Retired Worker Benefits

Retired Workers: how can they work without losing pension benefits? Design representing retirees push the Labor Department to issue a rule that, by all means, will be revised to accommodate new retiree needs. A rule in Secretary Donahue's office, says the rule would offer a minimum of protection and no pay. However, later he has proposed issuing the rule three times. The rule is opposed by a group led by Robert Geoghegan, head of the AFL-CIO's Retired Workers Alliance, who argues that the rule would maintain the flexibility of being able to be used with the problem individually in different industries, rather than having a rigid rule.

Anti Reagan Commercials

The top legal employees union, AFL-CIO, launches its second anti-Reagan TV commercial this week. The two spots are aimed at defeating proposed Social Security cut, will be shown in 13 major markets at a cost of $650,000. The 60-second message calls Social Security "a contract, not a handout."

Deeper Cuts

Major banking deregulation may be considered by Congress next year. (Mike Capehart - LA Times). President of the banking committee, and issue that Weil be considered include: ending the 19804 to 1983 savings and loan insurance program and ending bank underwriting mandates/revenue goals of manage their own mutual funds.

Deeper Cuts

Deeper rate in White House defense spending in fiscal 1983, as well as a reduction in the nation's defense programs, were urged by top Senate Republicans. They called for 7.5% reduction in defense spending by the $17 billion. Moderate Senate Republicans and some酯 Liberals do not want a Spending bill to end in 1983 of "$60 billion or less" should be cut to 1982. It's no more than $60 billion. The federal government, say Senate Republicans, has a $40 billion deficit limit by a $17 billion deficit limit.

Prices Banking Deregulation

The CDAC plays an important role in the City's Community Development Block Grant Program (CDBG), a federally funded program that provides funds to local governments for projects benefiting low to moderate income residents and certain target neighborhoods in the City. The projects have included neighborhood park renovations, housing rehabilitation, transportation improvements, and economic development activities. The program has been successful in meeting the needs of low-income residents and meeting the needs of target neighborhoods. The CDAC will gather suggested neighborhood priorities and an Advisory Board to review project requests. The Board will make recommendations to the City Council, which will then decide which projects will be funded. The City Council will decide which projects will be funded. Community Development

The Mayor's Office of the City of Riverside is accepting applications for two new positions on the Community Development Advisory Committee, or CDAC. The two positions, which will be filled, are a position to manage the program and an internal position for the Community Development Block Grant (CDBG) program. The City of Riverside is accepting applications for both positions. The positions will be filled by April 1, 1984. Applications are now being accepted. The closing date for applications will be April 1, 1984.

South Africa Condemned

South Africa was condemned by the UN General Assembly vote for refusing to grant independence to Namibia. The U.S. and 24 other nations abstained. Secretary-General Kurt Waldheim, in a bleak annual report, said, "Relations between East and West have once again become severely strained" by a new arms race.

**CONSUMER QUESTIONS & ANSWERS**

**QUESTION:** What is sterilized whole milk used for?

**ANSWER:** Whole milk is used in a variety of ways. It can be used in the preparation of a wide range of foods and beverages, including baked goods, custards, and coffee. Whole milk is also used in the production of cheeses, yogurt, and butter. Additionally, whole milk is an important source of calcium and vitamin D, which are essential for bone health. Whole milk is also used in the production of dairy products such as ice cream, milkshakes, and milk-based beverages.

**YOUR DOG NEEDS VITAMINS, TOO!**

For the health of your pet, you need the following:

- **Vitamins:** A, D, E, K, B-complex
- **Minerals:** Calcium, Phosphorus
- **Fats:** Saturated, Unsaturated
- **Carbohydrates:** Starch, Fiber

Supply-Side Economics

Supply-side economics is a new catch-phrase for old ideas. Thenceforth "Supply-side economics" meant that economic policies were to be directed at the "supply" side of the economy by encouraging the wealthy to invest, to expand and to work harder than ever.

Riverside Is Home Says Baker And Bond

RIVERSIDE: Riverside is happy to have its own set of greats. Born and raised in Riverside, baseball outfielders "Dusty" Baker of the Los Angeles Dodgers and Bobby Bonds of the Chicago Cubs, both met August 28, 1981 at the L.A. Dodger Stadium when the Cubs played the Dodgers. Ironically, in the 5-4 victory, Bonds of the Cubs had the only run made.

CITY OF RIVERSIDE COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM

The City of Riverside Invites You to a Special CDBG Meeting to Improve Your Neighborhood

What is CDBG? The Community Development Block Grant Program (CDBG) is a federal program that provides funds to local governments across the United States. These funds are designated to help develop better housing for low income residents, eliminate urban blight, improve neighborhoods, and meet the needs of Senior Citizens & the Handicapped. Next year, the City of Riverside expects to receive over 2 million dollars from the CDBG Program. How Are Projects Selected? Neighborhood meetings will be held in September & October to elect Neighborhood Advisory Committees for various areas of the City. These Committees will hear your suggestions and recommend projects to a Citywide Advisory Committee and the City Council, which will make the final decisions.

How Can I Participate? Citizen participation is important in the CDBG Program. You can become involved by attending your Neighborhood's Meeting, as shown below. For more information, call the City Manager's Office at 787-7554.

KILLS FLEAS, TICKS!

YOUR DOG NEEDS VITAMINS, TOO.

In the world of dogs, fleas and ticks are a common threat. Many pet owners are in the habit of applying a flea and tick preventative to their dogs, but few are aware of the importance of providing vitamins to their furry friends.

According to the National Research Council (NRC), dogs need a balanced diet that includes vitamins to maintain good health. Vitamins play a crucial role in various bodily functions, including immune system support, skin and coat health, and overall well-being.

Dogs require vitamins such as vitamin A, vitamin C, vitamin D, vitamin E, and vitamin B complex. Vitamin A is important for vision and immune system function. Vitamin C supports the immune system and skin health. Vitamin D helps with calcium absorption and bone health. Vitamin E supports the immune system and acts as an antioxidant. Vitamin B complex supports energy production and a healthy nervous system.

Without proper nutrition, dogs can suffer from a variety of health issues. A lack of vitamin A can lead to eye problems, while a deficiency in vitamin C can cause skin disorders. Vitamin D deficiencies can cause bone and muscle problems, while a lack of vitamin E can lead to immune system disorders.

It is important for dog owners to ensure their pets are receiving a balanced diet that includes all necessary vitamins. This can be achieved through a high-quality commercial diet or by supplementing with vitamin-rich foods such as leafy greens, sweet potatoes, and fruits like blueberries and strawberries.

In conclusion, providing vitamins is crucial for maintaining your dog's health. By ensuring a balanced diet and supplementing with necessary vitamins, you can help your furry friend live a long and healthy life.

If you have any questions or concerns about your dog's health, it is always best to consult with a veterinarian. They can provide personalized advice based on your dog's individual needs.
