Welcome to the CSUSB Statistical Factbook!

The version of the Factbook you are now reading reflects a significant reorganization of statistical data reporting by the Office of Institutional Research. All of the reports have been generated using aggregated statistical databases contained in stand-alone Excel worksheets. Several versions of the Factbook are available to help meet the statistical information needs of a full range of users:

- A paper version designed to address the most common requests for data;
- An Adobe Acrobat “.pdf” version from the Institutional Research web site;
- A comprehensive Microsoft Excel™ version consisting of several workbooks that contain the tables published here as well as the capability to easily generate customized reports that are not feasible for inclusion in a Factbook for general audiences. An overview of the data elements that comprise the Excel files is given at the end of this document. Institutional Research is also willing to provide technical assistance to casual users unfamiliar with Excel’s built-in reporting capabilities.

All of the electronic versions (and more) are available at:

<http://ir.csusb.edu/>.

If you have any questions, please feel free to contact Institutional Research directly.
