Sexual Harassment

Sexual harassment has been the topic of many media reports and legal cases in recent years. The problem is widespread and can affect anyone, regardless of gender, race, or ethnicity. It is important to be aware of the signs of sexual harassment and to take action if you or someone you know is experiencing it. We encourage you to contact a legal professional or a support group for more information.

A WAY OUT?

Members of Congress may pressure the Justice Department to challenge the legality of Bechtel's strike-breaking tactics. However, they will probably have to enter into negotiations at the same time because the government has already closed the 12th round of hearings on the strike.
Prohibition of Weapons

Benevolent events in which gun bards have been used by persons who identify with the leadership of the American Muslim Mission have renounced the restatement of our position on weapons.

Since the beginning of this community as the Nation of Islam, I have been the accepted policy that our members of this community should own, possess, carry on their person or store in use to weapons of any type, excluding but not limited to firearms and knives.

Since IFF, the leadership of our community has renounced this on the possession and use of weapons. Weapon-carrying is dangerous and cannot be considered properly. We must understand that it is useless and self-defensive to have weapons in our homes, businesses, automobiles or on our persons. We must also be mindful of the fact that if a Muslim is killed while on mission, some as intended under or by the cause of justice, he will be found the Fowarde.

Let us as our breath and trust in something superior to weapons: the power of truth, knowledge and optimization. The easy access to firearms is a real factor in the rise of criminal and needless killings.

"The believers, men and women, are protectors, one of another: they explain what is just, and forbid what is evil: they observe regular prayers, practice temperance, and they fast (and observe the feast of) Id."

On them will God pour His mercy: for God is exalted in power, wise.

Proclamation of Weapons Policy

We, the members of the Nation of Islam, hereby renounce the use of any type of weapon, including but not limited to firearms and knives, in our homes, businesses, automobiles or on our persons. We also renounce the possession of any weapon.

Gandhi was a great leader who believed in peaceful protest. He advocated non-violence and civil disobedience as a means of achieving social change.

We are committed to non-violence and civil disobedience as a means of achieving social change.

Let us work together to create a world where weapons are no longer necessary. Together, we can make a difference.

Dr. Thomas Celebrates Birthday

The Pastor and congregations extends words of encouragement to the youth. Join Hill and his staff to celebrate the artistic event and moments of the Youth Retreat last week. It was a great source of growth and strength to all who attended. On Wednesday, Sept. 2, 1981 before prayer meeting the different audiences of the church got together in the Social Hall to celebrate birthday anniversary of our Pastor, Dr. Thomas. Happy Birthday Dr. Thomas. We, the children, the youth, the young people wish the Prophet to continue to bless us.

WRAPPED UP; TIED UP; TANGLED UP IN JESUS

"struted their stuff on this past Sunday which was Mission Sunday. Rev. Curtis F. James, Assistant Pastor of Mt. Zion and Riverside Church were Rev. Howard spoke at Allen Chapel Church of Compton, respectively. James subject was, "Life's Time for Change." His text was taken from Romans 12:2-3. Rev. Thornton pointed out that we are not placed in the world of man's creation. He noted that with all the planning and creative knowledge that man has acquired, he has not provided man with fulfillment. The one thing that is needed is spiritual. When a man is in Christ, he is in a new creation. A transform takes place and a person is no longer what he was before.

The choir sung several selections but, my favorite was "I'm Gonna Shake My Body (When I Get Revived)." The man who expects to go to heaven should take the trouble to study the route that will lead him there.

Sunday, August 30, 1981 members of Allen Chapel welcomed their minister Rev. J.R. Thornton, as he returned from the Annual Conference. We were greatly, and stated that Rev. Thornton will remain at Allen Chapel for at least another year. We were confident that under his leadership the Word of God will be taught and the church will continue to grow.

On this Sunday to appropriately close his topic on Isaiah 6:1 Thru a Challenge. His text was taken from Romans 12:2. Rev. Thornton pointed out that we are not placed in any position to try. He reminded us just like the world the Church is constantly changing. He noted that with all the planning and creative knowledge that man has acquired; he has not provided man with fulfillment. The one thing that is needed is spiritual. When a man is in Christ, he is in a new creation. A transform takes place and a person is no longer what he was before.

Gospel X-Pressions

Editor's Desk: Gospel X-Pressions broadcast can be heard on Sundays 5 - 6 p.m. on radio station KUPP 91.1 FM

The Fourth of July, the children at the Juneau Boys' Home, came together for the first time to produce this most unique album. The Island Empire has accepted this P. J. with much admiration. For many years audiences have been spiritually moved by compelling voices and presentations of the Garrett of Brother Joe May. Therefore, it is understandable that one would expect some of those characteristics to surface in his recordings. After listening to the album I can say that the Fourth of July has developed its own unique sound that places them in a category exclusive to any other group of today or yesterday.

I expect that effort to gain popularity by being played on the national charts.

Personally, I envy the tight track selection, "Touched," and the first cut on an elite release, "Ensemble." The entire album will supply the typical gospel experience with many moments of listening pleasure.

In our August 29th article, we spoke with Patrice Rushen, the first female African American who plays seven instruments and is considered by some to be a jazz prodigy. Patrice speaks often about being a child of the Redd冷却l, about her opinion of black artists in the music industry.

Patrice has been entertaining since she was very young, therefore she has had the opportunity to experience some of the difficulties of the recording industry. Many of us believe that an artist is born, not made, but this is not the case, as most of these problems have been working for years but have never had that record. In fact, many of the black named artist still aren't heard on white radio stations.

Patiece is a big proponent of the crossover thing, because the “crossover” thing is not the skin, unfortunately. A lot has to do with the business side of the music industry. Patrice’s hair.

As far as whether or not Patrice will cross over, “I cross. It’s a simple as that. I hate to say race is an issue but that's all I can say about it at the moment. We still haven't had that hit record. In fact many of the black named artist still aren't being heard on white radio stations, so it doesn’t matter how much talent you have. In the west, many of the black named artist still aren't being heard on white radio stations, but graduated from Perris Valley.

Herbie Hancock, Smokey Robinson and more are appealing in the new deep colors... not square, stiff shapes - not square, stiff shapes - not square, stiff shapes.

We still have that hit record. It still has that way to go it’s taking shape and I’m real happy with it so far.”

Patrice is doing a lot of writing in her new album along with Freddie Washington, who is the bassist, Charles Norris, who is Co-Producer and Lynn David who is doing the arrangements. The new Patrice Rushen album on Elektra Label will be released sometime in the early spring. Until then Patrice, we look forward to seeing you in September in California.

RIVERSIDE - Antoinette Marguerite Winston and Jerold L. Loftin were married recently in Akron, Ohio.

Antoinette (Toni) is a native of Riverside. She attended school in the Riverside Unified School District and graduated from Riverside High School. After the Woman's Home moved to Meat Valley.

Jerald was born and reared in Akron Ohio.

They just wish he was located in North Air Force Base and she was attending Riverside City College.

She was very active in the Radio Head Runners in North and Peru High she was C/O every year. Jerold graduated from Buchtel High and attended Yale University in New Haven. Ohio majoring in diesel and Auto Mechanics before joining the Air Force.

She is the daughter of Albert and Martha Winston of Meat Valley and is the sister of Leonard and Brenda Loftin, Sr. The couple went to active duty. They are stationed in Germany and are expected to be back in Riverside in 1986.
