More Bilingual Assistance

More companies offer bilingual assistance to workers. A growing number of firms with expanded Hispanic work forces give them extra help to increase productivity or avoid unions. La Quinta Motor Inns, San Antonio, issues an employee handbook in Spanish for the first time; half of its 2,500 workers are Hispanic. Bell & Howell teams Spanish-speaking employees with bilingual ones at its Lincolnwood, Ill., plant. A Control Data facility offers such workers bilingual counselors and a 24-hour "hotline." Dart & Kraft requires that foremen be bilingual in heavily Hispanic plants in three states. "We've got to do more" to improve communication between bosses and Hispanic employees, Curtiss-Wright says. New York Bell offers senior managers awareness training about Hispanic. Such efforts also appear to trim absenteeism and turnover among Spanish-speaking workers, says consultant Marian deForest.

IBM Rest Case

IBM and the government rested their cases in their 12-year-old anti-trust battle. The company said it requested a meeting to discuss settling or dropping some issues, apparently due to a recent decision in an AT & T unit case.

House Household Size Drops

The average U.S. household size dropped to 2.75 persons in 1980 from 3.11 in 1970, the Census Bureau said. The decrease was attributed to an increasing number of divorces, smaller families and more young adults choosing to live alone. The number of households during the decade rose 27% to 80.4 million.

Given EEOC Criticized

The EEOC is criticized for not dropping weak cases. The job-bias agency has sharply cut its complaint backlog, largely through new informal negotiations. But the General Accounting Office says emphasis on rapid processing means the agency settles many charges that lack merit. This "undermines the EEOC's credibility." A second GAO report finds serious administrative problems in EEOC district offices, including untrained staff and excess lawyers and equipment.

Settlement of weak cases is "the exception, rather than the rule," retorts former EEOC head Eleanor Norton. She adds that the GAO found most employers satisfied with the grievance process. Current acting chairman, J. Clay Sith, "didn't know" the administrative snafus existed, an aide says, and "he wants an explanation."

Black Voice Leases Coin Stands

We're on the move! The Black Voice News has recently leased the news stands from the Weekly Reader, which went out of business recently in Riverside and leaves a void in the community for community news.

The Community Shopper and the Black Voice are now the only remaining weekly community publications.

"We have expanded to fill the gap left when the Weekly Reader went out of business," said Hardy Brown, Publisher of the Black Voice.

Now the "Voice" will be in convenient locations and welcome news releases and advertisers.

Every paper has its function, a daily has components we don't have but on the other hand the Weekly is concerned about local news information from who was born to who died; from society news to investigative reporting.

The Black Voice News will celebrate 10 years of business in January 1982 and many plans are being made for the celebration.

REV. WM SELDON

PASTOR
CHURCH REPORTER:
Sis. Ruthie Seldon

For the past Sundays, the young men of our church have been active in the devotional service with our Deacons. The youth choir let the spirit of the Lord use them as they sang songs of praise in the worship service. Long before the service began, all of our young people were present in the Sunday School and prayer with the pastor and officers.

Rev. Seldon chose for a subject "Take Me Back." St. Luke 15:11-13 was the scriptural reading and the 11th verse was used as the text. "I will arise and go to my father, and will say unto him, Father, I have sinned against heaven and before thee." Sometimes we need to go back and ask the Lord to clean us up, help us to be more like Jesus. We have a need for more prayer, forgiveness and forgetfulness. We need to love each other and going back to God in prayer is the only solution.

The blessings of the Lord were with us during our Annual Choir Day Service. Our warmest thanks goes out to Mt.

Dr. Wm. Thomas

BY OLLIE ANDREWS

Sunday, May 31, was Mission Sunday at Second Baptist, the music was rendered by the newly organized Bertha Armstrong Mission Chorus, directed by Sis. Leona Coleman. The Rev. Alonzo Moore, missionary minister of Tri-County District Association and a member of New Hope Baptist Church of San Bernardino, Ca., delivered the message. Topic of his subject was, "Natural Light," found in St. Matthew 5:14-16.

The Inspirational Choir wishes to thank each and everyone for their contribution to the success of our Musical on Sunday May 24th. The Inspirational Choir will be rendering the Music at Lake Providence Baptist Church in Lake Elsinore, Ca. as they celebrate their Annual Musical.

Pastor Thomas and congregation extends their deepest sympathy to the family and relative of Mr. Eddie Benton of Riverside, who was funeralized last Wednesday.

Vernon Baptist Church Choir, the Singing Inspirations, all of those in attendance and all of our members for your presence and support.

The members of Grace Bethel and their families also Rev. L. Gray and his family were in attendance at a Bar-B-Que held at the home of the Seldons. Friends joined the festivities and a great fellowship was enjoyed by all.

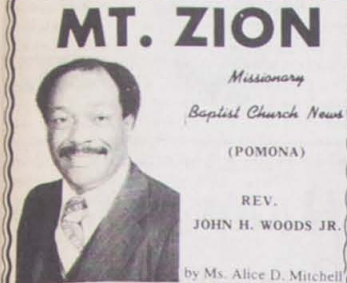

The Mission department presented a beautiful program and the Mission Chorus under the direction of Sis. I. Bremmer added greatly to the service.

Our Mission speaker, Sis. Mabel McDaniel warmed all of our hearts as she spoke. Sis. McDaniel expressed the importance of spreading the gospel throughout the world. We must not wait for them to come to church but we must carry the word to all the world. We can carry the gospel by our offering, printed music, bibles and hymn books. Christians are responsible for those outside the belief of Christ. We must be a fruit bearing church. Matt. 28:20 says "Lo, I am with you," so we have that assurance as we journey on this battlefield.

We were grateful and happy to have Sis. Brown and her daughter and grandchildren.

The youth department will sponsor a car wash on June 13th from 9:00 to 4:00 at the Arco station on the corners of Central and De Anza. Cars are \$2.00 and trucks and vans \$3.00.

The blessings of the Lord were with us during our Annual Choir Day Service. Our warmest thanks goes out to Mt.

Pastor

J. Ray Thornton

BY THERESA B. JEWELL REPORTER

Music and songs were provided by the Celestial Choir, with Mrs. Carrie Hampton and Lorraine Taylor giving a selection titled "Lord Draw Me Closer To Thee."

"Reach Out and Touch Someone" was the theme chosen by Ms Susan Thomas as the speaker for Missionary Day. She stated that in order to make the world a better place to live, we should reach out and touch someone. It need not be physical, just a friendly smile, some good advice or a good deed might touch some one emotionally.

The Bible is filled with instances of Jesus touching someone; The woman at the well, giving sight to the blind and even restoring life to the dead.

Christians should be able to reach out and touch someone spiritually. It is a wonderful experience to make someone happy and have them respond to you.

God so loved the world that He gave His only begotten Son that we might have everlasting life. We should always show love to each other.

Pastor's Pen: If you want to travel fast, travel light, take off all your jealousness, prejudices, selfishness and fears. Idle minds, empty hearts and useless hands are everyday tragedies.

The pastor, officers and members offer prayers for the sick and shut-ins everywhere, also praying for Mr. Grey who underwent surgery this past week at Community Hospital. Visitors this past Sunday were, Mr. Clyde Heard, T.S. Crane, Eugene Malone and Ms. Valerie Brooks.

to sing (SMILES) This Sunday I will be in Los Angeles, along with Richards, Grigley and King in celebration of Prince Dixons "several" years in gospel music.

Richards, Grigley and King have developed a new sound not necessarily out of the desire to do so, but the need to adapt.

I remember last year I heard a song by the Gospel Keynotes, "God Will Fix It," being a testimony of their recovery after losing their lead singer Paul Beasley to another group.

There are a number of other "groups" in the world but Gods program never fails. When it appears you are at a lost God will provide by sending a person from the outside or by developing a person from among your midst.

Gods program never fails, just keep the faith, our disappointments can be and often times is.....Gods appointment.

Come To Church This Week

American Muslim Mission

By Iman Ron El-Amin

With the name Allah,
The Gracious, the Compassionate

Decisive time are calling on us to stand up and be men and women. Let us not go down in history as a foolish people who failed to fulfill the natural role of their human and global destiny. Our hopes and aspirations, past and present are the same. The freedom struggle of our ancestors was not a struggle waged solely to obtain liberation in America. It was and still is a mission to become a free, dignified people in the world.

Freedom is an effort that must be made continuously because there is always someone around who's determined to deprive people of their freedom. It's like breathing, if you stop, you will die. If you stop trying to be free, we cut off the breath of our own community life. There will be no struggle, no difficulty, which without them, there can be no ease, no relief. The greatest difficulties sometimes produce the best results just as extreme heat and pressure are conditions for creating the finest diamonds.

The heat and pressures of slavery have qualified African Americans to be model examples of social justice in today's unbalanced world. Despite the intensity of its fires, we've emerged from its furnace as the young Hebrew Boys did in the Scriptures, Human Spirit still is in tact! Indeed! That's a social phenomenon capable of the world's admiration.

Let us become a diamond refined by the circumstances of our history and the originality of our own new and distinct culture. We must seek out an alternative culture that will free us from today's wishy-washy culture of social madness. People without their own unique culture are slaves to the cultures of others. Everything must be defined for them by others. The absence of self knowledge causes them not to trust their own independent approval to be occupationally and educationally creative. Culture means, "Having unique and distinct group identity that roots and reflects itself in all areas of the community life of a people."

Community life is the broadest aspect of the life of self. To have your own culture in America simply means you're making an independent ethnic contribution to the multi-cultural society that makes up America. America is ours too, therefore we should feel dissatisfied with ourselves if we are not making such a contribution. We shouldn't allow ourselves to rest nor our children, until such an obligation.

Let's not take on the attitude of adopting the "Easy Disposition" in regards to self determination, community improvement. If allow ourselves to become disoriented to experiencing a little pain and discomfort on behalf of a better community life, we sever (cut off) our present hopes and aspirations from those of our past freedom fighters.

We must learn to defer (Put Off) today's gratifications by working together for tomorrow's progress. Hankering after luxuries for the moment, an emotional release for the moment, etc., will not give us the dignity that our collective conscience cries out for. I repeat! No form of material or emotional gratification will free us from the social injustices existing throughout our communities. Only a heart and mind reconciled to truth as a result of individual and collective struggle for human and community excellence will do the job.

Rev. Levonzo Gray
Pastor

Sister Rule's lesson from the Missionary on Sunday morning was taken from the book of Obadiah 1:19. She said that he was a prophet from the Old Testament. He mentioned the rivalry between the twelve tribes of Israel. When we get into a higher income bracket, there is nothing to stop God from bringing us back down if we fail to recognize him. God will talk to us everyday if we let him. The world is in a terrible shape. Let's turn our heart to the Lord. We have to stand up and be counted and let us be counted with those standing for the Lord.

"The Result of Repentance" was the subject of Rev. Thompson's message Sunday morning. His text was from Ruth 19. Zaccheus was despised by many people. He was the chief collector of taxes for the Roman government. God loved Zaccheus as much as anyone else. We've been told that Jesus loves sinners. You can't come to Jesus unless the Holy Spirit draws you. We need to come to Jesus just as we are.

There is a cure for people who are hooked on the bottle, dope, or problems in our homes. Jesus is the cure. He can cure everything. His word will never change. He can change your life. You can't do it yourself. Only God can change you as he changed Zaccheus. Let us remember "What A Friend

THE KILGORE ENSEMBLE SINGERS of Los Angeles were special guest at the Friendship Baptist Church on

Sunday, May 31, 1981. The Mission Department sponsored the spirit-filled service.

We Have In Jesus."

The Kilgore Singers of Los Angeles were with us on Sunday afternoon. They sang with power from on high! Also on the program was the sensational Youth Choir of Friendship with a moving rendition of "Never Alone" led by Angie Talley, LaShawn Bridges and Jennifer Hall. The Adult Choir sang beautifully with Sister Evelyn Mosely leading "He Decided to Die." Another special guest was the Singing Inspirations from the Kansas Avenue Seventh-day Adventist Church. This is a dynamic group the Lord is blessing with a very unique style. Brother Eddie Bridges of The Greater Faith Baptist Church, Rev. F. Landry, pastor, sang a solo, "I Stood on the Banks of Jordan."

The service was given by the Missionary Department and I must commend Mother Callie Merritt and Rev. Mother Bridges and all of the Mission Sisters for one of the best Mission Day our church has ever had. Thanks to Mother Bridges who entertained the Kilgore Singers in her home as well as some of the members of Friendship and Greater Faith.

Sunday night Rev. Gray spoke from Isaiah 51 about the

responsibility of every Christian is to want to do what is right. It is important for young people to realize that they are a Christian and that they must do what is right and strive everyday to do it. God is going to give the increase in your life. He told us to not be weary in doing the right thing for God will give you the increase. He did it for Abraham and he will do it for you. One of the things that God wants Christians to know is that you've got to have some joy in the Lord. During the week you have a responsibility for the Lord. Let us not forget to pray together on Wednesday evening at 7:00 p.m.

We have missed a few birthdays in the month of May, so we pause to say a belated happy birthday to Edward Blackshear, Jr. and Bro. Willie Goree.

The Pastor's Aide Annual Day will be on the second Sunday afternoon. The New Life Missionary Baptist Church and Rev. Elijah Singletary will be our special guest.

Annual Usher Day is on the 4th Sunday afternoon. Our special guest will be Rev. C.E. Simmons and the Mt. Calvary Baptist Church of India.

Don't forget to pray for and call or visit the sick and shut-in.

Local Coach

Added to Nebraska Staff

Nebraska Coach Colleen Matsuhara announced the addition of Mavis Washington as Assistant Coach to the Husker basketball staff. Washington, a native of The Bronx, New York, has taught and coached girls' basketball, volleyball, and track and field at Rubidoux High School in Riverside, California for the past five years. In addition, she coached the Rubidoux boys' volleyball team into the first round CIF Playoffs this year.

Washington starred on both the basketball and volleyball teams at the University of California at Riverside where she led her team into the AIAW National Tournament in 1973.

The new Nebraska assistant earned AAU All American honors while competing for National General West of Anaheim, California, who claimed the National AAU title in 1975 and the runner-up spot in 1976.

Coch Matsuhara commented, "We are very fortunate to have a person of Mavis' credentials come to Nebraska. Her past playing experience, coupled with her coaching positions, will be a very positive asset to our program."

RIVERSIDE - Kim Hutchinson putted the shot a personal best of 40'7" to give her fourth place at the Southern California Finals Track Meet and thus advance to the state finals to be held at Cerritos College this Saturday.

Four women off the RCC track team made the trip to Mira Costa last Saturday and all turned in personal bests. Mary Andrade also had a personal best in the shot put with a put of 36'11".

Shireen Johnson broke the school record in the long jump with a leap of 17'7". She held on to the record for

about 45 seconds when teammate Sandra Johnson jumped 18'3/4", to set a new school record. Sandra Johnson's jump placed her ninth in the event, but it wasn't good enough to advance to the finals in what was a very competitive event. A new meet record was set at 20'3" by Victoria Bell of Mt. San Antonio, who also had a wind aided 21' jump.

"We couldn't ask for anything better than what the girls did," said Coach Bill Heath. "They all went down there and did their personal bests. They all peaked at the right time."

Summer-for-Six Committee sponsors fund raiser

On Saturday, June 6, 1981 at 7:30 p.m., Summer-for-Six Committee will sponsor a fund raising program entitled "From Atlanta to the Pacific" at the San Bernardino Convention Center. The purpose of the program is specifically to raise enough money to bring six young Atlantans to San Bernardino during the month of August, to enter them in the city's Summer Games '81, house and feed them, entertain them and, hopefully, give them a new lease on life.

Reports from Atlanta indicate that the youth of that city are frightened and many are suffering serious psychological traumas as a result of the recent murders of 28 black youth.

The idea of a summer for six was born in the mind of Harry L. Jacks, San Bernardino entrepreneur and businessman. He organized a committee and has spent many days organizing this event to realize his goal. "If we could provide the inspiration and positive force for six young people from the troubled city of Atlanta," said Jacks, "perhaps we could send them back to Georgia with renewed hope and faith and strength."

Entertainment will be provided by Los Angeles Gospel Singer, Juanita Manley, The Young Saints, local soprano Grace McDonald and many church choirs. Refreshments will be provided. A donation of \$10 will be asked for the evening. Additional donations from the business community and private individuals are sought.

"Let us share California's prosperity and bring some of the troubled from Atlanta to the peace of the Pacific," says Jacks. Tickets and further information can be obtained by calling Jacks at 885-5522.

Egley & Morris Named "Judges of the Year"

RIVERSIDE - The Inland Chapter of the California Trial Lawyers Association has named Judge Patrick J. Morris of the San Bernardino Superior Court and Paul Egley of the Los Angeles County Superior Court at "Judges of the Year." The honoring ceremonies took place at the California Trial Lawyers Association's annual Judges Night dinner the Mission Inn, Riverside.

Judge Morris was recognized for his outstanding contribution to the administration of justice; particularly for his work in the field of family law. He served as the first full-time Family Law Judge in San Bernardino County. During his two years on that Bench, he reorganized services and procedures to expedite the handling of family cases and was successful in bringing the Family Court calendar to a current status. He consolidated the Conciliation Court and the Child Custody Investigation Office into a single Family Court Services Department with an emphasis on mediation and counseling.

Thereafter, mediation, counseling and investigative services were provided in the West and Desert Branches of the San Bernardino County Superior Court. This procedure, together with Mandatory Settlement Conferences in all family cases has led to the settlement of nearly all family matters prior to trial. To supplement the professional counseling staff, an internship program was instituted for graduate students and mental health

Citizens' Group To Fight Growth

To confront the acute problems of runaway growth in Riverside County, a new organization recently formed called "Citizens for Better Planning." "The dissatisfaction with land use decisions by the Board of Supervisors is wide-spread in Riverside County," reports the president of CBP, Judy Ortung. "Small neighborhood groups and individuals have protested the unsound development proposals being approved, but little regard has been shown for their concerns. Citizens for Better Planning intends to bring these groups and individuals together to focus a strong voice with the financial and political ability to follow through," stated Ortung.

The Friends of Riverside, the San Geronimo Chapter of the Sierra Club, Riverside for Reasonable Growth, and the San Bernardino Valley Audubon Society have already pledged their support.

Ike Eastvold, vice-president of the new group, calls recent county planning decisions "disastrous" in their cumulative effects. "Approval of huge developments in remote sections of the county has created the all-too-familiar traumas of classic 'leapfrog' development, including loss of productive agricultural lands, degradation of wildlife habitat, overcrowded schools, and increased crime," Eastvold charged. "We intend to get at the

root of these problems by confronting the poor planning that now plagues our county," said Eastvold. A major concern of Citizens for Better Planning is the fact that, while a new comprehensive general plan for the county is now in preparation, the Board of Supervisors is approving huge developments which will prematurely fix the character of growth for large parts of the county. "These premature projects put the cart before the horse," stated Ortung. "A sound general plan with broad public involvement should dictate the development of our county—not the narrow special interests of a few big developers," Ortung said.

Through the political process and legal action, the new organizations hopes to promote orderly growth with a sound commitment to creating a quality living environment throughout the county.

Shorts, longer shorts, slim shorts, fuller shorts - with so many new ones, there's a perfect fit for every figure. The classic pleated short is the best all-around shape, and will look fantastic on almost every figure. There's enough fullness to camouflage heavy thighs or hips, and a mid-thigh length is flattering to both short and long legs. Pleated front conceals a tummy, draws attention away from hips. If you have thin legs, the short is the shape you need. Full from the waist, it seems to fill out hips and legs, makes them look shapelier, sexier. The slightly flared short is the right shape for women with heavy thighs. It gently flares immediately below the hip and makes thighs look longer, legs seem leaner. Also, pleats and center fly closure (instead of one of the new side closures) focus attention away from hips. A well-cut short of this shape won't buckle at the crotch when you sit and will give a smooth rear view, something you should check out before you buy. Wear pleated shorts with low-heel pumps for new sophistication; casual look are best with loafers, flat pumps, sandals, sneakers or espadrilles.

Judge Morris commenced a collection program for those litigants who could afford to pay for the Court's counseling and mediation services. The annual receipts are now averaging \$50,000.
