May 16th 1969

CSUSB
Thompson Discusses Plans for 69 - 70

Dr. Mary Cisar Appointed New PP Advisor

Dr. Mary Cisar, Associate Professor of Political Science, is the new Faculty Advisor for the Pawprint, replacing Dr. Leslie Van Matter. Cisar said that she sees the role of a faculty advisor as a resource person. Cisar’s experience with newspapers started just after she graduated from high school when she became editor, reporter, and photographer for a small paper in Ohio. Her next encounter came in Germany where she was a civil administrative secretary for a military newspaper. As editor of “The Voice”, Cisar had her last experience with newspapers while at the same time attending Graduate school at the University of Ohio.

"The big thing then was integration," said Cisar, "We used to go around testing restaurants to see if they were discriminating or not.

"The difference between students then (1962) and now has been caused by the Viet-Nam war, the draft, and racial problems," said Cisar. "One of the big topics in 1962 was the hydrogen bomb; nobody ever talks about it now."

There are several things he would like to see: 1. A revision of the AS Constitution. "I would like to see a separation of the legislative portion of the government organized along the lines of the academic divisions. This is not to take away from class government. It would probably give a chance for the class officers to spend more time with their specific class projects and problems rather than spend time themselves with AS problems."

Barry was asked what he felt the government should do that it is not now doing. He feels that the AS government has had a difficult time keeping the student body informed. "There will be an effort next year made by the student government to keep the student populace fully informed of what is happening in student faculty committees, student committees, and student government in general. Next year, there will be an exerted effort to get to the student more programs and services for his student body fee. AS government, in the last half of this year, has made steps in the right direction in these types of programs; this type of work needs to be continued."

Barry Thompson, a Sociology major, started at CSCSB as a member of its first Freshman class in 1963. He hopes to graduate in the fall quarter of 1969. Then he will go into a teaching credential program.

'Spring Round Up' Art Program III 7:00 p.m.

Tonight the third program of the Kinetic Art Series will be shown in PS 10 beginning at 7:00 P.M. Due to a mistake the third program was not shown last Friday night, but all those people who bought tickets will be given priority seating tonight. Don’t be disillusioned; the correct program will be shown. There will be no Admission fee.

There are only a limited number of tickets available so don’t delay, buy your tickets today!! Ticket sales end May 16.

Pictured here are three members of the cast of "Antigone" presented by The Players of the Pear Garden. The play opens tonight. Those wishing tickets can obtain them in the Humanities Division Office A-181.

The entire play will run approximately an hour and a half, without intermission. Following the final curtain, the Freshman class will provide refreshments, during which time the audience is invited to visit backstage with the performers.

Tickets may be purchased at the Humanities Division Office, A-181: $1.00 for students, $2.50 for non-students.

There are only a limited number of tickets available so don’t delay, buy your tickets today!! Ticket sales end May 16.

Dr. Mary Cisar"
Representative of What?

On May 8, 1969, the CSCSB Faculty Senate approved a proposal to create an Ad Hoc Committee on "Student Faculty Policy-Making Relationships." This committee will be a joint committee of both students and faculty which will investigate, consider and render any changes in college policy as they arise from whatever source, for example, the Proposal on Student Representation on the Faculty Senate which was one of the first items that was discussed.

Under normal appointment procedures, the ASB Executive Cabinet selected as one of the three student representatives to the 'relationships' committee, Nick Pencoff, a senior here. Recently, Dr. A.S. Egge, Coordinator of the Biology Dept., sent a memorandum to the newly formed Ad Hoc committee of which he himself is a faculty member. He pointed out that Nick Pencoff is not a qualified representative of the students, by whatever criterion.

In my opinion the student members on this committee do not adequately represent the student population on this campus. Since this is a very important committee, one which I hope will make a great contribution to student involvement in campus policy making, I feel it is important that we have a representative on this committee which offers the greatest student/faculty representation possible. It is my understanding that Mr. Nick Pencoff is completing his educational career at CSBSJU and has a one year club that is due in February, 1970. I feel the actions of this committee can be more productive and more relevant if we start and finish our work with the same committee members, I recommend that Mr. Nick Pencoff be replaced by a student who will be with us next year. I further recommend that his replacement be made with a student from the natural sciences in consultation with the chemistry and biology departments. Both of these clubs are currently active in evaluating and recommending policies to be established in their division.

If one can pick himself out of the fray and refrain from judging long enough, Dr. Egge's comments seriously (and, unfortunately, he was serious), he would see two immediately erroneous and narrow-minded assumptions in this statement: first, the implication that Nick is not a qualified student representative, by whatever ground, and secondly, (and the most amusing) the assertion that a student from the natural sciences "in consultation with the chemistry and biology departments"

Nick Pencoff has been one of the hardest working, creative and effective student leaders that CSCSB has ever had the good fortune to know. He has a proven record of continuous support of the student involvement, but if used as a criterion, disqualifies approximately 90% of the rest of the students. What Dr. Egge has against badly needed competency, only he knows. But that's his problem.

If natural science students are not being fairly represented in the activities on this campus, why then don't those students come out of their test tubes and live this campus? And why, by any sane reasoning, are students from chemistry and biology going to be a representative of our student body than any other student? Where were natural science students when the daisy was hung? When the convocations were held? When Prof. Mankau needed support? or when the daisy was hung? When the Activities Committee in arousing the general interest don't those students come out of their test tubes and live this campus? When this fact became known, a student was overheard to comment "Oh no, not them." This one little statement revealed the student's attitude toward the academic process. If the purpose of the academic community is to develop the mind through the exposure to a full spectrum of ideas, then the YAF should be a welcomed addition to the campus. But it was not so received by this campus. The most plausible reason for this is that the student had a different conception of what we should be up to: action.

Since the purpose of the academic community is, supposedly, to take action in opposition to the establishment, the appearance of a group which can be expected to defend the establishment, rather than being appealed, is condemned. This action-oriented view is popular among certain elements of this student body. These are the people who, through their "action," come to appreciate the importance of influence. This has important results. Apathy, for one thing. Apathy results, in part, when, as A.S. Egge wrote, "the campus newspaper constantly and consistently points out one point of view. Why should students who disagree with this point of view attempt to change campus norms to be an overwheleing system?"

The lesson is clear. There must be a reconsideration of purpose on this campus before participation, or even free and open discussion can take place. The A.S.B. establishment bears much of the responsibility for this change.

The Management

Letters

The Management

Action

Recently, a chapter of the conservative Young Americans for Freedom was organized on this campus. This was an immediate reaction to the "movement" of the political extremes. Since this campus is something which a lot of people are interested in, the student body is always looking for something new to talk about. This is a great contribution to student involvement in campus policy making, I feel the actions of this committee can be more productive and more relevant if we start and finish our work with the same committee members.

If CSCSB is ever going to take its rightful place in this community as a leader of cultural activities, then it is going to have to improve its Activities Committee. And to do this the students of Cal State must establish a more active and imaginative Committee, one that is able to keep in close contact with the changing desires of the Student Body.

TERRIE GALLAHER

Rebuttal

The Activities Committee gets a portion of your $6.50 student fee, probably about 1%. We didn't get loads of money this year, next year we won't get more than a $300 increase in spite of a projected increase in student enrollment of 500 F.T.E.

SNAP SHOT

Activities

"This school doesn't have enough activities for its students."" What we need are better extra-curricular activities on campus. To state these types of statements are, unfortunately, all too common to the activities here at CSBSJU. They seem to reflect a couple of things concerning this school and this year's Activities Committee. 1) an apathetic student body and 2) insufficient action on the part of the Committee in arousing the general interest of this year's Student Body. The problem of apathy on the Student Body is something which the Activities Committee cannot solve by itself. However, perhaps by working towards improvement of the Committee, more interest may be aroused. While this article is not to say that the Committee did not do fine work this year, it is felt that there certainly is need for improvement next year.

The Committee does not hire speakers, films, or engage in very many in-tran-activities. The committee has tried to carve a niche for itself by organizing the other potential action makers such as Lectures and Public Affairs Committees, and Cultural Affairs Committee, and the clubs, such as Newman, Women's Service, and others. Committee seems to have their specialties. We have tried to specialize too -- in good dance themes, with something extra, not just a band. Cookouts are our thing, and we are sponsored activities which we hope will increase.

This Committee is disappointed in your response to YOUR activities. Get your moneys worth -- attend one of the coming activities! We put a lot of hours, work, and hope of success into one day's or one evening's entertainment. Many come, too many don't. Far too many criticize, few help. Our need is you, your ideas, help from your area and legs. If we aren't doing what you think should be done, come, see why we aren't, and help! Don't just criticize; help. Our need is you, your minds, ideas, help from your area and legs. If we aren't doing what you think should be done, come, see why we aren't, and help! Don't just criticize; help. Our need is you, your minds, ideas, help from your area and legs. When this fact became known, a student was overheard to comment "Oh no, not them." This one little statement revealed the student's attitude toward the academic process. If the purpose of the academic community is to develop the mind through the exposure to a full spectrum of ideas, then the YAF should be a welcomed addition to the campus. But it was not so received by this campus. The most plausible reason for this is that the student had a different conception of what we should be up to: action.

STAN HODGE

Students Produce Desert Art Films

By CHRIS MALLORY

Student art on the Cal-State campus has moved into the area of movie-making. Four students, under the sponsorship of the Cultural Affairs Committee, have combined creativity and expertise to produce "Twentieth Century Mosaic." This film, finished only last week, is now being edited and marketed for public showing later this year or early next fall. Also to be shown at the same time is another film directed by Larry Sternberg, which was filmed in Watts.

Mike and Christine Mallory, and Dan and Carol Dickman traveled to Saline Valley, a desert area of California, just at the base of the High Sierras. Surprisingly, the area is a lush one, containing eight natural hot springs, areas of lawns, a fresh lake and a saline lake. Because the valley is accessible only with a four-wheel drive vehicle, few people have ever traveled there. While the students were out filming, however, they ran across a van of eight travelers...

provide food, you provide your
bathing suit.

Don't forget the pool is open
Friday nights.

We meet Tuesdays at 12:30 in
the cafeteria, drop by, see what
we're doing.

Pamela Paulsen
Activities Committee
Chairman

UMAS

Many colleges throughout the
Southwest and the nation are
guilt of producing some
incompetent teachers, social
workers, policemen, counselors,
so-called "philosophers,"
scientists, historians, journalists
and other such products who are
contributing to the destruction of
the CHICANO in this nation. It is
through these malfunctioning
products of colleges that the
problems of the CHICANO
minority are perpetuated.

Colleges have failed in their
responsibility to adequately
prepare those so-called experts
who have tremendous power and
control over the lives of the
CHICANO. This seemingly
criminal failure of colleges
perpetuates the erosion of our
barriers, our culture, our
dignity and spirit. It is through
the products of colleges that our
RAAZA is held in bondage.

In short, higher education has
failed the CHICANO Community
by producing college graduates
who are unresponsive to the needs
of the CHICANO. The
implication of this failure offers
a clear path of action.

Jorge A. Rios

As I See It...

PURGILARS ATTACK DSC, INJURE 3,
DESTROY RECORDS

Records were destroyed and
students injured when members of
a guerrilla warfare class and clerks
from Local Board No. 131
the student-initiated Draft
Services Center (DSC) at the
College, San Bernardino, this
week.

College security officials said
the nine members of Guerrilla
Warfare I, a course sponsored by
the Community University, and
four clerks from Local Board
No. 131 were involved in a
thematically, but conservatively,
removed student files from
offices, piled the papers
against the floor, and then poured
a bucket of blue-colored liquid
later identified as Welch's
Japenol.

Two students were injured when
a non-violent, DSC worker
struck a demonstrator on the head
with a handbag. This is the
STORY OF MY EXPERIMENTS
WITH TRUTH, it was noted.

University officials said the
DSC demonstrators and
security officials added, "two
DSC supporters were thrown
through a (closed) window, but
not otherwise seriously injured."

This was a bonfire and rally in support
of the non-existent varsity team —
and a paint-in. Its plans for the
future promise further worthwhile
events, e.g. more of the same, art
contributions, letters, photos,
pictures, plays etc.

Community University is
thriving. It is a good start on
campus a chance to learn about
whatever interests them in an
informal, non-stressful setting. It
also brings people to campus
who wouldn't otherwise have a
reason. The enthusiasm and
potential embodied in CU might
best be summarized by the example
of the elderly gentleman
who showed up at the
organizational meeting.
He expressed interest in every
possible offering that was
suggested but felt frustrated in
understanding that he just didn't have
time to participate in all of them.

The School's first "Eureka" Rally
last fall saw the participation of
about a hundred students and
perhaps, got started what has turned out to
be an active freshman class. Next
fall's Orientation will be handled
considerably, both in time and
program content.

A SIB Committee has been
charged with providing students with a
wide variety of social events. It has become
obvious during this year that it's not just too big a job for the
students to do alone (with the
availability of the new pool and gym).

The school's first "Eureka" Rallye
May 24

"Eureka" is more than the shouting
of some fanatic nude in his
bath, or the ravings of Forties
with dollar signs in their
eyes and sir in their pockets.

"Eureka" is the name of the
forthcoming SRC Regulations
(spelling of course)

Well, what is the "Eureka"
"Rallye"? It is a drive that's
fantastic; two parts raving,
three parts confusion, and four parts fun. The
Rallye offers two parts raving,
two parts raving, three parts
confusion, and four parts fun. The
Rallye takes place at the
Campground. You can bowl with the coeds or sing
with Rallyeers, which may actually
be one in the same. There,
also, you can practice the time
honored art of roasting ones
fingers (the by-product of which is
called a "hotdog") and the offering of a
sacrificial (burning) marshmallow.

Be prepared! (even if you aren't
a scout). Both you and your
partner in confusion (navigator),
with a torch; maps and other
helpful goodies (including a rock
on which to roast a winner). You
will also need time. The rallye
begins at 7:00 p.m. on Saturday,
May 24 and ends when you get to
the campground and begin
eating the goodies (included in
the $1.75 fee per couple). — Oh,
how romantic! For $1.75 you
buy yours just prior to the
Rally.

So, if you like confusion, fun,
whatssoever. Remember
"Eureka". Oh, by the way, there
are rewards for those good buddies —
so your endeavors will not be entirely in vain.

On the other hand, even if you've
already been here a year, you have
not been entirely in vain.

"Eureka" is not everything —
there is only been here a year, you have
not be entirely in vain.

(Continued on page 4)
Students Speak Out

Sandy Bergestrand has been attempting to start publication of a student evaluation of teachers. This idea has been presented to the Student Affairs Committee.

DAVID CHARLEBOIS

and they have accepted it.

This question was randomly posed to students: "What do you think of the idea of student evaluation of faculty members?"

MARTIN MCCLELLAND

Opinion ... Evaluation

Interviews By MIKE SLAUGHTER

DAVID CHARLEBOIS, Junior, Undeclared Major: "I think that in its right place it is a good idea. If a sheet could be made up of the student opinions of the teachers, it may help new students to choose classes. It may make teachers more conscious of the rapport they develop with their students."

BARBARA NORDIN, Senior, Sociology: "I think it is a good idea. They are the products of teaching, so they should be able to judge whether they are getting the services they expect."

MARTIN MCCLELLAND, Sophomore, Chemistry: "I think it would be especially helpful to the incoming freshmen. I would like to see it used in conjunction with opinions of current students. I think it is the first progressive step to a better student-faculty relationship."

SUE KANAGA, Senior, Sociology: "I think it is a good idea. It is good for the incoming students to realize the caliber of the faculty in this school. It does help teachers to evaluate their teaching methods. That means that the faculty should read the evaluations as well as the students attending CSUSB. If the evaluations are to have any meaning, they should be made with sincere efforts by the students."

THE INTER-CLUB COUNCIL, ICC, will hold a meeting on Tuesday, May 30, at 10:30 A.M. in room L114. There will be elections and the addition of new bylaws.

AT THE REGULAR MEETING OF THE BUSINESS CLUB, May 7th, the members present unanimously voted to retain the Comprehensive exams in the Business Administration Department. Mr. Doyle Stansel spoke to the Club about the opportunities available to business graduates through CSUSB placement office.

It was unanimously decided to have a club picnic at Fairmount Park, Riverside, May 17th, and all business majors are invited to join. Those wishing to go please sign the paper posted on Dr. Sanford's bulletin board.

C.A.C. Plans

An Art Show is being sponsored by the Cultural Affairs Committee. Individuals are invited to make, paint, sculpt, draw, splash, build, destroy space or create a new dimension of it, any type of artistic form that you the individual would like to share with others in the art show is welcomed.

Turn in your work at the Activities Office beginning now! The last day that we can accept contributions is June 3rd at 4:30 p.m.

The art show will begin Wednesday, June 4 in the Student Lounge. It will run three days June 4, 5, 6. Hours open will be from 11:30 a.m. to 2:30 p.m.

Some students who will be showing their work are Steven Emanuel, Mark Trenam, Dale A. Karr, Marvelle Fairfield.

Other campuses have been alerted to this showing and so people from Univ. Of Calif., Riverside, Univ. of Redlands, San Bni. Valley, Riverside City College will be coming to view the shows. With the blood, sweat and tears of our many individuals here at Cal-State San Bernardino.

FOR SALE

1958 Volvo 544: Good Shape, 26-30 miles per gallon, $300. Contact FS-22.

THIS IS YOUR LAST CHANCE to claim any article of yours which might be in CSCSB's lost and found. Any items not claimed by their owners will be auctioned off at the 1969 Spring Cook-Out, scheduled for Sunday afternoon, May 25. If you have been missing anything that you think might have been lost on campus, contact Walt Kadyk, Chief of College Police, at extension 444.

THE NEXT MEETING OF THE CSUSB chapter of the Student California Teachers Association will be on Friday, May 16, at 3:00 p.m. at the Smithson House. All interested students are invited to attend.

THE NEXT THURSDAY, MAY 22, the Philosophy Dept. will sponsor a Philosophy Symposium to discuss "Violence." The event will be held in the Student Lounge, Cafeteria Building, at 8:00 p.m.

THE PEACE IS HERE!!!! On Wednesday, May 28, the Prickly Pear will hit the newstands (or at least a table outside the cafe). Pick one up and groove on the poetry, stories and art that the students of CSUSB have to offer. It's free, but it's worth it.

TONIGHT THE ACTIVITIES COMMITTEE is sponsoring a "pool-party" at the CSUSB swimming pool, from 7-10 p.m. Included in the event will be a free dance from 9:12 in the Little Gym, with music provided by the "Friends and Relations." The entire program is open to all students and faculty, and free refreshments will be provided. Come on, Come all.
