Students Protest Cuts in Black Studies

Student protest reminiscent of the 60's were held at the University of California at Riverside yesterday. First a rally was held at the Clock Tower followed by a sit-in at the door of the Vice-Chancellor Dr. Carrie Bevall. The students said they are "nightskye vigilantes" over a recommendation by Dean David H. Marty, dean of UCD College of Humanities and Social Sciences, and David Bevall to eliminate the Black Studies Program.

The students protested loudly at a 12:00 rally under the Clock-Tower and before a meeting with the Vice-Chancelor later yesterday afternoon.

Keynote speaker, Rev. Jerry Pounder, Director of the 42nd Annual Ministerial Alliance (CAMA) in San Diego said, "We paid the dues in the 60's - We knew it was essential that Black Studies be a part of our curriculum. Don't let Black Studies disappear - It's too bad that this institution is cut.

The students were mastered by Rev. Jerry Brown, as a result of Reagan's call. The request was for a $50.00 per student in the state-budget. The Grant Administrator makes $48,000 per year and the services are falling. The cost will eliminate all faculty positions eliminate 284 students, increase student fees and reduce programs.

The students do not disagree with the budget reductions but they do disagree with the method that seems to affect students. One student pointed out that administrative cost were too high. He said Chancellor Tomlson is making $75,000 per year and if he pleased receive a free house. The head of the UC system makes $375,000 per year in credit cards. The Head Librarian makes $85,000 and the first goes out.

Students on the picket line stressed pay for everything tuition costs are going up and the services are falling off, said one student.

Archie Moore, former heavyweight champion of the world and Terry Goggin talk about Moore's program for youths in the San Bernardino area.

The recommendation to eliminate the Black Studies program is also opposed by faculty members. The Bas minority, however, states with Chancellor Tomas Rivera. Students plan to meet with him when he returns later this week.

Opening song for Wednesday noon Bible class and prayer service was "Alas and Did My Savior Swoon?" Scripture: Matthew 27:30-32. Today, Jesus bore a heap and died on the cross. Mark 15:2-35. Topics: Jesus bore feet four thousand. The message band was Rev. M.R. Hutchinson. They have been affiliated with Bethel several years and decided to make their membership official. Prayer of Thanksgiving was forward. A total of twenty-three attended.

Sunday Morning Worship: Pastor, Presiding Sunday, Opening hymns were at the cross. Prayer, Rev. Benton Chambers, Scripture: Gal. 6:13. Choir selections, Victory is John and the Lord will make a way. Features: Guitar number; Los Angeles, guest of Mrs. Mollie Brown. Topic for the Children's Service: No Cross, No Crown, Mal. 1.12. Pastor Jackson said to the children, "You are all children of God. When you feel sad, you know you are in Good Standing. As Christians we should show how much others help and harm we need. The children were given small crosses to pin on their clothes. "Stop for the morning service was delivered by Rev. Mr. Brown. (See p. 97 for the story of the morning service.)

The Members of Grace Bethel extend their congratulations to our pastorate, Rev. Helen Smith and wife, for their first year of service with our church. An appreciation for their faithful services, a surprise dinner was given in their honor on Saturday, September 17th and many of their friends and acquaintances were in attendance. An Appreciation service was given on Sunday, May 30th and our guest minister was Rev. Alan Hill from the Second Baptist Church of Riverside.

Our Fifth Sunday service was conducted by our Missionary Department and the Senior Missionary Class presented the music to our services which was enjoyed by all. Our associate minister, Rev. Ed Fawcett brought the message and spoke on “Signs of the End.” Scripture reference was taken from Luke 17:1-35. We were challenged to take to heart the time of the judgement is drawing near because the gospel has reached almost all parts of the earth, we are stable to fail one reason from the other, the men of the world are becoming friends and themselves and are refusing to listen to sound doctrine. As Christians we can not put off our jobs any longer with excuses, but we must keep a head start on Satan by instead of prayer for another. Rev. Fawcett shared some witnessing experiences with us which has received positive results but we were encouraged not to go out in witnessing if the result was not always the same, but keep the hope that the signs are filing being made so we must be part of it. We are ready when Jesus returns.

Our ladies will be sponsoring a barbeque on Saturday, June 11th at 12:30 at the home of Rev. and Sis. Seldon. We are looking for a great fellowship with the sisters and supporters of this event.

The special event of our church will be participating in the NAACP Parental Breakfast on Saturday, June 11th by providing assistance along with other local churches involved.

**CONSUMER QUESTIONS & ANSWERS**

**QUESTIONS:** How can I figure out what flavor I need to buy?

**ANSWER:** You can buy a separate food freezer as small as 3 cubic feet per person or as large as 15 cubic feet, depending upon your needs. One cubic foot will hold 10 pounds of frozen food. The packages are regular in size, square-corned, and stored in contact with each other. Irregular shaped items, such as freezable fish, may require more space. A general figure of 15 cubic feet frozen food per household is used. However, if your freezer will be used mainly as a holding box, and seldom for freezing raw meat, as little as 5 cubic feet per person may be sufficient. If you depend upon a freezer for much of your food supply, you may need as much as 15 cubic feet per person to store. You are welcome to ask your questions and suggestions are always welcome. Please write to: Miss Nina, P.O. Box 505, Riverside, CA 92502.

I hope that everyone had a pleasant Memorial Day weekend, mine was rather pleasant. Sunday afternoon I went to Antioch Baptist Church in Riverside, for a Sunday evening of gospel music. I feel I must say, the Antioch Mass Choir put on a good performance, I commonly enjoyed it. I Still Have Again” following the Antioch Choir. Second Baptist Church of Santa Ana took over with a captivating arrangement of its Gospel Praise, they had the place “breathing and roaring”-everything they did I enjoyed. I understood that they have an L.P. rarely released, perhaps we’re able to review the record for you one day in the near future. I hope to hear the special guest Denver Jacobs and the San Bernardino Community Church will be out doing, and must be true because Rev. Don of the Antioch Choir yells out that he is at UCLA later that evening and told me that I left to early. “We really had church,” he said.

**Blanche Williams Guest Speaker at St. Paul AME**

Annual Missionary Day was observed last Sunday during the morning worship hour. Mrs. Blanche E. Williams of Johnson Chapel A.M.E. Church, Santa Ana, California, was the guest speaker, and the Angelic and Celestial Choirs furnished the music. The ladies of the Missionary Department were in charge of the entire service. Arrangements in various capacities were made by Mrs. Louise Hamilton, Joyce Powell, Ann Meline, M. DuWayne, Mary Sheppard, Helix Humphrey, Crystal Washburn, Naomi Cannon, Tommy Bennett and Ruth Moms. Mrs. Williams began her message by using the words of the hymn, BLESSED ASSURANCE, JESUS IS MINE. On WHAT A FRIEND WE HAVE IN JESUS. The subject of the message was IT TAKES MORE THAN A NEEDLE. Later, at 8:30 in the city of Jorge, there was held a meeting called Dorcas. She understood missions and had a great compassion for the people of Jorge and their needs. For her MISSION TOOL, she used her NEEDLE, making clothes, etc., for all of those in need. So was with Sarah, while with Richard Allen, the founding father of the A.M.E. Church, Sarah Allen was the FIRST Missionary of the A.M.E. Church, and she also used her NEEDLE to teach the clothing of the early A.M.E. ministers.

Mrs. Williams stated that today, the NEEDLE is NOT ENOUGH. In our society today, we have POVERTY, DRUGS, CHILD ABUSE, etc. She then said, “WHAT ARE YOU GOING TO DO about these social problems?” She then stated that we must take on a personal responsibility, and she asked about our FATHER’S business of seeking to save men, forget the sick, and we must know and conduct the ALL the NEEDS of Society, because IT TAKES MORE THAN A NEEDLE.

Roy Fellers says Clerk's Office has Lost Touch

County Clerk Recorder against Roy Fellers wants to turn this in the election past. He says this office "has lost touch with the people, becoming a dynasty passed on from within the bureaucracy."

The 6-year decorated Vietnam veteran and Rider added: "When the last Clerk Recorder recently resigned, he handed a &quot;real estate &quot; to make some changes and who took over an acting Clerk Recorder. Two potential candidates made the run when the supervisors appointed the Clerk board clerk and election officer positions - both with big pay raises."

Fellers, as the only candidate from the private sector, says if the post were in business, "it would go broke due to poor customer service and other inefficiencies." He said his "almost daily contact with the clerk-recorder office over the past decade - in real estate, income tax consulting and real estate - convinced me this service was an absolute necessity, and the public needed a new face to manage it.

He expressed concern that this position affects everyday from the schedule to the garage - from birth certificates to death records, with deeds, marriages, court records, etc. throughout the town.

Fellers pledges a phone "hot line" to the office to conserve taxpayer gas and time in trips to Riverside. He advocates &quot;Judge's Clerk's judgment - Review office of the Recorder's office company "change". Don Schroeder predicts property owner's use a need kitchen basic - duplicate records preserved outside Riverside for emergencies - Citizens commission to advise him about soil analysis, above laws, homeerenst, fees, sub-divisions, maps, neighborhood agreements, etc.

He holds real estate and escrow certificates from Riverside City College, graduating from the University of Nebraska, Omaha, with a double business-major: accounting and business administration.

He is an "ECD" holder as an Executive Agent. His Air Force service schools include Judge-Accounting, Air University, code, and management. He is an ex-Trustees Area Governor, past Mayor's Bender real estate city chairman, etc. Of Cal-Riverside.

"Great Decisions" program twice a year, and active in retired military, American Legion, National, PTA honorary lifetime, Chamber, Snoising, etc.

He strongly urged the Grand Jury to probe the County Clerk's role in the three-week breakdown in serving a warrant on Jack Daniels that resulted in death of two Riverside city policemen.

Sources close to the Grand Jury indicate his suggested investigation will be finalized "after the June 8th election to keep it &quot;impounded.&quot;"

Fellers called this warrant breakdown "typical of bad coordination between the County Clerk, District Attorney and law enforcement."

"People around the county are fed up," he says. "The width of change from the big brothers of the State to the California Senate will swing in some supervisors, DA, sheriff, clerk-recorder and others."

Dr. Howard Kornblum, Executive Director of the University of California, said, "We are particularly concerned about the current climate in which we must operate. It seems that the need for leadership and direction is greater than ever before."

"It is crucial that we continue to make progress in our efforts to improve the quality of life for all citizens."
