On Tuesday, November 29th one hundred Future Teachers of America held a late-afternoon and evening conference on this campus. Dr. Blair Hurd, Director of Teacher Recruitment of the California State Department of Education and Dr. Robert West were the two speakers. After hamburgers in the cafeteria, the young people were given a tour of the College and the evening concluded with a discussion session.

Touring the campus this week was the Literature Section of the Highland Men's Club who came on Wednesday morning.

FROM PERSONNEL

Employees are reminded that even though payroll warrants are expected to arrive on this campus in time to be issued on Friday, December 30, they will be dated January 1 and will not be included in the Withholding Tax Statements for the year 1966. The payroll period covered by these statements will include the salary for December 1965, however, so a 12-month period will be included.

FROM THE GOVERNOR

"Since both Christmas and New Years fall upon Sundays this year and the following Mondays are automatically state holidays, there is no need to declare all or part of the preceding Fridays a holiday.

"If informal gatherings of employees are held within state-occupied premises to observe the Christmas season, may I remind you again that under no circumstances should alcoholic beverages be served.

"At this time, I also want to note my appreciation of the strict adherence by all state employees to the policy that state officers and employees should not accept gifts offered by persons or firms with whom the State has business dealings. The past record is an excellent one, and I am confident that it will continue unmarred.

"Please extend my best wishes to all state employees and their families for a fine holiday season."

Sincerely,

(signed) Edmund G. Brown,
Governor
