3. **Ancillary Unit reviews:**
   a. Nine Ancillary Units were reviewed
   b. The collection of reviews was sent to the appropriate administrators and AU Directors in April 2020.

4. **School for Entrepreneurship:** EPRC reviewed the proposal and discussed it with stakeholders, and recommended for approval. The Faculty Senate approved the proposal on May 5, 2020.

5. **Center for Nonprofit Leadership:** EPRC reviewed the Center proposal, discussed it with stakeholders and recommended some modifications. The modified proposal was approved by EPRC and submitted to the Executive Committee.

6. **Budget oversight:** As part of the EPRC charge to review the CSUSB budget and in the spirit of shared governance, we sent the following questions to President Morales on May 22, 2020.
   a. The numbers in the table below would seem to reflect an increased emphasis on management, and a decreased emphasis on instruction, which in turn affects student learning. In what ways will faculty be involved in reversing this trend, to reflect our stated educational goals as described in the Strategic Plan?

*Between 2007-08 and 2015-16.
During the same 12 years, the student-faculty ratio (calculated as FTE students / FTE faculty) grew from 1:28 to 1:41.

b. We are currently in a hiring chill, with only positions defined as essential expected to be filled going forward for the foreseeable future. How is “essential” defined? What are some examples of essential positions? What are some examples of non-essential positions?

c. In what ways will faculty be invited to collaborate with administration in making financial decisions for us all? Faculty have a wide range of expertise in all areas of student learning as well as management, and would be happy to serve as a resource in setting budgetary principles, priorities, and goals.

We believe a budget is a moral document that reflects the beliefs, values, and principles of the university. In the spirit of collegiality, we appreciate your time in responding to these questions.

On May 26, 2020, President Morales responded as follows: “While we are unable to answer all of the questions outlined in your email at this afternoon’s Senate meeting, I will work with the University Cabinet to respond in writing as soon as we can.”. We are looking forward to responses to the questions, after which we are hoping for a substantive discussion around these issues.

June 9, 2020

The most significant task for FAC during the 2019-2020 academic year was to update FAM for Q2S. By the last meeting of the Senate (June 9, 2020), FAC has:

1. Finished internal deliberations about and approved all the 35 FAM policies it is responsible for.
2. Shepherded 21 of these through the Senate approval process.
3. Revised three policies substantively.

FAC also conducted inquiries on alleged FAM violations and reported back to the Senate.

Lastly, FAC assisted the Executive Committee on issues within its sphere of responsibility, e.g. restructuring of the Faculty Center for Excellence.

FAC appreciates the leadership of the 201-2020 Senate EC the support of the all senators.

General Education Committee End of Year Report AY 2019-2020
Submitted by Janelle Gilbert, Psychology, Chair of GE Committee,

This report outlines the work completed by the members of the Faculty Senate GE committee which includes the 5 college representatives, a student representative, and an administrative liaison role. This committee was chaired by Janelle Gilbert from SBS and Q2S GE Director.

1) **Course Approval** - The GE committee completed the approval of the proposals for the Q2S curriculum. This process included holding open forums and implementing surveys to collect campus feedback on proposals, communicating with proposal originators to discuss feedback and required changes, ensuring compliance with state and local campus requirements, and ensuring the inclusion of the GE student learning outcomes (GLOs) and designations. See GE website for approved curriculum. https://www.csusb.edu/general-education

2) **Ensuring Designation Coverage** - The GE committee reviewed the approved GE package to ensure adequate breadth and coverage of GLOs and designations. The committee found that the new curriculum required more designated courses. The GE Director worked with colleges and departments to create new designation proposals to ensure student success in achieving graduation goals through more options.

3) **GE Website** – A new GE website was created this year to provide information to the GE community regarding new requirements, courses, pathways, rubrics, and other resources. The new website includes links to the AY2020-21 bulletin, curriculum structure documents, assessment rubrics, and other resources. https://www.csusb.edu/general-education

4) **Monitoring State Requirements /Ethnic Studies & EO 1110** – The GE committee performs regular reviews of state and CO requirements to ensure compliance and student success. The last year the GE committee participated in conversation with Undergraduate Studies and relevant department regarding EO1110. We have also been active in providing information and feedback regarding expected changes to GE in the area of Ethnic Studies. The committee provided documents to the EC for both administrative and state-wide senate requests for information regarding courses in diversity and inclusiveness in our current program and feedback on ways of implementing possible changes related to ethnic studies. We will continue to monitor changes in this area in preparation for open forums to be held next year when the CO releases new mandates. Note that our current Q2S program exceeds recommended changes, but uses a different definition of inclusion.

5) **Bylaws and committee membership** – a self review of the GE process revealed the need for a faculty GE director beyond Q2S preparation. The committee made recommended changes to the GE senate bylaws to include this new position on the committee and separate this position hired and supported by the Provost’s office from the 5 voting college representatives. The new bylaws are currently under review by the senate. redrafted the GE FAM to include the changes made to the Q2S curriculum. This FAM will follow the bylaws approval in submission to the EC in the fall of 2020.

6) **GE FAM** – The GE committee has redrafted the GE FAM to include the changes made to the Q2S curriculum. This FAM will follow the bylaws approval in submission to the EC in the fall of 2020.
GE Advising – The GE committee supported the Q2S advising process through the development of a detailed cross walk table to assist in advising students bridging quarter to semester programs. The committee also addressed new GE unit limits imposed by the CO for all students, including quarter catalog students, starting in fall of 2020.

Defining GE Director Role - The committee began the process of establishing a cooperative relationship between the GE senate committee and the new faculty GE Director role including:

a. Committee administration – The GE Director will convene meetings, schedule open forums, and assist the committee with the tasks of curriculum approval. Only the 5 college representatives will have voting rights for curriculum approval.

b. Assessment practices – The GE director is responsible for guiding the assessment process while the committee looks at final reports to perform the reviews of the program. The GE director will consult with the committee when designing next steps for assessment in GE. The GE director will represent the GE program on the University Committee for Learning Assessment and Student Success (CLASS). This year, a pilot program was created in cooperation with the Campuslabs steering committee to begin assessment of critical thinking, and oral communication.

c. The GE Director will work with Undergraduate Studies and other campus advising mechanisms to support the program approved by the GE Committee. This year the GE Director participated in multiple Q2S advising efforts to support the transition to semesters.

d. The GE Director will monitor changes at the state level to alert the committee to new information regarding GE and be responsible for drafting required campus responses. See notes above for EO1110 and ethnic studies.

e. The GE Director will represent the program in coordination with Undergraduate Studies, University Programming, Student Services, Accreditation, Registrar’s Office, and First Year Experience to ensure support of students in the GE program. New connections were established this year between GE and the first-year experience, peer mentoring, and university programs offered by student services. In addition, the GE director worked with the Office of the Registrar to ensure the GE program was represented in student files.

f. The GE Director will consult with the GE committee while pursuing opportunities for professional development for GE faculty. This was an active year for GE professional development. Using Q2S funds, professional development was offered in multiple areas of GE including Foundation Seminars, Diversity and Inclusiveness, Global Perspectives, GE Math (to be completed this summer), Reacting to the Past, Writing Intensive Courses, Information Literacy, and Pathways. There were 233 workshop participants (156 unique) including tenure track and adjunct faculty. The last few workshops were offered online to assist with efforts related to COVID-19.

DATE: June 18, 2020

TO: The Faculty Senate

FROM: Zahid Hasan, Chair, University Evaluation Committee

The University Evaluation Committee (UEC) reviewed and made recommendations on eleven cases during the 2019-2020 Academic Year. All of these cases were reviewed in the spring 2020 quarter. Nine of the eleven cases reviewed were faculty WPAF’s that were not unanimous for retention, tenure and/or promotion. In addition, one of the WPAF’s reviewed were for librarians and another for SSP, ARs. In these latter two cases the committee served as the higher level peer review committee.

The breakdown of files reviewed from the various colleges and other entities was as follows:

<table>
<thead>
<tr>
<th>Files Reviewed</th>

<th>CEDUC</th>
<th>CNSC</th>

The UEC reviewed 12, 7, 13, 13, and 10 cases in academic years 2018/19, 2017/18, 2016/17, 2015/16, and 2014/15, respectively. The load this year is about the same as it has been during four of the last five years.

The Jack H. Brown College of Business and Public Administration stands out with a disproportionate number of files. The distribution above indicates that all colleges are doing an excellent job preparing faculty for promotion and tenure, particularly those faculty members going up “on time”.

The UEC, during the academic year 2019/20, consisted of six members instead of the usual seven because there was no representative from the College of Arts and Letters. We strongly encourage the EC to make sure there is full representation from all colleges in future UECs.

A list of all committee members is provided below. As usual the Committee worked together harmoniously, with everyone carrying an appropriate share of the load. Each member of the committee worked very hard and did his/her best to provide a thorough and fair evaluation of each file. It truly was a pleasure and an honor to be a part of the committee.

FACULTY SENATE CONSTITUTION AND BYLAWS COMMITTEE

MEMBERS:

CAL: J. Andersen
BPA: P. Kirwan
COE: M. Groen
CNS: K. Kolehmainen
SBS: J. Kottke

This committee met on a regular basis throughout the year.

They are currently working on several revisions to both the constitution and bylaws and plan to make a presentation for ratification by the Faculty Senate in one of the first meetings in the 2019-2020 AY.
TO: Faculty Senate  
FROM: Jessica Luck, Professor of English  
Chair, Graduate Council

The Graduate Council committee meets on a quarterly (and as needed) basis. We met four times in 1919-2020.

This year the Graduate Council committee vetted and received approval for the Graduate Education Strategic Plan. The committee collected data on college workload policies related to the supervision of theses, as well as data on how the various structures of comprehensive exams, theses, and projects align with the program curricula leading up to them. The council also explored the possibility of using holistic admissions criteria for graduate programs. Holistic admissions puts less emphasis on test scores and GPAs and looks at other factors related to life and work experience relevant to the program. Cited as a best practice by the Council of Graduate Schools, holistic admissions has been found to produce a more diverse student body, and is a reliable predictor of academic success. The council advocated for additional funding that could be used to support research assistant positions and tuition waivers to attract more strong candidates to our graduate programs. The council considered data about the impact of the closing of testing centers due to COVID-19 and recommended that our programs evaluate the need for admissions testing on a case-by-case basis. Finally, the committee met to discuss and approve official policies and guidelines for thesis/project/dissertation committees, including faculty and student expectations, roles, and committee structures, which our campus currently does not have.

Summary

Besides the normal duties of reviewing grant applications and advising the TRC Director, this year’s Instructional Quality Committee (IQC) took on a strategic planning process applying the ACE/PODnetwork’s A Center for Teaching and Learning Matrix to benchmark current practices and set goals for 2020/21. The Benchmarks and the Strategic Goals for 2020/2021 are attached as an appendix and explained in the narrative below. With the help of the IQC, the TRC has made significant progress on some of these goals already.

In addition, the IQC revised the criteria and rubrics for the TRC’s two grant programs to facilitate review on via the InfoReadyReview online platform for the 2020-2021 Academic Year.

Grants

Teaching Study Skills Awards (TSSAs)

TSSAs support faculty to attend teaching related conferences and workshops. The TRC budgeted $40,000 for TSSAs this year, to be distributed in 4 Calls (Fall, Winter, Spring, Summer) with rolling deadlines. Each application was reviewed by two voting IQC members. In cases where the decision was split, the TRC Director served as tie breaker. All applications were awarded for the first 2 rounds of Awards for Fall and Winter travel. The last 2 rounds for Spring and Summer travel were canceled due to COVID-19 travel restrictions.

- 20 Applications reviewed
- 20 Awards
- $19,740 Awarded

Spring Innovative Course Development Grants (CD’s)

Due to the short summer, and the fact that all faculty will be redesigning their courses for Fall 2020, last year’s IQC decided not to offer Summer CD’s this year, only Spring CD’s. We received an unexpected number of applications and were only able to fund 30% of them. TRC budgeted $50,000 for CD’s this year.

- 30 Applications
Meetings

This year the IQC held five meetings. The purposes of the meetings were as follows below.

October 3, 2019
- Welcome New IQC Members
- Explanations of responsibilities and expectations
- Sign-ups for Teaching Skills Study Award reviewing cycles
  - Each faculty reviewer reviews 2 of the 4 TSSA cycles
  - TRC Director is the deciding factor for split recommendations
- All members participate in Course Development Grant reviews
  - Ratings and rankings are discussed by the committee
  - Voting members are the deciding factor in split recommendations

January 6, 2020
- Review and discussion of CD grant proposal ratings and recommendations
- Decision on CD grant awards

January 29, 2020
- Benchmark TRC with ACE/PODnetwork matrix (see attached)
- Set strategic goals for TRC for 2020/2021 based on these benchmarks

May 6, 2020
- Revise TSSA criteria
  - Explicitly make grants available to Librarians and Councilors (teaching faculty who do not have courses, but do have teaching assignments)
  - Make these grants applicable to Virtual Conferences, and online professional development experiences (such as ACUE’s microcredential courses) to continue to support faculty learning about new teaching practices, even given COVID-19 travel ban through December 2020
  - Revise Call and rubric for online review via InfoReadyReview

June 5, 2020
- Revise Course Development Grant criteria
  - Rescind intent to specifically support pre-tenure faculty to support all fulltime faculty (pre-tenure, tenured, full time lecturers)
    - Given CFA contract that reduces teaching load for first two years
- Given Provost McMahan’s commitment to give further reductions to pre-tenure faculty in years 3-6
- Post-tenure faculty and full-time lecturers are the ones who need the most support to have the time to innovatively redesign their courses
  - Remove criteria for courses to be applicable for semesters, since semester conversion has been completed
  - Include criteria for revising courses to address equity and relevant social climate
- Revise CD criteria and rubric for online review via InfoReadyReview

**Strategic Goals for 2020-2021**

The IQC took on a strategic planning process this year. By applying the [ACE/PODnetwork’s A Center for Teaching and Learning Matrix](http://example.com) to the TRC, they were able to benchmark TRC’s current practices and set goals for 2020/21. The Benchmarks and the Strategic Goals for 2020/2021 are attached as an appendix.

**Goal 1: Organizational Structure**

The organizational structure of the teaching and learning center (CTL), reveals institutional commitments to educational development, teaching, and student learning. Currently, the TRC is in the largely in the “Proficient/Functioning” part of the ACE/PODnetwork Matrix. The goals set her will move the TRC toward the “Accomplished/Exemplary” end of the Matrix.

1.1. **Mission, Vision, and Goals:** Add goals, vision, and assessments
1.2. **Leadership:** Add equity/diversity to charge, grants and communication
1.3. **Staff Expertise and Preparation:** Support Director and staff to participate in ongoing professional development
1.4. **Collaborations**
   - 1.4.1. Clarify TRC/FCE roles
   - 1.4.2. Formalize collaboration mechanisms
1.5. **Operational Procedure:** Further develop mechanisms for transmitting institutional memory, procedures, and archives

**Goal 2: Resource Allocation and Infrastructure**

The degree to which an institution funds and locates teaching development, and the ways in which a CTL designs programming for the campus, indicates is centrality.

2.1. **Budget:** Continue current levels of funding
2.2. **Location and Space:** Redesign outer room (Sandbox) for current use(s)
2.3. **Staffing:** Fill staff openings for marking/web design, and technical support
2.4. **Online Resources:** Work on webpage to update information to keep current.
2.5. **Communication and Reputation:**
   - 2.5.1. Work to increase communication effectiveness (vs. volume)
   - 2.5.2. Get information out more efficiently & effectively
   - 2.5.3. Focus on better branding and marketing

**Goal 3: Programs and Services**

Teaching and learning centers develop evidence-based, mission-dependent programing based upon instructor, student, and campus need. Relationships and community are key indicators of Center viability.

3.1. **Scope:** Conduct annual needs assessment and design programming to be responsive to these needs
3.2. **Content:** Use needs assessment to decide on program offerings
3.3. **Approach:** Engage in more longitudinal, and programmatic activities
3.4. **Reach:** Create a common calendar (via Outlook or InfoReadyReview) for all faculty professional development on campus
3.5. **Impact:**
   - 3.5.1. Collect evidence of program outcomes and have systematic assessment process in place. CampusLabs may be a way to do this.

**Progress on Strategic Goals**

TRC has made progress on several of its strategic goals during the 2019-2020 academic year.

1.1. **Leadership:** Add equity/diversity to charge, grants and communication
   - In Spring, the IQC revised CD Call and criteria to include this

1.4 **Collaborations:**
   - 1.4.1 Formulate collaboration mechanisms
     - TRC created a collaboration application/log on the TRC webpage to track the number, type, and funding amount requests for TRC Collaboration
     [https://www.csusb.edu/trc/resources/trc-collaboration-request](https://www.csusb.edu/trc/resources/trc-collaboration-request)

1.6. **Operational Procedure:** Further develop mechanisms for transmitting institutional memory, procedures, and archives
• TRC has uploaded all archived TSSA and CD reports from Fall 2013-Spring 2019 into TRC’s ScholarWorks collection which is an opened, searchable, and community commons-licensed collection.
• All reports for TRC-funded faculty due in 2019-2020 were also submitted to ScholarWorks
• This IQC report, and TRC’s end of year report will also be archived in ScholarWorks

2.6. Communication and Reputation
2.6.1. Work to increase communication effectiveness (vs. volume)

• TRC has begun to track analytics on its emailings, website, and ScholarWorks collection

3.4 Reach: Create a common calendar (via Outlook or InfoReadyReview) for all faculty professional development on campus

• TRC coordinated with Community Engagement, Academic Research, Office of Student Research, and Academic Technologies and Innovations to all move to InfoReadyReview starting in Fall 2020, if they do not already use the platform
• TRC planned a pilot test of the review process in InfoReadyReview for the Spring CD’s but had to abandon it because of the large number of applications received
• TRC has revised the TSSA and CD criteria and rubrics to use InfoReadyReview for AY 2020-2021
• TRC is currently building the Calls, applications, routing, and rubrics for CDs and TSSAs into InfoReadyReview to be prepared for Fall 2020

Date: July 3, 2019

Subject: CSU Academic Council on International Programs (ACIP)

GENERAL OVERVIEW

The CSU Academic Council on International Programs (ACIP) is an advisory body to the Office of International Programs (CSU IP), located in the Office of the Chancellor at the CSU headquarters in Long Beach.

ACIP includes one faculty representative from each of the 23 CSU campuses, two state-wide Academic Senate liaisons, four IP coordinators, plus four IP participants returning from their study abroad.

The Council is comprised of five committees:

- Academic and Fiscal Affairs Committee (AFAC)
- Student Affairs Committee (SAC)
- Faculty Affairs Committee (FAC)
- Program Review Committee (PRC)
- Executive Committee

ACIP MEETINGS

This year, the ACIP held its two annual meetings on October 25-26, 2018 (CSU Chancellor’s Office) and April 11-12, 2019 (CSU Bakersfield). Resident Directors returning from France, Italy and Spain were debriefed on January 28, 2019. An additional meeting was held on February 22 at the Chancellor’s Office to interview potential Resident Directors for 2020-21 and review IP student applications.
PROGRAM REVIEW

This year, ACIP reviewed programs in the UK, Chile, China and Taiwan and made additional recommendations for other locations. The Office of International Programs is considering opening a new program in Egypt (with a risk management assessment currently underway) and made a recent site visit to their existing program in Israel. The Program Review calendar through 2019-2022 includes the following countries:

2019-2020: South Africa, Italy, Mexico
2020-2021: Ghana, Spain (Granada/Madrid), Australia
2021-2022: France, Denmark

INTERNATIONAL FACULTY PARTNERSHIP SEMINARS

Over the last several years, CSU IP has been organizing a series of International Faculty Partnership Seminars to provide international professional development opportunities for faculty of diverse disciplines from all CSU campuses (beginning with Ghana in June 2018 with 21 faculty members participating from 16 campuses). These seminars are designed to enable CSU faculty to establish professional connections with overseas partners of CSU IP and better understand and promote CSU IP program offerings for their students.

This year’s faculty seminar was held at the University of Paris, with 24 participants selected from 39 applicants from 16 campuses. The seminar featured six thematic strands:

- Franco-American Relations
- Literature, Art, and Civilization
- Migration, Multiculturalism, and Diversity
- Media, Democracy, and Identity
- Climate Change, Energy, and Sustainability
- The Evolving Marketplace

Next year’s seminar will be held in Baden-Württemberg, Germany (June 2020).

IP STUDENT PARTICIPANTS

The Application Data Report issued by the CSU Office of International Programs at our Spring meeting indicates that overall enrollments for AY 2018-2019 were down from 2017-2018. 559 students across the CSUs have been admitted as CSU International Program Participants for the Academic Year 2019-2020. The average GPA of admitted applicants across all programs ranges from 3.02 to 3.54. The programs attracting the largest number of participants include the UK (95 participants), Italy (92) and Spain (64). San Francisco State and Sonoma State consistently send the largest numbers of students (51 and 73 students, respectively, participated in AY 2018-19). The number of students from CSUSB participating the CSU International Programs (16 in AY 2018-19) is on par with San Diego State (16), Cal Poly Pomona (17) and Humboldt State (14).
Reflecting a nationwide trend, the gender and ethnicity data in this report for those admitted for the Academic Year 2019-20 indicate that white female students continue to be overrepresented in study abroad programs (69% female; 39% white). The gap between white and minority students has narrowed substantially in recent years, however, as among those who were admitted for next year, 33% are Hispanic or Latino with 9% reporting their ethnicity as ‘multiracial’. Top majors represented in the AY 2019-20 cohort across the CSUs include Business (13%), Architecture (12%), Political Science (6%), Psychology (6%) and Biological Sciences(4%).

FACULTY AND STAFF APPOINTMENTS

CSU IP Resident Directors who will be serving in AY 2019-20 are as follows:

- France: Jesse Dizard (Chico)
- Spain: Matthew Dean (Humboldt)
- Italy: John Loomis (San Jose)

The CSU Chancellor’s Office appointed the following International Programs Resident Directors for AY 2020-21:

- France: Preston Rudy (San Jose)
- Spain: Paula Sanmartin (Fresno)

John Loomis (San Jose) will continue his two-year appointment in Italy for AY 2019-21.

On June 14, 2019, Leo Van Cleve announced that Dr. Jaishankar Raman has been appointed to replace him as the CSU IP Director. Dr. Raman has been serving as Assistant Provost for International Affairs at Valparaiso University (Indiana) since 2014 (formerly Professor of Economics).

Respectfully submitted,

FROM: Douglas R. Freer, Vice President, Chair, Campus Accessibility Advisory Board Committee

DATE: June 30, 2020

RE: 2019-2020 Year-End Committee Report

The Campus Accessibility Advisory Board (CAAB) committee meets on a quarterly basis.

This year the CAAB committee discussed the campus review of the EO 1111 Disability Support and Accommodations compliance, reviewed and updated the CAAB Charter, ensured parking lot maintenance ADA compliance, introduced a new process to issue short-term accommodation parking passes for employee needs, centralized information and resources for lactation spaces and all gender bathrooms on campus, provided updates on the implementation of the Blackboard Ally program, and discussed the coordinated efforts with other institutional committees, such as ATI, completed the revised accessible PDF version of the Campus Accessibility Guide, and also discussed various ADA related projects on campus.

Please see the enclosed attendance lists.

Academic Year: 2019/20

All members agreed that quarterly meetings would be sufficient for the 2019-2020 year.
Meeting Date: 11/05/19

Deanna Herndon, Amy Van Schagen, Ariana Huhn & Stacy Forcino (we were not yet assigned a student representative)
At this meeting, members discussed their areas of expertise and the director discussed the areas that could use consultation/recommendations at the Children’s Center as well as the direction she envisioned for the center. The group went over the proposed duties and decided the purpose and future goals of the committee. The committee concluded to primarily focus on ways the Children’s Center can better meet the needs of student parents. The group came up with a variety of ideas such as reaching out to student parents via a survey to find out what needs they have as well as attending the Children’s Center Parent Advisory Committee meeting to hold a discussion forum with the parents in attendance. In addition, the committee members discussed the director’s goal for the year to improve upon the teachers’ instructional interactions with the children to further their concept development by providing a higher quality of feedback and more complex language modeling.
Meeting Date: 2/19/20
Deanna Herndon, Amy Van Schagen, Ariana Huhn & Stacy Forcino (reached out to student representative but didn’t receive a response)
At this meeting, the committee discussed the Family Friendly Tool Kit created by Endicott College. The toolkit is a self-assessment system and guide for improving supports and outcomes for students who are raising children. It is intended for those in higher education—staff, faculty, and students—who want to improve outcomes and conditions for student parents and others. The committee discussed the following components: learning about parenting students and their experiences on campus; collecting data about outcomes, conditions, services, and resources for parenting students; gaining awareness of recommended practices currently implemented by other institutions; making evidence-based plans to improve conditions and outcomes for parenting students and their families; and locate helpful resources for student parents. The committee went through the toolkit including planning guides, instructions, data collection and analysis tools, dissemination supports, and resources. Future directions were discussed.
The committee corresponded via email during the spring quarter to continue the discussion on how we can implement the toolkit at CSUSB in the future. Due to the COVID-19 epidemic, the committee decided to continue researching/corresponding and hopefully implement the toolkit during the next academic year.

The Space Planning Advisory Committee meets quarterly throughout the academic year, and as needed, to review requested space changes and re-assignments.

This year the committee discussed a faculty representative vacancy on the committee, the process for changes to instructional capacity spaces, office space standards, and the Space and Facilities Database campus inventory of spaces.

Several space requests were presented to the committee including an expansion of the Obershaw DEN food pantry and the Jack Brown Hall 137-139 classroom modification and JB 285 reclassification. The committee discussed locating office space for new hires in the Offices of Tribal Relations, Student Success and Educational Equity, University Advancement, and Student Assessment. The committee discussed the Palm Desert Campus Adjunct and Faculty Office Space request, relocation of units within Academic Affairs and College of Extended and Global Education, and plans for the new iHub at PDC.
