Delivers Message

Once again we are privileged to hear William Gary, San Bernardino County Supervisor, deliver the message on our campus this morning. His subject was: "Taking Inventory," adapted from Chapter 6 of Rev. Gary's new book, "True Power Sources." He told us that to do this, we must have the proper medium in our lives. We have a new car sitting in the parking lot, but with the motor running, it is of no real value until we try to drive it. In life, there are those things used to provide a semblance of work and use, but are of no value when God sets them aside. He is summarized by Rev. Thompson told us the Lord will keep us away from prayer meeting. Once you do that, you have now gone too far. You should pray meeting anywhere. We need to live in the church outdoors. We make a new car sit, and when we use it, we don't want it if we don't go to church for it. We should not say we will do it if we don't go to church.

Visiting with us is Rev. E. H. Bland, Rev. Matthew Janes, Rev. Garrett, Rev. Darby Bourn, Mrs. Smith, Ms. Pat, Patterson and Dr. Woods.

Sunday we are looking forward to a great time with Annual Choir Day. Everyone is invited.

This past Sunday both Choirs were at the beautiful natural Grass Belvedere at La Sierra. The Rev. Sleeps and Grace Maitland's choir sang magnificently.

The Youth Choir did a wonderful job at the Christian Center Sunday evening. We are very proud of them.

Please remember to visit and pray for the sick and shutouts at Gray's residence on Sunday night that "Time of love with transitions" and that "love better hold us in God's unchanging hand.

"As we Sing jubilation is time for some total life change now."-Rev. Gary, to the theme of his message today.

Oliver Seeks City Council Seat

I will be a Natives' Community representative. I will be accessible and I will be responsive. My fellow Riversideans, you are all about certainly wondering what this means to think that I am seeking to represent our City Council. Why should anyone vote for me? Any candidate who can answer that question from a perspective that demands much of a hearing.

The Third Ward council is the basis for the Christian Church because I believe that we can vary greatly the quality of representation of the Second Ward and thereby improve the quality of government in the white city. I am also looking into this because I believe that the Second Ward has an obligation of service to our community. As my record of service indicates, I have a long time operating to help improve the quality of life in my neighborhood and in the City of Riverside. I have lived in Riverside for 25 years. My husband, Cecil, has been employed for 32 years as a Medical Laboratory Supervisor by Kaiser Glenn on Van Buren Blvd. to Riverside. My children have been educated in the City schools. We have four children. Sandra Martin King, a U.S. graduate, works for the State Department, Brenda Oliver a U.S. Civil Jr. the husband is an engineer and student at Texas Southern University and is planning to attend Davis Law School in the fall of 1981. We have a B.A. in Political Science, have worked for 14 years for the Riverside Unified School District; and I am a former Field Representative for Atmosphere, Valley Wide, has worked on various political campaigns during the past ten years. I am a member of the Board of Directors of the Riverside Urban League, Community Relations, Sickle Cell Anemia, St. Catherine's, Y.W.C.A., Riverside United Church of Christ, Second Ward Baptist Church, Riverside Chamber of Commerce, Second Ward Project, C.A.R.P. and various other organizations.

Mrs. Oliver is one man, and becomes again, one of California's most attractive cities filled with a kind of original music. Riverside is the only one known to us as an understanding of God's natural laws and the laws of the Old Testament, as we believe is the right way to live. Riverside is located in the Third Ward and is the home of the Second Ward Baptist Church. However, we cannot be made to God's money or terms of the law. Vying for a way of making a decision that will help everyone. Vote for Olive Oliver in November for the Moreno Valley School Board District.

personal believes that some of those organizations play positive roles in moral issues, which by their own admission are often reinforced by political campaigns and voting for or against a Federal Department of Education. 

Several of these moral societies want to go beyond the voting needs of young adults and promote more conservative views. This has led to issues of whether young adults are being favored by some groups. But the Christian leaders say that they are not targeting young adults, but adults in general.

Moving even further to the right, we come across various Christian and religious groups, such as the Young Republican Club, which is fighting to keep teenagers off alcohol and tobacco.

The group has been sanctioned by the church, which respects them with a respect born of ignorance, but whose tolerance encourages those who. 

The real threat to our values comes from the silent sympathizers of racism, the respectable people who would not dream of burning crosses or painting swastikas, but whose silence encourages those who.

WASHINGTON, D.C. — The Small Business Administration (SBA) announced today that it has doubled the number of banks that participate in a special program to simplify and speed loans to business persons. Under this program, participating banks are delegated most preliminary loan decisions, enabling them to make more effective and efficient loans.

"This approach works to our advantage," said SBA Administrator Michael Cardenas. "By assigning more loan authority and responsibility to private lenders, under overall supervision of our agency, we can help more small businesses than ever before, use Agency resources in a greater advantage and cut down on paperwork and time-consuming decisions."

"This program will be a win-win situation for SBA, banks and customers," Cardenas said. "SBA is well served by our banking partnerships, and the banks are well served as well."

The Lenders Program should be eligible to all lenders, including those that participate in SBA's Certified Lenders Program. In addition to further expansion of the Certified Lenders Program, Cardenas said the agency plans to inaugurate a pilot Preferred Lenders Program during the first half of Fiscal Year 1982.

Cardenas said SBA is currently in the process of stopping all loan making and servicing decisions on SBA-guaranteed loans to participating lenders. Approximately 70 percent of the lenders who have been participating in the Certified Lenders Program will be recruited for the new Preferred Lenders Program.

Cardenas says he expects that 30 percent of SBA business loan guarantees will be delegated to Preferred Lenders. A detailed proposal for the new Preferred Lenders Program will be submitted to the agency by the end of March. The bill mandates that at least 35 percent of SBA business loan guarantees be delegated to Preferred Lenders.

The Certified Lenders Program will be expanded to include more than 500 participants nationwide. Cardenas said he has doubled the number of banks in the Certified Lenders Program. To date, 211 guaranteed loans over $100 million have been approved in 42 states.

"We have been pleased with the response of the banks," Cardenas said. "This year and next year, we want to increase still further this type of leverage. We are planning to make more SBA-guaranteed loans than ever before."

Several Key Players Return to RCC

The Riverside City College Tigers managed to stay among the top of the pyramid two years ago, according to Coach Barry Meier, who came to RCC last year from Riverside Poly.

RCC will be able to take part in 11 of last year’s starters in the 1981 roster. Among them are defensive tackles Gino Tatum, Tiaun, from North High School and expected to make a big impact throughout the competition held during the week-long camp sponsored by the United Spirit Association.

The eight-girl squad competed with six other squads in their division in the competition held during the week-long camp sponsored by the United Spirit Association.

Tatum, who came to RCC last year from Fontana High School and received all-CAL and all-CIF honors, is a senior. "If we stay healthy, we have confidence in each other. We have some very good athletes and all are in good shape. We have a good summer program," says Patrone. Standing 5’7” the second-year All-CAL safety says he lost a little weight from last year, now at 164 pounds, but says he is faster and stronger this year.

Expected to be the USCA’s co-captain for RCC in his second year is John Tatum.

"We have some very good returning players and also some good recruits," says Coach Barry Meier. "We play the 200-pound, 6’1” sophomore from La Sierra High. He continues, "The team is in better shape than last year. Also, the team thinks and acts more like a unit now. We think we will have a much bigger contribution this year because of our improved offensive line and good receivers. This will be an excellent season," says Tatum.

Enjoys World Games

John Roberts, 22, of Riverside City College says he enjoyed the month-long camp at a hotel in Cologne, West Germany recently. Roberts, who matched two Russian highjumpers for third place and the bronze medal, and Kenny Clark, who competed with the men’s triple jump and long jump, were both international medalists. Roberts says he could not have been happier with the experience of a lifetime.

The Island Bats, there are perhaps many of you who have never heard of the Inner City Cultural Center but for those of us in Los Angeles area it’s representatives of Black Theaters.

West Side Story At Inner City Cultural Center

I.C.C.C. is far more than just a theatre though, it’s school of performing and visual arts. It teaches dance, acting, music, and visual and graphic arts. I.C.C.C. is an accredited institute offering a Bachelor or Masters degree, and is recognized as one of the best arts schools in the United States.

I.C.C.C. has produced many critically acclaimed productions, the majority of which have been West Coast premieres. Recently, I was at the Inner City Cultural Center to see West Side Story directed by Larry Van Wyne and performed by its young People’s Production Co. The cast consisting of more than 30, ranged in age from 12 to 20 years.

Salute To Black Voice News

To: The Black Voice
Editorial Staff

I believe Black Voice is the only newspaper that attempts to present to President Johnson and other leaders the views of the people of the country—especially those of us who are opposed to the war in Vietnam. I feel that this is the only voice that truly represents the people.

We need a newspaper that is willing to publish letters from people who are opposed to the war. We need a newspaper that will give us a voice in our community.

Sincerely,
