National Tid-Bits

Atlanta Hearing Set

An Atlanta hearing was set for this week charges that Wayne B. Williams strangled one of the 28 young blacks slain in the area since 1979. Williams, arrested Sunday, was to face a hearing Monday but his attorney won a delay.

Postal Rejection

Postal Service governors rejected as inadequate rate boosts recommended by the Postal Rate Commission and adopted under protest last March. If the commission resubmits those recommendations, the board can approve wider increases.

VIRGIL HILL

RCC Pool Closed To Public

RIVERSIDE: Unlike past summers, Riverside City College's Cutter Pool will not be open to public recreation swimming, according to RCC Swim Coach Tony Turner. Turner said the reason for closing the pool

was due to lack of funds. RCC will again feature swim classes for those 3 1/2 years or older. Sign-ups for this summer's classes begin Friday, June 26, from 9 a.m. to 1 p.m. at Cutter Pool. Priority numbers will be issued at 8 a.m.

Ruby Graham Succumbs

Funeral services were held Saturday, June 6, 1981 for Mrs. Ruby Graham, local resident of San Bernardino for the past 40 years.

Mrs. Graham was a faithful member of St. Paul A.M.E. Church where she served the Lord by singing in the choir. Mrs. Ruby Lee Davison Graham was born November 25, 1914 in Baton Rouge, Louisiana. She was the adopted daughter of Mr. & Mrs. John Bigham.

At an early age the family moved to Oklahoma City,

RUBY L. GRAHAM

Oklahoma, where she attended the public schools, and graduated from Douglas High School in 1931.

While in High School she was united in Holy Matrimony to her childhood sweetheart Mr. John R. Graham on April 9, 1929. To this union three children were born. Milas Ann, John Robert Jr. and Paul Lawrence, who preceded her in death.

Ruby and her family moved to San Bernardino, Ca. in 1943, which her husband who was serving in the Army, was stationed at Hamilton Field, Ca. during World War II.

Ruby was employed by Pacific Telephone Co. where she served as a Matron in the Maintenance department for 25 years, retiring in 1979.

A devout Christian, Ruby united with St. Paul A.M.E. Church many years ago.

She was a charter member and past officer of the Inspirational Choir. A faithful member of the St. Paul Matrons where she served as Secretary-Treasurer of the Benevolent Fund. She was also a member of the Telephone Pioneer Club and the Ebony Travel Club.

Ruby departed this life at 8:15 a.m. Sunday May 31, 1981 at St. Bernardine Hospital.

She leaves to mourn her passing: her husband, Mr. John Robert Graham, a daughter Milas Ann Bias, a son Mr. John Robert Graham Jr., 10 grandchildren, 10 great grandchildren, a host of other relatives and friends.

Med Student Affected By Reagan Cuts

Virgil Hill, first year medical student may have his plans shattered if President Reagan's budget cuts are carried out as planned.

Virgil Hill, graduate of Cal State Dominguez is planning to enroll at the College of Osteopathic Medicine of the Pacific on August 15, 1981. The problem is that he needs \$10,000 to enroll, \$2,800 for books and supplies and an additional \$4,000 for living expenses.

Before the Reagan cuts, financial aid was available and adequate but now, he faces an abrupt halt in his career plans, unless he gets some kind of financial aid.

The obligation scholarship known as the National Health Services Scholarship would have paid all the tuition and

fees, books and a stipend of \$530 a month. The obligation would be for him to work for 4 years in the inner-city or rural area to bring better health care to those badly needed areas.

The program has been cancelled for all new students but continuing students will not be effected. In 3 to 4 years the program is targeted to be completely dismantled.

Another program cancelled will be the Health Education Assistance loans, strictly a loan, handled by the Chase Manhattan Bank, for \$15,000 per year with a maximum of 60,000 over a 4 year period.

There are other programs handled by the Armed Services which have an age limit and are so over crowded, "that when I contacted the Air Force 2 months ago they said they had

stopped accepting applications," said Hill. The Navy reports are similar as well as the Army.

"The National Medical Fellowship Program had a deadline of April and wasn't accepted into Medical School until after their deadline," he said.

It seems that Hill's situation is Catch 22 he couldn't apply for anything until he was accepted into Med School and now when he was accepted the mood of the country has changed and programs are closed to a young man who has prepared to become a doctor, "I don't know what I'll do if I don't go to Med School," said Hill.

Hill, a 5 year resident of Riverside is a Psychology/Biology major, who has attended Loma Linda and Cal State Dominguez.

"The hardest thing I had to do was to get accepted to school next year my chances aren't so good because of my age." He is 29.

Donna Blackwell-Taylor Joins Anheuser Busch

ST. LOUIS, Mo. —Wayman F. Smith, III, vice president of corporate affairs, Anheuser-Busch Companies, Inc. has announced the appointment of Donna Blackwell-Taylor as executive assistant to his office.

A resident of St. Louis, Blackwell-Taylor comes to Anheuser-Busch after serving one and one-half years as project director and research associate at the Institute of Black Studies, Inc.

Blackwell-Taylor, 31 also served as research associate at the Fanon Research and Development Center in Los Angeles, California. Addi-

tionally, she has also had extensive involvement in a number of administrative capacities at Washington University in St. Louis.

Blackwell-Taylor is a doctoral candidate at Washington University where she received her M.A. in counseling in 1976. She obtained her A.B. degree in psychology in 1971 from the University of Missouri-Columbia.

She was honored by the United Negro College Fund for her efforts in coordinating special fund-raising campaigns for that organization.

Anheuser-Busch Riverside Beer Branch Announces '81 'Special Safety Olympics'

RIVERSIDE: The Anheuser-Busch, Inc. beer distribution branch here has launched a unique job-safety incentive program that will benefit the local Special Olympics fund, it was announced by Branch Manager A. George Liakos.

The year-long program which began recently calls for the world's largest brewer to donate \$1 to the Special Olympics for every employee at each of Anheuser-Busch's 11 breweries and 11 beer distribution branches each time one of the facilities goes 30 consecutive days without losing a worker's services due to injury.

In 1980, Anheuser-Busch

contributed more than \$27,000 to the Special Olympics — a national organization that enables mentally retarded children and adults to participate in athletic competition — via this "Special Safety Olympics" program. That donation helped more than 700 mentally retarded people to attend the 1981 International Winter Special Olympics held last March in Stowe, Vermont.

The 1980 Special Safety Olympics program involved more than 10,000 Anheuser-Busch employees and resulted in a 12.5 percent decrease in the company's serious injury rate.

whatever work is necessary to fully educate members of the State Senate about Dr. King and the importance of the measure.

"I feel that if Dr. King could give his life for ideals that have benefited all Americans, and, in fact, the world, the least I can do is to continue to fight to ensure that we are reminded once a year about his dream and what he stood for," Harris concluded.

Santa's Village Performance

The 35 member Danzas de Tapia Mexican folk dance troupe will give two performances at Santa's Village June 28. Showtimes are 1 and 3 p.m.

Ranging in age from 3 1/2 years to 20, the troupe has performed on the Jerry Lewis Muscular Dystrophy Telethon, at Disneyland, Knott's Berry Farm, the Pomona Fair and in Arizona and Mexico. Mrs. Rose Tapia

of Pico Rivera founded the group which has been performing for almost 10 years. Members are from Whittier, Pico Rivera and Placentia.

Santa's Village, located on Highway 18 in Sky Forest near Lake Arrowhead, is open from 10 a.m. to 5 p.m. daily.

For further information contact Barbara J. Spears at 684-0622.

Rev. John H. Woods, Jr.

Woods Receives Doctor of Ministry

BERKELEY: The Rev. John Henry Woods, Jr., pastor of Mt. Zion Missionary Baptist Church in Pomona received a Doctor of Ministry degree from the American Baptist

Seminary of the West at Commencement on Saturday, June 13, 1981.

The Seminary is located in Berkeley, California with an extension center located in Huntington Park, California.

Donna Blackwell-Taylor

Mr. Woods has the Bachelor of Science degree from Tennessee A & I State University, a Master of Arts degree from Claremont Graduate School, and a Master of Divinity degree from the

American Baptist Seminary of the West, Berkeley.

Mr. Woods professional paper was entitled, "The Black Church in the Ministry of Housing."

families to public/private health care and/or health and welfare programs.

Copies of the proposal package are available at the offices of the Community Action Agency at 4080 Lemon St., 12th Fl., or by calling (714) 787-2262. Completed proposals are due in Friday, July 24, 1981.

Community meetings to provide information are scheduled as follows: Tuesday, June 30, 1981 - Riverside, Ca site to be selected, Thursday, July 2, 1981 - Indio, Ca site to be selected, Tuesday, July 7, 1981 - Hemet or Banning, Ca, site to be selected.

The contact person is Thomas Tenorio.

CAA Request Proposals

The Riverside County Community Action Agency announces that it is requesting proposals to be submitted for funding consideration.

Four (4) grants of \$15,000 each are available for projects focusing on the improvement of or provision of opportunities or access of low income individuals or

MLK Bill Clears Assembly

SACRAMENTO — The struggle to make the birthday of slain civil rights leader Martin Luther King, Jr. a state holiday cleared a major hurdle last week when the State Assembly voted 43 - 24 in favor of the measure by Assemblyman Elihu Harris (D-Oakland).

The measure, Assembly Bill 312, would include Dr. King's birthday, January 15, as a designated state holiday for which schools would close. Assembly Bill 312 was introduced at the suggestion of the Apollo Class at Oakland Technical High School and the California Teachers Association.

Dr. King, who was awarded the Nobel Peace Prize in 1964 for his leadership of the non-violent civil rights movement in this country during a period of social upheaval and violence, was assassinated by a sniper on the balcony of a Memphis motel on April 4, 1967. His death came one day after his prophetic "I've Been to the Mountaintop" speech. He was only 38 years old.

"This is a great victory for Black and other ethnic minorities and for all decent people who believe that an individual's worth and contributions to his or her country should be recognized regardless of the color of the person's skin," said an exuberant Assemblyman Harris following the legislative decision.

During Assembly testimony on his bill, Assemblyman Harris told his colleagues that approval of the bill would be significant additionally because it would mark the first time

a holiday has been set aside for an ethnic minority person. "There is not a holiday in this state that recognizes the contributions of a minority or a woman," Assemblyman Harris told the Assembly.

"This is the single most important act the Legislature could take in saying to the Black community: we recognize your great contributions, we are concerned about the poor and dispossessed, and we would like to show that we care," said Assemblywoman Maxine Waters (D-Los Angeles).

All but one of the 24 votes in opposition to the bill were cast by Republicans.

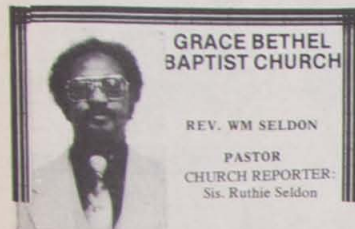

Expressing appreciation for the support of Democratic Assembly members in passing the measure, Assemblyman Harris said he was confident the measure would pass the Assembly because "most of my colleagues understand Dr. King's contribution. They understand his concern about the rights and freedom for all Americans not just a privileged few."

However, he said, "The fight is far from finished."

"The life of Martin Luther King, Jr. reflects the very principles on which this nation was built. He never strayed from his commitment to civil rights, and he never strayed from his belief that this is a country of freedom, justice and equality for all people, not just a few," Assemblyman Harris said.

Assemblyman Harris added that he is prepared to do

Worship as a Family This Week

GRACE BETHEL
BAPTIST CHURCH

REV. WM SELDON
PASTOR
CHURCH REPORTER:
Sis. Ruthie Seldon

On June 20th, Rev. Seldon and Sis. Seldon went out into their neighborhood inviting people to Sunday School and to church. Transportation was furnished by Rev. & Sis. Seldon. The Lord blessed their efforts and added three young people to our Sunday School. Twenty-five homes were contacted and they are planning to continue to tell people that Christ is the answer by witnessing to those that are not attending any church in their area.

Rev. Nathan Smith brought us an inspiring message and the Lord spoke to his heart as he spoke to us. Rev. Smith used as his subject "God's Grace is Sufficient" and for a text from the latter part of II Cor. 12:10, for when I am weak, then am I strong. Scriptural reading was taken from II Cor. 12:6-10. We understand that grace is extended to us because of God's great love for mankind. Grace is that unmerited gift of God that He bestowed upon us. For it is the gift of God that brings salvation to all men. Whenever one is saved, it is because of the gift of Grace. No matter how good we are, we still cannot pay for the grace. When we are doing our best, we are still as filthy rags in the sight of God. Only grace can see us through many pitfalls in our lives and it is the love of God that makes it all possible.

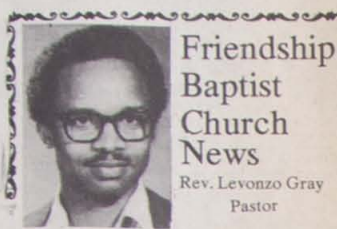

Our hospitality hostess, Sis. R. Howard very graciously welcomed our visitors, Toni Gilkey, Cheryl Gilkey, Oscar Smith II and Rev. Franklin. Then the Lord blessed us again as Toni and Cheryl Gilkey United with our church as candidates for baptism. As Rev. Nathan Smith said in his message to us, the Lord is still passing out blessings.

We praise the Lord that Deacon F. Bremmer was able to be with us in church today and active in the choir and the devotional service. The Lord is answering prayer and we are grateful to be in the receiving line.

We are looking forward to our fifth Church Anniversary with great anticipation and looking to the Lord from who all blessings flow. July 12th at 3:00 p.m. will be the day of rejoicing for the Lord has certainly brought us from a long way.

Black runner Wilma Rudolph could not walk until she was eight because of childhood diseases. Nevertheless, in 1960 she became the only American woman to win three Olympic gold medals in track and field.

Rev. LeVonzo Gray
Pastor

The Father's Day sermon preached by Pastor Gray came from 2 Timothy 2:15-26. He told us that we need to read our Bibles daily at least 5 or 10 minutes. It is easy to come to church and listen to God's word and to listen to the Deacons pray. We need to participate more ourselves. We need to build a stronger new foundation. We can do this by "shun profane and vain babblings; for they will increase unto more ungodliness." There comes a time in our lives when we make a commitment for Christ that we get away from those who use profanity and talk vainly. We must recognize that there are all kinds of people in the church according to the 20th verse.

We must study the word of God. When things are not right, look at yourself. Whenever there is confusion and strife in the church, the devil is present. We need Biblical instruction and we won't even come out on Wednesday night to study.

Last Sunday we were Blessed with a wonderful fellowship with Rev. Elijah Singletary and the New Life Missionary Baptist Church of San Bernardino. Rev. Singletary told us what each letter of the word Aids should stand for if we are indeed the Pastor's Aide. Thank you for the wonderful message and the enthusiastic spiritual singing of the choir whose pianist is Sister Singletary.

Congratulations to Bro. Edward Blackshear who has won three trophies playing golf in Orange County. We're proud of you.

There was an error in the Pastor's scripture text last week. I mistakenly wrote Genesis 10:3 and the correct scripture was Genesis 2:3. Remember God is still passing out Blessings.

We look forward to Annual Usher Day June 28, 1981, Youth Musical July 17, 1981, Vacation Bible School July 6-10 from 6-8 p.m.

Allen Chapel News

San Bernardino

A very enjoyable day was shared at Church services as the foundation for a spirit-filled service was laid by Allen Chapel's Gospel Choir under the direction of Janice Charles and Delmus Larkin.

The pastor spoke from the subject "Living Water," Isaiah 55:1.

Allen Chapel
A.M.E.
Church News
Riverside

Pastor
J. Ray Thornton

Songs of Praises were offered by the Celestial Choir and Mrs. Regina Manning, the choir director offered a beautiful selection titled "Whatever It Takes To Keep God In My Life."

Pastor Thornton seemed to have gained renewed strength after a short stay in the hospital as he delivered the Morning Message. Selecting his text from Joshua 24:1-25, subject "A Christian Father In A Christian Home." He stated that Joshua possessed the character that men of today should copy. Joshua choose to put away idol Gods and served the Lord.

He reminded us that children learn more by seeing than by telling them, so we should be careful of what our children see of us. Man should teach his sons and daughters that they are Somebody and if they want the honor of a Christian, they must fear God. God is the source to depend on as there is no need to fear man. As Abraham said, as for me and my house, we are going to serve the Lord.

A beautiful tribute to the men and a very impressive message to all who attended.

Pastor's Pen: Education cannot make us all leaders, but it can teach us which leader to follow.

The Allen Chapel Family offers prayers for the sick and shut-ins everywhere.

Church Calendar: Women's Day Sunday, June 28th, 1981. Mrs. Callie Copeland, Chairperson, Mrs. Ida Jackson, Co-chairperson.

Allen Chapel is a going Church for a coming Christ.

The pastor went on to say that we all have our thirsty days when we cannot yet enough water, nothing takes the place of water. There is an abundance of water in the spiritual sense. You can deny man all other things, but deny him water you destroy his life. You need water to survive. Your spiritual water to survive too.

Pastor Tate, the Choir and Congregation worshipped with St. Timothy in their Men's Day Service. Pastor Tate was the Men's Day guest speaker.

IN CONCERT - Allen Chapel presents in St. Louis, Missouri own "Mrs. Jeri Tate Rhone" at the organ. Also featuring Allen Chapel's Gospel Choir on Sunday July 5th at 5:00 p.m. Place - St. Paul A.M.E. Church, 1355 West 21st Street, San Bernardino, Ca. Donation \$2.00, the public is invited to attend.

American Muslim Mission

By Imam Ron El-Amin
With the name God,
The Gracious, the Compassionate

God has placed us in these physical bodies and in this physical world to contend with the appetites of material and emotional influences. By conquering these forces, we learn to control our human passions. We need passion in it's controlled form because it helps us to feel. If we are not wholeheartedly feeling in the broadest sense, our regard for developing community and societal life is restricted to little or no compassion at all.

Man has a natural urge within that compels him to obtain basic requirements of Life: food, shelter, clothing, and education. If that desire is not disciplined, the passionate fires of greed and self-interest drives him to go overboard in his quest for material security. When people habitually ignore moral and spiritual concerns, by focusing their human energies solely upon material and emotional interest society soon falls under the domination of Gross materialism whose mark is that of the Beast.

Revelations 13:18 says that the number of the beast is that of a man, Six Hundred Threescore and Six (666). What does this mean? Symbolically, the biblical figure (six) is associated with ignorance death and destruction which are the children (products) of an unbalanced society. Its taken from the Greek word, (hex) which relates to six-sided figures and can also mean evil spell or curse according to the Book of Genesis, Satan was cursed to eat the "dust" all the days of his life. The Holy Qur'an, Chapter XXVII, verse 82 says, "And when the word is fulfilled against them (The Unjust), We shall produce from the earth, a beast to face them: He will speak to them for that mankind did not believe with assurance in our signs.

An industrious society knows how to dig up the earth's natural resources in order to establish scientific and industrial progress. Figuratively speaking, this explains how society evolves from dust to in-dus-try. If man, in his worldly advancement neglects his human spirituality, he's cursed by his own passions for earthly progress.

Society reaches its social maturity by evolving up through three stages of natural growth and development; emotional, moral, and spiritual. When materialism and corruption takes over, it dies on all three of those levels. It becomes six as an emotional creature, six morally and six spiritually, it can't rise above the stagnation of 666.

The symbolic language of Revelations is talking about nothing but the destruction of a materialistic mentality that has corrupted the whole world, including the church, mosque, and synagouge. In Genesis that mind influences two, Adam and Eve. In Revelations it grows to corrupt many nations. "And he laid hold on the Dragon, that old serpent, which is the Devil and Satan, and Bound Him a Thousand Years." Rev. 20:2.

Before God allows (the unjust) to destroy that which he's created (earth), he permits evil men to use the earth to destroy themselves, thereby making way for the righteous to inherit it. There is Hope! There is a Tomorrow!

Come To Church This Week

MT. ZION
Missionary
Baptist Church News
(POMONA)

REV.
JOHN H. WOODS JR.
by Ms. Alice D. Mitchell

Last Sunday we began observance of our 59th Church Anniversary. I must say we are thankful to God for the manner in which our Anniversary observance got under-way. From the beginning of our 8:00 a.m. worship hour thru the closing of our special 3:30 program the spirit dwelled in Mt. Zion.

All day long we were blessed with some dynamic preaching. Rev. Earl James from the Antioch Baptist Church in Pomona kicked off the day with a most stirring message: "YOU DON'T HAVE TO BE A STAR TO BE ON GOD'S PROGRAM". Rev. Curtis F. James Asst. Pastor of Mt. Zion spoke from the subject "FROM EVERLASTING TO EVERLASTING." Although the messages delivered by these two preachers was "SOUL STIRRING" they were destined, at least for this day, to take a back seat to a true preaching saint the honorable Rev. Robert A. Cooper. This God sent man, 76 years young, held the audience almost spellbound as he humored and delighted the congregation with his wit and God's word. It was particularly befitting to have Rev. Cooper deliver our opening Anniversary sermon since he formerly pastored Mt. Zion for some eleven years.

On Sunday we will observe the closing of our Church Anniversary. Rev. Paschal Banks, also a former pastor of Mt. Zion will speak at the 8:00 a.m. service. At 10:45 a.m. Rev. Elijah Massey, Associate Minister will be our speaker. At 3:30 p.m. Sunday we will conduct the closing program in observance of the 59th Church Anniversary. Bro. Earl Crawford, District Director of the Southern California Calvary Arrowhead Association will be our guest speaker. The Youth Choir will render music. THEME: "A GOD FEARING CHURCH."

Amos Temple
C.M.E.

Rev. V.J. EDNER, PASTOR

BY REV. & MRS. EMERSON JEFFERSON, JR.

Sunday June 21st was an exciting day at Amos Temple. Along with being Father's Day it was also our annual Men's Day. La. Col. Leroy Johnson was our morning speaker. He delivered a soul shaking sermon on the characteristics of a Good Man. Amen!

The morning service was highlighted by the acknowledged of some very special men at Amos Temple. Of course, we feel that all our men are special! Previously, the Amos Temple family was asked to write a letter or essay about a very special man in their lives. The response was very good. Rev. Emerson Jefferson, Jr. received a beautiful plaque as Special Man Of The Year from the Amos Temple family. Rev. Dan Bullard, Bro. Cooley, Bro. Cunningham and Bro. Richard Williams were also highly honored for the outstanding essays written about them. All the men written about were acknowledged. Our own Rev. Edner was acknowledged also as he is Amos Temple's #1 man.

Our afternoon speaker was Deacon James Winston of Winston Mortuaries in Los Angeles. We were blessed and sincerely moved by his message.

Rodney Hoover left basic training in the USAF on Sunday. We are extremely proud of Rodney. He has been an inspiration to everyone at Amos Temple and we know he will do himself, his family, the church and the Air Force proud. Take the name of Jesus with you, Rodney, and everything will be alright!

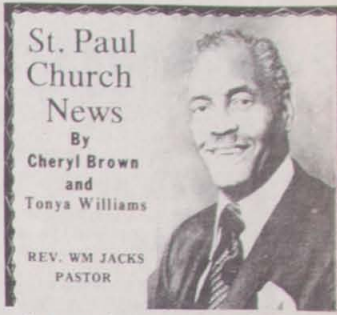

VBS a big success! Thanks to the Christian Board of Education Vacation Bible School was a terrific success. All committees teachers and helpers functioned beautifully and really carried the spirit of the church on a high note.

Little Miss Janelle Melissa Sylvester had her 3rd birthday on last Saturday (June 20th) Happy Birthday Little One - From your Amos Temple Family!

The Knowles family had a serious illness this week. Our prayers and concern follow the family on their journey across the country to be with loved ones.

At Amos Temple there are no strangers...only friends we haven't met.

Sunday, June 28, 1981, Men and Women day will be celebrated. The women will be in charge of 10 a.m. worship service. Mrs. Willie L. Moses is Chair-person and Mrs. Ethel M. Hatcher Co-Chairperson. The speaker will be Rev. Shirley Labot, Pastor of Christian Fellowship Foursquare Gospel Church in Los Angeles. The men will be in charge of the 3:00 worship service. Mr. Kenneth Shivers is Chairman

St. Paul
Church
News

REV. WM JACKSON
PASTOR

The congregation was so attentive when Bruce Curry spoke at the morning service.

After thanking St. Paul for the honor of speaking. He said he is a semi finished product of St. Paul because we never stop growing. God never stops molding us.

He spoke of how the culmination of Father's Day and Youth Day was symbolic. Young people are a reflection of their parents but particularly their fathers.

There was a very special choir made up of fathers, sons and other males in the church. A beautiful duet was sung by Hardy Brown and son Hardy Jr., a duet was also sung by Craig Johnson and Mr. Roberts.

Bruce spoke of the 3R's, of the real world that won't make one monetarily rich but would lead to a richer fuller life.

After giving the Webster definition of the 3R's he said Responsibility: as Christians we have responsibility as family, members, husbands and wives have legal responsibilities, and AME's have a responsibility to our people. Respect: What should one respect, at the top of his list after God is his parents. And it's important to respect self. Reason: Good sense, sound judgement, ability to rationalize ask questions and we need to learn why.

In closing he said "If we can somehow incorporate the attributions of the 3R's and give the best effort then we have the ingredients for success."

Our prayers are needed to help Rev. Jacks recuperate from another surgery, his second in less than one month. Stop today say a prayer for him and all our sick and shut-ins and send a card.

and Mr. Albert Jones Co-Chairman. The speaker will be Rev. Melvin McEwen, Carson Ca.

Recognition was given to Mary Ellen Frazier and Tanya Davis for being outstanding students and on the Honor Roll at Perris Jr. High.

Most loyal Christian youth service awards was awarded to Nicole Rodgers and Tracy Mitchell distinguished Christian youth service awards, Yakuba Brown and Jamahal Brown, Altar Boys. These certificates were awarded to these students by Pastor Jackson.

Model Plan for California at Rose Institute

Representatives of the Washington Bureau of the National Association for the Advancement of Colored People recently devised their own model redistricting plan for portions of California at the Rose Institute of State and Local Government at Claremont Men's College.

Althea T.L. Simmons, Director of the NAACP's Washington Bureau, headed up the team that redrew districts for areas throughout California based on U.S. Census, demographic, and political data.

"We focused on areas of current and potential Black representation," said Ms. Simmons, "and drew districts based on traditional good government criteria."

Results of the NAACP's work will be released by the NAACP upon final analysis of the material produced at the Institute. The NAACP may return to the Rose Institute one more time this summer to work on additional model plans.

"The people at the Institute put their entire system at our disposal," noted Ms. Simmons, "and assigned one of their experts to work with us throughout the entire process. They couldn't have been nicer or more helpful."

The NAACP is one of several groups who have utilized the Rose Institute's system, to build their own model redistricting plans. The Californians for Fair Representation, a group concerned with gaining more seats for Hispanics, has also utilized the system.

Under the direction of Dr. Alan Heslop, the Rose Institute operates out of facilities at Claremont Men's College. As part of an extensive, on-going two-year study of redistricting, funded by the California Roundtable, the Institute has compiled the largest data base, and the most sophisticated computerized redistricting system in the state.

The California Roundtable/Rose Institute program involves a full series of publications, redistricting, conferences, and seminars, the creation of a Model Plan to be released some time this month and an analysis of the California Legislature's plan, when it is announced.

TO BE EQUAL

by
Vernon E. Jordan, Jr.

Executive Director,
National
Urban League

High on the list of the budget cutters are housing subsidies for the poor. Washington seems to be walking away from the unmet housing needs of low income families just when those needs are mounting.

It is estimated that some six million households live in seriously substandard housing - leaky roofs, hazardous electrical wiring, and faulty floors and walls. A third of those are minorities, and over half live in metropolitan areas. Four out of five families living in substandard units are eligible for federal housing aid.

Many others living in standard housing are paying more than they can afford for rent or for mortgage payments. Many face the cruel choice of paying the landlord or skipping federal housing aid.

The NAACP is one of several groups who have utilized the Rose Institute's system, to build their own model redistricting plans. The Californians for Fair Representation, a group concerned with gaining more seats for Hispanics, has also utilized the system.

Under the direction of Dr. Alan Heslop, the Rose Institute operates out of facilities at Claremont Men's College. As part of an extensive, on-going two-year study of redistricting, funded by the California Roundtable, the Institute has compiled the largest data base, and the most sophisticated computerized redistricting system in the state.

The California Roundtable/Rose Institute program involves a full series of publications, redistricting, conferences, and seminars, the creation of a Model Plan to be released some time this month and an analysis of the California Legislature's plan, when it is announced.

Who Gets Those Housing Subsidies

meals.

The poor pay more and the poorest pay the most. Millions of poor families pay over half their income for shelter.

All of this takes place in the face of a long-standing national commitment to produce 600,000 housing units annually for low income families. But only once has that goal been met - in 1976. The Administration's current budget would provide only a third of the annual goal.

Housing is a basic necessity, like food and health care. A humane society has the responsibility to assure that the basics of life are available to all. That is the rationale for federal housing programs. And the failure to meet the housing needs of the poor underscores the need for more, not less federal housing aid.

Many will object that the government already spends billions on such housing aid. True enough. But what it spends is not enough to meet the needs for adequate shelter. And it spends far more on housing subsidies to the non-poor.

Those subsidies to the well-off are neglected in the debate on housing policy, but they are real and they are massive. They are buried, however, since they are not spending items but revenue losses that don't show up in the budget.

Homeowners can deduct local taxes and mortgage interest payments from their tax bill. The cost of this subsidy amounts to about \$30 billion, and is expected to reach almost \$80 billion by 1986. Most of that huge subsidy goes to the affluent; the top ten percent of taxpayers get the lion's share.

They differ from low-income subsidies in another important way too: homeowner deductions are entitlements taken by all who qualify; low-income housing subsidies only go to one of ten families who qualify.

It's hard to understand the attacks on low income housing programs based on so-called budgetary restraints. If you add up the total cost of all of those programs, going back to their beginnings in the 1930s and continuing to the present, they amount to less than the cost of housing-related tax expenditures on homeowners in 1980 alone.

Those tax breaks are also fueling the high inflation in today's housing market. Affluent people use them to shelter income from taxation, and so there is a flurry of home-buying and condominium conversion, driving up housing costs.

The nation's housing needs would be better served by putting a cap on the growth of homeowner deductions, either through a limit on how much an individual could deduct, or conversion of the deductions to a tax credit.

Such a move would benefit low and middle income families while stemming the unrestrained loss of federal revenues from the few who can benefit from the present system. At the same time, funds would be available for a renewed effort to decently house America's poor, many of whom now are forced to live in substandard housing conditions.

Total Living For People

theme of the exhibition is "people helping people" comment the event's organizers Mable Joh, Brenda Hasty and Lorie Chapman. "We hope to show people how to get the things they want, both goods and services, while in an economic crunch." Therefore, the exhibition will feature booths representing more than 50 local merchants, craftsmen, and artists as well as community services in an ambitious effort to combat the economic austerity of today.

Over 10,000 people will be visiting the fair all day where the U.S. Navy will sponsor a booth dealing with service careers and opportunities, and the Rev. Robert Miraz Drug

Abuse Center will be among the community services organizations represented at the fair.

From 9:00 a.m. until 8:00 p.m., there will be continuous stage shows pertaining to entertainment, fashion shows, seminars, demonstrations, and a closing presentation of "Total Living Awards."

For more information about the fair, call Mable John and Lori Chapman at (213) 658-0993.

LADIES ... UNTIL NEXT WEEK ... "HAVE A FRANKLY FEMALE DAY."

God - Is He Alive Or Dead? Part 2

become a great blessing. If it is resented, and one sees no benefits growing out of it, then it may become a curse. The choice is entirely in the mind of the individual. God is alive today.

The information and views expressed in this report on the subject "God - Is He Alive Or Dead?" are from an article by Rev. Billy Graham, a well-known preacher who has traveled all over the world converting people, and Mr. Napoleon Hill, who has given the key to success and happiness to millions of readers. He has given it in simple, down-to-earth language that anyone can understand easily.

The world's foremost scholar and thinker in the science of human success, he has uncovered the essential secret of those fortunate people who are masters of their own fates. Success is not a cold and grim business - it is a warm, gratifying, thrilling, and miraculous way of living that anyone can attain. His works show that God is still alive.

A great portion of this report was taken from my own personal experiences. Being a Black man I have known the pains of discrimination and other self imposed hardships. However, I never lost faith in God. I wouldn't be here today, if God was not alive. I was almost killed at an early age. While flying on a combat mission over Korea I was almost dropped out of some bomb bay doors, where I was assigned to toss out flares. The fact that I am alive today proves to me that "God is alive today also."

MAYOR AB'S NOTES

Items of General Interest to the Citizens of Riverside

Mayor Ab Brown

It's good to be back! Fulfilling a lifetime ambition of mine, VIRGINIA and I recently spent two weeks in Alaska. As a boy I often dreamed of visiting this "pioneer" land. I must admit though, as you get older your views change. After many dreary, cloudy, and cold Alaskan days, Riverside has never looked better - 100 degree temperatures, crows and all. The old adage is true: there is no place like home.

When it is necessary to make budget cuts, the city's libraries are among the first to be affected. You may be wondering what you can do to help. May I suggest something? Become a library volunteer, if possible.

As a volunteer you can help by supplementing the professional services of a reduced staff. You will receive training and be able to enjoy the satisfaction of a closer acquaintance with the facilities and services of your library.

Jobs that can be done by volunteers include the preparation and mailing of the newsletter, special work on some library materials, special services to handicapped patrons and clerical help in some departments.

If you cannot be a volunteer, you can start to collect books and choice magazines for the ongoing and annual book sales. The income from the book sales is used for much needed projects that could not otherwise be accomplished. There are containers at all the City branches where books and magazines can be dropped off.

Your library needs your help and support. Will you

be a friend of our Riverside library?

The Mission Inn Foundation Fund Raising Campaign is gearing up for a busy season. The campaign committee, under the chairmanship of former Riverside Mayor BEN H. LEWIS, has announced a new date for the kickoff of the community segment of the campaign, Sept. 26.

Donations and pledges now total over \$270,000. A considerable part of this is already being used on a number of capital projects; waterproofing of the roof area, refurbishing of the Squire Arms and restoring 12 hotel rooms on the second floor of the Cloister Wing.

In addition to this outstanding financial support, the continuing and expanding work of volunteers in many areas reflects growing community involvement. Please help support their efforts.

There are 933 Friends of the Mission Inn. Most of the funds from membership dues are used for restoration

preservation and enhancement of the Inn. Memberships range from \$3.50 to \$5. Call the Mission Inn Friends Information Desk at 784-0399, ext. 106 for more information.

At a ceremony for Goodwill Industries last Saturday, I learned this fine organization is trying something new. It is installing trailers at three locations: the Gemcos on Magnolia and Arlington, and the K-Mart on Iowa Street. There will be attendants at all three locations to collect donations and give receipts for merchandise received.

This will eliminate looting and make giving to Goodwill a more businesslike venture.

There have been many firsts for me since becoming Mayor. These include flower arranging and modeling in a number of capital projects; fashion show. Last Saturday was another first. I was in a boxing match at Perris Hill Ball Park in San Bernardino for the benefit of the Inland Area Urban League. One round with WBA Heavyweight Champion MIKE WEATHERS was all I promised. Those gloves looked mighty big and I thought the gong would never sound. I think I'll remain a boxing fan from the other side of the ring.

Congressman George Brown

Cong. Brown Elected to Conference

WASHINGTON-Congressman George E. Brown, Jr. (D-Riverside) was elected as a Democratic at-large Representative to the Executive Committee of the Environmental Study Conference. Brown's election was announced at the first meeting of the new Executive Committee, made up of 25 Congressmen and 10 Senators.

The Conference is the largest informal organization of Senators and Congressmen in Congress, is a bi-partisan, non-advocacy legislative research group working to inform members on environmental, energy and natural resources issues. Its membership totals more than 60 Senators and 230 Congressmen.

"The Conference provides Congress with invaluable assistance in developing good environmental and energy policy, and I am honored to have been chosen by my colleagues to help lead this organization," Brown said.

The Conference is dedicated to helping its members perform their legislative and constituent responsibilities more effectively and efficiently. Its services include the highly respected Weekly Bulletin, which has received national recognition for excellence; background papers on major issues; analyses of legislation going to the floor for votes; and special briefings and seminars.

CONSUMER QUESTIONS & ANSWERS

By EUNICE WILLIAMSON
 Family & Consumer Sciences Advisor
 University of California

QUESTION: Why do salad greens, to which dressings are added, go limp?

ANSWER: The acid and seasonings in the dressing draw the moisture from the greens. The oil may also be absorbed making the greens limp.

QUESTION: Foods cooked under pressure cook faster than foods cooked at atmospheric pressure. Why?

ANSWER: As pressure increases so does temperature. Steam under 5 pounds of pressure has a temperature not of 212 F but 228 F and contains six times more heat than boiling water.

Steam Pressure and Temperature: 5 lbs. - 228 F, 10 lbs. - 240 F, 15 lbs. - 250 F, 20 lbs. - 259 F

One reason cooking is faster under pressure is that steam is used and steam is much hotter than boiling water.

QUESTION: What is monosodium glutamate? What is its purpose in food products?

ANSWER: Monosodium glutamate (MSG) is a substance produced from beet sugar by a fermentation process. It is one of the 20 or so amino acids used by the body to build proteins. Contrary to the rather widespread belief, MSG is not a preservative or a tenderizer. It is used to enhance natural food flavors.

RCC Alumnus of the Year is Patton

Former RCC professor and student, Robert Patton has been chosen as RCC's 1981 Alumnus of the Year. Patton worked for 35 years in the Riverside school system.

The former English and Journalism instructor at RCC is a product of the Riverside school system, from first grade through graduation at RCC. After graduating from Stanford University, cum laude, he came back to Riverside to work for the then "Riverside Press" in 1930.

He established the first journalism class at RCC in 1931 and became a full-time instructor in 1932. He spent 25 years at RCC as an instructor and was advisor for the college yearbook and the student newspaper. Both publications won numerous awards under his direction and Patton was very meticulous about establishing reliable historical records of the college's growth that have been invaluable in writing the history of the college.

As past RCC President Ralph Bradshaw explained, "Robert Patton represents the bridge in the faculty in its earlier days and what it is today."

While at RCC, Patton won the state district championship and was captain of the track team in 1928. He was president of the freshman class, the student body and the honor society during his two years at the college.

While working as an RCC instructor, Patton was given

special assignments by the office of the city superintendent. During this time and later on when he became an administrator for the Riverside Unified School District, Patton made frequent contributions to the "Riverside Press" and often served as relief city editor for the "Daily Enterprise".

In 1956 Patton became director of information services and publications for the city school system serving under Superintendent Bruce Miller. His responsibilities included public relations and other assorted duties, which he describes as organization, programming and providing laughs.

The one thought that is echoed most about Patton is the relationship that he had with his students and his fellow faculty members. "He had a tremendous influence on his students," said Bradshaw. "He made great contributions to both the students and faculty of Riverside City College."

Patton is a firm believer in RCC and remembers his years as a student with fondness. "It astonished my students when I told them that of all places that I've received schooling, the best two years of my education were at RCC."

The choice of Robert Patton as RCC Alumnus of the Year represents a philosophy and basic understanding of the purpose of RCC and the rest of the Riverside school system, to produce educated citizens who will serve their community.

Colors For Summer

Summer dressing can be summed up in one word - Khaki. From olive to bronze, in new fabrics, different textures to wear with everything, because Khaki has a yellow cast, a sallow olive-skin face can look drab if not accented properly. Khaki as pants or a skirt - a bottom piece using a warmer color next to the face is your best bet. The color Khaki, takes very well to bright colors, pastels, the new metallics. Khaki was always, classic. An now, suddenly, sophisticated. In a Khaki year, you can really ease around in great looking pleated shorts and trousers, classic bush jackets and a not so classic bush jacket dress. Khaki you can wear at night at home, a cool crinkly cotton pyjama... or wear out - a slide-y pullover and culotte in Khaki silk crepe de chine. And Khaki you can wear with just about everything: an easy white cotton crisp tuxedo shirt, for contrast with Khaki trousers, woven leather belt, a gutsy leather watch strap, golden Khaki eye color.

Fashion Hint: Khaki isn't necessarily just gear or casual dressing anymore; looking pulled-together in Khaki pieces, this summer, demands as much thought or more as you'd give any serious dressing.

Edison Says 78-Degrees Or Higher

Once again Southern California Edison Company is urging its customers to keep air conditioner thermostat settings at 78 degrees or higher in occupied areas and 85 degrees in unoccupied areas - even on the hottest summer days.

Edwards A. Myers, Jr., Edison vice president explained that for the second straight year, the reserve generating capacity margins of California electric utilities

Desert Fire Season Starts Early

Firefighters from the Bureau of Land Management's California Desert District announced the early beginning of the 1981 fire season.

"It's because of a super abundance of grass caused by two fairly wet growing seasons," explained BLM Fire Prevention Technician Tim Thomas, "even though rain was below average this spring, we still have a lot of growth from the last two years. It doesn't decay in the desert like it does in a forest."

Desert District Fire Management Officer Fred Simas is worried that visitors don't take fire warnings seriously.

Simas urged Desert visi-

tors to be careful with fire. He also requested people to watch for wildfires, and to report them. "Until we get our full crew," he said, "we need all the help we can get." Simas said people could report wildfires directly to the BLM Fire Dispatcher in Riverside by calling (714) 787-1360, or by calling the nearest local fire department.

Featured Artist: CLARK SISTERS

FEATURED L.P.: "Is My Living In Vain"

"Is My Living In Vain" is the title track of the Clark Sisters latest L.P. and it is the talk of the town. Brothers and sisters in the community have stopped me on the street and have asked me, "Have I heard the Clark Sisters latest song, my reply is, 'Yes, I have and the entire record is a gem.'"

The mother of the group, Mattie Moss Clark is no stranger to the gospel music world, and her daughters are definitely following her well acclaimed footsteps.

There are very few albums that I have heard throughout my 10 year career that I can honestly say that I enjoyed each cut, this particular L.P. is one of "those" exceptions.

I would suggest to those gospel music lovers who enjoy uniqueness-listen to "Ha-ya," the lyrics will captivate you. This L.P. was recorded live in Detroit, Michigan, and one can tell that the air was filled with excitement and great expectation.

And now ladies and gentlemen, the artists, the family of young ladies who love God, the Clark Sisters.

Black and Proud: I attended a fund raising function two weeks ago in Riverside and had an enjoyable time. It was for the "Island Empire Urban League." A number of Chinese and Caucasian people approached me and were saying how they enjoyed reading the "Black Voice." The black person there, except for one or two were either very careful about mentioning the "Black Voice" or never heard of it. I am proud to be identified with a religious oriented newspaper. Our School Children Need Jobs: We need to start a program now, on local levels, developing programs to provide jobs for all of our young people. Service clubs, social clubs, and business people, along with the private citizen should look for methods of implementing such programs. How about a Moreno Valley Beautification Program. Paid for by donations, this is an idea that can work under proper guidance.

A New School: Plans are being made to build a new school on the corner of Cottonwood and Kitching Ave. This will be the first new school built in the district since 1965 when Armada school was built. Dr. Small, Mr. Robinson and crew are doing an outstanding job under very challenging circumstances.

A Swimming Pool for Perris: A group of citizens are working hard to raise funds which will be used to provide the citizens of Perris with a community swimming pool. There will be an "Old Fashioned" 4th of July picnic celebration, at Perris Union High School from 4 p.m. - 10 p.m. There will be fire works and everything that will make this an enjoyable occasion. I have tickets to sell if you can't find one, they are going fast. There will be plenty of food and entertainment. 10 or 15K Run for the Swimming Pool Fund: I suggest that this committee sponsor a 15K run around Lake Perris, to be held sometime in September. The Funds raised could be used to help finance the Community swimming pool for Perris. I just want another race to run in for a worthy cause.

Dr. Willie Lewis, PH.D. Educator: Dr. Lewis visited me last week. He is in the Los Angeles area on business. Something to do with "Track and Field" meets. Lewis and I parted forty years ago (1941) when we left Martinsburg, Tenn. to join the Armed Forces. After the war, WWII he got out and I stayed in. He is a retired Principal from Louisville, Ky. Now he travels and writes; His interest is "Track and Field." We had a wonderful time looking at pictures of our Championship football team, I was the Center and Linebacker, he was Quarterback. It is nice to meet an old friend and discover that "God is still number one in their life. We discussed the Book of "Psalms" and others. We asked the Lord, to help us express love to others as he has expressed his love for us. We were both very poor in regards to material wealth, but the Lord blessed us with knowledge, Friends, and Good Health. Praise God!

Charles Brunner: Charles played an outstanding game of T-Ball on June 20th at the local park this weekend, he got two home runs.

Think about it: There is nothing which can block or resist the person who knows who he or she is and where he or she is going. When we dedicated ourselves to something greater than we are, we become as great as it is. While losing ourselves in aims, ideals, goals and purposes we find our own souls, resident in the Kingdom of God which is within us.

McPhersons

McPhersons' Concert

SAN BERNARDINO - Live and in concert, the McPhersons will debut their record "Making Music". This dazzling event will take place June 26, 1981 at 8:30 p.m. at the California Theatre in San Bernardino.

What do you think of when you hear the name McPherson. Well, the McPherson's is a dynamic female singing group with five very beautiful, talented, energetic and exciting young ladies.

The McPherson performance is such that standing ovations are not uncommon wherever they go. Their story is one of dedication and hard work. From their early childhood they have learned to sing and dance, instilling within themselves a magnetic radiance that would never stop projecting across the footlights! To watch the McPhersons is an undeniable pleasure and to know them is to love them.

Their first year in California brought them early recognition among servicemen and civilians alike. Entertaining at local military bases led to an extensive tour of Asia and the Pacific with the USO. During this engagement, the girls were presented with every award of appreciation that the military had to offer.

As the group began to gain national recognition, they reaped greater rewards with performances in San Francisco at the Pearl Baily - Woman of the Year Awards Banquet in the Fairmont Hotel, at the Crescendo Room in Orange County, not withstanding, a 4 day engagement at the Tropicana in Las Vegas. They opened with Donny Brooks and the Drifters in a sensational performance.

The McPhersons show a natural ability to write and vocally arrange their own original songs and create their own choreography. Their goals stand high on the ladder of recording and performance productions. In this amazing family, each member has enough talent to become a star alone. But this is not their chosen road. They are talented and beautiful - there has never been a more appealing group - so when someone asks you who is talented, beautiful, energetic and exciting? You can reply "The McPhersons."

MEAD VALLEY COMMUNITY DEVELOPMENT CORPORATION
NOTICE TO CONTRACTORS CALLING FOR BIDS

Notice is hereby given that the Mead Valley Community Development Corporation hereinafter referred to as the Mead Valley, will receive up to but not later than 4:00 P.M. on July 21, 1981. Sealed bids for the award of a contract for:

MEAD VALLEY COMMUNITY CENTER

All bids shall be made on a bid form furnished by the Architect and shall include all (HUD) terms and requirements. Bids shall be received in the Office of Community Development, County of Riverside, 4080 Lemon St., 12th Floor, Conference Room "A" at 4:00 P.M. and shall be opened and publicly read aloud at the above stated time and place. Each bid must conform and be responsive to the contract documents, copies of which are now on file in the office of the County of Riverside at the above address. Plans and specifications and all pertinent contract documents may be obtained for bidding at the office of the project coordinator upon execution in writing the form "Acknowledgement of Receipt of Plans and Specifications". This form requires the payment of \$50.00 by the Bidder to the Owner if the Bidder fails to return the plans and specifications in good condition within 10 days after the opening of the bids.

Each Bidder will comply with the regulations, policies, guidelines and requirements of OMB Circular No. A-102, revised, and Federal Management Circular 74-24 CFR 570, and also Labor Standards Requirements as set forth in 24 CFR 570.605.

"This project is Federally financed by the U.S. Department of Housing and Urban Development (24 CFR, Part 57) and subject to certain requirements including payment of Federal prevailing wages, compliance with "Section 3" Affirmative Action Requirements, Executive Order No. 11246 and others. The aforementioned and described in the "Special" Federal

NOTICE INVITING BIDS

PROJECT NO. 3-81
CITY OF CORONA, CALIFORNIA

PUBLIC NOTICE IS HEREBY GIVEN THAT SEALED PROPOSALS will be received at the Office of the City Clerk, City Hall, 815 W. Sixth Street, Corona, California, 92726, up to the hour of 10:00 a.m., Thursday, June 25, 1981 at which time they will be publicly opened and read in the Conference Room for performing the work as follows:

Phase II Irrigation Insener Citizens Park at Tenth Street and Belle Avenue

In accordance with Plans, Specifications, and other Contract Documents on file in the Police Department of the City of Corona, California.

No bid will be received unless it is made on the Bidder's Proposal form furnished by the City. Each bid must be accompanied by cash or a certified cashier's check, or Bidder's bond on the bond form provided by the City payable to the City of Corona in an amount equal to 10 percent of the amount of the bid, such guarantee to be forfeited under the provisions of Section 2932 through 2935 of the California Government Code should the bidder to whom the contract is awarded fail to enter into the contract and provide the required Performance and Payment Bonds within 13 days after the date of the award of the contract.

The City has obtained from the Director of the Department of Industrial Relations the general prevailing rate of per diem wages and the general prevailing rate for holiday and overtime work in the locality where the work will be conducted. Said rates are on file with the City Clerk and will be made available to any interested party upon request. The City has also determined applicable wage rates for Federally funded contracts pursuant to the Davis-Bacon Act, copies of which are included in and made a part of the contract documents. The contractor and each subcontractor shall pay the higher of:

(1) the prevailing wage rates as determined by the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act wage determination applicable to the project location; or
(2) the general prevailing rate of per diem wages, as ascertained and published by the State of California, Department of Industrial Relations.

All bids are to be compared on the basis of the Architect's estimate for the work to be done. No bid will be accepted from a contractor who is not licensed in accordance with the provisions of Chapter 9, Division III, Sections 7000 through 7145 of the Business and Professions Code of the State of California on the date and at the time of submittal of the Bidder's Proposal.

One complimentary set of

Provisions" section of the bid document. Additional information pertaining to the Federal requirements is on file with the County of Riverside's Community Development Office.

All bids shall be accompanied by a security of not less than 10 percent of the bid amount submitted to guarantee both execution and performance of the contract. Said security shall be a guaranty with the terms of the bid and shall be returned to the contractor. Such contract must be executed within 10 days of the Notice of Award of Contract.

fix said amount of damage. Therefore, the Owner and the Bidder agree that the above sum shall be paid to the Owner under the condition above set forth as liquidated damages and not as a forfeiture. If a bond is submitted, the issuing company shall not exceed their United States Treasury limit.

The District reserves the right to reject any or all bids and waive any irregularities or informalities in any bid or in the bidding.

No Bidder may withdraw his bid for a period of sixty (60) days after the date set for opening thereof.

Contract Documents, including Plans and Special Provisions, but not including the Standard Plans or Standard Specifications, may be obtained from the Public Works Department, City Hall, Corona, California. All additional sets of Contract Documents, as described above, may be purchased for a nonrefundable fee of \$25.00 each, which includes sales tax and mailing costs.

The City Council reserves the right to reject any and all bids, to waive any irregularity or informality in any bid, to the extent permitted by law, or to award the contract to other than the lowest bidder. Bidder may not withdraw his bid for 45 days after the bid opening.

All work shall be in accordance with the Federal Requirements as shown in Appendix "A" of the Special Provisions.

This project is Federally financed by Revenue Sharing Funds and is subject to certain requirements including payment of Federal prevailing wages, compliance with "Section 3" Affirmative Action Requirements, Executive Order No. 11246 and others. The aforementioned is described in the "Special" Federal Provisions" section of the bid document. Additional information pertaining to the Federal requirements is on file with the County of Riverside's Community Development Office.

The bidder will comply with the regulations, policies, guidelines and requirements of OMB Circular No. A-102
