirements for the B.A. in Geography: Geographic Analysis—Spatial/Technical - Track B:

Lower-division requirements (16 units)
1. GEOG 100. Introduction to Human Geography (4)
2. GEOG 103. Physical Geography (5)
3. GEOG 201. Map Interpretation (2)
4. GEOG 202. Introduction to Geographical Information Systems and Mapping (5)

Upper-division requirements (53 units)
1. GEOG 305. Geographic Statistics and Research Methods (4)
2. GEOG 380. Population Geography (4)
3. GEOG 415. Urban Planning and Land Development (4)
4. GEOG 420. Geography of Economic Activity (4)
5. GEOG 500. Senior Seminar (2)
6. GEOG 304. Field Methods in Geography (4)
8. GEOG 401. Advanced Geographic Information Systems (5)
9. GEOG 402. Geographic Information Systems Applications (5)
10. GEOG 403. Advanced Map Design (5)
192 / Geography

11. Four units chosen from:
   GEOG 309. Area Study: Former and Post-Soviet Union (4)
   GEOG 310. Area Study: Africa (4)
   GEOG 321. Area Study: Latin America (4)
   GEOG 322. United States and Mexico Border Issues (4)
   GEOG 323. Area Study: North America (4)

12. Eight units chosen from:
   May choose only one of the following two courses:
   GEOG 360. Weather and Climate (4)
   GEOG 365. Climate Change (4)
   GEOG 370. Landscape Analysis (4)
   GEOG 470. Hydrology and Water Resources (4)
   GEOG 480. Geomorphology (4)

B.A. IN GEOGRAPHY: SOCIAL SCIENCE TEACHING CREDENTIAL OPTION - TRACK C

Requirements (118 units)

Total units required for graduation: 180

Requirements for the B.A. in Geography: Social Science Teaching Credential Option - Track C:

Core Requirements (93 units)

1. ANTH 102. Introduction to Anthropology: Culture and Society (4)
2. Four units chosen from:
   ANTH 140. World Civilizations I, the Rise of Civilization (4)
   HIST 140. World Civilizations I, the Rise of Civilization (4)
3. ECON 104. Economics of Social Issues (4)
4. ECON 200. Principles of Microeconomics (4)
5. ECON 202. Principles of Macroeconomics (4)
6. GEOG 103. Physical Geography (5)
7. Four units chosen from:
   GEOG 100. Introduction to Human Geography (4)
   SSCI 165. Regions and Peoples of the World (4)
8. GEOG 302. Geography of California (4)
9. HIST 142. World Civilization II, the Civilizations of the East and West (4)
10. HIST 144. World Civilization III, the Expansion of Europe (4)
11. HIST 200. United States History to 1877 (4)
12. HIST 201. United States History, 1877 to the Present (4)
13. HIST 370. History of California (4)
14. Four units chosen from:
   PHIL 192. Introduction to Philosophy of Religion (4)
   PHIL 193. Introduction to Eastern Philosophy (4)
15. PSCI 203. American Government (4)
16. PSCI 330. State and Local Politics (4)
17. PSYC 100. Introduction to Psychology (4)
18. SOC 100. The Study of Society (4)
19. Four units chosen from:
   GEOG 380. Population Geography (4)
   GEOG 420. Geography of Economic Activity (4)
20. Four units chosen from:
   GEOG 309. Area Study: Former and Post-Soviet Union (4)
   GEOG 310. Area Study: Africa (4)
   GEOG 321. Area Study: Latin America (4)
   GEOG 322. United States and Mexico Border Issues (4)
   GEOG 323. Area Study: North America (4)
21. Four units chosen from:
   GEOG 330. The Geography of Gender (4)
   GEOG 415. Urban Planning and Land Development (4)
   GEOG 440. Understanding the City (4)
22. Four units chosen from:
   HIST 350. The American Colonies, 1607-1783 (4)
   HIST 351. The Evolution of American Democracy, 1783-1840 (4)
   HIST 354. Civil War and Reconstruction (4)
   HIST 355. The United States, 1877-1917 (4)
   HIST 357. The United States, 1917-1945 (4)
   HIST 359. The United States Since 1945 (4)
   HIST 540. Constitutional History of the United States (4)
   HIST 556. Foreign Relations of the United States (4)
23. Four units chosen from:
   HUM 325. Perspectives on Gender (4)
   HUM 335. The Origin and Contemporary Role of Latino Culture (4)
   HUM 350. The Cultures of American Childhood (4)
   HUM 370. African Heritage in the Arts (4)
   HUM 375. The World of Islam (4)
   HUM 380. Comparative Studies in the Arts: East and West (4)
   NSCI 325. Perspectives on Gender (4)
   SSCI 316. Race and Racism (4)
   SSCI 325. Perspectives on Gender (4)
   SSCI 350. Roots of Modern Racism in America (4)

Geography requirements (25 units):

1. GEOG 201. Map Interpretation (2)
2. GEOG 202. Introduction to Geographic Information Systems and Mapping (5)
3. GEOG 500. Senior Seminar (2)
4. A minimum of four units chosen from:
   GEOG 304. Field Methods in Geography (4)
   GEOG 305. Geographic Research Methods (4)
   GEOG 306. Remote Sensing of Environment (4)
   GEOG 401. Advanced Geographic Information Systems (5)
   GEOG 402. Geographic Information Systems Applications (5)
   GEOG 403. Advanced Map Design (5)
5. Eight units chosen from:
   May choose only one of the following two courses:
   GEOG 360. Weather and Climate (4)
   GEOG 365. Climate Change (4)
   GEOG 370. Landscape Analysis (4)
   GEOG 470. Hydrology and Water Resources (4)
   GEOG 480. Geomorphology (4)
6. Four units of upper division course work in geography and/or related fields chosen in consultation with a departmental advisor.
MINOR IN GEOGRAPHY
Requirements (33 units)

Requirements for a minor in Geography:
Lower-division requirements (9 units)
1. GEOG 100. Introduction to Human Geography (4)
2. GEOG 103. Physical Geography (5)

Upper-division requirements (24 units)
1. GEOG 420. Geography of Economic Activity (4)
2. Twenty units chosen from any upper-division geography courses chosen in consultation with a departmental advisor.

Only four of these units may be drawn from the area studies group.

DEPARTMENTAL HONORS

Students majoring in geography are eligible to receive honors in geography at graduation if they have:
1. Completed at least one-half of the coursework required by the major at this university;
2. Earned a grade point average of at least 3.5 in the major, both at this university and overall;
3. Earned an overall undergraduate grade point average of 3.0 or better;
4. Completed a senior project approved in advance by the department chair.

Students interested in receiving this recognition must initiate the process by making a formal application with the Geography Department Administrative Support Coordinator.

CERTIFICATE PROGRAMS

Certificates may be earned by regularly matriculated or extended learning students and denote successful completion of a prescribed program of study designed to a) impart specified professional/vocational/career competencies; or b) produce mastery of the content of a sub-field of an academic major (disciplinary); or c) provide exposure to the range of materials in a traditional or emerging interdisciplinary field. Refer to Page 63 for additional certificate information.

Certificate in Geographic Information Systems
Certificate Requirements (25 units)
1. GEOG 201. Map Interpretation (2)
2. GEOG 202. Introduction to Geographic Information Systems and Mapping (5)
3. GEOG 401. Advanced Geographic Information Systems (5)
4. GEOG 402. Geographic Information Systems Applications (5)
5. A minimum of eight units chosen from:
   GEOG 306. Remote Sensing of Environment (4)
   GEOG 403. Advanced Map Design (5)
   GEOG 406. Digital Image Processing (4)
   GEOG 575. Internship in Geography (5)

Certificate in Urban Planning
Certificate Requirements (25 units)
1. GEOG 202. Introduction to Geographic Information Systems and Mapping (5)
2. GEOG 306. Remote Sensing of Environment (4)

3. Four units chosen from:
   GEOG 350. Conservation and Natural Resources (4)
   ECON 360. Economics of the Environment (4)
   GEOG 415. Urban Planning and Land Development (4)
   GEOG 440. Understanding the City (4)
5. GEOG 440. Understanding the City (4)
6. Four units chosen from:
   ANTH 493. Urban Anthropology (4)
   GEOG 575. Internship in Geography (4)
   HSCI 478. Environmental Health Management (4)
   PA 521. Principles of Planning (4)
   SOC 420. Population and Social Ecology (4)
   SOC 430. Urban Sociology (4)

COURSE OFFERINGS IN GEOGRAPHY (GEOG)

Lower Division

100. Introduction to Human Geography
Introduction to the global patterns and dynamics of such human activities as population growth and movements, politics, religion, language, urbanization, industrialization, and economic development. The course emphasizes the processes that produce regional and environmental differences. (GE=B.3) (GEOG 100=CAN GEOG 3) (4 units)

103. Physical Geography
Systematic approach to the physical environment of man stressing the relationships between the atmosphere, land, life forms and water. Four hours lecture and three hours laboratory. Materials fee required. Prerequisite: satisfactory score on the Entry Level Mathematics examination. (GE=B.3) (GEOG 103=CAN GEOG 6) (5 units)

104. Physical Geography Laboratory
Physical geography laboratory course designed to supplement a physical geography lecture course taken elsewhere without an accompanying laboratory. Materials fee required. Prerequisites: satisfactory score on the Entry Level Mathematics examination. Formerly GEOG 300. (2 units)

201. Map Interpretation
Basic introduction to skills and reasoning ability needed to appreciate and use maps as professional tools. Course will focus on map reading in the environment. Participation in a weekend outdoor map reading exercise is required. Formerly GEOG 300. (1 unit)

202. Introduction to Geographic Information Systems and Mapping
An introduction to the fundamental principles and theories involved in working with geographic data within a geographic information system (GIS). Basic mapping concepts of scale, generalization, classification, map projections, coordinate systems, and spatial analysis are covered. Four hours lecture and three hours laboratory. Materials fee required. Formerly GEOG 301. (5 units)
194 / Geography

205. Geographical Statistics
Introduction to basic statistical concepts and procedures used in geography, including spatial analysis. This course uses a computer statistical program. (4 units)

Upper Division

300. Geography in the Elementary and Middle School Classroom
Introduces liberal studies students to geography in the California/Social Science Standards. Students learn to integrate geographic principles and theories with the other social sciences. May not be counted toward fulfillment of requirements in the geography major or minor. (4 units)

302. Geography of California
Systematic and regional study of California geography stressing general geographical concepts to explain sequential human settlement patterns in relation to the natural environment. (4 units)

304. Field Methods in Geography
Introduction to methods and techniques for the acquisition of geographic data from direct field measurement and observations. One hour lecture and six hours field activity. Materials fee required. Prerequisites: GEOG 103 and 201 (300). (4 units)

305. Geographic Statistics and Research Methods
Introduction to basic statistical concepts and quantitative methods used in geography, including spatial analysis and the writing of geographic research reports. A computer statistical program is used. (4 units)

306. Remote Sensing of Environment
Interpretation of environmental phenomena recorded by satellite and aerial multispectral sensing systems, especially conventional aerial photography. Prerequisite: GEOG 103 or consent of instructor. (4 units)

309. Area Study: Former and Post-Soviet Union
Regional analysis of socio-economic development and environmental problems. (4 units)

310. Area Study: Africa
Regional analysis of socio-economic development and environmental problems. (4 units)

311. The Dynamic Earth
Tailored to students intending to teach grades K-8. A systematic survey of Earth's physical environment, including the spatial and temporal interrelationships among the Earth's atmosphere, oceans and land. Students will be introduced to selected methods and tools of scientific inquiry and analysis used in the earth and space sciences. May not be counted towards fulfillment of requirements in the geography major or minor. Four hours lecture and three hours laboratory. Prerequisites: a college-level chemistry course and a college-level physics course, or consent of instructor. (5 units)

321. Area Study: Latin America
Regional analysis of socio-economic development and environmental problems. (4 units)

322. United States and Mexico Border Issues
Introduction to U.S.-Mexico border issues, including the social interactions and processes that distinguish the area. Analysis will focus on the characteristics of everyday life as shaped by political, economic, and cultural issues from inside and outside the region. (4 units)

323. Area Study: North America
Systematic examination of the physical and cultural geography of North America, stressing the relationships between the natural environment and human settlement and economic patterns. (4 units)

330. The Geography of Gender
Spatial analysis of social, political, and economic factors associated with gender relations and demographic patterns in the United States. An exploration of the causes of regional and spatial variations in gender patterns. (4 units)

340. Political Geography
An examination of contemporary problems in the spatial patterns of political processes at the international, interregional and urban scales. (4 units)

350. Conservation and Natural Resources
Principles of resource utilization and ecology as they involve human development and politico-economic policy. (4 units)

360. Weather and Climate
An examination of atmospheric processes and the relationships between the atmosphere, hydrosphere, lithosphere and biosphere that influence local, regional and global patterns of weather and climate. Relationships between human activity, vegetation patterns, weather and climate will be discussed. Prerequisite: GEOG 103 or consent of instructor. (4 units)

365. Climate Change
An examination of past climates, modern climates and evidence for future climate change. Students are required to attend two weekend field trips. Formerly a topic under GEOG 390. Prerequisite: GEOG 103 or GEOL 101. (4 units)

370. Landscape Analysis
Analysis of the earth as a mosaic of varying size habitat patches. Principles of geography, ecology, and biogeography are used to examine the characteristics and processes that work within and between patches. The application of landscape concepts to land use planning will be discussed, as will methods for determining spatial patterning. Formerly GEOG 460. Prerequisites: BIOL 100 or HSCI 120; and GEOG 103; or consent of instructor. (4 units)

380. Population Geography
Spatial distribution and redistribution of population; interrelationships between population and the environment, including techniques of analysis. (4 units)

390. Selected Topics in Geography
Examination of selected topics of current interest in geography. May be repeated for credit as topics change. (4 units)

392. Selected Topics in Geography
Examination of selected topics of current interest in geography. May be repeated for credit as topics change. (2 units)
401. Advanced Geographic Information Systems
Advanced study of the principles and theories involved in working with geographic data within a geographic information system (GIS). Emphasis on the input, storage, manipulation, and analysis of geographic data. Four hours lecture and three hours laboratory. Materials fee required. Prerequisite: GEOG 202 or consent of instructor. (5 units)

402. Geographic Information Systems Applications
An examination of case studies in which geographic information systems (GISs) have been used to address environmental problems. Individual and/or group projects required. Four hours lecture and three hours laboratory. Materials fee required. Formerly a topic under GEOG 390. Prerequisite: GEOG 202 or consent of instructor. (5 units)

403. Advanced Map Design
Map compilation, design, and production using modern digital techniques. Emphasis on the effective display of geographic data. Four hours lecture and three hours laboratory. Materials fee required. Formerly GEOG 303. Prerequisite: GEOG 202 or consent of instructor. (5 units)

406. Digital Image Processing
Geographic manipulation and interpretation of multispectral scanner data from satellites, radar and other digital image sources with the aid of computers. Prerequisite: GEOG 306 or consent of instructor. (4 units)

415. Urban Planning and Land Development
Comprehensive urban planning and land use controls. Emphasis on impact of urban development in North America. (4 units)

420. Geography of Economic Activity
Analysis of concepts of location, interaction and regionalization as they apply to economic activity. Special emphasis on economic growth and modernization. (4 units)

440. Understanding the City
A study of the physical and social attributes of the North American city. Emphasis is placed on urban planning and policy making. (4 units)

470. Hydrology and Water Resources
Basic principles of hydrology: relationships between atmospheric, surface and groundwater phenomena; streamflow and flood prediction; water supply and quality. Prerequisite: GEOG 103 or consent of instructor. (4 units)

480. Geomorphology
Landforms and the processes that create them. Multi-day field trip required. Prerequisite: GEOG 103 or GEOL 101 or consent of instructor. (4 units)

500. Senior Seminar
An assessment of academic progress, required of all geography and environmental studies majors, will be made by assembling an academic portfolio of completed coursework. Graded credit/no credit. Prerequisites: senior standing in geography or environmental studies and permission of Geography Department. (2 units)

575. Internship in Geography
Supervised work in public or private organizations emphasizing practical applications of geographic concepts. May be repeated once for credit. Graded credit/no credit. Prerequisites: consent of instructor and department. (5 units)

595. Independent Study
A total of eight units in GEOG 595 may be applied toward the major and graduation. Prerequisites: a minimum overall grade point average of 3.0, consent of instructor and departmental approval of a written proposal of a project submitted on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 2 to 4 units)

Graduate level courses can be found on Page 458.
GEOL 301. Introduction to Geologic Mapping (4)
2. Two units chosen from:
   - GEOL 307. Service Learning in the Earth Sciences (2)
   - GEOL 310. Regional Field Geology (2)
   - GEOL 395. Directed Studies (2)
3. GEOL 312. Geology of California (4)
4. GEOL 320. Mineralogy and Crystallography (5)
5. GEOL 321. Optical Mineralogy (2)
6. GEOL 322. Introduction to Geochemistry (3)
7. GEOL 325. Igneous and Metamorphic Petrology (5)
8. GEOL 330. Sedimentary Petrology (5)
9. GEOL 340. Stratigraphy (5)
10. GEOL 350. Paleontology (5)
11. GEOL 360. Structural Geology (5)
12. GEOL 370. Tectonics (4)
13. GEOL 590. Senior Seminar (1)

B.S. IN GEOLOGY
Requirements (118 units)
Total units required for graduation: 186

Requirements for the B.S. in Geology:

Lower-division requirements (54 units)
1. Five units chosen from:
   - BIOL 100. Topics in Biology (5)
   - BIOL 200. Biology of the Cell (5)
2. CHEM 215. General Chemistry I: Atomic Structure and Chemical Bonding (6)
3. CHEM 216. General Chemistry II: Principles of Chemical Reactions (6)
4. GEOL 101. Introductory Geology (5)
5. GEOL 250. Historical Geology (5)
6. MATH 211. Basic Concepts of Calculus (4)
7. MATH 212. Calculus II (4)
8. Four units chosen from:
   - MATH 262. Applied Statistics (4)
   - MATH 305. Statistics: Hypothesis Testing and Estimation (4)
9. PHYS 221. General Physics I (5)
10. PHYS 222. General Physics II (5)
11. PHYS 223. General Physics III (5)

Upper-division requirements (64 units)
1. GEOL 301. Introduction to Geologic Mapping (4)
2. GEOL 320. Mineralogy and Crystallography (5)
3. GEOL 321. Optical Mineralogy (2)
4. GEOL 322. Introduction to Geochemistry (3)
5. GEOL 325. Igneous and Metamorphic Petrology (5)
6. GEOL 330. Sedimentary Petrology (5)
7. GEOL 340. Stratigraphy (5)
8. GEOL 360. Structural Geology (5)
9. GEOL 390. Field Camp (8)
10. GEOL 590. Senior Seminar (1)

### General Geology Option (21 units)

1. GEOL 310. Regional Field Geology (2)
2. GEOL 312. Geology of California (4)
3. GEOL 350. Paleontology (5)
4. GEOL 370. Tectonics (4)
5. Two units chosen from:
   - GEOL 307. Service Learning in the Earth Sciences (2)
   - GEOL 395. Directed Studies (2)
   - GEOL 575. Internship in Geology (2)

### Environmental Geology Option (21 units)

1. GEOG 470. Hydrology and Water Resources (4)
2. GEOL 375. Groundwater Hydrology (4)
3. GEOL 376. Field Methods in Hydrology (4)
4. GEOL 430. Engineering Geology (5)
5. A minimum of four units chosen from:
   - CHEM 206. Organic Chemistry (5)
   - GEOG 202. Introduction to Geographic Information Systems and Mapping (5)
   - GEOG 470. Hydrology and Water Resources (4)
   - GEOG 480. Geomorphology (4)
   - GEOL 375. Groundwater Hydrology (4)
   - GEOL 430. Engineering Geology (5)
   - GEOL 540. Advanced Topics in Geology (4)

### Minor in Geology

Requirements (35 units)

#### Lower-division requirements (20 units)

1. GEOL 101. Introductory Geology (5)
2. GEOL 250. Historical Geology (5)
3. A minimum of five units chosen from:
   - CHEM 205. Fundamentals of Chemistry I: General Chemistry (5)
   - CHEM 215. General Chemistry I: Atomic Structure and Chemical Bonding (6)
4. A minimum of five units chosen from:
   - PHYS 121. Basic Concepts of Physics I (5)
   - PHYS 221. General Physics I (5)

#### Upper-division requirements (15 units)

1. A minimum of 15 units of upper-division geology courses. These units may not include GEOL 304, 305 or 306.

### Teaching Credential Preparation Program

#### Geosciences

Students wishing to be recommended for a single subject teaching credential in science with a concentration in the geosciences must, either as part of the requirements for the Bachelor of Arts or Bachelor of Sciences in Geology or as electives in addition to the requirements for the degree, take the following courses:

1. One full year of biology coursework, such as:
   - BIOL 200. Biology of the Cell (5)
   - BIOL 201. Biology of Organisms (5)
   - BIOL 202. Biology of Populations (5)
2. One full year of chemistry coursework, such as:
   - CHEM 206. Fundamentals of Chemistry II: Organic Chemistry (5)
   - CHEM 215. General Chemistry I: Atomic Structure and Chemical Bonding (6)
   - CHEM 216. General Chemistry II: Principles of Chemical Reactions (6)
3. GEOL 306. Oceans and Atmospheres for the Science Teacher (3)
4. NSCI 300. Science and Technology (4)
5. PHYS 103. Descriptive Astronomy (5)

### DEPARTMENTAL HONORS

A graduating senior will be awarded departmental honors in geology after meeting the following requirements:

1. A grade-point average of at least 3.5 in all geology courses, with a minimum of five geology courses taken at this university;
2. Satisfactory completion of GEOL 595. Independent Study;
3. Presentation of the results of the independent study to the department or at a professional meeting.

### COURSE OFFERINGS IN GEOLOGY (GEOL)

The quarters listed for course offerings are tentative.

#### Lower Division

**101. Introductory Geology (FWS)**

An introduction to the study of the earth, particularly the structure, composition, distribution and modification of earth materials, and processes that shape the surface of the earth. Four hours lecture and three hours laboratory. Materials fee required. Prerequisite: satisfactory score on the Entry Level Mathematics examination. (GE=B.3) (GEOL 101=CAN GEOL 2) (5 units)

**102. Introductory Geology Laboratory (FWS)**

Designed for students who have taken an introductory geology lecture elsewhere. Hands-on introduction to the structure, composition, distribution and modification of earth materials, and processes that shape the surface of the earth. Three hours laboratory. Materials fee required. Prerequisites: satisfactory score on the Entry Level Mathematics examination, and the transferable equivalent to the Introductory Geology lecture, and permission of department. (1 unit)
205. **Volcanic Hazards, Surveillance and Prediction** (W-05)

An introduction to the study of volcanic eruptions; assessment of their hazards; methods used in their surveillance and in the prediction of eruptions. Effects of volcanic eruptions on humans, buildings, economic activities, and world climate. Two hours lecture. (GE=B.4) (2 units)

210. **Earthquakes: Science and Public Policy** (F-04/S-05)

An introduction to the scientific study of earthquakes, the assessment of seismic hazards, earthquake engineering, and the physical and sociological effects of earthquakes. Various public policies aimed at mitigating earthquake hazards and attempts at earthquake prediction will also be examined. (GE=B.4) (2 units)

250. **Historical Geology** (S-05)

Study of the origin and evolution of the earth and its life forms as interpreted from the rock and fossil record. Four hours lecture and three hours laboratory. Materials fee required. Overnight field trips may be required. (GEOL 250=CAN GEOL 4) (5 units)

295. **Special Projects in Geology** (FWS)

Individual investigation, research, study or survey of selected problems. Prerequisite: consent of instructor. (Credit to be arranged: 1 or 2 units)

**Upper Division**

301. **Introduction to Geologic Mapping** (F-05)

Field identification of igneous, sedimentary, and metamorphic rock units, sample collection, making rock descriptions, use of Brunton compass, pace and compass technique, topographic map reading, location determination, measuring geological features (e.g., strike and dip of bedding, lineation and foliation in metamorphic rocks), plotting geologic features on a topographic map, geologic symbol and notation conventions, topographic profile construction, geologic cross section construction and interpretation, geologic field note taking, and preparing geologic reports. Overnight field trips may be required. Two hours lecture and six hours laboratory. Materials fee required. Prerequisite: GEOL 101 or GEOG 103. (4 units)

304. **Geology in the Classroom** (FWS)

Basic concepts of geology as related to the elementary and middle school classroom. Hands-on analysis of geological materials and processes. Identification and classification of minerals, rocks, and fossils. Study of volcanoes and earthquakes. One hour lecture and three hours laboratory. Materials fee required. Prerequisite: one college-level course in chemistry or physics. (2 units)

305. **Demonstration Laboratory in Geology**

A demonstration laboratory exploring the basic principles of geology through individual student demonstrations. Three hours laboratory. Materials fee required. Prerequisite or corequisite: GEOL 304. (1 unit)

306. **Oceans and Atmospheres for the Science Teacher** (W-05)

Basic concepts of oceanography and meteorology as these relate to the classroom including seasideing oceanic and atmospheric circulation, air masses and fronts, El Niño, monsoons, waves, tides, shores and shoreline processes and evolution of the sea floor. Two hours lecture and three hours laboratory/field studies. Materials fee required. Field trips may be required. Prerequisite: one laboratory course in physics or chemistry. (3 units)

307. **Service Learning in the Earth Sciences** (FWS)

Supervised activities in geology or geological education providing service to campus or community constituents. Minimum of 30 hours required per unit of credit. May be repeated for credit. Graded credit/no credit. Prerequisite: consent of instructor. (Credit to be arranged: 1 to 2 units)

309. **Earth: The Blue Planet** (FWS)

Tailored for students intending to teach grades K-8. Planet Earth studied as a whole, comprising many separate but interacting systems. Earth's place and role in the solar system; what the planet is made of and how it is changing; surface processes that shape its exterior; influences on its habitable envelope. Four hours lecture and three hours laboratory. Materials fee required. Prerequisites: a college-level chemistry course and a college-level physics course, or consent of instructor. (2 units)

310. **Regional Field Geology** (F or S)

Investigation of geologic features and their interpretation based on field observations of selected region or locality. Overnight field trips may be required. May be repeated for credit as topics change. Prerequisite: GEOL 101 or consent of instructor. (2 units)

312. **Geology of California** (W)

Interpretation of the geological features and evolution of California. Four hours lecture. Overnight field trips may be required. Formerly GEOL 440. Prerequisite: GEOL 101. (4 units)

320. **Mineralogy and Crystallography** (F-04)

Introduction to crystal symmetry, crystallography, crystal chemistry, mineral classification, mineral genesis, physical and chemical properties of minerals, and laboratory identification of important ore and rock-forming minerals. Three hours lecture and six hours laboratory. Materials fee required. Field trips may be required. Prerequisite: GEOL 101. Prerequisite or corequisite: CHEM 205 or 215. (5 units)

321. **Optical Mineralogy** (W-05)

Theory and application of petrographic microscopy for the analysis and identification of minerals. One hour lecture and three hours laboratory. Materials fee required. Formerly GEOL 315. Prerequisite: CHEM 205 or 215. Recommended: GEOL 320. (2 units)

322. **Introduction to Geochemistry** (W-05)

Distribution, migration, and reactions of chemical elements within the earth through space and time. Recommended as an elective for students of chemistry, environmental studies, and life sciences. Three hours lecture. Formerly GEOL 300. Prerequisite: CHEM 205 or 215. Recommended: GEOL 320. (3 units)
325. Igneous and Metamorphic Petrology  (S-05)
Description and genesis of igneous and metamorphic rocks, their mineralogic and chemical composition, internal structure, and mode of occurrence. Three hours lecture and six hours laboratory. Materials fee required. Overnight field trips may be required. Prerequisite: GEOL 320. Prerequisite or corequisite: CHEM 216. (5 units)

330. Sedimentary Petrology  (F-05)
Study of sedimentary processes, depositional environments, and diagenesis, based on the interpretation and classification of sedimentary rocks. Overnight field trips may be required. Four hours lecture and three hours laboratory. Materials fee required. Prerequisite: GEOL 101 or equivalent. (5 units)

340. Stratigraphy  (W-06)
Principles of analysis, description, and interpretation of stratiform rock, including stratigraphic nomenclature, correlation, facies relationships, and paleoenvironmental reconstruction. Four hours lecture and three hours laboratory. Materials fee required. Overnight field trips may be required. Prerequisite: GEOL 330. (5 units)

350. Paleontology  (F-04)
Concepts of paleobiology exemplified by systematic study of important fossil groups. Four hours lecture and three hours laboratory. Materials fee required. Overnight field trips may be required. Prerequisite: an introductory geology or biology course. (5 units)

360. Structural Geology  (W-06)
Mechanics and characteristics of rock deformation and analytical techniques for the solution of structural relationships. Four hours lecture and three hours laboratory. Materials fee required. Overnight field trips may be required. Prerequisites: GEOL 101 and PHYS 121 or 221. (5 units)

370. Tectonics  (S-06)
Interpretation of the geological evidence for plate tectonics; the mechanisms that control it; the structures it produces; its control on igneous, metamorphic, sedimentologic, and biological processes; and plate interactions. Four hours lecture. Prerequisites: GEOL 325, 330 and 360. (4 units)

375. Groundwater Hydrology  (S-05)
Occurrence, distribution, and movement of groundwater; properties of aquifers; principles of groundwater flow; effects of well extraction; regional groundwater flow; water quality and contamination. Four hours lecture. Prerequisites: GEOG 470, GEOL 101 and MATH 212. Recommended: MATH 251. (4 units)

376. Field Methods in Hydrology  (W-06)
Measurement methods and analysis associated with the evaluation of water movement in the field. Sampling methods and use of data loggers and other sampling equipment are emphasized. Two hours lecture and six hours laboratory Materials fee required. Field trips are required. Prerequisite: GEOL 375. (4 units)

390. Field Camp
Geological field work at selected areas in the western United States. Techniques of geologic mapping and structural, petrologic, stratigraphic, and paleontologic interpretation will be used to interpret the geological history and significance of those areas through reports, maps, cross-sections, and diagrams. Materials fee required. Prerequisites: GEOL 301, 340, 360 and consent of instructor. (8 units)

395. Directed Studies  (FWS)
Individual laboratory, field or library study conducted under the direction of a faculty member. A total of six units in GEOL 395 may be applied toward graduation. A minimum of two units of GEOL 395 are required for the B.S. in Geology. Prerequisites: consent of the College of Natural Sciences and approval of a written proposal of a project submitted on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 1 to 6 units)

430. Engineering Geology  (S-06)
A survey of issues and techniques pertinent to geology as it applies to engineering of structures. Soil and rock mechanics; mass wasting processes; water-related issues; land subsidence; seismic hazards. Field trips are required. Three hours lecture and six hours laboratory, some of which will be conducted in the field. Materials fee required. Prerequisite: GEOL 360. (5 units)

460. Topics in Applied Geology
A selected topic of applied geology such as engineering geology, groundwater, environmental geology, resource management, well-log analysis, and geological hazards. Four hours lecture. May be repeated for credit as topics change. Prerequisite: GEOL 360 or consent of instructor. (4 units)

510. Scientific Issues in Surface and Groundwater Management
Overview of groundwater concepts and issues, including groundwater origins and behavior; response to wells; water chemistry; water quality and contamination; development and management. Emphasis is given to applications and case studies. This course does not satisfy requirements for the B.A. and B.S. degrees in geology. Four hours lecture. (4 units)

520. Readings in Classical Geology  (FWS)
Directed readings of important geologic literature that have shaped our understanding of the earth and its history. May be repeated for credit. Prerequisite: GEOL 250. (2 units)

530. Scanning Electron Microscopy
Theory and techniques of scanning electron microscopy. Lectures on theory of operation of the scanning electron microscope and specimen preparation. Laboratory includes hands-on training in the use of the scanning electron microscope. Laboratory projects will teach technical aspects of specimen preparation and microscope use. Three hours lecture and six hours laboratory Materials fee required. (Also offered as BIOL 530. Students may not receive credit for both.) Prerequisites: senior standing and consent of instructor. (5 units)
200 / Geology

531. Transmission Electron Microscopy
Theory and techniques of transmission electron microscopy. Lectures on theory of operation of the transmission electron microscope and specimen preparation. Laboratory includes hands-on training in the use of the transmission electron microscope. Laboratory projects will teach technical aspects of specimen preparation and use. Three hours lecture and six hours laboratory. Materials fee required. (Also offered as BIOL 531. Students may not receive credit for both.) Prerequisites: senior standing and consent of instructor. (5 units)

532. Techniques in Ultrastructure Analysis
Specialized techniques in ultrastructural analysis using either the scanning or transmission electron microscope. Topics will vary, but will include specialized techniques in specimen preparation, alternative image detectors, and image analysis. Theory of the analysis and training in the technical aspects will be covered. Three hours lecture and six hours laboratory. Materials fee required. (Also offered as BIOL 532. Students may not receive credit for both.) Prerequisites: BIOL 530 or 531 or GEOL 530 or 531 and consent of instructor. (5 units)

540. Advanced Topics in Geology
An advanced geologic topic, such as geophysics, carbonate petrology, seismic stratigraphy, biostratigraphy, advanced igneous and metamorphic petrology, volcanic processes, geochemistry, paleoecology, Quaternary geology, geostatistics, micropaleontology, vertebrate paleontology, paleobotany, marine geology, and rock mechanics. Overnight field trips may be required. May be repeated for credit as topics change. Prerequisites: GEOL 250 and consent of instructor. (4 units)

545. Laboratory for Advanced Topics in Geology
Laboratory work to accompany some topics offered in GEOL 540. Three hours laboratory. Materials fee required. May be repeated for credit as topics change. Overnight field trips may be required. Corequisite: GEOL 540. (1 unit)

575. Internship in Geology (FWS)
Work experience off and on campus in geologically related work. Supervised by a member of Geological Sciences faculty. Graded credit/no credit. Prerequisite: consent of instructor. (Credit to be arranged: 2 to 4 units)

590. Senior Seminar (S)
Assessment of student learning through a standardized test and through written and oral presentation of a research project, which may have been initiated as part of another course. This course should be taken in the spring quarter immediately prior to graduation. Prerequisite or corequisite: GEOL 395 or 595. (1 unit)

595. Independent Study (FWS)
Laboratory, field or library research conducted under the direction of a faculty member. A total of six units in GEOL 595 may be applied towards the major in geology. Prerequisites: a minimum overall grade point average of 3.0, consent of the College of Natural Sciences, and approval of a written proposal of a project submitted on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 1 to 6 units)
GERMAN

Department of World Languages and Literatures
University Hall, Room 314
880-5847

Minor
German

Certificate Program
German/English Translators

The German program, open to all interested students, offers courses that develop language capabilities and an appreciation and comprehension of the literature and culture of Germany, Austria, and Switzerland. Information on the special interdisciplinary major in German area studies may be obtained from the Department of World Languages and Literatures.

Courses taught in English are listed under Foreign Languages and Literatures (Page 185) and Humanities (Page 235). Courses listed below are offered both to fulfill general education requirements and to support other major programs.

MINOR IN GERMAN
Requirements (24 units)

Requirements for a minor in German:
1. Proficiency in German equal to GER 150. Intermediate German or equivalent.
Note: Entering students with previous training in German, and those who are native speakers, should contact the Department of World Languages and Literatures for information about advanced placement and credit by examination.

Lower-division requirements (12 units)
1. GER 212. Composition (4)
2. GER 214. Conversation (4)
3. GER 216. Introduction to Literary Texts (4)

Upper-division requirements (12 units)
1. GER 309. Advanced German Composition (4)
2. Eight units chosen from upper-division German courses.

CERTIFICATE PROGRAM

Certificates may be earned by regularly matriculated or extended learning students and denote successful completion of a prescribed program of study designed to a) impart specified professional/vocational/career competencies; or b) produce mastery of the content of a sub-field of an academic major (discipline); or c) provide exposure to the range of materials in a traditional or emerging interdisciplinary field. Certain certificate programs contain 600-level courses as requirements and/or electives. These 600-level courses may not be taken by undergraduate students. Refer to Page 63 for additional certificate information.

Certificate for German/English Translators

Certificate requirements (36 units)
1. Proficiency in German equal to GER 150. Intermediate German or equivalent and completion of the following requirements with a grade point average of 2.7 ("B-" or better).
Note: Entering students with previous training in German, and those who are native speakers, should contact the Department of World Languages and Literatures for information about advanced placement and credit by examination.

Lower-division requirements (12 units)
1. GER 212. Composition (4)
2. GER 214. Conversation (4)
3. GER 216. Introduction to Literary Texts (4)

Upper-division requirements (24 units)
1. ENG 306. Expository Writing (4)
2. GER 309. Advanced German Composition (4)
3. GER 311. Survey of German Literature (4)
4. GER 312. Business German (4)
5. GER 313. Technical and Scientific Translation (4)
6. HUM 460. Cultural Studies (4) (when the topic pertains to Germany)

COURSE OFFERINGS IN GERMAN (GER)

Lower Division
Courses at the 101, 102 and 150 levels require one hour each week in the language laboratory in addition to the regularly scheduled classroom hours.

101. College German I
Fundamentals of pronunciation, structure and German culture designed to develop the ability to use and understand basic spoken German. (GER 101+102+150=CAN GERM SEQ A) (4 units)

102. College German II
Further study of the fundamentals of pronunciation, structure and German culture designed to develop the ability to use and understand basic spoken German. Continuation of GER 101. (GER 101+102+150=CAN GERM SEQ A) (GE=C.3) (4 units)

150. Intermediate German
Emphasis on oral and written competency at the intermediate level in a cultural context. Prerequisite: two years of high school German or equivalent. (GER 101+102+150=CAN GERM SEQ A) (GE=C.3) (4 units)

212. Composition
Comprehensive review of the principles of German grammar, emphasizing their application to composition. Prerequisite: GER 150 or equivalent. (GE=C.3) (4 units)

214. Conversation
Practice of oral German stressing the discussion of current topics, panel discussions, debates, short talks and skits. Prerequisite: GER 150 or equivalent. (GE=C.3) (4 units)
216. **Introduction to Literary Texts**
Techniques of literary study and analysis. Vocabulary development. Prerequisite: GER 150 or equivalent. (GE=C.3) (4 units)

218. **Culture**
Introduction to the culture and traditions of the German-speaking countries (principally Germany, Austria and Switzerland) as reflected in the arts and other social institutions. Course taught in German. (4 units)

290. **German Literature in English**
Introduction to German literature read in English translation. (GE=C.3) (4 units)

**Upper Division**
Ordinarily, upper-division courses are conducted in German. Students enrolled in these courses will be evaluated on appropriate progress in both the command of the language and the subject matter.

308. **Readings in German Literature**
Selected literary genre or writer. May be repeated for credit as topics change. Prerequisite: one of the following: GER 212, 214, 216 or consent of instructor. (4 units)

309. **Advanced German Composition**
Practice in composition and short essay writing with emphasis on the development of good writing style and expressive vocabulary. Practical application in writing. Prerequisite: GER 212 or 216 or consent of instructor. (4 units)

310. **Advanced German Conversation**
Advanced practice of oral German stressing the discussion of topics based in part on current newspapers and periodicals. Prerequisite: GER 214 or consent of instructor. (4 units)

311. **Survey of German Literature**
Survey course designed to introduce the student to the major literary movements and representative writers of German speaking cultures. Prerequisites: GER 212, 214, 216 or consent of instructor. (4 units)

312. **Business German**
Practice in writing German business letters and translation from German to English of materials useful in business, politics and tourism. Prerequisite: GER 212 or 216 or consent of instructor. (4 units)

313. **Technical and Scientific Translation**
Translation from German to English of technical and scientific material. Prerequisite: GER 212 or 216 or consent of instructor. (4 units)

399. **Community Service Project**
Credit for performing academically related tasks in such agencies as governmental, social service and educational institutions. May be repeated for a total of six units. No more than six units of credit for Community Service Project courses may be applied toward degree requirements. Graded credit/no credit. Prerequisite: consent of department. (Credit to be arranged: 1 or 2 units)
HEALTH CARE MANAGEMENT

Department of Health Science and Human Ecology
Jack Brown Hall, Room 263
880-5339, http://health.csusb.edu/hsci/

Bachelor of Science in Health Science
Concentration in Health Care Management

Faculty: Daniel Fahey, Joseph Lovett

Health administration is concerned with the planning, organization, financing, delivery, and evaluation of public and personal health services. The health services administration concentration prepares students for careers in health services delivery organizations such as hospitals, clinics, managed care organizations, long-term care facilities, and medical offices. Graduates may also enter careers in governmental health care as local and state departments of health, the U.S. Public Health Service, and international health organizations. Management and staff opportunities for the trained baccalaureate include consulting firms, durable medical equipment, pharmaceutical companies, and healthcare information systems vendors.

The B.S. in Health Science, with a concentration in Health Care Management may be combined with a minor in business.

For further program information, course descriptions, and requirements for the B.S. in Health Science, see the Department of Health Science and Human Ecology on Page 205.

Health Care Management Concentration

Lower-division requirements
1. ACCT 211. Introductory Accounting I (4)
2. ACCT 212. Introductory Accounting II (4)
3. BIOL 100. Topics in Biology (5)
4. Four units chosen from either Computer Science or Information Management courses:
   CSCI 121. Computer Technology and People (2)
   CSCI 123. Using Computer Software (2)
   OR
   INFO 102. Introduction to Information Technology (2)
   INFO 103. Using Information Technology Applications (2)
5. ECON 200. Principles of Microeconomics (4)
6. HSCI 120. Health and Society: An Ecological Approach (5)
7. HSCI 271. Introduction to Community Health (4)

Upper-division requirements
1. HSCI 352. Principles of Environmental Health (4)
2. HSCI 355. Health, Consumer and Environmental Law (4)
3. HSCI 367. Human Disease Mechanisms (4)
4. HSCI 415. Medical Care Organizations (4)
8. HSCI 423. Health and Wellness of Older Adults (4)
10. HSCI 470. Health Behavior (4)
11. Four units chosen from:
   HSCI 422. Health Planning (4)
   HSCI 452. Special Topics in Health Science and Human Ecology (4)
   HSCI 510. Hospital Administration (4)
   HSCI 511. Organization and Management Of Long-Term Care Facilities (4)
12. HSCI 460. Strategic Planning and Marketing in the Health Care System (4)
13. HSCI 489. Pre-Field Study Practicum (2)
14. HSCI 490. Health Service Administration (4)
15. HSCI 492A. Field Study: Action/Research in Human Ecology and Health (5)
16. HSCI 492B. Field Study: Action/Research in Human Ecology and Health (5)
17. HSCI 513. Managed Care Systems (4)
18. HSCI 598. Research Methodology in Health Science (5)
19. MGMT 302. Management and Organizational Behavior (4)
20. Twelve units of health science electives or other electives approved by an advisor.
HEALTH EDUCATION
Department of Health Science and Human Ecology

Jack Brown Hall, Room 263
880-5339, http://health.csusb.edu/hsci/

Bachelor of Science in Health Science
Concentrations in Community Health Education and Promotion School Health

Faculty: Kim Clark, Marsha Greer, Cindy Paxton

The School Health and the Community Health Education and Promotion concentration prepares graduates to be eligible to take the Certificate Health Education Specialist (CHES) national examination administered by the National Commission for Health Education Credentialing. In addition, the school health concentration contains all content areas required for a single subject teaching credential preparation program in the health sciences. For further program information, course descriptions, and requirements for the B.S. in Health Science, see the Department of Health Science and Human Ecology on Page 205.

Community Health Education and Promotion Concentration
Core Courses
Lower-division requirements
1. HSCI 120. Health and Society: An Ecological Approach (5)
2. Five units chosen from:
   BIOL 100. Topics in Biology (5)
   BIOL 200. Biology of the Cell (5)
3. BIOL 220. Principles of Microbiology (5)
4. BIOL 223. Human Physiology and Anatomy I (5)
5. BIOL 224. Human Physiology and Anatomy II (5)
6. CHEM 205. Fundamentals of Chemistry I: General Chemistry (5)
7. HSCI 271. Introduction to Community Health (4)
8. HSCI 273. Software Applications in the Health Sciences (4)

Upper-division requirements
1. HSCI 301. Principles of Health Education for Health Educators (4)
2. HSCI 302. Instructional Methods in Health Education (4)
3. HSCI 310. Health and Human Sexuality (4)
4. HSCI 342. Nutrition for Your Health (4)
5. HSCI 352. Principles of Environmental Health (4)
6. HSCI 355. Health, Consumer and Environmental Law (4)
7. HSCI 364. Drug and Alcohol Use and Abuse (4)
8. HSCI 367. Human Disease Mechanisms (4)
10. HSCI 470. Health Behavior (4)
11. HSCI 471. Health Promotion: Program Planning and Implementation (4)
12. HSCI 472. Program Evaluation (4)
13. HSCI 489. Pre-Field Study Practicum (2)
14. HSCI 492A. Field Study: Action/Research in Human Ecology and Health (5)
15. HSCI 492B. Field Study: Action/Research in Human Ecology and Health (5)
16. HSCI 598. Research Methodology in Health Science (4)
17. Four units chosen from:
   MATH 262. Applied Statistics (4)
   MATH 305. Statistics: Hypothesis and Testing Estimation (4)

Additional requirements for the School Health concentration
1. HSCI 302. Instructional Methods in Health Education (4)
2. Four units chosen from:
   HSCI 332. Health Education in the Elementary School (4)
   HSCI 333. Health Education in the Secondary School (4)
3. HSCI 435. Health and Human Development (4)
4. Four units chosen from:
   MATH 262. Applied Statistics (4)
   MATH 305. Statistics: Hypothesis and Testing Estimation (4)
5. Four units of health science electives or other electives approved by an advisor.
HEALTH SCIENCE

Department of Health Science and Human Ecology
Jack Brown Hall, Room 263
880-5339

Bachelor of Science
Health Science
with concentrations in:
- Ambulatory Care/Group Practice Management
- Community Health Education and Promotion
- Environmental Health Science
- Health Care Management
- School Health
- Nutrition and Food Sciences
(Nutrition and Food Science requirements can be found on Page 290.)

Teaching Credential Preparation Program
Health Science

Credential
School Nurse
(Credential requirements can be found on Page 426.)

Minor
Health Science
Nutrition and Food Sciences

Master of Arts
Health Education Concentration, M.A. in Education
(Degree requirements can be found on Page 406.)

Master of Science
Health Services Administration
(Degree requirements can be found on Page 455.)

Certificate Programs
- Ambulatory Care/Group Practice Management
- Community Mental Health
- Gerontology
- Health Care Management
- (Gerontology certificate requirements can be found on Page 323.)

Certification
Audiometrist Certification

FACULTY: Dorothy Chen-Maynard, Kim Clark, Richard Eberst, Daniel Fahey, Marsha Greer, Joe Hughes, Robert LaChausse, Joseph Lovett, Lal Mian, Cindy Paxton (Chair), Christine Ridley

The Department of Health Science and Human Ecology provides courses of instruction for personal growth, community service, intellectual stimulation and professional career opportunities in the public health and environmental fields. The department emphasizes an ecological approach to health and attempts to provide students with the tools necessary to understand factors contributing to the promotion of general health and well-being and the prevention of illness.

The Department of Health Science and Human Ecology also offers a Bachelor of Science in Health Science and a Bachelor of Science in Nutrition and Food Sciences. Students seeking a major in Nutrition and Food Sciences should refer to Page 290 of this catalog for the description of this degree. In addition the department offers a Master of Science in Health Services Administration, see Page 455. Within the M.A. in Education, students have the opportunity to take the option in Health Education. See Page 406 for this option. The department also offers certificates in several specialized areas.

A Bachelor of Science in Health Science with a given concentration is appropriate for students preparing to become health professionals, those who want to be health educators or health administrators, or those desiring to work in environmental protection agencies, private businesses, industrial hygiene, and safety. The program also is designed to provide a career ladder opportunity for persons currently engaged in public health and environmental occupations or preparing for graduate work in medicine, public health, social or natural sciences.

The department offers a blend of traditional and modern approaches to education and career development in the health science field. It encourages multidisciplinary orientation, community interaction and a social outlook, and provides appropriate instruction in the health related areas of science. In their senior year, students intern in community agencies, such as health departments, hospitals, industrial plants, environmental improvement agencies and consumer affairs offices, thus combining theory and practice.

The Environmental Health Science Concentration is the appropriate choice for students who want to become health inspectors (i.e., Registered Environmental Health Specialist), industrial hygienists, or hazardous waste control experts. For those who plan on becoming Registered Environmental Health Specialists, this concentration is approved by the Environmental Specialist Registration Committee of the California State Department of Health Services. Students who are certified by the environmental health coordinator will have met the academic and experience requirements for admittance to the State Environmental Health Specialist Registration Examination.

The School Health and the Community Health Education and Promotion concentrations prepare graduates to be eligible to take the Certified Health Education Specialist (CHES) national examination administered by the National Commission for Health Education Credentialing. In addition, the school health concentration contains all content areas required for a single subject teaching credential preparation program in the health sciences.

Pre-professional students of medicine, dentistry, veterinary medicine or other science-related fields seeking a major in health science should refer to Page 69 and consult with a department advisor.

Students interested in fields such as health or environmental law, clinical chemistry, business, health physics, or any other academic discipline should complete the minimum requirements of the major and select appropriate electives in consultation with a department advisor.
B.S. IN HEALTH SCIENCE

Requirements (111-123 units)

Total units required for graduation: 186

Requirements for the B.S. in Health Science:

Note: Certain required courses also apply in the university's general education program (refer to Page 72).

Lower-division requirements (5 units)
1. HSCI 120. Health and Society: An Ecological Approach (5)

Upper-division requirements (24 units)
1. HSCI 352. Principles of Environmental Health (4)
2. HSCI 355. Health, Consumer and Environmental Law (4)
3. HSCI 367. Human Disease Mechanisms (4)
4. HSCI 451. Principles of Epidemiology (4)
5. HSCI 470. Health Behavior (4)
6. Four units chosen from:
   MATH 262. Applied Statistics (4)
   MATH 305. Statistics: Hypothesis and Testing Estimation (4)

Concentration (82-94 units)
One of the following four concentrations is required for the major:

Ambulatory Care/Group Practice Management Concentration (82 units)
1. ACCT 211. Introductory Accounting I (4)
2. ACCT 212. Introductory Accounting II (4)
3. BIOL 100. Topics in Biology (5)
4. INFO 102. Introduction to Information Technology (2)
5. INFO 103. Using Information Technology Applications (2)
6. ECON 200. Principles of Microeconomics (4)
7. HSCI 271. Introduction to Community Health (4)
8. HSCI 415. Medical Care Organizations (4)
9. HSCI 436. Human Resource Management in Ambulatory Care/Group Practice Management (4)
10. HSCI 437. Information Systems as Applied to Ambulatory Care/Group Practice Management (4)
11. HSCI 438. Financial Management of Ambulatory Care/Group Practice Management (4)
12. HSCI 460. Strategic Planning and Marketing in the Health Care System (4)
13. HSCI 489. Pre-Field Study Practicum (2)
14. HSCI 490. Health Service Administration (4)
15. HSCI 492A. Field Study: Action/Research in Human Ecology and Health (5)
16. HSCI 492B. Field Study: Action/Research in Human Ecology and Health (5)
17. HSCI 460. Strategic Planning and Marketing in the Health Care System (4)
18. HSCI 512. Clinical Operations of Ambulatory Care/Group Practices (4)
19. MGMT 302. Management and Organizational Behavior (4)
20. Nine units of health science electives or other electives approved by an advisor.

Community Health Education and Promotion Concentration (90 units)
1. Five units chosen from:
   BIOL 100. Topics in Biology (5)
   BIOL 200. Biology of the Cell (5)
2. BIOL 220. Principles of Microbiology (5)
3. BIOL 223. Human Physiology and Anatomy I (5)
4. BIOL 224. Human Physiology and Anatomy II (5)
5. CHEM 205. Fundamentals of Chemistry I: General Chemistry (5)
6. HSCI 271. Introduction to Community Health (4)
7. HSCI 273. Software Applications in the Health Sciences (4)
8. HSCI 301. Principles of Health Education for Health Educators (4)
9. HSCI 302. Instructional Methods in Health Education (4)
10. HSCI 310. Health and Human Sexuality (4)
11. HSCI 342. Nutrition for Your Health (4)
12. HSCI 364. Drug and Alcohol Use and Abuse (4)
13. HSCI 471. Health Promotion: Program Planning and Implementation (4)
14. HSCI 472. Program Evaluation (4)
15. HSCI 489. Pre-Field Study Practicum (2)
16. HSCI 490. Health Service Administration (4)
17. HSCI 492A. Field Study: Action/Research in Human Ecology and Health (5)
18. HSCI 492B. Field Study: Action/Research in Human Ecology and Health (5)
19. HSCI 598. Research Methodology in Health Science (5)
20. Eight units of health science electives or other electives approved by an advisor.

Environmental Health Science Concentration (93 units)
1. BIOL 200. Biology of the Cell (5)
2. BIOL 201. Biology of Organisms (5)
3. BIOL 202. Biology of Populations (5)
4. Five units chosen from:
   BIOL 220. Principles of Microbiology (5)
   BIOL 320. Microorganisms (6)
5. CHEM 215. General Chemistry I: Atomic Structure and Chemical Bonding (6)
6. CHEM 216. General Chemistry II: Principles of Chemical Reactions (6)
7. Organic chemistry, a minimum of five units, choose from Group A, B, or C:

Group A
CHEM 206. Fundamentals of Chemistry II: Organic Chemistry (5)

Group B
CHEM 221A. Organic Chemistry I: Lecture (3)
CHEM 221B. Organic Chemistry I: Laboratory (1)
CHEM 222A. Organic Chemistry II: Lecture (3)
CHEM 222B. Organic Chemistry II: Laboratory (1)
CHEM 223A. Organic Chemistry III: Lecture (3)
CHEM 223B. Organic Chemistry III: Laboratory (1)

Group C
CHEM 322. Principles of Organic Chemistry II (5)
CHEM 323. Principles of Organic Chemistry III (5)
8. HSCI 380. Toxicology (4)
9. HSCI 401. Advanced Environmental Health (5)
11. HSCI 403. Vector-borne Disease Control (5)
12. HSCI 490. Health Service Administration (4)
13. HSCI 496. Internship in Environmental Health (6)
14. Four units chosen from:
   MATH 192. Methods of Calculus (4)
   MATH 211. Basic Concepts of Calculus (4)
15. A minimum of thirteen units, choose Group A or B below:
   **Group A:**
   - PHYS 121. Basic Concepts of Physics I (5)
   - PHYS 122. Basic Concepts of Physics II (4)
   - PHYS 123. Basic Concepts of Physics III (4)
   **Group B:**
   - PHYS 221. General Physics I (5)
   - PHYS 222. General Physics II (5)
   - PHYS 223. General Physics III (5)
16. Ten units of health science electives chosen from:
   - HSCI 322. Air Pollution (2)
   - HSCI 324. Radiological Health and Safety (2)
   - HSCI 354. Solid Waste Management (2)
   - HSCI 356. Housing and Institutions (2)
   - HSCI 358. Water Quality and Pollution Control (4)
   - HSCI 381. Occupational Safety (4)
   - HSCI 477. Environmental Health Engineering (4)
   - HSCI 478. Environmental Health Management (4)
   - HSCI 499. Directed Reading (1-4)
   - HSCI 530. Food-Borne Illnesses and Their Prevention (4)
   - HSCI 557. Hazardous Material Control (4)
   - HSCI 595. Independent Study (1-4)

**Health Care Management Concentration (82 units)**

1. ACCT 211. Introductory Accounting I (4)
2. ACCT 212. Introductory Accounting II (4)
3. BIOL 100. Topics in Biology (5)
4. Four units chosen from either CSCI or INFO:
   - CSCI 121. Computer Technology and People (2)
   - CSCI 122. Using Computer Software (2)
   - OR
   - INFO 102. Introduction to Information Technology (2)
   - INFO 103. Using Information Technology Applications (2)
5. ECON 200. Principles of Microeconomics (4)
6. HSCI 271. Introduction to Community Health (4)
7. HSCI 415. Medical Care Organizations (4)
8. HSCI 423. Health and Wellness of Older Adults (4)
9. Four units chosen from:
   - HSCI 422. Health Planning (4)
   - HSCI 452. Special Topics in Health Science and Human Ecology (4)
   - HSCI 510. Hospital Administration (4)
   - HSCI 511. Organization and Management Of Long-Term Care Facilities (4)
10. HSCI 460. Strategic Planning and Marketing in the Health Care System (4)
11. HSCI 489. Pre-Field Study Practicum (2)
12. HSCI 490. Health Service Administration (4)
13. HSCI 492A. Field Study: Action/Research in Human Ecology and Health (5)
14. HSCI 492B. Field Study: Action/Research in Human Ecology and Health (5)
15. HSCI 513. Managed Care Systems (4)
16. HSCI 598. Research Methodology in Health Science (5)
17. MGMT 302. Management and Organizational Behavior (4)
18. Twelve units of health science electives or other electives approved by an advisor.

**School Health Concentration (94 units)**

1. Five units chosen from:
   - BIOL 100. Topics in Biology (5)
   - BIOL 200. Biology of the Cell (5)
2. BIOL 220. Principles of Microbiology (5)
3. BIOL 223. Human Physiology and Anatomy I (5)
4. BIOL 224. Human Physiology and Anatomy II (5)
5. CHEM 205. Fundamentals of Chemistry I: General Chemistry (5)
6. HSCI 271. Introduction to Community Health (4)
7. HSCI 273. Software Applications in the Health Sciences (4)
8. HSCI 301. Principles of Health Education for Health Educators (4)
9. HSCI 302. Instructional Methods in Health Education (4)
10. HSCI 310. Health and Human Sexuality (4)
11. Four units chosen from:
    - HSCI 332. Health Education in the Elementary School (4)
    - HSCI 333. Health Education in the Secondary School (4)
12. HSCI 334. School Health Administration and Planning (4)
13. HSCI 342. Nutrition for Your Health (4)
14. HSCI 364. Drug and Alcohol Use and Abuse (4)
15. HSCI 435. Health and Human Development (4)
16. HSCI 471. Health Promotion: Program Planning and Implementation (4)
17. HSCI 472. Program Evaluation (4)
18. HSCI 489. Pre-Field Study Practicum (2)
19. HSCI 492A. Field Study: Action/Research in Human Ecology and Health (5)
20. HSCI 492B. Field Study: Action/Research in Human Ecology and Health (5)
21. HSCI 598. Research Methodology in Health Science (5)
22. Four units of health science electives or other electives approved by an advisor.

**TEACHING CREDENTIAL PREPARATION PROGRAM**

The School Health Concentration is the appropriate choice for all students who want to teach health science in schools. It meets the requirements for secondary teaching level major in health science. Students wishing to be recommended for a single subject teaching credential in Health Science must complete the requirements for this concentration as well as certain prerequisites to the teacher education program. For information about the professional education component, admission to the teacher education program, or specific requirements for the single subject waiver program see Page 156 or contact the Credentials Office (C.A.S.E.).

For teachers needing to clear their credential, the following courses meet the Single Subject Waiver Requirement for Health:

For elementary/multiple subjects credential candidates:

- HSCI 332. Health Education in the Elementary School
For secondary/single subject credential candidates:

HSCI 333. Health Education in the Secondary School
HSCI 440. Family Health Issues for Educators

For teachers wishing to add Health Science as a Supplemental Authorization to their existing credential, the following coursework is required:

HSCI 310. Health and Human Sexuality
HSCI 333. Health Education in the Secondary School
HSCI 342. Nutrition for Your Health
HSCI 364. Drug and Alcohol Use and Abuse

MINOR IN HEALTH SCIENCE

Requirements (31 units)

Requirements for a minor in Health Science:

Lower-division requirement (5 units)
1. HSCI 120. Health and Society: An Ecological Approach (5)

Upper-division requirements (26 units)
1. HSCI 352. Principles of Environmental Health (4)
2. HSCI 451. Principles of Epidemiology (4)
3. Eighteen units of upper-division health science courses chosen in consultation with an advisor.

DEPARTMENTAL HONORS

A graduating senior will be awarded departmental honors in health science after meeting the following requirements:
1. At least a 3.5 grade point average in all courses required for the major taken at California State University, San Bernardino;
2. At least a 3.0 ("B") grade point average overall;
3. An "A-" or better in HSCI 595. Independent Study (at least four units).

CERTIFICATE PROGRAMS

Certificates may be earned by regularly matriculated or extended learning students and denote successful completion of a prescribed program of study designed to a) impart specified professional/vocational/career competencies; or b) produce mastery of the content of a sub-field of an academic major (discipline); or c) provide exposure to the range of materials in a traditional or emerging interdisciplinary field. Certain certificate programs contain 600-level courses as requirements and/or electives. These 600-level courses may not be taken by undergraduate students. Refer to Page 63 for additional certificate information.

Certificate in Ambulatory Care/Group Practice Management

Certificate requirements (36 units)
1. ACCT 211. Introductory Accounting I (4)
2. HSCI 415. Medical Care Organizations (4)
3. HSCI 436. Human Resources Management in Ambulatory Care/Group Practice Management (4)
4. HSCI 437. Information Systems as Applied to Ambulatory Care/Group Practice Management (4)
5. HSCI 438. Financial Management in Ambulatory Care/Group Practice Management (4)
6. HSCI 460. Strategic Planning and Marketing in the Health Care System (4)
7. HSCI 512. Clinical Operations of Ambulatory Care/Group Practices (4)
8. HSCI 513. Managed Care Systems (4)
9. MGMT 302. Management and Organizational Behavior (4)

Certificate in Community Mental Health

Certificate requirements (30 units)
1. HSCI 271. Introduction to Community Health (4)
2. HSCI 421. Community Mental Health (4)
3. PSYC 387. Community Psychology (4)
4. PSYC 390. Abnormal Psychology (4)
5. Fourteen units of electives chosen from the following in consultation with an advisor:
   HSCI 364. Drug and Alcohol Use and Abuse (4)
   HSCI 399. Community Service Project (1-2)
   HSCI 423. Health and Wellness of Older Adults (4)
   HSCI 451. Principles of Epidemiology (4)
   HSCI 470. Health Behavior (4)
   HSCI 492A. Field Study: Action/Research in Human Ecology and Health (5)
   PSYC 201. Developmental Psychology (4)
   PSYC 315. Communication Processes (4)
   PSYC 329. Psychology of Adulthood and Aging (4)
   PSYC 333. Drugs and Behavior (4)
   PSYC 351. Behavior Modification: Principles and Applications (4)
   PSYC 384. Personality and Social Development (4)
   PSYC 385. Personality (4)
   PSYC 386. Introduction to Psychotherapy (4)
   PSYC 391. Psychopathology of Childhood (4)
   SOC 355. Medical Sociology (4)
   SOC 356. Sociology of Mental Illness (4)

Certificate in Gerontology

The Department of Health Science and Human Ecology participates in the interdisciplinary certificate in Gerontology. Details concerning this certificate are found under Sociology Certificate Programs, Page 323.

Certificate in Health Care Management

Certificate requirements (32 units)
1. ACCT 211. Introductory Accounting I (4)
2. HSCI 120. Health and Society: An Ecological Approach (4)
3. HSCI 415. Medical Care Organizations (4)
4. HSCI 460. Strategic Planning and Marketing in the Health Care System (4)
5. HSCI 490. Health Service Administration (4)
6. Eight units chosen from:
   HSCI 271. Introduction to Community Health (4)
   HSCI 427. Hospital Administration (4)
   HSCI 511. Organization and Management of Long-Term Care Facilities (4)
   HSCI 512. Clinical Operations of Ambulatory Care/Group Practices (4)
   HSCI 513. Management Care Systems (4)
   MGMT 302. Management and Organizational Behavior (4)
Certification

Audiometrist Certification

Certification requirements (4 units)

The following course leads to a certificate of registration as a school audiometrist issued by the California State Department of Health Services:

HSCI 374. Basic Audiometry and Hearing Problems (4)

Course Offerings in Health Science (HSCI)

Lower Division

100. Concepts in Health
Course content is formulated for those planning a career in K-12 education, including: psychosocial health and family life; alcohol, tobacco and other drugs; nutrition; chronic and communicable disease; consumer health; and environmental health. Standards and guidelines for coordinated school health programs and comprehensive health education are introduced. This course does not include instructional methodology, and should not be taken by post-baccalaureate students to meet state standards for the clear credential. (2 units)

120. Health and Society: An Ecological Approach
Nature and function of health in society through study of the fundamental concepts of living systems and their implication in the processes of health and illness in the human organism. Major health problems are analyzed to contribute to the student's understanding of his or her role as an individual and as a member of the community. Four hours lecture and three hours laboratory. Prerequisite: satisfactory score on the Entry Level Mathematics examination. (GE = B.2) (5 units)

225. The Dietetic Profession
An overview of the professional development of dietetic education and scope of dietetic practice. (1 unit)

244. Basic Food Preparation Techniques
The basics of food preparation; cooking, shopping, food handling, and safety, plus selection of basic kitchen equipment. Cooking techniques and skills that students may need for the foodservice production class. This class is also appropriate for any students interested in learning basic cooking techniques. One hour lecture and three hours laboratory. (2 units)

245. Introduction to Food Science
Application of scientific principles to the study of food; role of carbohydrates, lipids and proteins in food; principles of food safety. Four hours lecture and three hours laboratory. Prerequisites: HSCI 225 and CHEM 205. (5 units)

271. Introduction to Community Health
Introduction to health issues and needs in various types of communities, and to the concepts underlying community health efforts of public, private and voluntary organizations. Formerly HSCI 371. (4 units)

Upper Division

273. Software Applications in the Health Sciences
Overview and application of a variety of software applications currently utilized in health science-related programs, including but not limited to assessment, planning, program implementation and management software; statistical packages; regional and national databases; and integrated applications. Formerly HSCI 373. Prerequisites: CSCI 124 and HSCI 271. (4 units)

295. Special Projects in Health Science
Individual investigation, research, study or survey of selected problems. Prerequisite: consent of department. (Credit to be arranged: 1 or 2 units)

Foundation of the health education process. Role of a health educator in school, community, work and hospital settings, as well as consultant in health promotion activities. Course does not fulfill the state health education requirement. Prerequisite: HSCI 120 or consent of instructor. (4 units)

302. Instructional Methods in Health Education
Theory, research and practice of a variety of individual, small group and large group instructional strategies utilized in health education and health behavior change programs in school, community and/or clinical settings. Prerequisite: HSCI 120 or consent of instructor. (4 units)

303. AIDS and Society
The HIV/AIDS epidemic continues to threaten the cultural, economic and political stability of affected populations. This course uses HIV/AIDS as an example for exploration of the local, national and world community's historical, current and future social and political response to this and similar health problems. (2 units)

305. Stress Management
Examines the history of stress-related research, sources of stress in modern society, the body's response to stress, and recent advances in psycho-neuro-immunology. Also included is the exploration of a variety of stress control techniques applicable to both personal and professional settings. (2 units)

310. Health and Human Sexuality
Relationship between health and human sexuality with a theme of prevention of disease, disorder and dysfunction through education. Prerequisite: HSCI 120 or consent of instructor. (4 units)

322. Air Pollution
Principles of air quality management, including health implications of polluted air, applicable fundamentals of meteorology, air quality regulations and current concepts in air pollution control technology. Prerequisites: college-level courses in biology and chemistry. (2 units)

324. Radiological Health and Safety
Ionizing radiation and its effects on health. Methods of identification, evaluation and control are emphasized. Prerequisites: college-level courses in biology, chemistry and physics. (2 units)
332. Health Education in the Elementary School
Health education concepts and content applied specifically to grades K-6. Stresses communication and instruction in health education for the teacher/school nurse, emphasizing the uniqueness and personal nature of health; techniques of health education; recognition of health education and other aspects of normal health and diseases/disorders common in children. Conforms with the State Framework for Education in the Health Sciences. Prerequisite: HSCI 120 or consent of instructor. (4 units)

333. Health Education in the Secondary School
Health education concepts and content applied to grades 7-12. Stresses the personal nature of health instruction for the teacher/school nurse; the importance of individual responsibility in health related issues; characteristics of junior high and high school students and their relationship with health education techniques; recognition of health educational and other aspects of normal health and diseases/disorders common in adolescents and teenagers. Conforms with the State Framework for Education in the Health Sciences. Prerequisite: HSCI 120 or consent of instructor. (4 units)

334. School Health Administration and Planning
Philosophical framework and history of the school health education program, including organization, administration and legal aspects. Emphasis on the roles of school health administrators, teachers and nurses within the contexts of school health services, health instruction and healthful school living. Prerequisite: HSCI 332 or 333 or consent of instructor. (4 units)

335. Reproductive Health
Provides an overview of reproductive health issues facing men and women today, including but not limited to: human reproductive anatomy; self-care and medical examinations; commonly occurring reproductive disorders; symptoms and treatment including fertility-related disorders; birth control methods; abortion; threats to health during pregnancy; access to quality health care. (2 units)

342. Nutrition for Your Health
Application of basic nutrition principles to the prevention of disease through the life cycle; food choices that represent these principles; current trends, fads and fallacies in nutrition. May not be counted towards fulfilling requirements in the nursing major. (4 units)

344. International Perspectives on Nutrition
Study and comparison of the incidence and causes of malnutrition in developing and industrialized nations. Discussion of political, economic, ecological, and cultural factors influencing malnutrition. (4 units)

345. Advanced Food Science
Study of food processing technology including thermal processing, dehydration, heat removal, and osmotic preservation. Food product development and sensory evaluation of food. Four hours lecture and three hours laboratory. Prerequisites: CHEM 206 or equivalent and HSCI 245. (5 units)

350. Principles of Nutrition
Physiologic and chemical roles of carbohydrates, lipids, proteins, vitamins, minerals and water in the human body. Factors affecting absorption, utilization and the need for nutrients. Formerly HSCI 362. Prerequisites: CHEM 205, 206 and 207 or consent of instructor. (4 units)

351. Nutritional Biochemistry and Metabolism
Study of metabolic roles of macro- and micronutrients and in-depth analysis of nutritional biochemistry and metabolism. Integration of metabolism with regard to specific organ systems and nutrient interactions. Discussion of metabolic diseases and their effects on body functions. Prerequisite: HSCI 350 or consent of instructor. (4 units)

352. Principles of Environmental Health
Introduction to the effects of the physical, chemical, and biological environments and their impacts on human health and well-being. Emphasis is placed on the principles of assessment, evaluation and control of environmental risks related to public health. Discussion topics include air, water and solid waste pollution plus food protection, radiation, hazardous wastes and environmental impacts. Prerequisites: college-level course in biology and HSCI 120. (4 units)

354. Solid Waste Management
Principles of solid waste management from generation and collection to disposal. Includes evaluation of methods of waste disposal, and discussion of relevant legislation. The contribution of solid waste to air, water and soil pollution. Prerequisites: HSCI 352, college-level coursework in biology and chemistry, or consent of instructor. (2 units)

355. Health, Consumer and Environmental Law
Health laws and regulations, basis for their enactment and impact on facilities and programs, e.g. hospitals, health planning. Impact of environmental law on public health and mechanisms involved in protecting health consumers. Legal basis of the health care system and related aspects. (4 units)

356. Housing and Institutions
Basic health principles and environmental quality considerations associated with housing and institutions (for example, health care, educational, penal). Relationship of housing quality to physical, socio-economic and ethnic factors and their influence on health. (2 units)

358. Water Quality and Pollution Control
Major sources and control of water pollution. Includes discussion of water legislation, wastewater treatment, quality control criteria for safe drinking water and their impact on aquatic life. Prerequisites: HSCI 352, college-level coursework in biology and chemistry, or consent of instructor. (4 units)

359. International Perspectives on Health
Study and comparison of patterns in personal and community health in developing and industrialized nations. Introduction to the impact of behavioral, ecological, economic and governmental factors on health status and health care organization and delivery. Discussion of national, regional, and international health problems and programs. Prerequisites: HSCI 120 and one of the following: ANTH 102, PSYC 100 or SOC 100. (4 units)
361. Principles of Accident Prevention
Ecological and medical aspects of accident prevention in residential, work, educational, medical and recreational environments. Legal aspects and governmental organizations involved in accident prevention. (2 units)

364. Drug and Alcohol Use and Abuse
Analysis of factors influencing human use or abuse of drugs, alcohol and other substances and their effects on the health and well-being of the individual, family and society. (4 units)

365. Nutrition Throughout the Life Cycle
Nutritional needs through the life cycle. Factors that affect cultural, ethnic and religious food preferences in individuals and groups. Prerequisite: HSCI 350. (4 units)

367. Human Disease Mechanisms
Ecological and medical aspects of human disease and the body's response to the disease process and the effects on normal function. Prerequisites: HSCI 120; and either BIOL 223 and 224 or BIOL 200, 201 and 202. (4 units)

374. Basic Audimetry and Hearing Problems
Examination of the anatomy and physiology of the auditory mechanism. Nature of the acoustic stimulus, hearing disorders, problems of the hard of hearing and pure-tone audiometry. This course leads to the certificate of registration as school audiometrist, granted by the California Department of Health Services upon successful completion. (4 units)

378. Peer Education Training in Health Science
Content and methods related to peer education in Health Science. Small group process, techniques in health counseling, accessing resources and referrals and the development of presentation skills will be emphasized. (4 units)

379. Peer Education Supervision in Health Science
Ongoing supervision for those students previously trained as peer educators in health science who are currently providing services to the CSUSB Peer Education Program. May be repeated once for credit. Graded credit/no credit. Prerequisite: HSCI 378. (2 units)

380. Toxicology
Principles of chemical toxicity and relationship to public health, including principles, intoxication, disease, dose-response measurement, mechanisms of action and principles of antidotal therapy. Specific toxicologic studies as related to various food, drug, consumer, industrial and environmental problems. Studies of various classes of chemical intoxicants. Prerequisites: college-level biology and chemistry courses. (4 units)

381. Occupational Safety
Principles of industrial safety, including general principles; accident control; industrial, mechanical, electrical, chemical and flammability hazards; fire and explosion protection; accident investigation; industrial safety inspections; record keeping; safety training and emergency planning; methods of industrial safety management as a unifying theme. (4 units)

382. Nutrition for Health, Fitness and Sports
Addresses the nutrition needs of active people and athletes. Topics include macro- and micro-nutrient requirements for fitness and sport. Popular nutrition supplements and ergogenic aids used by active people and athletes will also be discussed. (4 units)

383. Advanced Nutrition
Integration of nutritional biochemistry and topics relevant to nutrition and dietetic practice. Evaluation and interpretation of current trends and topics related to nutritional science. Formerly HSCI 447. Prerequisite: HSCI 351 or consent of instructor. (2 units)

384. Research Methodology in Nutrition
Analysis of experimental designs and methods employed in nutritional science research. Integration and understanding of interactions among nutrients and metabolic functions by performing experiments in the laboratory. Laboratory experience in nutritional assessment using anthropometric, dietary, biochemical and clinical tests and criteria. One hour lecture and three hours laboratory. Prerequisite: HSCI 383 or consent of instructor. (2 units)

385. Cultural Aspects of Food: Traditions and Trends
Understanding of relationships among cultural, religious and geographical locations to food consumed by people around the world. Comparison of differences and similarities in types of food and cuisines. Exploration of factors that affect types of food consumed and their effects on nutrition and health status. (4 units)

399. Community Service Project
Credit for performing academically related tasks in such agencies as governmental, social service and educational institutions. May be repeated for a total of six units. No more than six units of credit for Community Service Project courses may be applied toward degree requirements. Graded credit/no credit. Prerequisite: consent of department. (Credit to be arranged: 1 or 2 units)

401. Advanced Environmental Health
An integrated view of the factors that contribute to illness, injury, or death, and that affect the health status of individuals and populations. Topics include epidemiology, demographics and statistics on health status, determinants of health and illness, behavioral aspects of health and preventive care. Environmental health laws and regulations as well as compliance with current regulations are emphasized. The laboratory emphasizes methods of measuring and evaluating environmental health risks as well as field experience. Topics include: environments within buildings, food sanitation, water sanitation and control, solid and hazardous waste and control, air pollution and control, community noise and control. Four hours lecture and three hours laboratory. Formerly HSCI 353. Prerequisites: HSCI 352, college-level course work in biology, chemistry and physics is recommended or consent of instructor. (5 units)
402. Principles of Occupational Health
Principles of occupational health risks including anticipation, recognition, evaluation, and control. Influence of workplace risks on human health and their relationship to occupational medicine. Study of occupational health laws and regulations as well as methods of compliance with current regulations. Laboratory and field experience in topics that include: toxic and hazardous chemicals, airborne chemicals, materials of biological origin, noise, and electromagnetic radiation. Four hours lecture and three hours of laboratory per week. Formerly HSCI 353. Prerequisite: HSCI 352 or consent of instructor. College-level course work in chemistry and physics is recommended. (5 units)

403. Vector-borne Disease Control
Identification and control of insect and other vectors of diseases. Discussion of major topics in vector ecology including natural and chemical control methods and their impact on health and environmental quality. Four hours lecture and three hours laboratory. Formerly HSCI 458. Prerequisites: HSCI 352, college-level coursework in biology and chemistry, or consent of instructor. (5 units)

404. Women’s Health Issues
Analysis of biological, psychological and sociocultural issues related to the health and care of women. Emphasis on responsibilities of women in maintaining and promoting their health. (4 units)

415. Medical Care Organizations
Analysis of the organization of health and medical care services, resources, facilities, financial aspects and other related topics. Prerequisite: HSCI 271 or consent of instructor. (4 units)

421. Community Mental Health
Mental health care delivery system with emphasis on a community approach to prevailing problems and issues. Methods of evaluating community and school mental health education programs; survey of available resources. (4 units)

422. Health Planning
Health planning systems and procedures. Prerequisite: HSCI 371 or consent of instructor. (4 units)

423. Health and Wellness of Older Adults
The physiological, sociological and psychological aspects of the aging process. Disease prevention and health promotion concepts related to the quality of life of older adults. (4 units)

424. Health Facilities Planning
Activities in health care facilities planning, for example, architectural, engineering, contractual, environmental and other regulatory aspects. Facility planning processes, environmental forces, administrative coordination and historical development. (4 units)

425. Hearing Conservation and Noise Measurement
Principles of audiology and noise measurements and their application to environmental and industrial hearing conservation programs. (2 units)

435. Health and Human Development
Issues regarding the health and well-being of children and adolescents will be emphasized including physical, cognitive, emotional, and social development from an applied perspective. (4 units)

436. Human Resource Management in Ambulatory Care/Group Practice Management
Principles of effective human resource management as applied to medical group and ambulatory care organizations. Issues involving wage and hour laws, state and federal regulations of the workplace, recruitment and retention of staff, training, compensation and benefits, professional credentialing, licensure and continuing education. Previously offered as a topic under HSCI 452. Prerequisite: HSCI 120 or consent of instructor. (4 units)

437. Information Systems as Applied to Ambulatory Care/Group Practice Management
Information system needs of medical group/ambulatory care organizations including the selection of software and hardware for an integrated information system. Solve problems related to the integration of clinical and financial data, understand the development of electronic medical records, patient scheduling systems, disease state management and HIPPA regulations. Previously offered as a topic under HSCI 452. Prerequisite: HSCI 120 or consent of instructor. (4 units)

438. Financial Management of Ambulatory Care/Group Practice Management
Financial requirements of medical groups and ambulatory care organizations, including balance sheets and operating statements. Financial analysis and planning, budgeting, coding, billing and collecting, co-payments and deductibles, capitation and sub-capitation techniques, accounts receivable and claims payments. Previously offered as a topic under HSCI 452. Prerequisites: ACCT 211 and HSCI 120 or consent of instructor. (4 units)

440. Family Health Issues for Educators
Factors which influence the overall health status of today’s adolescents, their families and communities, including fitness, nutrition, substance abuse, suicide, stress and sexuality issues. The role of the secondary classroom teacher within the school health services and referral system is emphasized. Course conforms with the State Framework for Education in the Health Sciences for middle school and high school teacher candidates. May not be taken for elective credit in school health or community health concentrations. (4 units)

443. Medical Nutrition Therapy I
Nutritional screening and skills needed for dietary intervention in disease processes; special emphasis on interrelationships between pathophysiology of disease processes and dietary modifications to improve quality of life. Formerly HSCI 368. Prerequisite: HSCI 365, concurrent enrollment in HSCI 383, 384, or consent of instructor. (4 units)

444. Medical Nutrition Therapy II
Continuation of Medical Nutrition Therapy I, assessment and skills needed for dietary intervention in disease processes; special emphasis on interrelationships between pathophysiology of disease processes and dietary modifications to improve quality of life. Formerly HSCI 369. Prerequisite: HSCI 443 or consent of instructor. (4 units)
445. Community Nutrition
The role of public and private agencies in nutrition programs. Application of nutrition principles to the improvement of the health status of individuals and groups in the community. Emphasis on program planning, educational methods and evaluation. Prerequisites: HSCI 302 and 444. (4 units)

451. Principles of Epidemiology
Distribution and dynamics of human health problems; principles and procedures used to determine circumstances under which disease occurs or health prevails. The broadened scope of epidemiology is examined through case studies and community health approaches. Prerequisite: HSCI 120 or consent of instructor. (4 units)

452. Special Topics in Health Science and Human Ecology
Examination of selected topics of current interest in health science. May be repeated for credit as topics change. Prerequisite: consent of instructor. (4 units)

460. Strategic Planning and Marketing in the Health Care System
Strategy-oriented management planning process, basic approaches and methodologies employed in strategic planning and health care marketing; economic and political forces which give form and shape to the health care marketplace. (4 units)

465. Foodservice Production and Procurement
Principles and procedures of menu planning, quantity food production, production scheduling, recipe adaptation, equipment operation, sanitation and formula costing. Principles of procurement including purchasing, selection, storage of equipment and quantity foods. Three hours lecture and six hours laboratory. Prerequisites: HSCI 345 and 350, or consent of instructor. (5 units)

467. Foodservice Systems Management
Distribution and management of resources in food service management: personnel, facilities, materials, time and money. Prerequisites: HSCI 465 and either MGMT 302 or PSYC 302, or consent of instructor. (4 units)

470. Health Behavior
Theoretical foundation for the development, analysis and interpretation of individual and community influences on decisions which impact health status. Strategies for health behavior modification. Prerequisites: prior or concurrent enrollment in HSCI 120 and 301 or consent of instructor. (4 units)

471. Health Promotion: Program Planning and Implementation
Introduction to the methods and processes of health promotion and change programs for both individuals and groups; emphasis in program design and implementation. Prerequisite: HSCI 470. (4 units)

472. Program Evaluation
Theory of and practice in a variety of program evaluation strategies in the school, community agency and/or health care settings. Prerequisites: prior or concurrent enrollment in HSCI 471 and 598 or permission of instructor. (4 units)

474. Advanced Audiology
Hearing tests, their objectives and uses for diagnostic and rehabilitative purposes. Techniques for administering auditory tests and the interpretation of their results emphasizing pure-tone audiometry. Prerequisite: HSCI 374 or 425 or equivalent. (4 units)

477. Environmental Health Engineering
Methods used in designing systems which mitigate environmental contamination of air, soil, and water. Topics include stream re-aeration, kinetics of biological degradation, soil mechanics, adsorption and other principles related to environmental media protection and renovation. Prerequisites: HSCI 120 and 352. (4 units)

478. Environmental Health Management
Methods of management for promoting optimum environmental health, emphasizing land use planning, environmental impact reporting, facility planning and risk assessment. Prerequisite: HSCI 120. (4 units)

489. Pre-Field Study Practicum
Preparatory work for field assignments through classroom discussion, agency contacts and experience. Prerequisites: prior or concurrent enrollment in HSCI 471 (for health education majors); HSCI 415, 427 and 490 (for health services administration majors); or consent of instructor. (2 units)

490. Health Service Administration
Introduction to management theory and practice as they apply to the administration of health service programs. Emphasis is placed on the planning, analysis, organizing, staffing, directing and evaluation functions necessary to administration of health service organizations. Budgeting functions and processes are discussed as they relate to health services administration. Prerequisite: HSCI 120. (4 units)

492. Field Study: Action/Research in Human Ecology and Health
Individual and team field studies and research in agencies with activities relevant to career goals and interests. One hour seminar and twelve hours field study per week. Prerequisite: HSCI 489 or 491 or consent of instructor.
A. (5 units)  
B. (5 units)  
C. (5 units)  

494. Internship in Health Science
Internship option for students completing a second area of concentration in health sciences or student teaching experience for school nurses. Prerequisite: consent of instructor. (Credit to be arranged: 1 to 5 units)

496. Internship in Environmental Health
Individual studies in environmental health. Students will be placed with public health agencies to gain applied and/or research experience. Prerequisites: health science majors; HSCI 415, 427 and 490; or consent of instructor. (Credit to be arranged: 1 to 5 units)
499. Directed Reading
Library/literature research of special topic under the direction of a faculty member. A maximum of eight units may be applied toward graduation. Units from Directed Reading may not be used by student for departmental honors. Prerequisites: a minimum overall grade point average of 3.0 and completion of basic course work in topic area. A written plan of study must be submitted to and approved by the supervising faculty prior to registration in the course. (Credit to be arranged: 1 to 4 units)

505. School Nurse Credential Program Orientation
Overview of the School Nurse Credential Program including course work, expectations, timelines and basic skills needed to provide screening for vision, scoliosis, and dental needs. Graded credit/no credit. Prerequisite: admission to the School Nurse Credential Program. (2 units)

510. Hospital Administration
Organization and administration of hospital facilities including planning and evaluation of services. Role of the hospital as part of the community. Formerly HSCI 427. Prerequisites: HSCI 271 and MGMT 302 or PSYC 302, or consent of instructor. (4 units)

511. Organization and Management of Long-Term Care Facilities
Examination of the professional administrative role and managerial concepts in long-term facilities, including nursing homes. Formerly HSCI 455. Prerequisites: HSCI 371 and MGMT 302 or PSYC 302, or consent of instructor. (4 units)

512. Clinical Operations of Ambulatory Care/Group Practices
The management of physician practices, medical groups, and ambulatory care organizations such as imaging centers, outpatient surgery centers and other outpatient services. Students will develop an understanding of issues and acquire skills in the management of non-acute care organizations owned or substantially controlled by physicians. Previously offered as a topic under HSCI 452. Prerequisite: HSCI 120 or consent of instructor. (4 units)

513. Managed Care Systems
Principles and process of utilization management, risk contracting, capitation, provider contracting, contract negotiations, division of financial responsibility and Health Maintenance Organization (HMO) relationships, including quality outcomes measurements, patient satisfaction, and the specialist referral process. Previously offered as a topic under HSCI 452. Prerequisite: HSCI 120 or consent of instructor. (4 units)

525. Health Data Analysis and Demography
Introduction to analysis of health data using statistical procedures, development of skills for determining analytical techniques and procedures for interpretation and presentation of resultant data; examination of sources and evaluation of demographic data and relationships to such topics as fertility, morbidity, mortality, population projection, life tables and migration. Prerequisites: HSCI 451 and MATH 305 or 350 or consent of instructor. (4 units)

530. Food-Borne Illnesses and Their Prevention
Food-borne illnesses and food poisoning of microbial and chemical origins, causation and environmental control measures; proper environmental control measures; and proper environmental health conditions involved in storage, transportation and service of foods in order to minimize health dangers. Formerly HSCI 430. Prerequisite: HSCI 352 or consent of instructor. (4 units)

550. The Health Aspects of Death and Dying
Investigation of how the realities of death and loss influence the quality of a person's life and their personal health status. The focus is on assisting students and professionals in developing the skills necessary to assist individuals deal with death, loss, grief, bereavement, and mourning in the healthiest ways possible. Formerly a topic under HSCI 542. (4 units)

557. Hazardous Material Control
Major methods for the control of hazardous wastes from generation through disposal, including disease, environmental and legal aspects of hazardous wastes as well as discussion of various disposal techniques. Formerly HSCI 357. Materials fee required. Prerequisites: college-level biology and chemistry courses. (4 units)

558. Management of Water Quality
Survey of water quality parameters and pollution control techniques. Includes in-depth discussion on current topics in water legislation, water pollution and its impact on public health, flood impacts, water conservation options and drought management. Prerequisite: prior or concurrent enrollment in HSCI 506 or consent of instructor. (4 units)

560. Individual and Small Group Interventions in Health Promotion
Theories and strategies of individual and group intervention in behaviors related to premature morbidity and mortality. Includes assessment, intervention, planning and follow-up, referral skills for the health education/health promotion specialist. Prerequisite: HSCI 470 or consent of instructor. (4 units)

590. Current Topics in Health Administration and Planning
Presentation and analysis of a particular issue or topic in health services administration or planning. May be repeated for credit as topics change. (2 units)

591. Health Education Curriculum and Instruction
Overview of health education curriculum development and implementation, including the parent-community advisory process, curriculum selection and alignment with state standards, course design, student grading and assignments, units of study and lesson plans, lesson presentations, and course evaluation methods. Prerequisite: completion of HSCI 332 or 333 or consent of instructor. (4 units)

592. School Nurse Teaching Practicum
Classroom-based practice in teaching methods and materials used in secondary health education, including planning, class management and student evaluation. One hour lecture and six hours laboratory. (3 units)
595. Independent Study
Research in special topics or projects including literature review for laboratory and/or applied research under the direction of a faculty member. A written report of the end product must be submitted and approved by a committee of faculty. Review of literature alone on a specific topic may not be used for independent study. A total of eight units may apply toward graduation. Prerequisites: a minimum overall grade point average of 3.0, consent of instructor and departmental approval of a written proposal of a project submitted on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 1 to 4 units)

598. Research Methodology in Health Science
Research methods and application to contemporary health problems. Health data analysis and development of skills for determining appropriate analytical techniques and procedures. Four hours seminar and three hours data analysis laboratory. Materials fee required. Prerequisite: MATH 305 or consent of instructor. (5 units)
Department of History  
Social and Behavioral Sciences Building, Room 327F  
880-5524

Bachelor of Arts  
History - Track A (Social Science Credential Option)  
History - Track B  
History - Track C (Public and Oral History Option)  

Teaching Credential Program  
Single Subject  
Minor  
History

FACULTY:  
Elliot Barkan (Emeritus), Robert Blackey,  
Lanny Fields, Jennifer Fish-Kashay, Brett Flehinger,  
Kurt Graham, Joyce Hanson, Ward McAfee (Emeritus),  
Michael Persell (Emeritus), Pearl Ponce, Tim Pytell,  
Cheryl Riggs (Chair), Pedro Santoni, Kent Schofield (Emeritus),  
David Yaghoubian

History has been called the "extension of memory" which enables one to utilize past experiences. The study of history nurtures and refines a broad spectrum of skills which make not only for good historians and teachers, but for good workers in many fields where men and women are sought who can read critically, analyze and write. In fact, while teaching and research have traditionally been the avenues history majors have followed, a multitude of career opportunities has always existed for those who like history but do not wish to become teachers. The skills history majors learn and refine in thinking, research, problem defining and solving, speaking and writing—in conjunction with skills acquired from other selected courses—ideally suit them for positions in the business world and with governmental agencies.

The History Department has developed a major that can be completed by taking one of three tracks: Track A (designed for students wishing to be recommended for a single subject credential in social science), Track B (designed for students interested in any of the other fields open to History majors), and Track C (designed to provide skills and training in historical methodologies for public and oral history professionals in museums, archives, libraries, historic houses and such. Each tracks includes courses that provide surveys of United States and world history, and an introduction to the nature of historical study. To meet the remainder of the requirements for Track A, students are required to take a number of other courses in history and from among the other social science fields. To meet the remainder of the requirements for Track B, students are required to choose from a wide spectrum of courses in an area of concentration.

Currently, the department consists of faculty specializing in the areas of American, European, African, Asian, Middle Eastern and Latin American history.

Lower-division courses may not be taken by students who have received credit for work in the subject in advance of the lower-division course, except where permission is granted by the department.

B.A. IN HISTORY - TRACK A (SOCIAL SCIENCE CREDENTIAL OPTION)  

Requirements (125 units)  
Total units required for graduation: 180

All students who are enrolled in the teacher credential program should see a faculty advisor for assistance in choosing courses.

Requirements for the B.A. in History -  
Track A (Social Science Credential Option):

Core Requirements (69 units, 25 of which also count toward meeting General Education requirements):

1. ANTH 102. Introduction to Anthropology: Culture and Society (4)
2. Four units chosen from:
   ANTH 140. World Civilizations I, the Rise of Civilization (4)
   HIST 140. World Civilizations I, the Rise of Civilization (4)
3. Four units chosen from:
   ECON 104. Introduction to Economics (4)
   ECON 510. Economics in the Classroom (4)
4. ECON 200. Principles of Microeconomics (4)
5. ECON 202. Principles of Macroeconomics (4)
6. GEOG 103. Physical Geography (5)
7. Four units chosen from:
   GEOG 100. Introduction to Human Geography (4)
   SSCI 165. Regions and Peoples of the World (4)
8. Eight units chosen from:
   GEOG 302. Geography of California (4)
   HIST 370. History of California (4)
   PSCI 330. State and Local Politics (4)
9. HIST 142. World Civilizations II, the Civilizations of the East and West (4)
10. HIST 144. World Civilizations III, the Expansion of Europe (4)
11. HIST 200. United States History to 1877 (4)
12. HIST 201. United States History, 1877 to the Present (4)
13. Four units chosen from:
   HIST 380. History of World Religions (4)
   PHIL 192. Introduction to Philosophy of Religion (4)
   PHIL 193. Introduction to Eastern Philosophy (4)
14. PSCI 203. American Government (4)
15. PSYC 100. Introduction to Psychology (4)
16. SOC 100. The Study of Society (4)

History requirements (52 units)

1. HIST 305. Ancient and Medieval Europe (4)
2. HIST 306. Early Modern Europe, the Renaissance to 1815 (4)
3. HIST 307. Modern Europe, 1815 to the Present (4)
4. Twelve units of other upper-division coursework in history.

   1. Four units chosen from:
      HIST 383. Central and Western Islamic World to End of Ottoman Empire (4)
      HIST 384. History of Contemporary Southwest Asia (4)
      HIST 426. Early Imperial China (4)
      HIST 428. Medieval China (4)
      HIST 430. China, 1895-Present (4)
      HIST 432. Communist China (4)
HIST 434. East Asia Since World War II (4)
HIST 440. Japan, 1868-Present (4)

2. Four units chosen from:
   HIST 385. Africa to 1500 (4)
   HIST 386. Africa 1500 to 1870 (4)
   HIST 387. Africa 1870 to Present (4)
   HIST 450. History of South Africa (4)

3. Four units chosen from:
   HIST 390. History of Modern Mexico (4)
   HIST 465. Modern Central America (4)
   HIST 466. Foreign Relations of Latin America (4)
   HIST 467. Latin American History Through Film (4)
   HIST 469. Colonial Latin America (4)

5. Twelve units of upper-division coursework in history.
   1. At least four units chosen from:
      HIST 341. African-American History, 1865-Present (4)
      HIST 344. Women in U.S. History, 1620-1865 (4)
      HIST 345. Women in U.S. History, 1865-Present (4)
      HIST 391. Chicano History (4)
      HIST 565. Ethnic Minorities in American History (4)
      HIST 566. Ethnic Minorities in the American Southwest: Past and Present (4)
      HIST 567. The Asian-American Experience (4)
   2. At least four units chosen from:
      HIST 350. The American Colonies, 1607-1783 (4)
      HIST 351. The Evolution of American Democracy, 1783-1840 (4)
      HIST 352. The Age of Jackson (4)
      HIST 353. The Coming of the Civil War (4)
      HIST 354. Civil War and Reconstruction (4)
      HIST 356. The United States, 1877-1917 (4)
      HIST 357. The United States, 1917-1945 (4)
      HIST 358. United States in World War II (4)
      HIST 359. The United States Since 1945 (4)
      HIST 540. Constitutional History of the United States (4)
      HIST 556. Foreign Relations of the United States (4)
   6. HIST 490. The Study of History (4)
   7. Twelve units of electives must be chosen from any of the previously listed history courses (provided that none have been used to meet requirements for the major) or any from the following:
      May choose only one of the following two courses:
      ANTH 312. Historical Archaeology (4)
      HIST 312. Historical Archaeology (4)
      HIST 320. History of Ancient Greece (4)
      HIST 321. History of Rome (4)
      HIST 360. American History Through Film (4)
      HIST 395. Topics in History (4)
      HIST 396. Topics in History (2)
      HIST 400. Early Medieval Europe (4)
      HIST 401. Late Medieval Europe (4)
      HIST 402. Renaissance and Reformation (4)
      HIST 403. The Age of Absolutism and Enlightenment (4)
      HIST 410. Hitler's Europe (4)
      HIST 415. Studies in War and Society (4)
      HIST 422. 20th Century Americas (4)
      HIST 480. History of Christianity I (4)
      HIST 481. History of Christianity II (4)
      HIST 500. Tudor and Stuart England (4)
      HIST 501. Britain, 1688-1901 (4)
      HIST 503. Europe Since 1945 (4)
      HIST 509. United States History in the Classroom (4)
      HIST 520. Tsarist Russia (4)
      HIST 521. The Soviet Union (4)
      HIST 535. Studies in European National History (4)
      HIST 560. History of the American West (4)
      HIST 562. History of Southern California (4)
      HIST 589. Revolutions in History (4)

Additional requirement (four units, which also counts toward meeting General Education requirements)
   1. Four units chosen from:
      HUM 325. Perspectives on Gender (4)
      HUM 335. The Origin and Contemporary Role of Latino Culture (4)
      HUM 350. The Cultures of American Childhood (4)
      HUM 370. African Heritage in the Arts (4)
      HUM 375. The World of Islam (4)
      HUM 380. Comparative Studies in the Arts: East and West (4)
      NSCI 325. Perspectives on Gender (4)
      SSCI 316. Race and Racism (4)
      SSCI 325. Perspectives on Gender (4)
      SSCI 350. Roots of Modern Racism in America (4)

B.A. IN HISTORY - TRACK B

Requirements (68 units)

Total units required for graduation: 180

Requirements for the B.A. in History - Track B:

1. Four units chosen from:
   ANTH 140. World Civilizations I, the Rise of Civilization (4)
   HIST 140. World Civilizations I, the Rise of Civilization (4)
   HIST 142. World Civilizations II, the Civilizations of the East and West (4)
   HIST 144. World Civilizations III, the Expansion of Europe (4)
   HIST 200. United States History to 1877 (4)
   HIST 201. United States History, 1877 to the Present (4)
   HIST 490. The Study of History (4)

7. Forty-four units of other upper-division course work in history selected in consultation with an advisor, twenty-four of which must be chosen from one of the following areas:

African History
   ANTH 302. African Archaeology (4)
   GEOG 310. Area Study: Africa (4)
   HIST 385. Africa to 1500 (4)
   HIST 386. Africa 1500 to 1870 (4)
   HIST 387. Africa 1870 to Present (4)
   HIST 450. History of South Africa (4)
   PSCI 481. Contemporary African Politics (4)
218 / History

Asian History
HIST 383. Central and Western Islamic World to End of Ottoman Empire (4)
HIST 384. History of Contemporary Southwest Asia (4)
HIST 426. Early Imperial China (4)
HIST 428. Medieval China (4)
HIST 430. China, 1895-Present (4)
HIST 432. Communist China (4)
HIST 434. East Asia Since World War II (4)
HIST 440. Japan, 1868-Present (4)

European History
HIST 305. Ancient and Medieval Europe (4)
HIST 306. Early Modern Europe, the Renaissance to 1815 (4)
HIST 307. Modern Europe, 1815 to the Present (4)
HIST 320. History of Ancient Greece (4)
HIST 321. History of Rome (4)
HIST 400. Early Medieval Europe (4)
HIST 401. Late Medieval Europe (4)
HIST 402. Renaissance and Reformation (4)
HIST 403. The Age of Absolutism and Enlightenment (4)
HIST 410. Hitler's Europe (4)
HIST 480. History of Christianity I (4)
HIST 481. History of Christianity II (4)
HIST 500. Tudor and Stuart England (4)
HIST 501. Britain, 1688-1901 (4)
HIST 503. Europe Since 1945 (4)
HIST 520. Tsarist Russia (4)
HIST 521. The Soviet Union (4)
HIST 535. Studies in European National History (4)

Latin American History
HIST 390. History of Modern Mexico (4)
HIST 391. Chicano History (4)
HIST 465. Modern Central America (4)
HIST 466. Foreign Relations of Latin America (4)
HIST 467. Latin American History Through Film (4)
HIST 469. Colonial Latin America (4)
HIST 470. Modern Latin America (4)

United States History
HIST 341. African-American History, 1865-Present (4)
HIST 344. Women in U.S. History, 1620-1865 (4)
HIST 345. Women in U.S. History, 1865-Present (4)
HIST 350. The American Colonies, 1607-1783 (4)
HIST 351. The Evolution of American Democracy, 1783-1840 (4)
HIST 352. The Age of Jackson (4)
HIST 353. The Coming of the Civil War (4)
HIST 354. Civil War and Reconstruction (4)
HIST 356. The United States, 1877-1917 (4)
HIST 357. The United States, 1917-1945 (4)
HIST 358. United States in World War II (4)
HIST 359. The United States Since 1945 (4)
HIST 360. American History Through Film (4)
HIST 422. 20th Century Americans (4)
HIST 509. United States History in the Classroom (4)
HIST 540. Constitutional History of the United States (4)
HIST 556. Foreign Relations of the United States (4)
HIST 560. History of the American West (4)

HIST 562. History of Southern California (4)
HIST 565. Ethnic Minorities in American History (4)
HIST 566. Ethnic Minorities in the American Southwest: Past and Present (4)
HIST 567. The Asian-American Experience (4)

Up to 12 units from supporting disciplines outside the History Department may be included with approval of the advisor or department chair. Students working to develop other 24-unit concentrations may do so with the approval of the advisor and department chair.

B.A. IN HISTORY - TRACK C (Public and Oral History Option)

Requirements (80 units)
Total units required for graduation: 180

Requirements for the B.A. in History - Track C (Public and Oral History Option):

1. Four units chosen from:
   - ANTH 140. World Civilizations I, the Rise of Civilization (4)
   - HIST 140. World Civilizations I, the Rise of Civilization (4)
2. HIST 142. World Civilizations II, the Civilizations of the East and West (4)
3. HIST 144. World Civilizations III, the Expansion of Europe (4)
4. HIST 200. United States to 1877 (4)
5. HIST 201. United States, 1877 to the Present (4)
6. HIST 323. Theories and Methods in Public History (4)
7. HIST 324. Theories and Methods in Oral History (4)
8. HIST 325. Public and Oral History Ethics (4)
9. HIST 490. The Study of History (4)
10. Twelve units of professional preparation electives selected from:
    - HIST 326. Historic Preservation (4)
    - HIST 328. Oral History of Southern California (4)
    - HIST 329. Topics in Public History (4)
    - HIST 330. Topics in Oral History (4)
    - HIST 376. Exhibit Design (4)

May choose only one of the following two courses:
   - ANTH 375. Museum Methods (4)
   - HIST 375. Museum Methods (4)

11. Eight units of supervised internship
    HIST 575. Internship in History (4) for a total of (8)
12. Twenty-four units of upper-division course work (only four units of which may be chosen from outside of history) selected in consultation with an advisor which must be chosen from among any of the following:

African History
   - ANTH 302. African Archeology (4)
   - GEOG 310. Area Study: Africa (4)
   - HIST 385. Africa to 1500 (4)
   - HIST 386. Africa 1500 to 1870 (4)
   - HIST 387. Africa 1870 to Present (4)
   - HIST 450. History of South Africa (4)
   - PSCI 481. Contemporary African Politics (4)

Asian History
   - HIST 383. Central and Western Islamic World to End of Ottoman Empire (4)
   - HIST 384. History of Contemporary Southwest Asia (4)
   - HIST 426. Early Imperial China (4)

**TEACHING CREDENTIAL PROGRAM**

Students wishing to be recommended for a single subject teaching credential in history must complete Track A of the Bachelor of Arts in History as well as certain prerequisites to the teacher education program. For information about the professional education component, admission to the teacher education program, or specific requirements for the single subject credential see Page 156 or contact the Credentials Office (C.A.S.E.).

**MINOR IN HISTORY**

Requirements (32 units)

**Requirements for a minor in History:**

Requirements for a minor in history include 32 units, of which 24 units must be upper-division, to include 12 units as follows:

1. **United States history**
   
   Four units chosen from:
   
   May choose only one of the following two courses:
   
   - ANTH 312. Historical Archaeology (4)
   - HIST 312. Historical Archaeology (4)
   - HIST 341. African-American History, 1865-Present (4)
   - HIST 344. Women in U.S. History, 1620-1865 (4)
   - HIST 345. Women in U.S. History, 1865-Present (4)
   - HIST 350. The American Colonies, 1607-1783 (4)
   - HIST 351. The Evolution of American Democracy, 1783-1840 (4)
   - HIST 354. Civil War and Reconstruction (4)
   - HIST 356. The United States, 1877-1917 (4)
   - HIST 357. The United States, 1917-1945 (4)
   - HIST 358. United States in World War II (4)
   - HIST 359. The United States Since 1945 (4)
   - HIST 391. Chicano History (4)
   - HIST 395. Topics in History (4)
   - HIST 396. Topics in History (2)
   - HIST 422. 20th Century Americans (4)
   - HIST 509. United States History in the Classroom (4)
   - HIST 540. Constitutional History of the United States (4)
   - HIST 556. Foreign Relations of the United States (4)
   - HIST 560. History of the American West (4)
   - HIST 565. Ethnic Minorities in American History (4)
   - HIST 566. Ethnic Minorities in the American Southwest: Past and Present (4)
   - HIST 567. The Asian-American Experience (4)

2. **European history**
   
   Four units chosen from:
   
   - HIST 305. Ancient and Medieval Europe (4)
   - HIST 306. Early Modern Europe, the Renaissance to 1815 (4)
   - HIST 307. Modern Europe, 1815 to the Present (4)
   - HIST 320. History of Ancient Greece (4)
   - HIST 321. History of Rome (4)
   - HIST 400. Early Medieval Europe (4)
   - HIST 401. Late Medieval Europe (4)
   - HIST 402. Renaissance and Reformation (4)
   - HIST 403. The Age of Absolutism and Enlightenment (4)
   - HIST 404. Hitler's Europe (4)
   - HIST 480. History of Christianity I (4)
   - HIST 481. History of Christianity II (4)
   - HIST 500. Tudor and Stuart England (4)
PHI ALPHA THETA

Students who have completed at least 12 units of history at CSUSB and who have a grade point average of at least 3.3 ("B+") in ALL history courses at the college level and who have a minimum overall grade point average of 3.0 ("B") in two-thirds of all other college level course work may join the university’s chapter of Phi Alpha Theta, the international honor society in history. Additional information can be obtained from the Department of History.

COURSE OFFERINGS IN HISTORY (HIST)

Lower Division

140. World Civilizations I, the Rise of Civilization
Activities and achievements of humans through the rise and diffusion of civilizations in Eurasia, Africa, and the Americas to about the dawn of the Christian era. (Also offered as ANTH 140. Students may not receive credit for both.) (GE=D.3) (HIST 140+142+144=CAN HIST SEQ C) (4 units)
T. The instructor uses methods suitable for kindergarten through college classrooms. This course is intended for students in the B.A. in Liberal Studies, Accelerated Track. (Also offered as ANTH 140T. Students may not receive credit for both.) (4 units)

142. World Civilizations II, the Civilizations of the East and West
Major civilizations of the past, including the Mediterranean world, ancient India and China, the Byzantine, Islamic, sub-Saharan African and Amerindian Empires, Europe in the Middle Ages and the connections between and among some of these societies from approximately 100 B.C.E. to about 1450 C.E. (GE=D.3) (HIST 140+142+144=CAN HIST SEQ C) (4 units)

144. World Civilizations III, the Expansion of Europe
Rise to dominance of the European states and their impact throughout the world, 1500 C.E. to the present. (GE=D.3) (HIST 140+142+144=CAN HIST SEQ C) (4 units)

146. American Civilization
Historical development of the fundamental values of the American culture and the influences of these in selected areas of American life. This course meets the state code requirements in the U.S. Constitution and in U.S. history. (GE=D.1) (4 units)

200. United States History to 1877
Survey of the history of the United States from the colonial beginnings to 1877. This course meets the state code requirement in U.S. history. It also meets the state code requirement in the U.S. Constitution when taken in conjunction with HIST 201. (GE=D.1) (HIST 200=CAN HIST 8; HIST 200+201=CAN HIST SEQ B) (4 units)

201. United States History, 1877 to the Present
Survey of the history of the United States from 1877 to the present. This course meets the state code requirement in U.S. history. It also meets the state code requirement in the U.S. Constitution when taken in conjunction with HIST 200. (GE=D.1) (HIST 201=CAN HIST 10; HIST 200+201=CAN HIST SEQ B) (4 units)

DEPARTMENTAL HONORS

Students majoring in history are eligible to receive honors in history at graduation if the following conditions are met:
1. At least one-half of the course work required in the major is completed at this university;
2. Earned a grade point average of at least 3.5 in the major, including courses for the major taken elsewhere;
3. Earned an overall undergraduate grade point average of 3.0 ("B") or better;
4. Successful completion of HIST 597. Senior Honors Project, resulting in a thesis paper.

Applications for candidacy must be made by the beginning of the senior year. Approval of candidacy and of the project and project advisor rests with the department. The project advisor and one other faculty reader from the department will have the responsibility for evaluation of the completed thesis paper.
Upper Division

305. Ancient and Medieval Europe
Institutions, culture and political development of Europe in the ancient and medieval periods from circa the eighth century B.C.E. to 1350. (4 units)

306. Early Modern Europe, the Renaissance to 1815
Institutions, culture, and political development of Europe from the Renaissance to the end of the Napoleonic Wars. Formerly HIST 300. (4 units)

307. Modern Europe, 1815 to the Present
Institutions, culture, and political development of Europe from the Congress of Vienna to the present. Formerly HIST 301. (4 units)

312. Historical Archaeology
Use of archaeological methods to study historic peoples. Historical and archaeological methods and their results. Focus will be primarily on North America from A.D. 1492 to modern times. (Also offered as ANTH 312. Students may not receive credit for both.) (4 units)

320. History of Ancient Greece
Greek history from the Minoan and Mycenaean civilizations to the reign of the Roman Emperor Justinian in 527-565 C.E. (4 units)

321. History of Rome
Roman history from earliest times to the end of the Roman Empire in the West. (4 units)

323. Theories and Methods in Public History
Introduction to the theories and methods used in public history, focusing on museums, historic sites, libraries, and archives, and the diverse media employed in the production of public history. Projects and field trips are required. (4 units)

324. Theories and Methods in Oral History
Introduction to the theories and methods used in oral history, focusing on the origins of the oral history movement, the issues involved in oral history, interviewing techniques, and the diverse media and technologies employed in the production of oral history. Oral history projects are required. (4 units)

325. Public and Oral History Ethics
Examines codes of ethics and professional conduct pertaining to oral history projects, research with human subjects, museum collections and exhibitions, the repatriation and handling of human remains and sacred objects, the management of historic sites, the documentation and handling of material culture, and the dissemination of information. (4 units)

326. Historic Preservation
Examination of the methods, theories, and issues in historic preservation. Field trips and projects are required. Prerequisites: HIST 324 and 325 or consent of instructor. (4 units)

328. Oral History of Southern California
History course of Southern California with a focus on the Inland Empire. Field trips and oral history projects are required. Prerequisites: HIST 324 and 325 or consent of instructor. (4 units)

329. Topics in Public History
Examination of topics in public history, including local history, conservation, historic architecture, living history and material culture. May be repeated for credit as topics change. Prerequisites: HIST 323 and 325 or consent of instructor. (4 units)

330. Topics in Oral History
Examination of topics in oral history, including regional or ethnic groups, World War II, the Civil Rights movement, or the Vietnam War. May be repeated for credit as topics change. Prerequisites: HIST 324 and 325 or consent of instructor. (4 units)

History of African-American people in the United States during the slave era. This course will examine the lives of slaves, the slave owners, and the system that bound them together as well as the place of free blacks in American society. (4 units)

341. African-American History, 1865-Present
Social, cultural, political and economic history of African-American people from emancipation to the present. This course will place special emphasis on African-American agency, self-development and self-determination. (4 units)

344. Women in U.S. History, 1620-1865
Examines women's roles in American history from colonial times through the Civil War. Special emphasis on the diversity among the lives of women. Formerly HIST 513. (4 units)

345. Women in U.S. History, 1865-Present
Examines women's roles in American history from 1865 to the present. Examines the diversity of women's experiences and their struggles for social, economic, political and cultural equality. Formerly HIST 513. (4 units)

350. The American Colonies, 1607-1783
The thirteen colonies from European origins to the attainment of independence. (4 units)

351. The Evolution of American Democracy, 1783-1840
Analysis of the development of American society, politics and economy during the Confederation, Federalist, Jeffersonian and Jacksonian Eras. (4 units)

352. The Age of Jackson
Examines the influence of various political, social, economic religious and intellectual developments during the Age of Jackson (1815-1848) to the formation of modern American culture. (4 units)

353. The Coming of the Civil War
Examines the period from 1820 to 1860 focusing on the complex issues leading to the American Civil War. (4 units)

354. Civil War and Reconstruction
Background and causes of the Civil War and the problems of Reconstruction. (4 units)

356. The United States, 1877-1917
Transformation of the nation between the end of Reconstruction and entrance into World War I. (4 units)

357. The United States, 1917-1945
Principal developments in American life from World War I to the end of World War II. (4 units)
358. United States in World War II
Survey of the diplomatic, military, social, economic and constitutional issues of the United States during World War II. (4 units)

359. The United States Since 1945
Major changes in the United States since the end of World War II. (4 units)

360. American History Through Film
Explores the cultural, social and economic issues that have shaped American history through the study and analysis of feature films. (Not a course in film studies or criticism.) Formerly a topic under HIST 395. (4 units)

370. History of California
Political, economic, social and cultural development of California from Spanish times to the present. This course meets the state code requirement in state and local government. (4 units)

375. Museum Methods
Examination of the management of museums and archival collections, including accessioning, cataloging and storage of objects. Field trips and projects are required. (Also offered as ANTH 375. Students may not receive credit for both.) (4 units)

376. Exhibit Design
Examination of the theories and methods used in designing exhibits for museums, libraries, and historic houses, focusing on interpretation and exhibit creation. Some exhibits may be implemented in the Anthropology Museum. Field trips and completion of an exhibition brief are required. Prerequisites: HIST 323 and 325 or consent of instructor. (4 units)

380. History of World Religions
Historical development of Judaism, Hinduism, Buddhism, Christianity and Islam. (4 units)

383. Central and Western Islamic World to End of Ottoman Empire
An introduction to the Islamic period in the Central and Western (North African and Ottoman) Islamic lands. Considers the development of Islam as a religion and civilization, the expansion of the Islamic world, the rise and fall of the Ottoman empire, and the confrontation with Europe. (4 units)

384. History of Contemporary Southwest Asia
History of the contemporary central Islamic lands since the fall of the Ottoman empire and the promulgation of the Balfour declaration, including the creation of new nation-states, Arab-Israeli and intra-Islamic conflicts, and Islamic fundamentalism. (4 units)

385. Africa to 1500
Deals with the main themes of African history to 1500: Ancient Egypt, the Mediterranean intercommunicating zone during the Phoenician, Greek and Roman empires, Christianity, trans-Saharan and other intra-African trading and exchange networks, Indian Ocean trading system, Islam and Islamization, development of African state systems and "stateless" sociopolitical constructs. (4 units)

386. Africa 1500 to 1870
Deals with the main themes of African history in the period following western European expansion and the developing world trade system that resulted. Topics covered include African political development, development and abolition of trans-Atlantic slave trade, discussion of trans-Saharan and Indian ocean slave and commodity export trades, and comparison of various social systems that developed on the continent. (4 units)

387. Africa 1870 to Present
Deals with the main themes of African history since 1870, including European partition of the continent, resistance to partition and colonial rule, systems of colonial rule in Africa, Christianity and Islam during the colonial period, independence movements, post-colonial states and development issues. (4 units)

390. History of Modern Mexico
Survey of Mexican history from the nineteenth century wars of independence to the present. (4 units)

391. Chicano History
Mexican-Americans in the United States from the Colonial period to the present, with special emphasis on the Southwest. (4 units)

395. Topics in History
Examination of topics of interest in history. May be repeated for credit as topics change. (4 units)

396. Topics in History
Examination of topics of interest in history. May be repeated for credit as topics change. (2 units)

399. Community Service Project
Credit for performing academically related tasks in such agencies as governmental, social service and educational institutions. May be repeated for a total of four units. No more than four units of credit for community service project courses may be applied toward degree requirements. Graded credit/no credit. Prerequisite: a project proposal must be approved by the department in advance of enrollment. (Credit to be arranged: 1 or 2 units)

400. Early Medieval Europe
Survey of the political, economic, and social transformation of Europe from the fall of Rome through the eleventh century. (4 units)

401. Late Medieval Europe
Survey of the political, economic, and social transformation of Europe during the high Middle Ages, from the eleventh century to the fourteenth century. (4 units)

402. Renaissance and Reformation
Principal political, economic, intellectual and religious developments in Europe from about 1300 to 1648. (4 units)

403. The Age of Absolutism and Enlightenment
The period from 1648 to 1789, emphasizing the development of the modern state, the new scientific movement and the growth of revolutionary ideas. (4 units)
410. Hitler's Europe
Development of totalitarian ideologies focusing primarily on the theory and practice of National Socialism in Germany during the period 1918-1945. (4 units)

415. Studies in War and Society
Intensive study of war and its impact on society. Conflicts from different parts of the world are examined. May be repeated for credit as topics change. (4 units)

422. 20th Century Americans
Biographical focus on key American leaders who affected the course of 20th century American history. (4 units)

426. Early Imperial China
Principal political, social, economic, and cultural developments of China from the advent of Confucianism (500 B.C.E.) to the founding of the Sui Dynasty (589 C.E.). (4 units)

428. Medieval China
Principal political, social, economic, and cultural developments in China from 589-1644. (4 units)

430. China, 1895-Present
Institutions, culture, society, economy and political development of China from the Sino-Japanese War (1894-95) to the present. (4 units)

432. Communist China
Principal political, social, economic, and cultural developments in the People's Republic of China. (4 units)

434. East Asia Since World War II
Principal themes in the histories of Japan, China, Korea, and Vietnam since 1945. (4 units)

440. Japan, 1868-Present
Institutions, culture, society, economy and political development of Japan from the Meiji Restoration to the present. (4 units)

450. History of South Africa
History of the region of the Republic of South Africa, including early African settlement, European trade, conflict and conquest, the development and demise of apartheid, and contemporary developments. (4 units)

465. Modern Central America
Survey of the political, economic, and social history of the five major Central American nations—Nicaragua, El Salvador, Guatemala, Honduras, and Costa Rica—from their independence in the early 19th century to the present. (4 units)

466. Foreign Relations of Latin America
Survey of the foreign relations of the nations of Latin America with special emphasis on U.S.-Latin American relations. (4 units)

467. Latin American History Through Film
Cultural, social, political and economic issues that have shaped Latin America through the study and analysis of feature films and associated readings. (4 units)

469. Colonial Latin America
Survey of Spanish colonial system beginning with discovery of America and continuing to the independence period. (4 units)

470. Modern Latin America
Survey of the development and interaction of modern Latin American institutions in the major nations of Central and South America. (4 units)

480. History of Christianity I
Historical development of early Christianity from its origins to the fall of Rome. (4 units)

481. History of Christianity II
Historical development of Christianity from the fall of Rome to the eve of the Protestant Reformation. (4 units)

490. The Study of History
Introduction to the nature of history through a consideration of the problems of historical knowledge and of the works of major historians of the past. (4 units)

500. Tudor and Stuart England
Principal political, social, economic and religious developments of England from 1485 to 1688. (4 units)

501. Britain, 1688-1901
Principal political, social, economic and religious developments in Britain in the age of revolution and reform, from the Glorious Revolution to the death of Queen Victoria. (4 units)

503. Europe Since 1945
Europe since 1945, emphasizing the evolution of supranational political, economic, diplomatic, and military institutions in the Cold War and post-Cold War eras. (4 units)

509. United States History in the Classroom
Review of United States history from the perspective of the classroom teacher (grades 6 through 12). Identifies teaching strategies for various content areas in United States history. (4 units)

510. Modern France
History of French culture, society, and politics from the fall of Napoleon to the present. (4 units)

520. Tsarist Russia
Principal political, social, economic, and cultural developments in Russia from the Kievan state to the Soviet state, c. 900-1917. (4 units)

521. The Soviet Union
Principal political, social, economic, and cultural developments in the Soviet Union since 1917. (4 units)

535. Studies in European National History
Historical development of individual European nations (for example, Germany, France, Great Britain, Russia, Spain) in the modern period. May be repeated for credit as topics change. (4 units)

540. Constitutional History of the United States
American constitutional development from English and European origins to the present day. This course meets the state code requirement in U.S. history and U.S. Constitution. Prerequisite: HIST 200 or 201, or PSCI 410 or consent of instructor. (4 units)
224 / History

556. Foreign Relations of the United States
Survey of American foreign policy with special emphasis on America's rise to world power in the 20th century. (4 units)

560. History of the American West
Survey of the western expansion of the American nation. (4 units)

562. History of Southern California
Political, economic, social and cultural development of Southern California from Pre-Columbian times. (4 units)

565. Ethnic Minorities in American History
Historical perspective of the major ethnic groups, their efforts to assimilate and their interaction with American society. (4 units)

566. Ethnic Minorities in the American Southwest: Past and Present
A comparative approach to the historical and contemporary experiences of Chicanos, Indians, Asians and other ethnic minorities in the Southwestern/Western United States. (4 units)

567. The Asian-American Experience
Examination of the immigration and post-immigration experiences of Chinese, Japanese, Filipino, Korean, and Southeast Asian newcomers to the United States since the 1840s. (4 units)

575. Internship in History
Supervised work and study in work situations involving historical skills. May be repeated once for credit. Prerequisites: major in history; one introductory statistics course; INFO 220, and ACCT 311; or consent of the department. (4 units)

589. Revolutions in History
Nature and causes of revolutions from an historical as well as a broad social science perspective; both revolutions and revolutionists from different parts of the world are examined. (4 units)

595. Independent Study
Special topics in historical research. A total of four units in HIST 595 may be applied toward the history major and eight units in HIST 595 may be applied toward graduation. Prerequisites: a minimum overall grade point average of 3.0, consent of instructor and departmental approval of a written proposal of a project submitted on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 2 to 4 units)

597. Senior Honors Project
Original research in an area of historical studies, culminating in a major research report receiving approval of the history faculty. Enrollment limited to students whose formal application for departmental honors is approved. (5 units)

Graduate level courses can be found on Page 460.
HUMAN DEVELOPMENT

Department of Psychology
Social and Behavioral Sciences Building, Room 425
880-5570

Bachelor of Arts

Human Development
Child Development, Track I
Child Development, Track II
Adult Development and Aging Track
Life-Span Development Track

FACULTY: Esteban Diaz, Chuck Hoffman, Todd Jennings, Laura Kamptner, Rosemary McCaslin, Jim Pierson, Jason Reimer, Robert Ricco, Sue Spitzer, Heidi Stolz, Sharon Ward, Amanda Wilcox-Herzog, Michael Weiss, Eugene Wong (Coordinator), Joanna Worthley

The human development major is an interdisciplinary program of study of the processes and changes that characterize human development. The major provides an important advantage of promoting an holistic and interdisciplinary approach to human growth and development that no single discipline can offer. Course offerings are drawn primarily from human development, psychology, sociology and anthropology, with electives available from other departments.

Students selecting the Bachelor of Arts degree in Human Development, with the study of human development and behavior as its major theme, typically choose careers related to working with people when they graduate, e.g., education, social services, counseling and guidance or in health delivery settings. The major also provides academic preparation for graduate-level training in related fields, including human or child development, family studies, psychology, social work, law, gerontology, human ecology, and education. Human development majors who plan on pursuing graduate level training should take at least one research methodology course as part of their degree program.

The following four tracks are available for students working toward a Bachelor of Arts in Human Development:

**Child Development, Track I** is designed to provide students with a solid background in child growth and development, and includes the option of focusing on early childhood education. This track prepares students for occupations or professions that call for a solid foundation in child growth and development that no single discipline can offer.

**Child Development, Track II** is designed for students who plan to pursue an elementary teaching credential. This track is comprised of three components: 1) general education requirements, 2) a basic program which allows graduates to waive the examination requirement for entering multiple subject teaching credential programs, and 3) child development coursework designed to prepare students with a solid foundation in child growth and development. The latter includes coursework in child assessment, child guidance, developmentally-appropriate practices with children, cognitive development, individual differences in learning style, the value of play, parenting and family relations, and exceptional development. The Liberal Studies Office (PS-241) coordinates this track and advises all Track II majors.

**Child Development, Track II** is designed to prepare graduates for careers related to serving the needs of adults or the elderly, or as preparatory work for graduate level study in related fields. Students selecting this track may also earn a Certificate in Applied Gerontology (see Page 323 or a human development advisor for details).

**Adult Development and Aging Track** is designed for students planning to pursue careers in working with children and families, adult services, and also for those planning on pursuing graduate study in child or developmental psychology, clinical or counseling psychology, child or human development, or social work. See the human development coordinator for more information.

---

**B.A. IN HUMAN DEVELOPMENT-CHILD DEVELOPMENT, TRACK I**

**Requirements (85 units)**

**Total units required for graduation: 180**

**Requirements for the B.A. in Human Development - Child Development, Track I:**

Lower-division requirements (32 units)

1. **BIOL 100.** Topics in Biology (5)
2. **HD 280.** Early Childhood Development (5)
3. **HD 281A.** Guidance of Young Children (4)
4. **HD 281B.** Guidance of Young Children: Laboratory (2)
5. **PSYC 100.** Introduction to Psychology (4)
6. **PSYC 201.** Developmental Psychology (4)
7. **PSYC 270.** Infant and Toddler Development (4)
8. **SOC 100.** The Study of Society (4)

Upper-division requirements (41 units)

1. Four units chosen from:
   - **ANTH 330.** Cross-Cultural Child-Rearing Practices (4)
   - **ANTH 331.** Anthropology of Human Development (4)
2. **HD 324.** Developmental Psychobiology (4)
3. Four units chosen from:
   - **ESPE 530.** Psychology and Education of Exceptional Individuals (4)
   - **PSYC 350.** Development of Exceptional Children (4)
   - **PSYC 391.** Psychopathology of Childhood (4)
4. Four units chosen from:
   - **HD 575.** Internship (4)
   - **HD 585.** Student Teaching in Early Childhood Education (4-10)
5. **HD 480.** Advanced Human Development (4)
6. **PSYC 320.** Psychology of Middle Childhood (4)
7. Four units chosen from:
   - **PSYC 358.** Cognitive Development (4)
   - **PSYC 384.** Personality and Social Development (4)
8. Four units chosen from:
   - **PSYC 303.** Parenting and Family Relations (4)
   - **SOC 340.** Sociology of the Family (4)
226 / Human Development

9. PSYC 400. Child Assessment (5)

10. Four units chosen from:
   ANTH 327. Primate Evolution and Ecology (4)
   HD 302. History of Childhood (4)
   HD 305. Multicultural Child Development (4)
   HD 520. Intergenerational Aspects of Human Development (4)
   SOC 339. Socialization (4)

Statistics/Methodology (4 units)

1. A minimum of four units chosen from:
   PSYC 210. Psychological Statistics (5)
   SSCI 215. Statistics for the Social Sciences (4)
   SOC 307. Social Research I (5)

Electives (8 units)

1. Eight units chosen from (at least four must be upper-division):
   ANTH 326. Human Origins (4)
   ANTH 327. Primate Evolution and Ecology (4)
   ANTH 331. Anthropology of Human Development (4)
   ANTH 460. Language and Culture (4)
   ANTH 480. Magic, Religion and Science (4)
   BIOL 306. Human Heredity and Development (4)
   EELB 130. Introduction to Careers in Education (2)
   EELB 312. Family, Culture and Schooling (2)
   ESLL 556. Crosscultural Teaching (4)
   ESPE 530. Psychology and Education of Exceptional Individuals (4)
   ENG 320. Children's Literature (4)
   HD 282A. Early Childhood Curriculum and Programs (4)
   HD 282B. Early Childhood Curriculum and Programs: Laboratory (2)
   HD 302. History of Childhood (4)
   HD 303. Theories of Play (4)
   HD 305. Multicultural Child Development (4)
   HD 372. Psychology of Death and Dying (4)
   HD 520. Intergenerational Aspects of Human Development (4)
   HD 582. Special Topics in Human Development (1-5)
   HD 595. Independent Study (2-4)
   HSCI 342. Nutrition for Your Health (4)
   HSCI 345. Health and Human Development (4)
   HSCI 440. Family Health Issues for Educators (4)
   MUS 410. Music in the Elementary Schools (4)
   PSYC 210. Psychological Statistics (5)
   PSYC 303. Parenting and Family Relations (4)
   PSYC 305. Psycholinguistics (4)
   PSYC 311. Introduction to Experimental Psychology (6)
   PSYC 328. Psychology of Adolescent Development (4)
   PSYC 329. Psychology of Adulthood and Aging (4)
   PSYC 350. Development of Exceptional Children (4)
   PSYC 358. Cognitive Development (4)
   PSYC 363. Biological Psychology (4)
   PSYC 384. Personality and Social Development (4)
   PSYC 391. Psychopathology of Childhood (4)
   PSYC 431. Experimental Psychology: Developmental (6)
   SOC 307. Social Research I (5)
   SOC 339. Socialization (4)
   SOC 340. Sociology of the Family (4)
   SOC 341. Marriage and Family Among Blacks (4)
   SOC 342. The Chicano Family (4)
   SOC 343. Sociology of Family Violence (4)
   SOC 352. Juvenile Offender (4)
   SOC 354. Deviant Behavior (4)
   SOC 410. Sociology of Race and Ethnicity (4)
   SOC 418. Sociology of Social Welfare (4)
   SOC 434. Community Organization (4)
   SOC 436. Group Dynamics (4)
   SOC 484. Social Casework (4)
   TA 483. Children's Theater (4)

Courses taken as electives may not have been used to satisfy upper-division requirements previously in the major.

B.A. IN HUMAN DEVELOPMENT, CHILD DEVELOPMENT - TRACK II

Requirements (177 units)

Total units required for graduation: 180

Note: All Track II credential track students who are currently under a catalog year of 2002/2003 or earlier must complete their requirements for the B.A. degree before December 31, 2007.

BASIC PROGRAM (127 units)

A. Language Arts (24 units)
   B. Humanities and the Arts (29 units)
   C. Mathematics and Natural Sciences (36 units)
   D. Social and Behavioral Sciences (28 units)
   E. Lifelong Understanding (10 units)
   F. Multicultural/Gender Category

CHILD DEVELOPMENT (50 units)

G. Child Development Core (34 units)
   H. Biological Processes in Child Development (4 units)
   I. Sociocultural Processes in Child Development (4 units)
   J. Exceptional Child Development (4 units)
   K. Field Experience (4 units)

PROGRAM TOTAL: 177 units

All students choosing this track should give special attention to the following points before they begin their course work:

1. Since this program contains a variety of choices, students should seek advisement as early as possible at the Liberal Studies Peer Advising Center (PALS), PL-241;
2. By completing this track, students also can fulfill the general education requirements of the university;
3. A course can be counted only once for credit within this track;
4. With advisement and a careful selection of courses, students can also:
   A. Complete a second major in certain fields;
   B. Complete the requirements leading to a multiple subject teaching credential. See "Basic Teaching Credentials" in this catalog, Page 150;
5. Credential candidates must maintain an overall grade point average of 2.7. Generally, courses taken in category F will be counted under categories A through D. Within categories A through E, the course work is subdivided further into courses in required sections and electives. Sections throughout the basic program that also meet general education requirements are marked "G.E."

Note: No one course may be counted in more than one category.

The number of majors in Child Development, Track II may be limited due to potential resource constraints.
Requirements for the B.A. in Human Development
- Child Development, Track II:

A. Language Arts Breadth Area (24 units)
1. Written Communication (G.E.)
   ENG 101. Freshman Composition (4)
2. Upper-division Writing Requirement (G.E.):
   Four units chosen from (ENG 306. Expository Writing is recommended; but any of the following courses qualifies):
   EDUC 306. Expository Writing for Education (4)
   ENG 306. Expository Writing (4)
   HUM 306. Expository Writing for the Humanities (4)
   MGMT 306. Expository Writing for Administration (4)
   NSCI 306. Expository Writing for the Natural Sciences (4)
   SSCI 306. Expository Writing for the Social Sciences (4)
   Note: This requirement also can be met by passing a proficiency examination. Students who pass the exam may use the four units as free electives.
3. Oral Communication (G.E.)
   COMM 120. Oral Communication (4)
4. Literature (G.E.)
   Four units chosen from:
   ENG 110. World Literature I (4)
   ENG 111. World Literature II (4)
   ENG 160. World Drama (4)
   ENG 170. Studies in Literature (4)
   TA 160. World Drama (4)
   TA 212. Oral Interpretation of Literature (4)
5. Development of Language
   ENG 311. The English Language (4)
   Note: Students must maintain a "C-" or better in this course.
6. Analysis of Literature
   Four units chosen from:
   ENG 301. Analysis of Poetry (4)
   ENG 302. Analysis of Drama (4)
   ENG 303. Analysis of Prose Fiction (4)
   ENG 304. Analysis of Nonfiction Prose (4)
   TA 302. Analysis of Drama (4)

B. Humanities and the Arts Breadth Area (29 units)
1. Critical Thinking (G.E.)
   Four units chosen from:
   COMM 180. Critical Thinking Through Argumentation (4)
   MATH 180. Critical Thinking Through Applications of Mathematical Logic (4)
   PHIL 105. Critical Thinking Through Argument Analysis (4)
   PHIL 200. Critical Thinking Through Symbolic Logic (4)
   PSYC 105. Critical Thinking Through Problems Analysis (4)
   SOC 180. Critical Thinking About Social Problems (4)
2. Philosophy (G.E.)
   Four units chosen from:
   PHIL 190. Introduction to Philosophical Issues (4)
   PHIL 191. Introduction to Ethics (4)
   PHIL 192. Introduction to Philosophy of Religion (4)
   PHIL 193. Introduction to Eastern Philosophy (4)
   PHIL 194. Introduction to Knowledge and Reality (4)
3. Foreign Language (G.E.)
   Four units chosen from:
   ARAB 150. Intermediate Arabic III (4)
   ARAB 214. Conversation in Arabic (4)
   FLAN 150. Intermediate Language Study (4)
   FREN 150. Intermediate French (4)
   FREN 200. Culture and Communication (4)
   FREN 201. Conversation and Composition I (4)
   FREN 202. Conversation and Composition II (4)
   GER 150. Intermediate German (4)
   GER 212. Composition (4)
   GER 214. Conversation (4)
   GER 216. Introduction to Literary Texts (4)
   JAPN 150. Intermediate Japanese (4)
   MAND 150. Intermediate Mandarin (4)
   SPAN 150. Intermediate Spanish (4)
   SPAN 155. Intermediate Spanish for Spanish Speakers (4)
   SPAN 212. Composition (4)
   SPAN 213. Composition for Spanish Speakers (4)
   SPAN 214. Conversation (4)
4. Arts
   1. Four units in the arts (G.E.) chosen from:
      ART 200. Studies in Art (4)
      MUS 180. Studies in Music (4)
      TA 260. Introduction to Theatre (4)
   2. ART 395. Art in the Classroom (3)
   3. MUS 531. Musical Development for the Elementary Teacher (3)
4. Three units chosen from:
   TA 385. Acting for Non-Majors (4)
   TA 481. Creative Drama in the Classroom (3)
   TA 483. Children's Theatre (4)
   TA 484. Readers Theatre in the Classroom (3)
   TA 579. Theatre in the Elementary Classroom (4)
   Note: The extra units from TA 385, 483, 484 or 579 may count towards free electives.
5. Integrative Capstone in the Humanities (G.E.)
   Four units chosen from:
   HUM 319. Myth, Metaphor and Symbol (4)
   HUM 325. Perspectives on Gender (meets the requirement in category F1) (4)
   HUM 330. Arts and Ideas (4)
   HUM 335. The Origin and Contemporary Role of Latino Culture (meets the requirement in category F1) (4)
   HUM 340. Interpretation and Values (4)
   HUM 344. Ideas in American Culture (4)
   HUM 350. The Cultures of American Childhood (meets the requirement in category F1) (4)
   HUM 370. African Heritage in the Arts (meets the requirement in category F1) (4)
   HUM 375. The World of Islam (meets the requirement in category F1) (4)
   HUM 380. Comparative Studies in the Arts: East and West (meets the requirement in category F1) (4)
   HUM 385. A Cultural History of Fashion (4)
   Note: Students can receive credit for only one of the following courses:
   HUM 325. Perspectives on Gender
   NSCI 325. Perspectives on Gender
   SSCI 325. Perspectives on Gender
C. Mathematics and Natural Sciences Breadth Area
(36 units)

1. Mathematics (G.E.)
   Four units chosen from:
   - MATH 110. College Algebra (4)
   - MATH 115. The Ideas of Mathematics (4)
   - MATH 120. Pre-Calculus Mathematics (4)
   - MATH 192. Methods of Calculus (4)
   - MATH 211. Basic Concepts of Calculus (4)

   Mathematical Applications
   Four units chosen from:
   - MATH 211. Basic Concepts of Calculus (4)
   - MATH 212. Calculus II (4)
   - MATH 302. Problem Solving in Mathematics (4)

   Note: MATH 211. Basic Concepts of Calculus may not be
   taken for credit by students who have received credit
   for this course in category C1.

2. Life Science (G.E.)
   - BIOL 100. Topics in Biology (5)

3. Physical and Earth Sciences
   Nine units chosen from one of the following three-course
   sequences (1, 2 or 3) to include one course in each of the physical
   sciences (physics and chemistry) and earth/space sciences
   (geology, geography and astronomy):
   1. a. One of the following (G.E.):
      - CHEM 100. Chemistry in the Modern World (5)
      - CHEM 205. Fundamentals of Chemistry I: General Chemistry (5)
      - CHEM 215. General Chemistry I: Atomic Structure and Chemical Bonding (6)
   b. GEOL 304. Geology in the Classroom (2)
   c. PHYS 304. Physics in the Classroom (2)
   2. a. One of the following (G.E.):
      - PHYS 100. Physics in the Modern World (5)
      - PHYS 121. Basic Concepts of Physics (5)
      - PHYS 221. General Physics I (5)
   b. CHEM 304. Chemistry in the Classroom (2)
   c. GEOL 304. Geology in the Classroom (2)
   3. a. One of the following (G.E.):
      - GEOG 103. Physical Geography (5)
      - GEO 101. Introductory Geology (5)
      - PHYS 103. Descriptive Astronomy (5)
   b. CHEM 304. Chemistry in the Classroom (2)
   c. PHYS 304. Physics in the Classroom (2)

4. Special Topics in Science and Technology (G.E.)
   Two units chosen from:
   - BIOL 216. Genetics and Society (2)
   - BIOL 217. Biology of Sexually Transmitted Diseases (2)
   - CHEM 105. Chemicals in Our Environment (2)
   - CSCI 124. Exploring the Information Superhighway (2)
   - GEOL 205. Volcanic Hazards, Surveillance and Predictions (2)
   - GEOL 210. Earthquakes: Science and Public Policy (2)

5. Mathematics and Natural Sciences Electives
   1. CSCI 127. Introduction to Computer Technology for Educators (4)

   Note: The following courses can be used to satisfy only
   one category and students cannot receive credit for
   both:
   - CSCI 121. Computer Technology and People
   - CSCI 127. Introduction to Computer Technology for Educators

7. Integrative Capstone in the Natural Sciences (G.E.)
   Four units chosen from:
   - NSCI 300. Science and Technology (4)
   - NSCI 310. The Environment and Human Survival (4)
   - NSCI 314. Life in the Cosmos (4)
   - NSCI 315. Natural Disasters (4)
   - NSCI 320. Energy (4)
   - NSCI 325. Perspectives on Gender (meets the requirement in category F1) (4)
   - NSCI 351. Health and Human Ecology (4)
   - NSCI 360. Legacy of Life (4)

   Note: Students may receive credit for only one of the following courses:
   - HUM 325. Perspectives on Gender
   - NSCI 325. Perspectives on Gender
   - SSCI 325. Perspectives on Gender

D. Social and Behavioral Sciences Breadth Area (28 units)

1. American History and Civilization (G.E.)
   Four units chosen from:
   - HIST 146. American Civilization (4)
   - HIST 200. United States History to 1877 (4)
   - HIST 201. United States History, 1877 to the Present (4)

2. American Institutions (G.E.)
   - PSCI 203. American Government (4)

   Note: The American History, Constitution, State and Local
   Government requirement can be met by taking PSCI 203 and either HIST 146, 200, or 201. However,
   even if this requirement is met by examination, students
   must still take eight units of lower-division course work chosen from categories D3 and D4 and
   counted in categories D1 and D2.

3. World Cultures (G.E.)
   Four units chosen from:
   - ANTH 140. World Civilizations I, the Rise of Civilization (4)
   - HIST 140. World Civilizations I, the Rise of Civilization (4)
   - HIST 142. World Civilizations II, the Civilizations of the East and West (4)
   - HIST 144. World Civilizations III, the Expansion of Europe (4)
   - SSCI 165. Regions and Peoples of the World (4)

4. Discipline Perspectives (G.E.)
   - PSYC 100. Introduction to Psychology (4)
   - PSYC 100. The Study of Society (4)

5. PSYC 320. Psychology of Middle Childhood (4)

6. Integrative Capstone in the Social and Behavioral Sciences (G.E.)
   Four units chosen from:
   - SSCI 300. Nonwestern World (4)
   - SSCI 304. Contemporary Latin America (4)
   - SSCI 315. Cultural Adaptation: The Quest for Survival (4)
   - SSCI 316. Race and Racism (meets the requirement in category F1) (4)
   - SSCI 320. Understanding Capitalism (4)
   - SSCI 321. Urbanization and the Urban Environment (4)
SSCI 325. Perspectives on Gender (meets the requirement in category F1) (4)
SSCI 345. Religious Expression in America (4)
SSCI 350. Roots of Modern Racism in America (4)

Note: Students may receive credit for only one of the following courses:
HUM 325. Perspectives on Gender
NSCI 325. Perspectives on Gender
SSCI 325. Perspectives on Gender

E. Lifelong Understanding (10 units)
1. The Whole Person—physical and physiological issues (G.E.)
   Two units chosen from:
   KINE 205. Foundations for Lifetime Fitness and Wellness (2)
   NSCI 110. Health and Self Care (2)
2. The Whole Person—social and psychological issue (G.E.)
   Two units chosen from:
   PHIL 101. Moral Choices in Life (2)
   PSYC 115. Personal and Social Adjustment (2)
   SOC 110. Choices in the Life Course (2)
3. Physical Education (G.E.)
   1. Two units chosen from courses listed below. Students are encouraged to elect a dance course, KINE 150:
      KINE 101. Individual and Dual Activities (2)
      KINE 114. Physical Fitness and Conditioning Activities (2)
      KINE 120. Combative and Martial Arts Activities (2)
      KINE 121. Team Activities (2)
      KINE 137. Aquatic Activities (2)
      KINE 147. A Fitness Odyssey (2)
      KINE 149. Independent Activity Project (2)
      KINE 150. Dance Activities (2)
   2. Four units chosen from:
      DAN 481. Creative Dance in the Classroom (4)
      KINE 352. Movement for Children (4)

F. Multicultural/Gender Category
All students must take one upper-division course designated as meeting this requirement, chosen from groups 1 or 2 below:
1. An appropriate Integrative capstone course in one of the following categories: B6, C7, or D6.
   HUM 325. Perspectives on Gender (4)
   HUM 335. The Origin and Contemporary Role of Latino Culture (4)
   HUM 350. The Cultures of American Childhood (4)
   HUM 370. African Heritage in the Arts (4)
   HUM 375. The World of Islam (4)
   HUM 380. Comparative Studies in the Arts: East and West (4)
   NSCI 325. Perspectives on Gender (4)
   SSCI 316. Race and Racism (4)
   SSCI 325. Perspectives on Gender (4)
   SSCI 350. Roots of Modern Racism in America (4)
2. Upper-division general education elective courses that satisfy the Multicultural/Gender requirement:
   ANTH 325. Human Biological Variation and the Concept of Race (4)
   ANTH 333. Sex and Gender in Cross-Cultural Perspective (4)
   COMM 304. Intercultural Communication (4)
   COMM 401. Gender, Race and Media (4)
   CJUS 451. Women and Crime (4)
   ECON 352. Political Economy of Poverty and Discrimination (4)
   ENG 314. American Indian Literature (4)
   HUM 460. Cultural Studies (4)
   MUS 308. Women in Music (4)
   MUS 350. Music of World Cultures (4)
   PA 305. Organizations in Multicultural and Diverse Societies (4)
   PHIL 364. Philosophy of Race and Gender (4)
   PHIL 367. Gender and Philosophy (4)
   TA 462. African-American Theatre and Drama (4)
   TA 463. Asian Theatre (4)

G. Child Development Core (34 units)
1. HD 280. Early Childhood Development (5)
2. HD 281A. Guidance of Young Children (4)
3. HD 282A. Early Childhood Curriculum and Programs (4)
4. HD 303. Theories of Play (4)
5. PSYC 201. Developmental Psychology (4)
6. Four units chosen from:
   PSYC 303. Parenting and Family Relations (4)
   SOC 340. Sociology of the Family (4)
7. PSYC 358. Cognitive Development (4)
8. PSYC 400. Child Assessment (5)

H. Biological Processes in Child Development (4 units)
1. HD 324. Developmental Psychobiology (4)

I. Sociocultural Processes in Child Development (4 units)
1. Four units chosen from:
   ANTH 327. Primate Evolution and Ecology (4)
   ANTH 331. Anthropology of Human Development (4)
   HD 302. History of Childhood (4)
   HD 305. Multicultural Child Development (4)
   SOC 339. Socialization (4)
   SOC 341. Marriage and Family Among Blacks (4)
   SOC 342. The Chicano Family (4)

J. Exceptional Child Development (4 units)
1. Four units chosen from:
   PSYC 350. Development of Exceptional Children (4)
   PSYC 391. Psychopathology of Childhood (4)

K. Classroom Experience (4 units)
1. Four units chosen from:
   EELB 285A. Service Learning Experience I (2)
   EELB 285B. Service Learning Experience II (2)

Note: Internship must be performed in a school setting.

B.A. IN HUMAN DEVELOPMENT - ADULT DEVELOPMENT AND AGING TRACK

Requirements (85 units)

Total units required for graduation: 180

Requirements for the B.A. in Human Development - Adult Development and Aging Track:

Lower-division requirements (17 units)
1. BIOL 100. Topics in Biology (5)
2. PSYC 100. Introduction to Psychology (4)
3. PSYC 350. Developmental Psychology (4)
4. SOC 100. The Study of Society (4)
Upper-division requirements (52 units)

1. Four units chosen from:
   - ANTH 331. Anthropology of Human Development (4)
   - ANTH 332. Cross-Cultural Perspectives on Aging (4)
2. HD 324. Developmental Psychobiology (4)
3. HD 460. Adult Assessment (4)
4. HD 480. Advanced Human Development (4)
5. HD 575. Internship (4)
6. HSCI 423. Health and Wellness of Older Adults (4)
7. Four units chosen from:
   - PSYC 303. Parenting and Family Relations (4)
   - SOC 340. Sociology of the Family (4)
8. PSYC 329. Psychology of Adulthood and Aging (4)
9. Four units chosen from:
   - PSYC 390. Abnormal Psychology (4)
   - SOC 354. Deviant Behavior (4)
10. SOC 330. Social Gerontology (4)
11. Four units chosen from:
    - HD 372. Psychology of Death and Dying (4)
    - HSCI 550. The Health Aspects of Death and Dying (4)
12. Four units chosen from:
    - HD 540. Work, Retirement and Leisure (4)
    - SOC 368. Sociology of Work (4)
13. Applications:
    - A minimum of four units chosen from:
      - EVOC 504. Principles of Adult Education (4)
      - HSCI 271. Introduction to Community Health (4)
      - May choose only one of the following two courses:
        - PSYC 380. Introduction to Public Administration (4)
        - PA 380. Introduction to Public Administration (4)
      - PSYC 387. Community Psychology (4)
      - SOC 418. Sociology of Social Welfare (4)
      - SOC 484. Social Casework (4)
    - Statistics/Methodology (4 units)
      - A minimum of four units chosen from:
        - PSYC 210. Psychological Statistics (5)
        - SSCI 215. Statistics for the Social Sciences (4)
        - SOC 307. Social Research I (5)
    - Electives (12 units)
      - Twelve units chosen from:
        - ANTH 326. Human Origins (4)
        - ANTH 337. Primate Evolution and Ecology (4)
        - ANTH 331. Anthropology of Human Development (4)
        - ANTH 332. Cross-Cultural Perspectives on Aging (4)
        - ANTH 333. Sex and Gender in Cross-Cultural Perspective (4)
        - ANTH 460. Language and Culture (4)
        - ANTH 466. Anthropology of Health, Illness and Healing (4)
        - ANTH 480. Magic, Religion and Science (4)
        - ART 415. Senior Seminar: Art and Society (2)
        - BIOL 306. Human Heredity and Development (4)
        - BIOL 314. Biology of Human Sexuality (4)
        - CJUS 462. Family Violence (4)
        - COMM 304. Intercultural Communication (4)
        - COMM 403. Interpersonal Relations (4)
        - COMM 422. Communication in Conflict (4)
        - ECON 352. Economics of Poverty and Discrimination (4)
        - EVOC 504. Principles of Adult Education (4)
        - HD 280. Early Childhood Development (5)
        - HD 372. Psychology of Death and Dying (4)
        - HD 520. Intergenerational Aspects of Human Development (4)
        - HD 540. Work, Retirement and Leisure (4)
        - HD 582. Special Topics in Human Development (1-5)
        - HD 595. Independent Study (4)
        - HIST 357. The United States, 1917-1945 (4)
        - HIST 359. The United States Since 1945 (4)
        - HSCI 271. Introduction to Community Health (4)
        - HSCI 310. Health and Human Sexuality (4)
        - HSCI 342. Nutrition for Your Health (4)
        - HSCI 374. Basic Auditory and Hearing Problems (4)
        - HSCI 415. Medical Care Organizations (4)
        - HSCI 422. Health Planning (4)
        - HSCI 470. Health Behavior (4)
        - HSCI 511. Organization and Management of Long-Term Care Facilities (4)
        - HSCI 550. The Health Aspects of Death and Dying (4)
        - KINE 205. Foundations for Lifetime Fitness and Wellness (2)
        - KINE 210B. Introduction to Kinesiology: Adapted Physical Education (2)
        - KINE 277. Recreation Programming (4)
        - KINE 330. Physical Education for the Exceptional Individual (4)
        - KINE 331. Topics in Adapted Physical Education (4)
        - KINE 348. Exercise Prescription (5)
        - NURS 454. Anatomical/Physiological Processes of Aging (4)
        - NURS 455. Chronic Diseases of the Aging Population (4)
        - NURS 456. Adaptation to Chronic Illness (4)
        - NURS 457. Health Services for the Non-Institutionalized Aging Person (2)
        - May choose only one of the following two courses:
          - PSCI 380. Introduction to Public Administration (4)
          - PA 380. Introduction to Public Administration (4)
        - PHIL 350. Ethics (4)
        - PHIL 355. Contemporary Ethical Issues (4)
        - PHIL 372. Philosophy of Religion (4)
        - PSYC 210. Psychological Statistics (5)
        - PSYC 270. Infant and Toddler Development (4)
        - PSYC 301. Psychology of Human Sexuality (4)
        - PSYC 303. Parenting and Family Relations (4)
        - PSYC 311. Introduction to Experimental Psychology (6)
        - PSYC 315. Communication Processes (4)
        - PSYC 318. Health Psychology (4)
        - PSYC 320. Psychology of Middle Childhood (4)
        - PSYC 328. Psychology of Adolescent Development (4)
        - PSYC 331. The Psychology of Women (4)
        - PSYC 333. Drugs and Behavior (4)
        - PSYC 340. Prejudice, Race, and Racism (4)
        - PSYC 345. Cross-Cultural Psychology (4)
        - PSYC 358. Cognitive Development (4)
        - PSYC 363. Biological Psychology (4)
        - PSYC 384. Personality and Social Development (4)
        - PSYC 387. Community Psychology (4)
        - PSYC 390. Abnormal Psychology (4)
        - PSYC 431. Experimental Psychology: Developmental (6)
        - SOC 307. Social Research I (4)
        - SOC 339. Socialization (4)
        - SOC 340. Sociology of the Family (4)
Courses taken as electives may not have been used to satisfy upper-division requirements previously in the major.

**B.A. IN HUMAN DEVELOPMENT - LIFE-SPAN DEVELOPMENT TRACK**

**Requirements (85 units)**

**Total units required for graduation: 180**

Requirements for the B.A. in Human Development - Life-Span Development Track:

**Lower-division requirements (17 units)**

1. BIOL 100. Topics in Biology (5)
2. PSYC 100. Introduction to Psychology (4)
3. PSYC 201. Developmental Psychology (4)
4. SOC 100. The Study of Society (4)

**Upper-division requirements (32 units)**

1. ANTH 331. Anthropology of Human Development (4)
2. HD 324. Developmental Psychobiology (4)
3. HD 480. Advanced Human Development (4)
4. HD 575. Internship (4)
5. Four units chosen from:
   - PSYC 303. Parenting and Family Relations (4)
   - SOC 340. Sociology of the Family (4)
6. PSYC 358. Cognitive Development (4)
7. PSYC 384. Personality and Social Development (4)
8. Four units chosen from:
   - ANTH 327. Primate Evolution and Ecology (4)
   - HD 302. History of Childhood (4)
   - HD 305. Multicultural Child Development (4)
   - HD 520. Intergenerational Aspects of Human Development (4)
   - SOC 339. Socialization (4)

**Developmental Stages (12 units)**

1. A minimum of 12 units chosen from:
   - HD 280. Early Childhood Development (5)
   - PSYC 270. Infant and Toddler Development (4)
   - PSYC 320. Psychology of Middle Childhood (4)
   - PSYC 328. Psychology of Adolescent Development (4)
   May choose only one of the following two courses:
   - PSYC 329. Psychology of Adulthood and Aging (4)
   - SOC 330. Social Gerontology (4)

**Statistics/Methodology (4 units)**

1. A minimum of four units chosen from:
   - PSYC 210. Psychological Statistics (5)
   - SSCI 215. Statistics for the Social Sciences (4)
   - SOC 307. Social Research I (5)

**Electives (20 units)**

1. Twenty units chosen from (of which at least sixteen must be upper-division):
   - ANTH 326. Human Origins (4)
   - ANTH 327. Primate Evolution and Ecology (4)
   - ANTH 333. Sex and Gender in Cross-Cultural Perspective (4)
   - ANTH 460. Language and Culture (4)
   - ANTH 480. Magic, Religion and Science (4)
   - BIOL 306. Human Heredity and Development (4)
   - BIOL 314. Biology of Human Sexuality (4)
   - EELB 312. Family, Culture and Schooling (2)
   May choose one of the following two courses, if not previously taken:
   - HD 280. Early Childhood Development (5)
   - PSYC 280. Early Childhood Development (5)
   - HD 281A. Guidance of Young Children (4)
   - HD 281B. Guidance of Young Children: Laboratory (2)
   - HD 282A. Early Childhood Curriculum and Programs (4)
   - HD 282B. Early Childhood Curriculum and Programs: Laboratory (2)
   - HD 302. History of Childhood (4)
   - HD 303. Theories of Play (4)
   - HD 305. Multicultural Child Development (4)
   - HD 372. Psychology of Death and Dying (4)
   - HD 460. Adult Assessment (4)
   - HD 520. Intergenerational Aspects of Human Development (4)
   - HD 540. Work, Retirement, and Leisure (4)
   - HD 582. Special Topics in Human Development (1-5)
   - HD 595. Independent Study (2-4)
   - HSCI 310. Health and Human Sexuality (4)
   - HSCI 342. Nutrition for Your Health (4)
   - HSCI 364. Drug and Alcohol Use and Abuse (4)
   - HSCI 423. Health and Wellness of Older Adults (4)
   - HSCI 435. Health and Human Development (4)
   - HSCI 440. Family Health Issues for Educators (4)
   - HSCI 470. Health Behavior (4)
   - HSCI 550. The Health Aspects of Death and Dying (4)
   - PSYC 210. Psychological Statistics (5)
   - PSYC 270. Infant and Toddler Development (4)
   - PSYC 301. Psychology of Human Sexuality (4)
   - PSYC 303. Parenting and Family Relations (4)
   - PSYC 305. Psycholinguistics (4)
   - PSYC 311. Introduction to Experimental Psychology (6)
   - PSYC 320. Psychology of Middle Childhood (4)
   - PSYC 328. Psychology of Adolescent Development (4)
   - PSYC 329. Psychology of Adulthood and Aging (4)
   - PSYC 331. The Psychology of Women (4)
   - PSYC 340. Prejudice, Race and Racism (4)
   - PSYC 345. Cross-Cultural Psychology (4)
   - PSYC 350. Development of Exceptional Children (4)
   - PSYC 363. Biological Psychology (4)
   - PSYC 390. Abnormal Psychology (4)
   - PSYC 391. Psychopathology of Childhood (4)
   - PSYC 400. Child Assessment (5)
   - PSYC 431. Experimental Psychology: Developmental (6)
   - SOC 307. Social Research I (5)
   - SOC 330. Social Gerontology (4)
   - SOC 339. Socialization (4)
SOC 340. Sociology of the Family (4)
SOC 341. Marriage and Family Among Blacks (4)
SOC 342. The Chicano Family (4)
SOC 343. Sociology of Family Violence (4)
SOC 352. Juvenile Offender (4)
SOC 354. Deviant Behavior (4)
SOC 410. Sociology of Race and Ethnicity (4)
SOC 418. Sociology of Social Welfare (4)
SOC 434. Community Organization (4)
SOC 436. Group Dynamics (4)
SOC 444. Sociology of Gender (4)
SOC 484. Social Casework (4)

Courses taken as electives may not have been used to satisfy upper-division requirements previously in the major.

Note: Occasionally topic and seminar courses are offered in various disciplines throughout the university that would be relevant for human development majors. Students interested in receiving elective credit toward the major for these courses should contact the coordinator of the human development program.

### COURSE OFFERINGS IN HUMAN DEVELOPMENT (HD)

#### Lower Division

**240. Introduction to Child Development**
Comprehensive introduction to child development from conception through adolescence. Emphasis is on physical, cognitive, social, emotional, and language development. (Also offered as PSYC 240. Students may not receive credit for both.) (4 units)

**245. Observation and Methods in Child Development: Early Childhood**
Introduction to observational methodologies and techniques used in the study of early childhood behavior. Students will observe, record, analyze and interpret early childhood behavior as they relate to developmental principles, theories and current research. Prerequisite or corequisite: HD 240. (2 units)

**246. Observation and Methods in Child Development: Middle Childhood**
Introduction to observational methodologies and techniques used in the study of middle childhood behavior. Students will observe, record, analyze and interpret middle childhood behavior as they relate to developmental principles, theories and current research. Prerequisite or corequisite: HD 240. (2 units)

**247. Observation and Methods in Child Development: Adolescence**
Introduction to observational methodologies and techniques used in the study of adolescent behavior. Students will observe, record, analyze and interpret adolescent behavior as they relate to developmental principles, theories and current research. Prerequisite or corequisite: HD 240. (2 units)

**280. Early Childhood Development**
Physical, social, emotional, and intellectual development of the young child from ages two to eight. Laboratory involves observation of young children. Four hours lecture and three hours laboratory. (Also offered as PSYC 280. Students may not receive credit for both.) Prerequisite: PSYC 100. (5 units)

#### Upper Division

**281. Guidance of Young Children**
A. Child development theories and their implications for communicating and interacting with young children, for guiding child behavior, and for designing early childhood settings. This course is only for students majoring in Human Development: Child Development Track I. Prerequisite: HD 280 or PSYC 280. (4 units)

B. Laboratory: Supervised experience focusing on developmentally appropriate practices in communicating and interacting with young children and guiding child behavior. This course is only for students majoring in Human Development: Child Development Track I. Six hours laboratory. Prerequisite or corequisite: HD 281A. Prerequisites: HD 280 or PSYC 280, and current TB test. (2 units)

C. Child development theories and their implications for communicating and interacting with young children, for guiding child behavior, and for designing early childhood settings. This course is only for students majoring in Human Development: Child Development Track II. Prerequisite: HD 280 or PSYC 280. (4 units)

**282. Early Childhood Curriculum and Programs**
A. Methods, materials, and activities in early childhood education. Prerequisite: HD 281A. (4 units)

B. Laboratory: Supervised experience focusing on planning, implementing, and evaluating curriculum activities in an early childhood setting. Six hours laboratory. Prerequisites: HD 281A and 281B, concurrent enrollment in HD 282A and current TB test. (2 units)

#### Upper Division

**302. History of Childhood**
Historical survey of childhood within the contexts of family and society. (4 units)

**303. Theories of Play**
Interdisciplinary survey of theories of play and their applications to child development. Prerequisite: PSYC 201 (or equivalent) or HD 280 or PSYC 280. (4 units)

**305. Multicultural Child Development**
Theories of cultural and ethnic diversity and their applications to child development. (4 units)

**315. The School-Aged Child**
An interdisciplinary perspective of school-aged children's (5-12 years old) physical, cognitive, social and emotional development in educational settings. Emphasis will be placed on linking children's developmental characteristics with the school environment and developmentally-appropriate classroom practices. Requires five hours of observation and participation in a public elementary school classroom. Corequisite: EELB 310. (3 units)

**324. Developmental Psychobiology**
Psychobiological bases of human behavioral development throughout the life span. (Also offered as PSYC 324. Students may not receive credit for both.) Prerequisite: PSYC 100. (4 units)

**372. Psychology of Death and Dying**
A review of current theory and research on the psychology of grief, death and dying. (Also offered as PSYC 372. Students may not receive credit for both.) Prerequisite: PSYC 201 or equivalent. (4 units)
460. Adult Assessment  
Theory, issues, and procedures in assessment of physical, cognitive, social, and emotional functioning in adulthood and old age. (Also offered as PSYC 460. Students may not receive credit for both.) Prerequisite: HSCI 423, or PSYC 329, or SOC 330 or consent of instructor. (4 units)

480. Advanced Human Development  
Theory and research on physical, social, psychological and cultural aspects of human development from an interdisciplinary perspective. Formerly HD 580. Prerequisites: senior standing, 12 units of course work in human growth and development. (4 units)

513. Motivation and Behavior Management of Children  
Addresses developmentally-appropriate practices in motivating and sustaining school-aged children's interest, involvement, and appropriate conduct. Theories of achievement, motivation and research on student involvement will be addressed as they apply to classrooms where students differ in culture, gender, language, ethnicity, socioeconomic status, and handicapping conditions. Approaches to management of classroom resources and student behavior will be analyzed as students develop their own discipline plans. Five hours of observation/participation in a public elementary school classroom are required. (Also offered as EELB 513. Students may not receive credit for both.) Prerequisites: senior standing, EELB 310 and HD 315 or equivalent. (3 units)

520. Intergenerational Aspects of Human Development  
Theory and research on the processes through which family members of different generations influence one another's development. (4 units)

530. Issues in Early Childhood Education  
Current theories, research and methodology in early childhood education with an emphasis on practice with children and families. Formerly a topic under HD 582D. Prerequisite: upper-division or graduate status. (4 units)

540. Work, Retirement and Leisure  
Theory and research on work, retirement, and leisure during the adult years. (Also offered as PSYC 540. Students may not receive credit for both.) Prerequisite: PSYC 100. (4 units)

575. Internship  
Supervised work and study in private and public organizations. May be repeated once for credit. Only four units may be applied to upper-division credit in the Human Development major. Arrangements for the internship must be made during the quarter preceding the quarter in which the student plans on enrolling in this course (see Human Development coordinator). Graded credit/no credit. Prerequisites: consent of instructor and department. (4 units)

582. Special Topics in Human Development  
An intensive study of selected topics related to human development. May be repeated for credit as topics change. Prerequisite: upper-division or graduate standing. (Credit to be arranged: 1 to 5 units)

585. Student Teaching in Early Childhood Education  
Supervised teaching in early childhood education programs. Graded credit/no credit. Prerequisites: HD 282A and 282B, consent of instructor and department. (Credit to be arranged: 4 to 10 units)

595. Independent Study  
Special topics involving literature or field study. A total of eight units of HD 595 may be applied toward graduation, of which a maximum of four units can be applied toward upper-division elective requirements in the major. Prerequisites: a minimum overall grade point average of 3.0, consent of instructor, and departmental approval of a written proposal of a project submitted on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 2 to 4 units)

Graduate level courses can be found on Page 460.
HUMAN SERVICES

Department of Sociology
Social and Behavioral Sciences Building, Room 327
880-5541

Bachelor of Arts
Human Services

COORDINATOR: John Heeren

Human Services is an interdisciplinary, career-oriented degree program drawing from sociology, psychology and health science. It is particularly suited to the paraprofessional person whose work role is that of a generalist who must serve in a variety of work settings and deal with a variety of human needs. Consequently, courses have been selected and designed to meet general occupational needs of human services personnel.

B.A. IN HUMAN SERVICES

Requirements (73 units)
Total units required for graduation: 180

Requirements for the B.A. in Human Services:

Lower-division requirements (13 units)
1. HSCI 120. Health and Society: An Ecological Approach (5)
2. PSYC 100. Introduction to Psychology (4)
3. SOC 100. The Study of Society (4)

Human Development and Behavior (20 units)
1. PSYC 201. Developmental Psychology (4)
2. PSYC 390. Abnormal Psychology (4)
3. SOC 340. Sociology of the Family (4)
4. SOC 354. Deviant Behavior (4)
5. Four units chosen from:
   SOC 410. Sociology of Race and Ethnicity (4)
   PSYC 345. Cross-Cultural Psychology (4)

Delivery of Human Services (8 units)
1. Four units chosen from:
   HSCI 271. Introduction to Community Health (4)
   PSYC 387. Community Psychology (4)
2. SOC 434. Community Organization (4)

Human Services Practice (16 units)
1. Sixteen units chosen from:
   HSCI 301. Principles of Health Education for Health Educators (4)
   HSCI 342. Nutrition for Your Health (4)
   HSCI 364. Drug and Alcohol Use and Abuse (4)
   HSCI 404. Women's Health Issues (4)
   HSCI 423. Health and Wellness of Older Adults (4)
   HSCI 440. Family Health Issues for Educators (4)
   HSCI 470. Health Behavior (4)
   HSCI 489. Pre-Field Study Practicum (2)
   PSYC 329. Psychology of Adulthood and Aging (4)
   PSYC 331. The Psychology of Women (4)
   PSYC 333. Drugs and Behavior (4)
   PSYC 351. Behavior Modification: Principles and Applications (4)

   PSYC 391. Psychopathology of Childhood (4)
   SOC 330. Social Gerontology (4)
   SOC 343. Sociology of Family Violence (4)
   SOC 352. Juvenile Offender (4)
   SOC 355. Medical Sociology (4)
   SOC 356. Sociology of Mental Illness (4)
   SOC 418. Sociology of Social Welfare (4)
   SOC 444. Sociology of Gender (4)

Practice Methods (4 units)
1. Four units chosen from:
   PSYC 315. Communication Processes (4)
   SOC 484. Social Casework (4)

Research Skills (4 units)
1. A minimum of four units chosen from (the following courses require a prerequisite):
   HSCI 598. Research Methodology in Health Science (4)
   PSYC 311. Introduction to Experimental Psychology (6)
   SOC 309. Social Research II (5)

Internship/Field Study (8 units)
A two quarter sequence of internship to be selected in consultation with an advisor to correspond with previous course work and career goals.

Note: All internship/field study units must be taken in the same department.
1. A minimum eight units chosen from:
   A. HSCI 492A. Field Study: Action/Research in Human Ecology and Health (5)
   B. PSYC 575. Internship in Psychology (4) for a total of (8)
   C. SOC 575. Internship in Sociology and Social Work (5) for a total of (10)

HONORS IN THE MAJOR

Students majoring in human services are eligible to receive honors in human services at graduation if the following conditions are met:
1. At least one-half of the course work required by the major is completed at this university;
2. At least a 3.5 grade point average in the major, both at this university and overall;
3. An overall undergraduate grade point average of 3.0 ("B") or better;
4. Completion of a senior project approved in advance by the program coordinator.

Students interested in receiving this recognition must initiate the process by making a formal application with the Sociology Department.
HUMANITIES

College of Arts and Letters
University Hall, Room 237 or 339
880-5800 or 880-5869

The university offers courses of an interdisciplinary nature, but no degree program under the humanities designation.

COURSE OFFERINGS IN HUMANITIES (HUM)

Lower Division

180. The Art of Film
Developing critical appreciation of film as a mode of artistic expression. Explores creative applications of photography, literature, performance, music and scripting through screening of films ranging from productions of major studios to works of avant-garde artists. (GE=C.1) (4 units)

197. Assessment Preparation I in Liberal Studies
Introduction to the Liberal Studies major and the requirements leading to a multiple subjects teaching credential. Procedures and preparation for the senior assessment. Graded credit/no credit. (1 unit)

Upper Division

306. Expository Writing for the Humanities
Writing related to the humanities including documented research reports, summaries and analytical papers. Revision and rewriting will be required. Course fulfills the graduation requirement in writing proficiency. No more than one of the expository writing courses (EDUC 306, ENG 306, HUM 306, MGMT 306, NSCI 306, SSCI 306) may be taken for credit. Students who have received a grade of no credit in any combination of the expository writing courses two or more times must meet with the 306 coordinator or designee to design a developmental writing plan as a condition for enrolling for a third quarter. All students must obtain junior status at the time of registration or their course request will be cancelled. Formerly HUM 495. Graded A, B, C/no credit. Prerequisites: ENG 101 and a minimum of 90 quarter (60 semester) units of college credit. (GE=F.1) (4 units)

312. Theories of Language Acquisition and Learning
An examination of the linguistic, psychological and social aspects of first and second language acquisition, second dialect learning and learning theories. Prerequisite: ENG 311. (4 units)

319. Myth, Metaphor and Symbol
Nature and function of myth and mythmaking; ways in which figurative language is used in different disciplines to create models for understanding the world and human experience. Prerequisite: junior or senior standing. (GE=C.5) (4 units)

325. Perspectives on Gender
This interdisciplinary course uses scientific, humanistic and social science perspectives to foster an understanding of how gender roles in Western culture are established, maintained and changed. (Also offered as SSCI 325 and NSCI 325. Students may receive credit for only one of these courses.) Prerequisite: junior or senior standing. (GE=C.5,G.1) (4 units)

330. Arts and Ideas
An interdisciplinary exploration of the interaction between fundamental ideas (truth, goodness, beauty, freedom, equality, justice) and the arts (music, literature, painting, sculpture) in various Western cultures, as seen from philosophical, religious and historical perspectives. Prerequisite: junior or senior standing. (GE=C.5) (4 units)

335. The Origin and Contemporary Role of Latino Culture
An exploration of the birth of Latino culture in Spain and its continued development in Latin America and the United States as seen in literature, art, music, and philosophy. Prerequisite: junior or senior standing. (GE=C.5,G.1) (4 units)

340. Interpretation and Values
Investigation of different ways in which people find the meaning, or meanings, in texts or events. Alternative theoretical approaches applied to specific literary, artistic, legal, religious and historical examples. Prerequisite: junior or senior standing. (GE=C.5) (4 units)

344. Ideas in American Culture
An examination of recurring ideas in American culture, from Colonial times to the present, as seen in literature, art and thought. Prerequisite: junior or senior standing. (GE=C.5) (4 units)

350. The Cultures of American Childhood
An exploration of the ways childhood has been defined by biological, theoretical, cultural and social means in the United States. Special emphasis on the changing notions of childhood in terms of pop culture and the increasingly multiethnic landscape of America. (GE=C.5,G.1) (4 units)

370. African Heritage in the Arts
The various threads of African culture (religion, myth, philosophy, literature, painting, sculpture, music) are traced from their origin on the African continent through their impact in the Americas from the 16th century to the present. Prerequisite: junior or senior standing. (GE=C.5,G.1) (4 units)

375. The World of Islam
Exploration of Islam as a religion, a philosophy and value system, indeed, as a way of life in a variety of cultures, totalling more than one billion people around the globe, including the arts and literature as well as theological, philosophical, and social perspectives. Prerequisite: junior or senior standing. (GE=C.5,G.1) (4 units)

380. Comparative Studies in the Arts: East and West
Explores the interplay of key ideas of religion and philosophy in literature, painting, music and film in selected Asian cultures as contrasted with analogous ideas and artistic genres in the West. Prerequisite: junior or senior standing. (GE=C.5,G.1) (4 units)
236 / Humanities

385. A Cultural History of Fashion
The history of clothing and its relation to other arts as a form of self-expression within shifting sociocultural circumstances. Prerequisite: junior or senior standing. (GE=C.5) (4 units)

397. Assessment Preparation II in Liberal Studies
Continuation of assessment planning in Liberal Studies. Includes initial assessment of General Education requirements and selection of a concentration and its integration into the program of study. Review of progress on portfolios. Graded credit/no credit. Prerequisites: HUM 197 and completion of at least 90 units in the B.A. in Liberal Studies. (1 unit)

460. Cultural Studies
Aspects of culture, language and civilization of selected ethnic groups within the United States and their contributions to American society; special attention to gender issues. (GE=C.5) (4 units)

496. Selected Topics in Humanities
Seminar in special topics chosen from arts or humanities. May be repeated for credit as topics change. (4 units)

497. Senior Assessment
Written examination of selected topics covered in the upper-division courses of the major. Generally assumes 30 hours of preparation and supervised review. May be repeated twice for credit. Graded credit/no credit. Prerequisite: senior standing. (1 unit)

499. Methods and Materials in the Teaching of Humanities
Integration of educational philosophy and pedagogical concepts with the specific teaching materials of disciplines in the humanities. This course may not be counted toward fulfilling requirements of courses in the majors below. May be repeated for credit as topics change. Prerequisites: ESEC 332, senior or graduate standing and admission to the single subject credential program.
A. Art (4 units)
B. Foreign Languages (4 units)
C. English (4 units)
D. Music (4 units)
E. Theatre Arts (4 units)
F. Humanities (4 units)

500. Current Ideas and Issues in Latin America
An interdisciplinary exploration of the cultural, social, historical, and political contexts of Latin America in the 20th century. Serves as a culminating experience in the Latin American Studies Minor. Topics include the relationship between “high” and popular cultures, the role of history in the interplay between the various regions of the continent, the impact of mass media on cultural production, and recent political developments. Prerequisite: consent of instructor or completion of 16 units of interdisciplinary studies or Latin American Studies Minor.
A. Taught in English. (4 units)
B. Taught in Spanish. (4 units)

575. Internship in Service Learning
Supervised intensive work that requires advanced skills in the humanities in private or public organizations. Generally assumes 30 hours of work/study per unit of credit. A total of eight units may be applied toward graduation. Graded credit/no credit. Prerequisite: one upper-division course in the humanities in the field in which the student will be working or equivalent or consent of instructor. (Credit to be arranged: 1 to 5 units)

595. Independent Study in Humanities
Advanced study in the Humanities. May be repeated for credit. Prerequisites: a minimum overall grade point average of 3.0, consent of instructor, including approval of a written proposal of a project submitted on a standard application filed in advance of the quarter in which the course is to be taken. A total of eight units may be applied toward graduation. (Credit to be arranged: 1 to 4 units)

597. Senior Assessment in Liberal Studies
Liberal Studies students will complete and submit their portfolios for evaluation. A reflective essay on required aspects of subject matter preparation is a required component and is used to introduce the portfolio. Required for graduation. Graded credit/no credit. Prerequisites: HUM 397 and completion of at least 135 units in the B.A. in Liberal Studies. (2 units)

Graduate level courses can be found on Page 461.
INFORMATION MANAGEMENT

Department of Information and Decision Sciences
Jack Brown Hall, Room 460
880-5723

FACULTY: Sunny Baker, Anthony Coulson, Frank Lin, Tapie Rohm, Conrad Shayo, Walt Stewart (Chair), Bob Wilson, Jake Zhu

The university offers concentrations in information management within the Bachelor of Arts in Administration, the Bachelor of Science in Administration and the Master of Business Administration. The details of these programs are listed under Administration on Page 79. The Master of Business Administration can be found on Page 370. The courses listed below are offered in support of these programs. Further information is available from the Department of Information and Decision Sciences.

COURSE OFFERINGS IN INFORMATION MANAGEMENT (INFO)

Lower Division

102. Introduction to Information Technology
Effects of information technology on society presenting methods, practices and principles that develop information technology and information systems. No computer background required. May not be taken for credit by students who have received credit for INFO 101. (2 units)

103. Using Information Technology Applications
Use of information technology tools, such as presentation, database, spreadsheet and word processing software. One hour lecture and two hours activity laboratory. No previous computer background required. Materials fee required. May not be taken for credit by students who have received credit for INFO 101. (2 units)

107. Business Software
One hour lecture and two hour activity laboratory. Materials fee required. Each topic may be taken once for credit. Prerequisites: INFO 102 and 103 or consent of instructor.
A. Microsoft Access (2 units)
B. Microsoft PowerPoint (2 units)
C. Microsoft Windows Environment (2 units)
D. Introduction to Microsoft SQL Server (2 units)
E. Oracle Data Base Systems (2 units)

125. Business Operating Systems
One hour lecture and two hour activity laboratory. Materials fee required. Each topic may be taken once for credit. Prerequisites: INFO 102 and 103 or consent of instructor.
A. Using UNIX (2 units)
B. UNIX Server (2 units)
C. Microsoft Windows Server (2 units)
D. Novell Netware Server (2 units)

140. The World Wide Web and Multimedia
One hour lecture and two hour activity laboratory. Materials fee required. Each topic may be taken once for credit. Prerequisites: INFO 102 and 103 or consent of instructor.
A. Web Page Design (2 units)
B. Web Master Administration (2 units)
C. Multimedia (2 units)

274. Data Base Management
Fundamentals of data base design and use. Topics include data base application in organizations, end user needs analysis, logical data base design, data integrity and data base security. Students design and create working applications using a popular business data base program. Prerequisites: INFO 102 and 103 or consent of instructor. (4 units)

275. Information Networking
An introduction to the data communications field for the business student. Covers the introductory topics of hardware, software, protocols, channels, modems, local area networks, wide area networks and various applications. Students will gain hands-on experience with current popular data communication systems. Prerequisites: INFO 102 and 103 or consent of instructor. (4 units)

276. Systems Analysis and Design
Traditional systems analysis and design methods and tools. Topics include role of the systems analyst, feasibility studies, modeling technique systems design, reporting and documentation, and implementation strategies. Students will develop conceptual, analytical and practical skills in modeling organizational processes. Prerequisites: INFO 102 and 103 or consent of instructor. (4 units)

280. Information Mapping and Data Visualization
Introduction to concepts and tools of data visualization. Together with traditional charting and graphing methods, students are introduced to the use of geographic information systems (GIS). Using spatial modeling tools and quantitative methods, the course provides students with practical applications for converting data into information. Prerequisites: INFO 102 and 103 or consent of instructor. (4 units)

282. Business Systems I
An introduction to business system development in an object-oriented environment. Emphasizes object-oriented programming in a graphical user interface environment. Object-oriented concepts are applied to computer problem solving. Knowledge of computer programming is not essential. Prerequisites: INFO 102 and 103 or consent of instructor. (4 units)

283. Business Systems II
An advanced study of information systems development in an object-oriented environment. Object-oriented concepts are applied to construction of computer solutions for business information systems. Knowledge of computer programming is essential. Prerequisite: INFO 282 or consent of instructor. (4 units)

285. Electronic Commerce
Fundamentals of e-commerce that build student skills and knowledge in developing, designing and managing e-commerce business. Topics include technical issues such as internet, intranet, extranet, tools, and technology; and business issues such
as business concepts, current practice, and strategic opportunities that surround the emergence of e-commerce. Students will develop an understanding of technology infrastructure that enables e-commerce and the impact to e-commerce on business and the economy. Prerequisites: INFO 102 and 103 or consent of instructor.

Upper Division

Enrollment in upper division courses restricted to students who have met all prerequisites and have completed at least 89.9 quarter units (junior class level). Students who do not meet these requirements will be disenrolled.

309. Information Management
Application of computer systems in organizations. Covers the topics of information systems planning, information forecasting, information technology and information processing. Prerequisites: INFO 102 and 103. (4 units)

372. Information Technology
Basic computer hardware, software, maintenance and training technologies. Topics include hardware components, operating system functions, information systems maintenance strategies for the organization, and end-user training options. Hands-on experience with different computer hardware, operating systems and software utilities. Formerly INFO 472. Prerequisite: INFO 309 or consent of instructor. (4 units)

378. Information Problem Solving
Systematic approaches to problem solving and decision making. Students will learn behavioral and organizational decision making processes relating to their roles as both manager and information systems designer. Topics include recognizing and defining the problem, troubleshooting, individual and group decision making, creativity and implementation strategies. Formerly INFO 478. Prerequisite: INFO 309 or consent of instructor. (4 units)

474. Advanced Data Base Management
Advanced computer data base concepts and skills including: data modeling, Structured Query Language (SQL), and client-server applications. Students will create applications using an advanced data base program package. Prerequisites: INFO 274 and 309, or consent of instructor. (4 units)

475. Advanced Information Networking
Advanced computer networking and their application in organizations. Students will learn current computer network strategies and create advanced network applications. Prerequisites: INFO 275 and 309, or consent of instructor. (4 units)

476. Advanced Systems Analysis and Design
Advanced analysis, design and implementation of information systems for organizations. Topic areas include data, process and network modeling techniques; structured, information engineering and object-oriented approaches to systems design; systems testing methods; implementation strategies and project management. Prerequisites: INFO 276 and 309, or consent of instructor. (4 units)

477. Decision Support Systems
Formal information systems that support organizational decision making. Topics include the strategy, framework, design, implementation and evaluation of decision support systems. Students will create and apply decision support systems to planning, coordinating, organizing, controlling and/or directing tasks. Prerequisite: INFO 309 or consent of instructor. (4 units)

479. Studies in Information Management
Research and discussion of current topics, problems, research, employment opportunities, and developments in the computer and information management fields. Prerequisite: INFO 309. (4 units)

480. Advanced Information Mapping and Visualization
Advanced study in and implementation of data visualization methods. Integration of information mapping, forecasting and data base tools and concepts to solve problems and support decision making. Students will learn and apply a popular geographic information system (GIS) to typical organizational problems. Prerequisites: INFO 280 and 309, or consent of instructor. (4 units)

485. E-Business
Advanced technical and business skills for designing, developing and managing e-business applications. Topics include enterprise systems, business to business exchanges, and implementation strategies. Prerequisites: INFO 285 and 309, or consent of instructor. (4 units)

490. Information Systems Planning and Policy
Advanced study of information systems planning and policy formation for top management. Covers the strategic use of information technology in organizations; the theory, methods and practices of enterprise systems planning; and the design and implementation of information systems policy. Prerequisites: completion of all other courses in chosen concentration program. (4 units)

505. Internship in Information Management
Supervised work and study in private or public organizations. May be repeated once for credit. A total of two College of Business and Public Administration 575 courses may be applied toward graduation. Graded credit/no credit. Prerequisites: consent of instructor and the department's internship coordinator. (4 units)

590. Seminar in Information Management
An intensive study of some phase of information management to be developed by the instructor. May be repeated for credit as topics change. May be repeated for credit. (4 units)

595. Independent Study
Special topics involving library and/or field research. A total of 10 units in any College of Business and Public Administration 595 may be applied toward graduation. Prerequisites: a minimum overall grade point average of 3.0, consent of instructor and approval by the department of a written project/proposal submitted to the appropriate department in the College of Business and Public Administration on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 2 or 4 units)
INTERDISCIPLINARY STUDIES

The university offers a limited number of courses outside of its department and college structure.

**COURSE OFFERINGS IN INTERDISCIPLINARY STUDIES (IS)**

**Lower Division**

101. Words and Ideas
A course combining ENG 101. Freshman Composition and PHIL 105. Critical Thinking Through Argument Analysis. Students must complete IS 101A and 101B before credit can be granted for either. IS 101A must be taken before 101B. Prerequisites: satisfactory score on the English Placement Test, or completion of the test and at least a grade of "C" in English 85 or 95.
A. (4 units)
B. (4 units)

**Upper Division**

460. Aspects of Chicano Culture
Cultural, political and social values of the Chicano as reflected in Chicano literature, art, music, teatro and other forms and their relationship to concurrent developments in Mexico. (4 units)
KINESIOLOGY

Department of Kinesiology
Health and Physical Education Building, Room 120
880-5349

Bachelor of Science
Kinesiology
Exercise Science
Pedagogy
Pre-Physical Therapy

Teaching Credential Programs
Adapted Physical Education Specialist Credential
(Offered through the College of Education.)
Single Subject

Master of Arts
Education - Kinesiology Option
(Degree requirements can be found on Page 407.)

Minor
Kinesiology
Recreation

Certificate Programs
Coaching
Fitness Management
Recreation Leadership

FACULTY: Sarah Boeh, Robert Carlson,
Jerry Freischlag (Emeritus), Chris Grenfell, Bryan Haddock,
Steve Kinzey, Carolyn Martin, Greg Price, Reg Price,
Terry Rizzo (Chair), Cliff Singh, Hosung So, Traci Statler,
Linda Wilkin

The Department of Kinesiology offers a curriculum leading to
a Bachelor of Science degree with a major in kinesiology. In addi-
tion, a minor in kinesiology, a minor in recreation, an adapted
physical education specialist credential and a single subject teach-
ing credential are offered. The credentials are offered through the
College of Education.

The major in kinesiology is designed for the student prepar-
ing to:
1. Become a physical education teacher;
2. Select a career in nonteaching fields related to physical activi-
ty, such as commercial physical fitness, sport business, re-
search and development, or commercial leisure services;
3. Pursue graduate work in kinesiology or related disciplines.

B.S. IN KINESIOLOGY

Requirements

Exercise Science (86 units)
Pedagogy (80 units)
Pre-Physical Therapy (123 units)

Total units required for graduation: 186

Requirements for the B.S. in Kinesiology:
Core requirements (46 units)
1. BIOL 223. Human Physiology and Anatomy I (5)
2. BIOL 224. Human Physiology and Anatomy II (5)
3. KINE 210A. Introduction to Kinesiology (2)
4. KINE 254. Field Experience (2)
5. KINE 261D. Professional Activity Preparation in Individual and Dual Sports/Movement Forms: Fitness (2)
6. KINE 305. Prevention and Treatment of Sports Injuries (4)
7. KINE 310. History and Philosophy of Physical Activity (4)
8. KINE 325. Motor Development Across the Lifespan (2)
10. KINE 410. Motor Control and Skill Learning (4)
11. KINE 480. Biomechanics (5)
12. KINE 481. Exercise Physiology (5)
13. KINE 490. Senior Seminar in Kinesiology (2)

Concentrations (34-77 units)

Exercise Science Concentration (40 units)
Lower-division requirements (14 units)
1. KINE 200. First Aid (2)
2. KINE 240. Exercise Science Software (2)
3. Physics
   Five units chosen from:
   PHYS 100. Physics in the Modern World (5)
   PHYS 121. Basic Concepts of Physics I (5)
   PHYS 221. General Physics I (5)
4. Chemistry
   A minimum of five units chosen from:
   CHEM 205. Fundamentals of Chemistry I: General Chemistry (5)
   CHEM 215. General Chemistry I: Atomic Structure and Chemical Bonding (6)

Upper-division requirements (26 units)
1. Four units chosen from:
   KINE 323. Sociology of Physical Activity (4)
   KINE 324. Psychology of Physical Activity (4)
   KINE 360. Physical Activity and Aging (2)
   KINE 382. Nutrition for Health, Fitness and Sports (4)
   KINE 471. Exercise Science Program Management (4)
   KINE 483. Exercise Prescription (4)
   KINE 485. EKG Interpretation (2)
   KINE 486. Instrumentation in Exercise Science (2)
   KINE 488. Legal Issues in Exercise Science (2)
   KINE 493. Internship (2)

Pedagogy Concentration (34 units)
Lower-division requirements (18 units)
1. KINE 210B. Introduction to Kinesiology: Adapted Physical Education (2)
2. KINE 261C. Professional Activity Preparation in Individual and Dual Sports/Movement Forms: Dance (2)
3. KINE 261F. Professional Activity Preparation in Individual and Dual Sports/Movement Forms: Gymnastics (2)
4. KINE 261H. Professional Activity Preparation in Individual and Dual Sports/Movement Forms: Swimming (2)
5. Two units chosen from:
   - KINE 261B. Professional Activity Preparation in Individual and Dual Sports/Movement Forms: Badminton (2)
   - KINE 261E. Professional Activity Preparation in Individual and Dual Sports/Movement Forms: Golf (2)
   - KINE 261G. Professional Activity Preparation in Individual and Dual Sports/Movement Forms: Racquetball (2)
   - KINE 261J. Professional Activity Preparation in Individual and Dual Sports/Movement Forms: Tennis (2)
   - KINE 261K. Professional Activity Preparation in Individual and Dual Sports/Movement Forms: Track and Field (2)
   - KINE 261L. Professional Activity Preparation in Individual and Dual Sports/Movement Forms: Aerobic Exercise (2)
   - KINE 261M. Professional Activity Preparation in Individual and Dual Sports/Movement Forms: Martial Arts (2)
   - KINE 261N. Professional Activity Preparation in Individual and Dual Sports/Movement Forms: Strength and Conditioning (2)
   - KINE 261O. Professional Activity Preparation in Individual and Dual Sports/Movement Forms: Yoga (2)

6. Eight units chosen from:
   - KINE 263A. Professional Activity Preparation of Team Sports: Basketball (2)
   - KINE 263B. Professional Activity Preparation of Team Sports: Football (Flag) (2)
   - KINE 263C. Professional Activity Preparation of Team Sports: Soccer (2)
   - KINE 263D. Professional Activity Preparation of Team Sports: Softball (2)
   - KINE 263E. Professional Activity Preparation of Team Sports: Volleyball (2)

Kinesiology / 241

ADAPTED PHYSICAL EDUCATION SPECIALIST CREDENTIAL
Requirements (16 units)

Admission to the Program
In addition to meeting the general requirements of the university for admission as a postbaccalaureate student, admission to the adapted physical education specialist credential program requires the following:
1. A valid California teaching credential authorizing the teaching of physical education.

Recommendation for the Adapted Physical Education Credential:
In addition to completing the adapted physical education program requirements and credential coursework, the candidate must successfully complete the following requirements to receive a recommendation for the Adapted Physical Education Specialist Credential.
1. Verification of subject matter competence by one of the following:
   a. completion of an equivalent California-approved single subject matter preparation program in physical education verified in writing by authorized personnel;
   b. original verification of a passing score on the CSET examination for Physical education;
   c. completion of an approved subject matter preparation program offered on this campus or an approved subject matter preparation program at another California campus, verified in writing by authorized personnel;
2. Documentation of a minimum of 100 hours of fieldwork experience in Adapted Physical Education in compliance with the Standards of the California Commission for Teacher Credentialing;
3. Completion of student teaching in adapted physical education and physical education at:
   a. CSUSB or an equivalent California campus with an approved single subject matter adapted physical education
preparation program verified in writing by authorized personnel; or
b. a California Public School verified in writing by authorized personnel with one year of demonstrated effective teaching in adapted physical education;
4. Completion of the final written exit examination and exit interview with the adapted physical education coordinator at CSUSB;
5. Consult the coordinator of adapted physical education for current information about this credential as pending state legislation may require curricular changes.

Credential Requirements (16 units)
Upper-division requirements (16 units)
1. ESPE 530. Psychology and Education of Exceptional Individuals (4)
2. KINE 330. Physical Education for the Exceptional Individual (4)
3. Eight units chosen from:
   KINE 331A. Topics in Adapted Physical Education: Adapted aquatics (2)
   KINE 331B. Topics in Adapted Physical Education: Physically handicapped (2)
   KINE 331C. Topics in Adapted Physical Education: Learning handicapped (2)
   KINE 331D. Topics in Adapted Physical Education: Communicatively handicapped (2)
   KINE 331E. Topics in Adapted Physical Education: Severely handicapped (2)

SINGLE SUBJECT TEACHING CREDENTIAL
The Bachelor of Science in Kinesiology is approved as a single subject matter teaching credential program. In addition to the requirements of the major, students must complete certain prerequisites to the teacher education program. For information about the professional education component, admission to the teacher education program or specific requirements for the single subject matter waiver program, see Page 156 or contact the Credentials Office (C.A.S.E.).

MINOR IN KINESIOLOGY
Requirements (43 units)
Requirements for a minor in Kinesiology:
Lower-division requirements (30 units)
1. BIOL 223. Human Physiology and Anatomy I (5)
2. BIOL 224. Human Physiology and Anatomy II (5)
3. KINE 210A. Introduction to Kinesiology (2)
4. KINE 254. Field Experience (2)
5. Eight units chosen from:
   KINE 261A. Professional Activity Preparation in Individual and Dual Sports/Movement Forms: Archery (2)
   KINE 261B. Professional Activity Preparation in Individual and Dual Sports/Movement Forms: Badminton (2)
   KINE 261C. Professional Activity Preparation in Individual and Dual Sports/Movement Forms: Dance (2)
   KINE 261D. Professional Activity Preparation in Individual and Dual Sports/Movement Forms: Fitness (2)
   KINE 261E. Professional Activity Preparation in Individual and Dual Sports/Movement Forms: Golf (2)
   KINE 261F. Professional Activity Preparation in Individual and Dual Sports/Movement Forms: Gymnastics (2)
   KINE 261G. Professional Activity Preparation in Individual and Dual Sports/Movement Forms: Racquetball (2)
   KINE 261H. Professional Activity Preparation in Individual and Dual Sports/Movement Forms: Swimming (2)
   KINE 261J. Professional Activity Preparation in Individual and Dual Sports/Movement Forms: Tennis (2)
   KINE 261K. Professional Activity Preparation in Individual and Dual Sports/Movement Forms: Track and Field (2)
   KINE 261L. Professional Activity Preparation in Individual and Dual Sports/Movement Forms: Aerobic Exercise (2)
   KINE 261M. Professional Activity Preparation in Individual and Dual Sports/Movement Forms: Martial Arts (2)
   KINE 261N. Professional Activity Preparation in Individual and Dual Sports/Movement Forms: Strength and Conditioning (2)
   KINE 261O. Professional Activity Preparation in Individual and Dual Sports/Movement Forms: Yoga (2)
6. Four units chosen from:
   KINE 263A. Professional Activity Preparation of Team Sports: Basketball (2)
   KINE 263B. Professional Activity Preparation of Team Sports: Football (Flag) (2)
   KINE 263C. Professional Activity Preparation of Team Sports: Soccer (2)
   KINE 263D. Professional Activity Preparation of Team Sports: Softball (2)
   KINE 263E. Professional Activity Preparation of Team Sports: Volleyball (2)

Upper-division requirements (13 units)
1. KINE 305. Prevention and Treatment of Sports Injuries (4)
2. Four units chosen from:
   KINE 323. Sociology of Physical Activity (4)
   KINE 324. Psychology of Physical Activity (4)
3. Four units chosen from:
   KINE 471. Exercise Science Program Management (4)
   KINE 472. Program Design in Physical Education (4)
   KINE 481. Exercise Physiology (5)
MINOR IN RECREATION
Requirements (24 units)

Requirements for a minor in Recreation:
Lower-division requirements (16 units)
1. KINE 200. First Aid (2)
2. KINE 203. Introduction to Recreation (4)
3. KINE 254. Field Experience (2)
4. KINE 271. Recreation Leadership (4)
5. KINE 277. Recreation Programming (4)

Upper-division requirements (8 units)
1. KINE 365. Outdoor Education and Camp Leadership (4)
2. KINE 471. Exercise Science Program Management (4)

CERTIFICATE PROGRAMS

Certificates may be earned by regularly matriculated or extended learning students and denote successful completion of a prescribed program of study designed to: a) impart specified professional/vocational/career competencies; or b) produce mastery of the content of a sub-field of an academic major (discipline); or c) provide exposure to the range of materials in a traditional or emerging interdisciplinary field. Refer to Page 63 for further certificate information.

Certificate in Coaching
Certificate requirements (32 units)

Lower-division requirements (12 units)
1. KINE 200. First Aid (2)
2. Four units chosen from:
   KINE 261A. Professional Activity Preparation in Individual and Dual Sports/Movement Forms: Archery (2)
   KINE 261B. Professional Activity Preparation in Individual and Dual Sports/Movement Forms: Badminton (2)
   KINE 261C. Professional Activity Preparation in Individual and Dual Sports/Movement Forms: Dance (2)
   KINE 261D. Professional Activity Preparation in Individual and Dual Sports/Movement Forms: Fitness (2)
   KINE 261E. Professional Activity Preparation in Individual and Dual Sports/Movement Forms: Golf (2)
   KINE 261F. Professional Activity Preparation in Individual and Dual Sports/Movement Forms: Gymnastics (2)
   KINE 261G. Professional Activity Preparation in Individual and Dual Sports/Movement Forms: Racquetball (2)
   KINE 261H. Professional Activity Preparation in Individual and Dual Sports/Movement Forms: Swimming (2)
   KINE 261J. Professional Activity Preparation in Individual and Dual Sports/Movement Forms: Tennis (2)
   KINE 261K. Professional Activity Preparation in Individual and Dual Sports/Movement Forms: Track and Field (2)
3. Four units chosen from:
   KINE 263A. Professional Activity Preparation of Team Sports: Basketball (2)
   KINE 263B. Professional Activity Preparation of Team Sports: Football (Flag) (2)
   KINE 263C. Professional Activity Preparation of Team Sports: Soccer (2)
   KINE 263D. Professional Activity Preparation of Team Sports: Softball (2)
   KINE 263E. Professional Activity Preparation of Team Sports: Volleyball (2)
4. KINE 267. Sports Officiating (2)

Upper-division requirements (21 units)
1. KINE 323. Sociology of Physical Activity (4)
2. KINE 324. Psychology of Physical Activity (4)
3. KINE 343. Methods and Techniques of Coaching (4)
4. KINE 472. Program Design in Physical Education (4)
5. KINE 480. Biomechanics (5)

Certificate in Fitness Management
Certificate requirements (34 units)

1. KINE 305. Prevention and Treatment of Sports Injuries (4)
2. KINE 454. Field Experience II (3)
3. KINE 471. Exercise Science Program Management (4)
4. KINE 480. Biomechanics (5)
5. KINE 481. Exercise Physiology (5)
6. KINE 482. Contemporary Fitness Programs (4)
7. KINE 483. Exercise Prescription (5)
8. KINE 580. Exercise, Energy and Human Performance (4)

Certificate in Recreation Leadership
Certificate requirements (31 units)

Lower-division requirements (20 units)
1. KINE 203. Introduction to Recreation (4)
2. KINE 271. Recreation Leadership (4)
3. KINE 277. Recreation Programming (4)
4. Four units chosen from:
   KINE 137A. Aquatic Activities: Lifeguard training (2)
   KINE 137B. Aquatic Activities: Basic and emergency water safety (2)
   KINE 137C. Aquatic Activities: Boating and canoeing (2)
   KINE 137D. Aquatic Activities: Scuba diving (2)
   KINE 137E. Aquatic Activities: Skin diving (2)
   KINE 137F. Aquatic Activities: Springboard diving (2)
   KINE 137G. Aquatic Activities: Water polo (2)
244 / Kinesiology

5. Four units chosen from:
   KINE 146A. Outdoor Skills Activities: Backpacking (2)
   KINE 146B. Outdoor Skills Activities: Camping (2)
   KINE 146C. Outdoor Skills Activities: Mountaineering (2)
   KINE 146D. Outdoor Skills Activities: Orienteering (2)
   KINE 146E. Outdoor Skills Activities: Survival skills (2)

Upper-division requirements (11 units)
1. KINE 365. Outdoor Education and Camp Leadership (4)
2. KINE 454. Field Experience II (3)
3. Four units chosen from:
   KINE 471. Exercise Science Program Management (4)
   KINE 472. Program Design in Physical Education (4)

DEPARTMENTAL HONORS
A graduating senior will be awarded departmental honors in kinesiology after meeting the following requirements:
1. Earned a 3.5 grade point average in all kinesiology course work;
2. Earned a 3.0 (“B”) grade point average overall;
3. Over one-half of the course work for the kinesiology major must be taken at California State University, San Bernardino;
4. Recommendation by the kinesiology faculty.

KINESIOLOGY - BASIC INSTRUCTION ACTIVITY PROGRAM

Kinesiology 101-150
The basic instruction program offers a wide variety of courses that provides students an opportunity to: participate in physical activity on a regular basis; develop, improve and maintain physical fitness; learn and practice lifetime sports skills; and acquire the knowledge that physical exercise is essential for healthful adult living in current society. Not all courses listed are offered each academic year.

Kinesiology - Intercollegiate Athletics (160 and 190)
These courses are designed for those students participating in intercollegiate sports. If a student does not become a member of a team, they will be dropped from the course.

General education requirement for graduation:
All students are required to complete a basic instruction activity course chosen from any one of the following categories:
   KINE 101. Individual and Dual Activities
   KINE 114. Physical Fitness and Conditioning Activities
   KINE 120. Combative and Martial Arts Activities
   KINE 121. Team Activities
   KINE 137. Aquatic Activities
   KINE 147. A Fitness Odyssey
   KINE 149. Independent Activity Project
   KINE 150. Dance Activities

Ten additional units of basic instruction activity courses (numbered 150 and below) for a total of twelve units maximum may be applied toward graduation. These units may be from courses in the same category.

COURSE OFFERINGS IN KINESIOLOGY (KINE)

Lower Division
The following activities include instruction at all skill levels unless specified in the Class Schedule as limited to beginning, intermediate or advanced level instruction.

101. Individual and Dual Activities
Development of basic skills, techniques, rules and strategies through instruction and practice in a variety of individual and dual type sports and activities. Graded ABC/no credit. Formerly PE 101. (GE=E.3)
   A. Archery (2 units)
   B. Badminton (2 units)
   C. Bicycling (Field trips required.) (2 units)
   D. Bowling (Field trips required.) (2 units)
   F. Golf (Field trips required.) (2 units)
   G. Gymnastics (2 units)
   N. Racquetball (2 units)
   P. Skiing-Alpine (Field trips required.) (2 units)
   Q. Skiing-Nordic (Field trips required.) (2 units)
   S. Tennis (2 units)

114. Physical Fitness and Conditioning Activities
Principles, practices and individual evaluation in a variety of fitness and conditioning activities. Graded ABC/no credit. Formerly PE 114. (GE=E.3)
   A. Body conditioning (2 units)
   B. Circuit training (2 units)
   C. Jogging (2 units)
   E. Weight training (2 units)
   F. Yoga (2 units)

120. Combative and Martial Arts Activities
Instruction and practice in the basic skills and techniques utilized in selected combative and martial arts movement forms. Graded ABC/no credit. Formerly KINE 117 and PE 117. (GE=E.3)
   A. Aikido (2 units)
   B. T’ai Chi (2 units)
   C. Capoeira (2 units)
   D. Judo (2 units)
   E. Karate (2 units)
   F. Self-Defense (2 units)
   G. Cardio-Arts (2 units)
   H. Fencing (2 units)
   I. Wrestling (2 units)

121. Team Activities
Basic skills, techniques, rules and strategies of selected team sports achieved through participation. Graded ABC/no credit. Formerly PE 121. (GE=E.3)
   A. Basketball (2 units)
   C. Flag football (2 units)
   F. Soccer (2 units)
   G. Softball (2 units)
   J. Team handball (2 units)
   K. Volleyball (2 units)
137. Aquatic Activities
Instruction and practice of basic skills and techniques used in aquatic activities. Graded ABC/no credit. (GE=E.3)
A. Lifeguard training. (Red Cross certification available.) Formerly PE 137A. (2 units)
B. Basic and emergency water safety. (Red Cross certification available.) Formerly PE 137C. (2 units)
C. Boating and canoeing. (Field trips required. Red Cross certification available.) Formerly PE 137D. (2 units)
D. Scuba diving. (Field trips required. NAUI certification available.) Formerly PE 137F. Prerequisite: skin diving or consent of instructor. (2 units)
E. Skin diving. (Field trips required. NAUI certification available.) Formerly PE 137G. (2 units)
F. Springboard diving. Formerly PE 137H. (2 units)
G. Swimming. (Red Cross certification available.) Formerly PE 137J. (2 units)

146. Outdoor Skills Activities
Introduction to and practice of basic skills, equipment and safety techniques common to the spectrum of outdoor/wilderness activities. Field trips required. Graded ABC/no credit. Formerly PE 146.
A. Backpacking (2 units)
B. Camping (2 units)
C. Mountain hiking (2 units)
D. Orienteering (2 units)
E. Survival Skills (2 units)

147. A Fitness Odyssey
A self-paced exercise program and/or plan of study for the mature adult. Programs designed to fit individual life style needs on a contract basis following examination of past and present activity patterns. Graded ABC/no credit. Formerly PE 147. (GE=E.3) (2 units)

148. Leisure Sports
Mild to moderately active leisure activities suited to the capabilities and interests of the mature adult. Graded ABC/no credit. Formerly PE 148. (2 units)

149. Independent Activity Project
Activity project designed to satisfy individual needs of students who cannot meet requirements of a regular activity class due to a medical, physical or other conflict; under the supervision of a faculty member. Graded ABC/no credit. Formerly PE 149. Prerequisite: consent of department chair. (GE=E.3) (2 units)

150. Dance Activities
Development of proficiency and practice in basic dance skills including the exploration, expression and creativity of movement as utilized in a variety of dance forms. Graded ABC/no credit. Formerly KINE 141 and PE 141. (GE=E.3)
A. Aerobic (2 units)
B. Low-Impact Aerobic (2 units)
C. Step Aerobic (2 units)
D. Ballet (2 units)
E. Ethnic (2 units)
F. Jazz (2 units)
G. Modern (2 units)
H. Tap (2 units)
I. Country and Western (2 units)
J. Sampler (2 units)
K. Social (2 units)

160. Women's Intercollegiate Activities
Enrollment limited to members of intercollegiate sports teams. The intercollegiate activity units may not be substituted for physical education activity units in the undergraduate degree requirements. Volleyball, cross country, basketball, tennis, softball, water polo, soccer. Graded ABC/no credit. Formerly PE 160. May be repeated. (2 units)

190. Men's Intercollegiate Activities
Enrollment limited to members of intercollegiate sports teams. The intercollegiate activity units may not be substituted for physical education activity units in the undergraduate degree requirements. Soccer, basketball, golf, baseball. Graded ABC/no credit. Formerly PE 190. May be repeated. (2 units)

200. First Aid
Introduction to the emergency care and treatment of illnesses and injuries including training in cardiopulmonary resuscitation (CPR). May lead to certification in Standard First Aid from the American Red Cross and/or CPR from the American Heart Association. Formerly PE 200. (KINE 200= CAN KINE/PE 8) (2 units)

203. Introduction to Recreation
Orientation to recreation as a profession. Meaning, content, history, philosophy and scope of the field of recreation. Formerly PE 203. (4 units)

205. Foundations for Lifetime Fitness and Wellness
Introduction and discussion of the interrelationship of physical fitness and wellness. Benefits associated with physical activity, and how exercise on a regular basis contributes to the development of healthier lifestyles. Topics include: components of physical fitness (including assessment techniques), weight control, nutrition, stress management, health benefits of active lifestyles, and exercise guidelines for each area of fitness. Formerly PE 205. (GE=E.1) (2 units)

210. Introduction to Kinesiology
A. Provides an overview of the discipline of kinesiology. Formerly PE 210A. Two hours lecture. (2 units)
B. Provides an overview of adapted physical education. Formerly PE 210B. Two hours lecture. (2 units)

237. Water Safety Instruction
Materials and methods in organizing school, community, and camp aquatic programs. Supervised practice in teaching aquatics. Meets standards for Red Cross certification. One hour lecture and three hours laboratory. Formerly PE 237 and 362. Prerequisite: KINE 137A or 137C or equivalent. (2 units)

240. Exercise Science Software
Examination and analysis of computer software utilized in exercise science, physical education and athletics. Content is consistent with skills necessary to prepare students as health fitness instructors by the American College of Sports Medicine. Four hours activity. (2 units)
254. **Field Experience**
Supervised off-campus observational field experience in a teaching, fitness or recreation setting. One hour lecture and three hours of observation. Formerly PE 254. Prerequisite: one course from either KINE 261 or 263 sequence. (2 units)

261. **Professional Activity Preparation in Individual and Dual Sports/Movement Forms**
The development of the fundamental techniques and skills for teaching these activities. Formerly PE 261. Prerequisite: one of the following: KINE 210A, 210B.
- A. Archery (2 units)
- B. Badminton (2 units)
- C. Dance (2 units)
- D. Fitness (2 units)
- E. Golf (2 units)
- F. Gymnastics (2 units)
- G. Racquetball (2 units)
- H. Swimming (2 units)
- J. Tennis (2 units)
- K. Track and Field (2 units)
- L. Aerobic Exercise (2 units)
- M. Martial Arts (2 units)
- N. Strength and Conditioning (2 units)
- O. Yoga (2 units)

263. **Professional Activity Preparation of Team Sports**
The development of the fundamental techniques and skills for teaching these activities. Formerly PE 263. Prerequisite: one of the following: KINE 210A, 210B, or 310.
- A. Basketball (2 units)
- B. Football (Flag) (2 units)
- C. Soccer (2 units)
- D. Softball (2 units)
- E. Volleyball (2 units)

267. **Sports Officiating**
An introduction to contest rules and mechanics of officiating for selected sports. Personal and philosophical bases for successful officiating are examined. Formerly PE 267. (2 units)

271. **Recreation Leadership**
Organization, supervision and administration of recreation programs and practical experience in recreation situations which provide the opportunity to develop leadership skills. Formerly PE 271. (4 units)

277. **Recreation Programming**
Materials and methods used in planning and conducting programs in recreation, such as social recreation, dramatics, arts and sports. Formerly PE 277. Prerequisite: KINE 203 or 271. (4 units)

**Upper Division**

305. **Prevention and Treatment of Sports Injuries**
Theories and methods in the prevention, assessment, treatment and rehabilitation of sports injuries. Four hours lecture, laboratory experiences included. Formerly PE 280 and KINE 280. Materials fee required. Prerequisites: BIOL 223 and 224. (4 units)

310. **History and Philosophy of Physical Activity**
The evolution of sport and physical activity including historical and philosophical influences from ancient societies through the present. Formerly PE 310. Four hours lecture. (4 units)

323. **Sociology of Physical Activity**
Sociocultural aspects of sport and physical activity, including socialization process, social issues, reflection of social values and interaction with other social institutions. Formerly PE 321 and 323. Four hours lecture. (4 units)

324. **Psychology of Physical Activity**
A behavioral science perspective is used to examine sport and physical activity, including motivation, personality, anxiety, aggression, group cohesion. Includes theoretical foundations and practical application. Four hours lecture. Formerly PE 322 and 324. (4 units)

325. **Motor Development Across the Lifespan**
Concepts of growth and motor development of human beings throughout the lifespan. Major emphasis on the period of birth through adolescence. Two hours lecture with demonstrations. Laboratory experiences included. Prerequisite: BIOL 223. (2 units)

330. **Physical Education for the Exceptional Individual**
Investigation and analysis of disabilities encountered in the environment of physical education. Formerly PE 330. Prerequisites: KINE 210B and 410, or consent of department. (4 units)

331. **Topics in Adapted Physical Education**
Materials, techniques of assessment, methods of instruction and activities utilized in physical education for individuals with disabilities. Formerly PE 331. Prerequisite: KINE 330.
- A. Adapted aquatics (American Red Cross certification) (2 units)
- B. Physically handicapped (2 units)
- C. Learning handicapped (2 units)
- D. Communicatively handicapped (2 units)
- E. Severely handicapped (2 units)

343. **Methods and Techniques of Coaching**
Strategies, practice organization and planning for coaching of athletic teams. The purpose of school athletics, public relations responsibilities and personal qualities for success are examined. Formerly PE 343. (4 units)

352. **Movement for Children**
The study and analysis of movement for children. Includes the structure of movement, the integration of movement activities and the human development aspects of movement. Formerly PE 352. (4 units)

360. **Physical Activity and Aging**
Examination of the neurological and physiological changes associated with the aging process from post-adolescence through the senior years. Includes information concerning special planning, implementing and evaluation of adult oriented physical activity programs. Content is consistent with skills necessary to prepare students as a health fitness instructor by the American College of Sports Medicine. Two hours lecture. Recommended: BIOL 223. (2 units)
365. Outdoor Education and Camp Leadership
Knowledge, concepts and techniques for the administration and organization of camps and for working with people in the out-of-doors. Includes a supervised leadership experience and field trips to observe camp facilities, programs and resources. Formerly PE 365. (4 units)

370. Measurement and Evaluation in Kinesiology
Selection, application and interpretation of evaluative measures used in pedagogical and in exercise science settings. Four hours lecture. Formerly PE 370. Prerequisites: KINE 210A and MATH 110. (4 units)

380. Advanced Assessment and Rehabilitation of Athletic Injuries
Study of specific techniques of injury evaluation and assessment. Development and application of rehabilitation programs. Four hours lecture plus eight hours of arranged fieldwork per week. Formerly PE 380. Prerequisite: KINE 305. (4 units)

382. Nutrition for Health, Fitness and Sports
Addresses nutrition needs of active people and athletes. Topics include, but not limited to macro and micro nutrient requirements for fitness and sport, popular nutrition supplements and ergogenic aids. (Also offered as HSCI 382. Students may not receive credit for both.) Four hours lecture. Recommended: BIOL 224. (4 units)

410. Motor Control and Skill Learning
A psychological and neurological level of analysis of the factors that influence the acquisition and retention of gross motor skills with emphasis on the role of the sensory and motor control reflexes. Content is consistent with skills necessary to prepare students as health fitness instructors by the American College of Sports Medicine. Four hours lecture. Formerly KINE 320 and PE 320. (4 units)

454. Field Experience II
Supervised leadership experience in a teaching or fitness setting. Formerly PE 454. Prerequisite: KINE 254 or consent of instructor. (3 units)

471. Exercise Science Program Management
Management and supervisory philosophies involved in administering fitness facilities. Includes scheduling, budgeting, public relations, legal liability, planning, supervision of personnel, and evaluation of programs and personnel. Four hours lecture. Prerequisites: KINE 210A and 261D. (4 units)

472. Program Design in Physical Education
Basic skills necessary to design, implement and evaluate effective physical education programs in public schools. Formerly KINE 470. Four hours lecture. Prerequisites: KINE 210A and 254. (4 units)

473. Instructional Strategies in Physical Education
Prepares future physical educators with skills to translate goals and objectives in the teaching-learning process into effective teaching behaviors. Four hours lecture. Formerly KINE 355 and PE 355. (4 units)

480. Biomechanics
Application of physical laws to human performance; analytical and quantitative processes emphasized. Four hours lecture and three hours laboratory. Formerly PE 480. Prerequisite: MATH 110. Recommended: MATH 120 and PHYS 100. (5 units)

481. Exercise Physiology
Effects of physical activity on the physiological systems of the human body. Four hours lecture and three hours laboratory. Formerly PE 481. Prerequisites: BIOL 223 and 224. (5 units)

482. Contemporary Fitness Programs
Analysis of contemporary methods and technologies used in fitness programs. Critiques made in light of research findings and practical applications. Formerly PE 420 and 482. (4 units)

483. Exercise Prescription
Development of assessment skills, exercise prescription modules and training schedules for normal, high level fitness and special populations. Content is consistent with skills necessary to prepare students as a health fitness instructor by the American College of Sports Medicine. Three hours lecture and three hours laboratory. Materials fee required. Formerly PE 430 and 483. Prerequisites: KINE 481 and 486. (4 units)

485. EKG Interpretation
Introduction to electrocardiography. Basic concepts of EKG interpretation including electro-physiology, arrhythmia, electrode placement for both resting and graded exercise testing. Content is consistent with skills necessary to prepare students as a health fitness instructor by the American College of Sports Medicine. Materials fee required. Four hours activity. Laboratory included. Prerequisite: KINE 481. (2 units)

486. Instrumentation in Exercise Science
Prepares students to calibrate and operate basic physiological equipment used in fitness assessment. Content is consistent with skills necessary to prepare students as health fitness instructors by the American College of Sports Medicine. One hour lecture and three hours laboratory. Materials fee required. Prerequisite: KINE 481. (2 units)

488. Legal Issues in Exercise Science
The legal system as applied to sport and exercise. Legal liabilities, risk management, defenses against negligence in sport/exercise litigation, and case law relating to selected topics such as facilities, equipment, client injuries. Two hours lecture. Prerequisite: KINE 471. (2 units)

490. Senior Seminar in Kinesiology
Selected topics significant to the discipline of kinesiology. Formerly PE 490. Two hours seminar. Prerequisite: senior standing or consent of instructor. (2 units)

493. Internship
Directed clinical experience at selected cooperating agencies. Experience in exercise testing, monitoring, and programming for selected populations including but not limited to: healthy individuals; cardiac rehabilitation patients, and athletes. Content is consistent with skills necessary to prepare students as health fitness instructors by the American College of Sports Medicine. Requires six hours per week of approved supervised experience. May be repeated for credit with consent of instructor. A total of six units may be applied toward the degree. Prerequisites: KINE 481, 483, 486, 488 and senior status. (2 units)
499. Methods and Materials in the Teaching of Physical Education
Individualized instruction in the methods and materials for the teaching of physical education. Formerly PE 499. Prerequisites: ESEC (330 or) 332, senior or graduate standing and admission to the Single Subject Credential Program or consent of the College of Natural Sciences. (4 units)

580. Exercise, Energy and Human Performance
Energy demands and dietary adjustments required in physical performance with emphasis on high intensity activities. Consideration of climactic factors, ergogenic aids and synthetic substance ingestion. Formerly PE 412 and 580. Prerequisite: KINE 481. (4 units)

595. Independent Study
Experimental effort, field or library research conducted under the direction of a faculty member. A total of six units may apply toward graduation. Formerly PE 595. Prerequisites: a minimum overall grade point average of 3.0, consent of instructor and departmental approval of a written proposal of a project submitted on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 1 to 4 units)

Graduate level courses can be found on Page 466.
LATIN AMERICAN STUDIES

College of Arts and Letters
University Hall, UH-201.39
880-5853

Minor
Latin American Studies

DIRECTOR: Rafael Correa

MINOR IN LATIN AMERICAN STUDIES
Requirements (32 units)

Requirements for a minor in Latin American Studies:

Admission to the Program
1. Students must meet general university admission requirements;
2. Students should discuss this minor with their academic advisors. All majors are eligible to participate in this minor.

Requirements for Graduation
1. Minors can only be granted for the same term in which students graduate;
2. CSUSB will not consider for transfer credit coursework from an institution that will not accept that coursework in its own degree program.

Requirements for the Minor:
International experience component (4-8 units or equivalent).
1. Students are required to have an international experience or equivalent as part of this minor. This experience can be gained through approved international language programs, internships, research or study abroad options (including CSU International Programs). CSUSB will assist in organizing and providing information for funding experience of this type. Credit may be granted for significant international experiences completed prior to starting to take courses toward this minor. Other options will be considered.

Core requirements (8 units)

1. Four units chosen from:
   GEOG 321. Area Study: Latin America (4)
   HIST 470. Modern Latin America (4)
   HUM 335. The Origin and Contemporary Role of Latino Culture (4)

2. Four units of foreign language study chosen from:
   FLAN 150D. Intermediate Language Study: Portuguese (4)
   SPAN 150. Intermediate Spanish (4)

Integrative international seminar (4 units)
1. Four units chosen from:
   HUM 500A. Current Ideas and Issues in Latin America (4)
   HUM 500B. Current Ideas and Issues in Latin America (4)

Electives (12-16 units)
1. Twelve to 16 units, not previously taken, with at least one course each from groups A, B, and C:

A. Social Sciences
   ANTH 354. Cultures of Mexico and Central America (4)
   ANTH 356. Cultures of South America (4)
   ECON 590. Seminar in Economics: Political Economy of Latin America (4)
   GEOG 321. Area Study: Latin America (4)
   HIST 390. History of Modern Mexico (4)
   HIST 465. Modern Central America (4)
   HIST 466. Foreign Relations of Latin America (4)
   HIST 469. Colonial Latin America (4)
   HIST 470. Modern Latin America (4)
   PSCI 352C. Minority Politics: Latino Politics (4)
   SOC 342. The Chicano Family (4)
   SOC 442. Chicano Social Stratification (4)
   SOC 525. Indian Nations and Native Americans (4)
   SOC 590. Seminar in Sociology: Life and Society in the U.S.-Mexico Borderlands (4)
   SSCI 304. Contemporary Latin America (4)

B. Arts, Languages, Literature and Education
   ART 328. Mexican Art (4)
   ART 329. Chicano Art (4)
   EELB 512. Spanish Children's Literature for the Bilingual Classroom (4)
   ENG 319. Studies in Literary Diversity (4)
   ENG 323. Chicano Literature (4)
   HUM 335. The Origin and Contemporary Role of Latino Culture (4)
   HUM 460. Cultural Studies (4)
   MUS 351. Latin American Music (4)
   SPAN 314. Advanced Conversation (4)
   SPAN 316A. Spanish for the Professions: Communications (4)
   SPAN 316B. Spanish for the Professions: Health Science (4)
   SPAN 316C. Spanish for the Professions: Education (4)
   SPAN 316D. Spanish for the Professions: Business (4)
   SPAN 316E. Spanish for the Professions: Law Enforcement (4)
   SPAN 400. Masterpieces in Spanish and Spanish American Literature (4)
   SPAN 435. Chicano Literature in Spanish (4)
   SPAN 440. Mexican Literature (4)
   SPAN 514. Seminar in Hispanic Language, Literature or Film: Border Literature, Film and Oral Traditions (4)

Note: Spanish courses at the 300-level and above are taught in Spanish.

C. Business, Management, Communication, Health and Nutrition
   COMM 471. International Communication (4)
   COMM 587. Topics in Mass Communication: Media and Social Change in Latin America (4)
   COMM 593D. Communication Approaches to Area Studies: Latin America (4)
   HSCI 344. International Perspectives on Nutrition (4)
   HSCI 359. International Perspectives on Health (4)
   HSCI 385. Cultural Aspects of Food: Traditions and Trends (4)
   MGMT 324. International Environmental Management (4)
   MGMT 405. International Management (4)
250 / Latin American Studies

MGMT 407. Comparative Management Systems of the Americas (4)
MKTG 470. International Marketing Management (4)

Note: In the electives categories, those courses not specifying a topic, are applicable only when the student's project/research focuses on Latin America.

Foreign Language Requirement for Spanish or Portuguese:
The following rules apply to challenging a language course for credit in this minor:
1. Only courses at the 150-level or higher may be challenged.
2. Students whose language of instruction in secondary school was Spanish or Portuguese may satisfy this category by submitting official academic transcripts showing that either language was, indeed, the medium of instruction in the school from which they graduated.
3. Providing documentation of significant foreign language experience such as the successful completion of two years of Peace Corps experience in a Spanish- or Portuguese-speaking country.

Bachelor of Arts
Liberal Studies
Liberal Studies - Spanish Studies Track
Liberal Studies - Non Teaching Track*

COORDINATOR: Leo Connolly

The Bachelor of Arts in Liberal Studies is a multidisciplinary degree program designed for students whose needs or interests require a more broadly based liberal arts curriculum than is possible through existing disciplines. (By completing the Liberal Studies program, students also fulfill the general education requirements of the university.) While the program is configured for students who plan to become elementary school teachers, it is open to everyone.

Note: All Liberal Studies students who are currently under a catalog year of 2002/2003 or earlier must complete their requirements for the B.A. degree before December 31, 2007 or they will be held to the new Liberal Studies requirements of the 2003/2004 catalog. See a PALS advisor, PL-241, for details.

The Liberal Studies program contains a track for students who desire a Spanish Studies emphasis. Information on this track is available on Page 254.

*At this time no students are being admitted to the Non Teaching Track.

DEPARTMENTAL HONORS

The Liberal Studies student will be eligible for departmental honors upon verification of the following three requirements:
1. Earned a 3.5 grade point average in the major;
2. Completed at least 45 units of Liberal Studies courses at this university;
3. Successful completion of oral and written honors evaluations.

B.A. IN LIBERAL STUDIES - GENERAL TRACK

Requirements (172 units)

Total units required for graduation: 180

FIELD OF CONCENTRATION (16 units)
J. Concentrations (16 units)

LIBERAL STUDIES TOTAL (172 units)

All Liberal Studies students should give special attention to the following points before they begin their course work:
1. Since the Liberal Studies program contains a variety of choices, students should seek advisement as early as possible at the Liberal Studies Peer Advising Center (PALS), PL-241;
2. By completing the Liberal Studies program, students also can fulfill the general education requirements of the university;
3. A course only can be counted once within the Liberal Studies program; for example, a course taken in the Concentration, category J, cannot be taken in a breadth area, categories A through G;
4. The Liberal Studies, General Track program is designed especially for students who wish to enter elementary school teaching;
5. Assessment is a required component of the Liberal Studies major and is found under category I. All entering freshmen must enroll in HUM 197 at the earliest possible date. After 90 units are completed, students must enroll in HUM 397. After 135 units are completed, students must enroll in HUM 597. Transfer students must enroll in HUM 197 immediately if they have not had an equivalent course elsewhere, immediately followed by HUM 397. They will then take HUM 597 after 135 units are completed;
6. All Liberal Studies students must maintain a grade point average of at least 2.0 ("C"). Students who plan to seek their multiple subject teaching credential at CSUSB should achieve a minimum GPA of at least 2.7.

Requirements for the B.A. in Liberal Studies - General Track:

A. Reading, Language, and Literature (28 units)

1. Freshman Composition (G.E.)
   ENG 101. Freshman Composition (4)

2. Oral Communication (G.E.)
   COMM 120. Oral Communication (4)

3. Lower division Literature (G.E.)
   Four units chosen from:
   ENG 110. World Literature I (4)
   ENG 111. World Literature II (4)
   ENG 160. World Drama (4)
   ENG 170. Studies in Literature (4)
   TA 160. World Drama (4)
   TA 212. Oral Interpretation of Literature (4)

4. Upper division Writing (G.E.)
   Four units chosen from:
   EDUC 306. Expository Writing for Education (4)
   ENG 306. Expository Writing (4)
   HUM 306. Expository Writing for the Humanities (4)
   MGMT 306. Expository Writing for Administration (4)
   NSCI 306. Expository Writing for the Natural Sciences (4)
   SSCI 306. Expository Writing for the Social Sciences (4)

Note: This requirement also can be met by passing a proficiency examination. No unit credit is awarded for passing the examination. It may be necessary to take additional units to meet minimum residency and graduation unit requirements.
252 / Liberal Studies

5. Analysis of Literature
Four units chosen from:
- ENG 301. Analysis of Poetry (4)
- ENG 302. Analysis of Drama (4)
- ENG 303. Analysis of Prose Fiction (4)
- ENG 304. Analysis of Nonfiction Prose (4)
- TA 302. Analysis of Drama (4)

6. Linguistics
- ENG 311. The English Language (4)

Note: Students must maintain a "C-" or better in this course.

7. Children's Literature
Four units chosen from:
- ENG 320. Children's Literature (4)
- ENG 327. Literature for Adolescents and Young Adults (4)

B. History and Social Science (28 units)
1. World Civilization I (G.E.)
Four units chosen from:
- ANTH 140. World Civilizations I, the Rise of Civilization (4)
- HIST 140. World Civilizations I, the Rise of Civilization (4)

2. World Civilization II
- HIST 142. World Civilizations II, the Civilizations of the East and the West (4)

3. American Civilization (G.E.)
Four units chosen from:
- HIST 146. American Civilization (4)
- HIST 200. United States History to 1877 (4)
- HIST 201. United States History, 1877 to the Present (4)

- PSCI 203. American Government (4)

5. California History
- HIST 370. History of California (4)

6. Economics
- ECON 311. Economics in the Elementary and Middle School (4)

7. Geography
- GEOG 300. Geography in the Elementary and Middle School Classroom (4)

C. Mathematics (18 units)
1. Ideas of Mathematics (G.E.)
- MATH 115. The Ideas of Mathematics (4)

2. Fundamental Concepts of Mathematics for Educators
- MATH 301A. Fundamental Concepts of Arithmetic and Geometry (4)
- MATH 301B. Transition from Concrete to Abstract in Algebra and Geometry (4)
- MATH 301C. Further Developments in Algebra and Geometry (4)

3. Problem Solving in Mathematics
- MATH 308. Problem Solving Through Theory and Practice (2)

D. Science (22 units)
1. Life Sciences (G.E.)
- BIOL 100. Topics in Biology (5)

2. Physical Science (G.E.)
   Students must take both:
- CHEM 100. Chemistry in the Modern World (5)
- PHYS 100. Physics in the Modern World (5)

3. Earth and Space Science
   Five units chosen from:
- GEOG 311. The Dynamic Earth (5)
- GEOL 309. Earth: The Blue Planet (5)
- PHYS 311. A Cosmic Perspective of Earth (5)

4. Technology
- CSCI 121. Computer Technology and People (2)

E. Visual and Performing Arts (13 units)
1. Art Appreciation (G.E.)
Four units in the arts chosen from:
- ART 200. Studies in Art (4)
- MUS 180. Studies in Music (4)
- TA 260. Introduction to Theatre (4)

2. Dance Activity
A minimum of three units chosen from:
- DAN 481. Creative Dance in the Classroom (3) (Also counts in category F.3)
- KINE 352. Movement for Children (4) (Also counts in category F.3)

3. Music Activity
- MUS 531. Musical Development for the Elementary Teacher (3)

4. Theatre Activity
A minimum of three units chosen from:
- TA 302. Analysis of Drama (4)
- MUS 180. Studies in Music (4)

5. Visual Arts Activity
A minimum of three units chosen from:
- ART 395. Art in the Classroom (3)
- ART 400. Teaching Art in the Elementary Classroom (4)

F. Physical Education and Health (9 units)
1. Physical Education (G.E.)
Two units chosen from:
- KINE 101. Individual and Dual Activities (2)
- KINE 114. Physical Fitness and Conditioning Activities (2)
- KINE 120. Combative and Martial Arts Activities (2)
- KINE 121. Team Activities (2)
- KINE 137. Aquatic Activities (2)
- KINE 147. A Fitness Odyssey (2)
- KINE 149. Independent Activity Project (2)
- KINE 150. Dance Activities (2)

2. Physical Fitness (G.E.)
- KINE 205. Foundations for Lifetime Fitness and Wellness (2)

3. Movement Skills
A minimum of three units chosen from:
- DAN 481. Creative Dance in the Classroom (3) (Also counts in category E.2)
- KINE 352. Movement for Children (4) (Also counts in category E.2)

4. Health
- HSCI 100. Concepts in Health (2)

Note: Students must maintain a "C-" or better in this course.

G. Human Development (10 units)
1. Child Development
- HD 240. Introduction to Child Development (4)

Note: Students must maintain a "C-" or better in this course.
2. Observations and Methods in Child Development
Two units to be taken concurrently with HD 240 chosen from:
HD 245. Observation and Methods in Child Development: Early Childhood (2)
HD 246. Observation and Methods in Child Development: Middle Childhood (2)
HD 247. Observation and Methods in Child Development: Adolescence (2)

3. Exceptional Child
PSYC 350. Development of Exceptional Children (4)

Note: Students must maintain a "C-" or better in this course.

H. Additional General Education Requirements (20 units)
1. Critical Thinking (G.E.)
Four units chosen from:
COMM 180. Critical Thinking Through Argumentation (4)
MATH 180. Critical Thinking Through Applications of Mathematical Logic (4)
PHIL 105. Critical Thinking Through Argument Analysis (4)
PHIL 200. Critical Thinking Through Symbolic Logic (4)
PSYC 105. Critical Thinking through Problems Analysis (4)
SOC 180. Critical Thinking About Social Problems (4)

2. Philosophy (G.E.)
Four units chosen from:
PHIL 190. Introduction to Philosophical Issues (4)
PHIL 191. Introduction to Ethics (4)
PHIL 192. Introduction to Philosophy of Religion (4)
PHIL 193. Introduction to Eastern Philosophy (4)
PHIL 194. Introduction to Knowledge and Reality (4)

3. Foreign Language (G.E.)
Four units chosen from:
ARAB 150. Intermediate Arabic III (4)
ARAB 214. Conversation in Arabic (4)
FLAN 150. Intermediate Language Study: American Sign Language (4)
FREN 150. Intermediate French (4)
FREN 200. Culture and Communication (4)
FREN 201. Culture and Communication II (4)
FREN 202. Culture and Communication III (4)
GER 150. Intermediate German (4)
GER 212. Composition (4)
GER 214. Conversation (4)
GER 216. Introduction to Literary Texts (4)
SPAN 150. Intermediate Spanish (4)
SPAN 155. Intermediate Spanish for Spanish Speakers (4)
SPAN 212. Composition (4)
SPAN 213. Composition for Spanish Speakers (4)
SPAN 214. Conversation (4)

Note: Students pursuing the B.A. in Liberal Studies cannot include in Category B3 the following courses:
ARAB 290. Arabic Literature in Translation
FREN 290. French Literature in English
GER 290. German Literature in English
SPAN 290. Spanish and Latin American Literature in English

4. Integrative Capstone in the Humanities (G.E.)
Four units chosen from:
HUM 319. Myth, Metaphor and Symbol (4)
HUM 325.* Perspectives on Gender (4)
HUM 330. Arts and Ideas (4)
HUM 335.* The Origin and Contemporary Role of Latino Culture (4)
HUM 340. Interpretation and Values (4)
HUM 344. Ideas in American Culture (4)
HUM 350.* The Cultures of American Childhood (4)
HUM 370.* African Heritage in the Arts (4)
HUM 375.* The World of Islam (4)
HUM 380.* Comparative Studies in the Arts: East and West (4)
HUM 385. A Cultural History of Fashion (4)

5. Integrative Capstone in the Social and Behavioral Sciences (G.E.)
Four units chosen from:
SSCI 300. Nonwestern World (4)
SSCI 304. Contemporary Latin America (4)
SSCI 315. Cultural Adaptation: The Quest for Survival (4)
SSCI 316.* Race and Racism (4)
SSCI 320. Understanding Capitalism (4)
SSCI 321. Urbanization and the Urban Environment (4)
SSCI 325.* Perspectives on Gender (4)
SSCI 345. Religious Expression in America (4)
SSCI 350.* Roots of Modern Racism in America (4)

I. Additional Liberal Studies Requirements (8 units)
1. Assessment
HUM 197. Assessment Preparation I in Liberal Studies (1)
HUM 397. Assessment Preparation II in Liberal Studies (1)
HUM 597. Senior Assessment in Liberal Studies (2)

2. Classroom Experiences
EELB 285A. Service Learning Experience I (2)
EELB 285B. Service Learning Experience II (2)

J. Concentration (16 units)
The concentration requires at least 18 units. However, two of those units may be a course required of all Liberal Studies majors.
Concentrations noted with an (†) are in areas that do not meet this rule and will require 18 units minimum of specific coursework.

Anthropology† Health Science
Art History
Art, Music and Theatre for Teachers Human Development
Communication Studies Kinesiology (no activity courses)
Computer Science Latin American Studies†
Dance Psychology
Economics Sociology†
English Spanish†
French† TESL (Teaching English as a Second Language)†
Geology† Theatre Arts
German† Women's Studies

*Meets the multicultural/gender requirement for GE. Students may receive credit for only one of the following:
HUM 325. Perspectives on Gender
NSCI 325. Perspectives on Gender
SSCI 325. Perspectives on Gender
### B.A. IN LIBERAL STUDIES - SPANISH STUDIES TRACK

#### Requirements (177 units)

**Total units required for graduation: 180**

A multiple-subject credential candidate can pursue a Spanish Studies track within the liberal studies major. This track is especially designed for those students interested in teaching English as a second language to children whose first language is Spanish. This track also prepares students to work in a bilingual/Spanish classroom setting. Refer to the general information provided under the General Track, items 1 to 6, which applies also to the Spanish Studies track.

**BASIC PROGRAM (177 UNITS)**

|    TA 260. Introduction to Theatre (4)       |
2. Dance Activity
A minimum of three units chosen from:
- DAN 481. Creative Dance in the Classroom (4) (Also counts in category F.3)
- KINE 352. Movement for Children (4) (Also counts in category F.3)

3. Music Activity
MUS 531. Musical Development for the Elementary Teacher (3)

4. Theatre Activity
Three units chosen from:
- TA 481. Creative Drama in the Classroom (3)
- TA 484. Readers Theatre in the Classroom (3)
- TA 486. Puppetry in the Classroom (3)

5. Visual Art Activity
A minimum of three units chosen from:
- ART 395. Art in the Classroom (3)
- ART 400. Teaching Art in the Elementary Classroom (4)

F. Physical Education and Health (9 units)
1. Physical Education (G.E.)
Two units chosen from:
- KINE 101. Individual and Dual Activities (2)
- KINE 114. Physical Fitness and Conditioning Activities (2)
- KINE 120. Combative and Martial Arts Activities (2)
- KINE 121. Team Activities (2)
- KINE 137. Aquatic Activities (2)
- KINE 147. A Fitness Odyssey (2)
- KINE 149. Independent Activity Project (2)
- KINE 150. Dance Activities (2)

2. Physical Fitness (G.E.)
- KINE 205. Foundations for Lifetime Fitness and Wellness (2)

3. Movement Skills
A minimum of three units chosen from:
- DAN 481. Creative Dance in the Classroom (3) (Also counts in category E.2)
- KINE 352. Movement for Children (4) (Also counts in category E.2)

4. Health
- HSCI 100. Concepts in Health (2)
Note: Students must maintain a "C-" or better in this course.

G. Human Development (10 units)
1. Child Development
- HD 240. Introduction to Child Development (4)

2. Observations and Methods in Child Development
Two units to be taken concurrently with HD 240 chosen from:
- HD 245. Observation and Methods in Child Development: Early Childhood (2)
- HD 246. Observation and Methods in Child Development: Middle Childhood (2)
- HD 247. Observation and Methods in Child Development: Adolescence (2)

3. Exceptional Child
- PSYC 350. Development of Exceptional Children (4)
Note: Students must maintain a "C-" or better in this course.

H. Additional General Education Requirements (20 units)
1. Critical Thinking (G.E.)
Four units chosen from:
- COMM 180. Critical Thinking Through Argumentation (4)
- MATH 180. Critical Thinking Through Applications of Mathematical Logic (4)
- PHIL 105. Critical Thinking Through Argument Analysis (4)
- PHIL 200. Critical Thinking Through Symbolic Logic (4)
- PSYC 105. Critical Thinking Through Problems Analysis (4)
- SOC 180. Critical Thinking About Social Problems (4)

2. Philosophy (G.E.)
Four units chosen from:
- PHIL 190. Introduction to Philosophical Issues (4)
- PHIL 191. Introduction to Ethics (4)
- PHIL 192. Introduction to Philosophy of Religion (4)
- PHIL 193. Introduction to Eastern Philosophy (4)
- PHIL 194. Introduction to Knowledge and Reality (4)

3. Foreign Language (G.E.)
Four units chosen from:
- SPAN 212. Composition (4)
- SPAN 213. Composition for Spanish Speakers (4)

4. Integrative Capstone in the Humanities (G.E.)
- HUM 335. The Origin and Contemporary Role of Latino Culture (4) (Students must maintain a grade of "B" or above in this course.)
  (Meets Multicultural/Gender Category G.1. in G.E.)

5. Integrative Capstone in the Social and Behavioral Sciences (G.E.)
- SSCI 304. Contemporary Latin America (4)

I. Additional Liberal Studies Requirements (8)
1. Assessment
- HUM 197. Assessment Preparation I in Liberal Studies (1)
- HUM 397. Assessment Preparation II in Liberal Studies (1)
- HUM 597. Senior Assessment in Liberal Studies (2)

2. Classroom Experiences
- EELB 285A. Service Learning Experience I (2)
- EELB 285B. Service Learning Experience II (2)

J. Spanish Studies (21 units)
1. Upper division Spanish Language Skills
- SPAN 302. Theory and Practice in Composition (4)
- SPAN 395. Junior Assessment (1)
- SPAN 415. Comparative Linguistics: Spanish/English (4) (Students must maintain a grade of "B" or above in this course.)

2. Spanish Studies Electives
Twelve units chosen from any upper division Spanish classes not taken under another category and from the following:
- ANTH 354. Cultures of Mexico and Central America (4)
- ANTH 356. Cultures of South America (4)
- ANTH 460. Language and Culture (4)
- ART 328. Mexican Art (4)
- ART 329. Chicano Art (4)
- FLAN 320. Masterpieces of Literature (4) (when the topic is Spanish or Latin American Studies)
- HIST 390. History of Modern Mexico (4)
- HIST 391. Chicano History (4)
- HIST 470. Modern Latin America (4)
- MUS 351. Latin American Music (4)
B.A. IN LIBERAL STUDIES -
NON TEACHING TRACK

Requirements (150 units)

Total units required for graduation: 180

NOTE: The program is no longer admitting students in this track.

BASIC PROGRAM (130 units)

A. Language Arts (28 units)

B. Humanities and the Arts (32 units)

C. Mathematics and Natural Sciences (32 units)

D. Social and Behavioral Sciences (32 units)

E. Lifelong Understanding (6 units)

F. Multicultural/Gender Category

FIELD OF CONCENTRATION (20 units)

G. Concentrations

LIBERAL STUDIES TOTAL (150 units)

All Liberal Studies students should give special attention to the following points before they begin their course work:

1. Since the Liberal Studies program contains a variety of choices, students should seek advisement as early as possible at the Liberal Studies Peer Advising Center (PALS), PL-241;

2. By completing the Liberal Studies program, students also can fulfill the general education requirements of the university;

3. A course only can be counted once within the Liberal Studies program; for example, a course taken in the concentration, category G, cannot be taken in a breadth area, categories A through D;

4. This Liberal Studies program track is designed for students who wish to obtain a degree in Liberal Studies and are not planning on teaching in the elementary school;

5. With advisement and a careful selection of courses, students can also complete a second major or minor in certain fields;

6. The basic program in Liberal Studies is divided into four breadth areas, categories A through D. Within categories A through E, the course work is subdivided further into courses in required sections and electives. Sections throughout the basic program that also meet general education requirements are marked “G.E.”

Note: No one course may be counted in more than one category.

Requirements for the B.A. in Liberal Studies - Non Teaching Track:

A. Language Arts Breadth Area (28 units)

1. Written Communication (G.E.);
   ENG 101. Freshman Composition (4)

2. Upper-division Writing Requirement (G.E.)
   Four units chosen from:
   ENG 301. Analysis of Poetry (4)
   ENG 302. Analysis of Drama (4)
   ENG 303. Analysis of Prose Fiction (4)
   ENG 304. Analysis of Nonfiction Prose (4)
   ENG 309. Literature in the Classroom (4)
   ENG 311. The English Language (4)
   ENG 314. American Indian Literature (4)
   ENG 317. Introduction to Creative Writing: Poetry (4)
   ENG 318. Introduction to Creative Writing: Fiction (4)
   ENG 319. Studies in Literary Diversity (4)
   ENG 320. Children's Literature (4)
   ENG 322. Studies in Literary Themes, Genres, or Authors (4)
   ENG 323. Chicano Literature (4)
   ENG 327. Literature for Adolescents and Young Adults (4)
   ENG 330. American Literature I (4)
   ENG 331. American Literature II (4)
   ENG 332. American Literature III (4)
   ENG 333. Myth and Epic (4)
   ENG 335. Studies in the Novel (4)
   ENG 336. Women Writers (4)
   ENG 339. African American Literature (4)
   ENG 401. English Literature of the Middle Ages (4)
   ENG 403. English Literature of the Renaissance (4)
   ENG 406. Seventeenth Century Literature (4)
   ENG 409. English Literature of the Restoration and Eighteenth Century (4)
   ENG 412. Romantic Prose and Poetry (4)
   ENG 415. Victorian Literature (4)
   ENG 442. Modern Poetry (4)
   ENG 446. Modern Fiction (4)

Note: This requirement also can be met by passing a proficiency examination. No unit credit is awarded for passing the examination. It may be necessary to take additional units to meet minimum residency and graduation unit requirements.

3. Oral Communication (G.E.)
   COMM 120. Oral Communication (4)

4. Literature (G.E.)
   Four units chosen from:
   ENG 110. World Literature I (4)
   ENG 111. World Literature II (4)
   ENG 160. World Drama (4)
   ENG 170. Studies in Literature (4)
   TA 160. World Drama (4)
   TA 212. Oral Interpretation of Literature (4)

5. Development of Language
   Four units chosen from:
   ENG 311. The English Language (4)
   FREN 307. Phonetics (4)
   PHIL 387. Philosophy of Language (4)
   SPAN 415. Comparative Linguistics: Spanish/English (4)

6. Analysis of Literature
   Four units chosen from:
   ENG 301. Analysis of Poetry (4)
   ENG 302. Analysis of Drama (4)
   ENG 303. Analysis of Prose Fiction (4)
   ENG 304. Analysis of Nonfiction Prose (4)
   ENG 310. Literature in the Classroom (4)
   ENG 314. American Indian Literature (4)
   ENG 317. Introduction to Creative Writing: Poetry (4)
   ENG 318. Introduction to Creative Writing: Fiction (4)
   ENG 319. Studies in Literary Diversity (4)
   ENG 320. Children's Literature (4)
   ENG 322. Studies in Literary Themes, Genres, or Authors (4)
   ENG 323. Chicano Literature (4)
   ENG 327. Literature for Adolescents and Young Adults (4)
   ENG 330. American Literature I (4)
   ENG 331. American Literature II (4)
   ENG 332. American Literature III (4)
   ENG 333. Myth and Epic (4)
   ENG 335. Studies in the Novel (4)
   ENG 336. Women Writers (4)
   ENG 339. African American Literature (4)
   ENG 401. English Literature of the Middle Ages (4)
   ENG 403. English Literature of the Renaissance (4)
   ENG 406. Seventeenth Century Literature (4)
   ENG 409. English Literature of the Restoration and Eighteenth Century (4)
   ENG 412. Romantic Prose and Poetry (4)
   ENG 415. Victorian Literature (4)
   ENG 442. Modern Poetry (4)
   ENG 446. Modern Fiction (4)

Note: A course counted under categories A5 or A6 cannot be counted under category A7.

Four units chosen from:
   ENG 301. Analysis of Poetry (4)
   ENG 302. Analysis of Drama (4)
   ENG 303. Analysis of Prose Fiction (4)
   ENG 304. Analysis of Nonfiction Prose (4)
   ENG 309. Literature in the Classroom (4)
   ENG 311. The English Language (4)
   ENG 314. American Indian Literature (4)
   ENG 317. Introduction to Creative Writing: Poetry (4)
   ENG 318. Introduction to Creative Writing: Fiction (4)
   ENG 319. Studies in Literary Diversity (4)
   ENG 320. Children's Literature (4)
   ENG 322. Studies in Literary Themes, Genres, or Authors (4)
   ENG 323. Chicano Literature (4)
   ENG 327. Literature for Adolescents and Young Adults (4)
   ENG 330. American Literature I (4)
   ENG 331. American Literature II (4)
   ENG 332. American Literature III (4)
   ENG 333. Myth and Epic (4)
   ENG 335. Studies in the Novel (4)
   ENG 336. Women Writers (4)
   ENG 339. African American Literature (4)
   ENG 401. English Literature of the Middle Ages (4)
   ENG 403. English Literature of the Renaissance (4)
   ENG 406. Seventeenth Century Literature (4)
   ENG 409. English Literature of the Restoration and Eighteenth Century (4)
   ENG 412. Romantic Prose and Poetry (4)
   ENG 415. Victorian Literature (4)
   ENG 442. Modern Poetry (4)
   ENG 446. Modern Fiction (4)
B. Humanities and the Arts Breadth Area (32 units)

1. Critical Thinking (G.E.)
   Four units chosen from:
   COMM 180. Critical Thinking Through Argumentation (4)
   MATH 180. Critical Thinking Through Applications of Mathematical Logic (4)
   PHIL 105. Critical Thinking Through Argument Analysis (4)
   PHIL 200. Critical Thinking Through Symbolic Logic (4)
   PSYC 105. Critical Thinking Through Problems Analysis (4)
   SOC 180. Critical Thinking About Social Problems (4)

2. Philosophy (G.E.)
   Four units chosen from:
   PHIL 190. Introduction to Philosophical Issues (4)
   PHIL 191. Introduction to Ethics (4)
   PHIL 192. Introduction to Philosophy of Religion (4)
   PHIL 193. Introduction to Eastern Philosophy (4)
   PHIL 194. Introduction to Knowledge and Reality (4)

3. Foreign Language (G.E.)
   Four units chosen from:
   ARAB 150. Intermediate Arabic III (4)
   ARAB 214. Conversation in Arabic (4)
   FLAN 150. Intermediate Language Study (4)
   FREN 150. Intermediate French (4)
   FREN 200. Culture and Communication (4)
   FREN 201. Culture and Communication II (4)
   FREN 202. Culture and Communication III (4)
   GER 150. Intermediate German (4)
   GER 212. Composition (4)
   GER 214. Conversation (4)
   GER 216. Introduction to Literary Texts (4)
   SPAN 150. Intermediate Spanish (4)
   SPAN 155. Intermediate Spanish for Spanish Speakers (4)
   SPAN 212. Composition (4)
   SPAN 213. Composition for Spanish Speakers (4)
   SPAN 214. Conversation (4)

Note: Students pursuing the B.A. in Liberal Studies cannot include in Category B3 the following courses:
   ARAB 290. Arabic Literature in Translation
   FREN 290. French Literature in English
   GER 290. German Literature in English
   SPAN 290. Spanish and Latin American Literature in English

4. Arts
   1. Four units in the arts (G.E.) chosen from:
      ART 200. Studies in Art (4)
      MUS 180. Studies in Music (4)
      TA 260. Introduction to Theatre (4)
   2. Eight units of upper-division activity courses chosen from a list of approved courses available in the Liberal Studies Office.

5. Humanities Electives
   Four upper-division units chosen from: art/music/theatre history, communication studies, humanities, philosophy, and foreign languages.

6. Integrative Capstone in the Humanities (G.E.)
   Four units chosen from:
   HUM 319. Myth, Metaphor and Symbol (4)
   HUM 325.* Perspectives on Gender (meets the requirement in category F1) (4)
   HUM 330. Arts and Ideas (4)
   HUM 335. The Origin and Contemporary Role of Latino Culture (meets the requirement in category F1) (4)
   HUM 340. Interpretation and Values (4)
   HUM 344. Ideas in American Culture (4)
   HUM 350. The Cultures of American Childhood (meets the requirement in category F1) (4)
   HUM 370. African Heritage in the Arts (meets the requirement in category F1) (4)
   HUM 375. The World of Islam (meets the requirement in category F1) (4)
   HUM 380. Comparative Studies in the Arts: East and West (meets the requirement in category F1) (4)
   HUM 385. A Cultural History of Fashion (4)

Note: Students can receive credit for only one of the following courses (which also meets the multicultural/gender requirement for GE):
   HUM 325. Perspectives on Gender
   NSCI 325. Perspectives on Gender
   SSCI 325. Perspectives on Gender

C. Mathematics and Natural Sciences Breadth Area (32 units)

1. Mathematics (G.E.)
   Four units chosen from:
   MATH 110. College Algebra (4)
   MATH 115. The Ideas of Mathematics (4)
   MATH 120. Pre-Calculus Mathematics (4)
   MATH 192. Methods of Calculus (4)
   MATH 211. Basic Concepts of Calculus (4)

2. Mathematical Applications
   Four units chosen from:
   MATH 211. Basic Concepts of Calculus (4)
   MATH 212. Calculus II (4)
   MATH 302. Problem Solving in Mathematics (4)

Note: MATH 211. Basic Concepts of Calculus may not be taken for credit by students who have received credit for this course in category C1.

3. Life Science (G.E.)
   Five units chosen from:
   BIOL 100. Topics in Biology (5)
   BIOL 202. Biology of Populations (5)
   HSCI 120. Health and Society: An Ecological Approach (5)
4. Physical and Earth Sciences
A minimum of five units chosen from:
CHEM 100. Chemistry in the Modern World (5)
CHEM 205. Fundamentals of Chemistry I: General Chemistry (5)
CHEM 215. General Chemistry I: Atomic Structure and Chemical Bonding (6)
GEOG 103. Physical Geography (5)
GEOL 101. Introductory Geology (5)
PHYS 100. Physics in the Modern World (5)
PHYS 103. Descriptive Astronomy (5)
PHYS 121. Basic Concepts of Physics I (5)
PHYS 221. General Physics I (5)

5. Special Topics in Science and Technology (G.E.)
Two units chosen from:
CSCI 124. Exploring the Information Superhighway (2)
CHEM 105. Chemicals in Our Environment (2)
BIOL 216. Genetics and Society (2)
CSCI 121. Computer Technology and People (2)

6. Mathematics and Natural Sciences Electives
Eight units, at least four units of which must be upper-division, chosen from: biology, chemistry, computer science, geology, health science, mathematics, natural sciences or physics courses. Credit may not be received for both CSCI 121 and 127. At least two units must be chosen from:
CSCI 121. Computer Technology and People (2)
CSCI 124. Exploring the Information Superhighway (2)
CSCI 127. Introduction to Computer Technology for Educators (4)

7. Integrative Capstone in the Natural Sciences (G.E.)
Four units chosen from:
NSCI 300. Science and Technology (4)
NSCI 310. The Environment and Human Survival (4)
NSCI 315. Natural Disasters (4)
NSCI 314. Life in the Cosmos (4)
NSCI 320. Energy (4)
NSCI 325. Perspectives on Gender (meets the requirement in category F1) (4)
NSCI 350. Health and Human Ecology (4)
NSCI 350. Legacy of Life (4)

Note: Students may receive credit for only one of the following courses:
HUM 325. Perspectives on Gender
NSCI 325. Perspectives on Gender
SSCI 325. Perspectives on Gender

D. Social and Behavioral Sciences Breadth Area
(32 units)

1. American History and Civilization (G.E.)
Four units chosen from:
HIST 146. American Civilization (4)
HIST 200. United States History to 1877 (4)
HIST 201. United States History, 1877 to the Present (4)

2. American Institutions (G.E.)
PSCI 203. American Government (4)

Note: The American History, Constitution, State and Local Government requirement can be met by taking PSCI 203 and either HIST 146, 200, or 201. However, even if this requirement is met by examination, students must still take eight units of lower-division course work chosen from categories D3 and D4 and counted in categories D1 and D2.

3. World Cultures (G.E.)
Four units chosen from:
ANTH 140. World Civilizations I, the Rise of Civilization (4)
HIST 140. World Civilizations I, the Rise of Civilization (4)
HIST 142. World Civilizations II, the Civilizations of the East and the West (4)
HIST 144. World Civilizations III, the Expansion of Europe (4)
SSCI 165. Regions and Peoples of the World (4)

4. Discipline Perspectives (G.E.)
Four units chosen from:
ANTH 100. Introduction to Anthropology: Human Evolution (4)
ANTH 102. Introduction to Anthropology: Culture and Society (4)
ECON 104. Economics of Social Issues (4)
ES 100. Ethnicity and Race in America (4)
GEOG 100. Introduction to Human Geography (4)
SOC 100. The Study of Society (4)
SOC 101. The Study of Society (4)

5. Social Science Electives
 Twelve units, at least four units must be upper-division, chosen from: anthropology, criminal justice, economics, geography, history, political science, psychology, social sciences, sociology and women's studies.

6. Integrative Capstone in the Social and Behavioral Sciences (G.E.)
Four units chosen from:
SSCI 300. Nonwestern World (4)
SSCI 304. Contemporary Latin America (4)
SSCI 315. Cultural Adaptation: The Quest for Survival (4)
SSCI 316. Race and Racism (meets the requirement in category F1) (4)
SSCI 320. Understanding Capitalism (4)
SSCI 321. Urbanization and the Urban Environment (4)
SSCI 325. Perspectives on Gender (meets the requirement in category F1) (4)
SSCI 345. Religious Expression in America (4)
SSCI 350. Roots of Modern Racism in America (4)

Note: Students may receive credit for only one of the following courses:
HUM 325. Perspectives on Gender
NSCI 325. Perspectives on Gender
SSCI 325. Perspectives on Gender

E. Lifelong Understanding (6 units)

1. The Whole Person—physical and physiological issues (G.E.)
Two units chosen from:
KINE 205. Foundations for Lifetime Fitness and Wellness (2)
NSCI 110. Health and Self Care (2)

2. The Whole Person—social and psychological issues (G.E.)
Two units chosen from:
PHIL 101. Moral Choices in Life (2)
PSYC 115. Personal and Social Adjustment (2)
SOC 110. Choices in the Life Course (2)
3. Physical Education (G.E.)
   Two units chosen from:
   - KINE 101. Individual and Dual Activities (2)
   - KINE 114. Physical Fitness and Conditioning Activities (2)
   - KINE 120. Combative and Martial Arts Activities (2)
   - KINE 121. Team Activities (2)
   - KINE 137. Aquatic Activities (2)
   - KINE 147. A Fitness Odyssey (2)
   - KINE 149. Independent Activity Project (2)
   - KINE 150. Dance Activities (2)

F. Multicultural/Gender Category
   All students must take one upper-division course designated as meeting this requirement, chosen from groups 1 or 2 below:
   1. An appropriate Integrative capstone course in one of the following categories: B6, C7, or D6.
      - HUM 325. Perspectives on Gender (4)
      - HUM 350. The Cultures of American Childhood (4)
      - HUM 370. African Heritage in the Arts (4)
      - HUM 375. The World of Islam (4)
      - HUM 380. Comparative Studies in the Arts: East and West (4)
      - NSCI 325. Perspectives on Gender (4)
      - SSCI 316. Race and Racism (4)
      - SSCI 325. Perspectives on Gender (4)
      - SSCI 350. Roots of Modern Racism in America (4)
   2. Upper-division general education elective courses that satisfy the Multicultural/Gender requirement:
      - ANTH 325. Human Biological Variation and the Concept of Race (4)
      - ANTH 333. Sex and Gender in Cross-Cultural Perspective (4)
      - COMM 304. Intercultural Communication (4)
      - COMM 401. Gender, Race and Media (4)
      - CJUS 451. Women and Crime (4)
      - ECON 352. Political Economy of Poverty and Discrimination (4)
      - ENG 314. American Indian Literature (4)
      - HUM 460. Cultural Studies (4)
      - MUS 308. Women in Music (4)
      - MUS 350. Music of World Cultures (4)
      - PHIL 364. Philosophy of Race and Gender (4)
      - PHIL 367. Gender and Philosophy (4)
      - PA 305. Organizations in Multicultural and Diverse Societies (4)
      - TA 462. African American Theatre and Drama (4)
      - TA 463. Asian Theatre (4)

G. Concentrations (20 units)
   Twenty units of which only four units can be lower-division; however, exceptions can be made in art, mathematics, the sciences, and foreign languages at the discretion of the Liberal Studies Coordinator. Courses in the concentration must be selected in consultation with an advisor. They must be drawn from ONE of the following disciplines:
   - Anthropology
   - Art
   - Art, Music and Theatre for Teachers
   - Biology
   - Chemistry
   - Chicano/a and Latino/a Studies
   - Communication Studies
   - Computer Science
   - Dance
   - Economics
   - English
   - French
   - Geography
   - Geology
   - German
   - Health Science
   - History
   - Human Development
   - Kinesiology (no activity courses)
   - Latin American Studies
   - Mathematics
   - Music
   - Physics
   - Political Science
   - Psychology
   - Sociology
   - Spanish
   - TESL (Teaching English as a Second Language)
   - Theatre Arts
   - Women's Studies
MANAGEMENT

Department of Management
Jack Brown Hall, Room 461
880-5731

FACULTY: Jace Baker, G. R. Bassiry, Shel Bockman, John Chaney (Emeritus), Foad Derakhshan, Donald Drost, Cherrilyn Eller, Sue Greenfeld, Lee Hanson, Jeanne King, Steve Levy (Emeritus), Janice Loutzenhiser, Patrick McInturff (Chair), Clark Molstad, Gary Patterson, Lloyd Peake, Patricia Reed, Ernesto Reza, Jim Rogers (Emeritus), Elisabeth Ryland

The university offers concentrations in management within the Bachelor of Arts in Administration and the Master of Business Administration. Concentrations are offered under the B.A. in Management: Environmental Management, Entrepreneurial Management, and the B.S. in International Business. The details of these programs are listed under Administration on Page 72. The Master of Business Administration can be found on Page 370. The courses listed below are offered in support of these programs. Further information is available from the Department of Management.

The Management Department encourages its majors to take part in the California State University's International Programs. This program provides opportunity for CSUSB students to study in a foreign country and earn full resident credit for these studies. Participation in this program will enhance the student's ability to study and work in an international business setting.

For students in management, International Programs are particularly useful in an increasingly competitive global environment where knowledge of diverse cultures, beliefs and societies is essential for success in business. By joining the California State University's International Programs students will have taken a major step in preparing themselves for rewarding careers in the business world of the future. For further information see Page 25.

COURSE OFFERINGS IN MANAGEMENT (MGMT)

Lower Division

100. Introduction to Business and Public Administration
Introduction to the administrative process. Strategies to achieve success in business and public careers. Includes the development of administrative theories and practices and provides an overview of the functional areas of business and public administration. Examines the questions of ethics, small business management and the global aspects of administration. (4 units)

230. Business Law
An introduction to statutory and common law developments impacting commercial transactions. Emphasizes principles of contract law and sale of goods under the Uniform Commercial Code. Additional topics include business organizations, commercial paper and secured transactions. (MGMT 230—CAN BUS 8) (4 units)

Upper Division

Enrollment in upper division courses restricted to students who have met all prerequisites and have completed at least 89.9 quarter units (junior class level). Students who do not meet these requirements will be disenrolled.

302. Management and Organizational Behavior
Introduction to management as it affects operations and the behavior of people in relation to the functional fields of administration. Selected behavioral concepts analyzed with respect to applications in management. (Also offered as PSYC 302. Students may not receive credit for both.) (4 units)

305. International Organizational Behavior
Examination of interactions among individuals, groups and organizations in international context utilizing lecture, case analysis and experiential skill learning. Emphasizes practical application of management theory in diverse environments. Prerequisite: MGMT 302 or PSYC 302. (4 units)

306. Expository Writing for Administration
Writing related to business and public administration including documented research reports, summaries and analytical papers. Revision and rewriting will be required. Course fulfills the graduation requirement in writing proficiency. May not be counted for fulfilling concentration requirements for any degree program offered by the College of Business and Public Administration. No more than one of the expository writing courses (EDUC 306, ENG 306, HUM 306, MGMT 306, NSCI 306, SSCI 306) may be taken for credit. Students who have received a grade of no credit in any combination of the expository writing courses two or more times must meet with the 306 coordinator or designee to design a developmental writing plan as a condition for enrolling for a third quarter. All students must obtain junior status at the time of registration or their course request will be cancelled. Formerly MGMT 495. Graded A, B, C/no credit. Prerequisites: ENG 101 and a minimum of 90 quarter (60 semester) units of college credit. (GE F1) (4 units)

307. Introduction to Transportation Management
Examines the evolution of major transportation modes: air, water, rail, and truck, including their historical and technological evolution and their economic and operational characteristics. Plans for negotiating prices and services with carriers are discussed. (4 units)

322. Law and Ethics of Environmental Management
Provides students with an understanding of environmental law and its impact on managerial practices and managerial ethics. The effective modern manager must be knowledgeable in the area of environmental law and relevant ethical issues, which impact decision making in areas ranging from the management of natural resources to plant location and employee issues. (4 units)

324. International Environmental Management
Examines the managerial issues relating to environmental and resource policies in the global economy, focusing on the global environment impact of multinational competition, international treaties, and waste distribution. (4 units)
326. Natural Resource Management
Study of management issues and field techniques in extractive and harvested natural resources, and how they directly impact the human resources, including cost benefit analysis and balancing economic, social and health concerns. (4 units)

330. Legal Environment of Business
Study of the legal system; nature and source of law as applied to business activity; statutes and significant cases involving business policies; effect of public policies on private enterprise system. Prerequisite: MGMT 230. (4 units)

335. Business and Society
Evaluation of American business systems; political, legal and social factors influencing business; role of business in alleviating society's problems; problems and issues of current concern regarding women and minorities in management. (4 units)

350. Administrative Communications
Introduction to communication theory. Concepts, analysis and methods of improvement for interpersonal communication, communication within organizations and communication between organizations and their external environments. (4 units)

402. Studies in Organizational Behavior
Review and presentation of selected areas of behavioral science research and its application to management practices. Selected subjects may include: motivation, communication, change and leadership. Prerequisite: MGMT 302 or PSYC 302. (4 units)

405. International Management
Identification of the diverse factors, actors and forces that shape the global business environment. Comparative analysis of management practices in various cultures with emphasis on sociocultural, political and economic influences. Need for adaptation of business practices to local environment is stressed. Prerequisite: MGMT 302 or PSYC 302. (4 units)

406. International Business Law
Comparison and contrast of the various dimensions of international business transactions. General legal framework in which international business is conducted; competing national laws and courts systems with respect to a variety of typical international business problems; international institutions and prospects for internationalizing the legal treatment of transnational business operations. (4 units)

407. Comparative Management Systems of the Americas
Comparative analysis of private and public sector organizations and corresponding management systems currently operating throughout the Americas. Examination of the structure and management systems of private and public sector organizations in different American countries and the trade patterns among these nations. (4 units)

428. Environmental Policy and Management
Synthesizes the theories and information from the field of environmental management into an integrative capstone course. Provides critical analysis of current environmental issues, as they apply to the practice of management. Prerequisites: MGMT 322, 324, and 326. (4 units)

432. Human Factors in System Development
Principles of human factors design applied to the user-system interface in business, industrial, computer, control and information management systems. Prerequisite: MATH 305 or 350 or PSYC 210 or SCM 210. (4 units)

442. Small Business Management
Managerial considerations for the small business entrepreneur. Acquisitions, location, legal considerations, finances, taxation, labor relations and other topics. (4 units)

450. Logistics Management and Regulation
Covers documentation and compliance requirements in logistics operations between two or more organizations. Examines impact and contexts of political pressures on the regulatory process, including regulations by local, state, and national governments as well as international bodies. Prerequisite: MGMT 307. (4 units)

451. Organization and Management Theory
Development and analysis of organization and management theory. Comparative analysis seeking patterns and systematic explanation of differences among organizations. Dynamics of interaction between organizations and environment. Prerequisite: MGMT 302 or PSYC 302. (4 units)

455. Human Resources Management
Policies related to human resources; human resources planning, employee selection and development, performance appraisal, compensation, relationships with unionized employees, collective bargaining. Prerequisite: MGMT 302 or PSYC 302. (4 units)

456. Psychology of Human Resources
Review of research in application of psychology to selection, evaluation and training of human resources. Topics include fair employment legislation, job analysis methodologies, merit evaluation, interviewing techniques and psychometric methods. Prerequisites: MGMT 455 or PSYC 355 and MATH 305, PSYC 210, SCM 210, or SSCI 215. (4 units)

457. Industrial and Labor Relations
Analysis of historical, political, legal, economic and managerial forces which lead to the development of labor unions and collective bargaining. Focus on legal rights of employees and managerial rights of employer. Involves case law and bargaining simulation. (4 units)

458. Fair Employment Practices
An evaluation of fair employment practices in employment. Course emphasizes antidiscriminatory legislation and its application to employer-employee relationships. Prerequisite: MGMT 455. (4 units)

459. Work Group Management
Intensive examination of the dynamics of task-oriented groups, utilizing both conceptual and experiential learning. Prerequisite: MGMT 302 or PSYC 302. (4 units)
262 / Management

490. Strategic Management
This capstone course develops an overall general manager's perspective of the business and integrates knowledge from accounting, finance, information and decision sciences, production, management, marketing, and public policy. Coverage includes competitive strategy for global, national and regional/local businesses and managerial concerns regarding social and environmental issues. Emphasis is on cases, computer applications and small-group work. Three hours lecture and two hours activity laboratory. Prerequisites: completion of the upper-division administration core courses, the upper-division writing requirement, and senior standing. (4 units)

515. Small Business Consulting
Supervised consulting assignments designed to provide meaningful business assistance to small businesses. Prerequisites: consent of instructor and college. (4 units)

520. Legal Regulation of Intellectual Property
Analysis of federal, state and international law on intellectual property and technology, including principles of contract law, intellectual law, taxation law, tort law, anti-trust law and criminal law with respect to technology and intellectual property. Prerequisites: MGMT 230 and 330. (4 units)

575. Internship in Management
Supervised work and study in private or public organizations. May be repeated once for credit. A total of two College of Business and Public Administration 575 courses may be applied toward graduation. Graded credit/no credit. Prerequisites: consent of instructor and the department's internship coordinator. (4 units)

580. Business Game Competition
Competition based on a business game simulation that is designed to enable advanced business students to integrate and apply the theories of their various business courses. Formerly a topic under MGMT 590. Students may not receive credit for both. (4 units)

590. Seminar in Management
An intensive study of some phase of management to be developed by the instructor. May be repeated for credit as topics change. (4 units)

595. Independent Study
Special topics involving library and/or field research. A total of 10 units in any College of Business and Public Administration 595 may be applied toward graduation. Prerequisites: a minimum overall grade point average of 3.0, consent of instructor and approval by the department of a written project/proposal submitted to the appropriate department in the College of Business and Public Administration on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 2 or 4 units)

998. Management Portfolio Assessment
Submission of a portfolio based on departmental guidelines. Prerequisites: completion of or concurrent enrollment in all management concentration courses. (0 units)
The university offers a concentration in marketing within the Bachelor of Arts in Administration, the Bachelor of Science in Administration and the Master of Business Administration. The details of these programs are listed under Administration on Page 79 and the Master of Business Administration can be found on Page 370. The courses listed below are offered in support of these programs. Further information is available from the Department of Marketing.

In today's business world, growing numbers of U.S. companies both large and small are getting involved in international marketing. Because of this increased involvement in international business, marketing students are encouraged to participate in the California State University’s International Program. For further information, see Page 25.

NOTE: Special B.A. program in Advertising Management.

A number of students have found that clustering related courses in business and art is useful in reaching their career goals. A pre-approved special interdisciplinary curriculum combining coursework in art, management, and marketing has been authorized by the University Curriculum Committee. Only a limited number of students may be accommodated at this time. Students wishing to inquire about this program or apply for a Special Major in Advertising Management should contact the Department of Marketing for details.

### COURSE OFFERINGS IN MARKETING (MKTG)

**Upper Division**

Enrollment in upper division courses restricted to students who have met all prerequisites and have completed at least 89.9 quarter units (junior class level). Students who do not meet these requirements will be disenrolled.

#### 305. Marketing Principles

Overview of the field of marketing and its interactions with other aspects of business. Includes consumer and industrial buying behavior; target marketing, segmentation, positioning, and differentiation; marketing research; product, distribution, promotion, and pricing decisions; industrial, services, and international marketing as well as legal and ethical dimensions. Prerequisite: junior standing. (4 units)

#### 410. Consumer Behavior

Consumer decision processes in the consumptive role including internal and external influences on consumer behavior and marketing strategies. Prerequisite: MKTG 305. (4 units)

#### 415. Product Management

Techniques and processes of product development and product management. Topics include idea generation, screening, design, testing and commercialization. Introduces basic product management techniques such as brand switching, product adoption forecasting, and customer preference specification. Prerequisite: MKTG 305. (4 units)

#### 416. Marketing Research

Marketing research as an activity of information gathering, analysis and interpretation for input into management decision making. Application of current practices and techniques in the marketing research industry. Requires the use of statistical software. Three hours lecture and two hours activity laboratory. Prerequisite: MKTG 305. (4 units)

#### 420. Advertising

Stimulation of market demand through advertising media, including printed messages, radio and television, developing the advertising appeal, selecting the media, placing copy and measuring results, as well as legal, ethical and international aspects of advertising. Prerequisite: MKTG 305. (4 units)

#### 430. Professional Selling and Sales Management

Develops interpersonal communication skills used in the selling of products and services. Skills in prospecting, questioning and listening, understanding needs, demonstrating and explaining products, overcoming objections and closing the sale. Introduces managerial techniques used to supervise a sales force and to analyze company sales. Emphasis on recruitment, training, motivation and evaluation of salespeople. Prerequisite: junior standing. (4 units)

#### 436. Marketing Decision-Making

Reinforcing concepts learned in Marketing Principles, students will analyze, evaluate and develop product, price, promotion and physical distribution marketing programs. Emphasis is placed on analytical techniques and case studies to develop effective student decision-making skills in the major functional areas of marketing. Three hours lecture and two hours laboratory. Prerequisite: MKTG 305. (4 units)

#### 438. Industrial Marketing

Overview of industrial marketing strategy and management. Emphasis on industrial buyer behavior, market and product planning, pricing strategy, and distribution. Analysis of institutional practices including competitive bidding, request for proposals, negotiation, and channel management. Prerequisite: MKTG 305. (4 units)

#### 446. Advertising Campaign

Development of a full marketing and advertising campaign for a client's regional or national product or service offered on a need-based basis for student competitions or grant opportunities. Three hours lecture and two hours activity laboratory. Prerequisite: MKTG 305 or consent of instructor. (4 units)

#### 450. Logistics

Science of movement, storage, delivery and distribution. Topics include channels of distribution, purchasing, customer service, inventory types and functions. Formerly MKTG 350. Prerequisite: MKTG 305. (4 units)
264 / Marketing

460. Retailing
History, development, organization and management of retail institutions. Emphasis is on retail store operations, such as location, layout, planning, control of budgets, human resource planning, pricing and customer service. Prerequisite: MKTG 305 or consent of instructor. (4 units)

462. Merchandising
Analysis of merchandise buying. Emphasis is on the buyer's roles, responsibilities and activities. Subjects include merchandise planning, budgeting, inventory control, pricing, vendor relations, and sourcing. Three hours lecture and two hours activity laboratory. Prerequisites: MKTG 305 and consent of instructor. (4 units)

470. International Marketing Management
Marketing strategies for developing global markets including the cultural, political, and economic infrastructure of foreign markets and their impact on traditional marketing decisions. Prerequisite: MKTG 305 or consent of instructor. (4 units)

496. Marketing Planning and Strategy
An integrative approach to strategic marketing management including the planning, design and execution of a comprehensive situation analysis, identification and evaluation of strategic marketing alternatives, and the implementation of marketing plans and programs and an applied knowledge of SPSS or any other data analysis software package. Three hours lecture and two hours computer laboratory. Prerequisites: MKTG 410, 416 and 436. (4 units)

520. Integrated Marketing Communication
An integrative perspective on the process of communicating marketing messages to promote products, services, ideas, people, causes and events. Advertising, direct marketing, personal selling, public relations, and sales promotion strategies are explored with consideration given to global, ethical, and technology-related issues. (Also offered as COMM 520. Students may not receive credit for both.) (4 units)

530. Strategic Entrepreneurship
The role of entrepreneurship in today's economy: identifying entrepreneurial opportunities, designing incubator business projects, strategic entrepreneurial alliances and global market strategies for entrepreneurial ventures. The role of marketing mix in the start up and operation of entrepreneurial ventures. Formerly a topic under MKTG 590. Prerequisite: junior standing. (4 units)

540. E-Marketing
Development of a web-based marketing program. Discussion of customer databases, logistics of E-marketing, and the flow of products, funds, and information in E-channels. Focus is on understanding how goods and services are created and delivered through the web. Three hours lecture and two hours laboratory. Formerly a topic under MKTG 590. (4 units)

560. Services Marketing
The process of designing and marketing intangible services for profit and non-profit organizations. Emphasis on customer-focused strategies for developing, promoting, pricing and evaluating service mixes in a global context. Formerly a topic under MKTG 590. Prerequisite: junior standing. (4 units)

572. Import-Export Management
Current practices and opportunities in importing and exporting goods with emphasis on preparing products for foreign shipment, shipping, necessary documentation and use of free trade zones. Formerly MKTG 472. Prerequisite: MKTG 305 or consent of instructor. (4 units)

575. Internship in Marketing
Supervised work and study in private or public organizations. May be repeated once for credit. A total of two College of Business and Public Administration 575 courses may be applied toward graduation. Graded credit/no credit. Prerequisites: consent of instructor and the department's internship coordinator. (4 units)

590. Seminar in Marketing
An intensive study of some phase of marketing to be developed by the instructor. May be repeated for credit as topics change. (4 units)

595. Independent Study
Special topics involving library and/or field research. A total of 10 units in any College of Business and Public Administration 595 may be applied toward graduation. Prerequisites: a minimum overall grade point average of 3.0, consent of instructor and approval by the department of a written project/proposal submitted to the appropriate department in the College of Business and Public Administration on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 1 to 5 units)
As the role of mathematics in society continues to grow, the value of a solid foundation in mathematics is reinforced. The Department of Mathematics offers a broad program of university course work with a liberal arts emphasis, leading either to a bachelor of arts or to a bachelor of science degree. Such a program of study is flexible enough to prepare a student for positions in industry, business, teaching, or for advanced study toward a graduate degree.

Additionally, double majors are not uncommon since the Departments of Computer Science and Physics work closely with the Department of Mathematics in structuring their mathematically based courses.

The department also offers a Master of Arts degree. The emphasis in this program is on a broad mathematics curriculum, making it ideal for those planning a career in teaching, either at the junior college level or in a school district. An effort is made to offer the core courses in this program in the evening to accommodate the working student. For information on this degree, see Page 467.

In many ways mathematics functions as a universal language in today's global culture. Upper-division students are encouraged to participate in the California State University's International Programs. For further information, see Page 25.
B.S. IN MATHEMATICS
Requirements (105 units)

Total units required for graduation: 186

Requirements for the B.S. in Mathematics:

Lower-division requirements (35 units)
1. Four units chosen from:
   - CSCI 201. Computer Science I (4)
   - CSCI 240. FORTRAN Programming (4)
2. MATH 211. Basic Concepts of Calculus (4)
3. MATH 212. Calculus II (4)
4. MATH 213. Calculus III (4)
5. MATH 241. Problem Solving in Calculus (2)
6. MATH 251. Multivariable Calculus I (4)
7. MATH 252. Multivariable Calculus II (4)
8. MATH 270. Elementary Differential Equations (4)
9. PHYS 221. General Physics I (5)

Upper-division requirements (32 units)
1. MATH 329. Transformation Geometry (4)
2. MATH 331. Linear Algebra (4)
3. MATH 345. Number Theory and Proof (4)
4. MATH 355. Analysis and Proof (4)
5. MATH 372. Combinatorics (4)
6. MATH 465. Probability Theory (4)
7. MATH 545. Abstract Algebra I (4)
8. MATH 553. Analysis I (4)

Electives (38 units)
1. Sixteen units of mathematics electives selected from the following with at least eight units chosen from 500-level courses:
   - MATH 320. Mathematical Interest Theory (4)
   - May choose only one of the following two courses:
     - MATH 373. Mathematical Methods of Physics I (4)
     - PHYS 373. Mathematical Methods of Physics I (4)
   - MATH 411. Introduction to Mathematical Logic (4)
   - MATH 470. Ordinary Differential Equations (4)
   - May choose only one of the following two courses:
     - MATH 473. Mathematical Methods of Physics II (4)
     - PHYS 473. Mathematical Methods of Physics II (4)
   - MATH 474. Numerical Methods (4)
   - MATH 480. Topics in History of Mathematics (4)
   - MATH 510. Topics in Mathematics (4)
   - MATH 529. Advanced Geometry (4)
   - MATH 546. Abstract Algebra II (4)
   - MATH 554. Analysis II (4)
   - MATH 555. Introduction to Point-Set Topology (4)
   - MATH 557. Complex Variables (4)
   - MATH 565. Mathematical Statistics (4)

2. Twenty-two units in approved courses beyond the general education requirements from at most two disciplines in the natural sciences. Contact the Department of Mathematics office for a list of these courses.

TEACHING CREDENTIAL PROGRAM

Both the Bachelor of Arts and Bachelor of Science in Mathematics are approved as single subject teaching credential programs provided MATH 480 and MATH 529 are taken as electives. In order to be recommended for the teaching credential students must complete the requirements of the major as well as certain prerequisites of the teacher education program. For information about the professional education component, admission to the teacher education program or specific requirements for the single subject waiver program see Page 156 or contact the Credentials Office (C.A.S.E.).

MINOR IN MATHEMATICS
Requirements (34 units)

Requirements for a minor in Mathematics:

Lower-division requirements (22 units)
1. A minimum of two units chosen from:
   - CSCI 201. Computer Science I (4)
   - CSCI 240. FORTRAN Programming (4)
2. MATH 211. Basic Concepts of Calculus (4)
3. MATH 212. Calculus II (4)
4. MATH 213. Calculus III (4)
5. MATH 241. Problem Solving in Calculus (2)
6. MATH 251. Multivariable Calculus I (4)
7. MATH 252. Multivariable Calculus II (4)
8. MATH 270. Elementary Differential Equations (4)
9. PHYS 221. General Physics I (5)

Upper-division requirements (12 units)
1. MATH 331. Linear Algebra (4)
2. Four units chosen from:
   - MATH 345. Number Theory and Proof (4)
   - MATH 355. Analysis and Proof (4)
3. Four units chosen from upper-division elective course work in mathematics courses applicable to the major.

DEPARTMENTAL HONORS

The department faculty will determine whether a student is to be awarded departmental honors upon graduation. The criteria will be:
1. A grade point average of at least 3.5 in all mathematics courses taken at this university and counted toward fulfilling requirements of the mathematics major.
2. At least four units of MATH 595. Independent Study, completed with a grade of "A-" or better, and culminating in a presentation to the department.

CERTIFICATE PROGRAMS

Certificates may be earned by regularly matriculated or extended learning students and denote successful completion of a prescribed program of study designed a) to impart specified professional/vocational/career competencies; or b) to produce mastery of the content of a sub-field of an academic major (discipline); or c) to provide exposure to the range of materials in a traditional or emerging interdisciplinary field. Refer to Page 63 for additional certificate information.
Certificate in Introductory Actuarial Science

This program is designed to prepare students for the preliminary exams given by the Society of Actuaries. Completion of those exams is normally considered the prerequisite for internships and entry-level positions in the field of actuarial science. For more information contact the Department of Mathematics.

Certificate Requirements (50 units)

Lower-division requirements (30 units)
1. ECON 200. Principles of Microeconomics (4)
2. ECON 202. Principles of Macroeconomics (4)
3. MATH 211. Basic Concepts of Calculus (4)
4. MATH 212. Calculus II (4)
5. MATH 213. Calculus III (4)
6. MATH 241. Problem Solving in Calculus (2)
7. MATH 251. Multivariable Calculus I (4)
8. MATH 252. Multivariable Calculus II (4)

Upper-division requirements (20 units)
1. ECON 300. Intermediate Macroeconomics (4)
2. ECON 302. Intermediate Microeconomics (4)
3. MATH 320. Mathematical Interest Theory (4)
4. MATH 372. Combinatorics (4)
5. MATH 465. Probability Theory (4)

Certificate in Teaching Basic Mathematics

Admission to the Program
1. A valid California teaching credential in a subject other than mathematics.

Certificate Requirements (32 units)

Lower-division requirements (20 units)
1. MATH 110. College Algebra (4)
2. MATH 115. The Ideas of Mathematics (4)
3. MATH 120. Pre-Calculus Mathematics (4)
4. MATH 229. Geometry in Two and Three Dimensions (4)
5. Four units chosen from:
   MATH 192. Methods of Calculus (4)
   MATH 211. Basic Concepts of Calculus (4)

Upper-division requirements (12 units)
2. MATH 302. Problem Solving in Mathematics (4)
3. MATH 499. Teaching Mathematics (4)

Note: With departmental permission mathematics courses with a calculus prerequisite may be substituted for any of the following:
   MATH 110. College Algebra
   MATH 120. Pre-Calculus Mathematics

COURSE OFFERINGS IN MATHEMATICS (MATH)

70. Fundamental Arithmetic
Fundamental topics in arithmetic, including a preview of algebra. Units awarded for MATH 70 are not applicable to a baccalaureate degree. Graded A, B, C/no credit. (4 units)

75. Basic Mathematics
A course designed for students who score at or in the lowest quartile on the Entry Level Mathematics examination. Units awarded for MATH 75 are not applicable to a baccalaureate degree. Graded credit/no credit.
A. Arithmetic of integers, rational numbers and decimals, including the order of operations, percentages, fractions, ratio and proportion, linear equations. (4 units)
B. Linear equations and their graphs, systems of linear equations, polynomials, factoring, integer exponents and factoring. (4 units)
C. Integer exponents and factoring, systems of linear equations, solving rational equations, quadratic equations, the Pythagorean theorem, the distance formula. (4 units)

79. Algebra Workshop
A laboratory based algebra workshop; to be taken with MATH 80 by students who would otherwise not qualify for admission to that course. Units awarded for MATH 79 are not applicable to a baccalaureate degree. Graded credit/no credit. Prerequisite: consent of instructor. (1 unit)

80. Fundamental Algebra (FWS)
Arithmetic operations, linear and quadratic equations, applications and introduction to graphing. Units awarded for MATH 80 are not applicable to a baccalaureate degree. Graded A, B, C/no credit. (4 units)

90. Intermediate Algebra (FWS)
Linear and quadratic equations and inequalities, algebraic fractions and rational equations, exponents, radicals and radical equations, applications to word problems. Units awarded for MATH 90 are not applicable to a baccalaureate degree. Graded A, B, C/no credit. Prerequisite: passage of the Entry Level Mathematics examination or a satisfactory score on the appropriate placement test. (4 units)

Lower Division

110. College Algebra (FWS)
Functional notation, graphs and inverses of linear, polynomial, and rational functions, rational exponents, arithmetic and geometric progressions, logarithmic and exponential functions, systems of linear equations. Graded A, B, C/no credit. Prerequisite: passing score on the Entry Level Mathematics examination or passage of MATH 90. (GE=B.1) (MATH 110=CAN MATH 10) (4 units)

115. The Ideas of Mathematics (FWS)
Sets and their applications to topics in discrete mathematics that will include enumeration techniques and finite probability spaces. Graded A, B, C/no credit. Prerequisite: passing score on the Entry Level Mathematics examination or passage of MATH 90. (GE=B.1) (MATH 115=CAN MATH 2) (4 units)

120. Pre-Calculus Mathematics (FWS)
Trigonometric functions, trigonometric identities, right angle trigonometry, complex numbers, conic sections, binomial theorem, induction. Graded A, B, C/no credit. Prerequisite: satisfactory score on the Entry Level Mathematics examination or passage of MATH 110. (GE=B.1) (MATH 120=CAN MATH 16) (4 units)
180. Critical Thinking Through Applications of Mathematical Logic (FWS)
Analysis of logical implication, logical equivalence and valid argument using symbolic logic. Applications drawn from a wide variety of practical examples. Emphasis on problem solving techniques. (GE=A.4) (4 units)

192. Methods of Calculus
A short course in calculus with emphasis on applications. Prerequisite: satisfactory score on the Entry Level Mathematics examination, or passage of MATH 110. This course does not substitute for any course in the calculus sequence MATH 211, 212, 213, 251, 252 required for majors in chemistry, computer science, mathematics or physics. (GE=B.1) (4 units)

211. Basic Concepts of Calculus (FWS)
An introduction to limits and continuity, differentiation of functions in one variable (including trigonometric functions) and antiderivatives with applications. Prerequisite: satisfactory score on the Entry Level Mathematics examination or passage of MATH 120. (GE=B.1) (MATH 211+212+213=CAN MATH SEQ B) (4 units)

212. Calculus II (FWS)
Techniques and applications of integration, differentiation and integration of transcendental functions. Prerequisite: MATH 211 (or 200) with a grade of "C" or better. (MATH 211+212+213=CAN MATH SEQ B) (4 units)

213. Calculus III (FWS)
Sequences and series, numerical techniques, polar coordinates, parametric equations. Prerequisite: MATH 212 (or 201) with a grade of "C" or better. (MATH 211+212+213=CAN MATH SEQ B) (4 units)

229. Geometry in Two and Three Dimensions (W)
Axiomatic foundations of Euclidean geometry and their relation to absolute, affine, and ordered geometry. Isometry and similarity in the Euclidean plane and three-space. Inverse transformations and construction of the real projective plane. Formerly MATH 129. Prerequisites: completion of the general education requirement in mathematics. (4 units)

241. Problem Solving in Calculus (FWS)
An approach to solving calculus-based problems incorporating a computer algebra system. Projects will include interpolation, numerical methods, differential equations and graphical approaches. One hour lecture and three hours laboratory. Prerequisites: some programming experience and MATH 212. Recommended: MATH 213. (2 units)

251. Multivariable Calculus I (FWS)
Vectors and vector geometry in two and three dimensions. Elementary linear algebra. Multivariable functions. Parametrization of space curves. Prerequisite: MATH 212 with a grade of "C" or better. (4 units)

252. Multivariable Calculus II
Differentiation and integration of vector functions with applications, multiple integration, line and surface integrals. Partial and directional derivatives. Theorems of Green and Stokes. Prerequisites: MATH 251, and 213 with a grade of "C" or better. (4 units)

262. Applied Statistics (FWS)
Basic concepts of probability and statistics. Important probability models such as the binomial, Poisson and normal. Statistical procedures, particularly in relation to estimation, hypothesis testing and modeling. Computer simulations and computations. May not be taken for credit by students who have received credit for MATH 305. Prerequisite: MATH 120. Prerequisite or corequisite: MATH 211. (4 units)

270. Elementary Differential Equations (FS)
First order equations, second order linear equations, linear equations with constant coefficients, variation of parameters, applications. Prerequisite: MATH 252. (MATH 270=CAN MATH 24) (4 units)

272. Discrete Mathematics (FWS)
Boolean algebra. Computer arithmetic including hexadecimal, octal and binary numeration. Relations and functions. Vectors and matrices. Introduction to graph theory. Prerequisite: completion of the general education requirement in mathematics. (MATH 272=CAN CSCI 26) (4 units)

Upper Division

301. Fundamental Concepts of Mathematics for Educators (FWS)
A mathematics sequence for future teachers, containing fundamental concepts of number sense, algebra, and geometry. May not be counted toward fulfilling requirements in the mathematics major.
A. Fundamental Concepts of Arithmetic and Geometry. Mathematical reasoning behind the structure and arithmetic of real numbers. Connections between numbers and geometry. Introduction to functions and graphs as a natural extension of arithmetic. May not be taken for credit by students who have completed Math 301. Prerequisites: completion of Math 115 and the general education requirements in written communication, oral communication and critical thinking. (4 units)
B. Transition from Concrete to Abstract in Algebra and Geometry. Algebra in context, algebraic techniques, proportion. Linear functions and their graphs. Angle, shape, size, polygons, and circles. Congruence and similarity. Prerequisites: completion of MATH 301A (or 301), with a course grade of at least "C." (4 units)
C. Further Developments in Algebra and Geometry. The arithmetic and graphs of polynomial and rational functions. Scientific notation, logarithmic and exponential functions. Polygons, tessellations, and transformations. Polyhedra, spheres, cylinders, cones. Transformations in graphs. Prerequisite: completion of MATH 301B with a course grade of at least "C." (4 units)

302. Problem Solving in Mathematics (FWS)
Use of heuristic techniques, such as analogy and induction, in problem solving. Elementary and recreational problems selected from algebra, logic, number theory, combinatorics and probability. May not be counted toward fulfilling requirements in the mathematics major. Prerequisites: completion of the general education requirements in mathematics, written communication, oral communication and critical thinking. (4 units)
303. Geometry in Two and Three Dimensions for Teachers
Geometric figures, constructions and transformations in two and three dimensions. Development of axiomatic geometry and subsequent study of axiomatic systems from a historical perspective; students create proofs in solving geometry problems. Algebraic approach contrasted with Euclidean. Includes hands-on activities, emphasizes connection to disciplines such as art and geography. Teaching methods, integrated throughout, stress transition from concrete to abstract, use of geometric construction tools including computers where appropriate, visualization of transformations and their application in problem solving as well as assessment of student work. (6 units)

304. Algebra for Teachers
Polynomials and rational functions, analogy between arithmetic and algebra. Linear, quadratic, and rational equations and inequalities and their graphs; rational exponents, geometric series, exponential functions and their graphs. Algebra presented more as a way of thinking than as a collection of algorithms. Emphasis on solution of verbally stated problems. Teaching methods, integrated throughout, focus on transition from concrete to abstract, pattern recognition and discovery, appropriate use of calculators and computers, and assessment of student work. Prerequisite: B.A. or B.S. degree from an accredited institution. (6 units)

305. Statistics: Hypothesis Testing and Estimation (FWS)
After a brief introduction to descriptive statistics, course will emphasize hypothesis testing and estimation, using packaged computer programs. May not be taken for credit by students who have received credit for MATH 262. Prerequisite: completion of the general education requirement in mathematics or equivalent preparation. (4 units)

306. Mathematics, the Language of Science
Introduction to basic calculus with emphasis on its role in the development of the life and physical sciences. Applications include rates of change, growth and velocity. Prerequisites: MATH 120 and at least one four unit college level course in both physics and biology. (4 units)

307. Mathematics in Science
Differential equations applied to scientific questions of motion, growth and decay, and populations, including an overview of statistics and data analysis. Prerequisite: a minimum of one quarter of calculus (MATH 192, 211, 306 or equivalent). (4 units)

308. Problem Solving Through Theory and Practice
Heuristic techniques in solving contextual problems from algebra, number theory, geometry, logic, probability and statistics. May not be counted toward fulfilling requirements in the mathematics major. May not be taken for credit by students who have completed MATH 302. One hour lecture and three hours laboratory. Prerequisite: completion of MATH 301C with a grade of at least "C" or consent of instructor. (2 units)

320. Mathematical Interest Theory
Development of the mathematical theory of interest in both finite and continuous time, including the accumulation function and special cases of simple and compound interest, valuation of the discrete and continuous streams of payments, and nominal and effective interest and discount rates. Application of the theory, with computer applications, to actuarial science, including amortization of lump sums, fixed income securities, and depreciation. Three hours lecture and two hours laboratory. Prerequisites: MATH 213 and 241. (4 units)

329. Transformation Geometry
Development of Euclidean plane geometry in terms of congruence and similarity transformations. Classification of affine transformations with applications to classical theorems. Introduction to inverse transformations and related constructions. Prerequisites: MATH 251 and high school geometry or equivalent. (4 units)

331. Linear Algebra (FWS)
Vector spaces over a field, linear dependence, dimension; matrices and systems of linear equations; special matrices and canonical forms; characteristic values and vectors; diagonalization of quadratic forms; applications. A knowledge of a computing language is strongly recommended. Prerequisite: MATH 251 or consent of instructor. (4 units)

345. Number Theory and Proof (FWS)
Introduction to ideas and techniques of proof and historical topics in classical number theory. Theory of divisibility, primes and linear congruences. Theorems of Fermat, Euler and Wilson. Primitive roots and indices. Number theoretic functions. Prerequisite: MATH 213. (4 units)

355. Analysis and Proof (FS)
Introduction to ideas and techniques of proof with an emphasis on analysis. Topics chosen from: logic, set theory, functions, cardinality and analysis. Prerequisite: MATH 213. (4 units)

372. Combinatorics (FWS)
Permutations and combinations, recurrence relations with applications and topics in graph theory. Prerequisite: MATH 213 or consent of instructor. (4 units)

373. Mathematical Methods of Physics I
Vector calculus, Fourier analysis, and ordinary differential equations. Emphasis on techniques applicable to the problems of physics. (Also offered as PHYS 373. Students may not receive credit for both.) Prerequisites: PHYS 222 and MATH 252. MATH 331 is recommended. (4 units)

395. Directed Study
Reading and library research in mathematics conducted under the direction of a faculty member. A total of four units may apply toward the major. Prerequisites: consent of instructor and departmental approval of a written proposal of a project submitted on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 1 to 4 units)

411. Introduction to Mathematical Logic
Propositional and quantificational logic, completeness and consistency results, formal systems, Peano arithmetic, recursive functions, Godel's incompleteness theorem. Prerequisite: MATH 345. (4 units)
465. Probability Theory (FS)
Probability spaces, independence, conditional probability, densities, mass and distribution functions, moments, joint and marginal distributions, moment generating functions, Chebychev's inequality, law of large numbers and other topics. Prerequisites: MATH 372 and 252. (4 units)

470. Ordinary Differential Equations (W)
Topics from among: first order equations, linear equations, systems of equations, iterative methods, series solutions, Laplace transformations, applications. Prerequisites: MATH 331 and 270. (4 units)

553. Analysis I
Continuous and differentiable functions, infinite series. Uniform convergence, computation with series, functions represented by integrals, theory of integration. Prerequisites: MATH 252 and 355. (4 units)

554. Analysis II
Continuation of MATH 553. Prerequisite: MATH 553. (4 units)

555. Introduction to Point-Set Topology
Topics to include topological and metric spaces, compactness, product spaces, connectedness, separation properties. Prerequisite: MATH 355. (4 units)

557. Complex Variables
Analytic and harmonic functions, power series, Cauchy's Theorem and Cauchy's Formula. Prerequisites: MATH 252 and 355. (4 units)

565. Mathematical Statistics
Likelihood ratio, estimators, distributions of estimators, theory of hypothesis testing, linear statistical models. Prerequisite: MATH 465. (4 units)

573. Mathematical Methods of Physics II
A continuation of MATH 373/PHYS 373. Topics covered include functions of a complex variable and partial differential equations. (Also offered as PHYS 473. Students may not receive credit for both.) Prerequisite: MATH 373 or PHYS 373. MATH 331 and PHYS 223 are strongly recommended. (4 units)

474. Numerical Methods
Introduction to numerical methods for finding solutions of nonlinear equations, systems of linear equations and ordinary differential equations. Discussion of errors and numerical instabilities; numerical differentiation; numerical integration. Prerequisites: CSCI 201 and MATH 331. (4 units)

480. Topics in History of Mathematics
The genesis of one or more major areas of mathematics, studied in depth and related to the broader historical context. Satisfies the history requirement for the California Single Subject Teaching Credential in mathematics. Prerequisites: MATH 252, 345 and 355. (4 units)

499. Teaching Mathematics
Individualized instruction in the methods and materials for the teaching of mathematics. This course requires background preparation at least equivalent to MATH 120, 129 or 160 and 302. Students in doubt on this point should consult with the Mathematics Department before enrolling. This course may not be counted toward fulfilling requirements of the mathematics major. Prerequisites: completion of the general education requirements in mathematics, written communication, oral communication and critical thinking and MATH 192 or 211. (4 units)

510. Topics in Mathematics
Study of selected areas of advanced mathematics. May be repeated for credit with consent of instructor as topics change. Prerequisite: senior or graduate standing. (4 units)

529. Advanced Geometry
Topics in affine and projective geometry with applications to Euclidean 2 and 3 space and to modern algebra. Prerequisites: MATH 329, 331 and 345. (4 units)

545. Abstract Algebra I
An introduction to algebraic structures, including groups, rings and fields. Prerequisites: MATH 331, 345 and 355. (4 units)

546. Abstract Algebra II
Continuation of MATH 545. Prerequisite: MATH 545. (4 units)
MILITARY SCIENCE PROGRAM (ARMY ROTC)

Military Science Program

FACULTY: LTC H. Schleuning, CPT K. Lemons, LTC M. Murphy

The military science program is designed to provide an on-campus program for qualified students in all academic majors who desire to serve as an Army officer on active duty or in a local Army Reserve or Guard unit. While students may participate in either undergraduate or graduate studies, the program requires at least two years to complete.

Students who have completed at least basic training in any of the armed services may be eligible to enter the advanced course directly. Other students must complete three to six of the courses in the basic course of study or complete a six-week summer camp prior to entering the advanced course.

ROTC students are required to participate in off-campus leadership laboratories one weekend each quarter.

Scholarships are available on a competitive basis. All ROTC students receive $350-400 per month during the final two years of the program.

MILITARY SCIENCE PROGRAM

Program Requirements

Option I (Four Year Program)

Program Requirements (48 units)

Basic Course of Study (12 units)
1. MILS 151. Basic Military Skills I (2)
2. MILS 152. Basic Military Skills II (2)
3. MILS 153. Basic Military Skills III (2)
4. MILS 251. Leadership and Management I (2)
5. MILS 252. Leadership and Management II (2)
6. MILS 253. Leadership and Management III (2)

Advanced Course of Study (12 units)
1. Twelve units chosen from:
   MILS 351. Small Unit Operations I (2)
   MILS 352. Small Unit Operations II (2)
   MILS 353. Advanced Military Leadership and Management (2)
   MILS 451. Military Law (2)
   MILS 452. Contemporary Military Policy (2)
   MILS 453. Senior Leadership Seminar (2)
   MILS 595. Independent Study (2) may be repeated for a total of (4)

   Leadership Laboratory (12 units)

Students must be enrolled in the following each quarter they are enrolled in the ROTC Program:
1. MILS 100. Leadership Laboratory (1 for a total of (12)

Note: In addition, a six-week advanced camp is required between the final two years of study.

In addition to the ROTC curriculum, cadets must complete one of each of the following type courses in order to ensure they have an understanding of skills, values, and knowledge beyond the military skills taught by the military science staff and the ROTC curriculum. These classes do not substitute for any military science classes and are in addition to the required classes for ROTC cadets.

Additional Requirements (12 units)

1. Computer Literacy
   Four units chosen from one of the following four options:
   A. CSCI 121. Computer Technology and People (2)
   and
   CSCI 123. Using Computer Software (2)
   B. CSCI 121. Computer Technology and People (2)
   and
   CSCI 124. Exploring the Information Superhighway (2)
   C. CSCI 298. Application Software Topics (2) for a total of (4) as topics change
   D. INFO 102. Introduction to Information Technology (2)
   INFO 103. Using Information Technology Applications (2)

2. Written Communications Skills
   Four units chosen from:
   EDUC 306. Expository Writing for Education (4)
   ENG 306. Expository Writing (4)
   HUM 306. Expository Writing for the Humanities (4)
   MGMT 306. Expository Writing for Administration (4)
   NSCI 306. Expository Writing for the Natural Sciences (4)
   SSCI 306. Expository Writing for the Social Sciences (4)

3. Military History
   HIST 603. Seminar in Modern Military History (4)
   Other classes may be substituted for those listed in each category upon approval of the military science staff.

Note: Some of these requirements are fulfilled by general education classes.

Option II (Two Year Program)

Program Requirements (32 units)

Basic Course Equivalent (2 units)
1. MILS 260. ROTC Basic Camp (2)

Advanced Course of Study (12 units)
1. Twelve units chosen from:
   MILS 351. Small Unit Operations I (2)
   MILS 352. Small Unit Operations II (2)
   MILS 353. Advanced Military Leadership and Management (2)
   MILS 451. Military Law (2)
   MILS 452. Contemporary Military Policy (2)
   MILS 453. Senior Leadership Seminar (2)
   MILS 595. Independent Study (2) may be repeated for a total of (4)

   Leadership Laboratory (6 units)

Students must be enrolled in the following each quarter they are enrolled in the ROTC program:
1. MILS 100. Leadership Laboratory (1 for a total of (6)

Note: In addition, a six-week advanced camp is required between the final two years of study.

In addition to the ROTC Curriculum, cadets must complete one of each of the following type courses in order to ensure they
have an understanding of skills, values, and knowledge beyond the military skills taught by the military science staff and the ROTC curriculum. These classes do not substitute for any military science classes and are in addition to the required classes for ROTC cadets.

Additional Requirements (12 units)

1. Computer Literacy
   Four units chosen from one of the following options:
   A. CSCI 121. Computer Technology and People (2) and CSCI 123. Using Computer Software (2)
   B. CSCI 121. Computer Technology and People (2) and CSCI 124. Exploring the Information Superhighway (2)
   C. CSCI 298. Application Software Topics (2) for a total of (4) as topics change
   D. INFO 102. Introduction to Information Technology (2) and INFO 103. Using Information Technology Applications (2)

2. Written Communications Skills
   Four units chosen from:
   A. EDUC 306. Expository Writing for Education (4)
   B. ENG 306. Expository Writing (4)
   C. HUM 306. Expository Writing for the Humanities (4)
   D. MGMT 306. Expository Writing for Administration (4)
   E. NSCI 306. Expository Writing for the Natural Sciences (4)
   F. SSCI 306. Expository Writing for the Social Sciences (4)

3. Military History
   HIST 603. Seminar in Modern Military History (4)

   Other classes may be substituted for those listed in each category upon approval of the military science staff.

   Note: Some of these requirements are fulfilled by general education classes.

# COURSE OFFERINGS IN MILITARY SCIENCE (MILS)

## Lower Division

**100. Leadership Laboratory**
Practicum in those skills taught in the classroom during other military science classes in the quarter. To include Small Unit Operations, such as patrolling, air mobile operations, rappelling and weapons qualification. Some training is conducted on weekends. This course is only open to enrolled Army ROTC cadets. The course must be taken each quarter the student is enrolled in the Military Science program. (1 unit)

**151. Basic Military Skills I**
Introduction to the role of the officer, the noncommissioned officer, and organization of the total Army. Formerly MILS 120. (2 units)

**152. Basic Military Skills II**
A continuation of basic military skills. Formerly MILS 146D. Prerequisite: MILS 151 or consent of instructor. (2 units)

**153. Basic Military Skills III**
A continuation of basic military skills. Formerly MILS 146E. Prerequisites: MILS 151 and 152 or consent of instructor. (2 units)

## Upper Division

**251. Leadership and Management I**
Introduction to leadership and management which develops technical skills that must be learned in order to perform as a leader. Students master technical aspects that are specific to the military profession. Prerequisites: MILS 151, 152, and 153 or consent of instructor. (2 units)

**252. Leadership and Management II**
Continuation of leadership and management skills. Prerequisite: MILS 251 or consent of instructor. (2 units)

**253. Leadership and Management III**
Continuation of leadership and management skills. Prerequisites: MILS 251 and 252 or consent of instructor. (2 units)

**260. ROTC Basic Camp**
ROTC Basic Camp is a six week course at FT Knox, KY. The basic camp offers students with no prior military training, or ROTC classes, the chance to enter the ROTC advanced program, if the student has two or more years of undergraduate or graduate study remaining. It is comparable to the first two years of the ROTC program. Prerequisite: consent of Military Science Department advisor. (2 units)

### 351. Small Unit Operations I
Current tactical doctrine as applied to small unit operations. Prerequisite: consent of instructor. (2 units)

**352. Small Unit Operations II**
Continuation of current tactical doctrine as applied to small unit operations, with special attention to the leader's role. Prerequisite: MILS 351. (2 units)

**353. Advanced Military Leadership and Management**
Leadership skills required of an ROTC cadet at advanced camp and as a junior officer in the armed forces. Prerequisite: MILS 352. (2 units)

**451. Military Law**
Military justice system, including a history of military law, philosophy and structure of the military justice system, courts-martial and alternatives to courts-martial. Prerequisite: consent of instructor. (2 units)

**452. Contemporary Military Policy**
Contemporary military policy and related subjects of topical military interest, including personal ethics, relevant to the training of junior-level officers. Prerequisite: consent of instructor. (2 units)

**453. Senior Leadership Seminar**
Leadership and management problems encountered in a company-sized unit, both in garrison and in the field, with emphasis on role of the junior officer. Prerequisite: consent of instructor. (2 units)

**595. Independent Study**
A directed reading and research course in contemporary military issues oriented towards a student's transition from cadet to commissioned officer. May be repeated twice for credit. Prerequisites: completion of all advanced military science courses and consent of instructor. (2 units)
The contemporary musician has a potential access to more kinds of music than ever before in history. The music curriculum—with courses in electronic music, performance, world music, historical studies, music education and integrated theory—reflects that diversity in that it offers programs for the student who wishes to enter the teaching profession, become a professional musician, pursue an advanced degree, or simply enrich his or her education.

Admission to the B.A. in Music, upon the approval of the music faculty, is based on: 1) a theory placement examination (proficiency in music fundamentals equal to that of MUS 100 and 101), 2) a piano proficiency audition, and 3) an applied music audition (performance proficiency equal to collegiate applied music at the 140-145 level).

Students entering the Composition Emphasis will be required to complete at least one year of applied vocal or instrumental music instruction (MUS 140-145) prior to acceptance into applied composition instruction (MUS 246).

Students whose performance competencies are deemed deficient by the music faculty will be required to enroll in preparatory applied music instruction for a total of three units. Units awarded for preparatory applied music instruction are not applicable to the music program nor a baccalaureate degree. These courses are graded credit/no credit.

Music majors will be required to present a public senior recital or project. Students who are accepted into the Performance/Composition Emphasis will be required to present a junior recital or project. The presentation of a recital or project must be approved by the faculty 3 at least 10 weeks prior to the proposed presentation date. At that time a list of probable repertoire outline of the project must be submitted.

Four weeks prior to the public performance, the student will present the proposed recital or project for faculty approval.

B.A. IN MUSIC
Requirements (96 units)
Total units required for graduation: 180

Requirements for the B.A. in Music:

Music Theory (24 units)
1. MUS 120. Theory I (3)
2. MUS 121. Theory I Laboratory (1)
3. MUS 122. Theory II (3)
4. MUS 123. Theory II Laboratory (1)
5. MUS 320. Theory III (3)
6. MUS 321. Theory III Laboratory (1)
7. MUS 322. Theory IV (3)
8. MUS 323. Theory IV Laboratory (1)
9. MUS 324. Theory V (3)
10. MUS 325. Theory V Laboratory (1)
11. MUS 542. Studies in Musical Organization (4)

Music History (16 units)
1. MUS 304. History of Music I (4)
2. MUS 305. History of Music II (4)
3. MUS 306. History of Music III (4)
4. MUS 350. Music of World Cultures (4)

Conducting (2 units)
1. MUS 210. Conducting (2)

Additional Requirements
1. Piano proficiency must be demonstrated by completing one of the following:
   A. MUS 222. Class Piano III (with a grade of "B" or better) (1)
   B. Successful completion of credit by examination administered by the department.
2. Nine units chosen from the student's area of study:
   MUS 140-145 (100-level Applied Study) (3)
   MUS 240-246 (200-level Applied Study) (3)
   MUS 340-346 (300-level Applied Study) (3)
3. Twelve units chosen from:
   MUS 380. Chamber Orchestra (1)
   MUS 381. Symphonic Band (1)
   MUS 385. Concert Choir (1)
4. Concert attendance:
   Six quarters of MUS 998. Concert Attendance; at least eight Music Department concerts, recitals and related programs must be attended per quarter.
5. One unit chosen from:
   MUS 598. Senior Project (1)
   MUS 599. Senior Recital (1)

Note: If student chooses MUS 599 to fulfill core requirement, MUS 440 level must be reached.

6. MUS 990. Music Comprehensive Assessment (0)

Emphases (31 units)
Thirty one units chosen from one of the following emphases:

Music Education Emphasis (31 units)
1. MUS 201A. Class Strings I (1)
2. MUS 201B. Class Strings II (1)
3. MUS 202A. Class Woodwinds I (1)
4. MUS 202B. Class Woodwinds II (1)
5. MUS 203A. Class Brass I (1)
274 / Music

General Music Studies Emphasis (31 units)
1. MUS 266. Introduction to Computer and Electronic Music (4)
2. Four units chosen from:
   - MUS 351. Latin American Music (4)
   - MUS 352. African American Music (4)
   - MUS 360. Music in the United States (4)
3. Four units chosen from:
   - MUS 400. Studies in Composers (4)
   - MUS 402. Studies in Genres (4)
   - MUS 426. Studies in Music History (4)
4. MUS 528. Special Projects (2)
5. Music Electives (9 units)
   Nine units of music courses, subject to approval of advisor.
6. Electives (8 units)
   Eight units chosen from courses offered in the College of Arts and Letters which may include music courses, subject to approval of advisor.

Music Technology Emphasis (31 units)
1. MUS 266. Introduction to Computer and Electronic Music (4)
2. MUS 267. Introduction to Studio Recording Techniques (4)
3. MUS 416. Advanced Computer and Electronic Music (4)
4. MUS 427. Advanced Studio Recording Techniques (4)
5. MUS 429. Topics in Music Technology (4)
6. MUS 447. Applied Technology (1) for a total of (3)
7. MUS 528. Special Topics (4)
8. Music Electives (4)
   Four units chosen from music courses, with approval of advisor.

Musical Theatre Emphasis (31 units)
1. Six units from A or B:
   A. TA 251. Acting I: Games and Exercises (3)
   TA 252. Acting II: Creating a Role (3)
   B. TA 245. Beginning Theatre Movement (2)
   TA 385. Acting for Non-Majors (4)
2. TA 131. Makeup for Stage and Screen (3)
3. DAN 300E. Dance Technique: Musical Theatre (2)
4. Four units chosen from:
   - MUS 401. Musical Theatre Production (2)
   - MUS 402. Musical Theatre Production (2)
   - MUS 406. Orchestration (2)
   - MUS 408. Arranging (2)
5. Two units chosen from:
   - MUS 401. Musical Theatre Production (2)
   - MUS 402. Musical Theatre Production (2)
   - MUS 406. Orchestration (2)
   - MUS 408. Arranging (2)
6. Applied Study
   Three units chosen from one of the following:
   - MUS 440. Upper-Division Voice II (1) for a total of (3)
   - MUS 441. Upper-Division Keyboard Instrument II (1) for a total of (3)
   - MUS 442. Upper-Division String Instrument II (1) for a total of (3)
   - MUS 443. Upper-Division Wind Instrument II (1) for a total of (3)
   - MUS 444. Upper-Division Brass Instrument II (1) for a total of (3)
   - MUS 445. Upper-Division Percussion Instrument II (1) for a total of (3)
   - MUS 446. Upper-Division Composition II (1) for a total of (3)
   - MUS 447. Applied Technology (1) for a total of (3)
7. One unit chosen from:
   - MUS 498. Junior Project (1)
   - MUS 499. Junior Recital (1)
8. Music Electives (12 units)
   Twelve units of music courses related to the student's area of study (composition, instrumental, vocal, technology), subject to approval of advisor.

Performance/Composition Emphasis (31 units)
1. One unit chosen from:
   - MUS 208. Vocal Music Literature (1)
   - MUS 209. Instrumental Music Literature (1)
2. Four units chosen from:
   - MUS 266. Introduction to Computer and Electronic Music (4)
   - MUS 267. Introduction to Studio Recording Techniques (4)
3. Two units chosen from:
   - MUS 301. Choral Conducting (2)
   - MUS 303. Instrumental Conducting (2)
4. MUS 406. Orchestration (2)
5. MUS 408. Arranging (2)
6. Four units chosen from:
   - MUS 400. Studies in Composers (4)
   - MUS 402. Studies in Genres (4)
   - MUS 426. Studies in Music History (4)
7. Applied Study
   Three units chosen from one of the following:
   - MUS 440. Upper-Division Voice II (1) for a total of (3)
   - MUS 441. Upper-Division Keyboard Instrument II (1) for a total of (3)
   - MUS 442. Upper-Division String Instrument II (1) for a total of (3)
   - MUS 443. Upper-Division Wind Instrument II (1) for a total of (3)
   - MUS 444. Upper-Division Brass Instrument II (1) for a total of (3)
   - MUS 445. Upper-Division Percussion Instrument II (1) for a total of (3)
   - MUS 446. Upper-Division Composition II (1) for a total of (3)
   - MUS 447. Applied Technology (1) for a total of (3)
8. One unit chosen from:
   - MUS 498. Junior Project (1)
   - MUS 499. Junior Recital (1)
9. Music Electives (12 units)
   Twelve units of music courses related to the student's area of study (composition, instrumental, vocal, technology), subject to approval of advisor.
TA 320B. Performance Practicum: Imagination Players (2)
TA 320C. Performance Practicum: Touring Theatre (2)
TA 320D. Performance Practicum: Special Projects (2)
TA 320F. Performance Practicum: Dance Performance (2)

9. MUS 340. Upper-Division Voice I (1) for a total of (3)
10. Electives (3 units)

Three units of music, theatre arts, or dance courses with approval of advisor.

Ethnomusicology Emphasis (31 units)

1. MUS 267. Introduction to Studio Recording Techniques (4)
2. Four units chosen from:
   MUS 308. Women in Music (4)
   MUS 400. Studies in Composers (4)
   MUS 401. Musical Theatre (4)
   MUS 402. Studies in Genres (4)
   MUS 426. Studies in Music History (4)
   MUS 510. Special Topics in Music (4)
3. Eight units chosen from:
   MUS 351. Latin American Music (4)
   MUS 352. African American Music (4)
   MUS 360. Music in the United States (4)
4. MUS 528. Special Projects (3) (used in preparation for senior project)
5. ANTH 102. Introduction to Anthropology: Culture and Society (4)
6. Electives (8 units)

Eight units of upper-division anthropology courses, subject to approval of advisor.

Music History Emphasis (31 units)

1. Eight units chosen from:
   MUS 308. Women in Music (4)
   MUS 400. Studies in Composers (4)
   MUS 402. Studies in Genres (4)
   MUS 426. Studies in Music History (4)
   MUS 510. Special Topics in Music (4)
2. Eight units chosen from:
   MUS 351. Latin American Music (4)
   MUS 352. African American Music (4)
   MUS 360. Music in the United States (4)
3. MUS 528. Special Projects (3) (used in preparation for senior project)
4. HIST 490. The Study of History (4)
5. Electives (8 units)

Eight units of upper-division history courses, subject to approval of advisor.

TEACHING CREDENTIAL PROGRAM

Students wishing to be recommended for the single subject teaching credential in music must complete the core requirements and Music Education Emphasis of the major in music, as well as certain prerequisites to the teacher education program. For information about the professional education component of the credential program, admission to the teacher education program and specific requirements for the single subject waiver program see Page 156 of this catalog, or contact the Credentials Office (C.A.S.E.).

MINOR IN MUSIC

Requirements (28 units)

Requirements for a minor in Music:
1. MUS 120. Theory I (3) and
2. MUS 121. Theory I Laboratory (1)
3. MUS 122. Theory II (3) and
4. MUS 123. Theory II Laboratory (1)
5. MUS 180. Studies in Music (4)
6. MUS 208. Vocal Music Literature (1)
7. MUS 209. Instrumental Music Literature (1)
8. MUS 220. Class Piano I (1)
9. MUS 221. Class Piano II (1)
10. Electives (8 units)

Four units of music courses at the upper-division level.

MINOR IN RECORDING ARTS

Requirements (28 units)

Requirements for a minor in Recording Arts:
1. MUS 120. Theory I (3) and
2. MUS 121. Theory I Laboratory (1)
3. MUS 122. Theory II (3) and
4. MUS 123. Theory II Laboratory (1)
5. MUS 208. Vocal Music Literature (1)
6. MUS 209. Instrumental Music Literature (1)
7. MUS 220. Class Piano I (1)
8. MUS 221. Class Piano II (1)
10. Electives (8 units)

Four units of recording arts courses at the upper-division level.

HONORS IN MUSIC

To be awarded honors in Music, music majors must:
1. Achieve a university grade point average of 3.6 or higher;
2. Achieve a Music Department grade point average of 3.8 or higher;
3. Achieve a major GPA of at least 3.25.
4. Complete the Music Major major requirements with a major GPA of at least 3.6.
5. Complete the Music Major major requirements with a major GPA of at least 3.6.
6. Complete the Music Major major requirements with a major GPA of at least 3.6.
7. Complete the Music Major major requirements with a major GPA of at least 3.6.
8. Complete the Music Major major requirements with a major GPA of at least 3.6.
9. Complete the Music Major major requirements with a major GPA of at least 3.6.
10. Complete the Music Major major requirements with a major GPA of at least 3.6.
11. Complete the Music Major major requirements with a major GPA of at least 3.6.
12. Complete the Music Major major requirements with a major GPA of at least 3.6.
13. Complete the Music Major major requirements with a major GPA of at least 3.6.
14. Complete the Music Major major requirements with a major GPA of at least 3.6.
15. Complete the Music Major major requirements with a major GPA of at least 3.6.
16. Complete the Music Major major requirements with a major GPA of at least 3.6.
17. Complete the Music Major major requirements with a major GPA of at least 3.6.
18. Complete the Music Major major requirements with a major GPA of at least 3.6.
19. Complete the Music Major major requirements with a major GPA of at least 3.6.
20. Complete the Music Major major requirements with a major GPA of at least 3.6.
21. Complete the Music Major major requirements with a major GPA of at least 3.6.
22. Complete the Music Major major requirements with a major GPA of at least 3.6.
23. Complete the Music Major major requirements with a major GPA of at least 3.6.
24. Complete the Music Major major requirements with a major GPA of at least 3.6.
25. Complete the Music Major major requirements with a major GPA of at least 3.6.
26. Complete the Music Major major requirements with a major GPA of at least 3.6.
27. Complete the Music Major major requirements with a major GPA of at least 3.6.
28. Complete the Music Major major requirements with a major GPA of at least 3.6.
29. Complete the Music Major major requirements with a major GPA of at least 3.6.
30. Complete the Music Major major requirements with a major GPA of at least 3.6.
31. Complete the Music Major major requirements with a major GPA of at least 3.6.
32. Complete the Music Major major requirements with a major GPA of at least 3.6.
33. Complete the Music Major major requirements with a major GPA of at least 3.6.
34. Complete the Music Major major requirements with a major GPA of at least 3.6.
35. Complete the Music Major major requirements with a major GPA of at least 3.6.
36. Complete the Music Major major requirements with a major GPA of at least 3.6.
37. Complete the Music Major major requirements with a major GPA of at least 3.6.
38. Complete the Music Major major requirements with a major GPA of at least 3.6.
39. Complete the Music Major major requirements with a major GPA of at least 3.6.
40. Complete the Music Major major requirements with a major GPA of at least 3.6.
41. Complete the Music Major major requirements with a major GPA of at least 3.6.
42. Complete the Music Major major requirements with a major GPA of at least 3.6.
43. Complete the Music Major major requirements with a major GPA of at least 3.6.
44. Complete the Music Major major requirements with a major GPA of at least 3.6.
45. Complete the Music Major major requirements with a major GPA of at least 3.6.
46. Complete the Music Major major requirements with a major GPA of at least 3.6.
47. Complete the Music Major major requirements with a major GPA of at least 3.6.
48. Complete the Music Major major requirements with a major GPA of at least 3.6.
49. Complete the Music Major major requirements with a major GPA of at least 3.6.
50. Complete the Music Major major requirements with a major GPA of at least 3.6.
51. Complete the Music Major major requirements with a major GPA of at least 3.6.
52. Complete the Music Major major requirements with a major GPA of at least 3.6.
53. Complete the Music Major major requirements with a major GPA of at least 3.6.
54. Complete the Music Major major requirements with a major GPA of at least 3.6.
55. Complete the Music Major major requirements with a major GPA of at least 3.6.
56. Complete the Music Major major requirements with a major GPA of at least 3.6.
57. Complete the Music Major major requirements with a major GPA of at least 3.6.
58. Complete the Music Major major requirements with a major GPA of at least 3.6.
59. Complete the Music Major major requirements with a major GPA of at least 3.6.
60. Complete the Music Major major requirements with a major GPA of at least 3.6.
3. Demonstrate superior ability in musical performance, composition or scholarship as determined by judgment of Music Department faculty. This may be based on a project, performance, competition, teaching or other activity on or off campus;
4. In special circumstances the department may grant honors to students who fail to meet all the above requirements, but have in some other way demonstrated exceptional achievement in the field of music.

COURSE OFFERINGS IN MUSIC (MUS)

THEORY

The integrated music theory courses are the core of a program which seeks to develop in the student ability to cope with any aural experience. The courses deal with the materials of music and how they combine to create musical structures, analysis of representative works and continued development of the musical ear and keyboard facility. Designed primarily for the music major and the liberal arts student with a serious interest in music.

Lower Division

100. Basic Musicianship
Rudiments of music: pitch, rhythm, scales, melody. Must be taken concurrently with MUS 101. (3 units)

101. Basic Musicianship Laboratory
Applied musicianship experience including sightsinging, dictation, and introductory keyboard activity. Credits may not be counted toward fulfilling the requirements of the music major. Must be taken concurrently with MUS 100. (1 unit)

120. Theory I
Basic materials of music and how they combine to create musical structures. Analysis of representative works is combined with creative work in counterpoint and harmony. Must be taken concurrently with MUS 121. Formerly MUS 111. Prerequisites: MUS 100 and 101 or equivalent or placement examination or consent of instructor. (3 units)

121. Theory I Laboratory
Continuation of MUS 101. Applied musicianship experience including sightsinging, dictation, and keyboard activity. Must be taken concurrently with MUS 120. Prerequisites: MUS 100 and 101 or equivalent or placement examination. (1 unit)

122. Theory II
Continuation of MUS 120. Must be taken concurrently with MUS 123. Formerly MUS 112. Prerequisites: MUS 120 and 121 or equivalent or consent of instructor. (3 units)

123. Theory II Laboratory
Continuation of MUS 121. Applied musicianship experience including sightsinging, dictation, and keyboard activity. Must be taken concurrently with MUS 122. Prerequisites: MUS 120 and 121 or equivalent. (1 unit)

Upper Division

320. Theory III
Melody, harmony and texture as they relate to musical structure; extension of tonality and its eventual evolution into twentieth century practice; analysis of representative compositions. Must be taken concurrently with MUS 321. Formerly MUS 313. Prerequisites: MUS 122 and 123 or equivalent, or consent of instructor. (3 units)

321. Theory III Laboratory
Continuation of sightsinging, ear and keyboard training. Must be taken concurrently with MUS 320. Prerequisites: MUS 122 and 123 or equivalent or consent of instructor. (1 unit)

322. Theory IV
Continuation of MUS 320. Must be taken concurrently with MUS 323. Formerly MUS 314. Prerequisites: MUS 320 and 321 or equivalent or consent of instructor. (3 units)

323. Theory IV Laboratory
Continuation of MUS 321. Must be taken concurrently with MUS 322. Prerequisites: MUS 320 and 321 or equivalent or consent of instructor. (1 unit)

324. Theory V
Continuation of MUS 322. Must be taken concurrently with MUS 325. Formerly MUS 315. Prerequisites: MUS 322 and 323 or equivalent or consent of instructor. (3 units)

325. Theory V Laboratory
Continuation of MUS 323. Must be taken concurrently with MUS 324. Prerequisites: MUS 322 and 323 or equivalent or consent of instructor. (1 unit)

542. Studies in Musical Organization
Intensive study of aspects of musical organization: tonal, melodic and rhythmic. Prerequisite: satisfactory completion of MUS 315 or equivalent. (4 units)

HISTORY AND LITERATURE

These courses are concerned with musical ideas and styles, as well as social and aesthetic factors influencing sounds composers ultimately preferred and organized.

Lower Division

180. Studies in Music
Exploration of the elements of music and the nature of meaning and musical style, with emphasis on listening and analysis. (GE=C.1) (4 units)

208. Vocal Music Literature
A survey of major works of solo and ensemble vocal literature. (1 unit)

209. Instrumental Music Literature
A survey of major works of solo and ensemble instrumental literature. (1 unit)

225. Music in the Theatre
A survey of music as it is allied with drama, dance and film. (4 units)

235. Popular Music Literature
A survey of the contributions of operetta, show-tune styles, gospel music, the blues, "standards" of the 30s and 40s, folk and country music, rhythm-and-blues, early rock-and-roll, and the more contemporary and progressive styles of rock, pop and new wave music to twentieth century American popular culture. (4 units)
Upper Division

304. History of Music I
Development of Western music from antiquity through the Renaissance, with emphasis on analysis, listening and individual study. Prerequisites: MUS 122 and 123 or consent of instructor. (4 units)

305. History of Music II
Continuation of MUS 304. Baroque to the late nineteenth century. Prerequisites: MUS 122 and 123 or consent of instructor. (4 units)

306. History of Music III
Continuation of MUS 305. Late Romantic to the present. Prerequisites: MUS 122 and 123 or consent of instructor. (4 units)

308. Women in Music
Contributions of women to the occidental and non-Western musical heritage in the areas of composition, performance and dance. (GE=G.2) (4 units)

400. Studies in Composers
Intensive study in the life and works of a particular composer. Content will vary. May be repeated for credit as topics change. Prerequisite: MUS 306 or consent of instructor. (4 units)

401. Musical Theatre
History of musical theatre, literature and production. Also offered as TA 401, students may not receive credit for both. (4 units)

402. Studies in Genres
Intensive study of a particular genre or form, such as symphony, concerto, oratorio, opera. Content will vary. May be repeated for credit as topics change. Prerequisite: MUS 306 or consent of instructor. (4 units)

406. Orchestration
Instrumental literature and orchestration, including study of the instruments of the orchestra and writing for instrumental groups. Prerequisites: MUS 122 and 123 or consent of instructor. (2 units)

408. Arranging
Continuation of MUS 406. Techniques of arranging for instrumental and vocal groups. Prerequisite: MUS 406 or consent of instructor. (2 units)

426. Studies in Music History
Intensive study in selected style periods of music. May be repeated for credit as topics change. Prerequisites: MUS 304, 305 and 306 or consent of instructor. (4 units)

510. Special Topics in Music
Areas of special interest in the various fields of music selected for special presentation and development. May be repeated for credit as topics change. Prerequisite: consent of instructor. (4 units)

WORLD MUSIC
The following courses are concerned with music as it has developed and as it exists in various cultures of the world. Courses include background necessary to enable the student to understand the role of music in particular societies. Visiting faculty and guest musicians when possible. No prerequisites. Non-music majors encouraged to enroll.

Upper Division

350. Music of World Cultures
A study of the major musical traditions of the world in their cultural context. (GE=G.2) (4 units)

351. Latin American Music
An overview of the history and current performance practices of classical, folk, and popular music of Latin America. (4 units)

352. African American Music
Historical development of the African American musical heritage. (4 units)

360. Music in the United States
Primarily concerned with music not directly related to Western European classical traditions: folk heritage and blues tradition. (4 units)

COMPOSITION
Working creatively with sound in a relatively unstructured situation. Experimentation is encouraged, based on individual abilities and preferences.

Lower Division

266. Introduction to Computer and Electronic Music
An introduction to the history, development and practice of computer and electronic music. Non-majors are encouraged to enroll. (4 units)

Upper Division

416. Advanced Computer and Electronic Music
Intensive study in the history, development and practice of computer and electronic music. Prerequisites: MUS 266 or consent of instructor. (4 units)

COMMERCIAL MUSIC

Lower Division

267. Introduction to Studio Recording Techniques
Introductory course dealing with microphone techniques, aspects of recording, multi-tracking, mix-down and editing. (4 units)

Upper Division

414. Commercial Arranging
Arranging and composition techniques for groups of varied instrumentation, incorporating concepts of jazz and commercial applications. Prerequisites: MUS 406 and 408 or consent of instructor. (2 units)
204. Class Percussion
A. I: Beginning study of percussion instruments. A minimum of one additional hour per quarter of guided field experience at an approved setting is required. (1 unit)
B. II: Continued study of percussion instruments. A minimum of one additional hour per quarter of guided field experience at an approved setting is required. Prerequisite: MUS 204A. (1 unit)

205. Class Guitar
A. I: Beginning study of guitar. (1 unit)
B. II: Continued study of guitar. (1 unit)

206. Class Voice
Fundamentals of singing, voice production and diction. A minimum of one additional hour per quarter of guided field experience at an approved setting is required. (1 unit)

207. Diction for Singers
Proper diction and pronunciation used in English, Latin, Italian, French and German vocal literature. Examples drawn from standard vocal literature. (1 unit)

210. Conducting
Introduction to basic conducting techniques. A minimum of two additional hours per quarter of guided field experience at an approved setting is required. (2 units)

220. Class Piano I
Basic keyboard techniques, including music reading, keyboard harmony and improvisation. Credit may not be counted toward fulfilling requirements of the music major. (1 unit)

221. Class Piano II
Basic keyboard techniques, including music reading, keyboard harmony and improvisation. Credit may not be counted toward fulfilling requirements of the music major. (1 unit)

222. Class Piano III
Basic keyboard techniques, including music reading, keyboard harmony and improvisation. (1 unit)

Upper Division

301. Choral Conducting
Techniques and skills employed in the performance of choral literature. A minimum of two additional hours per quarter of guided field experience at an approved setting is required. Prerequisite: MUS 210. (2 units)

302. Music Theatre Production
(2 units)

303. Instrumental Conducting
Techniques and skills employed in the performance of instrumental literature. A minimum of two additional hours per quarter of guided field experience at an approved setting is required. Prerequisite: MUS 210. (2 units)
410. Music in the Elementary Schools
Materials and objectives in teaching music at the elementary school, including specialized instrumental and choral programs, singing and listening activities, and the use of simple instruments appropriate to child growth and development. Field work is included. Prerequisite: MUS 315 or consent of instructor. (4 units)

411. Teaching Music in Secondary Schools
Materials and objectives for teaching music in the secondary schools, including specialized instrumental and choral programs and marching band techniques. Field work is included. Prerequisite: MUS 315 or consent of instructor. (4 units)

513. Orff Schulwerk Level I
Music learning and teaching through the application of the Orff Schulwerk approach. Prerequisite: consent of instructor. (4 units)

514. Orff Schulwerk Level II
Music learning and teaching through the application of the Orff Schulwerk approach. Prerequisite: MUS 513. (4 units)

516. Teaching Recorder in the Elementary Classroom I
Development of personal performance skills on the soprano and tenor recorders as well as developing instructional skills in teaching these recorders in the elementary schools. (2 units)

517. Teaching Recorder in the Elementary Classroom II
Development of personal performance skills on the alto and bass recorders as well as developing instructional skills in teaching these recorders in the elementary school. Prerequisite: MUS 516. (2 units)

519. Audio Production
Methods for creating appropriate musical/audio instructional materials using basic audio production equipment. Does not count toward the music major. (2 units)

531. Musical Development for the Elementary Teacher
A correlated study of the fundamentals of music (melody, harmony and rhythm) through the development of the three basic music skills of critical listening, accurate performance and music literacy (reading and writing music notation). Music performance techniques include the development of singing and instrumental proficiency on the soprano recorder and various elementary classroom rhythm and mallet instruments. Designed for the elementary teacher in accordance with California and National standards for the arts. Not open to majors in music. Six hours of fine arts activity. (3 units)

535. Computer Studies for Music Teachers
This course is intended for music teachers who wish to become familiar not only with hardware, music software, and basic computer music operations, but also with the specific uses of computer technology in the music classroom. Prerequisite: CSCI 127. (2 units)

550. Music in the Elementary Classroom
Development of musical goals, behavioral objectives, teaching strategies, and the writing of lesson plans for music in the elementary schools, K-6. May not be counted toward fulfilling requirements in the major. Prerequisite: MUS 100 or 531 or consent of instructor. (4 units)

570. Music Creativity for the Elementary Classroom
Composing music and lyrics for the elementary classroom using typical school instruments. Prerequisite: MUS 100 or 531, or consent of instructor. (4 units)

APPLIED MUSIC
Music majors are required to take a minimum of nine units of applied music. Permission to register in either lower- or upper-division applied music lessons can be granted only after a placement audition and the approval of the full-time music faculty. Applied music lessons are available to music majors only.

For students planning a career in music education, it is strongly recommended that, in addition to the nine-unit requirement on a major instrument, three units of applied music study on a secondary instrument be included.

All music majors are required to study on their major instrument a minimum of nine quarters while they are in residence. Applied instruction at the preparatory MUS 80-85 level does not apply toward the degree or major. Enrollment in Preparatory Applied MUS 80-85 is permitted for a maximum of three units.

MUS 80. Preparatory Voice (1)
MUS 81. Preparatory Piano (1)
MUS 82. Preparatory String Instrument
   A. Violin (1)
   B. Viola (1)
   C. Bass (1)
   D. Guitar (1)
MUS 83. Preparatory Wind Instrument
   A. Flute (1)
   B. Clarinet (1)
   C. Oboe (1)
   D. Bassoon (1)
   E. Saxophone (1)
MUS 84. Preparatory Brass Instrument
   A. Trumpet (1)
   B. Horn (1)
   C. Trombone (1)
   D. Tuba (1)
MUS 85. Preparatory Percussion (1)

80. Preparatory Voice
One-half hour per week of private instruction. Open only to prospective music majors whose performance proficiency is below the collegiate level of MUS 140-147. Applied instruction at the preparatory MUS 80-85 level does not apply toward the degree or major. Enrollment in Preparatory Applied MUS 80-85 is permitted for a maximum of three units. Graded credit/no credit. (1 unit)
280 / Music

81. Preparatory Piano
One-half hour per week of private instruction. Open only to prospective music majors whose performance proficiency is below the collegiate level of MUS 241. Credit does not apply toward the degree or major. May be repeated for a maximum of three units. Graded credit/no credit. (1 unit)

82. Preparatory String Instrument
One-half hour per week of private instruction. Open only to prospective music majors whose performance proficiency is below the collegiate level of MUS 242. Credit does not apply toward the degree or major. May be repeated for a maximum of three units. Graded credit/no credit.
A. Violin (1 unit)
B. Viola (1 unit)
C. Cello (1 unit)
D. Bass (1 unit)
E. Guitar (1 unit)

83. Preparatory Wind Instrument
One-half hour per week of private instruction. Open only to prospective music majors whose performance proficiency is below the collegiate level of MUS 243. Credit does not apply toward the degree or major. May be repeated for a maximum of three units. Graded credit/no credit.
A. Flute (1 unit)
B. Clarinet (1 unit)
C. Oboe (1 unit)
D. Bassoon (1 unit)
E. Saxophone (1 unit)

84. Preparatory Brass Instrument
One-half hour per week of private instruction. Open only to prospective music majors whose performance proficiency is below the collegiate level of MUS 244. Credit does not apply toward the degree or major. May be repeated for a maximum of three units. Graded credit/no credit.
A. Trumpet (1 unit)
B. Horn (1 unit)
C. Trombone (1 unit)
D. Tuba (1 unit)

85. Preparatory Percussion
One-half hour per week of private instruction. Open only to prospective music majors whose performance proficiency is below the collegiate level of MUS 245. Credit does not apply toward the degree or major. May be repeated for a maximum of three units. Graded credit/no credit. (1 unit)

Lower Division
The following music courses are available to undergraduate music majors only:

140. Lower-Division Voice I
One-half hour per week of private instruction. Prerequisites: placement audition and approval of music faculty. (1 unit)

141. Lower-Division Keyboard Instrument I
One-half hour per week of private instruction. Prerequisites: placement audition and approval of music faculty.
A. Piano (1 unit)
B. Organ (1 unit)
C. Harpsichord (1 unit)

142. Lower-Division String Instrument I
One-half hour per week of private instruction. Prerequisites: placement audition and approval of music faculty.
A. Violin (1 unit)
B. Viola (1 unit)
C. Cello (1 unit)
D. Bass (1 unit)
E. Guitar (1 unit)

143. Lower-Division Wind Instrument I
One-half hour per week of private instruction. Prerequisites: placement audition and approval of music faculty.
A. Flute (1 unit)
B. Clarinet (1 unit)
C. Oboe (1 unit)
D. Bassoon (1 unit)
E. Saxophone (1 unit)

144. Lower-Division Brass Instrument I
One-half hour per week of private instruction. Prerequisites: placement audition and approval of music faculty.
A. Trumpet (1 unit)
B. Horn (1 unit)
C. Trombone (1 unit)
D. Tuba (1 unit)

145. Lower-Division Percussion Instrument I
One-half hour per week of private instruction. Prerequisites: placement audition and approval of music faculty. (1 unit)

240. Lower-Division Voice II
One-half hour per week of private instruction. Prerequisites: placement audition and approval of music faculty. (1 unit)

241. Lower-Division Keyboard Instrument II
One-half hour per week of private instruction. Prerequisites: placement audition and approval of music faculty.
A. Piano (1 unit)
B. Organ (1 unit)
C. Harpsichord (1 unit)

242. Lower-Division String Instrument II
One-half hour per week of private instruction. Prerequisites: placement audition and approval of music faculty.
A. Violin (1 unit)
B. Viola (1 unit)
C. Cello (1 unit)
D. Bass (1 unit)
E. Guitar (1 unit)

243. Lower-Division Wind Instrument II
One-half hour per week of private instruction. Prerequisites: placement audition and approval of music faculty.
A. Flute (1 unit)
B. Clarinet (1 unit)
C. Oboe (1 unit)
D. Bassoon (1 unit)
E. Saxophone (1 unit)

244. Lower-Division Brass Instrument II
One-half hour per week of private instruction. Prerequisites: placement audition and approval of music faculty.
A. Trumpet (1 unit)
B. Horn (1 unit)
C. Trombone (1 unit)
D. Tuba (1 unit)
245. Lower-Division Percussion Instrument II
One-half hour per week of private instruction. Prerequisites: placement audition and approval of music faculty. (1 unit)

246. Lower-Division Composition
One-half hour per week of private instruction. Prerequisites: MUS 122 and 123 or equivalent, at least one year of applied vocal or instrumental instruction at the collegiate level (MUS 140-145), a placement audition, and approval of music faculty. (1 unit)

Upper Division

340. Upper-Division Voice I
One-half hour per week of private instruction. Prerequisites: placement audition and approval of music faculty. (1 unit)

341. Upper-Division Keyboard Instrument I
One-half hour per week of private instruction. Prerequisites: placement audition and approval of music faculty.  
A. Piano (1 unit) 
B. Organ (1 unit) 
C. Harpsichord (1 unit)

342. Upper-Division String Instrument I
One-half hour per week of private instruction. Prerequisites: placement audition and approval of music faculty. 
A. Violin (1 unit) 
B. Viola (1 unit) 
C. Cello (1 unit) 
D. Bass (1 unit) 
E. Guitar (1 unit)

343. Upper-Division Wind Instrument I
One-half hour per week of private instruction. Prerequisites: placement audition and approval of music faculty. 
A. Flute (1 unit) 
B. Clarinet (1 unit) 
C. Oboe (1 unit) 
D. Bassoon (1 unit) 
E. Saxophone (1 unit)

344. Upper-Division Brass Instrument I
One-half hour per week of private instruction. Prerequisites: placement audition and approval of music faculty. 
A. Trumpet (1 unit) 
B. Horn (1 unit) 
C. Trombone (1 unit) 
D. Tuba (1 unit)

345. Upper-Division Percussion Instrument I
One-half hour per week of private instruction. Prerequisites: placement audition and approval of music faculty. (1 unit)

346. Upper-Division Composition I
One-half hour per week of private instruction. Prerequisites: placement audition and approval of music faculty. (1 unit)

440. Upper-Division Voice II
One-half hour per week of private instruction. Prerequisites: placement audition and approval of music faculty. (1 unit)

441. Upper-Division Keyboard Instrument II
One-half hour per week of private instruction. Prerequisites: placement audition and approval of music faculty.  
A. Piano (1 unit) 
B. Organ (1 unit) 
C. Harpsichord (1 unit)

442. Upper-Division String Instrument II
One-half hour per week of private instruction. Prerequisites: placement audition and approval of music faculty.  
A. Violin (1 unit)  
B. Viola (1 unit) 
C. Cello (1 unit) 
D. Bass (1 unit) 
E. Guitar (1 unit)

443. Upper-Division Wind Instrument II
One-half hour per week of private instruction. Prerequisites: placement audition and approval of music faculty.  
A. Flute (1 unit)  
B. Clarinet (1 unit) 
C. Oboe (1 unit) 
D. Bassoon (1 unit) 
E. Saxophone (1 unit)

444. Upper-Division Brass Instrument II
One-half hour per week of private instruction. Prerequisites: placement audition and approval of music faculty.  
A. Trumpet (1 unit)  
B. Horn (1 unit) 
C. Trombone (1 unit) 
D. Tuba (1 unit)

445. Upper-Division Percussion Instrument II
One-half hour per week of private instruction. Prerequisites: placement audition and approval of music faculty. (1 unit)

446. Upper-Division Composition II
One-half hour per week of private instruction. Prerequisites: placement audition and approval of music faculty. (1 unit)

447. Applied Technology
Individual instruction in applied music technology and directed study in characteristic repertoire, live performance, digital programming, and creative layering of sound. One-half hour per week of private instruction. Prerequisites: MUS 416, 418 or 429. (1 unit)

498. Junior Project
Independent study with applied instructor or principal instructor in area of emphasis. Prerequisites: junior standing and consent of department. Formerly MUS 992. (1 unit)

499. Junior Recital
Preparation for recital with applied instructor. Prerequisites: junior standing, attained 300-level in applied study, and consent of department. Formerly MUS 995. (1 unit)

598. Senior Project
Independent study with applied music instructor or principal instructor in area of emphasis. Prerequisites: senior standing and consent of department. Formerly MUS 993. (1 unit)
### 282 / Music

599. **Senior Recital**  
Preparation for recital with applied instructor. Prerequisites: senior standing, attained 400-level in applied study, and consent of department. Formerly MUS 996. (1 unit)

**PERFORMANCE ORGANIZATIONS**

Participation in performance organizations may be repeated for credit.

**Upper Division**

380. **Chamber Orchestra**  
Performance of representative orchestral literature. Prerequisite: consent of instructor. (1 unit)

381. **Symphonic Band**  
Performance of representative symphonic band literature. (1 unit)

382. **Chamber Music**  
Performance of small ensemble music as determined by available instrumentation. Prerequisite: consent of instructor.  
A. Woodwinds (1 unit)  
B. Percussion (1 unit)  
C. Flute Choir (1 unit)  
D. Brass Quintet (1 unit)  
E. Saxophone (1 unit)  
F. Guitar Ensemble (1 unit)  
G. Clarinet Ensemble (1 unit)

385. **Concert Choir**  
Performance of representative choral literature. (1 unit)

386. **Chamber Singers**  
Prerequisite: consent of instructor. (1 unit)

387. **Opera Workshop**  
Prerequisite: consent of instructor. (1 unit)

388. **Women’s Chorus**  
Performance of representative choral literature for women’s ensemble. (1 unit)

389. **Chamber Winds**  
Performance of representative literature for wind ensemble. Prerequisite: consent of instructor. (1 unit)

391. **Jazz Ensemble**  
Performance of representative jazz ensemble literature. Prerequisite: consent of instructor. (1 unit)

392. **Show Choir**  
A highly select "show choir" dedicated to the performance of American popular music, such as Broadway, jazz, and other styles. Active performance schedule can be expected. Prerequisite: consent of instructor. (1 unit)

393. **Collegium Musicum**  
Performance of representative vocal and instrumental literature from the Medieval and Renaissance periods. Four hours activity per week. Prerequisite: consent of instructor. (1 unit)

395. **Symphonic Choir**  
Performance of major works for large choral ensemble. Will present at least one public performance per quarter. Open to all students by audition. Prerequisite: consent of instructor. (1 unit)

396. **Reverence Singers**  
Performance of vocal literature from the Afro-American tradition. (1 unit)

**COMMUNITY SERVICE PROJECT**

**Upper Division**

399. **Community Service Project**  
Credit for performing academically related tasks in such agencies as governmental, social service and educational institutions. May be repeated for a total of six units. No more than six units of credit for Community Service Project courses may be applied toward degree requirements. Graded credit/no credit. Prerequisite: consent of instructor. (Credit to be arranged: 1 or 2 units)

Graduate level courses can be found on Page 471.
NATURAL SCIENCES
College of Natural Sciences
Biological Sciences Building, Room 132
880-5300

The university offers courses of an interdisciplinary nature but no degree program under the natural sciences designation.

COURSE OFFERINGS IN NATURAL SCIENCES (NSCI)

Lower Division

110. Health and Self Care
Health knowledge pertaining to the integrated person. Emphasis on self-care and knowledge and skills for evaluating and maintaining one's own health. (GE=E.1) (2 units)

295. Special Projects in Natural Science
Individual investigation, research, study or survey of selected problems. Prerequisite: consent of instructor. (Credit to be arranged: 1 or 2 units)

296. Special Projects in Natural Science
Individual investigation, research, study or survey of selected laboratory problems. Prerequisite: consent of instructor. (Credit to be arranged: 1 or 2 units)

Upper Division

300. Science and Technology
Relationship between science and technology—past, present and future—with case studies of the energy crisis, the technology of pollution control and recycling, automation, computers, technology assessment and other contemporary issues. Prerequisite: junior or senior standing. (GE=B.5) (4 units)

306. Expository Writing for the Natural Sciences
Writing on topics related to the natural sciences, including documented research reports, summaries and analytical papers. Revision and rewriting will be required. Course fulfills the graduation requirement in writing proficiency. No more than one of the expository writing courses (EDUC 306, ENG 306, HUM 306, MGMT 306, NSCI 306, SSCI 306) may be taken for credit. Students who have received a grade of no credit in any combination of the expository writing courses two or more times must meet with the 306 coordinator or designee to design a developmental writing plan as a condition for enrolling for a third quarter. All students must obtain junior status at the time of registration or their course request will be cancelled. Formerly NSCI 495. Graded A, B, C/no credit. Prerequisites: ENG 101 and a minimum of 90 quarter (60 semester) units of college credit. (GE=F.1) (4 units)

314. Life in the Cosmos
Life in the cosmos is discussed using the findings of astronomy, biology, chemistry and physics. Topics include the development of life and its environment, the search for life, interstellar communications and travel and the effects of contact. Prerequisite: junior or senior standing. (GE=B.5) (4 units)

315. Natural Disasters
A consideration of natural processes such as volcanic eruptions, earthquakes, global sea level rise, slope failures, floods, wildland fires, meteoric impacts and severe forms of weather, that have had or may have disastrous consequences on both humans and the environment. Prerequisite: junior or senior standing. (GE=B.5) (4 units)

320. Energy
Present and future energy sources, including fossil fuels, hydroelectric power, nuclear energy and solar energy. Scientific principles and technological requirements for developing energy sources, economic factors and environmental problems associated with energy production and consumption. Prerequisite: junior or senior standing. (GE=B.5) (4 units)

325. Perspectives on Gender
This interdisciplinary course uses scientific, humanistic and social science perspectives to foster an understanding of how gender roles in Western culture are established, maintained and changed. (Also offered as HUM 325 and SSCI 325. Students may receive credit for only one of these courses.) Prerequisite: junior or senior standing. (GE=B.5,G.1) (4 units)

351. Health and Human Ecology
A survey of the impact of physical, social and biological environments on health related issues such as poor housing, drug abuse, juvenile delinquency, radiation and pesticide exposure, food quality, noise, air and water resources and their relation to human settlements. Prerequisite: junior or senior standing. (GE=B.5) (4 units)

360. Legacy of Life
History of life on earth and the processes that govern its genesis, evolution, extinction, ecology, and preservation. Prerequisite: junior or senior standing. (GE=B.5) (4 units)

395. Directed Study
Reading and library research in one of the natural sciences disciplines conducted under the direction of a faculty member. Prerequisites: consent of instructor and departmental approval of a written proposal of a project submitted on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 1 to 4 units)

486. Science, Technology and Warfare
Historical examination of the effect of science and technology on warfare. (4 units)

499. Methods and Materials in the Teaching of Natural Sciences Subjects
Individualized instruction in the methods and materials for the teaching of such natural sciences subjects as chemistry, life science, physical education and physics. This course may not be counted toward fulfilling requirements of courses in the above majors. Prerequisites: ESEC 332 (or 330), senior or graduate standing and admission to the single subject credential program or consent of College of Natural Sciences. (4 units)
284 / Natural Sciences

595. Independent Study
Research in special topics including library studies, field and/or laboratory work in one of the natural sciences disciplines under the direction of a faculty member. Prerequisites: a minimum overall grade point average of 3.0, consent of instructor and departmental approval of a written proposal of a project submitted on a standard application filed in advance of the quarter in which the course is to be taken. A maximum of five units in NSCI 595 may be applied toward graduation. (Credit to be arranged: 1 to 5 units)

Graduate level courses can be found on Page 475.
NURSING

Department of Nursing
Health and Physical Education, Room 215
880-5380

Bachelor of Science
Accredited by the Commission on Collegiate Nursing Education (CCNE)

Nursing
Nursing - R.N.

Master of Science
Nursing
School Nurse

(Home requirements can be found on Page 476.)

FACULTY: Shirley Bristol, Mary Cannon, Olivia Catolico, Ellen Daroszewski, Cheryl Dipretero, Edna Domingo, Roger Harthrong, Anita Kinser, Susan Lloyd, Susan McGee, Mary Molle, Phyllis Nix, Marcia Raines (Chair), Donna Rane-Szostak, Leonie Sutherland, Dorothy Thurman, Paul Wielenga, Anna Wilson

The Department of Nursing offers a program leading to the Bachelor of Science degree with a major in nursing. The program is approved by the Board of Registered Nursing of California, accredited by the National League for Nursing, and meets requirements for public health nursing certification in California.

Courses are provided that include theory and clinical experience in caring for clients across the life span who are from diverse psychosocial and cultural backgrounds. A wide range of health care agencies is used for clinical experience. The intent of the program is to graduate generalists in nursing who are concerned with promoting optimum health in a variety of settings.

The B.S. in Nursing is an impacted program. Students are screened for admission to the program prior to the first nursing course, NURS 200. The major factor in screening is the student's grades in courses prerequisite to NURS 200. Only California residents are eligible for admission. Contact the Department of Nursing for more information.

Registered Nurse Applicants

Nurses possessing an associate degree or diploma in nursing and holding current California licensure as a registered nurse may apply for admission as transfer students at the junior level. Diploma graduates may enter the university as "natural sciences undeclared (nursing) majors" while completing lower-division requirements.

See the B.S. in Nursing-RN on the next page. Enrollment of RNs in nursing courses is on a space-available basis. Contact the Department of Nursing for more information about the RN-BSN program.

Licensed Vocational Nurse Applicants

Vocational nurses licensed in California may enroll in selected courses to meet requirements for licensure as a registered nurse in California. The courses required of licensed vocational nurses are: BIOL 220, 224, NURS 220, 221, 316, 322, 323, 400, 401, 404, and 405. Taking these courses enables Licensed Vocational Nurses to meet eligibility requirements to write the examination to become a Registered Nurse in the State of California, but does not result in a degree.

Licensed Vocational Nurses may also choose to enroll in the baccalaureate program to receive a B.S. degree with a major in nursing. For the degree option, Licensed Vocational Nurses begin the nursing sequence with NURS 220. Enrollment of LVNs in nursing courses is on a space-available basis.

B.S. IN NURSING
Requirements (195 units)

Total units required for graduation: 195

Admission Requirements

1. Application must be submitted by March 1 for Fall term and November 1 for Spring term;
2. Completion of the ATI-TEAS pre-admission examination;
3. A minimum grade point average of 2.5 overall and 2.5 on prerequisite courses listed below;
4. Additional supplemental requirements for impacted programs include health care experience, second language competence and local service area residency.

Department Regulations

1. Students must attain grades of "C" or better in all courses required for the major in order to progress in the program. Nursing courses in which students earn less than a "C" may be repeated for credit only once, and this repetition requires both departmental consent and the appropriate university petition.
2. Students on academic probation must remove grade-point deficiencies before progressing further in the nursing program.
3. Nursing students must carry malpractice insurance in the amount of not less than $1,000,000 per occurrence and $3,000,000 per year or more in order to be admitted to clinical courses.
4. Prior to the first clinical course and yearly thereafter, students must submit a medical report of a recent physical examination, including tuberculosis skin testing, indicating that they are able to engage in activities required to meet the expectations of the program. Exams are available through the Student Health Center for a fee. Immunizations are required. Contact the Department of Nursing for more information.
5. Students must have access to insured transportation for their clinical experience.
6. Clothing required by the clinical facility appropriate for that setting must be provided by the students with appropriate identification by name and school. (Name pin and arm patch are available for purchase at the Coyote Bookstore.)
7. Advisement with a faculty member is required prior to registration each quarter.

Degree Requirements

Prerequisite support courses required for admission
1. BIOL 220. Principles of Microbiology (5)
2. BIOL 223. Human Physiology and Anatomy I (5)
3. BIOL 224. Human Physiology and Anatomy II (5)
4. CHEM 205. Fundamentals of Chemistry I: General Chemistry (5)
5. CHEM 208. Survey of Human Biochemistry (3)
6. COMM 120. Oral Communication (4)
7. One critical thinking course that satisfies category A4 in the General Education Program.
8. ENG 101. Freshman Composition (4)
Department Regulations

1. Admission requirements
   a. A grade point average of 3.0 ("B") or better in prerequisite support courses listed below;
   b. A grade point average of 3.0 ("B") or better in the A.D.N. program or diploma program;
   c. Submission of RN screening form and all transcripts;
   d. Application to CSUSB with second set of transcripts;
   e. Students who are close to these standards may be admitted upon remediation.

2. This program assumes all lower-division general education requirements have been met. The IGETC is valuable, but not required. Some lower division general education courses can be completed while the BSN program is in progress, but this will extend time to graduation.

3. Sixteen units of upper-division General Education courses are required (see Page 72 for further information).

4. Students may transfer in a maximum of 105 lower-division coursework units towards the major.

5. Students may need to take additional units at CSUSB to satisfy the 180-unit requirement.

Degree Requirements

Prerequisite support courses
1. BIOL 220. Principles of Microbiology (5)
2. BIOL 223. Human Physiology and Anatomy I (5)
3. BIOL 224. Human Physiology and Anatomy II (5)
4. CHEM 205. Fundamentals of Chemistry I: General Chemistry (5)
5. CHEM 208. Survey of Human Biochemistry (3)
6. COMM 120. Oral Communication (4)
7. One critical thinking course that satisfies category A4 in the General Education Program.
8. ENG 101. Freshman Composition (4)

Support courses required which may be taken after admission to the nursing major
1. MATH 305. Statistics: Hypothesis Testing and Estimation (4)
2. PSYC 201. Developmental Psychology (4)
3. One integrative capstone course that meets the multicultural/gender requirement in the general education program (4)

Sophomore Nursing Courses
1. NURS 200. Intermediate Care: Beginning Nursing Process, Role and Skills (4)
2. NURS 201. Intermediate Care Laboratory: Beginning Nursing Process, Role and Skills (3)
3. NURS 204. Intermediate Care: Middle and Older Adults (4)
4. NURS 205. Intermediate Care Laboratory: Middle and Older Adults (3)
5. NURS 220. Acute Care: Advanced Nursing Process, Role and Skills (4)
6. NURS 221. Acute Care Laboratory: Advanced Nursing Process, Role and Skills (4)

Junior Nursing Courses
1. NURS 316. Health Assessment (4)
2. NURS 322. Acute Care: Continuation of Advanced Nursing Process, Role and Skills (3)
3. NURS 323. Acute Care Laboratory: Continuation of Advanced Nursing Process, Role and Skills (4)
4. NURS 332. Acute Care: Families with Children (4)
5. NURS 333. Acute Care Laboratory: Families with Children (3)
6. NURS 334. Acute Care: Childbearing Families (4)
7. NURS 335. Acute Care Laboratory: Childbearing Families (3)
8. NURS 330. Theories of Nursing (2)
9. NURS 380. Pathophysiological Concepts as Applied to Nursing Practice (4)

Senior Nursing Courses
1. NURS 400. Ambulatory Care: Middle and Older Individuals and Families (4)
2. NURS 401. Ambulatory Care Laboratory: Middle and Older Individuals and Families (4)
3. NURS 404. Leadership in Nursing: Nursing Management (4)
4. NURS 405. Leadership in Nursing: Laboratory (4)
5. NURS 406. Ambulatory Care: Young Individuals and Families (4)
6. NURS 407. Ambulatory Care Laboratory: Young Individuals and Families (4)
7. NURS 422. Nursing Research (4)
8. NURS 425. Issues and Trends in Nursing and Health Care (2)

Students must also meet the university's general education requirements. Twenty units of the major are part of the general education requirements.

B.S. IN NURSING - RN

Requirements (180 units)

Total units required for graduation: 180
Junior Nursing Courses
1. NURS 316. Health Assessment (4)
2. NURS 340. Theories of Nursing (2)
3. NURS 380. Pathophysiological Concepts as Applied to Nursing Practice (4)

Senior Nursing Courses
1. NURS 404. Leadership in Nursing: Nursing Management (4)
2. NURS 405. Leadership in Nursing: Laboratory (4)
3. NURS 406. Ambulatory Care: Young Individuals and Families (4)
4. NURS 407. Ambulatory Care Laboratory: Young Individuals and Families (4)
5. NURS 410. Transitional Concepts for Professional Nursing (4)
6. NURS 411. Transitional Concepts for Professional Nursing: Laboratory (4)
7. NURS 422. Nursing Research (4)
8. NURS 425. Issues and Trends in Nursing and Health Care (2)

Students must also meet the university's general education requirements. Twenty units of the major are part of the general education requirements.

DEPARTMENTAL HONORS
A graduating senior will be awarded departmental honors in nursing after meeting the following requirements:
1. Achieve a minimum grade point average of 3.6 in all upper-division courses taken at the university;
2. Recommendation by the faculty of the Department of Nursing.

COURSE OFFERINGS IN NURSING (NURS)

Lower Division

200. Intermediate Care: Beginning Nursing Process, Role and Skills
Introduction to nursing process and nursing role, including basic cognitive, psychomotor, interpersonal, and assessment skills. Prerequisites: sophomore standing, admission to nursing major; BIOL 220, 223 and 224; CHEM 205, 208; completion of G.E. requirements in critical thinking and mathematics or passing score on the Entry Level Mathematics examination; ENG 101; COMM 120. Corequisite: NURS 201. (4 units)

201. Intermediate Care Laboratory: Beginning Nursing Process, Role and Skills
Application of knowledge and skills from NURS 200. Care of clients in various settings who need a moderate level of care. Materials fee required. Prerequisites: admission to nursing major and consent of department. Corequisite: NURS 200. (3 units)

204. Intermediate Care: Middlescent and Older Adults
Theory and application of nursing process and nursing role with middle and older individuals and families of diverse psychosocial and cultural backgrounds. Prerequisites: NURS 200 and consent of department. Corequisite: NURS 205. (4 units)

205. Intermediate Care Laboratory: Middlescent and Older Adults
Clinical experience in settings emphasizing physical and emotional care of middle and older adults needing a moderate level of care. Materials fee required. Prerequisite: consent of department. Corequisite: NURS 204. (3 units)

220. Acute Care: Advanced Nursing Process, Role and Skills
Principles of assessment and care of acutely ill individuals of various ages and psychosocial and cultural backgrounds. Pathophysiology as basis of nursing assessment and care. Formerly NURS 320. Prerequisites: NURS 204 and consent of department. Corequisite: NURS 221. (4 units)

221. Acute Care Laboratory: Advanced Nursing Process, Role and Skills
Application of knowledge and skills from NURS 220. Care of clients in subacute and acute care settings. Materials fee required. Formerly NURS 321. Prerequisite: consent of department. Corequisite: NURS 220. (4 units)

Upper Division

316. Health Assessment
Determining and measuring variables relevant to assessment of psychosocial and physical health. Formerly NURS 223. Two hours lecture and four hours laboratory. Materials fee required. Prerequisites: NURS 200 and 201. (4 units)

322. Acute Care: Continuation of Advanced Nursing Process, Role and Skills
Continuation of principles of assessment and care of acutely ill individuals of various ages and psychosocial and cultural backgrounds. Pathophysiology as basis of nursing assessment and care. Prerequisites: NURS 220 and consent of department. Corequisite: NURS 323. (3 units)

323. Acute Care Laboratory: Continuation of Advanced Nursing Process, Role and Skills
Application of knowledge and skills from NURS 322. Care of clients in subacute and acute care settings. Materials fee required. Prerequisite: consent of department. Corequisite: NURS 322. (4 units)

332. Acute Care: Families with Children
Theory and application of nursing process and nursing role with families from diverse psychosocial and cultural backgrounds and their children. Formerly NURS 330. Prerequisites: NURS 322, 323 and consent of department. Corequisite: NURS 333. (4 units)

333. Acute Care Laboratory: Families with Children
Clinical experience in settings emphasizing care of families with children needing a moderate level of care. Materials fee required. Formerly NURS 331. Prerequisites: NURS 322, 323 and consent of department. Corequisite: NURS 332. (3 units)

334. Acute Care: Childbearing Families
Theory and application of nursing process and nursing role with childbearing families from diverse psychosocial and cultural backgrounds. Formerly NURS 330. Prerequisites: NURS 332, 333 and consent of department. Corequisite: NURS 335. (4 units)
335. Acute Care Laboratory: Childbearing Families
Clinical experience in settings emphasizing care of childbearing families needing a moderate level of care. Materials fee required. Formerly NURS 331. Prerequisites: NURS 332, 333 and consent of department. Corequisite: NURS 334. (3 units)

340. Theories of Nursing
Introduction to various conceptual models of nursing. Implications of these models for nursing. Formerly NURS 450. Prerequisites: NURS 322, 323 and consent of department. (2 units)

375. Cooperative Education
Application of nursing concepts and skills through supervised work in a hospital or other health care agency. Sixteen hours of supervised work and a two-hour group meeting are required each week. Open only to non-licensed nursing majors. May be taken quarterly, but only four units may be applied toward the degree. Graded credit/no credit. Prerequisites: NURS 200, 201 and departmental approval of a standard application filed in advance of the quarter in which the course is to be taken. (2 units)

380. Pathophysiological Concepts as Applied to Nursing Practice
Pathophysiological concepts as applied to nursing practice with an emphasis on the body's response to the disease process. Prerequisites: BIOL 223, 224 and consent of department. (4 units)

396. Selected Topics in Nursing
Selected nursing topics with specific focus. May be repeated for credit as topics change. Prerequisite: consent of department chair prior to registration. (2 units)

399. Community Service Project
Credit for performing academically related tasks in such agencies as governmental, social service and educational institutions. May be repeated for a total of four units. No more than four units of credit for Community Service Project courses may be applied toward degree requirements. Graded credit/no credit. Prerequisites: submission of a project proposal and consent of department chair prior to registration. (Credit to be arranged: 1 or 2 units)

400. Ambulatory Care: Middleclass and Older Individuals and Families
Principles of health promotion and chronic illness care with mentally and physically ill middleclass and older adults with diverse psychosocial and cultural backgrounds. Prerequisites: NURS 334, 335 and consent of department. Corequisite: NURS 401. (4 units)

401. Ambulatory Care Laboratory: Middleclass and Older Individuals and Families
Application of knowledge and skills from NURS 400. Clinical experience in various ambulatory care settings with mentally and physically ill middleclass and older adults. Materials fee required. Prerequisites: NURS 334, 335 and consent of department. Corequisite: NURS 400. (4 units)

404. Leadership in Nursing: Nursing Management
Concepts of leadership in innovative nursing roles. Synthesis of knowledge and skills in critical thinking, communication and therapeutic nursing interventions as a leader and change agent on the interdisciplinary health team. Prerequisites: NURS 406, 407 and consent of department. Corequisite: NURS 405. (4 units)

405. Leadership in Nursing: Laboratory
Clinical experience focusing on innovative nursing roles in various settings. Materials fee required. Prerequisite: NURS 406, 407 and consent of department. Corequisite: NURS 404. (4 units)

406. Ambulatory Care: Young Individuals and Families
Principles of health promotion and chronic illness care with young individuals and families of diverse psychosocial and cultural backgrounds. Formerly NURS 324. Prerequisites: NURS 400, 401 and consent of department. Corequisite: NURS 407. (4 units)

407. Ambulatory Care Laboratory: Young Individuals and Families
Application of knowledge and skills from NURS 406. Clinical experience in community health agencies with young individuals and families. Materials fee required. Formerly NURS 325. Prerequisites: NURS 400, 401 and consent of department. Corequisite: NURS 406. (4 units)

410. Transitional Concepts for Professional Nursing
Socialization and development into professional nursing roles. Exploration of current theories, concepts and health issues for populations with diverse psychosocial and cultural backgrounds. Prerequisites: transfer RN nursing student and consent of the department. Materials fee required. Corequisite: NURS 411. (4 units)

411. Transitional Concepts for Professional Nursing: Laboratory
Practice of professional nursing roles with populations of diverse psychosocial and cultural backgrounds. Prerequisites: Active RN license, professional malpractice insurance and consent of the department. Corequisite: NURS 410. (4 units)

422. Nursing Research
Introduction to the research process and analysis of studies relevant to nursing. Prerequisites: NURS 340, MATH 305 and consent of department. (4 units)

425. Issues and Trends in Nursing and Health Care
Evolution of professional nursing. Trends in health care and nursing. Impact of ethical, legal, political, and economic forces upon health care and nursing. Formerly NURS 350. Prerequisites: NURS 422 and consent of department. (2 units)

454. Anatomical/Physiological Processes of Aging
Anatomical and physiological changes occurring in the aging person. Prerequisites: BIOL 222 or 223 and 224 and upper-division standing. (4 units)
455. **Chronic Diseases of the Aging Population**
Clinical problems of the aging person including diagnostic and therapeutic aspects. Prerequisites: NURS 454 and upper-division standing. (4 units)

456. **Adaptation to Chronic Illness**
Nurses role in development and enhancement of health-seeking behaviors in response to physiological and psychosocial stressors associated with chronic illness. Prerequisite: upper-division standing. (4 units)

457. **Health Services for the Non-Institutionalized Aging Person**
Role of the nurse as case manager mobilizing and coordinating sick care, health maintenance and rehabilitation of the aged person in the home. Prerequisite: NURS 454. (2 units)

500. **Advanced Topics in Nursing**
Selected advanced nursing topics with specific focus within relatively narrow content areas. May be repeated for credit as topics change. Prerequisite: upper-division standing or consent of instructor. (4 units)

502. **Health Assessment of Children and Adolescents**
Application of principles of physical assessment and normal growth and development to the determination of health status of children and adolescents. Serves as a foundation for nursing interventions to promote health and prevent disease. Two hours lecture and six hours laboratory. Materials fee required. Prerequisite: consent of department. (4 units)

503. **Principles of School Nursing Practice**
Role of the school nurse in relation to current accepted practice in school health programs as pertaining to the health needs of school children and their communities. Prerequisite: consent of department. (4 units)

504. **School Nursing Internship**
Supervised practice in public school nursing working with credentialed school nurses at the elementary and secondary level. Course taken at the completion of the program. Graded credit/no credit. Prerequisite: consent of department. (4 units)

550. **Informatics for Advanced Practice Nursing**
The nature and functions of nursing informatics to support advanced practice nursing and the delivery of care to communities. Prerequisite: consent of department (4 units)

595. **Independent Study**
Research conducted under the direction of a faculty member. A total of six units in NURS 595 may be applied toward graduation. Prerequisites: NURS 422, senior standing, a minimum overall grade point average of 3.0, consent of instructor and departmental approval of a written proposal of a project submitted on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 1 to 6 units)

597. **Issues and Trends in Advanced Practice Nursing**
Examines major nursing issues, health care trends, health policies and their impact upon communities and aggregate populations from the perspective of advanced practice nursing. Explores issues such as allocation, poverty, homelessness, violence, substance abuse and changing disease patterns in relation to health care reform and the current social or political environment. Formerly NSCI 597. Prerequisite: graduate standing or consent of department. (4 units)
NUTRITION AND FOOD SCIENCES

Approved as a Didactic Program in Dietetics, by the American Dietetic Association (ADA)

Department of Health Science and Human Ecology

Jack Brown Hall, Room 263
880-5340

Bachelor of Science
Nutrition and Food Sciences

Minor
Nutrition and Food Sciences

FACULTY: Dorothy Chen-Maynard (Coordinator), Joe Hughes

The Bachelor of Science in Nutrition and Food Sciences is appropriate for students preparing for careers dealing with foods, nutrition or dietetics. After graduation, students can apply to ADA accredited internship programs to become a registered dietitian (RD). Also, graduates may work as a dietary aide, and in many other food and nutrition related jobs.

B.S. IN NUTRITION AND FOOD SCIENCES

Requirements (113 units)
Total units required for graduation: 186

Requirements for the B.S. in Nutrition and Food Sciences:

Note: Certain required courses also apply in the university's general education program (refer to Page 72).

Lower-division requirements (51 units)
1. BIOL 220. Principles of Microbiology (5)
2. BIOL 223. Human Physiology and Anatomy I (5)
3. BIOL 224. Human Physiology and Anatomy II (5)
4. CHEM 205. Fundamentals of Chemistry I: General Chemistry (5)
5. CHEM 206. Fundamentals of Chemistry II: Organic Chemistry (5)
6. CHEM 207. Fundamentals of Chemistry III: Biochemistry (5)
7. CSCI 123. Using Computer Software (2)
8. Four units chosen from:
   ECON 104. Economics of Social Issues (4)
   ECON 200. Principles of Microeconomics (4)
   ECON 202. Principles of Macroeconomics (4)
9. HSCI 120. Health and Society: An Ecological Approach (5)
10. HSCI 225. The Dietetic Profession (1)
11. HSCI 245. Introduction to Food Science (5)
12. PSYC 100. Introduction to Psychology (4)

Upper-division requirements (62 units)
1. HSCI 302. Instructional Methods in Health Education (4)
2. HSCI 345. Advanced Food Science (5)
3. HSCI 350. Principles of Nutrition (4)
4. HSCI 351. Nutritional Biochemistry and Metabolism (4)
5. HSCI 365. Nutrition Throughout the Life Cycle (4)
6. HSCI 383. Advanced Nutrition (2)
7. HSCI 384. Research Methodology in Nutrition (2)
8. HSCI 443. Medical Nutrition Therapy I (4)
9. HSCI 444. Medical Nutrition Therapy II (4)
10. HSCI 445. Community Nutrition (4)
11. HSCI 465. Foodservice Production and Procurement (5)
11. HSCI 467. Foodservice Systems Management (4)
12. Four units chosen from:
   MGMT 302. Management and Organizational Behavior (4)
   PSYC 302. Management and Organizational Behavior (4)

14. NSCI 306. Expository Writing for the Natural Sciences (4)
15. Four units chosen from an upper-division health science course.

MINOR IN NUTRITION AND FOOD SCIENCES

Requirements (40 units)

Requirements for a minor in Nutrition and Food Sciences

Lower-division requirements (20 units)
1. CHEM 205. Fundamentals of Chemistry I: General Chemistry (5)
2. CHEM 206. Fundamentals of Chemistry II: Organic Chemistry (5)
3. CHEM 207. Fundamentals of Chemistry III: Biochemistry (5)
4. HSCI 245. Introduction to Food Science (5)

Upper-division requirements (20 units)
1. HSCI 350. Principles of Nutrition (4)
2. Sixteen units of upper-division nutrition and food courses to be chosen in consultation with an advisor.

Note: Refer to Page 209 for complete descriptions of HSCI course descriptions.
PHILOSOPHY

Department of Philosophy
University Hall, Room 339
880-5869

Bachelor of Arts
Philosophy
Law/Ethics/Politics Emphasis
Philosophy of Religion/Religious Studies Emphasis

Minor
Philosophy

FACULTY: Jill Buroker, Matthew Davidson, Susan Finsen, Beverly Gallo, Thomas Moody, Chris Naticchia, Tony Roy (Chair)

Philosophy is excellent preparation for a career in law, business, government, journalism and a wide variety of professional areas; and it is excellent preparation for different sorts of graduate and professional study. Philosophy focuses on clear thinking and critical evaluation of ideas. Thus it is excellent training for anyone whose job requires broad perspectives and new and creative ideas. Philosophy does not provide training in specific job tasks; rather, it focuses on basic skills that will prepare you for the more challenging jobs you will encounter as your career advances.

Philosophy’s range of application is particularly broad. Through philosophy one may think about and develop perspectives on topics as diverse as god, science, language, logic, truth, ethics, politics and law. Typically philosophy leaves aside the doing of the religion, science etc. and asks fundamental questions about the nature of and justification for the various perspectives.

B.A. IN PHILOSOPHY
Requirements (57 units)

Total units required for graduation: 180

Requirements for the B.A. in Philosophy:
Upper-division requirements (57 units)
1. History of Philosophy (12 units)
   Twelve units as follows:
   PHIL 311. Ancient Philosophy (4)
   PHIL 313. History of Modern Philosophy: Knowledge and Reality (4)
   PHIL 314. History of Modern Philosophy: Ethics and Politics (4)
2. Logic (4 units)
   PHIL 300. Predicate Logic (4)
3. Metaphysics/Language (4 units)
   Four units chosen from:
   PHIL 380. Metaphysics (4)
   PHIL 387. Philosophy of Language (4)
4. Knowledge/Science (4 units)
   Four units chosen from:
   PHIL 385. Theory of Knowledge (4)
   PHIL 386. Philosophy of Science (4)
5. Value Theory (4 units)
   Four units chosen from:
   PHIL 350. Ethics (4)
   PHIL 361A Social and Political Philosophy: Classical Political Theories (4)
   PHIL 361B Social and Political Philosophy: Themes in Social and Political Philosophy (4)
6. Advanced Issues (4 units)
   Four units chosen from:
   PHIL 400. Advanced Issues in Logic (4)
   PHIL 410. Advanced Issues in History of Philosophy (4)
   PHIL 460. Advanced Issues in Value Theory (4)
   PHIL 472. Advanced Issues in Philosophy of Religion (4)
   PHIL 485. Advanced Issues in Metaphysics and Knowledge (4)
7. Senior Project (1)
   Phil 516. Senior Project (1)
8. Electives (24 units)
   Twenty-four units chosen from philosophy courses with at most eight units at the 100- or 200-level; PHIL 200 must be included among these courses unless it is taken to satisfy the GE Critical Thinking (A4) requirement.

Law/Ethics/Politics Emphasis
Students pursuing the Law/Ethics/Politics Emphasis must substitute the following in categories 6 and 8 above:
6. Advanced Issues (4 units)
   PHIL 460. Advanced Issues in Value Theory (4)
8. Electives (24 units)
   Twenty-four units chosen from philosophy courses with at most eight units at the 100- or 200-level; PHIL 200 must be included among these courses unless it is taken to satisfy the GE Critical Thinking (A4) requirement. In addition, courses in this category must include:
   Eight units chosen from:
   PHIL 350. Ethics (4)
   PHIL 359. Philosophy and Economics (4)
   PHIL 361A Social and Political Philosophy: Classical Political Theories (4)
   PHIL 361B Social and Political Philosophy: Themes in Social and Political Philosophy (4)
   PHIL 362A. Philosophy of Law: The Concept of Law (4)
   PHIL 362B. Philosophy of Law: Morality and the Law (4)
   PHIL 362C. Philosophy of Law: Rights and the Law (4)
   PHIL 460. Advanced Issues in Value Theory (4)
   Four units chosen from:
   PHIL 354. Ethics in the Helping Professions (4)
   PHIL 355. Contemporary Ethical Issues (4)
   PHIL 356. Environmental Ethics (4)
   PHIL 358. Business Ethics (4)

No 100- or 200-level course used to satisfy a General Education requirement will be included among courses which count toward the major. No course counts in more than one category of the major; however, for courses such as the Advanced Issues courses which can be repeated with different topics, the different topics may apply in different categories.
Philosophy of Religion/Religious Studies Emphasis

Students pursuing the Philosophy of Religion/Religious Studies Emphasis must substitute the following in categories 6 and 8 above:

6. Advanced Issues (4 units)
   PHIL 472. Advanced Issues in Philosophy of Religion (4)

8. Electives (24 units)
   Twenty-four units chosen from philosophy courses with at most eight units at the 100- or 200-level; PHIL 200 must be included among these courses unless it is taken to satisfy the GE Critical Thinking (A4) requirement. In addition courses in this category must include 12 units chosen from:
   - PHIL 312. Medieval Philosophy (4)
   - PHIL 372. Philosophy of Religion (4)
   - PHIL 373. World Religions (4)
   - PHIL 375. Non-Western Philosophy (4)
   - PHIL 472. Advanced Issues in Philosophy of Religion (4)

No 100- or 200-level course used to satisfy a General Education requirement will be included among courses which count toward the major. No course counts in more than one category of the major; however, for courses such as PHIL 472 which can be repeated with different topics, the different topics may apply in different categories.

Critical Thinking: Majors need not satisfy the GE Critical Thinking Requirement with PHIL 200; but students who fulfill the requirement with PHIL 200 thereby satisfy the prerequisite for PHIL 300.

Course Offerings: The Department of Philosophy offers courses required for the major on a regular basis; consult department office or website for the current schedule.

Electives: A major or minor in philosophy is an exceptionally flexible tool. All students should consult with an advisor in planning their course of study. Students interested in law or religion should consider elective courses from the emphases in Law/Ethics/Politics and Philosophy of Religion/Religious Studies. And there are ways to organize electives around additional interests as well, for example:

Graduate Study in Philosophy: Students planning to apply for graduate programs in philosophy should complete at least eight additional units of upper-division philosophy, and emphasize in electives additional courses from the core areas 1 through 6 above. Students may also need to pursue proficiency in one foreign language especially French, German, Latin, or Greek.

Medical/Helping Professions: Students who will pursue careers in medical and helping professions are encouraged to include among their electives at least three courses from among PHIL 191, 350, 354, 355 and 460.

Business or Economics: Students who will pursue careers in business or economics are encouraged to include among their electives at least three courses from among PHIL 191, 350, 356, 358, 359, and 460.

Cognitive Science/Artificial Intelligence: Majors who will pursue careers in these and related fields are encouraged to include among their electives at least three courses from among PHIL 300, 302, 384A, 384B, 400 and 485.

MINOR IN PHILOSOPHY

Requirements (32 units)

Requirements for a minor in Philosophy:

Upper-division requirements (32 units)

1. History of Philosophy
   Eight units chosen from:
   - PHIL 311. Ancient Philosophy (4)
   - PHIL 313. History of Modern Philosophy: Knowledge and Reality (4)
   - PHIL 314. History of Late Modern Philosophy: Ethics and Politics (4)
   - PHIL 410. Advanced Issues in History of Philosophy (4)

2. Metaphysics/Knowledge
   Eight units chosen from:
   - PHIL 380. Metaphysics (4)
   - PHIL 385. Theory of Knowledge (4)
   - PHIL 386. Philosophy of Science (4)
   - PHIL 387. Philosophy of Language (4)
   - PHIL 485. Advanced Issues in Metaphysics and Knowledge (4)

3. Value theory
   Four units chosen from:
   - PHIL 350. Ethics (4)
   - PHIL 361A Social and Political Philosophy: Classical Political Theories (4)
   - PHIL 361B Social and Political Philosophy: Themes in Social and Political Philosophy (4)
   - PHIL 460. Advanced Issues in Value Theory (4)

4. Twelve units of electives chosen from philosophy courses; with at most four elective units at the 100- or 200-level; PHIL 200 must be included among these courses unless taken to satisfy the GE Critical Thinking (A4) requirement. No 100- or 200-level course used to satisfy a General Education requirement will be included among courses which count toward the major. No course counts in more than one category of the major; however, for courses such as the Advanced Issues courses which can be repeated with different topics, the different topics may apply in different categories.

DEPARTMENTAL HONORS

To attain departmental honors, a student must write a successful honors thesis under the guidance of a faculty committee. To qualify for the honors program a student must have:

1. an overall grade point average of 3.0 ("B");
2. a grade point average of 3.5 in philosophy courses;
3. at least five philosophy courses must have been taken at California State University, San Bernardino, one of which may be lower-division, not counting courses satisfying the general education requirements.

Application for the honors program must be made in writing to the department three quarters before graduation.
COURSE OFFERINGS IN PHILOSOPHY (PHIL)

Lower Division

101. Moral Choices in Life
Fundamentals of ethical reasoning. Introduction to moral theories and methods of moral decision making. Focus on such issues as ethics in the workplace, responsible citizenship, euthanasia, and responsibilities to the homeless, the environment and animals. (GE=E.2) (2 units)

105. Critical Thinking Through Argument Analysis
Analysis of various kinds of reasoning employed in everyday life and in more specialized contexts, to develop each student's skill in understanding and using carefully constructed arguments. Illustrations will include materials drawn from contemporary issues. (GE=A.4) (4 units)

190. Introduction to Philosophical Issues
An introduction to philosophical thinking by means of reading, discussing and writing about selected philosophical works. Students are encouraged to develop their own philosophical views in a critical exchange with the views of the philosophers studied. Prerequisite: ENG 101 or equivalent. (GE=C.4) (PHIL 190= CAN PHIL 2) (4 units)

191. Introduction to Ethics
An introduction to ethics and moral theory. Philosophical approaches to questions of right and wrong, duty and obligation, good and evil. Deals with both individual morality and social morality. Formerly PHIL 250. Prerequisite: ENG 101 or equivalent. (GE=C.4) (4 units)

192. Introduction to Philosophy of Religion
Introductory treatment of philosophical issues raised by religion and religious belief; discussion of issues such as relations between faith, belief and knowledge, arguments for the existence of god, the problem of evil, and immortality. Formerly PHIL 270. Prerequisite: ENG 101 or equivalent. (GE=C.4) (4 units)

193. Introduction to Eastern Philosophy
Introduction to the ways in which Buddhism, Hinduism, Taoism and Confucianism view human life and reality. Formerly PHIL 275. Prerequisite: ENG 101 or equivalent. (GE=C.4) (4 units)

194. Introduction to Knowledge and Reality
Inquiry into philosophical presuppositions underlying common sense and scientific views of knowledge and reality. Possible topics include: Was the universe created? Is the world as it appears to us? Are humans merely complex machines or do they have souls? How do we know what we know? Formerly PHIL 280. Prerequisite: ENG 101 or equivalent. (GE=C.4) (4 units)

200. Critical Thinking Through Symbolic Logic
Introduction to logic and its application to everyday reasoning. Emphasis on formal methods and modern symbolic logic. Formerly PHIL 205. (GE=A.4) (4 units)

Upper Division

300. Predicate Logic
Introduction to the standard predicate calculus. Some metatheory. This course requires some basic mathematical or logical background. Prerequisite: PHIL 200 or consent of instructor. (4 units)

305. Critical and Analytic Reasoning
Review of logical notions combinatorial methods introduced in many critical reasoning courses (e.g. PHIL 200); extension of those notions and methods to increasingly complex problems, including problems of the sort encountered in analytic portions of the GRE and LSAT exams. Formerly PHIL 405. Prerequisites: satisfaction of the General Education Critical Thinking (A4) and Philosophy (C4) requirements. (4 units)

311. Ancient Philosophy
Introduction to the origin of Western philosophy, as represented in the works of the Pre-Socratics, Plato, Aristotle, the Stoics, Epicureans, Skeptics and Mystics. Formerly PHIL 317. Prerequisites: satisfaction of the GE Critical Thinking (A4) and Philosophy (C4) requirements. (4 units)

312. Medieval Philosophy
Study of philosophical thought from the Neoplatonists up to Descartes. Prerequisites: satisfaction of the GE Critical Thinking (A4) and Philosophy (C4) requirements. (4 units)

313. History of Modern Philosophy: Knowledge and Reality
Major philosophical developments in Western philosophy from Descartes through Kant, focusing on the nature of knowledge and reality. Formerly PHIL 318. Prerequisites: satisfaction of the GE Critical Thinking (A4) and Philosophy (C4) requirements. (4 units)

314. History of Modern Philosophy: Ethics and Politics
Major philosophical developments in Western philosophy from Machiavelli to Mill, focusing on ethics and political theory. Formerly PHIL 319. Prerequisites: satisfaction of the GE Critical Thinking (A4) and Philosophy (C4) requirements. (4 units)

320. Philosophy of Education
Inquiry into the nature of education and its role in human life, and the role of individual and social values. Readings from classical and contemporary philosophers. Prerequisites: satisfaction of the GE Critical Thinking (A4) and Philosophy (C4) requirements. (4 units)

325. Philosophy and the Arts
Exploration of theories concerning the nature of the arts and their role in human life. Prerequisites: satisfaction of the GE Critical Thinking (A4) and Philosophy (C4) requirements. (4 units)

350. Ethics
The nature of the meaningful life and its relation to concepts of right and wrong explored through various moral theories. Prerequisites: satisfaction of the GE Critical Thinking (A4) and Philosophy (C4) requirements. (4 units)
294 / Philosophy

354. Ethics in the Helping Professions
Consideration of ethical problems encountered in the helping professions; such as privacy, paternalism, respect, consent, manipulation, fairness, truthfulness, etc. Formerly PHIL 368. Prerequisites: satisfaction of the GE Critical Thinking (A4) and Philosophy (C4) requirements. (4 units)

355. Contemporary Ethical Issues
Consideration of moral problems intensified by the rapid pace of social, economic and technological changes: genetic engineering, euthanasia, "the new sexual ethics," abortion and the right to privacy. Prerequisites: satisfaction of the GE Critical Thinking (A4) and Philosophy (C4) requirements. (4 units)

356. Environmental Ethics
Examination of philosophical theories of humans' moral obligations to the environment and the implications for current environmental issues such as pollution, global warming, species extinction and our obligations to future generations. Formerly PHIL 366. Prerequisites: satisfaction of the GE Critical Thinking (A4) and Philosophy (C4) requirements. (4 units)

358. Business Ethics
A study of moral issues raised by business practices in a free enterprise system, with emphasis on developing ethical reasoning and decision-making skills. Provides perspectives on ethical decision making in areas such as: international relations, employee and community relations, environmental policy and advertising. Formerly PHIL 369. Prerequisites: satisfaction of the GE Critical Thinking (A4) and Philosophy (C4) requirements. (4 units)

359. Philosophy and Economics
Study of issues at the intersection of economics and moral and political philosophy, e.g., classic accounts of the nature of value, the nature of justice, the nature of rationality, the measurability of human well-being. Prerequisites: satisfaction of the GE Critical Thinking (A4) and Philosophy (C4) requirements. (4 units)

361. Social and Political Philosophy
An examination of major perspectives on how societies should be organized. Study of central issues such as legitimacy of government, and rights versus obligations; or of major concepts such as justice, equality, rights, class, patriarchy and power. May be repeated for credit as topics change. Prerequisites: satisfaction of the GE Critical Thinking (A4) and Philosophy (C4) requirements.
A. Classical political theories. (4 units)
B. Themes in social and political philosophy. (4 units)

362. Philosophy of Law
A study of philosophical problems raised by the law, such as the nature and validity of the law, and concepts of justice; the relation between law and morality; and how rights are or ought to be reflected in the law. Formerly PHIL 466. May be repeated for credit as topics change. Prerequisites: satisfaction of the GE Critical Thinking (A4) and Philosophy (C4) requirements.
A. The Concept of Law (4 units)
B. Morality and the Law (4 units)
C. Rights and the Law (4 units)

364. Philosophy of Race and Ethnicity
Study of theories of equality and justice as they apply to justice, affirmative action, multiculturalism, group differences and the intersections of race with gender and class. Prerequisites: satisfaction of the GE Critical Thinking (A4) and Philosophy (C4) requirements. (GE=G.2) (4 units)

367. Gender and Philosophy
Philosophical theories of male and female nature, their implications concerning equality and rights, the nature of the family, and social roles of men and women. Prerequisites: satisfaction of the GE Critical Thinking (A4) and Philosophy (C4) requirements. (GE=G.2) (4 units)

372. Philosophy of Religion
Problems concerned with the existence and attributes of God or gods, the significance of religious experience and its varieties, and the rationality of faith. Prerequisites: satisfaction of the GE Critical Thinking (A4) and Philosophy (C4) requirements. (4 units)

373. World Religions
Study of the doctrines and practices of the world's major religions and the philosophical issues raised by their diversity. Prerequisites: satisfaction of the GE Critical Thinking (A4) and Philosophy (C4) requirements. (4 units)

380. Metaphysics
Problems relating to existence. Includes issues such as realism and anti-realism, the nature of modal truth, free-will and determinism, the mind-body problem, and the nature of identity. Prerequisites: satisfaction of the GE Critical Thinking (A4) and Philosophy (C4) requirements. (4 units)

384. Philosophy of Mind
Various theories about the nature of the mind and the relation of the mind to the body and behavior. Focus will be on different approaches to psychology (behaviorism, functionalism, etc.) or on the consequences of theories of the mind for the question of whether computers can think. May be repeated for credit as topics change. Formerly PHIL 480. Prerequisites: satisfaction of the GE Critical Thinking (A4) and Philosophy (C4) requirements.
A. Philosophical Psychology (4 units)
B. Minds and Machines (4 units)

385. Theory of Knowledge
Problems concerning acquiring and justifying knowledge, including the roles of sense perception and reason, the distinction between knowledge and belief, the nature of evidence, and the concepts of truth and certainty. Prerequisites: satisfaction of the GE Critical Thinking (A4) and Philosophy (C4) requirements. (4 units)
386. Philosophy of Science
Foundations of science, including the nature of scientific methodology, explanation, concept formation, and the structure of theories, using case studies from the natural sciences and social sciences. Formerly PHIL 316. Prerequisites: satisfaction of the GE Critical Thinking (A4) and Philosophy (C4) requirements. (4 units)

387. Philosophy of Language
Inquiry into the syntactic, semantic and pragmatic dimensions of language, focusing on different theories of these components, and the philosophical implications of these theories. Formerly PHIL 484. Prerequisites: satisfaction of the GE Critical Thinking (A4) and Philosophy (C4) requirements. (4 units)

400. Advanced Issues in Logic
Discussion of issues such as axiomatic logic, proofs of soundness and completeness, multi-valued logics, modal logics and/or other alternative logics. May be repeated for credit as topics change. Prerequisite: satisfaction of departmental skills assessment test and PHIL 300 or consent of instructor. (4 units)

410. Advanced Issues in History of Philosophy
An intensive study of one or more philosophical figures. May be repeated for credit as topics change. Prerequisites: at least two 300-level philosophy courses, satisfaction of the GE upper-division writing requirement, and satisfaction of skills assessment test. (4 units)

460. Advanced Issues in Value Theory
Intensive study of topics in ethics, social philosophy and/or political philosophy. May be repeated for credit as topics change. Prerequisites: at least two 300-level philosophy courses, satisfaction of the GE upper-division writing requirement, and satisfaction of skills assessment test. (4 units)

472. Advanced Issues in Philosophy of Religion
Intensive study of topics in philosophy of religion. May be repeated for credit as topics change. Prerequisites: at least two 300-level philosophy courses, satisfaction of the GE upper-division writing requirement, and satisfaction of skills assessment test. (4 units)

485. Advanced Issues in Metaphysics and Knowledge
Intensive study of topics in metaphysics, philosophy of language, theory of knowledge and/or philosophy of science. May be repeated for credit as topics change. Prerequisites: at least two 300-level philosophy courses, satisfaction of the GE upper-division writing requirement, and satisfaction of skills assessment test. (4 units)

490. Philosophical Topics
Study of a specially selected figure, movement, problem or theory in philosophy. May be repeated for credit as topics change. Prerequisites: satisfaction of the GE Critical Thinking (A4) and Philosophy (C4) requirements; and satisfaction of the departmental skills assessment. (4 units)

516. Senior Project
Preparation and submission of a portfolio of writing representing successful work in the philosophy major, accompanied by a reflective essay showing the extent to which the student has satisfied the objectives and goals of the major. Prerequisite: completion of 135 units, including 36 units of the philosophy major. Graded credit/no credit. (1 unit)

575. Internship in Philosophy
Supervised intensive work of an applied nature that requires advanced skills in philosophy. A total of eight units may be applied toward graduation; a total of four units may be applied to the major. Generally assumes thirty hours of work/study per unit of credit. Graded credit/no credit. Prerequisite: consent of instructor. (Credit to be arranged: 2 to 5 units)

595. Independent Study
Intensive study of topics not offered in other existing philosophy courses. No more than four units of PHIL 595 can apply towards the philosophy major without departmental approval. Prerequisites: a minimum grade point average of 3.0, consent of instructor and departmental approval of a project submitted on a standard application filed no later than the end of the first week of classes. (Credit to be arranged: 2 to 4 units)
PHYSICS

Department of Physics
Physical Sciences Building, Room 119
880-5397

Bachelor of Arts
Physics

Bachelor of Science
Physics
Applied Physics

Teaching Credential Preparation Program
Physics

Minor
Physics
Applied Physics

FACULTY: Steven Barnes, Leo Connolly, Paul Dixon, Karen Kolehmainen, Susan Lederer, Paul Renteln (Chair), Javier Torner, Timothy Usher, Zodiac Webster

Traditionally, physics majors have gone on to graduate work in physics, high school teaching, or employment in industrial or government laboratories. Other opportunities which have recently become interesting for physics graduates include atmospheric physics (including air pollution studies), geophysics, radiation safety, oceanography, astrophysics, technical administration, biophysics, computer science and medical instrumentation development.

The program for a bachelor of arts degree in physics provides basic knowledge in the main subject areas of physics as well as an opportunity for students to elect a considerable number of courses in other disciplines. This is a good choice for students planning careers in high school teaching. The bachelor of science program includes additional course work in physics and related fields which further prepares a student for employment or graduate work.

The Applied Physics option is designed to prepare students for direct employment in high-technology firms upon graduation. For traditional design tasks, high-technology firms typically hire applied physicists with a flexible and creative technical ability who can address a wide range of technical problems and develop an experimental system to attack problems. A solid understanding of theoretical physics across the curriculum is required and the ability to design, interface and control experimental apparatus. Because the tasks that applied physicists perform in the industrial environment are primarily experimental in nature, this option includes a number of laboratory courses in addition to the theory curriculum core: PHYS 150. Introductory Electronics; CSCI 201. Computer Science I; PHYS 350. Data Acquisition and Control; PHYS 352. Advanced Electronics; and PHYS 430. Advanced Physics Laboratory. The courses in the applied physics option prepare students to function effectively in the computer-based experimental environment that they face in research and development, testing or process control.

Pre-engineering - Although CSU San Bernardino does not offer an engineering degree, the campus does provide a pre-engineering program that allows the student to complete the first two years of courses generic to engineering. The student may then transfer to an accredited engineering program of their choice. The following courses have been recommended as appropriate transfer courses: CHEM 215, 216, MATH 211, 212, 213, 251, 252, PHYS 221, 222, 223, 234, 235 and selected courses in computer science and general education.

Call the department office for advising if you are considering a physics or pre-engineering major.

B.A. IN PHYSICS

Requirements (87 units)

Total units required for graduation: 180

Requirements for the B.A. in Physics:

Lower-division requirements (53 units)
1. CHEM 215. General Chemistry I: Atomic Structure and Chemical Bonding (6)
2. CHEM 216. General Chemistry II: Principles of Chemical Reactions (6)
3. MATH 211. Basic Concepts of Calculus (4)
4. MATH 212. Calculus II (4)
5. MATH 213. Calculus III (4)
6. MATH 251. Multivariable Calculus I (4)
7. MATH 252. Multivariable Calculus II (4)
8. PHYS 221. General Physics I (5)
9. PHYS 222. General Physics II (5)
10. PHYS 223. General Physics III (5)
11. PHYS 224. General Physics IV (3)
12. PHYS 228. General Physics V (3)

Upper-division requirements (26 units)
1. MATH 331. Linear Algebra (4)
2. PHYS 306. Intermediate Classical Mechanics (4)
3. PHYS 313. Electrodynamics (4)
4. PHYS 322. Quantum Mechanics (4)
5. PHYS 324. Statistical and Thermal Physics (4)
6. PHYS 373. Mathematical Methods of Physics I (4)
7. PHYS 430. Advanced Physics Laboratory (2)

Elective course work (8 units)
1. Eight units chosen from upper-division physics courses selected with the approval of the department:
   PHYS 315. Introduction to Modern Optics (4)
   PHYS 370. Introduction to Astrophysics (4)
   PHYS 406. Advanced Mechanics (4)
   PHYS 414. Advanced Electrodynamics (4)
   PHYS 422. Intermediate Quantum Physics (4)
   PHYS 450. Introduction to Solid State Physics (4)
   PHYS 461. Introduction to Nuclear Physics (4)
   PHYS 463. Introduction to Elementary Particle Physics (4)
   PHYS 473. Mathematical Methods of Physics II (4)
   PHYS 480A. Topics in Classical Physics: Mechanics (4)
   PHYS 480B. Topics in Classical Physics: Electrodynamics (4)
   PHYS 485. Seminar: Topics in Contemporary Physics (2)
   PHYS 573. Mathematical Methods of Physics III (4)
   PHYS 590. Physics Seminar (1)
   PHYS 595. Independent Study (1-6)
B.S. IN PHYSICS

Requirements (109 units)

Total units required for graduation: 186

Requirements for the B.S. in Physics:

Lower-division requirements (53 units)

1. CHEM 215. General Chemistry I: Atomic Structure and Chemical Bonding (6)
2. CHEM 216. General Chemistry II: Principles of Chemical Reactions (6)
3. MATH 211. Basic Concepts of Calculus (4)
4. MATH 212. Calculus II (4)
5. MATH 213. Calculus III (4)
6. MATH 251. Multivariable Calculus I (4)
7. MATH 252. Multivariable Calculus II (4)
8. PHYS 221. General Physics I (5)
9. PHYS 222. General Physics II (5)
10. PHYS 223. General Physics III (5)
11. PHYS 224. General Physics IV (3)
12. PHYS 228. General Physics V (3)

Upper-division requirements (30 units)

1. MATH 331. Linear Algebra (4)
2. PHYS 306. Intermediate Classical Mechanics (4)
3. PHYS 313. Electrodynamics (4)
4. PHYS 322. Quantum Mechanics (4)
5. PHYS 324. Statistical and Thermal Physics (4)
6. PHYS 373. Mathematical Methods of Physics I (4)
7. PHYS 414. Advanced Electrodynamics (4)
8. PHYS 430. Advanced Physics Laboratory (2)

Elective course work (26 units)

1. Eighteen units chosen from upper-division physics courses selected with the approval of the department:
   - PHYS 315. Introduction to Modern Optics (4)
   - PHYS 370. Introduction to Astrophysics (4)
   - PHYS 406. Intermediate Quantum Physics (4)
   - PHYS 450. Introduction to Solid State Physics (4)
   - PHYS 461. Introduction to Nuclear Physics (4)
   - PHYS 463. Introduction to Elementary Particle Physics (4)
   - PHYS 473. Mathematical Methods of Physics II (4)
   - PHYS 480A. Topics in Classical Physics: Mechanics (4)
   - PHYS 480B. Topics in Classical Physics: Electrodynamics (4)
   - PHYS 485. Seminar: Topics in Contemporary Physics (2)
   - PHYS 573. Mathematical Methods of Physics III (4)
   - PHYS 590. Physics Seminar (1)
   - PHYS 595. Independent Study (1-6)

2. Four units of upper-division electives selected from courses in the College of Natural Sciences with the approval of the Physics Department.

3. Four units of computer science course work at the 200-level or above with the approval of the Physics Department.

B.S. IN PHYSICS - APPLIED PHYSICS OPTION

Requirements (108 units)

Total units required for graduation: 186

Requirements for the B.S. in Physics - Applied Physics Option:

Lower-division requirements (62 units)

1. CHEM 215. General Chemistry I: Atomic Structure and Chemical Bonding (6)
2. CHEM 216. General Chemistry II: Principles of Chemical Reactions (6)
3. CSCI 201. Computer Science I (4)
4. MATH 211. Basic Concepts of Calculus (4)
5. MATH 212. Calculus II (4)
6. MATH 213. Calculus III (4)
7. MATH 251. Multivariable Calculus I (4)
8. MATH 252. Multivariable Calculus II (4)
9. PHYS 150. Introductory Electronics (5)
10. PHYS 221. General Physics I (5)
11. PHYS 222. General Physics II (5)
12. PHYS 223. General Physics III (5)
13. PHYS 224. General Physics IV (3)
14. PHYS 228. General Physics V (3)

Upper-division requirements (42 units)

1. MATH 331. Linear Algebra (4)
2. PHYS 306. Intermediate Classical Mechanics (4)
3. PHYS 313. Electrodynamics (4)
4. PHYS 322. Quantum Mechanics (4)
5. PHYS 324. Statistical and Thermal Physics (4)
6. PHYS 350. Data Acquisition and Control (4)
7. PHYS 352. Advanced Electronics (4)
8. PHYS 373. Mathematical Methods of Physics I (4)
9. PHYS 375. Seminar: Topics in Contemporary Physics (2)
10. PHYS 430. Advanced Physics Laboratory (2)
11. PHYS 450. Introduction to Solid State Physics (4)

Electives (4 units)

1. Four units chosen from upper-division physics course work selected with the approval of the department:
   - PHYS 315. Introduction to Modern Optics (4)
   - PHYS 370. Introduction to Astrophysics (4)
   - PHYS 406. Intermediate Quantum Physics (4)
   - PHYS 450. Introduction to Nuclear Physics (4)
   - PHYS 461. Introduction to Elementary Particle Physics (4)
   - PHYS 473. Mathematical Methods of Physics II (4)
   - PHYS 480A. Topics in Classical Physics: Mechanics (4)
   - PHYS 480B. Topics in Classical Physics: Electrodynamics (4)
   - PHYS 485. Seminar: Topics in Contemporary Physics (2)
   - PHYS 573. Mathematical Methods of Physics III (4)
   - PHYS 590. Physics Seminar (1)
   - PHYS 595. Independent Study (1-6)
MINOR IN APPLIED PHYSICS
Requirements (54 units)

Requirements for a minor in Applied Physics:

Lower-division requirements (42 units)
1. CSCI 201. Computer Science I (4)
2. MATH 211. Basic Concepts of Calculus (4)
3. MATH 212. Calculus II (4)
4. MATH 251. Multivariable Calculus I (4)
5. PHYS 150. Introductory Electronics (5)
6. PHYS 221. General Physics I (5)
7. PHYS 222. General Physics II (5)
8. PHYS 223. General Physics III (5)
9. PHYS 224. General Physics IV (3)
10. PHYS 228. General Physics V (3)

Upper-division requirements (12 units)
1. PHYS 350. Data Acquisition and Control (4)
2. PHYS 352. Advanced Electronics (4)
3. PHYS 373. Mathematical Methods of Physics I (4)

Note: The MATH 252 prerequisite for PHYS 373 will be waived for the applied physics minor.

DEPARTMENTAL HONORS
To be awarded departmental honors in physics a student must:
1. Achieve at least a 3.5 minimum grade point average in courses required for the major taken at California State University, San Bernardino and at least a 3.0 grade point average overall;
2. Write a thesis on a topic approved by the Department of Physics and the faculty member who will serve as project director;
3. One of the following: have the thesis approved by a committee consisting of three faculty members from the Department of Physics, one of whom is the project director, or have the thesis accepted for publication by a peer-reviewed scientific journal.

Application for honors and approval of the thesis topic must occur at least two full quarters before graduation (which will ordinarily be the Fall quarter of the senior year.) The thesis must be submitted and the thesis defense (or journal acceptance) successfully completed by the quarter of graduation according to the timeline on file in the department office.

COURSE OFFERINGS IN PHYSICS (PHYS)

Lower Division

100. Physics in the Modern World
Examination of physics and its contemporary use, including topics of: mechanics, electricity, optics, sound, heat and radioactivity. This course is intended for students with little background in science. Four hours lecture and three hours laboratory. Materials fee required. Prerequisite: satisfactory score on the Entry Level Mathematics examination. (GE=B.3) (5 units)
103. Descriptive Astronomy
A brief history of the development of astronomy followed by modern descriptions of our planetary system, stars, galaxies, models of the universe and the possibilities of life in the universe. Discussions of methods of extending knowledge of the universe. No previous background in natural sciences is required. Four hours lecture and three hours laboratory. Materials fee required. (GE=B.3) (5 units)

121. Basic Concepts of Physics I
First course of a three-course sequence surveying the basic concepts of physics, primarily for students entering fields relating to the biological sciences. This course will cover the basic principles of mechanics. Four hours lecture and three hours laboratory. Materials fee required. Prerequisite: PHYS 221, with a grade of "C-" or better. (GE=B.3) (5 units)

122. Basic Concepts of Physics II
Continuation of PHYS 121. Topics include electricity, electric circuits and magnetism. Three hours lecture and three hours laboratory. Materials fee required. Prerequisite: PHYS 121. (4 units)

123. Basic Concepts of Physics III
Continuation of PHYS 122. Topics include optics, waves and modern physics. Three hours lecture and three hours laboratory. Materials fee required. Prerequisite: PHYS 122. (4 units)

150. Introductory Electronics
Introduces electronics for the sciences and engineering. Assumes no experience in electronics and can be taken prior to introductory physics. Focus is on analog electronics: practical circuits, passive and active circuit elements, signal conditioning, test and measurement skills, and a brief introduction to digital electronics. Four hours lecture and three hours laboratory. Materials fee required. Prerequisites: a knowledge of trigonometry and exponential functions. (5 units)

221. General Physics I
First course of a five-course sequence in introductory physics for scientists and engineers. This sequence is intended for students with a strong background in mathematics and the sciences. Mechanics. Four hours lecture and three hours laboratory. Materials fee required. Prerequisites: PHYS 221 with a grade of "C" or better, MATH 212. (GE=B.3) (PHYS 221=CAN PHYS 8) (PHYS 221+222+223+224+228=CAN PHYS SEQ C) (5 units)

222. General Physics II
Second course in a five-course sequence in introductory physics for scientists and engineers. Electromagnetism. Four hours lecture and three hours laboratory. Materials fee required. Prerequisites: PHYS 221 with a grade of "C" or better, MATH 212. Recommended: MATH 213. (PHYS 222=CAN PHYS 12) (PHYS 221+222+223+224+228=CAN PHYS SEQ C) (5 units)

223. General Physics III
Third course of a five-course sequence in introductory physics for scientists and engineers. Waves and optics. Four hours lecture and three hours laboratory. Materials fee required. Prerequisite: PHYS 222 with a grade of "C" or better. (PHYS 221+222+223+224+228=CAN PHYS SEQ C) (5 units)

224. General Physics IV
Fourth course of a five-course sequence in introductory physics for scientists and engineers. Special relativity, kinetic theory and thermodynamics. Three hours lecture. Prerequisite or corequisite: PHYS 223 or consent of instructor. (PHYS 221+222+223+224+228=CAN PHYS SEQ C) (3 units)

228. General Physics V
Fifth course of a five-course sequence in introductory physics for scientists and engineers. Modern physics. Three hours lecture. Prerequisite: PHYS 224 with a grade of "C" or better or consent of instructor. (PHYS 221+222+223+224+228=CAN PHYS SEQ C) (3 units)

234. Vector Statics
Two and three dimensional equilibria of frames, machines, and trusses using vector algebra; friction; principles of moments, moments of inertia for areas and masses, centroids and centers of gravity. Prerequisite: PHYS 221. Prerequisite or corequisite: MATH 213. (4 units)

235. Vector Dynamics
Vector treatment of absolute and relative motion of particles and rigid bodies in translating and rotating reference frames. Newton's law of motion, work-energy, impulse-momentum. Prerequisite: PHYS 234 with a grade of "C" or better. Prerequisite or corequisite: MATH 251. (4 units)

295. Special Projects in Physics
Individual investigation, research, study or survey of selected problems. May be repeated for credit. Prerequisite: consent of instructor. (Credit to be arranged: 1 or 2 units)

Upper Division

303. Astronomy for Educators
An introductory course in the modern description of our planetary system, stars, galaxies, and models of the universe followed by basic principles and ideas in space science. Three hours lecture. (3 units)

304. Physics in the Classroom
Basic concepts of physics as related to the elementary and middle school classroom. Concepts include mechanics, electricity and magnetism, optics, thermodynamics, and modern physics. One hour lecture and three hours laboratory. Materials fee required. Prerequisite: one college level course in chemistry or earth science. (2 units)

305. Demonstration Laboratory in Physics
A demonstration laboratory exploring the basic principles of physics through individual student demonstration. Three hours laboratory. Materials fee required. Prerequisite or corequisite: PHYS 304. (1 unit)

306. Intermediate Classical Mechanics
A continuing study of dynamics with an introduction to advanced formulations. Four hours lecture. Prerequisites: PHYS 228 and one of the following: MATH 373, PHYS 373. (4 units)
300 / Physics

311. A Cosmic Perspective of Earth
Formation and evolution of the Earth, including its atmospheres, oceans and internal structure, placed in the context of our solar system. A comparative planetology course focusing on Earth and providing students with an understanding of where Earth fits into our solar system by introducing other solar system objects: planets, asteroids, comets, and moons alike. Fulfills the Earth and Space Science requirement for liberal studies. Four hours lecture and three hours laboratory. Materials fee required. May not count for credit towards the major or minor in Physics. Prerequisites: CHEM 100 and PHYS 100. (5 units)

313. Electrodynamics
Derivation and applications of Maxwell's equations. Four hours lecture. Prerequisites: PHYS 228 and one of the following: MATH 373 or PHYS 373. (4 units)

315. Introduction to Modern Optics
An introduction to geometrical optics, physical optics and lasers. Four hours lecture. Prerequisite: PHYS 313. (4 units)

322. Quantum Mechanics
Introduction to quantum mechanics. Topics include the origins of quantum theory, wave functions, the Schroedinger equation, and one dimensional potentials. Four hours lecture. Formerly PHYS 321/421. Prerequisites: PHYS 228 and one of the following: MATH 373 or PHYS 373. Recommended: MATH 331. (4 units)

324. Statistical and Thermal Physics
Basics of equilibrium thermodynamics including statistical description of physical systems, entropy and temperature, classical and quantum statistical ensembles, thermodynamics, and selected applications. Four hours lecture. Formerly PHYS 424. Prerequisites: MATH 252 and PHYS 228. (4 units)

326. Intermediate Quantum Physics
Continued study of the principles of quantum mechanics introduced in PHYS 322. Topics include the axiomatic formulation of quantum mechanics, spin and orbital angular momentum, the Schroedinger equation in three dimensions, approximation methods, and scattering. Prerequisites: PHYS 306, 322, and 414. (4 units)

330. Advanced Physics Laboratory
Selected advanced experiments appropriate to a student's previous preparation. May be repeated for credit. Six hours laboratory per week. Materials fee required. Prerequisite: PHYS 313. Recommended: PHYS 322. (2 units)

340. Advanced Methods of Physics II
A continuation of PHYS 340 with advanced applications of Maxwell's equations and electromagnetic waves. Four hours lecture. Prerequisites: PHYS 313 and one of the following: PHYS 373. (4 units)

406. Advanced Mechanics
A continuation of PHYS 306 with emphasis in Lagrangian and Hamiltonian formulation in classical mechanics. Four hours lecture. Prerequisites: PHYS 306 and one of the following: PHYS 373 or MATH 373. (4 units)

414. Advanced Electrodynamics
A continuation of PHYS 313 with advanced applications of Maxwell's equations and electromagnetic waves. Four hours lecture. Prerequisite: PHYS 313. (4 units)

422. Intermediate Quantum Physics
Continued study of the principles of quantum mechanics introduced in PHYS 322. Topics include the axiomatic formulation of quantum mechanics, spin and orbital angular momentum, the Schroedinger equation in three dimensions, approximation methods, and scattering. Prerequisites: PHYS 306, 322, and 414. (4 units)

430. Advanced Physics Laboratory
Selected advanced experiments appropriate to a student's previous preparation. May be repeated for credit. Six hours laboratory per week. Materials fee required. Prerequisite: PHYS 313. Recommended: PHYS 322. (2 units)

450. Introduction to Solid State Physics
Basic concepts of solid state physics, including crystal structure; free electron gas model; electronic structure of solids; phonons; properties of metals, insulators and semiconductors; magnetism; superconductivity. Four hours lecture. Prerequisite: PHYS 322. (4 units)

461. Introduction to Nuclear Physics
Basic concepts of nuclear structure and reactions, including accelerators and detectors, the nucleon-nucleon force, basic nuclear properties, the shell model, radioactivity, heavy ion reactions and quarks. Four hours lecture. Prerequisites: PHYS 306, 422 and one of the following: MATH 373, PHYS 373. (4 units)

463. Introduction to Elementary Particle Physics
A survey of elementary particle physics, including accelerators, relativistic kinematics, conservation laws, quarks, the standard model, and quantum field theories. Four hours lecture. Prerequisites: PHYS 306, 422 and one of the following: MATH 373, PHYS 373. (4 units)

473. Mathematical Methods of Physics II
A continuation of MATH/PHYS 373. Topics covered include functions of a complex variable and partial differential equations. (Also offered as MATH 473. Students may not receive credit for both.) Prerequisite: MATH 373, or PHYS 373. MATH 331 and PHYS 228 are strongly recommended. (4 units)

480. Topics in Classical Physics
Further treatment of topics in physics introduced in previous courses.
A. Mechanics. Prerequisite: PHYS 406. (4 units)
B. Electrodynamics. Prerequisite: PHYS 414. (4 units)

485. Seminar: Topics in Contemporary Physics
A lecture course on a current topic or on new developments in physics. May be repeated for credit as topics change. (2 units)
573. **Mathematical Methods of Physics III**
A continuation of MATH/PHYS 473 with emphasis on advanced topics relevant to physics. (Also offered as MATH 573. Students may not receive credit for both.) Prerequisites: MATH 331, and MATH 473 or PHYS 473. (4 units)

585. **Internship in Physics**
Supervised work and study in physics in private or public setting. May be repeated for up to six units of credit. Graded credit/no credit. Prerequisites: consent of instructor and department. (Credit to be arranged: 2 to 4 units)

590. **Physics Seminar**
Provides a vehicle for assessing the subject matter competency of physics graduates. May be repeated for credit. A total of two units may be applied towards the major requirements for graduation. Lecture only. Prerequisites: senior standing and consent of department. (1 unit)

595. **Independent Study**
Research in physics conducted under the direction of a faculty member. A total of six units in PHYS 595 may be applied toward graduation. Prerequisites: a minimum overall grade point average of 3.0, consent of instructor and departmental approval of a written proposal of a project submitted on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 1 to 6 units)
POLITICAL SCIENCE

Department of Political Science
Social and Behavioral Sciences Building, Room 112
880-5535

Bachelor of Arts
Political Science

Minor
Political Science
Pre-law

Master of Arts
National Security Studies
(Degree requirements can be found on Page 472.)

Certificate Programs
International Relations

FACULTY: Mark Clark (Chair), Edward Erler,
William Green, Brian Janiskee, Brij Khare (Emeritus),
Michael LeMay, Alemayehu Mariam, Ralph Salmi,
Scot Zentner

The major in political science is designed for students who desire a liberal arts program with an emphasis on politics, government and public policy; plan a career in government service or public administration; seek training for positions in foreign service agencies of the United States government, international organizations or corporations; intend to study law; wish to prepare for teaching in the public schools; or intend to work for advanced degrees in political science in preparation for college or university teaching or for government service.

The department offers courses in the following fields:
American government and politics
Comparative politics
International relations
Political theory
Public policy and administration

B.A. IN POLITICAL SCIENCE

Requirements (68 units)

Total units required for graduation: 180

Requirements for the B.A. in Political Science:
1. PSCI 203. American Government (4)
2. PSCI 204. International Relations (4)
3. PSCI 314. American Political Thought (4)
4. American government and politics
   Eight units chosen from:
   PSCI 320. The Legislative Process (4)
   PSCI 326. Political Parties and Interest Groups (4)
   PSCI 428. Formulation of Public Policy (4)
   PSCI 431. The American Presidency (4)
5. Comparative government
   Eight units chosen from:
   PSCI 300. Western Political Systems (4)
   PSCI 304. East European Political Systems (4)
   PSCI 306. Developing Political Systems (4)
   PSCI 308. Government and Politics of the Middle East (4)
6. International relations
   Eight units chosen from:
   PSCI 325. American Foreign Policy (4)
   PSCI 400. International Politics (4)
   PSCI 500. International Law (4)
   PSCI 510. International Organization (4)
7. Political theory
   Eight units chosen from:
   PSCI 310. Classical Political Thought (4)
   PSCI 311. Foundations of Modern Political Thought (4)
   PSCI 313. Modern Political Thought (4)
   PSCI 315. Post Modern Political Thought (4)
8. Public law
   Eight units chosen from:
   PSCI 328. Judicial Process (4)
   PSCI 410. American Constitutional Law (4)
   PSCI 411. The Bill of Rights (4)
   PSCI 412. Civil Rights (4)
9. Sixteen additional units of electives in upper-division course work in political science, four of which must be chosen from:
   PSCI 530. Studies in Political Theory (4)
   PSCI 535. Seminar in Constitutional Law (4)
   PSCI 540. Seminar in Comparative Politics (4)
   PSCI 590. Seminar in International Relations (4)
   PSCI 592. Seminar in Government (4)

Note: The following will count as electives only after approval by the department chair:
PSCI 575. Internship in Political Science
PSCI 595. Independent Study

With approval of the department chair, up to eight units in related fields may be counted toward the upper-division course requirement in political science.

MINOR IN POLITICAL SCIENCE

Requirements (32 units)

Requirements for a minor in Political Science:
1. PSCI 203. American Government (4)
2. PSCI 204. International Relations (4)
3. PSCI 314. American Political Thought (4)
4. Twenty units of upper-division political science course work chosen in consultation with an advisor.

MINOR IN PRE-LAW

Requirements (28 units)

Requirements for a minor in Pre-law:
1. PSCI 328. Judicial Process (4)
2. PSCI 410. American Constitutional Law (4)
3. PSCI 411. The Bill of Rights (4)
4. PSCI 535. Seminar in Constitutional Law (4)
5. Twelve units chosen from:
   May choose only one of the following two courses:
   CJUS 370. Law and the Courts (4)
   SOC 359. Law and Society (4)
   CJUS 580. Juvenile Justice System (4)
   HIST 540. Constitutional History of the United States (4)
   MGMT 330. Legal Environment of Business (4)
   PA 472. Administrative Law (4)
May choose only one of the following three courses:
PHIL 362A. Philosophy of Law: The Concept of Law (4)
PHIL 362B. Philosophy of Law: Morality and the Law (4)
PHIL 362C. Philosophy of Law: Rights and the Law (4)
PSCI 500. International Law (4)

DEPARTMENTAL HONORS

Students majoring in political science who have a grade point average of at least 3.0 overall and 3.5 in the major are eligible to receive departmental honors at graduation.

PI SIGMA ALPHA

A student must have completed at least 15 quarter hours or ten semester hours of work in government, political science, international relations, or public administration including at least one course not open to students in the first two years of collegiate work. The student must have at least a 3.0 average or higher in all political science courses and at least a 3.0 average overall. Additional information can be obtained from the Department of Political Science.

CERTIFICATE PROGRAMS

Certificates may be earned by regularly matriculated or extended learning students and denote successful completion of a prescribed program of study designed to (a) impart specified professional/vocational/career competencies; or b) produce mastery of the content of a sub-field of an academic major (discipline); or c) provide exposure to the range of materials in a traditional or emerging interdisciplinary field. Certain certificate programs contain 600-level courses as requirements and/or electives. These 600-level courses may not be taken by undergraduate students. Refer to Page 63 for additional certificate information.

Certificate in International Relations
Certificate Requirements (32 units)

1. Twenty units chosen from:
PSCI 300. Western Political Systems (4)
PSCI 304. East European Political Systems (4)
PSCI 306. Developing Political Systems (4)
PSCI 325. American Foreign Policy (4)
PSCI 400. International Politics (4)
PSCI 484. National Security Policy (4)
PSCI 500. International Law (4)
PSCI 510. International Organization (4)

Four of the twenty units may be chosen from:
PSCI 480A. International Relations in the Pacific Basin: Regional Affairs (4)
PSCI 480B. International Relations in the Pacific Basin: East Asia (4)
PSCI 480C. International Relations in the Pacific Basin: Southeast Asia (4)
PSCI 480D. International Relations in the Pacific Basin: Oceania (4)
PSCI 480E. International Relations in the Pacific Basin: Philippines (4)
PSCI 480F. International Relations in the Pacific Basin: Japan (4)

PSCI 480G. International Relations in the Pacific Basin: Korea (4)
PSCI 480H. International Relations in the Pacific Basin: Singapore (4)
PSCI 480J. International Relations in the Pacific Basin: Indonesia (4)

2. Twelve units chosen from:
ECON 420. Comparative Economic Systems (4)
ECON 430. International Economics (4)
ECON 435. Multinational Corporations (4)
ECON 450. Economic Development (4)
HIST 556. Foreign Relations of the United States (4)
MKTG 470. International Marketing Management (4)
SSCI 300. Nonwestern World (4)

COURSE OFFERINGS IN
POLITICAL SCIENCE (PSCI)

Lower Division

203. American Government
Political structure and processes of the American governmental system. This course meets the state code requirements in U.S. Constitution and state and local government. (GE=D.2) (PSCI 203=CAN GOVT 2) (4 units)

T. The instructor uses methods suitable for kindergarten through college classrooms. Intended for students in the B.A. in Liberal Studies, Accelerated Program. (4 units)

204. International Relations
A survey of major regions and ideologies of the world, and of the basic concepts of foreign and security policies, international political economy, international law, and international organizations. (4 units)

Upper Division

300. Western Political Systems
Major Western political systems. (4 units)

304. East European Political Systems
Comparative examination of the domestic and foreign policies of East European states. (4 units)

305. Russian Foreign Policy
Decisive factors in the foreign policy of Russia and the former USSR. (4 units)

306. Developing Political Systems
Political systems, governmental structures, political orientation and foreign policies of developing nations. (4 units)

308. Government and Politics of the Middle East
Governmental and political structures of representative states in the Middle East, including Turkey, Israel, and the Arab States. (4 units)

310. Classical Political Thought
Classical political thought through a consideration of representative political thinkers such as Plato, Aristotle, Thucydides, Cicero, Lucretius. (4 units)
311. Foundations of Modern Political Thought
Major political ideas of the early modern period ranging from Machiavelli through Hobbes, Locke, Rousseau and Burke. (4 units)

313. Modern Political Thought
Major political ideas of the nineteenth century. (4 units)

314. American Political Thought
American political ideas from the colonial period to the present. This course meets the state code requirement in U.S. history. (4 units)

315. Post Modern Political Thought
Major political ideas of the twentieth century. (4 units)

320. The Legislative Process
Law-making processes in the United States and/or other selected political systems. (4 units)

325. American Foreign Policy
Political analysis of American foreign policy with emphasis on foreign policy making in the nuclear age. (4 units)

326. Political Parties and Interest Groups
Organization, objectives and activities of political parties and political interest groups and their functions in modern political systems. (4 units)

328. Judicial Process
Process of judicial decision-making with emphasis on factors influencing that process and concepts of judicial roles. (4 units)

330. State and Local Politics
Comparison of state and local political systems within the American Federal System. This course meets the state code requirement in state and local government. (4 units)

332. California Government
The California Constitution, government and political institutions. This course is specifically designed to meet the state code requirement in state and local government. (2 units)

340. Sex and Politics
Emphasis will be on sex roles in traditional and modern political systems, sex stereotypes in politics; effects of changing technology on conventional male and female roles; dynamics of change affecting the woman's place in the political world. (4 units)

342. The Politics of Environment
Environmental problems in their political context, including air, water, thermal and noise pollution, solid waste, population growth, resource management, and the political costs and benefits of environmental protection. (4 units)

352. Minority Politics
Minority groups in the American political system. May be repeated as topics change.
A. Ethnic Politics. Study of immigration with emphasis on the political development of major civil rights activities in the U.S. (4 units)
B. African American Politics. Perspectives, styles, problems and dynamics of political activity in African American communities. (4 units)
C. Latino Politics. Contemporary issues and public policy questions in the Latino/Chicano communities. (4 units)
D. Asian American Politics. Political factors affecting the Asian American communities. (4 units)
E. Native American Politics. Political factors affecting Native American communities. (4 units)

375. Introduction to Political Science Research
Basic ideas and research topics used by political scientists with topics to include theory construction, research design, quantitative methods and philosophy of science. Prerequisites: PSCI 314 and MATH 110. (4 units)

380. Introduction to Public Administration
An introduction to the purposes, methods and characteristics of public management, including organization of public services, roles and relationships of public administrators, accountability and the achievement of public goals. (Also offered as PA 380. Students may not receive credit for both.) (4 units)

400. International Politics
Selected theories and evolving patterns of international politics as developed within the nation-state system. (4 units)

410. American Constitutional Law
Principles of the American Constitution as announced by the Supreme Court in selected cases. Judicial review, separation of powers, presidential power, federalism and commerce are included. This course meets the state code requirement in the U.S. Constitution. (4 units)

411. The Bill of Rights
Limitation on federal and state power arising out of the provisions of the first eight and the 14th Amendments to the Constitution. Modern developments are stressed. This course meets the state code requirement in the U.S. Constitution. (4 units)

412. Civil Rights
Jurisprudence of the 13th, 14th and 15th Amendments as articulated by the U.S. Supreme Court. (4 units)

428. Formulation of Public Policy
Basic approaches to public policy analysis, emphasizing interaction between substance and process in policy development. (4 units)

431. The American Presidency
Office and institution of the presidency of the United States. (4 units)

480. International Relations in the Pacific Basin
Examines foreign policies of countries in selected regions of the Pacific Basin, such as East Asia, Southeast Asia, Oceania, the Philippines, Japan, Korea, Singapore, Indonesia. May be repeated twice as topics change.
A. Regional Affairs (4 units)
B. East Asia (4 units)
C. Southeast Asia (4 units)
D. Oceania (4 units)
E. Philippines (4 units)
F. Japan (4 units)
G. Korea (4 units)
H. Singapore (4 units)
J. Indonesia (4 units)
481. Contemporary African Politics
The politics and governments of African states since indepen-
dence. The course shall examine key issues in colonial rule in
Africa, struggle for African independence, nationalism and the
problems of self-government. May be repeated twice as topics
change.
A. Regional Affairs (4 units)
B. Francophone Africa (4 units)
C. North Africa (4 units)
D. Southern Africa (4 units)
E. West Africa (4 units)
F. East Africa (4 units)
G. Horn of Africa (4 units)
H. Lusophone Africa (4 units)
I. South Africa (4 units)

484. National Security Policy
Introduction to concepts and principles of national security pol-
icy through an examination of topics in international relations,
foreign policy, arms control, strategic thought and alliance strat-
gy. (4 units)

500. International Law
Historical basis and present trends in the development of inter-
national law. (4 units)

507. The Politics of Central Asia
Comparative politics of Central Asian states, including histori-
cal, ethnic, religious and cultural influences. Formerly PSCI
307. (4 units)

510. International Organization
History, structure and dynamics of the United Nations and other
multi-national organizations. (4 units)

515. Model United Nations
An analysis of the role of the U.N. in world politics to prepare
students for the national U.N. competition. Particular emphasis
is placed on foreign policy of the country to be represented and
the internal and external factors on which that policy is based.
Course may be repeated for a total of eight units towards gradu-
ation. (4 units)

520. War and Politics
The study of the origins and political consequences of war.
(4 units)

530. Studies in Political Theory
Concentrated study of one political theorist or one subject in po-
litical theory. May be repeated for credit as topics change.
(4 units)

535. Seminar in Constitutional Law
Intensive study in one or more aspects of constitutional law. Pre-
requisite: one of the following: PSCI 328, 410, 411, HIST 540
or consent of instructor. (4 units)

540. Seminar in Comparative Politics
Theories, methods, and paradigms of comparative politics.
(4 units)

- Psychology
(Degree requirements can be found on Page 483.)

The general objectives of the Bachelor of Arts in Psychology are to present the scientific and professional aspects of psychology to the undergraduate majoring in this field and to provide service courses as electives for students throughout the university. Psychology majors may plan to apply the knowledge and skills provided by a broad psychology background to many diverse employment opportunities which do not require graduate training. The department also offers course work leading to the Master of Arts or the Master of Science in Psychology. Students intending to enroll in these programs or another graduate school will find the undergraduate program provides an excellent base for entry into graduate training.

Courses offered by the department range from the basic scientific courses such as experimental psychology, learning and perception to such applied courses as counseling and behavior modification. Laboratory and training facilities complement a wide variety of courses.

B.A. IN PSYCHOLOGY

Requirements (65-68 units)

Total units required for graduation: 180

As prerequisites for acceptance into the B.A. in Psychology, students must complete the following as a "Pre-psychology major." Upon completion of the requirements, student's major will be changed automatically from "Pre-psychology" to "Psychology" status. Following formal entrance to the psychology major, students may proceed with PSYC 311 and 400-level courses. Students enrolled in their pre-psychology course in statistics (e.g. PSYC 210) will be allowed to enroll in PSYC 311 and 400-level courses for the following quarter with the understanding that all pre-psychology requirements will be completed successfully.

Requirements to enter the B.A. in Psychology:

1. Completion of the following:
   - General Education Basic Skills in English (A.1)
     One of the following:
     - ENG 101. Freshman Composition
     - HON 103. Language and Meaning
   - General Education Basic Skills in Mathematics (A.3)
     One of the following:
     - MATH 110. College Algebra
     - MATH 115. The Ideas of Mathematics
     - MATH 120. Pre-Calculus Mathematics
     - MATH 192. Methods of Calculus
     - MATH 211. Basic Concept of Calculus
   - PSYC 100. Introduction to Psychology, or its equivalent (also satisfies General Education category D.4)
   - PSYC 101. Psychology as a Major (1)
   - PSYC 210. Psychological Statistics (5) or its equivalent

2. The combined grade point average in the above courses must be a minimum of 2.5, with no grade lower than a "C" (2.0). Students are encouraged to petition for the "Pre-psychology major" early in the curriculum.

Requirements for the B.A. in Psychology:

1. PSYC 100. Introduction to Psychology (4)
2. PSYC 101. Psychology as a Major (1)
3. Choose one of the following:
   - PSYC 210. Psychological Statistics (5)
   - SSCI 215. Statistics for the Social Sciences (4)
4. PSYC 311. Introduction to Experimental Psychology (6)
5. Fields of Psychology
   Twelve units chosen from:
   - PSYC 201. Developmental Psychology (4)
   - PSYC 240. Introduction to Child Development (4)
   - PSYC 355. Industrial Psychology (4)
   - PSYC 382. Psychology of Social Behavior (4)
   - PSYC 385. Personality (4)
   - PSYC 390. Abnormal Psychology (4)

Note: Students may apply only one of the following courses to the Psychology major:
   - PSYC 201. Developmental Psychology (4)
   - PSYC 240. Introduction to Child Development (4)
6. Basic Processes
   Twelve units chosen from:
   - PSYC 357. History and Systems of Psychology (4)
   - PSYC 360. Cognitive Psychology (4)
   - PSYC 362. Learning and Motivation (4)
   - PSYC 363. Biological Psychology (4)
   - PSYC 364. Perception (4)
7. Applications
   Four units chosen from:
   - PSYC 315. Communication Processes (5)
   - PSYC 318. Health Psychology (4)
   - PSYC 351. Behavior Modification: Principles and Applications (4)
   - PSYC 377. Tests and Measurements (4)
   - PSYC 386. Introduction to Psychotherapy (4)
   - PSYC 575. Internship in Psychology (4)
8. Advanced Culminating Experience
   Students must select one of the following options:
   **OPTION I (6 units)**
   Six units chosen from:
   - PSYC 431. Experimental Psychology: Developmental (6)
   - PSYC 432. Experimental Psychology: Clinical (6)
   - PSYC 433. Experimental Psychology: Biological (6)
   - PSYC 434. Experimental Psychology: Social (6)
   - PSYC 435. Experimental Psychology: Personality (6)
   - PSYC 436. Experimental Psychology: Learning and Motivation (6)
   - PSYC 437. Experimental Psychology: Cognition and Perception (6)
   - PSYC 438. Experimental Psychology: Industrial and Organizational (6)

   **OPTION II (8 units)**
   A. Four units chosen from:
      - PSYC 421. Advanced Seminar in Psychology: Developmental (4)
      - PSYC 422. Advanced Seminar in Psychology: Clinical (4)
      - PSYC 423. Advanced Seminar in Psychology: Biological (4)
      - PSYC 424. Advanced Seminar in Psychology: Social (4)
      - PSYC 425. Advanced Seminar in Psychology: Personality (4)
      - PSYC 426. Advanced Seminar in Psychology: Learning and Motivation (4)
      - PSYC 427 Advanced Seminar in Psychology: Cognition and Perception (4)
      - PSYC 428 Advanced Seminar in Psychology: Industrial and Organizational (4)
   B. PSYC 357. History and Systems of Psychology (4)
      (If taken in category 6 in the core, students must take an additional four units from categories 5, 6 or 7.)

9. Sixteen units in upper-division psychology electives.
   Students intending to apply to doctoral programs in psychology are encouraged to take the following courses:
   - PSYC 357. History and Systems of Psychology (4)
   - PSYC 377. Tests and Measurements (5)
   - PSYC 410. Advanced Psychological Statistics (5)
   - PSYC 595. Independent Study (5)

   Students interested in other educational and career goals have the opportunity to either diversify or concentrate their studies according to individualized plans developed in consultation with a departmental advisor.

**B.A. IN PSYCHOLOGY - Biological Psychology**

**Requirements (66 units)**

**Total units required for graduation: 180**

**Requirements for the B.A. in Psychology - Biological Psychology:**

1. PSYC 100. Introduction to Psychology (4)
2. PSYC 101. Psychology as a Major (1)
3. PSYC 210. Psychological Statistics (5)
4. PSYC 311. Introduction to Experimental Psychology (6)
5. PSYC 363. Biological Psychology (4)
6. PSYC 442. Behavioral Neuroscience (4)
7. PSYC 201. Developmental Psychology (4)
   PSYC 355. Industrial Psychology (4)
   PSYC 382. Psychology of Social Behavior (4)
   PSYC 385. Personality (4)
   PSYC 390. Abnormal Psychology (4)
8. PSYC 201. Developmental Psychology (4)
   PSYC 355. Industrial Psychology (4)
   PSYC 382. Psychology of Social Behavior (4)
   PSYC 385. Personality (4)
   PSYC 390. Abnormal Psychology (4)
9. PSYC 357. History and Systems of Psychology (4)
   PSYC 360. Cognitive Psychology (4)
   PSYC 364. Perception (4)
10. PSYC 324. Developmental Psychobiology (4)
    PSYC 332. Human Psychophysiology (5)
    PSYC 362. Learning and Motivation (4)
    PSYC 365. Cognitive Neuroscience (4)
    PSYC 367. Neuropsychiatric Disorders (4)
    PSYC 423. Advanced Seminar in Psychology: Biological (4)
    PSYC 426 Advanced Seminar in Psychology: Learning and Motivation (4)
    PSYC 538 Introduction to Psychopharmacology (4)
11. PSYC 306. Learning and Motivation (4)
    PSYC 365. Cognitive Neuroscience (4)
    PSYC 358. Introduction to Psychopharmacology (4)

Students intending to apply to doctoral programs in biopsychology are encouraged to take appropriate course work in biology, chemistry, and physics.

**MINOR IN PSYCHOLOGY**

**Requirements (32 units)**

**Requirements for a minor in Psychology:**

1. PSYC 100. Introduction to Psychology (4)
2. PSYC 201. Developmental Psychology (4)
   PSYC 355. Industrial Psychology (4)
   PSYC 382. Psychology of Social Behavior (4)
   PSYC 385. Personality (4)
   PSYC 390. Abnormal Psychology (4)
3. PSYC 357. History and Systems of Psychology (4)
   PSYC 360. Cognitive Psychology (4)
   PSYC 364. Perception (4)
4. PSYC 315. Communication Processes (5)
   PSYC 318. Health Psychology (4)
DEPARTMENTAL HONORS

Students majoring in psychology are eligible to receive honors in psychology at graduation if the following conditions are met:

1. At least one-half of the course work required by the major is completed at this university;
2. At least a 3.5 grade point average in the major;
3. An overall grade point average of 3.25 or better;
4. Completion of the three-quarter Honors Program with a grade of "B" (3.0) or better each quarter:
   - PSYC 597. Honors Seminar
   - PSYC 598A. Honors Project
   - PSYC 598B. Honors Project

Students interested in this recognition must file a formal application for enrollment in the Psychology Honors Program at the end of their junior year.

COURSE OFFERINGS IN PSYCHOLOGY (PSYC)

**Lower Division**

100. Introduction to Psychology
A survey of the field of modern psychology. (GE=D.4) (PSYC 100=CAN PSY 2) (4 units)

101. Psychology as a Major
A survey of different areas of specialization and professional activities of psychologists. Graded credit/no credit. Prerequisite: PSYC 100. (1 unit)

105. Critical Thinking Through Problems Analysis
Development of basic skills in critical thinking including identifying and understanding common fallacies, recognizing techniques of persuasion and propaganda, problem solving strategies, and applying skills of critical thinking to the complex issues of everyday life. (GE=A.4) (4 units)

115. Personal and Social Adjustment
Application of psychological principles to predictable challenges and problems over the life span. Explores opportunities for adjustment and growth in a variety of circumstances, such as family and college life. May not be counted toward fulfillment of requirements in the psychology major. (GE=E.2) (2 units)

120. Career Development
Examination of the world of work and individual self-assessments, including exploration of career aspirations and goals. (2 units)

201. Developmental Psychology
Introduction to the psychological development of the person from the prenatal period through old age. Prerequisite: PSYC 100. (4 units)

210. Psychological Statistics
Introduction to statistical reasoning and application of basic statistical procedures in psychology. Includes both descriptive and inferential statistics with emphasis on parametric techniques. Credit may not be received for more than one of the following courses: PSYC 210, SCM 210, or SSCI 215. Four hours lecture and three hours of laboratory. (PSYC 210=CAN PSY 6) (5 units)

240. Introduction to Child Development
Comprehensive introduction to child development from conception through adolescence. Emphasis is on physical, cognitive social, emotional and language development. (Also offered as HD 240. Students may not receive credit for both.) (4 units)

270. Infant and Toddler Development
Prenatal, neonatal, infant, and toddler development through age two. Prerequisite: PSYC 100. (4 units)

280. Early Childhood Development
Physical, social, emotional, and intellectual development of the young child from ages two to eight. Laboratory involves observation of young children. Four hours lecture and three hours laboratory. (Also offered as HD 280. Students may not receive credit for both.) Prerequisite: PSYC 100. (5 units)

**Upper Division**

301. Psychology of Human Sexuality
Theory and empirical findings from the areas of social, developmental, physiological, and clinical psychology as they apply to human sexual behavior. (4 units)

302. Management and Organizational Behavior
Introduction to management as it affects operations and the behavior of people in relation to the functional fields of administration. Selected behavioral concepts analyzed with respect to applications in management. (Also offered as MGMT 302. Students may not receive credit for both.) (4 units)

303. Parenting and Family Relations
Effects of parenting and intra-family relations on child and lifespan psychological development. Prerequisites: PSYC 100 and 201 or equivalent. (4 units)

305. Psycholinguistics
An introduction to theory and research on the psychological study of language, first language acquisition, and the relation of language to thought and culture. Prerequisite: PSYC 100. (4 units)

311. Introduction to Experimental Psychology
Design and execution of psychological research. Four hours lecture and six hours laboratory. Prerequisites: PSYC 100 and 210 or SSCI 215; restricted to psychology majors, human development majors, human services majors or consent of department. (6 units)

315. Communication Processes
Introduction to the nature of the helping process with emphasis on strategies of behavior change, interpersonal communication and basic helping skills. Four hours lecture and two hours laboratory. Prerequisite: PSYC 100. (5 units)

</thead>
<tbody>
<tr>
<td>318</td>
<td>Health Psychology</td>
<td>Examination of psychological aspects of health related behaviors with emphasis on the effects of interpersonal and social psychological factors on physical health and effective medical care.</td>
<td>PSYC 100. (4 units)</td>
<td>4</td>
</tr>
<tr>
<td>320</td>
<td>Psychology of Middle Childhood</td>
<td>Theories and their applications to physical, cognitive, social and emotional development during the middle childhood years. A field based component will be required.</td>
<td></td>
<td>4</td>
</tr>
<tr>
<td>324</td>
<td>Developmental Psychobiology</td>
<td>Psychobiological bases of human behavioral development throughout the life span. (Also offered as HD 324. Students may not receive credit for both.) Prerequisite: PSYC 100. (4 units)</td>
<td></td>
<td>4</td>
</tr>
<tr>
<td>328</td>
<td>Psychology of Adolescent Development</td>
<td>Theory and empirical literature concerning the physical, cognitive, social, and emotional changes from puberty to adulthood. A field based component will be required.</td>
<td>PSYC 100 and 201, or consent of instructor.</td>
<td>4</td>
</tr>
<tr>
<td>329</td>
<td>Psychology of Adulthood and Aging</td>
<td>An examination of physical, social, cognitive, and personality development from young adulthood through adulthood. Special attention is given to theory, research, and applications in the area of gerontology.</td>
<td>PSYC 100 and 201, or consent of instructor.</td>
<td>4</td>
</tr>
<tr>
<td>331</td>
<td>The Psychology of Women</td>
<td>A critical study of theory and data on the psychological development of females; their attitudes, behaviors, psychopathologies, abilities and self-images. Prerequisite: PSYC 100. (4 units)</td>
<td></td>
<td>4</td>
</tr>
<tr>
<td>333</td>
<td>Drugs and Behavior</td>
<td>Analysis of drugs from psychological, behavioral and physiological viewpoints. Topics include drug classification, altered states of consciousness, addiction, chemical nature and treatment of mental illness.</td>
<td>PSYC 100 or consent of instructor.</td>
<td>4</td>
</tr>
<tr>
<td>334</td>
<td>Addiction and Recovery</td>
<td>Research and theories related to the psychological, behavioral and physiological basis of addiction and recovery. A variety of common addictive disorders will be considered including eating, smoking, gambling, work, sex and drugs.</td>
<td>PSYC 100 or consent of instructor.</td>
<td>4</td>
</tr>
<tr>
<td>339</td>
<td>Human Psychophysiology</td>
<td>An examination of the human psychophysiological literature with emphasis on research findings, clinical applications and theory related to the analysis of the relationships between bodily processes, psychological states and behavior.</td>
<td>PSYC 100 or consent of instructor.</td>
<td>4</td>
</tr>
<tr>
<td>340</td>
<td>Prejudice, Race, and Racism</td>
<td>Psychological and sociological theories and research on prejudice and racism in the U.S. and other countries, emphasizing the development and change of racial attitudes.</td>

<td>PSYC 100. (4 units)</td>
<td>4</td>
</tr>
<tr>
<td>362</td>
<td>Learning and Motivation</td>
<td>Survey of research and major theories in animal and human learning and motivation. Applications of learning and motivational principles.</td>
<td>PSYC 100. (4 units)</td>
<td>4</td>
</tr>
<tr>
<td>363</td>
<td>Biological Psychology</td>
<td>Overview of the biological basis of behavior with emphasis on the relationship between brain function and thought, emotion, perception, language, learning, memory and motivation.</td>
<td>PSYC 100. (4 units)</td>
<td>4</td>
</tr>
</tbody>
</table>
364. Perception
Selected topics in the field of perceptual processes. Includes review of contemporary theories and research. Class demonstrations and mini-projects. Prerequisite: PSYC 100 or consent of instructor. (4 units)

365. Cognitive Neuroscience
Examination of the neural foundations of human mental functioning, including perception, attention, memory, language, thinking and consciousness. Special emphasis on human neuroimaging as well as behavioral and cognitive impairments from brain injury. Prerequisite: PSYC 100 or consent of instructor. (4 units)

366. Computer Applications in Psychology
A survey of the uses of computers in psychology. Topics include the application of computers in psychological research and statistical data analysis. Three hours lecture and three hours laboratory. Prerequisites: PSYC 100 and one of the following: PSYC 210, SCM 210, SSCI 215; or consent of instructor. (4 units)

367. Neuropsychiatric Disorders
An examination of brain systems involved in psychiatric syndromes and neurological disorders, including Parkinson's disease, Alzheimer's disease, schizophrenia, depression, and bipolar disorders. Provides a basic understanding of brain dysfunctions that contribute to these disorders and rationales for pharmacological treatments. Prerequisite: PSYC 100 or consent of instructor. (4 units)

370. Topics in Psychology
Selected psychology topics with specific focus within relatively narrow content areas. May be repeated for credit as topics change. Prerequisite: PSYC 100. (2 units)

372. Psychology of Death and Dying
A review of current theory and research on the psychology of grief, death and dying. (Also offered as HD 372. Students may not receive credit for both.) Prerequisite: PSYC 201 or equivalent. (4 units)

375. Seminar in Psychology
Selected topics which encompass areas of current theoretical and/or research interest in psychology. May be repeated for credit as topics change. Prerequisite: PSYC 100. (4 units)

377. Tests and Measurements
Administration of psychological tests and scales; interpretation and use of the data which they yield. Prerequisites: PSYC 100; and one of the following: PSYC 210 or SSCI 215. (4 units)

382. Psychology of Social Behavior
Major concepts, issues and psychological research regarding social influence on individual behavior. Prerequisite: PSYC 100. (4 units)

384. Personality and Social Development
Development of personality, emotions and social behavior from childhood through adulthood. Prerequisites: PSYC 100 and 201 or equivalents. (4 units)

385. Personality
Survey of the major theories of personality. Prerequisite: PSYC 100 or consent of instructor. (4 units)

386. Introduction to Psychotherapy
Introduction to theories, methods and research in psychotherapy. Formerly PSYC 490. Prerequisite: PSYC 100. (4 units)

387. Community Psychology
Comprehensive study of the discipline of community psychology which emphasizes the relationship of community resources to individual mental health needs. Prerequisite: PSYC 100. (4 units)

390. Abnormal Psychology
An introduction to psychopathology, emphasizing the major interpretations and treatments of emotional and behavioral disorders. Prerequisite: PSYC 100 or consent of instructor. (4 units)

391. Psychopathology of Childhood
Psychological and emotional disorders of children with special emphasis on diagnostic and clinical treatment. Prerequisites: PSYC 100 and 201. (4 units)

400. Child Assessment
Theory and procedures for assessing cognitive, social, and motor abilities in infants and children. Course includes a practicum in administering and interpreting selected developmental screening tests. Four hours lecture and three hours practicum. Prerequisites: HD 280, PSYC 201, or 280. (5 units)

410. Advanced Psychological Statistics
Coverage of advanced statistical reasoning and application of statistical procedures in psychology. Includes both parametric and nonparametric techniques with an introduction to multivariate statistics. Statistical computer packages will be introduced. Four hours lecture and three hours laboratory. Prerequisites: PSYC 210, SCM 210, or SSCI 215; or consent of instructor. (5 units)

421. Advanced Seminar in Psychology: Developmental
A review of selected research areas in the fields of child and life-span developmental psychology. Students will develop an advanced project. Prerequisites: PSYC 201 and 311 or consent of instructor. (4 units)

422. Advanced Seminar in Psychology: Clinical
A review of selected topics in clinical psychology outcome research, such as psychopathology, adaptation and coping, health promotion, and cultural factors in diagnosis and treatment. Students will develop an advanced project. Prerequisites: PSYC 311, and either PSYC 386 or 390. (4 units)

423. Advanced Seminar in Psychology: Biological
A review of the literature regarding the neural and endocrine processes underlying brain function and behavior. Students will develop an advanced project. Prerequisites: PSYC 311 and 363 or consent of instructor. (4 units)
424. Advanced Seminar in Psychology: Social
A review of theories and empirical results of experimental social psychology in selected areas such as group dynamics, social perception, communication and attitudes. Students will develop an advanced project. Prerequisites: PSYC 311 and 382 or consent of instructor. (4 units)

425. Advanced Seminar in Psychology: Personality
A review of contemporary personality theories and the relationship of personality to behavior. Students will develop an advanced project. Prerequisites: PSYC 311 and 385. (4 units)

426. Advanced Seminar in Psychology: Learning and Motivation
A review of selected theories and research in areas of learning and motivation. Students will develop an advanced project. Prerequisites: PSYC 311 and 362, or consent of instructor. (4 units)

427. Advanced Seminar in Psychology: Cognition and Perception
A review of human information processing, memory, thinking and perceptual processes. Students will develop an advanced project. Prerequisites: PSYC 311 and either PSYC 360 or 364. (4 units)

428. Advanced Seminar in Psychology: Industrial and Organizational
A review of industrial/organizational psychology, in selected areas such as work motivation, performance evaluation, training techniques, and selection approaches. Students will develop an advanced project. Prerequisites: PSYC 311, 377 and one of the following: MGMT 302, PSYC 302 or 355. (4 units)

431. Experimental Psychology: Developmental
Selected research areas in the fields of child and life-span developmental psychology. Includes review of current literature and experimental techniques in developmental research. Four hours lecture and six hours laboratory. Prerequisites: PSYC 201 and 311 or consent of instructor. (6 units)

432. Experimental Psychology: Clinical
Empirical studies in clinical psychology. Study options include experimental psychopathology, adaptation and coping, health promotion, anxiety/stress, mood/emotion and cultural factors in diagnosis and treatment. Four hours lecture and six hours laboratory. Prerequisites: PSYC 311, and either PSYC 386 or 390. (6 units)

433. Experimental Psychology: Biological
Introduction to the neural processes underlying brain function and behavior. Particular emphasis will be placed on neuroanatomy and the actions of drugs on brain and behavior. Students will receive practical training in advanced neuroscience techniques. Four hours lecture and six hours laboratory. Prerequisites: PSYC 311 and 363 or consent of instructor. (6 units)

434. Experimental Psychology: Social
Methods, theories and empirical results of experimental social psychology in selected areas such as group dynamics, social perception, communication and attitudes. Four hours lecture and six hours laboratory. Prerequisites: PSYC 311 and 382. (6 units)

435. Experimental Psychology: Personality
Empirical study of personality theories and the relationship of personality to behavior. Four hours lecture and six hours laboratory. Prerequisites: PSYC 311, 377 and 385. (6 units)

436. Experimental Psychology: Learning and Motivation
Selected theories and research in areas of learning and motivation. Includes literature review and experimental analysis. Four hours lecture and six hours laboratory. Prerequisites: PSYC 311 and 362. (6 units)

437. Experimental Psychology: Cognition and Perception
Empirical study of human information processing, memory, thought and perceptual processes. Four hours lecture and six hours laboratory. Prerequisites: PSYC 311 and either PSYC 360 or 364. (6 units)

438. Experimental Psychology: Industrial and Organizational
Methods and empirical study of industrial-organizational psychology, in selected areas such as work motivation, performance evaluation, training techniques, and selection approaches. Four hours lecture and six hours laboratory. Prerequisites: PSYC 311, 377 and one of the following: MGMT 302, PSYC 302 or 355. (6 units)

442. Behavioral Neuroscience
Intensive review of the neural mechanisms underlying behavior. Considerable emphasis is placed on sensory, motor, and homeostatic functioning. Higher-order functioning, including learning and memory, will also be covered. Prerequisite: HD 324, PSYC 324, or 363, or consent of instructor. (4 units)

460. Adult Assessment
Theory, issues, and procedures in assessment of physical, cognitive, social and emotional functioning in adulthood and old age. (Also offered as HD 460. Students may not receive credit for both.) Prerequisite: PSYC 329 or SOC 330 or HSCI 423, or consent of instructor. (4 units)

538. Introduction to Psychopharmacology
Examination of the basic pharmacological principles of psychoactive drugs. Particular emphasis is placed on neuronal functioning, mechanisms of drug action, and behavioral outcomes. Prerequisites: HD 324, PSYC 324, 333 or 363, or consent of instructor. (4 units)

540. Work, Retirement and Leisure
Theory and research on work, retirement and leisure during the adult years. (Also offered as HD 540. Students may not receive credit for both.) Prerequisite: PSYC 100. (4 units)

575. Internship in Psychology
Supervised work and study in private or public organizations. May be repeated once for credit. (Only four units of PSYC 575 may be applied to upper-division elective requirements in the psychology major.) Graded credit/no credit. Prerequisites: consent of instructor and department. (4 units)
581. Seminar in Industrial/Organizational Psychology
Selected topics in industrial/organizational psychology. M.S. I/O option candidates are required to take all four topics. Same topic may not be repeated for credit. Prerequisites: upper-division or graduate standing in the M.S. in Psychology, I/O program and consent of department.
A. Current Professional Issues (2 units)
B. Organizational Leadership (2 units)
C. Processes of Work Groups (2 units)
D. Training and Executive Development (2 units)

595. Independent Study
Special topics involving literature and/or experimental effort. A total of eight units of PSYC 595 may be applied toward graduation, of which a maximum of four units can be applied toward the upper-division requirements in the psychology major. Prerequisites: a minimum overall grade point average of 3.0, consent of instructor and departmental approval of a written proposal of a project submitted on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 2 to 4 units)

596. Practicum in Psychology: Peer Advising
Theory, training, and practice in the basic knowledge, skills, and abilities involved in academic peer advising. One hour seminar, three hours practicum. A total of eight units may be applied toward graduation, of which a maximum of four units can be an upper-division elective in the psychology or human development major. Graded credit/no credit. An application must be submitted during the quarter prior to the quarter student plans to enroll. Prerequisites: consent of instructor and department. (2 units)

597. Honors Seminar
Provides an opportunity for students to develop an independent project under faculty supervision. Students will meet as a class to discuss their projects, as well as various advanced topics. Enrollment is limited to students whose formal application for departmental honors is approved. Prerequisites: PSYC 311 and consent of department. (4 units)

598. Honors Project
Provides an opportunity for students to conduct an independent project under faculty supervision. Enrollment is limited to students whose formal application for departmental honors is approved. May not be used to satisfy the requirements of the psychology major.
A. Prerequisites: PSYC 597 and consent of department. (2 units)
B. Prerequisites: PSYC 598A and consent of department. (2 units)
PUBLIC ADMINISTRATION

Department of Public Administration
Jack Brown Hall, Room 456
880-5758

FACULTY: David Bellis (Chair), Chuck Christie, Michael Clarke, Albert K. Karnig, Guenther Kress, Audrey Mathews, J. Brian Watts, Clifford Young

The university offers a Masters in Public Administration. In addition, a concentration in public administration is available within the Bachelor of Arts in Administration. The details of these programs are listed under Administration on Page 79. The Master of Public Administration can be found on Page 489. The courses listed below are offered in support of these programs. Further information is available from the Department of Public Administration.

COURSE OFFERINGS IN PUBLIC ADMINISTRATION (PA)

Upper Division
Enrollment in upper division courses restricted to students who have met all prerequisites and have completed at least 89.9 quarter units (junior class level). Students who do not meet these requirements will be disenrolled.

305. Organizations in Multicultural and Diverse Societies
Integrative, multicultural exploration of the challenge of ensuring that business and government organizations as they pursue their economic or public policy missions also promote societal goals of democratic process and full inclusion of women and minorities. Examines the roles and powers of business and government organizations in meeting or failing to meet the rights and needs of citizens of all genders and ethnicities. Prerequisite: junior or senior standing. (GE=G2) (4 units)

307. Public Relations in the Public Sector
Public relations as an inherent aspect of management in the public sector. Problems and techniques of administration of programs to manage and improve public relations. (4 units)

315. Government-Business Relations
Study of public-private sector interactions and the respective roles of government and business in these relationships. Government's evolving role in economic life; the context of government-business relations; the maintenance and moderation of competition; specific problems in government-business interactions. (4 units)

380. Introduction to Public Administration
An introduction to the purposes, methods and characteristics of public management, including organization of public services, roles and relationships of public administrators, accountability and the achievement of public goals. (Also offered as PSCI 380. Students may not receive credit for both.) (4 units)

462. Public Personnel Administration
Definition, description and evaluation of government personnel systems; classification, compensation, recruitment, examination, training, working conditions, incentives, performance ratings, public employee organizations and organizational development in the public service. Formerly PA 562. Prerequisite: PA 380. (4 units)

463. Governmental Budgeting
Role of the budgetary process in government management, the public sector environment of budgeting, budget formulation and administration. Formerly PA 563. (4 units)

472. Administrative Law
Processes of administrative rule making, regulation, adjudication and appeal procedures; duties and liabilities of public officials, trends in regulation, overview of regulatory agencies. (4 units)

473. Public Transportation Planning, Policy and Regulation
Study of the impacts of local, state and federal planning, policies, rules, regulations, and programs on surface, marine and air transportation systems. The focus is on interrelationships between business and the public sector in the strategic management of transportation applications. (4 units)

490. Senior Assessment Seminar in Public Administration
This senior-level capstone course develops an overall general perspective on the field of public administration. It reviews and integrates knowledge from the Public Administration upper-division core and concentration courses. The class assesses and documents students' academic progress in the Public Administration concentration to demonstrate evidence of learning the core theories and practices of public administration as applied to topical areas. Prerequisites: senior standing, PA 307, 315, 380, 462, 463 and 472, or consent of instructor. (4 units)

514. Management of Private Nonprofit Organizations
Analyzes the specific problems of management in private nonprofit organizations, including planning, personnel, financial and policy issues. (4 units)

516. Public and Non-Profit Project Management
Aspects of project management, including needs and feasibility assessment, project design, proposal writing, contract negotiation, funding, developing project teams, managing team conflict, monitoring, and evaluation. Three hours lecture and two hours activity laboratory. (4 units)

521. Principles of Planning
Introduction to local and regional community planning; includes methods of adoption and interorganizational relationships. (4 units)
314 / Public Administration

548. Management of Computers in the Public Sector
Designed to help students gain competency in computer related skills. Each topic may be taken once for credit. Three hours lecture and two hours activity laboratory.
A. Word Processing (4 units)
B. Data Base Management (4 units)
C. Spread Sheet (4 units)
D. Communication (4 units)
E. Networking (4 units)
F. Special Problems (4 units)
G. Geographic Information Systems (4 units)

557. Public Sector Labor Relations
Analyzes issues created by collective bargaining and unionism in public sectors. Examples: selection of bargaining agents, bargaining scope and obligation, impasse resolution and grievance procedure. (4 units)

564. Local Public Administration
Administrative characteristics and problems of public management in the urban area, including city, county, school and special district organization and functions. (4 units)

568. Accounting for Government and Not-for-Profit Organizations
Covers principles and practices of government fund accounting. Topics include governmental accounting concepts, types and structure of funds and accounts, application of generally accepted accounting principles to government and not-for-profit entities, presentation and uses of financial statements. (Also offered as ACCT 568. Students may not receive credit for both.) Prerequisite: ACCT 211 or 311. (4 units)

575. Internship in Public Administration
Supervised work and study in private or public organizations. May be repeated once for credit. A total of two College of Business and Public Administration 575 courses may be applied toward graduation. Graded credit/no credit. Prerequisites: consent of instructor and the department's internship coordinator. (4 units)

590. Seminar in Public Administration
An intensive study of some phase of public administration to be developed by the instructor. May be repeated for credit as topics change. (4 units)

595. Independent Study
Special topics involving library and/or field research. A total of 10 units in any College of Business and Public Administration 595 may be applied toward graduation. Prerequisites: a minimum overall grade point average of 3.0, consent of instructor and approval by the department of a written project/proposal submitted to the appropriate department in the College of Business and Public Administration on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 2 or 4 units)
SOCIAL SCIENCES

College of Social and Behavioral Sciences
Social and Behavioral Sciences Building, Room 207
880-7500

Bachelor of Arts
Social Sciences

Teaching Credential Program
Single Subject

Master of Arts
Social Sciences

COORDINATOR: Jenny Zorn

The social sciences major is designed for those students who wish to blend any three of the disciplines represented in the College of Social and Behavioral Sciences. Students seeking the single subject teaching credential in social science will not be able to meet the requirements with this major alone. See the Teaching Credential Program section which follows.

B.A. IN SOCIAL SCIENCES

Requirements (60 to 62 units)

Total units required for graduation: 180

A minimum of 28 to 29 units (primary) in one of the following fields, plus 16 to 17 units each (secondary) in two others:

Anthropology
Economics
Geography
History
Political Science
Psychology
Sociology

Of the 28 to 29 units comprising the primary field, no more than twelve units may be from the lower-division courses. In each secondary field, no more than eight units may be from lower-division courses.

Within the social sciences major, cross-listed courses cannot be counted both in a primary field and in a secondary field.

Those courses which will be required and allowed for use in this track, both in the primary and secondary fields, are listed below. It is the responsibility of both the student and the student's advisor to construct a program in line with these requirements. Once agreed to, the program is filed in the student's permanent folder in the Office of Records, Registration and Evaluations but is subject to revision by mutual consent. No more than one 12 unit special comprehensive examination may be applied to any field, either primary or secondary, and not more than two of these examinations may be used to meet the requirements of this major.

An ethnic studies primary or secondary field may be obtained by taking ES 100 (Ethnicity and Race in America) and 56 to 58 additional units of upper-division course work from within the College of Social and Behavioral Sciences as stated below. No course may be used in a secondary field which has been used in any other part of the social sciences major.

A special topics primary or secondary field may be contracted with the dean of the College of Social and Behavioral Sciences. Possible topics that may be arranged under this option include, but are not restricted to, women's studies and Latin American studies. For more information concerning this option, contact the dean of the College of Social and Behavioral Sciences.

Requirements for the B.A. in Social Sciences:

Anthropology

(Primary Field 28 units, Secondary Field 16 units)

Primary Field (28 units):
1. ANTH 100. Introduction to Anthropology: Human Evolution (4)
2. ANTH 102. Introduction to Anthropology: Culture and Society (4)
3. A minimum of twelve units chosen from:
   ANTH 300. Archaeology (4)
   ANTH 302. African Archaeology (4)
   ANTH 303. Prehistory of the Middle East and Europe (4)
   ANTH 305. North American Prehistory (4)
   ANTH 306. Aztecs, Maya and Their Predecessors (4)
   ANTH 307. Incas and Their Predecessors (4)
   ANTH 312. Historical Archaeology (4)
   ANTH 315. Archaeology of the Southwest and California (4)
   ANTH 319. Experimental Archaeology and Ethnoarchaeology (5)
   ANTH 320. Archaeological Survey and Excavation (5)
   ANTH 321. Archaeological Laboratory Analysis (5)

May choose only one of the following two courses:
   ANTH 323. Native North American Art (4)
   ART 323. Native North American Art (4)

May choose only one of the following two courses:
   ANTH 324. Pre-Columbian Art (4)
   ART 324. Pre-Columbian Art (4)

ANTH 325. Human Biological Variation and the Concept of Race (4)
ANTH 326. Human Origins (4)
ANTH 327. Primate Evolution and Ecology (4)
ANTH 331. Anthropology of Human Development (4)
ANTH 332. Sex and Gender in Cross-Cultural Perspective (4)

May choose only one of the following two courses:
   ANTH 335. Cross-Cultural Perspectives on Crime and Deviance (4)
   ANTH 335S. Cross-Cultural Perspectives on Crime and Deviance (Self-paced) (4)
   ANTH 351. Indians of North America (4)
   ANTH 352. Indians of the Southwest (4)
   ANTH 354. Cultures of Mexico and Central America (4)
   ANTH 356. Cultures of South America (4)
   ANTH 357. African Societies (4)
   ANTH 358. Peoples of the Middle East (4)
   ANTH 360. Peoples of Australia (4)
   ANTH 361. Peoples of Micronesia, Melanesia and Polynesia (4)
   ANTH 375. Museum Methods (4)
   ANTH 390. Selected Topics in Anthropology (4)
   ANTH 391. Selected Topics in Anthropology (2)
316 / Social Sciences

4. Eight units chosen from:
   ANTH 460. Language and Culture (4)
   ANTH 465. Anthropology of Health, Illness and Healing (4)
   ANTH 470. Culture Change and Dynamics (4)
   ANTH 475. Cultural Ecology (4)
   ANTH 480. Magic, Religion and Science (4)
   ANTH 485. Applied Anthropology and Social Policy (4)
   ANTH 492. Economic Anthropology (4)
   ANTH 493. Urban Anthropology (4)
   ANTH 500. Great Ideas in Anthropology (4)
   ANTH 575. Internship in Anthropology (2-5)
   ANTH 585. Fieldwork in Cultural Anthropology (4)
   ANTH 595. Independent Study (2-5)

Secondary Field (16 units):
1. Choose one of the following:
   ANTH 100. Introduction to Anthropology: Human Evolution (4)
   ANTH 102. Introduction to Anthropology: Culture and Society (4)
2. A minimum of eight units chosen from:
   ANTH 300. Archaeology (4)
   ANTH 302. African Archaeology (4)
   ANTH 303. Prehistory of the Middle East and Europe (4)
   ANTH 305. North American Prehistory (4)
   ANTH 306. Aztecs, Maya and Their Predecessors (4)
   ANTH 307. Incas and Their Predecessors (4)
   ANTH 312. Historical Archaeology (4)
   ANTH 315. Archaeology of the Southwest and California (4)
   ANTH 319. Experimental Archaeology and Ethnoarchaeology (5)
   ANTH 320. Archaeological Survey and Excavation (5)
   ANTH 321. Archaeological Laboratory Analysis (5)
   May choose only one of the following two courses:
   ANTH 323. Native North American Art (4)
   ART 323. Native North American Art (4)
   May choose only one of the following two courses:
   ANTH 324. Pre-Columbian Art (4)
   ART 324. Pre-Columbian Art (4)
   ANTH 325. Human Biological Variation and the Concept of Race (4)
   ANTH 326. Human Origins (4)
   ANTH 327. Primate Evolution and Ecology (4)
   ANTH 331. Anthropology of Human Development (4)
   ANTH 333. Sex and Gender in Cross-Cultural Perspective (4)
   May choose only one of the following two courses:
   ANTH 335. Cross-Cultural Perspectives on Crime and Deviance (4)
   ANTH 335S. Cross-Cultural Perspectives on Crime and Deviance (Self-paced) (4)
   ANTH 351. Indians of North America (4)
   ANTH 352. Indians of the Southwest (4)
   ANTH 354. Cultures of Mexico and Central America (4)
   ANTH 356. Cultures of South America (4)
   ANTH 357. African Societies (4)
   ANTH 358. Peoples of the Middle East (4)
   ANTH 360. Peoples of Australia (4)
   ANTH 361. Peoples of Micronesia, Melanesia and Polynesia (4)
   ANTH 375. Museum Methods (4)
   ANTH 390. Selected Topics in Anthropology (4)
   ANTH 391. Selected Topics in Anthropology (2)
3. Four units chosen from:
   ANTH 460. Language and Culture (4)
   ANTH 465. Anthropology of Health, Illness and Healing (4)
   ANTH 470. Culture Change and Dynamics (4)
   ANTH 475. Cultural Ecology (4)
   ANTH 480. Magic, Religion and Science (4)
   ANTH 485. Applied Anthropology and Social Policy (4)
   ANTH 492. Economic Anthropology (4)
   ANTH 493. Urban Anthropology (4)
   ANTH 500. Great Ideas in Anthropology (4)
   ANTH 575. Internship in Anthropology (2-5)
   ANTH 585. Fieldwork in Cultural Anthropology (4)
   ANTH 595. Independent Study (2-5)

Economics
(Primary Field 28 units, Secondary Field 16 units)

Primary Field (28 units):
1. ECON 200. Principles of Microeconomics (4)
2. ECON 202. Principles of Macroeconomics (4)
3. ECON 500. History of Economic Thought (4)
4. Four units chosen from applied field courses:
   ECON 360. Economics of the Environment (4)
   ECON 410. Money and Banking (4)
   ECON 430. International Economics (4)
   ECON 435. Multinational Corporations (4)
   ECON 460. Labor Economics (4)
   ECON 475. Public Finance (4)
5. Four units chosen from political economy courses:
   ECON 333. Political Economy of Women: Money, Sex, Race, and Power (4)
   ECON 352. Political Economy of Poverty and Discrimination (4)
   ECON 420. Comparative Economic Systems (4)
   ECON 421. Economic History of the United States (4)
   ECON 445. Political Economy (4)
   ECON 450. Economic Development (4)
   ECON 520. Social Economics (4)
6. Eight units of additional upper-division economics course work.

Secondary Field (16 units):
1. Choose one of the following:
   ECON 200. Principles of Microeconomics (4)
   ECON 202. Principles of Macroeconomics (4)
   ECON 360. Economics of the Environment (4)
   ECON 410. Money and Banking (4)
   ECON 430. International Economics (4)
   ECON 435. Multinational Corporations (4)
   ECON 460. Labor Economics (4)
   ECON 475. Public Finance (4)

Geography
(Primary Field 29 units, Secondary Field 16 to 17 units)

Primary Field (29 units):
1. GEOG 100. Introduction to Human Geography (4)
2. GEOG 103. Physical Geography (5)
3. GEOG 420. Geography of Economic Activity (4)
4. Sixteen units of upper-division geography course work. However, no more than eight of these 16 units of upper-division elective course work can be an area study.

Secondary Field (16 or 17 units):
1. Choose one of the following:
   GEOG 100. Introduction to Human Geography (4)
   GEOG 103. Physical Geography (5)
2. GEOG 420. Geography of Economic Activity (4)
3. Eight units of upper-division geography course work. However, only four of these eight units of upper-division elective course work can be an area study.

**History**  
*(Primary Field 28 units, Secondary Field 16 units)*

**Primary Field (28 units):**

1. HIST 200. United States History to 1877 (4)  
   or  
   Eight units chosen from:  
   - HIST 350. The American Colonies, 1607-1783 (4)  
   - HIST 351. The Evolution of American Democracy, 1783-1840 (4)  
   - HIST 354. Civil War and Reconstruction (4)  
2. HIST 201. United States History, 1877 to the Present (4)  
   or  
   Eight units chosen from:  
   - HIST 356. The United States, 1877-1917 (4)  
   - HIST 357. The United States, 1917-1945 (4)  
   - HIST 359. The United States Since 1945 (4)  
3. HIST 306. Early Modern Europe, the Renaissance to 1815 (4)  
   or  
   Eight units as follows:  
   - HIST 402. Renaissance and Reformation (4)  
   - HIST 403. The Age of Absolutism and Enlightenment (4)  
4. HIST 307. Modern Europe, 1815 to the Present (4)  
   or  
   Eight units chosen from:  
   - HIST 503. Europe Since 1945 (4)  
   - HIST 535. Studies in European National History (4)  
5. Four units chosen from:  
   - HIST 305. Ancient and Medieval Europe (4)  
   - HIST 320. History of Ancient Greece (4)  
   - HIST 321. History of Rome (4)  
   - HIST 400. Early Medieval Europe (4)  
   - HIST 401. Late Medieval Europe (4)  
6. Eight units of upper-division history course work.

**Secondary Field (16 units):**

1. Eight units of upper-division history course work and either Group 1 or 2 below:

**Group 1:**

1. HIST 200. United States History to 1877 (4)  
   or  
   Eight units chosen from:  
   - HIST 350. The American Colonies, 1607-1783 (4)  
   - HIST 351. The Evolution of American Democracy, 1783-1840 (4)  
   - HIST 354. Civil War and Reconstruction (4)  
2. HIST 201. United States History, 1877 to the Present (4)  
   or  
   Eight units chosen from:  
   - HIST 356. The United States, 1877-1917 (4)  
   - HIST 357. The United States, 1917-1945 (4)  
   - HIST 359. The United States Since 1945 (4)  

**Group 2:**

1. HIST 306. Early Modern Europe, the Renaissance to 1815 (4)  
   or  
   Eight units as follows:  
   - HIST 402. Renaissance and Reformation (4)  
   - HIST 403. The Age of Absolutism and Enlightenment (4)  
2. HIST 307. Modern Europe, 1815 to the Present (4)  
   or  
   Eight units chosen from:  
   - HIST 503. Europe Since 1945 (4)  
   - HIST 535. Studies in European National History (4)  

**Political Science**  
*(Primary Field 28 units, Secondary Field 16 units)*

**Primary Field (28 units):**

1. PSCI 203. American Government (4)  
2. PSCI 204. International Relations (4)  
3. Twenty units of upper-division course work with at least four units from each of the following five fields:

**American Government and Politics**

Four units chosen from:  
- PSCI 320. The Legislative Process (4)  
- PSCI 326. Political Parties and Interest Groups (4)  
- PSCI 428. Formulation of Public Policy (4)  
- PSCI 431. The American Presidency (4)  

**Comparative Government**

Four units chosen from:  
- PSCI 300. Western Political Systems (4)  
- PSCI 304. Communist Political Systems (4)  
- PSCI 306. Developing Political Systems (4)  

**International Relations**

Four units chosen from:  
- PSCI 325. American Foreign Policy (4)  
- PSCI 400. International Politics (4)  
- PSCI 484. National Security Policy (4)  
- PSCI 500. International Law (4)  
- PSCI 510. International Organization (4)  

**Political Theory**

Four units chosen from:  
- PSCI 310. Classical Political Thought (4)  
- PSCI 311. Foundations of Modern Political Thought (4)  
- PSCI 313. Modern Political Thought (4)  

**Public Law**

Four units chosen from:  
- PSCI 328. Judicial Process (4)  
- PSCI 410. American Constitutional Law (4)  
- PSCI 411. The Bill of Rights (4)  

**Secondary Field (16 units):**

1. PSCI 204. International Relations (4)  
2. Twelve units of upper-division course work, four units chosen from three of the five fields listed below:

**American Government and Politics**

Four units chosen from:  
- PSCI 320. The Legislative Process (4)  
- PSCI 326. Political Parties and Interest Groups (4)  
- PSCI 428. Formulation of Public Policy (4)  
- PSCI 431. The American Presidency (4)
Comparative Government
Four units chosen from:
- PSCI 300. Western Political Systems (4)
- PSCI 304. Communist Political Systems (4)
- PSCI 306. Developing Political Systems (4)

International Relations
Four units chosen from:
- PSCI 325. American Foreign Policy (4)
- PSCI 400. International Politics (4)
- PSCI 484. National Security Policy (4)
- PSCI 500. International Law (4)
- PSCI 510. International Organization (4)

Political Theory
Four units chosen from:
- PSCI 310. Classical Political Thought (4)
- PSCI 311. Foundations of Modern Political Thought (4)
- PSCI 313. Modern Political Thought (4)

Public Law
Four units chosen from:
- PSCI 328. Judicial Process (4)
- PSCI 410. American Constitutional Law (4)
- PSCI 411. The Bill of Rights (4)

Psychology (Primary Field 29 units, Secondary Field 16 units)
Primary Field (29 units):
1. PSYC 100. Introduction to Psychology (4)
2. PSYC 210. Psychological Statistics (5)
3. Eight units chosen from:
   - PSYC 201. Developmental Psychology (4)
   - PSYC 382. Psychology of Social Behavior (4)
   - PSYC 385. Personality (4)
   - PSYC 390. Abnormal Psychology (4)
4. Four units chosen from:
   - PSYC 360. Cognitive Psychology (4)
   - PSYC 362. Learning and Motivation (4)
   - PSYC 363. Biological Psychology (4)
   - PSYC 364. Perception (4)
5. Four units chosen from:
   - PSYC 315. Communication Processes (4)
   - PSYC 318. Health Psychology (4)
   - PSYC 351. Behavior Modification: Principles and Applications (4)
   - PSYC 355. Industrial Psychology (4)
   - PSYC 377. Tests and Measurements (4)
   - PSYC 386. Introduction to Psychotherapy (4)
   - PSYC 387. Community Psychology (4)
6. Four units of upper-division psychology electives.

Secondary Field (16 units):
1. PSYC 100. Introduction to Psychology (4)
2. Four units chosen from:
   - PSYC 201. Developmental Psychology (4)
   - PSYC 382. Psychology of Social Behavior (4)
   - PSYC 385. Personality (4)
   - PSYC 390. Abnormal Psychology (4)
3. Four units chosen from:
   - PSYC 360. Cognitive Psychology (4)
   - PSYC 362. Learning and Motivation (4)
   - PSYC 363. Biological Psychology (4)
   - PSYC 364. Perception (4)

Sociology (Primary Field 29 units, Secondary Field 16 units)
Primary Field (29 units):
1. SOC 100. The Study of Society (4)
2. SOC 307. Social Research I (5)
3. A minimum of four units chosen from:
   - SOC 311. Sociological Theory (5)
   - SOC 360. Social Psychology (4)
4. Sixteen units of upper-division sociology electives.

Secondary Field (16 units):
1. SOC 100. The Study of Society (4)
2. SOC 360. Social Psychology (4)
3. Eight units of upper-division sociology electives.

TEACHING CREDENTIAL PROGRAM

Students who wish to be recommended for a single subject teaching credential in social sciences must complete the courses listed below plus a major in one of the following: anthropology, economics, geography, history, political science, psychology, social sciences, or sociology. Coursework taken for majors in these fields, as well as coursework which meets general education requirements, can be applied toward meeting the requirements of the Teaching Credential program. Fulfilling the requirements for this program may necessitate completing more than the minimum 186 units for graduation.

Since the program overlaps with some of the coursework required for the majors in those fields, students must receive advising from a department chair or designee who is knowledgeable about both the major and the credential program. Some of the departments offer special Social Sciences Teaching Credential tracks in their major which include all the coursework necessary. Students who elect to complete the teaching tracks in economics, geography, or history will not need to complete additional coursework from the program which follows.

For information about the professional education component or admission to the teacher education program, contact the Credentials Office (C.A.S.E.).

All students who are enrolled in the teacher credential program should see a faculty advisor for assistance in choosing courses and in preparing a required portfolio that will be evaluated by the faculty after the course of study has been completed. The portfolio is part of the assessment procedures that must be passed prior to admission into the College of Education.

Requirements for the Credential in Social Science (97 units plus completion of a major in an approved program)

Lower-division requirements (61 units)
1. ANTH 102. Introduction to Anthropology: Culture and Society (4)
2. Four units chosen from:
   ANTH 140. World Civilizations I, the Rise of Civilization (4)
   HIST 140. World Civilizations I, the Rise of Civilization (4)

3. ECON 104. Economics of Social Issues (4)
4. ECON 200. Principles of Microeconomics (4)
5. ECON 202. Principles of Macroeconomics (4)
6. GEOG 103. Physical Geography (5)

7. Four units chosen from:
   GEOG 100. Introduction to Human Geography (4)
   SSCI 165. Regions and Peoples of the World (4)

8. HIST 142. World Civilizations II, the Civilizations of the East and West (4)
9. HIST 144. World Civilizations III, the Expansion of Europe (4)
10. HIST 200. United States History to 1877 (4)
11. HIST 201. United States History, 1877 to the Present (4)

12. Four units chosen from:
    PHIL 192. Introduction to Philosophy of Religion (4)
    PHIL 193. Introduction to Eastern Philosophy (4)
13. PSCI 203. American Government (4)
14. PSYC 100. Introduction to Psychology (4)
15. SOC 100. The Study of Society (4)

Upper-division requirements (36 units)

1. GEOG 302. Geography of California (4)
2. HIST 370. History of California (4)
3. PSCI 330. State and Local Politics (4)
4. Four units chosen from:
   ANTH 480. Magic, Religion and Science (4)
   ECON 420. Comparative Economic Systems (4)
   ECON 435. Multinational Corporations (4)
   ECON 450. Economic Development (4)

   GEOG 420. Geography of Economic Activity (4)
   HIST 380. History of World Religions (4)
   HIST 589. Revolutions in History (4)
   PSCI 400. International Politics (4)
   SOC 380. Sociology of Religion (4)
   SOC 420. Population and Social Ecology (4)
5. Four units chosen from:
   ANTH 354. Cultures of Mexico and Central America (4)
   ANTH 356. Cultures of South America (4)
   ANTH 357. African Societies (4)
   ANTH 358. Peoples of the Middle East (4)
   GEOG 310. Area Study: Africa (4)
   GEOG 321. Area Study: Latin America (4)
   HIST 305. Ancient and Medieval Europe (4)
   HIST 306. Early Modern Europe, the Renaissance to 1815 (4)
   HIST 307. Modern Europe, 1815 to the Present (4)
   HIST 410. Hitler's Europe (4)
   HIST 430. China, 1895-Present (4)
   HIST 434. East Asia Since World War II (4)
   HIST 440. Japan, 1868-Present (4)
   HIST 465. Modern Central America (4)
   HIST 470. Modern Latin America (4)
   HIST 503. Europe Since 1945 (4)
   PSCI 300. Western Political Systems (4)
   PSCI 306. Developing Political Systems (4)
   PSCI 308. Economics and Politics of the Middle East (4)
   SOC 382. Sociology of Developing Societies (4)
6. Four units chosen from:
   ANTH 352. Indians of the Southwest (4)
   ECON 335. Economic Analysis with Microcomputers (5)
   ECON 352. The Economics of Poverty and Discrimination (4)
   ECON 410. Money and Banking (4)
   ECON 421. Economic History of the United States (4)
   ECON 475. Public Finance (4)
   GEOG 330. Geography of Gender (4)
   GEOG 415. Urban Planning and Land Development (4)
   GEOG 440. Understanding the City (4)
   HIST 391. Chicano History (4)
   HIST 565. Ethnic Minorities in American History (4)
   HIST 566. Ethnic Minorities in the American Southwest: Past and Present (4)
   HIST 567. The Asian-American Experience (4)
   PSCI 320. The Legislative Process (4)
   PSCI 326. Political Parties and Interest Groups (4)
   PSCI 352. Minority Politics (4)
   PSCI 410. American Constitutional Law (4)
   PSCI 411. The Bill of Rights (4)
   PSCI 431. The American Presidency (4)
   SOC 359. Law and Society (4)
   SOC 364. Public Opinion and Propaganda (4)
   SOC 410. Racial and Cultural Minorities (4)
   SOC 418. Sociology of Social Welfare (4)
   SOC 432. Political Sociology (4)
   SOC 590. Seminar in Sociology (4)
7. Four units chosen from:
   HIST 350. The American Colonies, 1607-1783 (4)
   HIST 351. The Evolution of American Democracy, 1783-1840 (4)
   HIST 354. Civil War and Reconstruction (4)
   HIST 356. The United States, 1877-1917 (4)
   HIST 357. The United States, 1917-1945 (4)
   HIST 359. The United States Since 1945 (4)
   HIST 540. Constitutional History of the United States (4)
   HIST 556. Foreign Relations of the United States (4)
8. Four units chosen from:
   HUM 325. Perspectives on Gender (4)
   HUM 335. The Origin and Contemporary Role of Latino Culture (4)
   HUM 350. The Cultures of American Childhood (4)
   HUM 370. African Heritage in the Arts (4)
   HUM 375. The World of Islam (4)
   HUM 380. Comparative Studies in the Arts: East and West (4)
   NSCI 325. Perspectives on Gender (4)
   SSCI 316. Race and Racism (4)
   SSCI 325. Perspectives on Gender (4)
   SSCI 350. Roots of Modern Racism in America (4)
9. A minimum of four units chosen from:
   ECON 335. Economic Analysis with Microcomputers (5)
   ECON 510. Economics in the Classroom (4)
   HIST 490. The Study of History (4)
   HIST 509. United States History in the Classroom (4)
   PSYC 358. Cognitive Development (4)
320 / Social Sciences

COURSE OFFERINGS IN SOCIAL SCIENCES (SSCI)

Many of the courses listed below are offered as part of the university's general education program. Some are offered in support of other degree programs.

Lower Division

165. Regions and Peoples of the World
Survey of major regions of the world using general physical and cultural concepts to explain patterns and problems of human activities in relation to natural environments. (GE = D.3) (4 units)

215. Statistics for the Social Sciences
Introduction to statistical methods as applied to the social and behavioral sciences. Includes both descriptive and inferential statistics. A self-paced independent study course. Credit may not be received for more than one of the following courses: PSYC 210, SCM 210, or SSCI 215. Prerequisite: MATH 110 or equivalent competency. (4 units)

Upper Division

300. Nonwestern World
Historical, political, social, geographic and economic aspects of nonwestern societies. Prerequisite: junior or senior standing. (GE = D.5) (4 units)

304. Contemporary Latin America
Social, economic and political conditions and institutions in contemporary Latin America. Prerequisite: junior or senior standing. (GE = D.5) (4 units)

306. Expository Writing for the Social Sciences
Writing on topics related to the natural sciences, including documented research reports, summaries and analytical papers. Revision and rewriting will be required. Course fulfills the graduation requirement in writing proficiency. No more than one of the expository writing courses (EDUC 306, ENG 306, HUM 306, MGMT 306, NSCI 306, SSCI 306) may be taken for credit. Students who have received a grade of no credit in any combination of the expository writing courses two or more times must meet with the 306 coordinator or designee to design a developmental writing plan as a condition for enrolling for a third quarter. All students must obtain junior status at the time of registration or their course request will be cancelled. Formerly SSCI 495. Graded A, B, C/no credit. Prerequisites: ENG 101 and a minimum of 90 quarter (60 semester) units of college credit. (GE = F.1) (4 units)

309. Family, School and Culture
An overview of family, culture and social stratification and the implications of such for educational settings (including curriculum content and instructional practices). Home-school relations will be discussed. Skills needed for effective communication with diverse families and communities will be included. Five hours field work component required. Prerequisites: EELB 310 and HD 315. (3 units)

315. Cultural Adaptation: The Quest for Survival
An interdisciplinary inquiry into diverse cultural solutions to universal human problems. Topics include alternative cultural provisions for satisfying economic, social, political and religious needs. Prerequisite: junior or senior standing. (GE = D.5) (4 units)

316. Race and Racism
An interdisciplinary and cross-cultural examination of the concepts of race, ethnic group, prejudice and racism which includes studies of changing prejudiced attitudes. Prerequisite: junior or senior standing. (GE = D.5, G.1) (4 units)

320. Understanding Capitalism
Exploration into the origins and nature of capitalism. Focus on the historical development and contemporary structure of the social, political and economic institutions of capitalism. Prerequisite: junior or senior standing. (GE = D.5) (4 units)

321. Urbanization and the Urban Environment
Patterns and processes of urban growth. Major emphasis on reasons for growth of cities; economic, social, political and structural changes in urban areas which accompany urbanization; and a cross-cultural analysis of urban problems. Prerequisite: junior or senior standing. (GE = D.5) (4 units)

325. Perspectives on Gender
This interdisciplinary course uses scientific, humanistic, and social science perspectives to foster an understanding of how gender roles in Western culture are established, maintained and changed. (Also offered as HUM 325 and NSCI 325. Students may receive credit for only one of these courses.) Prerequisite: junior or senior standing. (GE = D.5) (4 units)

345. Religious Expression in America
Interdisciplinary social science analysis of the relationship among religious belief, religious practices and secular society in American culture. Prerequisite: junior or senior standing. (GE = D.5) (4 units)

350. Roots of Modern Racism in America
An interdisciplinary exploration of the roots of modern racism in America in the decades following the Civil War. The course will focus on the experiences of ethnic men and women and on the concurrent anti-Semitic, anti-Catholic and Americanization movements. The course will focus on the dynamics of these intergroup relations and their legacy for contemporary America. Prerequisite: junior or senior standing. (GE = D.5, G.1) (4 units)

B.A. IN SOCIAL WORK
Requirements (74 units)

Total units required for graduation: 180

The Department of Social Work offers courses leading to the Bachelor of Arts in Social Work. This degree prepares baccalaureate students for generalist social work practice and equips them to work in agency settings with individuals, families, groups and communities who are encountering problems related to personal or social circumstance. The upper division curriculum is based upon the requirements of the Council on Social Work Education, the national accrediting body for social work programs, which has granted candidacy to this degree. It is intensive and exciting and applies to a wide variety of social work client populations.

Students must apply to the Department of Social Work for admission into the B.A. in Social Work.

Admission Requirements
1. Completion of application packet including personal statement of commitment to the social work profession, two references, and transcripts; (Contact the Department of Social Work for more information.)
2. Completion of all lower division General Education requirements with an overall grade point average of 2.0 (“C”) or better;
3. Completion of additional lower division requirements with a grade of “C” or better;

General Education requirements to enter the B.A. in Social Work:
Basic Skills in Written Communication (A1)
1. One of the following:
   ENG 101. Freshman Composition
   HON 103. Language and Meaning

Basic Skills in Oral Communication (A2)
1. One of the following:
   COMM 120. Oral Communication
   HON 103. Language and Meaning

Basic Skills in Mathematics (A3)
1. One of the following:
   MATH 110. College Algebra
   MATH 115. The Ideas of Mathematics
   MATH 120. Pre-Calculus Mathematics
   MATH 192. Methods of Calculus
   MATH 211. Basic Concepts of Calculus

Basic Skills in Critical Thinking (A4)
1. One of the following:
   PSYC 105. Critical Thinking Through Problem Analysis
   SOC 180. Critical Thinking About Social Problems

Natural Sciences Breadth Area (B2)
1. BIOL 100. Topics in Biology

Humanities Breadth Area (C3)
1. SPAN 150. Intermediate Spanish

Social and Behavioral Sciences Breadth Area (D4)
1. PSYC 100. Introduction to Psychology
2. SOC 100. The Study of Society

Additional Lower Division Requirements to enter the B.A. in Social Work:
1. SW 200. Introduction to Social Work
2. One of the following:
   PSYC 210. Psychological Statistics
   ECON 250. Statistics for Economists
   SCM 210. Applied Business Statistics
   SSCI 215. Statistics for the Social Sciences
3. CJUS 101. Introduction to the Criminal Justice System

Requirements for the B.A. in Social Work

Upper-division requirements (66 units)
1. Four units chosen from the following (which also meets the Multicultural/Gender Requirement (G1)
   HUM 325. Perspectives on Gender (4)
   NSCI 325. Perspectives on Gender (4)
   SSCI 316. Race and Racism (4)
   SSCI 325. Perspectives on Gender (4)
   SSCI 350. Roots of Modern Racism in America (4)
2. PSYC 390. Abnormal Psychology (4)
3. SOC 339. Socialization (4)
4. Four units chosen from:
   PSCI 380. Introduction to Public Administration (4)
   PA 380. Introduction to Public Administration (4)
5. SW 300A. Social Welfare Policy I (4)
6. SW 300B. Social Welfare Policy II (4)
7. SW 301. Social Work Research (6)
8. SW 302A. Human Behavior and the Social Environment I (4)
9. SW 302B. Human Behavior and the Social Environment II (4)
10. SW 400A. Social Work Practice: Individuals (4)
11. SW 400B. Social Work Practice: Groups (4)
12. SW 400C. Social Work Practice: Organizations and Communities (4)
13. SW 401A. Field Placement 1 (4)
14. SW 401B. Field Placement 2 (4)
15. SW 401C. Field Placement 3 (4)
16. SW 590. Elective (Field of Practice) (4)

Discipline requirements (8 units)
1. Eight units in one of the following disciplines
   Criminal Justice
   CJUS 370. Law and the Courts (4)
   CJUS 460. Alcohol, Drugs and the Criminal Justice System (4)
   CJUS 462. Domestic Violence and the Criminal Justice System (4)
   CJUS 465. Hate Crime Law and Policy (4)
302. Human Behavior and the Social Environment
A. I: Theories and knowledge of human bio-psycho-social development from birth to young adulthood, including theories and knowledge about the range of social systems in which individuals live (families, groups, organizations, institutions and communities). Interactions between and among human biological, social, psychological and cultural systems as they affect and are affected by human behavior. Prerequisite: admission to B.A. in Social Work. (4 units)
B. II: Theories and knowledge of human bio-psycho-social development in relation to adulthood and aging. Includes theories and knowledge about the range of social systems in which individuals live (families, groups, organizations, institutions and communities). Interactions between and among human biological, social, psychological and cultural systems as they affect and are affected by human behavior. Prerequisite: SW 302A. (4 units)

400. Social Work Practice
A. Individuals. Theories, models and skills for social work interventions with individuals using a generalist model of social work practice. Designed to run concurrently with the field placement education. Prerequisites: admission to B.A. in Social Work, completion of all courses below the 400-level and consent of instructor. (4 units)
B. Families and Groups. Theories, models and skills for social work interventions with families and groups using a generalist model of social work practice. Designed to run concurrently with the field placement education. Prerequisites: SW 400A and consent of instructor. (4 units)
C. Organizations and Communities. Theories, models and skills for social work interventions with organizations and communities using a generalist model of social work practice. Designed to run concurrently with the field placement education. Prerequisites: SW 400B and consent of instructor. (4 units)

401. Field Work
Practice experience in public and private social service agencies with individuals, families, groups, formal organizations and communities. Graded credit/no credit. Prerequisites: admission to B.A. in Social Work, completion of all courses below the 400-level and consent of instructor. (4 units)

590. Special Topics
Special topics in social work. May be repeated for credit with consent of instructor as topics change. Prerequisite: junior, senior or graduate standing. (4 units)

597. Social Work Honors Project
Original in-depth research in an area of social work practice. Prerequisites: admission to B.A. in Social Work, completion of SW 301 and consent of instructor. (4 units)

Social Work

FACULTY: Melissa Barfield, Zeng-Yin Chen, David Decker, James Fenelon, John Heeren, Patricia Little, Marcia Marx, Tom Meisenhelder, Randi Miller (Chair), Cliff Paynton (Emeritus), Mary Texeira, Elsa Valdez

The sociology major offers a balanced program of study for students interested in pursuing graduate study or in the practical application of sociology. The curriculum is designed to expose the student to the scope and methods of sociology and to provide a broad educational background for understanding the structure and functioning of modern society.

The department also offers an alternate program of study for students interested in pursuing a career in social work and for those interested in enrolling in an M.S.W. graduate program.

As an adjunct to the curriculum, there are two student organizations for sociology majors. The Sociology Club has a varied program of social, community service and academically oriented activities. In addition to general sociology majors, students in human services and students in social work actively participate in the club. A chapter of Alpha Kappa Delta, the sociology honor society, is open to junior sociology majors with a 3.5 grade point average and to seniors and graduate students with a 3.0 grade point average.

B.A. IN SOCIOLOGY
Requirements (63 units)
Total units required for graduation: 180

Requirements for the B.A. in Sociology:
1. SOC 100. The Study of Society (4)
2. SOC 301. Applications in Sociology (4)
3. SOC 307. Social Research I (5)
4. SOC 309. Social Research II (5)
5. SOC 311. Sociological Theory (5)
6. SOC 590. Seminar in Sociology (4)
7. Thirty-six additional units in sociology, 32 of which must be upper-division.

Coursework in the major should be taken in proper sequence. The curriculum has been designed to emphasize the acquisition of cumulative competencies by having students complete foundation courses that give them the skills, frameworks and knowledge that can be utilized in higher-level courses. Therefore, students are encouraged to enroll in SOC 301 before taking other upper division sociology courses. Students should consult their advisor for the correct sequence of courses.

B.A. IN SOCIOLOGY - SOCIAL WORK PROGRAM
Requirements (63 units)
Total units required for graduation: 180

Requirements for the B.A. in Sociology - Social Work Program:
1. SOC 100. The Study of Society (4)
2. SOC 301. Applications in Sociology (4)
3. SOC 307. Social Research I (5)
4. SOC 309. Social Research II (5)
5. SOC 311. Sociological Theory (5)
7. SOC 434. Community Organization (4)
8. SOC 436. Group Dynamics (4)
9. SOC 484. Social Casework (4)
10. SOC 590. Seminar in Sociology (4)
11. Twenty additional units in sociology courses, 16 of which must be upper-division.

MINOR IN SOCIOLOGY
Requirements (28 units)

Requirements for a minor in Sociology:
1. Twenty-eight units in sociology course work chosen with the consent of a departmental advisor. Eight of these units may be at the lower-division level.

DEPARTMENTAL HONORS

Students majoring in sociology are eligible to receive honors in sociology at graduation if they have met the following:
1. At least one-half of the course work required by the major is completed at this university;
2. At least a 3.5 grade point average in the major, both at this university and overall;
3. An overall undergraduate grade point average of 3.0 ("B") or better;
4. Completion of a senior honors project (SOC 597) approved in advance by the department.

CERTIFICATE PROGRAMS

Certificates may be earned by regularly matriculated or extended learning students and denote successful completion of a prescribed program of study designed to (a) impart specified professional/vocational/career competencies; or (b) produce mastery of the content of a sub-field of an academic major (discipline); or (c) provide exposure to the range of materials in a traditional or emerging interdisciplinary field. Certain certificate programs contain 600-level courses as requirements and/or electives. These 600-level courses may not be taken by undergraduate students. Refer to Page 63 for additional certificate information.

Certificate in Gerontology

Certificate Requirements (28 units)
1. Four units chosen from:
   HSCI 423: Health and Wellness of Older Adults (4)
   NURS 454: Anatomical/Physiological Processes of Aging (4)
110. **Choices in the Life Course**
Utilization of social research in helping students make choices about life course events, such as career, education and family. (GE=E.2) (2 units)

180. **Critical Thinking about Social Problems**
Critical thinking skills are developed through a comparison of common sense and social scientific analyses of contemporary social problems. Focus on causal reasoning, common logical fallacies and the distinction between belief and knowledge. (GE=A.4) (4 units)

**Upper Division**
Prerequisite for upper-division courses is SOC 100, or consent of instructor.

301. **Applications in Sociology**
Intensive look at sociological research, stressing the application of theory and methods in specific empirical studies. Prerequisite: completion of the general education mathematics requirement. (4 units)

307. **Social Research I**
Basic concepts and techniques used by sociologists in conducting research. Four hours lecture and two hours laboratory. Formerly SOC 308. Prerequisites: SOC 100, 180 (or other course that meets the general education critical thinking requirement) and 301. (5 units)

309. **Social Research II**
Application of social measurement techniques, including data collection, data entry and the use and interpretation of the methods of data presentation with the utilization of statistical routines. Involves the use of computers and statistical software in the development of research reports, sociological analysis and modeling. Four hours lecture and two hours laboratory. Prerequisites: SOC 307 and MATH 110, 115 or 120. (5 units)

311. **Sociological Theory**
Sources of sociological theory and current trends in sociological analysis. Four hours lecture and two hours laboratory. (5 units)

330. **Social Gerontology**
Age-status and age-roles in American society, with crosscultural comparisons including intergenerational conflict and other age-related behaviors. (4 units)

336. **Black Women and Feminism**
Black women in America and their activities on behalf of women’s rights; the interplay of racism and sexism within the women’s movement. (4 units)

339. **Socialization**
A systematic and comparative analysis of family structure and change: marriage, reproduction, childrearing, marital problems. (4 units)

**Certificate in Social Work**
Certificate Requirements (34 units)
1. SOC 100. The Study of Society (4)
2. SOC 339. Socialization (4)
3. SOC 418. Sociology of Social Welfare (4)
4. SOC 434. Community Organization (4)
5. SOC 436. Group Dynamics (4)
6. SOC 484. Social Casework (4)
7. SOC 575. Internship in Sociology and Social Work (5)
for a total of (10) units

**Course Offerings in Sociology (SOC)**

**Lower Division**

100. **The Study of Society**
Survey of the basic characteristics and dynamics of society and culture from the sociological perspective. (GE=D.4) (SOC 100= CAN SOC 2) (4 units)
341. Marriage and Family Among Blacks
Forces affecting the black family, with emphasis on the roles assigned to individual members. (4 units)

342. The Chicano Family
Consideration of the traditional and changing Mexican-American family patterns. Regional and social class variations. Influence of the family on Mexican-American personality development from a social-psychological perspective. (4 units)

343. Sociology of Family Violence
The occurrence, causes and effects of family violence as a social phenomenon. Formerly SOC 320. (4 units)

350. Criminology
Causation of crime with emphasis on sociological factors. (4 units)

352. Juvenile Offender
Causative factors of juvenile delinquency, types of juvenile offenders, the juvenile court, legal aspects of delinquency and methods of rehabilitation. (4 units)

354. Deviant Behavior
Deviant modes of human adjustment to modern society; processes of personal-social interaction in development of individual and group deviant. (4 units)

355. Medical Sociology
Patient's self concept from the pre-patient stage to the post-patient state and the relationship to the social system. Developmental stages in the "sick role" in contemporary society are emphasized. (4 units)

356. Sociology of Mental Illness
Cultural variations in definitions of mental health and illness; social processes involved in defining, labeling and treating mental illness; stigmatizing effects of being labeled mentally ill; relationship of the incidence and treatment of mental illness to class, ethnicity and other sociological categories. (4 units)

358. Punishment and Corrections
History and theories of punishment and treatment in dealing with criminals, sociological analysis of institutional systems and community based systems, work release programs and pre-release guidance centers. (4 units)

359. Law and Society
Social and cultural factors underlying the development, maintenance and change of law, legal structures and legal processes; comparative analysis of legal systems; and sociological consideration of the nature of justice. (4 units)

360. Social Psychology
The study of social interaction as it influences the development of self, role behavior, attitudes and values. Emphasis on symbolic interaction as a school of thought. (4 units)

363. Sociology of Mass Communication
Study of symbolic and organizational aspects of mass communication systems. Special attention to attitudes and beliefs as influenced by the mass media. (4 units)

364. Public Opinion and Propaganda
Nature and bases of public opinion; the social context of propaganda, its bases, its social psychological functions and the techniques of propagandists. (4 units)

368. Sociology of Work
Development of occupational roles with emphasis on race and gender segregation within the labor market; impact of occupations on social institutions. (4 units)

370. Sociology of Popular Culture
Sociological study of leisure and popular culture, including sports and mass media. Analysis of the relationships among popular culture, social structure and social change. (4 units)

375. Sociology of Sport
A sociological study of the relationship of sport to the structure of human societies. Analysis of the role of sport in childhood and adult socialization, and in the defining of social groups, neighborhoods, schools, cities, regions and nations. (4 units)

380. Sociology of Religion
Theoretical analysis of religion as a social institution in complex societies. Structure and functioning of religious organizations, roles and role relationships; types of religious organizations and leadership; relationships of religion to other social institutions; religion and social change. (4 units)

382. Sociology of Developing Societies
Examination of the causes and consequences of the "development of under-development" in the contemporary world-system. (4 units)

410. Sociology of Race and Ethnicity
Social inequality, including gender and class variations in racial and ethnic socialization, experienced by members of racial and cultural groups in the United States. (4 units)

418. Sociology of Social Welfare
Survey of the development and implementation of social welfare policies. Analysis of the impact of different public welfare programs on contemporary social problems. Formerly SOC 318. (4 units)

420. Population and Social Ecology
Social causes and consequences of population growth, decline and relocation. (4 units)

425. Asian Americans: Origins and Ethnicity
Examines the origin countries, immigration patterns, adaptation to government policies, discrimination, and contemporary ethnic identity of Asians and Asian Americans. Formerly a topic under SOC 590. (4 units)

430. Urban Sociology
Nature, causes and consequences of urbanization; metropolitan areas; location and types of cities; social and demographic characteristics of urban populations. (4 units)

431. Sociology of the Inner-City
Explores the impact of economics and social policies on inner-city communities to understand why central cities are at risk of developing serious social problems. Formerly SOC 322. Prerequisite: SOC 430. (4 units)
326 / Sociology

432. Political Sociology
Examination of political process from the perspective of sociology, exploring in depth the nature, distribution and exercise of power, and related areas of interest. (4 units)

434. Community Organization
Programs of action, operative and proposed, for the organization of the community and the solution of its problems. (4 units)

436. Group Dynamics
Dynamics of primary group relationships, including psychotherapy groups. (4 units)

440. Social Class
Study of social class systems with particular reference to race, ethnicity and gender. (4 units)

441. Black Social Stratification
Caste in America, comparison of black and white stratification, black social mobility. (4 units)

442. Chicano Social Stratification
Variables affecting the social status of the Mexican-American in society, Mexican-American social mobility, social class differences in Mexican-American communities. (4 units)

444. Sociology of Gender
Social inequality, including class and racial/ethnic variations in sex-role organization, in the roles of women and men in contemporary U.S. society. Formerly SOC 344. (4 units)

450. White Collar Crime
Study of America's most costly form of crime and deviance. History, causes, consequences, prevention and explanations of economic crime and abuse of power in the corporate and business world, the professions, trades, the unions and government. (4 units)

484. Social Casework
Process of problem solving used by social work agencies to help individuals to cope more effectively with their problems in social functioning. (4 units)

525. Indian Nations and Native America
Reviews the 500 years of conquest, genocide, resistance, and survival, including the contemporary realities of indigenous peoples. Formerly a topic under SOC 590. (4 units)

540. Sociology of Education
Sociological analysis of educational organizations, the relationship of such organizations to culture, social class and power, and the roles of teachers, students and administrators. (4 units)

575. Internship in Sociology and Social Work
Supervised work and study in private or public organizations. May be repeated once for credit. Graded credit/no credit. Prerequisites: consent of instructor and department. (5 units)

590. Seminar in Sociology
An intensive study of some phase of sociology to be developed by the instructor with the class. May be repeated for credit as topics change. Prerequisite: consent of instructor. (4 units)

595. Independent Study
Special topics involving library and/or field research. A total of 10 units in SOC 595 may be applied toward graduation. Prerequisites: senior or graduate standing, a minimum overall grade point average of 3.0, consent of instructor and departmental approval of a written proposal of a project submitted on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 2 to 5 units)

597. Senior Honors Project
Original research in an area of sociology, culminating in a major research report. The research project may be a quantitative or qualitative nature. Enrollment limited to students whose formal application for departmental honors is approved. Prerequisite: formal application approved by department chair. (5 units)

Graduate level courses can be found on Page 503.

- Literature Track  
- Language Track  
- Business Track

**Teaching Credential Program**

Spanish

**Minor**

Spanish

**Certificate Programs**

- Bilingual/Cross-Cultural Studies: Spanish/English
- Spanish for Public Services

The study of Spanish at California State University, San Bernardino is based on the recognition that the Hispanic culture in the United States forms an integral part of American society, and that the Spanish language, far from being "foreign," is spoken in nearly all sections of our nation alongside of English. In some areas of Southern California as well as other parts of the United States, speakers of Spanish outnumber those who speak English. Moreover, the importance of the Hispanic culture in the United States is increasing daily as additional immigrants arrive from Latin America.

The knowledge of Spanish for those seeking employment in our region is critical for the fields of teaching, journalism, publishing, advertising, writing, business, law, law enforcement, government, health services, as well as other career opportunities. Even a basic knowledge of Spanish at the SPAN 102 level may increase the probability of employment for these and other fields.

For the non-major of Spanish, the Spanish faculty of the Department of World Languages and Literatures recommends that the student fulfill the general education requirement in the foreign language section by one of the following:

- SPAN 102. College Spanish II (if the student had less than two years of high school Spanish)
- SPAN 150. Intermediate Spanish (for those who had two years of high school Spanish)
- SPAN 155. Intermediate Spanish for Spanish Speakers (for those who have learned Spanish at home or while traveling)

For those advanced students of Spanish, one of the following courses would be an appropriate course to satisfy the general education requirement:

- SPAN 212. Composition
- SPAN 213. Composition for Spanish Speakers
- SPAN 214. Conversation

Additional opportunities for the non-major of Spanish are also available. The Certificate in Spanish for Public Services provides critical skills in Spanish in the areas of speaking, translating and communication. The Certificate in Bilingual/Cross-Cultural Studies: Spanish/English familiarizes the student with the Hispanic culture in and outside of the United States. The Liberal Studies degree, for those prospective teachers of elementary children K-6, can be enhanced by taking the Spanish Studies Emphasis. This track allows the student to teach in both English and bilingual classrooms. The minor in Spanish, which can be combined with any non-Spanish major, gives the student additional experience in Hispanic culture, literature and linguistics. A double major of Spanish and another subject is also an option.

For the Spanish major, the study of all aspects of Hispanic civilization is available, in both lower and upper-division classes. Those desiring to teach Spanish at the high school level as well as all other students in the program will receive a solid preparation in the culture and language of Spain and Latin America, as well as the Hispanic community within the United States.

**Master of Arts in Spanish**

Contact the Department of World Languages and Literatures for information on the Master of Arts in Spanish which will be offered soon.

### B.A. IN SPANISH

**Requirements:**

- **Literature Track** - 70 units
- **Language Track** - 70 units
- **Business Track** - 78 units

**Total units required for graduation: 180**

**Requirements for the B.A. in Spanish:**

**Core requirements (45 units)**

1. Proficiency in Spanish equal to that of SPAN 150. Intermediate Spanish. All students intending to major in Spanish must take a proficiency examination given during the first two weeks of class. Contact the Department of World Languages and Literatures for more information. Students who need additional work in Spanish may be required to take SPAN 200. Spanish Workshop. SPAN 200 does not count for the major.
2. Four units chosen from:
   - SPAN 212. Composition (4)
   - SPAN 213. Composition for Spanish Speakers (4)
   - SPAN 214. Conversation (4)

   **Note:** Native speakers may challenge this class or take an upper-division Spanish course in its place.
3. Four units chosen from:
   - SPAN 320. Theory and Practice in Composition (4)
   - SPAN 318. Techniques of Literary Study and Analysis (4)
4. SPAN 320. Special Problems in Spanish Grammar (4)
5. SPAN 371. Cultural and Intellectual Foundations of Hispanic Civilization (4)
6. SPAN 394. Practicum (2) for a total of (4)
7. SPAN 395. Junior Assessment (1)
8. SPAN 402. Advanced Composition (4)
9. SPAN 410. Spanish Peninsular Civilization (4)
10. SPAN 412. Latin American Civilization (4)
11. SPAN 415. Comparative Linguistics: Spanish/English (4)
12. **Literature Track (25 units)**

1. SPAN 372. Modern Peninsular Literature (4)
2. SPAN 373. Modern Latin American Literature (4)
3. Four units chosen from:
   - SPAN 400. Masterpieces in Spanish and Spanish American Literature (4)
   - SPAN 435. Chicano Literature (4)
   - SPAN 440. Mexican Literature (4)
4. SPAN 514. Seminar in Hispanic Language, Literature or Film (4)
328 / Spanish

5. Spanish language elective
   Four units chosen from:
   - SPAN 312A. Techniques for Professional Interpreting and Translating in Spanish: Literature (4)
   - SPAN 312B. Techniques for Professional Interpreting and Translating in Spanish: Public Services (4)
   - SPAN 312C. Techniques for Professional Interpreting and Translating in Spanish: Law (4)
   - SPAN 314. Advanced Conversation (4)
   - SPAN 316A. Spanish for the Professions: Communications (4)
   - SPAN 316B. Spanish for the Professions: Health Science (4)
   - SPAN 316C. Spanish for the Professions: Education (4)
   - SPAN 316D. Spanish for the Professions: Business (4)
   - SPAN 316E. Spanish for the Professions: Law Enforcement (4)
   - SPAN 401. Phonetics (4)

6. Elective in any upper-division Spanish course (4)
   (SPAN 430. Creative Writing is highly recommended.)

7. SPAN 496. Senior Assessment (1)

Language Track (25 units)

1. Eight units chosen from:
   - SPAN 312A. Techniques for Professional Interpreting and Translating in Spanish: Literature (4)
   - SPAN 312B. Techniques for Professional Interpreting and Translating in Spanish: Public Services (4)
   - SPAN 312C. Techniques for Professional Interpreting and Translating in Spanish: Law (4)
   - SPAN 314. Advanced Conversation (4)
   - SPAN 316A. Spanish for the Professions: Communications (4)
   - SPAN 316B. Spanish for the Professions: Health Science (4)
   - SPAN 316C. Spanish for the Professions: Education (4)
   - SPAN 316D. Spanish for the Professions: Business (4)
   - SPAN 316E. Spanish for the Professions: Law Enforcement (4)
   - SPAN 401. Phonetics (4)

2. SPAN 401. Phonetics (4)

3. SPAN 514. Seminar in Hispanic Language, Literature or Film (4)

4. Four units chosen from Spanish literature elective.

5. Four units elective in any upper-division Spanish course.
   (SPAN 575. Internship in Service Learning is highly recommended.)

6. SPAN 496. Senior Assessment (1)

Business Track (33 units)

1. ACCT 211. Introductory Accounting I (4)
2. INFO 102. Introduction to Information Technology (2)
   INFO 103. Using Information Technology Applications (2)
3. MGMT 302. Management and Organizational Behavior (4)
4. MKTG 305. Marketing Principles (4)
5. SPAN 312B. Techniques for Professional Interpreting and Translating in Spanish: Public Services (4)
6. SPAN 316D. Spanish for the Professions: Business (4)
7. SPAN 496. Senior Assessment (1)
8. Eight upper-division units chosen from a specific area in ACCT, INFO, MGMT or MKTG

TEACHING CREDENTIAL PROGRAM

The Bachelor of Arts in Spanish is approved as a single subject teaching credential program. In addition to the requirements of the major, credential candidates must complete certain prerequisites to the teacher education program. For information about the professional education component, admission to the teacher education program or specific requirements of the single subject waiver program, see Page 156 or contact the Credentials Office (C.A.S.E.).

MINOR IN SPANISH

Requirements (28 units)

   Note: Entering students with previous training in Spanish, and those who are native speakers, should contact the Department of World Languages and Literatures for information about advanced placement and credit by examination.

2. Twenty-eight additional units in Spanish courses, 20 units of which must be upper-division.

DEPARTMENTAL HONORS

1. Earned a 3.5 grade point average in the major.
2. Completed at least 45 units of the major at this university.
3. Successful completion of an oral and written honors evaluation.
   Qualified students should apply for honors recognition during the first week of the quarter in which they are enrolled in SPAN 496. The honors evaluation will take place during SPAN 496. Exceptional performance on the oral and written evaluation may result in the waiving of requirements one and two above.

CERTIFICATE PROGRAMS

Certificates may be earned by regularly matriculated or extended learning students and denote successful completion of a prescribed program of study designed to (a) impart specified professional/vocational/career competencies; or b) produce mastery of the content of a sub-field of an academic major (discipline); or c) provide exposure to the range of materials in a traditional or emerging interdisciplinary field. Certain certificate programs contain 600-level courses as requirements and/or electives. These 600-level courses may not be taken by undergraduate students. Refer to Page 63 for additional certificate information.

Certificate in Bilingual/Cross-Cultural Studies: Spanish/English

Certificate Requirements (32 units)

Lower-division requirements (4 units)
1. SPAN 212. Composition (4)

Upper-division requirements (28 units)
1. COMM 304. Intercultural Communication (4)
2. SPAN 318. Techniques of Literary Study and Analysis (4)
3. Eight units chosen from:
   - ART 328. Mexican Art (4)
   - ART 329. Chicano Art (4)
   - SPAN 400. Masterpieces in Spanish and Spanish American Literature (4)
   - SPAN 415. Comparative Linguistics: Spanish/English (4)
   - SPAN 440. Mexican Literature (4)
   - SPAN 514. Seminar in Hispanic Language, Literature or Film (4)

4. Twelve units chosen from:
   - ANTH 354. Cultures of Mexico and Central America (4)
   - ANTH 356. Cultures of South America (4)
   - ANTH 460. Language and Culture (4)
   - HIST 390. History of Modern Mexico (4)
   - HIST 391. Chicano History (4)
   - HIST 470. Modern Latin America (4)
   - IS 460. Aspects of Chicano Culture (4)

Certificate in Spanish for Public Services

Certificate requirements (28 units)

Proficiency in Spanish equal to SPAN 150. Intermediate Spanish or equivalent. Note: Entering students with previous training in Spanish, and those who are native speakers, should contact the Department of World Languages and Literatures for information about advanced placement and credit by examination.

Lower-division requirement (4 units)
1. SPAN 212. Composition (4)

Upper-division requirements (24 units)
1. SPAN 302. Theory and Practice in Composition (4)
2. SPAN 312. Techniques for Professional Interpreting and Translating in Spanish (4)
3. SPAN 314. Advanced Conversation (4)
4. Four units chosen from:
   - SPAN 316A. Spanish for the Professions: Communications (4)
   - SPAN 316B. Spanish for the Professions: Health Science (4)
   - SPAN 316C. Spanish for the Professions: Education (4)
   - SPAN 316D. Spanish for the Professions: Business (4)
   - SPAN 316E. Spanish for the Professions: Law Enforcement (4)
5. SPAN 400. Masterpieces in Spanish and Spanish American Literature (4)
6. SPAN 415. Comparative Linguistics: Spanish/English (4)

101. College Spanish I
Fundamentals of pronunciation, structure and Hispanic culture designed to develop the ability to use and understand basic spoken Spanish. Students who have not taken Spanish at California State University, San Bernardino, must take a placement test before registration. Contact department office for details. (SPAN 101+102+150=CAN SPAN SEQ A) (4 units)

102. College Spanish II
Further study of the fundamentals of pronunciation, structure and Hispanic culture designed to develop the ability to use and understand basic spoken Spanish. Continuation of SPAN 101. Students who have not taken Spanish at California State University, San Bernardino, must take a placement test before registration. Contact department office for details. (SPAN 101+102+150=CAN SPAN SEQ A) (GE=C.3) (4 units)

150. Intermediate Spanish
Emphasis on oral and written competency at the intermediate level in a cultural context. Students who have not taken Spanish at California State University, San Bernardino, must take a placement test before registration. Contact department office for details. Prerequisite: two years of high school Spanish or equivalent. (SPAN 101+102+150=CAN SPAN SEQ A) (GE=C.3) (4 units)

155. Intermediate Spanish for Spanish Speakers
Emphasis on reading comprehension, vocabulary building, and writing at the intermediate level in a cultural context. Students may not receive credit for both SPAN 150 and 155. Students who have not taken Spanish at California State University, San Bernardino, must take a placement test before registration. Contact department office for details. Prerequisite: ability to speak Spanish. (GE=C.3) (4 units)

200. Spanish Workshop
An intermediate-level refresher course in the four language skills: oral comprehension, speaking, reading, and writing. Designed to prepare students for the required courses in the core requirements. May not be counted toward fulfilling requirements in the Spanish major or minor. May be repeated for credit, but only four units may be counted toward graduation. Prerequisites: SPAN 150 or the equivalent and consent of Spanish coordinator. (4 units)

212. Composition
Comprehensive review of the principles of Spanish grammar, emphasizing their application to composition for students who have formally learned the language in the classroom and not in a Spanish-speaking environment (outside the classroom). Also offered as SPAN 213, students may not receive credit for both. Prerequisite: SPAN 150 or equivalent. (GE=C.3) (4 units)

213. Composition for Spanish Speakers
Comprehensive review of the principles of Spanish grammar, emphasizing their application to composition for students whose listening and comprehension skills have been developed outside the classroom in a Spanish-speaking environment. Especially designed for students who have completed SPAN 155. Also offered as SPAN 212, students may not receive credit for both. Prerequisite: SPAN 155 or equivalent. (GE=C.3) (4 units)
314. Conversation
Practice of oral Spanish stressing the discussion of current topics, panel discussions, debates, and oral presentations for students who have formally learned the language in a classroom setting and not in a Spanish-speaking environment (outside the classroom). Prerequisite: SPAN 150 or equivalent. (GE=C.3) (4 units)

290. Spanish and Latin American Literature in English
Introduction to Hispanic literature read in English translation. (GE=C.3) (4 units)

Upper Division
Ordinarily, upper-division courses are conducted in Spanish. Students enrolled in these courses will be evaluated on appropriate progress in both the command of the language and the subject matter.

302. Theory and Practice in Composition
Extensive practice in composition and style. Corequisite: must be taken concurrently with SPAN 395. If student fails to receive credit for SPAN 395, both SPAN 302 and 395 must be repeated. May be repeated once for credit after having passed SPAN 395. Graded A, B, C/no credit. Prerequisite: SPAN 212 or 213. (4 units)

312. Techniques for Professional Interpreting and Translating in Spanish
Oral and written method of translation from Spanish to English and English to Spanish. May be repeated as topics change. Prerequisites: SPAN 302 and 395.
A. Literature (4 units)
B. Public Services (4 units)
C. Law (4 units)

314. Advanced Conversation
Intensive practice of oral Spanish at the advanced level leading to fluency, to the development of a comprehensive, practical vocabulary and to public speaking skills for students who have formally learned the language in a classroom setting and not in a Spanish-speaking environment (outside the classroom). Prerequisites: SPAN 302 and 395. (4 units)

316. Spanish for the Professions
Oral and written practice in terminology used in various professions. May be repeated as topics change. Prerequisites: SPAN 302 and 395.
A. Communications (4 units)
B. Health Science (4 units)
C. Education (4 units)
D. Business (4 units)
E. Law Enforcement (4 units)

318. Techniques of Literary Study and Analysis
Techniques of literary study and analysis through readings from Spanish and Latin American literature. Formerly SPAN 216. Prerequisites: SPAN 302 and 395. (4 units)

320. Special Problems in Spanish Grammar
Intensive study of selected grammatical problems in Spanish. Three hours lecture and two hours laboratory. Prerequisites: SPAN 212, 302 and 395. (4 units)

371. Cultural and Intellectual Foundations of Hispanic Civilization
Traces the development of Spanish civilization from its roots in the Roman Empire through the period of its overseas expansion to Latin America during the 16th, 17th, and 18th centuries. Prerequisites: SPAN 318, 302 and 395. (4 units)

372. Modern Peninsular Literature
Readings in Spanish peninsular literature of the 18th, 19th and 20th centuries. Prerequisites: SPAN 318, 302 and 395. (4 units)

373. Modern Latin American Literature
Readings in Latin American literature of the 18th, 19th and 20th centuries. Formerly SPAN 392. Prerequisites: SPAN 318, 302 and 395. (4 units)

394. Practicum
Participation in departmental cultural activities. May be repeated for a total of four units. Generally assumes 30 hours of work/study per unit of credit. Graded credit/no credit. Prerequisites: SPAN 213, 302 and 395.
A. Dramatic Production (2 units)
B. Student/Faculty Journal (2 units)
C. Tutoring Center (2 units)
D. Media Center Service (2 units)

395. Junior Assessment
Oral and written assessment of an independent study project. Corequisite: must be taken concurrently with SPAN 302. Satisfactory completion will be required for enrollment in all other upper-division courses in Spanish (excluding SPAN 435). If student fails to receive credit for SPAN 395, both SPAN 302 and 395 must be repeated. A student who fails SPAN 395 twice will not be permitted to participate in the Spanish major, minor, certificate programs, or upper-division classes required in the Liberal Studies, Spanish Studies program. Graded credit/no credit. (1 unit)

398. Survey of Classical and Contemporary Hispanic Films
Analysis of selected classical and contemporary Hispanic films from production of major studios to avant-garde artists. Explores important themes as well as significant directors and their unique use of photography, music, literature, and scripting. Each topic may be taken once for credit. Prerequisites: SPAN 302 and 395, or consent of instructor.
A. Films from Spain. Class conducted in Spanish and films in Spanish. (2 units)
B. Films from Latin America. Class conducted in Spanish and films in Spanish. (2 units)
C. Classical and Contemporary Films from Spain, Latin America, and the United States. Class conducted in English and films screened in English or with English subtitles. (2 units)
D. Films from Spain and Latin America. Class conducted in Spanish with films screened from Spain and Latin America. (2 units)
E. Significant Director or Theme of Hispanic Film. Class conducted in Spanish with films from Spain, Latin America and United States. (2 units)
399. Departmental Service Project
Credit for performing academically related tasks within the Department of World Languages and Literatures. No more than six units of credit for Departmental Service Project courses may be applied toward degree requirements. Graded credit/no credit. Prerequisites: SPAN 302 and 395 and consent of instructor. (1 unit)

400. Masterpieces in Spanish and Spanish American Literature
Reading and discussion of selected masterworks of Spanish and Spanish American literature. May be repeated for credit as topics change. Prerequisites: SPAN 318, 302 and 395. (4 units)

401. Phonetics
In depth study of the Spanish sound system. Oral practice and study of general principles of Spanish phonology and dialectology. Three hours lecture and two hours laboratory. Prerequisites: SPAN 302 and 395. (4 units)

402. Advanced Composition
Advanced expository writing in Spanish, including documented research reports and analytical papers. Revision and rewriting will be required. May be repeated for credit. Prerequisites: SPAN 302 with a grade of "C" or better and 395. (4 units)

410. Spanish Peninsular Civilization
Analysis of significant cultural aspects of Spanish civilization. Prerequisites: SPAN 302 and 395. (4 units)

412. Latin American Civilization
Analysis of significant cultural aspects of Latin American civilization. Prerequisites: SPAN 302 and 395. (4 units)

415. Comparative Linguistics: Spanish/English
Application of modern linguistic theory to the problems of second language acquisition in the areas of phonology, morphology and syntax. Emphasis will be given to analysis of the subsystems of English and Spanish. Includes classroom applications. Prerequisites: SPAN 302 and 395. (4 units)

430. Creative Writing
Workshop in writing fiction and poetry, discussion of student writings, and exemplary works by established authors. Prerequisites: SPAN 302, 395 and 402. (4 units)

435. Chicano Literature in Spanish
Literary analysis of selected works by Chicano writers with a special emphasis on historical and contemporary issues. Prerequisite: ability to read and write at the SPAN 150 or 155 level. (4 units)

440. Mexican Literature
Survey of the development of Mexican literature from 1520 to the present. Prerequisites: SPAN 318, 302 and 395. (4 units)

496. Senior Assessment
Creation and submission of a portfolio documenting the student's progress with evidence gathered from upper-division Spanish courses. Assessment of student's oral and written proficiency in Spanish. Majors must take this course prior to enrolling in the last twelve units of the major. Course must be taken prior to the final quarter at CSUSB. Graded credit/no credit. Prerequisite: SPAN 395 and senior standing. (1 unit)

514. Seminar in Hispanic Language, Literature or Film
Advanced study of a single author, a literary movement, a genre, linguistics or film. May be repeated for credit as topics change. Prerequisites: SPAN 318, 302 and 395. (4 units)

575. Internship in Service Learning
Supervised intensive work that requires advanced skills in oral and/or written Spanish in private or public organizations. A total of eight units may be applied toward graduation. Generally assumes thirty hours of work/study per unit of credit. Graded credit/no credit. Prerequisites: SPAN 302 and 395. (Credit to be arranged: 1 to 5 units)
SPECIAL MAJOR

Office of the Dean of Undergraduate Studies
University Hall, Room 368
880-5032

B.A. with SPECIAL MAJOR
Requirements (40 units)

Total units required for graduation: 180

Occasionally, students with specialized educational or professional objectives may find that the existing degree programs offered at the university do not satisfy personal needs or career plans and that a carefully structured, interdisciplinary program of study is more appropriate.

The B.A. with Special Major is an interdisciplinary program intended for students with unusual interests and abilities who have the initiative and desire to design their own major with the aid of faculty advisors. The purpose of these individually-designed special majors is to provide a carefully controlled opportunity for exceptional students to design, with faculty approval, a flexible interdisciplinary course of study that leads to a Bachelor of Arts degree.

Admission normally is limited to students who can design (with the aid of a faculty committee) individualized programs organized around a coherent topic or cross-disciplinary subject that involves two or more departments. Occasionally short-term interests in interdisciplinary programs may be served by more structured and degree plans organized by faculty for groups of students.

The B.A. with Special Major is not intended to bypass normal graduation requirements or to avoid certain requirements of a regular major offered at CSUSB or at other nearby institutions. The self-designed major should not substantially duplicate any existing degree offered at CSUSB. Likewise, a Special Major cannot be developed in areas such as architecture, agriculture, or engineering where the campus lacks the necessary faculty expertise to guide the student and supervise the culminating project. Students must have an overall grade point average of 3.0 including work taken at all institutions and must maintain a 3.0 average in the courses required for the self-designed major.

Although the Special Major is a unique program that suits individual goals, it has potential to combine fields and functions, and can add distinction to the degree, such an interdisciplinary program may pose professional obstacles and be difficult to explain to graduate schools and employers. Career goals and prerequisites for higher degrees should be reviewed before proceeding with this major. In particular, students who will be seeking a teaching credential should consult with faculty in the College of Education to see how a Special Major might impact subject matter requirements for teachers.

Interested students should contact the Dean of Undergraduate Studies to begin the application and screening process. Prospective majors should be prepared to present a one-page description and justification of the program which outlines the concepts, goals and objectives to be fulfilled by the Special Major. If, after discussing the tentative interdisciplinary interests of the student, the Dean of Undergraduate Studies believes the student should be encouraged to prepare a formal application and proposal for a Special Major, a packet of information and forms for justifying and submitting the proposed interdisciplinary curriculum will be provided to the student. If the student has not yet found faculty members who are interested in helping the student develop the curriculum and guide their study, the Dean of Undergraduate Studies will suggest possible faculty committee members.

Requirements for the Major:
1. Only regularly matriculated students with a 3.0 overall grade point average may be admitted to the Special Major program.
2. The minimum requirements for a Special Major will be 40 units of carefully structured upper-division work in two or more fields. Additional units beyond the minimum may be required by the faculty committee.
3. The Special Major must be proposed prior to the senior year. A student should have completed no more than 140 units at time of application for the Special Major and have a minimum of 40 units left to complete. While the B.A. degree requires a minimum of 180 units, students seeking approval for a Special Major after reaching upper-division status may find the need for prerequisites and lower-division introductory courses may extend the total number of units completed beyond the minimum of 180.
4. Neither lower-division or upper-division General Education courses may be counted in the major, though they may supplement, strengthen and provide background for the major.
5. The Special Major is not available as a "double major," nor is it available to students pursuing a second bachelor's degree.
6. A culminating experience (project, research paper, or other written documentation) and verification of accomplishment of project is required. Up to four units of credit for this may be built into the requirements of the major.

Application Process:
1. Determine the feasibility of pursuing a Special Major by reviewing the requirements and examining available programs and majors to see if the proposed major could be met through any of these. Explore the resources of the campus needed for a Special Major in terms of course offerings, library resources, facilities, and faculty expertise.
2. Develop a statement of goals and objectives and the interdisciplinary program proposal which specifically addresses the following: What is the purpose or focus of this specially designed major? What skills does the student already have? What additional knowledge is needed? What is the best way to reach the goal? What is the student's career objective? Are there plans for advanced training and study?
3. Consult with the Dean of Undergraduate Studies about the process as well as interests and goals. One week prior to this meeting, the student must submit a written description and justification of the area of study based on goals and objectives. The Undergraduate Dean will contact departments and faculty members to discuss the feasibility of this area of study. If the draft proposal is acceptable, forms for formally developing and proposing the degree requirements will be provided.
4. A faculty committee will be appointed at this time based on recommendations of the Undergraduate Dean and appropriate departments. A chair will be elected by the committee. Normally, the faculty committee will be made up of faculty from the departments and disciplines of the interdisciplinary interests, e.g., a program in Arts Management would usually have faculty committee from the arts and business.
5. Work with the faculty committee to determine the best and most appropriate courses to include in the Special Major. Consideration should be given to prerequisites and lower-division courses needed as preparation for the 40 units minimum of upper-division study required in the Special Major.

6. The Special Major proposal must be signed by three faculty members who have worked with the student in developing the proposed course of study. The faculty member who will chair the advisory committee must write a statement of support which includes a brief evaluation of the proposal.

7. On the form provided, list the lower-division support courses which were taken in preparation for the upper-division component. These may include General Education and transfer courses where appropriate and directly related to your planned area of study.

8. List the minimum of 40 units of upper-division work to be included in the Special Major. As an interdisciplinary program, these courses should include work from at least two and usually three or more departments. To avoid later difficulties with key courses that are not offered prior to graduation, reasonable substitutions should be listed where possible.

9. Submit the Special Major proposal along with a copy of transcripts of all college work completed to the Dean of Undergraduate Studies. This proposal will be forwarded to the University Curriculum Committee for consideration. The committee meets regularly throughout the academic year and applications can be submitted at any time, though every effort should be made to turn in the proposal early enough in the term to receive approval prior to registration for the next term. Applications cannot be considered during the summer quarter. (The application materials should be filled out with great care and accuracy. Hastily done or carelessly prepared proposals are unlikely to convince the Curriculum Committee of the seriousness of the proposal.)

10. In some cases, the University Curriculum Committee may invite students and/or their faculty advisor to discuss the proposal with the committee, especially where clarification or changes are requested.

11. The Dean of Undergraduate Studies will notify the student in writing of the decision of the University Curriculum Committee. This may be approval, conditional approval based on recommendations or disapproval.

12. Any change or substitution of courses in the approved program must be approved by the student's faculty committee and the Dean of Undergraduate Studies.

13. Upon approval of the Special Major proposal, the student may formally declare a Special Major. At graduation, the diploma will show only a B.A. with Special Major in (subject area).
SUPPLY CHAIN MANAGEMENT

Department of Information and Decision Sciences
Jack Brown Hall, Room 460
880-5723

FACULTY: Sunny Baker, Anand Bhatia (Emeritus), Anthony Coulson, Harold Dyck, Kamvar Farahbod, Frank Lin, Tapie Rohm, Conrad Shayo, Barbara Sirotnik, Jay Varzandeh, Walt Stewart (Chair), Bob Wilson, Jake Zhu

The university offers a concentration in supply chain management within the Bachelor of Arts in Administration. The details of this program are listed under Administration on Page 79. The courses listed below are offered in support of this program. Further information is available from the Department of Information and Decision Sciences.

COURSE OFFERINGS IN SUPPLY CHAIN MANAGEMENT (SCM)

Lower Division

205. Enterprise Systems
Foundation for enterprise systems resource planning and implementation, including supply chain management modeling and operations planning. Students will learn to configure and apply an enterprise systems software. Prerequisites: INFO 102 and 103. (4 units)

210. Applied Business Statistics
An introduction to statistical reasoning and application of primary statistical techniques used in solving managerial problems. Covers both descriptive and inferential statistics. Students may not receive credit for more than one of the following courses: PSYC 210, SSCI 215 or SCM 210. Formerly MSCI 210. Three hours lecture and two hours activity laboratory. (4 units)

Upper Division

304. Principles of Supply Chain Management
Introduction to supply chain management concepts and techniques. Methods that aid the manager in making rational decisions in manufacturing and service industries are discussed. Emphasis is on the application of models to managerial decision making. Formerly MSCI 304 and OM 304. Prerequisites: MATH 110 or 120 and SCM 210. (4 units)

350. Applied Decision Analysis
Discussion and application of a decision-analysis framework for addressing organizational decisions. Topics include sampling and data gathering, statistical inference, regression analysis for forecasting, risk analysis, simulation, and optimization modeling. Prerequisite: SCM 304. (4 units)

405. Advanced Enterprise Systems
Advanced study of enterprise systems planning in different stages of organizational operations. Students use enterprise planning technology to examine cases in different organizational settings. Prerequisites: SCM 205 and 304. (4 units)

440. Transportation Systems Management
Analysis of alternative transportation modes, carriers, services, rates and policies as related to overall operation of an organization's shipping and/or traffic departments. Formerly MKTG 452. Prerequisite: MGMT 250. (4 units)

466. Operations Planning and Control
Analytical approach to traditional and modern concepts in operations analysis and planning. Includes application of techniques to accomplish the organization's mission by using productive resources. Formerly MSCI 466 and OM 466. Prerequisite: SCM 304. (4 units)

470. Supply Chain Management
Comprehensive study of all activities and processes to supply products or services to final customers. Topics include: purchasing, logistics and supply chain optimization, inventory control, warehouse and distribution management. Formerly OM 470. Prerequisite: SCM 304. (4 units)

480. Quality Management
Description and analysis of quality assurance programs and techniques and their many applications from a total quality management perspective. Topics include quality planning, statistical quality control, quality design and measurement, and management of inspection. Formerly OM 480. Prerequisite: SCM 304. (4 units)

490. Logistics Strategy
Development, implementation and integration of logistics and functional strategies of organizations. Capstone course for the fields of supply chain and transportation. Application of logistics will be explored through case studies and application of current technology. Prerequisite: completion of all other courses in concentration program. (4 units)

575. Internship in Supply Chain Management
Supervised work and study in private or public organizations. May be repeated once for credit. A total of two College of Business and Public Administration 575 courses may be applied toward graduation. Graded credit/no credit. Prerequisites: consent of instructor and the department's internship coordinator. (4 units)

590. Seminar in Supply Chain Management
An intensive study of some phase of supply chain management to be developed by the instructor. May be repeated for credit as topics change. Formerly MSCI 590. (4 units)

595. Independent Study
Special topics involving library and/or field research. A total of 10 units in any College of Business and Public Administration 595 may be applied toward graduation. Prerequisites: a minimum overall grade point average of 3.0, consent of instructor and approval by the department of a written project/proposal submitted to the appropriate department in the College of Business and Public Administration on a standard application filed in advance of the quarter in which the course is to be taken. Formerly MSCI 595. (Credit to be arranged: 2 or 4 units)
THEATRE ARTS

Department of Theatre Arts
Performing Arts Building, Room 111
880-5876

Bachelor of Arts
Theatre Arts
with emphases in:
   Acting
   Dance
   Design/Technical
   Drama Education
   Musical Theatre

Teaching Credential Program
   English with a Theatre Arts Concentration

Minor
   Theatre Arts

Certificate Program
   Theatre for Youth

FACULTY: Cecilia Aragon, R. Stephen Earnest, Michelle Ebert, Kathryn Ervin, Stuart Lewis, Lee Lyons, Margaret Perry (Chair), William Peterson, Thomas Provenzano, Johanna Smith

   The theatre arts major is a practical liberal arts degree. The broad range of subjects studied enable the theatre student to qualify for a wide variety of fields. Theatre majors are found in the professional areas of live theatre, film, television, corporate and media training, radio, public relations, advertising, business law, teaching, and higher education.

   The diverse nature of theatre explores expressions of human interactions and conflict. This study develops intellectual awareness about the human condition. It helps develop skills for working as a theatre artist and as an individual who understands teamwork.

   Liberal studies majors will benefit from a departmental philosophy that good theatre training is also excellent teacher training. Many courses in the department have no prerequisites, and they will help liberal studies students to prepare for careers in teaching.

   The Theatre Arts Department produces five major plays during the academic year. The department also presents several student directed/designed productions. In addition, the department has two touring groups: The Imagination Players, an elementary school tour; and the Sun Tour, multicultural theme plays for high school and community college students.

   In addition to acting and backstage opportunities, theatre students are encouraged to work with faculty as assistant directors, designers, stage managers, and in theatre administration. Theatre faculty encourage highly motivated and qualified students to develop their own creative efforts. New student play scripts and innovative approaches to theatre are strongly encouraged.

   Theatre arts majors choose to concentrate in one of six areas once they have completed a common core of courses: acting, design/technical, dramatic literature, drama education, dance, or musical theatre. Students interested in Theatre for Youth, see certificate program described on Page 338.

B.A. IN THEATRE ARTS

Requirements (83 units)

Total units required for graduation: 180

Requirements for the B.A. in Theatre Arts:

   Lower-division requirements (21 units)
   1. TA 235. Fundamentals of Stage Design (4)
   2. Two units chosen from:
      TA 245. Beginning Theatre Movement (2)
      TA 253. Voice for the Stage (2)
   3. TA 251. Acting I: Games and Exercises (3)
   4. TA 252. Acting II: Creating a Role (3)
   5. Nine units chosen from:
      TA 131. Makeup for Stage and Screen (3)
      TA 231. Sound for Stage and Screen (3)
      TA 232. Lighting for Stage and Screen (3)
      TA 233. Costume Construction (3)
      TA 239. Stagecraft (3)

   Upper-division requirements (43 units)
   1. TA 302. Analysis of Drama (4)
   2. TA 331. Theatre Management (4)
   3. TA 346. Directing I (3)
   4. TA 351. Acting III: Scene Study (3)
   5. TA 361. Theatre History I: Origins Through Medieval (4)
   7. TA 363. Theatre History III: Nineteenth Century to the Present (4)
   8. Four units chosen from:
      TA 320A. Performance Practicum: Main Stage (2)
      TA 320B. Performance Practicum: Imagination Players (2)
      TA 320C. Performance Practicum: Touring Theatre (2)
      TA 320E. Performance Practicum: Special Projects (2)
      TA 320F. Performance Practicum: Dance Performance (2)
   9. Four units chosen from:
      TA 321A. Technical Practicum (1)
      TA 321B. Technical Practicum (2)
   10. Four units chosen from:
       TA 450. Classical Drama (4)
       TA 451. Mystery to Melodrama (4)
       TA 463. Asian Theatre (4)
       TA 475. Shakespeare I (4)
       TA 476. Shakespeare II (4)
   11. Four units chosen from:
       TA 401. History of Musical Theatre (4)
       TA 455. Modern Drama I (4)
       TA 456. Modern Drama II (4)
       TA 457. Theatre of the Avant-Garde (4)
       TA 461. American Drama (4)
       TA 462. African-American Theatre and Drama (4)
       TA 464. Theatre of the Post-Colonial World (4)
       TA 466. Issues in Gay, Lesbian, Bisexual and Transgender Theatre (4)
       TA 468. Chicana/o and U.S. Latina/o Theatre (4)
   12. TA 585. Senior Assessment (1)
Emphases (19 units)

Nineteen units chosen from one of the following emphases which were not chosen as part of the core:

**Acting Emphasis**

1. Two units chosen from the following courses, which were not chosen as part of the lower-division core:
   - TA 245. Beginning Theatre Movement (2)
   - TA 253. Voice for the Stage (2)
2. TA 240. Improvisation (3)
3. TA 345. Advanced Voice and Movement (2)
4. Twelve units chosen from:
   - TA 357. Acting for the Camera (3)
   - TA 352. Acting IV: Modern Repertory (3)
   - TA 353. Acting V: Styles of Acting (3)
   - TA 354. Acting VI: Acting Shakespeare (3)
   - TA 355. Acting VII: Acting Musicals (3)
   - TA 446. Directing II (3)

**Dance Emphasis**

1. Twelve units (at least six of which must be upper division) chosen from:
   - DAN 200A. Studies in Dance: Jazz (2)
   - DAN 200B. Studies in Dance: Modern (2)
   - DAN 200C. Studies in Dance: Tap (2)
   - DAN 200D. Studies in Dance: Ballet (2)
   - DAN 300A. Dance Techniques: Jazz (2)
   - DAN 300B. Dance Techniques: Modern (2)
   - DAN 300C. Dance Techniques: Tap (2)
   - DAN 300D. Dance Techniques: Ballet (2)
   - DAN 300E. Dance Techniques: Musical Theatre (2)
   - DAN 310A. World Dance Traditions: African (2)
   - DAN 310B. World Dance Traditions: South and Central American (2)
   - DAN 310C. World Dance Traditions: North American (2)
   - DAN 310D. World Dance Traditions: Asian (2)
   - DAN 310E. World Dance Traditions: Mediterranean (2)
2. Seven units chosen from:
   - DAN 355. Dance Notation (3)
   - DAN 360. Dance History (4)
   - DAN 450. Choreography (3)
   - DAN 481. Creative Dance in the Classroom (4)
   - TA 355. Acting VII: Acting Musicals (3)
   - TA 401. History of Musical Theatre (4) (if not taken as part of upper-division core)
   - TA 463. Asian Theatre (4)

**Design/Technical Emphasis**

1. TA 130. Computer Applications for Technical Theatre (1) for a total of (2)
2. TA 334. Theatrecrafts (3) for a total of (6)
3. Three units chosen from:
   - TA 131. Makeup for Stage and Screen (3)
   - TA 231. Sound for Stage and Screen (3)
   - TA 232. Lighting for Stage and Screen (3)
   - TA 233. Costume Construction (3)
   - TA 239. Stagecraft (3)
4. Six units chosen from:
   - TA 332. Stage Lighting Design (3)
   - TA 333. Stage Sound Design (3)
   - TA 337. Design: Costume Design (3)
5. Two units chosen from:
   - TA 321A. Technical Practicum (1)
   - TA 321B. Technical Practicum (2)
   - TA 535. Independent Project (1-4)

**Drama Education Emphasis**

1. DAN 481. Creative Dance in the Classroom (4)
2. TA 481. Creative Drama in the Classroom (3)
3. Twelve units chosen from:
   - DAN 580. Advanced Creative Dance Methods (4)
   - TA 240. Improvisation (3)
   - TA 320B. Performance Practicum: Imagination Players (2)
   - TA 320C. Performance Practicum: Touring Theatre (2)
   - TA 347. Playwriting (4)
   - TA 446. Directing II (3)
   - TA 483. Children’s Theatre (4)
   - TA 484. Readers Theatre in the Classroom (3)
   - TA 486. Puppetry in the Classroom (3)
   - TA 579. Theatre in the Elementary Classroom (4)
   - TA 580. Advanced Creative Drama in the Classroom (4)
   - TA 581. Theatre in the Secondary Classroom (4)

**Musical Theatre Emphasis**

Emphasis requires a placement examination administered by the Department of Music (proficiency in music fundamentals equal to that of MUS 100 and 101).

1. DAN 300E. Dance Techniques: Musical Theatre (2)
2. Six units chosen from:
   - MUS 206. Class Voice (1)
   - MUS 240. Lower-Division Voice II (1)
   - MUS 302. Music Theatre Production (2)
   - MUS 385. Concert Choir (1)
   - MUS 386. Chamber Singers (1)
   - MUS 387. Opera Workshop (1)
   - MUS 392. Show Choir (1)
   - MUS 395. Symphonic Choir (1)
   - MUS 396. Reverence Singers (1)
3. TA 355. Acting VII: Acting Musicals (3)
4. TA 401. History of Musical Theatre (cannot be taken as part of upper division core) (4)
5. Four units chosen from:
   - DAN 200A. Studies in Dance: Jazz (2)
   - DAN 200B. Studies in Dance: Modern (2)
   - DAN 200C. Studies in Dance: Tap (2)
   - DAN 200D. Studies in Dance: Ballet (2)
   - DAN 300A. Dance Techniques: Jazz (2)
   - DAN 300B. Dance Techniques: Modern (2)
   - DAN 300C. Dance Techniques: Tap (2)
   - DAN 300D. Dance Techniques: Ballet (2)

**TEACHING CREDENTIAL PROGRAM**

**Teaching Credential Program in English - Theatre Arts Concentration**

In order to be recommended for the teaching credential in English with a concentration in Theatre Arts (English subject matter program), students must complete the courses listed in the core of the B.A. in English (lower-division requirements 1-3, and upper-division requirements 1-7, see Page 169), as well as the following:
1. Four units chosen from:
   COMM 245. Introduction to TV and Video Production (4)
   CSCI 127. Introduction to Computer Technology for Educators (4)
2. Four units chosen from:
   ENG 420. Pedagogical Grammar (4)
   HUM 312. Theories of Language Acquisition and Learning (4)
3. Four units chosen from:
   ENG 306. Expository Writing (4)
   HUM 306. Expository Writing for the Humanities (4)
4. Six units chosen from:
   TA 131. Makeup for Stage and Screen (3)
   TA 231. Sound for Stage and Screen (3)
   TA 233. Lighting for Stage and Screen (3)
   TA 239. Stagecraft (3)
5. TA 251. Acting I: Games and Exercises (3)
6. TA 252. Acting II: Creating a Role (3)
7. TA 351. Acting III: Scene Study (3)
8. TA 346. Directing I (3)
9. TA 581. Theatre in the Secondary Classroom (4)

Prior to student teaching, students must demonstrate subject matter competence as assessed by the Department of English. For information about the professional education component, prerequisites for and admission to the teacher education program, or specific requirements for the single subject credential program, see Page 156 or contact the Credentials Office (C.A.S.E.).

Note: Completing the requirements of the teaching credential in English with a concentration in Theatre Arts does NOT in itself satisfy the requirements for the major in either English or Theatre Arts.

MINOR IN THEATRE ARTS

Requirements (24 units)

Requirements for a minor in Theatre Arts:

Lower-division requirement (4 units)
1. TA 260. Introduction to Theatre (4)

Upper-division requirement (2 units)
1. Two units chosen from:
   TA 320A. Performance Practicum: Main Stage (2)
   TA 320B. Performance Practicum: Imagination Players (2)
   TA 320C. Performance Practicum: Touring Theatre (2)
   TA 320E. Performance Practicum: Special Projects (2)
   TA 320F. Performance Practicum: Dance Performance (2)
   TA 321A. Technical Practicum (1)
   TA 321B. Technical Practicum (2)

Emphases (18 units)

Eighteen units chosen from one of the following emphases (minimum of seven units must be upper-division):

Acting Emphasis
1. TA 251. Acting I: Games and Exercises (3)
2. TA 252. Acting II: Creating a Role (3)
3. TA 351. Acting III: Scene Study (3)
4. Nine units chosen from:
   TA 131. Makeup for Stage and Screen (3)
   TA 240. Improvisation (3)
   TA 245. Beginning Theatre Movement (2)
   TA 253. Voice for the Stage (2)
   TA 345. Advanced Voice and Movement (2)
   TA 346. Directing I (3)
   TA 352. Acting IV: Modern Repertory (3)
   TA 353. Acting V: Styles of Acting (3)
   TA 354. Acting VI: Acting Shakespeare (3)
   TA 355. Acting VII: Acting Musicals (3)
   TA 357. Acting for the Camera (3)
   TA 446. Directing II (3)

Dance Emphasis
1. Ten units chosen from:
   DAN 200A. Studies in Dance: Jazz (2)
   DAN 200B. Studies in Dance: Modern (2)
   DAN 200C. Studies in Dance: Tap (2)
   DAN 200D. Studies in Dance: Ballet (2)
   DAN 300A. Dance Techniques: Jazz (2)
   DAN 300B. Dance Techniques: Modern (2)
   DAN 300C. Dance Techniques: Tap (2)
   DAN 300D. Dance Techniques: Ballet (2)
   DAN 300E. Dance Techniques: Musical Theatre (2)
   DAN 310A. World Dance Traditions: African (2)
   DAN 310B. World Dance Traditions: South and Central American (2)
   DAN 310C. World Dance Traditions: North American (2)
   DAN 310D. World Dance Traditions: Asian (2)
   DAN 310E. World Dance Traditions: Mediterranean (2)
2. Eight units chosen from:
   DAN 355. Dance Notation (3)
   DAN 360. Dance History (4)
   DAN 450. Choreography (3)
   DAN 481. Creative Dance in the Classroom (4)
   DAN 580. Advanced Creative Dance Methods (4)
   TA 131. Makeup for Stage and Screen (3)
   TA 231. Sound for Stage and Screen (3)
   TA 232. Lighting for Stage and Screen (3)
   TA 233. Costume Construction (3)
   TA 240. Improvisation (3)
   TA 253. Beginning Theatre Movement (2)

Design/Technical Emphasis
1. TA 235. Fundamentals of Stage Design (4)
2. Six units chosen from:
   TA 131. Makeup for Stage and Screen (3)
   TA 231. Sound for Stage and Screen (3)
   TA 232. Lighting for Stage and Screen (3)
   TA 233. Costume Construction (3)
   TA 240. Improvisation (3)
   TA 253. Beginning Theatre Movement (2)
3. Eight units chosen from:
   TA 130. Computer Applications for Technical Theatre (1)
   TA 321A. Technical Practicum (1)
   TA 321B. Technical Practicum (2)
   TA 331. Theatre Management (4)
   TA 332. Stage Lighting Design (3)
   TA 334. TheatreCrafts (3)
   TA 337. Design: Costume Design (3)
   TA 338. Design: Scene Design (3)
   TA 535. Independent Project (1-4)
338 / Theatre Arts

Drama Education Emphasis
1. DAN 481. Creative Dance in the Classroom (4)
2. TA 481. Creative Drama in the Classroom (3)
3. Eleven units chosen from:
   - DAN 580. Advanced Creative Dance Methods (4)
   - TA 240. Improvisation (3)
   - TA 251. Acting I: Games and Exercises (3)
   - TA 320A. Performance Practicum: Main Stage (2)
   - TA 320B. Performance Practicum: Imagination Players (2)
   - TA 320C. Performance Practicum: Touring Theatre (2)
   - TA 321A. Technical Practicum (1)
   - TA 321B. Technical Practicum (2)
   - TA 385. Acting for Non-Majors (4)
   - TA 483. Children's Theatre (4)
   - TA 484. Readers Theatre in the Classroom (3)
   - TA 486. Puppetry in the Classroom (3)
   - TA 579. Theatre in the Elementary Classroom (4)
   - TA 580. Advanced Creative Drama in the Classroom (4)
   - TA 581. Theatre in the Secondary Classroom (4)

Dramatic Literature Emphasis
1. Eight units chosen from:
   - TA 302. Analysis of Drama (4)
   - TA 347. Playwriting (4)
   - TA 505. Criticism of Theatre in Performance (4)
2. Eight units chosen from:
   - TA 450. Classical Drama (4)
   - TA 451. Mystery to Melodrama (4)
   - TA 455. Modern Drama I (4)
   - TA 456. Modern Drama II (4)
   - TA 457. Theatre of the Avant-Garde (4)
   - TA 461. American Drama (4)
   - TA 462. African-American Theatre and Drama (4)
   - TA 463. Asian Theatre (4)
   - TA 464. Theatre in the Post-Colonial World (4)
   - TA 466. Issues in Gay, Lesbian, Bisexual and Transgender Theatre (4)
   - TA 468. Chicana/o and Latina/o Theatre and Drama (4)
   - TA 475. Shakespeare I (4)
   - TA 476. Shakespeare II (4)
3. Two units chosen from:
   - TA 221. Theatre Laboratory: Performance (1)
   - TA 320A. Performance Practicum: Main Stage (2)
   - TA 320B. Performance Practicum: Main Stage (2)
   - TA 320C. Performance Practicum: Touring Theatre (2)
   - TA 320E. Performance Practicum: Special Projects (2)
   - TA 320F. Performance Practicum: Dance (2)
   - TA 321A. Technical Practicum (1)
   - TA 321B. Technical Practicum (2)
   - TA 535. Independent Project (1-4)

CERTIFICATE PROGRAM

Certificates may be earned by regularly matriculated or extended learning students and denote successful completion of a prescribed program of study designed to (a) impart specified professional/vocational/career competencies; or b) produce mastery of the content of a sub-field of an academic major (discipline); or c) provide exposure to the range of materials in a traditional or emerging interdisciplinary field. Certain certificate programs contain 600-level courses as requirements and/or electives. These 600-level courses may not be taken by undergraduate students. Refer to Page 63 for additional certificate information.

Certificate in Theatre for Youth

Certificate Requirements (32 units)
1. TA 481. Creative Drama in the Classroom (3)
2. TA 483. Children's Theatre (4)
3. Six units chosen from:
   - TA 240. Improvisation (3)
   - TA 484. Readers Theatre in the Classroom (3)
   - TA 486. Puppetry in the Classroom (3)
   - TA 446. Directing II (3)
4. Four units chosen from:
   - TA 579. Theatre in the Elementary Classroom (4)
   - TA 580. Advanced Creative Drama (4)
   - TA 581. Theatre in the Secondary Classroom (4)
5. Four units chosen from:
   - TA 320A. Performance Practicum: Main Stage (2)
   - TA 320B. Performance Practicum: Imagination Players (2)
   - TA 320C. Performance Practicum: Touring Theatre (2)
   - TA 320E. Performance Practicum: Special Projects (2)
   - TA 320F. Performance Practicum: Dance (2)
   - TA 385. Acting for Non-Majors (4)
6. Three units chosen from:
   - TA 131. Makeup for Stage and Screen (3)
   - TA 231. Sound for Stage and Screen (3)
   - TA 232. Lighting for Stage and Screen (3)
   - TA 233. Costume Construction (3)
   - TA 235. Fundamentals of Stage Design (4)
   - TA 239. Stagecraft (3)
   - TA 334. Theatrecrafts (3)
   - TA 321A. Technical Practicum (1)
   - TA 321B. Technical Practicum (2)
7. Eight units chosen from:
   - TA 221. Theatre Laboratory: Performance (1)
   - TA 347. Playwriting (4)
   - TA 446. Directing II (3)

**Notes:**
- **245. Beginning Theatre Movement:**
  Beginning theory and fundamentals of specialized stage movement. (TA 245=CAN DRAM 20) (2 units)

- **251. Acting I: Games and Exercises:**
  Foundation training for actors through theatre games, improvisation and exercises for developing expressive freedom, creativity, relaxation and concentration. (TA 251=CAN DRAM 8) (3 units)

- **252. Acting II: Creating a Role:**
  Fundamentals for creating a role methodically. Improvisational exercises and textual performances exploring the use of such elements as objectives, given circumstances, character analysis and conflict. Prerequisite: TA 251. (TA 252=CAN DRAM 22) (3 units)

- **253. Voice for the Stage:**
  Theory and practice of vocal techniques for the actor, including voice production, diction, flexibility, projection, and voice care. (TA 253=CAN DRAM 6) (2 units)

- **260. Introduction to Theatre:**
  An introduction to the basic principles and artistic choices guiding theatre artists. Illustrations will be developed in part from demonstration and participation. Students will be expected to experience theatre as active audience members or production crews. (GE=C.1) (TA 260=CAN DRAM 18) (4 units)

- **302. Analysis of Drama:**
  Literary analysis of selected plays with special emphasis on how to write about dramatic literature. (Also offered as ENG 302. Students may not receive credit for both.) Prerequisite: ENG 101. (4 units)

- **320. Performance Practicum:**
  Main Stage students experience role preparation, rehearsal and acting before an audience; Imagination Players gain touring experience in rehearsal and performance of children's literature, readers theatre style; Touring Theatre students experience rehearsal and performance of adult dramatic material; special projects students experience production of student-developed projects; dance performance students experience choreography development, rehearsal and dancing before an audience. Open to all students. No more than eight units of Performance Practicum may be counted toward fulfilling course requirements in the theatre arts major. No more than four units of TA 320 and 321 may be counted toward fulfilling course requirements in the theatre arts minor. No more than 20 units of TA 320 and 321 may be used to satisfy graduation requirements. Each topic may be repeated for credit.
  - A. Main Stage (admission by audition only) (2 units)
  - B. Imagination Players (2 units)
  - C. Touring Theatre (2 units)
  - E. Special Projects (admission by audition only) (2 units)
  - F. Dance Performance (admission by audition only) (2 units)

- **321. Technical Practicum:**
  Application of scenery, costumes, makeup, lighting, sound or stage management theories and techniques to live performance before an audience. Open to all students. No more than 10 units of TA 321 may be counted toward fulfilling course requirements.
340 / Theatre Arts

in the theatre arts major. No more than four units of TA 320 and 321 may be counted toward fulfilling course requirements in the theatre arts minor. No more than 20 units of TA 320 and 321 may be used to satisfy graduation requirements. Formerly TA 320D.

A. (1 unit)
B. (2 units)

331. Theatre Management
Survey of fine arts management principles as they apply to theatre. (4 units)

332. Stage Lighting Design
Lighting design theories and emerging technologies. Light plots for various theatrical styles will be developed. May be repeated for credit. Prerequisites: TA 232 and 235. (3 units)

333. Stage Sound Design
Advanced theories and applications of sound design for the theatre with an emphasis on the integration of prerecorded sound effects with vocal reinforcement in a live performance environment. Prerequisite: TA 231. (3 units)

334. Theatrecrafts
Theory and application of a theatrecraft such as: stage management, shop crafts, scene painting, millinery, pattern drafting, rendering. Experience with the craft will be provided. May be repeated for credit as topics change. (3 units)

337. Design: Costume Design
Advanced projects in the design of costumes with an emphasis on rendering techniques and stylization. May be repeated for credit. Prerequisite: TA 235. (3 units)

338. Design: Scene Design
Advanced projects in scene design, using both renderings and models. Concentration on an exploration of design styles. May be repeated for credit. Prerequisite: TA 235. (3 units)

345. Advanced Voice and Movement
Advanced theory and practice of voice and movement techniques for the actor. Prerequisites: TA 245 and 253 or consent of instructor. (2 units)

346. Directing I
Fundamentals of play directing through theory and practice. Prerequisite: TA 351 or consent of instructor. (3 units)

347. Playwriting
Fundamentals of play development, including plot, character, structure, and theme. Students will create individual scripts. (Also offered as ENG 347. Students may not receive credit for both.) Prerequisite: ENG 302 or TA 302, or consent of instructor. (4 units)

351. Acting III: Scene Study
Application of acting techniques through scene study of plays in the contemporary repertory. Prerequisite: TA 252. (3 units)

352. Acting IV: Modern Repertory
Continued scene study with an emphasis on plays in the modern classical repertory (for example, Ibsen, Chekhov, Shaw). May be repeated once for credit. Prerequisite: TA 351. (3 units)

353. Acting V: Styles of Acting
Studies and performance of selected styles in theatre from classical times to the nineteenth century. May be repeated once for credit. Prerequisite: TA 351. (3 units)

354. Acting VI: Acting Shakespeare
Concentrated study on performing Shakespeare, with emphasis on voice, movement, and textual meaning. May be repeated once for credit. Prerequisite: TA 351. (3 units)

355. Acting VII: Acting Musicals
Concentrated study on performing musical theatre, with an emphasis on voice, dance and character development. May be repeated once for credit. Prerequisite: TA 351. (3 units)

357. Acting for the Camera
Study and application of acting techniques unique to film and video. Prerequisite: TA 351 or 385. (3 units)

361. Theatre History I: Origins Through Medieval
Consideration of theatre architecture and theatre practices for the purpose of understanding the major trends in the development of theatre arts. Representative examples of dramatic literature will be read to illustrate those trends. (4 units)

362. Theatre History II: Renaissance Through Eighteenth Century
Consideration of theatre architecture and theatre practices for the purpose of understanding the major trends in the development of theatre arts. Representative examples of dramatic literature will be read to illustrate those trends. (4 units)

363. Theatre History III: Nineteenth Century to the Present
Consideration of theatre architecture and theatre practices for the purpose of understanding the major trends in the development of theatre arts. Representative examples of dramatic literature will be read to illustrate those trends. (4 units)

385. Acting for Non-Majors
Introduction to acting through exercises, improvisations and scene study. Not open to theatre arts majors. (4 units)

401. History of Musical Theatre
History of musical theatre literature and production. Also offered as MUS 401; students may not receive credit for both. (4 units)

445. The Camera Eye
Film as a creative art medium. Such topics as art direction and production design for film, sex and violence in film, and film and television lighting will be offered. May be repeated for credit as topics change. (4 units)

446. Directing II
Advanced studies in play directing. Prerequisite: TA 346. (3 units)

450. Classical Drama
Development of comedy and tragedy in Greece and Rome. (Also offered as ENG 450. Students may not receive credit for both.) (4 units)
451. **Mystery to Melodrama**  
Development of drama from medieval passion plays to late nineteenth century villain-hissing melodramas. Emphasis on either comedy or tragedy. (4 units)

455. **Modern Drama I**  
European, British and American realism. (Also offered as ENG 455. Students may not receive credit for both.) (4 units)

456. **Modern Drama II**  
European, British and American anti-realism. (Also offered as ENG 456. Students may not receive credit for both.) (4 units)

457. **Theatre of the Avant-Garde**  
Exploration and analysis of performance traditions from Dada to performance art. (4 units)

461. **American Drama**  
Survey of the American theatre and its drama (Dunlap to Odets) as they reflect the changing patterns of American society. (4 units)

462. **African-American Theatre and Drama**  
A survey of the African-American theatre from its African origins in the oral tradition through contemporary trends, including issues of politics, race and gender in terms of the American theatre in general. Emphasis on African-American playwrights, companies and performers within their social and historical contexts. (GE=G2) (4 units)

463. **Asian Theatre**  
Survey of significant Asian theatre forms from Indian dance-drama to Indonesian wayang kulit. Emphasis on how performance reflects and shapes both culture and identity. (GE=G2) (4 units)

464. **Theatre in the Post-Colonial World**  
Dramatic literature and theatre of countries and cultures seeking to redefine their identity in a post-colonial world. Includes study of plays from India, Africa, Canada, South America, Asia and the Pacific Rim. (4 units)

465. **Ethnic Films and Film Makers**  
Analysis, overview and exploration of performers, directors, screenwriters, and designers of films of a particular ethnic group. Emphasis on the artistic contributions of a particular ethnic group to the cinematic art form. May be repeated for credit as topics change. (4 units)

466. **Issues in Gay, Lesbian, Bisexual, and Transgender Theatre**  
An examination of the culturally diverse body of theatre work dealing with Gay/Lesbian/Bisexual/Transgender issues. (4 units)

468. **Chicana/o and U.S. Latina/o Theatre**  
Introduction to Chicana/o and Latina/o dramatic literature and performance in the U.S. (1965-present). Examines diverse factors associated with the birth and development of Chicana/o and Latina/o theatre. (4 units)

475. **Shakespeare I**  
Comedies and history plays. (Also offered as ENG 475. Students may not receive credit for both.) (4 units)

476. **Shakespeare II**  
Tragedies and romances. (Also offered as ENG 476. Students may not receive credit for both.) (4 units)

481. **Creative Drama in the Classroom**  
Introduction to theory and practice of creative drama. Concentration, imagination and self-expression are emphasized in lesson planning as creative drama is used as a teaching tool across the curriculum. Designed in accordance with California and National standards for the arts. Two hours lecture and two hours of fine arts activity. (3 units)

483. **Children's Theatre**  
Theory and techniques of selecting, directing and creating plays for young audiences. Course includes script analysis and directing from text as well as developing plays based on children's literature. The course presents approaches to children's theatre in community and educational settings. (4 units)

484. **Readers Theatre in the Classroom**  
Theory and techniques of adapting, directing and performing non-dramatic children's literature for oral presentation and limited staging. Includes preparation and performance of scripts to be used for reading enhancement and interdisciplinary studies. Designed in accordance with California and National standards for the arts. Formerly TA 382. Two hours lecture and two hours fine arts activity. (3 units)

486. **Puppetry in the Classroom**  
Survey of the forms and applications of puppets around the world, with emphasis on using puppetry as an interdisciplinary teaching tool. Emphasis on exploring puppetry from an international perspective and analyzing educational approaches for a wide range of ages and abilities. Two hours lecture and two hours fine arts activity. (3 units)

505. **Criticism of Theatre in Performance**  
Critical analysis of public theatrical performance with an emphasis on the journalistic review. Textual analysis, artistic perception and aesthetic evaluation of acting, directing and design. Both individual and class attendance at several theatrical performances outside of regular meeting times will be required. Prerequisites: TA 302, ENG 306 or consent of instructor. (4 units)

510. **Studies of Major Figures and Genres**  
May be repeated for credit as topics change. (4 units)

520. **Theatre Seminar**  
Literature and theory relative to topics such as: aesthetics, theatre history, drama, dramatic criticism and design. May be repeated for credit as topics change. (4 units)

535. **Independent Project**  
Advanced individual project in any aspect of departmental productions. A total of six units may apply toward the major, a total of 12 units may apply toward graduation. Prerequisite: consent of instructor. (Credit to be arranged: 1 to 4 units)

555. **Independent Study**  
Study and analysis culminating in demonstrated expertise in the areas of performance, direction, design or theatre research. A total of six units may apply toward the major, a total of 12 units may apply toward graduation. Prerequisites: a minimum overall
grade point average of 3.0, consent of instructor and departmental approval of a written proposal of a project submitted on a standard application filed in advance of the quarter in which the course is to be taken. (4 units)

575. Internship in Theatre Arts
Supervised study in private or public organizations. A total of 12 units may be applied toward graduation. Generally assumes thirty hours of work/study per unit of credit. Graded credit/no credit. Prerequisite: consent of internship coordinator. (Credit to be arranged: 1 to 6 units)

579. Theatre in the Elementary Classroom
Integrating aesthetic perception with creative expression in the elementary classroom through the application of theatrical performance and production techniques. This course includes 15 service learning hours in which students actually direct and create theatre within an elementary school classroom under the supervision of course instructor and classroom teacher. Prerequisite: TA 481 or 484 or consent of instructor. (4 units)

580. Advanced Creative Drama in the Classroom
Advanced methods of teaching across the curriculum using process-oriented creative drama techniques. Course concentrates on fostering imagination and self-expression through pantomime, improvisation and play making. Course includes developing creative drama/educational units and lesson plans as well as practical experience in an educational setting. Requires a six hour field component including observation and participation in teaching at an approved setting. Prerequisite: TA 481. (4 units)

581. Theatre in the Secondary Classroom
Integrating aesthetic perception with creative expression in the secondary classroom through the application of theatrical performance and production techniques. This course includes 15 service learning hours in which students actually direct and create theatre within a secondary school classroom under the supervision of course instructor and classroom teacher. Prerequisites: TA 302 or ENG 302, and TA 481 or 484. (4 units)

585. Senior Assessment
Student preparation of portfolio and self-critiques of artistic/research projects which document academic progress. Formal presentation of this collected material to be evaluated by peers and faculty. Two hours activity. Prerequisite: senior status; must be taken in spring quarter immediately prior to graduation. (1 unit)

Graduate level courses can be found on Page 504.

See Page 143 for full course descriptions.
UNIVERSITY HONORS PROGRAM

University Honors Office
Pfau Library, Room 208
880-7765

The University Honors Program at California State University, San Bernardino offers specialized courses and other enrichment opportunities for highly motivated students who seek an intellectual challenge. Most honors courses fulfill the general education requirements which all students at the university must meet; however, the curriculum is designed to add depth and breadth to the undergraduate course of study. Honors students are encouraged to take an active role in their own learning process, to think about problems they will face in creating the future, and to explore their roles in addressing these problems. Integration of subject matter across the curriculum is a primary goal of the program. Students will be encouraged to develop thinking skills and to use these skills in analyzing and evaluating problems of contemporary society. Honors students will have:

- Special academic advising;
- Priority registration;
- The opportunity to participate in honors activities such as lectures, concerts and art exhibits;
- Honors seminars which promote interaction among students and faculty;
- Honors courses in specific academic disciplines and interdisciplinary areas.

Admission to the Program

Incoming freshmen, sophomores, juniors and transfer students who have shown scholastic ability, intellectual promise, and creativity are encouraged to apply for the University Honors Program. Incoming freshmen should have SAT scores of 1100 and/or ACT scores of 26 and above, a grade point average of at least 3.5, and be in the upper tenth of their graduating class. Sophomores, juniors and transfer students who have remained consistently on the Dean's List and/or have maintained a 3.5 overall grade point average in previous course work may apply to the program. In addition, any faculty member identifying a student as one who has the potential to profit from the challenge of the program may sponsor a student into the program, with the approval of the Honors Committee.

UNIVERSITY HONORS PROGRAM

Requirements of the Program:

To remain in good standing in the Honors Program, students are expected to maintain a grade point average of 3.3 ("B+") overall.

Requirements for students who enter the Honors Program as freshmen (38 units)

1. HON 103A. Language and Meaning (4)
2. HON 103B. Language and Meaning (4)
3. HON 103C. Language and Meaning (4)

Note: HON 103A, B and C must be completed before students will be granted general education credit in Written Communication, Oral Communication and Critical Thinking.

4. HON 105A. Honors Colloquium (1)
5. HON 105B. Honors Colloquium (1)
6. HON 105C. Honors Colloquium (1)
7. HON 205A. Honors Seminar (1)
8. HON 205B. Honors Seminar (1)
9. HON 205C. Honors Seminar (1)
10. A senior project in a department (4)
11. Sixteen additional units of which eight must be upper-division, chosen from honors-designated courses.

Requirements for students who enter the Honors Program as sophomores (23 units)

1. HON 205A. Honors Seminar (1)
2. HON 205B. Honors Seminar (1)
3. HON 205C. Honors Seminar (1)
4. A senior project in a department (4)
5. Sixteen additional units of which eight must be upper-division, chosen from honors-designated courses.

Requirements for students who enter the Honors Program as juniors (15 units)

1. HON 205A. Honors Seminar (1)
2. HON 205B. Honors Seminar (1)
3. HON 205C. Honors Seminar (1)
4. A senior project in a department (4)
5. Eight additional upper-division units chosen from honors-designated courses.

COURSE OFFERINGS IN UNIVERSITY HONORS (HON)

Lower Division

103. Language and Meaning

An integrated course in the Honors Program meeting General Education requirements for basic skills in composition, critical thinking, and communication. The course emphasizes using the various basic skills in the process of exploring specific current issues. Prerequisite: acceptance into the Honors Program. (GE=A.1, A.2, A.4)

A. (4 units)
B. (4 units)
C. (4 units)
105. Honors Colloquium
Analysis and discussion of current ideas and events. Freshman students admitted to the Honors Program are required to enroll in the colloquium each of the three quarters of their freshman year. Graded credit/no credit. Prerequisite: acceptance into the Honors Program.
A. (1 unit)
B. (1 unit)
C. (1 unit)

205. Honors Seminar
Research and discussion of current events and ideas. Sophomore students continuing in the Honors Program, as well as students entering the program as sophomores or juniors, are required to enroll in the seminar each of the three quarters. Graded credit/no credit. Prerequisite: acceptance into the Honors Program.
A. (1 unit)
B. (1 unit)
C. (1 unit)

Upper Division

306. Expository Writing
Advanced expository writing workshop for students in the Honors Program. Writing will include documented research reports, summaries, and analytical papers. Papers and research will be directed toward developing and preparing a final draft report for the senior project. Course fulfills the graduation requirement in writing proficiency. No more than one of the expository writing courses (EDUC 306, ENG 306, HON 306, HUM 306, MGMT 306, NSCI 306, SSCI 306) may be taken for credit. Students who have received a grade of no credit in any combination of the expository writing courses two or more times must meet with the 306 coordinator or designee to design a developmental writing plan as a condition for enrolling for a third quarter. All students must obtain junior status at the time of registration or their course request will be cancelled. Formerly HON 495. Graded A, B, C/no credit. Prerequisites: acceptance into the Honors Program, ENG 101 or HON 103A and a minimum of 90 quarter (60 semester) units of college credit. (4 units)

315. Special Topics
Examination of selected topics for students in the Honors Program. May be repeated for credit as topics change. Prerequisite: acceptance into the Honors Program. (4 units)

598. Honors Senior Project
Provides an opportunity for students to conduct an independent project under faculty supervision. Project may be a lengthy research paper, a public performance, a laboratory experiment, a work of art, or may take other forms. Prerequisites: acceptance into the Honors Program and senior standing. (4 units)
UNIVERSITY STUDIES
Office of the Dean of
Undergraduate Studies
University Hall, Room 368
880-5032

The Office of the Dean of Undergraduate Studies offers the following courses in support of other university programs. All courses are listed in the University Studies section of the Schedule of Classes each quarter.

COURSE OFFERINGS IN
UNIVERSITY STUDIES (USTD)

25. Academic Study Skills
Designed for the student who needs to work on an independent basis in reading or writing with a developmental specialist or tutor. The course will emphasize comprehension, vocabulary and the writing process after diagnosis of student's needs. Units awarded are not applicable to a baccalaureate degree. May be repeated for credit as topics change. Graded credit/no credit. Prerequisite: consent of Learning Center program coordinator.
A. English 85 (2 units)
B. English 95 (2 units)
C. English 101 (2 units)
D. English 306 (2 units)
E. General (2 units)

27. Individualized Study Contract
Designed for the student who needs to work on an independent basis under the direction of a study specialist in order to improve skills such as handwriting or spelling. May be repeated. Units awarded are not applicable to a baccalaureate degree. Graded credit/no credit. (Credit to be arranged: 1 or 2 units)

37. Introduction to College Study Skills
Introduction to skills needed for success in college, focusing on study strategies such as: time management, listening, note taking and learning from text. Units awarded are not applicable to a baccalaureate degree. Graded credit/no credit. (4 units)

40. Advanced Notetaking and Organization
Instruction in adaptation of note taking skills across the curriculum with emphasis on editing, organizing and combining notes from text, class, lab, field and library. Organization of content to enhance concentration and memory and improve test taking ability. Units awarded are not applicable to a baccalaureate degree. Graded credit/no credit. Prerequisite: USTD 37 or consent of instructor. (2 units)

45. College Reading
Instruction in reading comprehension improvement, vocabulary development and some speed reading techniques. May be repeated. Units awarded are not applicable to a baccalaureate degree. Graded credit/no credit. Prerequisite: consent of the SAIL (Student Assistance in Learning) Program, UH-386. (2 units)

77. Adjunct for Specific Subjects
Taught as a support to specifically designated general education courses in mathematics, social and behavioral sciences and communication studies. The courses emphasize mastery of lecture and textbook content, study skills, and test preparation. May be repeated for credit as topics change. Units awarded are not applicable to a baccalaureate degree. Graded credit/no credit. Prerequisite: consent of SAIL (Student Assistance in Learning) Program, UH-386. (2 units)

99. Reading Enhancement
Designed for academically prepared students for advanced instruction in the areas of reading comprehension, vocabulary development and speed reading techniques improvement. May include preparation for reading portions of standardized tests such as the CBEST and GRE. May be repeated. Units awarded are not applicable to a baccalaureate degree. Graded credit/no credit. (2 units)

Lower Division

100. First Year Seminar
Introduction to the university's history and its mission to enhance the intellectual, cultural and personal development of each student. Application of the First-Year Student Success principles which include: developing academic and intellectual competence; establishing and maintaining interpersonal relationships; developing personal identity; deciding on a major, career and lifestyle; maintaining personal health and wellness; developing an integrated multicultural philosophy of life. Students will develop necessary academic and practical skills through use of university support facilities; learning campus policies and procedures; strengthening study skills; understanding the community service learning concept; and developing responsible academic and personal attitudes for student success. Graded A, B, C/no credit.
A. Freshman Seminar. May be taken only by new freshman students during their first term of attendance. May not be repeated for credit. (2 units)
B. Transfer Student Seminar. May be taken only by transfer students during their first term of attendance. May not be repeated for credit. (2 units)
VOCATIONAL EDUCATION

Chaparral Hall, Room 123C
880-5290 HTTP://VE.CSUSB.EDU

Bachelor of Science
Vocational Education
Bachelor of Vocational Education (BVE)

Master of Arts
Career and Technical Education Option
(Degree requirements can be found on Page 401.)

FACULTY: Ron Pendleton, Joseph Scarcella

B.S. IN VOCATIONAL EDUCATION
Requirements (48 units)

Total units required for graduation: 186

Admission to the Program
The Bachelor of Science Degree with a major in Vocational Education is designed to provide students who have significant occupational experience the opportunity to have that experience count as partial credit towards a baccalaureate degree. Qualified applicants can have their work experience evaluated and may be awarded up to 45 units of credit for prior learning which will be applied toward the degree.

In order to qualify for these occupational specialty units, students must have three years full-time, paid occupational work experience and one of the following:
1. Successfully pass the National Occupational Competency Examination (NOCE) in a specialization;
2. An Associate of Arts Degree from a regionally accredited institution in an approved vocational subject field;
3. Have a Swan Bill evaluation done by a State Evaluation Committee. (This requires seven years of paid work experience in addition to 1620 hours full time or 1000 hours part time teaching in an approved institutional program.)

Note: Occupational experience evaluation will only be completed for students who have completed at least 16 quarter units at CSUSB.

Occupational work experience credit is based upon the criteria currently stipulated by the state of California. Students not awarded the full 45 units of work experience credit will be required to take additional elective courses or internships to reach the total of 186 units required for the degree. More than 45 units of credit by exam of any sort (CLEP, DANTE, EEE, etc.) may be counted toward the degree.

Students must have a minimum of three years paid work experience in order to be admitted to this program.

Requirements for Graduation
A. Students must complete a minimum of 186 quarter units.
   1. At least 45 of these units must be completed as a regularly enrolled student at this university;
   2. At least 60 of these units must be in upper-division course work;
   3. It is recommended that students choose the following courses to fulfill the general education requirements:
      a. COMM 120. Oral Communication
      b. MATH 110. College Algebra
      c. ECON 104. Introduction to Economics
      d. One of the following (both are recommended):
         CHEM 100. Chemistry in the Modern World
         PHYS 100. Physics in the Modern World
   4. Up to 45 units may be completed within the occupational specialty and/or in approved electives;
   B. Students must earn a grade point average of 2.0 ("C") or better in all work attempted;
   C. Students must complete the upper-division writing requirement, EDUC 306;
   D. Students must complete the history, constitution and government requirements listed in the general education requirements on Page 76.

Degree Requirements (48 units)
1. ETEC 544. Design and Development of Instructional Materials I (4)
2. EVOC 335. Introduction to Vocational Education (4)
3. EVOC 508. Organization and Structure of Designated Subjects Programs (4)
4. EVOC 509. Personnel Management in Designated Subjects Programs (4)
5. Choose one of the following:
   EVOC 510. Field Work in Coordination and Supervision of Designated Subjects Programs (4)
   EVOC 518. Field Work in Designated Subjects (4)
6. EVOC 519. Computer Applications for Vocational Education Teachers (4)
7. EVOC 520. Curriculum Development in Vocational Education (4)
8. EVOC 521. Assessing Vocational Student Progress (4)
9. EVOC 522. Directing and Managing Occupational Programs (4)
10. EVOC 523. Adult Learning Theory (4)
11. Four units chosen from:
    MGMT 302. Management and Organizational Behavior (4)
    PSYC 302. Management and Organizational Behavior (4)
12. MGMT 455. Human Resources Management (4)

BACHELOR OF VOCATIONAL EDUCATION (BVE) DEGREE PROGRAM

Requirements (76 units)

Total units required for graduation: 180

Admission to the Program
The Bachelor of Vocational Education (BVE) Degree Program has been designed to provide vocational and occupational teachers who have significant occupational and teaching experience the opportunity to have that experience count as partial credit towards a baccalaureate degree. Qualified applicants can have their work experience evaluated (under provisions of the Swan Bill) and may be awarded up to 60 units of academic credit which will be applied toward meeting the Vocational Arts Major requirements.
Note: In order to qualify for a Swan Bill Evaluation an applicant must have at least five years of paid full-time work experience, at least 1620 hours of full-time or 1000 hours of part-time teaching experience and an appropriate teaching credential.

Applicants must be admitted to the university and should take EVOC 335. Introduction to Vocational Education as soon as possible.

Requirements for Graduation
1. Students must complete a minimum of 186 quarter units of college credit:
   a. At least 45 of these units must be completed as a regularly enrolled student at this university;
   b. At least 60 of these units must be in upper-division course work;
   c. Eighty-two of these units must be in the area of general education as specified in the general education requirements, Page 72;
   d. Forty-four of these units must be within the vocational arts major. All or most of these units are usually awarded as the result of the Swan Bill Evaluation of the applicant's occupational and teaching experience. At least 20 of these units are counted as upper-division;
   e. Thirty-two of these units must be in the area of professional education and the vocational credential courses (or their equivalent);
   f. Twenty-four of these units will consist of electives;
2. Students must earn a grade point average of 2.0 ("C") or better in all work attempted and 3.0 ("B") or better in all professional education courses attempted;
3. Students must complete the upper-division writing requirement (EDUC 306);
4. Students must complete the history, constitution and government requirements (refer to Page 76);
5. Students must be recommended for graduation by the faculty of the university.

Requirements for the Bachelor in Vocational Education (BVE) Degree:

General Education requirements (82 units)
Vocational Arts Major (44 units), a maximum of 60 units may be awarded by Swan Bill evaluation

Upper-division requirements (32 units)
1. EVOC 335. Introduction to Vocational Education (4)
2. EVOC 501. Principles and Methods for Teaching Designated Subjects (4)
3. EVOC 502. Instructional Support for Teaching Designated Subjects (4)
4. EVOC 503. Contemporary Issues in Teaching Designated Subjects (4)
5. EVOC 504. Principles of Adult Education (4)
6. EVOC 518. Field Work in Designated Subjects (4)
7. EVOC 519. Computer Applications for Vocational Education Teachers (4)
8. EVOC 520. Curriculum Development in Vocational Education (4)

Electives (24 units)
1. Twenty-four units of electives.

COURSE OFFERINGS IN VOCATIONAL EDUCATION (EVOC)

Upper Division
335. Introduction to Vocational Education
Introduction to the history, philosophy, literature and organizations of vocational education. In-depth study of the Swan Bill application process and the Bachelor of Vocational Education degree program. Prerequisite: sufficient work and teaching experience to qualify for a Swan Bill evaluation or consent of instructor. (4 units)

501. Principles and Methods for Teaching Designated Subjects
Application of instructional methodology for designated subjects with emphasis on student performance objectives, lesson planning, teaching methods, educational materials, and evaluation techniques. (4 units)

502. Instructional Support for Teaching Designated Subjects
Examination of instructional support for designated subjects with emphasis on program advisory committees, student placement, facilities planning, budgeting, student organizations, public relations, career advancement and educational philosophy. Prerequisite: EVOC 501 or consent of instructor. (4 units)

503. Contemporary Issues in Teaching Designated Subjects
Examination of contemporary issues in designated subjects with emphasis on individual education plans, basic skills, school law, multicultural activities, special needs students, safety and performance assessment instruments. Prerequisite: EVOC 501 or consent of instructor. (4 units)

504. Principles of Adult Education
History, philosophy and social significance of adult education, especially in California; the adult as a student; investigation of the theories and application of the principles of adult education. (4 units)

508. Organization and Structure of Designated Subjects Programs
Investigation and application of principles of facility planning, budgeting, funding sources and related topics as they apply to designated subjects instructional programs. Prerequisite: a valid designated subjects teaching credential. (4 units)

509. Personnel Management in Designated Subjects Programs
Principles of personnel selection, evaluation, supervision, school law and related topics as they apply to designated subjects instructional programs. Prerequisite: a valid designated subjects teaching credential. (4 units)
348 / Vocational Education

510. Field Work in Coordination and Supervision of Designated Subjects Programs
Supervised field work in coordination and supervision of designated subjects programs. Students will contract to perform administrative tasks related to site-based instructional programs. Prerequisites: a valid designated subjects teaching credential and completion of, or concurrent enrollment in EVOC 508 and 509 or consent of instructor. (4 units)

518. Field Work in Designated Subjects
Supervised field work for the Designated Subjects Teaching Credential. Includes lesson planning and instructional delivery in an actual teaching environment with evaluation of teaching performance by the on-site supervisor. Prerequisites or corequisites: EVOC 501 and consent of instructor. (4 units)

519. Computer Applications for Vocational Education Teachers
Application of personal computers to the preparation of written, graphic, data base, telecommunication and interactive media materials used by teachers of vocational, occupational and professional courses. Three hours lecture and two hours laboratory. Lecture and laboratory sections must be taken concurrently. (4 units)

520. Curriculum Development in Vocational Education
Theory and principles of curriculum development as they apply to vocational, occupational and professional courses. Students will develop a complete curriculum for a course that they could teach. Prerequisite: EVOC 501 or its equivalent. (4 units)

521. Assessing Vocational Student Progress
The development and use of evaluation instruments such as written tests, and criterion-referenced and norm-referenced evaluations. Prerequisite: EVOC 520 or consent of instructor. (4 units)

522. Directing and Managing Occupational Programs
Principles and techniques of design, implementation, management and evaluation of training organizations and programs. Prerequisites: EVOC 520 and MGMT 302 or PSYC 302. (4 units)

523. Learning Theory and Instructional Research Applied to Adult Learners
Application of psychological principles to learning processes relevant to adult learners. Focus is on informed decisions about psycho-educational designs which will maximize individual development in cognitive, affective, conative, and psychomotor areas. (4 units)

542. Seminar in Vocational Education
Intensive study of topics and problems in education. May be repeated for credit as subject matter changes and with consent of instructor. Prerequisite: graduate standing or consent of instructor. (Credit to be arranged: 1 to 4 units)
MINOR IN WOMEN'S STUDIES

Requirements (28 units)

1. WSTD 100. Introduction to Women's Studies (4)
2. WSTD 420. Feminist Theory (4)
3. WSTD 425. Women as Agents of Social Change (4)
4. Sixteen units chosen from one of the following concentrations:

General Women's Studies Concentration

1. Sixteen units chosen from:
   - ANTH 333. Sex and Gender in Cross-Cultural Perspective (4)
   - ART 305. Women and Art (4)
   - BIOL 314. Biology of Human Sexuality (4)
   - COMM 401. Gender, Race and Media (4)
   - COMM 411. Gender and Communication (4)
   - COMM 585. Topics in Human Communication: Gay/Lesbian Relationships (4)
   - COMM 587. Topics in Mass Communication: Gay/Lesbian Images in Media (4)
   - CJUS 451. Women and Crime (4)
   - ECON 333. Political Economy of Women: Money, Sex, Race, and Power (4)
   - ENG 319. Studies in Literary Diversity: Gay Literature (4)
   - ENG 319. Studies in Literary Diversity: Lesbian Literature (4)
   - May choose only one of the following two courses:
     - ENG 336. Women Writers (4)
     - WSTD 336. Women Writers (4)
   - FLAN 320. Masterpieces of Literature: Hispanic Women Writers (4)

   GEOG 330. Geography of Gender (4)
   HSCI 404. Women's Health Issues (4)
   HIST 344. Women in U.S. History: 1620-1865 (4)
   HIST 345. Women in U.S. History: 1865-Present (4)
   HIST 395. Topics in History: Women in Chinese History (4)

   May choose only one of the following three courses:
   - HUM 325. Perspectives on Gender (4)
   - NSCI 325. Perspectives on Gender (4)
   - SSCL 325. Perspectives on Gender (4)
   - PHIL 364. Philosophy of Race and Ethnicity (4)
   - PHIL 367. Gender and Philosophy (4)
   - PSCL 340. Sex and Politics (4)
   - PSY 331. The Psychology of Women (4)
   - PSY 349. The Psychology of Gays and Lesbians (4)
   - PSY 375. Seminar in Psychology: Women and Violence (4)
   - SOC 336. Black Women and Feminism (4)
   - SOC 444. Sociology of Gender (4)
   - TA 466. Issues in Gay, Lesbian, Bisexual and Transgender Theatre (4)
   - WSTD 103. Introduction to Lesbian, Gay, Bisexual, and Transgender Studies (4)
   - WSTD 300. Feminist Research Methods (4)
   - WSTD 390. Topics in Women's Studies (4)
   - WSTD 450. Queer Theory (4)
   - WSTD 575. Internship in Women's Programs and Services (2) for a total of (4)
   - WSTD 595. Independent Study (2-5) for a maximum of (8)

Lesbian, Gay, Bisexual, and Transgender Studies Concentration

1. WSTD 103. Introduction to Lesbian, Gay, Bisexual, and Transgender Studies (4)
2. Eight units chosen from:
   - COMM 585. Topics in Human Communication: Gay/Lesbian Relationships (4)
   - COMM 587. Topics in Mass Communication: Gay/Lesbian Images in Media (4)
   - ENG 319. Studies in Literary Diversity: Gay Literature (4)
   - ENG 319. Studies in Literary Diversity: Lesbian Literature (4)
   - PSY 301. Psychology of Human Sexuality (4)
   - PSY 349. The Psychology of Gays and Lesbians (4)
   - TA 466. Issues in Gay, Lesbian, Bisexual, and Transgender Theatre (4)
   - WSTD 450. Queer Theory (4)
3. Four units chosen from any other Women's Studies course or cross-listed elective.

CERTIFICATE PROGRAM

Certificates may be earned by regularly matriculated or extended learning students and denote successful completion of a prescribed program of study designed to (a) impart specified professional/vocational/career competencies; or (b) produce mastery of the content of a sub-field of an academic major (discipline); or (c) provide exposure to the range of materials in a traditional or emerging interdisciplinary field. Certaincertificate programs contain 600-level courses as requirements and/or electives. These 600-level courses may not be taken by undergraduate students. Refer to Page 63 for additional certificate information.
Certificate in Women's Studies

Certificate requirements (28 units)

1. Twenty-eight units chosen from:
   - ANTH 333. Sex and Gender in Cross-Cultural Perspective (4)
   - ART 305. Women and Art (4)
   - BIOL 314. Biology of Human Sexuality (4)
   - COMM 401. Gender, Race and Media (4)
   - COMM 411. Gender and Communication (4)
   - COMM 585. Topics in Human Communication: Gay/Lesbian Relationships (4)
   - COMM 587. Topics in Mass Communication: Gay/Lesbian Images in Media (4)
   - CJUS 451. Women and Crime (4)
   - ECON 333. Political Economy of Women: Money, Sex, Race, and Power (4)
   - ENG 319. Studies in Literary Diversity: Gay Literature (4)
   - ENG 319. Studies in Literary Diversity: Lesbian Literature (4)
   - ENG 336. Women Writers (4)
   - WSTD 336. Women Writers (4)
   - FLAN 320. Masterpieces of Literature: Hispanic Women Writers (4)
   - GEOG 330. Geography of Gender (4)
   - HSCI 404. Women's Health Issues (4)
   - HIST 344. Women in U.S. History: 1620-1865 (4)
   - HIST 345. Women in U.S. History: 1865-Present (4)
   - HIST 395. Topics in History: Women in Chinese History (4)
   - HUM 325. Perspectives on Gender (4)
   - NSCI 325. Perspectives on Gender (4)
   - SSCI 325. Perspectives on Gender (4)
   - PHIL 364. Philosophy of Race and Ethnicity (4)
   - PHIL 367. Gender and Philosophy (4)
   - PSCI 340. Sex and Politics (4)
   - PSYC 331. The Psychology of Women (4)
   - PSYC 349. The Psychology of Gays and Lesbians (4)
   - PSYC 375. Seminar in Psychology: Women and Violence (4)
   - SOC 336. Black Women and Feminism (4)
   - SOC 444. Sociology of Gender (4)
   - TA 466. Issues in Gay, Lesbian, Bisexual, and Transgender Theatre (4)
   - WSTD 100. Introduction to Women's Studies (4)
   - WSTD 103. Introduction to Gay, Lesbian, Bisexual, and Transgender Studies (4)
   - WSTD 300. Feminist Research Methods (4)
   - WSTD 390. Topics in Women's Studies (4)
   - WSTD 420. Feminist Theory (4)
   - WSTD 425. Women as Agents of Social Change (4)
   - WSTD 450. Queer Theory (4)
   - WSTD 575. Internship in Women's Programs and Services (2) for a total of (4)
   - WSTD 595. Independent Study (2-5) for a maximum of (8)

Lower Division

100. Introduction to Women's Studies
An introduction to the growing body of women's studies scholarship. Includes feminist theories of gender stratification and introduces women's issues, experiences and achievements in a variety of fields. Formerly WSTD 200. (GE=D.3) (4 units)

103. Introduction to Lesbian, Gay, Bisexual, and Transgender Studies
Interdisciplinary overview of the field of lesbian, gay, bisexual, and transgender studies. Explores both historical events and contemporary issues related to LGBT Studies, drawing readings from various academic disciplines including anthropology, the arts, communication studies, history, literature, philosophy, psychology, the sciences, sociology and women's studies. (4 units)

Upper Division

300. Feminist Research Methods
Development and implementation of research (quantitative or qualitative) that explores in depth one or more facets of women's experiences. (4 units)

336. Women Writers
Literary analysis of selected works by women writers, with special emphasis on historical and contemporary issues of women's lives. (Also offered as ENG 336. Students may not receive credit for both.) (4 units)

390. Topics in Women's Studies
Examination of selected topics of current interest in women's studies. May be repeated for credit as topics change. (4 units)

420. Feminist Theory
Survey of feminist theory. Formerly a topic under WSTD 390. Prerequisite: WSTD 100 or consent of instructor. (4 units)

425. Women as Agents of Social Change
Historical and contemporary analysis of women as agents of social change, including responses to gender-based discrimination, consideration of feminist theories of social change and debates over desired directions for the future of societies. Prerequisite: WSTD 100 or consent of instructor. (4 units)

450. Queer Theory
Introduction to queer theory through an examination of key theoretical texts, providing an interdisciplinary survey of theories of sexual diversity within changing historical and cultural contexts. (4 units)
575. Internship in Women's Programs and Services
Supervised work and study in private or public organizations involving women's issues. May be repeated once for credit, a total of eight units may apply toward graduation. Graded credit/no credit. Prerequisite: consent of the Women's Studies Program Committee coordinator. (Credit to be arranged: 2 to 4 units)

595. Independent Study
Investigation of special topics in women's studies that are not covered by the curricular offerings in women's studies or the cross-listed offerings from other departments. No more than eight units of independent study may be applied toward the minor or certificate in women's studies. Prerequisites: junior standing, consent of instructor and approval by the Women's Studies Program Committee coordinator. (Credit to be arranged: 2 to 5 units)
GRADUATE DEGREE PROGRAMS

Office of Graduate Studies
Administration Building, Room 127
880-5058
http://gradstudies.csusb.edu

Graduate Studies is a large part of the university. At any given time approximately one quarter of the students attending CSUSB already have bachelor's degrees and are earning certificates, credentials, master's degrees, or are pursuing knowledge for their own pleasure. Graduate Studies offers varied advanced courses of study, including professional programs leading to the world of work, and academic master's degrees preparing the student for the Ph.D. as well as advanced professional degrees, such as medicine and law. Nationally recognized and nationally accredited programs are among the Graduate Studies offerings.

Most classes are offered at convenient hours for working students. Financial assistance, research and travel funds are available, with some special financial aid programs aimed at creating a more diverse university faculty.

The Office of the Dean of Graduate Studies encourages graduate education and works to create programs of quality that respond to the needs of students and of the university's service area. Additionally, the office administers the M.A. in Interdisciplinary Studies, the Ronald E. McNair Postbaccalaureate Achievement Program (see Page 70) and is responsible for the following functions for all graduate programs:

- Waiver petitions for the Graduate Writing Requirement, the seven-year limit for course work, the 12-unit limit for classification, and leaves of absence
- Petitions by all unclassified postbaccalaureate students
- The CSUSB Student Research Conference
- The Graduate Equity Fellowship Program
- The California Pre-Doctoral Program

The university offers the following graduate programs culminating in master's degrees:

- Art, M.A.
- Biology, M.S.
- Business Administration, M.B.A.
- Communication Studies, M.A.
- Computer Science, M.S.
- Counseling and Guidance, M.S.
- Criminal Justice, M.A.
- Education, M.A.
- Educational Administration, M.A.
- English Composition, M.A.
- Health Services Administration, M.S.
- Interdisciplinary Studies, M.A.
- Mathematics, M.A./M.A.T.
- National Security Studies, M.A.
- Nursing, M.S.
- Psychology, M.A., M.S.
- Public Administration, M.P.A.
- Rehabilitation Counseling, M.A.
- Social Sciences, M.A.
- Social Work, M.S.W.

Graduate programs at the university are designed to serve a variety of needs. Some students pursue an advanced degree or a credential program in a professional area to enhance their career mobility; others, to expand their knowledge and understanding and to pursue research in a chosen discipline. The university provides for the part-time as well as the full-time student, by offering appropriate course work and research opportunities during the day, late afternoon and evening throughout the calendar year.
The M.A. in Art provides for further study in one or more of ten studio areas and investigates issues in contemporary art. The program is offered in the Visual Arts Center, which includes the Robert V. Fullerton Art Museum.

The M.S. in Biology provides further study in various biological concentrations. The unique environmental setting of the campus allows for special emphasis on desert and mountain ecological studies.

The College of Business and Public Administration offers two master's degrees. The Master of Business Administration (M.B.A.) is internationally accredited by AACSB International, the Association to Advance Schools of Business. It provides professionals with advanced skills and competencies necessary to manage and lead business enterprises in a global competitive economy. The Master of Public Administration (M.P.A.) is designed to enhance the decision-making and leadership skills of mid- to senior-level administrative and political officials in the government and nonprofit sectors. The M.P.A. is nationally accredited by the National Association of Schools of Public Administration and Affairs (NASPAA).

The M.A. in Communication Studies is designed to prepare students for their professional careers in the multicultural business, educational, political and social environment of the 21st century. It also provides them with the opportunity to emphasize areas of career interest such as mass communication, public relations, organizational communication, or other areas of communication study.

The M.S. in Computer Science provides students with the professional expertise to enable them to assume high responsibility positions in business, government, and education in the areas of computer and information systems, giving them the capability to undertake research and development using abstract models and theories.

The M.S. in Counseling and Guidance is a professional program preparing students to become educational counselors. The degree program is designed to fulfill all the California State requirements for school counseling in grades K-12, so that a graduate will concurrently receive the M.S. and the California Pupil Personnel Services Credential.

The M.A. in Criminal Justice is designed to serve individuals in the criminal justice system who desire postbaccalaureate education, as well as those in more traditional public and private employment who may wish to acquire further education in criminal justice. The degree program offers two options. One is a thesis option designed for students who intend to pursue graduate studies beyond the M.A. level and those students who have special research interests in the criminal justice system. The examination option is designed for students with administrative and management goals.

The M.A. in Education offers options in bilingual/cultural education; career and technical education; curriculum and instruction; environmental education; instructional technology; kinesiology; reading/language arts; science education; special education; and teaching English to speakers of other languages as well as a combined language, literacy, and culture (primary language) option/BCLAD credential. The College of Education also offers credential programs designed to prepare students to teach in a variety of settings. In addition to the multiple, single and designated subjects credentials, specialist and services credential programs also are available.

The Educational Administration M.A. program prepares individuals to assume leadership roles in school administration, school business management, curriculum development, and supervision of personnel and instruction.

The English Department offers an M.A. in English Composition. There are three concentrations available. The English Composition Program is designed for individuals interested in pursuing studies in the teaching of composition and will also benefit those who need expertise as writers of grants, interpreters of public policy, editors and others interested especially in nonfiction prose. The option in English Literature allows students an option to focus on advanced studies in literature as well as composition. The option in Teaching English as a Second Language prepares students for teaching in high school and college ESL programs.

The M.S. in Health Services Administration is designed to meet the need for professionals trained in the management and planning of health care services. The program has three major objectives: 1) to enable students to integrate health science, health services, management and planning skills; 2) to develop the ability to conduct independent research; and 3) to provide the intellectual stimulation and scholarly atmosphere aimed at developing leaders in the field.

An M.A. in Interdisciplinary Studies allows a student with unusual educational or vocational objectives to draw from several departments to meet a specific need. The option in Integrative Studies is designed for experienced K-12 teachers. The option in E-Marketing Communication and New Media focuses on the development of comprehensive electronic marketing and communication. Information on these programs is available from the Dean of Graduate Studies.

The Master of Arts in Mathematics is a flexible two-track program. The Community College Teaching/General track provides a broad background in mathematics and the Mathematics Education track is designed for well-prepared teachers at the K-12 level. All core courses are offered in the late afternoon and evening, elective courses are also offered during the day.

The M.A. in National Security Studies is a professionally oriented academic program designed for those who desire to understand the principles and practices of national and international security in contemporary international affairs.

The M.S. in Nursing is designed to educate practicing nurses for leadership and service in culturally diverse, pluralistic communities. The clinical focus is on advanced community-based nursing practice. Graduates will be prepared for advanced certification in community health nursing or home health nursing. Students select a functional role concentration of nurse educator or clinical case manager.

The Department of Psychology offers an M.S. in Psychology with concentrations in clinical/counseling and industrial/organizational, in addition to an M.A. in Psychology with three areas of specialization: general-experimental, life-span development, and child development.

The nationally accredited M.A. in Rehabilitation Counseling is a two-year professional program preparing students to be certified rehabilitation counselors who will work with a wide variety of disabled persons in different settings preparing them for job placement.

The M.A. in Social Sciences is designed primarily for secondary school teachers who wish to expand or update their knowledge of the social sciences. The program emphasizes the fields of greatest importance to secondary school teaching, but electives allow the student to sample the breadth of the social sciences.

The nationally accredited Master of Social Work (M.S.W.) prepares professional social work practitioners who are committed to understanding and serving those most in need of help.

Detailed requirements of each program are listed by department in the graduate studies section of the catalog.
Latest details on the status of new programs may be obtained from the appropriate school or department or from the Office of the Dean of Graduate Studies.

**General Requirements for Admission**

The minimum requirements for admission of postbaccalaureate and graduate students to a California State University campus are in accordance with university regulations as well as Title 5, Chapter 1, Subchapter 3 of the California Code of Regulations. Specifically, a student admitted with unclassified postbaccalaureate standing must: 1) have completed a four-year college course of study and earned an acceptable baccalaureate degree at an institution accredited by a regional accrediting association or have completed equivalent academic preparation as determined by appropriate campus authorities; 2) have been in good standing at the last college or university attended; 3) have attained a grade-point average of at least 2.5 in the last 90 quarter (60 semester units) units attempted; and 4) satisfactorily met the professional, personal, scholastic, and other standards for graduate study, including qualifying examinations, as appropriate campus authorities may prescribe.

Applicants who do not qualify for admission under the provisions cited above may be admitted by special action if, on the basis of acceptable evidence, they are judged to possess sufficient academic, professional and other potential to merit such action. Petitions for admission by special action should be directed to the graduate coordinator of the appropriate master's program or if there is no specific graduate degree in mind, to the Dean of Graduate Studies.

**Categories of Admission**

Graduate and postbaccalaureate applicants may apply for a degree, a credential or certificate, or may not have a program objective. Depending on their objective, an applicant seeking admission to postbaccalaureate and/or graduate study at the university must be accepted in one of the following categories:

**Unclassified Postbaccalaureate Standing.**

Students wishing to enroll in courses at the university with a professional growth objective, but not necessarily with an objective of a graduate degree or a teaching credential, may be considered for admission with unclassified postbaccalaureate standing when they meet standards specified under General Requirements. Some departments may restrict enrollment of unclassified students because of heavy enrollment pressure. No more than 12 units of credit earned in unclassified standing may be used to demonstrate fitness to complete the program or may be counted toward meeting requirements for a graduate degree. Such units will be accepted only upon approval of the department in which the student is taking a degree. Admission to the university with unclassified postbaccalaureate standing does not constitute admission to, or assurance of consideration for admission to, any credential or graduate degree program.

**Classified Postbaccalaureate Standing** (including Teaching Credentials).

Students who have satisfied the general requirements for admission may be granted classified standing for the purpose of enrolling in a particular postbaccalaureate credential or certificate program. They must also satisfy such additional professional, personal, scholastic and other standards as are prescribed for the program, including qualifying examinations.

Postbaccalaureate students interested in working toward a multiple subject credential, a single subject credential, a services credential or a specialist credential must achieve classified standing. Credential candidates should check credential requirements for minimum grade point average with the appropriate credential program found in the education program section beginning on Page 150.

Information concerning admission requirements for the designated subjects credentials may be obtained from the Credentials Office (C.A.S.E.) or from the designated subjects coordinator. International students in this status are eligible for an I-20 visa.

**Conditionally Classified Graduate Standing.**

Students who have satisfied the general requirements for admission, but who have deficiencies in prerequisite preparation which can be met by specified additional preparation, including qualifying examinations, may be admitted to a graduate degree curriculum with conditionally classified graduate standing. These deficiencies must be corrected in the specified manner in order for a student to continue in the graduate degree program. International students in this status are eligible for an I-20 visa.

**Classified Graduate Standing.**

Students who have satisfied the general requirements for admission may be admitted to a graduate degree program as classified graduate students, if they satisfactorily meet the professional, personal, scholastic and other standards for admission to the program, including qualifying examinations, and if they have removed deficiencies in the specified manner while in conditionally classified graduate standing. Only those students who show promise of successful and fitness will be admitted to graduate degree programs, and only those who continue to demonstrate a satisfactory level of scholastic competence and fitness shall be eligible to continue in such programs.

**Continuous Enrollment.**

To retain classified standing in a master's program after all course work is completed, a student must remain in continuous enrollment in an Extended Enrollment (698) course in their discipline until a project, thesis or comprehensive examination is completed. See Culminating Experience: Exam, Thesis or Project, Page 358 for further explanation.

**Admission of Graduates with Three-Year Baccalaureate Degrees from Foreign Universities**

Applicants for graduate study who have completed baccalaureate degrees at foreign universities which require at least 15 years but less than the equivalent of 16 years of formal education must complete a minimum of 45 quarter units of additional work upon admission to California State University, San Bernardino as an undergraduate student. Thirty of the 45 units must come from courses in the Colleges of Arts and Letters, Social and Behavioral Sciences and Natural Sciences that are included in the university's general education requirements; 24 units must be taken outside the category of the major. The exact allocation of units by category must be approved by the Office of Academic Programs. The other 15 units may, if appropriate, be used to satisfy the prerequisites for the student's intended major. Once the courses are completed, the student must reapply to the university as a postbaccalaureate student. Does not apply for students seeking a credential.

**Graduate and Postbaccalaureate TOEFL Requirement**

All graduate and postbaccalaureate applicants whose native language is not English and whose preparatory education was principally in a language other than English must demonstrate competence in English. Those who do not possess a bachelor's degree from a postsecondary institution in a country where English
is the principal language of instruction must receive a minimum score of 550 on the Test of English as a Foreign Language (TOEFL). Some programs may require a higher score. Applicants taking the Computer Based Test of English as a Foreign Language must present a score of 213 or above. Some programs may require higher scores.

Admissions Procedures

1. All students, including graduating seniors from this university, who plan to enroll as postbaccalaureate or graduate students (e.g., joint Ph.D. and Ed.D. applicants, master's degree applicants, those seeking credentials, and those interested in taking courses for personal or professional growth) for the first time during any regular academic quarter (fall, winter or spring), must file a formal graduate application as described in the graduate and postbaccalaureate admission booklet for admission and a $55 nonrefundable application fee. Applicant's seeking a second bachelor's degree should submit the undergraduate application for admission.

2. Former graduate students of the university must apply for readmission if: a) they have been absent for more than two quarters including summer term immediately preceding the quarter for which readmission is sought, or b) they have attended other colleges during their absences from California State University, San Bernardino. Students who have attended other colleges during their absences must submit official transcripts from those institutions. Students who have been absent for three quarters or more must again pay the $55 application fee.

Requests for information regarding admission and all completed application materials should be directed to the Office of Admissions and Student Recruitment, Attention: Graduate Admissions. Applications are accessible at [http://www.csumentor.edu/](http://www.csumentor.edu/)

The university begins accepting applications from new and readmitted students on November 1 for the following fall quarter, June 1 for the following winter quarter, August 1 for the following spring quarter and February 1 for the following summer quarter. Applicants for postbaccalaureate programs are limited to the choice of a single campus on each application. If postbaccalaureate applicants wish to be considered by more than one campus, they must submit separate applications and fees to each.

Requirements for a Master's Degree Program

The following standards apply to all master's degree approved graduate programs:

1. The program must include at least 45 quarter units of upper-division and graduate course work (i.e., courses numbered 300-699) taken while in postbaccalaureate standing. At least 70% of this work must be in courses organized primarily for graduate students (courses numbered 500-699).

2. The program must include 70% or more quarter units of course work taken in residence on this campus. Previous work taken in summer session on this campus may be counted as residence credit. Credit by examination and credit for extension work are not considered as residence study.

3. Except for students with coursework from accredited graduate social work programs, the program may not include more than 30% total program units in extension and transfer credit from other colleges. California State University, San Bernardino will not consider for transfer credit course work from an institution which will not accept that work in its own advanced degree program.

4. The program must follow the department curriculum in effect at the time the student is officially admitted (classified) in the major program or at the time the program is filed with the program graduate coordinator. Recommendations for any substitutions to the program must be approved in writing by the advisor and attached to the program.

5. All courses taken to satisfy the requirements for the degree must be completed with a minimum grade point average of 3.0 ("B") or better, except that a course in which no letter grade is assigned shall not be used in computing the grade point average.

6. The program may not include more than 12 quarter units of work taken in unclassified status or before classified status was attained.

7. The program must be completed within a seven-year period. No more than seven years may elapse between the time of registration for the earliest course listed on the program and the completion of all requirements for the degree.

8. Courses numbered 100 to 299 and in the 1000 to 9999 series cannot be applied toward a master's degree. Courses taken to satisfy quantitative or qualitative deficiencies cannot be applied toward a master's degree.

9. A course taken at another college with a grade such as CR, S, or P cannot be accepted on a master's degree study plan unless such a course with such a grade is accepted by that college or university toward a graduate degree.

10. A course taken at another college with a grade such as CR, S, or P cannot be accepted on a master's degree study plan unless such a course with such a grade is accepted by that college or university toward a graduate degree.

Graduate Entrance Writing Requirement. Graduate students will be required to pass (or to have passed) the upper-division writing requirement before being fully classified into a graduate program, unless an earlier completion is specified for a particular program. This requirement can be satisfied through one of the following:

1. Completion, with a grade of "B" (3.0) or better, within seven years prior to acceptance into the program of one of the following courses: EDUC 306, ENG 306, HUM 306, MGMT 306, NSCI 306, or SSCI 306 (all graduate and postbaccalaureate students, regardless of citizenship, whose preparatory education was principally in a language other than English and have a minimum score of 550 on the TOEFL, or a minimum score of 213 on the Computer Based TOEFL, who fail to achieve a grade of "B" (3.0) or higher in one of the 306 courses will be required to retake any 306 class.) (Note: these 306 courses were previously numbered 495.)

2. Completion, with a grade of "B" (3.0) or better, of an equivalent advanced expository writing course at another college or university within seven years prior to acceptance into the program.

3. Satisfactory completion of the Writing Requirement Exemption Examination (WREE) offered at this university, taken within seven years prior to acceptance into the program.

Further information about the WREE examination (for example, how much it costs, when it is offered, what it covers) is available from the Testing Center, Jack Brown Hall, Room 405.
12. **Graduation Writing Requirement.** Once students are classified in a graduate program, they must meet the writing requirement for that master's degree. Each program has identified what the student must do to satisfy this requirement.

## Advancement to Candidacy

Students pursuing an advanced degree through the university should, before completing 20 quarter units toward the degree (36 quarter units for programs over 70 units), prepare and file an official document titled "an approved graduate program" with the department from which they plan to receive the degree. This program lists the specific requirements to be completed before the degree can be awarded. It must be approved by the student's major advisor and the graduate coordinator of the student's program. Once the program is accepted and approved, the student is officially advanced to degree candidacy.

## Standards for Graduate Study

In general, graduate study deals with more complex ideas and demands more sophisticated techniques, searching analysis and creative thinking than undergraduate study. Extensive research is required in both primary and secondary sources, and high quality writing is expected. The student is advised to consider these factors when deciding the amount of course work to be undertaken during any one quarter. Postbaccalaureate students will be held to all prerequisites for all courses.

All students are required to maintain a 3.0 ("B") grade-point average in all courses taken to satisfy the requirements for the degree, except that a course in which no letter grade is assigned shall not be used in computing the grade point average.

In addition, basic teaching credentials, single or multiple subject, accept no grade lower than a "B-", in all work attempted with the exception of the designated subjects credential which requires a 2.5 grade point average in all work.

**Academic Probation.** Failure to maintain the appropriate grade point average will result in the student's being placed on probation. Students on probation must rectify their grade point average in all work attempted. Students in unclassified postbaccalaureate standing and students seeking a second bachelor's degree must maintain a 2.5 grade point average in all work attempted. Students in unclassified postbaccalaureate standing and students seeking a second bachelor's degree must maintain a 2.5 grade point average in all work attempted. Students in unclassified postbaccalaureate standing and students seeking a second bachelor's degree must maintain a 2.5 grade point average during any one quarter. Postbaccalaureate students will be held to all prerequisites for all courses.

**Readmission of Previously Disqualified Students**

After receiving notice of disqualification, a student may petition the graduate coordinator for readmission to the university on probation. All petitions for readmission must be submitted to the graduate coordinator according to the following schedule:

<table>
<thead>
<tr>
<th>Petition for:</th>
<th>Petition on file</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fall</td>
<td>August 1</td>
</tr>
<tr>
<td>Winter</td>
<td>November 1</td>
</tr>
<tr>
<td>Spring</td>
<td>February 1</td>
</tr>
<tr>
<td>Summer</td>
<td>May 1</td>
</tr>
</tbody>
</table>

**Admission by Special Action and Probationary Status**

An applicant who does not meet university requirements for admission may be admitted by special action by the graduate coordinator of the program the student wishes to enter, or if unsure, by the Dean of Graduate Studies. Such admission may be in a probationary status, if in the opinion of the graduate coordinator, the student is likely to succeed in the program.

Ordinarily, consideration for probationary status is granted only to mature applicants who, while their total college record does not meet the admission requirements, have demonstrated sufficient ability through recent academic work of other means.

Students admitted on probationary status are subject to the probation and disqualification regulations as stated on Page 57. A student admitted on probationary status may be restricted by the graduate coordinator to a limited program.

## Administrative Academic Disqualification

A graduate student may also be placed on probation or may be disqualified by appropriate campus authorities for unsatisfactory scholastic progress regardless of cumulative grade point average or progress in the program. Such action shall be limited to those arising from repeated withdrawal, failure to progress toward an educational objective and noncompliance with an academic requirement and shall be consistent with guidelines issued by the chancellor.

## Retroactive Withdrawal

Requests for withdrawal from a course(s) following the close of the term (retroactive withdrawal) will be considered only for: accident or illness (physical or mental), serious personal or family problems, or military transfer. Documentation is required. In addition, extenuating circumstances must be shown to have prevented withdrawal in a more timely fashion. Partial withdrawal of grades during a term is not permissible for any reason. All courses must be withdrawn and will be noted with a "W" on the official transcript. Lack of awareness of the withdrawal procedures is not an extenuating circumstance.

Requests by graduate students, unclassified postbaccalaureate and credential candidates and must be made in writing to the Dean of Graduate Studies, AD-127.

## Full Time Academic Load

Full time academic status for a postbaccalaureate or graduate student is eight units of 500- or 600-level courses or 12 weighted units, following the unit loads used for veteran certification (see table on Page 361).

**Course Overloads:** To enroll in more than 16 units in any one quarter, a student must have approval of the graduate coordinator of his/her graduate program. Course Overload Permit Cards are available at the Records, Registration and Evaluations Information Center, UH-171 and from the department office. Additional units may be added at the beginning of the first day of classes, if classes remain open and the overload is approved. Students who...
must work to support themselves, who have time-consuming family responsibilities, who commute long distances, or who are in other difficult circumstances should, in conjunction with their advisors, weigh these factors and alter their course loads accordingly. Financial aid recipients should consult the Financial Aid Office for their definition of eligibility.

Late Registration

The dates of late registration each term will be announced in the Class Schedule. The university calendar, Pages 4-5, lists registration dates. Late registrants may find themselves handicapped in arranging their programs due to closed classes. A $25 late registration fee is required.

Adding Classes

Beginning with the first day of the late registration period, all students may add classes, subject to appropriate approvals, continuing up to and including the last day to add classes. (See the Class Schedule.)

Grade/Grievance/Complaint Procedures

Information concerning academic or nonacademic matters may be obtained from the Office of Advising and Academic Services. Generally, a grade grievance must be initiated by the student within no more than 40 calendar days after the grade is recorded. The complete policy statement is available from the Associate Dean of Undergraduate Studies, AD-183.

Information concerning non-academic grievances and discrimination complaints against the university and its employees by a student may be obtained from the Office of the Vice President for Student Affairs, UH-231, the Women's Resource Center, the Adult Re-Entry Center, the Cross-Cultural Center, Vice Presidents' offices, and College Deans' offices. A grievance or complaint must be filed within no more than 40 calendar days after the student learned or reasonably should have learned of the occurrence of the grievance/complaint event. These policies can also be accessed at: http://studentaffairs.csusb.edu/policies.html.

Election of Graduation Requirements

A student remaining in continuous attendance in regular sessions and continuing in the same graduate curriculum in the university may, for the purposes of meeting graduation requirements, elect to meet 1) those requirements in effect at the time the student is admitted into a formal graduate program and enters the curriculum, or 2) those requirements in effect at the time of graduation from the university. Substitutions of or for discontinued courses may be authorized or required by the department or college graduate committee and by the Dean of Graduate Studies.

Two Master's Degrees

Students who wish to secure two different master's degrees may do so. At the discretion of the program, credits from one master's degree may be applicable to a second master's degree up to the maximum number of transfer units allowed within each program. In no case shall a student be awarded a given master's degree more than once.

Culminating Experience: Examination, Thesis, or Project

Comprehensive Examinations. Each program that offers the comprehensive examination for the master's degree shall implement and maintain in writing explicit guidelines that address both content and procedures relating to the examination. All comprehensive examinations must conform to the following requirement of Title 5, i.e., "A comprehensive examination is an assessment of the student's ability to integrate the knowledge of the area, show critical and independent thinking, and demonstrate mastery of the subject matter. The results of the examination provide evidence of independent thinking, appropriate organization, critical analysis, and accuracy of documentation. A record of the examination questions and responses shall be maintained in accordance with the records retention policy of the California State University."

Students must fulfill all department/division requirements for the written and/or oral comprehensive examinations. Such requirements include, but are not limited to, the date and time for the comprehensive examinations, length of testing, topics covered, and number of questions for the comprehensive examinations.

Students whose program requires a comprehensive examination must declare to their major department/division, at least one quarter in advance, their intent to take it, obtain department/division permission, and register for the appropriate comprehensive examination course in their major discipline. Students must consult with their program advisor regarding specific requirements for the comprehensive examination. Those who do not pass the comprehensive examination must fulfill any department, division, and/or college requirements for subsequent enrollments in these examinations.

Extended Enrollment (Comprehensive Exam). Students who have completed all course work and are preparing for the comprehensive examination, must remain in continuous enrollment until their degree is granted. To maintain continuous enrollment, students must register each quarter for the 698 course (Extended Enrollment) in their major discipline. There are two ways by which students may register for 698.

1. Students may register for 698 through the regular university, which provides access to all university facilities and services.
2. Students may enroll in 698 through the College of Extended Learning, which gives access only to the student's professor and the university library.

IMPORTANT NOTE: Enrollment in 698 through the College of Extended Learning is only for those students who have completed all their course work within their master's program and are preparing to take the comprehensive examination. In addition, students enrolled in 698 through the College of Extended Learning are generally not eligible for financial aid, which requires university enrollment with at least four graduate units. Students should check with the Financial Aid Office for specific details.

Thesis and Project Requirement. Students who choose to write a thesis or project as their master's degree culminating experience should consult "A Guide to Graduate Studies: Policies, Procedures & Thesis and Project Format," copies of which are available in the university library for reference or for purchase from the Graduate Studies Office and Coyote Bookstore. It is also available on the web at http://gradstudies.csusb.edu. It provides information about the following: procedures, regulations, and responsibilities governing the master's thesis or project; general requirements for thesis/project preparation and acceptance; and format requirements for the thesis/project. In addition, students must obtain specific department/division requirements from their advisor.

Extended Enrollment (Thesis and Project). Students who have completed all course work and are working on the thesis/project must register for the thesis or project course required in their major discipline for the master's degree. IMPORTANT NOTE: Students register ONLY ONE TIME for the thesis/project course. If the thesis/project is not completed in the quarter in which the student first registered for the thesis/project
course, then the student will receive a grade of RP (Report in Progress) for the course for that quarter. The RP grade in the course remains until the thesis/project is completed and approved by the student's thesis/project advisor and the Dean of Graduate Studies, at which time the student's professor will submit a "Change of Grade" form, replacing the RP grade with a letter grade.

In addition, students who have completed all course work and are enrolled in a thesis/project course must also register every quarter for the 698 course (Extended Enrollment) in their major discipline until their degree is granted. There are two ways by which students may register for 698:

1. Students may register for 698 through the regular university, which provides access to all university facilities and services.
2. Students may enroll in 698 through the College of Extended Learning, which gives access only to the student's professor and the university library.

IMPORTANT NOTE: Enrollment in 698 through the College of Extended Learning is only for those students who have completed all the course work within their major's program and are working on the thesis/project. In addition, students enrolled in 698 through the College of Extended Learning are generally not eligible for financial aid, which requires university enrollment with at least four graduate units. Students should check with the Financial Aid Office for specific details.

Once officially accepted and processed, master's theses and projects are made available to the public through the Library.

Graduation Requirement Check

Candidates for degrees to be awarded must request a graduation requirement check at the Office of Records, Registration and Evaluations at least one quarter before the term of their expected graduation. Advancement to Candidacy is needed before the graduation check can be completed.

Deadlines for filing are published in the catalog and in the Class Schedule.

Students not completing their degree in the term applied for will need to refile and pay for the later term. Access to registration for terms subsequent to the stated graduation will not be granted until the graduation check is refiled.

Commencement

Participation in commencement activities is voluntary. CSUSB has two commencement exercises, one in December and one in June.

December 2004

Summer 2004, prospective December 2004 and March 2005 candidates are eligible to participate in the December 2004 commencement exercises. In order to get commencement information to all eligible students, the deadline to file a graduation check and be included in the commencement program is the last working day in October.

June 2005

December 2004, March 2005 and prospective June and September 2005 candidates are eligible to participate in the June 2005 commencement exercises. In order to get commencement information to all eligible students, the deadline to file a graduation check and be included in the commencement program is the last working day in April.

Students who do not file graduation checks within the specified time period may still participate in commencement but will not have their names included in the commencement program. Appropriate information will be sent to students. Graduates and candidates wishing to participate in the commencement ceremony will be required to pay a commencement fee. Questions regarding commencement should be directed to the Academic Affairs/Academic Resources Commencement Office, 880-7050.

Palm Desert Campus

The Palm Desert Campus holds one Commencement exercise in June. The commencement fee is paid at the Palm Desert Campus. Questions regarding this exercise should be directed to the Palm Desert Campus Administrative Office (760) 341-2883. Palm Desert Campus graduates have the option of also participating in the main campus exercises.

Master's Students

In order to participate in commencement, students completing a master's degree must file a grad check AND meet the eligibility requirements specified by their program. For the specific requirements, students should consult their program coordinator or go to http://gradstudies.csusb.edu.

Credential Students

Students completing a Multiple Subject, Single Subject, or Education Specialist Basic credential during September 2004 through August 2005 are eligible to participate in a Credential Recognition Ceremony rather than commencement. Only one Credential Recognition Ceremony will be held in June 2005. Specific information can be obtained in the College of Education Office, CH-107.

Change in Approved Graduate Program

If during graduate study a master's candidate wishes to change the approved program by adding or removing a course, this may be done under certain circumstances. A request for such a change must be initiated by the student and approved by the graduate coordinator.

Credit by Evaluation (Examination)

A graduate program, while building upon course work previously completed, should be used to acquire new knowledge and skills. Acquisition of units through credit by evaluation, on the other hand, relies inherently on old knowledge and skills. Therefore, prerequisite courses and other requirements outside of the formal program may be challenged, but units gained through credit by evaluation cannot be included within the formal program of study.

In cases where a graduate student may possess the necessary knowledge and skill and wishes to challenge a course within the formal program of study, a petition must be submitted sequential-ly to the instructor of the specific course, the department or school graduate committee, and the Dean of Graduate Studies. Contingent to approval of the petition by the Dean of Graduate Studies is the condition that an additional course be added to the formal program as elective credit to replace each course that is successfully challenged through credit by evaluation.

Students may not enroll in a course they plan to challenge but must register for credit by examination in the office of the college or department concerned before the first day of classes of the term in which the course is offered. Some presumptive evidence is required to indicate that the student has a reasonable chance of passing the examination. The student must complete the examination within the first two weeks of the term. Those students who are unsuccessful in challenging may add the course subject to the regulations for adding a class printed in the quarterly Class Schedule. A student who passes an examination is given the grade of CR for that course. No official record is made of failures in these examinations. A fee may be charged for these examinations, and they are available only to currently enrolled students.
Phi Kappa Phi

The university has an active chapter of the national honor society of Phi Kappa Phi, whose purpose is the recognition and encouragement of superior scholarship in all academic disciplines. Membership is by invitation issued to selected juniors, seniors and graduate students who have excelled in scholarship and who meet the chapter's requirements. Graduating seniors who are members of Phi Kappa Phi have an opportunity to apply for a Fellowship from the national office to be used towards the first year of graduate study.

Graduate Council

The coordinators of each graduate program, the Dean of Graduate Studies, the President of the Faculty Senate and the President of the Council of Graduate Students make up the Graduate Council. This group discusses all issues of policy and practice related to graduate study at the university.

A book is published each year by the Office of the Dean of Graduate Studies with information relevant for graduate students.

Council of Graduate Students

The Council of Graduate Students is made up of at least one student representative from each graduate program. The Council serves as the voice of graduate students on campus and sponsors a number of activities and events supporting graduate education throughout the academic year.

Concurrent Enrollment

A graduate student enrolled at the university may enroll concurrently for additional courses at another institution only with advance written approval from the graduate advisor and the Dean of Graduate Studies. Ordinarily, permission will not be granted when the study load in the proposed combined program exceeds 16 quarter units.

Financial Aid Eligibility in Unclassified Postbaccalaureate Status

Unclassified postbaccalaureate students, since they are not in a degree program, are not eligible for financial aid. Students taking prerequisite courses under the direction of a graduate program in preparation for entrance at the master's level, are eligible for one year of loans (at the freshman rate).

Postbaccalaureate Credit for Seniors

All course work (numbered 300 or above) completed in the final quarter before graduation that is not required for the bachelor's degree will automatically be considered postbaccalaureate credit unless the student petitions otherwise. These courses may not necessarily be accepted in a graduate program. Consult the graduate coordinator of the master's program in question. Petitions are available in the Office of Records, Registration and Evaluations.

Repeat of Course (Discount of Grade)

Classified and conditionally classified graduate students may be permitted to repeat one course at CSUSB that was taken for graduate credit (i.e. that is applied towards a master's degree) one time only by petition to and approval of the college or department graduate committee. The petition requesting this permission includes an automatic request to discount the first attempt. When approved, the original course grade on the student's permanent record will be discounted. Only the second grade earned shall apply to the student's cumulative postbaccalaureate grade point average. The first attempt will show on the transcript with the repeat (discount) noted. Subsequent repeats of course will be averaged.

Classified and conditionally classified graduate students may be permitted to repeat a course taken as an undergraduate once with approval of the advisor and only to remove a deficiency. A subsequent repeat must be approved by the college or department graduate committee. In no case shall such credit be counted toward the units required for a master's degree. The second grade earned shall apply toward the student's cumulative postbaccalaureate grade point average and shall not replace the grade in the undergraduate record. Subsequent repeats of course will be averaged.

Classified postbaccalaureate students (for example, students officially admitted to teaching credential programs) may be permitted to repeat a course taken as an undergraduate only by petition to and approval of the appropriate college or department committee and the grade earned shall not replace the grade in the undergraduate record. Courses taken for postbaccalaureate credit may be repeated at CSUSB only by petition to and approval of the appropriate college or department committee. In both cases the second grade earned shall apply to the student's cumulative postbaccalaureate grade point average. Subsequent repeats of course will be averaged.

Unclassified postbaccalaureate students may be permitted to repeat a course taken as an undergraduate. However, the grade earned shall not replace the grade in the undergraduate record. Unclassified postbaccalaureate students who are taking courses that are not part of a graduate degree program and who are not pursuing any degree objectives are subject to the same repeat of courses regulations as undergraduates. Courses taken for postbaccalaureate credit by an undergraduate as defined under "Postbaccalaureate Credit for Seniors," may be repeated at CSUSB only by petition to and approval of the Dean of Graduate Studies. In both cases, the second grade earned shall apply to the student's postbaccalaureate grade point average. Subsequent repeats of course will be averaged.

Leave of Absence

Degree and credential seeking students who plan to be absent from the university for more than two consecutive quarters must file a leave of absence to preserve their current catalog rights (Title 5, Article 5, Sec. 40401). A petition, available through the Office of the Dean of Graduate Studies (AD-127, 880-5058), must be filed and approved.

The leave of absence policy covers both involuntary and voluntary interruptions. In most instances, with an approved leave of absence, a student may be absent from the campus without losing their rights to specific degree requirements under an earlier catalog.

Petitions for leaves of absence should be filed in advance of the interruption in enrollment. Each leave commences with the first regular quarter of non-attendance. Medical and military leaves may be considered retroactively if supported by individual circumstances, but those leaves must be filed no later than census date of the third regular quarter of non-attendance. Personal and planned educational leaves cannot be retroactive since they constitute an agreement or "contract" which must be set in advance.
The maximum duration for any leave is two calendar years. Leaves of absence will not be approved for students subject to disqualification or dismissal due to academic deficiencies or disciplinary action.

Other students ineligible for leaves of absence are those who are not completing any degree applicable course work, those who are enrolling only in extension courses or those who are only auditing courses.

Students who do not return to CSU, San Bernardino at the conclusion of their planned leaves and those who enroll elsewhere without permission of the Office of Records, Registration and Evaluations will be considered to have withdrawn from the university at the end of their last quarter of regular enrollment.

International students must submit a copy of the leave of absence petition to the Office of International Student Services, UH-171, 880-5213. Visa students must be registered as full-time students except, when after three consecutive quarters of regular enrollment they decide to take a quarter off. All leave of absence periods must be approved by ISS prior to taking the leave in order to report the students properly to the Bureau of Citizenship and Immigration Services (BCIS). As a general rule, visa students must go back to their home country when applying for a leave of absence, as their primary goal in the U.S. is to obtain an academic degree.

The following Leaves of Absence may be requested:

Military Leave of Absence: For those being inducted, requests must be accompanied by a statement from a medical doctor explaining why the student must interrupt enrollment. Exceptions to the two-year limit may be granted under extenuating circumstances.

Medical Leave of Absence: Requests must be accompanied by a copy of military orders indicating the induction date. For students being called to active military service, Title 5, Section 40401, provides for an extended leave of absence up to a maximum of two years due to approved educational reasons and for circumstances beyond a student's control. The university will approve a leave for students called for active military service as a result of mobilization of U.S. military reserves. Students will retain their catalog rights and register for subsequent quarters. In the case of students called for active military service, the university will authorize withdrawals throughout the quarter. For additional information, assistance with dropping current classes and other processing, see the veteran's coordinator in the Office of Records, Registration and Evaluation (UH-171, 880-5213).

Personal and Planned Educational Leaves of Absence: is defined as a planned interruption or pause in a student's regular education during which the student temporarily ceases formal studies at CSU, San Bernardino. The student must plan to return to CSU, San Bernardino at the end of the leave. Such activities may be for the purpose of clarifying or enriching educational goals or to allow time to address personal matters and thus enhance the prospect of successful completion of the student's academic program.

Since students usually maintain their catalog rights, courses completed at other institutions must have received prior approval in order to be transferred back to CSU, San Bernardino. Therefore, a student must also file a concurrent enrollment form with the Office of Records, Registration & Evaluations (UH-171, 880-5200) to obtain that approval. Failure to file a concurrent enrollment form may result in coursework not being accepted and revised G. E. and major requirements being required.

Returning from Approved Leave of Absence. When students plan to return from their leave, a readmission form, available through the Office of Records, Registration & Evaluations (UH-171, 880-5200), must be submitted within the filing period for the quarter of return. No application fee will be assessed for leaves of absence that meet the terms of the leave agreement.

Transcripts

Applicants for unclassified postbaccalaureate standing must furnish official transcripts from each college or university attended. A separate transcript from each college or university is required even though one transcript may show work taken at another institution.

Applicants for classified postbaccalaureate standing (teaching credentials), or conditionally classified and classified graduate standing must furnish two official transcripts from each institution attended.

Admission from Nonaccredited Schools

Graduates of nonaccredited schools who give evidence of unusual promise and superior background may petition the Dean of Graduate Studies for admission as unclassified postbaccalaureate students. Such students who wish to enter a specific graduate program must then petition the appropriate school or department for admission to conditionally classified graduate status. Requirements for admission to conditionally classified status shall be determined by the concerned department and approved by the Dean of Graduate Studies.

Limitations of Enrollment

Entrance of postbaccalaureate students to any program may be subject to limitations (i.e., each master's degree or credential program may restrict enrollment whenever limitations of facilities and/or staff warrant).

Veterans Information and Enrollment Certification

California State University, San Bernardino, is approved for the training of veterans of the military services and their dependents under educational assistance programs, established by the state and federal governments. Applications for educational benefits may be obtained directly from the veterans certification clerk. Student enrollment certification is based on the following unit loads:

- Full time ..........................................................12 weighted units
determined as follows:
  - 500- and 600-level course weighted at 1.5 units
  - 300- and 400-level course weighted at 1.0 units
  - 100-200 no certification unless course is stated
condition for admission to a graduate program
- 3/4 time ..........................................................9.0 to 11.5 weighted
  units as determined above
- 1/2 time ..........................................................6.0 to 8.5 weighted
  units as determined above

The university will certify course loads to the Veterans Administration based on the criteria above for units which are degree or objective applicable. Veterans enrolled less than half time are eligible for reimbursement of tuition and fees only.

Independent study and self-paced courses will be certified for monthly educational benefits as regular residence courses.

Full-Time Equivalency. This weighted-unit chart is used to calculate full-time status for graduate students.
The following courses are offered in support of various graduate degrees offered at this university.

**COURSE OFFERINGS IN ANTHROPOLOGY (ANTH)**

### Graduate/Postbaccalaureate

**666. Cultural Resource Management**
Study of cultural resources in the context of planning. Focus will be on data sources, environmental review and historic evaluation. (2 units)

**695. Independent Graduate Study**
Graduate-level independent study in anthropology for students in the program for the Master of Arts in Interdisciplinary Studies or in other graduate programs. A total of eight units may apply toward graduation. Prerequisites: consent of instructor and departmental approval of a written proposal of a project submitted on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 2 to 5 units)
ART

Master of Arts in Art

Department of Art
Visual Arts Center, Room 105
880-5802

FACULTY: Susan Beiner (Graduate Coordinator),
Kurt Collins, Teresa Cotner, James Gobal, Richard Johnston,

Billie Sessions

MASTER OF ARTS IN ART
Requirements (45 units)

The Master of Arts in Art is designed to provide opportunities for further study in one or more of the studio areas within the department. The objectives of the program are to foster the artistic growth and competence of the individual, to provide the preparation for a professional career in the visual arts, and to provide a basis for further graduate study in the field. The program will also serve the needs of art instructors in the public schools who wish to pursue further study and enhance their skills.

Admission to the Program

In addition to the general requirements of the university, specific requirements for admission to classified graduate standing are:

1. A baccalaureate degree from an accredited institution with a minimum of 45 quarter units of upper-division art comparable to those required of a major in art at this university;
2. Completion of a minimum of 20 quarter units of upper-division work in the area of specialization for the Master of Arts degree program;
3. Completion of a minimum of 20 quarter units in art history, a minimum of eight to be upper-division units;
4. A grade-point average of 3.0 ("B") or better in all courses taken;
5. Completion of the graduate entrance writing requirement;
6. Admission to the program will additionally be based upon evaluations by the Art Department graduate committee of the following:
   a. Three letters of recommendation supporting the student's application. Letters should be from people able to assess the student's competence in art and to make relevant comments on the student's likely success in a graduate art program; and
   b. A portfolio review of creative work supported by a statement of purpose submitted by the applicant. Portfolio review dates are in April for the following fall quarter, October for the following winter quarter, and January for the following spring quarter.

Applicants who have satisfied the general requirements for admission, but who have deficiencies in prerequisite preparation which can be met by specified additional preparation may be admitted to the program with conditionally classified standing. They will be advanced to classified standing when the Art Department graduate coordinator certifies that they have satisfied all appropriate requirements.

Advancement to Candidacy

"Candidacy" denotes that the student is fully qualified to complete the final stages of the Master of Arts program in Art, and is thus eligible to enroll in ART 695. Master's Project. To be formally advanced to candidacy, the student must have:
1. Completed the graduate entrance writing requirement. Students are urged to complete this requirement as early in their program as possible, and prior to taking any art history course work in the department;
2. Achieved classified status;
3. Been accepted by an area advisor to supervise the course of study;
4. Completed, with the approval of the Art Department graduate coordinator, at least 15 quarter units of applicable course work at this university, and achieved a minimum grade of "B" (3.0) in these courses;
5. Successfully completed an advancement review conducted by the Department of Art graduate committee and graduate coordinator;
6. Filed a program of graduate course work prepared in consultation with the student's area advisor and approved by the Art Department graduate coordinator.

Requirements for Graduation:

1. A minimum of 45 quarter units of approved graduate-level work, with at least 32 completed at this university;
2. A grade of at least 3.0 ("B") in all courses taken to satisfy the Master of Arts degree requirements;
3. Completion and exhibition of an acceptable project, and submission of a report and documentation of the project approved by the student's graduate committee and the Art Department graduate coordinator;
4. The graduation writing requirement is met upon successful completion of the written report that accompanies the master's project in ART 695;
5. Any general requirements not cited above and noted on Page 356.

Deficiencies must be made up as early in the program as possible, normally within the first 20 units after conditional admission.

Degree Requirements (45 units)

1. ART 520. Contemporary Art, Theory and Criticism (4)
2. ART 525. Seminar in Art History (4)
3. ART 595E. Independent Study (in area of concentration) (5)

4. Fifteen units in a single area of concentration chosen from:
   ART 602A. Graduate Studio in Art: Ceramics (2.5)
   ART 602B. Graduate Studio in Art: Graphic Design (2.5)
   ART 602C. Graduate Studio in Art: Drawing (2.5)
   ART 602D. Graduate Studio in Art: Glass (2.5)
   ART 602E. Graduate Studio in Art: Intermedia (2.5)
   ART 602F. Graduate Studio in Art: Painting (2.5)
   ART 602G. Graduate Studio in Art: Photography (2.5)
   ART 602H. Graduate Studio in Art: Printmaking (2.5)
   ART 602J. Graduate Studio in Art: Sculpture (2.5)
   ART 605A. Graduate Studio in Art: Ceramics (5)
   ART 605B. Graduate Studio in Art: Graphic Design (5)
   ART 605C. Graduate Studio in Art: Drawing (5)
   ART 605D. Graduate Studio in Art: Glass (5)
   ART 605E. Graduate Studio in Art: Intermedia (5)
**Graduate/Postbaccalaureate**

May not be taken by undergraduate students

**602. Graduate Studio in Art**
Investigation of advanced studio problems focusing on the development of individual directions. Materials fee may be required. Prerequisite: admission to the M.A. in Art program. Corequisites: concurrent enrollment in ART 610 and 620.

A. Ceramics (2.5 units)
B. Graphic Design (2.5 units)
C. Drawing (2.5 units)
D. Glass (2.5 units)
E. Intermedia (2.5 units)
F. Painting (2.5 units)
G. Photography (2.5 units)
H. Printmaking (2.5 units)
J. Sculpture (2.5 units)
K. Woodworking (2.5 units)

**605. Graduate Studio in Art**
Investigation of advanced studio problems focusing on the development of individual directions. Materials fee may be required. Prerequisite: admission to the M.A. in Art program. Corequisites: concurrent enrollment in ART 610 and 620.

A. Ceramics (5 units)
B. Graphic Design (5 units)
C. Drawing (5 units)
D. Glass (5 units)
E. Intermedia (5 units)
F. Painting (5 units)
G. Photography (5 units)
H. Printmaking (5 units)
J. Sculpture (5 units)
K. Woodworking (5 units)

**610. Graduate Tutorial in Art**
Individual consultation with faculty concerning studio research. A maximum of three units may be applied to the M.A. in Art. Graded credit/no credit. Prerequisite: admission to the M.A. in Art program. Corequisite: concurrent enrollment in ART 602 or 605. (1 unit)

**620. Graduate Studio Critique**
Critique and discussion of individual student work. Graded credit/no credit. A maximum of three units may be applied to the M.A. in Art. Prerequisite: admission to the M.A. in Art program. Corequisite: concurrent enrollment in ART 602 or 605. (1 unit)

**630. Professional Practices in the Visual Arts**
The various roles of the artist in our society, portfolio development and selection of art markets, legal and financial issues in the production and protection of art, and postgraduate professional development. Prerequisite: admission to the M.A. in Art program. (2 units)

**695. Master's Project**
Preparation and exhibition of works produced in the student's area of emphasis. A report and documentation of the project required. Open only to students who have been advanced to candidacy. Prerequisite: successful completion of advancement review conducted by the Department of Art graduate committee and graduate coordinator. (4 units)
698. Extended Enrollment
Independent study leading to completion of requirements (other than course work) for the master's degree. To retain classified standing in the master's program, a student must enroll in 698 each quarter until the project or thesis is accepted or the comprehensive examination passed. Students who enroll in 698 through the university have full use of all university facilities. (Note: Students enrolled in 698 through the College of Extended Learning and taking no other courses through the regular university have access only to the library and their professor.) See Page 358, Culminating Experience: Exam, Thesis, or Project. Prerequisites: advancement to candidacy and approval of program graduate coordinator or, if an interdisciplinary studies major, consent of the Dean of Graduate Studies. (0 units)
BIOLOGY

Master of Science in Biology

Department of Biology

Biological Sciences Building, Room 329
880-5305

FACULTY: Nicole Bournias, Klaus Brasch, Herbert Brunekhorst, Richard Fehn, James Ferrari, Dalton Harrington (Emeritus), Sarojam Mankau (Emeritus), Anthony Metcalf, Paul Orwin, David Polcyn, John Skillman, Alexander Sokoloff (Emeritus), Stuart Sumida, Colleen Talbot, Jeffrey Thompson (Chair), Gerald Thrush, Kimberly Williams, Ruth Wilson (Emeritus)

MASTER OF SCIENCE IN BIOLOGY

Requirements (45 units)

The Master of Science in Biology is designed to provide the flexibility required to develop specific course programs and acceptable thesis research proposals based upon the individual graduate student's interests and background. The general goal of the program is to provide the student with opportunity for improvement of competence, development of the ability to continue self-directed study, and development of intellectual responsibility in preparation for professional leadership in biology.

The graduate program in biology provides training in various concentrations of current research interest in molecular and population genetics, physiology, immunology, molecular biology, population and systematic ecology, neurobiology, plant and animal developmental biology, cellular biology, vertebrate morphology and paleontology, microbiology, parasitology, cancer biology and science education.

Admission to the M.S. Program

In addition to the general requirements of the university, specific requirements for admission to classified graduate status are:

1. A baccalaureate degree from an accredited college or university;
2. Completion of an undergraduate major in biology or associated fields (e.g., microbiology, botany, zoology or chemistry with at least 30 quarter units of upper-division biology course work);
3. One year each of laboratory courses in: general biology, general chemistry, organic chemistry and physics;
4. One full-term course in basic calculus or methods in calculus;
5. A cumulative undergraduate grade point average of at least 3.0 ("B") in all courses used for credit in the major;
6. Completion of the graduate entrance writing requirement;
7. Submission to the Department of Biology Graduate Committee, scores from the Graduate Record Examination (GRE) including advanced testing in biology;
8. Submission to the Department of Biology Graduate Committee a one-page, typewritten statement of the student's preparation for graduate study, goals in the graduate training program, potential area of research and possible advisor (for thesis option) and professional goals following completion of the M.S.;
9. Submission of three letters of recommendation from people who are in a position to make relevant comments on the student's intent and potential for success in the M.S. program. At least two of the letters should be from current or former college or university faculty familiar with the student's scholarship and related activities.

Application deadlines for fall, winter and spring quarter admission are May 1, October 1, and January 15, respectively.

Advancement to Candidacy

In order to be advanced to candidacy, the student must have:

1. Achieved classified status;
2. Been accepted by a major advisor from the Department of Biology, if a thesis project is selected;
3. Completed at least 15 quarter units of work applicable to the degree program as a graduate student at this university with the approval of the Department of Biology Graduate Committee, and with a minimum grade point average of 3.0 ("B");
4. Gained a recommendation for advancement to candidacy from the Department of Biology Graduate Committee;
5. Submitted a formal program of graduate course work prepared in consultation with and approved by the Department of Biology Graduate Committee;
6. Gained final approval of the program and of the candidacy itself by the Dean of Graduate Studies.

Requirements for Graduation

1. A minimum of 45 quarter units of acceptable graduate-level work included in the formal program, with no less than 32 units completed in residence at this university and with at least 24 units gained from 600-level courses in biology;
2. Advancement to candidacy for the degree and approval of the specific program of courses;
3. A grade point average of 3.0 ("B") in all graduate course work fulfilling the requirements of the Master of Science in Biology and grades of "C" (2.0) or better in each course in the program;
4. Completion of a final oral examination concluded by acceptance of the thesis (Plan I), or satisfactory completion of the Comprehensive Final Examination (Plan II);
5. The graduation writing requirement is met upon successful completion of the thesis or the written portion of the comprehensive examination;
6. Any additional general requirements not cited above and listed on Page 356.

Department Graduate Committee and Major Advisor

The Department of Biology Graduate Committee consists of the graduate program coordinator and two or more faculty members. This committee has general supervision over the work of students progressing toward the Master's degree, and will determine whether students are adequately prepared for graduate study in biology.

Each new graduate student should consult with the graduate program coordinator for advice in selection of the appropriate graduate program. Students choosing to complete a thesis are responsible for selecting their major advisor and, in turn, must be accepted by the major advisor. The major advisor in consultation with the student will develop a program of specific courses and an acceptable thesis research proposal based on the student's interests, abilities and preparation. The major advisor will direct the thesis research. The program of courses and the thesis topic, as
well as any subsequent modification of these, are subject to approval by the Department of Biology Graduate Committee and the Dean of Graduate Studies.

Students following the non-thesis program should consult directly with the Department of Biology graduate program coordinator.

Students currently enrolled in the graduate program wishing to take courses off campus and include them in the degree program must petition the Department of Biology for approval either through the graduate program coordinator and the Graduate Committee, otherwise the course may not be accepted as part of the program. 1000- to 9999-level extension courses are not applicable to the graduate program.

300-level courses taken will be accepted only by written approval of the department. 300-level courses are seen as support courses and therefore are not generally applicable to the graduate degree program.

Courses taken to satisfy quantitative or qualitative deficiencies cannot be applied toward a master's degree.

Repeat of courses or the comprehensive final examination require approval of the Department of Biology Graduate Committee and may be granted for serious and compelling reasons.

**Thesis and Final Oral Examination Program**

Students electing this program, Plan I below, must conduct an original research study and from these efforts write a thesis acceptable to the major advisor, the department graduate committee, and the Dean of Graduate Studies. The student should consult the Department of Biology for details on preparing the thesis manuscript.

A final oral examination consisting primarily of discussion of the thesis and thesis research is required. The official examiners are the major advisor, the department graduate committee, and a representative from outside the Department of Biology chosen by the Dean of Graduate Studies. Successful completion of the final oral examination includes acceptance of the thesis by the examiners.

Available research areas include:
- Cancer Biology
- Cell Biology
- Developmental Biology
- Ecology
- Genetics
- Immunology
- Microbiology
- Molecular Biology
- Morphology
- Neurobiology
- Paleontology
- Parasitology
- Physiology
- Population Biology

For possible combinations of areas or other areas consult with the Department of Biology.

**Non-Thesis Alternative Program**

Students pursuing this alternative are required to pass the Biology Department graduate comprehensive examination in addition to the completion of required course work selected from four major curricular areas in biology as described in Plan II below. This requirement serves to provide breadth of background at an advanced level for the student not electing a thesis. Satisfactory completion of the Plan II must be certified by the Department of Biology Graduate Committee before graduation from the program is possible.

**Degree Requirements (45 units)**

**Plan I: Thesis and Final Oral Examination Program**

1. **BIOL 690.** Graduate Seminar in Biology (2)
2. **BIOL 699A.** Thesis Research and Thesis (3)
3. **BIOL 699B.** Thesis Research and Thesis (3)
4. **BIOL 699C.** Thesis Research and Thesis (3)
5. Fourteen units, with at least two units chosen from each area (A, B, C, D) below:
   A. **BIOL 600.** Advanced Topics in Molecular Biology (2)
   B. **BIOL 605.** Advanced Topics in Cell Biology (2)
   C. **BIOL 620.** Advanced Topics in Plant Biology (2)
   D. **BIOL 650.** Advanced Topics in Genetics (2)
   E. **BIOL 660.** Advanced Topics in Development (2)
   F. **BIOL 664.** Biosystematics (2)
   G. **BIOL 680.** Advanced Topics in Evolution (2)

6. Twenty units of electives to be chosen from biology or related courses at the 600-, 500- and 400-levels.
7. Attendance of at least one per quarter Biology Department graduate presentations or selected colloquia, until the thesis has been defended satisfactorily.

**Plan II: Non-Thesis Alternative Program**

1. **BIOL 690.** Graduate Seminar in Biology (2) for a total of (4)
2. Twenty-two units, with at least four units chosen from each area (A, B, C, D) below:
   A. **BIOL 600.** Advanced Topics in Molecular Biology (2)
   B. **BIOL 620.** Advanced Topics in Plant Biology (2)
   C. **BIOL 650.** Advanced Topics in Genetics (2)
   D. **BIOL 660.** Advanced Topics in Development (2)

3. Nineteen units of electives to be chosen from biology or related courses at the 600-, 500- and 400-levels.
4. Upon completion of all course work, attendance of at least one per quarter Biology Department graduate presentations or selected colloquia, until the comprehensive examination has been passed.
5. Successful completion of the Department of Biology Comprehensive Examination.
522. The Genetics and Ecology of Populations
Genetic and ecological mechanisms influencing the development, maintenance and evolution of populations. Four hours lecture. Prerequisites: BIOL 421, 422, and MATH 192 or 211. (4 units)

524. Advanced Vertebrate Morphology
Advanced techniques in the study of vertebrates, including dissection and specimen preparation. Construction of animal skeletal materials, and detailed study and dissection of vertebrate organ systems will provide the basis for projects designed on an individual student basis. Two hours lecture and three hours laboratory. Prerequisites: BIOL 342, 424 and consent of instructor. (3 units)

530. Scanning Electron Microscopy
Theory and techniques of scanning electron microscopy. Lectures on theory of operation of the scanning electron microscope and specimen preparation. Laboratory includes hands-on training in the use of the scanning electron microscope. Laboratory projects will teach technical aspects of specimen preparation and microscope use. Three hours lecture and six hours laboratory. (Also offered as GEOL 530. Students may not receive credit for both.) Prerequisites: senior standing and consent of instructor. (5 units)

531. Transmission Electron Microscopy
Theory and techniques of transmission electron microscopy. Lectures on theory of operation of the transmission electron microscope and specimen preparation. Laboratory includes hands-on training in the use of the transmission electron microscope. Laboratory projects will teach technical aspects of specimen preparation and microscope use. Three hours lecture and six hours laboratory. (Also offered as GEOL 531. Students may not receive credit for both.) Prerequisites: senior standing and consent of instructor. (5 units)

532. Techniques in Ultrastructure Analysis
Specialized techniques in ultrastructural analysis using either the scanning or transmission electron microscope. Topics will vary, but will include specialized techniques in specimen preparation, alternative image detectors, and image analysis. Theory of the analysis and training in the technical aspects will be covered. Three hours lecture and six hours laboratory. (Also offered as GEOL 532. Students may not receive credit for both.) Prerequisites: BIOL 530 or 531, or GEOL 530 or 531 and consent of instructor. (5 units)

565. Physiological Ecology
Physiological, biochemical and molecular attributes of organisms and their interactions with the environment. Explanations for distribution, survival and reproduction. Four hours lecture and six hours laboratory. Prerequisites: BIOL 354 and 424; or 431 and 331 or 342; and 450. (6 units)

575. Internship in Biology
Supervised work and study in work situations involving biological research and technical skills. May be applied only once toward degree electives in biology programs. May be repeated twice for free elective credit. Graded credit/no credit. Prerequisite: department approval in the quarter prior to registration. (2 units)

576. Endocrinology
Endocrine systems with emphasis on mechanisms for regulating the biosynthesis, secretion, transport and actions of hormones. Four hours lecture. Formerly BIOL 376 and 486. Prerequisite: BIOL 300 with a grade of "C" or better. (4 units)

590. Senior Seminar
Survey of current literature, methods and ethics of scientific inquiry. May be repeated once as topics change. Prerequisites: BIOL 300 with a grade of "C" or better, and a minimum of 15 upper-division biology courses supportive of the topic area and senior standing.

A. Molecular (2 units)
B. Biosystematics (2 units)
C. Cellular (2 units)
D. Physiology (2 units)
E. Ecology (2 units)
F. Animal Use (2 units)
G. Genetics (2 units)
H. Evolution (2 units)
I. Microbiology (2 units)
J. Zoology (2 units)
K. Botany (2 units)

595. Independent Study
Laboratory and/or library research in selected areas in biology conducted under the direction of a faculty member. A total of six units in BIOL 595 may be applied toward graduation. Consent must be obtained no later than the advisement period preceding the quarter of enrollment. All students will be required to attend the Biology Department colloquium called by the department chair each quarter until their projects are completed. Graded credit/no credit. Prerequisites: a minimum overall grade point average of 3.0, consent of instructor and department approval of a written proposal of a project submitted on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 1 to 6 units)

Graduate/Postbaccalaureate
May not be taken by undergraduate students
Enrollment is limited to students formally admitted to the M.S. in Biology. Instructor must verify consent prior to registration.

600. Advanced Topics in Molecular Biology
An in-depth consideration of selected research areas in molecular biology. May be repeated for credit as topics change. Prerequisite: consent of instructor. (2 units)

601. Teaching Assistant Training in Biology
Teaching assistant training in biology trains graduate students in techniques and most current presentation and teaching methods of laboratory-based biology. Course is open to graduate students only. Topics include: teaching and discussion techniques specific to biology laboratories, use of equipment-specific laboratories...
in the biological sciences, presentation strategies, and safety issues in biology. Successful completion of BIOL 601 is required before a student may act as a teaching assistant in the Department of Biology. Enrollment in BIOL 601 concurrent with first assignment as a teaching assistant is allowed with consent of instructor. Prerequisite: consent of instructor. (2 units)

605. Advanced Topics in Cell Biology
An in-depth consideration of selected research areas in cell biology. May be repeated for credit as topics change. Prerequisite: consent of instructor. (2 units)

620. Advanced Topics in Plant Biology
An in-depth consideration of selected areas of current study in plant biology. May be repeated for credit as topics change. Prerequisite: consent of instructor. (2 units)

624. Advanced Topics in Physiology
An in-depth consideration of selected research areas in physiology. May be repeated for credit as topics change. Prerequisite: consent of instructor. (2 units)

650. Advanced Topics in Genetics
An in-depth consideration of selected research areas in genetics. May be repeated for credit as topics change. Prerequisite: consent of instructor. (2 units)

660. Advanced Topics in Development
An in-depth consideration of selected research areas in developmental biology. May be repeated for credit as topics change. Prerequisite: consent of instructor. (2 units)

664. Biosystematics
Fundamental concepts of classification systems, biometric and experimental taxonomic procedures, nomenclature and systematic literature; both plant and animal materials used. Prerequisites: BIOL 421 and 422, or 423 and one taxonomy-based course; e.g. BIOL 319, 331, 335, 342, 353, or 354. Recommended: MATH 305. (2 units)

670. Advanced Topics in Ecology
Literature survey of specific topics related to community or ecosystem dynamics. May be repeated for credit as topics change. Prerequisite: BIOL 450 or equivalent. (2 units)

675. Advanced Topics in Parasitology
An in-depth consideration of selected research areas in parasitology. May be repeated for credit as topics change. Prerequisite: consent of instructor. (2 units)

677. Advanced Immunology
An in-depth examination of current research in cellular and molecular immunology. Prerequisite: BIOL 476. (2 units)

678. Advanced Microbiology
An in-depth examination of current research in pathogenesis of microorganisms. Prerequisite: BIOL 220 or 320. (2 units)

680. Advanced Topics in Evolution
Topics of current research interest in plant or animal evolution. May be repeated for credit as topics change. Prerequisite: consent of instructor. (2 units)

690. Graduate Seminar in Biology
Selected topics and reviews of current investigations in the fields of biology. Required of all graduate students in biology. May be repeated for credit as topics change. (2 units)

695. Directed Graduate Research in Biology
Original individual research in biology; to be conducted under the direct supervision of a faculty member of the student's committee, and if desired in collaboration with other members of the student's master's committee. The course may be repeated up to three times. To retain classified standing in the master's program, students enrolled in BIOL 695A, 695B and 695C must attend and participate in the Biology Department colloquium called by the department chair each quarter that the course is taken. Prerequisite: classified standing in Master's Degree Program and consent of instructor.
A. (4 units)
B. (4 units)
C. (4 units)

698. Extended Enrollment
Independent study leading to completion of requirements (other than course work) for the master's degree. To retain classified standing in the master's program, a student must enroll in 698 each quarter until the project or thesis is accepted or the comprehensive examination passed. Students who enroll in 698 through the university have full use of all university facilities. (Note: Students enrolled in 698 through the College of Extended Learning and taking no other courses through the regular university have access only to the library and their professor.) See Page 358, Culminating Experience: Exam, Thesis, or Project. Prerequisites: advancement to candidacy and approval of program graduate coordinator or, if an interdisciplinary studies major, consent of the Dean of Graduate Studies. (0 units)

699. Thesis Research and Thesis
Independent graduate research conducted under guidance of the major advisor and resulting in a thesis. BIOL 699A, 699B, and 699C must be completed for a total of nine units. To retain their classified standing in the master's program, students enrolled in this course must attend the Biology Department colloquium called by the department chair each quarter until their projects are completed and their theses accepted. Prerequisite: advancement to candidacy.
A. (3 units)
B. (3 units)
C. (3 units)

999. Comprehensive Examination
An assessment of the student's ability to integrate the knowledge of the area, show critical and independent thinking and demonstrate mastery of the subject matter. Prerequisites: advancement to candidacy, approval of department, completion of course work in the master's program, and in good academic standing. (0 units)
BUSINESS ADMINISTRATION

Master of Business Administration
Accredited by AACSB International, the Association to Advance Collegiate Schools of Business
with concentrations in:
- Accounting
- Entrepreneurship
- Finance
- Information Management
- Management
- Marketing Management
- Operations Management

Master of Business Administration for Executives
College of Business and Public Administration
Jack Brown Hall, Room 282
880-5703

MASTER OF BUSINESS ADMINISTRATION
Requirements (48 units)

The Master of Business Administration (M.B.A.) program provides post-baccalaureate students with a high-quality master-level education in the field of business administration. The program is designed to prepare promising students for positions of increasing responsibility and leadership through education in the broad scope of business and through in-depth knowledge in one or more specialized areas of business.

The program is open to all qualified students, regardless of undergraduate major. Students who do not have a background in the area of business administration can obtain this required capability by completing designated prerequisite courses or through individual study with competency demonstrated through credit by examination or by demonstrated work experience.

Admission to the M.B.A. Program

In addition to the general requirements of the university, specific requirements for admission to classified graduate status are:
1. A bachelor’s degree from an accredited college or university;
2. Submission of an acceptable Graduate Management Admission (GMAT) score that meets the following formula: (GPA x 200) + GMAT scored greater than or equal to 1,050 with a minimum 470 GMAT score; GPA is based on the last 90 quarter (60 semester) units and may include post-baccalaureate work;
3. Submission of GMAT score by the deadline for that term; if test result is not submitted on time, admission status will be unclassified post-baccalaureate unless the GMAT has been waived; an applicant may request waiver of the GMAT upon proof of completion of graduate work (e.g. J.D., Ph.D., M.D., etc.) from an accredited U.S. college or university;
4. Completion of the graduate entrance writing requirement;
5. Competence in the following prerequisite courses or their equivalents:

A. ACCT 503. Financial and Managerial Accounting or equivalent courses:
   - ACCT 211. Introductory Accounting I
   - ACCT 212. Introductory Accounting II
B. ECON 503. Economic Analysis or equivalent courses:
   - ECON 200. Principles of Microeconomics
   - ECON 202. Principles of Macroeconomics
C. FIN 503. Financial Management Concepts or equivalent courses:
   - FIN 313. Business Finance
   - FIN 314. Corporate Financial Management
D. INFO 309. Information Management
E. One of the following:
   - MGMT 302. Management and Organizational Behavior
   - PSYC 302. Management and Organizational Behavior
F. One of the following:
   - MGMT 230. Business Law
   - MGMT 406. International Business Law
G. MGMT 490. Strategic Management
H. MKTG 305. Marketing Principles
J. SCM 304. Principles of Operations Management

Note: ACCT 503, ECON 503, and FIN 503 are intensive introductory courses taught at an accelerated pace and cover material otherwise available in two lower-division courses. Students who may have difficulty with accelerated courses should consider enrolling in the individual equivalent courses. Consult the graduate director for more information.

Competence in the above prerequisite courses may be demonstrated by:

A. Formal completion of the course or its equivalent.
B. Credit by examination.
C. Waiver based on specialized work experience; must have documentation of work directly related to course to be waived; and must be approved by the college’s director of graduate studies. (Students requesting waiver of any prerequisite courses must petition the college’s director of graduate studies. Inquiries about a challenge examination or substitution for MGMT 306 should be directed to the Dean of Graduate Studies.)

6. Academic motivation and personal qualifications demonstrated through submission of a 200-250 word statement of reasons for wishing to pursue the M.B.A. at California State University, San Bernardino, and personal qualifications that will contribute to successful completion of the program.

Students who meet all entrance requirements except course prerequisites may be admitted to the program in a conditionally classified status until those prerequisite deficiencies are removed, at which time they will be advanced to classified graduate standing in the program. Only fully classified students, however, may enroll in 600-level courses unless they have written consent from the college graduate director.

Advancement to Candidacy

To be advanced to candidacy, a student must have:
1. Achieved classified standing;
2. Completed, at least 16 quarter units of applicable graduate-level course work at the university, with a minimum grade point average of 3.0 ("B");
3. Completed an approved graduate program plan in consultation with an M.B.A. advisor after achieving conditionally classified or classified status;
4. Secured approval of the graduate director of the College of Business and Public Administration.

**Requirements for Graduation**

1. A minimum of 48 quarter units of acceptable graduate-level work, consistent with the program plan (with a grade point average of 3.0), with at least 36 units completed at the university;
2. At least 28 quarter units of 600-level course work;
3. At least 24 quarter units of credit taken after advancement to candidacy for the degree;
4. Successful completion of the required core courses and an elective concentration as outlined in the curriculum section;
5. A grade point average of 3.0 (“B”) in all course work taken after admission to conditionally classified or classified status, and grades of “C” (2.0) or better in all courses in the program;
6. After advancement to candidacy, students must complete one of the following:
   A. ADMN 998. Comprehensive Project (0 units)
      In consultation with a faculty advisor, completion and defense of a written project based on his or her concentration before a committee of graduate faculty.
   B. ADMN 999. Comprehensive Examination (0 units)
      Successful completion of a comprehensive examination over the student’s concentration any fall, winter or spring term after advancement to candidacy.
      Students will not be allowed to do the project or take the comprehensive examination if grade point average is below 3.0 (“B”);
7. Successful completion of ADMN 995 (MBA Portfolio) which includes preparation and submission of a portfolio of course work. The portfolio includes a reflective essay showing how the portfolio demonstrates accomplishment of essential goals for the program. Students register for this 0-unit course after advancement to candidacy, completion of 32 units of coursework, and are eligible for the comprehensive examination or project;
8. The graduation writing requirement is met upon successful completion of the comprehensive project or examination;
9. Any additional general requirements not cited above and listed on Page 356.

Concentrations are available in accounting, entrepreneurship, finance, information management, management, marketing management, and operations management. Prior to advancement to candidacy, a student must select one of these concentrations to be tested on through the comprehensive examination or project process. A “no credit” (NC) designation will be entered on the student’s transcript if he/she fails the examination or project. Students who do not receive a passing grade on the examination on the first attempt must petition the college’s director of graduate studies for permission to retake the examination. The examination will be offered fall, winter and spring quarters. Only students who are currently classified, have completed all required concentration courses, have been advanced to candidacy, have obtained approval of the graduate director and are not on probation may take the examination or do the project.

### Degree Requirements (48 units)

1. ACCT 606. Accounting for Managerial Decision-Making (4)
2. FIN 602. Financial Theory and Corporate Finance (4)
3. INFO 609. Information Management Systems (4)
4. MGMT 601. Organization Theory and Behavior (4)
5. MGMT 685. Corporate Strategy in a Global Economy (4)
6. MKTG 605. Marketing Management (4)
7. OM 607. Operations Management (4)
8. Twenty units from one of the following concentrations, chosen in consultation with an advisor:

#### Accounting Concentration

1. ACCT 610. Financial Reporting and Disclosure (4)
2. ACCT 615. Controllership (4)
3. ACCT 620. Internal Auditing and Management Controls (4)
4. Four units chosen from:
   A. ACCT 625. Seminar in Accounting Information Systems (4)
   B. ACCT 629. Seminar in Tax and Business Decisions (4)
   C. ACCT 642. International Accounting (4)
5. One additional elective either chosen from the two courses not chosen in category 4 above, or any other 600-level business administration concentration course approved by the MBA director and the department chair.

#### Entrepreneurship Concentration

1. Sixteen units chosen from:
   A. FIN 622. Entrepreneurial and Venture Finance (4)
   B. INFO 623. Entrepreneurial Information Management (4)
   C. MGMT 515. Small Business Consulting (4)
   D. MGMT 620. Entrepreneurial Analysis and Regulatory Risk (4)
   E. MGMT 621. Entrepreneurial Behavior: Theory and Practice (4)
   F. MKTG 624. Marketing for Entrepreneurs (4)
   G. Any Internship (575) from the College of Business and Public Administration
2. MGMT 625. Entrepreneurial/Small Business Strategy and Policy (4)

#### Finance Concentration

1. FIN 651. Financial Institutions and Markets (4)
2. FIN 653. Investment Analysis and Portfolio Management (4)
3. FIN 654. International Finance (4)
4. FIN 680. Corporate Financial Strategy (4)
5. Four units chosen from:
   A. FIN 575. Internship in Finance (4)
   B. FIN 655. Management of Financial Institutions (4)
   C. INFO 646. Information Systems Planning, Strategy and Policy (4)
   D. MGMT 603. Research Methods in Administration (4)

#### Information Management Concentration

1. INFO 646. Information Systems Planning, Strategy and Policy (4)
2. INFO 647. Information Based Management (4)
4. Eight units chosen from:
   A. INFO 575. Internship in Information Management (4)
   B. INFO 590. Seminar in Information Management (4)
**Master of Business Administration for Executives**

**Requirements (56 units)**

The M.B.A. for Executives is a 56-unit program, and is a variant of the regular M.B.A. It offers a high quality learning experience to entrepreneurs and professional managers from a variety of fields such as engineering, financial management, information technology, human resources management, marketing, operations management, accounting, and health care administration. Participants are working executives who hold key decision-making positions within their organizations. The executive participants should have at least five years of managerial experience. They should also be career professionals who intend to become better managers and have aspirations of assuming positions with increasing levels of responsibility. It is designed for managers who want to obtain advanced business education and training in order to become more effective decision-makers.

**Admission to the Program**

In addition to the general requirements of the university, specific requirements for admission to the M.B.A. for Executives program are:

1. Minimum of five years experience as a manager in charge of a significant annual budget, staff, and/or operations;
2. Participants are required to have basic skills and competence in computer applications i.e., word processing, spreadsheet, e-mail, and the Internet;
3. Completion of the graduate entrance writing requirement;
4. A bachelor's degree from an accredited college;
5. A letter of Corporate or Individual Sponsorship. This letter ensures that the participants' sponsors will agree to allow them to attend classes two times per week, and determines if their sponsors plan to cover all or part of their educational fees. If a participant is self-sponsored, the employer should confirm their agreement with his/her attendance;
6. An acceptable Graduate Management Admission Test (GMAT) score which an applicant may request waived upon proof of completion of graduate work (e.g. J.D., Ph.D., M.D., etc.) from an accredited U.S. college or university;
7. In addition to the GMAT results, all international applicants who have not completed three years of full-time study at the secondary or postsecondary level where English was the language of instruction must take the Test Of English as a Foreign Language (TOEFL).

Suitability for admission to the program will be based on an examination of the entire application package.

**Advancement to Candidacy**

To be advanced to candidacy, a student must have:

1. Achieved classified standing;
2. Completed, at least 20 quarter units of applicable graduate level course work at the university, with a minimum grade point average of 3.0 ("B");
3. Completed an approved graduate program plan in consultation with an M.B.A. advisor after achieving conditionally classified or classified status;
4. Secured approval of M.B.A. director.

**Requirements for Graduation**

To qualify for the degree, students are required to:

1. Complete the 48 quarter units (exclusive of the two prerequisite course) with a grade point average of 3.0 ("B") or better;
2. Submit a comprehensive project (ADMN 998) that is evaluated by graduate advisors as satisfactory. Satisfactory performance on the project meets the graduation writing requirement;
3. At least 28 quarter units at 600-level course work;
4. At least 24 quarter units of credit taken after advancement to candidacy for the degree;
5. A grade point average of 3.0 ("B") in all courses taken after admission to conditionally classified or classified status, and grades of 2.0 ("C") or better in ALL courses in the program.

Prerequisites: Managerial Tools Courses (8 units)
1. ADMN 501. Quantitative Tools for Executives (4)
2. ADMN 502. Managerial Communication and Policy (4)
The managerial tools courses are intended to provide a solid foundation for the material to be presented in the core concentration courses. One or more of these tools courses may be waived based on prior academic course work.

Degree Requirements

Business Functional Area Core Courses (24 units)
1. ACCT 606. Accounting for Managerial Decision-Making (4)
2. FIN 602. Financial Theory and Corporate Finance (4)
3. INFO 609. Information Management Systems (4)
4. MGMT 601. Organization Theory and Behavior (4)
5. MKTG 605. Marketing Management (4)
6. OM 607. Operations Management (4)

Functional Elective Courses (20 units)
1. Twenty units from the College of Business and Public Administration graduate electives chosen in consultation with an advisor.

Culminating Experience (4 units)
1. MGMT 685. Corporate Strategy in a Global Economy (4)
2. ADMN 998. Comprehensive Project (0)

**BETA GAMMA SIGMA**

The university has an active chapter of Beta Gamma Sigma, a national organization that encourages and honors academic achievement and personal excellence in the study and practice of business. Membership is by invitation extended to undergraduate and graduate business students of high scholarship and good moral character.

*Undergraduate course descriptions for Accounting, Finance, Information Management, Management, Management Science, Marketing, Public Administration and Supply Chain Management are listed alphabetically throughout the undergraduate studies section of the catalog.*

**COURSE OFFERINGS IN ACCOUNTING (ACCT)**

**Upper Division**

503. **Financial and Managerial Accounting**
Intensive introduction to applied topics and techniques in financial and managerial accounting. Development and use of accounting information for external reporting purposes and management analysis, decision-making, planning and control. No credit will be awarded to students who have had ACCT 211 and 212 or 306. May not be counted toward fulfilling requirements for any degree program offered by the College of Business and Public Administration. (4 units)

536. **Corporate and Partnership Taxation**
The basic concepts of the federal income taxation of corporations and partnerships. Formerly ACCT 436. Prerequisite: ACCT 426 with a grade of "C" or better or consent of instructor. (4 units)

539. **Advanced Accounting**
Advanced topics in accounting including business combinations, multinational operations and foreign currency transactions, liquidations, and reorganizations. Includes partnership formation, income distribution and liquidation. Formerly ACCT 439. Prerequisite: ACCT 373. (4 units)

556. **Estates and Gifts and other Specialized Taxation Topics**
Taxation topics not covered in depth in ACCT 426 and 536, including gift and estate tax, income taxation of trusts and estates, tax administration and practice, working with tax law, advanced individual income tax topics, and other special topics. Formerly ACCT 456. Prerequisite: ACCT 426 with a grade of "C" or better or consent of instructor. (4 units)

568. **Accounting for Government and Not-for-Profit Organizations**
Covers principles and practices of government fund accounting. Topics include governmental accounting concepts, types and structure of funds and accounts, application of generally accepted accounting principles to government and not-for-profit entities, presentation and uses of financial statements. (Also offered as PA 568. Students may not receive credit for both.) Prerequisite: ACCT 211. (4 units)

574. **Reporting Issues in Intermediate Accounting**
Study of revenue recognition, deferred taxes, pensions and leases. Formerly ACCT 374. Prerequisite: ACCT 372 with a grade of "C" or better. (4 units)

575. **Internship in Accounting**
Supervised work and study in private or public organizations. May be repeated once for credit. A total of two College of Business and Public Administration 575 courses may be applied toward graduation. Graded credit/no credit. Prerequisites: consent of instructor and the department’s internship coordinator. (4 units)

590. **Seminar in Accounting**
An intensive study of some phase of accounting to be developed by the instructor. May be repeated for credit as topics change. (4 units)

595. **Independent Study**
Special topics involving library and/or field research. A total of ten units in any College of Business and Public Administration 595 may be applied toward graduation. Prerequisites: a minimum overall grade point average of 3.0, consent of instructor and approval by the department of a written project/proposal submitted to the appropriate department in the College of Business and Public Administration on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 2 or 4 units)
Graduate/Postbaccalaureate

May not be taken by undergraduate students

Students must be fully classified or have written consent of the college graduate director to enroll in graduate level courses.

605. Health Care Accounting and Financial Analysis

Basic concepts, methods, and application of cost and accrual accounting, finance and budgeting techniques and methods applied to health services and health care organizations, with computer application and analysis. (Also offered as HSCI 605. Students may not receive credit for both.) (4 units)

606. Accounting for Managerial Decision-Making

Study and application of the concepts and techniques used by management for planning and controlling business activities. Prerequisite: ACCT 603 or completion of ACCT 211 and 212. (4 units)

610. Financial Reporting and Disclosure

An in-depth study of financial accounting, reporting, and disclosure. Professional accounting and reporting standards will be examined. Prerequisite: ACCT 606. (4 units)

615. Controllership

In-depth study of accounting techniques, concepts and procedures related to the functions and responsibilities of the controller. Consideration of management reporting systems, planning and controlling functions, resource allocation, transfer pricing, the general ledger-based system, departmental expense control and investment planning. Prerequisite: ACCT 606. (4 units)

620. Internal Auditing and Management Controls

Study of the theory and practice of auditing as it applies to the internal and management controls function of the organization. Topics include statements of auditing standards, ethical and legal responsibilities, internal control structure considerations, statistical sampling applications, computer-assisted auditing techniques and regulatory agency requirements. Prerequisite: ACCT 610. (4 units)

625. Seminar in Accounting Information Systems

A study of the design and operation of accounting information systems in both mainframe and microcomputer environments. Advanced consideration of internal control and auditing of computer-based systems. Environmental hardware and software implications for security and quality control are examined. Prerequisite: ACCT 610 or consent of instructor. (4 units)

629. Seminar in Tax and Business Decisions

Study of how taxation affects business decisions of both domestic and multinational business. Topics include introduction to tax policy, comparative tax systems, tax effects on investment and financing activities, taxation of multinational transactions, and basic tax research methodology. Prerequisite: ACCT 610 or consent of instructor. (4 units)

642. International Accounting

Critical examination of current developments in international accounting; the difficulty of preparing precise and universally accepted accounting principles; social, economical, and political influences on comparative accounting theory and practice. Financial reporting and control of multinational enterprises are also discussed. Prerequisite: ACCT 610 or consent of instructor. (4 units)

690. Advanced Topics in Accounting

Intensive study of an advanced topic in accounting. May be repeated for credit as topics change. (4 units)

695. Graduate Independent Study

Independent graduate research in accounting. No more than four units in this course may be applied toward the master's degree. Prerequisites: graduate standing in accounting, consent of instructor, and approval of a written proposal of the research by the graduate program director. (Credit to be arranged: 1 to 4 units)

COURSE OFFERINGS IN ADMINISTRATION (ADMN)

Upper Division

501. Quantitative Methods for Managers

A review of major analytical methods used by managers to facilitate their decision making, including accounting, finance, operations and other decision science tools. (4 units)

502. Managerial Communication and Policy

A review and integration of the managerial areas of human resource management, marketing, organizational communication, negotiation skills, and policy and strategy into a decision-making framework that is bound by legal, ethical and global considerations. (4 units)

Graduate/Postbaccalaureate

May not be taken by undergraduate students

Students must be fully classified or have written consent of the college graduate director to enroll in graduate level courses.

The main focus of this course is the analysis of the basic financial statements, historical/replacement cost accounting, financial and business environments of the firm, the time value of money and financial analysis, planning and control. The course also covers the identification, understanding and analyses of the fundamental business problems and policies that have financial implications. The course will serve as a prerequisite for ACCT 606 and FIN 602. (4 units)

605. Product Development and Distribution

Integrative course that acquaints students with the methods of planning, organizing, and controlling for the creation and distribution of goods and services. Topics include: sales forecasting techniques, product planning and pricing, sales and product budgeting, linear programming: transportation and assignment models, inventory planning and control, value chain analysis, materials requirements planning, aggregate capacity planning and scheduling, waiting lines, pricing and promotion strategies, statistical quality control and maintenance, and distribution strategy. (4 units)
### 695. Directed Graduate Studies
Graduate-level independent study for students in Interdisciplinary Master of Arts programs; to be conducted under direct supervision of a faculty member from the student's committee and, if an interdisciplinary studies major, with approval of the committee on graduate education and consent of the Dean of Graduate Studies. (Credit to be arranged: 1 to 6 units)

### 698. Extended Enrollment
Independent study leading to completion of requirements (other than course work) for the master's degree. To retain classified standing in the master's program, a student must enroll in 698 each quarter until the project or thesis is accepted or the comprehensive examination passed. Students who enroll in 698 through the university have full use of all university facilities. (Note: Students enrolled in 698 through the College of Extended Learning and taking no other courses through the regular university have access only to the library and their professor.) See Page 358, Culminating Experience: Exam, Thesis, or Project. Prerequisites: advancement to candidacy and approval of program graduate coordinator or, if an interdisciplinary studies major, consent of the Dean of Graduate Studies. (0 units)

### 995. MBA Portfolio
Preparation and submission of a portfolio containing assignments representing successful work in the MBA program, accompanied by a reflective essay showing how the portfolio demonstrates the accomplishment of the goals of the program. Graded credit/no credit. Prerequisite: completion of 32 units in the program. (0 units)

### 998. Comprehensive Project
In consultation with a faculty advisor, completion and defense of a written project based on his or her concentration before a committee of graduate faculty. Open only to students who have been advanced to candidacy and with the approval of the college graduate director. (0 units)

### 999. Comprehensive Examination
An assessment of the student's ability to integrate the knowledge of the area, show critical and independent thinking and demonstrate mastery of the subject matter in the concentration. Prerequisites: advancement to candidacy, approval of department, completion of course work in the master's program and in good academic standing. May be taken any fall, winter or spring term after advancement to candidacy. (0 units)

## COURSE OFFERINGS IN FINANCE (FIN)

### Upper Division

#### 503. Financial Management Concepts
An introductory course in financial management with an emphasis on concepts, tools and strategies underlying corporate financial decision-making. Topics include techniques used by firms in procuring and allocating capital for short-term and long-term operations. No credit will be awarded to students who have had FIN 313 and 314. May not be counted toward fulfilling requirements for any degree program offered by the College of Business and Public Administration. Prerequisite: ACCT 503. (4 units)

#### 523. Security Trading and Analysis
An applied investment analysis course, emphasizing the application of modern portfolio theory and asset allocation models in selecting and evaluating stocks and bonds. This web-enhanced course utilizes modern computer and data facilities to conduct extensive fundamental and technical analysis, security portfolio tracking, performance measurement, and trading simulation and strategies. Prerequisite: FIN 503 or equivalent. (4 units)

#### 534. Export-Import Financing
International complexities of exporting and importing. Emphasis on the benefits of international trade, the various ways to enter the global market, project financing, trading blocs and investment strategies, components of an export-import quotation, methods of payment, imports, exports, contracts and public and private assistance programs. Formerly FIN 434. Prerequisite: FIN 313. (4 units)

#### 575. Internship in Finance
Supervised work and study in private or public organizations. May be repeated once for credit. A total of two College of Business and Public Administration 575 courses may be applied toward graduation. Graded credit/no credit. Prerequisites: consent of instructor and the department's internship coordinator. (4 units)

#### 581. International Aspects of Real Estate
Study of international investment in real estate with emphasis on diversification of benefits including international real estate in an investment portfolio. Specific investment strategies and opportunities for different countries will be analyzed. (4 units)

#### 585. Real Estate Finance
Financial aspects of real estate investment will be discussed including analysis characteristics, lending environment, financial instruments, and effective loan proposals. Prerequisite: FIN 313 or consent of instructor. (4 units)

#### 590. Seminar in Finance
An intensive study of some phase of finance to be developed by the instructor. May be repeated for credit as topics change. (4 units)

#### 595. Independent Study
Special topics involving library and/or field research. A total of ten units in any College of Business and Public Administration 595 may be applied toward graduation. Prerequisites: a minimum overall grade point average of 3.0, consent of instructor and approval by the department of a written project/proposal submitted to the appropriate department in the College of Business and Public Administration on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 2 or 4 units)

**Graduate/Postbaccalaureate**

May not be taken by undergraduate students

**Students must be fully classified or have written consent of the college graduate director to enroll in graduate level courses.**

#### 602. Financial Theory and Corporate Finance
Modern finance theory and analysis of financial decision making. Topics include valuation, risk and return, cost of capital, capital budgeting, capital structure policy, dividend policy, working capital management, financial planning, and corporate control. Prerequisites: FIN 313 and 314 or 503. (4 units)
Entrepreneurial and Venture Finance
An overview of the financial and investment of entrepreneurial firms. Focus is on financial and investment strategies available to entrepreneurial firms and the criteria for selecting the appropriate strategy. Prerequisite: FIN 602. (4 units)

Financial Institutions and Markets
Analysis of financial institutions and markets. Term structure of interest rates, portfolio theory and flow-fund analysis, deposit-type intermediaries, insurance, pension funds and investment companies. Prerequisite: FIN 313, 314 or 503. (4 units)

Investment Analysis and Portfolio Management
Comprehensive introduction to the descriptive and formalized quantitative areas of security analysis and portfolio management. Three hours lecture and two hours activity laboratory. Prerequisite: FIN 602. (4 units)

International Finance
Study of international financial environment and problems in operation of multinational enterprises with major focus on theory and practice of foreign exchange transactions, money and capital markets, investment decisions, current asset management and comparative financial systems. Prerequisite: FIN 602. (4 units)

Management of Financial Institutions
Concepts and techniques used in management of banks, savings and loans, credit unions and finance companies. Topics include asset, liability and capital management, expense control and productivity analysis. Prerequisite: FIN 651. (4 units)

Corporate Financial Strategy
Advanced topics in the field with emphasis on formulation of financial strategy. Integrates various topics in finance including mergers and reconstruction, acquisitions, debt capacity, capital budgeting, investment policy and strategy. Includes international, social, and ethical issues. Prerequisite: FIN 651, 653 and 654 or consent of instructor. (4 units)

Advanced Topics in Finance
Intensive study of an advanced topic in finance. May be repeated for credit as topics change. (4 units)

COURSE OFFERINGS IN INFORMATION MANAGEMENT (INFO)

Upper Division

Internship in Information Management
Supervised work and study in private or public organizations. May be repeated once for credit. A total of two College of Business and Public Administration 575 courses may be applied toward graduation. Graded credit/no credit. Prerequisite: consent of instructor and the department's internship coordinator. (4 units)

Seminar in Information Management
An intensive study of some phase of information management to be developed by the instructor. May be repeated for credit as topics change. (4 units)

Independent Study
Special topics involving library and/or field research. A total of ten units in any College of Business and Public Administration 595 may be applied toward graduation. Prerequisites: a minimum overall grade point average of 3.0, consent of instructor and approval by the department of a written project/proposal submitted to the appropriate department in the College of Business and Public Administration on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 2 or 4 units)

Graduate/Postbaccalaureate
May not be taken by undergraduate students
Students must be fully classified or have written consent of the college graduate director to enroll in graduate level courses.

Information Management Systems
Advanced applications of computer and information systems in organizations. Topics include information management planning, information technologies and information based management. Prerequisite: INFO 309. (4 units)

Entrepreneurial Information Management
Explores the use of current personal computing technology upon entrepreneurial organizations and management. Topics will include e-commerce, web-based business strategies and computer software used by entrepreneurs. Prerequisite: INFO 609. (4 units)

Information Systems Analysis and Design
Managerial perspective of the methods used in the design and maintenance of computer based information systems. Issues in systems design, from project identification to implementation and maintenance, will be presented. Tools and principles related to newer techniques such as joint application development and object oriented data base design. Prerequisite: INFO 609. (4 units)

Information Systems Planning, Strategy and Policy
Information systems planning, strategy and policy are necessary for an organization to deploy, manage and control its information resources. Takes the view of the Chief Information Officer integrating information systems with the business strategy and information needs of the organization through the process of information systems strategic planning and policy development. Theory, tools, methodologies and practice of information systems strategic planning and policy development. Prerequisite: INFO 609. (4 units)

Information Based Management
Advanced theory and application of data base management in organizations. Topics include manager's need for information, elements of a data base, types of data bases, difference in data bases and information systems. Prerequisite: INFO 609. (4 units)

Information Networking Systems
An advanced study of developing, implementing, and managing data communication systems. Topics covered include use of hardware, software, microwave, fiber optics, multiplexers and digital PBX's and the management of telecommunication resources. Prerequisite: INFO 609 or consent of instructor. (4 units)
Information Decision Systems
Concepts, principles, practices and tools needed to support the management decision making process. Both static and dynamic models of information management related to decision making will be explored. (Also offered as OM 650. Students may not receive credit for both.) Prerequisites: INFO 609 and OM 607. (4 units)

Information Visualization and Data Warehousing Strategies
Information visualization and data warehousing strategies for organizations in product and service centered areas. Integration of information mapping and large data base tools and concepts to solve and support decision making. Prerequisite: INFO 609. (4 units)

International Electronic Commerce
Information technology in international business including: electronic data interchange, information technology in transnational firms. Managing information through international strategic alliances, corporate factors affecting global IT requirements, transnational information technology policy issues, transborder data flows and IT architecture for electronic commerce. Prerequisite: INFO 609. (4 units)

World Wide Web Strategies
World wide web strategies include: intranets, internets and extranets, along with push and pull technologies. Strategies will focus on information technologies, planning and implementation. Prerequisite: INFO 609. (4 units)

Advanced Topics in Information Management
Intensive study of an advanced topic in information management. May be repeated for credit as topics change. (4 units)

COURSE OFFERINGS IN MANAGEMENT (MGMT)

Organizational Theory and Behavior
A critical analysis of theories for viewing organizations and an examination of the common models for understanding human behavior, including executive behavior, within the constraints of a complex social system. Prerequisite: MGMT 302 or PSYC 302. (4 units)

Entrepreneurial Analysis and Regulatory Risk
Critical analysis of the impact of administrative law and policy on entrepreneurial decision-making and strategy. Integrates legal, political, regulatory and ethical issues encountered by entrepreneurs. (4 units)

Entrepreneurial Behavior: Theory and Practice
Study of the entrepreneurial process from a behavioral perspective. Review of theoretical and empirical literature as a foundation for analyzing case studies of successful entrepreneurs. Focus on managerial challenges for new and growing companies with special emphasis on the entrepreneurial personality, leadership, ethics, motivation, goal setting, group dynamics, and organizational design. Prerequisite: completion of, or concurrent enrollment in, MGMT 601. (4 units)

Entrepreneurial/Small Business Strategy and Policy
Interdisciplinary study of the policies and strategies of entrepreneurship. Integrates important technical and innovative considerations with traditional managerial theories to establish a modern scientific approach to the development of strategies and policies for entrepreneurial and innovative businesses. Prerequisite: completion of concentration electives. (4 units)
378 / Business Administration

641. Managing Human Resources
Analysis of specific areas and problems in the administration of human resource systems and policies. Topics include employment law, job analysis, recruitment, selection, performance appraisal, and compensation administration. (4 units)

642. Communication and Interpersonal Processes
Study of interpersonal processes, communication, and conflict as they relate to organizational efficiency and effectiveness, as well as a consideration of the organization as a communication system. (4 units)

644. Industrial Relations
Analysis of industrial relations systems in major industries, collective bargaining institutions, processes, legal environment and problems. (4 units)

645. Negotiation and Bargaining
Theory and practice of negotiation and bargaining including the analytical skills necessary to prepare, plan, and present advocacy positions, anticipate opposing positions, envision and achieve optimal resolutions of disputes. Course participants will simulate, negotiate, debrief, discuss, and evaluate negotiation problems, strategies and tactics. (4 units)

646. Alternative Dispute Resolution and Third Party Intervention
Theory and practice of third party intervention in organizational conflict and the third party roles of consultant, councilor, facilitator, conciliator, mediator, ombudsperson, fact-finder, and arbitrator in business and public organizations. (4 units)

650. International Management
Management of organizations in multinational and international environments. Emphasis on economic, political and sociocultural influences. Prerequisite: MGMT 302 or PSYC 302 or MGMT 601 or consent of instructor. (4 units)

670. Environmental Resource Management
Explores the economic benefits offered by increasing energy efficiency and decreasing waste. Systems optimization (i.e. intelligent planning) offers benefits for business, consumers, the economy and the environment. (4 units)

685. Corporate Strategy in a Global Economy
Long-term strategy of the business organization in the context of the global economy from the perspective of the General Manager who has overall responsibility for the performance of the firm or the business unit of the firm. Topics include strategy formulation and implementation, industry competitive analysis, core competencies and key success factors, diversification and strategic alliances, all within a global framework. Emphasis is on cases and small-group work. Prerequisites: completion of, or concurrent enrollment in, the last core course for the Master of Business Administration and consent of graduate director. (4 units)

690. Advanced Topics in Management
Intensive study of an advanced topic in management. May be repeated for credit as topics change. (4 units)

998. Management Portfolio Assessment
Submission of a portfolio based on departmental guidelines. Prerequisites: completion of or concurrent enrollment in all management concentration courses. (0 units)

COURSE OFFERINGS IN MANAGEMENT SCIENCE (MSCI)

Upper Division

590. Seminar in Management Science
An intensive study of some phase of management science to be developed by the instructor. May be repeated for credit as topics change. (4 units)

Graduate/Postbaccalaureate

May not be taken by undergraduate students

Students must be fully classified or have written consent of the college graduate director to enroll in graduate level courses.

622. Advanced Statistics for Health Science Professionals
Statistical analysis and applications of statistical procedures in nursing and health-related disciplines. Includes descriptive and inferential statistics, SPSS analysis, and coverage of databases used in the health care field. Formerly a topic under MSCI 590. (4 units)

690. Advanced Topics in Management Science
Intensive study of an advanced topic in management science. May be repeated for credit as topics change. (4 units)

COURSE OFFERINGS IN MARKETING (MKTG)

Upper Division

520. Integrated Marketing Communication
An integrated perspective on the process of communicating marketing messages to promote products, services, ideas, people, causes and events. Advertising, direct marketing, personal selling, public relations, and sales promotion strategies are explored with consideration given to global, ethical, and technology-related issues. (Also offered as COMM 520. Students may not receive credit for both). (4 units)

530. Strategic Entrepreneurship
The role of entrepreneurship in today's economy: identifying entrepreneurial opportunities, designing incubator business projects, strategic entrepreneurial alliances and global market strategies for entrepreneurial ventures. The role of marketing mix in the start up and operation of entrepreneurial ventures. Formerly a topic under MKTG 590. Prerequisite: junior standing. (4 units)

540. E-Marketing
Development of a web-based marketing program. Discussion of customer data bases, logistics of E-marketing, and the flow of products, funds, and information in E-channels. Focus is on understanding how goods and services are created and delivered through the web. Three hours lecture and two hours laboratory. Formerly a topic under MKTG 590. (4 units)
560. Services Marketing
The process of designing and marketing intangible services for profit and non-profit organizations. Emphasis on customer-focused strategies for developing, promoting, pricing and evaluating service mixes in a global context. Formerly a topic under MKTG 590. Prerequisite: junior standing. (4 units)

572. Import-Export Management
Current practices and opportunities in importing and exporting goods with emphasis on preparing products for foreign shipment, shipping, necessary documentation and use of free trade zones. Formerly MKTG 472. Prerequisite: MKTG 305 or consent of instructor. (4 units)

575. Internship in Marketing
Supervised work and study in private or public organizations. May be repeated once for credit. A total of two College of Business and Public Administration 575 courses may be applied toward graduation. Graded credit/no credit. Prerequisites: consent of instructor and the department's internship coordinator. (4 units)

590. Seminar in Marketing
An intensive study of some phase of marketing to be developed by the instructor. May be repeated for credit as topics change. (4 units)

595. Independent Study
Special topics involving library and/or field research. A total of ten units in any College of Business and Public Administration 595 may be applied toward graduation. Prerequisites: a minimum overall grade point average of 3.0, consent of instructor and approval by the department of a written project/proposal submitted to the appropriate department in the College of Business and Public Administration on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 1 to 5 units)

Graduate/Postbaccalaureate
May not be taken by undergraduate students
Students must be fully classified or have written consent of the college graduate director to enroll in graduate level courses.

605. Marketing Management
Problem-solving and decision-making in marketing and the interacting effects of such factors as selling, advertising, pricing, consumer behavior and channels of distribution. Prerequisite: MKTG 305 or equivalent. (4 units)

610. Consumer and Organizational Buying Behavior
Influences on the purchasing behavior of individual consumers and organizational buyers. Use of theories, concepts and research findings in management and public policy decisions. Prerequisite: MKTG 605. (4 units)

620. Advertising Management
Emphasis on the managerial approach to advertising in its relationship to marketing management, including consumer behavior, audience analysis, research, advertising media, appeals, campaign development, as well as legal, ethical, and international aspects of advertising. Also examines communication processes and other promotional activities. Prerequisite: MKTG 605. (4 units)

624. Marketing for Entrepreneurs
An in-depth study of entrepreneurial and small business marketing strategies and techniques. Examines how start-up small businesses develop and implement innovative marketing techniques. Provides alternative insights to the conventional approaches of large businesses. Prerequisite: MKTG 605. (4 units)

640. Advanced Marketing Research
Advanced study of current marketing research methods used to gather, analyze and transform data into information required for managerial decision-making. Includes qualitative and quantitative approaches to problem definition, research design, data collection and analysis, interpretation and presentation of research results. Requires use of statistical software. Three hours lecture and two hours activity laboratory. Prerequisite: MKTG 305 or equivalent. (4 units)

670. Global Marketing Strategies
Advanced marketing strategies for developing global markets. Includes the emerging changes in international markets and their impact on general marketing strategies. Formerly a topic under MKTG 690. (4 units)

686. Graduate Project
Preparation of a graduate project under the direction of a faculty member, with the approval of the graduate director, and if an interdisciplinary study major, with the approval of the graduate program coordinator. Maximum of eight units applicable toward the M.B.A. or M.A. in Interdisciplinary Studies. Prerequisite: advancement to candidacy. (Credit to be arranged: 4 to 8 units)

690. Advanced Topics in Marketing
Intensive study of an advanced topic in marketing. May be repeated for credit as topics change. (4 units)

696. Marketing Strategy
A strategy planning approach to marketing management from conceptual and applications perspectives. Focus is on the strategic decision-making process supported by self-analysis and external analysis. Legal, ethical and international aspects are also considered. Prerequisites: MKTG 605 and at least four additional units of 500- or 600-level coursework in marketing and consent of instructor. (4 units)

COURSE OFFERINGS IN OPERATIONS MANAGEMENT (OM)

Graduate/Postbaccalaureate
May not be taken by undergraduate students
Students must be fully classified or have written consent of the college graduate director to enroll in graduate level courses.

607. Operations Management
Integration and application of analytical techniques used in manufacturing and service industries. Concepts of decision models are examined for planning, control, forecasting, scheduling, and analysis within an enterprise. Formerly MSCI 607 and POM 607. Prerequisite: SCM 304. (4 units)
380 / Business Administration

611. Operations Strategy
Development, implementation and integration of operations management strategy with business and other functional strategies of organization. Topics include: decisions involving positioning, structuring and managing for superior competitive performance. Formerly MSCI 611 and POM 611. Prerequisite: OM 607. (4 units)

614. Advanced Quality Management
Technical and managerial issues for implementing total quality management. Topics include the management of quality planning, organizing, motivation and control; employee involvement teams for total quality; the quality of product design; management of quality and reliability; management of inspection and measurement. Formerly POM 614. Prerequisite: OM 607. (4 units)

615. Project Management
Planning, organizing, staffing, controlling and directing resources to achieve organizational goals and objectives. Development and planning of project strategy and measures of project performance. Formerly POM 612. Prerequisite: OM 607. (4 units)

650. Information Decision Systems
Concepts, principles, practices and tools needed to support the management decision making process. Both static and dynamic models of information management related to decision making will be explored. (Also offered as INFO 650. Students may not receive credit for both.) Formerly POM 650. Prerequisites: OM 607 and INFO 609. (4 units)

660. Supply Management
A comprehensive study of managing the supply chain. Logistics of managing the pipeline of goods from initial contracts with suppliers and control of work-in-process to the movement of finished goods through the channels of distribution. Formerly POM 660. Prerequisite: OM 607. (4 units)

COURSE OFFERINGS IN SUPPLY CHAIN MANAGEMENT (SCM)

575. Internship in Supply Chain Management
Supervised work and study in private or public organizations. May be repeated once for credit. A total of two College of Business and Public Administration 575 courses may be applied toward graduation. Graded credit/no credit. Prerequisites: consent of instructor and the department's internship coordinator. (4 units)

590. Seminar in Supply Chain Management
An intensive study of some phase of supply chain management to be developed by the instructor. May be repeated for credit as topics change. Formerly MSCI 590. (4 units)

595. Independent Study
Special topics involving library and/or field research. A total of 10 units in any College of Business and Public Administration 595 may be applied toward graduation. Prerequisites: a minimum overall grade point average of 3.0, consent of instructor and approval by the department of a written project/proposal submitted to the appropriate department in the College of Business and Public Administration on a standard application filed in advance of the quarter in which the course is to be taken. Formerly MSCI 595. (Credit to be arranged: 2 or 4 units)
COMMUNICATION

Master of Arts in Communication Studies

Communication Studies Track
Integrated Marketing Communication Track

Certificate
Conflict Management

Department of Communication Studies
University Hall, Room 018
880-5815

FACULTY: Mo Bahk, Rueyling Chuang, Risa Dickson (Chair), Mary Fong, Jo Anna Grant, Brian Heisterkamp, Heather Hundley, Fred Jandt, Kevin Lamude, Robin Larsen, C. Rod Metts, Ahlam Muhtaseb, Richard Pineda, Scott Rodriguez, Donna Simmons, Stacey Sowards

MASTER OF ARTS IN COMMUNICATION STUDIES

Requirements (45 units)

The M.A. in Communication Studies is designed for students who wish to advance from this degree to further graduate work and for those wishing to apply advanced communication perspectives, methodologies, and competencies in their careers. This program is unique in its distinct intercultural orientation, cultivating an understanding of national, racial, ethnic, gender and other cultural differences in a wide range of communication settings and activities. Students are encouraged to develop focused programs of study (e.g., corporate communication, media studies, communication education). Whatever focus the student may achieve, however, will be contextualized by an understanding and appreciation of intercultural communication theory and practice.

Admission to the Program

Students must fulfill all the general requirements for admission to graduate studies at this university. Applicants should take particular note of the graduate entrance writing requirement. The department welcomes applications from international students. Prospective international students should take particular note of university requirements regarding the TOEFL. Applications for admission to the program should be sent to the department graduate coordinator and must include:

1. A copy of the undergraduate transcript indicating graduation with a bachelor's degree from an accredited college or university and communication courses completed;
2. Three letters of recommendation attesting to academic aptitude and accomplishments;
3. A one-page essay describing life/career goals and the role the applicant sees this degree playing in accomplishing these goals.
4. Completion of the graduate entrance writing requirement.

Admission of students to the program will take one of two forms:

1. Regular Admission. In addition to the general requirements for admission to the university, specific requirements for admission to classified graduate status in this program are:
   A. The equivalent of 24 quarter units of communication course work (students with less background may be required to complete selected undergraduate courses prior to admission to the program).
   Students pursuing the Integrated Marketing Communication track should complete sixteen units of undergraduate coursework in communication and marketing to include:
   - COMM 306: Communication Perspectives (4)
   - COMM 341: Public Relations Theory and Principles (4)
   - MKTG 305: Marketing Principles (4)
   - MKTG 410: Consumer Behavior (4)
   B. An undergraduate grade point average of 3.0 overall and/or 3.0 for the last half of undergraduate course work.
   C. International students must have a TOEFL score of 575 or higher.

2. Conditional Admission. Students who do not meet all the requirements for regular admission may, with the approval of the departmental graduate committee, be admitted on a conditional basis. Conditional admission provides students a trial period to demonstrate their ability. Conditionally admitted students must complete twelve units of course work at the 500- or 600-level with no grade lower than "B" in those courses. An overall grade point average of at least 3.0 is needed for elevation to classified graduate student status.

Advancement to Candidacy

1. During the first quarter of enrollment, the student shall, with the consent of the faculty member chosen and the approval of the graduate coordinator, select an advisor.
2. Prior to completion of 16 units, the student and advisor shall form the student's graduate advisory committee. The committee shall consist of the advisor and two faculty members, one of whom may be from a related discipline. The committee shall function to: 1) approve the student's program of study; 2) compose and evaluate the student's comprehensive examination (if applicable); and 3) evaluate and approve the student's thesis or project (if applicable).
3. Upon establishing the committee, and prior to completion of 20 units, the student shall forward for the committee's approval a program of study listing course work to be taken and the capstone experience chosen to complete the degree.
4. Upon approval of the plan by the advisory committee, the program of study shall be sent to the graduate coordinator for departmental approval resulting in advancement to candidacy.

Requirements for Graduation

1. Students must complete an approved program of 45 to 48 units with an overall grade point average of 3.0.
2. A minimum of 36 of these units must be at the 500- or 600-level.
3. No course may be counted for which a grade of "C-" or less was received.
4. The student is responsible for fulfilling all other requirements for graduation established by the Dean of Graduate Studies.

Degree Requirements (45-48 units)

Communication Studies Track (45 units)

1. COMM 600: Introduction to Graduate Study (4)
2. COMM 601: Intercultural Communication Theories (4)
382 / Communication Studies

4. COMM 603. Interpretive Approaches to Communication Studies (4)
5. Electives (29 units)
   The student shall, with the advice and approval of the advisory committee and the graduate coordinator, develop a program of study to fulfill the remaining unit requirements for the degree. The program should reflect some unifying theme. Graduate level courses among which the student may choose include:
   COMM 501. Ethical Aspects of Communication (4)
   COMM 502. Communication Law and Policy (4)
   COMM 520. Integrated Marketing Communication (4)
   COMM 522. Mediation Theory and Practice (4)
   COMM 542. Issue Management and Crisis Communication (4)
   COMM 580. Culture and Ethnicity in Language (4)
   COMM 581. Contemporary Theories of Rhetoric (4)
   COMM 584. Topics in Critical Communication (4)
   COMM 585. Topics in Human Communication (4)
   COMM 587. Topics in Mass Communication (4)
   COMM 588. Topics in Intercultural Communication (4)
   COMM 589. Topics in Computer Mediated Communication (4)
   COMM 593. Communication Approaches to Area Studies (4)
   COMM 610. Media and Intercultural Relations (4)
   COMM 620. Communication in Multicultural Organizations (4)
   COMM 630. Instructional Communication (4)
   COMM 670. Seminar in Conflict and Conflict Resolution (4)
   COMM 671. International Communication (4)
   COMM 672. Intercultural Peacemaking (4)
   COMM 686. Graduate Project (4-8)
   COMM 689. Practicum for Teaching Assistants in Communication Studies (1)
   COMM 690. Seminar in Organizational Communication (4)
   COMM 691. Seminar in Public Relations (4)
   COMM 692. Seminar in Interpersonal Communication (4)
   COMM 693. Seminar in Mass Communication (4)
   COMM 694. Seminar in Intercultural Communication (4)
   COMM 695. Graduate Independent Study (2-5)
   COMM 696. Practicum in Intercultural Living (2-5)
   COMM 697. Internship in Communication (2-5)
   COMM 698. Extended Enrollment (0)
   COMM 699. Thesis (5)

Students cannot apply any course previously applied to another degree or track. Students may, with the approval of the advisory committee and the graduate coordinator, substitute up to eight units of course work from a related discipline or disciplines. Students pursuing the project capstone option must include five units of COMM 686 as the vehicle for their project. Students pursuing the thesis option must include five units of COMM 699 as the vehicle for their thesis.

6. Capstone Experience
   The student shall, with the advice and approval of the advisory committee and the graduate coordinator, develop a program of study to fulfill the remaining unit requirements for the degree. The program should reflect some unifying theme. Graduate level courses among which the student may choose include:
   COMM 501. Ethical Aspects of Communication (4)
   COMM 502. Communication Law and Policy (4)
   COMM 520. Integrated Marketing Communication (4)
   COMM 522. Mediation Theory and Practice (4)
   COMM 542. Issue Management and Crisis Communication (4)
   COMM 580. Culture and Ethnicity in Language (4)
   COMM 581. Contemporary Theories of Rhetoric (4)
   COMM 584. Topics in Critical Communication (4)
   COMM 585. Topics in Human Communication (4)
   COMM 587. Topics in Mass Communication (4)
   COMM 588. Topics in Intercultural Communication (4)
   COMM 589. Topics in Computer Mediated Communication (4)
   COMM 593. Communication Approaches to Area Studies (4)
   COMM 610. Media and Intercultural Relations (4)
   COMM 620. Communication in Multicultural Organizations (4)
   COMM 630. Instructional Communication (4)
   COMM 670. Seminar in Conflict and Conflict Resolution (4)
   COMM 671. International Communication (4)
   COMM 672. Intercultural Peacemaking (4)
   COMM 686. Graduate Project (4-8)
   COMM 689. Practicum for Teaching Assistants in Communication Studies (1)
   COMM 690. Seminar in Organizational Communication (4)
   COMM 691. Seminar in Public Relations (4)
   COMM 692. Seminar in Interpersonal Communication (4)
   COMM 693. Seminar in Mass Communication (4)
   COMM 694. Seminar in Intercultural Communication (4)
   COMM 695. Graduate Independent Study (2-5)
   COMM 696. Practicum in Intercultural Living (2-5)
   COMM 697. Internship in Communication (2-5)
   COMM 698. Extended Enrollment (0)
   COMM 699. Thesis (5)

Students cannot apply any course previously applied to another degree or track. Students may, with the approval of the advisory committee and the graduate coordinator, substitute up to eight units of course work from a related discipline or disciplines. Students pursuing the project capstone option must include five units of COMM 686 as the vehicle for their project. Students pursuing the thesis option must include five units of COMM 699 as the vehicle for their thesis.

The student's mastery of perspectives and competencies in the core curriculum as well as those associated with the individual student's program of study. The examination will be developed and evaluated by the student's advisory committee, administered during the student's final quarter in residence, and carry no academic credit.

Thesis. Students may, with the approval of their advisory committee and the graduate coordinator, fulfill the capstone requirement through developing and executing an original research project designed to extend or apply our understanding of communication in important and unique ways. The student shall make a public presentation of the prospectus for the thesis no later than two quarters before its completion. The prospectus must be approved by the advisory committee. The student will make a public defense of the thesis during the last quarter of residence. The completed thesis must be approved by the advisory committee and the Dean of the Graduate School. Students choosing this option must register for five units of COMM 699 in the quarter in which the thesis is to be defended.

Project. Students may, with the approval of their advisory committee and the graduate coordinator, fulfill the capstone requirement through developing and executing a project with a significant written component to be completed in conjunction with an internship. The project shall be developed among the student, the advisor, and an on-site internship supervisor. The written component of the project must follow specified guidelines, be approved by the advisory committee, and will be presented publicly during the student's last quarter in residence. The completed project must be approved by the advisory committee and the Dean of Graduate Studies. Students choosing this option must register for five units of COMM 686 in the quarter in which the internship is to be conducted.

Integrated Marketing Communication Track (48 units)

Prerequisites (16 units)
1. COMM 306. Communication Perspectives (4)
2. COMM 341. Public Relations Theory and Principles (4)
3. MKTG 305. Marketing Principles (4)
4. MKTG 410. Consumer Behavior (4)

Degree Requirements (48 units)
1. COMM 601. Intercultural Communication Theories (4)
2. COMM 605. Introduction to Graduate Studies in Communication Studies (4)
3. COMM 691. Seminar in Public Relations (4)
4. Four units chosen from:
   COMM 602. Quantitative Research Methods in Communication Studies (4)
   COMM 603. Interpretive Approaches to Communication Studies (4)
5. MKTG 605. Marketing Management (4)
6. MKTG 610. Consumer and Organizational Buying Behavior (4)
7. MKTG 620. Advertising Management (4)
Electives (15-20 units)
No more than eight elective units can be applied from courses taught outside of Communication Studies.
COMM 405. Mass Media Effects (4)
COMM 415. Advertising as Social Communication (4)
COMM 442. Public Relations Campaigns (4)
COMM 450. Broadcast Research and Audience Analysis (4)
COMM 520. Integrated Marketing Communication (4)
COMM 522. Mediation Theory and Practice (4)
COMM 542. Issue Management and Crisis Communication (4)
COMM 589. Topics in Computer Mediated Communication (4)
COMM 602. Quantitative Research Methods in Communication Studies (4)
COMM 603. Interpretive Approaches to Communication Studies (4)
COMM 620. Communication in Multicultural Organizations (4)
COMM 690. Seminar in Organizational Communication (4)
COMM 695. Graduate Independent Study (2 to 5)
COMM 697. Internship in Communication (2 to 5)
INFO 609. Information Management Systems (4)
MKTG 446. Advertising Campaign (4)
MKTG 530. Strategic Entrepreneurship (4)
MKTG 590. Seminar in Marketing (4)
MKTG 640. Advanced Marketing Research (4)
MKTG 690. Advanced Topics in Marketing (4)
MKTG 696. Marketing Strategy (4)

Capstone Experience: Project/Thesis (5 units) or Comprehensive Examination (0 units)
1. Choose one of the following:
   Students will choose one of the following capstone experiences to complete their program. See category 6 in the Communication Studies Track for an explanation of these options.
   COMM 686. Graduate Project (5)
   COMM 699. Thesis (5)
   COMM 999. Comprehensive Examination (0)

Graduate Assistantships
A limited number of graduate assistantships are available, on a competitive basis, for students who wish to pursue the degree full-time. Interested applicants should contact the graduate coordinator in the Department of Communication Studies for further information.

Certificate in Conflict Management
This certificate can also be used by students in the Master of Business Administration and Master in Public Administration.

Admission to the Program
1. Postbaccalaureate standing.

Certificate Requirements (24 units)
1. COMM 522. Mediation Theory and Practice (4)
2. COMM 670. Seminar in Conflict and Conflict Resolution (4)
3. MGMT 645. Negotiation and Bargaining (4)
4. MGMT 646. Alternative Dispute Resolution and Third Party Intervention (4)
5. Eight units chosen from:
   COMM 672. Intercultural Peace Making (4)
   COMM 673. Advanced Mediation Skills (4)
   MGMT 642. Communication and Interpersonal Processes (4)
   May choose only one of the following two courses:
   MGMT 644. Industrial Relations (4)
   PA 557. Public Sector Labor Relations (4)

COURSE OFFERINGS IN COMMUNICATION (COMM)

Upper Division

501. Ethical Aspects of Communication
Focuses on exploring and assessing issues of responsibility and ethical standards of communication in areas such as interpersonal, political, print, TV/film, organizational and electronic communication contexts. Goals of the course include stimulation of the moral imagination; recognition of ethical issues; and development of critical/analytical skills. Prerequisites: COMM 200, 306 and 400 or consent of department. (4 units)

502. Communication Law and Policy
Exploration and application of laws and regulations as they affect communication. Includes consideration of freedom of speech, libel and slander, intellectual property, broadcast regulations and privacy. (4 units)

506. Media Sex and Violence
Critical and empirical examination of the practices and consequences of portraying human aggression and sexuality in the mass media including television, movies, magazines, video games, and the Internet. Formerly COMM 587. (4 units)

520. Integrated Marketing Communication
An integrated perspective on the process of communicating marketing messages to promote products, services, ideas, people, causes and events. Advertising, direct marketing, personal selling, public relations, and sales promotion strategies are explored with consideration given to global, ethical and technology-related issues. (Also offered as MKTG 520. Students may not receive credit for both.) (4 units)

522. Mediation Theory and Practice
Exploration of the theories, methods, and techniques of mediation as a collaborative process of resolving conflicts among individuals, groups, organizations, and nations. Third party intervention skills needed to serve as a mediator are developed...
through simulation exercises. Formerly a topic under COMM 585. Prerequisite: COMM 422 or permission of instructor.
(4 units)

542. Issue Management and Crisis Communication
Principles and methods of issue evaluation and crisis management in public relations communication including issue monitoring, issue analysis, policy options, program design, evaluation, and identification. Formerly a topic under COMM 585. Prerequisite: COMM 442 or equivalent or consent of instructor.
(4 units)

580. Culture and Ethnicity in Language
Critical examination of the way language shapes perceptions, behaviors, and attitudes about culture and ethnicity. Formerly a topic under COMM 584. Prerequisite: COMM 304 or equivalent.
(4 units)

581. Contemporary Theories of Rhetoric
Study of 20th century conceptualizations of rhetoric and intercultural communication with an emphasis on contemporary public discourse in different cultural settings.
(4 units)

584. Topics in Critical Communication
Intensive study of selected topics in critical communication studies. May be repeated for credit as topics change. Prerequisite: junior or senior standing.
(4 units)

585. Topics in Human Communication
Special topics in human communication. May be repeated for credit as topics change.
(4 units)

587. Topics in Mass Communication
Special topics in mass communication. May be repeated for credit as topics change.
(4 units)

588. Topics in Intercultural Communication
Intensive study of selected topics in intercultural communication. May be repeated for credit as topics change. Prerequisite: COMM 304 or equivalent.
(4 units)

589. Topics in Computer Mediated Communication
Intensive study of selected topics in computer mediated communication. May be repeated for credit as topics change. Prerequisite: COMM 309 or equivalent or permission of instructor.
(4 units)

591. Internship/Externship in Communication
Supervised work and study of communication processes in private and public settings. A total of ten units in COMM 591 may be applied toward graduation. Graded credit/no credit. Prerequisites: junior or senior status with a minimum of 16 units of communication course work completed on this campus; minimum overall grade point average of 2.5; written consent from a supervising agency within which the internship will take place; departmental approval of a contract between the intern and the supervising agency to be filed prior to the quarter in which the course is to be taken. (Credit to be arranged: 2 to 5 units)

593. Communication Approaches to Area Studies
Examination of communication practices and issues within world regions and among cultural groups which may include the role of communication in political, economic, social and cultural conflict and change. May be repeated for credit as focus area changes. Prerequisite: COMM 304 or equivalent.
A. Africa (4 units)
B. Asia-Pacific (4 units)
C. Europe (4 units)
D. Latin America (4 units)

595. Independent Study
Special topics involving library research, experimental or field research, or media production. A total of 10 units in COMM 595 may be applied toward graduation. Prerequisites: a minimum overall grade point average of 3.0 ("B"), consent of instructor and departmental approval of a written proposal of a project submitted on a standard application filed in advance of the quarter in which the course is to be taken, and junior or senior status. (Credit to be arranged: 2 to 5 units)

599. Senior Project
Preparation and submission of a portfolio of course related products reflecting the goals and objectives of the communication major, accompanied by a reflective essay demonstrating how the portfolio reflects successful achievement of those goals and objectives. Required of all communication majors. Graded credit/no credit. Prerequisite: completion of 132 units with a minimum of 44 units in the major.
(1 unit)

Graduate/Postbaccalaureate

600. Introduction to Graduate Study
Theory building in communication research. The assumptions, methods, perspectives and theoretical frameworks for advanced research in communication studies. Recommended for first quarter of graduate study, must be taken within first year.
(4 units)

601. Intercultural Communication Theories
Study of the relationship between culture and communication with emphasis given to an examination of current quantitative and interpretative theory and research. Implications and applications to various kinds of human relationships and various aspects of those relationships (e.g. interpersonal, organizational, national, international and mediated). Recommended for first quarter of graduate study, must be taken within the first year.
(4 units)

602. Quantitative Research Methods in Communication Studies
Study, design, data collection, and appropriate multivariate procedures for research through behavioral/quantitative approaches. Emphasis on research conducted in multicultural settings. Extensive work designing research instruments and employing computerized statistical applications. Prerequisites: COMM 400 and 600, or consent of department.
(4 units)

603. Interpretive Approaches to Communication Studies
Theoretical treatises and exemplars in diverse areas which may include ethnographic, feminist, critical, and textual-discourse analysis. Emphasis on research conducted in multicultural settings. Extensive work in such interpretive methods as participant and nonparticipant observation, intensive interviewing, discourse analysis and criticism. Prerequisite: COMM 600.
(4 units)
605. Introduction to Graduate Studies in Integrated Marketing Communication
Theory building in integrated marketing communication research. The assumptions, methods, perspectives, theoretical frameworks and case study analysis for advanced research in communication studies, marketing and advertising. Recommended for first quarter of graduate study, must be taken within first year. (4 units)

609. Digital Culture
Examination of the interactions among communication technology, new media, and culture with particular focus on intercultural and global communication. Prerequisite: COMM 309 or consent of department. (4 units)

610. Media and Intercultural Relations
Focus on how media and intercultural communication shape one another, including the relationship between the public and private processes of technologically-mediated interaction, transformations in interpersonal relations, and the social construction of contemporary discourses and lifestyles. (4 units)

620. Communication in Multicultural Organizations
Study and analysis of communication patterns in multinational and multicultural organizational settings. Analysis of intercultural communication theories as sources of explanations and strategies for developing and managing a culturally diverse organization. (4 units)

630. Instructional Communication
Study of educational philosophies, models, approaches, and research in teaching communication, to include course design and student evaluation instruments with emphasis on application of instructional strategies in their teaching presentations. May not be taken in lieu of EDUC 603. (4 units)

670. Seminar in Conflict and Conflict Resolution
Survey course on the origins, history, models and theories of conflict and conflict resolution. Includes cultural issues, nonviolent social movements, and the developing field of online conflict resolution. (4 units)

671. International Communication
Advanced study of issues in international communication in the context of globalization. Examination of the political, economic and cultural impact of communication across national boundaries, including news, entertainment, advertising, corporate communication, transborder data flows, and the Internet. (4 units)

672. Intercultural Peacemaking
Study of communication strategies for international and domestic peacemaking among diverse groups and interests. (4 units)

673. Advanced Mediation Skills
Application of selected mediation theories and skills such as group facilitation, group development, and language analysis. Prerequisite: COMM 522 or equivalent. (4 units)

686. Graduate Project
Preparation of a graduate project under the direction of a faculty member, with the approval of the graduate director, and if an interdisciplinary study major, with the approval of the graduate program coordinator. Project proposals should be approved by the program coordinator in the quarter prior to enrollment in the course. Prerequisite: advancement to candidacy. (Credit to be arranged: 4 to 8 units)

689. Practicum for Teaching Assistants in Communication Studies
For students appointed as teaching assistants in communication studies. The course is designed to facilitate the development, refinement and maintenance of effective teaching methods and strategies. May be repeated for a total of three units. Graded credit/no credit. (1 unit)

690. Seminar in Organizational Communication
Intensive study of selected topics in organizational communication. May be repeated for credit as topics change. Prerequisite: COMM 421 or consent of department. (4 units)

691. Seminar in Public Relations
Intensive study of selected topics in public relations. May be repeated for credit as topics change. Prerequisite: COMM 341 or equivalent. (4 units)

692. Seminar in Interpersonal Communication
Intensive study of selected topics in interpersonal communication. May be repeated for credit as topics change. (4 units)

693. Seminar in Mass Communication
Intensive study of selected topics in mass communication. May be repeated for credit as topics change. (4 units)

694. Seminar in Intercultural Communication
Intensive study of selected topics in intercultural communication. May be repeated for credit as topics change. Prerequisite: COMM 304 or equivalent. (4 units)

695. Graduate Independent Study
Advanced reading/research on a specific topic relevant to the student's program of study. Prerequisite: approval by the student's committee. (Credit to be arranged: 2 to 5 units)

696. Practicum in Intercultural Living
Students will complete academic assignments based on, and during residence in a domestic or foreign community other than their own. Graded credit/no credit. Prerequisites: COMM 602 or 603, approval of student's committee; graduate level status with a minimum overall grade point average of 3.0. Student must secure a written agreement with a sponsoring agency and departmental approval of that agreement. (Credit to be arranged: 2 to 5 units)

697. Internship in Communication
Supervised work experience in which the student completes academic assignments integrated with off-campus paid or volunteer activities. Graded credit/no credit. A maximum of five units of credit in COMM 697 will be accepted toward the M.A. degree. Prerequisites: approval of student's committee; graduate level status with a minimum overall grade point average of 3.0 ("B"). Student must secure a written agreement with the supervising agency in which the internship will take place and departmental approval of that agreement. (Credit to be arranged: 2 to 5 units)
698. Extended Enrollment
Independent study leading to completion of requirements (other than course work) for the master's degree. To retain classified standing in the master's program, a student must enroll in 698 each quarter until the project or thesis is accepted or the comprehensive examination passed. Students who enroll in 698 through the university have full use of all university facilities. (Note: Students enrolled in 698 through the College of Extended Learning and taking no other courses through the regular university have access only to the library and their professor.) See Page 358, Culminating Experience: Exam, Thesis, or Project. Prerequisites: advancement to candidacy and approval of program graduate coordinator or, if an interdisciplinary studies major, consent of the Dean of Graduate Studies. (0 units)

699. Thesis
Independent graduate research culminating in a written thesis. Prerequisites: approval of prospectus by the student's advisory committee, advancement to candidacy, completion of all other required courses for the M.A. or consent of department. (5 units)

999. Comprehensive Examination
An assessment of the student's ability to integrate the knowledge of the area, show critical and independent thinking and demonstrate mastery of the subject matter. Prerequisites: advancement to candidacy, approval of department, completion of course work in the master's program, and in good academic standing. (0 units)
COMPUTER SCIENCE

Master of Science in Computer Science

Department of Computer Science
Jack Brown Hall, Room 307
880-5326

FACULTY: Richard Botting, Judith Cestaro,
Arturo Concepcion (Chair), George Georgiou, Ernesto Gomez,
Dennis Ikenberry (Emeritus), Yasha Karant,
Josephine Mendoza (Coordinator), Owen Murphy,
Keith Schubert, David Turner, Kerstin Voigt (Coordinator),
Tong Yu, Kay Zemoudeh

MASTER OF SCIENCE IN COMPUTER SCIENCE

Requirements (45 units)

The Master of Science in Computer Science degree program provides a technically oriented postbaccalaureate scientific education for those who wish to acquire or extend their knowledge in the field of computer science. The program combines both the study of modern computer devices and their applications along with the study of the philosophical foundations which underlie the discipline.

In addition to the above goals and objectives, the program is also committed to improving the writing and communication skills of the student.

Admission to the Program

In addition to the general requirements of the university, specific requirements for admission to classified graduate status are:

1. An acceptable score on the GRE (general examination only);
2. Three letters of recommendation;
3. Completion of the graduate entrance writing requirement;
4. A statement of purpose from the student; and
5. Either A or B below:
   A. A baccalaureate degree in computer science;
   B. A baccalaureate degree in a related field with a cumulative grade point average of "B" (3.0) or better with no grade lower than "C+" (2.3) in a selection of program preparatory courses including:
      1. The equivalent of a one-year sequence of "Introduction to Computer Science" courses, as defined by the ACM Curriculum Committee as courses CSCI 201 and CSCI 202. This can be satisfied by the successful completion of:
         CSCI 201. Computer Science I
         CSCI 202. Computer Science II
         CSCI 320. Data Structures
      2. Courses in calculus and discrete mathematics equivalent to:
         MATH 211. Basic Concepts of Calculus
         MATH 212. Calculus II
         MATH 272. Discrete Mathematics

Advancement to Candidacy

In order to be advanced to candidacy, a student must have:

1. Achieved classified standing;
2. Secured a major advisor from the Department of Computer Science for the preparation of the thesis or the implementation of a project;
3. Completed at least 12 quarter units and no more than 20 quarter units of work applicable to the degree program as a graduate student at this university with a minimum grade point average of 3.0 ("B");
4. Submitted a formal program of graduate study prepared in consultation with and approved by the Department of Computer Science graduate committee and/or the major advisor. This program of graduate study shall include an abstract to serve as a thesis research proposal for thesis option or a tentative title and description of the project for the project option, or enrollment in CSCI 689 for the exam option;
5. For students choosing the project option, satisfactory passage of the comprehensive oral examination to be administered by the graduate committee;
6. Obtained final approval of the program and of the candidacy itself by the Department of Computer Science graduate committee and the Dean of Graduate Studies.

Requirements for Graduation

1. A minimum of 45 quarter units of acceptable graduate-level work included in the formal program with 500- and 600-level courses in computer science. No more than eight units may be earned from 500-level courses;
2. Advancement to candidacy and approval of the specific program of study;
3. A public presentation for the thesis or project option;
4. Completion of a final oral examination concluded by acceptance of the thesis, for the thesis option; satisfactory completion of the comprehensive oral examination and completion of the project, for the project option; or satisfactory completion of the comprehensive written examination, for the examination option;
5. The program must be completed within a seven-year period. No more than seven years may elapse between the time of registration for the earliest course listed on the program and completion of all requirements for the degree;
6. A grade point average of at least 3.0 ("B") in all graduate course work fulfilling the requirements of the Master of Science in Computer Science and grades of "C" (2.0) or better in all courses in the program;
7. For the thesis option, the student will submit the written thesis in bound form to the department. For the project option, the student will submit the written software engineering documentation in bound form to the department;
8. The graduation writing requirement is met upon successful completion of term papers in the graduate courses taken by the student and the writing of the thesis or software engineering documentation of the project;
9. Any additional general requirements not cited above and listed on Page 356.

Department Graduate Committee and Major Advisor

The Department of Computer Science graduate committee consists of the graduate coordinators and two or more faculty members from the Department of Computer Science. The committee has general supervision over the work of students progressing towards the master's degree and will determine whether students are adequately prepared for graduate study. Each new graduate student should consult with the graduate coordinator for advice in the selection of the appropriate program of graduate study.
Students enrolled in the thesis or project option must choose and be accepted by a major advisor prior to their advancement to candidacy and the initiation of a thesis or project. The major advisor in consultation with the student will develop a program of graduate study consisting of specific courses and an acceptable thesis abstract or project proposal based on the student’s interest, abilities and preparation. The major advisor will direct this research.

The program of graduate study as well as any subsequent modification of the thesis or project are subject to the approval of the Department of Computer Science graduate committee and the Dean of Graduate Studies.

Students enrolled in the exam option are advised by the graduate coordinator. The program of study for the exam option consists of declaring and choosing the exam option and may not be modified to the thesis or project option.

**Thesis Preparation, Presentation and Examination**

The student must conduct a research study, and from these efforts, write a thesis acceptable to the student’s thesis committee and the Dean of Graduate Studies. The student’s thesis committee shall be chaired by the major advisor and two other faculty members who are chosen by the student upon consultation with the major advisor and the graduate coordinator. The thesis topic and major advisor must be included on the program of graduate study submitted with the application to candidacy, although this may be amended.

The student shall enroll in CSCI 699 at a rate of two to six units per quarter for all contiguous academic year quarters starting from the time of advancement to candidacy until the thesis is completed and accepted. Over that period, nine units of CSCI 699 will count toward the degree.

The student, upon completion of the thesis, must give a public presentation of the research and stand for the defense of the thesis before the faculty made up of the thesis committee and any other faculty members who wish to attend. The student is given a maximum of five years from the time they were advanced to candidacy to finish the degree.

**Project Preparation, Presentation and Examination**

The student must implement and complete a project acceptable to the student’s project committee and the Dean of Graduate Studies. The student’s project committee shall be chaired by the major advisor and two other faculty members who are chosen by the student after consultation with the major advisor and the graduate coordinator.

The project topic and major advisor must be included on the program of graduate study submitted with the application to candidacy, although this may be amended.

The student shall enroll in CSCI 690 at the rate of two to five units per quarter for all contiguous academic quarters starting from the time of advancement to candidacy until the project is completed and accepted. Over that period, five units of CSCI 690 will count toward the degree.

The student, upon completion of the project, must give a public presentation. The student is given a maximum of five years from the time they were advanced to candidacy to finish the degree.

**Comprehensive Written Examination**

The student shall enroll in CSCI 689 after consultation with the graduate coordinator and completion of or concurrently with the last core course(s). CSCI 689 is an independent study course in preparation of the comprehensive examination and may be repeated only once. Students enrolled in CSCI 689 must take and pass a four-hour written examination on the material in the core courses at the end of the quarter.

**Prerequisite courses:**

1. CSCI 598. Foundations of Computer Architecture (4) (Must be taken by students who did not have the equivalent of computer organization and architecture courses. This course may be taken as an elective.)
2. CSCI 599. Foundations of Software Systems (4) (Must be taken by students who did not have the equivalent of software engineering and operating system courses. This course may be taken as an elective.)

**Degree Requirements (45 units)**

1. CSCI 600. Formal Languages and Automata Theory (4)
2. CSCI 610. Modern Computer Architecture (4)
3. CSCI 630. Theory of Algorithms and Their Analysis (4)
4. CSCI 655. Software Engineering Concepts (4)
5. CSCI 660. Operating Systems Concepts and Theory (4)
6. Twenty-five units from one of the following options:
   A. Examination Option
      1. CSCI 689. Comprehensive Examination (1)
      2. Twenty-four units of elective coursework chosen from 500- to 600-level computer science courses deemed appropriate by the department graduate committee. Up to eight units of 500-level computer science courses may be taken.
   B. Project Option
      1. CSCI 690. Master’s Project (5)
      2. Twenty units of elective coursework chosen from 500- to 600-level computer science courses deemed appropriate by the department graduate committee. Up to eight units of 500-level computer science courses may be taken.
   C. Thesis Option
      1. CSCI 699. Thesis (9)
      2. Sixteen units of elective coursework chosen from 500- to 600-level computer science courses deemed appropriate by the department graduate committee. Up to eight units of 500-level computer science courses may be taken.

---

**COURSE OFFERINGS IN COMPUTER SCIENCE (CSCI)**

**Upper Division**

500. Introduction to Formal Languages and Automata (W)
Introduction to formal language theory. Finite state machines, regular grammars, context-free grammars, context-sensitive grammars, push-down automata, closure properties. Prerequisite: CSCI 331 or consent of instructor. (4 units)

510. Advanced Computer Architecture (W)
High performance computer architectures and algorithms including pipeline, vector, array, multi-processor computer designs, applications, and programming. Also covered are data flow and systolic machines, interconnection networks, and
511. Expert Systems
Expert systems components, problems and applications. Knowledge bases, inference "engines," and their integration within expert systems. Tools for building expert systems, system algorithms as related to hardware, implementation languages and examples of systems in operation. Prerequisite: CSCI 330. (4 units)

512. Introduction to Artificial Intelligence (W)
Problems and issues of artificial intelligence, current techniques and methods, and future prospects of machine intelligence. Three hours lecture and two hours activity laboratory. Formerly CSCI 411. Prerequisite: CSCI 330. (4 units)

513. Advanced Artificial Intelligence (S)
Advanced issues and techniques in artificial intelligence; intelligent agents for problem solving, reasoning and learning; advanced artificial intelligence programming in LISP. Three hours lecture and two hours activity laboratory. Prerequisite: CSCI 512 (or 411) or consent of instructor. (4 units)

515. Automated Reasoning (F)
Study of deduction algorithms for expert systems and the limitations thereof, propositional calculus, quantification theory, completeness and incompleteness theorems, Hebrand-Godel computability, resolution principle, equality and inequality relations. Prerequisite: CSCI 431 (or 331). (4 units)

520. Advanced Computer Graphics (S)
Advanced computer graphics concepts, theory and implementation techniques. Topics include shading models, parametric curves and surfaces, hidden edge and surface removal, and anti-aliasing. Prerequisites: CSCI 420, MATH 331 and either MATH 213 or 251. (4 units)

524. Supercomputing and Visualization (F)
Design and implementation of scientific applications on high performance computers emphasizing graphics and visualization techniques. Topics include parallel algorithm development, multiprocessor and multicomputer programming, and real-time visualization programming of computationally intensive problems in the sciences. Prerequisite: CSCI 202 or consent of instructor. (4 units)

525. Parallel Algorithms and Programming (S)
Topics include algorithm design, analysis, and programming of high performance computers. Also covered are control-parallel versus data-parallel approaches, PRAM algorithm design, and selected parallel programming languages. Four hours lecture. Prerequisite: CSCI 401. (4 units)

530. Data Communications and Networks (F)
Topics include baseband and broadband signals and modulation schemes. Error detecting and correcting codes, ISO protocol standard, packet switching and various local network schemes. Formerly CSCI 430. Three hours lecture and two hours activity laboratory. Formerly CSCI 430. Prerequisites: CSCI 313 or 498 and 330. (4 units)

531. High Performance Networks
High performance network methodologies. Methods to develop network performance measures and models. Introduction to path cost estimation and service reliability issues. Three hours lecture and two hours laboratory. Formerly a topic under CSCI 594. Prerequisite: CSCI 530 or consent of instructor. (4 units)

535. Numerical Computation
Introduction to scientific computing. Algorithms related to approximations, zero findings, numerical differentiation and integration, data fitting and interpolation, nonlinear equations. Three hours lecture and two hours laboratory. Materials fee required. Prerequisite: CSCI 313 or equivalent. (4 units)

540. System Simulation (F)
Theory and implementation of computerized modeling. Examples will include administrative, physical and biological systems. Prerequisite: CSCI 330 or consent of instructor. (4 units)

546. Introduction to Theory of Computation (S)
Deterministic and non-deterministic Turing machines, decidable and undecidable problems, complexity classes P and NP. Formerly CSCI 505. Prerequisite: CSCI 431 (or 331). (4 units)

556. Introduction to Formal Methods, Models and Languages (W)
Applications of logic and mathematics in documenting problems, requirements, specifications, designs, and software. Formal modeling languages. Diagrammatic, algebraic, and tabular models. Model checking. Students prepare, check, and present models using techniques in the literature. (Also offered as CSCI 656. Students may not receive credit for both.) Three hours lecture and two hours activity laboratory. Prerequisites: CSCI 320 and 330. (4 units)

565. Systems Programming (W)
Concepts of, and implementation techniques for systems software such as assemblers, editors, interpreters, linkers, loaders and operating systems. Formerly CSCI 450 and 465. Prerequisite: CSCI 460. (4 units)

570. Compilers (S)
Interpreter and compiler structures. Topics include symbol tables, lexical and syntactic scanners, and object code generation. Three hours lecture and two hours activity laboratory. Formerly CSCI 470. Prerequisites: CSCI 313 (or 260), 320 and 330. (4 units)

572. Data Base Systems (F)
Basic concepts of data base and the different approaches to data base organization—relational, network and hierarchical. Discusses storage structures necessary for an implementation of a data base design and provides "hands-on" application on one or more commercial data base management systems. Three hours lecture and two hours activity laboratory. Formerly CSCI 480. Prerequisite: CSCI 350. (4 units)

575. Internship in Computer Science
Supervised work and study in private or public organizations. May be repeated once for credit. Graded credit/no credit. Prerequisite: consent of internship coordinator. (4 units)
580. Advanced Data Base Systems (W)
Advanced description: advanced study of components of general data base systems and other topics such as implementation methods, query language design, reliability, integrity, performance measures, distributed database systems and database machines. Three hours lecture and two hours activity laboratory. Prerequisite: CSCI 572. (4 units)

594. Topics in Computer Science (S)
An in-depth consideration of selected areas of computer science. May be repeated for credit as topics change. Formerly CSCI 494, credit may not be received twice for the same topic. Prerequisite: CSCI 431 (or 331) or consent of instructor. (4 units)

595. Independent Study
Laboratory and/or library research conducted under the direction of a faculty member. A total of five units in CSCI 595 may be applied toward the computer science major. Prerequisites: a minimum overall grade point average of 3.0, consent of instructor and departmental approval of a written proposal of a project submitted on a standard application file in advance of the quarter in which the course is to be taken. (Credit to be arranged: 1 to 6 units)

598. Foundations of Computer Architecture (FS)
Boolean algebra and logic gates; combinational and sequential logic; processor design; data path design; control design; memory organization; and system organization. Prerequisites: CSCI 202, MATH 272, and consent of instructor. (4 units)

599. Foundations of Software Systems (W)
Software development process which includes software life-cycles, software techniques and technologies used to produce large software systems; operating systems including processes, input/output, memory management, and file systems. Prerequisites: CSCI 330 and consent of instructor. (4 units)

Graduate/Postbaccalaureate
May not be taken by undergraduate students

600. Formal Languages and Automata Theory (W)
Formal models in computer science including context free grammars, finite automata, regular expressions, pushdown automata and Turing machines. May not be taken for credit by students who have received credit for CSCI 500. Prerequisite: graduate standing in computer science or consent of instructor. (4 units)

610. Modern Computer Architecture (W)
Study of the elements and construction of advanced computer systems, including parallel systems, vector processors, network scheduling, neural networks, pipelining, array processors, and systolic arrays. May not be taken for credit by students who have received credit for CSCI 510 (or 410). Three hours lecture and two hours laboratory. Materials fee required. Prerequisite: graduate standing in computer science or consent of instructor. (4 units)

611. VLSI Circuit Design (F)
Fundamental design techniques for Very Large Scale Integrated (VLSI) circuits; physics of semi-conductor devices; design rules and circuit layouts; use of computer-aided design tools for design, layout and testing. Three hours lecture and two hours laboratory. Materials fee required. Prerequisite: graduate standing in computer science or consent of instructor. (4 units)

620. Programming Languages Theory (W)
Theory of programming languages, including implementation details, the required machine and data structures needed for user interfaces, coded parallelism, distributed processing facilities, functional and object oriented programming languages. Three hours lecture and two hours laboratory. Materials fee required. Prerequisite: graduate standing in computer science or consent of instructor. (4 units)

621. Contemporary Computer Graphics (S)
Theory and practice of modern graphics techniques. Topics include 3-D modeling, interaction, ray tracing, object representation, visualization, and animation techniques. Prerequisite: graduate standing in computer science or consent of instructor. (4 units)

624. Distributed Computer Systems (F)
Open Systems Interconnection (OSI) transport, presentation and application layers; distributed control; access methods; reliability; heterogeneity; resilience; applications in network operating systems, distributed operating systems and distributed database systems. Prerequisite: graduate standing in computer science or consent of instructor. (4 units)

625. Multiprocessor and Parallel Processing (S)
Tightly and loosely coupled multiprocessors; interconnection network; parallel programming languages; scheduling; problem decomposition; operating systems; performance; synchronization and communication; user-interface and programming environment; multiprocessor machine programming. May not be taken for credit by students who have received credit for CSCI 525. Prerequisite: graduate standing in computer science or consent of instructor. (4 units)

630. Theory of Algorithms and Their Analysis (S)
Algorithmic techniques, algorithm construction, algorithmic time and space complexities, properties of algorithms’ taxonomic classes; survey of processing algorithms for graphs, trees, sets, and sequences; algebraic, numeric and geometric analysis techniques. Prerequisite: graduate standing in computer science or consent of instructor. (4 units)

631. Advanced Data Communications (W)
Topics include high bandwidth networks, formal models of network performance, traffic and congestion control, formal routing theory, quality of service, and internet protocol suite adaptations to high bandwidth networks. May not be taken for credit by students who have received credit for CSCI 531. Three hours lecture and two hours laboratory. Materials fee required. Prerequisite: CSCI 530 or consent of instructor. (4 units)

634. Neural Networks (F)
Theory and applications of neural networks; current developments; perceptrons; Hopfield networks; self-organizing mappings and content-addressable memories; multi-layer networks. Prerequisite: graduate standing in computer science or consent of instructor. (4 units)

635. Numerical Algorithms and Simulation
Scientific computing and simulation. Systems of linear equations, linear least squares, backward error analysis and numerical stability; stiff equations, simulation, sparse matrices. Three hours lecture and two hours laboratory. Materials fee required. Prerequisite: CSCI 535 or equivalent. (4 units)

COUNSELING AND GUIDANCE

Master of Science in Counseling and Guidance
Faculty Office Building, Room 249
880-5606

FACULTY: Susan Brotherton, Margaret Cooney, Camille Mayers, Tennes Rosengren, Donna Schnorr, Dwight Sweeney, Joseph Turpin, Dudley West, John Winslade

MASTER OF SCIENCE IN COUNSELING AND GUIDANCE

Requirements (72 units)

The M.S. in Counseling and Guidance is a professional program preparing students to become educational counselors. The degree program is designed to fulfill all the California State requirements for counseling in grades K-12, so that a graduate will concurrently receive the M.S. and the California Pupil Personnel Services Credential.

Admission to the Program

In addition to the general requirements of the university, specific requirements for admission to classified graduate status are:

1. Attend an Educational Counseling Program admission orientation meeting (call the Department of Educational Psychology and Counseling for orientation schedule);
2. Submission of an Admissions Portfolio following criteria and guidelines provided at the orientation meetings. Portfolios will be evaluated in accordance to the Educational Counseling program portfolio rubric, student will be notified as to their status to enroll in ECLG 531. Completed portfolio contains:
   a. Application and current vitae/resume;
   b. Transcripts of all higher education coursework;
   c. Written Personal Statement;
   d. Three positive recommendations from persons having knowledge of applicant’s counseling potential (forms provided by program);
   e. Proof of successful completion of the CBEST;
   f. Evidence of current negative TB skin test;
   g. Evidence of possession of a valid California teaching credential or a Certificate of Clearance for eligibility to participate in fieldwork;
   h. Completion of EDUC 306 (or its equivalent) with a grade of "B" or better (fulfills the graduate entrance writing requirement);
   i. Evidence of technological literacy in six areas: word processing, database, computer presentation, downloading, internet and email;
3. Completion of ECLG 531 with a grade of "B" (3.0) or better. Must be taken concurrently with EDUC 607.

Upon completion of the above requirements, the student's file will be reviewed by an admission committee composed of at least three members of the Educational Counseling faculty. This committee will evaluate the admission folder and decide on the student's admission status. Students who do not meet admissions criteria will be notified of their deficiencies.

Advancement to Candidacy

In order to be formally advanced to candidacy a student must have:

1. Achieved classified graduate standing;
2. Completed 20 quarter units of coursework with a grade point average of 3.0 ("B"), to include ECLG 619, 654 and 656;
3. Filed an approved graduate program for completion of the degree. This must be prepared in consultation with a program advisor and approved by the program coordinator.

Requirements for Graduation

1. A minimum of 72 quarter units of graduate-level work, with a minimum of 54 units completed in residency at this university;
2. A minimum of 25 quarter units of credit taken after a student has been advanced to candidacy for the degree;
3. A grade point average of 3.0 ("B") in course work taken to satisfy the degree requirements, including a minimum of a "B" in ECLG 531 and 657A, a grade of "Credit" in ECLG 657B, and no grade below a "C" (2.0) in all other courses in the program;
4. The graduation writing requirement is met through demonstrated competence by completion of the Student Outcome Assessment Professional Portfolio;
5. Completion of a graduation requirement check;
6. Any additional requirements not cited above and listed on Page 355.

The comprehensive examination is designed to test the student's knowledge of the field of counseling and guidance. The examination is a standardized national exam, the Counselor Preparation Comprehensive Examination (CPCE). Students must enroll in the examination either through the regular registration process or through the College of Extended Learning in the Open University program. The student will take the examination during the third Fieldwork Experience course. The student must be advanced to candidacy one quarter before taking the comprehensive examination. The student must complete a graduation check with the Office of Records, Registration and Evaluations before permission to take the examination can be granted. Students who do not receive a passing score may petition the College of Education to retake the examination. Students who do not receive a passing score the second time must petition the Dean of Graduate Studies to retake the exam. Approval to retake the examination may be, at any time, contingent upon completion of additional designated courses.

The program may not include more than 18 quarter units in extension and transfer credit from other colleges. California State University, San Bernardino will not consider for transfer credit course work from an institution which will not accept that work in its own advanced degree program.

Prerequisite courses:

1. ECLG 531. Introduction to Counseling (4)
   Note: Must be taken concurrently with EDUC 607.
2. EDUC 306. Expository Writing for Education (4) or its equivalent

Degree Requirements (72 units)

1. EDUC 607. Introduction to Educational Research (4)
2. ECLG 619. Appraisal Procedures in Counseling (4)
3. ECLG 632. Advanced Psychological Foundations of Education (4)
4. ECLG 633. Advanced Study in Child and Adolescent Development (4)
Particular attention will be paid to the education of learners with exceptionalities and inclusive classrooms. Theories of motivation and research findings with specific relevance to learning process and human development within the context of educational psychology will be examined. Special attention will be paid to positive behavior interventions and principles of classroom management. Includes 30 hours of practica. (4 units)

633. Advanced Study in Child and Adolescent Development
Recent contributions in research, practical experimentation, or theory which have important bearing upon the problems of human development; the significance of the developmental approach in working with children and youth and their impact throughout the life-span. Topics will include cognitive, social, and personality development, and will examine biological, environmental, and family influences. Prerequisites: ECLG 531 and 632. (4 units)

647. Individual Testing and Case Study Techniques I
Intensive practice in administration and interpretation of the Wechsler Scales: Preschool Scale, Primary Scale of Intelligence, Adult Intelligence Scale and Preschool Scale of Intelligence Scale for Children Revised. Three hours lecture and four hours practica. Materials fee required. Prerequisite: ECLG 619 or equivalent. (5 units)

648. Individual Testing and Case Study Techniques II
Intensive practice in administration and interpretation of Stanford-Binet, memory scales, cognitive processing scales, and selected personality measures with attention to integration of results in case studies. Three hours lecture and four hours practica. Materials fee required. Prerequisite: ECLG 647. (5 units)

649. Ecological Assessment and Case Study Techniques
Curriculum-based and play-based authentic assessment techniques. Use of ecological and alternative methods of assessing students and their needs. Three hours lecture and four hours practica. Materials fee required. Prerequisites: ECLG 647 and 648. (5 units)

650. Applied Career Counseling
Overview of career counseling, career education and application of career counseling and guidance to schools, educationally related agencies and special settings. Prerequisites: ECLG 531 and 619. (4 units)

651. Professional School Counselor
Theory and practical applications of comprehensive school counseling programs at the elementary, middle, and high school levels. Experience-based approach to program management and guidance curriculum development. (4 units)

654. Legal and Ethical Issues in Counseling and Guidance
Legal and ethical constraints and considerations in the school counseling profession. (4 units)

655. Multicultural Counseling
Theory of and practical applications of counseling skills to serve multiethnic school populations. Analysis of differing socioeconomic, racial, and social backgrounds of students. (4 units)
656. Counseling Theories and Techniques
Theories and techniques of counseling; application to educational settings; experiential orientation. Prerequisite: ECLG 531. (4 units)

657. Counseling Practicum
A. Supervised practice in the application of counseling skills, theories and techniques. Includes 30 hours of practica. Prerequisites: ECLG 531; 631 or EREH 652. (4 units)
B. Supervised practice in counseling in a laboratory setting. Includes 30 hours of practica. Graded credit/no credit. Prerequisite: ECLG 657A with a grade of "B" or better. (4 units)

658. Consulting with Parents and Staff
Theory and methods of consultation and theory with parents, teachers, and administrators and theory and methods of the supervision process. Prerequisite: ECLG 657B. (4 units)

660. Seminar in Child/Adolescent Psychopathology and Treatment
Interdisciplinary approach to understanding abnormal child development within the context of multicultural settings. Use of taxonomical approach including IDEA (Individuals with Disabilities Education Act) and DSMIV (Diagnostic Statistical Manual IV) and standard treatment protocol. Prerequisite: completion of introductory course in child development or equivalent. (4 units)

672. Leadership, Advocacy, and Preventive Education in Counseling
The importance and function of leadership, student advocacy, and the role of "change agent" by pupil personnel service providers. The planning, implementation and evaluation of school counseling and guidance programs that increase student learning and achievement. Prerequisite: ECLG 657B. (4 units)

678. Theory and Practice of Group Counseling
Theories and techniques of group counseling in educationally-related institutions. Experientially-based. Includes 30 hours of practica. Prerequisites: ECLG 531; 632 or EREH 652; ECLG 656; and 657A or 657B. (4 units)

679. Counseling Field Experience
Field practice with direct pupil contact (minimum 150 hours) in an educational setting under supervision of certificated personnel. Graded credit/no credit.
A. Multicultural. Prerequisites: ECLG 655, 656 and 657B. (4 units)
B. Elementary School. Prerequisites: ECLG 657B and 679A. (4 units)
C. Middle School. Prerequisites: ECLG 657B and 679A. (4 units)
D. High School. Prerequisites: ECLG 657B and 679A. (4 units)
E. Educational Institution. Prerequisites: ECLG 657B, 678 and consent of instructor. (4 units)

686. Seminar in Counseling of Children and Parents
Study of theories and techniques in counseling with parents and children. Emphasis on methodology and application of counseling skills. Prerequisite: pupil personnel services credential. (4 units)

687. School Psychologists as Change Agents: Theory and Practice
Organizational models, systems analysis, powers and change theories and strategies as applied to educational institutions. Includes 20 hours of practica. Prerequisite: pupil personnel services credential. (4 units)

689. Seminar/Internship in School Psychology
Weekly seminar in the theory and practice of school psychology supervision, with emphasis on case presentation. Total of 1200 hours (in either paid or unpaid positions) in a supervised setting. Two hours lecture, plus internship hours. May be repeated for credit. Graded credit/no credit. Materials fee required. Prerequisites: ECLG 649, 660, and 687.
A. (4 units)
B. (4 units)
C. (4 units)
D. (4 units)

693. Special Topics in School Psychology
Selected topics in school psychology, such as professional issues, ethics and current practices, applicable State Education Codes and court decisions, use of community resources; in-service training theory and practicum. May be repeated for credit as topics change. Prerequisites: ECLG 649, 660 and 687. (4 units)

696. Special Topics in Counselor Education
Relevant issues in counselor education. May be repeated for credit as topics change. (2 units)

999. Comprehensive Examination
Assessment of the student's knowledge of the eight common core areas (standards) related to the field of counseling as designated by the California Commission on Teacher Credentialing: human growth and development, social and cultural foundations, helping relationships, group work, career and lifestyle development, appraisal, research and program evaluation and professional orientation and ethics. Graded credit/no credit. Prerequisites: advancement to candidacy, approval of department, completion of course work in the master's program, and in good academic standing. (0 units)
CRIMINAL JUSTICE

Master of Arts in Criminal Justice

Department of Criminal Justice

Social and Behavioral Sciences Building, Room 209
880-5506

FACULTY: Gisela Bichler-Robertson, Frances Coles, John Conley, Christine Famega, Larry Gaines (Chair), Brian Levin, Deborah Parsons, Melissa Pochak, Pamela Schram, Dale Sechrest, Stephen Tibbetts, John Worrall

MASTER OF ARTS IN CRIMINAL JUSTICE

Requirements (45 units)

The Master of Arts in Criminal Justice is designed to serve the growing number of individuals in the criminal justice system who desire postbaccalaureate education, as well as those in more traditional public and private employment who may wish to acquire further education in criminal justice.

The degree program offers two options. One is a thesis option designed for students who intend to pursue graduate studies beyond the M.A. level and those students who have special research interests in the criminal justice system. The examination option is for those with administrative and management goals.

The program can serve a variety of student interests. It has been designed with a limited prerequisite requirement to enable students with baccalaureate degrees in related fields such as psychology, administration, anthropology, sociology or social sciences to enroll along with students with undergraduate degrees in criminal justice.

The program is intended for evening students primarily and, therefore, classes will be predominately scheduled between 4 p.m. and 10 p.m.

Admission to the M.A. Program

The Graduate Committee cannot act on applications until they have been reviewed by the Office of Admissions and Student Recruitment and have met university admissions requirements. Completed applications for admission must be received by the graduate coordinator by April 1.

In addition to the general requirements of the university, specific requirements for admission to classified graduate status are:

1. A baccalaureate degree from an accredited college or university;
2. Completion of an undergraduate major in criminal justice, criminology, sociology, or in an allied field such as psychology, administration, or another social science, or recommendation for admission to the program by the Graduate Admissions Committee. Competence in the following prerequisite areas: criminological theory, law enforcement, institutional and community corrections, research methods and statistics is expected;
3. Completion of the graduate entrance writing requirement;
4. A minimum undergraduate grade point average of at least 3.0 overall and 3.0 ("B") in the major;
5. Submission of any available GRE or MAT (Miller Analogies Test) scores, in the event the applicant feels that such scores would enhance their chances of admission. Submission of such scores is not mandatory;
6. Submission to the criminal justice program of three letters of recommendation from individuals who are familiar with the student’s academic work and potential to complete the program successfully. Letters must come directly from the writer or be included in a placement file, and will be evaluated by criminal justice faculty members. Applications will be evaluated on a competitive basis and enrollment is limited.

Adancement to Candidacy

To be advanced to candidacy, a student must have:

1. Achieved classified standing;
2. Traditional Thesis M.A. Option: completed all required course work except thesis, or Professional M.A. Option: completed all required course work except Comprehensive Examination;
3. Completed all course work taken before advancement to candidacy with a minimum grade point average of 3.0 ("B"). Completed all course work with no more than one course with a grade as low as "C." If a second such grade is earned, the student will be dismissed from the program, but may petition the graduate admission committee for readmission. After reviewing the petition, the committee may allow readmission under such conditions as it deems appropriate. A third grade of "C" or lower will result in permanent dismissal from the program with no recourse to petition;
4. For the traditional thesis option: made arrangements for three faculty members, in consultation with the criminal justice graduate coordinator, to serve as the student's graduate advisory committee, with one member designated to chair the committee;
5. Submitted a formal program of graduate studies to the criminal justice graduate coordinator as approved by the graduate committee. This should be done no later than the end of the second quarter of graduate work;
6. Petitioned the graduate committee, during the quarter in which all course work is to be completed, for formal advancement. The graduate committee will then consider the student's scholastic performance and other circumstances and either grant advancement to candidacy, specify necessary preparatory studies, or recommend other courses of action.

Requirements for Graduation

1. A minimum of 45 units of acceptable graduate level work, with at least 32 quarter units completed in residence at this university;
2. Completion of course work and an acceptable thesis and final oral defense, or Completion of course work and registration in and completion of the comprehensive examination with a grade of credit (Plan II below);
3. Any additional general requirements not cited above and listed on Page 356.
## Degree Requirements (45 units)

### Plan I (Traditional Thesis M.A. Option)

1. CJUS 604. Advanced Techniques of Basic and Applied Research in Criminal Justice (4)
2. CJUS 605. Proseminar in Criminal Justice (4)
3. CJUS 606. Statistical Analysis in Criminal Justice (4)
4. CJUS 607. Applying Criminological Theory to Criminal Justice (4)
5. CJUS 686. Graduate Review in Criminal Justice (1)
6. Twenty units of electives to be chosen in consultation with an advisor from:
   - CJUS 504. Criminal Procedure (4)
   - CJUS 550. Crime and Intelligence Analysis (4)
   - CJUS 570. Crime in Public Spaces (4)
   - CJUS 580. Juvenile Justice System (4)
   - CJUS 590. Topics in Criminal Justice (2 or 4)
   - CJUS 608. Crime, Criminals and Victims (4)
   - CJUS 629. Minorities in the Criminal Justice System (4)
   - CJUS 630. Legal Issues in Criminal Justice (4)
   - CJUS 631. Seminar in Corrections (4)
   - CJUS 632. Seminar in Policing (4)
   - CJUS 650. Directed Area Studies in Criminal Justice (1-4)
   - PA 557. Public Sector Labor Relations (4)
   - PA 611. Public Administration Theory and Practice (4)
   - PA 662. Human Resource Management in the Public Sector (4)
   - PA 663. Public Budgeting and Finance (4)
   - PA 672. Administrative Regulation (4)
   - PA 680. Public Policy Analysis (4)
   - SW 614. Child Abuse and Neglect (4)
   - SW 616. Human Sexuality in Social Work Practice (4)
   - SW 620. Social Work with Alcohol and Drug Abuse (4)
   - SW 622. Crisis Intervention and Emergency Treatment (4)
7. CJUS 699. Comprehensive Examination (with a grade of credit "CR") (0)

### Plan II (Professional M.A. Option)

1. CJUS 604. Advanced Techniques of Basic and Applied Research in Criminal Justice (4)
2. CJUS 605. Proseminar in Criminal Justice (4)
3. CJUS 606. Statistical Analysis in Criminal Justice (4)
4. CJUS 607. Applying Criminological Theory to Criminal Justice (4)
5. CJUS 686. Graduate Review in Criminal Justice (1)
6. Twenty-eight units of electives to be chosen in consultation with an advisor from:
   - CJUS 504. Criminal Procedure (4)
   - CJUS 550. Crime and Intelligence Analysis (4)
   - CJUS 570. Crime in Public Spaces (4)
   - CJUS 580. Juvenile Justice System (4)
   - CJUS 590D. Topics in Criminal Justice (may be repeated as topics change) (4)
   - CJUS 608. Crime, Criminals and Victims (4)
   - CJUS 629. Minorities in the Criminal Justice System (4)
   - CJUS 630. Legal Issues in Criminal Justice (4)
   - CJUS 631. Seminar in Corrections (4)
   - CJUS 632. Seminar in Policing (4)
   - CJUS 650. Directed Area Studies in Criminal Justice (1-4)
   - PA 557. Public Sector Labor Relations (4)
   - PA 611. Public Administration Theory and Practice (4)
   - PA 662. Human Resource Management in the Public Sector (4)
   - PA 663. Public Budgeting and Finance (4)
   - PA 672. Administrative Regulation (4)
   - PA 680. Public Policy Analysis (4)
   - SW 614. Child Abuse and Neglect (4)
   - SW 616. Human Sexuality in Social Work Practice (4)
   - SW 620. Social Work with Alcohol and Drug Abuse (4)
   - SW 622. Crisis Intervention and Emergency Treatment (4)
7. CJUS 699A. Thesis (4)
8. CJUS 699B. Thesis (4)

## COURSE OFFERINGS IN CRIMINAL JUSTICE (CJUS)

### Upper Division

#### 504. Criminal Procedure
Examination of the rules governing criminal procedure. Impact of statutes and case law on criminal justice practitioners including the 4th, 5th, 6th, 8th and 14th Amendments as they affect the accused, the convicted, and the employees working in the criminal justice system. Formerly CJUS 304. Prerequisites: CJUS 102 and consent of instructor. (4 units)

#### 550. Crime and Intelligence Analysis
Analysis of existing criminal justice information systems with current computer applications in order to assist criminal investigations, examine crime patterns and resolve community crime problems. Analytical techniques including link diagrams, telephone tolls, and visual investigations. Prerequisites: CJUS 311 and 312 or equivalent. (4 units)

#### 554. Terrorism
Characteristics and causes of terrorism emerging in the 21st century. An analysis from a criminal justice perspective of terror movements affecting the United States covering legal issues, investigations, and criminal profile. (4 units)

#### 570. Crime in Public Spaces
Field research on the interrelationship between the built urban environment and crime. Involvement in a community project to study public places that generate and attract crime in order to develop creative solutions. Prerequisite: CJUS 311 and 312 or equivalent. (4 units)

#### 575. Internship in Criminal Justice
Supervised work and study in private or public organizations. Only four units may be applied to the criminal justice major. Open only to criminal justice majors. Graded credit/no credit. Prerequisite: consent of internship coordinator. (4 units)

#### 580. Juvenile Justice System
History, development and theory of the juvenile justice system. Formerly CJUS 353 and 380. (4 units)
590. Topics in Criminal Justice
Special topics in criminal justice. May be repeated for credit with consent of instructor as topics change. Prerequisite: junior, senior or graduate standing. (Credit to be arranged: 1 to 4 units)

595. Independent Study
In-depth research into special topics concerned with the criminal justice system utilizing readings, library and/or field research. A total of four units may be applied toward the criminal justice major. Prerequisites: a minimum overall grade point average of 3.0, consent of instructor and department chair’s approval of a written proposal of a project submitted on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 1 to 4 units)

597. Senior Honors Project
Original research in an area of criminal justice studies, culminating in a major research report receiving approval of the criminal justice faculty. Enrollment limited to students whose formal application for departmental honors is approved. (4 units)

598. Integrative Studies in Criminal Justice
Overview and integration of major issues in criminal justice. Cannot be counted toward the M.A. in Criminal Justice. Limited to senior and graduate students. (4 units)

Graduate/Postbaccalaureate
May not be taken by undergraduate students

604. Advanced Techniques of Basic and Applied Research in Criminal Justice
The application of scientific methods used as a means for inquiry, description and analysis of crime and the behavior of the criminal justice system. Prerequisite: CJUS 311 with a grade of "C" or better or consent of instructor. (4 units)

605. Proseminar in Criminal Justice
Overview of contemporary research and literature across the criminal justice field. Topics will include current writings and research on crime, police, courts and corrections. (4 units)

606. Statistical Analysis in Criminal Justice
Quantitative analytical techniques for criminal justice data. Emphasis will be placed on using and interpreting nonparametric and multivariate statistics. Prerequisite: CJUS 312 with a grade of "C" or better or consent of instructor. (4 units)

607. Applying Criminological Theory to Criminal Justice
Analysis of social, behavioral and biochemical theories of crime, delinquency and victimization as they apply to criminal justice policy decisions. Examination of pertinent theoretical research and critique of theory formation. (4 units)

608. Crime, Criminals and Victims
Relationships between general crime trends and emerging patterns of criminal activity, and the composition of the offender and victim populations. (4 units)

629. Minorities in the Criminal Justice System
Roles and treatment of minority populations within the criminal justice system, including historical background, personnel and offender issues, current problems, needs and future directions. (4 units)

630. Legal Issues in Criminal Justice
Tort actions against representatives of criminal justice agencies based on case law in the areas of general civil liability, prisoner rights, and administrative and management practices. (4 units)

631. Seminar in Corrections
Exploration of topics in correctional administration including public opinion, civil rights, court intervention, system reform and the management of correctional personnel. (4 units)

632. Seminar in Policing
Exploration of issues in police administration including public opinion, civil rights, court interventions, system reform and the management of police personnel. (4 units)

650. Directed Area Studies in Criminal Justice
Advanced study in a specific area selected by the student with the approval of the student's committee. Prerequisite: consent of instructor. (Credit to be arranged: 1 to 4 units)

686. Graduate Review in Criminal Justice
Assessment of graduate students' knowledge and understanding of criminal justice theory and practice. Required of all graduate students in criminal justice master's program. Graded credit/no credit. Prerequisite: advancement to candidacy. (1 unit)

698. Extended Enrollment
Independent study leading to completion of requirements (other than course work) for the master's degree. To retain classified standing in the master's program, a student must enroll in 698 each quarter until the project or thesis is accepted or the comprehensive examination passed. Students who enroll in 698 through the university have full use of all university facilities. (Note: Students enrolled in 698 through the College of Extended Learning and taking no other courses through the regular university have access only to the library and their professor.) See Page 358, Culminating Experience: Exam, Thesis, or Project. Prerequisites: advancement to candidacy and approval of program graduate coordinator or, if an interdisciplinary studies major, consent of the Dean of Graduate Studies. (0 units)

699. Thesis
Preparation of the thesis for the Master of Arts in Criminal Justice under the direction of a faculty member from the student's committee. CJUS 699B must be completed before credit will be awarded for 699A. Graded credit/no credit.
A. Prerequisite: advancement to candidacy. (4 units)
B. Prerequisite: CJUS 699A. (4 units)

999. Comprehensive Examination
An assessment of the student's ability to integrate the knowledge of the area, show critical and independent thinking and demonstrate mastery of the subject matter. Prerequisites: advancement to candidacy, approval of department, completion of course work in the master's program, and in good academic standing. (0 units)
The following courses are offered in support of various graduate degree programs offered at this university.

### COURSE OFFERINGS IN ECONOMICS (ECON)

**Graduate/Postbaccalaureate**
May not be taken by undergraduate students

- **600. Proseminar in Economics**
  Survey of the concepts and ideas that economists study, how they approach the study of economic phenomena, and what methods they employ in their analysis. The seminar will include discussion of the relationships of the discipline to other social science disciplines and the unique contributions economics has made to knowledge in general and in the social sciences. Prerequisite: consent of instructor. (4 units)

- **630. International Economic Issues**
  Contemporary international economic issues of relevance in planning and implementing policy. (4 units)
EDUCATION

Master of Arts in Education
with options in:
  Bilingual/Cross-Cultural
  Career and Technical Education
  Curriculum and Instruction
  Environmental Education
  Health Education
  Instructional Technology
  Kinesiology
  Language, Literacy and Culture (Primary Language) and BCLAD Credential
  Reading/Language Arts

Master of Arts in Education

The M.A. in education with an option in bilingual/cross-cultural education is designed to give advanced training to personnel involved in bilingual programs in grades K-12. The program should also meet the needs of community college personnel who are involved in the training of classroom aides and other paraprofessionals.

The M.A. in education with an option in career and technical education is designed to provide advanced and specialized education to personnel working in a variety of settings related to vocational education such as secondary, postsecondary and private schools. The program should also meet the requirements for leadership positions in these facilities.

The Master of Arts program in curriculum and instruction is designed for both elementary and secondary teachers. The program provides opportunities for teachers to gain expertise and knowledge in subject matter content and pedagogy, to gain expertise and knowledge in order to prepare for National Board Certification in the state of California, to gain expertise and knowledge in the areas of mentoring and supervision of pre-interns, interns and beginning teachers in public schools, or to teach gifted and talented students.

The M.A. in education with an option in environmental education is designed to prepare individuals to teach environmental education effectively in indoor and outdoor settings and to all grade/age levels and enables graduates to assume leadership in environmental education in schools, nature centers, and other interpretative situations. Admission to the program requires teaching experience, but not a teaching credential.

The M.A. in education with an option in reading/language arts meets the needs of the candidate who is interested in increasing skills in the effective teaching of reading/language arts. The program is competency based and places emphasis on the models and methods that enhance the strategic processing of language arts.

The M.A. in education with an option in special education will provide advanced preparation for teaching the learning handicapped, and will provide training for those persons interested in administrative positions or leadership positions in special education.

The M.A. in education with an option in instructional technology is designed to meet the needs of technology professionals in schools and other education related settings, as well as business settings. The program has two emphases: research and design/development.

The M.A. in education with an option in teaching English to speakers of other languages prepares educators to meet the needs of English language learners in K-12 classrooms in the United States and abroad. The teaching of English around the world is one of the fastest-growing international professions and offers worldwide English teaching opportunities to qualified graduates. Courses in ESL teaching methods and supervised fieldwork opportunities provide a broad overview of theories of language acquisition and social cultural influences on language learning, and strengthen the mastery of classroom techniques.

The M.A. in Interdisciplinary Studies with an Integrative Studies Option is an innovative program for creative educators. It is designed for educators interested in entering a dialogue with a cohort of master's students and a team of professors to explore how to develop and implement innovative and meaningful curriculum. See Page 463 for a description of the program.

M.A. in Education (Bilingual/Cross-Cultural Option)

Requirements (48 units)

Admission to the Program

In addition to the general requirements of the university, specific requirements for admission to classified graduate status are:

1. A valid teaching credential, teaching experience, or departmental approval;
2. A grade point average of at least 2.5 in the last 90 quarter units and a 3.0 ("B") in all bilingual/crosscultural courses;
3. Demonstrated proficiency in Spanish;
4. Completed the graduate entrance writing requirement.

Students who do not meet these criteria may be admitted as conditionally classified graduate students. Students admitted in this category may be changed to classified standing with approval of the College of Education. No more than 20 quarter units may be used to demonstrate fitness to complete the program.

Advancement to Candidacy

In order to be formally advanced to candidacy, a student must have:

1. Achieved classified standing;
2. Completed, with a grade point average of 3.0 ("B"), 16 quarter units of course work, at least 12 of which must have been on
this campus and approved by an advisor in the College of Education;

Note: Between the time of completing 15 units and 23 units of applicable course work the student is required to apply for advancement to candidacy.

3. Filed an approved graduate program for completion of the degree. This must be prepared in consultation with an advisor in the College of Education and approved by the Dean of the College of Education and the Dean of Graduate Studies.

Requirements for Graduation

1. A minimum of 48 quarter units of acceptable graduate-level work, with a minimum of 34 units completed in residence at this university;
2. A minimum of 23 quarter units taken after the student has been advanced to candidacy for the degree;
3. A grade point average of 3.0 ("B") in course work taken to satisfy the Master of Arts degree requirements, and grades of "C" (2.0) or better in all courses in the program;
4. Successful completion of EDUC 600. Master's Degree Project, which also satisfies the graduation writing requirement;
5. A minimum of 26 units in courses numbered 600 or above included as part of the approved program;
6. Any additional general requirements not cited above and listed on Page 356.

A satisfactory project is one which can be reported in the form of a paper and/or through other media. The project proposal and the project must be approved by the student's advisor and one other professor in the College of Education and submitted in an approved format. Further information is available from the College of Education regarding an approved format for the project proposal and project.

Students must register for EDUC 600 and these units must be part of the required 48 units.

Students will be encouraged to present projects in a variety of media. The purpose of the project is for the student to communicate ideas gained in research, experimentation and creative endeavors; therefore, students should not feel bound to the traditional forms. All projects will be planned in consultation with the student's advisor.

The program may not include more than 14 quarter units in approved extension and transfer courses from other colleges. California State University, San Bernardino will not consider for transfer credit course work from an institution which will not accept that work in its own advanced degree program.

Degree Requirements (48 units)

1. EDUC 603. Effective Communication in Education (4)
2. EDUC 605. Foundations of Education (4)
3. EDUC 607. Introduction to Educational Research (4)
4. EELB 606. Theory and Practice in Teaching Bilingual Students I (4)
5. EELB 608. Research in Bilingual/Cross-Cultural Education (4)
6. EELB 612. Social and Cultural Contexts for School Learning (4)
7. EESL 613. Cognition and Language Acquisition (4)
8. Four units chosen from:
   EELB 611. Spanish Children's Literature for the Bilingual Classroom (4)
   EELB 625. Curriculum and Materials for Bilingual and ESL Classrooms (4)
   EELB 626. Literacy and Bilingual Development (4)
9. Four units chosen from:
   EELB 627. Innovations in Bilingual Education (4)
   EELB 628. Bilingualism and the Social Construction of Mind (4)
10. Eight units of electives chosen from:
    ECLG 655. Multicultural Counseling (4)
    EDCI 664. Thesis/Project Design in Curriculum and Instruction (2)
    EESL 670. Principles and Practice in TESOL (4)
    HIST 565. Ethnic Minorities in American History (4)
    HIST 566. Ethnic Minorities in the American Southwest: Past and Present (4)
    Other courses selected in consultation with program advisor.
11. Culminating Project (4)
   EDUC 600. Master's Degree Project (4)

M.A. IN EDUCATION (CAREER AND TECHNICAL EDUCATION OPTION)

Requirements (45 units)

Admission to the Program

Applicants must possess a baccalaureate degree from an accredited college or university. Prior to being admitted to the Master of Arts program in the College of Education, applicants must be admitted to the university as an unclassified graduate student. Application for admission to the university should be made at least three months prior to the date the applicant would like to begin taking courses.

Advancement to Candidacy

In order to be formally advanced to candidacy, applicants must have:
1. Been accepted to the College of Education as a classified graduate student;
2. Completed the graduate entrance writing requirement;
3. Filed an approved graduate program form for completion of the degree.

Applicants are encouraged to take EVOC 637 as soon as possible and to see a Master of Arts advisor before signing up for any courses.

Requirements for Graduation

1. A minimum of 45 quarter units of acceptable work, with 32 completed in residence at this university;
2. A minimum of 22 units of credit taken after a student has been advanced to candidacy for the degree;
3. A grade point average of 3.0 ("B") in course work taken to satisfy the Master of Arts degree requirements and grades of "C" (2.0) or better in all courses in the program;
4. Registration and successful completion of a master's degree project (EDUC 600) or comprehensive examination (EVOC 999);
5. The graduation writing requirement is met upon successful completion of the master's degree project or comprehensive examination;
6. Any additional general requirements not cited above and listed on Page 356.

A satisfactory project is one which can be reported in the form of a paper and/or through other media. The project proposal must be approved by the student's advisor and one other professor in the College of Education and submitted in an approved format.
Further information is available from the College of Education regarding an approved format for the project proposal and project. Students will be encouraged to present projects in a variety of media. The purpose of the project is for the student to communicate ideas gained in research, experimentation and creative endeavors; therefore, students should not feel bound to the traditional forms. All projects will be planned in consultation with the student's advisor. The program may not include more than 13 quarter units in approved extension and transfer courses from other colleges. California State University, San Bernardino will not consider for transfer credit course work from an institution which will not accept that work in its own advanced degree program.

Degree Requirements (45 units)
1. EDUC 603. Effective Communication in Education (4)
2. EDUC 605. Foundations of Education (4)
3. EDUC 607. Introduction to Educational Research (4)
4. EVOC 519. Computer Applications for Vocational Education Teachers (4)
5. EVOC 637. Foundations of Vocational Education (4)
6. EVOC 638. Critical Issues for the Professional Vocational Educator (4)
7. EVOC 639. Professional Competencies in Vocational Education (4)
8. Successful completion of Track A or Track B:
   Track A
   1. EDUC 600. Master's Degree Project (4)
   2. EDUC 601A. Advanced Independent Study Topics in Education (1)
   Track B
   1. EVOC 999. Comprehensive Examination (0)
9. Twelve units Track A or 17 units Track B from one of the following emphasis areas:
   Counseling
   1. ECLG 650. Applied Career Counseling (4)
   2. Remaining units of electives approved by the candidate's advisor. This course work may also be applied (where appropriate) toward the Certificate in Rehabilitation Counseling.

Curriculum Development
1. EDCI 620. School Curriculum (4)
2. Remaining units of electives approved by the candidate's advisor.

Educational Computing
1. ETEC 546. Computer Based Technology in Education II (4)
2. Remaining units of electives approved by the candidate's advisor. This course work may also be applied (where appropriate) toward the Certificate in Educational Computing.

Educational Technology
1. ETEC 544. Design and Development of Instructional Materials I (4)
2. Remaining units of electives approved by the candidate's advisor. This course work may also be applied (where appropriate) toward the Certificate in Educational Technology.

School Administration
1. EADM 601. Educational Leadership (4)
2. Remaining units of electives approved by the candidate's advisor. This course work may also be applied (where appropriate) toward the Administrative Services Preliminary credential.

Special Education
1. ESPE 530. Psychology and Education of Exceptional Individuals (4)
2. Remaining units of electives approved by the candidate's advisor.

Supervision and Coordination
1. EVOC 508. Organization and Structure of Designated Subjects Programs (4)
2. EVOC 509. Personnel Management in Designated Subjects Programs (4)
3. EVOC 510. Field Work in Coordination and Supervision of Designated Subjects Programs (4)
4. Remaining units of electives approved by the candidate's advisor. This course work may also be applied (where appropriate) toward the Supervision and Coordination of Designated Subjects Program credential.

M.A. IN EDUCATION
(CURRICULUM AND INSTRUCTION OPTION)

Requirements (46 units)

Admission to the Program
In addition to the general requirements of the university specific requirements for admission to classified graduate status are:
1. A valid teaching credential or teaching experience;
2. A cumulative grade point average of 3.0 ("B") in all courses taken in education;
3. Completion of the graduate entrance writing requirement;
4. Three letters of recommendation, one from the school where the candidate has most recently taught or is currently teaching, to be evaluated by faculty members in the program.

Students who do not meet these criteria may be admitted as conditionally classified graduate students. Students admitted in this category may be changed to classified standing with approval of the Teacher Education Office. No more than 20 quarter units may be used to demonstrate fitness to complete the program.

Advancement to Candidacy
In order to be advanced to candidacy, a student must have:
1. Achieved classified standing;
2. Completed with a grade point average of 3.0 ("B"), at least 16 quarter units of applicable course work in graduate standing, at least 12 of which have been taken at this campus and approved by an advisor in the College of Education;
   Note: Between the time of completing 15 units and 23 units of applicable course work the student is required to apply for advancement to candidacy.
3. Satisfactorily completed EDUC 603 and 605;
4. Secured approval of candidacy from the College of Education;
5. Filed an approved graduate program for completion of the degree. This must be prepared in consultation with an advisor in the College of Education and approved by the Dean of the College of Education and the Dean of Graduate Studies.

Requirements for Graduation
1. A minimum of 46 quarter units of acceptable graduate-level work, with a minimum of 33 completed in residence at this university,
2. A minimum of 23 quarter units taken after the student has been advanced to candidacy for the degree;
3. A grade point average of 3.0 ("B") in course work taken to satisfy the Master of Arts degree requirements and grades of "C" (2.0) or better in all courses in the program;
4. Successful completion of one of the following:
   Track A. Master's Project (6 units)
   1. EDUC 600. Master's Degree Project (4)
   2. EDCI 664. Thesis/Project Design in Curriculum and Instruction (2)

   The purpose of the thesis/project is for the student to communicate ideas gained in research, experimentation and creative endeavors.

   A satisfactory thesis/project is one which reflects original works and shows a level of competence appropriate for a master's degree. A thesis/project can be reported in the form of a paper and/or through other media. Students who plan to go on to doctoral studies are encouraged to discuss the thesis/project option with their advisor.

   All theses/projects will be planned in consultation with the student's advisor. The thesis/project proposal and the thesis/project must be approved by the student's advisor and one other professor in the College of Education and submitted in an approved format. Further information is available from the College of Education regarding an approved format.

   Students who choose the thesis/project option must take eight units in the electives category.

   Track B. Comprehensive Examination (2 units)
   1. EDCI 663. Comprehensive Evaluation in Curriculum and Instruction (2)
   2. EDCI 999. Comprehensive Examination (0)

   The written comprehensive examination is designed to test the student's knowledge in the field of curriculum and instruction. The examination will be given in the fall and spring quarters. Students may take the examination twice. Students who choose the comprehensive option must enroll in 12 units in the electives category with approval of an advisor. Students following the Gifted and Talented Education Emphasis must complete EDCI 663 and 999, and will not enroll in any elective courses;
5. The graduation writing requirement is met upon successful completion of 4A or 4B above;
6. A minimum of 26 units in courses numbered 600 or above included as part of the approved graduate program;
7. Any additional general requirements not cited above and listed on Page 356.

   The program may not include more than 12 quarter units in approved extension and transfer courses from other colleges. California State University, San Bernardino will not consider for transfer credit course work from an institution which will not accept that work in its own advanced degree program.

**Degree Requirements (46 units)**

**Core courses (12 units)**
1. EDUC 603. Effective Communication in Education (4)
2. EDUC 605. Foundations of Education (4)
3. EDUC 607. Introduction to Educational Research (4)

**Curriculum and Instruction Core (12 units)**
1. EDCI 620. School Curriculum (4)
2. EDCI 624. Advanced Teaching Methodology (4)
3. EDCI 628. Educational Assessment in K-12 Schools (4)

**Emphasis Area (8-20 units)**
1. Students must choose one of the following areas:
   **Early Adolescents (Grades 5-9) (12 units)**
   Designed for current practitioners to gain expertise and knowledge in the areas of supervision early adolescent development that is needed to address the California Content and Performance Standards for grades 5-9.
   1. EDCI 655. Early Adolescent Educational Psychology (4)
   2. EDCI 656. Curriculum for Early Adolescents (4)
   3. EDCI 657. Instructional Strategies for Early Adolescents (4)

**Electives (Track A: 8 units/Track B: 12 units)**

   Students pursuing the Early Adolescents Track must take four units in Track A or eight units in Track B.

   1. Students may select from the following list or consult with their advisor for additional elective possibilities:
      EADM 619. Legal Aspects of Education (4)
      EDCI 656. Curriculum for Early Adolescents (4)
      EELB 315. Reading/Language Arts Curriculum and Pedagogy (3)
      EELB 316. Reading/Language Arts (Primary Language) Curriculum and Pedagogy (3)
      EELB 423. Mathematics Curriculum and Pedagogy (4)
      EELB 425. Literacy and Second Language Acquisition for the Intermediate Reader and Beyond (3)
      EELB 532. Science/Health Curriculum and Pedagogy (4)
      EELB 533. Social Studies and the Arts Curriculum and Pedagogy (4)
      EELB 534. Social Studies and the Arts (Primary Language) Curriculum and Pedagogy (4)
      EELB 555. Internship Seminar III: Literacy and Second Language Acquisition in the Elementary School (4)
      EELB 697. Implementing Educational Change (4)
      ESEC 443. Adolescent Development and Educational Contexts (4)
      ESEC 510. Teaching English as a Second Language in Secondary Schools (4)
      ESEC 515. Issues and Trends in Secondary Education (2) for a total of (4)
      ESEC 602. Special Topics in Secondary Education (2)
      ESEC 697. Implementing Educational Change (4)
      ETEC 546. Computer Based Technology in Education II (4)

   May choose only one of the following courses or an appropriate single subject matter course chosen in consultation with an advisor:
      ART 499. Art Education: Methods and Materials (4)
      ESEC 441. Secondary School Curriculum and Instruction II (4)
      MATH 499. Teaching Mathematics (4)
      MUS 410. Music in the Elementary Schools (4)
      MUS 411. Music in the Secondary Schools (4)
   **Curriculum and Instruction (8 units)**
   Designed for current practitioners to gain expertise and knowledge in their content areas. Students choose eight units from one of the following categories:
   1. Elementary: Eight units chosen from:
      EDCI 638. Advanced Educational Psychology (4)
      EELB 630. Children's Literature in the Classroom (4)
404 / Education

EELB 632. Mathematics Clinic (4)
EELB 634. Advanced Social Studies Methods (4)
EELB 636. Advanced Science Methods (4)

2. Secondary: Eight units of upper division or graduate-level electives, outside the College of Education, normally in the candidate's teaching area(s), selected with the approval of an advisor.

Gifted and Talented Education (20 units)

Designed for current practitioners to gain expertise and knowledge in the area of gifted and talented education (GATE) that are needed to address the California Department of Education Standards for Programs for Gifted and Talented students. (Also provides the five courses required for the GATE Certificate.)

1. ECLG 536. Social-Emotional Development of the Gifted and Talented (4)
2. ESPE 538. Introduction to Teaching the Gifted and Talented (4)
3. ESPE 539. Programs for Teaching the Gifted and Talented (4)
4. EDCI 540. Differentiated Curriculum and Instruction (4)
5. EDCI 543. Creativity, Thinking and Problem Solving (4)

National Board Certification (8 units)

Designed for current practitioners to gain expertise and knowledge in preparation for National Board Certification in the state of California.

1. EDCI 650A. Professional Teacher Development Seminar A (4)
2. EDCI 650B. Professional Teacher Development Seminar B (4)

Mentoring and Supervision (8 units)

Designed for current practitioners to gain expertise and knowledge in the areas of supervision of pre-interns, interns and beginning teachers in the public schools.

1. EDCI 652. Service Learning in Public Schools (4)
2. EDCI 653. Supervision and Mentoring of Classroom Teachers (4)

Culminating Experience (Track A: 6 units, Track B: 2 units)

1. Students must take one of the following two tracks:
   Track A: Master's Thesis/Project Option (6 units)
   1. EDCI 664. Thesis/Project Design in Curriculum and Instruction (2)
   2. EDUC 600. Master's Degree Project (4)
   Track B: Comprehensive Examination Option (2 units)
   1. This track must be completed by students following the emphasis area of Gifted and Talented Education.
   2. EDCI 663. Comprehensive Evaluation in Curriculum and Instruction (2)
   2. EDCI 999. Comprehensive Examination (0)

M.A. IN EDUCATION (ENVIRONMENTAL EDUCATION OPTION)

Requirements (48 units)

Admission to the Program

In addition to the general requirements of the university, specific requirements for admission to classified graduate status are as follows:

1. A valid teaching credential;
2. Multiple subject science methods course work or appropriate single subject methods course work;
3. Completion of the graduate entrance writing requirement;
4. Either A or B as follows:
   A. Academic preparation as demonstrated by completion of a lower-division course in biological science with laboratory, a lower-division course in physical science with laboratory, and one upper-division course from each of the following three categories:
      1. Life Sciences:
         BIOL 319. Local Flora
         BIOL 321. Evolution
         BIOL 370. Symbiosis
         BIOL 450. Ecology
         or other approved course
      2. Environmental Sciences:
         GEOG 350. Conservation and Natural Resources
         GEOG 360. Weather and Climate
         GEOG 370. Landscape Analysis
         GEOG 470. Hydrology and Water Resources
         HSCI 352. Principles of Environmental Health
         HSCI 355. Health, Consumer and Environmental Law
         or other approved course
      3. Natural Sciences:
         GEOL 310. Regional Field Geology
         GEOL 312. Geology of California
         NSCI 310. The Environment and Human Survival
         NSCI 314. Life in the Cosmos
         NSCI 320. Energy
         NSCI 351. Health and Human Ecology
         NSCI 499. Teaching of Natural Sciences Subjects: Teaching Biology
         NSCI 499. Teaching of Natural Sciences Subjects: Teaching Chemistry
         NSCI 499. Teaching of Natural Sciences Subjects: Teaching Physics
         NSCI 499. Teaching of Natural Sciences Subjects: Teaching Physics
   B. An undergraduate major in science;
5. In lieu of meeting all or part of requirements 1, 2, and 4 for admission to classified graduate status, applicant may apply to the environmental education option committee. Applicant's previous course of study and/or extensive work experiences may be judged by the committee as satisfactory preparation for graduate study in environmental education.

Advancement to Candidacy

In order to be formally advanced to candidacy a student must have:
1. Achieved classified standing;
2. Completed, with a grade point average of 3.0 ("B"), 16 quarter units of course work, at least 12 of which must have been on this campus and approved by an advisor in the College of Education;
   Note: Between the time of completing 15 and 23 units of applicable course work the student is required to apply for advancement to candidacy.
3. Secured approval of candidacy from the College of Education;
4. Filed an approved graduate program for completion of the degree. This must be prepared in consultation with advisors, one
from the College of Education and one from an appropriate related subject area, and approved by the Dean of the College of Education and the Dean of Graduate Studies.

Requirements for Graduation

1. A minimum of 48 quarter units of acceptable work, with 34 completed in residence at this university;
2. A minimum of 23 units taken after a student has been advanced to candidacy for the degree;
3. A grade point average of 3.0 ("B") in course work taken to satisfy the Master of Arts degree requirements and grade of "C" (2.0) or better in all courses in the program;
4. Successful completion of the following:
   - EDUC 603. Effective Communication in Education
   - EDUC 605. Foundations of Education
   - EDUC 607. Introduction to Educational Research
5. The graduation writing requirement is met upon successful completion of the Master's Degree Project;
6. Successful completion of EDUC 600. Master's Degree Project.

A satisfactory project is one which can be reported in the form of a paper and/or through other media. The project proposal and the project must be approved by the student's advisor and one other professor in the College of Education and submitted in an approved format. Further information is available at the M.A. Handbook available in the Coyote Bookstore.

Students will be encouraged to present projects in a variety of media. The purpose of the project is for the student to communicate ideas gained in research, experimentation, and creative endeavors; therefore, students should not feel bound to the traditional forms. All projects will be planned in consultation with the student's advisor.

The program may not include more than 14 quarter units in approved extension and transfer courses from other colleges. California State University, San Bernardino will not consider for transfer credit course work from an institution which will not accept that work in its own advanced degree program.

Degree Requirements (48 units)

1. EDUC 600. Master's Degree Project (4)
2. EDUC 603. Effective Communication in Education (4)
3. EDUC 605. Foundations of Education (4)
4. EDUC 607. Introduction to Educational Research (4)
5. EENV 635. Environmental Education in the Curriculum (4)
6. EENV 642. Developing the Curriculum Through Outdoor Education (4)
7. EENV 643. Community Resources for Environmental Education (4)
8. One of the following:
   - EENV 670A. Topics in Environmental Education: Current Issues (2)
   - EENV 670B. Topics in Environmental Education: Readings in Environmental Education (2)
   - EENV 670C. Topics in Environmental Education: Outdoor Studies (2)
   - EENV 670D. Topics in Environmental Education: Laboratory Science Applications (2)
   - EENV 670E. Topics in Environmental Education: Language Arts Applications (2)
   - EENV 670F. Topics in Environmental Education: Social Studies Applications (2)
   - EENV 670G. Topics in Environmental Education: Technology Applications (2)
   - EENV 670H. Topics in Environmental Education: Arts Applications (2)
   - EENV 670J. Topics in Environmental Education: Environmental Ethics (2)
   - EENV 670K. Topics in Environmental Education: Selected Topics (2)
   - EENV 670L. Topics in Environmental Education: Nature Study Applications (2)
   - EENV 670M. Topics in Environmental Education: Plant Study Applications (2)
   - EENV 670N. Topics in Environmental Education: Animal Study Applications (2)
   - EENV 670P. Topics in Environmental Education: Marine Science Applications (2)

10. Fourteen units of electives, ten units of which must be taken outside the College of Education and which must include courses from each of the following three groups:

Group A

(Requirement cannot be satisfied with units/courses previously taken to satisfy admission requirements.)

- BIOL 319. Local Flora (5)
- BIOL 321. Evolution (4)
- BIOL 370. Symbiosis (4)
- BIOL 450. Ecology (5)
- GEOL 310. Intermediate Field Studies (2)

Selected Topics (2)

Group B

(Requirement cannot be satisfied with units/courses previously taken to satisfy admission requirements.)

- GEOG 350. Conservation and Natural Resources (4)
- GEOG 360. Weather and Climate (4)
- GEOG 370. Landscape Analysis (4)
- GEOG 415. Urban Planning and Land Development (4)
- GEOG 470. Hydrology and Water Resources (4)
- HSCI 352. Principles of Environmental Health (4)
- HSCI 355. Principles of Epidemiology (4)

or others upon consent of advisor.

Group C

(Requirement cannot be satisfied with units/courses previously taken to satisfy admission requirements.)

- EENV 679. Fieldwork: Environmental Education (4)
- PHIL 350. Ethics (4)

One of the following:

- EELB 636. Advanced Science Methods (4)
- NSCI 499. Methods and Materials in the Teaching of Natural Sciences Subjects: Teaching Biology (4)
- NSCI 499. Methods and Materials in the Teaching of Natural Sciences Subjects: Teaching Chemistry (4)
- NSCI 499. Methods and Materials in the Teaching of Natural Sciences Subjects: Teaching Physics (4)

In addition to the units and topic taken as a required course:

- EENV 670A. Topics in Environmental Education: Current Issues (2)
- EENV 670B. Topics in Environmental Education: Readings in Environmental Education (2)
4. Secured the approval of candidacy from the College of Education and the Department of Health Science and Human Ecology.

3. Satisfactorily completed EDUC 605 and 607;

2. Completed at least 16 quarter units of acceptable coursework from an institution which will not accept that work in its own advanced degree program.

1. Achieved classified standing;

M.A. IN EDUCATION (HEALTH EDUCATION OPTION)
Requirements (48 units)

Admission to the Program
In addition to the general requirements of the university, specific requirements for admission to classified graduate status are:

1. A valid teaching credential, teaching experience or related experience;
2. An undergraduate major in health science (school or community health education concentration) or related discipline;
3. Completion of HSCI 470 and 471 with a grade of "B" or better;
4. Completion of the graduate entrance writing requirement;
5. Three letters of recommendation, to be evaluated by faculty members in the program.

Students who do not meet these criteria may be admitted as conditionally classified graduate students. Change to classified standing can be made only with approval of the College of Education and the Department of Health Science and Human Ecology. No more than 20 quarter units may be used to demonstrate fitness to complete the program.

Advancement to Candidacy
In order to be advanced to candidacy, a student must have:

1. Obtained classified standing;
2. Completed at least 16 quarter units of acceptable coursework at this university, with the approval of the advisors and with a minimum grade point average of 3.0 ("B") in core courses.
3. Satisfactorily completed EDUC 605 and 607;
4. Secured the approval of candidacy from the College of Education and the Department of Health Science and Human Ecology;
M.A. IN EDUCATION (INSTRUCTIONAL TECHNOLOGY OPTION)

Requirements (48 units)

Admission to the Program
In addition to the general requirements of the university, specific requirements for admission to classified graduate status are:
1. A cumulative grade point average of 3.0 ("B") in all upper-division courses;
2. Completion of the graduate entrance writing requirement;
3. Three letters of recommendation, from individuals familiar with the applicant's work history or educational background.

Students who do not meet these criteria may be admitted as conditionally classified graduate students. Students admitted in this category may be changed to classified standing with approval of the College of Education. No more than 20 quarter units may be used to demonstrate fitness to complete the program.

Advancement to Candidacy
In order to be advanced to candidacy, a student must have:
1. Achieved classified standing;
2. Completed with a grade point average of 3.0 ("B"), at least 16 quarter units of applicable course work in graduate standing, at least 12 of which have been taken at this campus and approved by an advisor in the College of Education;
3. Satisfactorily completed EDUC 607, ETEC 500, 543 and 544;
4. Secured approval of candidacy from the College of Education; and
5. Filed an approved graduate program for completion of the degree.

Requirements for Graduation
1. A cumulative grade point average of 3.0 ("B") in all upper-division courses;
2. A minimum of 28 quarter units of credit taken after a student has been advanced to candidacy for the degree;
3. Three letters of recommendation, to be evaluated by faculty members in the program.
4. Successful completion of a master's degree project. The project, part of a course or courses other than independent study, normally in the candidate's teaching area, can be reported in the form of a paper and/or other media. The project must be approved by the advisor and submitted in the approved format. Both media and non-media projects require a final written report. The project proposal and the project must be approved by the student's advisor and two other professors, at least one of whom must be from the College of Education. Further information is available from the College of Education regarding an approved format for the project proposal and project.

The purpose of the project is for the student to communicate ideas gained in research, experimentation and creative endeavors; therefore, students should not feel bound to traditional forms. All projects will be planned in consultation with the student's advisor;

5. The graduation writing requirement is met upon successful completion of the Master's Degree Project;
6. A minimum of 26 units in courses numbered 600 or above included as part of the approved graduate program;
7. Any additional general requirements not cited above and listed on Page 356.

The program may not include more than 14 quarter units in approved extension and transfer courses from other colleges. California State University, San Bernardino will not consider for transfer credit course work from an institution which will not accept that work in its own advanced degree program.

Degree Requirements (48 units)
1. EDUC 603. Effective Communication in Education (4)
2. EDUC 605. Foundations of Education (4)
3. EDUC 607. Introduction to Educational Research (4)
4. ETEC 500. Foundations in Instructional Technology (4)
5. ETEC 543. Technology and Learning I (4)
6. ETEC 544. Design and Development of Instructional Materials I (4)
7. ETEC 692. Practicum in Educational Technology (4)
8. One of the following (4 units):
   Research
   ETEC 643. Technology and Learning II (4)
   Design/Development
   ETEC 644. Design and Development of Instructional Materials II (4)
9. Electives
   Twelve units chosen from:
   ETEC 546. Computer Based Technology in Education II (4)
   ETEC 617. Instructional Development and Change Process (4)
   ETEC 623. Technology for Educational Leaders (4)
   ETEC 634. Information Systems in Education (4)
   ETEC 674. Telecommunications in Education (4)
   ETEC 676. Advanced Topics in Instructional Technology (2-8)

   Students may take up to eight units from other programs, departments, colleges or universities.
10. ETEC 699. Master's Degree Project (4)

M.A. IN EDUCATION (KINESIOLOGY OPTION)
Requirements (46 units)

Admission to the Program
In addition to the general requirements of the university, specific requirements for admission to classified graduate status are:
1. A valid teaching credential, teaching experience or related experience;
2. An undergraduate major in kinesiology and physical education or related discipline;
3. Completion of the graduate entrance writing requirement;
4. Three letters of recommendation, to be evaluated by faculty members in the program.

Students who do not meet these criteria may be admitted as conditionally classified graduate students. Change to classified standing can be made only with approval of the College of Education and the Department of Kinesiology. No more than 20 quarter units may be used to demonstrate fitness to complete the program.
Advancement to Candidacy
In order to be advanced to candidacy, a student must have:
1. Achieved classified standing;
2. Completed at least 16 quarter units of acceptable course work at this university, with the approval of the advisors and with a minimum grade point average of 3.0 ("B"). At least eight units must be in kinesiology, and four units in education;
3. Satisfactorily completed EDUC 605 and 607;
4. Secured the approval of candidacy from the College of Education and the Department of Kinesiology;
5. Filed an approved graduate program for completion of the degree. This must be prepared in consultation with advisors in the College of Education and in the Department of Kinesiology and approved by the college, the department and the Dean of Graduate Studies.
Each student will have an advisor from the College of Education and one from the Department of Kinesiology. Dual signatures are necessary for registration for the initial quarter.

Requirements for Graduation
1. A minimum of 46 quarter units of acceptable graduate-level work, with 33 completed in residence at this university;
2. At least 23 quarter units of credit taken after a student has been advanced to candidacy for the degree;
3. A grade point average of 3.0 ("B") in course work taken to satisfy the Master of Arts degree requirements and grades of "C" (2.0) or better in all courses in the program;
4. Five specified courses in education; seven courses in kinesiology and four to six electives;
5. Successful completion of the following: EDUC 600. Master's Degree Project (4)
   A satisfactory project is one which can be reported in the form of a paper and/or through other media. Students will be encouraged to present projects in a variety of media. The purpose of the project is for the student to communicate ideas gained in research, experimentation and creative endeavors; therefore, students should not feel bound to traditional forms. All projects will be planned in consultation with the Graduate Coordinator in the Department of Kinesiology. The project proposal and the project must be approved by the Graduate Coordinator in the Department of Kinesiology and submitted in an approved format.
   The program may not include more than 13 quarter units in extension and transfer credit from other colleges. California State University, San Bernardino will not consider for transfer credit course work from an institution which will not accept that work in its own advanced degree program.

Degree Requirements (46 units)
1. EDUC 603. Effective Communication in Education (4)
2. EDUC 605. Foundations of Education (4)
3. EDUC 607. Introduction to Educational Research (4)
4. ESEC 441. Secondary School Curriculum and Instruction II (4)
5. KINE 600. Graduate Seminar (2)
6. KINE 623. Sport and Social Issues (4)
7. KINE 624. Sport Psychology (4)
8. KINE 630. Physical Education for Special Populations (4)
9. KINE 670. Leadership in Physical Education (4)
10. KINE 681. Exercise and Sport Science (4)
11. KINE 685. Analysis of Human Movement (4)

M.A. IN EDUCATION
LANGUAGE, LITERACY AND CULTURE [PRIMARY LANGUAGE]
OPTION) AND BCLAD CREDENTIAL
Requirements (78 units)
This program option is designed for successful candidates to complete both the Master of Arts degree and BCLAD credential in two years (seven quarters) of full-time study, including summer. Some students may take longer to complete the program if individual circumstances so dictate.

Admission to the Program
In addition to the general requirements of the university, specific requirements for admission to this program and classified graduate status are:
1. Admission to Multiple Subject Credential (Intern Track) with a Bilingual Crosscultural, Language and Academic Development Emphasis (BCLAD) Program. See pages 19-42 in the Handbook for the Multiple Subject Credential Programs: 2003-2004;
2. Completion of application form;
3. A grade point average of at least 2.5 in the last 90 quarter units;
4. Demonstrated proficiency in Spanish;
5. Completion of the graduate entrance writing requirement.

Advancement to Candidacy
In order to be formally advanced to candidacy, a student must have:
1. Achieved classified standing;
2. Completed, with a grade point average of 3.0 ("B"), 16 quarter units of course work all of which must have been taken on this campus and approved by an advisor in the College of Education;
   Note: Between the time of completing 15 units and 23 units of applicable course work the student is required to apply for advancement to candidacy.
3. Filed an approved graduate program for completion of the degree. This must be prepared in consultation with an advisor in the College of Education and approved by the program coordinator.

Requirements for Graduation
1. Successful completion of all the required course work and additional requirements for the Multiple Subject Credential (Intern Track) with a Bilingual Crosscultural, Language and Academic Development Emphasis (BCLAD) Credential (54 units);
2. A minimum of 46 quarter units of acceptable graduate level work, with a minimum of 38 units completed in residence at this university;
3. A grade point average of 3.0 ("B") in course work taken to satisfy the Master of Arts degree requirements, and grades of 3.0 ("B") or better in all courses in the program;
4. The Reading Instruction Competence Assessment (RICA) exam with a passing score;
5. Successful completion of a comprehensive examination in bilingual education, which also satisfies the graduation writing requirement;
6. A minimum of 40 units in courses numbered 600 or above or their equivalents as determined by a College of Education advisor included as part of the approved program;
7. Any additional general requirements not cited above and listed on Page 356. The program may not include more than eight quarter units in approved extension and transfer courses from other colleges. California State University, San Bernardino will not consider transfer credit course work from an institution which will not accept that work in its own advanced degree program.

Program prerequisites (8-10 units)
1. Students entering the program must have successfully completed:
   A. ENG 311. The English Language (4)
   B. One of the following:
      EELB 301. Growth and Development in Socio-Educational Contexts (4)
      HD 240. Introduction to Child Development (4) and a concurrent observation course (2)

Program prerequisites or corequisites (6 units)
1. Students entering the program must have successfully completed or be currently enrolled in:
   A. HSCI 100. Concepts in Health (2)
   B. One of the following:
      ESPE 350. Introduction to Special Populations for General Education Teachers (4)
      PSYC 350. Development of Exceptional Children (4)

Degree and Credential Requirements (78 units)

Requirements for Graduation

Admission to the Program
In addition to the general requirements of the university, specific requirements for admission to classified graduate status are:
1. A valid basic California teaching credential or teaching experience;
2. A cumulative grade point average of 3.0 ("B") in all courses taken in education;
3. Completion of the graduate entrance writing requirement.
   Students who do not meet these criteria may be admitted as conditionally classified graduate students. Students admitted in this category may be changed to classified standing with approval of the College of Education. No more than 16 quarter units may be used to demonstrate fitness to complete the program.

Advancement to Candidacy
In order to be formally advanced to candidacy, a student must have:
1. Achieved classified standing;
2. Completed with a grade point average of 3.0 ("B"), 12 quarter units of course work at least eight of which must have been on this campus and approved by an advisor in the College of Education;
3. Secured approval of candidacy from the College of Education;
4. Filed an approved graduate program for completion of the degree. This must be prepared in consultation with an advisor in the College of Education and approved by the program coordinator.

Requirements for Graduation
1. A minimum of 48 quarter units of acceptable work, with 35 completed in residence at this university;
2. A minimum of 23 quarter units of credit taken after a student has been advanced to candidacy for the degree;
3. A grade point average of 3.0 ("B") in course work taken to satisfy the Master of Arts degree requirements and grades of "C" (2.0) or better in all courses in the program;
4. Successful completion of A or B below:
   A. ERDG 999. Comprehensive Examination (0), ERDG 643. Critical Issues in Intermediate Reading and Writing (4)
   B. EDUC 600. Master's Degree Project;
5. The graduation writing requirement is met upon successful completion of ERDG 631;
6. Any additional general requirements not cited above and listed on Page 356. A satisfactory project is one which can be reported in the form of a paper and/or through other media. The project proposal and the project must be approved by the student's advisor and one other professor in the College of Education and submitted in an approved format. Further information is available in the Graduate
Thesis and Project Handbook available in the Coyote Bookstore. Students who elect to complete a project are not required to take a comprehensive examination.

Students will be encouraged to present projects in a variety of media. The purpose of the project is for the student to communicate ideas gained in research, experimentation and creative endeavors; therefore, students should not feel bound to the traditional forms. All projects will be planned in consultation with the student's advisor.

The comprehensive examination is of an integrative nature and is designed to test the student's knowledge of the field of reading/language arts rather than the subject matter of courses taken. The examination in reading/language arts is offered once each quarter. Students must enroll in the examination either through the regular registration process or through the College of Extended Learning in the Open University program. The student may enroll in the examination no earlier than the last quarter in which course work is taken. The student must complete a graduation check with the Office of Records, Registration and Evaluations before permission to take the examination can be granted.

Students who do not receive a passing score may petition the College of Education to retake the examination or any part of it. Students who do not receive a passing score the second time must petition the Dean of Graduate Studies to take it again. Approval to retake the examination may be, at any time, contingent upon completion of additional designated courses.

The program may not include more than 13 quarter units in approved extension and transfer courses from other colleges. California State University, San Bernardino will not consider for transfer credit course work from an institution which will not accept that work in its own advanced degree program.

**Degree Requirements (48 units)**

**Core Courses (12 units)**
1. EDUC 603. Effective Communication in Education (4)
2. EDUC 605. Foundations of Education (4)
3. EDUC 607. Introduction to Educational Research (4)

**Reading Core (32 units)**
1. ERDG 620. Foundations of Reading and Writing (4)
   **Note:** ERDG 620 is a prerequisite for all courses in the program.
2. ERDG 622. Basic Materials and Approaches to Reading and Writing (4)
3. ERDG 625. Practicum in Reading and Writing (4)
4. ERDG 631. Curriculum Perspectives in Reading and Writing (4)
5. ERDG 632. Assessment/Evaluation in Reading and Writing (4)
6. ERDG 640. Early Reading: Assessment and Intervention (4)
7. ERDG 642. Images of Culture through Children's Literature (4)
8. ERDG 658. Literacy and Language Processes (4)

**Culminating Experience (4 units)**
1. Successful completion of A or B below:
   A. ERDG 643. Critical Issues in Intermediate Reading and Writing (4)
      ERDG 999. Comprehensive Examination (0)
   B. Master's Degree Project Option
      EDUC 600. Master's Degree Project (4)

**M.A. IN EDUCATION**

**(SCIENCE EDUCATION OPTION )**

**Requirements (48 units)**

**Admission to the Program**
In addition to the general requirements of the university, specific requirements for admission to classified graduate status are:
1. A valid basic California science teaching credential or related teaching experience.
2. A cumulative grade point average of 3.0 ("B") in all courses taken in education and in science;
3. Completion of the graduate entrance writing requirement.

Students who do not meet these criteria may be admitted as conditionally classified graduate students. Change to classified standing can be made only with approval of the Department of Science, Mathematics and Technology Education.

**Advancement to Candidacy**
In order to be advanced to candidacy, a student must have:
1. Achieved classified standing;
2. Completed at least 16 quarter units and not more than 20 quarter units of acceptable course work at this university work with the approval of the program coordinator and with a minimum grade point average of 3.0 ("B") or better;
3. Satisfactorily completed EDUC 605 and 607;
4. Filed an approved graduate program for completion of the degree. This must be prepared in consultation with the advisor. In the case of a student taking more than 16 units of science in their program, at least one of their committee members must be from the College of Natural Sciences.

**Requirements for Graduation**
1. A minimum of 48 quarter units of acceptable graduate level work, with at least 36 completed in residence at this university, and 34 units taken at the 500- to 600-level;
2.Completion of the 22 unit core in education, science education, and natural sciences. Two specified courses in education; three specified courses in science education, and one specified course in natural sciences. The remaining 26 units may be chosen from the list of electives in science education and/or science;
3. A grade point average of 3.0 ("B") in course work taken to satisfy the Master of Arts degree requirements and grades of "C" (2.0) or better in all courses in the program;
4. Successful completion of the Masters Thesis/Project in Education;
5. Successful completion of the thesis/project to meet the university graduation writing requirement.

**Degree Requirements (48 units)**

**Core Courses (18 units)**
1. EDUC 605. Foundations of Education (4)
2. EDUC 607. Introduction to Educational Research (4)
3. EDUC 634. Research in Science Education Seminar (2)
4. Four units chosen from:
   EELB 636. Advanced Science Methods (4)
   ESEC 648. Advanced Topics in Teaching Middle School Science (4)
   ESEC 649. Advanced Topics in Teaching Sciences at the High School Level (4)
5. NSCI 604. The Nature and History of Science (4)
Electives (26 units)

1. Twenty-six units selected from Science Education or Science (if not taken as part of the core). A minimum of 12 units must be from 500- to 600-level courses. It is suggested that electives are taken from the following list; others may be substituted with consultation with the student's advisor:
   - EDUC 623. The Science Curriculum (2)
   - EDUC 644. Inquiry Teaching and Learning in the Science Classroom (2)
   - EDUC 645. Issues in Science, Technology, and Society in the Classroom (2)
   - EELB 636. Advanced Science Methods (4)
   - ESEC 648. Advanced Topics in Teaching Middle School Science (4)
   - ESEC 649. Advanced Topics in Teaching Sciences at the High School Level (4)

Science elective courses for those having a teaching credential in science

- BIOL 301. Biology in the Classroom (4)
- BIOL 304. Biology of Cancer (4)
- BIOL 305. Biology of Dinosauria (4)
- BIOL 306. Human Heredity and Development (4)
- BIOL 314. Biology of Human Sexuality (4)
- BIOL 319. Local Flora (5)
- BIOL 321. Evolution (4)
- BIOL 349. Biology of Ecosystems (5)
- BIOL 380. Medical and Economic Botany (4)
- BIOL 450. Ecology (5)
- BIOL 455. Marine Biology and Ecology (5)
- BIOL 492. Recombinant DNA Techniques (4)

May choose only one of the following two courses:

- BIOL 532. Techniques in Ultrastructure Analysis (5)
- GEOL 532. Techniques in Ultrastructure Analysis (5)
- BIOL 575. Internship in Biology (2)
- CHEM 436. Biochemistry I (5)
- CHEM 437. Biochemistry II (5)
- CHEM 439. Separation Techniques in Biochemistry (2)
- CHEM 500. Topics in Chemistry (2)
- CHEM 501. Advanced Laboratory Techniques (2)
- CHEM 521. Advanced Organic Chemistry (4)
- CHEM 575. Internship in Chemistry (4)
- CHEM 590. Chemistry Seminar (1)
- CSCI 575. Internship in Computer Science (4)
- GEOG 202. Introduction to Geographic Information Systems and Mapping (5)
- GEOG 350. Conservation and Natural Resources (4)
- GEOG 360. Weather and Climate (4)
- GEOG 370. Landscape Analysis (4)
- GEOG 470. Hydrology and Water Resources (4)
- GEOG 480. Geomorphology (4)
- GEOG 501. Introduction to Geologic Mapping (4)
- GEOG 510. Regional Field Geology (2)
- GEOG 512. Geology of California (4)
- GEOG 330. Sedimentary Petrology (5)
- GEOG 350. Paleontology (5)
- GEOG 360. Structural Geology (5)
- GEOG 390. Field Camp (8)
- GEOG 460. Topics in Applied Geology (4)
- GEOG 520. Readings in Classical Geology (2)
- GEOG 540. Advanced Topics in Geology (4)

- GEOL 575. Internship in Geology (2-4)
- GEOL 590. Senior Seminar (1)
- HSCI 322. Air Pollution (2)
- HSCI 352. Principles of Environmental Health (4)
- HSCI 380. Toxicology (2)
- HSCI 403. Vector-Borne Disease Control (5)
- HSCI 451. Principles of Epidemiology (4)
- MATH 307. Mathematics in Science (4)
- NSCI 633. Developing Chemistry Laboratories (1)
- NSCI 634. Developing Geoscience Laboratories (1)
- NSCI 635. Developing Life Science Laboratories (1)
- NSCI 636. Developing Physics Laboratories (1)
- NSCI 645. Issues in Science, Technology and Society (2)
- PHYS 585. Internship in Physics (2-4)
- PHYS 590. Physics Seminar (1)

Science elective courses for those having a teaching credential in science

- BIOL 301. Biology in the Classroom (4)
- BIOL 304. Biology of Cancer (4)
- BIOL 305. Biology of Dinosauria (4)
- BIOL 306. Human Heredity and Development (4)
- BIOL 314. Biology of Human Sexuality (4)
- BIOL 350. Biology of Ecosystems (4)
- CHEM 304. Chemistry in the Classroom (2)
- CHEM 305. Demonstration Laboratory in Chemistry (1)
- CHEM 306. Oceans and Atmospheres for the Science Teacher (3)
- CHEM 310. Regional Field Geology (2)
- CHEM 312. Geology of California (4)
- MATH 306. Mathematics, the Language of Science (4)
- NSCI 612. Developing Elementary Science Laboratories (2)
- PHYS 303. Astronomy for Educators (3)
- PHYS 304. Physics in the Classroom (2)
- PHYS 305. Demonstration Laboratory in Physics (1)

Culminating Experience (4 units)

1. EDUC 600. Master's Degree Thesis/Project (4)

M.A. IN EDUCATION
(SPECIAL EDUCATION OPTION)
Requirements (48 units)

Admission to the Program

In addition to the general requirements of the university, specific requirements for admission to classified status are:

1. Official admission to the university;
2. Application for admission to the College of Education for the M.A. in Education, Special Education Option;
3. Submission of an application for a Certificate of Clearance or evidence of a credential or permit issued by the California Commission on Teacher Credentialing (CCTC);
4. Completion of prerequisite courses ESPE 529 and 530 with grades of “B” or better;
5. Three letters of recommendation, one from the school where the candidate has most recently taught or is currently teaching, to be evaluated by faculty members in the program;
Completion of the graduate entrance writing requirement by one of the following:

1. Achieved full admission to the M.A. in Education, Special Education Option (Early Childhood, Mild/Moderate or Moderate/Severe);
2. A grade point average of 3.0 ("B") in course work taken to satisfy the Master of Arts degree requirements with no grade lower than a "B-" in all courses in the program;
3. Successful completion of the project/thesis and/or comprehensive examination to meet the university graduation writing requirement.

A satisfactory project is one which must be reported in the form of a paper. The purpose of the project is for the student to communicate ideas gained in research, experimentation and creative endeavors; therefore, students should not feel bound to traditional forms. The project proposal and the project must be approved by the student's advisor and one other professor in the College of Education and submitted in an approved format. Further information is available from the College of Education regarding an approved format for the project proposal and project. Students who elect to complete a project are not required to take a comprehensive examination.

The comprehensive examination is of an integrative nature and is designed to test the student's knowledge of a specific field, rather than subject matter of courses taken. The examination is offered once each quarter. Students must enroll in the examination either through the regular registration process or through the College of Extended Learning in the Open University program. The student may enroll in the examination no earlier than the last quarter in which course work is taken. The student must complete a graduation check with the Office of Records, Registration and Evaluations before permission to take the examination can be granted. Students who do not receive a passing score may petition the College of Education to retake the examination or any part of it. Students who do not receive a passing score the second time must petition the Dean of Graduate Studies to take it again. Approval to retake the examination may be, at any time, contingent upon completion of additional designated courses.

Petrerequisite courses to be completed with a grade of "B" or better:

1. ESPE 529. Introductory Methods for Special Education (4)
2. ESPE 530. Psychology and Education of Exceptional Individuals (4)

### Degree Requirements (48 units)

1. EDUC 603. Effective Communication in Education (4)
2. EDUC 605. Foundations of Education (4)
3. EDUC 607. Introduction to Educational Research (4)
4. Four units from one of the following emphasis areas:
   **Early Childhood**
   - ESPE 665. Curriculum and Methods in Special Education: Language Arts (4)
   - ESPE 650. Development and Assessment of Young Children with Disabilities (4)
   - ESPE 652. Applied Curricular Strategies for Students with Moderate/Severe Disabilities (4)
   - ESPE 637. Assessment and Evaluation (4)
   - ESPE 635. Effective Communication with Professionals and Families (4)
   - ESPE 624. Managing Learning and Social Communities (4)
   - ESPE 655. Curriculum and Methods in Special Education: Early Childhood (4)

**Mild/Moderate**

- ESPE 624. Managing Learning and Social Communities (4)
- ESPE 635. Effective Communication with Professionals and Families (4)
- ESPE 624. Managing Learning and Social Communities (4)
- ESPE 655. Curriculum and Methods in Special Education: Early Childhood (4)

**Moderate/Severe**

- ESPE 624. Managing Learning and Social Communities (4)
- ESPE 655. Curriculum and Methods in Special Education: Early Childhood (4)
- ESPE 637. Assessment and Evaluation (4)
- ESPE 655. Curriculum and Methods in Special Education: Early Childhood (4)

- ESPE 624. Managing Learning and Social Communities (4)
- ESPE 655. Curriculum and Methods in Special Education: Early Childhood (4)
- ESPE 652. Applied Curricular Strategies for Students with Moderate/Severe Disabilities (4)
One of the following emphases:

**Early Childhood**
1. ESPE 650. Development and Assessment of Young Children with Disabilities (4)
2. ESPE 653. Medical, Physical and Social Aspects of Education of Learners with Moderate/Severe Disabilities (4)
3. ESPE 665. Curriculum and Methods in Special Education: Early Childhood (4)

**Moderate/Severe Disabilities**
1. ESPE 651. Curricular Strategies for Students with Moderate/Severe Disabilities (4)
2. ESPE 652. Applied Curricular Strategies for Students with Moderate/Severe Disabilities (4)
3. ESPE 653. Medical, Physical and Social Aspects of Education of Learners with Moderate/Severe Disabilities (4)

**Mild/Moderate Disabilities**
1. ESPE 655. Curriculum and Methods in Special Education: Language Arts (4)
2. ESPE 656. Curriculum and Methods in Special Education: Core Subjects (4)
3. ESPE 657. Seminar on Mild/Moderate Disabilities (4)

One of the following options:

**A. Master’s Degree Project (4)**
1. EDUC 600. Master’s Degree Project (4)

**B. Written Comprehensive Examination Option (4)**
1. ESPE 999. Comprehensive Examination (0)
2. Four units chosen in consultation with an advisor which may include one of the following:
   - ESPE 542D. Seminar in Special Education (4)
   - ESPE 633. Reflective Inquiry Seminar and Induction Plan (4)

**Note:** An application is required, contact the Department of Special Education.

ESPE 650. Development and Assessment of Young Children with Disabilities

ESPE 665. Curriculum and Methods in Special Education: Early Childhood (4)

ESPE 685. Advanced Behavior Management (4)

ESPE 691A. Issues and Trends in Special Education: Current Issues (4)
ESPE 691B. Issues and Trends in Special Education: Collaboration and Consultation (4)
ESPE 691D. Issues and Trends in Special Education: Instructional Technologies (4)

**M.A. IN EDUCATION (TEACHING ENGLISH TO SPEAKERS OF OTHER LANGUAGES [TESOL] OPTION)**

**Requirements (48 units)**

**Admission to the Program**
In addition to the general requirements of the university, specific requirements for admission to classified graduate status are:
1. A cumulative grade point average of 3.0 ("B") in all courses taken in education;
2. Completion of the graduate entrance writing requirement;
3. Three letters of recommendation, one from the school where the candidate most recently taught or is currently teaching, to be evaluated by faculty members in the program;
4. ENG 311. The English Language (or equivalent).

**Advancement to Candidacy**
In order to be advanced to candidacy, a student must have:
1. Achieved classified standing;
2. Satisfactorily completed EDUC 603, 605 and 607;
   **Note:** Between the time of completing 12 units and 19 units of applicable course work the student is required to apply for advancement to candidacy.
3. Secured approval of candidacy from the College of Education;
4. Filed an approved graduate program for completion of the degree. This must be prepared in consultation with an advisor and approved by the Dean of the College of Education;
5. Native speakers of English must have two semesters or three quarters of study in one or more foreign languages at the post secondary level. Non-native speakers of English must take COMM 120.

**Requirements for Graduation**
1. A minimum of 48 quarter units of acceptable graduate-level work, with a minimum of 34 units completed in residence at this university;
2. A grade point average of 3.0 ("B") in all course work taken to satisfy the Master of Arts degree requirements, and grades of "C" (2.0) or better in all courses in the program;
3. Successful completion of one of the following:
   **A. EDUC 600. Master’s Degree Project.**
   A successful project is one which can be reported in the form of a paper and/or other media. The project proposal and the project must be approved by the student’s advisor and one other professor in the College of Education and submitted in the approved format. Further information is available from the College of Education regarding an approved format for the project proposal and project.
   **OR**
414 / Education

B. Written comprehensive exam.
The written comprehensive examination is designed to test the student's knowledge of the field of ESL instruction. The examination is offered once each quarter and during the summer session. The student may enroll in the examination no earlier than the last quarter in which course work is taken. The student may take the examination (or any part of it) three times. Approval to retake the examination may be, at any time, contingent upon completion of additional designated courses.

4. The graduation writing requirement is met upon successful completion of 4A or 4B above;
5. Completion of the Candidate Assessment Portfolio. Details of the Candidate Assessment Portfolio approval process are outlined in the program information materials. The Portfolio must be completed prior to enrollment in EDUC 600 or EESL 999.

The program may not include more than 14 quarter units in approved extension and transfer courses from other colleges. California State University, San Bernardino will not consider for transfer credit course work from an institution which will not accept that work in its own advanced degree program.

Degree Requirements (48 units)

1. EDUC 603. Effective Communication in Education (4)
2. EDUC 605. Foundations of Education (4)
3. EDUC 607. Introduction to Educational Research (4)
4. EESL 521. Computer-Assisted Language Learning (4)
5. EESL 536. Crosscultural Teaching (4)
6. EESL 545. Writing Methods in TESOL (4)
7. EESL 615. Research in TESOL (4)
8. EESL 670. Principles and Practice in TESOL (4)
9. Four units chosen from:
   EESL 614. Curriculum Design in TESOL (4)
   ESEC 511. Theory and Practice for English Language Development (ELD) (4)
10. Four units chosen from:
    EESL 679. Fieldwork: Teaching English to Speakers of Other Languages (4)
    ESEC 680. Practicum in Teaching English as a Second Language (4)
11. Eight units from A or B which will also satisfy the graduation writing requirement:
    A. EDUC 600. Master's Degree Project (4) plus four units of electives listed below.
    B. EESL 999. Comprehensive Examination (0) plus eight units of electives listed below:
       Electives:
       ECLG 655. Multicultural Counseling (4)
       EDCI 624. Advanced Teaching Methodology (4)
       EDCI 638. Advanced Educational Psychology (4)

ADAPTED PHYSICAL EDUCATION SPECIALIST CREDENTIAL

Requirements (16 units)

Admission to the Program
In addition to meeting the general requirements of the university for admission as a postbaccalaureate student, admission to the adapted physical education specialist credential program requires the following:
1. A valid California teaching credential authorizing the teaching of physical education.

Recommendation for the Adapted Physical Education Credential:
In addition to successfully completing the adapted physical education program requirements and credential coursework, the candidate must successfully complete requirements to receive a recommendation for the Adapted Physical Education Specialist Credential including a final written exit examination and exit interview with the adapted physical education coordinator at CSUSB. See Page 241 for requirements.
Credential Requirements (16 units)

Upper-division requirements (16 units)
1. ESPE 530. Psychology and Education of Exceptional Individuals (4)
2. KINE 330. Physical Education for the Exceptional Individual (4)
3. Eight units chosen from:
   - KINE 331A. Topics in Adapted Physical Education: Adapted aquatics (2)
   - KINE 331B. Topics in Adapted Physical Education: Physically handicapped (2)
   - KINE 331C. Topics in Adapted Physical Education: Learning handicapped (2)
   - KINE 331D. Topics in Adapted Physical Education: Communicatively handicapped (2)
   - KINE 331E. Topics in Adapted Physical Education: Severely handicapped (2)

ADMINISTRATIVE SERVICES PRELIMINARY CREDENTIAL

Requirements (37 units)

This program is under revision due to new state licensing standards and requirements. See the Department for information on the new curriculum and course requirements.

Admission to the Program
In addition to meeting the general requirements of the university for admission as a postbaccalaureate student, admission to the Administrative Services Preliminary (Internship) Credential program requires the following:
1. An application for admission to the program must be submitted;
2. A valid California teaching or pupil personnel or health services credential;
3. A 3.0 ("B") grade point average in all coursework taken in education;
4. Completion of the graduate entrance writing requirement;
5. Three years of credentialed school related experience;
6. Successful completion of the California Basic Educational Skills Test (CBEST);
7. A contract between the student and the appropriate school board defining the administrative position;
8. The internship credential from the Commission for Teacher Credentialing.

Recommendation for the Credential
To be eligible to be recommended for the administrative services preliminary credential, a candidate must:
1. Complete the California Commission on Teacher Credentialing competencies dealing with mainstreaming of special education students;
2. Successfully complete the program requirements;
3. Obtain a recommendation from the program committee.

Credential Requirements (37 units)

Prerequisite/corequisite course (4 units)
1. EADM 601. Educational Leadership (4)
Core courses (33 units)
1. EADM 607. Policy, Politics and Community Relations (4)
2. EADM 610. Supervision of Instruction (4)
3. EADM 613. School Personnel Administration (4)
4. EADM 619. Legal Aspects of Education (4)
5. EADM 622. School Curriculum (4)
6. EADM 625. School Finance and Business Management (4)
7. EADM 628. Fieldwork in Educational Administration (4) for a total of (8)
8. EADM 636. Performance Assessment Seminar (1)
ADMINISTRATIVE SERVICES PROFESSIONAL CREDENTIAL PROGRAM

This program is under revision due to new state licensing standards and requirements. See the Department for information on the new curriculum and course requirements.

Admission to the Program
In addition to the general requirements of the university for admission as a postbaccalaureate student, admission to the Professional Administrative Services Credential program requires the following:
1. Application for admission to the program;
2. A valid clear Preliminary Services Credential;
3. Verification of a Master's Degree (M.A. or M.S.);
4. Verification of present employment in an administrative position;
5. A 3.0 ("B") grade point average in all graduate work;

Recommendation for the Professional Credential
In order to be recommended for a credential, the student must have:
1. A minimum of two years of full-time school administrative experience in the public schools, or private schools or equivalent;
2. Completed all program requirements while employed in a full-time school administrative position.

CREDENTIAL REQUIREMENTS (36 UNITS)

Core courses (18 units)
1. EADM 660. Advanced Field Studies: Assessment (3)
2. EADM 664. Principles of Leadership, Organizational Theory and Decision Making (3)
3. EADM 667. Instructional Leadership for Program Development and Evaluation (3)
4. EADM 670. School Law (3)
5. EADM 672. Human Resources Management (3)
6. EADM 675. School Business and Facility Management (3)
7. EADM 678. Social and Political Issues in Education (3)

Culminating course (3 units)
1. EADM 680. Advanced Field Studies: Evaluation (3)

Phase II (0-12 units)
Students may satisfy the remaining requirements by taking additional university coursework and/or professional development activities approved by the California Commission on Teacher Credentialing (CCTC). To satisfy this requirement, students have the following options:
1. Twelve units of university electives chosen in consultation with an advisor in the program and listed on the Individual Study Plan;
2. Documentation of 120 hours of professional development activities approved by the CCTC. These will not be listed on the university transcript as coursework with credit;
3. Documentation of 120 hours of professional development activities approved by the CCTC. These may be listed on the university transcript as coursework with credit if approved by an Educational Administration advisor and taken in conjunction with EADM 542 for which the student must register and pay regular university fees;
4. A combination of the above three options to obtain 120 hours of professional development activities or 12 units of university coursework credit with advisor approval.

PRELIMINARY LEVEL I EDUCATION SPECIALIST CREDENTIAL: EARLY CHILDHOOD SPECIAL EDUCATION

Requirements (48 units)

1. Official admission to the university;
2. Application for admission to the College of Education for the Preliminary Level I Education Specialist Credential: Early Childhood Special Education;
3. Documentation of a minimum of 45 hours of experience in an Early Childhood Special Education Program setting;
4. Written verification of passing score on the California Basic Educational Skills Test (CBEST);
5. Original verification of a negative tuberculin examination within the last four years;
6. Establishment of competency in early childhood by the completion of the following courses or their equivalent. Some course requirements may be substituted by work experience if approved by the department chair:
   HD 280. Early Childhood Development (5)
   HD 281A. Guidance of Young Children (4)
   HD 281B. Guidance of Young Children: Laboratory (2)
   HD 282A. Early Childhood Curriculum and Programs (4)
   HD 282B. Early Childhood Curriculum and Programs: Laboratory (2)
   PSYC 270. Infant and Toddler Development (5)
7. Application for a certificate of clearance or evidence of a credential or permit authorizing public school teaching in California;
8. Attendance at a mandatory Special Education group advising session;
9. Consultation with assigned faculty advisor to complete Advising Confirmation form.

Recommendation for the Credential
In addition to the program admission requirements, prerequisite course work and Level I credential course work, the candidate must successfully complete the following requirements in order to be recommended for the Preliminary Level I Education Specialist Credential: Early Childhood Special Education:
1. Completion of the upper division writing requirement by one of the following:
1. Completion, with a grade of "B" (3.0) or better, of the upper division writing courses taken at this university:
   A. EDUC 306. Expository Writing for Education (4)
   B. ENG 306. Expository Writing (4)
   C. HUM 306. Expository Writing for the Humanities (4)
   D. MGMT 306. Expository Writing for Administration (4)
   E. NSCI 306. Expository Writing for the Natural Sciences (4)
   F. SSCI 306. Expository Writing for the Social Sciences (4)
2. Completion of the U.S. Constitution requirement by one of the following:
   A. HIST 146. American Civilization (4)
   B. HIST 200. United States History to 1877 (4)
   C. HIST 540. Constitutional History of the United States (4)
   D. PSCI 203. American Government (4)
   E. PSCI 410. American Constitutional Law (4)
   F. PSCI 411. The Bill of Rights (4)
3. Original verification of passing status and scores on the California Basic Educational Skills Test (CBEST);
   Note: CBEST exam does not meet the grade writing requirement for the Master of Arts degree.
4. A grade point average of 3.0 ("B") in professional education course work, with no course grade lower than "B-;"
5. Verification of Employment as an Education Specialist form (CL-777.1) from the employing school district and signed by an authorized district personnel officer.
   Note: Candidates who do not provide form CL-777.1 will be issued a Certificate of Eligibility which will authorize the candidate to seek initial employment as an Education Specialist but will not authorize teaching service.
6. Approval of course substitution;
7. Completion of the health education requirement (with a grade of "C" or better):
   A. Experience in Health Education (4)
   B. Child Health Education (4)
   C. Fieldwork in Health Education (4)
   D. Fieldwork in Health Education (with an equivalent advanced course at another college or university)
8. An equivalent advanced course at another college or university;
9. An approved course substitution;
10. Successful completion of an examination administered through the College of Extended Learning;
11. Completion, with a grade of "B" (3.0) or better, of one of the following:
   A. HIST 146. American Civilization (4)
   B. HIST 200. United States History to 1877 (4)
   C. HIST 540. Constitutional History of the United States (4)
   D. PSCI 203. American Government (4)
   E. PSCI 410. American Constitutional Law (4)
   F. PSCI 411. The Bill of Rights (4)
   G. Successful completion of an examination administered through the College of Extended Learning;
   H. Approved course substitution;
12. Original verification of passing status and scores on the California Basic Educational Skills Test (CBEST);
13. A passing score on the written portion of the CBEST;
14. Satisfactory completion of the Writing Requirement Examination (WREE) offered at this university;
15. A grade point average of 3.0 or better of the Professional Clear Level II Education Specialist Credential:
   1. ESPE 530. Psychology and Education of Exceptional Individuals (4) to be completed with a grade of "B" (3.0) or better;
   2. The following courses with a grade point average of 3.0 or better and no grade lower than "B-;"
      A. EELB 301. Growth and Development in Socio-Educational Contexts (4)
      B. EELB 317. Educational Psychology for a Diverse Society (4)
      C. HD 582. Special Topics: Early Literacy (4)
      D. PSYC 305. Psycholinguistics (4)
   3. Additional requirements are needed to meet multiple subject BCLAD or single subject or single subject credentials.

Level I Credential Coursework (28 units)
1. ESPE 529. Introductory Methods for Special Education (4) (to be completed with a grade of "B" or better)
2. ESPE 637. Assessment and Evaluation (4)
3. ESPE 650. Development and Assessment of Young Children with Disabilities (4)
4. ESPE 665. Curriculum and Methods in Special Education: Early Childhood Special Education (4)
5. ESPE 651. Curricular Strategies for Students with Moderate/Severe Disabilities (4)
6. ESPE 660. Instructional Planning for Culturally and Ethnically Diverse Students with Special Needs (4)
7. ESPE 679F. Special Education Fieldwork: Early Childhood Special Education I (4)

Upon completion of competency in early childhood content area, U.S. Constitution, and Level I Special Education program requirements, students need to apply for a Preliminary Level I Education Specialist Credential or Certificate of Eligibility. Official transcripts from all colleges or universities attended other than California State University, San Bernardino, must be submitted to C.A.S.E. along with the application for the Education Specialist Credential or Certificate of Eligibility. The State of California requires students to enroll in the Professional Clear Level II Education Specialist Credential program within 120 working days of completion of the preliminary credential program requirements and issuance of the Preliminary Level I Education Specialist Credential. Within five years of issuance of the preliminary credential, students must complete Level II Education Specialist Program requirements in order to obtain the Professional Clear Level II Education Specialist Credential.

PROFESSIONAL LEVEL II EDUCATION SPECIALIST CREDENTIAL: EARLY CHILDHOOD SPECIAL EDUCATION

Requirements (20 units)

Admission to the Program

The State of California requires students to enroll in the Professional Clear Level II Education Specialist Credential program within 120 working days of completion of the preliminary credential program requirements and issuance of the Preliminary Level I Education Specialist Credential. Within five years of issuance of the preliminary credential, students must complete the Level II Education Specialist Program requirements in order to obtain the Professional Clear Level II Education Specialist Credential. Unconditional admission to the Professional Clear Level II Education Specialist Credential: Early Childhood Special Education program requires the following:
1. Official admission to the university;
2. Submission of a valid Preliminary Level I Education Specialist Credential: Early Childhood Special Education Program;
3. Verification of current employment as an Education Specialist in Early Childhood Special Education;
4. Application to ESPE 633. Reflective Inquiry Seminar and Induction Plan. Applications are available in the Department of Special Education.

Recommendation for the Credential

In addition to the program admission requirements and Level II credential course work, the candidate must successfully complete the following requirements in order to be recommended for the Professional Clear Level II Education Specialist Credential:
1. One of the following to fulfill the health education requirement (with a grade of "C" or better):
418 / Education

HSCI 332. Health Education in the Elementary School (4)
HSCI 333. Health Education in the Secondary School (4)
HSCI 440. Family Health Issues for Educators (4)
2. Verification of current and valid CPR certification for infants/adolescents/adults;
3. The following are required to fulfill the computer literacy requirement (with a grade of "B-" or better):
   ETEC 537. Computer Based Technology in Education I (2)
   ETEC 546. Computer Based Technology in Education II (4)
4. A grade point average of 3.0 ("B") in professional education course work, with no course grade lower than a "B-;"
5. Verification of a minimum of two years of successful full-time teaching experience while holding the Preliminary Level I Education Specialist Credential: Early Childhood Special Education.

Level II Credential Coursework (20 units)
1. ESPE 633. Reflective Inquiry Seminar and Induction Plan (4)
2. ESPE 635. Effective Communication with Professionals and Families (4)
3. ESPE 652. Applied Curricular Strategies for Students with Moderate/Severe Disabilities (4)
4. ESPE 685. Advanced Behavior Management (4)
5. ESPE 679G. Special Education Fieldwork: Early Childhood Special Education II (4)

PRELIMINARY LEVEL I EDUCATION SPECIALIST CREDENTIAL:
MILD/MODERATE DISABILITIES

Requirements (48 units)

Admission to the Program
In addition to meeting the general requirements of the university for admission as a postbaccalaureate student, admission to the Preliminary Level I Education Specialist Credential: Mild/Moderate Disabilities Program requires the following:
1. Official admission to the university;
2. Application for admission to the College of Education for the Preliminary Level I Education Specialist Credential: Mild/Moderate Disabilities Program;
3. Submit documentation of a minimum of 45 hours in a K-12 classroom;
4. Written verification of having taken the California Basic Educational Skills Test (CBEST); (Note: Passing scores required for recommendation for the credential.)
5. Verification of a negative tuberculin examination within the last four years;
6. Establishment of a subject matter competence plan to include one of the following options:
   A. Evaluation for subject matter competence equivalency program;
   B. Registration for appropriate PRAXIS or CSET and/or SSAT examination;
   C. Current enrollment in an approved subject matter program;
7. Submission of an application for a certificate of clearance or evidence of a credential or permit authorizing public school teaching in California;
8. Attend mandatory Special Education group advising session;
9. Meet with assigned faculty advisor to complete Advising Confirmation form.

Recommendation for the Credential
In addition to the program admission requirements, prerequisite course work and credential course work, the candidate must successfully complete the following requirements in order to be recommended for the Preliminary Level I Education Specialist Instruction Credential:
1. Verification of subject matter competence by one of the following:
   A. Completion of an equivalent California-approved subject matter preparation program verified in writing by authorized personnel;
   B. Original verification of a passing score on the PRAXIS or CSET, MSAT and/or SSAT examinations;
   C. Completion of an approved subject matter preparation program offered on this campus or an approved subject matter preparation program at another California campus, verified in writing by authorized personnel;
2. Completion of the upper division writing requirement by one of the following:
   A. Completion, with a grade of "B" (3.0) or better, in one of the following courses taken at this university:
      EDUC 306. Expository Writing for Education (4)
      ENG 306. Expository Writing (4)
      HUM 306. Expository Writing for the Humanities (4)
      MGMT 306. Expository Writing for Administration (4)
      NSCI 306. Expository Writing for the Natural Sciences (4)
      SSCI 306. Expository Writing for the Social Sciences (4)
   B. Completion, with a grade of "B" (3.0) or better, of an equivalent advanced expository writing course at another college or university;
   C. Satisfactory completion of the Writing Requirement Exemption Examination (WREE) offered at this university;
   D. A passing score on the written portion of the CBEST;
   Note: CBEST exam does not meet the graduate writing requirement for the Master of Arts degree;
3. Completion of the U.S. Constitution requirement by one of the following:
   A. HIST 146. American Civilization (4)
   B. HIST 200. United States History to 1877 (4)
   C. HIST 540. Constitutional History of the United States (4)
   D. PSCI 203. American Government (4)
   E. PSCI 410. American Constitutional Law (4)
   F. PSCI 411. The Bill of Rights (4)
   G. Successful completion of an examination administered through the College of Extended Learning;
   H. Approved course substitution;
4. Verification of passing status and scores on the California Basic Educational Skills Test (CBEST);
5. Verification of a passing score on the RICA (Reading Instruction Competence Assessment);
Note: Holders of a valid California teaching credential based on a baccalaureate degree and completion of a teacher education program including student teaching, will be exempt from RICA. Call the C.A.S.E. Office (880-5609), for further information.

6. A grade point average of 3.0 (“B”) in professional education course work, with no course grade lower than “B-.”

7. Verification of Employment as an Education Specialist form (CL-777.1) from the employing school district and signed by an authorized district personnel officer.

Note: Candidates who do not provide form CL-777.1 will be issued a Certificate of Eligibility which will authorize the candidate to seek initial employment as an Education Specialist but will not authorize teaching service.

Prerequisite courses (20 units)
1. ESPE 530. Psychology and Education of Exceptional Individuals (4) to be completed with a grade of "B" (3.0) or better;
2. One of the following tracks with a grade point average of 3.0 (“B”) or better and no grade lower than "B-:"

Multiple Subject Track
1. Four units chosen from:
   EELB 301. Growth and Development in Socio-Educational Contexts (4)
   PSYC 320. Psychology of Middle Childhood (4)
2. EELB 317. Educational Psychology for a Diverse Society (4)
3. EELB 423. Mathematics Curriculum and Pedagogy (4)
4. Three units chosen from:
   EELB 315. Reading/Language Arts Curriculum and Pedagogy (3)
   EELB 316. Reading/Language Arts (Primary Language) Curriculum and Pedagogy (3)

Single Subject Track
1. ESEC 317. Educational Psychology for a Diverse Society (4)
2. EELB 423. Mathematics Curriculum and Pedagogy (4)
3. Four units chosen from:
   ESEC 410. Adolescent Development and Educational Contexts (4)
   PSYC 320. Psychology of Middle Childhood (4)
4. ESEC 419. Teaching Reading and Writing in Secondary School Subjects (4)
   Additional requirements must be filled for multiple subject CLAD/BCLAD or single subject or single subject CLAD credentials.

Level I Credential Requirements (24 units)
1. ESPE 529. Introductory Methods for Special Education (4) (with a grade of "B" or better)
2. ESPE 624. Managing Learning and Social Communities (4)
3. ESPE 637. Assessment and Evaluation (4)
4. ESPE 655. Curriculum and Methods in Special Education: Language Arts (4)
5. ESPE 660. Instructional Planning for Culturally and Ethnically Diverse Students with Special Needs (4)

6. Four units chosen from the following field experience courses:
   ESPE 609A. General and Special Education Field Experiences: Mild/Moderate Disabilities (4)
   ESPE 679A. Special Education Fieldwork: Mild to Moderate Disabilities I (4)

Note: ESPE 679A is to be taken only by those students who hold a valid California Preliminary/Professional Clear Multiple Subject or Single Subject Credential.

Upon completion of subject matter competence, U.S. Constitution and Level I Special Education program requirements, students need to apply for a Preliminary Level I Education Specialist Credential or Certificate of Eligibility. Official transcripts from all college and universities attended other than California State University, San Bernardino, must be submitted to C.A.S.E. along with the application for the Education Specialist Credential or the Certificate of Eligibility. The State of California requires students to enroll in the Professional Clear Level II Education Specialist Credential program within 120 working days of completion of the preliminary credential program requirements and issuance of the Preliminary Level I Education Specialist Credential. Within five years of issuance of the preliminary credential, students must complete Level II Education Specialist Program requirements in order to obtain the Professional Clear Level II Education Specialist Credential.

PROFESSIONAL CLEAR LEVEL II EDUCATION SPECIALIST CREDENTIAL: MILD/MODERATE DISABILITIES

Requirements (24 units)

Admission to the Program
The State of California requires students to enroll in the Professional Clear Level II Education Specialist Credential program within 120 working days of completion of the preliminary credential program requirements and issuance of the Preliminary Level I Education Specialist Credential. Within five years of issuance of the preliminary credential, students must complete the Level II Education Specialist program requirements in order to obtain the Professional Clear Level II Education Specialist Credential. Unconditional admission to the Professional Clear Level II Education Specialist Credential: Mild/Moderate Disabilities program requires the following:
1. Official admission to the university;
2. Submission of a valid Preliminary Level I Education Specialist Credential;
3. Verification of current employment as an Education Specialist;
4. Application to ESPE 633. Reflective Inquiry Seminar and Induction Plan. Applications can be obtained from the Department of Special Education, UH-403, 880-7406.

Recommendation for the Credential
In addition to the program admission requirements and credential course work, the candidate must successfully complete the following requirements in order to be recommended for the Professional Clear Level II Education Specialist Credential:
1. One of the following to fulfill the health education requirement (with a grade of "C" or better):
   HSCI 332. Health Education in the Elementary School (4)
420 / Education

HSCI 333. Health Education in the Secondary School (4)
HSCI 440. Family Health Issues for Educators (4)

2. Verification of current and valid CPR certification for infants/adolescents/adults;
3. The following are required to fulfill the computer literacy requirement (with a grade of "B-" or better):
   ETEC 537. Computer Based Technology in Education I (2)
   ETEC 546. Computer Based Technology in Education II (4)
4. A grade point average of 3.0 ("B") in professional education course work, with no course grade lower than a "B-;"
5. Verification of a minimum of two years of successful full-time teaching experience while holding the Preliminary Level I Education Specialist Credential.

Level II Credential Courses (24 units)
1. ESPE 633. Reflective Inquiry Seminar and Induction Plan (4)
2. ESPE 635. Effective Communication with Professionals and Families (4)
3. ESPE 649. Curriculum and Methods in Special Education: Secondary Transition and Career/Vocational Preparation (4)
4. ESPE 656. Curriculum and Methods in Special Education: Core Subjects (4)
5. ESPE 679B. Special Education Fieldwork: Mild/Moderate Disabilities II (4)
6. ESPE 685. Advanced Behavior Management (4)

Preliminary Level I Education Specialist Credential: Moderate/Severe Disabilities

Requirements (44-48 units)

Admission to the Program

In addition to meeting the general requirements of the university for admission as a postbaccalaureate student, admission to the Preliminary Level I Education Specialist Credential: Moderate/Severe Disabilities Program requires the following:
1. Official admission to the university;
2. Application for admission to the College of Education for the Preliminary Level I Education Specialist Instruction Credential;
3. Submit documentation of a minimum of 45 hours in a K-12 classroom;
4. Written verification of having taken the California Basic Educational Skills Test (CBEST);
5. Original verification of a negative tuberculin examination within the last four years;
6. Establishment of a subject matter competence plan to include one of the following options:
   A. Evaluation for subject matter competence equivalency program,
   B. Registration for appropriate PRAXIS or CSET and/or SSAT examinations,
   C. Current enrollment in an approved subject matter program;
7. Submission of an application for a certificate of clearance or evidence of a credential or permit authorizing public school teaching in California;
8. Attend mandatory Special Education group advising session;
9. Meet with assigned faculty advisor to complete Advising Confirmation form.

Recommendation for the Credential

In addition to the program admission requirements, prerequisite course work and credential course work, the candidate must successfully complete the following requirements in order to be recommended for the Preliminary Level I Education Specialist Credential:
1. Verification of subject matter competence by one of the following:
   A. Completion of an equivalent California-approved subject matter preparation program verified in writing by authorized personnel;
   B. Original verification of a passing score on the PRAXIS or CSET and/or SSAT examinations;
   C. Completion of an approved subject matter preparation program offered on this campus or an approved subject matter preparation program at another California campus, verified in writing by authorized personnel;
2. Completion of the upper division writing requirement by one of the following:
   A. Completion, with a grade of "B" (3.0) or better, in one of the following courses taken at this university:
      EDUC 306. Expository Writing for Education (4)
      ENG 306. Expository Writing (4)
      HUM 306. Expository Writing for the Humanities (4)
      MGMT 306. Expository Writing for Administration (4)
      NSCI 306. Expository Writing for the Natural Sciences (4)
      SSCI 306. Expository Writing for the Social Sciences (4)
   B. Completion, with a grade of "B" (3.0) or better, of an equivalent advanced expository writing course at another college or university;
   C. Satisfactory completion of the Writing Requirement Exemption Examination (WREE) offered at this university;
   D. A passing score on the written portion of the CBEST;
   Note: CBEST exam does not meet the graduate writing requirement for the Master of Arts degree.
3. Completion of the U.S. Constitution requirement for one of the following:
   A. HIST 146. American Civilization (4)
   B. HIST 200. United States History to 1877 (4)
   C. HIST 540. Constitutional History of the United States (4)
   D. PSCI 203. American Government (4)
   E. PSCI 410. American Constitutional Law (4)
   F. PSCI 411. The Bill of Rights (4)
   G. Successful completion of an examination administered through the College of Extended Learning;
   H. Approved course substitution;
4. Original verification of passing status and scores on the California Basic Educational Skills Test (CBEST);
5. Original verification of a passing score on the RICA (Reading Instruction Competence Assessment);
   Note: Holders of a valid California teaching credential based on a baccalaureate degree and completion of a teacher education program including student
teaching, will be exempt from RICA. Call the Credential Assistance for Students in Education office (C.A.S.E.), 880-5609, for further information.

6. A grade point average of 3.0 ("B") in professional education course work, with no course grade lower than "B-.

7. Verification of Employment as an Education Specialist form (CL-777.1) from the employing school district and signed by an authorized district personnel officer.

Note: Candidates who do not provide form CL-777.1 will be issued a Certificate of Eligibility which will authorize the candidate to seek initial employment as an Education Specialist but will not authorize teaching service.

Prerequisite courses (20 units)

1. ESPE 530. Psychology and Education of Exceptional Individuals (4) to be completed with a grade of "B" (3.0) or better;

2. One of the following tracks with a grade point average of 3.0 or better and no grade lower than "B-":

**Multiple Subject Track**

1. Four units chosen from:
   - EELB 301. Growth and Development in Socio-Educational Contexts (4)
   - PSYC 320. Psychology of Middle Childhood (4)

2. EELB 317. Educational Psychology for a Diverse Society (4)

3. EELB 423. Mathematics Curriculum and Pedagogy (4)

4. Three units chosen from:
   - EELB 315. Reading/Language Arts Curriculum and Pedagogy (3)
   - EELB 316. Reading/Language Arts (Primary Language) Curriculum and Pedagogy (3)

**Single Subject Track**

1. ESEC 317. Educational Psychology for a Diverse Society (4)

2. EELB 423. Mathematics Curriculum and Pedagogy (4)

3. Four units chosen from:
   - ESEC 410. Adolescent Development and Educational Contexts (4)
   - PSYC 320. Psychology of Middle Childhood (4)

4. ESEC 419. Teaching Reading and Writing in Secondary School Subjects (4)

Additional requirements are needed to meet multiple subject CLAD/BCLAD or single subject or single subject CLAD credentials.

**Level I Credential Requirements (24-28 units)**

1. ESPE 529. Introductory Methods for Special Education (4) (to be completed with a grade of "B" or better)

2. ESPE 624. Managing Learning and Social Communities (4)

3. ESPE 637. Assessment and Evaluation (4)

4. ESPE 651. Curricular Strategies for Students with Moderate/Severe Disabilities (4)

5. ESPE 660. Instructional Planning for Culturally and Ethnically Diverse Students with Special Needs (4)

6. Four units chosen from:
   - ESPE 609C. General and Special Education Field Experiences: Moderate/Severe Disabilities (4)
   - ESPE 679C. Special Education Fieldwork: Moderate/Severe Disabilities I (4)

Note: ESPE 679C is to be taken only by those students who hold a valid California Preliminary/Professional Clear Multiple Subject or Single Subject Credential.

Upon completion of subject matter competence, U.S. Constitution and Level I Special Education program requirements, students need to apply for a Preliminary Level I Education Specialist Credential or Certificate of Eligibility. Official transcripts from all colleges or universities attended other than California State University, San Bernardino, must be submitted to C.A.S.E. along with the application for the Education Specialist Credential or Certificate of Eligibility. The State of California requires students to enroll in the Professional Clear Level II Education Specialist Credential program within 120 working days of completion of the preliminary credential program requirements and issuance of the Preliminary Level I Education Specialist Credential. Within five (5) years of issuance of the preliminary credential, students must complete Level II Education Specialist Program requirements in order to obtain the Professional Clear Level II Education Specialist Credential.

**PROFESSIONAL CLEAR LEVEL II EDUCATION SPECIALIST CREDENTIAL: MODERATE/SEVERE DISABILITIES**

**Requirements (24 units)**

**Admission to the Program**

The State of California requires students to enroll in the Professional Clear Level II Education Specialist Credential program within 120 working days of completion of the preliminary credential program requirements and issuance of the Preliminary Level I Education Specialist Credential. Within five (5) years of issuance of the preliminary credential, students must complete the Level II Education Specialist Program requirements in order to obtain the Professional Clear Level II Education Specialist Credential. Unconditional admission to the Professional Clear Level II Education Specialist Credential: Moderate/Severe Disabilities program requires the following:

1. Official admission to the university;
2. Submission of a valid Preliminary Level I Education Specialist Credential;
3. Verification of current employment as an Education Specialist;

**Recommendation for the Credential**

In addition to the program admission requirements and credential course work, the candidate must successfully complete the following requirements in order to be recommended for the Professional Clear Level II Education Specialist Credential:

1. One of the following to fulfill the health education requirement (with a grade of "C" or better):
   - HSCI 332. Health Education in the Elementary School (4)
422 / Education

HSCI 333. Health Education in the Secondary School (4)
HSCI 440. Family Health Issues for Educators (4)
2. Verification of current and valid CPR certification for infants/adolescents/adults;
3. The following are required to fulfill the computer literacy requirement (with a grade of "B-" or better):
   ETEC 537. Computer Based Technology in Education I (2)
   ETEC 546. Computer Based Technology in Education II (4)
4. A grade point average of 3.0 ("B") in professional education course work, with no course grade lower than a "B-;"
5. Verification of a minimum of two years of successful full-time teaching experience while holding the Preliminary Level I Education Specialist Credential.

Level II Credential Courses (24 units)
1. ESPE 633. Reflective Inquiry Seminar and Induction Plan (4)
2. ESPE 635. Effective Communication with Professionals and Families (4)
3. ESPE 649. Curriculum and Methods in Special Education: Secondary Transition and Career/Vocational Preparation (4)
4. ESPE 652. Applied Curricular Strategies for Students with Moderate/Severe Disabilities (4)
5. ESPE 679D. Special Education Fieldwork: Moderate/Severe Disabilities II (4)
6. ESPE 685. Advanced Behavior Management (4)

INTERNSHIP EDUCATION SPECIALIST CREDENTIAL: MILD/MODERATE DISABILITIES

Requirements (106 units)

The Mild/Moderate Disabilities Intern Program is an alternative preparation program in which interns are employed full-time as special day class teachers for pupils with mild/moderate disabilities while earning the Professional Clear Level II Education Specialist Credential for Mild/Moderate Disabilities and completing all required course work for the Crosscultural, Language and Academic Development Certificate (CLAD). All requirements must be completed in two years. Interns earn tenure credit in their districts and receive ongoing supervision/support from a university supervisor and district support provider. A new cohort of interns is selected for program admission every summer. Interested applicants should contact the Mild/Moderate Disabilities Intern Coordinator for program information, including the two-year program course sequence and program costs. Grant funds are available for fees and book stipends.

Note: To earn the M.A. in Education, Special Education Option, students must complete an additional four courses (16 units); and project (4 units), or comprehensive examination (0 units) plus an elective (4 units).

Admission to the Program

In addition to meeting the general requirements of the university for admission as a postbaccalaureate student, admission to the Internship Education Specialist Credential program requires the following:

1. Written verification of passing score for the California Basic Educational Skills Test (CBEST);
2. Verification of subject matter competence by one of the following:
a. completion of an equivalent California-approved subject matter preparation program verified in writing by authorized personnel;
b. written verification of a passing score on the PRAXIS or CSET: MSAT and/or SSAT examination;
c. completion of an approved subject matter preparation program offered on this campus or an approved subject matter preparation program at another California campus, verified in writing by authorized personnel;
3. Three written recommendations, including at least one from immediate supervisor;
4. Interview by university/school district representatives.

Recommendation for the Internship Education Specialist Credential: Mild/Moderate Disabilities

1. Submission of application for the Internship Education Specialist Credential: Mild/Moderate Disabilities;
2. Employment as a special day class teacher for pupils with mild/moderate disabilities in a participating school district, verified by district intern contract;
3. Verification of a negative tuberculin examination within the last four years;
4. Submission of an application for a Certificate of Clearance or evidence of a credential or permit authorizing public school teaching in California;
5. Completion of the U.S. Constitution requirement by one of the following:
   A. HIST 146. American Civilization (4)
   B. HIST 200. United States History to 1877 (4)
   C. HIST 540. Constitutional History of the United States (4)
   D. PSCI 203. American Government (4)
   E. PSCI 410. American Constitutional Law (4)
   F. PSCI 411. The Bill of Rights (4)
   G. Successful completion of an examination administered through the College of Extended Learning;
   H. Approved course substitution.

Recommendation for the Professional Clear Education Specialist Credential: Mild/Moderate Disabilities

In addition to credential and CLAD course work, candidates must successfully complete the following exit requirements to be recommended for the Professional Clear Education Specialist Credential: Mild/Moderate Disabilities:
1. Completion of the upper division writing requirement by one of the following:
   A. Completion, with a grade of "B" (3.0) or better, of one of the following courses taken at this university:
      EDUC 306. Expository Writing for Education (4)
      ENG 306. Expository Writing (4)
      HUM 306. Expository Writing for the Humanities (4)
      MGMT 306. Expository Writing for Administration (4)
      NSCI 306. Expository Writing for the Natural Sciences (4)
      SSCI 306. Expository Writing for the Social Sciences (4)
   B. Completion of the upper division writing requirement by one of the following:
      ENG 306. Expository Writing (4)
      HUM 306. Expository Writing for the Humanities (4)
      MGMT 306. Expository Writing for Administration (4)
      NSCI 306. Expository Writing for the Natural Sciences (4)
      SSCI 306. Expository Writing for the Social Sciences (4)
B. Completion with a grade of "B" (3.0) or better, of an equivalent advanced expository writing course at a college or university;
C. Satisfactory completion of the Writing Requirement Exemption Examination (WREE) offered at this university;
D. A passing score on the written portion of the CBEST;

**Note:** CBEST exam does not meet the graduate writing requirement for the Master of Arts degree.

2. One of the following to fulfill the health education requirement (with a grade of "C" or better):
   HSCI 332. Health Education in the Elementary School (4)
   HSCI 333. Health Education in the Secondary School (4)
   HSCI 440. Family Health Issues for Educators (4)

3. Verification of current and valid CPR certification for infants/adolescents/adults;

4. The following are required to fulfill the computer literacy requirement (with a grade of "B-" or better):
   ETEC 537. Computer Based Technology in Education I (2)
   ETEC 546. Computer Based Technology in Education II (4)

5. A grade point average of 3.0 ("B") in professional education course work, with no course grade lower than a "B-;"

6. Verification of a passing score on the RICA (Reading Instruction Competence Assessment).

**Note:** Holders of a valid California teaching credential based on a baccalaureate degree and completion of a teacher education program including student teaching, will be exempt from RICA. Contact C.A.S.E. for further information (880-5609).

### Credential and CLAD Requirements

#### Pre-employment
1. ESPE 529. Introductory Methods for Special Education (4)

#### Year One

**Fall**
1. ESPE 656. Curriculum and Methods in Special Education: Core Subjects (4)
2. ESPE 680A. Intern Teaching: Special Education (8)

**Winter**
1. ESPE 624. Managing Learning and Social Communities (4)
2. ESPE 680A. Intern Teaching: Special Education (8)

**Spring**
1. Four units chosen from:
   - EELB 312. Family, Culture and Schooling (2)
   - ESEC 321. Culture and Schooling (4)
2. Four units chosen from:
   - EELB 315. Reading/Language Arts Curriculum and Pedagogy (3)
   - ESEC 445. Teaching Reading and Writing in Secondary School Subjects (4)
3. ESPE 680A. Intern Teaching: Special Education (8)

**Summer**
1. ESPE 637. Assessment and Evaluation (4)
2. ESPE 660. Instructional Planning for Culturally and Ethnically Diverse Students with Special Needs (4)

### Year Two

**Fall**
1. ESPE 530. Psychology and Education of Exceptional Individuals (4)
2. ESPE 655. Curriculum and Methods in Special Education: Language Arts (4)
3. ESPE 680A. Intern Teaching: Special Education (8)

**Winter**
1. Four units chosen from:
   - EELB 511. Theory and Practice for English Language Development (ELD) (4)
   - ESEC 511. Theory and Practice for English Language Development (ELD) (4)
2. ESPE 649. Curriculum and Methods in Special Education: Secondary Transition and Career/Vocational Preparation (4)
3. ESPE 680A. Intern Teaching: Special Education (8)

**Spring**
1. Two units chosen from:
   - EELB 423. Mathematics Curriculum and Pedagogy (4)
2. ESPE 635. Effective Communication with Professionals and Families (4)
3. ESPE 680A. Intern Teaching: Special Education (8)

**Summer**
1. Two units chosen from:
   - EELB 605. Curriculum for Specially Designed Academic Instruction in English (SDAIE) (2)
   - ESEC 605. Curriculum for Specially Designed Academic Instruction in English (SDAIE) (2)
2. Four units chosen from:
   - EELB 680. Practicum in Teaching English as a Second Language (4)
   - ESEC 680. Practicum in Teaching English as a Second Language (4)

**Note:** The second language requirement for CLAD certificate is not included in the program. Contact C.A.S.E. for further information.

Student who have completed a CLAD/BCLAD emphasis or certificate program do not need to complete the following CLAD courses: EELB 312, ESEC 321, 511, 605 or 680.

### PUPIL PERSONNEL SERVICES CREDENTIAL: SCHOOL COUNSELING

#### Requirements (72 units)

The program for the Pupil Personnel Services Credential is designed to fulfill all the requirements for the State of California to counsel in grades K-12. This 72-unit credential program is designed for students who are not enrolled in the M.S. in Counseling and Guidance program at California State University, San Bernardino, but who do hold a master's degree from another institution in a related discipline.

#### Admission to the Program

In addition to the general requirements of the university, specific requirements for admission to the pupil personnel services credential program are:
1. Attend an Educational Counseling Program admission orientation meeting (call the Department of Educational Psychology and Counseling for orientation schedule);
2. Submission of an Admissions Portfolio following criteria and guidelines provided at the orientation meeting. Portfolios will
be evaluated in accordance to the Educational Counseling program portfolio rubric, student will be notified as to their status to enroll in ECLG 531. Completed portfolio contains:

a. Application and current vitae/resume;
b. Transcripts of all higher education coursework;
c. Written Personal Statement;
d. Three positive recommendations from persons having knowledge of applicant's counseling potential (forms provided by program);
e. Proof of successful completion of the California Basic Educational Skills Test (CBEST);
f. Evidence of current negative TB skin test;
g. Evidence of possession of a valid California teaching credential or a Certificate of Clearance for eligibility to participate in fieldwork;
h. Completion of EDUC 306 (or its equivalent) with a grade of "B" or better (fulfills the graduate entrance writing requirement);
i. Evidence of technological literacy in six areas: word processing, database, computer presentation, downloading, internet and email;

3. Completion of ECLG 531 with a grade of "B" (3.0) or better. Must be taken concurrently with EDUC 607.

Upon completion of the above requirements, the student's file will be reviewed by an admission committee composed of at least three faculty members of the educational counseling program. This committee will evaluate the admission folder and decide on the student's admission status. Students who do not meet admissions criteria will be notified of their deficiencies.

**Recommendation for the Credential**

In order to be recommended for a credential, the student must have:

1. A minimum of 72 quarter units of graduate-level work, with a minimum of 32 units completed in residency at this university;
2. A grade point average of "B" (3.0) in the course work taken to satisfy the credentialing requirements, including a minimum grade of "B" in the prerequisite course, ECLG 531, and no grade below a "C" (2.0) or better in all other courses in the program;
3. Completion of a credential program plan of study, certified by a program advisor and the credentialing office of the university;
4. Completion of a final competency check through demonstration of competence by completion of the Student Outcome Assessment Professional Portfolio.

**Prerequisite courses:**

1. ECLG 531. Introduction to Counseling (4)
   **Note:** Must be taken concurrently with EDUC 607.
2. EDUC 306. Expository Writing for Education (4) (or its equivalent)

**Credential requirements (72 units)**

1. EDUC 607. Introduction to Educational Research (4)
2. ECLG 619. Appraisal Procedures in Counseling (4)
3. ECLG 622. Advanced Psychological Foundations of Education (4)
4. ECLG 633. Advanced Study in Child and Adolescent Development (4)
5. ECLG 650. Applied Career Counseling (4)
6. ECLG 651. Professional School Counselor (4)
7. ECLG 654. Legal and Ethical Issues in Counseling and Guidance (4)
8. ECLG 655. Multicultural Counseling (4)
9. ECLG 656. Counseling Theories and Techniques (4)
10. ECLG 657A. Counseling Practicum (4)
11. ECLG 657B. Counseling Practicum (4)
12. ECLG 658. Consulting with Parents and Staff (4)
13. ECLG 672. Leadership, Advocacy, and Preventive Education in Counseling (4)
14. ECLG 678. Theory and Practice of Group Counseling (4)
15. ECLG 679A. Counseling Fieldwork: Multicultural (4)
16. Twelve units chosen from:
   - ECLG 679B. Counseling Fieldwork: Elementary School (4)
   - ECLG 679C. Counseling Fieldwork: Middle School (4)
   - ECLG 679D. Counseling Fieldwork: High School (4)
   - ECLG 679E. Counseling Fieldwork: Educational Institution (4)

**PUPIL PERSONNEL SERVICES CREDENTIAL: SCHOOL PSYCHOLOGY**

**Requirements (47 units)**

The School Psychology program at California State University, San Bernardino provides professional preparation for the Pupil Personnel Services Credential with Specialization in School Psychology. This program is designed to meet the mandates for the Pupil Personnel Services Credential in School Psychology (PPS) established by the California Commission on Teacher Credentialing (CCTC). The program is also designed to meet the national accreditation standards of the National Association of School Psychologists (NASP) as adopted in 1984-1985 and revised in 1994.

The School Psychologist Credential program is a 47-quarter unit sequence of training designed for professionals who already possess a master's or doctoral degree in Educational Counseling, Psychology, Special Education, Education, Marriage/Family Therapy, and Social Work, or are in the final stages of training for such a discipline (e.g. final year of coursework, thesis to complete, etc.). Students must complete the common, standard courses (50 units) as well as the school psychology specialization standards courses (47 units) to receive the PPS Credential in School Psychology. The sequence also includes a 1200-hour internship in a school setting.

Students who have graduated from CSU, San Bernardino with an M.S. in Counseling and Guidance degree will have already taken the common, standard coursework as part of their program. Candidates from other programs and universities will have transcripts individually evaluated to ascertain how thoroughly previous graduate work complies with the common and generic standards which are required by the state for certification. Previous course work will be substituted with appropriate verification using transcripts and course catalog descriptions from the college or university where this course work was completed. Students admitted to the School Psychology Credential Program will design a two-year schedule with their advisor to make up any course work needed to comply with the common and generic standards for the Pupil Personnel Services Credential as well as advanced coursework (47-unit sequence) which meets the state standards for school psychology specialization. Included in this sequence are 1200 hours of internship in a school setting (K-12) which are accrued year round. Students must have evidence of
completing 450 clock hours of practica prior to beginning 1200 hours of internship. Supervision is provided on site a minimum of two hours per week by a credentialed school psychologist with at least three years of experience in the field. The student is also supervised on the university site two hours per week by a university faculty member during the internship. If a student intends to obtain a paid internship in school psychology, they must apply for the internship credential from the C.A.S.E. Office following the first year of study.

**Admission to the Program**

In addition to the general requirements of the university, specific requirements for admission to the PPS in School Psychology are:

1. Admission and acceptance to CSU, San Bernardino;
2. Current vitae resume;
3. Current sealed transcript which verifies an M.A., M.S. or Ph.D. in Counseling or a related field;
4. Writing sample (include an APA-style graduate level paper which indicates the applicant's competency in writing);
5. Application and personal statement;
6. Three reference forms and letters of recommendation from persons having knowledge of the applicant's potential as a school psychologist, sent independently to the program director;
7. Proof of passing the California Basic Educational Skills Test (CBEST);
8. Evidence of possession of professional liability insurance (may be provided once accepted into program);
9. Evidence of possession of a valid California teaching credential, PPS in School Counseling, or a Certificate of Clearance for eligibility to participate in fieldwork;
10. Evidence of current negative TB skin test;
11. Evidence of technological literacy in six areas: word processing, database, computer presentation, downloading, internet, and email.

Upon completion of the above requirements, the student's file will be reviewed by an admission committee composed of at least three members of the educational counseling/school psychology faculty. This committee will evaluate the admissions folder and decide on the student's admission status. Students admitted to the program will meet with their advisor and design their schedule for the two-year program, including any work needed to complete the specific competencies in the program as mandated by the California Commission for Teacher Credentialing.

**Recommendation for the Credential**

In order to be recommended for a credential, a student must have:

1. Completed all prescribed coursework with a grade of "B" (3.0) or better;
2. Completed all requirements for the 1200-hour internship including the specific competencies in the program as mandated by the California Commission for Teacher Credentialing.

**Credential Requirements (47-97 units)**

**Common Standard Courses (48 units)**

1. EDUC 607. Introduction to Educational Research (4)
2. ECLG 619. Appraisal Procedures in Counseling (4)
3. ECLG 632. Advanced Psychological Foundations of Education (4)
4. ECLG 633. Advanced Study in Child and Adolescent Development (4)
5. ECLG 650. Applied Career Counseling (4)
6. ECLG 654. Legal and Ethical Issues in Counseling and Guidance (4)
7. ECLG 655. Multicultural Counseling (4)
8. ECLG 656. Counseling Theories and Techniques (4)
9. ECLG 657A. Counseling Practicum (4)
10. ECLG 658. Consulting with Parents and Staff (4)
11. ECLG 678. Theory and Practice of Group Counseling (4)
12. ECLG 679A. Counseling Fieldwork: Multicultural (4) (200 hours)

**School Psychology Specialization Standards (47 units)**

1. ECLG 647. Individual Testing and Case Study Techniques I (5)
2. ECLG 648. Individual Testing and Case Study Techniques II (5)
3. ECLG 649. Ecological Assessment and Case Study Techniques (5)
4. ECLG 660. Seminar in Child/Adolescent Psychopathology and Treatment (4)
5. ECLG 686. Seminar in Counseling of Children and Parents (4)
7. ECLG 689A. Seminar/Internship in School Psychology (4)
8. ECLG 689B. Seminar/Internship in School Psychology (4)
9. ECLG 689C. Seminar/Internship in School Psychology (4)
10. ECLG 689D. Seminar/Internship in School Psychology (4)
11. ECLG 693. Special Topics in School Psychology (4)

**PUPIL PERSONNEL SERVICES CREDENTIAL: SOCIAL WORK Requirements (106-122 units)**

**Admission to the Program**

1. Successful completion of the California Basic Educational Skills Test (CBEST);
2. A graduate-level grade point average of 3.0 or better.

**Credential Requirements (106-122 units)**

1. An M.S.W. (90 units)
2. SW 637. School Social Work (4)
3. Twelve units of field work, for a total of 450 hours of field placement in a school site:
   - SW 608D. Field Work (4)
   - SW 608E. Field Work (4)
   - SW 608F. Field Work (4)
4. ECLG 619. Appraisal Procedures in Counseling (4)
5. ECLG 632. Advanced Psychological Foundations of Education (4)
6. ECLG 650. Applied Career Counseling (4)
7. ECLG 654. Legal and Ethical Issues in Counseling and Guidance (4)
8. SW 999. Comprehensive Examination (0)

**Note:** Students who have already graduated from the M.S.W. program will need to meet requirements 2 to 8 in addition to the 90 units of the M.S.W. for a total of 122 units, plus the CBEST and the comprehensive examination. Students currently enrolled in the M.S.W. will be able to incorporate requirements 2 and 3 into the 90 units of the M.S.W. for a total of 106 units plus the CBEST and the comprehensive examination.
SCHOOL NURSE CREDENTIAL

Requirements (46 units)

Admission to the Program
In addition to meeting the general requirements of the university for admission as a postbaccalaureate student, admission to the school nurse credential program requires the following:
1. A current California Registered Nurse License;
2. A current First Aid card;
3. A current Cardiopulmonary Resuscitation card, Level C;
4. An Audiometry course.

Recommendation for the Professional Credential
In order to be recommended for a credential, the student must have:
1. Completed all prescribed course work with a grade point average of 3.0 ("B") or better;
2. A current First Aid card and current Cardiopulmonary Resuscitation card, Level C.

Credential Requirements

Foundation Course (2 units)

Level I: Reading Certificate
1. ERDG 620. Foundations of Reading and Writing (4)
2. ERDG 622. Basic Materials and Approaches to Reading and Writing (4)
3. ERDG 625. Practicum in Reading and Writing (4)
4. ERDG 640. Early Reading: Assessment and Intervention (4)
5. ERDG 642. Images of Culture through Children's Literature (4)
6. ERDG 658. Literacy and Language Processes (4)

Level II: to be taken upon completion of all courses in Level I
7. ERDG 624. Socio-psycholinguistics and Literacy (4)
8. ERDG 630. Practicum for Leadership in Reading and Writing (4)
9. ERDG 631. Curriculum Perspectives in Reading and Writing (4)
10. ERDG 632. Assessment/Evaluation in Reading and Writing (4)
11. ERDG 643. Critical Issues in Intermediate Reading and Writing (4)
12. ERDG 679. Field Work: Reading/Language Arts Specialist (4)

Note: A credentialed school nurse who completes the following courses will qualify for a Single Subject Teaching Credential in Health:
HSCI 302. Instructional Methods in Health Education (4)
HSCI 351. Health Education Curriculum and Instruction (4)
SUPERVISION AND COORDINATION OF DESIGNATED SUBJECTS PROGRAMS CREDENTIAL

Requirements (12 units)

Admission to the Program
1. Possession of, or eligibility for a "clear" designated subjects teaching credential;
2. Three years of full time teaching experience in the subject title on the teaching credential;
   All applicants for this credential should contact a designated subjects credential advisor and enroll in EVOC 508 as soon as possible.

Credential Requirements (12 units)
1. EVOC 508. Organization and Structure of Designated Subjects Programs (4)
2. EVOC 509. Personnel Management in Designated Subjects Programs (4)
3. EVOC 510. Field Work in Coordination and Supervision of Designated Subjects Programs (4)
4. Successful completion of the California Basic Educational Skills Test (CBEST).

CERTIFICATE PROGRAMS

Certificates may be earned by regularly matriculated or Extended Learning students and denote successful completion of a prescribed program of study designed to a) impart specified professional/vocational/career competencies; or b) produce mastery of the content of a sub-field of an academic major (discipline); or c) provide exposure to the range of materials in a traditional or emerging interdisciplinary field. Certain certificate programs contain 600-level courses as requirements and/or electives. These 600-level courses may not be taken by undergraduate students. Refer to Page 63 for additional certificate information.

Certificate in Crosscultural, Language and Academic Development (CLAD)

Admission to the Program
1. Postbaccalaureate standing;
2. Completion of a single subject or multiple subject teaching credential or the equivalent.

Certificate Requirements (18 units)
1. Four units chosen from:
   - EELB 312. Family, Culture and Schooling (2)
   - EESL 536. Crosscultural Teaching (4)
   - ESEC 321. Culture and Schooling (4)
2. Four units chosen from:
   - EELB 313. Pedagogical Foundations for English Language Learners (4)
   - ESEC 333. Curriculum and Instruction for a Diverse Society (4)
3. Four units chosen from:
   - EELB 511. Theory and Practice for English Language Development (ELD) (4)
   - ESEC 511. Theory and Practice for English Language Development (ELD) (4)
4. Two units chosen from:
   - EELB 605. Curriculum for Specially Designed Academic Instruction in English (SDAIE) (2)
   - ESEC 605. Curriculum for Specially Designed Academic Instruction in English (SDAIE) (2)
5. Four units chosen from:
   - EELB 680. Practicum in Teaching English as a Second Language (4)
   - ESEC 680. Practicum in Teaching English as a Second Language (4)

Certificate in Early Adolescent Education

Admission to the Program
1. Postbaccalaureate standing.

Certificate Requirements (16 units)
1. EDCI 628. Educational Assessment in K-12 Schools (4)
2. EDCI 655. Early Adolescent Educational Psychology (4)
3. EDCI 656. Curriculum for Early Adolescents (4)
4. EDCI 657. Instructional Strategies for Early Adolescent Education (4)

Certificate in Early Childhood Special Education Certificate
In addition to meeting the general requirements of the university for admission as a postbaccalaureate student, admission to the Early Childhood Special Education Certificate requires the following:
1. Official admission to the university;
2. A valid special education instructional specialist credential;
3. Submit documentation of a minimum of 45 hours in an Early Childhood Special Education Program setting;
4. A cumulative grade point average of 2.6 in the last 90 quarter units and a 3.0 ("B") in all course work taken in education;
5. ESPE 530 and PSYC 305 or their equivalent;
6. Minimum of 20 credit hours in special education;
7. Attend mandatory Special Education group advising session;
8. Meet with assigned faculty advisor to complete Advising Confirmation form.

Certificate Requirements (29 units)
1. HD 280. Early Childhood Development (5)
2. PSYC 270. Infant and Toddler Development (4)
3. ESPE 650. Development and Assessment of Young Children with Disabilities (4)
4. ESPE 651. Curricular Strategies for Students with Moderate/Severe Disabilities (4)
5. ESPE 652. Applied Curricular Strategies for Students with Moderate/Severe Disabilities (4)
6. ESPE 665. Curriculum and Methods in Special Education: Early Childhood Special Education (4)
7. ESPE 679F. Special Education Fieldwork: Early Childhood Special Education I (4)

Certificate in Education of the Gifted and Talented

Certificate Requirements (20 units)
1. ECLG 536. Social-Emotional Development of the Gifted and Talented (4)
2. EDCI 540. Differentiated Curriculum and Instruction (4)
Certificate in Educational Professional Services

Admission to the Program
1. Postbaccalaureate standing;
2. Valid teaching credential;
3. Two years of teaching experience.

Certificate Requirements (24 units)
1. EDCI 628. Educational Assessment in K-12 Schools (4)
2. EDCI 638. Advanced Educational Psychology (4)
3. EDCI 650A. Professional Teacher Development Seminar A (4)
4. EDCI 650B. Professional Teacher Development Seminar B (4)
5. EDCI 653. Supervision and Mentoring of Classroom Teachers (4)
6. Four units chosen from:
   EDCI 620. School Curriculum (4)
   EDCI 652. Service Learning in Public Schools (4)
   EELB 697. Implementing Educational Change (4)
   ESEC 697. Implementing Educational Change (4)

Certificate in Educational Technology

Certificate Requirements (28 units)
1. ETEC 500. Foundations in Instructional Technology (4)
2. ETEC 543. Technology and Learning I (4)
3. ETEC 544. Design and Development of Instructional Materials I (4)
4. ETEC 546. Computer Based Technology in Education II (4)
5. ETEC 676. Advanced Topics in Instructional Technology (4)
6. Eight units chosen from:
   COMM 242. Writing for Print Media (4)
   CSCI 125. Programming in Visual Basic (4)
   ETEC 644. Design and Development of Instructional Materials II (4)
   ETEC 676. Advanced Topics in Instructional Technology (4)
   MUS 519. Audio Production (2)

Certificate in Environmental Education

Admission to the Program
1. Completion of at least 15 quarter units of undergraduate natural sciences course work or the equivalent.

Certificate Requirements (16 units)
1. EENV 635. Environmental Education in the Curriculum (4)
2. Twelve units to be chosen from:
   May choose only one of the following two courses:
   EELB 636. Advanced Science Methods (4)
   NSCI 499. Methods and Materials in the Teaching of Natural Sciences Subjects (4)
   EENV 642. Developing the Curriculum Through Outdoor Education (4)

Certificate in Reading/Language Arts

Admission to the Program
In addition to meeting the general requirements of the university for admission as a postbaccalaureate student, admission to the reading certificate requires the following:
1. A valid California Multiple Subject or Single Subject credential and at least one year of full-time teaching in any grades, preschool through adult, exclusive of student teaching, internship teaching, or teaching while holding an emergency credential or permit;
2. A 3.0 grade point average in all course work taken in education;
3. Application packet (obtained from the Department of Language, Literacy and Culture or the College of Education Master's Program Office) which includes information to complete:
   A. Program application;
   B. Letter of interest which includes experiences working with diverse populations;
   C. Three letters of recommendation: one from the candidate's school principal, and two from other district professionals who can speak to the strengths of the applicant's personal qualities and professional qualifications;
4. Upon completing the application packet, meet with the Reading/Language Arts Coordinator to complete the program plan.

**Recommendation for the Certificate**

In order to be recommended for the certificate, the candidate must have:
1. Completed all of the prescribed course work with a grade point average of 3.0 ("B") or better;
2. Verified that all California Commission on Teacher Credentialing Standards have been met;
3. Verified at least three years of successful full-time teaching experience in any grades, preschool through adult, exclusive of student teaching, internship teaching, or teaching while holding an emergency credential or permit;
4. Obtain a letter of recommendation from the coordinator of the program.

**Certificate Requirements (20 units)**

1. ERDG 620. Foundations of Reading and Writing (4)  
   **Note:** This course is the prerequisite for all courses in the program.
2. ERDG 622. Basic Materials and Approaches to Reading and Writing (4)
3. ERDG 625. Practicum in Reading and Writing (4)
4. ERDG 640. Early Reading: Assessment and Intervention (4)
5. ERDG 642. Images of Culture through Children's Literature (4)

**Certificate in Rehabilitation Counseling**

**Certificate Requirements (28 units)**

1. ECLG 531. Introduction to Counseling (4)
2. EREH 615. Introduction to Rehabilitation Counseling (4)
3. EREH 616A. Multiple Aspects of Disability: Medical (4)
4. EREH 616B. Multiple Aspects of Disability: Vocational (4)
5. EREH 617. Vocational Assessment and Development (4)
6. EREH 618. Applied Job Placement (4)
7. EREH 649. Organizational Development of Rehabilitation Services (4)  
   **Note:** Rehabilitation Counseling 615 must be completed with a grade of "B" (3.0) or better to continue work in the certificate program.

**Certificate in School Business Management**

**Certificate Requirements (26 units)**

1. EADM 511. Contemporary School Business Management (4)
2. EADM 512. School Finance and Budgeting (4)
3. EADM 513. School Accounts and Related Functions (4)
4. EADM 525. Classified Personnel Administration (4)
5. Six units chosen from:
   - EADM 514A. School Business Management and Service Functions: Purchasing, Warehousing and Inventory (2)
   - EADM 514B. School Business Management and Service Functions: Risk Management (2)
   - EADM 514C. School Business Management and Service Functions: Facilities Planning, Construction (2)
   - EADM 514D. School Business Management and Service Functions: Computer Services in Business Functions (2)

**SPECIALIST CERTIFICATE PROGRAM**

**Certificate in Resource Specialist in Special Education**

**Admission to the Program**

Admission to the university must precede admission to the certificate program.
1. A baccalaureate degree from an accredited college;
2. A valid special education teaching credential;
3. A cumulative grade point average of 2.6 in the last 90 quarter units and a 3.0 ("B") in all course work taken in education;
4. ESPE 530 or its equivalent;
5. A minimum of 20 credit hours in special education.

**Certificate Completion Requirements**

1. Three years teaching experience to include full-time teaching in both the regular and the special education classroom.

**Certificate Requirements (16 units)**

1. ESPE 635. Effective Communication with Professionals and Families (4)
2. ESPE 646. The Resource Specialist in Special Education (4)
3. Four units chosen from:
   - ESPE 660. Instructional Planning for Culturally and Ethnically Diverse Students with Special Needs (4)
   - ERDG 625. Practicum in Reading and Writing (4)
4. ESPE 679E. Special Education Field Work: Resource Specialist (4)
### Graduate level course descriptions are listed on the following pages. Refer to the page numbers given for those programs listed elsewhere in the graduate studies section.

- EDUC  Education (general and core courses)
- EADM  Educational Administration (listed on Page 445)
- ECLG  Educational Counseling (listed on Page 393)
- EDCL  Curriculum and Instruction
- EELE  Elementary Education
- EENV  Environmental Education
- EESL  English as a Second Language
- ERDG  Reading Education
- ERED  Rehabilitation Counseling (listed on Page 494)
- ESEC  Secondary Education
- ESPE  Special Education
- ETEC  Instructional Technology
- EVOC  Vocational Education

### Upper Division

#### 542. Seminar in Education
Intensive study of topics and problems in education. May be repeated for credit as subject matter changes and with consent of instructor. Prerequisite: graduate standing or consent of instructor. (Credit to be arranged: 1 to 5 units)

#### 574. Foundations of Institutional Education: History and Literature
Introduction to historic and current correctional and alternative education delivery structures, the prison reform/correctional education (CE) movement and the classic literature. Emphasis on major CE development in North America, CE paradigms, anomalies, and trends. (Also offered as EDUC 674. Students may not receive credit for both.) (4 units)

#### 575. Educational Change in Institutional Settings
Addresses the work of reforming prisoners and prisons through democratic methods. It equips educators with specialized, professional knowledge and skills to emphasize student learning and personal/professional growth in the most restrictive learning environment. Includes coping with institutional constraints, networking for cooperative resources, managing stressful situations, and support structures that foster student learning. The metaphysical, dialectical, and paradigmatic approaches to educational change will be considered. (Also offered as EDUC 675. Students may not receive credit for both.) (4 units)

#### 580. Teaching the Institutional Student
Overview of identified student needs, underlying assumptions, curricular components, and instructional methodologies appropriate to institutional education. Relevant traditional and innovative theory, practice and trends in instruction will be considered. (Also offered as EDUC 680. Students may not receive credit for both.) (4 units)

#### 595. Independent Study
Special topics involving library and/or field research. Prerequisites: a minimum overall grade point average of 3.0, consent of instructor and college approval of a written proposal of a project submitted on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 1 to 4 units)

### Graduate/Postbaccalaureate

#### 600. Master's Degree Project
Prerequisite: advancement to candidacy. (4 units)

#### 601. Advanced Independent Study Topics in Education
Special topics involving application of educational procedures. Prerequisites: minimum grade point average of 3.0, consent of instructor and college approval of a written proposal of a project submitted on a standard application, and filed in advance of the term in which the course is to be taken. (Credit to be arranged: 1 to 4 units)

#### 603. Effective Communication in Education
Varying theoretical approaches with an emphasis on identifying one's personal/professional school of thought. Dynamics of interpersonal communication in educational structures: participation of individuals and small groups from a pluralistic perspective; writing for research purposes and professional speaking. Prerequisite: EDUC 306 or equivalent. (4 units)

#### 605. Foundations of Education
History and theory of elementary, secondary and postsecondary education within the setting of American society: underlying assumptions, organizational structure, and educational change. Multiculturalism is studied in a balanced context relevant to the educational setting. Students apply what they learn to their school of thought in education, thereby connecting theory to the daily practice in the schools. Formerly EDUC 695. Prerequisite or corequisite: EDUC 603. (4 units)

#### 607. Introduction to Educational Research
Introduction to the vocabulary, design, and sources of quantitative and qualitative methodologies, and program evaluation research in education. Ethical strategies for collecting, treating, and reporting data are emphasized; research reports and identifying, developing and critiquing trends in research communities. Formerly EDUC 663. Prerequisites: EDUC 603 and 605. (4 units)

#### 610. Research Methodology in Education
Principles of research design, methods of data collection and analysis. (4 units)

#### 623. The Science Curriculum
The structure and context of science education. Emphasis will be placed on the cognitive processes and curricular content of science as it applies to teaching. (2 units)

#### 634. Research in Science Education Seminar
Focus on research developments in science education including the areas of teaching and learning, assessment, equity and literacy, attitudes, and the nature of science. (2 units)
644. Inquiry Teaching and Learning in the Science Classroom
Introduction to inquiry teaching and learning in science. Focuses on the design of questions and concepts to support scientific investigation in the classroom and the use of appropriate classroom teaching and learning strategies, materials, and assessment to guide scientific investigation in the K-12 classroom. (4 units)

645. Issues in Science, Technology and Society in the Classroom
Emphasis on the issues, strategies, and curricula appropriate for implementing the science/technology/society theme into the science classroom instruction. (2 units)

674. Foundations of Institutional Education: History and Literature
Introduction to historic and current correctional and alternative education delivery structures, the prison reform/correctional education (CE) movement and the classic literature. Emphasis on major CE development in North America, CE paradigms, anomalies, and trends. (Also offered as EDUC 574. Students may not receive credit for both.) Students in EDUC 674 must complete additional requirements. (4 units)

675. Educational Change in Institutional Settings
Addresses the work of reforming prisoners and prisons through democratic methods. It equips educators with specialized, professional knowledge and skills to emphasize student learning and personal/professional growth in the most restrictive learning environment. Includes coping with institutional constraints, networking for cooperative resources, managing stressful situations, and support structures that foster student learning. The metaphorical, dialectical, and paradigmatic approaches to educational change will be considered. (Also offered as EDUC 575. Students may not receive credit for both.) Students in EDUC 675 must complete additional requirements. (4 units)

680. Teaching the Institutional Student
Overview of identified student needs, underlying assumptions, curricular components, and instructional methodologies appropriate to institutional education. Relevant traditional and innovative theory, practice and trends in instruction will be considered. (Also offered as EDUC 580. Students may not receive credit for both.) Students in EDUC 680 must complete additional requirements. (4 units)

694. Master's Project in Science Education
Prerequisites: advancement to candidacy and consent of the graduate coordinator. (4 units)

698. Extended Enrollment
Independent study leading to completion of requirements (other than course work) for the master's degree. To retain classified standing in the master's program, a student must enroll in 698 each quarter until the project or thesis is completed or the comprehensive examination passed. Students who enroll in 698 through the university have full use of all university facilities. (Note: Students enrolled in 698 through the College of Extended Learning and taking no other courses through the regular university have access only to the library and their professor.) See Page 358, Culminating Experience: Exam, Thesis, or Project. Prerequisites: advancement to candidacy and approval of program graduate coordinator or, if an interdisciplinary studies major, consent of the Dean of Graduate Studies. (0 units)

COURSE OFFERINGS IN CURRICULUM AND INSTRUCTION (EDCI)

Upper Division

540. Differentiated Curriculum and Instruction
Methods of designing curriculum and instruction to accommodate differences and diversity in learners, with an emphasis on utilizing differentiated instructional methodologies to meet the needs of gifted learners in the regular classroom. (4 units)

543. Creativity, Thinking and Problem Solving
Emphasis on characteristics, needs and appropriate education of creatively gifted individuals. Strategies for regular classroom applications of creative and critical thinking skills and infusion of problem solving across the curriculum. (4 units)

Graduate/Postbaccalaureate
May not be taken by undergraduate students

620. School Curriculum
History, organization and operation of American K-12 schools; curriculum trends; recent practices in K-12 education. Formerly EELB 622, 640, 662; ESEC 662 and 699. (4 units)

624. Advanced Teaching Methodology
Development of various advanced teaching methods as well as self and peer coaching for the improvement of teaching. Formerly EELB 580, 624; ESEC 516 and 624. (4 units)

628. Educational Assessment in K-12 Schools
Development and utilization of educational assessment techniques to obtain reliable and useful information to document student achievement in K-12 schools. Includes the study of traditional assessment measures as well as authentic assessment and outcome-based methods. Formerly EELB 644 and ESEC 644. (4 units)

638. Advanced Educational Psychology
Advanced seminar exploring recent theory and research on cognition, personality, and psychosocial development with an emphasis on examining their interactions with the learning process. Formerly EELB 620 and ESEC 620. Prerequisite: an upper-division child development course. (4 units)

650. Professional Teacher Development
A. Seminar A: Designed to support teachers pursuing National Board Certification. Teachers will review research of effective teaching strategies and examine their own practice as a foundation for effective decision making. Emphasis on student learning and development, student motivation, and the influence of context and culture on student learning and behavior. In addition, teachers will examine subject matter knowledge including how disciplinary knowledge is created, organized, linked to other disciplines, and applied to real world settings. Formerly EELB 650A and ESEC 650A. (4 units)
B. Seminar B: Assists teachers pursuing National Board Certification. Examines instructional settings and techniques designed to capture and sustain student interest and ensure academic success. In addition, teachers will examine the use of multiple methods for measuring student growth and understanding. Formerly EELB 650B and ESEC 650B. Prerequisite or corequisite: EDCI 650A. (4 units)

652. Service Learning in Public Schools
Study of service learning, a pedagogy that integrates academic curriculum with community service. Examines the principles and best practices of including service learning in classrooms. Includes a field component. Formerly EELB 652 and ESEC 652. (4 units)

653. Supervision and Mentoring of Classroom Teachers
Emphasizes the skills needed to support and mentor teachers as outlined in the California Standards for the Teaching Profession. Formerly EELB 653 and ESEC 653. (4 units)

655. Early Adolescent Educational Psychology
Advanced seminar exploring recent theory and research on cognition, personality, and psycho-social development in early adolescents (grades 5-9) with emphasis on examining their interactions with the learning process. (4 units)

656. Curriculum for Early Adolescents
Curriculum development and alignment to the state standards for grades 5-9, including assessment and accountability methods and measures. Formerly ESEC 517 and 617. Prerequisites: EDCI 620 and 628. (4 units)

657. Instructional Strategies for Early Adolescent Education
Effective instructional methods and evaluation procedures that address the needs of early adolescents in grades 5-9. Formerly ESEC 521 and 621. Prerequisite: EDCI 624. (4 units)

663. Comprehensive Evaluation in Curriculum and Instruction
Review and preparation for the written comprehensive examination as well as the administration of the comprehensive examination. Formerly EELB 633 and ESEC 633. Graded credit/no credit. Prerequisites: advancement to candidacy and permission of program coordinator. (2 units)

664. Thesis/Project Design in Curriculum and Instruction
Steps and processes involved in the design and development of research proposals with emphasis on master's thesis/project. Formerly EELB 664, 698 and ESEC 664. Prerequisites: completion of all core and required program courses in the M.A. in Education, Curriculum and Instruction Option. (2 units)

999. Comprehensive Examination
An assessment of the student's ability to integrate the knowledge of the area, show critical and independent thinking and demonstrate mastery of the subject matter. Prerequisites: advancement to candidacy, approval of department, completion of course work in the master's program, and in good academic standing. (0 units)

---

**COURSE OFFERINGS IN ELEMENTARY/BILINGUAL EDUCATION (EELB)**

**Upper Division**

511. Theory and Practice for English Language Development (ELD)
Study and practice of the design, implementation and assessment of a communication-based curriculum for the English language learners in all stages of second language development. Includes selection and use of appropriate ELD strategies and materials. (Also offered as ESEC 511. Students may not receive credit for both.) Prerequisites: EELB 312, EESL 536 or ESEC 321; and EELB 313 or ESEC 333. (4 units)

512. Spanish Children's Literature for the Bilingual Classroom
Examines children's literature and how it has the potential to be culturally authentic, interesting and effective in literacy instruction. (Also offered as EELB 611. Students may not receive credit for both.) (4 units)

513. Motivation and Behavior Management of Children
Addresses developmentally-appropriate practices in motivating and sustaining school-aged children's interest, involvement, and appropriate conduct. Theories of achievement motivation and research on student involvement will be addressed as they apply to the classroom where students differ in culture, gender, language, ethnicity, socioeconomic status, and handicapping conditions. Approaches to management of classroom resources and student behavior will be analyzed as students develop their own discipline plans. Five hours of observation/participation in a public elementary school classroom are required. (Also offered as HD 513. Students may not receive credit for both.) Prerequisites: senior standing, EELB 310 and HD 315 or equivalent. (3 units)

519. Assessment Seminar I
Seminar focusing on knowledge, skills and dispositions required of first-year teachers. Emphasis on content specific and developmentally appropriate pedagogy, characteristics of English learners and learners with special needs, and demonstration of Teacher Performance Expectations 1, 3, 4, 6 and 7. Must be the last course taken in Phase I. Graded credit/no credit. Prerequisite: admission to the Multiple Subject Credential program. Prerequisite or corequisite: all courses in Phase I. (2 units)

529. Assessment Seminar II
Seminar focusing on knowledge, skills and dispositions required of first-year teachers. Emphasis on connecting instructional planning to student characteristics for academic learning; designing instruction in physical education; and demonstration of Teacher Performance Expectations 1, 4, 6, 7, 8, 9, and 13. Graded credit/no credit. Corequisite: EELB 540A for student teachers or EELB 560B for intern teachers. Prerequisites or corequisites: EELB 422, 423, 425 for student teachers or EELB 532 for intern teachers. Prerequisites: admission to the Multiple Subject Credential program and all Phase I courses for student teachers or all courses in Phase I and II for intern teachers. (2 units)
532. Science/Health Curriculum and Pedagogy
Introductory course in curriculum and pedagogy in science and health. Emphasis on implementing state adopted science and health curriculum standards in an elementary classroom. Includes designing instruction to meet academic needs of all learners including English language learners and learners with special needs. Formerly EELB 443. Must be taken with EELB 540B or 560B for those not in supervision or consent of instructor. Corequisite: must be taken concurrently with EELB 533 or 534 and 539 for student teachers or with EELB 529 for intern teachers. Prerequisites: admission to the Multiple Subject Credential Program and completion of all Phase I and II courses. (4 units)

533. Social Studies and the Arts Curriculum and Pedagogy
Introductory course in curriculum and pedagogy in history/social studies and visual/performing arts. Emphasis on implementing state adopted curriculum standards and skills in an elementary classroom based on an in-depth understanding of concepts, skills, and strategies in history/social studies and the visual/performing arts. Includes designing a teaching unit to meet academic needs of all learners including English language learners and learners with special needs. Formerly EELB 447. Corequisite: EELB 540B or 560C. May be taken concurrently with EELB 532 and 539 for student teachers or with EELB 539 for intern teachers. Prerequisites: admission to the Multiple Subject Credential program and all Phase I, II and II courses for intern teachers. (4 units)

534. Social Studies and the Arts (Primary Language) Curriculum and Pedagogy
Introductory course in curriculum and pedagogy in history/social studies and the visual/performing arts. Emphasis on implementing state adopted curriculum standards and skills in an elementary school based on an in-depth understanding of concepts, skills, and strategies in history/social studies and the visual/performing arts. Includes designing a teaching unit to meet academic needs of all learners including Spanish-speaking learners and learners with special needs. Part of the course will be taught in Spanish. Formerly EELB 448. May be taken concurrently with EELB 532 and 539 for student teachers or with EELB 539 for intern teachers. Prerequisites: admission to the Multiple Subject Credential program and completion of all Phase I and II courses for student teachers or completion of all Phase I, II, and II courses for intern teachers. Corequisite: EELB 540B or 560C. (4 units)

539. Assessment Seminar III
Seminar focusing on knowledge, skills and dispositions required of first year teachers. Emphasis on assessment of learning goals; lesson design, implementation, and reflection after instruction; professional, legal and ethical obligations; and demonstration of Teacher Performance Expectations 1 through 13. Graded credit/no credit. Corequisite: EELB 540B for student teachers or EELB 560C for intern teachers. Prerequisites or corequisites: EELB 532 and 533 or 534 for student teachers or EELB 533 or 534 for intern teachers. Prerequisites: admission to the Multiple Subject Credential program and Phase I and II for student teachers or Phase I, II and III for intern teachers. (2 units)

540. Supervised Student Teaching in Multiple Subject
Teaching practicum in public schools in a multiple subject setting as defined by CCTC. Two quarters of student teaching are required. Graded credit/no credit. Formerly EELB 450.
A. Must be taken concurrently with EELB 529. Should be taken concurrently with EELB 422, 423, and 425. Prerequisite: admission to supervision as a student teacher. (6 units)
B. Must be taken concurrently with EELB 539. Should be taken concurrently with EELB 532 and 533 or 534. Prerequisites: EELB 422, 423, 425, 529 and 540A. (6 units)
C. Prerequisite: consent of program director. (6 units)

542. Seminar in Elementary/Bilingual Education
Intensive study of topics and problems in education. May be repeated for credit as subject matter changes and with consent of instructor. Prerequisite: graduate standing or consent of instructor. (Credit to be arranged: 1 to 4 units)

545. Teaching Science in Elementary School
Intensive study of teaching science in elementary school. Exploration, analysis, interpretation and implementation of science process teaching. Intended for experienced teachers. Prerequisite: consent of instructor. (4 units)

551. Internship Seminar I: Classroom Organization, Management and Discipline
Seminar for CLAD and BCLAD interns, focusing on knowledge, skills and attitudes required for a first year teacher during the first month of teaching. Graded credit/no credit. Formerly EDUC 550B. Prerequisite: admission into the Multiple Subject CLAD or BCLAD Credential Program (Intern Track). (2 units)

554. Internship Seminar II: Curriculum and Instruction for a Diverse Society
Seminar for CLAD and BCLAD interns focusing on knowledge, skills and attitudes required for a first year teacher. Included are developing curriculum and instruction for English Language Learners. Key issues and concepts include the following: first and second language acquisition theories; enrichment versus deficit models of schooling; role of verbal interaction in the classroom; bilingual education; English language development (ELD) and specially designed academic instruction in English (SDAIE). Other issues include historical, legal, and educational foundations of bilingual education, organizational models and instructional approaches. This course fulfills the credential requirement for EELB 313. Formerly EDUC 550D. Graded credit/no credit. Prerequisite: admission into the Multiple Subject CLAD or BCLAD Credential Program (Intern Track). Corequisite: EELB 455A. (4 units)

555. Internship Seminar III: Literacy and Second Language Acquisition in the Elementary School
Seminar for CLAD and BCLAD interns focusing on knowledge, skills and attitudes required for a first year teacher. Continuation of EELB 445/446 with emphasis on approaches to English Language Development (ELD), planning for both language and content instruction (SDAIE), literacy in content areas, technology and assessment techniques, techniques for pre-literate students, and transfer of literacy skills from first to second language. This
course fulfills the credential requirements for EELB 425. Formerly EDUC 555. Graded credit/no credit. Prerequisite: admission to the Multiple Subject CLAD or BCLAD Credential Program (Intern Track). Corequisite: EELB 455B. (4 units)

556. Internship Seminar IV: Capstone
Seminar for CLAD and BCLAD interns focusing on knowledge, skills and attitudes required for a first year teacher. This seminar includes: discussion of issues in continuing development of the teaching work and experiences; continuing development of the teaching portfolio. Fulfills the credential requirement for EELB 540. Formerly EDUC 556. Graded credit/no credit. Prerequisite: admission to the Multiple Subject CLAD or BCLAD Credential Program (Intern Track). (4 units)

560. Supervised Intern Teaching in Multiple Subject
Full-time teaching in the public schools under the intern credential in a multiple subject setting as defined by CCTC. Three quarters of supervised intern teaching are required. Formerly EELB 455. Graded credit/no credit.
A. Prerequisites: admission to the intern program, completion of EELB 312, 313, 315 or 316, and 317 and admission to supervision. Corequisites: EELB 422, 423, and 425. (8 units)
B. Prerequisites: EELB 312, 313, 315 or 316, 317, 422 423, 425, and 560A. Corequisites: EELB 532 and 529. (8 units)
C. Prerequisites: EELB 533 or 534 and 539. (8 units)

Graduate/Postbaccalaureate
May not be taken by undergraduate students

605. Curriculum for Specially Designed Academic Instruction in English (SDAIE)
Study and practice of the design, implementation, and assessment of specially designed academic instruction in English (SDAIE). Includes selection and use of appropriate SDAIE strategies and materials. Formerly a topic under ESEC 602. Also offered as ESEC 605. Students may not receive credit for both. Prerequisites: EELB 312, EESL 536, or ESEC 321; EELB 313 or ESEC 333; and EELB 511 or ESEC 511. (2 units)

606. Theory and Practice in Teaching Bilingual Students I
Bilingual/crosscultural teaching strategies and curriculum development; methods of integrating English and Spanish in the instructional program; evaluation of language skills, emphasis on social sciences and language arts. Prerequisite: consent of instructor. (4 units)

608. Research in Bilingual/Cross-Cultural Education
Survey of current measurements and research in bilingual/cross-cultural education and their applications in the classroom. (4 units)

610. Language Assessment in the Elementary Classroom
Assessment practices for language arts programs analyzed in light of their appropriateness for students with various levels of English proficiency. The selection, development, administration, and scoring of tests and authentic measures for evaluating the progress of language minority students will be reviewed, as well as standards for identification, reclassification, entry and exit of limited English proficient students into English as a second language program. (4 units)

611. Spanish Children's Literature for the Bilingual Classroom
Examines children's literature and how it has the potential to be culturally authentic, interesting and effective in literacy instruction. (Also offered as EELB 512. Students may not receive credit for both.) Graduate students in this course must complete additional assignments. (4 units)

612. Social and Cultural Contexts for School Learning
Examination of the relationship between the sociology of knowledge, social context, cultural norms and school practices with particular attention to language minority student populations. (4 units)

616. Advanced Reading/Language Arts (Primary Language) Curriculum and Pedagogy
Research-based materials, methods, and strategies for teaching reading/language arts, including explicit systematic, meaningful instruction in basic reading skills and comprehension strategies to meet the needs of English learners, proficient English learners, and learners with special needs, including learners with varied reading levels and language backgrounds. Emphasis on emergent reading and writing behaviors, balanced literacy components, and literature. Part of the course will be taught in Spanish. Requires a minimum six-hour field component including participation with beginning readers in an approved Multiple Subject (BCLAD) setting. In addition, students will be required to conduct a case study research project tracking a beginning reader and writer's literacy/biliteracy development across time. Fulfills credential requirement for EELB 316. Formerly EELB 646. (4 units)

618. Social and Cultural Contexts for Bilingual Teaching and Learning
The relationship between language and culture will be explored with an emphasis on some of the existent variations within the English language among different social and ethnic groups and how these differences have emerged. Examines the development of mind as social construction. For educators this requires an understanding of the connectedness of social, institutional and interactive factors which foster the cognitive development of bilingual students. (4 units)

619. Cognition, Language Acquisition and Biliteracy
An analysis of the language acquisition process as it emerges from the early grammars of the child and develops into the complex grammatical structures and patterns of the mature individual. Examines sociopsycholinguistic, sociocultural, psychogenetic and sociopolitical traditions and how they relate to the literacy development of students in bilingual and mainstream programs. (4 units)

625. Curriculum and Materials for Bilingual and ESL Classrooms
Provides participants with advanced knowledge of curricular and instructional approaches used in effective bilingual and English as a Second Language (ESL) programs. (4 units)
626. Literacy and Bilingual Development
Examines sociopsycholinguistic, sociocultural, psychogenetic and sociopolitical traditions and how they relate to the literacy development of students in bilingual and mainstream programs. (4 units)

627. Innovations in Bilingual Education
Examines the theoretical bases of innovations in curriculum, instruction and school reform to meet the needs of students in bilingual education. (4 units)

628. Bilingualism and the Social Construction of Mind
Examines the development of mind as social construction. For educators this requires an understanding of the connectedness of social, institutional and interactional factors which foster the cognitive development of bilingual students. (4 units)

629. Special Topics in Elementary Education
Relevant issues, techniques, and topics in elementary education. A. Primary Language Literacy (4 units)

630. Children's Literature in the Classroom
Intensive study of children's literature as it applies in elementary and middle school classrooms with an emphasis on developing familiarity with the variety and wealth of literature available, strategies for classroom instruction and appropriate assessment tools. Formerly EELB 645. Prerequisite: EELB 345 or consent of instructor. (4 units)

632. Mathematics Clinic
Administration of diagnostic instruments and assessment procedures to elementary school students, followed by prescription and initiation of remedial measures to strengthen the mathematics areas. Formerly EELB 577. Prerequisites: MATH 301 and four additional quarter units in mathematics. (4 units)

634. Advanced Social Studies Methods
Advanced seminar for elementary educators exploring current research, curriculum, and methods in social studies instruction. (4 units)

636. Advanced Science Methods
Intensive study of teaching science in elementary school. Exploration, analysis, interpretation and implementation of science process teaching. Intended for experienced teachers. Formerly EELB 545. Prerequisite: EELB 345. Prerequisite: consent of instructor. (4 units)

639. Advanced Pedagogical Foundations for English Language Learners
Comprehensive study of various theories, principles, and instructional practices designed to develop the linguistic, social and academic proficiency of English language learners. Key issues and concepts to be implemented in dual language classrooms include: linguistic development, first and second language acquisition, and the relationship between first language literacy and second language development. Relevant state and federal laws pertaining to the education of English learners, the impact of these mandates on student placement and school site instructional programs, the importance of students' families, cultural backgrounds and experiences and how these relate to successful school experiences for English learners are examined. Fulfills the credential requirement for EELB 313. Formerly EELB 654. Prerequisites: admission into the BCLAD Credential and M.A. in Education: Language, Literacy and Culture (Primary Language) Option. (4 units)

643. Advanced Social Studies and the Arts (Primary Language) Curriculum and Pedagogy
Comprehensive course in curriculum and pedagogy in history/social sciences and visual/performing arts. Emphasis on implementing state adopted curriculum standards and skills in an elementary school based on an in-depth understanding of concepts, skills, and strategies in history/social studies and the visual/performing arts. Includes designing instruction to meet academic and language needs of all learners including Spanish-speaking learners and learners with special needs. Use of bilingual/cross-cultural teaching strategies and curriculum development, methods of integrating English and Spanish in the instructional program and evaluation of language skills are presented. Part of the course will be taught in Spanish. Requires a minimum six-hour field component including participation in teaching at an approved dual language setting if not concurrently enrolled in internship teaching. Fulfills credential requirement for EELB 534. Formerly EELB 648. (4 units)

647. Topics in Teaching Elementary Science
Topics covered in the elementary science methods course. Concentrates on the current resources, techniques, research, curricula, and technology being used in elementary science education. Three hours lecture and two hours science laboratory activities. (4 units)

649. Advanced Literacy and Second Language Acquisition for the Intermediate Reader and Beyond
Advanced study of literacy development for the intermediate reader and beyond for all learners including English learners, proficient English learners, and learners with special needs. Emphasis on developing higher level academic skills for complex reading, writing, speaking, and thinking; approaches to English language development (ELD); planning for both language and content instruction, literacy in the content areas; development of strategies to build comprehension and fluency; assessment techniques; and transfer of literacy skills from first to second language. In addition, a graduate research project will be required that focuses on acquiring English as a second language at the intermediate grade levels. Formerly EELB 655. Prerequisite: EELB 616. (4 units)

656. Internship Seminar IV: Ethics and Legal Aspects of Teaching — Capstone
Seminar for BCLAD Interns focusing on knowledge, skills and attitudes required for a first year teacher. Includes discussion of the issues in continuing development of the teaching work and experiences; and continuing development of the teaching portfolio. Also focuses on the legal and ethical aspects of teaching. Prerequisite: admission to the Multiple Subject BCLAD Credential program. (4 units)

680. Practicum in Teaching English as a Second Language
Simulation and classroom-based practice in teaching methods and materials to include planning, teaching performance, classroom organization, student management, and evaluation competencies. Formerly EELB and ESEC 680A. Prerequisites: (for CLAD certificate program only) EELB 312, or EESL 536, or ESEC 321; EELB 333 and 511 or ESEC 313 and 511. May be taken concurrently with ESEC 605. (4 units)
697. Implementing Educational Change
Seminar examining the relationships and techniques involved when teachers plan for educational change. The emphasis will be on change theory in the K-12 school setting. (Also offered as ESEC 697. Students may not receive credit for both.) Prerequisites: completion of all COE core courses; curriculum and instruction core courses, eight units of emphasis area and appropriate elective units. (4 units)

COURSE OFFERINGS IN ENGLISH AS A SECOND LANGUAGE (EESL)

Upper Division

521. Computer-Assisted Language Learning
Survey of theory and practice in teaching English to speakers of other languages by means of computer applications including the internet, CD-ROM and multimedia-based software. Three hours lecture and two hours activity. (4 units)

536. Crosscultural Teaching
Methods and teaching techniques for teaching in multicultural and crosscultural settings in both ESL and EFL contexts. Developing cultural awareness of teachers to assist them in relating to and motivating culturally diverse students. May be offered through distance learning. Formerly EELB 536. (4 units)

544. Reading Methods for TESOL
Reading methods for English language learners, featuring literacy transfer from the first language, explicit instructions in phonetics, and emergent literacy for adults. (4 units)

545. Writing Methods in TESOL
Survey of contemporary approaches to writing, contrasting styles and formats appropriate for creative writing and personal essays with writing intended for purposes of textual analysis and social or cultural expression. Various computer technologies will be used to assist in idea generation, text processing, editing, and desktop publishing. Class will include peer-collaborative tutoring techniques. (4 units)

Graduate/Postbaccalaureate

542. Seminar in Environmental Education
Intensive study of topics and problems in education. May be repeated for credit as subject matter changes and with consent of instructor. Prerequisite: graduate standing or consent of instructor. (Credit to be arranged: 1 to 4 units)

Graduate/Postbaccalaureate

635. Environmental Education in the Curriculum
An introductory course on integrating into the curriculum environmental concepts and values concerning the relationship of people with their natural and physical surroundings. Review of curricula, conceptual frameworks, resources and methods. (4 units)

642. Developing the Curriculum Through Outdoor Education
Procedures and instructional materials for teaching out of doors and the integration of environmental education into the curriculum. Includes program development for resident outdoor school. Prerequisite: EENV 635. (4 units)

643. Community Resources for Environmental Education
Application of teaching resources and environmental issues. Survey of resource agencies. Organized visits to educational sites. Prerequisite: EENV 635. (4 units)

670. Topics in Environmental Education
Techniques, topics and relevant issues in environmental education. May be repeated for credit as topics change. Prerequisite: EENV 635.
A. Current Issues (2 units)
B. Readings in Environmental Education (2 units)
C. Outdoor Studies (2 units)
D. Laboratory Science Applications (2 units)
E. Language Arts Applications (2 units)
F. Social Studies Applications (2 units)
G. Technology Applications (2 units)
H. Environmental Applications (2 units)
I. Selected Topics (2 units)
J. Nature Study Applications (2 units)
K. Animal Study Applications (2 units)
L. Marine Science Applications (2 units)
M. Plant Study Applications (2 units)

679. Fieldwork: Environmental Education
Field experience in environmental education. May be repeated for a total of eight units. Prerequisites: EENV 635 and consent of program coordinator. (4 units)

COURSE OFFERINGS IN READING EDUCATION (ERDG)

Upper Division

542. Seminar in Reading Education
Intensive study of topics and problems in education. May be repeated for credit as subject matter changes and with consent of instructor. Prerequisite: graduate standing or consent of instructor. (Credit to be arranged: 1 to 4 units)

Graduate/Postbaccalaureate

620. Foundations of Reading and Writing
Examination of theories of how children learn to read and write. (4 units)

622. Basic Materials and Approaches to Reading and Writing
Investigating, creating and making critical judgments about curriculum approaches and materials, including software, appropriate to different theoretical perspectives. Prerequisites: ERDG 620, 640 and 658. (4 units)

624. Socio-psycholinguistics and Literacy
Social and linguistic processes of literacy learning and the implications for instruction. Prerequisites: ERDG 620, 622, 625, 631, 632, 640, 642, 643 and 658. (4 units)

625. Practicum in Reading and Writing
Supervised application of reading and writing strategies with children at two or more reading levels in grades 1-3 in individual and small group settings. Prerequisites: ERDG 620, 622, 640, 642 and 658. (4 units)

629. Special Topics in Literacy
Relevant issues, techniques and topics in literacy. May be repeated for credit as topics change. Prerequisite: ERDG 620. (2 units)

630. Practicum for Leadership in Reading and Writing
Investigation of the various roles of leadership, including clinical skills required for work at site and district levels in reading and writing. Prerequisites: ERDG 620, 622, 624, 625, 631, 640, 642, 643 and 668 and permission of coordinator. (4 units)

631. Curriculum Perspectives in Reading and Writing
Examination of theoretical approaches that affect reading and writing curriculum. Prerequisites: ERDG 620, 622, 625, 640, 642 and 658. (4 units)

632. Assessment/Evaluation in Reading and Writing
Review of formal and informal reading and writing assessment instruments, methods of data collection, and analysis. Prerequisites: ERDG 620, 622, 625, 640, 642, and 658. (4 units)

633. Multi-modal Meaning Systems in Literacy
How various meaning systems, including the arts, affect literacy learning. Prerequisite: ERDG 620. (4 units)

640. Early Reading: Assessment and Intervention
Investigation of reading intervention assessments and strategies appropriate for use in the primary classroom. Prerequisites: ERDG 620 and 658. (4 units)

641. Multicultural Perspectives and Issues of Literacy
Understanding multicultural perspectives and issues within the contexts of literacy with diverse populations. Prerequisite: ERDG 620. (4 units)

642. Images of Culture through Children’s Literature
Review of children’s literature of diverse cultures and organizing this literature for curriculum implementation. Exploration of concepts of diversity and culture as they affect literacy learning. (Also offered as ENG 535. Students may not receive credit for both.) Prerequisites: ERDG 620 and 658. (4 units)

643. Critical Issues in Intermediate Reading and Writing
Critical issues that affect the teaching of reading and writing to students in grades 4-8. Prerequisites: ERDG 620, 622, 625, 631, 632, 640, 642 and 658. (4 units)

658. Literacy and Language Processes
Methods for integrating the language development processes that underlie effective literacy curriculum. Prerequisite: ERDG 620. (4 units)

679. Field Work: Reading/Language Arts Specialist
Field experiences including demonstration of leadership roles in curriculum planning, inservice presentations and professional development. Graded credit/no credit. Prerequisites: ERDG 620, 622, 624, 625, 630, 631, 632, 640, 642, 643, 658, and permission of reading program coordinator. (4 units)

999. Comprehensive Examination
An assessment of the student’s ability to integrate the knowledge of the area, show critical and independent thinking and demonstrate mastery of the subject matter. Prerequisites: advancement to candidacy, approval of department, completion of course work in the master's program, and in good academic standing. (0 units)
COURSE OFFERINGS IN SECONDARY EDUCATION (ESEC)

Upper Division

508. Curriculum and Instruction in the Content Areas II
Review and reflect on application of methodologies and strategies through microteaching. Prerequisite: admission and good standing in the program or consent of program director.
A. Art (2 units)
B. English (2 units)
C. Foreign Languages (2 units)
D. Music (2 units)
E. Life and Physical Sciences (2 units)
F. Mathematics (2 units)
G. Other (2 units)
H. Physical Education (2 units)
I. Social Sciences (2 units)

510. Teaching English as a Second Language in Secondary Schools
Offers a broad overview of approaches and methods used in language teaching, but will focus specifically on practices that can support the development of English language proficiency needed for success in secondary schools. Prerequisites: ESEC 321 and 333. (4 units)

511. Theory and Practice for English Language Development (ELD)
Study and practice of the design, implementation and assessment of a communication-based curriculum for the English language learners in all stages of second language development. Includes selection and use of appropriate ELD strategies and materials. (Also offered as EELB 511. Students may not receive credit for both.) Prerequisites: EELB 312, EESL 536 or ESEC 321; and EELB 313 or ESEC 333. (4 units)

512. Principles of Pedagogy
Teacher performance assessment of 1 and 2 which consists of Teacher Performance Expectations 1, 3, 4, 6, 7, 8, 9, 10, 11 and 12. Prerequisites: admission and good standing in the program or consent of program director. (2 units)

515. Issues and Trends in Secondary Education
Examination of issues and trends in secondary education. May be repeated with consent of advisor. Prerequisite: consent of advisor. (2 units)

514. Assessment and Reflection of Instruction
Teacher performance assessment of 3 and 4 which consists of Teacher Performance Expectations 2, 3, 4, 5, 6, 7, 8, 9, 10, 11 and 13. Prerequisites: admission and good standing in the program or consent of program director. (2 units)

523. Mainstreaming Exceptional Students in the Secondary Classroom
Addresses the needs of exceptional students in the mainstreamed secondary school classroom. Current research, practice and legislation will be examined as they apply to the secondary school teacher and students. Formerly ESEC 602N. (2 units)

542. Seminar in Secondary Education
Intensive study of topics and problems in education. May be repeated for credit as subject matter changes and with consent of instructor. Prerequisite: graduate standing or consent of instructor. (Credit to be arranged: 1 to 4 units)

545. Adolescents Literacy Tutoring
Tutor training for students to work with low literacy and at-risk adolescents in reading. Topics include literacy methods, multicultural issues, learning disabilities and use of educational software. 20 hours lecture and 48 hours of tutoring an adolescent in a field-based setting. Prerequisite: consent of instructor. (4 units)

550. Student Teaching
Full-time teaching in a single subject setting at a public school. Graded credit/no credit.
A. Prerequisite: must be enrolled in a single subject program or consent of program director. (2 units)
B. Prerequisite: successful completion of ESEC 550A. (4 units)
C. Prerequisite: successful completion of ESEC 550B. (8 units)

554. Internship Seminar I
Seminar for secondary interns, focusing on knowledge, skills and attitudes required of a first-year teacher. Prerequisite: admission to Single Subject Teaching Credential Internship Track. (2 units)

555. Internship Seminar II
Seminar for secondary interns, focusing on knowledge, skills and attitudes required of a first-year teacher. Prerequisite: ESEC 554. (2 units)

556. Internship Seminar III
Seminar for secondary interns, focusing on knowledge, skills and attitudes required of a first-year teacher. Prerequisite: ESEC 555. (2 units)

560. Study Skills for Secondary School Programs, methods and materials for teaching study skills to exceptional junior and senior high school students. Study strategies include: note taking, organization, memory devices, study contracts and preparation for examinations. (4 units)

570. Intern Supervision
Full-time teaching in a single subject setting in a public school. Graded credit/no credit. Formerly ESEC 422.
A. Prerequisite: enrollment in Single Subject Program. (6 units)
B. Prerequisite: satisfactory completion of ESEC 570A and consent of program coordinator. (6 units)
C. Prerequisite: satisfactory completion of ESEC 570B. (6 units)
D. Prerequisite: satisfactory completion of ESEC 570C. (6 units)
E. Prerequisite: satisfactory completion of ESEC 570D. (6 units)
F. Prerequisite: satisfactory completion of ESEC 570E. (6 units)
Graduate/Postbaccalaureate
May not be taken by undergraduate students

602. Special Topics in Secondary Education
Exploration, demonstration and application of issues and techni-
ques in selected topics of current concern in secondary educa-
tion (such as, inquiry-discovery teaching, simulations and
games, alternate education programs, consumer education, team
teaching, career education, teacher as counselor). May be re-
peated for credit as topics change. (2 units)

605. Curriculum for Specially Designed Academic
Instruction in English (SDAIE)
Study and practice of the design, implementation, and assess-
ment of specially designed academic instruction in English
(SDAIE). Includes selection and use of appropriate SDAIE
strategies and materials. Formerly a topic under ESEC 602.
(Also offered as EELB 605. Students may not receive credit for
both.) Prerequisites: EELB 312, EESL 536, or ESEC 321; EELB
333 or ESEC 333; and EELB 511 or ESEC 511. (2 units)

602. Practicum in Middle Grade Education
Practicum for middle grade philosophies, objectives, and func-
ions. Formerly ESEC 522. Prerequisites: ESEC 443, 617 and
621. (4 units)

623. Foundations of Middle School Education
History and philosophical foundations of middle school educa-
tion; examination of theories and research related to middle
school students, curriculum, programs and practices. (4 units)

648. Advanced Topics in Teaching Middle School
Science
Current resources, techniques, research, curricula, and technolo-
gy specific to teaching science to early adolescents. Three hours
lecture and two hours science laboratory activities. (4 units)

649. Advanced Topics in Teaching Sciences at the
High School Level
Current resources, techniques, research, curricula and technolo-
gy specific to the science content areas in the high school cur-
riculum. Three hours lecture and two hours science laboratory
activities. (4 units)

666. Techniques and Applications of Mathematics
Education
Applications of theory in mathematics teaching including mate-
rials development in the design and implementation of mathe-
matics instruction, audiovisual technology, computer-assisted
instruction, and nontraditional curricula. Focus on techniques in
pre-algebra, algebra, geometry, analytic geometry, trigonometry
and pre-calculus. (4 units)

672. Educational Assessment in Mathematics
Teaching
Program and learner assessment in mathematics using curricu-
ulum evaluation, testing, and evaluation systems for the purpose
of improving instruction through problem diagnosis, interven-
tion and redesign. (4 units)

678. Mathematics Clinic for Secondary Education
Administration of diagnostic instruments and assessment pro-
ducrees to secondary school students followed by prescription
and initiation of remedial instruction to strengthen mathematics
skills. (4 units)

680. Practicum in Teaching English as a Second
Language
Simulation and classroom-based practice in teaching methods
and materials to include planning, teaching performance, class-
room organization, student management, and evaluation compet-
encies. Formerly EELB 680A and ESEC 680A. Prerequisites:
(for M.A. in Education, Teaching English as a Second Language
Option) consent of advisor; (for CLAD certificate program only)
EELB 312, or EESL 536, or ESEC 321; EELB 313 and 511 or
ESEC 333 and 511. May be taken concurrently with ESEC 605.
(4 units)

697. Implementing Educational Change
Seminar examining the relationships and techniques involved
when teachers plan for educational change. The emphasis will
be on change theory in the K-12 school setting. (Also offered as
EELB 697. Students may not receive credit for both.) Prerequi-
sites: completion of all COE core courses; curriculum and in-
struction core courses, eight units of emphasis area and appro-
riate elective units. (4 units)

COURSE OFFERINGS IN
SPECIAL EDUCATION (ESPE)

Upper Division

523. Mainstreaming Handicapped Individuals in
the Elementary Classroom
Introduction to the adaptation of curriculum, methods and ma-
terials necessary for accommodating exceptional individuals in
the regular elementary classroom. (2 units)

529. Introductory Methods for Special Education
Instruction in positive classroom and behavior management, ef-
effective teaching skills, modification of core curriculum, assess-
ment techniques, IEP development, and relationships with other
professionals. (4 units)

530. Psychology and Education of Exceptional
Individuals
Characteristics and educational implications of physical, intel-
lectual, social and emotional deviations among exceptional indi-
viduals. Ethical and legal aspects of special education. Observa-
tions in educational settings. (4 units)

532. Introduction to Teaching Individuals with
Exceptional Needs
Learning characteristics of individuals with handicaps related to
educational procedures and intervention strategies. Study and
observation of education and intervention theory and practices.
Prerequisite: ESPE 530 or consent of instructor. (4 units)
440 / Education

538. Introduction to Teaching the Gifted and Talented
Definition, characteristics and development of the gifted and talented individual. Identification procedures. Current legislation and educational practices. Eight hours of class and activities weekly. Prerequisite: consent of instructor. (4 units)

539. Programs for Teaching the Gifted and Talented
Development of school programs for gifted and talented: identification, objectives, scheduling, curriculum, materials and program assessment. Prerequisites: ESPE 538 and consent of instructor. (4 units)

540. Strategies for Remedial Teaching
Methods of diagnosing needs, teaching basic subjects; organizing curriculum, and controlling behavior of low achieving students in the regular elementary classroom. (4 units)

542. Seminar in Special Education
Intensive study of topics and problems in education. May be repeated for credit as subject matter changes and with consent of instructor. Prerequisite: graduate standing or consent of instructor. (Credit to be arranged: 1 to 4 units)

545. Computer Technology and Assistive Devices
Review of, and training in, computer technology and assistive devices that provide solutions to problems in educational and employment environments faced by persons with disabilities. Two hours lecture and two hours laboratory. Graded A,B,C/no credit. Prerequisite: consent of instructor. (3 units)

570. Teaching Students with Disabilities in the General Education Classroom
Advanced study of special populations in the mainstream classroom for general educators. Teachers will display knowledge, skills and strategies for teaching students with disabilities in the general education classroom. Demonstrates the ability to create a positive inclusive climate for individualized assessment and instruction for students with special needs and/or abilities utilizing grade appropriate State adopted standards, collaborative professional relationships, and an understanding of local and federal acts regarding special education. Observations in educational settings are required. Course may be offered on-line. (4 units)

Graduate/Postbaccalaureate

609. General and Special Education Field Experiences
Supervised field experiences in appropriate program topics. Requires a minimum of 120 hours field experience in the appropriate education setting. Includes general education experiences. All course work for Level I Preliminary Education Specialist Credential must be completed prior to enrollment in field experience or one course may be taken concurrently with consent of program coordinator. Student must meet subject matter competency requirement to be eligible for field experience. Application is required one quarter in advance of enrollment. Contact the Department of Special Education for additional information regarding application.

A. Mild/Moderate Disabilities. Prerequisites: (for elementary) EELB 301 or PSYC 320; EELB 317; 441; and 445 or 446; (for secondary) ESEC 332; EELB 423; ESEC 443 or PSYC 320; ESEC 445; ESPE 529, 530, 624, 637, 655, 656 and consent of program coordinator. (8 units)

B. Moderate/Severe Disabilities. Prerequisites: (for elementary) EELB 301 or PSYC 320; EELB 317; 315 or 316; 423; (for secondary) ESEC 332; EELB 423; ESEC 443 or PSYC 320; ESEC 445; ESPE 529, 530, 624, 637, 655, 656 and consent of program coordinator. (8 units)

624. Managing Learning and Social Communities
Designed to provide strategies for managing the classroom, handling individual behavior problems, developing student autonomy, preventing classroom disruptions and maintaining a positive learning environment. Provides a practical knowledge base and management strategies for serious problem behavior and appropriate intervention procedures. Prerequisites: ESPE 529 and 530. (4 units)

626. Curriculum Development for Individuals with Physical Handicaps
Strategies and implications for teaching physically handicapped children and youth in mainstream and special education settings. (4 units)

630. Topics in Research in Teaching and Learning
Survey of current research in teaching and learning. Prerequisite: consent of instructor. A. Gifted and Talented (4 units) B. Special Education (4 units)

633. Reflective Inquiry Seminar and Induction Plan
Initial professional Level II course for the special education credential. Designed to culminate the content completed in Level I courses and to establish the induction plan; the concluding activity is the Individualized Induction Plan (IIP). The IIP is completed in collaboration with student, university, and local education agency. Twenty hours of fieldwork required. Prerequisites: completion of Level I requirements and consent of program coordinator. (4 units)

635. Effective Communication with Professionals and Families
Develop effective communication skills to foster an atmosphere of collaboration among professionals and families, to support quality programs for students with disabilities. Models for collaboration and consultation will be explored. Formerly ESPE 535. Prerequisites: Level I Preliminary Education Specialist Instruction Credential and ESPE 633. (4 units)

637. Assessment and Evaluation
Techniques for identification and assessment for general and special education. Gathering diagnostic information in academic, social-emotional, language, and perceptual-motor areas for program preparation and implementation. Formerly ESPE 681. Prerequisites: ESPE 529 and 530. (4 units)

644. Problems in Educational Assessment
Teacher-made tests, standardized tests and other published instruments of use in assessing growth in the affective, psychomotor and cognitive domains. (4 units)
646. **The Resource Specialist in Special Education**
Development and evaluation of consultation and coordination procedures for the special education resource specialist. Prerequisites: ESPE 630B and special education specialist credential or consent of instructor. (4 units)

649. **Curriculum and Methods in Special Education: Secondary Transition and Career/Vocational Preparation**
Methods, materials and strategies for facilitating career, vocational and adult skills development in learners with disabilities. Interfacing with agencies and other support providers in the transition from secondary programs to adult life. Formerly ESPE 684B. Prerequisites: Level I Preliminary Education Specialist Credential and ESPE 633. (4 units)

650. **Development and Assessment of Young Children with Disabilities**
Knowledge of atypical development, developmental risk factors (including those for infants with low-incidence disabilities), the rights and roles of the family, screening and assessment measures, and service delivery models. Prerequisites: ESPE 529, 530, 637, or consent of instructor. (4 units)

651. **Curricular Strategies for Students with Moderate/Severe Disabilities**
Assessment, procedures and instructional strategies for learners with moderate/severe disabilities. Emphasis placed upon data-based, functional instruction. A 20-hour practicum will be required. Formerly ESPE 668A. Prerequisites: ESPE 529, 530, 624 (not applicable to students with Early Childhood Special Education Emphasis) and 637. (4 units)

652. **Applied Curricular Strategies for Students with Moderate/Severe Disabilities**
Principles of systematic instruction to community-based instruction, functional academics, language training, and social skills training. Application of computer and other technology to learners with severe handicaps. A 20-hour practicum will be required. Formerly ESPE 668C. Prerequisites: Preliminary Level I Education Specialist Credential: Moderate/Severe and ESPE 633. (4 units)

653. **Medical, Physical and Social Aspects of Education of Learners with Moderate/Severe Disabilities**
Responsibilities of educators in medical, physical and social areas. A 20-hour practicum will be required. Formerly ESPE 688. Prerequisites: ESPE 529, 530, 624, 637, 651 and 652. (4 units)

655. **Curriculum and Methods in Special Education: Language Arts**
Methods, materials and strategies for exceptional learners in the areas of language arts: reading, writing, speaking and listening. Formerly ESPE 684A. Prerequisites: ESPE 529, 530, 624, and 637. (4 units)

656. **Curriculum and Methods in Special Education: Core Subjects**
Methods, materials and strategies for designated subject areas with particular emphasis on adapting and modifying curriculum from general education frameworks for students with mild/moderate special needs. Formerly ESPE 684C. Prerequisite: Preliminary Level I Education Specialist Credential: Mild/Moderate. (4 units)

657. **Seminar on Mild/Moderate Disabilities**
Synthesis and application of information on assessment, instruction, development and delivery of quality instruction, providing instruction and appropriate support for use in regular education settings. Formerly ESPE 683. Prerequisites: ESPE 529, 530, 624, 637, 655 and 656. (4 units)

660. **Instructional Planning for Culturally and Ethnically Diverse Students with Special Needs**
Critiques basic concepts and theories related to this special population. Includes cultural characteristics, cultural transmission, acculturation and second language acquisition, particularly as they relate to assessment, instructional programming, parent involvement strategies and collaboration with service providers for students with disabilities. Prerequisites: ESPE 529, 530, 624, and 637. (4 units)

665. **Curriculum and Methods in Special Education: Early Childhood Special Education**
Strategies and techniques for teaching early childhood special education in a variety of settings. Special consideration of family in the process of educating children birth through six years of age with disabilities or who are at risk of developing disabilities. Prerequisites: ESPE 529, 530, 637 and 691C. (4 units)

679. **Special Education Fieldwork**
Supervised field experiences in special education. Requires a minimum of 80 hours field experience in the appropriate setting. All course work for Level II Professional Clear Education Specialist Credential must be completed prior to enrollment in field experience or one course may be taken concurrently with consent of program coordinator. Application is required one quarter in advance of enrollment. Contact the Department of Special Education for additional information regarding application.

A. Mild/Moderate Disabilities I. To be taken only by students who hold a California Preliminary/Professional Clear Multiple Subject or Single Subject Credential. Prerequisites: ESPE 529, 530, 624, 637, 655, 656 and consent of program coordinator. (4 units)

B. Mild/Moderate Disabilities II. Prerequisites: California Preliminary/Professional Clear Multiple Subject or Single Subject Credential or Level I Preliminary Education Specialist Credential; ESPE 633, 635, 649, and 660, and consent of program coordinator. (4 units)

C. Moderate/Severe Disabilities I. To be taken only by students who hold a California Preliminary/Professional Clear Multiple Subject or Single Subject Credential. Prerequisites: ESPE 529, 530, 624, 637, 651, 652 and consent of program coordinator. (4 units)
442 / Education

D. Moderate/Severe Disabilities II. Prerequisites: California Preliminary/Professional Clear Multiple Subject or Single Subject Credential or Level I Preliminary Education Specialist Credential; ESPE 633, 635, 649, and 660, and consent of program coordinator. (4 units)

E. Resource Specialist. Prerequisite: Special Education Specialist Credential. Prerequisite or corequisite: ESPE 646. (4 units)

F. Early Childhood Special Education I. Prerequisites: (for Level I Credential students) ESPE 529, 530, 637, 650, 651, 660 and 665; (for certificate students) ESPE 650, 651, 652, 665, HD 280 and PSYC 270. (4 units)

G. Early Childhood Special Education II. Prerequisites: (Preliminary Level I Education Specialist Credential: Early Childhood Emphasis) ESPE 633, 635, 652 and 685. (4 units)

680. Intern Teaching: Special Education
A. Supervised full-time teaching under the Mild/Moderate Intern Credential. Must be repeated for a total of 48 units. Graded credit/no credit. Prerequisite: admission to the Learning Handicapped Intern Program. (8 units)
B. Supervised full-time teaching under the Moderate/Severe Intern Credential. Must be repeated for a total of 48 units. Graded credit/no credit. Prerequisite: admission to the Severely Handicapped Intern Program. (8 units)

685. Advanced Behavior Management
Advanced techniques for teaching students with serious problem behaviors including crisis management and other interventions derived from psychodynamic, psychoeducational, behavioral, cognitive and social learning theory. Field study experience required. Prerequisites: ESPE 530, 620, 635, 637, 640, 679A, 679C, or consent of instructor. (4 units)

691. Issues and Trends in Special Education
Specialized in-depth study of selected topics in special education. Field study experience included. Prerequisites: ESPE 529, 530, 624, and 637.
A. Current Issues (4 units)
B. Collaboration and Consultation (4 units)
C. Early Childhood (4 units)
D. Instructional Technologies (4 units)
E. Administration (4 units)
F. Historical (4 units)
G. Special Populations (4 units)
H. Transition (4 units)
J. Post Secondary (4 units)

999. Comprehensive Examination
An assessment of the student's ability to integrate the knowledge of the area, show critical and independent thinking and demonstrate mastery of the subject matter. Prerequisites: advancement to candidacy, approval of department, completion of course work in the master's program, and in good academic standing. (0 units)
617. Instructional Development and Change Process
Theories and methods for evaluating each stage of instructional product development processes and change theory relate to adoption of instructional products. Formerly ETEC 611. Prerequisites: ETEC 500, 544, and 614 or consent of instructor. (4 units)

621. Reading/Language Arts with Technology Integrations
Using technology to enhance teaching of literacy and language. Emphasis is on building curriculum that effectively uses computers and other technology. Staff development and leadership in designing models of integration into language arts will be explored. Three hours lecture and two hours laboratory. Prerequisite: ETEC 546 or equivalent. (4 units)

623. Technology for Educational Leaders
Assisting educational leaders in developing the knowledge and skills needed to apply computer technology to educational settings. Prerequisite: ETEC 500 or consent of instructor. (4 units)

634. Information Systems in Education
Information systems providing history, current development and future potential of on-line and off-line data bases. Methods of search and retrieval of on-line and off-line information will be explored. Three hours lecture and two hours laboratory. (4 units)

643. Technology and Learning II
Explores connections between technology and the teaching and learning process through a study of research design, data collection and analysis. Emphasis on conducting research in instructional technology and learning theories for M.A. research project. Formerly ETEC 643. Prerequisites: EDUC 607, ETEC 500 and 543. (4 units)

644. Design and Development of Instructional Materials II
Advanced application of instructional design models and procedures to produce instructional materials for the M.A. project. Formerly ETEC 644. Prerequisites: ETEC 500 and 544. (4 units)

674. Telecommunications in Education
Various telecommunication technologies in education and instructional design strategies for distance courses. Discussions and hands-on experience are used to apply those systems. Prerequisites: ETEC 500 and 544 or consent of instructor. (4 units)

676. Advanced Topics in Instructional Technology
Intensive study of advanced topics such as multimedia, interactive communication technology, networking and problems in education. May be repeated for credit as subject matter changes and with consent of instructor. Formerly ETEC 675. (Credit to be arranged: 2-8 units)

692. Practicum in Educational Technology
Application of educational technology theories in field settings. Directed experiences in educational or corporate settings. Requires a written agreement with a sponsoring agency and departmental approval of that agreement. Graded credit/no credit. Prerequisite: ETEC 500 or consent of instructor. (4 units)

699. Master's Degree Project
Assisting Instructional Technology Master's students in completing their M.A. project. (4 units)

999. Comprehensive Examination
An assessment of the student's ability to integrate the knowledge of the area, show critical and independent thinking and demonstrate mastery of the subject matter. Prerequisites: advancement to candidacy, approval of department, completion of course work in the master's program, and in good academic standing. (0 units)

COURSE OFFERINGS IN VOCATIONAL EDUCATION (EVOC)

Upper Division

501. Principles and Methods for Teaching Designated Subjects
Application of instructional methodology for designated subjects with emphasis on student performance objectives, lesson planning, teaching methods, educational materials, and evaluation techniques. (4 units)

502. Instructional Support for Teaching Designated Subjects
Examination of instructional support for designated subjects with emphasis on program advisory committees, student placement, facilities planning, budgeting, student organizations, public relations, career advancement and educational philosophy. Prerequisite: EVOC 501 or consent of instructor. (4 units)

503. Contemporary Issues in Teaching Designated Subjects
Examination of contemporary issues in designated subjects with emphasis on individual education plans, basic skills, school law, multicultural activities, special needs students, safety and performance assessment instruments. Prerequisite: EVOC 501 or consent of instructor. (4 units)

504. Principles of Adult Education
History, philosophy and social significance of adult education, especially in California; the adult as a student; investigation of the theories and application of the principles of adult education. (4 units)

508. Organization and Structure of Designated Subjects Programs
Investigation and application of principles of facility planning, budgeting, funding sources and related topics as they apply to designated subjects instructional programs. Prerequisite: a valid designated subjects teaching credential. (4 units)

509. Personnel Management in Designated Subjects Programs
Principles of personnel selection, evaluation, supervision, school law and related topics as they apply to designated subjects instructional programs. Prerequisite: a valid designated subjects teaching credential. (4 units)
510. Field Work in Coordination and Supervision of Designated Subjects Programs
Supervised field work in coordination and supervision of designated subjects programs. Students will contract to perform administrative tasks related to site-based instructional programs. Prerequisites: a valid designated subjects teaching credential and completion of, or concurrent enrollment in EVOC 508 and 509 or consent of instructor. (4 units)

518. Field Work in Designated Subjects
Supervised field work for the Designated Subjects Teaching Credential. Includes lesson planning and instructional delivery in an actual teaching environment with evaluation of teaching performance by the on-site supervisor. Prerequisites or corequisites: EVOC 501 and consent of instructor. (4 units)

519. Computer Applications for Vocational Education Teachers
Application of personal computers to the preparation of written, graphic, data base, telecommunication and interactive media materials used by teachers of vocational, occupational and professional courses. Three hours lecture and two hours laboratory. (4 units)

520. Curriculum Development in Vocational Education
Theory and principles of curriculum development as they apply to vocational, occupational and professional courses. Students will develop a complete curriculum for a course that they could teach. Prerequisite: EVOC 501 or its equivalent. (4 units)

521. Assessing Vocational Student Progress
The development and use of evaluation instruments such as written tests, and criterion-referenced and norm-referenced evaluations. Prerequisite: EVOC 520 or consent of instructor. (4 units)

522. Directing and Managing Occupational Programs
Principles and techniques of design, implementation, management and evaluation of training organizations and programs. Prerequisite: EVOC 520, MGMT 302 or PSYC 302. (4 units)

523. Learning Theory and Instructional Research Applied to Adult Learners
Application of psychological principles to learning processes relevant to adult learners. Focus is on informed decisions about psychoeducational designs which will maximize individual development in cognitive, affective, conative, and psychomotor areas. (4 units)

542. Seminar in Vocational Education
Intensive study of topics and problems in education. May be repeated for credit as subject matter changes and with consent of instructor. Prerequisite: graduate standing or consent of instructor. (Credit to be arranged: 1 to 4 units)

Graduate/Postbaccalaureate
May not be taken by undergraduate students

637. Foundations of Vocational Education
Historical context, philosophy and development of vocational education. Prerequisite: graduate standing. (4 units)

638. Critical Issues for the Professional Vocational Educator
Current legislation, program planning, professional development and current issues in vocational education. Prerequisite: EVOC 637 or consent of instructor. (4 units)

639. Professional Competencies in Vocational Education
Roles of professional organizations, research in vocational education, grant writing and strategies for project evaluation. Prerequisite: EVOC 638 or consent of instructor. (4 units)

999. Comprehensive Examination
An assessment of the student's ability to integrate the knowledge of the area, show critical and independent thinking and demonstrate mastery of the subject matter. Prerequisites: advancement to candidacy, approval of department, completion of course work in the master's program, and in good academic standing. (0 units)

Note: Additional information about all EVOC courses is posted on the program web site at: HTTP://VE.CSUSB.EDU
EDUCATIONAL ADMINISTRATION

Master of Arts in Educational Administration

Masters Program Office
Faculty Office Building, Room 124
880-7404

FACULTY: Vernie Burmeister, Cheryl Fischer, Colleen Gay, Jim Hill, Angela Louque, David Stine (Emeritus), Deborah Stine

MASTER OF ARTS IN EDUCATIONAL ADMINISTRATION
Requirements (45 units)

Admission to the Program
In addition to the general requirements of the university for admission as a postbaccalaureate student, specific requirements for admission to the Master of Arts in Educational Administration are:
1. An application for admission to the program must be submitted;
2. A valid California teaching, pupil personnel or health services credential or evidence of eligibility;
3. A cumulative grade point average of 3.0 ("B") in all courses taken in education;
4. One year of full-time teaching, substitute teaching does not apply;
5. Successful completion of the California Basic Educational Skills Test (CBEST);
6. Completion of the graduate entrance writing requirement.

Students who do not meet these criteria may be admitted as conditionally classified graduate students. Students admitted in this category may be changed to classified standing with approval of the College of Education. No more than 20 quarter units may be used to demonstrate fitness to complete the program. Normally, a student is expected to be working concurrently for a credential in administrative services.

Advancement to Candidacy
In order to be formally advanced to candidacy, a student must have:
1. Achieved classified graduate standing;
2. Completed, with a grade point average of 3.0 ("B"), 16 quarter hours of course work, at least 12 of which must have been at this university and approved by an advisor in the Educational Administration program;

Note: Between the time of completing 15 units and 23 units of applicable course work the student is required to apply for advancement to candidacy.

3. Filed an approved graduate program for completion of the degree. This must be prepared in consultation with an advisor in the College of Education and approved by the Dean of the College of Education and the Dean of Graduate Studies.

Requirements for Graduation
1. A minimum of 45 quarter units of acceptable work with 32 completed in residence at this university;
2. A minimum of 24 quarter units of credit taken after a student has been advanced to candidacy for the degree;
3. A grade point average of 3.0 ("B") in course work taken to satisfy the Master of Arts degree requirements and grades of "C" (2.0) or better in all courses in the program;
4. Successful completion of the Comprehensive Evaluation in Educational Administration (EADM 633) or Master's Thesis in Educational Administration (EADM 699);
5. The graduation writing requirement is met upon successful completion of EADM 633 and/or 699;
6. Any additional general requirements not cited above and listed on Page 356.

Comprehensive Evaluation in Educational Administration (EADM 633) is designed to evaluate the student's knowledge of the field of school administration. The course is offered once each quarter and the student may enroll in the course no earlier than the last quarter in which course work is taken (excluding one section of fieldwork). The student may take the course three times. Approval to retake the course may be, at any time, contingent upon completion of additional designated courses.

Degree Requirements (45 units)
Prerequisite course (4 units)
1. EADM 601. Educational Leadership (4)
Core courses (36 units)
1. EADM 602. Research Methods in Educational Administration (4)
2. EADM 607. Policy, Politics and Community Relations (4)
3. EADM 610. Supervision of Instruction (4)
4. EADM 613. School Personnel Administration (4)
5. EADM 619. Legal Aspects of Education (4)
6. EADM 622. School Curriculum (4)
7. EADM 625. School Finance and Business Management (4)
8. Eight units chosen from one of the following courses:
   EADM 628. Fieldwork in Educational Administration (4) for a total of (8)
   EADM 630. Internship Fieldwork in Educational Administration (4) for a total of (8)

Culminating courses (5 units)
1. EADM 636. Performance Assessment Seminar (1)
2. Four units chosen from:
   EADM 633. Comprehensive Evaluation in Educational Administration (4)
   EADM 699. Master's Thesis in Educational Administration (4)

COURSE OFFERINGS IN EDUCATIONAL ADMINISTRATION (EADM)

Upper Division

511. Contemporary School Business Management
Analysis of various approaches to school business administration, current trends, models of organization and management, relationship to county, state, and federal agencies, and functions of business management in relation to the size of school districts. (4 units)
446 / Educational Administration

512. School Finance and Budgeting
Legal considerations in finance and budgeting, evaluation of the California school finance program, fiscal relationship to county, state and federal agencies, budget control, school revenues and expenditures and budgetary procedures and processes. (4 units)

513. School Accounts and Related Functions
School fund accounting, attendance accounting, organization and review of student body accounts, state and federal project funding, and certificated and classified payroll laws and regulations pertaining to school accounting procedures. Prerequisite: ACCT 211 (or 311) or equivalent. (4 units)

514. School Business Management and Service Functions
A variable topic course on management and service functions in the school business office. May be repeated for credit as topics change.
A. Purchasing, Warehousing and Inventory (2 units)
B. Risk Management (2 units)
C. Facilities Planning, Construction (2 units)
D. Computer Services in Business Functions (2 units)
E. Maintenance, Operations and Transportation (2 units)
F. Employee Supervision (2 units)

519. Legal Aspects of Classified Personnel Administration
Current laws and court decisions affecting public school education with a focus on classified personnel administration and laws of California. (4 units)

525. Classified Personnel Administration
Recruitment, selection, induction, training, evaluation and contract negotiations involving classified employees under merit and non-merit systems. (4 units)

542. Seminar in Educational Administration
Intensive study of topics and problems in education. May be repeated for credit as subject matter changes and with consent of instructor. Prerequisite: graduate standing or consent of instructor. (Credit to be arranged: 1 to 4 units)

Graduate/Postbaccalaureate
May not be taken by undergraduate students

601. Educational Leadership
Introduction to the field of school administration and leadership. Explores the theory and practice that relate to the management of schools, restructuring, safe school environment, and the public policy of federal, state, and local governance. The leadership focus will include shared decision-making, consensus building, and school climate. This course is a requisite for or can be taken concurrently with EADM 602, 607, 610, 613, 619, 622, and 625. Formerly EADM 673. Prerequisite: admission to Educational Administration program or consent of program coordinator. (4 units)

602. Research Methods in Educational Administration
Introduction to the vocabulary, design, and sources of research in the field of educational leadership including qualitative and quantitative research methods, the utilization of technology in research, and the reading and conduct of research and evaluation studies. Prerequisites or corequisites: EADM 601, and admission to Educational Administration program or permission of program coordinator. (4 units)

607. Policy, Politics and Community Relations
Techniques of working with communities, schools and agencies. Groups, including ethnic groups, professional organizations, school boards and advisory groups with attention to emerging social forces and uses of technology. Strategies of working with the press and dealing with parents as crisis management techniques and conflict resolution alternatives. Prerequisites or corequisites: EADM 601, and admission to Educational Administration program or permission of program coordinator. (4 units)

610. Supervision of Instruction
Supervision of classroom school instruction using a variety of theories and models, including clinical supervision. Planning and implementing staff development programs, and procedures of documenting classroom teacher performance. Prerequisites or corequisites: EADM 601, and admission to Educational Administration program or permission of program coordinator. (4 units)

613. School Personnel Administration
Recruitment, selection and evaluation of personnel at all levels of employment, including progressive assistance, conflict management, and file building. Laws and policy development in relationship to school district and collective bargaining. Prerequisites or corequisites: EADM 601 and admission to Educational Administration program. (4 units)

619. Legal Aspects of Education
Current laws and court decisions affecting public education with special emphasis on the laws of the State of California. Prerequisites or corequisites: EADM 601 and admission to Educational Administration program. (4 units)

622. School Curriculum
The review of curriculum development and evaluation processes; federal, state, and county implementation; curriculum trends and practices including technology; and change theory. Prerequisites or corequisites: EADM 601, advancement to candidacy or permission of program coordinator. (4 units)

625. School Finance and Business Management
Economics of school finances; evolution of the California School Finance Programs; fiscal relationship to county, state and federal agencies; school budget procedures; school accounting; financial management of categorical and special education funds; and the planning, financing and management of school facilities. Formerly EADM 511 and 512. Prerequisites or corequisites: EADM 601 and admission to the Educational Administration program. (4 units)

628. Fieldwork in Educational Administration
Field experience at the elementary or the secondary school level, coordinated with the district. For the credential, the course must be taken at the elementary and repeated at the secondary level for a total of eight units. This course consists of a minimum 120 hours of field work experience. Prerequisites: EADM 601, 604, 607, 610, 613, 619, advancement to candidacy and permission of the program coordinator. (4 units)
630. Internship Fieldwork in Educational Administration
Field experiences for students enrolled in the Preliminary Administrative Services Credential Program, Internship Option. May be repeated to a maximum of 24 units. Prerequisite: consent of program coordinator. (4 units)

633. Comprehensive Evaluation in Educational Administration
Review and preparation for the written comprehensive examination, as well as the administration of the comprehensive examination. Prerequisites: EADM 601, 602, 607, 610, 613, 619, 622, 625, and 628 or 630; advancement to candidacy and permission of program coordinator. (4 units)

636. Performance Assessment Seminar
The university faculty, field supervisors, student and knowledgeable school district personnel prepare a summative review and evaluation of candidate's growth in the program utilizing multiple assessment measures tied to the curriculum, field experiences, and domains of competence. The review is designed to assess the student's ability to perform the responsibilities of an entry-level school administrator and will include a plan for continued growth of leadership and management skills. Prerequisites or corequisites: EADM 601, 602, 607, 610, 613, 619, 622, 625, and 628 or 630; advancement to candidacy and permission of program coordinator. (1 unit)

660. Advanced Field Studies: Assessment
The student, university faculty, and selected district personnel will complete a comprehensive assessment of the candidates utilizing multiple assessment measures and develop a plan for addressing identified needs and continued personal growth. This course is a requisite for or can be taken concurrently with EADM 664, 667, 670, 672, 675, and 678. Prerequisites: admission to Professional Administrative Services Credential program and permission of the program coordinator. (3 units)

664. Principles of Leadership, Organizational Theory and Decision Making
Seminar in principles of leadership and organizational theory including a review of leadership styles, a variety of management strategies and human relations skills, dynamics of team building, and effective decision-making are also studied. Prerequisites: admission to Professional Administrative Services Credential program, completion of, or concurrent enrollment in EADM 660, or permission of program coordinator. (3 units)

667. Instructional Leadership for Program Development and Evaluation
Seminar in practical and theoretical issues related to leadership, including effective schools, teacher supervision and evaluation, staff development, instructional management and support, quality control, and computer technology needs of the administrator. These topics provide an opportunity for reflection and discussion on instructional leadership as it relates to program components and development, program evaluation, and evaluation designs and implementation. Prerequisites: admission to Professional Administrative Services Credential program, completion of, or concurrent enrollment in EADM 660, or permission of program coordinator. (3 units)

670. School Law
Seminar on the impact of education law upon the educational administrator and how it can facilitate school leadership, including the study of judicial structure and dynamics of law cases and interpretations on administrative settings. Prerequisites: admission to Professional Administrative Services Credential program, completion of, or concurrent enrollment in EADM 660, or permission of program coordinator. (3 units)

672. Human Resources Management
Seminar in the theory and function of personnel administration as it relates to instructional leadership in schools. School personnel law is reviewed and applied to understanding of political relationships. Fiscal management of personnel resources as related to strategic planning. Prerequisites: admission to Professional Administrative Services Credential program, completion of, or concurrent enrollment in EADM 660, or permission of program coordinator. (3 units)

675. School Business and Facility Management
Seminar on trends and issues in school finance with emphasis on current and innovative procedures including development of a site-based budget; fiscal issues, attendance and student activity accounting; strategic planning; and the planning and utilization of school facilities. Prerequisites: admission to Professional Administrative Services Credential program, completion of, or concurrent enrollment in EADM 660, or permission of program coordinator. (3 units)

678. Social and Political Issues in Education
Seminar on the political forces that propel public education at the local, state, and national levels, and the social issues that impact the operation of schools and school districts. Prerequisites: admission to Professional Administrative Services Credential program, completion of, or concurrent enrollment in EADM 660, or permission of program coordinator. (3 units)

680. Advanced Field Studies: Evaluation
Exit fieldwork structured to provide the student with an evaluation by university faculty and selected district personnel of progress on the initial program assessment plan and development of a plan for continued growth as an effective school leader. Prerequisites: admission to Professional Administrative Services Credential program, EADM 660, 664, 667, 670, 672, 675 and 678 or permission of program coordinator. (3 units)

699. Master's Thesis in Educational Administration
Independent graduate research conducted under the direction of two program faculty members. Prerequisites: advancement to candidacy, EADM 601, 602, 604, 607, 610, 613, 616, 619, 622, 625 and 628 and permission of program coordinator. (4 units)
ENGLISH

Master of Arts in English Composition

with concentrations in:
English Composition
English Literature
Teaching English as a Second Language

Department of English
University Hall, Room 334
880-5824

FACULTY: Jennifer Andersen, Yvonne Atkinson, Mary Boland, James Brown, David Carlson, Rong Chen (Chair), Milton Clark, Kimberly Costino, Cynthia Cotter, Juan Delgado, Margaret Doane, Bertram (Pete) Fairchild, Ellen Gil-Gomez, Bruce Golden, Gabrielle Halko, Carol Haviland, Holly Henry, Sung-Heh Hyon, Bret Johnston, Sandra Kamusikiri, Alexandria LaFaye, Suzanne Lane, E. Clark Mayo (Emeritus), Susan Meisenhelder, Maureen Newlin, E. Philip Page, Renee Pigeon, Luz Elena Ramirez, Jacqueline Rhodes, Treadwell (Ted) Rumil II, DeShea Rushing, Peter Schroeder (Emeritus), Wendy Smith, Salaam Yousif

MASTER OF ARTS IN ENGLISH COMPOSITION

Requirements (48 units)

The Master of Arts in English Composition is designed for students interested in pursuing studies in the fields of composition, literature and linguistics. The concentration in English Composition focuses on writing—how written texts work rhetorically and stylistically; how historical and social conditions affect what we write and how we construct meaning as we read; and how to teach people to write effectively. The literature concentration allows students an option to focus on advanced studies in literature as well as composition. The concentration in TESL emphasizes the application of current linguistic theories to ESL pedagogy and familiarizes students with a wide range of teaching approaches and methods.

The program is firmly grounded in theory and research, with a strong emphasis on pedagogy. The internship component gives students practical classroom experience. Students also have opportunities to tutor in the Writing Center and to work as teaching assistants. In addition to teaching, graduates may go on to Ph.D. and M.F.A. programs as well as careers involving writing, editing, and researching.

The Graduate Committee, under the leadership of the coordinator, has general supervision of the program and the work of students, including approval of thesis proposals. Students are required to attend an Orientation Seminar at the beginning of their first quarter in the program and to consult regularly with the Graduate Coordinator for advising. Petitions for waiver of requirements must be approved by the Graduate Coordinator and the Dean of Graduate Studies when appropriate.

Admission to the Program

To apply for admission to the English Composition Program, applicants must have all their transcripts forwarded to the Office of Admissions and Student Recruitment, along with the Postbaccalaureate Graduate Application Form. In addition, applicants should send their statement of purpose and writing sample as well as letters of recommendation to the English Department Graduate Coordinator.

The Graduate Committee cannot act on applications until they have been reviewed by the Office of Admissions and Student Recruitment and have met university admissions requirements. The following schedule of dates has been established for Graduate Committee decisions.

A student who meets all entrance requirements except one or more course prerequisites or the minimum grade requirements may be admitted to the program as a conditionally classified graduate student. Conditionally classified students must fulfill certain conditions (such as taking or retaking prerequisite courses) within a specified period of time. Prerequisite courses cannot be counted toward the units required for the master's degree.

The specific requirements for admission as a classified graduate student in the English Department are:

1. A grade point average of 3.0 ("B") in all undergraduate upper-division courses;
2. Applicants who do not possess a bachelor's degree from a post-secondary institution in a country where English is the principal language of instruction must receive a minimum score of 575 on the Test of English as a Foreign Language (TOEFL);
3. Three letters of recommendation supporting the student's application. Letters should be from people able to make relevant comments on the student's likely success in English Composition with a Concentration in Composition, English Literature, or Teaching English as a Second Language, and on the student's competence in speaking and writing English;
4. A one-page, typed statement of purpose briefly explaining the student's reasons (i.e. career objectives and research interests) for pursuing a graduate degree in English Composition with a Concentration in Composition, English Literature, or Teaching English as a Second Language;
5. One writing sample (5-10 pages) that reflects the student's ability to write in edited English a balanced, well-reasoned argument or a clear, coherent presentation of information, such as a college term paper or a work-related report;
6. Fulfillment of the graduate entrance writing requirement by passing, with a "B" (3.0) or better, ENG 306 (or an equivalent course) or the Writing Requirement Equivalency Exam (WREE), within seven years prior to acceptance into the program. Students who do not satisfy this requirement may be conditionally classified and required to take or repeat the course or exam;
7. The following undergraduate courses or their equivalent with a minimum grade of "B-" in each, taken in conjunction with a major in English or some other major:

A. For the Concentrations in English Composition and English Literature:
   1. ENG 311. The English Language
   2. One of the following:
      ENG 420. Pedagogical Grammar
      ENG 422. History of the English Language
      HUM 312. Theories of Language Acquisition and Learning
   3. One of the following:
      ENG 301. Analysis of Poetry
      ENG 302. Analysis of Drama
      ENG 303. Analysis of Prose Fiction
      ENG 304. Analysis of Nonfiction Prose
   4. Twelve units chosen from the following:
      A. Four units chosen from:
         ENG 230. English Literature I
         ENG 231. English Literature II
         ENG 232. English Literature III
         ENG 401. English Literature of the Middle Ages
         ENG 403. English Literature of the Renaissance
         ENG 406. Seventeenth Century Literature
         ENG 409. English Literature of the Restoration and Eighteenth Century
         ENG 412. Romantic Prose and Poetry
         ENG 415. Victorian Literature
         ENG 475. Shakespeare II
         ENG 476. Shakespeare I
      B. Four units chosen from:
         ENG 330. American Literature I
         ENG 331. American Literature II
         ENG 332. American Literature III
      C. Four units chosen from:
         ENG 314. American Indian Literature
         ENG 319. Studies in Literary Diversity
         ENG 323. Chicano Literature
         ENG 336. Women Writers
         ENG 339. African American Literature

B. For the Concentration in Teaching English as a Second Language (TESL):
   1. ENG 311. The English Language
   2. ENG 420. Pedagogical Grammar
   3. HUM 312. Theories of Language Acquisition and Learning

Advancement to Candidacy
To be advanced to candidacy, the student must have:
1. Achieved classified status;
2. Completed at least 16 units of coursework required by the program with a grade point average of at least 3.0 ("B");
3. Filed a program plan approved by the Graduate Coordinator.

Requirements for Graduation
1. A minimum of 48 quarter units of acceptable graduate-level work in the formal program, with no fewer than 35 completed at this university and with at least 34 units gained from 600-level courses in English. Students must gain approval in advance from the Graduate Coordinator to count 300-, 400-, or 500-level courses as electives;
2. Advancement to candidacy and approval by the Graduate Committee of a thesis proposal prepared in consultation with a thesis reading committee;
3. A grade point average of at least 3.0 ("B") in all graduate course work and research fulfilling the requirements of the student's concentration and grades of "C" (2.0) or better in all courses in the program;
4. For students in the English Composition Concentration and English Literature Concentration, demonstrated minimal competence in a language other than English at the level of a foreign language 150 course given by the Department of World Languages and Literatures. Can be fulfilled by one of the following, but note that courses taken to fulfill the language requirement cannot be applied toward any graduate degree unit requirements:
   A. One year of college course work (with a grade of A, B, C, or CR) studying a language other than English,
   B. Passage of a language competency exam in a language other than English at a level of Intermediate (ACTFL Stage 2) or above or equivalent,
   C. Four units of college course work (with a grade of A, B, C, or CR) studying a language other than English plus four units of course work in language acquisition, such as HUM 312. Theories of Language Acquisition and Learning;
5. For students in the Teaching English as a Second Language Concentration, demonstrated competence in a language other than English. Can be fulfilled by one of the following:
   A. One year of college course work (with a grade of A, B, C, or CR) studying a language other than English,
   B. Passage of a language competency exam in a language at a level of Intermediate (ACTFL Stage 2) or above or equivalent;
6. The graduation writing requirement is met upon successful completion of the thesis.

Degree Requirements (48 units)

English Composition Concentration (48 units)
1. ENG 609. Perspectives on Research (4)
2. ENG 611. The Western Rhetorical Tradition (4)
3. ENG 612. Contemporary Composition and Discourse Theory (4)
4. Four units chosen from:
   ENG 615. Discourse Analysis: Theory and Applications (4)
   ENG 616. Contrastive Rhetoric (4)
   ENG 617. Linguistic Pragmatics (4)
   ENG 618. Stylistics (4)
5. Four units chosen from:
   ENG 621. Approaches to Imaginative Writing (4)
   ENG 631. Approaches to Professional Writing (4)
6. ENG 650. Critical Approaches to Literature (4)
7. Eight units chosen from:
   ENG 655. Composing Process: Theory and Research (4)
   ENG 656. The Reading/Writing Connection (4)
   ENG 657. Sites of Praxis (4)
   ENG 658. Computers and Writing: Literacy and Technology (4)
8. ENG 662. Internship in Composition (2)
9. ENG 695. Thesis Planning (2)
10. ENG 699A. Thesis (2)
11. ENG 699B. Thesis (2)
12. Electives (8 units)

Eight units of electives must be approved in advance by the Graduate Coordinator.
English Literature Concentration (48 units)

1. ENG 609. Perspectives on Research (4)
2. ENG 611. The Western Rhetorical Tradition (4)
3. ENG 612. Contemporary Composition and Discourse Theory (4)
4. Four units chosen from:
   - ENG 615. Discourse Analysis: Theory and Applications (4)
   - ENG 618. Stylistics (4)
5. ENG 621. Approaches to Imaginative Writing (4)
6. ENG 650. Critical Approaches to Literature (4)
7. Eight units chosen from:
   - ENG 601. Seminar in Poetry (4)
   - ENG 602. Seminar in Dramatic Literature for Stage and Film (4)
   - ENG 603. Seminar in Fiction (4)
   - ENG 604. Seminar in Nonfiction Prose (4)
   - ENG 651. Seminar in a Literary Period (4)
8. ENG 663. Internship in Literature (2)
9. ENG 695. Thesis Planning (2)
10. ENG 699A. Thesis (2)
11. ENG 699B. Thesis (2)
12. Electives (8 units)

Teaching English as a Second Language (TESL) Concentration (48 units)

1. ENG 523. English Syntax (4)
2. ENG 524. Sociolinguistics (4)
3. ENG 609. Perspectives on Research (4)
4. Four units chosen from:
   - ENG 611. The Western Rhetorical Tradition (4)
   - ENG 612. Contemporary Composition and Discourse Theory (4)
   - ENG 650. Critical Approaches to Literature (4)
5. ENG 615. Discourse Analysis: Theories and Applications (4)
6. Four units chosen from:
   - ENG 616. Contrastive Rhetoric (4)
   - ENG 617. Linguistic Pragmatics (4)
7. ENG 619. Second Language Acquisition (4)
8. Four units chosen from:
   - ENG 625. TESL Methods and Materials for Speaking and Listening (4)
   - ENG 626. TESL Methods and Materials for Reading and Writing (4)
9. Four units chosen from:
   - ENG 656. The Reading/Writing Connection (4)
   - ENG 657. Sites of Praxis (4)
   - ENG 658. Computers and Writing: Literacy and Technology (4)
10. ENG 664. Internship in ESL Teaching (2)
11. ENG 695. Thesis Planning (2)
12. ENG 699A. Thesis (2)
13. ENG 699B. Thesis (2)
14. Electives (4 units)

Electives (8 units)

COURSE OFFERINGS IN ENGLISH (ENG)

Upper Division

507. Advanced Creative Writing: Poetry
Advanced-level workshop in poetry writing; discussion of student writing and exemplary texts by established poets. Formerly a topic under ENG 513. Prerequisite: ENG 417 or consent of instructor. (4 units)

508. Advanced Creative Writing: Fiction
Advanced-level workshop in fiction writing; discussion of student writing and exemplary texts by established fiction writers. Formerly a topic under ENG 513. Prerequisite: ENG 418 or consent of instructor. (4 units)

510. English in the Secondary Classroom
English as a secondary school subject including language, literature and composition. Special emphasis on problems of improving and assessing student writing. Prerequisites: ENG 306, 311 and at least two courses from ENG 301, 302, 303, 304. (4 units)

511. Creative Writing in the Classroom
Advanced methods for teaching the techniques of creative writing, focusing primarily on poetry and fiction. Intended for future elementary and secondary teachers. Requires a minimum six-hour field component. Prerequisite: ENG 317 or 318. (4 units)
513. Advanced Creative Writing in Specialized Genres
Advanced workshop in writing in a specialized genre, with discussion of student writing and of exemplary works by established writers. May be repeated for credit as subject matter changes. Prerequisite: ENG 417 or 418 or consent of instructor. (4 units)

515. Senior Seminar in Literature
Advanced study of a selected literary topic, including consideration of critical theory and methodology. May be repeated for credit as topics change. Prerequisites: senior standing (or junior standing with consent of instructor) and completion of at least two analysis courses (ENG 301, 302, 303, 304), and at least two additional upper-division courses in English. (4 units)

516. Senior Project
Preparation and submission of a portfolio of appropriate writing samples as the basis of a reflective essay showing how the portfolio demonstrates accomplishment of essential goals of the major. Graded credit/no credit. Prerequisite: completion of 135 units, including 40 units of the English major. (1 unit)

517. Honors Project
Preparation of a piece of graduate-level writing (which may be an expansion of one of the student's papers or other work) to be presented at an honors colloquium. One hour of class meeting a week and required attendance at honor colloquia. Graded credit/no credit. (2 units)

522. Independent Study in Writing
Projects in advanced writing: fiction, nonfiction, poetry or drama. A total of eight units may apply to the English major or toward graduation. Prerequisites: ENG 513 and departmental approval; students must be enrolled in the Creative Writing track and the project must be approved by an instructor. (4 units)

523. English Syntax
A linguistic approach to the analysis of modern English sentences and their component parts. Emphasis is placed on practical experience in analyzing structures in context. Prerequisites: ENG 311 and 420. (4 units)

524. Sociolinguistics
An examination of language within social and cultural contexts, including ethnic, social and regional dialect variations in the United States. Prerequisites: ENG 311 and 420. (4 units)

525. Seminar in Literary Theory and Criticism
Advanced study in special topics in literary theory and criticism. May be repeated for credit as topics change. (4 units)

526. English Phonetics and Phonology
Sounds and sound patterns of spoken English, with special attention to the pronunciation problems encountered by learners of English as a second language. Prerequisite: ENG 311. (4 units)

530. Issues in Tutoring Writing
Study of the theory, principles and methods of tutoring students who need specific practice in writing. Those completing this course with a grade of "B" (3.0) or better are eligible to participate in tutorial writing services on campus. Students in this class are expected to be proficient writers. Prerequisites: ENG 101 and consent of instructor. (4 units)

535. Images of Culture Through Children's Literature
Becoming acquainted with the children's literature of various cultures and organizing this literature for curricular choices. (Also offered as ERDG 642. Student may not receive credit for both.) Graduate students are required to do coursework appropriate for graduate students. Prerequisite: ERDG 620 for students enrolled in the College of Education; consent of instructor for other students. (4 units)

542. Literary Publication
Principles and methods of literary publication. Students function as the literary staff dealing with key aspects of the production process, including helping to select, edit, and proofread poems, short stories, and plays. Two hours lecture and four hours laboratory. ENG 542A and 542B may each be taken once for credit.
A. Producing print literary journal, The Pacific Review; and its web site. (4 units)
B. Producing on-line literary journal, Gold Coast Review. (4 units)

565. Special Studies in Writing
Studies in particular topics in writing, such as assessment, learning theory and research on the teaching of writing. May be repeated for credit as topics change. Prerequisite: consent of instructor. (2 units)

566. Special Studies in Writing
Studies in particular topics in writing such as assessment, learning theory and research on the teaching of writing. May be repeated for credit as topics change. Prerequisite: consent of instructor. (4 units)

575. Internship in English
Supervised learning experience applying English-related skills in a work setting. A total of eight units may be applied toward graduation. Generally assumes 30 hours of work/study per unit of credit. Graded credit/no credit. Prerequisites: junior standing with at least 16 units of course work in English on this campus with an overall grade point average of 3.0 or better; consent of instructor; and departmental approval of a contract submitted in advance of the quarter in which the course is to be taken. (Credit to be arranged: 2 to 5 units)

595. Independent Study in Literature, Composition, or Linguistics
Independent study of selected themes, figures, and areas in literature, composition, or linguistics. May be repeated for a maximum of eight units of credit toward the B.A. in English and toward graduation. Prerequisites: a minimum overall grade point average of 3.0, consent of instructor, and departmental approval of a written proposal of a project submitted on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 2 to 5 units)

Graduate/Postbaccalaureate
May not be taken by undergraduate students

601. Seminar in Poetry
Advanced study in particular kinds of poetry, with special focus on generic issues or problems. May be repeated for credit as topics change. (4 units)
602. Seminar in Dramatic Literature for Stage and Film
Advanced study in particular kinds of dramatic literature and film, with special focus on generic problems and issues. May be repeated for credit as topics change. (Also offered as TA 602. Students may not receive credit for both.) (4 units)

603. Seminar in Fiction
Advanced study in particular kinds of fiction, with special focus on generic issues or problems. May be repeated for credit as topics change. (4 units)

604. Seminar in Nonfiction Prose
Advanced study in particular kinds of nonfiction prose with special focus on generic issues or problems. May be repeated for credit as topics change. (4 units)

605. Special Topics in Language Studies
Seminar in particular aspects of language studies and their empirical application. May be repeated for credit as topics change. Prerequisites: ENG 311 and 420. (4 units)

609. Perspectives on Research
Critical study of research methods and resources in the fields of composition, linguistics and literature. Formerly ENG 690. (4 units)

611. The Western Rhetorical Tradition
Examination of major texts and movements in the history of rhetoric. (4 units)

612. Contemporary Composition and Discourse Theory
Examination of major texts and movements in contemporary composition and discourse theory. (4 units)

615. Discourse Analysis: Theories and Applications
A study of contemporary theories of linguistic analysis and their applications to literature and composition. Prerequisites: ENG 311 or equivalent and ENG 611. (4 units)

616. Contrastive Rhetoric
Comparison and contrast of the rhetorical conventions of various genres as they are written in a variety of languages and discourse communities. Formerly a topic under ENG 605. Prerequisites: ENG 311 and 420 or consent of instructor. (4 units)

617. Linguistic Pragmatics
Seminar in the study of how language is used in contexts in relation to the speaker's goals and intentions. Application of major theories in the field to the analysis of actual language. Formerly a topic under ENG 605. Prerequisites: ENG 311 and 420, or consent of instructor. (4 units)

618. Stylistics
Examination of various linguistic and rhetorical devices which help writers of literary text to convey their messages and to produce intended effects. Prerequisites: ENG 311 and 420, or consent of instructor. (4 units)

619. Second Language Acquisition
Examination of competing theories and models of second language acquisition in both children and adults with a special focus on interlanguage studies, transfer, and input and interaction. Formerly a topic under ENG 605. Prerequisites: ENG 311 and 420, or consent of instructor. (4 units)

621. Approaches to Imaginative Writing
Traditional and contemporary approaches to imaginative writing; emphasis on means of encouraging different styles and modes of expression. (4 units)

625. TESL Methods and Materials for Speaking and Listening
Seminar in theory, methodology, and techniques in the teaching of listening comprehension, pronunciation and norms of conversation and classroom interchange to non-native speakers of English in an academic context. Prerequisites: ENG 311, 420 and HUM 312, or consent of instructor. (4 units)

626. TESL Methods and Materials for Reading and Writing
Seminar in theory and methodology of teaching reading (including techniques such as skimming and scanning, identifying contextual clues and audience assumptions), and writing (including genre analysis and the teaching of grammar through writing) to non-native speakers of English in an academic context. Prerequisites: ENG 311 and 420, or consent of instructor. (4 units)

631. Approaches to Professional Writing
Emphasis on writing and teaching the techniques of composing professional reports, abstracts, reviews, and of editing technical manuals and preparing articles for professional journals. (4 units)

650. Critical Approaches to Literature
Study and practice of various critical approaches, such as formalism, deconstructionism, feminism, reader response, and new historicism, with particular attention to their assumptions about the meaning and function of literature. (4 units)

651. Seminar in a Literary Period
Advanced study in a specific literary period. May be repeated for credit as topics change. (4 units)

655. Composing Process: Theory and Research
Intensive examination of the research on composing, competing theories of process, and pedagogical applications to the teaching of composition. (4 units)

656. The Reading/Writing Connection
Intensive study of theory, research, and pedagogy concerning the role of reading in learning to write. (4 units)

657. Sites of Praxis
Study of composition theory, research and pedagogy as practiced in sites such as writing across the curriculum programs, basic writing courses, writing centers, and community college classrooms. (4 units)

658. Computers and Writing: Literacy and Technology
Examination and exploration of the ways in which computer technologies can be integrated into composition courses and literacy contexts of the workplace, and how they alter the understanding, acquisition, and teaching of literacy in our society and culture. (4 units)
662. **Internship in Composition**
A practical application of composition theory, research, and pedagogy. Supervised teaching in the composition classroom. May be repeated once for credit. Prerequisite or corequisite: completion of courses required for the M.A. in English Composition (except ENG 695, 699A and 699B) with a 3.0 ("B") average. (2 units)

663. **Internship in Literature**
Practical experience working with students in an introductory literature course. Includes supervised teaching in the classroom and frequent consultations with the instructor. May be repeated once for credit. Prerequisites or corequisites: completion of courses required for the M.A. in English Composition (except ENG 695, 699A, 699B and electives) with a 3.0 ("B") average. (2 units)

664. **Internship in ESL Teaching**
Practical experience working with students in an ESL-designated classroom. Includes supervised teaching in the ESL classroom. May be repeated once for credit. Prerequisite or corequisite: completion of courses required for the M.A. in English Composition (except ENG 695, and 699A, 699B and electives) with a 3.0 ("B") average. (2 units)

666. **Seminar in Writing**
Studies in particular topics in writing. May be repeated for credit as topics change; a maximum of eight units of credit may be applied to the Master of Arts in English Composition program. Prerequisite: consent of instructor. (2 units)

695. **Thesis Planning**
Preparation of thesis proposal and annotated bibliography. Graded credit/no credit. Prerequisite or corequisite: completion of courses required for the M.A. in English Composition (except ENG 662 or 664, 699A and 699B and electives) with a 3.0 ("B") average. (2 units)

696. **Graduate Independent Study**
Advanced research on a specific topic, figure, or area in literature, composition, or linguistics. May be repeated for a maximum of eight units toward the M.A. in English Composition and graduation. Prerequisites: a minimum overall grade point average of 3.0, consent of instructor, and approval of the graduate coordinator. Proposals must be submitted on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 2 to 5 units)

698. **Extended Enrollment**
Independent study leading to completion of requirements (other than course work) for the master's degree. To retain classified standing in the master's program, a student must enroll in 698 each quarter until the project or thesis is accepted or the comprehensive examination passed. Students who enroll in 698 through the university have full use of all university facilities. (Note: Students enrolled in 698 through the College of Extended Learning and taking no other courses through the regular university have access only to the library and their professor.) See Page 358, Culminating Experience: Exam, Thesis, or Project. Prerequisites: advancement to candidacy and approval of program graduate coordinator or, if an interdisciplinary studies major, consent of the Dean of Graduate Studies. (0 units)

699. **Thesis**
Independent graduate research in English composition or teaching English as a second language culminating in a written thesis. A. Prerequisites or corequisites: graduate committee approval of the thesis proposal, advancement to candidacy, completion of all other required courses for the M.A. in English Composition, or consent of graduate coordinator. (2 units) B. Prerequisites or corequisites: graduate committee approval of the thesis proposal, advancement to candidacy, completion of all other required courses for the M.A. in English Composition, or consent of graduate coordinator. (2 units)
GEOGRAPHY

Department of Geography
Social and Behavioral Sciences Building, Room 327J
880-5519

The following courses are offered in support of various graduate degree programs offered by the university.

COURSE OFFERINGS IN GEOGRAPHY (GEOG)

Graduate/Postbaccalaureate
May not be taken by undergraduate students

600. Proseminar in Geography
Survey of the concepts and ideas that geographers study, how they approach the study of geographical phenomena, and what methods they employ in their analysis. The seminar will include discussion of the relationships of the discipline to other social science disciplines and the unique contributions geography has made to knowledge in general and in the social sciences. Prerequisite: consent of instructor. (4 units)

605. Spatial Data Presentation
An integrated study of geographic techniques used in land use planning, including: computer graphics, geographic information systems, and remote sensing. Three hours lecture and two hours laboratory. Materials fee required. (4 units)

609. Seminar in the Geography of the Former and Post-Soviet Union
A geographic perspective of the former and post-Soviet Union, including such topics as population, economic development, environment and foreign relations. (4 units)

615. Foundations of Planning I
An intensive study of the social and ethical bases of urban planning, and the fundamental skills and understanding needed by urban planners. The course will include an overview of the legal, economic and political bases of urban planning. (4 units)

616. Foundations of Planning II
Standards and issues associated with the development of general planning, zoning ordinances, and land subdivision are examined. (4 units)

617. Planning Within the Local Power Structure
Examination of the interrelationships between local urban power structures and modes of decision-making and planning, with the purpose to explore ways in which the professional urban planner can work effectively. (4 units)

621. Seminar in the Geography of Latin America
A geographic perspective of Latin America, including such topics as population, economic development, environment and foreign relations. (4 units)

650. Environmental Issues of Land Management
Study of multiple-use management of non-urban land by local government. Emphasis will be placed on recreation, mining, and the maintenance of open space, biotic habitat, and air and water quality. The California Environmental Quality Act (CEQA) and related issues will also be addressed. (4 units)

680. Advanced Demographic Analysis
Advanced study of demographic techniques with particular emphasis on those relevant to urban planning. An examination of various data sources is included. (4 units)

695. Planning Colloquium
Discussion of the application of planning techniques in public and private agencies.
A. Strategic Planning and Project Management (2 units)
B. Negotiation in Planning (2 units)
C. Subdivision Review and Site Design (2 units)
D. Urban Design and Open Space (2 units)
E. Neighborhood Planning (2 units)
F. Urban Housing and Community Development (2 units)
G. Urban Planning Law (2 units)
H. Urban Transportation Planning (2 units)
I. Regional Issues of Urban Planning (2 units)

697. Project Proposal Development
A study of research design required in developing a culminating research project proposal including study of research methodologies relevant to the research project. (4 units)

698. Research Project in Urban Planning
Research applying methods of planning. Graded credit/no credit. Prerequisite: GEOG 697. (4 units)
HEALTH SCIENCES

Master of Science in Health Services Administration

Master of Arts

Health Education Option in Education

(For degree requirements see Page 406.)

Department of Health Science and Human Ecology

Jack Brown Hall, Room 263
880-5339

FACULTY: Dorothy Chen-Maynard, Kim Clark, Richard Eberst, Daniel Fahey, Marsha Greer, Joe Hughes, Robert LaChausse, Joseph Lovett (Graduate Coordinator), Lal Mian, Cindy Paxton (Chair), Christine Ridley

MASTER OF SCIENCE IN HEALTH SERVICES ADMINISTRATION

Requirements (60-68 units)

The Master of Science in Health Services Administration is appropriate for students preparing to become health service administrators or managers in hospitals, health maintenance organizations, medical group clinic managers, nursing homes, public health departments, state and federal health agencies, military health services or other health service organizations.

Specific entrance requirements have been established by the university and the Department of Health Science and Human Ecology. Information about the entrance requirements are available at the department office.

Students who wish to design a specific, individualized master's degree related to health science should also consider the M.A. in Interdisciplinary Studies. Students can successfully combine courses from several relevant fields to build interdisciplinary programs serving their career goals in such areas as Community Health Education, Health Promotion, Environmental Health, Occupational Health/Industrial Hygiene, Public Health, and Gerontology. For further information see the M.A. in Interdisciplinary Studies on Page 462.

Students may also earn a certificate in Finance, Accounting, and Information Systems along with the Master of Science in Health Services Administration.

Admission to the M.S. Program

In addition to the general requirements of the university, specific requirements for admission to classified graduate status are:
1. A minimum grade point average of 3.0 ("B") for the major or for the last 90 quarter units of the bachelor's degree, or for at least 12 units of graduate work;
2. Completion of the graduate entrance writing requirement;
3. Three letters of recommendation, one from the school where the candidate most recently graduated, or from someone who can attest to the candidate's academic and scholastic ability in a graduate degree program;
4. A double-spaced paper not to exceed three pages providing a biographical sketch of the student's life, work background and experiences. The paper is to be concluded with a discussion (not to exceed one page) which addresses the reasons for applying to this graduate program plus career goals and aspirations.

Students who meet the above criteria may be admitted as conditionally classified graduate students. To attain fully classified status, students must satisfy conditions set by the department's graduate committee, including completion of at least 12 quarter units of appropriate course work at California State University, San Bernardino with a grade point average of 3.0 ("B") or better and removal of deficiencies, if any.

Advancement to Candidacy

In order to be advanced to candidacy, the student must have:
1. Achieved classified status;
2. Been accepted by a major advisor from the faculty of the Department of Health Science and Human Ecology who will also accept chairing the student's thesis committee if the thesis option is selected;
3. Completed at least 12 quarter units of required course work as a graduate student at this university with approval of the major advisor and with a minimum grade point average of 3.0 ("B");
4. Candidacy will be granted upon completion of HSCI 501 and 502 plus 12 units from the basic core of courses;
5. Gained a recommendation for advancement to candidacy from the Graduate Coordinator of the Department of Health Science and Human Ecology;
6. Submitted a formal program of study of graduate course work prepared in consultation with the major advisor and approved by the graduate coordinator of the Department of Health Science and Human Ecology. The program will include an administrative residency/internship or a thesis.

Requirements for Graduation

In addition to the general requirements of the university and the department:
1. A minimum of 60 to 68 units of approved graduate-level work included in the formal program, with at least half of the units required for the degree gained from 600-level courses in Health Science and Human Ecology;
2. Advancement to candidacy for the degree and approval of the specific program study;
3. A grade point average of 3.0 ("B"), or better, in all graduate course work and research fulfilling the requirements of the Master of Science in Health Services Administration, and grades of "C" (2.0) or better in all courses in the program;
4. Either A or B below:
   A. Completion of the administrative residency/internship with a final project;
   B. Completion and defense of an acceptable thesis;
5. The graduation writing requirement is met upon successful completion of the research thesis or a project report of a graduate internship.

Classified and conditionally classified graduate students in the Master of Science program must complete their degree requirements within five years.

Degree Requirements (60-68 units)

Foundation (8 units)
1. HSCI 501. Foundations I: Health Status and Determinants of Health (4)
2. HSCI 502. Foundations II: Health System Organization and Delivery (4)

Note: Students holding the Bachelor of Science degree from the Department of Health Science and Human Ecology will be exempt from HSCI 501, and if the
degree concentration is in Health Administration and Planning, students will be exempt from HSCI 501 and 502; students with appropriate course work from comparable programs may apply for similar exemptions.

Basic Core (20 units)
1. HSCI 598. Research Methodology in Health Science (4)
2. HSCI 601. Administration of Health Care Programs (4)
3. HSCI 602. Management, Organization and Planning in Health Services (4)
5. Four units chosen from:
   - ACCT 605. Health Care Accounting and Financial Analysis (4)
   - HSCI 605. Health Care Accounting and Financial Analysis (4)

Leadership Core (24 units)
1. HSCI 635. Communication and Human Relations in Health Services (4)
2. HSCI 645. Information and Technology Systems Management in Health Services (4)
3. HSCI 653. Health Law and Medical Ethics (4)
4. HSCI 665. Strategic Health Services Management and Change in Health Care Organizations (4)
5. HSCI 675. Health Services Administration Leadership, Team and Quality Development (4)
6. HSCI 685. Health Services Administration Capstone Seminar (4)

Electives (8 units)
1. Eight units chosen from:
   - ECON 590. Seminar in Economics (4)
   - HSCI 550. The Health Aspects of Death and Dying (2)
   - HSCI 590. Current Topics in Health Administration and Planning (2)
   - HSCI 595. Independent Study (1-5)
   - HSCI 620. Advanced Topics in Epidemiological Methodology (4)
   - HSCI 632. Health Policy and Decision-Making (2)
   - HSCI 640. Administration of Health Education Programs (4)
   - HSCI 650. Administration of Environmental Management Programs (4)
   - HSCI 660. Advanced Topics in Health Science and Human Ecology (2-4)
   - HSCI 670. Directed Readings (1-4)
   - INFO 609. Information Management Systems (4)
   - MGMT 601. Organization Theory and Behavior (4)
   - MGMT 641. Managing Human Resources (4)
   - MKTG 560. Services Marketing (4)
   - MKTG 605. Marketing Management (4)
   - MKTG 610. Consumer and Organizational Buying Behavior (4)
   - MKTG 696. Marketing Strategy (4)
   - NURS 597. Issues and Trends in Health Care (4)
   - OM 607. Operations Management (4)
   - OM 611. Operations Strategy (4)
   - OM 614. Advanced Quality Management (4)
   - OM 650. Information Decision Systems (4)
   - OM 660. Supply Management (4)
   - PA 462. Public Personnel Administration (4)
   - PA 463. Governmental Budgeting (4)
   - PA 514. Management of Private Nonprofit Organizations (4)
   - PA 568. Accounting for Government and Not-for-Profit Organizations (4)
   - PA 662. Human Resource Management in the Public Sector (4)
   - PA 663. Public Budgeting and Finance (4)
   - Other electives upon approval of major advisor.

Culminating Experience/Application of Learning (8 units)
1. One of the following options:
   - Internship/Project Option (8 units)
     1. HSCI 697A. Administrative Residency: Internship (4)
     2. HSCI 697B. Administrative Residency: Internship and Final Project (4)
   - Thesis Option (8 units)
     1. HSCI 699A. Thesis: Proposal Development and Research (4)
     2. HSCI 699B. Thesis: Research, Writing and Defense (4)

COURSE OFFERINGS IN HEALTH SCIENCE (HSCI)

Upper Division

501. Foundations I: Health Status and Determinants of Health
Factors that affect the health status of individuals and populations. Topics include epidemiology, demographics and statistics on health status, determinants of health and illness, behavioral aspects of health and preventive care. Prerequisite: graduate status or consent of instructor. (4 units)

502. Foundations II: Health System Organization and Delivery
Health care delivery and the organization and function of the health care system. Topics include characteristics and measures of health care systems, health care delivery processes and issues, economic issues and financing of health care organizations. Prerequisite: graduate status or consent of instructor. (4 units)

505. School Nurse Credential Program Orientation
Overview of the School Nurse Credential Program including coursework, expectations, timelines and basic skills needed to provide screening for vision, scoliosis, and dental needs. Graded credit/no credit. Prerequisite: admission to the School Nurse Credential Program. (2 units)

512. Clinical Operations of Ambulatory Care/Group Practices
The management of physician practices, medical groups, and ambulatory care organizations such as imaging center, outpatient surgery centers and other outpatient services. Students will develop an understanding of issues and acquire skills in the management of non-acute care organizations owned or substantially controlled by physicians. Previously offered as a topic under HSCI 452. Prerequisite: HSCI 120 or consent of instructor. (4 units)

513. Managed Care Systems
Principles and process of utilization management, risk contracting, capitation, provider contracting, contract negotiations, division of financial responsibility and Health Maintenance Organi-
525. Health Data Analysis and Demography
Introduction to analysis of health data using statistical procedures, development of skills for determining analytical techniques and procedures for interpretation and presentation of resultant data; examination of sources and evaluation of demographic data and relationships to such topics as fertility, morbidity, mortality, population projection, life tables and migration. Prerequisites: HSCI 451 and MATH 305 or 350 or consent of instructor. (4 units)

530. Food-Borne Illnesses and Their Prevention
Food-borne illnesses and food poisoning of microbial and chemical origins, causation and environmental control measures; proper environmental control measures; and proper environmental health conditions involved in storage, transportation and service of foods in order to minimize health dangers. Formerly HSCI 430. Prerequisite: HSCI 352. (4 units)

550. The Health Aspects of Death and Dying
Investigation of how the realities of death and loss influence the quality of a person's life and their personal health status. The focus is on assisting students and professionals in developing the skills necessary to assist individuals deal with death, loss, grief, bereavement, and mourning in the healthiest ways possible. Formerly a topic under HSCI 542. (4 units)

557. Hazardous Material Control
Major methods for the control of hazardous wastes from generation through disposal, including disease, environmental and legal aspects of hazardous wastes as well as discussion of various disposal techniques. Formerly HSCI 357. Prerequisites: college-level biology and chemistry courses. (4 units)

558. Management of Water Quality
Survey of water quality parameters and pollution control techniques. Includes in-depth discussion on current topics in water legislation, water pollution and its impact on public health, flood impacts, water conservation options and drought management. Prerequisite: prior or concurrent enrollment in HSCI 506 or consent of instructor. (4 units)

560. Individual and Small Group Interventions in Health Promotion
Theories and strategies of individual and group intervention in behaviors related to premature morbidity and mortality. Includes assessment, intervention, planning and follow-up, referral skills for the health education/health promotion specialist. Prerequisite: HSCI 470 or consent of instructor. (4 units)

592. School Nurse Teaching Practicum
Classroom-based practice in teaching methods and materials used in secondary health education, including planning, class management and student evaluation. One hour lecture and six hours laboratory. (3 units)

595. Independent Study
Research in special topics including library studies and/or laboratory work under the direction of a faculty member. Prerequisites: a minimum overall grade point average of 3.0, consent of instructor and departmental approval of a written proposal of a project submitted on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 1 to 6 units)

598. Research Methodology in Health Science
Research methods and application to contemporary health problems. Health data analysis and development of skills for determining appropriate analytical techniques and procedures. Four hours seminar and three hours data analysis laboratory. Materials fee required. Prerequisite: MATH 305 or consent of instructor. (5 units)

Graduate/Postbaccalaureate
May not be taken by undergraduate students

600. Seminar in Health and Human Ecology
Philosophical foundations of health and human ecology. Historical, contemporary and professional perspectives. (4 units)

601. Administration of Health Care Programs
Economic forces which impact on health and health delivery systems and an assessment of the distribution of financial resources required to sustain these systems. Emphasis on trends in financing health care and the economic influence of reimbursement policies on financial decision-makers. Formerly HSCI 630. (4 units)

602. Management, Organization and Planning in Health Services
Organizational, environmental, socio/political and behavioral aspects of health and health delivery systems. Ecological perspectives on planning and administrative approaches in developing, modifying and sustaining modern health systems. Formerly HSCI 610. (4 units)

603. Health Economics and Financial Systems
Micro- and macroeconomic aspects of health services, various payment approaches, third-party reimbursement systems, budgeting and financial analysis, decision-making and planning in health services and organizations. Formerly HSCI 655. (4 units)

604. Theory and Practice of Interventions
Review of current theories and practices of effective prevention and intervention programs, including intervention mapping, program planning, and implementation in schools and community settings with youth. Prerequisite: HSCI 470 or consent of instructor. (4 units)
605. Health Care Accounting and Financial Analysis
Basic concepts, methods, and application of cost and accrual accounting, finance and budgeting techniques and methods applied to health services and health care organizations, with computer application and analysis. (Also offered as ACCT 605. Students may not receive credit for both.) (4 units)

606. Advanced Program Evaluation
Advanced topics in health and human services program evaluation models, data collection, quantitative, and qualitative methods, data analysis and data interpretation. Prerequisites: HSCI 471; and HSCI 598 or EDUC 663; or consent of instructor. (4 units)

608. Health Research Methods
Multidisciplinary focus on general research methods including the concept of scientific methodology, the logic of research design and applicability of theoretical and experimental approaches in the health professions. Prerequisite: classified graduate status, HSCI 503, prior or concurrent enrollment in HSCI 506 or consent of instructor. (4 units)

620. Advanced Topics in Epidemiological Methodology
Concepts and methodologies of contemporary epidemiology and their relationship to managing and planning health and environmental systems. Prerequisites: HSCI 451 and 598. (4 units)

632. Health Policy and Decision-Making
Issues and problems in the area of health administration. Emphasis on quality assurance, legal aspects, policy development and decision-making as related to health care planning operations. Prerequisites: HSCI 271, 600 and 610. (2 units)

635. Communication and Human Relations in Health Services
Techniques for effective written and oral communication at the interpersonal and organizational levels. Particular emphasis is placed upon enhancing human relations skills in health services settings. (4 units)

640. Administration of Health Education Programs
Current developments in health education related to management and planning of health promotion programs, including strategies to facilitate communication, decision-making and problem solving. Prerequisites: classified status, prior or concurrent enrollment in HSCI 615 or consent of instructor. (4 units)

645. Information and Technology Systems Management in Health Services
Information systems, networks, and computer software systems, used in health services setting. Prerequisite: consent of instructor. (4 units)

650. Administration of Environmental Management Programs
Analysis of local, state and national environmental and occupational health programs including program planning and evaluation. Comparative study of international environmental management problems, styles and techniques. Prerequisites: HSCI 352, 600 and 610. (4 units)

653. Health Law and Medical Ethics
Legal and ethical issues and practices related to health care delivery and health services administration. Ethical administrative behavior, standard of care, tort law and professional liability, negligence and liability law, contracts, lawsuits and civil liability process, corporate law and liability, antitrust, case law and related health law issues are covered. (4 units)

660. Advanced Topics in Health Science and Human Ecology
Analysis of current literature, practices, procedures and issues in health science and human ecology at local, state, national and international levels. May be repeated for credit as topics change. (Credit to be arranged: 2 to 4 units)

665. Strategic Health Services Management and Change in Health Care Organizations
Health service organizations' mission, vision, internal and external evaluation. Medical care organization strategy evaluation, formulation, tactics and development. Health planning methodologies, evaluation, feedback and the process and dynamics of medical organization change. Prerequisites: HSCI 601, 602, 603 and 605. (4 units)

670. Directed Readings
Directed independent study of classic and contemporary writings in a defined area combined with scheduled individual and small group conferences with supervising faculty member. Prerequisites: graduate standing and consent of instructor. (Credit to be arranged: 1 to 4 units)

675. Health Services Administration Leadership, Team and Quality Development
Health services administration leadership skill development including health administration team behaviors, actions and approaches. Health services team development for continuous quality improvement process and management. Prerequisites: HSCI 601, 602, 603 and 605. (4 units)

685. Health Services Administration Capstone Seminar
Integration and application of leadership theory and administrative skills and approaches as applied to the organizational and team management process and management of health services organizations. Prerequisites: HSCI 501, 502, 598, 601, 602, 603, 604, 605, 606, and concurrent enrollment in HSCI 645 and 675. (4 units)

696. Project
A. Proposal Development and Research. Independent graduate research or project conceptualization conducted under the guidance of an advisor in the Department of Health Science and Human Ecology. Prerequisites: completion of at least 36 units of approved course work toward graduation and advancement to candidacy. (4 units)

B. Research/Project Development, Writing and Defense/Presentation. Independent graduate research or project development conducted under the guidance of an advisor in the Department of Health Science and Human Ecology. Includes formal defense or professional presentation. Prerequisites: successful completion of HSCI 699A and concurrent enrollment in HSCI 695. (4 units)
697. Administrative Residency
A. Internship. First half of a 360-hour supervised internship in sites such as hospitals, health plans, HMOs, medical groups, managed care organizations, private or public health services or agencies. Requires a rotation in administrative organization and function. Prerequisites: HSCI 598, 601, 602, 603 and 605, and completion of at least 36 units of approved course work toward graduation, advancement to candidacy, and consent of department. (4 units)
B. Internship and Final Project. Second half of a 360-hour supervised internship in sites such as hospitals, health plans, HMOs, medical groups, managed care organizations, private or public health services or agencies. Requires completion of the rotation of administrative organization and function. Completion of final major project. Prerequisites: HSCI 697A and consent of department. (4 units)

698. Extended Enrollment
Independent study leading to completion of requirements (other than course work) for the master's degree. To retain classified standing in the master's program, a student must enroll in 698 each quarter until the project or thesis is accepted or the comprehensive examination passed. Students who enroll in 698 through the university have full use of all university facilities. (Note: Students enrolled in 698 through the College of Extended Learning and taking no other courses through the regular university have access only to the library and their professor.) See Page 358, Culminating Experience: Exam, Thesis, or Project. Prerequisites: advancement to candidacy and approval of program graduate coordinator or, if an interdisciplinary studies major, consent of the Dean of Graduate Studies. (0 units)

699. Thesis
A. Proposal Development and Research. Independent graduate research conducted under the guidance of an advisor in the Department of Health Science and Human Ecology. Prerequisites: HSCI 598, 601, 602, 603, 605 and completion of at least 36 units of approved course work toward graduation and advancement to candidacy. (4 units)
B. Research, Writing and Defense. Independent graduate research conducted under the guidance of an advisor in the Department of Health Science and Human Ecology. Prerequisite: successful completion of HSCI 699A. (4 units)
HUMAN DEVELOPMENT

Department of Psychology
Social and Behavioral Sciences Building, Room 425
880-5570

The following courses are offered in support of graduate degree programs offered at this university.

COURSE OFFERINGS IN HUMAN DEVELOPMENT (HD)

Upper Division

530. Issues in Early Childhood Education
Current theories, research and methodology in early childhood education with an emphasis on practice with children and families. Formerly a topic under HD 582D. Prerequisite: upper-division or graduate status. (4 units)

Graduate/Postbaccalaureate

May not be taken by undergraduate students

690. Families and Parenting
A review of research on selected topics related to family and parenting issues, and the relation of such to child development. Prerequisite: classified graduate standing. (4 units)

HISTORY

Department of History
Social and Behavioral Sciences Building, Room 327F
880-5524

The following courses are offered in support of graduate degree programs offered at this university.

COURSE OFFERINGS IN HISTORY (HIST)

Graduate/Postbaccalaureate

May not be taken by undergraduate students

600. Proseminar in History
Survey of the concepts and ideas that historians study, how they approach the study of historical phenomena, and what methods they employ in their analysis. The seminar will include discussion of the relationships of the discipline to other social science disciplines and the unique contributions history has made to knowledge in general and in the social sciences. Prerequisite: consent of instructor. (4 units)

603. Seminar in Modern Military History
Analyses of selected military operations since World War II. May be repeated once for credit, as topics change, with consent of student's advisor. (4 units)

630. California Water History
History of the development of water policy in California from pre-colonization times to present. (4 units)

690. Advanced Topics in History
In depth study of an advanced topic in history. May be repeated for credit as topics change. (4 units)
HUMANITIES
College of Arts and Letters
University Hall, Room 237 or 339
880-5800 or 880-5869

The following courses are offered in support of graduate degree programs offered at this university.

COURSE OFFERINGS IN HUMANITIES (HUM)

Upper Division

595. Independent Study in Humanities
Advanced study in the Humanities. May be repeated for credit. Prerequisites: a minimum overall grade point average of 3.0, consent of instructor, including approval of a written proposal of a project submitted on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 1 to 4 units)

Graduate/Postbaccalaureate

695. Directed Graduate Studies
Graduate-level independent study under the direct supervision of a faculty member from the student's committee and, if an interdisciplinary studies major, with approval of the committee on graduate education and consent of dean of graduate studies. A total of eight units may apply toward graduation. (Credit to be arranged: 1 to 6 units)

699. Thesis
Preparation of Master of Arts thesis under the direction of a faculty member approved by the committee on graduate education. Maximum of nine credits applicable toward the Master of Arts, with a special major. Prerequisite: advancement to candidacy. (Credit to be arranged: 1 to 5 units)
INTERDISCIPLINARY STUDIES

Master of Arts in Interdisciplinary Studies

Office of the Dean of Graduate Studies
Administration Building, Room 127
880-5058

The university offers a limited number of courses outside of its department and school structure. Also offered as interdisciplinary studies are the certificate programs in international relations and bilingual/crosscultural studies. See Pages 303 and 328.

MASTER OF ARTS IN INTERDISCIPLINARY STUDIES

Requirements (48 units)

Occasionally a student wishes to pursue special interests or career goals that are not met by existing graduate programs. For this student, the Master of Arts in Interdisciplinary Studies offers the opportunity to create a unique master's degree program or one that is not otherwise substantially available in a current graduate program offered at this university.

This individualized master's degree is designed to be a highly challenging academic program for the self-motivated student who has a clear perception of objectives and a background which will allow advanced study in the disciplines combined in the program. The Interdisciplinary Studies M.A. is designed to accommodate unique student interests or to prepare students for fields which require programs not presently offered at the university. It is not a replacement of existing degree programs but an enrichment of the university's offerings. This program is designed by the student in consultation with the Dean of Graduate Studies and three faculty members. The three faculty members, who comprise the student's faculty committee, are selected from more than one academic discipline. Once the program is approved by the committee, it is then submitted to the University Curriculum Committee for its approval.

The Integrative Studies Track is directed primarily to experienced teachers who are currently in elementary, middle school and high school settings. This option under the M.A. in Interdisciplinary Studies reflects the desire of many faculty across schools and departments to work together to provide an informed approach to interdisciplinary inquiry and its subsequent integration into educational environments. This option is more than just an interdisciplinary proposal. It seeks to go beyond cursory knowledge of disciplines to substantive inquiry which connects and synthesizes various perspectives. Teachers at all levels and throughout all disciplines are required to create learning environments which delve deeply into substantive content, engage students in critical processing and reflection, integrate disciplinary perspectives and complex experiences in which assessment is related to real-world contexts. This graduate program provides an alternative form of professional education for teachers. Rather than a completely individualized plan, the Integrative Studies track requires six designated courses with the remaining course work taken outside the College of Education.

Application Process:

The procedures listed below are for the individualized M.A. in Interdisciplinary Studies. Students interested in the Integrative Studies Track or the E-Marketing Communication and New Media Option should contact the program coordinators.

1. Determine the feasibility of pursuing an Interdisciplinary Studies M.A. by reviewing the requirements and examining available CSUSB master's programs to see if the proposed degree could be met through any of these. Explore the resources of the campus needed for an Interdisciplinary Studies M.A. in terms of course offerings, library resources, facilities, and faculty expertise.

2. Prepare a written proposal eight pages in length to include the following:
   a. Identify by title the proposed interdisciplinary program of study (i.e., Interdisciplinary Studies Master's Degree in [50-space limit]);
   b. describe the purpose or focus of this specially designed degree program;
   c. Explain why this course of study cannot be pursued within one department with electives from other departments;
   d. Explain how this program relates to the student's educational and career goals;
   e. Indicate student's background, both academic and experiential, for undertaking this study;
   f. List the CSUSB courses appropriate to meeting goals;

3. Submit the proposal to the Office of Graduate Studies for review and approval. If the draft proposal is found promising, and University facilities can support the proposed program of study, the Dean of Graduate Studies will schedule an appointment to discuss the project and provide the forms and guidelines necessary to proceed with formal application to the program as outlined in item 4 below;

4. To complete the formal application for acceptance to an Interdisciplinary Studies Master's program the student must:
   a. Secure the agreement of faculty in the disciplines related to the proposed special program to serve as members of the Interdisciplinary Studies Graduate Committee. This committee must consist of no less than three tenured/tenure-track, full-time faculty members at CSUSB. The chair of the committee must be a member of a department approved to grant a graduate degree;
   b. Convene a meeting of the Interdisciplinary Studies Graduate Committee. At this meeting the committee will: review student's documents (i.e., CSUSB transcripts, Statement of Purpose, etc.); identify the appropriate preparatory coursework, complete or to be completed; and formulate with the student an academically sound program of graduate study related to their Statement of Purpose; and develop the Approved Study Plan for the Master's Degree in Interdisciplinary Studies;
   c. On the form provided, list the five upper-division prerequisite courses, each with a grade of "B" (3.0) or better, in the major discipline of the proposed program. The determination of the major discipline is subject to the approval of the University Curriculum Committee;
   d. On the Approved Study Plan form list the minimum of 48 units of course work, 70% of which must consist of 500- or 600-level courses, to be included in the Interdisciplinary Studies M.A. as an interdisciplinary program, these
courses should include work from two or more departments. To avoid later difficulties with key courses that are not offered prior to graduation, reasonable substitutions should be listed where possible;

c. Secure signatures on the application from the Interdisciplinary Studies Graduate Committee. The Interdisciplinary Studies M.A. proposal must be signed by three faculty members who have worked with the student in developing the proposed course of study. The faculty member who will chair the advisory committee must write a statement of support which includes a brief evaluation of the proposal;

5. Submit the completed proposal for the Master's Degree in Interdisciplinary Studies to the Dean of Graduate Studies. The Office of Graduate Studies will attach a copy of current CSUSB transcripts. These materials constitute the Application for a Master's Degree in Interdisciplinary Studies and will be forwarded to the University Curriculum Committee for consideration. The committee meets regularly throughout the academic year and applications can be submitted at any time, though every effort should be made to turn in the proposal early enough in the term to receive approval prior to registration for the next term. Applications cannot be considered during the summer quarter.

The application materials should be filled out with great care and accuracy. Hastily done or carelessly prepared proposals are unlikely to convince the Curriculum Committee of the seriousness of the proposal. The signature of the Chair of the University Curriculum Committee on the application for the Master's Degree in Interdisciplinary Studies signals acceptance of an applicant to the program. Subsequent modification of an Approved Study Plan requires approval of the student's Interdisciplinary Studies Graduate Committee and the Dean of Graduate Studies on an official Change of Study form.

No more than 12 units of proposed course work can be taken prior to submission of the proposal to the University Curriculum Committee;

6. The Dean of Graduate Studies will notify the student in writing of the decision of the University Curriculum Committee. This may be approval or request for resubmission;

7. Any change or substitution of courses in the approved program must be approved by the student's faculty committee and the Dean of Graduate Studies;

8. Upon approval of the Interdisciplinary Studies M.A. proposal, the student may formally declare an Interdisciplinary Studies M.A. At graduation, the diploma will show only an M.A. in Interdisciplinary Studies, unless the student requests in writing the transcript will reflect both the degree title and the focus of study.

Admission to the Program

In addition to the general requirements of the university, specific requirements for admission to classified graduate status are:

1. A cumulative undergraduate grade point average of at least 2.5 overall and at least 3.0 ("B") in the major;

2. Completion of the graduate entrance writing requirement;

3. Prerequisite of at least five upper-division courses, each with a grade of "B" (3.0) or better, in the major discipline of the proposed program. The determination of the major discipline is subject to the approval of the University Curriculum Committee;

4. A three-member faculty committee, the chair of which serves as primary advisor, to supervise the course of study;

5. An interdisciplinary studies M.A. proposal submitted, on forms available from the Office of the Dean of Graduate Studies, to the University Curriculum Committee; the program of courses must not significantly duplicate any existing degree program on this campus or on any other state college or university campus within a commutable distance; no more than 12 units of proposed coursework can be taken prior to submission of the proposal to the University Curriculum Committee;

6. Approval of the program proposal by the University Curriculum Committee.

If approval is recommended by the University Curriculum Committee, the student is formally admitted into the program in either conditionally classified or classified status.

Requirements for Graduation

1. The program of study should be interdisciplinary, including course work from two or more departments represented at the university;

2. The program of study must include a minimum of 48 quarter units of course work, at least 70% of all course work taken must be in 500- or 600-level courses;

3. The program of study must not include more than eight units of independent study course work, excluding the units allowed for thesis or project;

4. The program must include a synthesizing experience (comprehensive examination, project or thesis). This experience will satisfy the graduation writing requirement. The project or thesis may include an oral defense. Students may register for no more than nine units of thesis or project credit. The project or thesis may include an oral defense;

5. The program of study must include a course in research methods in the major discipline;

6. A grade point average of 3.0 ("B") must be earned in course work taken to satisfy the Master of Arts degree requirements and grades of "C" (2.0) or better in all courses in the program. Grades of "C-" (1.7) or less cannot be used toward the degree;

7. When students have completed between 12 and 20 units of course work on an approved study plan, it will be necessary for them to submit a formal letter to the Office of the Dean of Graduate Studies requesting advancement to candidacy;

8. Any additional general requirements not cited above and listed on Page 356.

M.A. INTERDISCIPLINARY STUDIES: INTEGRATIVE STUDIES OPTION

Requirements (48 units)

The M.A. in Interdisciplinary Studies, Integrative Studies Track is an innovative program for creative educators interested in entering a dialogue with a cohort of master's students and a team of professors to explore how to develop and implement innovative and meaningful curriculum. The major objective of this degree program is to help each teacher become clearer about their vision of education and how to implement that vision in their classroom and professional life. The program is designed for teachers in a nontraditional format emphasizing educational innovation, interdisciplinary study, integrative learning and meaning-centered learning.

Of the 48 units required for the degree, 24 are specifically designed for the program and will be restricted to students admitted
into the program. The courses are to be taken as a cohort over a two-year period, one course per quarter. The elective units will be based on a personalized plan (including the master’s project) under the direction of an advisor and faculty committee, that allows units to be taken outside the field of education.

Students who are interested in this program should contact the coordinator, Dr. Bob London, 880-5678.

Degree Requirements (48 units)

Core courses, taken as a cohort:
1. EDUC 603. Effective Communication in Education (4)
2. EDUC 605. Foundations of Education (4)
3. EDUC 607. Introduction to Educational Research (4)
4. EDCI 620. School Curriculum (4)
5. ERDG 633. Multi-modal Meaning Systems in Literacy (4)
6. ETEC 675D. Advanced Topics in Instructional Technology (4)
7. Four units chosen from:
   IS 696D. Graduate Project (4)
   IS 699D. Graduate Thesis (4)

Note: Students will be directed to register in specially designated sections of the above courses open only to teachers in the program cohort. All the courses are appropriate for teachers in any grade level or school setting.

Electives
1. Twenty units of individually selected coursework will be taken outside of education, as scheduled and approved by the program coordinator.

M.A. IN INTERDISCIPLINARY STUDIES: E-MARKETING COMMUNICATION AND NEW MEDIA

Requirements (48 units)

The M.A. in Interdisciplinary Studies, E-Marketing Communication and New Media focuses on the development of comprehensive electronic marketing and communication initiatives which will involve building in design, writing skills, data mining functions such as customer relationship management and website content management, and ethical issues involved in the implementation of successful electronic communication programs.

For further information about this program, contact Dr. J. S. (Vic) Johar in the Department of Marketing, College of Business and Public Administration, 880-5763. *This program will not be offered during the 2004-2005 academic year.*

Admission to the Program
1. Completion of an undergraduate degree from a recognized university or institution;
2. Have an overall grade point average of at least 2.5 and at least a GPA of 3.0 (“B”) in the major;
3. Students not meeting this requirement must enroll in appropriate courses to bring the grade point average to this level;
4. Completion of at least five upper-division courses in MKTG and/or COMM each with a grade of "B" or better. These may include the program prerequisites of COMM 341 and MKTG 305;
5. Completion of the graduate entrance writing requirement. This can be met by taking the WREE examination, or by enrolling in an upper-division Expository Writing course, MKTG 306, or its equivalent. **Note:** Students who have received degrees outside the USA are required to take the WREE examination, or, enroll in MKTG 306 or its equivalent;
6. Students who have received an undergraduate degree from outside the USA, must pass the TOEFL Proficiency Exam with a score of 550 or higher, no exceptions. Refer to the Testing Office, JB-405, 880-5041/5045.

Advancement to Candidacy
1. Students must have achieved classified standing;
2. Students must submit a Request to Advance To Candidacy Form to the Program Coordinator after completing between 12 and 20 units of course work on an approved study plan with a minimum grade point average of "B,"
3. Changes in an approved study plan must be justified and have the written approval of the Program Coordinator;
4. Students advancing to candidacy must also submit a Graduate Project Form to the program coordinator prior to registering for COMM 686 or MKTG 686;
5. A graduation check may be requested after a student has advanced to candidacy;
6. The format and approval of the student's project for binding and placement in the library must follow university guidelines which can be found in the Graduate Student Handbook available in the Graduate Studies Office, AD-127;
7. Any additional general requirements not cited above and listed on Page 356.

Requirements for Graduation
1. The program of study must include a minimum of 48 quarter units of course work, at least 70% of all course work taken must be in 500- or 600-level courses;
2. The program of study must not include more than eight units of independent study course work, excluding the units allowed for the project;
3. The program must include a synthesizing experience (project). This experience will satisfy the graduation writing requirement. The project will include an oral defense. Students may register for no more than eight units of project credit;
4. The program of study must include a course in research methods in the major discipline;
5. A grade point average of 3.0 (“B”) must be earned in course work taken to satisfy the Master of Arts degree requirements and grades of “C-” (2.0) or better in all courses in the program. Grades of “C-” (1.7) or less cannot be used toward the degree.

Prerequisite Courses (12 units)
1. MKTG 305. Marketing Principles (4)
2. COMM 309. Computer Mediated Communication (4)
3. COMM 311. Business and Professional Communication (4)

Degree Requirements (48 units)

Core Courses (32 units)
1. COMM 501. Ethical Aspects of Communication (4)
2. COMM 609. Digital Culture (4)
3. Four units chosen from:
   COMM 697. Internship in Communication (4)
   MKTG 575. Internship in Marketing (4)
4. Four units chosen from:
   COMM 602. Quantitative Research Methods in Communication Studies (4)
MKTG 640. Advanced Marketing Research (4)
5. INFO 140A. The World Wide Web and Multimedia: Web Page Design (2)
6. INFO 140C. The World Wide Web and Multimedia: Multimedia (2)
7. MKTG 540. E-Marketing (4)
8. MKTG 610. Consumer and Organizational Buying Behavior (4)
9. MKTG 690. Advanced Topics in Marketing (4)

Project/Thesis (4-8 units)
1. Four to eight units chosen from:
   COMM 686. Graduate Project (4-8)
   MKTG 686. Graduate Project (4-8)

Electives (8-12 units)
1. Eight to 12 units chosen from:
   COMM 380. Visual Communication (4)
   COMM 502. Communication Law and Policy (4)
   COMM 589. Topics in Computer Mediated Communication (4)
   COMM 610. Media and Intercultural Relations (4)
   COMM 671. International Communication (4)
   COMM 690. Seminar in Organizational Communication (4)
   COMM 695. Graduate Independent Study (4)
   MKTG 420. Advertising (4)
   MKTG 446. Advertising Campaign (4)
   MKTG 450. Logistics (4)
   MKTG 590. Seminar in Marketing (4)
   MKTG 620. Advertising Management (4)
   MKTG 624. Marketing for Entrepreneurs (4)

Note: No more than 50 percent of the total course credits for this program can be taken in the College of Business and Public Administration.

COURSE OFFERINGS IN INTERDISCIPLINARY STUDIES (IS)

Students in the M.A. in Interdisciplinary Studies program may use one of the following courses for graduate level independent study: ADMN 695, EDUC 601, HUM 695, NSCI 695, SSCI 695.

Graduate/Postbacalaureate
May not be taken by undergraduate students

696. Graduate Project
Preparation of the project for the M.A. under the direction of a faculty member from the student's committee and if an interdisciplinary studies major, with approval of the Dean of Graduate Studies. Maximum of nine credits applicable toward the M.A. Prerequisite: advancement to candidacy. (Credit to be arranged: 1 to 9 units)

698. Extended Enrollment
Independent study leading to completion of requirements (other than course work) for the master's degree. To retain classified standing in the master's program, a student must enroll in 698 each quarter until the project or thesis is accepted or the comprehensive examination passed. Students who enroll in 698 through the university have full use of all university facilities. (Note: Students enrolled in 698 through the College of Extended Learning and taking no other courses through the regular university have access only to the library and their professor.) See Page 358, Culminating Experience: Exam, Thesis, or Project. Prerequisites: advancement to candidacy and approval of program graduate coordinator or, if an interdisciplinary studies major, consent of the Dean of Graduate Studies. (0 units)

699. Graduate Thesis
Preparation of the thesis for the Master of Arts under the direction of a faculty member from the student's committee and if an interdisciplinary studies major, with approval of the Dean of Graduate Studies. Maximum of nine credits applicable toward the Master of Arts. Prerequisite: advancement to candidacy. (Credit to be arranged: 1 to 9 units)
KINESIOLOGY

Department of Kinesiology
Health and Physical Education Building, Room 120
880-5349

These courses are offered in support of the Master of Arts in Education, Kinesiology Option.

COURSE OFFERINGS IN KINESIOLOGY (KINE)

Graduate/Postbaccalaureate
May not be taken by undergraduate students

600. Graduate Seminar
Examination of selected disciplinary and professional issues in physical education through critical analysis of literature and research findings. Formerly PE 600. (2 units)

623. Sport and Social Issues
Social aspects of sport including social values, race, gender, ethnicity and social deviance. Formerly PE 623 and 630. (4 units)

624. Sport Psychology
The study of underlying psychological factors in sports. To include educational implications, strategies with young athletes, and dynamics of the sport group. Formerly PE 624. (4 units)

630. Physical Education for Special Populations
Physical activity assessment, and program development for individuals with disabilities. Formerly PE 630. (4 units)

670. Leadership in Physical Education
Theory and analysis of leadership behavior in physical education. Emphasis on developing leadership knowledge, qualities, and skills applicable to diverse physical activity settings. (4 units)

681. Exercise and Sport Science
Includes discussion of physical activity and fitness across the lifespan, adaptations in exercise testing protocol and exercise prescription for individuals with disabilities, and epidemiological research of health benefits associated with physical activity and fitness. Emphasis on issues of children's fitness and assessment. Formerly PE 681. (4 units)

685. Analysis of Human Movement
Theory and application of techniques used to analyze and describe human movement. (4 units)

999. Comprehensive Examination
An assessment of the student's ability to integrate the knowledge of the area, show critical and independent thinking and demonstrate mastery of the subject matter. Prerequisites: advancement to candidacy, approval of department, completion of course work in the master's program, and in good academic standing. (0 units)
MATHEMATICS
Master of Arts in Mathematics
Master of Arts in Teaching
Mathematics
Department of Mathematics
Jack Brown Hall, Room 370
880-5361

FACULTY: Susan Addington, Joyce Ahlgren, Joseph Chavez,
Nadia Dyakevich, Hajrudi Fejzic, Davida Fischman,
Christopher Freiling, Gary Griffing, J. Terry Hallett,
Ilseop Han, Zahid Hasan, Yuichiro Kakhara,

John Sarli, Charles Stanton, Joel Stein, Robert Stein,
Rolland Trapp, Belisario Ventura, Paul Vicknair, Laura Wallace,
Wenxiang Wang, Peter Williams (Chair)

MASTER OF ARTS IN MATHEMATICS
Requirements (48 units)

The Master of Arts degree in Mathematics is a flexible program that allows students to tailor their studies to individual career goals. The Community College Teaching/General Track emphasizes mathematical content courses and is appropriate not only for college teaching but also for students considering further graduate work. The Mathematics Education Track is especially appropriate for teachers at the 6-12 levels. While both tracks meet the minimum state requirements for community college teaching, students with this as their career goal should select a program containing at least 36 units of mathematics content courses.

Careful advising is essential to ensure that prerequisites for courses are met, and that the course work selected is appropriate for the student's career goals.

Admission to the Program

In addition to the general requirements of the university, which include a baccalaureate degree from an accredited college, specific requirements for admission to the program are:

1. **Community College Teaching/General Track**
   Successful completion with a grade of at least "B" (3.0) of course work in calculus, abstract algebra, analysis, number theory and probability deemed equivalent to the core of the mathematics major at California State University, San Bernardino.
   Mathematics Education Track
   Successful completion with grade of at least "B" (3.0) of course work in calculus, linear algebra, analysis and proof, number theory and probability deemed equivalent to the core of the mathematics minor at California State University, San Bernardino.
   Students who do not meet these criteria may be admitted as conditionally classified graduate students following review by the Department of Mathematics Graduate Committee;
2. Submission of a completed M.A. in Mathematics application form;
3. Completion of the graduate entrance writing requirement;
4. Three letters of recommendation;
5. A letter of not more than three pages, outlining background, experience admission to this program and career goals.

Advising

Each graduate student should seek advising from the graduate coordinator or other departmental faculty before enrolling in their program. In consultation with their advisor, they will develop an appropriate course of study based on their preparation and interests. The specific program must be approved by the department graduate committee prior to Advancement to Candidacy.

In the latter part of the program, a student will also need a project advisor. Such an advisor should be selected two or three quarters before enrolling in MATH 600. Graduate Project, which is required of all masters candidates.

Advancement to Candidacy

In order to be advanced to candidacy, the student must:
1. Achieve classified status;
2. Complete at least 15 quarter units and not more than 20 units of applicable work as a graduate student at this university, with a grade point average of at least 3.0 ("B");
3. Begin assembling their portfolio by contributing at least one exemplary problem solution or one proof as described in item 6 of "Requirements for Graduation;"
4. Submit a formal program of graduate work prepared in consultation with and approved by the departmental graduate committee;
5. Gain final approval of the program and of the candidacy itself by the Dean of Graduate Studies.

Requirements for Graduation

1. Advancement to candidacy for the degree;
2. A minimum of 48 quarter units of acceptable graduate level work as specified below in the formal program under either the Community College Teaching/General Track or the Mathematics Education Track;
3. No less than 32 units completed in residence at this university;
4. Completion of a graduate project (MATH 600). A project proposal must be approved by the departmental graduate committee no later than the quarter preceding enrollment in MATH 600. The written project satisfies the graduation writing requirement. Successful completion of MATH 600 also includes an oral presentation of the project to the department.
   Guidelines for submitting a project proposal and for the project itself are available from the department office;
5. A grade point average of at least 3.0 ("B") in the core courses as well as an overall grade point average of at least 3.0 ("B") in the program, with no course grade being less than "B-;"
6. Submit a portfolio containing the following items:
   a. a copy of the approved Advancement to Candidacy form;
   b. three examples of exemplary solutions to problems in the student's classes;
   c. an example of proof that the student has written in classes in the program, explaining its significance to the material studied;
   d. three examples of proofs that the student has written in classes in the program, setting the results in the context of the material being studied;

Note: each of the seven examples above should be from a different course. Name and number must identify the course.
2. A minimum of 12 additional units in approved mathematics
1. At least 16 units from approved 600-level mathematics

Twenty-eight units of electives selected as follows:

Community College Teaching/General Track
Twenty-eight units of electives selected as follows:
1. At least 16 units from approved 600-level mathematics courses.
2. A minimum of 12 additional units in approved mathematics courses at the 400-, 500-, or 600-level not included in the core of the mathematics major or used to satisfy any other requirements in the master's program.

Mathematics Education Track
Twenty-eight units of electives selected from the following and including at least 16 units at the 600-level:
1. ESEC 666. Techniques and Applications of Mathematics Education (4)
2. ESEC 672. Educational Assessment in Mathematics Teaching (4)
3. Approved 400-level courses in mathematics not in the core of the major.
4. Approved 500- or 600-level courses in mathematics not used to satisfy any other requirement.

Graduate Project (4 units)
1. MATH 600. Master's Degree Project (4)

MASTER OF ARTS IN TEACHING - MATHEMATICS
Requirements (48 units)

Admission to the Program
In addition to the general requirements of the university, which include a baccalaureate degree from an accredited college, specific requirements for classification in the program are:

1. Successful completion with a grade of “B” (3.0) or better in course work deemed equivalent to the following courses at California State University, San Bernardino:
   - MATH 211. Basic Concepts of Calculus
   - MATH 212. Calculus I
   - MATH 213. Calculus II
   - One of the following two courses:
     - MATH 229. Geometry in Two and Three Dimensions
     - MATH 529. Advanced Geometry
   - MATH 251. Multivariable Calculus I
   - MATH 345. Number Theory and Proof
   - MATH 372. Combinatorics
   - MATH 374. Complex Variables

2. A teaching credential;
3. Submission of a completed Master of Arts in Teaching with a major in Mathematics (MAT) application form;
4. Completion of the graduate entrance writing requirement;
5. Three letters of recommendation;
6. Submission of a one- or two-page typewritten statement of the student’s area of interest, preparation for study in this program and professional goals;
7. Approval by the Graduate Coordinator;
   Students who do not meet these criteria may be admitted as conditionally classified graduate students following review by the Department of Mathematics and the College of Education.

Advising
Each graduate student must be advised by the graduate coordinator or other MAT faculty before enrolling in the program. Students will develop an appropriate course of study based on their preparation and interests in consultation with an advisor. The specific program must be approved by the MAT Graduate Committee prior to advancement to candidacy.

In the latter part of the program, a student will need a project advisor and two additional members of a project committee, at least one committee member from the department of mathematics and at least one from the College of Education. The student will enroll in EDUC 600 or MATH 600 depending on the affiliation of the project advisor. Members of the project committee should be selected at least two or three quarters before enrolling in the graduate project course.

Advancement to Candidacy
In order to be advanced to candidacy, the student must

1. Achieve classified status;
2. Submit a formal program of graduate work prepared in consultation with an advisor and approved by the MAT Graduate Committee;
3. Complete at least 15 quarter units and not more than 20 units of applicable work as a graduate student at this university, with a grade point average of at least 3.0 (“B”);
4. Gain final approval of the program and of the candidacy itself by the Dean of Graduate Students.

Requirements for Graduation

1. Advancement to candidacy for the degree;
2. A minimum of 48 quarter units of acceptable graduate level work as specified below in the formal program;
3. No fewer than 32 units completed in residence at this university;
4. Completion of a graduate project. A project proposal must be approved by the MAT Graduate Committee no later than the quarter preceding enrollment in EDUC 600 or MATH 600. The written project satisfies the graduation writing requirement. Successful completion of the project includes an oral presentation of the project to the faculty. Guidelines for submitting a project proposal and for the project itself are available from the offices of the Department of Mathematics and the College of Education;
5. Submission and approval of a student portfolio assessing and documenting academic progress;
6. A grade point average of at least 3.0 (“B”) in the core courses as well as an overall grade point average of 3.0 (“B”) in the program, with no course grade being less than “B-”;
7. Any additional general requirements not cited above and listed on Page 356.
Degree Requirements (48 units)

Core courses (44 units)
1. MATH 631. Algebra from a Teaching and Problem Solving Perspective (6)
2. MATH 632. Geometry from a Teaching and Problem Solving Perspective (6)
3. MATH 633. Trigonometry from a Teaching and Problem Solving Perspective (6)
4. MATH 634. Calculus from a Teaching and Problem Solving Perspective (6)
5. MATH 635. Statistics and Probability from a Teaching and Problem Solving Perspective (6)
6. ESEC 672. Educational Assessment in Mathematics Teaching (4)
7. EDUC 607. Introduction to Educational Research (4)
8. EDCI 664. Thesis/Project Design in Curriculum and Instruction (2)
9. Four units chosen from:
   - EDUC 600. Master's Degree Project (4)
   - MATH 600. Master's Degree Project (4)
10. MATH 601. Assessment Portfolio (0)

Elective (4 units)
1. Four units of upper-division mathematics courses. Students are encouraged to take MATH 480 if not taken previously. Any mathematics course at the 400- to 600-level may be taken.

COURSE OFFERINGS IN MATHEMATICS (MATH)

Upper Division

510. Topics in Mathematics
Study of selected areas of advanced mathematics. May be repeated for credit with consent of instructor as topics change. Prerequisite: senior or graduate standing. (4 units)

529. Advanced Geometry
Topics in affine and projective geometry with applications to Euclidean 2 and 3 space and to modern algebra. Prerequisites: MATH 329, 331 and 345. (4 units)

545. Abstract Algebra I
An introduction to algebraic structures, including groups, rings and fields. Prerequisites: MATH 331, 345 and 355. (4 units)

546. Abstract Algebra II
Continuation of MATH 545. Prerequisite: MATH 545. (4 units)

553. Analysis I
Continuous and differentiable functions, infinite series. Uniform convergence, computation with series, functions represented by integrals, theory of integration. Prerequisites: MATH 252 and 355. (4 units)

554. Analysis II
Continuation of MATH 553. Prerequisite: MATH 553. (4 units)

555. Introduction to Point-Set Topology
Topics to include topological and metric spaces, compactness, product spaces, connectedness, separation properties. Prerequisite: MATH 355. (4 units)

557. Complex Variables
Analytic and harmonic functions, power series, Cauchy's Theorem and Cauchy's Formula. Prerequisites: MATH 252, 355 and 553. (4 units)

565. Mathematical Statistics
Likelihood ratio, estimators, distributions of estimators, theory of hypothesis testing, linear statistical models. Prerequisite: MATH 465. (4 units)

573. Mathematical Methods of Physics III
A continuation of MATH 473/PHYS 473 with emphasis on advanced topics relevant to physics. (Also offered as PHYS 573. Students may not receive credit for both.) Prerequisites: MATH 331 and 473 or PHYS 473. (4 units)

576. Introduction to Mathematical Models
Topics from linear and probabilistic models, computer simulation, difference and differential equation models. Prerequisites: CSCI 201, MATH 331 and 465. (4 units)

595. Independent Study
An independent study course for senior mathematics majors. Prerequisites: MATH 331 and 553, a minimum overall grade point average of 3.0, consent of instructor and departmental approval of a written proposal of a project submitted in advance of the quarter in which the course is to be taken. (Credit to be arranged: 1 to 4 units)

Graduate/Postbaccalaureate

600. Master's Degree Project
Written project, an oral presentation of the project to the department, and a completed Assessment Portfolio. Graded credit/no credit. Prerequisites: graduate standing, consent of the instructor, approval of the project proposal by the graduate committee and submission of at least five contributions to the Assessment Portfolio of the seven listed under 6b, 6c and 6d in the Requirements for Graduation. A written proposal for a project must be submitted to the graduate committee no later than the ninth week of the quarter preceding enrollment in MATH 600. (4 units)

601. Assessment Portfolio
Preparation of an acceptable student portfolio assessing and documenting academic progress. For detailed requirements see the MAT graduate coordinator. Prerequisite: advancement to candidacy. (0 units)

604. Seminar in Problem Solving I
A problem solving seminar emphasizing induction and analogy in the style of George Polya. Prerequisites: MATH 252, 331, and 372. (4 units)

605. Seminar in Problem Solving II
Continuation of MATH 604. Prerequisite: MATH 604. (4 units)

606. Seminar in Problem Solving III
Continuation of MATH 605. Prerequisite: MATH 605. (4 units)
610. **Topics in Mathematics**  
Study of selected areas of advanced mathematics to be determined by the instructor. May be repeated for credit with consent of instructor as topics change. Prerequisite: graduate standing. (4 units)

611. **Operations Analysis**  
Scientific approach to the resolution of operational problems. Structure and function of models and decision strategy commonly used in national policy analysis including measures of effectiveness, uncertainty and the misuse of modeling. (Also offered as MSCI 611. Students may not receive credit for both.) May not be counted toward fulfilling the requirements in the mathematics major. Prerequisite: one of the following: PSYC 210, SSCI 215, MATH 305 or 350, SCM 210 or equivalent. (4 units)

614. **Studies in Geometry**  
Advanced topics in affine, projective, elliptic, and hyperbolic geometry. Comparison of synthetic and analytic methods of proof. Prerequisites: MATH 529, 545 and admission to the M.A. in Mathematics program. (4 units)

616. **Studies in Algebra**  
Advanced topics in algebra to include constructability, transcendence and solvability of groups and equations. Prerequisites: MATH 546 and admission to the M.A. in Mathematics program. (4 units)

618. **Studies in Analysis**  
Theory of multivariable calculus with applications, to include the Inverse Function Theorem, as well as Stokes' and Green's theorems. Prerequisites: MATH 553; either 554, 555, or 557; and admission to the M.A. in Mathematics program. (4 units)

631. **Algebra from a Teaching and Problem Solving Perspective**  
Algebraic structure and its development. Equations and systems of equations. Teaching strategies and curriculum issues. Applications and problem solving will be stressed throughout. Students will adapt methods from this course to a teaching setting and report on this experience. Prerequisite: admission to the MAT in Mathematics program or consent of instructor. (4 units)

632. **Geometry from a Teaching and Problem Solving Perspective**  
The transition from geometry as an empirical study first to "local" proofs and then to axiomatic systems. Comparisons of traditional approaches to geometric proof with those of analytic geometry. Focus on construction to illustrate and motivate teaching strategies and curriculum issues. Students will adapt methods from this course to a teaching setting and report on this experience. Prerequisite: admission to the MAT in Mathematics program or consent of instructor. (6 units)

633. **Trigonometry from a Teaching and Problem Solving Perspective**  
Trigonometric functions, identities and equations as foundation for study of the complex numbers, the complex plane, polar coordinates, de Moivre's theorem, and definition of trigonometric functions in terms of exponential functions. Geometric and analytic properties of the conic sections. Problem solving, curricular and pedagogical issues emphasized throughout. Students will adapt methods from this course to a teaching setting and report on this experience. Prerequisites: MATH 631 and 632 or consent of instructor. (6 units)

634. **Calculus from a Teaching and Problem Solving Perspective**  
Focus on non-standard problems and theoretical issues in calculus that lend themselves to multiple problem-solving approaches and pedagogical strategies. Students will adapt methods from this course to a teaching setting and report on this experience. Prerequisites: MATH 631, 632 and 633 or consent of instructor. (6 units)

635. **Statistics and Probability from a Teaching and Problem Solving Perspective**  
Basic probability and descriptive and inferential statistics emphasizing active learning teaching strategies. Students will design and carry out an investigative project. Students will adapt methods from this course to a teaching setting and report on this experience. Prerequisites: MATH 631, 632 and 633 or consent of instructor. (6 units)

678. **Teaching Practicum**  
Supervised practice in individual and/or classroom teaching. May be repeated for a total of four units. Prerequisite: admission to the master's program in teaching with a major in mathematics. (2 units)

695. **Graduate Independent Study**  
An independent study course for graduate students in mathematics. Prerequisites: advancement to candidacy in the M.A. in Mathematics program; a grade point average of at least 3.5 in courses in the program; consent of the instructor and approval by the graduate committee. A written proposal for a project must be submitted to the graduate committee no later than the ninth week of the quarter preceding that in which the independent study is to be pursued. (Credit to be arranged: 2 to 4 units)

698. **Extended Enrollment**  
Independent study leading to completion of requirements (other than course work) for the master's degree. To retain classified standing in the master's program, a student must enroll in 698 each quarter until the project or thesis is accepted or the comprehensive examination passed. Students who enroll in 698 through the university have full use of all university facilities. (Note: Students enrolled in 698 through the College of Extended Learning and taking no other courses through the regular university have access only to the library and their professor.) See Page 358, Culminating Experience: Exam, Thesis, or Project. Prerequisites: advancement to candidacy and approval of program graduate coordinator or, if an interdisciplinary studies major, consent of the Dean of Graduate Studies. (0 units)
MUSIC
Department of Music
Performing Arts Building, Room 111
880-5859

The following courses are offered in support of various graduate degrees offered by the university.

COURSE OFFERINGS IN MUSIC (MUS)

INDEPENDENT STUDY
Graduate/Postbaccalaureate
May not be taken by undergraduate students

628. Special Projects
Individual projects in orchestration, conducting and score reading, theory, history, composition, electronic music. A total of eight units may apply toward graduation. Prerequisites: graduate standing and consent of instructor. (Credit to be arranged: 1 to 4 units)

MUSIC EDUCATION
Graduate/Postbaccalaureate
May not be taken by undergraduate students

602. Foundations of Music Education
History of music education in America including the various music philosophies and national trends that have influenced the current music teaching profession. (4 units)

603. Music Learning Theories
Learning sequences in musical development including an understanding of music aptitude, rhythm and tonal audition, and the development of music literacy. Prerequisite: completion of MUS 315 or equivalent, or consent of instructor. (4 units)

604. Advanced Instrumental Music Teaching
Development of teaching strategies and techniques for band and orchestral instruments. Prerequisite: MUS 603 or consent of instructor. (4 units)
NATIONAL SECURITY STUDIES

Master of Arts in National Security Studies

Certificate

Social and Behavioral Sciences Building, Room 112
880-5534

FACULTY: Mark Clark (Director), William Green, Ralph Salmi

MASTER OF ARTS IN NATIONAL SECURITY STUDIES

Requirements (46 units)

The Master of Arts in National Security Studies is a professionally oriented, interdisciplinary, graduate-level program housed within the College of Social and Behavioral Sciences. The program is designed to develop an understanding of the substance and principles of defense policy analysis, strategic planning and arms control in relation to the contemporary international environment. Flexibility within elective courses permits the student to emphasize research in national security issues of his or her special interests.

The program is relevant to established career personnel in defense analysis and related specialties, the military services, the civil service and the intelligence community. Additionally, the program is structured to provide motivated persons holding a Bachelor of Arts degree and/or Bachelor of Science degree from an accredited institution with the higher educational skills necessary for entry into the above mentioned career fields or to pursue doctoral studies.

The program is intended for evening students primarily and, therefore, classes are predominantly scheduled between 6 and 10 p.m.

Admission to the Program

In addition to the general requirements of the university, specific requirements for admission to classified graduate status are:

1. A baccalaureate degree from an accredited college or university;
2. Satisfy the National Security Studies graduate admissions committee that sufficient preparation and a satisfactory course of study has been pursued in preparation for graduate study. The committee will notify individual applicants if the GRE General Test is required; (If the test is required and the GRE test results are not received in time for the entry term, admission will be in conditionally classified graduate standing.)
3. A minimum cumulative undergraduate grade point average of at least 2.5 overall and at least 3.0 ("B") in the student's undergraduate major;
4. Completion of the graduate entrance writing requirement;
5. Competence in the following prerequisite courses or their equivalents:
   - MATH 110. College Algebra
   - PSCI 203. American Government
   - PSCI 484. National Security Policy (prerequisite for the core courses)

   Competence in these areas may be demonstrated by:
   A. Formal completion of the course or its equivalent,
   B. Credit by examination (not applicable to PSCI 484. National Security Policy);
6. Submission to the National Security Studies Admissions Committee of a brief statement (one or two double-spaced typewritten pages) of the student's preparation for graduate study and professional aspirations following receipt of the master's degree;
7. Submission of three letters of recommendation from individuals familiar with the student's academic or professional work and potential to complete the program successfully. Letters must come directly from the writer on National Security Studies forms.

Students who meet the requirements for admission to graduate study, but who do not meet the program requirements, may be admitted to graduate study in unclassified postbaccalaureate status or to the program in conditionally classified graduate standing. When the specified deficiencies are removed, student status is changed from conditionally classified to classified. (Unclassified postbaccalaureate students may enroll, when space is available, in selected graduate courses.) No more than 20 quarter units of national security studies course work taken as an unclassified or conditionally classified graduate student may be applied to the program as a classified graduate student.

Advancement to Candidacy

To be advanced to candidacy, a student must have:

1. Achieved classified status;
2. Selected a graduate advisor to supervise the course of study;
3. Completed at least 16 quarter units of national security studies program course work at this university, and achieved a minimum grade point average of 3.0 ("B") in those courses;
4. Filed a graduate program approved by the student's advisor, the national security studies program director and the Dean of Graduate Studies.

Requirements for Graduation

1. A minimum of 46 quarter units of acceptable graduate-level work, with at least 36 quarter units completed in residence at California State University, San Bernardino. Thirty-two quarter units must be in 600-level courses;
2. A grade point average of at least 3.0 ("B") in all national security studies program courses taken;
3. Choose Option A or B:
   A. Completion of acceptable comprehensive final written and oral examinations;
   B. Completion and defense of an original master's thesis;
4. The graduation writing requirement will be satisfied by achieving a minimum grade point average of 3.0 ("B") in all three core courses. Each core course will allow the student to develop competence in three forms of writing traditional to the field:
   A. Critical book reviews (PSCI 600),
   B. Chapter length essay (PSCI 601),
   C. Article length essay (PSCI 602) and the process of "peer review;"
5. Any additional general requirements not cited above and listed on Page 356.
Classified graduate students in the Master of Arts program must complete their degree requirements within five years of admission to the program. Students in classified status who fail to register for at least one course in the program each quarter will automatically be declassified. PSCI 698. Extended Enrollment must be taken if another course is not taken during a given quarter.

The instructor in each 600-level course will complete an evaluation of each student's performance and potential to complete the program successfully. These evaluations will be reviewed by the program director and maintained in the student's file for early consultation with the student about his or her future prospects in the program.

The Master of Arts in National Security Studies is a thesis option course of study requiring either written and oral comprehensive examinations (to be taken in the last quarter of program course work) or a thesis. Students with less than a 3.0 grade point average in the program will not be permitted to take the examinations or propose a thesis. All students are required to take the prerequisite and core courses. In addition, students are required to select a Regional Field (e.g. Eurasia, Middle East) or a Functional Field (e.g. Terrorism, Intelligence, etc.) to be arranged between faculty advisor and student, and approved by the NSS Director.

**Comprehensive Examination**

Comprehensive examinations must be taken in the core and either one field or two subfields. The comprehensive examination committee for each candidate will consist of the core advisor and the advisor of the field and a third faculty member from the department. The examinations will be graded credit/no credit.

An oral examination by the student's committee follows successful completion of the written examination. The oral examination is open for public attendance, but not participation. Should the candidate fail one or more written or oral examination areas, the entire oral or written examination may be repeated one time after remedial course work or study is completed. The scope and deadline for completion of this remedial work will be determined by the student's examination committee at a post-examination conference.

Students must enroll in the Political Science Comprehensive Examination, PSCI 999.

**Thesis**

The criteria for determining who will be allowed to choose the thesis option will be determined by the proposed thesis committee. Students are still required to develop a course of study consistent with the core and either one field or two subfields, as noted above. After completion of a minimum of 30 quarter units, the student will request three faculty to form a preliminary committee, at least two of whom have instructed a course that the student will request three faculty to form a preliminary committee. Students are still required to develop a course of study requiring either written and oral comprehensive examinations (to be taken in the last quarter of program course work) or a thesis. All students are required to take the prerequisite and core courses. In addition, students are required to select a Regional Field (e.g. Eurasia, Middle East) or a Functional Field (e.g. Terrorism, Intelligence, etc.) to be arranged between faculty advisor and student, and approved by the NSS Director.

**Electives (14-18 units)**

1. Eighteen units chosen from among courses not used for either the core or field requirements. Students who elect to complete PSCI 699 must choose 16 units.

Prerequisitin courses (12 units)

1. MATH 110. College Algebra (4)
2. PSCI 203. American Government (4)
3. PSCI 484. National Security Policy (4)

**Degree Requirements (46 units)**

Core courses (16 units)

1. PSCI 600. Theory and History of Strategy (4)
2. PSCI 601. Strategic Systems and Strategic Thought (4)
3. PSCI 602. International Security (4)
4. Four units chosen from:
   - MATH 611. Operations Analysis (4)
   - PSCI 609. International Relations Theory (4)

**Note:** MATH 611 requires a prerequisite of a statistics course.

Field (12 units)

Students must take either A or B below:

**A. Field: Regional Area Concentration (12 units)**

1. Select either A or B in consultation with Faculty Advisor; courses to be selected from electives listed below and approved by the Program Director.

   **Eurasia**
   - PSCI 611. Regional Security of Eurasia (4)
   - Middle East
     - Others, to be arranged between faculty advisor, students and approved by the NSS Director.

**B. Functional Area of Concentration (12 units)**

1. Intelligence
   - Terrorism
   - Others, to be arranged between faculty advisor, students and approved by the NSS Director.

Thesis

Comprehensive examinations must be taken in the core and either one field or two subfields. The comprehensive examination committee for each candidate will consist of the core advisor and the advisor of the field and a third faculty member from the department. The examinations will be graded credit/no credit.

An oral examination by the student's committee follows successful completion of the written examination. The oral examination is open for public attendance, but not participation. Should the candidate fail one or more written or oral examination areas, the entire oral or written examination may be repeated one time after remedial course work or study is completed. The scope and deadline for completion of this remedial work will be determined by the student's examination committee at a post-examination conference.

Students must enroll in the Political Science Comprehensive Examination, PSCI 999.

Culminating Experience

1. Students must complete A or B below:

   **A. PSCI 999. Comprehensive Examination (0)**
   **B. PSCI 699. Thesis (2)**

   Forty-two units of course work and a minimum of four units of thesis must be completed before the degree will be awarded.
Internship

Some internships in government service are occasionally available on a competitive basis. Other nonprofit research internships are available.

Transfer Credit

A maximum of 10 quarter hours of acceptable postbaccalaureate credit taken at an accredited institution of higher learning may be applied toward the requirements for the M.A. in National Security Studies. Selected Department of Defense courses (War College, Command and Staff College and Squadron Officers School) have been approved for transfer credit. Determination of acceptability of transfer credit requests is made upon receipt of official transcripts by the Office of Records, Registration and Evaluations and upon recommendation of the director of national security studies.

CERTIFICATE PROGRAM

Certificates may be earned by regularly matriculated or extended learning students and denote successful completion of a prescribed program of study designed to a) impart specified professional/vocational/career competencies; or b) produce mastery of the content of a sub-field of an academic major (discipline); or c) provide exposure to the range of materials in a traditional or emerging interdisciplinary field. Refer to Page 63 for additional certificate information.

Certificate in Intelligence Methodology

Prerequisite:
1. Graduate standing.

Certificate Requirements (25 units)

1. PSCI 571. Organization of U.S. Intelligence (1)
2. PSCI 621. Strategic Intelligence (4)
4. Four units chosen from:
   GEOG 406. Digital Image Processing (4)
   GEOG 605. Spatial Data Presentation (4)
5. A minimum of twelve units not previously taken, chosen from:
   GEOG 406. Digital Image Processing (4)
   GEOG 605. Spatial Data Presentation (4)
   GEOG 609. Geography of the Former and Post-Soviet Union (4)
   PSCI 325. American Foreign Policy (4)
   PSCI 484. National Security Policy (4)
   PSCI 590. Seminar in International Relations:
      Political Intelligence (4)
   PSCI 590. Seminar in International Relations:
      Evolution of Technology and Warfare (4)
   PSCI 604. Seminar in International Law (4)
   PSCI 622. Arms Control (4)
   PSCI 695. Directed Graduate Study (2-4) for a maximum of (8) (Research or Intern Project)
   SOC 606. Sociology of Terrorism (4)
NATURAL SCIENCES

The following courses are offered in support of various graduate degrees offered by the university.

COURSE OFFERINGS IN NATURAL SCIENCES (NSCI)

Upper Division

595. Independent Study
Research in special topics including library studies, field and/or laboratory work in one of the natural sciences disciplines under the direction of a faculty member. A maximum of five units in NSCI 595 may be applied toward graduation. Prerequisites: a minimum overall grade point average of 3.0, consent of instructor and departmental approval of a written proposal of a project submitted on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 1 to 5 units)

Graduate/Postbaccalaureate

May not be taken by undergraduate students

604. The Nature and History of Science
Brief survey of the development of science from myth through Greek thought to selected topics in contemporary sciences. (4 units)

612. Developing Elementary Science Laboratories
Hands-on laboratory activities which involve the design, implementation and perfection of science demonstrations for the elementary grades. (2 units)

633. Developing Chemistry Laboratories
Hands-on laboratory activities which involve the design and implementation of science demonstrations for chemistry. (1 unit)

634. Developing Geoscience Laboratories
Hands-on laboratory activities which involve the design and implementation of science demonstrations for the geosciences. Formerly NSCI 630. (1 unit)

635. Developing Life Science Laboratories
Hands-on laboratory activities which involve the design and implementation of science demonstrations for the life sciences. Formerly NSCI 620. (1 unit)

636. Developing Physics Laboratories
Hands-on laboratory activities which involve the design and implementation of science demonstrations for physics. Formerly NSCI 622. (1 unit)

645. Issues in Science, Technology and Society
Seminar in scientific topics of current social interest. (2 units)

694. Master's Project
Prerequisites: advancement to candidacy and consent of the graduate coordinator. (4 units)

695. Directed Graduate Studies
Graduate-level independent study for students in Interdisciplinary Master of Arts programs; to be conducted under direct supervision of a faculty member from the student's committee and, if an interdisciplinary studies major, with approval of the committee on graduate education and consent of Dean of Graduate Studies. (Credit to be arranged: 1 to 6 units)
NURSING

Master of Science in Nursing

Community Health Nursing

School Nurse

Department of Nursing

Health and Physical Education Building
Room 215, 880-5380

FACULTY: Kathleen Blans, Shirley Bristol, Olivia Catolico, Ellen Daroszewski, Cheryl Dipretero, Edna Domingo, Roger Harthrong, Anita Kinser, Susan Lloyd, Susan McGee, Mary Molle, Phyllis Nix, Marcia Raines (Chair), Donna Rane-Szostak, Leonie Sutherland, Dorothy Thurman, Paul Wielenga, Anna Wilson, Mary Wilson

MASTER OF SCIENCE IN NURSING

Requirements

Community Health Nursing Track (64 units)

School Nurse Track (66 units)

The Department of Nursing offers a graduate program leading to a Master of Science in Nursing with a clinical focus in advanced community health nursing. The program is designed to educate professional nurses for leadership and services in culturally diverse, pluralistic communities. Graduates are prepared for advanced certification in community health nursing or school nursing; and select a functional role concentration of clinical case manager or nurse educator.

Graduates of the MS program will work collaboratively with other health care providers and participate effectively in interdisciplinary models of health care delivery. They are prepared to assume leadership roles in the creation of health care systems which will provide equality of access, high standards of care and caring, and the cost-effective use of resources.

The M.S. in Nursing for School Nurses is a 64 to 66-unit program designed to fulfill the California State requirements for the School Nurse Credential. The graduate will concurrently receive the Master of Science in Nursing and the School Nurse Credential.

Admission to the Program

In addition to the general requirements of the university, specific requirements for admission to classified graduate status are:

1. A baccalaureate degree in nursing from an accredited program, OR a baccalaureate degree in a discipline related to nursing. Applicants with non-nursing baccalaureate degrees must meet competencies in research, leadership, and community health. Competency may be verified through coursework, testing or certification;
2. A grade point average of 3.0 ("B") in the last 60 semester (90 quarter) units attempted;
3. Current licensure to practice nursing in California (RN) and one year of part-time or full-time practice as an RN;
4. Successful completion of an undergraduate statistics course;
5. Completion of the graduate entrance writing requirement. Students pursuing the School Nurse Credential must also meet the following requirements:
6. A current First Aid card;
7. A current Cardiopulmonary Resuscitation card, Level C.

Recommendation for the School Nurse Credential

In order to be recommended for a credential, the student must have:

1. Completed all prescribed coursework with a grade point average of 3.0 ("B") or better;
2. A current First Aid card and current Cardiopulmonary card.

Advancement to Candidacy

In order to be advanced to candidacy, the student must have:

1. Achieved classified status;
2. Completed at least 30 quarter units of course work with a minimum grade point average of 3.0 ("B");
3. Been accepted by a major advisor for the Department of Nursing who will also accept chairing the student's project/thesis committee;
4. Filed an approved program for completion of the graduate degree. This program must be prepared in consultation with the major advisor and approved by the Program Coordinator and the Dean of Graduate Studies;
5. Demonstrated professional competence and integrity in academic and clinical practice settings.

Requirements for Graduation

In addition to the general requirements of the university:

1. Advancement to candidacy for the MS degree in nursing;
2. A minimum of 65 to 66 quarter units of designated courses as approved on the petition for advancement to candidacy;
3. A grade point average of at least 3.0 ("B") in all graduate course work fulfilling the requirements for the M.S. in Nursing, and grades of "C" (2.0) or better in all elective courses;
4. Choose A, B or C below:
   A. Completion and defense of an acceptable thesis;
   B. Completion and presentation of an acceptable clinical project;
   C. Completion of NURS 999. Comprehensive Examination. The written comprehensive examination is designed to test the student's knowledge of the field of advanced community health nursing practice. Students must enroll in the examination either through the regular registration process or through the College of Extended Learning in the Open University program. Students may enroll in the examination no earlier than the last quarter in which coursework is taken and must be advanced to candidacy one quarter before taking the comprehensive examination. The student must complete a graduation check with the Office of Records, Registration and Evaluations before permission to take the examination can be granted. Students who do not receive a passing score may petition the MSN Graduate Committee to re-take the exam within one year. After an exam failure, the candidate and advisor will discuss actions necessary for remediation of shortcomings. For more information related to the comprehensive examination process and scheduling contact an MSN program faculty.

Degree Requirements (64-66 units)

Core Courses

1. NURS 600. Advanced Practice Community Health Nursing I (6)
2. NURS 610. Advanced Practice Community Health Nursing II (6)
3. NURS 635. Biostatistics for Advanced Practice Nursing (4)
4. NURS 645. Research for Advanced Practice Nursing (4)
5. NURS 655: Theoretical Foundations for Advanced Practice Nursing (4)

6. One of the following course sequences:
   - **Clinical Project**
     - NURS 697: Clinical Project in Nursing (6)
   - **Thesis Research**
     - NURS 699: Thesis Research in Nursing (6)

   **Comprehensive Examination**
   1. NURS 999: Comprehensive Examination (0)
   2. Six units of 500- or 600-level electives chosen in consultation with the graduate advisor and approved by the MSN program coordinator.

**Community Health Nursing Track**

1. NURS 597: Issues and Trends in Advanced Practice Nursing (4)
2. NURS 620: Advanced Practice Community Health Nursing III (6)
3. NURS 630: Clinical Nurse Specialist Roles (6)
4. NURS 680: Clinical Nurse Specialist Internship (6)
5. Four units chosen from:
   - HSCI 451: Principles of Epidemiology (4)
   - HSCI 501: Foundations I: Health Status and Determinants of Health (4)
   - HSCI 620: Advanced Topics in Epidemiological Methodology (4)

6. Eight units of nursing and other electives that are appropriate.

   The following list includes recommended courses with substitutions to be approved by the graduate advisor.

   - NURS 550: Informatics in Advanced Practice Nursing (4)
   - NURS 654: Transcultural Health Care for Advanced Practice Nursing (4)
   - NURS 656: Management Skills for Advanced Practice Nursing (4)
   - NURS 657: Advanced Practice Nursing Case Management (4)
   - NURS 658: Educator Roles for Advanced Practice Nursing (4)

**School Nurse Track**

1. NURS 502: Health Assessment of Children and Adolescents (4)
2. NURS 503: Principles of School Nursing Practice (4)
3. NURS 504: School Nursing Internship (4)
4. Four units chosen from:
   - HSCI 332: Health Education in Elementary School (4)
   - HSCI 333: Health Education in the Secondary School (4)
   - HSCI 334: School Health Administration and Planning (4)
   - HSCI 364: Drug and Alcohol Use and Abuse (4)
   - HSCI 374: Basic Audiology and Hearing Problems (4)
   - ESPE 530: Psychology and Education of Exceptional Individuals (4)
5. Four units chosen from:
   - EDUC 603: Effective Communication in Education (4)
   - ESPE 635: Effective Communication with Professionals and Families (4)

   Students will be advised on appropriate alternative courses if HSCI 332, 333, 334, 364, 374, or ESPE 530 were taken at the undergraduate level.

---

**COURSE OFFERINGS IN NURSING (NURS)**

### Upper Division

#### 500. Advanced Topics in Nursing

Selected advanced nursing topics with specific focus within relatively narrow content areas. May be repeated for credit as topics change. Prerequisite: upper-division standing or consent of instructor. (4 units)

#### 502. Health Assessment of Children and Adolescents

Application of principles of physical assessment and normal growth and development to the determination of health status of children and adolescents. Serves as a foundation for nursing interventions to promote health and prevent disease. Two hours lecture and six hours laboratory. Prerequisite: consent of department. (4 units)

#### 503. Principles of School Nursing Practice

Role of the school nurse in relation to current accepted practice in school health programs as pertaining to the health needs of school children and their communities. Prerequisite: consent of department. (4 units)

#### 504. School Nursing Internship

Supervised practice in public school nursing working with credentialed school nurses at the elementary and secondary level. Course taken at the completion of the program. Graded credit/no credit. Prerequisite: consent of department. (4 units)

#### 550. Informatics for Advanced Practice Nursing

The nature and functions of nursing informatics to support advanced practice nursing and the delivery of care to communities. Prerequisite: consent of department. (4 units)

#### 595. Independent Study

Research conducted under the direction of a faculty member. A total of six units in NURS 595 may be applied toward graduation. Prerequisites: NURS 422, senior standing, a minimum overall grade point average of 3.0, consent of instructor and departmental approval of a written proposal of a project submitted on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 1 to 6 units)

#### 597. Issues and Trends in Advanced Practice Nursing

Examines major nursing issues, health care trends, health policies and their impact upon communities and aggregate populations from the perspective of advanced practice nursing. Explores issues such as allocation, poverty, homelessness, violence, substance abuse and changing disease patterns in relation to health care reform and the current social or political environment. Formerly NSCI 597. Prerequisite: graduate standing or consent of department. (4 units)
Graduate/Postbaccalaureate
May not be taken by undergraduate students

**600. Advanced Nursing Practice Community Health Nursing I**
The role of the advanced practice clinical nurse specialist (CNS) in Community Health Nursing, focusing on research-based practice related to epidemiologic issues, environmental assessment and health, economic forces, health promotion in vulnerable populations, community organization, nursing informatics, and community assessment and planning. Significant clinical application is required. Three hours lecture and nine hours laboratory. Materials fee required. Prerequisite: classified graduate standing in MSN program and current RN licensure. (6 units)

**610. Advanced Nursing Practice Community Health Nursing II**
The role of the advanced practice clinical nurse specialist (CNS) in Community Health Nursing, focusing on research-based practice related to the application of epidemiologic and environmental health principles, program implementation and monitoring, program management, grant proposal writing for a needs-based program, and community interventions in specific settings and among specific vulnerable populations. Significant clinical application is required. Three hours lecture and nine hours laboratory. Materials fee required. Prerequisites: NURS 600 and current RN licensure. (6 units)

**620. Advanced Nursing Practice Community Health Nursing III**
The role of the advanced practice clinical nurse specialist (CNS) in Community Health Nursing focusing on research-based practice related to program evaluation of effectiveness, quality improvement, bioethics and health policy, negotiation, networking, collaboration, advanced clinical decision-making, the political process and policy formation, research as a policy/political tool, and centers of excellence in the provision of health care. Significant clinical applications are required. Three hours lecture and nine hours laboratory. Materials fee required. Prerequisites: NURS 610 and current RN licensure. (6 units)

**630. Clinical Nurse Specialist Roles**
Examines advanced clinical practice, teaching, research, consultation, and management within a community, public health agency, or organization including health promotion/disease prevention, case management, program management, strategic planning, policy development, and cultural diversity. Focuses on disease/injury prevention, developing basic health care systems that can be easily accessed by populations. Significant clinical applications are required. Three hours lecture and nine hours laboratory. Materials fee required. Prerequisites: consent of department and current RN licensure. (6 units)

**635. Biostatistics for Advanced Practice Nursing**
Statistical knowledge and tools for advanced practice nursing including the basic concepts of biostatistics, quantitative methodology in epidemiology, clinical applications for evidence based practice, and statistical utility for decision making. Introduction to statistical analysis software; the process of instrument development, validity and reliability assessment, and pilot testing; decision theory; the analysis and evaluation of the methods, results and discussion sections of a research report. Formerly a topic under NURS 500. Prerequisite: consent of department. (4 units)

**645. Research for Advanced Practice Nursing**
Overview of the research process, the composition of a literature review, ethical issues, research design, and data evaluation. Meta-analyses, odds ratio, and risk ratio methods are applied to advanced practice with populations. Formerly NURS 625. Prerequisite: consent of department. (4 units)

**654. Transcultural Health Care for Advanced Practice Nursing**
Overview of assessment, planning, implementation and evaluation strategies for disease prevention and health promotion in cultural communities considering the specific behaviors and views unique to cultural populations which directly impact health. Specific cultural health related behaviors from populations represented within the United States are examined. Formerly a topic under NURS 500. Prerequisite: consent of department. (4 units)

**655. Theoretical Foundations for Advanced Practice Nursing**
Examines nursing knowledge in the context of the history, philosophical perspectives, major influences, and current controversies. Theoretical foundations of nursing as applied to select community issues emphasizing intervention development and outcome evaluation. Formerly NURS 615. Prerequisite: classified standing in the MSN program or consent of department. (4 units)

**656. Management Skills for Advanced Practice Nursing**
Overview of management concepts and skills necessary for advanced practice nursing in the community. Focus is on effective management of health care systems, programs and resources. Formerly a topic under NURS 500. Prerequisite: consent of department. (4 units)

**657. Advanced Practice Nursing Case Management**
Foundations of case management for advanced practice nursing. Health care delivery system, managed care, case management concepts, and the case management process are discussed with emphasis on legal and ethical issues, leadership skills, and case management tools and technology. Formerly NURS 640. Prerequisite: consent of department. (4 units)

**658. Educator Roles in Advanced Practice Nursing**
Introduction to teaching-learning theory as a basis for curricular development. Explores advanced practice nursing educator role in academic and community settings focusing on program development, outcome measurement and leadership. Formerly NURS 650. Prerequisite: consent of department. (4 units)

**697. Clinical Project in Nursing**
Independent clinical project conducted under the direction of a major program faculty advisor. Prerequisites: advancement to candidacy and NURS 625. (6 units)

**680. Clinical Nurse Specialist Internship**
Clinical application of advanced practice community nursing in public health departments, schools, home health agencies, and community nursing clinics. Graded credit/no credit. Prerequisites: NURS 630, consent of the department and current RN licensure. (6 units)
698. Extended Enrollment
Independent study leading to completion of requirements (other than course work) for the master's degree. To retain classified standing in the master's program, a student must enroll in 698 each quarter until the project or thesis is accepted or the comprehensive examination passed. Students who enroll in 698 through the university have full use of all university facilities. (Note: Students enrolled in 698 through the College of Extended Learning and taking no other courses through the regular university have access only to the library and their professor.) See Page 358, Culminating Experience: Exam, Thesis, or Project. Prerequisites: advancement to candidacy and approval of program graduate coordinator or, if an interdisciplinary studies major, consent of the Dean of Graduate Studies. (0 units)

699. Thesis Research in Nursing
Independent graduate research conducted under the direction of a major program faculty advisor. Prerequisites: advancement to candidacy and NURS 625. (6 units)

999. Comprehensive Examination
An integrative, written examination covering course work required for the major. The comprehensive exam committee for each candidate will consist of the student's advisor and one other faculty member teaching in the program. Candidates failing must retake the exam within one year, and must consult with their advisor to discuss actions necessary for remediation of shortcomings. Graded credit/no credit. Prerequisite: consent of department. (0 units)
The following courses are offered in support of graduate degree programs offered at this university.

### COURSE OFFERINGS IN POLITICAL SCIENCE (PSCI)

#### Graduate/Postbaccalaureate

<table>
<thead>
<tr>
<th>Course Number</th>
<th>Course Title</th>
<th>Description</th>
<th>Prerequisites</th>
</tr>
</thead>
<tbody>
<tr>
<td>600</td>
<td>Theory and History of Strategy</td>
<td>Examination of the literature on strategy, from ancient to modern times and from various cultures. Both theoretical and practical methods will be covered. Prerequisite: PSCI 484 or equivalent.</td>
<td>(4 units)</td>
</tr>
<tr>
<td>601</td>
<td>Strategic Systems and Strategic Thought</td>
<td>Evolution of strategic thought, policy, doctrine and force structure relative to national security objectives. Prerequisite: PSCI 484 or equivalent.</td>
<td>(4 units)</td>
</tr>
<tr>
<td>602</td>
<td>International Security</td>
<td>Seminar on various conceptions of international security, with emphasis on current crises in international politics. Prerequisite: PSCI 484 or equivalent.</td>
<td>(4 units)</td>
</tr>
<tr>
<td>604</td>
<td>Seminar in International Law</td>
<td>Survey of the literature and a study of the Law of the Sea, Aerospace Law, and International Regulation of the Use of Force. Prerequisite: PSCI 484 or equivalent.</td>
<td>(4 units)</td>
</tr>
<tr>
<td>605</td>
<td>Topics in Strategy</td>
<td>Intensive study of a specific phase or area of defense strategy developed by the instructor. May be repeated once for credit, as topics change, with consent of student's advisor.</td>
<td>(4 units)</td>
</tr>
<tr>
<td>609</td>
<td>International Relations Theory</td>
<td>An examination of the theoretical literature on international relations, including issues of war and peace, foreign relations, and international security. Formerly PSCI 605F.</td>
<td>(4 units)</td>
</tr>
<tr>
<td>610</td>
<td>Proseminar in Political Science</td>
<td>Survey of the concepts and ideas that political scientists study, how they approach the study of political phenomena, and what methods they employ in their analysis. The seminar will include discussion of the relationships of the discipline to other social science disciplines and the unique contributions political science has made to knowledge in general and in the social sciences. Prerequisite: consent of instructor.</td>
<td>(4 units)</td>
</tr>
<tr>
<td>611</td>
<td>Regional Security of Eurasia</td>
<td>Strategic factors in Russia and other post-Soviet states, with emphasis on the relations between the military and society.</td>
<td>(4 units)</td>
</tr>

PSYCHOLOGY

Master of Arts in Psychology
with concentrations in:
General-Experimental Psychology
Life-Span Development Psychology
Child Development

Master of Science in Psychology
with concentrations in:
Clinical Counseling
Industrial/Organizational

Department of Psychology
Social and Behavioral Sciences Building, Room 425
880-5570

MASTER OF ARTS IN PSYCHOLOGY
Requirements 50-51 units

The objective of the Master of Arts in Psychology is to provide a program of study with courses selected from a variety of basic areas in psychology. Students will select one of the following three concentrations as their area of specialization:
1. General-Experimental Psychology Concentration
   Provides a broad background suitable for entry into doctoral programs in any area of psychology (e.g., social, cognitive, developmental, neuroscience, or clinical); or for employment requiring a Master of Arts degree in Psychology.
2. Life-Span Developmental Psychology Concentration
   Provides a background in life-span development, suitable for students planning on pursuing a doctoral degree or careers dealing with children, families or older adults.
3. Child Development Concentration
   Provides an in-depth background in child growth and development, suitable for students planning on pursuing (or currently in) careers dealing with children or families; or for pursuing a doctoral degree.

Although all of these concentrations differ in emphasis, all will prepare students for doctoral programs and career objectives such as teaching in a community college.

Admission to the M.A. Program
In addition to the general requirements of the university, specific requirements for admission to classified graduate status are:
1. A baccalaureate degree with a major in psychology; or with any other undergraduate major;
   A. Score at least at the 50th percentile on the GRE advanced test in psychology;

OR

2. A cumulative undergraduate grade point average of at least 3.0 (“B”) overall and in the major;
3. Submission of scores for verbal, quantitative, and psychology on the Graduate Record Examination (for the General-Experimental and Life-Span Development programs only);
4. Completion of the graduate entrance writing requirement;
5. A brief statement describing preparation for graduate study, the goals of graduate study and professional aspirations, to be submitted to the department;
6. Three letters of recommendation, with at least two from former professors. Letters should come directly from the writers or be included in a placement file; (It is the applicant’s responsibility to determine if letters have been received.)
7. Satisfaction of the prerequisites of one of the following areas of concentration:
   A. General-Experimental Psychology concentration, the following prerequisites or their equivalent:
      PSYC 100. Introduction to Psychology
      PSYC 210. Psychological Statistics
      PSYC 311. Introduction to Experimental Psychology
   B. Life-Span Developmental Psychology concentration, the following prerequisites or their equivalent:
      PSYC 100. Introduction to Psychology
      PSYC 210. Psychological Statistics
      PSYC 311. Introduction to Experimental Psychology
   C. Child Development concentration, the following prerequisites or their equivalent:
      PSYC 100. Introduction to Psychology

A course in child development.

Students who meet the general requirements of the university for admission to graduate study, but who do not meet the Psychology Department's specific requirements for admission to classified status or who wish to take course work prior to spring quarter consideration of their application for classified status, may be admitted to the university in the unclassified postbaccalaureate status. Unclassified postbaccalaureate students may enroll, with consent of the Psychology Department, in selected graduate courses.

Advancement to Candidacy
At the end of the spring quarter, all first year graduate students will be evaluated to determine whether or not they will be advanced to candidacy for the Master of Arts degree. Students will be reevaluated each quarter until they are either advanced to candidacy or declassified.

To be formally advanced to candidacy, a student must, to the satisfaction of the chair of the department, have:
1. Achieved classified status;
2. Successfully completed 16 units of course work in the program and maintained a 3.0 (“B”) grade point average in the course work;
3. Selected a graduate advisor to supervise the course of study;
4. Satisfied the ethical requirements of the American Psychological Association;
5. Filed an approved graduate program which must have the approval of the student’s advisor, the department chair or the graduate program director and the Dean of Graduate Studies;
482 / Psychology

6. Demonstrated successful research participation with a faculty advisor. Success will be determined by a passing grade in PSYC 611B (2 units). PSYC 611C (3 units) will be reserved for the completed thesis proposal after advancement. This requirement can be fulfilled in one of three ways:
   A. Student will be required to become familiar with the literature in a research area which will be related to their thesis research. This could take the form of a partial literature review, an annotated bibliography and/or a presentation of the literature of interest to faculty/student groups.
   B. Student will be required to become familiar with several related research literatures if their area of interest is currently undeveloped or if specialized knowledge of particular methodologies requires further investigation for the development of a thesis project.
   C. Student will be required to become skilled in certain specialized research methods which will pertain to their abilities to gather data for the thesis. Examples of such activities could include gathering pilot data to acquire interview skills, knowledge of survey procedures, assessment skills, advanced statistical skills, understanding of content analysis, skills to work with a special population, or advanced physiological measurement skills.

Requirements for Graduation
1. A minimum of 51 quarter units (for the General-Experimental and Life-Span Development Concentrations) or 46 units (for the Child Development Concentration) of approved graduate-level work, with 38 completed in residence at this university;
2. A grade point average of at least 3.0 ("B") in all courses taken to satisfy the Master of Arts degree, grades of "B-" (2.7) or better in each required course in the program, and grades of "C" (2.0) or better in each elective course;
3. Successful completion of the course work listed below, including a culminating experience consisting of the completion and defense of an original master's thesis;
4. The graduation writing requirement is met upon successful completion of the thesis;
5. Any additional general requirements not cited above and listed on Page 356.

Classified graduate students in the Master of Arts program must complete their degree requirements within five years of admission to that program. Students in classified status who fail to register for at least one course in the Psychology M.A. program each quarter will automatically be declassified. PSYC 698 (Extended Enrollment) may be taken if another course is not taken during a given quarter.

Degree Requirements (50-51 units)

General-Experimental Psychology Concentration (51 units)
1. PSYC 611. Advanced Independent Study (2-5) for a total of (5)
2. PSYC 640. Advanced Methods in Psychological Research (4)
3. PSYC 641. Analysis of Variance (5)
4. PSYC 642. Regression and Nonparametric Statistics (4)
5. PSYC 650. Advanced Cognitive Psychology (4)
6. PSYC 652. Advanced Learning and Motivation (4)
7. PSYC 654. Advanced Life-Span Developmental Psychology (4)
8. PSYC 656. Advanced Biological Psychology (4)
9. PSYC 658. Advanced Personality and Social Psychology (4)
10. PSYC 699. Thesis (5)
11. Eight units of PSYC 500- or 600-level courses, excluding PSYC 595, 611, 612 and 689.

Life-Span Developmental Psychology Concentration (51 units)
1. PSYC 611. Advanced Independent Study (2-5) for a total of (5)
2. PSYC 640. Advanced Methods in Psychological Research (4)
3. PSYC 641. Analysis of Variance (5)
4. PSYC 642. Regression and Nonparametric Statistics (4)
5. PSYC 650. Advanced Cognitive Psychology (4)
6. PSYC 654. Advanced Life-Span Developmental Psychology (4)
7. PSYC 664. Applied Life-Span Developmental Psychology (4)
8. Eight units chosen from:
   PSYC 645. Advanced Infancy and Early Childhood Development (4)
   PSYC 646. Advanced Middle Childhood and Adolescent Development (4)
   PSYC 647. Advanced Adulthood and Aging Development (4)
9. PSYC 699. Thesis (5)
10. Eight units of electives chosen in consultation with an advisor and approved by the director.

Child Development Concentration (50-51 units)

Comprehensive Examination Option
1. HD 690. Families and Parenting (4)
2. PSYC 612. Directed Readings (5)
3. PSYC 640. Advanced Methods in Psychological Research (4)
4. PSYC 645. Advanced Infancy and Early Childhood Development (4)
5. PSYC 646. Advanced Middle Childhood and Adolescent Development (4)
6. PSYC 650. Advanced Cognitive Psychology (4)
7. PSYC 654. Advanced Life-Span Developmental Psychology (4)
8. PSYC 664. Applied Life-Span Developmental Psychology (4)
9. PSYC 689. Externship in Applied Psychology (5)
10. PSYC 999. Comprehensive Examination (0)
11. Twelve units of 500- or 600-level coursework from HD, PSYC, education, or other relevant field chosen in consultation with a faculty advisor.

Project Option
1. HD 690. Families and Parenting (4)
2. PSYC 611. Advanced Independent Study (10)
3. PSYC 640. Advanced Methods in Psychological Research (4)
4. PSYC 645. Advanced Infancy and Early Childhood Development (4)
5. PSYC 646. Advanced Middle Childhood and Adolescent Development (4)
6. PSYC 650. Advanced Cognitive Psychology (4)
7. PSYC 654. Advanced Life-Span Developmental Psychology (4)
8. PSYC 664. Applied Life-Span Developmental Psychology (4)
9. Twelve units of 500- or 600-level coursework from HD, PSYC, education, or other relevant field chosen in consultation with a faculty advisor.

**Thesis Option**

1. HD 690. Families and Parenting (4)
2. PSYC 611. Advanced Independent Study (5)
3. PSYC 640. Advanced Methods in Psychological Research (4)
4. PSYC 641. Analysis of Variance (5)
5. PSYC 642. Regression/Nonparametric Statistics (4)
6. PSYC 645. Advanced Infancy and Early Childhood Development (4)
7. PSYC 646. Advanced Middle Childhood and Adolescent Development (4)
8. PSYC 650. Advanced Cognitive Psychology (4)
9. PSYC 654. Advanced Life-Span Developmental Psychology (4)
10. PSYC 664. Applied Life-Span Developmental Psychology (4)
11. PSYC 699. Thesis (5)
12. Four units of 500- or 600-level coursework from HD, PSYC, education, or other relevant field chosen in consultation with a faculty advisor.

---

**MASTER OF SCIENCE IN PSYCHOLOGY**

**Requirements**

**Clinical Counseling**

-the Thesis Concentration (82 units)

**Comprehensive Examination Concentration (78 units)**

**Industrial/Organizational**

-the Thesis Concentration (75 units)

The areas of concentration for the Master of Science degree program are clinical/counseling psychology or industrial/organizational psychology.

The principal objective of the clinical/counseling program is to provide students with practical skills in counseling, through supervised training and experience, and an understanding of relevant subject matter knowledge and research methodology. The program offers required and elective course work designed to meet the educational requirements for licensure as a Marriage and Family Therapist (MFT) as outlined by the California Board of Behavioral Sciences. The program culminates with a thesis or comprehensive examination and an internship experience.

The principal objective of the industrial/organizational program is to provide students with the skills to apply the principles and methods of psychology to organizations, public and private, and to settings where people are engaged in work. To be successful in this application, the graduate must have developed knowledge and appreciation of psychological theory and research as they apply to organizations and people at work, and mastery of the measurement and research technologies which are commonly used in the discipline.

**Admission to the M.S. Program**

In addition to the general requirements of the university, specific requirements for admission to classified graduate status are:

1. A minimum cumulative undergraduate grade point average of 2.5;
2. A minimum cumulative undergraduate grade point average in the major of 3.0 ("B");
3. A baccalaureate degree in psychology;
   or one of the following:
   A. A baccalaureate degree in a major other than psychology and score at or above the 50th percentile on the Graduate Record Examination (advanced test in psychology);
   B. A baccalaureate degree in a major other than psychology, including a course of study judged, by the Psychology Department graduate admissions committee, to be satisfactory preparation for graduate study in psychology;
4. Completion of the graduate entrance writing requirement;
5. Submission to the department graduate admissions committee of a brief statement (one or two typewritten pages) of the student’s preparation for graduate study, goals in a graduate training program and professional aspirations following receipt of the master’s degree;
6. Submission of three letters of recommendation from people who are in a position to make relevant comments on the student’s likely success in a graduate psychology program. At least two of these letters should be from former professors who are familiar with the student’s scholarly activities.

For students seeking admission in the Industrial/Organizational Psychology Option, the following also are required for classified status:

1. Completion of the following prerequisite courses or their equivalent:
   a. PSYC 100. Introduction to Psychology
   b. PSYC 210. Psychological Statistics
   or SCM 210. Applied Business Statistics
   c. PSYC 311. Introduction to Experimental Psychology

The following courses (or equivalent) are recommended:

   a. PSYC 302. Management and Organizational Behavior
   or MGMT 302. Management and Organizational Behavior
   b. PSYC 355. Industrial Psychology
   or MGMT 455. Human Resources Management
   c. PSYC 377. Tests and Measurements

For students seeking admission in the Counseling Option, the following also are required for classified status:

1. Completion of the following prerequisite courses or their equivalent:
   a. PSYC 100. Introduction to Psychology
   b. PSYC 210. Psychological Statistics
   c. PSYC 311. Introduction to Experimental Psychology
   d. PSYC 377. Tests and Measurements
   e. PSYC 385. Personality
   or PSYC 386. Introduction to Psychotherapy
   f. PSYC 390. Abnormal Psychology

Students who meet the general requirements of the university for admission to graduate study, but who do not meet the Psychology Department’s specific requirements for admission to classified status or who wish to take course work prior to winter quarter consideration of their application for classified status, may be admitted to the university in the unclassified postbaccalaureate status. Unclassified postbaccalaureate students may enroll, when space is available, in selected graduate courses, with the instructor’s approval.
Advancement to Candidacy
In order to be advanced to candidacy, a student must have:
1. Achieved classified status;
2. Secured a graduate advisor to supervise the course of study;
3. Completed, with the approval of the student's advisor, at least 16 quarter units of graduate course work at this university, and achieved a minimum grade point average of 3.0 ("B") in those courses;
4. Filed an approved Advancement to Candidacy form which must have the approval of the student's advisor, the department chair or chair of the graduate program committee and the Dean of Graduate Studies.

Requirements for Graduation
Clinical/Counseling Option:
1. Completed at least 78-82 quarter units (depending on the culminating option selected in item 2 below) of course work in an approved graduate program with a grade point average of at least 3.0 ("B") and grades of "C" (2.0) or better in all courses in the program;
2. One of the following:
   A. Completed and defended an original thesis. Students selecting the thesis option take five units of PSYC 611 in preparation for the thesis.
   OR
   B. Successful completion of the comprehensive examination. Students selecting the examination option take five units of PSYC 612 in preparation for the examination.
3. Received the approval of the student's graduate committee;
4. The graduation writing requirement is met upon successful completion of the thesis or comprehensive examination;
5. Any additional general requirements not cited above and listed on Page 356.

The comprehensive examination is designed to be integrative in nature and is offered during the spring quarter. Students who do not receive a passing grade may elect to:
   A. Repeat the examination, one additional time only
   OR

Complete details regarding the examination option are available from the Psychology Department.

Industrial/Organizational Option:
1. Completed a minimum of 75 quarter units of approved graduate level work with at least 60 units completed in residence at this university with a grade point average of a least 3.0 ("B") and grades of "C" (2.0) or better in all courses in the program;
2. Completed and defended an original master's thesis (a two course sequence, PSYC 611 and 699);
3. The graduate writing requirement is met upon successful completion of the thesis.

Classified graduate students in the Master of Science programs must complete their degree requirements within five years of admission to the program. Students with classified status who fail to register for at least one course in the Psychology M.S. program each quarter will automatically be declassified.

Degree Requirements
Clinical/Counseling
Thesis Option (82 units)
1. PSYC 611. Advanced Independent Study (2-5) for a total of (5)
2. PSYC 633. Professional Ethics and Law (4)
3. PSYC 636. Cross-Cultural Counseling (4)
4. PSYC 638. Substance Abuse: Detection, Assessment and Treatment (4)
5. PSYC 640. Advanced Methods in Psychological Research (4)
6. PSYC 641. Analysis of Variance (5)
7. PSYC 654. Advanced Life-Span Developmental Psychology (4)
8. PSYC 665. Psychopathology (4)
9. PSYC 667. Family Processes (4)
10. PSYC 671. Counseling Practicum I (5)
11. PSYC 672. Counseling Practicum II (5)
12. PSYC 673. Counseling Practicum III (5)
13. PSYC 682. Clinical Assessment (4)
14. PSYC 687A. Independent Consultation in Counseling Skills (2)
15. PSYC 687B. Independent Consultation in Counseling Skills (2)
16. PSYC 687C. Independent Consultation in Counseling Skills (2)
17. PSYC 697A. Advanced Practicum in Counseling Psychology (4)
18. PSYC 697B. Advanced Practicum in Counseling Psychology (4)
19. PSYC 697C. Advanced Practicum in Counseling Psychology (4)
20. PSYC 699. Thesis (5)
21. Two units of electives to be chosen from 500- or 600-level courses, excluding PSYC 575, 595, 611 and 612.

Notes: *Up to eight units of PSYC 697A, 697B and 697C may be waived for appropriate work experience.
*PSYC 616, 679 and 691 are required for those students interested in licensure as a marriage and family therapist.

Clinical/Counseling
Comprehensive Examination Option (78 units)
1. PSYC 612. Directed Readings (2-5) for a total of (5)
2. PSYC 633. Professional Ethics and Law (4)
3. PSYC 636. Cross-Cultural Counseling (4)
4. PSYC 638. Substance Abuse: Detection, Assessment and Treatment (4)
5. PSYC 640. Advanced Methods in Psychological Research (4)
6. PSYC 654. Advanced Life-Span Developmental Psychology (4)
7. PSYC 665. Psychopathology (4)
8. PSYC 667. Family Processes (4)
9. PSYC 671. Counseling Practicum I (5)
10. PSYC 672. Counseling Practicum II (5)
11. PSYC 673. Counseling Practicum III (5)
12. PSYC 682. Clinical Assessment (4)
13. PSYC 687A. Independent Consultation in Counseling Skills (2)
14. PSYC 687B. Independent Consultation in Counseling Skills (2)
15. PSYC 687C. Independent Consultation in Counseling Skills (2)
16. PSYC 697A. Advanced Practicum in Counseling Psychology (4)
17. PSYC 697B. Advanced Practicum in Counseling Psychology (4)
18. PSYC 697C. Advanced Practicum in Counseling Psychology (4)
19. Eight units of electives to be chosen from 500- or 600-level courses, excluding PSYC 575, 611 and 612.

Notes: *Up to eight units of PSYC 697A, 697B and 697C may be waived for appropriate work experience.
*PSYC 616, 679 and 691 are required for those students interested in licensure as a marriage and family therapist.

**COURSE OFFERINGS IN PSYCHOLOGY (PSYC)**

**Upper Division**

538. Introduction to Psychopharmacology
Examination of the basic pharmacological principles of psychoactive drugs. Particular emphasis is placed on neuronal functioning, mechanisms of drug action, and behavioral attitudes. Prerequisites: HD 324, PSYC 324, 333 or 363; or consent of instructor. (4 units)

540. Work, Retirement and Leisure
Theory and research on work, retirement and leisure during the adult years. (Also offered as HD 540. Students may not receive credit for both.) Prerequisite: PSYC 100. (4 units)

575. Internship in Psychology
Supervised work and study in private or public organizations. May be repeated once for credit. (Only four units of PSYC 575 may be applied to upper-division elective requirements in the psychology major.) Graded credit/no credit. Prerequisites: consent of instructor and department. (4 units)

581. Seminar in Industrial/Organizational Psychology
Selected topics in industrial/organizational psychology. M.S. I/O option candidates are required to take all four topics. Same topic may not be repeated for credit. Prerequisites: upper-division or graduate standing and consent of department.
A. Current Professional Issues (2 units)
B. Organizational Leadership (2 units)
C. Processes of Work Groups (2 units)
D. Training and Executive Development (2 units)

595. Independent Study
Special topics involving literature and/or experimental effort. A total of eight units of PSYC 595 may be applied toward graduation, of which a maximum of four units can be applied toward the upper-division requirements in the psychology major. Prerequisites: a minimum overall grade point average of 3.0, consent of instructor and departmental approval of a written proposal of a project submitted on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 2 to 4 units)

596. Practicum in Psychology: Peer Advising
Theory, training, and practice in the basic knowledge, skills, and abilities involved in academic peer advising. One hour seminar, three hours practicum. A total of eight units may be applied toward graduation, of which a maximum of four units can be an upper-division elective in the psychology or human development major. Graded credit/no credit. An application must be submitted during the quarter prior to the quarter student plans to enroll. Prerequisites: consent of instructor and department. (2 units)

597. Honors Seminar
Provides an opportunity for students to develop an independent project under faculty supervision. Students will meet as a class to discuss their projects, as well as various advanced topics. Enrollment is limited to students whose formal application for departmental honors is approved. Prerequisites: PSYC 311 and consent of department. (4 units)
486 / Psychology

598. Honors Project
Provides an opportunity for students to conduct an independent project under faculty supervision. Enrollment is limited to students whose formal application for departmental honors is approved. May not be used to satisfy the requirements of the psychology major.
A. Prerequisites: PSYC 597 and consent of department. (2 units)
B. Prerequisites: PSYC 598A and consent of department. (2 units)

Graduate/Postbaccalaureate

601. Performance Assessment
Current research and methods of performance appraisal. Topics include the study of job analysis, performance appraisal process and instrumentation, and job evaluation. Formerly PSYC 661. Prerequisite: classified graduate standing in M.A. or M.S. degree program or consent of department. (4 units)

602. Organizational Development
Critical review of current psychological theories and methods of organizational change. Topics include organization processes and interventions at the organizational and group levels. Formerly PSYC 660. Prerequisite: classified graduate standing in M.A. or M.S. degree program or consent of department. (4 units)

603. Personnel Selection and Validation
Principles and methods of personnel selection, including validation strategies and the effects of governmental and legal issues on personnel actions. Formerly PSYC 662. Prerequisite: classified graduate standing in M.A. or M.S. degree program or consent of department. (4 units)

604. Work Motivation and Organizational Reward Systems
Review and critical discussion of major theories and current research of motivation in the workplace, including examination of research on reward and compensation systems, and a review and discussion of their application in work organizations. Prerequisite: classified graduate standing in M.A. or M.S. degree program or consent of department. (4 units)

609. Graduate Research in Psychology
Original research in psychology conducted under the direction of a faculty member. Units may not count towards the M.A. and M.S. in Psychology. Graded credit/no credit. Prerequisites: classified standing and consent of instructor. (Credit to be arranged: 2 to 5 units)

611. Advanced Independent Study
Advanced research on a specific topic selected by the student with the approval of the student's committee. May be repeated up to two times for a maximum of 15 units credit with approval of the student's committee and the department chair. Only five units are required for the master's degree. Prerequisites: PSYC 640 or 641 (570); advancement to candidacy and consent of department. (Credit to be arranged: 2 to 5 units)

612. Directed Readings
Special topics involving supervised readings under the direction of a faculty member. Prerequisites: graduate standing and consent of department. (Credit to be arranged: 2 to 5 units)

613. Short-term Counseling
Counseling skills and strategies for short-term therapeutic intervention. Prerequisites: classified standing and consent of department. (4 units)

614. Couples Counseling
Theory and practice of counseling with couples. Prerequisites: classified standing and consent of department. (4 units)

615. Group Counseling
Theory and practice of group counseling. Prerequisites: classified standing and consent of department. (4 units)

616. Child and Spousal/Partner Abuse
Theory and research on the psychological aspects of child and spousal/partner abuse. Detection, assessment and treatment of the abuse. Formerly a topic under PSYC 678. Prerequisite: classified standing and consent of department. (4 units)

617. Clinical Psychopharmacology
Theory and application of psychotropic principles for the major DSM psychiatric disorders, including the examination of the effects of the psychotropic medications on experience, behavior and symptoms. (4 units)

630. Teaching of Psychology
Instructional methods for teaching of psychology at the college level. Prerequisites: classified graduate status in psychology and consent of department. (2 units)

633. Professional Ethics and Law
Ethical and legal considerations involved in counseling practice, including statutory law, legal trends, and ethical behavior in the mental health profession. Prerequisites: classified standing in Psychology M.S. degree program and consent of department. (4 units)

636. Cross-Cultural Counseling
Study of how cultural values and ethnic backgrounds influence counseling process and outcome, with focus on counseling with Blacks, Hispanics, Asians, and Native Americans. Prerequisites: classified standing in Psychology M.S. or M.A. degree program and consent of department. (4 units)

638. Substance Abuse: Detection, Assessment and Treatment
Assessment and treatment of substance abuse, including alcoholism and other forms of chemical dependency with a focus on etiological factors and relapse prevention. Prerequisites: classified standing in Psychology M.S. or M.A. degree programs and consent of department. (4 units)

640. Advanced Methods in Psychological Research
Those aspects of philosophy of science and methods of inquiry as applied to procedures for obtaining and evaluating data as well as issues in experimental design. Prerequisites: classified standing and consent of department. (4 units)

641. Analysis of Variance
Review of concepts of statistical inference. Applications of statistical techniques to the design and interpretation of experimental research with an emphasis on Analysis of Variance (ANOVA). Statistical computer packages will be introduced in
the laboratory section. Four hours lecture and three hours laboratory. Formerly PSYC 570. Prerequisites: classified standing and consent of department. (5 units)

642. Regression and Nonparametric Statistics
Review of concepts of statistical estimation. Applications of statistical techniques to the design and interpretation of applied correlational and quasi-experimental research with an emphasis on correlation, regression, and nonparametric techniques. Statistical computer packages will be introduced in the activity section. Three hours lecture and two hours activity. Formerly PSYC 571. Prerequisites: classified standing and consent of department. (4 units)

643. Multivariate Methods
Multivariate models used in psychological research, including multiple regression, discriminant function analysis, factor analysis, canonical analysis, and multiple analysis of variance. Formerly PSYC 572. Three hours lecture and two hours activity. Prerequisites: PSYC 641 (or 570) or equivalent, classified standing and consent of department. (4 units)

644. Applied Psychological Measurement
Theories, methods, and issues of psychological measurement and assessment. Topical coverage will include test construction, test evaluation, survey development, ethics, and testing in applied settings. Formerly PSYC 663. Three hours lecture and two hours activity. Prerequisite: classified graduate standing in M.A. or M.S. program or consent of department. (4 units)

645. Advanced Infancy and Early Childhood Development
Research and theory relating to prenatal development through age five. Classic theory and current literature concerning development in physical, cognitive, language, social and emotional domains will be examined. Prerequisites: PSYC 654 and classified graduate status. (4 units)

646. Advanced Middle Childhood and Adolescent Development
Theoretical and empirical contributions to understanding physical, cognitive, and social-emotional development in the school-age period (6-12) and adolescence (13-18). A survey of empirical findings from both basic and applied research will focus on methods, applications, and interventions relevant to these age groups. Prerequisites: PSYC 654 and classified graduate status. (4 units)

647. Advanced Adulthood and Aging Development
Key topics in developmental psychology concerning young, middle aged and older adults. Specialized methodological and measurement concerns will be discussed as well as age-related changes and theoretical/empirically based applications. Prerequisites: PSYC 654 and classified graduate status. (4 units)

648. Social-Emotional Development
Research and theories of social and emotional development from birth to adolescence. Emphasis on major facets of social-emotional development. Prerequisites: classified graduate standing in Psychology M.A. or M.S. degree programs and consent of department. (4 units)

650. Advanced Cognitive Psychology
Research and theories in the psychology of thinking, knowing and remembering. Prerequisites: classified graduate standing in Psychology M.A. or M.S. degree programs and consent of department. (4 units)

651. Advanced Cognitive Development
Research theory in the development of perception, language, memory, problem solving, reasoning, and other cognitive processes from birth through adolescence. Includes allied disciplines such as the brain sciences and applications to the field of education. Formerly a topic under PSYC 655. Prerequisites: classified standing and consent of department. (4 units)

652. Advanced Learning and Motivation
Major theories and research in learning and motivation with emphasis on current issues. Prerequisites: classified graduate standing in Psychology M.A. or M.S. degree programs and consent of department. (4 units)

654. Advanced Life-Span Developmental Psychology
Examination of the developmental processes, theories, issues and research in life-span developmental psychology. Prerequisites: classified graduate standing in Psychology M.A. or M.S. degree programs and consent of department. (4 units)

655. Advanced Seminar in Developmental Psychology
Selected current issues and advanced topics of theoretical, research or applied interest in developmental psychology. Prerequisites: classified standing and consent of department. (4 units)

656. Advanced Biological Psychology
Study of biological bases of behavior with emphasis on recent research. Prerequisites: classified graduate standing in Psychology M.A. or M.S. degree programs and consent of department. (4 units)

664. Applied Life-Span Developmental Psychology
Conceptual, methodological and policy related issues in the application of developmental psychology to applied settings. Prerequisites: classified standing and consent of department. (4 units)

665. Psychopathology
Major types of human psychopathology, including descriptive symptomatology, etiological factors and treatment considerations. Prerequisites: classified standing in Psychology M.S. degree program and consent of department; or PSYC 390, classified standing in Psychology M.A. degree program and consent of department; or PSYC 390 and consent of department. (4 units)

666. Family Processes
Normal and dysfunctional family processes, including analysis of family systems, family communication and strategies for therapeutic intervention. Formerly PSYC 666. Prerequisites: classified standing in the Psychology M.S. degree program; concurrent enrollment in PSYC 687A and consent of department. (5 units)
488 / Psychology

672. Counseling Practicum II
Training in counseling use and application of behavior modification skills. Three hours lecture and six hours laboratory. Prerequisites: grade of no less than "B" in PSYC 671; concurrent enrollment in PSYC 687B and consent of department. (5 units)

673. Counseling Practicum III
Training in advanced counseling skills. Three hours lecture and six hours laboratory. Prerequisites: grade of no less than "B" in PSYC 672; concurrent enrollment in PSYC 687C and consent of department. (5 units)

675. Practicum in Applied Psychology
Training in the application of methods and theories of psychology to the solution of practical problems within organizations. The course will include both a classroom component and practical applications. Prerequisites: classified graduate standing in M.A. or M.S. degree program and consent of department. (4 units)

678. Advanced Topics in Psychology
Selected advanced psychology topics with specific focus within relatively narrow content area. Formerly PSYC 578, credit may not be received twice for the same topic. Prerequisites: classified standing and consent of department. (2 units)

679. Theories of Counseling and Psychotherapy
Comparative analysis of major theories related to current practice of counseling and psychotherapy. Formerly PSYC 583. Prerequisites: classified standing and consent of department. (4 units)

680. Advanced Seminar in Psychology
Selected advanced topics which encompass areas of current theoretical and/or research interest in psychology. Prerequisites: classified standing and consent of department. (4 units)

682. Clinical Assessment
Methods of intellectual, vocational and personality assessment with children and adults. May not be taken for credit by students who have received credit for PSYC 683. Prerequisites: classified standing and consent of department. (4 units)

684. Topics in Counseling Psychology
Selected topics within counseling psychology. May be repeated for credit as topics change. Prerequisites: classified standing and consent of department. (4 units)

687. Independent Consultation in Counseling Skills
Individual consultation with staff concerning skills development. Graded credit/no credit.
A. Prerequisite: consent of department. Corequisite: concurrent enrollment in PSYC 671. (2 units)
B. Prerequisite: consent of department. Corequisite: concurrent enrollment in PSYC 672. (2 units)
C. Prerequisite: consent of department. Corequisite: concurrent enrollment in PSYC 673. (2 units)

689. Externship in Applied Psychology
Supervised counseling field work in private or public mental health agencies. Designed to be taken three times (year long) for maximum of 12 units of credit. Graded credit/no credit. Prerequisites: classified standing in the Psychology M.S. degree program, PSYC 671, 672, 687A, 687B, 687C; a grade of "A" or "B" in PSYC 673; and consent of department.
A. (4 units)
B. (4 units)
C. (4 units)

691. Human Sexuality and Treatment
Study of human sexuality with emphasis on both healthy sexuality and sexual dysfunction. Clinical interventions to enhance sexual functioning and to treat sexual dysfunctions will be presented. Formerly PSYC 591. Prerequisites: classified standing and consent of department. (4 units)

697. Advanced Practicum in Counseling Psychology
Supervised counseling field work in private or public mental health agencies. Designed to be taken three times (year long) for maximum of 12 units of credit. Graded credit/no credit. Prerequisites: classified standing in the Psychology M.S. degree program, PSYC 671, 672, 687A, 687B, 687C; a grade of "A" or "B" in PSYC 673; and consent of department.
A. (4 units)
B. (4 units)
C. (4 units)

698. Extended Enrollment
Independent study leading to completion of requirements (other than course work) for the master's degree. To retain classified standing in the master's program, a student must enroll in 698 each quarter until the project or thesis is accepted or the comprehensive examination passed. Students who enroll in 698 through the university have full use of all university facilities. (Note: Students enrolled in 698 through the College of Extended Learning and taking no other courses through the regular university have access only to the library and their professor.) See Page 358, Culminating Experience: Exam, Thesis, or Project. Prerequisites: advancement to candidacy and approval of program graduate coordinator or, if an interdisciplinary studies major, consent of the Dean of Graduate Studies. (0 units)

699. Thesis
Independent graduate research conducted under the guidance of the major advisor and resulting in a written thesis. Prerequisites: PSYC 640 and/or 641; PSYC 611; advancement to candidacy and consent of department. (5 units)

999. Comprehensive Examination
An assessment of the student's ability to integrate the knowledge of the area, show critical and independent thinking and demonstrate mastery of the subject matter. Prerequisites: advancement to candidacy, approval of department, completion of course work in the master's program and in good academic standing. (0 units)
PUBLIC ADMINISTRATION

Master of Public Administration
Accredited by the National Association of Schools of Public Affairs and Administration

Department of Public Administration
Jack Brown Hall, Room 456
880-5758

FACULTY: David Bellis (Chair), Chuck Christie, Michael Clarke, Albert K. Karnig, Guenther Kress, Audrey Mathews, J. Brian Watts, Clifford Young

MASTER OF PUBLIC ADMINISTRATION
Requirements (48 units)

The Master of Public Administration (M.P.A.) is a broad program designed to prepare students for a career in administration in the public sector. The major objective is to provide the student with a generalist perspective of public administration, including tools of decision-making, an understanding of the total public administrative system, and a capacity for working within the public environment.

This degree is intended for graduate students and career employees seeking to develop and strengthen academic and professional skills for admission and advancement in the professional practice of public administration.

The program is open to all students, regardless of undergraduate major.

Admission to the M.P.A. Program

In addition to the general requirements of the university, specific requirements for admission to classified graduate status are:

1. A bachelor's degree from an accredited college or university;
2. The following combination of grade point average and test score on the GRE (Graduate Record Examination, Verbal and Quantitative Sections): GRE score plus 400 times grade point average on the last 90 sequential quarter units (60 semester units) of course work (including postbaccalaureate course work) equals or exceeds 2100;
3. Submission of GRE score by the deadline for that term; if test result is not submitted on time, admission status will be unclassified postbaccalaureate;
4. Competence in the following prerequisite courses or their equivalents:
   A. MGMT 306. Expository Writing for Administration (with a grade of "B" or better)
   B. MATH 305. Statistics: Hypothesis Testing and Estimation
   or
   D. PA 575. Internship in Public Administration (May be waived dependent upon related work experience.)

   Competence in the above prerequisite courses may be demonstrated by:
   A. Formal completion of the course or its equivalent.
   B. Credit by examination.

C. Waiver based on specialized work experience; must have documentation of work directly related to course to be waived; and must be approved by the department's M.P.A. Graduate Director. (Students requesting waiver of any prerequisite courses must petition the M.P.A. Graduate Director. Inquiries about a challenge examination or substitution for MGMT 306 should be directed to the Dean of Graduate Studies.)

5. Academic motivation and personal qualifications demonstrated through submission of a 200-250 word statement of reasons for wishing to pursue the M.P.A. at California State University, San Bernardino, and personal qualifications that will contribute to successful completion of the program.

No more than 12 units of graduate credit earned in unclassified/conditionally classified standing may be counted toward meeting the requirements for the degree.

Students who meet all entrance requirements except course prerequisites may be admitted to the program in a conditionally classified status until those prerequisite deficiencies are removed, at which time they will be advanced to classified graduate standing in the program. Only fully classified students, however, may enroll in 600-level courses unless they have written consent from the school graduate director.

Advancement to Candidacy

To be advanced to candidacy, a student must have:

1. Achieved classified standing;
2. Completed at least 20 quarter units of applicable graduate-level course work at the university, with a minimum grade point average of 3.0 ("B");
3. Completed an approved graduate program plan in consultation with an M.P.A. advisor after achieving classified status;
4. Secured the approval of candidacy from the M.P.A. Graduate Director and the Dean of Graduate Studies.

Requirements for Graduation

1. A minimum of 48 quarter units of acceptable graduate-level work, consistent with the program plan (with a grade point average of 3.0), with at least 36 units completed at this university;
2. At least 28 quarter units of credit taken after advancement to candidacy for the degree;
3. Successful completion of the required core and elective courses as outlined in the curriculum section;
4. A grade point average of 3.0 ("B") in all course work taken after admission to conditionally classified or classified status, and grades of "C" (2.0) or better in all courses in the program;
5. Successful completion of the graduate research project. The graduate research project is defined as an advanced field study in public administration including both literary and empirical research. This requirement is met by the student's enrollment in PA 695 during the last quarter of work in the program and completion of the project to the satisfaction of the student's advisor.

OR

Successful completion of an integrative comprehensive examination which may be taken any fall, winter or spring term after advancement to candidacy. Students with a grade point average below 3.0 ("B") will not be permitted to take the examination. A "no credit" (NC) designation will be entered on the student's transcript if he/she fails the examination. Students who do not receive a passing grade may elect to:
490 / Public Administration

A. Repeat the examination, one additional time only, with the written approval of the Department's M.P.A. Graduate Director;

Note: With the written approval of the Department's M.P.A. Graduate Director, students who do not receive a passing grade after repeating the examination may complete PA 695. Graduate Research Project.

OR

B. Complete PA 695. Graduate Research Project.

The examination will be offered fall, winter and spring quarters. Only students who are currently classified, have been advanced to candidacy and are not on probation may take the examination.

6. In addition to satisfactory completion of the graduate entrance writing requirement (MGMT 306. Expository Writing for Administration with a grade of "B" or better), classified MPA students must satisfy the graduation writing requirement by:

A. Successful completion of M.P.A. core courses, with a grade point average of "B" or better, which require students to write in a manner appropriate for the discipline; and

B. Preparation of an acceptable Graduate Research Project (PA 695);

OR

A. Successful completion of M.P.A. core courses, with a grade point average of "B" or better which require students to write in a manner appropriate for the discipline; and

B. PA 999. Comprehensive Examination (0) which requires acceptable expository writing skills;

7. Any additional general requirements not cited above and listed on Page 356.

Degree Requirements (48 units)

Comprehensive Examination Option

1. PA 603. Research Methods in Administration (4)
2. PA 611. Public Administration Theory and Practice (4)
3. PA 615. Public Financial Management (4)
4. PA 662. Human Resource Management in the Public Sector (4)
5. PA 663. Public Budgeting and Finance (4)
6. PA 664. Management of Public Organizations (4)
7. PA 672. Administrative Regulation (4)
8. PA 680. Public Policy Analysis (4)
9. PA 695. Graduate Research Project (4)

10. Twelve units of electives to be chosen from any Department of Public Administration 500- or 600-level courses in consultation with an advisor.

Students may take up to two courses at the 500- or 600-level from related fields with the permission of the College of Business and Public Administration graduate committee. Students who wish to take up to two 300- or 400-level courses must petition the college's director of graduate studies for approval in advance; for each course approved, they will be required to enroll simultaneously in a two-unit independent study course directly related to the course selected. These independent study units cannot be applied to any graduate degree unit requirements.

Only conditionally classified and classified students (or those who have the consent of the college director of graduate studies) may enroll in 600-level courses.

Students may not include more than 12 quarter units in transfer credit from other colleges. California State University, San Bernardino will not consider for transfer credit course work from any institution which will not accept that work in its own advanced degree program.

COURSE OFFERINGS IN
PUBLIC ADMINISTRATION (PA)

Upper Division

514. Management of Private Nonprofit Organizations

Analyzes the specific problems of management in private nonprofit organizations, including planning, personnel, financial and policy issues. (4 units)

516. Public and Non-Profit Project Management

Aspects of project management, including needs and feasibility assessment, project design, proposal writing, contract negotiation, funding, developing project teams, managing team conflict, monitoring, and evaluation. (4 units)

521. Principles of Planning

Introduction to local and regional community planning; includes methods of adoption and interorganizational relationships. (4 units)

548. Management of Computers in the Public Sector

Designed to help students gain competency in computer related skills. Each topic may be taken once for credit. Three hours lecture and two hours activity laboratory.

A. Word Processing (4 units)

B. Data Base Management (4 units)

C. Spread Sheet (4 units)

D. Communication (4 units)

E. Networking (4 units)

F. Special Problems (4 units)

G. Geographic Information Systems (4 units)
557. Public Sector Labor Relations
Analyzes issues created by collective bargaining and unionism in public sectors. Examples: selection of bargaining agents, bargaining scope and obligation, impasse resolution and grievance procedure. (4 units)

564. Local Public Administration
Administrative characteristics and problems of public management in the urban area, including city, county, school and special district organization and functions. (4 units)

568. Accounting for Government and Not-for-Profit Organizations
Covers principles and practices of government fund accounting. Topics include governmental accounting concepts, types and structure of funds and accounts, application of generally accepted accounting principles to government and not-for-profit entities, presentation and uses of financial statements. (Also offered as ACCT 568. Students may not receive credit for both.) Prerequisite: ACCT 211 or 311. (4 units)

575. Internship in Public Administration
Supervised work and study in private or public organizations. May be repeated once for credit. A total of two College of Business and Public Administration 575 courses may be applied toward graduation. Graded credit/no credit. Prerequisites: consent of instructor and the department's internship coordinator. (4 units)

590. Seminar in Public Administration
An intensive study of some phase of public administration to be developed by the instructor. May be repeated for credit as topics change. (4 units)

595. Independent Study
Special topics involving library and/or field research. A total of ten units in any College of Business and Public Administration 595 may be applied toward graduation. Prerequisites: a minimum overall grade point average of 3.0, consent of instructor and approval by the department of a written project/proposal submitted to the appropriate department in the College of Business and Public Administration on a standard application form submitted to the appropriate department in the College of Business and Public Administration on a standard application filed in advance of the quarter in which the course is to be taken. (Credit to be arranged: 2 or 4 units)

Graduate/Postbaccalaureate
May not be taken by undergraduate students

603. Research Methods in Administration
Principles of research design, development of research instruments, data accumulation and analysis of significant data integrated with use of computers in research. Critique of sample research studies from the literature and a research study conducted by the student. (Also offered as MGMT 603. Students may not receive credit for both.) Prerequisite: SCM 210. (4 units)

611. Public Administration Theory and Practice
A critical analysis of major theories of public administration and their application, including development of the discipline, evolution of institutional forms both in the United States and in international settings, concepts of decision-making and role of public administration in society. (4 units)

612. Productivity Measurement in the Public Sector
Analysis of effective and efficient mobilization of agency resources. Includes examination of the environment, techniques, variables and perspectives in applying productivity measurements, particularly at the local level. (4 units)

615. Public Financial Management
Management of financial resources in public organizations with emphasis on local government. Topics include evaluation and monitoring of financial condition and trends, fiscal policy analysis, revenue and expenditure forecasting, capital planning and financing, cash flow management, debt administration, cost allocation and integrated financial management systems. (4 units)

616. Comparative Public Administration
Cross-national comparison of administrative systems, structures, processes and practices of developed and third world countries. (4 units)

617. Management of Local Economic Development
An introduction to the forms, processes and effects of economic development. Topics include: the dynamics of urban change and revitalization; the planning and financing of community economic development programs and projects; the role of public, neighborhood, advocacy and non-for-profit organizations, and social and environmental impacts of economic change. (4 units)

618. Local Government Development Finance
Explains and analyzes the major financing mechanisms for local government economic and public works development, their working and effectiveness. Topics include the background of the budget process and pertinent documents, an overview of economic development and public works finance, assessment districts, fiscal impact analysis, capital budgeting and financing, revenue forecasting, financing of redevelopment agencies, financial indicators, and case studies of development financing. (4 units)

619. Diversity and Public Organizations
Exploration of the diversity challenges facing public, business and non-profit organizations as they pursue their public policy and economic missions. Topics include: diversity in the context of organizational behavior; diversity's impact on leadership, management, people, organizations, economic development and public policy. (4 units)

620. Regulatory Structure, Policies, and Process in Water Law
Legal authority of water agencies, the procedures employed to exercise and limit that authority, the structure and process of administrative law, and the sharing of power in a federal system. Topics include powers and liabilities of water agencies, administrative procedures act, due process of law, licensing, environmental laws, rulemaking, negotiated rulemaking, interstate compacts, emergency powers, property condemnation, allocation of water resources, uses of water, and legal aspects of financing water projects. (4 units)
492 / Public Administration

621. Water Resources Agency Management
Strategies for and issues in the management of local, state and federal water resources agencies. Topics include designing an organizational structure, reengineering, interorganizational coordination, intergovernmental collaboration, organizational culture, high-performance organizations, growth management, and leadership. (4 units)

Basic concepts and techniques of politics and public relations between water agencies, the communities they serve, and other governmental entities. Problems and techniques in administering of programs to manage water politics and improve public relations, including the applications of political and communication theories and practices to water resources management. (4 units)

628. Intergovernmental Administration
Administration of governmental programs in an intergovernmental context. Development of the federal system, relationships among federal, state and local governments, intergovernmental fiscal arrangements, practical problems in setting and implementing policies in an intergovernmental context. (4 units)

630. Program Evaluation
Purposes and methods of program evaluation in public and nonprofit organizations. Topics include selection of programs for evaluation, delineation of frame of reference, gathering of information, techniques of reporting, data analysis, comparative approaches of evaluation and ethical issues. Prerequisite: MATH 305 or SCM 210. (4 units)

662. Human Resource Management in the Public Sector
Analysis of the personnel function as it applies to public sector organizations. Topics include development of modern public service, functions of personnel management, politics of the civil service, employment discrimination, labor management relations, professionalism and ethics, comparative public personnel administration, and computerization of human resources management. (4 units)

663. Public Budgeting and Finance
Budget concepts and their application in varied settings including federal, state, and local governments in the United States and overseas. Includes economic, management and political approaches to budgetary decision-making processes, and institutions, as well as major issues in contemporary budgeting. (4 units)

664. Management of Public Organizations
Issues in public management, including the role of the public executive, theories of public organizations, human behavior in public organizations, management of innovation and policy change, and information management. (4 units)

670. Emergency Management
Covers basic theory and practice in emergency management. Topics include approaches to emergency management, the political and administrative environment, administration of complex systems, behavioral aspects, and establishing and implementing community wide policies. (4 units)

671. Defense Budgeting and Management
Resource allocation and management in defense agencies. Topics include the defense planning and budgeting process; analytical tools for costing defense programs; administration of procurement; contingency and force planning; modernization, readiness and sustainability; and options in the allocation of defense resources. (4 units)

672. Administrative Regulation
Discretionary authority of regulatory agencies, the manner in which power is exercised by such agencies, and the administrative structure of the regulatory process. (4 units)

680. Public Policy Analysis
An integrative course examining the analytical, behavioral and systems sciences approaches to public administrative systems with emphasis upon the development of evaluative skills in applied decision-making. (This course is equivalent to SW 629. Students may not receive credit for both.) Prerequisites: PA 611, 662, and 663. (4 units)

690. Advanced Topics in Public Administration
Intensive study of an advanced topic in public administration. May be repeated for credit as topics change. (4 units)

695. Graduate Research Project
Required field study in public administration, including both literary and empirical research. Prerequisites: completion of, or concurrent enrollment in, all other courses for the Master of Public Administration; and consent of instructor and college. (4 units)

999. Comprehensive Examination
An assessment of the student's ability to integrate the knowledge of the area, show critical and independent thinking and demonstrate mastery of the subject matter. Prerequisites: advancement to candidacy, approval of department, completion of course work in the master's program, and in good academic standing. (0 units)
REHABILITATION COUNSELING

Master of Arts in Rehabilitation Counseling
Accredited by the Council on Rehabilitation Education
Certificate
Rehabilitation Counseling
Department of Educational Psychology and Counseling
Faculty Office Building, Room 249
880-5606

FACULTY: Margaret Cooney, Joseph Turpin

MASTER OF ARTS IN REHABILITATION COUNSELING
Requirements (72 units)

The Master of Arts in Rehabilitation Counseling offered by the College of Education is designed to prepare students to work with individuals with disabilities in public and private rehabilitation agencies, hospitals, industry and related fields. The graduate program, a two-year course of study, will train students in rehabilitation counseling, vocational evaluation and job placement of persons with disabilities. Graduates of the program will be prepared to take the certified rehabilitation counselor examination.

Rehabilitation counseling is a growing field in the mental health and allied health professions. A rehabilitation counselor helps persons with disabilities achieve their optimal social, psychological and vocational potential. Whenever possible, the final goal of rehabilitation is job placement. The rehabilitation counselor works with people who have different disabilities. The handicaps may be physical, intellectual, emotional or sociocultural.

Students will be encouraged to develop areas of specialization by completing research of individual interest and field work experiences in specialization areas. The rehabilitation counseling program also will offer a bilingual rehabilitation counseling experience. The purpose for having a bilingual experience is that there is a demand in the rehabilitation profession for counselors to have the skills to speak and work with Hispanic clients. The mission of the bilingual rehabilitation counseling experience will be to educate students to be rehabilitation counselors who will be able to speak conversational Spanish with Hispanic clients, have an understanding of Hispanic culture and be aware of the special needs of Hispanic persons with disabilities.

Admission to the Program

In addition to the general requirements of the university, specific requirements for admission to classified graduate status are:
1. A baccalaureate degree with a major preferably in education psychology, sociology, or a related social service field;
2. A cumulative undergraduate grade point average of 3.0 ("B") overall;
3. Completion of the graduate entrance writing requirement.

The student should submit a narrative, quality paper using APA guidelines to his/her advisor prior to advancement to candidacy;

4. A cumulative grade point average of 3.0 ("B") in all previous graduate work;
5. Completion of an interview with two faculty members to assess competence in interpersonal skills and aptitudes for the rehabilitation counseling profession;
6. Participation in a continual evaluation process which will assess personality and character, professional ethics and aptitude, counseling skills, oral and written language usage and many-sided interests.

Advancement to Candidacy

In order to be formally advanced to candidacy, a student must have:
1. Achieved classified graduate standing;
2. Satisfactorily completed EREH 615 with a grade of "B" (3.0) or better;
3. Completed with a grade point average of 3.0 ("B") no more than 24 quarter units of course work;
4. Secured approval of candidacy from the College of Education;
5. Filed an approved graduate program for completion of the degree. This must be prepared in consultation with an advisor in the College of Education and approved by the College and the Dean of Graduate Studies;
6. Submitted a proposal for the graduation writing requirement.

Requirements for Graduation

1. A minimum of 72 quarter units of acceptable work, with 59 completed in residence at this university; 2. A minimum of 48 quarter units of credit taken after a student has been advanced to candidacy for the degree;
3. A grade point average of 3.0 ("B") in course work taken to satisfy the Master of Arts degree requirements and grades of "C" (2.0) or better in all courses in the program;
4. Successful completion of one of the following:
   A. EDUC 600. Master's Degree Project
   B. Written comprehensive examination;
5. Any additional general requirements not cited above and listed on Page 356.

Students who elect to complete a project will register for EDUC 600; these units will be part of the required 72 units.

A satisfactory project is one which can be reported in the form of a paper and/or through other media. The project proposal and the project must be approved by the student’s advisor and one other professor in the College of Education and submitted in an approved format. Further information is available from the College of Education regarding an approved format for the project proposal and project. Students who elect to complete a project are not required to take a comprehensive examination.

Students are encouraged to present projects in a variety of media. The purpose of the project is for the student to communicate ideas gained in research, experimentation and creative endeavors; therefore, students should not feel bound to the traditional forms. All projects will be planned in consultation with the student's advisor.

The comprehensive examination is of an integrative nature and is designed to test the student's knowledge of the field of rehabilitation counseling rather than the subject matter of courses taken. The examination is offered once each quarter during the academic year. Students must enroll in the examination either through the regular registration process or through the College of Extended Learning in the Open University program. The student may enroll in the examination no earlier than the last quarter in
which course work is taken. The student must complete a graduation check with the Office of Records, Registration and Evaluations before permission to take the examination can be granted. Students who do not receive a passing score the second time must petition the Dean of Graduate Studies to take it again. Approval to retake the examination may be, at any time, contingent upon completion of additional designated courses.

**Degree Requirements (72 units)**

Educational counseling courses (20 units):
1. ECLG 655. Multicultural Counseling (4)
2. ECLG 656. Counseling Theories and Techniques (4)
3. ECLG 657A. Counseling Practicum (4)
4. ECLG 678. Theory and Practice of Group Counseling (4)
5. EDUC 610. Research Methodology in Education (4)

Rehabilitation counseling courses (48 units):
1. EREH 605. Seminar Topics in Rehabilitation Counseling (4 units): (Topic examples: Casework Management, Research in Rehabilitation, Current Issues in Rehabilitation and Bilingual Issues.) (2) for a total of (4)
2. EREH 615. Introduction to Rehabilitation Counseling (4)
3. EREH 616A. Multiple Aspects of Disability: Medical (4)
4. EREH 616B. Multiple Aspects of Disability: Vocational (4)
5. EREH 617. Vocational Assessment and Development (4)
6. EREH 618. Applied Job Placement (4)
7. EREH 649. Organizational Development of Rehabilitation Services (4)
8. EREH 652. Dynamics of Human Behavior (4)
9. EREH 667. Practicum in Rehabilitation Counseling (4)
10. EREH 679. Fieldwork in Rehabilitation Counseling (4) for a total of (12)

Culminating Experience (4 units)
1. One of the following options (4 units):
   A. Master's Degree Project Option (4 units)
      EDUC 600. Master's Degree Project (4)
   B. Written Comprehensive Examination Option (4 units)
      1. EREH 999. Comprehensive Examination (0)
      2. Four units chosen from:
         ECLG 650. Applied Career Counseling (4)
         ECLG 693. Special Topics in School Psychology (4)
         ESPE 530. Psychology and Education of Exceptional Individuals (4)
         ETEC 546. Computer Based Technology in Education II (4)
         EVOC 504. Principles of Adult Education (4)
         EVOC 637. Foundations of Vocational Education (4)

**Certificate in Rehabilitation Counseling**

**Certificate Requirements (28 units)**

1. ECLG 531. Introduction to Counseling (4)
2. EREH 615. Introduction to Rehabilitation Counseling (4)
3. EREH 616A. Multiple Aspects of Disability: Medical (4)
4. EREH 616B. Multiple Aspects of Disability: Vocational (4)
5. EREH 617. Vocational Assessment and Development (4)
6. EREH 618. Applied Job Placement (4)
7. EREH 649. Organizational Development of Rehabilitation Services (4)

Note: EREH 615 must be completed with a grade of "B" (3.0) or better to continue work in the certificate program.

**COURSE OFFERINGS IN REHABILITATION COUNSELING (EREH)**

**Upper Division**

542. Seminar in Rehabilitation Counseling
Intensive study of topics and problems in education. May be repeated for credit as subject matter changes and with consent of instructor. Prerequisite: graduate standing or consent of instructor. (Credit to be arranged: 1 to 4 units)

**Graduate/Postbaccalaureate**

May not be taken by undergraduate students

605. Seminar Topics in Rehabilitation Counseling
Current issues in rehabilitation counseling. Seminar topics include research in rehabilitation, casework management, bilingual issues in rehabilitation and current issues in rehabilitation counseling. May be repeated for credit as topics change. (2 units)

615. Introduction to Rehabilitation Counseling
Fundamental processes and practices of rehabilitation counseling including examination and analysis of the historical, philosophical, organizational, economic and legal basis of rehabilitation. Orientation and field visits to community rehabilitation counseling agencies required. Prerequisite: ECLG 531 or consent of instructor. (4 units)

616. Multiple Aspects of Disability
Orientation to community resources providing services to disabled persons. Multiple aspects of disabilities. Implications of disabilities for vocational adjustments and rehabilitation processes.
A. Medical. Prerequisite: EREH 615. (4 units)
B. Vocational. Prerequisite: EREH 616A or consent of instructor. (4 units)

617. Vocational Assessment and Development
Survey of methods of vocational assessment of disabled persons. Vocational development theories, occupational and career information systems and psychology of work. Prerequisites: EREH 615, 616A and 616B or consent of instructor. (4 units)
618. **Applied Job Placement**
Survey of methods and techniques of job placement with different client populations in rehabilitation settings. Job analysis, job seeking training skills, placement and follow-up for rehabilitation clients. Prerequisites: EREH 615, 616A, 616B and 617 or consent of instructor. (4 units)

649. **Organizational Development of Rehabilitation Services**
Various types of training, administration, developmental and job placement programs used in industry, public and private rehabilitation agencies and insurance companies. Prerequisites: EREH 615, 616A, 616B, 617 and 618 or consent of instructor. (4 units)

652. **Dynamics of Human Behavior**
Theories of learning and human growth and development using lifespan approach from a rehabilitation counseling perspective. Includes effects of racial, lifestyle, and sex stereotyping in the community. Formerly ECLG 652. Prerequisite: ECLG 531 with a grade of "B" or better. (4 units)

667. **Practicum in Rehabilitation Counseling**
Supervised practice in individual rehabilitation counseling in a laboratory setting. Prerequisites: ECLG 657A and 678 or consent of instructor. (4 units)

679. **Fieldwork in Rehabilitation Counseling**
Field experience in Rehabilitation Counseling. Students will take fieldwork in segments of four units for a total of 12 units. Students will be allowed to take up to two segments in one quarter. Graded credit/no credit. Prerequisite: consent of program coordinator. (4 units)

999. **Comprehensive Examination**
An assessment of the student's ability to integrate the knowledge of the area, show critical and independent thinking and demonstrate mastery of the subject matter. Prerequisites: advancement to candidacy, approval of department, completion of course work in the master's program and in good academic standing. (0 units)
SOCIAL SCIENCES

Master of Arts in Social Sciences

College of Social and Behavioral Sciences
Social and Behavioral Sciences Building, Room 327
880-5524

COORDINATOR: Jenny Zorn

MASTER OF ARTS IN SOCIAL SCIENCES

Requirements (45 units)

The objective of the M.A. in Social Sciences is to provide students with training in the method and theory of social science, as well as the basic perspectives of the disciplines within it. While the program provides course work in the breadth of the social sciences, its emphasis is on history, political science, economics, and geography. This program is especially attractive to those pursuing a career in or seeking advancement in secondary school and community college teaching in the social sciences. Those interested in work in other types of educational and social science related fields may also benefit from this program.

Admission to the M.A. Program

In addition to the general requirements of the university, specific requirements for admission to classified status are:

1. A baccalaureate degree in a social science discipline or in social science itself, or another baccalaureate degree with course work that satisfies the College of Social and Behavioral Sciences that the student has received adequate preparation to undertake the program;
2. A cumulative undergraduate grade point average of at least 2.5 overall and at least 3.0 ("B") in the major;
3. Completion of the graduate entrance writing requirement;
4. A brief statement describing the applicant's preparation for graduate study and academic and professional goals, to be submitted to the College of Social and Behavioral Sciences;
5. Three letters of recommendation, with at least two from former professors. Letters should come directly from the recommenders or be included in a placement file. It is the applicant's responsibility to determine if letters have been received.

Applicants who meet the general requirements of the university for admission to graduate study but do not meet the additional requirements listed above may be admitted to the university in the unclassified postbaccalaureate status. Unclassified postbaccalaureate students may enroll, when space permits, in graduate courses in the program. An unclassified postbaccalaureate student should consult with the College of Social and Behavioral Sciences to determine what steps would be necessary to advance to classified status.

Advancement to Candidacy

In order to be formally advanced to candidacy, a student must have:

1. Achieved classified status;
2. Secured a graduate advisor to supervise the course of study;
3. Completed, with the approval of the advisor, at least 12 quarter units of graduate course work at this university and achieved a minimum grade point average of 3.0 ("B") in those courses;
4. Filed an approved program which must have the approval of the student's advisor and the coordinator of the program.

Requirements for Graduation

1. Completed a minimum of 45 quarter units of acceptable graduate-level work, with at least 32 quarter units completed in residence at this university;
2. A grade point average of at least 3.0 ("B") in all courses taken as part of the program;
3. Successful completion of the comprehensive examination or a thesis;
4. In addition to completion of the graduate writing requirement, classified students enrolled in the M.A. in Social Sciences must satisfy the program's writing requirements by:
   A. Successful completion of the M.A. in Social Sciences with a grade point average of "B" or better in Social Sciences core courses requiring students to write in a manner appropriate to the relevant social science disciplines; and
   B. Successful completion of the Social Science Comprehensive Examination (SSCI 999) requiring acceptable writing skills, or preparation of an acceptable graduate thesis (SSCI 699);
5. At least 23 units of 600-level courses;
6. Any additional requirements not cited above and listed on Page 356.

Comprehensive examination: Students who choose the comprehensive examination option must take that examination no earlier than in the last quarter of program course work. These students must enroll in SSCI 999. Comprehensive Examination. Students with less than a 3.0 grade point average in the program will not be permitted to take the examination. The comprehensive examination committee for each candidate will consist of the student's advisor and two other faculty teaching in the program, as mutually agreed between the candidate and the faculty. The comprehensive examination will cover the areas of social science treated in the course requirements. The examination will be graded pass/fail, and candidates failing the examination may take it a second time within one year. If a second examination is needed, the student and advisor should discuss what actions may be necessary to remedy the student's shortcomings. No student will be permitted to take the comprehensive examination more than twice.

Thesis: A student selecting the thesis option must complete a thesis that is approved by his or her thesis committee. The thesis must reflect original work and show a level of competence appropriate for a master's degree. The thesis committee shall consist of two or three faculty members, including the student's advisor, mutually agreed upon by the student and faculty. By mutual agreement between the student and advisor, an additional member may be added to the committee. The student should enroll in SSCI 699. Thesis, in the quarter when completion of the thesis is anticipated.

Degree Requirements (45 units)

Core Courses (21 units)

1. ECON 600. Proseminar in Economics (4)
2. GEOG 600. Proseminar in Geography (4)
3. HIST 600. Proseminar in History (4)
4. PSCI 610. Proseminar in Political Science (4)
5. SSCI 600. Social and Cultural Perspectives in the Social Sciences (5)
Electives (24 units)

1. Each student must select three concentration areas from within the four "major fields:" economics, geography, history and political science. For each concentration area, the student must take two courses as electives. The following courses will be acceptable as electives:
   A. All courses numbered 500-699 in economics, geography, history and political science. At least one course must be at the 600-level.
   B. Other upper division courses in those departments as approved by the student's advisor and the program coordinator.

COURSE OFFERINGS IN SOCIAL SCIENCES (SSCI)

Graduate/Postbaccalaureate

May not be taken by undergraduate students

600. Social and Cultural Perspectives in the Social Sciences
The relationship of values, behavior, social setting, and environment in the analysis of human interaction. Both intracultural and crosscultural perspectives will be addressed in light of sociological and anthropological theories. Substantive and methodological contributions will be presented. Laboratory will provide students with hands-on research skills component. Four hours lecture and two hours laboratory. Prerequisite: consent of instructor. (5 units)

695. Directed Graduate Studies
Graduate-level independent study for students in the Master of Arts in Interdisciplinary Studies; to be conducted under direct supervision of a faculty member from the student's committee and, if an interdisciplinary studies major, with approval of the committee on graduate education and consent of the Dean of Graduate Studies. (Credit to be arranged: 1 to 6 units)

698. Extended Enrollment
Independent study leading to completion of requirements (other than course work) for the master's degree. To retain classified standing in the master's program, a student must enroll in 698 each quarter until the project or thesis is accepted or the comprehensive examination passed. Students who enroll in 698 through the university have full use of all university facilities. (Note: Students enrolled in 698 through the College of Extended Learning and taking no other courses through the regular university have access only to the library and their professor.) See Page 358, Culminating Experience: Exam, Thesis, or Project. Prerequisites: advancement to candidacy and approval of program graduate coordinator or, if an interdisciplinary studies major, consent of the Dean of Graduate Studies. (0 units)

699. Thesis
Independent graduate research resulting in thesis and successful defense. Prerequisites: advancement to candidacy and consent of program coordinator. (4 units)

999. Comprehensive Examination
An assessment of the student's ability to integrate the knowledge of the areas, show critical and independent thinking and demonstrate mastery of the subject matter. Prerequisites: advancement to candidacy, approval of department, completion of course work in the master's program and in good academic standing. (0 units)
SOCIAL WORK

Master of Social Work
Accredited by the Council on Social Work Education

Credential
Pupil Personnel Services - Social Work (Credential requirements can be found on Page 425.)

Department of Social Work
Social and Behavioral Sciences Building, Room 423
880-5501

FACULTY: Janet Chang, Thomas Davis, Trang Hoang, Beverly Johnson, Ray Liles, Nancy Mary, Rosemary McCaslin, Teresa Morris (Chair), Laurie Smith, John Preble, Zoila Gordon, George Taylor

MASTER OF SOCIAL WORK
Requirements (90 units)

The Department of Social Work offers courses leading to the Master of Social Work (MSW) degree and is designed to provide for the education of advanced social work practitioners. The program is based upon the requirements of the Council on Social Work Education, the national accrediting body for social work programs.

The MSW program is structured into two models: Model (1) offers six quarters of course work leading to the MSW degree within two academic years. This option is intended for students who can devote their time and attention to full-time, intensive study. Model (2) offers the same course work over three academic years (three year plan may include summer courses). It must be emphasized that an MSW program is very demanding of time and energy. Model (2) is not designed for students who must work 40 hours per week. It is necessary for these students to reduce their hours of employment. Those who must work 40 hours per week should consider a planned four-year course of study.

The MSW program comprises a Foundation and Advanced curriculum. Students must complete all Foundation and Advanced classes. The Advanced curriculum is divided into micro and macro social work practice. The micro practice sequence of courses prepares students to work with individuals, families and groups. The macro practice sequence of courses prepares students to work with organizations and communities with an integrated focus on policy practice.

The Pupil Personnel Services Credential in Social Work (PPS-SW) prepares students to be social workers in school settings. See Page 425.

Admission to the Program
1. A baccalaureate degree from an accredited college or university;
2. A grade point average of 3.0 (“B”) or better in all course work;
3. Selected a thesis committee and gained approval of the thesis topic by the thesis committee if a thesis is chosen;
4. Completed with a grade point average of 3.0 (“B”), at least 48 quarter units of course work;
5. Demonstrated academic and professional competence in field and classroom.

Requirements for Graduation
1. A minimum of 90 quarter units of designated graduate courses as approved on the petition for advancement to candidacy. Seventy-seven of the quarter units must be completed at this university (with the exception of MSW course work from an accredited program);
2. A grade point average of at least 3.0 (“B”);
3. Completion of a culminating research project or a thesis;
4. Up to one half of the course work (45 quarter units) may be transferred from an accredited MSW program. Only grades of “B” (3.0) or better will be accepted and students must first be accepted for admission. Courses not in keeping with program requirements may not be acceptable;
5. Completion of all MSW coursework within a four year period;
6. Completion of SW 625AB. Research Project, which will fulfill the graduation writing requirement;
7. Any additional requirements not cited above and listed on Page 356.

Electives
In lieu of taking all electives in the social work curriculum, students may elect to take up to four units of relevant 500- or 600-level electives from other disciplines with the approval of their advisor.

Accreditation
The program was granted full accreditation by the Commission on Accreditation of the Council on Social Work Education in February, 1992. Questions regarding accreditation should be directed to the chair of the Department of Social Work.
Residency

The student must carry an academic workload of a minimum of eight units of 500- or 600-level course work for three consecutive quarters to achieve the residency requirement of full-time graduate status as defined by the university.

Degree Requirements (90 units)

The program is structured into two Models: Model 1 is designed for students who can devote their time and attention to intensive study. It offers six quarters of course work leading to the MSW degree in two years. Model 2 is designed for students who need to spread their studies over a longer period of time to accommodate other responsibilities. It offers course work leading to the MSW degree in three years. The timing of particular courses for the Model 1 and Model 2 programs are described in The MSW Student Handbook, available in the department office.

In keeping with accreditation requirements, all course work for the MSW degree must be completed within four years and students must enroll in at least two courses during each quarter for which they are registered. (The latter requirement does not apply to summer sessions.)

Course work required for the MSW degree is divided into the foundation curriculum and the advanced curriculum. In Model 1, foundation courses are completed in the first three quarters of study; in Model 2, the same courses are taken over the first two years of study. Courses in the advanced curriculum are taken in the second year of Model 1; the third year of a three-year program is virtually identical to a full-time program in coverage of the advanced curriculum. In a four-year program, the advanced courses are taken in the last two years of study. The advanced curriculum is divided into the micro and macro practice sequences. All students take both sequences.

Required courses leading to the MSW degree cover five curricular areas: Micro Practice, Macro Practice, Human Behavior and the Social Environment (HBSE), Research and Field Work. Courses within each category must be completed in sequence, as they are listed below, and all foundation courses in a category must be completed before registering in the advanced courses in the same category.

Foundation Courses (52 units)

1. Foundation Micro Practice (10 units)
   - SW 602A. Foundation Micro Practice I (4)
   - SW 602B. Foundation Micro Practice II (4)
   - SW 602C. Foundation Micro Practice III (2)

2. Foundation Macro Practice (10 units)
   - SW 606A. Foundation Macro Practice I (4)
   - SW 606B. Foundation Macro Practice II (4)
   - SW 606C. Foundation Macro Practice III (2)

3. HBSE (12 units)
   - SW 604A. Human Behavior in the Social Environment I (4)
   - SW 604B. Human Behavior in the Social Environment II (4)

4. Research (8 units)
   - SW 612. Social Work Research I (4)
   - SW 613. Social Work Research II (4)

5. Field (12 units)
   - SW 608A. Field Work (4)
   - SW 608B. Field Work (4)
   - SW 608C. Field Work (4)

6. Four units of electives, approved by advisor if taken outside the department.

Advanced Year (38 units)

1. Research (4 units)
   - SW 625A. Research Project (2)
   - SW 625B. Research Project (2)

2. Field (12 units)
   - SW 608D. Field Work (4)
   - SW 608E. Field Work (4)
   - SW 608F. Field Work (4)

3. Advanced Practice Courses (20 units)

Micro Practice
   - SW 645. Social Work Advanced Micro Practice I (4)
   - SW 646. Social Work Advanced Micro Practice II (4)
   - SW 647. Social Work Advanced Micro Practice III (2)

Macro Practice
   - SW 655. Social Work Advanced Macro Practice I (4)
   - SW 656. Social Work Advanced Macro Practice II (4)
   - SW 657. Social Work Advanced Macro Practice III (2)

4. Integrative Seminar (2 units)
   - SW 660. Advanced Practice Integrative Seminar (2)

Note: The research project represents the culminating graduate experience. A thesis may be done as an expansion of the research project but is optional. The research project is developed in SW 613 and is carried out in the field setting. It must be on a social work practice topic, must use objective analysis and will be presented to faculty and field personnel orally and in writing.

COURSE OFFERINGS IN SOCIAL WORK  (SW)

Upper Division

595. Independent Study
Special topics involving library and/or field research. Prerequisite: consent of instructor. (Credit to be arranged: 1 to 4 units)

Graduate/Postbaccalaureate

May not be taken by undergraduate students

602. Foundation Micro Practice
Introduction to generalist model of practice with individuals, families and groups, comparative theories of micropractice, introductory intervention skills. Prerequisites: classified graduate standing in the MSW program and consent of department.
   A. I: Overview of generalist model and history (4 units)
   B. II: Comparative theories and models. Prerequisite: SW 602A. (4 units)
   C. III: Introductory intervention skills. Prerequisite: SW 602B. (2 units)

604. Human Behavior in the Social Environment
Critical appraisal and review of individual development from infancy through old age, from biological, sociological, cultural and psychological perspectives. Prerequisites: classified graduate standing in the MSW program and consent of department.
   A. I: Birth Through Adolescence. (4 units)
   B. II: Adulthood and Aging. Prerequisite: SW 604A. (4 units)

606. Foundation Macro Practice
Introduction to generalist model of practice with organizations and communities including policy practice in both arenas. Theories of power and leadership. Introductory skills in task groups,
### 500 / Social Work

Leadership and collaboration. Prerequisites: classified graduate standing in the M.S.W. program and consent of department.

<td>620</td>
<td>Social Work with Alcohol and Drug Abuse</td>
<td>An examination of theories, research and treatment regarding alcohol and drug abuse. Satisfies California LCSW and MFCC requirement. Prerequisite: classified graduate standing in the MSW program or consent of instructor. (4 units)</td>
<td></td>
</tr>
<tr>
<td>621</td>
<td>Group Work With Alcohol and Drug Abuse</td>
<td>Training in group work with persons affected by chemical dependency. Course includes group communication theory, a study of behaviors common to chemical dependency, and assessment and techniques of group intervention. (4 units)</td>
<td></td>
</tr>
<tr>
<td>622</td>
<td>Crisis Intervention and Emergency Treatment</td>
<td>An examination of crisis theory. Principles and practice of crisis intervention treatment. Prerequisite: classified graduate standing in the MSW program or consent of instructor. (4 units)</td>
<td></td>
</tr>
<tr>
<td>625</td>
<td>Research Project</td>
<td>A culminating graduate experience in which a practice issue specific to the student's field setting and specialization is objectively evaluated and presented orally and in writing. A. Students gather data and complete initial stages of implementation of research project. Prerequisites: SW 612, 613 and consent of department. (2 units) B. Students complete data analysis, write the research report and present findings. Prerequisites: SW 612, 613, 625A and consent of department. (2 units)</td>
<td></td>
</tr>
<tr>
<td>626</td>
<td>Social Service Administration</td>
<td>Study of public and private social service organization management, including organizational goals and processes, fundraising, public relations, and fiscal and human resources. Prerequisite: classified graduate standing in the MSW program or consent of instructor. (4 units)</td>
<td></td>
</tr>
<tr>
<td>627</td>
<td>Psychopathology</td>
<td>An advanced human behavior course giving the student an understanding of dysfunctional behavior and the application of DSM to the diagnostic function. Formerly SW 604C and 627. Prerequisites: SW 604A, 604B and consent of department. (4 units)</td>
<td></td>
</tr>
<tr>
<td>628</td>
<td>Community Organization</td>
<td>Prepares the social work student for work in communities to identify community problems, to stimulate development of appropriate organizations and to bring about social change. Prerequisite: classified graduate standing in the MSW program or consent of instructor. (4 units)</td>
<td></td>
</tr>
<tr>
<td>629</td>
<td>Advanced Social Welfare Policy Analysis</td>
<td>Examines in an analytical, behavioral and systems sciences approach social welfare policy with an emphasis on the development of evaluative skills in applied decision making. This course is equivalent to PA 680. Public Policy Analysis. Students may not receive credit for both. Prerequisites: SW 606A, 606B and consent of department. (4 units)</td>
<td></td>
</tr>
<tr>
<td>630</td>
<td>Social Work Intervention with Families</td>
<td>Study of social work practice situations in which the family is the primary unit of treatment. Includes the work of Satir, Ritchie and Bowen among others. Prerequisite: classified graduate standing in the MSW program or consent of instructor. (4 units)</td>
<td></td>
</tr>
<tr>
<td>631</td>
<td>Social Work Intervention with Children</td>
<td>Preparation for social work practice with children who have serious social, emotional and physical difficulties. The course prepares students for work in social work settings such as family service and community mental health settings where dysfunctional children are often seen. Prerequisite: classified graduate standing in the MSW program or consent of instructor. (4 units)</td>

632. Forensic Social Work
Focus on evidential and procedural rules in court testimony which relate to social work practice. Emphasis on court testimony involving child abuse and neglect, sexual violence, and institutionalization of the mentally ill. Prerequisite: classified graduate standing in the MSW program or consent of instructor. (4 units)

633. Social Work Intervention with the Elderly
Intervention with the elderly. Case management functions of social work practice with the elderly as well as clinical interventions in problems often troubling the elderly. Prerequisite: classified graduate standing in the MSW program or consent of instructor. (4 units)

634. Play Therapy With Children in Crisis
Examines the theoretical background of play therapy, the assessment of children in crisis, the goals, process and technique of play therapy. (4 units)

635. Supervision in Social Work
Review of major supervisory functions in social work agencies with special attention to clinical supervision of practice, supervising compliance with agency policies and supervision of agency workload expectations. Prerequisite: classified graduate standing in the MSW program or consent of instructor. (4 units)

637. School Social Work
Addresses competences such as social work with students and teachers in the classroom setting; social work with students and their families around learning issues and family problems; the application of learning theory to students’ school experience; social work with diverse student populations; case management of services both inside and outside the school site; and social work in the community setting to promote student learning. (4 units)

638. Public Child Welfare: Policy and Practice
Public child welfare services and issues from an advanced generalist perspective. Prepares social work students for evidence-based, culturally competent, family-focused, strength-based, and outcome-oriented child welfare practice. (4 units)

641. Social Work and the Law
Addresses the knowledge and skills needed by social workers when interfacing with the legal system in various social work practice settings including children, youth, and families; and mental health. Formerly a topic under SW 690. (4 units)

645. Social Work Advanced Micro Practice I
Theories and models of practice learned in Foundation year curriculum are applied to the acquisition of practice skills that can be applied to work with individuals, groups and families within specific social work practice settings. Formerly SW 640. Prerequisites: completion of Foundation courses and consent of department. (4 units)

646. Social Work Advanced Micro Practice II
Models of practice relating to skills and competencies such as case management, inter-agency collaboration and advanced multi-system assessment are addressed. Prerequisites: SW 645 and consent of department. (4 units)

647. Social Work Advanced Micro Practice III
Social work practice with individuals, families and groups in specific populations commonly served by social workers. This includes an understanding of the various roles a social worker might play with this client population including, therapist, case manager, medication manager, protective services worker, substance abuse specialist, researcher, educator, etc. Prerequisites: SW 646 and consent of department. (2 units)

655. Social Work Advanced Macro Practice I
Theories and models of community practice and organizational/agency development that have been learned in the Foundation year are applied to the development of specific skills while working with organizations/agencies and communities in social work settings. This includes social planning, community development, political advocacy, and social action. Formerly SW 650. Prerequisites: completion of Foundation year courses and consent of department. (4 units)

656. Social Work Advanced Macro Practice II
Strategies for organizational and community change including policy practice in both organizational/agency and community settings, coalition building, program development, budgeting, grant writing and interagency networking. Formerly SW 651. Prerequisites: SW 655 and consent of department. (4 units)

657. Social Work Advanced Macro Practice III
Leading organizational/agency development and change. Social work roles addressed include supervisor, trainer/mentor, team leader and program evaluator. Formerly SW 652. Prerequisites: SW 656 and consent of department. (2 units)

660. Advanced Practice Integrative Seminar
Integration of content learned in the micro and macro sequences through the use of case studies and a seminar model of learning. Prerequisites: SW 645, 646, 655, and 656, current enrollment in SW 647 and 657 and consent of department. (2 units)

690. Advanced Topics in Social Work
An intensive study of some aspect of social work. May be repeated for credit as topics change. Prerequisite: classified graduate standing in the MSW program or consent of instructor. (4 units)

698. Extended Enrollment
Independent study leading to completion of requirements (other than course work) for the master's degree. To retain classified standing in the master's program, a student must enroll in 698 each quarter until the project or thesis is accepted or the comprehensive examination passed. Students who enroll in 698 through the university have full use of all university facilities. (Note: Students enrolled in 698 through the College of Extended Learning and taking no other courses through the regular university have access only to the library and their professor.) See Page 358, Culminating Experience: Exam, Thesis, or Project. Prerequisites: advancement to candidacy and approval of program graduate coordinator or, if an interdisciplinary studies major, consent of the Dean of Graduate Studies. (0 units)

699. Thesis Research
Preparation of a thesis for the Master of Social Work degree program under the direction of a student's thesis committee. Prerequisites: classified graduate standing and consent of department. (4 units)
502 / Social Work

999. Graduate Comprehensive Examination
An assessment of the student's ability to integrate the knowledge of the area, show critical and independent thinking and demonstrate mastery of the subject matter. Prerequisites: advancement to candidacy, approval of department, completion of course work in the master's program and in good academic standing. Required for the Pupil Personnel Services Credential, Social Work only. (0 units)
**SOCIOMETRY**

Instructional Technology and Design** | Survey of audio and computer-based technologies commonly available in language media centers and instruction in the design of courseware, the use of authoring systems, and the design of pedagogical materials. Three hours lecture and two hours laboratory. Prerequisites: CSCI 127 or equivalent or consent of instructor. (4 units) |
| **605. History of the Spanish Language** | History of the Spanish language from pre-Roman days to the present. Prerequisite: consent of instructor. (4 units) |
The following courses are offered in support of graduate degree programs offered at this university.

**COURSE OFFERINGS IN THEATRE ARTS (TA)**

**Graduate/Postbaccalaureate**
May not be taken by undergraduate students

602. Seminar in Dramatic Literature for Stage and Film
Advanced study in particular kinds of dramatic literature and film with special focus on generic problems and issues. May be repeated for credit as topics change. (Also offered as ENG 602. Students may not receive credit for both.) (4 units)

650. Seminar in Dramatic Production
Advanced studies in theatrical production theories and methods, with special focus on generic issues or problems encountered when transferring dramatic literature to the stage. May be repeated for credit as topics change. (4 units)
Dr. Richard Fehn
Professor of Biology
Outstanding Professor, 2004
An alumnus of CSUSB, Dr. Fehn has been a member of the Biology Department since 1983, teaching classes in physiology, anatomy, endocrinology, cellular and developmental biology, among others. One of his chief research areas concern diabetes and its relation to thyroid hormones and obesity.
Eun-Ok Baek, 2002
Assistant Professor of Education

C. Mo Bahk, 2001
Assistant Professor of Communication Studies

Jace Baker, 2002
Lecturer in Management
B.A. 1983, Texas Wesleyan University; M.A. 1987, University of Central Texas.

Sunny J. Baker, 2002
Associate Professor of Accounting and Finance

Maria V. Balderrama, 1994
Associate Professor of Education

Russell J. Barber, 1984
Professor of Anthropology
B.A. 1972, University of Vermont; M.A. 1974, Ph.D. 1979, Harvard University.

Melissa A. Barfield, 2002
Assistant Professor of Sociology
B.A. 1993, Truman State University; M.S. 1995, Ph.D. 2002, Mississippi State University.

Steven P. Barnes, 2002
Lecturer in Physics
B.S., B.A. 1995, California State University, San Bernardino.

Buckley B. Barrett, 1982
Librarian; Head, Automation Services
B.A. 1970, University of California, Los Angeles; M.S. 1973, University of Southern California.

Lisa Bartle, 1999
Senior Assistant Librarian
B.A. 1990, University of California, Santa Barbara; M.A. 1993, University of California, Riverside; M.L.I.S. 1997, University of California, Los Angeles.

G. R. Bassiry, 1987
Professor of Management

Francisca Beer, 1990
Professor of Accounting and Finance
B.A. 1982, M.A. 1983, University of Catholique de Mons; Ph.D. 1990, Catholic University of Louvain.

Susan Beiner, 2000
Assistant Professor of Art

David J. Bellis, 1985
Professor of Public Administration; Chair, Department of Public Administration
B.A. 1966, University of California, Los Angeles; M.A. 1969; Ph.D. 1977, University of Southern California.

Marjorie A. Bennett, 2003
Assistant Professor of Anthropology

Jacques Benzakein, 1985
Professor of World Languages and Literatures
B.A. 1964, Andrews University; M.A. 1966, University of Wisconsin; Ph.D. 1986, University of California, Riverside.

Frances F. Berdan, 1973
Professor of Anthropology
B.A. 1965, M.A. 1967, Michigan State University; Ph.D. 1975, University of Texas.

Gisela Bichler-Robertson, 2000
Assistant Professor of Criminal Justice

Cynthia J. Bird, 1989
Professor of Accounting and Finance
B.A. 1973, College of William and Mary; Ph.D. 1989, University of Georgia.

Charlotte Black, 1999
Lecturer in Education
B.S. 1968, Murray State University; M.A. 1982, California State University, San Bernardino.

Robert A. Blackey, 1968
Professor of History

Sheldon E. Bockman, 1973
Professor of Management

Sarah Boch, 1989
Associate Professor of Kinesiology

Mary Boland, 2001
Assistant Professor of English

Richard J. Botting, 1982
Professor of Computer Science

Nicole Bourrias-Vardiabasis, 1987
Professor of Biology
B.S. 1975, University of California, Irvine; Ph.D. 1978, University of Essex, United Kingdom.

David Bourquin, 1982
Librarian

Linda Braatz-Brown, 2003
Lecturer in Education
B.A. 1975, California State University, Sacramento; M.A. 1994, California State University, San Bernardino.
Diane K. Brantley, 2003
Assistant Professor of Education

Klaus R. Brasch, 1990
Professor of Biology
B.S. 1965, Concordia University; M.S. 1968, Ph.D. 1971, Carleton University, Ottawa, Canada.

Shirley L. Bristol, 2001
Assistant Professor of Nursing
B.S.N. 1976, Andrews University; M.S.N. 1979, Loma Linda University; J.D. 1990, University of LaVerne.

Susan J. Brotherton, 1990
Professor of Education
B.A. 1975, California State Polytechnic University; M.A. 1989, California State University, San Bernardino; Ph.D. 1995, Claremont Graduate University.

James Brown, 1989
Professor of English
B.A. 1980, San Francisco State University; M.F.A. 1986, University of California, Irvine.

Bonnie J. Brunkhorst, 1987
Professor of Education and Geological Sciences
B.A. 1961, M.A. 1961, Boston University; Ph.D. 1987, University of Iowa.

Herbert K. Brunkhorst, 1988
Professor of Education and Biology; Chair, Department of Science, Mathematics and Technology Education
B.A. 1966, Coe College; M.A.T. 1968, Ph.D. 1979, University of Iowa.

Michael R. Burgess, 1970
Librarian; Head, Technical Services
A.B. 1969, Gonzaga University; M.S. in L.S. 1970, University of Southern California.

Ruth E. Burke, 1989
Associate Professor of World Languages and Literatures
B.A. 1972, Loma Linda University; M.A. 1975, Ph.D. 1984, University of California, Riverside.

LaVerne Burmeister, 2002
Assistant Professor of Education
B.A. 1965, Brigham Young University; M.A. 1980, California State University, San Bernardino; Ph.D. 1995, University of California, Riverside.

B. Jill Buroker, 1981
Professor of Philosophy

Allen Butt, 2002
Assistant Professor of Psychology

Mary Cannon, 1998
Lecturer in Nursing
B.S. 1972, University of Central Arkansas; M.S. 1976, California State University, Los Angeles.

B. Robert Carlson, 2001
Professor of Kinesiology; Dean, College of Natural Sciences
B.A. 1964, Trinity University, M.Ed. 1967, Ph.D. 1968, University of Texas-Austin.

David Carlson, 2001
Assistant Professor of English

Olivia Catolico, 2002
Assistant Professor of Nursing
B.S. 1973, California State University, Fresno; M.S. 1986, Loma Linda University; Ph.D. 2002, University of San Diego.

Judith E. Cestaro, 1997
Lecturer in Computer Science
B.A. 1986, Ottawa University; M.S. 1986, University of Nebraska.

Janet C. Chang, 1999
Assistant Professor of Social Work

Professor of Accounting and Finance; Chair, Department of Accounting and Finance
B.S. 1973, National Taiwan University; M.A.S. 1980, Ph.D. 1984, University of Illinois.

Ralph James Charkins, 1976
Professor of Economics

David V. Chavez, 1988
Associate Professor of Psychology

Joseph D. Chavez, 1987
Professor of Mathematics
B.S. 1982, University of San Francisco; M.S. 1985, Ph.D. 1987, University of California, Riverside.

Rong Chen, 1992
Professor of English; Chair, Department of English
B.A. 1979, Xian Foreign Language Institute; M.A. 1986, Ph.D. 1990, Ball State University, Muncie, Indiana.

Dorothy C. Chen-Maynard, 1992
Associate Professor of Health Science and Human Ecology
B.S. 1978, University of Southern California; M.S. 1981, California State University, Los Angeles; Ph.D. 1994, University of California, Davis.

Zeng-yin Chen, 2001
Assistant Professor of Sociology

Yuchin Chien, 1989
Professor of Psychology
B.S. 1975, Chengchi University (Taiwan Intl.); M.S. 1979, Ph.D. 1983, Cornell University.

C. Charles Christie, Jr., 1972
Professor of Public Administration
Rueyling Chuang, 2000  
Assistant Professor of Communication Studies  
B.A. 1987, Tamkang University, Taiwan; M.S. 1992, California State University, Hayward; Ph.D. 1996, Ohio University, Athens.

John P. Clapper, 2002  
Assistant Professor of Psychology  

J. Milton Clark, 1983  
Associate Professor of English; Dean of Undergraduate Studies  

Kim R. Clark, 1998  
Assistant Professor of Health Science and Human Ecology  
B.A. 1971, California State University, Humboldt; M.P.H. 1979, Loma Linda University; Ph.D. 1991, University of California, Berkeley.

Mark T. Clark, 1990  
Professor of Political Science  
B.A. 1984, California State Polytechnic University; M.A. 1986, Ph.D. 1989, University of Southern California.

K. Michael Clarke, 1976  
Professor of Public Administration  
B.A. 1969, M.A. 1970, University College Dublin; Ph.D. 1975, University of Georgia.

Frances S. Coles, 1978  
Professor of Criminal Justice  

Kurt Collins, 1998  
Assistant Professor of Art  
B.A. 1995, University of Colorado; M.S. 1996, Ferris State University.

Mary J. Comadena, 2002  
Lecturer in Education  
B.A. 1962, University of California, Riverside; M.A. 1986, California State University, San Bernardino.

Arturo I. Concepcion, 1990  
Professor of Computer Science; Chair, Department of Computer Science  
B.S. 1969, University of Santo Tomas, Manila; M.S. 1981, Washington State University; Ph.D. 1984, Wayne State University, Detroit.

John A. Conley, 1996  
Professor of Criminal Justice; Dean, College of Social and Behavioral Sciences  

Leo P. Connolly, 1988  
Professor of Physics; Coordinator, Liberal Studies Program  
B.A. 1969, University of California, Berkeley; Ph.D. 1975, University of Arizona.

Margaret H. Cooney, 1983  
Professor of Education  
B.A. 1967, St. Mary's College; M.A. 1969, University of Illinois; Ph.D. 1981, University of Iowa.

Rafael E. Correa, 1985  
Professor of World Languages and Literatures  

Kimberly A. Costino, 2002  
Assistant Professor of English  

Teresa Cotner, 2001  
Assistant Professor of Art  
B.A. 1986, Sonoma State University; M.A. 1994, California State University, Los Angeles; Ph.D. 2000, Stanford University.

Cynthia Cotter, 1998  
Lecturer in English  

Antony Coulson, 2001  
Assistant Professor of Information and Decision Sciences  

Kimberley R. Cousins, 1991  
Associate Professor of Chemistry and Biochemistry  
B.S. 1984, Duke University; Ph.D. 1991, University of Texas, Austin.

John H. Craig, 1971  
Professor of Chemistry and Biochemistry; Associate Dean, College of Natural Sciences  
B.S. 1964, George Washington University; Ph.D. 1969, Georgetown University.

Robert E. Cramer, 1978  
Professor of Psychology  

Tamara L. Craver, 1994  
Associate Professor of Music  

Cynthia A. Crawford, 1996  
Associate Professor of Psychology  
B.A. 1985, Washington University; Ph.D. 1989, University of Kentucky.

Samuel M. Crowell, 1987  
Professor of Education  

K. Michael Clarke, 1976  
Associate Professor of Criminal Justice  

John P. Clapper, 2002  
Assistant Professor of Psychology  

J. Milton Clark, 1983  
Associate Professor of English; Dean of Undergraduate Studies  

Kim R. Clark, 1998  
Assistant Professor of Health Science and Human Ecology  
B.A. 1971, California State University, Humboldt; M.P.H. 1979, Loma Linda University; Ph.D. 1991, University of California, Berkeley.

Mark T. Clark, 1990  
Professor of Political Science  
B.A. 1984, California State Polytechnic University; M.A. 1986, Ph.D. 1989, University of Southern California.

K. Michael Clarke, 1976  
Professor of Public Administration  
B.A. 1969, M.A. 1970, University College Dublin; Ph.D. 1975, University of Georgia.

Frances S. Coles, 1978  
Professor of Criminal Justice  

Kurt Collins, 1998  
Assistant Professor of Art  
B.A. 1995, University of Colorado; M.S. 1996, Ferris State University.

Mary J. Comadena, 2002  
Lecturer in Education  
B.A. 1962, University of California, Riverside; M.A. 1986, California State University, San Bernardino.

Arturo I. Concepcion, 1990  
Professor of Computer Science; Chair, Department of Computer Science  
B.S. 1969, University of Santo Tomas, Manila; M.S. 1981, Washington State University; Ph.D. 1984, Wayne State University, Detroit.

John A. Conley, 1996  
Professor of Criminal Justice; Dean, College of Social and Behavioral Sciences  

Leo P. Connolly, 1988  
Professor of Physics; Coordinator, Liberal Studies Program  
B.A. 1969, University of California, Berkeley; Ph.D. 1975, University of Arizona.

Margaret H. Cooney, 1983  
Professor of Education  
B.A. 1967, St. Mary's College; M.A. 1969, University of Illinois; Ph.D. 1981, University of Iowa.
Thomas D. Davis, 2002
Assistant Professor of Social Work

David L. Decker, 1971
Professor of Sociology

Juan Delgado, 1987
Professor of English
B.A. 1983, California State University, San Bernardino; M.F.A. 1985, University of California, Irvine.

Foad Derakhshan, 1985
Professor of Management

Khamla Dhouti, 2002
Assistant Professor of World Languages and Literatures

Esteban R. Diaz, 1987
Professor of Education

Lynne Diaz-Rico, 1989
Professor of Education

Risa E. Dickson, 1991
Professor of Communication Studies;
Chair, Department of Communication Studies
B.A. 1987, California State University, Northridge; M.A. 1990, Ph.D. 1991, University of Southern California.

Cheryl A. Dipreto, 2002
Lecturer in Nursing
B.S. 1975, State University of New York at Buffalo; M.S. 1991, University of California, Los Angeles.

Paul K. Dixon, 1992
Professor of Physics

Margaret S. Doane, 1976
Professor of English
B.A. 1970, University of Redlands; M.A. 1971, Northern Arizona University; Ph.D. 1976, University of Oregon.

Edna Domingo, 2003
Lecturer in Nursing
B.S.N. 1972, M.S.N. 1987, Adventist University of the Philippines.

John R. Dorocak, 1991
Professor of Accounting and Finance
A.B. 1973, Xavier University, Cincinnati, Ohio; J.D. 1977, Case Western Reserve University, Cleveland, Ohio; LLM (Tax) 1990, University of Florida.

Donald A. Drost, 1987
Professor of Management
B.A. 1975, M.B.A. 1977, California State University, Fullerton; Ph.D. 1984, Virginia Polytechnic Institute and State University.

Robert W. Dunham, 1996
Associate Professor of Music; Chair, Department of Music

Nadia Dyakevich, 2002
Assistant Professor of Mathematics

Harold Dyck, 1989
Professor of Information and Decision Sciences
B.A. 1975, University of Kansas; M.S. 1977, Ph.D. 1982, Purdue University.

Robert Earnest, 2000
Assistant Professor of Theatre Arts

Richard M. Eberst, 1991
Professor of Health Science and Human Ecology
B.A. 1969, Park College; M.A. 1970, Ball State University; Ph.D. 1977, University of Maryland.

Michelle Ebert, 2002
Assistant Professor of Theatre Arts
B.A. 1993, University of Maryland, College Park; M.F.A. 2000, University of Texas, Austin.

Carolyn R. Eggleston, 1991
Associate Professor of Education; Associate Dean, College of Education

Cherrilyn F. Eller, 1991
Lecturer in Management
B.A. 1987, M.A. 1988, California State University, San Bernardino.

Stuart R. Ellins, 1973
Professor of Psychology; Chair, Department of Psychology

Edward J. Erler, 1975
Professor of Political Science; Acting Chair, Department of Political Science

Kathryn Ervin, 1989
Professor of Theatre Arts

Paul Esposito, 1976
Coordinator of Placement Services, Career Development Center
510 / Faculty

Bertram H. Fairchild, Jr., 1983
Professor of English
B.A. 1964, M.A. 1968, University of Kansas; Ph.D. 1975, University of Tulsa.

Cheryl Fischer, 1990
Professor of Education
B.Ed. 1968, M.Ed. 1972, University of Hawaii; Ph.D. 1982, Claremont Graduate University.

Daniel F. Fahey, 2001
Associate Professor of Health Science and Human Ecology
B.A. 1965, University of California, Santa Barbara; M.A. 1972, University of California, Los Angeles; D.P.A. 1993, Arizona State University.

Davida D. Fischman, 1994
Professor of Mathematics

Jennifer Fish-Kashay, 2002
Assistant Professor of History
B.A. 1993, University of California, Riverside; Ph.D. 2002, University of Cincinnati.

Brett Flehinger, 2001
Assistant Professor of History

Barbara M. Flores, 1987
Professor of Education
B.A. 1970, California State University, Hayward; M.A. 1976, California State University, Sacramento; Ph.D. 1982, University of Arizona.

Mary Fong, 1992
Associate Professor of Communication Studies
B.A. 1977, City College of New York; M.S. 1979, University of Southern California; Ph.D. 1984, University of Arizona.

Christopher F. Freiling, 1983
Professor of Mathematics
B.S. 1975, University of San Francisco; Ph.D. 1981, University of California, Los Angeles.

Joan E. Fryxell, 1989
Professor of Geological Sciences
B.A. 1977, Earlham College; M.A. 1980, University of Texas; Ph.D. 1984, University of North Carolina.

John Gabriel, 2003
Associate Professor of Education

Larry K. Gaines, 1998
Professor of Criminal Justice; Chair, Department of Criminal Justice
B.S. 1971, M.S. 1972, Eastern Kentucky University; Ph.D. 1965, Sam Houston State University.

M. Antonieta Gallegos-Ruiz, 1990
Professor of World Languages and Literatures
B.A. 1976, M.A. 1979, California State University, Los Angeles; Ph.D. 1987, University of Southern California.

Beverly Gallo, 1989
Lecturer in Philosophy
B.A. 1971, M.A. 1984, San Jose State University; Ph.D. 1989, University of California, Riverside.

Colleen Gaynes, 2002
Lecturer in Education
Thom G. Gehring, 1991
Professor of Education

George M. Georgiou, 1992
Professor of Computer Science

Rosalie Giacchino-Baker, 1992
Professor of Education

Ellen Gil-Gomez, 2001
Assistant Professor of English
B.A. 1990, University of Nevada, Las Vegas; M.F.A. 1999, University of California, Santa Barbara.

James Gobel, 2001
Assistant Professor of Art

Bruce Golden, 1965
Professor of English

Ernesto Gomez, 2000
Associate Professor of Computer Science
B.A. 1969, Cornell University; M.S. 1975, Universidad de Puerto Rico.

Mirta A. Gonzalez, 1989
Professor of World Languages and Literatures; Chair, Department of World Languages and Literatures
B.S. 1971, University of Kansas; M.A. 1973, Ohio University; M.A. 1982, California State University, Los Angeles; Ph.D. 1990, University of Southern California.

K. Kurt Graham, 2002
Assistant Professor of History

Jo Anna Grant, 2003
Assistant Professor of Communication Studies

William Green, 1995
Associate Professor of Political Science

Sue Greenfeld, 1987
Professor of Management; Associate Dean for Student Affairs, College of Business and Public Administration
B.A. 1968, Whittier College; M.B.A. 1973, California State University, Los Angeles; D.B.A. 1978, University of Southern California.

Marsha Greer, 2001
Assistant Professor of Health Science and Human Ecology
B.A. 1973, University of Northern Colorado; M.S. 1977, Washington State University; M.S. 1990, University of Oregon; Ph.D. 1995, Oregon State University.

Chris C. Grenfell, 1975
Professor of Kinesiology
A.B. 1971, San Diego State University; M.S. 1973, University of California, Los Angeles; Ph.D. 1984, University of Southern California.

Gary R. Griffig, 1987
Professor of Mathematics

Juan M. Gutierrez, 1987
Professor of Education

Jeffrey D. Hackel, 1990
Professor of Geography; Chair, Department of Geography
B.A. 1968, University of California, Berkeley; M.A. 1975, California State University, Hayward; Ph.D. 1988, University of California, Riverside.

Bryan Haddock, 2001
Assistant Professor of Kinesiology

Gabrielle A. Halko, 2003
Assistant Professor of English

Joan T. Hallett, 1981
Professor of Mathematics
B.Sc. 1957, University of Exeter; Ph.D. 1961, University of London.

Ilseop Han, 2001
Assistant Professor of Mathematics

Joyce A. Hanson, 1998
Associate Professor of History

Lee W. Hanson, 1991
Professor of Management
B.A. 1977, Indiana University; M.P.A. 1980, California State University, Long Beach; Ph.D. 1992, University of California, Irvine.

Kimberly Hartnett, 2002
Lecturer in Education
B.A. 1987, University of California, San Diego; M.A. 1998, California State University, San Bernardino.

Roger Harthrong, 2003
Lecturer in Nursing
B.S.N. 1992, Pacific Union College; M.S.N. 1998, California State University, Long Beach.
512 / Faculty

Zahid Hasan, 1985
Professor of Mathematics

Carol P. Haviland, 1987
Professor of English
B.A. 1962, Loma Linda University; M.A. 1969, Boston College; Ph.D. 1994, University of California, Riverside.

Frederick Hebein, 1989
Professor of Marketing

John W. Heeren, 1971
Professor of Sociology

Brian Heisterkamp, 2001
Assistant Professor of Communication Studies

Craig Henderson, 1977
Student Services Counselor and Coordinator, Student Conduct; Judicial Affairs Officer
B.A. 1967, Rutgers University; M.A. 1968, Colgate University; Ph.D. 1976, University of Denver.

Holly Henry, 2000
Assistant Professor of English

Linvol G. Henry, 1985
Professor of Accounting and Finance
B.S. 1968, Atlantic Union College; M.S. 1973, Long Island University.

Phyllis A. Hensley, 2003
Assistant Professor of Education

Jose S. Hernandez, 1991
Professor of Education

James E. Hill, 2001
Lecturer in Education
B.A. 1964, Whittier College; M.A. 1996, University of California, Riverside.

Trang H. Hoang, 2001
Assistant Professor of Social Work

Charles D. Hoffman, 1974
Professor of Psychology
B.S. 1967, Ph.D. 1972, Adelphi University.

Irvin Howard, 1981
Professor of Education

Joe S. Hughes, 1998
Assistant Professor of Health Science and Human Ecology

Sung-Kyoo Huh, 1987
Professor of Accounting and Finance
B.E. 1977, Korea University; M.B.A. 1982, State University of New York, Buffalo; Ph.D. 1988, Kent State University.

Heather L. Hundley, 1999
Assistant Professor of Communication Studies
B.A. 1992, M.A. 1994, California State University, Sacramento; Ph.D. 1999, University of Utah.

Young Suk Hwang, 2000
Associate Professor of Education

Sung-Heh Hyon, 1994
Associate Professor of English

Fred E. Jandt, 1983
Professor of Communication Studies; Acting Dean, Palm Desert Campus

Brian P. Janiskee, 1998
Assistant Professor of Political Science

Todd E. Jennings, 1990
Professor of Education
B.A. 1962, M.A. 1968, Sonoma State University; Ph.D. 1985, University of Arizona.

Beverly Johnson, 2001
Lecturer in Social Work
B.S. 1983, Chapman College; M.S.W. 1986, California State University, Fresno.

Bret A. Johnston, 2003
Assistant Professor of English
B.A. 1996, Texas A&M University; M.A. 2000, Miami University; Ph.D. 2002, University of Iowa Writers' Workshop.

Richard M. Johnston, 1990
Professor of Art
B.A. 1966, California State University, Long Beach; M.F.A. 1968, Cranbrook Academy of Art.
Yuichiro Kakihara, 2000
Assistant Professor of Mathematics
B.S. 1974, M.S. 1976, Dr. Sc. 1985, Tokyo Institute of Technology, Tokyo, Japan.

N. Laura Kampfner, 1984
Professor of Psychology
B.S. 1976, San Diego State University; M.S. 1979, University of California, Davis; Ph.D. 1984, Michigan State University.

Sandra D. Kamusikiri, 1984
Professor of English; Associate Vice President of Assessment and Planning, and Dean of Graduate Studies

Yasha Karant, 1989
Associate Professor of Computer Science
B.A. 1975, Immaculate Heart/Cal Tech; Ph.D. 1981, University of California, Berkeley.

Albert K. Karnig, 1997
Professor of Political Science and Public Administration; President

Ina Katz, 1999
Lecturer in Education
B.A. 1959, University of California, Los Angeles; M.A. 1973, Ph.D. 1980, University of California, Riverside.

James C. Kaufman, 2002
Assistant Professor of Psychology

Martha P. Kazlo, 1976
Counselor; Director, Counseling and Health Services

Sant K. Khalsa, 1988
Professor of Art; Chair, Department of Art

Rauf A. Khan, 1976
Professor of Accounting and Finance
B.S. 1958, Montana State University; M.B.A. 1967, University of Montana; D.B.A. 1973, University of Colorado.

Mary Killingsworth, 2002
Lecturer in Education
B.A. 1961, Hastings College, Nebraska; M.S. 1976, University of Nebraska, Kearney.

Dong M. Kim, 1990
Professor of Accounting and Finance
B.S. 1978, So Gang University; M.B.A. 1984, West Georgia College; Ph.D. 1990, Arizona State University.

Jeannine C. King, 1990
Professor of Management
B.A. 1977, M.A. 1980, California State University, Fullerton; Ph.D. 1992, Claremont Graduate University.

Anita Kinser, 2002
Assistant Professor of Nursing
B.A. 1986, University of LaVerne; M.S. 1995, California State University, Dominguez Hills.

Stephen Kinzey, 2001
Assistant Professor of Kinesiology
B.S. 1990, Wayne State University; M.A. 1994, Indiana State University; Ph.D. 1997, University of Toledo, Ohio.

Michal Kohout, 2003
Lecturer in Geography
B.A. 1993, University of Western Ontario; M.A. 1996, Southwest Texas State University.

Karen Kolheim, 1988
Associate Professor of Physics
B.S. 1977, Michigan State University; Ph.D. 1983, State University of New York at Stony Brook.

Leslie M. Kong, 1990
Librarian; Head, Public Services
B.A. 1975, San Francisco State University; M.L.S. 1977, University of California, Berkeley; M.B.A. 1987, California State University, Sacramento.

Kazim Konyar, 1991
Professor of Economics

Hideya Koshino, 1994
Assistant Professor of Psychology

Janet L. Kottke, 1984
Professor of Psychology

Kurt Kowalski, 2003
Associate Professor of Education

Guenther G. Kress, 1987
Professor of Public Administration

Ellen L. Kronowitz, 1978
Professor of Education

Mark P. Kumler, 1997
Associate Professor of Geography

Robert LaChausse, 2002
Lecturer in Health Science and Human Ecology

Alexandria LaFaye, 2000
Assistant Professor of English

Kevin G. Lamade, 1991
Professor of Communication Studies
514 / Faculty

Kenneth E. Lane, 1989
Professor of Education
B.S. 1969, Indiana State University; M.Ed. 1973, University of Missouri; Ed.D. 1983, Texas A&M University-Commerce.

Suzanne Lane, 2002
Assistant Professor of English
S.B. 1985, Massachusetts Institute of Technology; M.A. 1989, University of Colorado; Ph.D. 2000, University of Massachusetts, Amherst.

Barbara D. Larrivee, 1988
Professor of Education

Associate Professor of Education

Angela Louque, 2000
Associate Professor of Education

Janice Loutzenhiser, 1976
Associate Professor of Management
B.A. 1970, University of Southern California; M.A. 1972, George Washington University; J.D. 1975, University of Virginia.

Joseph Lovett, 1989
Associate Professor of Health Science and Human Ecology
B.S. 1964, University of Michigan.

Lee A. Lyons, 1990
Professor of Theatre Arts

Marjorie McCabe, 1990
Professor of Education
B.S. 1976, M.Ed. 1977, Suffolk University; Ph.D. 1986, University of Southern California.

Rosemary McCaslin, 1990
Professor of Social Work

Faith H. McClure, 1990
Professor of Psychology
B.A. 1979, Fresno Pacific College; M.S. 1982, California State University, Fresno; Ph.D. 1989, University of California, Los Angeles.

Sanders McDougall, 1991
Professor of Psychology

Theodore R. McDowell, 1983
Professor of Geography

Larry E. McFatter, 1995
Professor of Music

Susan J. McGee, 2000
Assistant Professor of Nursing
B.S.N. 1971, Walla Walla College; M.S. 1978, Loma Linda University.

Associate Professor of Education

Angela Louque, 2000
Associate Professor of Education

Janice Loutzenhiser, 1976
Associate Professor of Management
B.A. 1970, University of Southern California; M.A. 1972, George Washington University; J.D. 1975, University of Virginia.

Joseph Lovett, 1989
Associate Professor of Health Science and Human Ecology
B.S. 1964, University of Michigan.

Lee A. Lyons, 1990
Professor of Theatre Arts

Marjorie McCabe, 1990
Professor of Education
B.S. 1976, M.Ed. 1977, Suffolk University; Ph.D. 1986, University of Southern California.

Rosemary McCaslin, 1990
Professor of Social Work

Faith H. McClure, 1990
Professor of Psychology
B.A. 1979, Fresno Pacific College; M.S. 1982, California State University, Fresno; Ph.D. 1989, University of California, Los Angeles.

Sanders McDougall, 1991
Professor of Psychology

Theodore R. McDowell, 1983
Professor of Geography

Larry E. McFatter, 1995
Professor of Music

Susan J. McGee, 2000
Assistant Professor of Nursing
B.S.N. 1971, Walla Walla College; M.S. 1978, Loma Linda University.

Associate Professor of Education

Angela Louque, 2000
Associate Professor of Education

Janice Loutzenhiser, 1976
Associate Professor of Management
B.A. 1970, University of Southern California; M.A. 1972, George Washington University; J.D. 1975, University of Virginia.

Joseph Lovett, 1989
Associate Professor of Health Science and Human Ecology
B.S. 1964, University of Michigan.

Lee A. Lyons, 1990
Professor of Theatre Arts

Marjorie McCabe, 1990
Professor of Education
B.S. 1976, M.Ed. 1977, Suffolk University; Ph.D. 1986, University of Southern California.

Rosemary McCaslin, 1990
Professor of Social Work

Faith H. McClure, 1990
Professor of Psychology
B.A. 1979, Fresno Pacific College; M.S. 1982, California State University, Fresno; Ph.D. 1989, University of California, Los Angeles.

Sanders McDougall, 1991
Professor of Psychology

Theodore R. McDowell, 1983
Professor of Geography

Larry E. McFatter, 1995
Professor of Music

Susan J. McGee, 2000
Assistant Professor of Nursing
B.S.N. 1971, Walla Walla College; M.S. 1978, Loma Linda University.

Associate Professor of Education

Angela Louque, 2000
Associate Professor of Education

Janice Loutzenhiser, 1976
Associate Professor of Management
B.A. 1970, University of Southern California; M.A. 1972, George Washington University; J.D. 1975, University of Virginia.

Joseph Lovett, 1989
Associate Professor of Health Science and Human Ecology
B.S. 1964, University of Michigan.
George McGinnis, 1989

Professor of Art

Thomas McGovern, 2000
Assistant Professor of Art
B.A. 1988, Empire State College, New York; M.F.A. 2000, California State University, Fullerton.

Patrick S. McInturff, Jr., 1978
Professor of Management; Interim Chair, Department of Management
B.S. 1972, M.A. 1974, University of California, Riverside; J.D. 1976, La Verne University; Ph.D. 1979, University of California, Riverside.

Shawnee L. McMurran, 2000
Assistant Professor of Mathematics
B.S. 1985, M.S. 1987, University of California, Riverside.

Jeffrey McNair, 1989
Professor of Education

Stacy Magedanz, 2000
Senior Assistant Librarian

Kenneth A. Mantei, 1968
Professor of Chemistry and Biochemistry
A.B. 1962, Pomona College; Ph.D. 1967, Indiana University.

Alemayehu Mariam, 1989
Professor of Political Science
B.A. 1974, Augusta College; M.A. 1975, University of Northern Iowa; Ph.D. 1984, University of Minnesota; J.D. 1988, University of Maryland.

Norton E. Marks, 1990
Professor of Marketing; Interim Dean, College of Business and Public Administration
B.S. 1960, University of Nebraska, Omaha; M.B.A. 1961, Indiana University; Ph.D. 1971, University of Washington.

Carolyn A. Martin, 1974
Professor of Kinesiology
B.S. 1968, Lincoln University; M.A. 1974, California State Polytechnic University, Pomona; Ph.D. 1994, Pepperdine University.

Corinne Martinez, 1999
Associate Professor of Education
B.A. 1990, M.A. 1994, California State University, Los Angeles; Ph.D. 2000, University of California, Los Angeles.

Marcia Marx, 1995
Associate Professor of Sociology
B.A. 1984, California State Polytechnic University, Pomona; M.A. 1987, Ph.D. 1993, University of California, Riverside.

Nancy Mary, 1989
Professor of Social Work

James Mason, 1992
Assistant Professor of Education
B.A. 1963, Ball State University; M.A.T. 1967, Ph.D. 1988, Purdue University.

Kathleen Mason, 2001
Assistant Professor of Education

Audrey L. Mathews, 1996
Associate Professor of Public Administration
B.S. 1980, West Coast University; M.P.A. 1991, California State University, Northridge; D.P.A. 2003, University of Southern California.

Camille Mayers, 1999
Assistant Professor of Education
B.A. 1988, California State University, Long Beach; M.A. 1991, California State University, San Bernardino; Ph.D. 1996, Texas A&M University.

David F. Maynard, 1993
Professor of Chemistry and Biochemistry; Chair, Department of Chemistry and Biochemistry
B.S. 1976, California State University, San Bernardino; M.S. 1988, California State University, Long Beach; Ph.D. 1992, University of California, Riverside.

Norman Meek, 1989
Professor of Geography
B.A. 1982, University of Kansas; M.A. 1984, Michigan State University; Ph.D. 1990, University of California, Los Angeles.

Susan Meisenhelder, 1982
Professor of English

Thomas M. Meisenhelder, 1975
Professor of Sociology

Erik B. Melchiorre, 2002
Assistant Professor of Geological Sciences
B.S. 1990, University of Southern California; M.S. 1993, Arizona State University; Ph.D. 1998, Washington University.

Josephine G. Mendoza, 1984
Associate Professor of Computer Science
B.S. 1974, M.Eng. 1977, University of the Philippines; Ph.D. 1984, University of Illinois.

Anthony E. Metcalf, 1999
Assistant Professor of Biology
B.A. 1977, Simon Fraser University; B.S. 1988, Ph.D. 1998, University of California, Riverside.

C. Rod Metts, 2002
Assistant Professor of Communication Studies
B.A. 1984, M.A. 1988, San Francisco State University; Ph.D. 1994, Ohio State University, Columbus.

Lal Mian, 1999
Associate Professor of Health Science and Human Ecology
Randi L. Miller, 1987
Professor of Sociology; Chair, Department of Sociology

Larry M. Mink, 1992
Professor of Chemistry and Biochemistry
B.S. 1984, Hebrew University of Jerusalem; M.S. 1986, Ph.D. 1990, University of California, Riverside.

Mary E. Molle, 1995
Associate Professor of Nursing
B.S. 1981, University of California, Los Angeles; M.S. 1988, University of Toronto.

Clark Molstad, 1984
Professor of Management

James M. Monaghan, 1996
Associate Professor of Education; Director, Distributed Learning/Title V
B.A. 1985, St. Anselm College; Ed.D. 1996, University of Massachusetts.

Thomas E. Moody, 1985
Associate Professor of Philosophy

Terese Morris, 1989
Professor of Social Work; Chair, Department of Social Work
B.Sc. 1971, University of Loughborough, England; M.S.W. 1984, University of Hawaii; D.S.W. 1988, University of California, Berkeley.

Ahlam H. Muhtaseb, 2003
Lecturer in Communication Studies
B.A. 1994, Hebrew University; M.A. 2000, University of Memphis.

James L. Mulvihill, 1981
Professor of Geography

Enrique G. Murillo, Jr., 1999
Associate Professor of Education

Owen J. Murphy, 1990
Professor of Computer Science

Kathleen M. Nadeau, 1999
Assistant Professor of Anthropology
B.S. 1976, Fitchburg State University; M.A. 1980, University of San Carlos; Ph.D. 1995, Arizona State University.

Chris Naticchia, 1995
Associate Professor of Philosophy

Gary A. Negin, 1985
Professor of Education
B.A. 1971, University of Notre Dame; M.Ed. 1974, Florida Atlantic University; M.A. 1988, Marquette University; Ph.D. 1977, University of Minnesota.

Terri J. Nelson, 1995
Associate Professor of World Languages and Literatures

Brian W. Newberry, 2003
Assistant Professor of Education
B.A. 1985, Southern Illinois University of Edwardsville; M.S. 1993, Northern Arizona University; Ph.D. 2003, University of Kansas.

Maureen Newlin, 1998
Lecturer in English
B.A. 1975, M.A. 1989, California State University, San Bernardino.

Assistant Professor of Marketing

Frederick A. Newton, 1975
Professor of Psychology
B.S. 1967, St. Peter's College; M.S. 1970, Villanova University; Ph.D. 1975, University of Houston.

Wesley A. Niewoehner, 2001
Assistant Professor of Anthropology
B.A. 1982, Colorado College; M.A. 1990, Colorado State University; Ph.D. 2000, University of New Mexico.

Eric Nilsson, 1989
Professor of Economics
A.B. 1979, University of California, Berkeley; Ph.D. 1989, University of Massachusetts, Amherst.

Phyllis Nix, 2002
Lecturer in Nursing
M.A. 1976, California State University, Los Angeles; M.S. 1963, Loma Linda University; Ph.D. 1998, Pacific Western University, Hawaii.

James A. Noblet, 2003
Assistant Professor of Chemistry and Biochemistry
B.S. 1983, University of California, Los Angeles; M.S. 1991, California State University, Long Beach; Ph.D. 1997, University of California, Los Angeles.

Ruth A. Norton, 1985
Professor of Education

James S. Okon, 1981
Professor of Mathematics
B.S. 1974, University of California, Riverside; M.S. 1976, Michigan State University; Ph.D. 1980, University of California, Riverside.

Shari Oliver, 1993
Counselor, Psychological Counseling Center
B.S. 1965, University of Arizona; M.S. 1986, Loma Linda Graduate School.
Paul M. Orwin, 2003  
Assistant Professor of Biology  
B.S. 1991 Harvey Mudd College; Ph.D. 2001, University of Minnesota

E. Philip Page, 1989  
Professor of English; Chair, Department of English  

Deborah A. Parsons, 1996  
Associate Professor of Criminal Justice  
B.A. 1990, University of California, Irvine; M.S. 1992, California State University, Long Beach; Ph.D. 1996, University of California, Irvine.

G. Patterson, 1987  
Associate Professor of Management  
B.A. 1973, B.S. 1973, California State University, Fresno; M.A. 1976, Indiana University, Bloomington; J.D. 1983, Western State University, Fullerton.

Cynthia L. Paxton, 1979  
Professor of Health Science and Human Ecology; Chair, Department of Health Science and Human Ecology  
B.S. 1973, California State University, Chico; M.A. 1974, San Diego State University; Ph.D. 1979, University of Oregon.

M. Jean Peacock, 1993  
Associate Professor of Psychology  
B.A. 1975, M.A. 1979, California State University, San Bernardino; Ph.D. 1993, University of California, Riverside.

Lloyd E. Peake, 1990  
Professor of Management  
B.A. 1970, University of Southern California; J.D. 1974, Southwestern University.

Dennis M. Pederson, 1970  
Professor of Chemistry and Biochemistry  
B.S. 1962, University of Puget Sound; Ph.D. 1968, Purdue University.

Ronald K. Pendleton, 1981  
Professor of Education  
B.A. 1964, California State College, Humboldt; M.A. 1978, California State University, Long Beach; Ph.D. 1981, Arizona State University.

Margaret A. Perry, 1987  
Professor of Theatre Arts; Chair, Department of Theatre Arts  

William D. Peterson, 1998  
Associate Professor of Theatre Arts  
B.S.F.S. 1978, Georgetown University; M.A. 1988, San Diego State University; Ph.D. 1991, University of Texas at Austin.

Bonnie L. Petry, 1992  
Senior Assistant Librarian  
B.A. 1979, California State University, Sacramento; M.L.S. 1988, University of California, Los Angeles.

Kathleen M. Phillips, 2001  
Lecturer in Education  
B.A. 1987, Michigan State University; M.A. 1994, California State University, San Bernardino.

Thomas J. Pierce, 1976  
Professor of Economics  
B.A. 1971, La Salle College; M.A. 1975, Ph.D. 1976, University of Notre Dame.

James C. Pierson, 1971  
Professor of Anthropology  

Renee Pigeon, 1990  
Professor of English  
B.A. 1978, University of California, Santa Barbara; M.A. 1984, Ph.D. 1988, University of California, Los Angeles.

Bonnie J. Piller, 2000  
Assistant Professor of Education  

Richard D. Pineda, 2003  
Assistant Professor of Communication Studies  
B.A., 1996, Baylor University; M.A. 1998, University of Texas, El Paso; Ph.D. 2003, Wayne State University, Detroit.

Eva Mac Pisciotta, 2002  
Assistant Professor of Music  

David Polcyn, 1988  
Professor of Biology  
B.A. 1981, California State University, Fullerton; M.A. 1983, Ph.D. 1988, University of California, Riverside.

Pearl T. Ponce, 2002  
Assistant Professor of History  

Shelly Pope, 1993  
Counselor, Psychological Counseling Center  
B.S. 1981, M.S. 1989, California State University, San Bernardino.

Chetan Prakash, 1984  
Professor of Mathematics  

Jerrold E. Pritchard, 1983  
Professor of Music; Associate Provost, Academic Programs  
B.S. 1969, Fort Hays Kansas State College; M.S. 1972, California State College, Long Beach; Ed.D. 1978, Brigham Young University.

Gregory L. Price, 1971  
Professor of Kinesiology  
B.S. 1969, Fort Hays Kansas State College; M.S. 1972, California State College, Long Beach; Ed.D. 1978, Brigham Young University.

Reginald L. Price, 1978  
Professor of Kinesiology  
B.S. 1964, MacMurray College; M.A. 1967, The Ohio State University; Ed.D. 1973, Oklahoma State University.

Jerrold E. Pritchard, 1983  
Professor of Music; Associate Provost, Academic Programs  
B.A. 1964, M.A. 1966, California State University, Sacramento; D.M.A. 1969, University of Washington.

Thomas E. Provenzano, 1992  
Associate Professor of Theatre Arts  
B.A. 1978, University of California, Berkeley; M.F.A. 1992, University of California, Los Angeles.
S.E.C. Purvis, 1993  
Professor of Accounting and Finance  
B.A. 1972, University of Reading; Berkshire, England;  

Timothy E. Pytell, 2003  
Assistant Professor of History  
B.A. 1985, Colorado Springs College; 1985; MA. 1990,  

Barbara A. Quarton, 1999  
Senior Assistant Librarian  
B.A. 1977, University of San Diego; M.L.I.S. 1999, San Jose State  
University, Fullerton.

James V. Radomski, 1994  
Associate Professor of Music  
B.M., B.A. 1976, Oberlin College; M.A. 1981, University of  
California, Berkeley; Ph.D. 1992, University of California,  
Los Angeles.

Marcia L. Raines, 1995  
Professor of Nursing; Chair, Department of Nursing  
California, Los Angeles.

Johnnie Ann Ralph, 1971  
Librarian; University Librarian  
B.A. 1967, M.A. 1969, University of California, Riverside;  
M.L.S. 1970, University of Kentucky.

Luz Ramirez, 2001  
Assistant Professor of English  
B.A. 1991, Tulane University; M.A. 1994, Ph.D. 1998,  
University of Texas, Austin.

Donna Rane-Szostak, 2003  
Associate Professor of Nursing  
B.A. 1964, Mundelein College; B.S.N. 1975, M.S.N. 1979,  
Rush University; Ed.D. 1989, Northern Illinois University.

Lane D. Rankin, 1999  
Lecturer in Education  
B.S. 1988, California State Polytechnic, Pomona; M.A. 1997,  
University of LaVerne.

Nabil Y. Razzouk, 1982  
Professor of Marketing  
B.A. 1969, Middle East College, Lebanon; M.B.A. 1973,  
Andrews University; Ph.D. 1980, Arizona State University.

Patricia D. Reed, 1988  
Lecturer in Management  
B.A. 1984, M.A. 1986, California State University,  
San Bernardino.

Jason Reimer, 2001  
Assistant Professor of Psychology  
B.A. 1993, M.A. 1996, Ph.D. 2001, University of Nebraska at  
Omaha.

Paul A. Renteln, 1991  
Professor of Physics; Interim Chair, Department of Physics  
B.A. 1981, University of California, Berkeley; Ph.D. 1988,  
Harvard University.

Ernesto M. Reza, 1987  
Professor of Management  
B.A. 1977, Pitzer College; M.A. 1982, Ph.D. 1992, University of  
Michigan.

Jacqueline R. Rhodes, 1999  
Assistant Professor of English  
B.A. 1988, University of Montana; M.A. 1992, University of  
Idaho; Ph.D. 1999, University of Southern Mississippi.

Robert B. Ricco, 1992  
Professor of Psychology  

Christine Ridley, 2002  
Lecturer in Health Science and Human Ecology  
B.S. 1969, Northern Arizona University; R.N. 1984, Lansing  
Community College; M.S. 1992, California State University,  
Fullerton.

David M. Riefer, 1987  
Professor of Psychology  
B.A. 1975, University of California, Los Angeles; Ph.D. 1981,  
University of California, Irvine.

Cheryl A. Riggs, 1988  
Associate Professor of Education; Associate Dean, College of  
Education  
B.A. 1980, M.A. 1982, Ph.D. 1989, University of California,  
Santa Barbara.

Iris Riggs, 1988  
Associate Professor of Education; Associate Dean, College of  
Education  
B.A. 1981, Bethany College; M.S. 1985, Ph.D. 1988, Kansas State  
University.

Dan C. Rinne, 1982  
Professor of Mathematics  
B.S. 1975, University of Missouri, Columbia; M.A., Ph.D. 1979,  
University of California, Santa Barbara.

Terry L. Rizzo, 1988  
Professor of Kinesiology; Chair, Department of Kinesiology  
B.A. 1973, Northeastern Illinois University; M.Ed. 1974,  
University of Arizona; Ph.D. 1983, University of Illinois,  
Urbana-Champaign.

E. Neal Roberts, 1999  
Lecturer in Education  
B.S. 1950, Brigham Young University; M.A. 1962, Claremont  
Graduate School; Ed.D. 1975, University of Southern California.

Peter Robertshaw, 1989  
Professor of Anthropology; Chair, Department of Anthropology  

Sylvester E. Robertson, 1990  
Lecturer in Education  
B.S. 1959, Drake University; M.S. 1972, Governors State  
University; M.S. 1985, Pepperdine University.

J. Scott Rodriguez, 1995  
Lecturer in Communication Studies  
B.A. 1983, University of California, Santa Cruz; M.A. 1986,  
California State University, Los Angeles.

C. E. Tapie Rohm, Jr., 1983  
Professor of Information and Decision Sciences  
B.S. 1973, M.A. 1974, Brigham Young University; Ph.D. 1977,  
Ohio University.

Nancy E. Rose, 1985  
Professor of Economics; Chair, Department of Economics  
B.A. 1968, University of California, Berkeley; M.S.W. 1973,  
University of North Carolina; Ph.D. 1985, University of  
Massachusetts, Amherst.
Tennes M. Rosengren, 2002
Lecturer in Education

Richard H. Rowland, 1975
Professor of Geography

Tony D. Roy, 1992
Associate Professor of Philosophy; Chair, Department of Philosophy
B.A. 1979, M.A. 1988, University of California, San Diego; Ph.D. 1991, University of California, Davis.

Treadwell Ruml, II, 1990
Professor of English

DeShea R. Rushing-McCauley, 1985
Lecturer in English
B.A. 1981, California State University, Long Beach; M.A. 1983, California State University, San Bernardino.

Elisabeth K. Ryland, 1986
Professor of Management
B.A. 1965, University of Copenhagen, Denmark; M.A. 1965, M.B.A. 1980, Florida State University; Ph.D. 1986, University of North Carolina at Chapel Hill.

Ralph H. Salmi, 1990
Associate Professor of Political Science

Ruth A. Sandlin, 1988
Professor of Education; Chair, Department of Educational Psychology and Counseling

Rowena S. Santiago, 1990
Professor of Education
B.S. 1971, Philippine Normal College; M.A. 1985, Tokyo Gakugei University; Ed.D. 1990, University of Georgia.

Pedro Santoni, 1988
Professor of History
B.A. 1978, University of Notre Dame; J.D. 1981, University of Puerto Rico; Ph.D. 1987, El Colegio de Mexico.

John Sarli, 1983
Professor of Mathematics
A.B. 1974, Brown University; Ph.D. 1984, University of California, Santa Cruz.

Joseph A. Scarcella, 1998
Associate Professor of Education

Christine M. Schalow, 1991
Professor of Accounting and Finance
B.S. 1985, University of Wisconsin; M.S. 1987, St. Cloud State University; Ph.D. 1992, University of Arkansas.

David L. Schalow, 1991
Professor of Accounting and Finance

Christine Scher, 2002
Assistant Professor of Psychology
B.A. 1990, University of California, Los Angeles; Ph.D. 2000, University of California, San Diego.

Ed Schneiderhan, 1980
Counselor, Counseling Center
B.A. 1972, Sonoma State University; M.S. 1976, California State University, Long Beach.

Donna L. Schnorr, 1998
Associate Professor of Education

Pamela J. Schram, 1998
Associate Professor of Criminal Justice
B.S. 1988, Loyola University of Chicago; M.A. 1990, Rutgers University; Ph.D. 1996, Michigan State University.

Kathleen E. Schroeder, 1991
Lecturer in Natural Sciences
B.A. 1985, M.A. 1987, California State University, San Bernardino.

John A. Scribner, 1978
Professor of Accounting and Finance

Keith E. Schubert, 2002
Assistant Professor of Computer Science
B.S. 1991, University of Redlands; M.S. 1992, University of California, Los Angeles; Ph.D. 2003, University of California, Santa Barbara.

Dale K. Sechrest, 1990
Professor of Criminal Justice
B.A. 1964, M.A. 1966, San Jose State University; D.Crim. 1974, University of California, Berkeley.

Victoria A. Seitz, 1991
Professor of Marketing
B.S. 1978, Kansas State University; M.S. 1984, Ph.D. 1987, Oklahoma State University.

Ann M. Selmi, 1998
Associate Professor of Education
B.A. 1972, Santa Clara University; M.Ed. 1981, Boston College; Ph.D. 1990, University of Southern California.

Billie P. Sessions, 1996
Associate Professor of Art

Janel Sexton, 2001
Assistant Professor of Psychology
B.A. 1992, University of California, San Diego; M.A. 1994, San Diego State University; Ph.D. 2001, University of Texas at Austin.

Hossein Shalchi, 1989
Professor of Accounting and Finance
B.S. 1969, Tehran University; M.B.A. 1975, University of Southern California; Ph.D. 1981, University of Illinois.

Lisa Shamansky, 1989
Professor of Chemistry and Biochemistry
B.S. 1980, Indiana University, Bloomington; Ph.D. 1986, University of Illinois, Urbana.
Conrad Shayo, 1994  
Professor of Information and Decision Sciences  
B.S. of Commerce 1981, University of Dar-Es-Salaam, Tanzania;  
M.B.A. 1985, University of Nairobi, Kenya; Ph.D. 1995,  
Claremont Graduate University.

Gary Sherwin, 2002  
Assistant Professor of Education  
B.A. 1974, Colorado State University; M.A. 1987, Ph.D. 1995,  
University of California, Los Angeles.

Kenneth S. Shultz, 1992  
Professor of Psychology  
B.A. 1984, State University of New York, College at Potsdam;  

Donna E. Simmons, 1997  
Assistant Professor of Communication Studies  
B.A. 1978, California State University, Fullerton; M.O.B. 1991,  
Brigham Young University; Ph.D. 2000, Ohio University.

A. I. Clifford Singh, 1984  
Professor of Kinesiology  
B.S. 1973, M.S. 1974, Western Illinois University; Ph.D. 1977,  
University of Colorado.

Brent Singleton, 2002  
Senior Assistant Librarian  

Barbara Sirotnik, 1980  
Professor of Information and Decision Sciences  
A.B., B.S. 1973, M.S. 1979, Ph.D. 1980, University of California,  
Riverside.

Mary Jo Skillings, 1990  
Professor of Education, Chair, Department of Language, Literacy  
and Culture  
B.S. 1978, Ohio University; M.A. 1984, Ph.D. 1990, Ohio State  
University.

John Skillman, 1998  
Assistant Professor of Biology  
B.S. 1988, Oregon State University; Ph.D. 1994, Duke University.

Alan L. Smith, 2000  
Professor of Geological Sciences; Chair, Department of  
Geological Sciences  
B.Sc. 1963, University of London (Kings College); Ph.D. 1968,  
University of California, Berkeley.

Douglas C. Smith, 1995  
Associate Professor of Chemistry and Biochemistry  
B.A. 1988, Wittenburg University, Ohio; Ph.D. 1994, Purdue  
University.

Laurie Smith, 2002  
Assistant Professor of Social Work  
B.A. 1980, Michigan State University; M.S.W. 1990, University of  
Minnesota; Ph.D. 1999, University of California, Los Angeles.

Johanna L. Smith, 2000  
Assistant Professor of Theatre Arts  
B.A. 1994, Miami University, Ohio; M.F.A. 1998, Arizona State  
University.

Wendy Smith, 1989  
Associate Professor of English  
B.A. 1973, M.A. 1978, San Francisco State University;  
Ph.D. 1990, University of California, Los Angeles.

Hosung So, 2002  
Assistant Professor of Kinesiology  
B.S. 1993, M.S. 1995, Chug-Ang University, Seoul Korea;  
Ph.D. 2002, University of Nevada, Las Vegas.

Stacey Sowards, 2001  
Assistant Professor of Communication Studies  
B.A. 1995, The Colorado College; M.A. 1997, University of  
Texas, El Paso; Ph.D. 2001, University of Kansas.

Catherine E. Spencer, 2000  
Lecturer in Education  
B.A. 1983, California State University, Fullerton; M.A. 1998,  
California State University, San Bernardino.

Sue A. Spitzer, 1999  
Assistant Professor of Education  
B.A. 1971, University of California, Irvine; M.A. 1977,  
University of California, Los Angeles; M.A. 1991, Ph.D. 1994,  
University of California, Riverside.

Melissa St. James, 2002  
Lecturer in Marketing  
B.A. 1990, University of Cincinnati; M.B.A. 1994, Meredith  
College; Ph.D. 2003, George Washington University.

Geraldine B. Stahly, 1988  
Professor of Psychology  
A.B. 1972, California State University, Long Beach; M.A. 1976,  
University of California, Los Angeles; M.A. 1991, Ph.D. 1994,  
University of California, Riverside.

Brett J. Stanley, 1994  
Associate Professor of Chemistry and Biochemistry  
B.S. 1987, University of Pittsburgh; Ph.D. 1992, Utah State  
University.

Charles S. Stanton, 1987  
Professor of Mathematics  
A.B. 1977, University of California, Berkeley; M.A. 1980,  
Ph.D. 1982, University of Wisconsin, Madison.

Traci A. Statler, 2002  
Assistant Professor of Kinesiology  
B.S. 1990, University of North Carolina; M.A. 1994, California  
State University, Fullerton; Ph.D. 2001, University of Utah.

Robert G. Stein, 1967  
Professor of Mathematics  
B.S. 1966, M.S. 1968, Rensselaer Polytechnic Institute;  
Ph.D. 1980, Harvard University.

Walter T. Stewart, Jr., 1984  
Professor of Information and Decision Sciences; Chair,  
Department of Information and Decision Sciences  
B.A. 1976, M.A. 1979, Brigham Young University; Ph.D. 1984,  
Ohio University.

Deborah E. Stine, 1999  
Associate Professor of Education  
B.A. 1969, Lake Erie College; M.Ed. Lynchburg College;  
M.A. 1993, California State University, San Bernardino;  
Ph.D. 1999, University of California, Riverside.
Heidi Stolz, 2002  
Assistant Professor of Psychology  

Darleen K. Stoner, 1984  
Professor of Education  
B.A. 1967, Washington State University; M.S. 1972, California State Polytechnic University, Pomona; Ph.D. 1981, Claremont Graduate University.

Alayne Sullivan, 2000  
Associate Professor of Education  

Stuart S. Sumida, 1992  
Professor of Biology  

Leonie L. Sutherland, 2000  
Assistant Professor of Nursing  
B.S.N. 1988, University of Phoenix; M.S.N. 1995, Azusa Pacific University.

Stanley L. Swartz, 1989  
Professor of Education  

Dwight P. Sweeney, 1990  
Professor of Education  

Theodore Swigart, 2002  
Counselor in Department of Psychological Counseling  
B.S. 1992, M.A. 1995, Sam Houston State University; Ph.D. 2000, University of Memphis.

Colleen R. Talbot, 1997  
Associate Professor of Biology  
B.S. 1985, M.S. 1988, California State Polytechnic University, Pomona; Ph.D. 1993, University of Chicago.

John Tate, 1989  
Associate Professor of Chemistry and Biochemistry  

Mary Texeira, 1994  
Associate Professor of Sociology  

Edward C. Teyber, 1979  
Professor of Psychology  

Jeffrey M. Thompson, 1988  
Professor of Biology; Chair, Department of Biology  
B.S. 1972, Michigan State University; Ph.D. 1976, Florida State University.

Gerald R. Thrush, 1996  
Associate Professor of Biology  
B.S. 1985, Saginaw Valley State University; Ph.D. 1990, Wayne State University.

Dorothy Thurman, 1999  
Lecturer in Nursing  
B.S.N. 1975, University of Florida; M.N. 1979, Emory University.

Roy J. Thurston, 2003  
Assistant Professor of Education  

Stephen G. Tibbetts, 2000  
Assistant Professor of Criminal Justice  

Javier Torner, 1985  
Professor of Physics: Director, Information Security Office  

Nena M. Torrez, 1996  
Associate Professor of Education  
A.B. 1972, University of California, Berkeley; J.D. 1975, California Western School of Law; M.A. 1980, California State University, Dominguez Hills; Ph.D. 1988, Claremont College.

Mayo C. Toruño, 1983  
Professor of Economics  

Rolland Trapp, 1994  
Professor of Mathematics  

David A. Turner, 2001  
Assistant Professor of Computer Science  

Joseph Turpin, 1989  
Professor of Education  

Jodie B. Ullman, 1996  
Associate Professor of Psychology  

Timothy D. Usher, 1990  
Professor of Physics  
B.S. 1981, Appalachian State University; Ph.D. 1990, University of South Carolina.

Elsa O. Valdez, 1993  
Professor of Sociology  

Javad Varzandeh, 1987  
Professor of Information and Decision Sciences  
B.S. 1974, National University, Iran; M.S. 1976, St. Mary's University; Ph.D. 1981, Oklahoma State University.

Mohamad T. Vaziri, 1986  
Professor of Accounting and Finance  
B.S. 1972, Pennsylvania State University-Pahlavi; M.B.A. 1974, Central State University; Ph.D. 1979, University of Oklahoma.
Belisario Ventura, 1989
Professor of Mathematics

Michael Verdi, 2001
Associate Professor of Education
B.S. 1985, University of Notre Dame; M.S. 1986, Northwestern University; Ph.D. 1994, Arizona State University.

J. Paul Vicknair, 1982
Professor of Mathematics; Associate Provost, Academic Personnel

Kerstin Voigt, 1994
Associate Professor of Computer Science
Vordiplom 1981, Johann-Wolfgang-Goethe University of Frankfurt, Germany; M.S. 1984, Ph.D. 1994, Rutgers University.

Laura J. Wallace, 2000
Assistant Professor of Mathematics
B.S. 1991, California State Polytechnic University, Pomona; M.S. 1992, Ph.D. 1998, University of California, Riverside.

Wenxiang Wang, 1994
Associate Professor of Mathematics

Sharon L. Ward, 1999
Assistant Professor of Psychology
B.A. 1993, California State University, San Bernardino; Ph.D. 1998, University of California, Riverside.

James Brian Watts, 1989
Professor of Public Administration

Zodiac Webster, 2002
Assistant Professor of Physics
B.A. 1992, Mount Holyoke College; M.S. 1997, University of California, Santa Cruz; Ph.D. 2002, University of California, Berkeley.

Michael G. Weiss, 1982
Associate Professor of Psychology
B.A. 1974, University of California, San Diego; M.S. 1978, University of Southern California; Ph.D. 1983, University of Florida.

L. Curtis Westbrook, Jr., 1989
Professor of Accounting and Finance
B.S. 1960, M.Acc. 1963, Florida State University; Ph.D. 1992, The University of Georgia.

Daniel S. Whitaker, 1985
Professor of World Languages and Literatures

Paul K. Wielenga
Lecturer in Nursing
B.S.N. 1980, Loma Linda University; M.S.N. 1998, California State University, Los Angeles.

Dudley J. Wiest, 1993
Professor of Education
B.S. 1979, Concordia College; M.A. 1983, California State University, Northridge; Ph.D. 1992, Claremont Graduate University.

Amanda S. Wilcox-Herzog, 1999
Assistant Professor of Psychology
B.A. 1988, University of California, Irvine; M.Ed. 1992, Chapman University; M.A. 1995, Ph.D. 1999, Purdue University.

Linda D. Wilkin, 2002
Assistant Professor of Kinesiology

Kimberlyn Williams, 2001
Assistant Professor of Biology
B.A. 1979, University of California, Davis; Ph.D. 1987, Stanford University.

Peter D. Williams, 1983
Professor of Mathematics; Chair, Department of Mathematics

Anna Wilson, 2001
Lecturer in Nursing

Robert D. Wilson, 1990
Professor of Information and Decision Sciences
B.A. 1970, California State University, San Bernardino; M.B.A. 1971, Ph.D. 1975, University of California, Riverside.

John M. Winslade, 2003
Associate Professor of Education

Janet J. Woerner, 1991
Professor of Education
B.A. 1965, University of Kansas; M.A. 1971, Texas A&M; Ph.D. 1984, University of Kansas.

Aurora Wolfgang, 1992
Professor of World Languages and Literatures

Eugene H. Wong, 1994
Professor of Psychology

John Worrall, 1999
Assistant Professor of Criminal Justice

Joanna S. Worthley, 1988
Professor of Psychology
B.A. 1967, Marietta College; M.S. 1977, Springfield College; Ph.D. 1987, Claremont Graduate University.

Randall L. Wright, 2003
Associate Professor of Education
David N. Yaghoubian, 2003
Assistant Professor of History

Shumei Yang, 1997
Associate Professor of Chemistry and Biochemistry
B.S. 1982, Zhengzhou University, P.R. China; Ph.D. 1991, Iowa State University.

Taewon Yang, 2002
Assistant Professor of Accounting and Finance
B.S. 1993, Hankuk Aviation University; M.B.A. 1996, Ohio State University; Ph.D. 2002, University of Massachusetts.

Eri F. Yasuhara, 2000
Professor of World Languages and Literatures; Dean, College of Arts and Letters

Clifford Young, 1989
Professor of Public Administration; Executive Assistant to the President for Governmental Relations and Technology Transfer; Executive Director, Office of Technology Transfer and Commercialization

Laura H. Young, 1995
Associate Professor of Education

Salaam Y. Yousif, 1991
Professor of English
B.A. 1969, University of Baghdad; M.A. 1980, Oklahoma State University; Ph.D. 1988, University of Iowa.

Tong L. Yu, 1986
Professor of Computer Science
B.S. 1977, Chinese University of Hong Kong; M.S.E. 1982, Ph.D. 1986, Johns Hopkins University.

Kay Zemoudeh, 1990
Professor of Computer Science
B.S. 1981, M.S. 1984, University of Southwestern Louisiana; Ph.D. 1990, University of South Carolina.

Scot J. Zentner, 1993
Associate Professor of Political Science

Xiwen Zhang, 1995
Senior Assistant Librarian, Reference Department
B.A. 1971, Beijing University; M.A. 1987, University of California, Santa Barbara; M.L.S. 1994, University of California, Los Angeles.

Jun (Jake) Zhu, 2002
Assistant Professor of Information and Decision Sciences
B.A. 1988, Hunan Educational Institute, China; M.A. 1991, University of Redlands; Ph.D. 1997, University of California, Riverside.

Jenny Zorn, 1989
Professor of Geography; Associate Dean, College of Social and Behavioral Sciences

Emeritus Faculty

Richard T. Ackley
Professor of Political Science, Emeritus, 1990

Gene L. Andrusco
Associate Professor of Accounting and Finance, Emeritus, 2002

Elliott R. Barkan
Professor of History, Emeritus, 2002

Ronald E. Barnes, Jr.
Professor of Theatre Arts, Emeritus, 1997

Joe Bas
Professor of World Languages and Literatures, Emeritus, 1992

Anand Bhatia
Assistant Professor of Information and Decision Sciences, Emeritus, 2001

Frank Benson
Professor of Accounting and Finance, Emeritus, 2001

Marty Bloomberg
Librarian, Emeritus, 1994

Aubrey Bonnett
Dean, College of Social and Behavioral Sciences, Emeritus, 1994

Mike Boorom
Professor of Marketing, Emeritus, 2000

Edward J. Bostley, 1988
Professor of Music, Emeritus 2003

Stephen A. Bowles
Professor of Education, Emeritus, 1996

Katharine Busch
Associate Professor of Education, Emeritus, 1998

Renate Caine
Professor of Education, Emeritus, 1999

John S. Chaney, 1972
Professor of Management, Emeritus, 2003

Gloria A. Cowan

Associate Professor of Nursing, Emeritus, 1994

Special Appointments

Mark Almy, 2000  
Studio Music Instructor

Ben Brown, 2000  
Studio Music Instructor  
B.M., M.M. University of Redlands.

Lester Dropkin, 1994  
Studio Music Instructor  
B.M. 1975, University of Southern California.

Adrian Dumitrescu, 2002  
Studio Music Instructor  
B.M., M.M. Loma Linda University.

Stuart C. Green, 1998  
Studio Music Instructor  

Herbert Iverson, 1976  
Studio Music Instructor  

Lynnette Kobernik, 1998  
Studio Music Instructor  

Audrey Lamprey, 2002  
Studio Music Instructor  
B.M. 1967, Eastman School of Music; M.M. 1970, Bowling Green State University.

Gary Long, 1997  
Studio Music Instructor  

Ana Maria Maldonado, 2001  
Studio Music Instructor  
B.M. 1971, Texas Tech University; M.M. 1975, University of Southern California.

David Moody, 1993  
Studio Music Instructor  
B.A. 1984, California State University, Hayward.

David Scott, 2002  
Studio Music Instructor  

Jennifer Sparks, 2000  
Studio Music Instructor  
B.M., University of California, Los Angeles.

Jon Usher, 2000  
Studio Music Instructor  
B.M., M.M., University of Redlands.

Scott Vance, 1990  
Studio Music Instructor  
APPENDIX

Availability of Institutional and Financial Assistance Information

The following information concerning student financial assistance may be obtained from Lois Madsen, director of financial aid, UH-151, University Hall, 880-7800:

1. Student financial assistance program, including state grants, available to students who enroll at California State University, San Bernardino;
2. The procedures and forms by which application for student financial assistance is made;
3. The student eligibility requirements for financial assistance and the criteria used in determining how financial assistance is distributed among eligible applicants who enroll at this university;
4. The rights and responsibilities of students receiving financial assistance including aid provided under federal Title IV student assistance programs.

Information concerning the cost of attending California State University, San Bernardino is available from Lois Madsen is available from Lois Madsen, director of financial aid, UH-151, University Hall, 880-7800, and includes fees and tuition (where applicable); the estimated costs of books and supplies; estimates of typical student room and board costs and typical commuting costs; and, if requested, additional costs for specific programs.

Information concerning the refund policies of California State University, San Bernardino for the return of unearned tuition and fees or other refundable portions of institutional charges is available from the Office of Student Accounts, Sierra Hall, Room 119, 880-5162.

Information concerning policies regarding the return of federal Title IV student assistance funds as required by regulations is available from Lois Madsen, director of financial aid, UH-151, University Hall, 880-7800.

Information regarding special facilities and services available to students with disabilities may be obtained from Laurie Flynn, director of Services to Students with Disabilities, Room 235, University Hall, 880-5238.

Information concerning policies, procedures, and facilities for students and others to report criminal actions or other emergencies occurring on campus may be obtained from Mr. Patrick McDonald, director of public safety, University Police, Room 125, 880-5165.

Information concerning annual campus security report may be obtained from Mr. Patrick McDonald, director of public safety, University Police, Room 125, 880-5165.

Information concerning the prevention of drug and alcohol abuse and rehabilitation programs may be obtained from Ms. Helga Kray, acting assistant vice president, student affairs, University Hall, Room 231, 880-5165.

Information regarding student retention and graduation rates, and if available, the number and percentage of students completing the program in which the student is enrolled or has expressed interest may be obtained from Dr. Craig Henderson, Judicial Affairs Officer, Office of the Vice President for Student Affairs, University Hall, Room 231, 880-5185.

Information concerning grievance procedures for students who feel aggrieved in their relationships with the university, its policies, practices and procedures, or its faculty and staff may be obtained from Dr. Craig Henderson, Judicial Affairs Officer, Office of the Vice President for Student Affairs, University Hall, Room 231, 880-5185.
The federal Military Selective Service Act (the "Act") requires most males residing in the United States to present themselves for registration with the Selective Service System within thirty days of their eighteenth birthday. Most males between the ages of 18 and 25 must be registered. Males born after December 31, 1959 may be required to submit a statement of compliance with the Act and regulations in order to receive any grant, loan or work assistance under specified provisions of existing federal law. In California, students subject to the Act who fail to register are also ineligible to receive need-based student grants funded by the state or a public postsecondary institution.

Selective Service registration forms are available at any U.S. Post Office, and many high schools have a staff member or teacher appointed as a Selective Service Registrar. Applicants for financial aid can also request that information provided on the Free Application for Federal Student Aid (FAFSA) be used to register them with the Selective Service. Information on the Selective Service System is available and the registration process may be initiated online at http://www.sss.gov.

Immigration Requirements for Licensure

The Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (P.L. 104-193), also known as the Welfare Reform Act, included provisions to eliminate eligibility for federal and state public benefits for certain categories of lawful immigrants as well as benefits for all illegal immigrants.

Students who will require a professional or commercial license provided by a local, state or federal government agency in order to engage in an occupation for which the CSU may be training them must meet the immigration requirements of the Personal Responsibility and Work Opportunity Reconciliation Act to achieve licensure. Information concerning the regulation is available from the International Student Services Office, UH-235, 880-5193.

Determination of Residence for Nonresident Tuition Purposes

The Office of Admissions and Student Recruitment (new students) and the Office of Records, Registration and Evaluations (continuing students) determine the residence status of all new and returning students for nonresident tuition purposes. Responses to the Application for Admission, Residency Questionnaire, and Reclassification Request form and, if necessary, other evidence furnished by the student are used in making this determination. A student who fails to submit adequate information to establish eligibility for classification as a California resident will be classified as a nonresident.

The following statement of the rules regarding residency determination for nonresident tuition purposes is not a complete discussion of the law, but a summary of the principal rules and their exceptions. The law governing residence determination for tuition purposes by The California State University is found in California Education Code Sections 68000-68084, 68120-68134 and 89705-89707.5, and in Title 5 of the California Code of Regulations, Sections 41900-41916. This information can be viewed on the Internet by accessing the California State University's website at www.calestate.edu.

Legal residence may be established by an adult who is physically present in the state and who, at the same time, intends to make California his or her permanent home. Physical presence in the state combined with steps taken at least one year prior to the residence determination date to show an intent to make California the permanent home is required to establish a California residence for tuition purposes. The steps necessary to show California residency intent will vary from case to case. Evidence demonstrating intent can vary from case to case and may include, but is not limited to, the absence of residential ties to any other state, California voter registration and voting in elections in California; filing California income tax returns; owning residential property or continuous occupancy or renting of an apartment on a lease basis where one's permanent belongings are kept; maintaining active resident memberships in California professional or social organizations; maintaining California registration and driver's license; maintaining active California bank accounts; and maintaining permanent military address and home of record in California.

The student who is in the state for educational purposes only does not gain the status of resident regardless of the length of the student's stay in California.

In general, an unmarried minor citizen or noncitizen (a person under 18 years of age) derives legal residence from the parent with whom the minor maintains or last maintained his or her place of abode. The residence of an unmarried minor who has a parent living cannot be changed by the minor's own act, by the appointment of a legal guardian or by the relinquishment of a parent's right of control.

A married person may establish his or her residence, independent of his or her spouse.

Adult noncitizens establish residence in the same manner as citizens, unless precluded by the Immigration and Nationality Act from establishing domicile in the United States. Unmarried minor noncitizens derive their residence in the same manner as unmarried minor citizens except that both parent and minor must have an immigration status consistent with establishing domicile in the United States.

Exceptions to the general residence requirements are contained in California Education Code of Regulations, sections 68070-68120 and Title 5 of the California Code of Regulations, sections 41900-41916, and include, but are not limited to, members of the military and their dependents, certain credentialed employees of school districts and students who have attended high school in California and graduated or attained the equivalent. Whether an exception applies to a particular student cannot be determined before the submission on an application for admission and, as necessary, additional supporting documentation. Because neither campus nor Chancellor's Office staff may give advice on the application of these laws, applicants are strongly urged to review the material for themselves and consult with a legal advisor.

Nonresident students seeking reclassification are required to complete a supplemental questionnaire including questions concerning their financial dependence, which will be considered along with physical presence and intent in determining reclassification.

The general rule is that a student must have been a California resident for at least one year immediately preceding the residence determination date in order to qualify as a "resident student" for tuition purposes. A residence determination date is set for each academic term and is the date from which residence is determined for that term.

Residence determination dates are:

<table>
<thead>
<tr>
<th>Quarter</th>
<th>Determination Date</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fall</td>
<td>September 20</td>
</tr>
<tr>
<td>Winter</td>
<td>January 5</td>
</tr>
<tr>
<td>Spring</td>
<td>April 1</td>
</tr>
<tr>
<td>Summer</td>
<td>July 1</td>
</tr>
</tbody>
</table>

Student employees of school districts and students who have attended high school in California and graduated or attained the equivalent. Whether an exception applies to a particular student cannot be determined before the submission on an application for admission and, as necessary, additional supporting documentation. Because neither campus nor Chancellor's Office staff may give advice on the application of these laws, applicants are strongly urged to review the material for themselves and consult with a legal advisor.
The residence determination dates for the four stages on Cal-State TEACH are as follows:

<table>
<thead>
<tr>
<th>Stage</th>
<th>Date</th>
</tr>
</thead>
<tbody>
<tr>
<td>Stage 1</td>
<td>September 20</td>
</tr>
<tr>
<td>Stage 2</td>
<td>January 5</td>
</tr>
<tr>
<td>Stage 3</td>
<td>June 1</td>
</tr>
<tr>
<td>Stage 4</td>
<td>September 20</td>
</tr>
</tbody>
</table>

There are exceptions for nonresident tuition, including:
1. Persons below the age of 19 whose parents were residents of California but who left the state while the student who remained was still a minor. When the minor reaches age 18, the exception continues until the student has resided in the state the minimum time necessary to become a resident.
2. Minors who have been present in California with the intent of acquiring residence for more than a year before the residence determination date and entirely self-supporting for that period of time. The exception continues until the student has resided in the state the minimum time necessary to become a resident.
3. Persons below the age of 19 who have lived with and have been under the continuous direct care and control of an adult or adults, not a parent, for the two years immediately preceding the residence determination date. Such adult must have been a California resident for the most recent year. The exception continues until the student has resided in the state the minimum time necessary to become a resident.
4. Dependent children and spouse of persons in active military service stationed in California on the residence determination date. There is no time limitation on this exception unless the military person transfers out of California or retires from military service. If either of those events happen, the student’s eligibility for this exception continues until he or she resides in the state the minimum time necessary to become a resident.
5. Military personnel in active service stationed in California on the residence determination date for purposes other than education at state-supported institutions of higher education. This exception continues until the military personnel has resided in the state the minimum time necessary to become a resident.
6. Military personnel in active service in California for more than one year immediately prior to being discharged from the military. Eligibility for this exception runs from the date the student is discharged from the military until the student has resided in state the minimum time necessary to become a resident.
7. Dependent children of a parent who has been a California resident for the most recent year. This exception continues until the student has resided in the state the minimum time necessary to become a resident, so long as continuous attendance is maintained at an institution.
8. Graduates of any school located in California that is operated by the United States Bureau of Indian Affairs, including, but not limited to, the Sherman Indian High School. The exception continues so long as continuous attendance is maintained by the student at an institution.
9. Certain credentialed, full-time employees of California school districts.
10. Full-time CSU employees and their children and spouses; state employees assigned to work outside the state and their children and spouses. This exception continues until the student has resided in the state the minimum time necessary to become a California resident.
11. Children of deceased public law enforcement or fire suppression employees who were California residents and who were killed in the course of law enforcement or fire suppression duties.
12. Certain amateur student athletes in training at the United States Olympic Training Center in Chula Vista, California. This exception continues until the student has resided in the state the minimum time necessary to become a resident.
13. Federal civil service employees and their natural or adopted dependent children if the employee has moved to California as a result of a military mission realignment action that involves the relocation of at least 100 employees. This exception continues until the student has resided in the state the minimum time necessary to become a resident.
14. State government legislative or executive fellowship program enrollees. The student ceases to be eligible for this exception when he or she is no longer enrolled in the qualifying fellowship.

Any student, following a final campus decision on his or her residence classification only, may make written appeal to: The California State University, Office of General Counsel, 401 Gold- en Shore, 4th Floor, Long Beach, CA 90802-4275, within 120 calendar days of notification of the final decision by the campus of the classification. The Office of General Counsel may make a decision on the issue, or it may send the matter back to the campus for further review. Students classified incorrectly as residents or incorrectly granted an exception from nonresident tuition are subject to reclassification as nonresidents and payment of nonresident tuition in arrears. If incorrect classification results from false or concealed facts, the student is subject to discipline pursuant to Section 41301 of Title 5 of the California Code of Regulations. Resident students who become nonresidents, and nonresident students qualifying for exceptions, must immediately notify the Office of Admissions and Student Recruitment. Applications for a change in classification must be submitted to the Office of Admissions and Student Recruitment. Applications for a change in classification with respect to a previous term are not accepted.

The student is cautioned that this summation of rules regarding residency determination is by no means a complete explanation of their meaning. The student should also note that changes may have been made in the rate of nonresident tuition, in the statutes and in the regulations between the time this catalog is published and the relevant residence determination date.

Privacy Rights of Students in Education Records

The federal Family Education Rights and Privacy Act of 1974 (20 U.S.C. 1232g) and regulations adopted thereunder (34 C.F.R. 99) set out requirements designed to protect student’s privacy in their records maintained by the campus. The statute and regulations govern access to student’s records maintained by the campus, and the release of such records. The law provides that the campus must give students access to records directly related to the student, and must also provide opportunity for a hearing to challenge such if the student claims they are inaccurate, records on the grounds that they are inaccurate, misleading or otherwise inappropriate. The right to a hearing under this law does not include any right to challenge the appropriateness of a grade determined by the instructor. The law generally requires the institution to receive a student’s written consent before releasing personally identifiable data about the student. The institution has adopted a set of policies and procedures governing implementation of the statutes and the regulations on the campus. Copies of these policies and procedures may be obtained at the office of the vice president for student services. Among the types of information included in the
campus statement of policies and procedures are: 1) the types of student records maintained and the information they contain; 2) the official responsible maintaining each type of record; 3) the location of access lists indicating persons requesting or receiving information from the record; 4) policies for reviewing and expunging records; 5) student access right to their records; 6) the procedures for challenging the content of student records; 7) the cost to be charged for reproducing copies of records, and 8) the right of the student to file a complaint with the Department of Education. The Department of Education has established an office and review board to investigate complaints and adjudicate violations. The designated office is: Family Policy Compliance Office, U.S. Department of Education, Washington, D.C. 20202-4605.

The campus is authorized under the act to release "directory information" concerning students. Directory information may include the student’s name, address, telephone listing, electronic mail address, photograph, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended by the student. The above designated information is subject to release by the campus at any time unless the campus has received prior written objection from the student specifying information the student requests not be released. Written objections should be sent to the office of the vice president for student services.

The campus is authorized to provide access to student records to campus officials and employees who have legitimate educational interests in such access. These persons have responsibilities in the campus’ academic, administrative or service functions and who have reason for using student records associated with their campus or other related academic responsibilities.

Student records may also be disclosed to other persons or organizations under certain conditions (e.g. as part of accreditation or program evaluation; in response to a court order or subpoena; in connection with financial aid; or to other institutions to which the student is transferring).

Career Placement
The Career Development Center may furnish, upon request, information about the employment of students who graduate from programs or courses of study preparing students for a particular career field. This information includes data concerning the average starting salary and the percentage of previously enrolled students who obtained employment. The information may include data collected from either graduates of the campus or graduates of all campuses in the California State University system.

Student Discipline Code
Inappropriate conduct by students or applicants for admission is subject to discipline as provided in Sections 41301 through 41304 of Title 5, California Code of Regulations. These sections are as follows:

41301. Expulsion, Suspension and Probation of Students. Following procedures consonant with due process established pursuant to Section 41304, any student of a campus may be expelled, suspended, placed on probation or given a lesser sanction for one or more of the following causes which must be campus related:

a. Cheating or plagiarism in connection with an academic program at a campus.

b. Forgery, alteration or misuse of campus documents, records, or identification or knowingly furnishing false information to a campus.

c. Misrepresentation of oneself or of an organization to be an agent of a campus.

d. Obstruction or disruption, on or off campus property, of the campus educational process, administrative process, or other campus function.

e. Physical abuse on or off campus property of the person or property of any member of the campus community or of members of his or her family or the threat of such physical abuse.

f. Theft of, or non-accidental damage to, campus property, or property in the possession of, or owned by, a member of the campus community.

g. Unauthorized entry into, unauthorized use of, or misuse of campus property.

h. On campus property, the sale or knowingly possession of dangerous drugs, restricted dangerous drugs, or narcotics as those terms are used in California statutes, except when lawfully prescribed pursuant to medical or dental care, or when lawfully permitted for the purpose of research, instruction or analysis.

i. Knowing possession or use of explosives, dangerous chemicals or deadly weapons on campus property or at a college campus function without prior authorization of the campus president.

j. Engaging in lewd, indecent, or obscene behavior on campus property or at a campus function.

k. Abusive behavior directed toward, or hazing of, a member of the campus community.

l. Violation of any order of a campus president, notice of which had been given prior to such violation and during the academic term in which the violation occurs, either by publication in the campus newspaper, or by posting on an official bulletin board designated for this purpose, and which order is not inconsistent with any of the other provisions of this Section.

m. Soliciting or assisting another to do any act which would subject a student to expulsion, suspension or probation pursuant to this Section.

n. Unauthorized recording, dissemination, and publication of academic presentations for commercial purposes. This prohibition applies to a recording made in any medium, including, but not limited to, handwritten or typewritten class notes.

1. The term "academic presentation" means any lecture, speech, performance, exhibition, or other form of academic or aesthetic presentation, made by an instructor of record as part of an authorized course of instruction that is not fixed in a tangible medium of expression.

2. The term "commercial purpose" means any purpose that has financial or economic gain as an objective.

3. "Instructor of record" means any teacher or staff member employed to teach courses and authorize credit for the successful completion of the courses.

o. For purposes of this Article, the following terms are defined:

1. The term "member of the campus community" is defined as meaning California State University Trustees, academic, non-academic and administrative personnel, students, and other persons while such other persons are on campus property or at a campus function.

2. The term "campus property" includes:

A. real or personal property in the possession of, or under the control of, the Board of Trustees of the California State University, and...
B. all campus feeding, retail, or residence facilities whether operated by a campus or by a campus auxiliary organization.

3. The term "deadly weapons" includes any instrument or weapon of the kind commonly known as a blackjack, sling shot, billy, sandclub, sandbag, metal knuckles, any dirk, dagger, switchblade knife, pistol, revolver, or any other firearm, any knife having a blade longer than five inches, any razor with an unguarded blade, and any metal pipe or bar used or intended to be used as a club.

4. The term "behavior" includes conduct and expression.

5. The term "hazing" means any method of initiation into a student organization or any pastime or amusement engaged in with regard to such an organization which causes, or is likely to cause, bodily danger or physical or emotional harm to any member of the campus community; but the term "hazing" does not include customary athletic events or other similar contests or competitions.

p. This Section is not adopted pursuant to Education Code Section 89031.

q. Notwithstanding any amendment or repeal pursuant to the resolution by which any provision of this article is amended, all acts and omissions occurring prior to that effective date shall be subject to the provisions of this Article as in effect immediately prior to such effective date.

41302. Disposition of Fees; Campus Emergency; Interim Suspension. The President of the campus may place on probation, suspend, or expel a student for one or more of the causes enumerated in Section 41301. No fees or tuition paid by or for such students for the semester, quarter or summer session in which he or she is suspended or expelled shall be refunded. If the student is readmitted before the close of the semester, quarter, or summer session in which he or she is suspended, no additional tuition or fees shall be required of the student on account of the suspension.

During periods of campus emergency, as determined by the President of the individual campus, the President may, after consultation with the Chancellor, place into immediate effect any emergency regulations, procedures, and other measures deemed necessary or appropriate to meet the emergency, safeguard persons and property, and maintain educational activities.

The President may immediately impose an interim suspension in all cases in which there is reasonable cause to believe that such an immediate suspension is required in order to protect lives or property and to insure the maintenance of order. A student so placed on interim suspension shall be given prompt notice of charges and the opportunity for a hearing within 10 days of the imposition of interim suspension. During the period of interim suspension, the student shall not, without prior written permission of the President or designated representative, enter any campus of the California State University other than to attend the hearing. Violation of any condition of interim suspension shall be grounds for expulsion.

41303. Conduct by Applicants for Admission. Notwithstanding any provision in this Chapter 1 to the contrary, admission or readmission may be qualified or denied to any person who, while not enrolled as a student, commits acts which, were he enrolled as a student, would be the basis for disciplinary proceedings pursuant to Sections 41301 or 41302. Admission or readmission may be qualified or denied to any person who, while a student, commits acts which are subject to disciplinary action pursuant to Section 41301 or Section 41302. Qualified admission or denial of admission in such cases shall be determined under procedures adopted pursuant to Section 41304.

41304. Student Disciplinary Procedures for the California State University. The Chancellor shall prescribe, and may from time to time revise, a code of student disciplinary procedures for the California State University. Subject to other applicable law, this code shall provide for determinations of fact and sanctions to be applied for conduct which is a ground of discipline under Sections 41301 or 41302, and for qualified admission or denial of admission under Section 41303; the authority of the campus President in such matters; conduct related determinations of financial aid eligibility and termination; alternative kinds of proceedings, including proceedings conducted by a hearing officer; time limitations; notice; conduct of hearings, including provisions governing evidence, a record, and review; and such other related matters as may be appropriate. The Chancellor shall report to the Board actions taken under this section. The Code is administered by the judicial affairs officer, 880-5185.

By action of the California State Legislature, Penal Code 502 has been amended by 502.1 (Chapter 1076) to include computer-related crimes as a specific violation of the student conduct code. Therefore, the following is added as a violation of student conduct: Per Section 502 and 502.1 of the Penal Code, Chapter 1076, a student may be subject to disciplinary sanctions, as found in 41301-41304 of Title 5, for violation of student conduct for computer-related crimes delineated in the Code.

Drug-Free Schools and Communities Act Amendment of 1989

As required by the Drug-Free Schools and Communities Act Amendments of 1989, university standards of student conduct prohibit the unlawful possession, use, or distribution of illicit drugs and alcohol by students on university property or as part of any university activity.

Notwithstanding other penalties provided by local, state and federal law which prohibit the above activity, under Title 5, California Code of Regulations, 41301-41304, university disciplinary sanctions which may be imposed are expulsion, suspension, probation or lesser sanctions.

Studies on the effects of controlled substances have demonstrated that the use of such substances can lead to addiction, lung damage, heart damage, brain damage, unpredictable behavior, paranoia and other physical and mental disorders.

The Counseling Center can assist students in locating available drug or alcohol counseling, treatment or rehabilitation or reentry programs. The Counseling Center is located in the Health Center, Room 136, 880-5040.

New Federal Financial Aid Regulations Pertaining to Students Who Have Been Convicted of Possession of a Controlled Substance, or Who Have Been Convicted of the Sale of a Controlled Substance

Effective July 1, 2000 the Secretary of Education proposes to add Sec. 668.40 (a) and (b) to implement statutory provisions to deny financial aid to students convicted of sale or possession of a controlled substance. The periods of ineligibility, which begin as
of the date of conviction, are:

• If convicted for the first time of an offense involving the possession of a controlled substance, the ineligibility period is one year.
• If convicted for the second time of an offense involving the possession of a controlled substance, the ineligibility period is for two years.
• If convicted for the third time of an offense involving the possession of a controlled substance, the ineligibility period is indefinite.
• If convicted for the first time of an offense involving the sale of a controlled substance, the ineligibility period is for one year.
• If convicted for the second time of an offense involving the sale of a controlled substance, the ineligibility period is indefinite.

Note that for purposes of determining a student's eligibility for Title IV assistance, a conviction means a conviction that is on a student's record at the time the student's eligibility for financial aid is being determined. Therefore, a conviction that was reversed, set aside, or removed from the student's record is not relevant.

The Higher Education Act further provides that a student can regain eligibility, regardless of the number or type of convictions on the student's record, by successfully completing a drug rehabilitation program that complies with criteria established by the Secretary of Education and that includes two unannounced drug tests.

Copies of the complete regulation and further information are available at the financial aid office in University Hall, Room 150.

Eligibility Index

The eligibility index (see below) is the combination of the high school grade-point average and the score on either the American College Test (ACT) or the Scholastic Aptitude Test (SAT).

For this purpose, the university computes the grade-point average on the final three years of high school studies, excluding physical education and military science, and uses bonus points for certain honors courses. CSU may offer early, provisional admission based on work completed through the junior year of high school and planned for the senior year.

Students may calculate the index by multiplying their grade-point average by 800 and adding their total score on the SAT I. Or, if they took the ACT, multiply their grade-point average by 200 and add ten times the composite score from the ACT. California high school graduates (or legal residents of California for tuition purposes) need a minimum index of 2900 using the SAT I or 694 using the ACT; the table below shows the combinations of test scores and averages required. Students who neither graduated from a California high school nor are a resident of California for tuition purposes need a minimum index of 3502 (SAT I) or 842 or above (ACT).

Applicants with grade-point averages above 3.00 (3.61 for nonresidents) are exempt from the test requirements.

Campus Safety Report

California State University, San Bernardino publishes a "Campus Safety Report" each September 1st in compliance with federal law. The report contains information on campus safety services, policies, procedures and recent crime statistics. This report is available through the university main web page indexing "Campus Safety Report" and copies may be obtained from the Department of Public Safety.

Below 2.00 does not qualify for regular admission
amended by the Higher Education Technical amendments of 1991, Public Law 102-26 requires the university to provide the following information. The university produces and makes available graduation rates for all students and for those who receive athletically-related financial aid, and produces and makes available information on campus crime and security. Information on graduation rates for all students is available at the Office of Records, Registration and Evaluations, information about graduation rates for those who receive athletically-related financial aid is available at the Office of the Vice President, University Advancement, and information about crime rates and security is available at Public Safety. Information on all three areas may be available from the reference desk at the Pfau Library.

Summarizing the graduation rates for all students, by fall 2001, or six years after entering the CSU, 40 percent of the fall 1996 entering freshman class had earned the bachelor's degree at the CSU campus of first attendance, with an additional 16.8 percent still enrolled. The Cal State, San Bernardino entering freshman statistics were similar with 29.5 percent graduating within six years while another 17.2 percent were still enrolled. Not reflected in these statistics are the 3 or 4 percent of the freshman class who earn a degree at another CSU after transferring.

Historical trends indicate the CSU systemwide graduation rate is expected eventually to reach about 61 percent. A graduation rate of over 60 percent is on a par with the best of peer state universities and colleges.

Average Annual Cost of Education and Sources of Funds Per Full-Time Equivalent Student

The 23 campuses and the Chancellor's Office of the California State University are financed primarily through funding provided by the taxpayers of California. The systemwide cost of education is defined as total support expenditures (State University Fee revenue and General Fund support appropriations) divided by the number of full-time equivalent students. The total 2002/03 state General Fund appropriation to the CSU (not including capital outlay funding in the amount of $481,178,000) is $2,680,280,000 and campus budgeted State University Fee Revenue is $533,430,000 for a total of $3,213,710,000. The $3,213,710,000 total cost of education for CSU must provide support for a projected 321,132 full-time equivalent students (FTES). The number of full-time equivalent students is determined by dividing the total academic student load by 15 units per term (the figure used here to define a full-time student's academic load).

The 2002/03 systemwide cost of education per full-time equivalent student is $10,007. Of this amount, the average student fee support per FTE is $1,926. (The State University fee and campus fees that must be paid to apply to, enroll in, or attend the university are included in the average costs paid by the student. Individual students may pay less or more than $1,926, depending on the campus and whether student is attending part-time/full-time, or is a resident/nonresident student. Also, other campus fees may be charged that are not required of all students, which include user and penalty/deposit fee types.)

Refund of Fees Including Nonresident Tuition

Regulations governing the refund of mandatory fees, including nonresident tuition, for students enrolling at the California State University are included in §41802 of Title 5, California Code of Regulations. For purposes of the refund policy, mandatory fees are defined as those systemwide fees and campus fees that are required to be paid in order to enroll in state-supported academic programs at the California State University. Refunds of fees and tuition charges for self-support programs at the California State University (courses offered through extended learning) are governed by a separate policy established by the University.

In order to receive a full refund of mandatory fees, including nonresident tuition, a student must cancel registration or drop all courses prior to the first day of instruction for the term. Information on procedures and deadlines for cancelling registration are available in the Class Schedule.

For state-supported semesters, quarters and non-standard terms or courses of four weeks or more, a student who withdraws during the term in accordance with the university's established procedures will receive a refund of mandatory fees, including nonresident tuition, based on the portion of the term during which the student was enrolled. No student withdrawing after the 60 percent point in the term will be entitled to a refund of any mandatory fees or nonresident tuition. Students will also receive a refund of mandatory fees, including nonresident tuition under the following circumstances:

- The tuition and mandatory fees were assessed or collected in error;
- The course for which the tuition and mandatory fees were assessed or collected was cancelled by the university;
- The university makes a delayed decision that the student was not eligible to enroll in the term for which the mandatory fees were assessed and collected and the delayed decision was not due to incomplete or inaccurate information provided by the student;
- The student was activated for compulsory military service.

Students who are not entitled to a refund as described above may petition the university for a refund demonstrating exceptional circumstances and the chief financial officer of the university or designee may authorize a refund if he or she determines that the fees and tuition were not earned by the university.

Information concerning any aspect of the refund of fees may be obtained from the Accounting Office.

Changes in Rules and Policies

Although every effort has been made to assure the accuracy of the information in this catalog, students and others who use this catalog should note that laws, rules and policies change from time to time and that these changes may alter the information contained in this publication. Changes may come in the form of statutes enacted by the Legislature, rules and policies adopted by the Board of Trustees of the California State University, by the chancellor or designee of the California State University, or by the president or designee of the campus. It is not possible in a publication of this size to include all of the rules, policies and other information that pertains to students, the institution and the California State University. More current or complete information may be obtained from the appropriate department, college or administrative office.

Nothing in this catalog shall be construed, operate as, or have the effect of an abridgement or a limitation of any rights, powers
or privileges of the Board of Trustees of the California State University, the chancellor of the California State University or the president of the campus. The trustees, the chancellor and the president are authorized by law to adopt, amend or repeal rules and policies which apply to students. This catalog does not constitute a contract or the terms and conditions of a contract between the student and the institution or the California State University. The relationship of the student to the institution is one governed by statute, rules and policy adopted by the Legislature, the trustees, the chancellor, the president and their duly authorized designees.

**Recommendations on Attire for Students in On-campus Simulation or Clinical Supervision Classes**

Departments or programs may provide recommendations for professional attire in on-campus simulation or clinical supervision classes provided:

1. Such standards for attire are established by the Professional Association affiliated with that department or program;
2. Recommendations are communicated to students at the time of admission to the professional program and are further delineated in the course syllabi for the simulation or clinical supervision courses;
3. All such recommendations for attire in demonstration or clinical supervision courses on campus provide reasonable accommodations for traditional ethnic, cultural or religious attire.

**Procedure for Establishment or Abolishment of a Student Body Fee**

The law governing the California State University provides that fees defined as mandatory, such as a student body association fee and a student body center fee, may be established. A student body association fee must be established upon a favorable vote of two-thirds of the students voting in an election held for this purpose (Education Code Section 89300). A student body center fee may be established only after a fee referendum is held which approves by a two-thirds favorable vote the establishment of the fee (Education Code, Section 89304). The student body fee was established at California State University, San Bernardino by student referendum. The campus president may adjust the student body association fee only after the fee adjustment has been approved by a majority of students voting in a referendum established for that purpose (Education Code, Section 89300). The required fee shall be subject to referendum at any time upon the presentation of a petition to the campus president containing the signatures of 10 percent of the regularly enrolled students at the University. Once bonds are issued, authority to set and adjust student body center fees is governed by provisions of the State University Revenue Bond Act of 1947 including, but not limited to, Education Code, Sections 90012, 90027, and 90068. Student body association fees support a variety of cultural and recreational programs, childcare centers, and special student support programs.

The process to establish and adjust other campus-based mandatory fees requires consideration by the campus fee advisory committee and sometimes a student referendum. The campus President may use alternate consultation mechanisms if he/she determines that a referendum is not the best mechanism to achieve appropriate and meaningful consultation. Results of the referendum and the fee committee review are advisory to the campus President. The president may also request the Chancellor to establish the mandatory fee. Authority to adjust fees after consideration by the campus fee advisory committee and the completion of a student referendum is delegated to the President.

**Nondiscrimination Policy**

The California State University does not discriminate on the basis of race, color, national origin, sex, physical disability or sexual orientation in the educational programs or activities it conducts.

**Race, Color, and National Origin**

The California State University complies with the requirements of Title VI and Title VII of the Civil Rights Act of 1964 as amended and the regulations adopted thereunder. No person shall, on the basis of race, color, or national origin be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in any program of the California State University.

**Disability**

The California State University does not discriminate on the basis of disability in admission or access to, or treatment or employment in, its programs and activities. Section 504 of the Rehabilitation Act of 1990, as amended, and the regulations adopted thereunder and the Americans with Disabilities Act prohibit such discrimination. Dr. Frank Rincón, vice president for student services has been designated to coordinate the efforts of compliance with these Acts and their implementing regulations. Inquiries concerning compliance may be addressed to this person at this address at 5500 University Parkway, San Bernardino, CA 92407, 880-5000.

**Sex**

The California State University does not discriminate on the basis of sex in the educational programs or activities it conducts. Title IX of the Education Amendments of 1972, as amended, and the administrative regulations adopted thereunder prohibit discrimination on the basis of sex in education programs and activities operated by California State University, San Bernardino. Such programs and activities include admission of students and employment. Inquiries concerning the application of Title IX to programs and activities of California State University, San Bernardino may be referred to Dale T. West, personnel officer, the campus officer assigned the administrative responsibility of reviewing such matters or to the Regional Director of the Office of Civil Rights, Region IX, 50 United Nations Plaza, Room 239, San Francisco, CA 94102.

The California State University is committed to providing equal opportunities to male and female CSU students in all campus programs, including intercollegiate athletics.

**Sexual Harassment**

It is the policy of California State University, San Bernardino to maintain a working and learning environment free from sexual harassment of its students, employees and those who apply for student and employee status. Questions regarding sexual harassment should be addressed to Dale T. West, personnel officer.

**Age, Marital Status, Religion or Sexual Orientation**

California State University, San Bernardino, and by CSU Board of Trustees policy, does not discriminate on the basis of age, marital status, religion or sexual orientation in employment, educational programs or activities it conducts, except as preempted by federal regulations.

**Filing a Discrimination Complaint by a Student**

Information and filing forms concerning a discrimination complaint against the university and its employees by a student
The California Articulation Number (CAN) System identifies many transferable, lower division, major preparation courses commonly taught on California college and university campuses. The system assures students that CAN courses on one participating campus will be accepted "in lieu of" the comparable CAN courses on another participating campus. For example: CAN ECON 2 on one campus will be accepted for CAN ECON 2 on every other participating campus that has also qualified CAN ECON 2. Each campus retains its own numbering system, but adds the CAN designation parenthetically in its publications.

Check with counseling offices, departmental offices, or articulation officers for current listings of CAN qualified courses. A "CAN CATALOG" listing campuses and courses is available on the Internet at [http://www.can.csus.org](http://www.can.csus.org).
