Local PETCO Rep Blasts Media

One of the reasons the airplanes are flying with fewer passengers is that they no longer need to beGender Editorial

Principal Central Labor Council AFL-CIO

By Mary Carter, Executive Secretary-Treasurer of the Central Labor Council AFL-CIO of Los Angeles and Riverside Counties.

Professional Air Traffic Controllers (organization) is an AFL-CIO affiliate and no matter what the national media may say, there are strong union sources that say the position that must be addressed, but the question of their right to vote and the possibility that the committee for estimators in construction have is a serious issue. Lawyers for Nixon and Fitzgerald couldn't be reached for comment.

Nixon payoff

Nixon allegedly paid Pentagon whistleblower Ernie Fitzgerald $4,000 in 1971 to compensate him for his efforts to make public charges of malfeasance and waste at the U.S. Army Electronics Command. The money was handed over in a wiretap case. Later, Fitzgerald revealed in a book that Nixon had offered him $100,000 to keep quiet about the affair. The offer was rejected.

A special issue postage stamp with the theme "Alcoholism One on One" was issued August 15, 1981, in connection with National Alcoholism Awareness Month.

The stamp design conveys the feeling of a sterile treatment ward, where there are over one million recovering alcoholics in the United States today. In 1980 the Postal Service launched its first special stamp program, "Alcoholism Recovery," in cooperation with the National Committee on Alcoholism and the American Medical Association. The United States Post Office Department, in cooperation with the American Medical Association, issued a series of five special stamps to commemorate the 25th anniversary of the establishment of the American Medical Association's Committee on Alcoholism. The stamps were designed by John Bowlby, who is associated with engraved art. The stamps were designed by the United States Government and distributed by the Post Office Department.
Worship as a Family This Week

Grace Bethel's First Appreciation Service

Today was a first in the history of Grace Bethel Baptist Church. We celebrated our Pastor and Wife's first appreciation service. It was greatly during our morning service as well as our afternoon convention. It takes one week to recuperate.

Rev. Nathan Smith brought our morning message and Rev.Brand and his congregation came and shared with us. Rev. Smith brought a beautiful message taken from 1 Thess 1:2-5 and the word seemed to be there. For a subject, "My People's Blood dazu", he spoke at the Blood that Jesus shed for his sins so great in those who are dead spiritually. The blood that Christ gave for us is free to all who will accept His love and believe in Jesus. The Adult Choir greeted our hearts as they presented songs of praise. Downow and Sir. Frank Ettmehl sang "I'm总数 in Can't" and our spirits were lifted up.

We were very grateful for a beautiful afternoon service and for all of our guests that shared in our pastor & wife's appreciation service. So, Judge Bremner and all of those that worked so diligently to make the service what it was has been a great strength to the Pastor and wife. May the Lord shower you and Grace Bethel with this blessed message as you continue to work for Christ.

Rev. L. B. Moss, Pastor of Park Avenue Baptist Church brought the afternoon message on the theme: "A Shattered Lamp That Is Where We Are and Where We Want to Go". Our hearts were made glad. Our thanks to all that were in attendance, especially Grace Bethel.

By ROBERT W. JOHNSON

Gospel X-Pressions

Edward Jenkins Gospel Soul X-pressions broadcast show heard on Sundays 2:54 p.m. on radio station KSLA AM 1270 AM and 7:54 p.m. on radio station KSLA FM 101.5.

Last week must have been one of the most interesting weeks in the history of Los Angeles, California. Two major conventions were opening this past week. The one that I attended the Gospel Music Workshop of America, and the one that I went to was the Los Angeles, California Convention of Black Musicians.

American Muslim Mission

By Benjamin Espinal

With the name God,

The Gracious, the Compassionate

The Muslim Community should not act in isolation from the broader community. If all is done to be respected by the larger community of their ethnic group, it would be more practical and protracted in nature that will make it easier to people to appreciate and understand. As Muslims are obligated to strengthen their faith and build more knowledge for the purpose of exercising this important responsibility.

To understand this "assimilation" is to learn more about other cultures in one's own and a community because of the pressing need for acceptance in society. To accept something does not necessarily mean you must be the same in the form of a thing to belong to as much as you accept the nature and spirit in which it is. It could also mean you have found some common ground of agreement by which you acknowledge in your own heart and mind the truth of what you are experiencing coming from something that is not entirely your own. Therefore, attempts at great agreement, compatibility, or just simply getting along with others.

The whole world will never be Muslim or for that matter, Christian. If God had it so, we would have made it that way in the beginning. It is the difference of diversity that God put to people in this world. It is the responsibility for people to appreciate and understand it. Every Muslim is obligated to strengthen his faith and acquire more knowledge for the purpose of exercising this important responsibility and...
we must shout and Praise the Lord and all the walls will come tumbling down. (march for 7 days around the wall/ be obedient to the priests to shout as the priest blew the rams horn. Rev. Williams said make the wall fall you must see with your mind before it becomes a reality.)

2. Listen to God's orders through the wall of "unbelief'. God gave Joshua instructions as he has given us. He told him to (1) See, with a spiritual eye, (to see of health, financial security, jobs ect.) God has also made all denominations participate in the Christian community.

The walls were in the wilderness, they had heard their parents talking and never seen a city-wide revival where every denomination will join together. The event was called "Men's Climbing To Excellence." Their speakers for the day included Dr. R. Allen, Pastor of the Baptist Church in Richmond, Va and Rev. Gary Stewart of the Shiloh Missionary Baptist Church in Compton, California as well as others from the community. We observed Promotional Day during the Sunday school hour.

We left the meeting feeling good and well fed on spiritual food. The message was well thought out and delivered. We left with the same question deeply embedded in our minds: "How to Your Prayer Life?"

On Sunday, August 22, 1981, Mt. Sinai will observe its Annual Youth Day. The theme for this day will be "Mt. Sinai Youth Climbing To Excellence." That's our chance for the day will be followed. At 8:00 a.m. Rev. Jack lamsdom of Friendship Baptist Church, San Bernardino, will participate in the service. It is for children up to the age of 18 to be in attendance. The day will be opened with the theme of the day being "Let No Man Divide Us." Our speaker for the day will be Ms. Alice D. Mitchell, President of the "Rev. C. James Speaks"

DEADLINE MONDAY 9 A.M. FOR THURSDAY'S PUBLICATION

FREE JOB TRAINING

Any resident of Riverside County that is 16 years of age or older can receive free training for jobs in demand in the county. If you are interested in improving your future, register directly at the class of your choice. Enrollment is open - you may enroll in a class day and remain enrolled only as long as necessary to be employable. Call 787-6143 if further information is required.
In the six months that has been President, Ronald Reagan has been seen by many as a liberal who is going to be a de-escalator of policy on matters of racial inequality and poverty. Aside from the fact that he is a wealthy man and has no reason to lose his prestige, the President has little incentive to make significant changes in the life of the American Negro. The cold fact of the matter is that the life of the American Negro is getting worse. The Social Security Administration recently reported that only 20 percent of blacks felt that the situation of blacks had improved since 1979. Two-thirds of blacks actually expected things to get worse for them personally, only 20 percent of blacks expect the government to do anything to resolve the plight of the black poor do not constitute a mandate. However, if the President wants to really pay attention to blacks he must do two things. First, he must stop the racial bias of his Administration. Only the barest majority of blacks feel that the President is personally responsive to their needs. Similarly, in February a Gallup survey revealed one very dangerous trend. In the late 1960's and early 70's, when blacks were experiencing some social advancement, polls registered a ratio has remained constant in times of economic prosperity and through periods of economic decline; though periods of economic decline; though periods of economic decline, blacks and all poor Americans improve their lot. However, a glance at the recent history of black unemployment and impoverishment gives little indication that the Reagan Administration shows no sign of having given serious thought to the plight of what is always called the black underclass.

Riverside County Cultural Resources Guide to Published

The following is an interview with Dr. Taylor, Superintendent to make the general public aware of the successes and failure of the arts in Riverside County. The district serves students from Good Hope, Mead Valley, Perris Valley, Quail Valley, Meadville, and home schools.

INTERVIEW BY CHARLES LEDBETTER AND DR. EMILY TAYLOR - EXHIBITION - PUBLISHED August 12,1981

1. What you feel should be the priorities of education in the '80's, aside from the basics? A social school funding program should be a major priority. We need a state school funding bill that will provide every student the educational needs of our youth on an ongoing basis. Currently, school districts have to wait until the following year to secure before the amount of money is known. The money planning process is very difficult. Another priority is the need to adjust the school program. We have no more money to follow-up with actual students. High school graduate must have an education that provides them flexibility in the job market. Our students can be more prepared to the actual demands students will after graduation. High school graduate must have an education that provides them flexibility in the job market.

America's South Africa Policy

While the Congressmen stop short of using American corporations to close operations that are illegal or to stop operations that do not serve the interests of the U.S., they have pressed the Reagan Administration to provide suitable policies to address the situation. The Administration must provide a clear and consistent policy on matters of South Africa's policy, including its economic and military policies, and the black population.

The report urges America's friendership and strong support in the region to cease black South Africa's policies. It also urges America's support for the South Africa's policy, including its economic and military policies, and the black population.

While the Congressmen stop short of using American corporations to close operations that are illegal or to stop operations that do not serve the interests of the U.S., they have pressed the Reagan Administration to provide suitable policies to address the situation. Urban League Guild Sponsors “Night in Monte Carlo”

“Night in Monte Carlo”, the Inland Area Urban League Guild’s annual summer fund raiser, will be held from 7 p.m. to midnight Sept. 12, at the Golden Harvest Restaurant, 290 North ‘D’ St., Vanir Tower, San Bernardino.

Tickets are $10 per person and includes a no-host bar, buffet from 8 to 9 p.m., music and mock Las Vegas style games with prizes. For tickets call 884-5343 and 824-8243, San Bernardino, and 682-6683, Riverside. The Guild is a support group for the Inland Area Urban League. Money raised through its efforts go to support League projects including housing counseling, job training, counseling and placement, day care and community education programs. The League maintains offices in San Bernardino, Ontario, Riverside and Palm Springs.

“Night-In” committee members are Juanita Scott, Anita Dimery, Jeanne Jones, Benita Roberts, Geraldine Bedney, Lillian Altemus and Barbara Spears.

Always smiling: the McClanahans

Success is contagious and you spread it around

As the music played, youth played and danced, mothers prepared dinner and everyone else rested, the fun continued on in a day-long 4th annual picnic of the Oldtimers of Riverside.

This year’s picnic wasn’t as packed as last year’s but the enthusiasm was high and everyone enjoyed the day of food, activities and each other.

Back however, were the Equestrian Police and the complaints. Many felt that the horses contaminated the food. The horses however were kept further away than last year. Maybe next year they won’t be necessary. As one person said, “If I want to drink something, I can hide it in a container, they’d (police) never find.” In general this was the only complaint.

Back were the dance contests, and music which most enjoyed but many (oldtimers) would rather have Benny Goodman, Count Basie, Sarah Vaughn or Ella Fitzgerald.

Visiting and sharing was fun for all as all ages came together for a huge family reunion.

In a sampling of what was most liked about the picnic, Elgis Anderson said “family love.” Evan Fauller and the Washingtons came back every year to “Kick back and relax.” Ola Carpenter who came to Riverside in 1940 boasts proudly of her 9 children, 20 grandchildren and 3 great-grandchildren. “Mr. Cool” Ron Williams has a grandmother who is a native of Riverside, she has 2.5 grandchildren and he says, “I came down here to celebrate.”

Aaron McAbee was the first place winner of the dance contest.

With Patrice Rushen

Many times short people are underestimated and most times that's a TALL mistake, especially in the case of Patrice Rushen. I feel her case before for a short time and really didn't know what she expected. She's a petite, four foot eleven inches, born in Los Angeles, and is the eldest of two female siblings. Before Patrice was five years old, her family had enrolled her into a music program at UCO and now realized she was very musical. She became proficient at playing seven instruments.

Patrice Rushen is a singer and has many other talents, but she can blow a Oute, play a guitar, and handle the drums just as well. Among her many talents, she is a proficient at playing seven instruments. She is the oldest of two female siblings.

Many more.
