Local UNCF Benefit Features Clifton Davis

California Rep. George E. Brown, Jr., announced today by Riverside City Councilman Ed Shep­ard that Riverside County will launch its Program for National Alcoholism Awareness Day, which is planned in Washington, D.C. on September 19, 1981. The local rally’s goals are identical to that of the national’s for world-wide work on jobs and justice.

Grace Bethel's First Appreciation Service

Today was the first in the history of Grace Bethel Baptist Church. We celebrated our Pastor and Wife's first anniversary and it was the first time that our church had an appreciation service for our pastor. The Lord blessed us greatly during our morning service as well as our afternoon service.

Rev. Nathan Smith brought our morning message and Rev. Brandon and his congregation came and shared with us. Rev. Nathan shared a beautiful message taken from 1 Thessalonians 1:7-12 and the word soon ran to them. For a subject, "My People Need Blood," he spoke of the blood that Jesus shed for us as going to them who are dead spiritually. The blood that Jesus gave for us is free to all who will accept Him and believe in His name.

The Adult Choir enchanted our hearts as they presented songs and prayers. Downing and Sir Frank Brimmer sang "Thank You" and our spirits were lifted already. We were very grateful for a beautiful allinson service and for all of our guest as they shared in our pastor & wife's first appreciation service.

Rev. L. B. Moss, Pastor of Park Avenue Baptist Church brought the afternoon message on the theme: "A Stopped Loving That Labrador In The Yard," 1 Thessalonians 3:13. Our hearts were made glad. Our thanks to all that were there in appreciation, especially Grace Bethel.

It has always been a learning experience interacting with great personalities and actors of the secular and sacred world, most horizons tends to be broadened by the variety of personalities etc., that a convention of these magnitude offers. The important thing is whatever belief or idea we may come to know each other.

Rev. Mother Bridges gave the sermon was "Faithful And Unfaithful Servant." Baptist Church had a beautiful service. The youth and the Palm Court had a beautiful service. The youth and the whole church was in fellowship. The Lord has truly blessed Rev. Rousell and his congregation came and shared with us. The Lord has truly blessed Rev. Rousell and his congregation came and shared with us. Their presence here brought joy to our hearts.

The whole world will never be all Muslim or for that matter, all Christians. If God had wanted it to be that way, He would have made it so in the beginning. It is in the difference of diversity that God put in people that are going to help one toward the knowledge of another people, this should be practiced and preached in a manner that will make it easy for people to appreciate and understand it. Every Muslim is obligated to strengthen his faith and aquire more knowledge for the purpose of exercising this important responsibility.

The Muslim Community should not set apart or separate itself from the broader community. If all is to be accepted by the inner community of that sectarian, it would be practiced and preached in a manner that will make it easy for people to appreciate and understand it. Every Muslim is obligated to strengthen his faith and acquire more knowledge for the purpose of exercising this important responsibility.

Reagan And Race:

In the six months that have been President, Ronald Reagan has already done a lot to affect public policy on matters of racial inequality and poverty. Apart from the budget cuts, which will be discussed in more detail below, there is the subject of affirmative action, which has come to be called the black unemployment problem.

For Reagan, the black unemployment problem is not the result of any single factor but rather a combination of factors. For example, due to a variety of complex factors, in the South, black workers earn 78 percent of the income of white workers and the earnings of black and white workers are nearly identical. In addition, the black unemployment rate is significantly higher than the white unemployment rate.

In defending his economic policies, Ronald Reagan appears to be making an effort to create an impression that addresses the needs and concerns of all Americans, including African-Americans. However, it is not clear whether Reagan is truly committed to addressing the specific needs and concerns of African-Americans or whether he is simply trying to create an impression that he is doing so.

In the future, it will be important to closely monitor the impact of Reagan's economic policies on African-American communities and to hold him accountable for any negative effects that his policies may have.

As the music played, youth played and danced, mothers prepared dinner and everyone else rested, the fun continued on as it had at this annual picnic of the oldtimers of Riverside.

This year’s picnic wasn’t as packed as last year’s, but the enthusiasm was high and everyone enjoyed the day of food, activity and each other.

It was a time when families got together for what one group called “family love.”

Back however, were the Equestrian Police and the complaints. Many felt that the horses contaminated the food. The horses however were kept farther away than last year. Maybe next year they won’t be necessary. As one person said, “If I want to drink something, I can hide it in a container, they’d never find.” In general this was the only complaint.

Back were the dance contests, and music which most enjoyed by many (oldtimers) would rather have Benny Goodman, Count Basie, Sarah Vaughn or Ella Fitzgerald.

Visiting and sharing was fun for all as all ages came together for a huge family reunion.

In a sampling of what was most liked about the picnic, Ethel Anderson said “family love.” Evan Faulder and the Washingtons came home from college and declared, “I love Riverside.” Mrs. Scott, 69 talked of her 41 years of marriage, 8 children, 23 grandchildren and 1 great-grandchildren. “Mr. Cool” Ron Williams has a grandmother who is a native of Riverside, she has 2.5 grandchildren and he says, “I came down here to celebrate.”

Aaron McAbee was the first place winner of the dance contest.

Celebrity Forum With Patrice Rushen

Many times short people are underestimated, and most times that's a TALL mistake, especially in the case of Patrice Rushen. I see her out there in my world and really don't know what she expects. She's a petite, four foot eleven inches, born in Los Angeles, and is the eldest of two female siblings.

Before Patrice was five years old, her family had enrolled her into a music program at USC and now she already knows how to play the piano and has professed at the keyboard for seven years. Now, age thirteen, she has just finished her first album and is the youngest female to be signed to Motown.

In my next week's column, I will talk about Patrice Rushen and her many other talents, as well as her and singer and songwriter, but confess to what you expect if you meet her once before for a concert at the Pasadena Showcase. I think it's a must for all of us.

During exercise because excessive sweating can lead to dehydration. Water is lost faster than it can be replaced. It is important to stay hydrated during exercise. High physical activity, in particular, can increase the need for water. Therefore, it is crucial to drink plenty of fluids before, during, and after exercise.

Potassium, try eating these foods more often—fresh fruit, vegetables, and legumes. Finally, remember to drink plenty of fluids. Magnesium. And calcium can be found in dairy products like milk, cheese, and yogurt. You can also find it in leafy greens. In the Puerto Rico of the 1700s, coffee, tobacco, and rum were consumed daily, leading to high blood pressure and heart disease. Your diet contains plenty of sodium chloride. Sodium is one of the most important minerals for maintaining blood pressure and fluid balance in the body. Too much sodium chloride and can cause stomach problems.

During exercise, you should drink more water. This is because your body loses water through sweating. Drinking water helps to replace the lost fluids and maintain proper hydration. It is important to drink enough water to stay hydrated, especially during physical activity.

Hair weaves, hair extensions, and other hair products are popular among women today. They can help to enhance one's appearance and give a sense of style. However, it is important to remember that these products should be used responsibly and with proper care to maintain healthy hair.

One of the most popular hair products is hair extensions. They can be used to add length, volume, or color to the hair. Hair extensions can be made of natural or synthetic hair. Natural hair can be more expensive but is generally more comfortable and natural-looking. Synthetic hair can be less expensive and is available in a variety of colors and textures. However, it is important to choose a high-quality product and to use proper care to maintain the health of the hair.

Hair extensions can be applied using a variety of methods, such as weaves, braids, or fusion bonding. These methods can be time-consuming and require a skilled professional to achieve the desired result. Therefore, it is important to choose a reputable and experienced stylist to ensure a successful outcome.

Hair extensions can also be removed using a variety of methods, such as heat, chemical, or manual. It is important to use proper care when removing extensions to prevent damage to the hair. Care should also be taken to avoid damaging the scalp during removal.

Overall, hair extensions can be a great way to enhance one's appearance and give a sense of style. However, it is important to remember that these products should be used responsibly and with proper care to maintain healthy hair.
