Once again the L.A. Rams defense saved the game by stopping the Tampa Bay Buccaneers with a hard hit from linebacker Lyle Thorne.

The Rams offense is still struggling quarterback Dan Dierck, who looked like a "Cat on a Hot Tin Roof," and was unable to generate any successful drive into Tampa. Erica Dickinson carried the ball 23 times for 75 yards.

The L.A. Rams are 6 and 0, and they are 4 and 0 against NFC teams.

Next week it's on to Kansas City and the Chiefs on the tube.

March AFB Chapel Number: The FWOC is sponsoring a potluck dinner Friday night, Oct. 18. The affair is for everyone, groups and singles alike. We will meet at the Chapel for salad and go from there to different places for meals and fellowship. Concessions, Attitudes and Controversies: As we go about our daily lives and find ourselves in right or wrong, give yourself a check. Perhaps you are giving yourself a check. Think of it this way, if you did not check the oil in your car and the engine started to run roughly, you would probably take it to a mechanic. If you are not receiving the feeding of your soul being fed, perhaps you need a spiritual over-church. Help us or help to create ourselves. We are a world of compassionate people and we should be trying to help others as we need help. Together we can.

Mr. Ward: Mr. Ward and parent of one of my better students, is in the Perris Christian Hospital located on Perris Blvd. He would appreciate our prayers.

Moreno Valley School Board of Educators: I am number one on the ballot. I want to be number one in your heart and will open the door for a giant step forward.

Dear Tabatha,

I am a 19 yr old new wed of a year and a half. Everything Love, Marriage with my husband and I, but I think we argue a little too much. I feel at times when I want to make a special effort to be quiet and to try to listen to him, I actually expect him to say thing's like 'I love you'. I use got a shot in my eye and am swerving his words. What happening to me?

Sincerely,

Sharon C.

Dear S.C.,

Your situation is one that a lot of people are experiencing here and that should not make you feel old and alone. Because, of all the things that happen to us, we built up barriers and stones to protect ourselves and their values that they struggled so hard to achieve. And your choices here. There has been much confusion during the past year in this district. I attended several meetings during the last year and have heard many complaints, accusations and stories of unhappiness about administration of the Val Verde school district. After questions and conversations with residents concerning the basis for their unhappiness, I discovered that the rapidly influx of people from other areas who are mis-informed or want the things that they were back home have taken a major role in the elections this year.

Best regards,

Pamela J.

Parkland Bank and Trust: I received and check information prior to the election in November so that an informed citizen can make the decision in which they want the city to go and who is most likely to take them.

Our feeling is that Washington and McNamara Jenkins are the best candidates without question. Perris High School District is the past five districts has had it's ups and downs, I feel that a change of attitude is much needed in the makeup of this board. Mrs. Edith Reddick was elected to serve as a trustee a few years ago. We saw this move as being a move toward improvement of the three school boards served by this district.

More will soon concerning this district to future articles. Our choices for the three seats in Perris Unified High School District are, Edith Reddick and Sherman Chenowith.

Val Verde School District: Zuma Brist and Clayton Allen are our choices here. There has been much conflict during the past year in this district.

We received several meetings during the past year and have heard many complaints, accusations and stories of unhappiness about administration of the Val Verde school district. After questions and conversations with residents concerning the basis for their unhappiness, I discovered that a rapid influx of people from other areas who are mis-informed or want the things that they were back home have taken a major role in the elections this year.

Art Cook Makes Recommendation For Perris Election.

Concern will be held in November for the Perris area. So far there has been relative quiet compared to elections of the past. Most of us can remember the recall of several City Council men a couple of years ago and the election that followed.

At least one of the recall plans was written down. In my opinion the recall was a result of a mass of emotion and, because the voters felt fairly in their best interest, it would be a good idea to put these people back in office. It was a great step toward a progressive Perris when Jesse Washington and McNamara Jenkins were elected. History was made in the Mr. Washington was the first Black person to serve as a Councilman. During his tenure, the young man has proven himself to be a highly capable and dedicated representative who has the well being of the entire city in his heart and doesact comes to any specific group or state.

Another fine candidate for this race is Mr. Penny, Mrs. Mc Henry lost the last election by a small margin.

In my opinion the came was much more capable than some of the people who were elected.

It is very important that the people of Perris consider voting.

**Sunday-school revival**

*By George H. Plagné*

Life-long Methodists were thrilled at the "The Whole World" theme now applied to the "Sunday Morning Message." Methods of the first and last quarter of this year had been designed to revivify the Sunday school in every American city and town, of course.

What Methodists planned for this revival of the work of his beloved tampa was a large supporting group of Chine­

Some Methodists argued that they were not only selective about admissions in the congregation, but even about the neighborhood, even about the neighborhoods. And then the word brand of Power which will forever end the discord between Blacks and back to Blacks.
