Brown and Brookins Criticize Reagan

An Exclusive

"Labor is America's most valuable resource," says General Manager Brown as he addresses negotiations with the National Labor Relations Board. However, the official notes the importance of maintaining a fair and just working environment.

Reagan's press conference

Reagan granted a 6% pay raise for the 3.4 million federal workers who make less than $40,000 a year, the same amount of increase that is given to military personnel. "We should recognize that these are public servants, just like the military," Reagan said.

A jail in Los Angeles

A jail in Los Angeles where the National Labor Relations Board has conducted a raid on a prison where the workers were organizing.

Guest Editorial

Central Labor Council AFL-CIO

By Mary Curtis, Editor-In-Chief, Secretary/Treasurer of the Central Labor Council AFL-CIO and impactful leader in the labor movement.

Editorial

In this country when we use the terms labor force or workforce, out minds usually think of organized labor, union workers such as Steelworkers, Teamsters, Hodcarriers, Auto Workers, Retail Clerks, Electrical Workers, etc. They believe that regardless of our livelihood, no matter what the materials, animals etc., some work inside buildings, while others work outside in the open air or in the elements. They want to ensure that they are: co-ensurate with achieving a maximum degree of public safety.

Guest Editorial

National Labor Relations Board Misinformation is an unmitigated evil. When some workers at Van Norden Labs, Al., plant wanted to open their offices and allow their workers to organize, they were met with resistance from the management and union pressures. A copy of a report on negotiations dated against administration policy that threatens dignity, safety · retirement plans, and the right to a good job. It's a battle for survival that cannot be won by simply fighting back.

A Way Out

Members of Congress must pressure the Department of Justice to challenge the legality of the administration's actions. The same type of tactics used by management in the strike against strike-breaking contractors is to be applied. That's our goal for the 11,500 fired nonunion workers, production supervisors, union officials in search of justice.

The Voice Salutes Labor

In this country we strive for a society where workers are treated with respect and dignity. It's a country where workers are given the right to organize and bargain collectively. It's a country where workers are given the right to a good job.

Taco Feels Betrayed

The Professional Air Traffic Controllers Organization is celebrating the National Memorial Day and is tracking the media with not focusing on what it is the day that we are supposed to remember.

The Solidarity Day Committee is holding a lunch and a rally at the home of General Reagan at 1400 Pennsylvania Avenue. This is in protest against the administration's policies that hurt workers, providers and communities.

Ledbetter in School Board Race

California's Governor Brown said that educação is the key to our future. We need to invest in our children's education so that they can have a better future.

Prohibition of Weapons

Benefits events in which hard goods have been used by persons who identify with the leadership of the American Muslim Mission have antagonized the rest of the community.

Since the beginning of this community as the Nation of Islam, it has been the accepted policy that no member of this community should own, possess, carry on our persons or store to use weapons of any type, including but not limited to firearms and knives.

Since 1975, the leadership of our community has reaffirmed this ban on the possession and use of weapons. Weapon-carrying is dangerous and cannot be considered reputable. We must understand that this is un-American and is self-defeating in terms of weapons in our homes, business, automobiles or on our persons. We must also be mindful of the fact that the Muslims live in other Nations, some as alienated under or by law in the cause of justice, we will be touched the endowments.

Let us pool our hand and trust in something superior to weapons: The power of truth, knowledge and righteousness. The easy access to firearms is a real hazard in a time of crises and needless killings.

The believers, men and women, are prosperous, one of number; they enjoy what is just, and forbid what is unjust; they observe regular prayers, practice moral charity, and fast from the dawn to night.

On them will God pour His mercy; for God is enabled at power, wise.

LABOR DAY
LETS HONOR THE WORKING PEOPLE — OUR NATION'S LIFE SOURCE

Norton Younglove
5th District Supervisor
Riverside County Supervisors

THURSDAY, September 3, 1981
BY DORA LEE TALLEY

The mission lesson was taught by the President, Mother Calle Merritt. Her subject was "Where Shall I Be When The Trumpet Sounds?" It was taken from the book of Revelation. Young people are so living in the days when people tell babble for no apparent reason. Don't listen to those who offer you a jolt, want a quick high, shoot up or take dope. These things will make you do things you wouldn't even think of doing ordinarily or that you may not remember doing them. How we treat one another is the way we treat the Lord. We must love one another and use one another. Your house should be beautiful.

"The Incompatibility of Good and Evil" is what the Pastor wanted to speak about but James J. 0-024 is where the Lord directed him this morning and he spoke about "Hearing and Doing." Somebody no doubt is waiting for you to call them or shake their hand. Wouldn't it be nice if you could love and help others honor you and your possessions? Everyone gives you the Devil. The author of this text is thought to be the believer of Jesus. All our things and want actions and just we don't know how. Many of all know that we are saved and Jesus is first in our lives! Joy comes from witnessing for the Lord, doing your best to be obedient to God's Word, be a doer of the Word.

"Nothing you ever said without enthusiasm." — Ralph Waldo Emerson

Come To Church This Week
Dr. Thomas
Celebrates Birthday

The Pastor and congregation extends words of encouragement to the youth, Bill and his staff for the beautiful spirit and energy of the Youth Revival last week. It was a great source of growth and strength to all who attended. On Wednesday, Sept. 2, 1981 bible prayer meeting the different aspects of the church got together in the Social Hall to celebrate the birthday anniversary of our Pastor, Dr. Thomas. Happy Birthday Dr. Thomas. We welcome back the children who returned on Friday evening, Sept. 2, at 6:30 p.m. A special Bible meeting will be held on Sunday, Sept. 5, 11:30 a.m. at city Council Chambers, 3000 main Street, Riverside. Concerning facts for Saturday andumbo parson, your presence there will be important.

How To File A Charge

WHO IS COVERED BY TITLE VII?

Title VII does not cover employees or applicants of the Federal government, governmental-con- trolled corporations, labor unions, or labor union locals. Federal employees and applicants are protected from job discrimination based on race, color, religion, national origin, or sex. Under the 1972 Amendments to Title VII, Federal workers and appli- cants may file private lawsuits if discrimination charges are not settled satisfactorily within the government agency or the EEOC.

HOW TO FILE A CHARGE

If you believe that you have been discriminated against in an employment situation because of your race, color, sex, religion or national origin, you may file a charge with the U.S. Equal Opportunity Com- mission. It is important for you to file your charge promptly.

INTERVIEW BY CHARLES LEDBESTER WITH DIL DIABY

INTERVIEW WITH DIL DIABY

Tribute to those who make our schools

What's made our country so productive and fruitful, able to explore, has led to achievements we never dreamed possible. Women and men on a job carefully and proudly well done!” President of

The Perris Union High School District can look forward to seeing many exciting changes this fall. Expansion: Facilities at each of our campuses will not be allowed. Activities that cause a negative impact on the campus will be limited. Fruitful school: Facilities there by 90,000 sq. feet. When this construction is completed, the school will be able to house approximately 2,000 students. The new facilities include a new library, an expanded cafeteria which seat 750 people and will have a stage for concerts and other fine arts activities, a music shop, working shop, agriculture mechanics shop and a graphic arts shop. Several additional classrooms will be built, and the gymnasium and lockerrooms will be greatly expanded.

Terry Union High School District and City of Perris are working together to build a community swimming pool and recreation center. Funds are being raised for the project and it is hoped that construction can begin in the spring of 1982.

Susan Schneid, 3rd District Supervisor San Bernardino County Board of Supervisors

Dave McKenna 3rd District Supervisor San Bernardino County Board of Supervisors

Gene Cummings on Newton’s

Everyone knows Newton’s Law of “what goes up, must come down.” It’s a simple law, but it’s how we live our lives. Gene Cummings, your local Farmers Insurance Agent, and while the price of everything is going up, he knows how to get the price cuts down.

Gene Cummings is a good, hardworking entrepreneur who probably had to ask for money on his own. He knows that strategies work for his own life.

What to do if you think of the N.E.A.’s program to combat the KKK

I am not acquainted with a N.E.A. program to combat the KKK. My position is that the KKK is a terrorist organization and I feel that public funds should not be used in any way that could support a terrorist organization. The school district is not equipped to deal with this problem.

What are the plans for further development of the Perris Union High School District?

The Perris Union High School District Board of Supervisors has approved a $1.5 million bond for building a $3 million labor center. The labor center will include a graphic arts shop, welding shop, agriculture mechanics shop and a district building. The labor center will also include a district swimming pool and recreation center.

Russell to challenge Shepard

RIVERSIDE - Hazel Russell has now begun to challenge Ed Shepard for Riverside City Council, 2nd Ward. The last time she was voted out, during the 1978 Run-Off Election, Russell came within 35 votes of the nomination. The energetic and dynamic Dr. Hazel Russell has stated that she is a "Confident of Election" this time due to both a "Rebirth of Community political agent," as well as a quick response from both contributors and grassroots support.

"I love Riverside" incredible Mrs. Russell, a 2nd Ward candidate, said, "I want my constituents to know that I am grateful for the opportunity to serve in the Council," Russell currently serves as director of the Emergency School District for her district.

Russell also belongs to a wide range of community support organizations such as the United Way, the American Cancer Society, the NAACP, the National Urban League and Urban Leagues Guild, the Family Aid Foundation, and the Sebastian's "City Away" program of the YWCA, to name a portion of the many groups through which Dr. Russell has contributed to the growth of the city and the Inland Empire.

Dr. Russell was also honored as the recipient of the honorary community Doctoral degree in education from the Inland Empire Chapter of the Phi Kappa Honors fraternity, during this organization's tribute to "Black Women Athletes" during March, of this year. She shared her very personal and unique public service and exposure to many in her community who have witnessed her dedication to both the poor and the general population of her city.

Russell has pledged a strong commitment to the Citizens of the 2nd Ward to be responsive to other needs, and lady of Riverside in a cooperative effort to attract new industry and the companies of increased employment.

"Riverside, like any other city, could be a bit of a "gimme," said Dr. quietly. "We work for Riverside, and we work for all the people and businesses."

The resolution of the Inland Empire's Chamber of Commerce and the Riverside City Council, which were both recently passed, have already contributed greatly to the enrichment of our community by providing a more competitive environment for businesses and residents alike. The resolution also specifically recognizes the potential of the "City Away" program of the YWCA, which is working to create a more diverse and inclusive community.
If you will have to pay someone else to do the work, painting, refinishing, or reupholstering. If you have the bargain!

- Inapeet lega on chairs and tables to see if they are solid and treated creatively can be a good investment and an investment. Good quality used furniture chosen carefully and well braced.

- Look for lid frames that do not creak or give when ...-...-

- Check for good quality construction and workmanship.

I be making music and is currently in the studio doing just that. She says her new album is a change from whenever they play music by black rock groups. It is a simple as that. I hate to say race is an issue but it is. Black artists are constantly up against money? Can we make a crossover to country western music are blacks able to get in on that kind of development? It’s a simple as that. I hate to say race is an issue but it is. Black artists are constantly up against many of these people have been working for years but have not been able to cross. It’s a simple as that. I hate to say race is an issue but it is. Black artists are constantly up against the difficulties of the recording industry.

It's the men and women who make up our workforces that set the wheels of America in motion. Labor Day is a tribute to all who take pride in their work ... and work as a team to get the job done. For only through the efforts of all of us working together, can we hope to better the standards of American life. Let's share this day proudly.

Our Nation Was Founded on Hard Work...So Shall It Thrive.
