PRESIDENT'S RECEPTION

Sylvia Stone, Chairman of the Orientation Committee announced that the President's Reception will be held this Saturday night, October 1, at 7:30 PM. President and Mrs. Pfau, Dean and Mrs. Monroe, Mr. and Mrs. Stansell, Dean Hume, and ASB President Richard Bennecke will be on hand to welcome all new and returning students to the campus.

The reception will be held in the cafeteria and appropriate dress will be coat and tie.

A free dance will be held outdoors on the mall in front of the Library building, with "The Other Guys" providing the music. Refreshments will be served. All students are cordially invited to attend and guests are welcome

PLACEMENT CENTER ANNOUNCES SERVICES

Expanded services are now available in all financial aid areas, according to Doyle J. Stansel, director of the Placement and Financial Aid Center.

"This year we will be assisting the college's first seniors in career placements. Also, we will help initiate the new State Guaranteed Loan Program. Details on both of these services will be announced in the near future," reports Stansel.

Students who wish to apply for part-time employment on or off campus are invited to do so at the Center's new location, A-148. Current job openings are posted on the Center's bulletin boards.

NEWSPAPER CONTEST

The search for a permanent name for the present interim college newspaper will end next month in a campus-wide "Name the Newspaper Contest." Those interested in submitting entries may do so by dropping off their suggestions in the newspaper office, Library 112. Entries will be judged according to originality and aptness of thought. Prizes for the winning name will be announced at a later date

According to Stansel, on-campus student assistant jobs are quite limited in number because of budgetary considerations. However, much more money is available to support student employment under the U.S. College Work Study Program, which is designed to assist students with definite need for aid. Information concerning eligibility criteria for CWSP jobs and other aid programs is available at the Center.

THE NEWSPAPER STORY

The COMMUNIQUE was first published during the Fall Quarter of 1965 as the temporary newspaper of an interim student government. When the official student government was formed in the January 1966 elections, the COMMUNIQUE became the official ASB newspaper. However, the trials and tribulations of newspaper life plagued the COMMUNIQUE and the newspaper continued as an interim publication pending the formation of the Publication Board.

The Publication Board will be concerned with the selection of the Editor, approval of budgets and staff appointments, publication codes,

A unique atmosphere prevails here at San Bernardino State. It already has been noticed by many of the new students, and the people from last year are certainly familiar with it. The situation here at CSCSB is a product of many processes, but basically, it is a result of "the small college" attitude.

One can see the numerous advantages in favor of the small college. The opportunities to actively participate are certainly greater here than in some of the huge complexes of the State Colleges or University Systems. It is also virtually impossible to remain anonymous in a small college, for nearly everyone is acquainted with everyone else. Attention is called to the fact that the Faculty and Administrative Officials are easily approached, for their time is not yet ravaged by overloaded schedules and hordes of students.

The Students here are fortunate to experience this small college attitude, and yet they never will know the disadvantages of the small campus (financial and communication problems, to name a few), for San Bernardino State is backed up by the entire California State College System.

This friendly and informal atmosphere will not endure. As the College grows, and the Student Body, Faculty, and Administration increases in number, the processes will become formalized and the friendliness will fade. But whatever the future has in store for the College, We, the first Students can consider ourselves privileged to have been able to experience this attitude, for it more than compensates for the work that is necessary to establish the traditions and values that will be our heritage to those who follow.

ATTENTION STUDENT ORGANIZATIONS

Submit your meeting and activity schedule to the newspaper office, L-112, no later than Tuesday noon for publication Friday.

and the preservation of the freedoms of the Press.

Studies are now being made to determine exactly what kind of Publications Board would be right for CSCSB. The Publication Boards of the various State Colleges have been analyzed and compared to provide the best support possible for the Student Newspaper.

After the formation of the Official Board, members will be appointed at the beginning of the Winter Quarter with Students, Faculty, and Administration Representatives. The Newspaper will then become a permanent publication designed to provide the utmost in services to the College

FROM THE PRESIDENT'S DESK

The time has come to pack away our bathing suits and bermudas, and break out the slide-rules, pens, and briefcase. School has started and your Student Government, after many long summer hours, has planned varied events which we hope will add to your campus life. However, a school is only as good as its students, which means that it is up to each and everyone of you to add to your student community through active participation in the many areas offered.

Take this brief message as your personal invitation to become one of the pioneers here at San Bernardino State. I look forward to working with you and I hope this year will be enjoyable for all.

Mr. Richard Bennécke
President ASB
California State College
San Bernardino, California

Dear Richard,

I would like to take this opportunity to wish you and all of the students at the California State College at San Bernardino success in the 1966-67 academic year. This year, like the past year, will present many challenges to you and the opportunity for both academic and personal growth will be yours for the asking. I sincerely hope that every student will take advantage of the benefits available.

I would like to remind you and the student body of my comments regarding the potential which exists for CSCSB to be well known for both the scholastic excellence which prevails and the friendly, personal atmosphere that can be established. It is your College; I trust that every student will contribute his share to attain both of these goals.

Again, best wishes for a successful and fruitful academic year.

Best Regards,

Richard L. Lewis

Eds. Note:

Mr. Richard Lewis is well known to the students who attended SB State last year. A mathematics professor, he was always ready to help on any student project. The popular "math prof" is now at Kansas State College of Pittsburg, and we all extend our best wishes to Dick Lewis and his new job.
