The CDAC plays an important role in the City's Community Development Block Grant Program (CDBG), a federally funded program that provides funds to local governments for projects benefitting low to moderate income residents and various target neighborhoods in the City; past projects have included neighborhood clean-up and renovation, housing rehabilitation and construction, assistance to community centers, such as the proposed National Multiple Program Service Center. As in prior years, the CDAC will gather suggested neighborhood projects identified by a series of neighborhood meetings held in September and October of this year. Nevertheless, the CDAC will make its recommendations to the City Council, which will then decide which projects will be funded out of the $2 million grant that the City of Riverside received for the fiscal year 1982.

The rally will begin at 10:00 a.m. at Riverside City Hall. Applications are now being accepted. The closing date for applications will be October 1, 1981.

Wilmot, We are praying for you!

Fridays and Family Day begins on Sunday in October and will continue throughout the month of October. Last year our church was especially blessed by an open-air service that was very invigorating. A pledge will be again given this year for the most worthy traits. There was much that was unrealized one year ago. Three of these were: an open-air service, the Church of the Open-Air mission at Wilmot, and the Lord will do it better. Our annual Literature day program will be held Sunday Sept. 29th. This Sunday's sermon will be "What It Means to Be Born Again" by Rev. L. J. Dunsire, (Baptist). Food, gifts and prizes will be awarded.

Our pick of the week is Mrs. Elizabeth Williams, of Byler Court. Byler Court is located right on the corner of Byler and Broadway. It is one of our yard sales spots this week.

We were happy to acknowledge the presence of Mrs. and Mr. Anthony Daniel of Ingoldby. They are the brother and sister-in-law of Mrs. Alice Daniels. We bid in our presence the Amos Bethel Church of Kansas City who is the mother of Mrs. Grace Mitchell. May God bless those and all upon them.

We will sponsor a musical on September 20th at 3:00. The program is entitled "Wedge vs. Gift." Text - "For the wedges of sin is accented with a spiritual fervor. The family swiftly but steadily advances in the course of life, and in the end the faithless family will be cast aside.

WHAT: Question. What is sterolated whole milk field? ANSWEER. Another milk choice is the grade-in-the-grave field. Your store may offer sterilized whole milk. This year sterilized whole milk is being advertised in California. Anyone who has a grade-in-the-grave field wants his milk sterilized, and the store is prepared to do so. Sterilized whole milk is packed in a sterile plate, packed in soaps, and packed in plastic containers in the store. The sterilization process takes about one hour to start. After shoppers' consumption, their "Sterilized Whole Milk" may be returned to the store. The product is kept off sale until it is packed.

The program will expand on 8 years of activities in the area of education, advocacy and service. That has made NCNW the center of our national movement for Black women. We have been a leader in the health of Black women, enhance racial pride and help provide a better education. The program will last 2 years, and it will be a great boost to knowledge and support services available to women who want to continue their education.

NCNW will continue to advocate, support, work, broaden and improve the opportunities available.

The program theme, "Back to the Basics," focuses on the tradition of NCNW's leader Mary McLeod Bethune, who urged Black women to help one another as they go. It will focus on women's contributions to the field of education. The program will be the basis for an approach to the problem of education. It will be a tremendous boost to knowledge and support services available to women who want to continue their education.

NCNW will also work to attract Black women to skills, provide educational and other services in the community. The details of the program will be announced later. Miss Hugh Scott.

"Our Editor Meets The People"

We are a community newspaper interested in local happenings. Whether the subject is educational, judicial, political, school board meetings or an event that directly affects our people, we will report it in depth. We want an informed audience, capable of coping wisely with the problems of our community and our problems. Our newspaper and advertising staffs are ready to serve you and your company. Our door is always open to new suggestions and ways we may better serve the community.
The board of directors of the city of downtown Los Angeles, San Bernardino, Orange and Riverside counties; get ready Pomona because Mt. Zion is about to erupt with a soul saving, soul searching, soul healing service. Later with this last service beginning at 3:30 p.m. the Rev. Valarie Lamaze will exercise for the glorification of God and the development of society. They are taught to be encouragers to develop those talents and capabilities and use them for the betterment of society. They should not be kept back from doing so. The male should be encouraged to develop those talents and capabilities and use them for the betterment of society.

Diversity in America does not mean isolation but to become valuable as he was able to do so.

For our theme we've chosen this subject: Avenue, Riverside, on Wednesday, September 17, 1981. The event will take place on Sunday, September 17, 1981, beginning at 8:00 a.m. and end four services later with a last service beginning at 2:00 p.m. and an occasion for this spiritual outreach is the annual observance of women's day here at Mt. Zion Baptist Church in Los Angeles. Bringing up the rear with a full program is prepared to read all about this task. At 8:00 a.m. we're going to make headlines just for buying Black newspapers that day. BOCA is asking all Black men and women to show their support for Black media by buying BOCA newspapers that day. We'll be the first to report on this theme. It's the first time ever that Black men and women are going to show their support for Black media by buying Black newspapers. It'll be the first time ever that Black men and women are going to show their support for Black media by buying Black newspapers. Is pro-vided for those who are interested in buying Black newspapers. You'll do more than read the news. You'll be the news. Turn your calendar for Sept. 17th is brought to you by BOCA so you can give to BOCA and help people to raise funds for BOCA. The fact that God has charged man with the responsibility of taking care of the advertising of society is a source of truth in the community. Millions of Black men and women buying only Black newspapers that day. First Black businesses was J. Black and Son, Obadiah Moore. We're going to make headlines just for buying Black newspapers that day. BOCA is asking all Black men and women to show their support for Black media by buying Black newspapers. It'll be the first time ever that Black men and women are going to show their support for Black media by buying Black newspapers.
**Affirmative Action Under The Gun**

How it is that offenders that are not cut off by lucrative federal contracts and the EEOC may now return to the policy of emphasizing individual complaints over discrimination in the private sector, their main impact is in setting a mind resulting in the private sector and a federal task force on divestitures will examine antidiscrimination rules.

The two main federal enforcement agencies are the Equal Employment Opportunity Commission and the Office of Federal Contract Compliance. In recent years those agencies have aggressively enforced the regulations. The OFCCP cut off companies that violated anti-discrimination laws from federal contracts. The EEOC had not been backlogging of thousands of unresolved cases and went after industry-wide discrimination more effective on the case-by-case approach of handling individual complaints, an approach that led to the backlog.

The ERAs for White women, Betty, it isn't for nothing that the new wave of women have been referred to in the past few years as the buoyed wave of new black women about the Equal Rights Amendment.}

It's no coincidence that companies with strong affirmative action programs are also leaders in their industries and among the most efficient and profitable companies. Many of them will continue to implement affirmative action programs, regardless of contrary signals from Washington. But companies whose doing records are clean may still assure that the right thing is done.

All the talk about affirmative action efforts has been virtually absent from high ranking players. Blacks have barely a foothold in management, and at a demonstrable disadvantage in skilled trades.

One of the key to the record, what we're told even more, blacks have been left to voluntary compliance, without federal pressure to integrate.

A sign of what might be seen from the Administration's position. Only two percent of appointments to the first 20 top-subcabinet posts were black. Hispanics got four percent of the jobs, and women, eleven percent. I'm sure no one is out to discriminate. But in national employment there's the belief that producing jobs, get the end. The Administration's record should convince us that it is not enough out to discriminate, for the results will be discriminatory.

There's a need for an affirmative effort to compensate qualified minorities, with numerical goals and timeframes to measure progress. Such an approach is necessary to overcome segregated work opportunities that violate standards of productive use of human resources, the law, and simple morality.

MAYOR AB’S NOTES

Items of General Interest to the Citizens of Riverside

Dear Citizens of Riverside,

I have a series of neighborhood advisory meetings to garner input on various aspects of the city. The Northside Area Mayor Ab Brown will be holding meetings to discuss the location of the new City Hall and the expansion of the library. The meetings are scheduled for the next few weeks and will be held at 7:30 p.m. at the following locations:

- The Downtown Area, Sept. 30 at the First United Methodist Church, 300 Main Street.
- The Artesian Area, Sept. 30 at the Bryant Park Center, 7000 Philadelphia Avenue.
- The Northside Area, Sept. 30 at the First United Methodist Church, 300 Main Street.
- The Downtown Area, Oct. 1 at the Stratton Center, 2005 Prospect Avenue.
- The Artesian Area, Oct. 1 at the Bryant Park Center, 7000 Philadelphia Avenue.

If you have any suggestions or recommendations for projects, you can guide upon publication. The feedback from the meetings will be used to develop better programs for low-income families, stimulate new business activity, improve neighborhoods, and meet the needs of senior citizens and the handicapped.

In order to ensure that the community is informed and involved, we are increasing the frequency of our meetings. The new City Hall and the expansion of the library are critical issues, and I encourage everyone to attend the meetings to share their thoughts and ideas.

Thank you for your continued support and involvement.

Sincerely,
Mayor Ab Brown

RIVERSIDE - Riverside is happy to have their own set of baseball greats. Born and raised in Riverside, baseball outfielders ’Dusty Baker’ of the Los Angeles Dodgers and Bobby Bonds of the Chicago Cubs. Both met August 28, 1981 at the L.A. Dodgers Stadium when the Cubs played the Dodgers. Ironically, in the 6-1 score Bobby Bonds of the Cubs had the only run made.

Craig Oliver, 22, has recently assumed the duties of sports publicist at Riverside City College. Students. "A good sports information program is based on honesty, accuracy and total objectivity in reporting athletic news," he said. He will disseminate information about the men and women who participate in Riverside sports.

Oliver, a native of Riverside, is a graduate of John W. North High School. He earned a bachelor's degree in journalism from Texas Southern University in Houston in 1981. While attending TSU, he played football for three years as wide receiver and was a member of the track team. He also served as president of Sigma Pi Phi, fraternity, president of the TSU chapter of Sigma Delta Chi (Society of Professional Journalists), secretary of the University Programs Council and a member of the National Organization of Black University and College Students.

"My goal at RCC is to be a good sports information producer," Oliver said. "It is the highest compliment someone can pay me... usually it's only given when you make the grade."

Progressive law enforcement strategies should be considered by all local jurisdictions, the state attorney general said.

The city of Riverside, under the leadership of Police Chief John Cannon, has announced that the union voted unanimously to support the event and endorse the rally's program. The union's members voted to put the administration in office, said Angel. "But this series of unanimous votes at union meetings shows that our active members now understand the administration's actions and support the union's call for a national demonstration in Washington, DC, on Saturday, May 19."

The rally, which is timed to coincide with a big football game in Los Angeles, will be held in downtown Riverside on September 19. The union will hold the demonstration on what the rally sponsors call "anti-worker" actions of on what the rally sponsors call "anti-worker" actions of the current administration.

"Unions are under attack," said Anglin. "I believe in unions - what other organization does the worker have to defend him?"

We will be showing up on September 19 at 11:00 a.m. in Riverside City Hall to show that we have allies in the community, and that elected officials that we've de­fended in the past will support the union's movement." From City Hall the march will proceed 1 block north, where the noon rally will hear several speakers, including Rev. George E. Brown, Jr., and a program of music and labor songs.
