### CHANGE OF MAJOR PROCEDURES ALTERED

A new procedure is to be followed when changing a major between divisions and changing from an undeclared to a declared major, according to

Gerald Scherba, Dean of Academic Affairs.

Dean Scherba states, "A student who wishes to change his major should obtain a Change of Major card from the Registrar's Office. He should take the card to the Division in which he has been advised and leave it with the Division Chairman or his designee. His folder and Change of Major card will be forwarded to the Division in which the new major is located. It is necessary that the student complete the Change of Major card several days before he wishes to be advised, to allow time for transfer of his folder.

### "Instructions to Division Chairmen or their designees:

"When a student presents a Change of Major card, obtain his folder from his adviser. Attach the Change of Major card to the folder and send both to the Division Office in which the new major is located.

"When you receive a folder and Change of Major card from another Division Office, detach the Change of Major card, sign it, and forward the card to the Office of the Registrar. The card must be received by the Registrar before the change of major can be official."
