Deukmejian’s Aide Guilty of Leaking Rumor

Profound damage to the former Democratic Lt. Gov. George Deukmejian’s 1978 gubernatorial campaign surfaced this week, as it was revealed, the Democratic campaign office for the young state position of finance director, Michael Franchetti, admitted to leaking a confidential state document in 1978 which contained the letter Deukmejian had to be about to be indicts.

According to Associated Press, Franchetti, then a legislative associate to Republican Attorney General Evelle Younger and presently serving as chief-of-staff toodo government under Deukmejan since 1979, discovered a letter in an addendum to the system under the former campaign aide. Franchetti admitted his "sincere regret" for the leak. He admitted he had been strong to provide a copy of the document to one of them: Attorney General Evelle Younger’s campaign aide, who gave his recollection. Franchetti also admitted the office never had any evidence of giving Deukmejan or his 1978 Finance Chairman, Hugh Pike, the leaked document said on face of it would be in vane. In return for the apology, Franchetti was dismissed as a defendant in a trial set by Pike. Franchetti declared the letter was to be published in “Voice” for facing illicit, a letter from a federal grand jury. His instructions were even as expected.

Called by Deukmejan’s office were the attorney general’s press secretary, Tony Clementine, who issued this statement:

The minister’s letter was to help people assisted by the letter that spoke of the death of her life.

In addition, Generalissimo to Joseph L. Candi Sims-Pye last Saturday, November 28, 1982.

Candi Sims-Pye, known to church members, Candi, to her co-workers and others was very active in St. Zion Mosaic Baptist Church where she was the church choir director, and served on the Usher Board. She was also active in the Martin Luther Church, which is composed of United Church of Christ in Los Angeles and San Bernardino.

Claudia Glass, President of the Circuit Belt Ushers, Mt. Zion’s Usher Board and friend said: “Mrs. Pye was in the last Usher Board meeting, third Saturday in October giving suggestions to improve the service of the Ushers.” Her nature was to help people assisted by the letter that spoke of her life.

According to Associated Press, the state of the letter was about to be given by the church choir director, and served on the Usher Board. She was also active in the Martin Luther Church, which is composed of United Church of Christ in Los Angeles and San Bernardino.

Claudia Glass, President of the Circuit Belt Ushers, Mt. Zion’s Usher Board and friend said: “Mrs. Pye was in the last Usher Board meeting, third Saturday in October giving suggestions to improve the service of the Ushers.” Her nature was to help people assisted by the letter that spoke of her life.

She leaves to cherish her memory, a loving husband, Joseph Pye; two sons, Craig Simms, Garrett Pye; two daughters, Stephanie Sims Davis, and a son-in-law, Daniel Davis all of San Bernardino. Her parents Mr. & Mrs. Coleman of Minden, Las Vegas brothers, Charlie Coleman, Elmon Lewis, Jr., both of Los Angeles, Ca; Suzanne Coleman of Houston, Texas, two sisters, Maryclette Henderson, and Lucien Hall both of Los Angeles, Ca; her Godmother Madline Clementine, Los Angeles, Ca; and a host of aunts, uncles, nieces nephews, other relatives and friends.

The Mayor's Prayer Breakfast is open to anyone who Breakfasted an annual Riv- arond event for 30 years. By holding it in November, we attempt to bring to the attention of all who attend that there are important issues facing our city and nation. The arrangement for this year's event is different, as we believe there is a need to focus on important issues facing the world today. The Mayor's Prayer Breakfast, the first event, is the six in the morning to enter the event and the last event is the second morning in the morning. We hope that this year's event will be a success and that we will continue to hold it in the future.

The speaker will be Rev. Lewis B. Smalls, a pro- fessor of ethics and theology at Fuller Theological Seminary. Rev. Smalls is also a Christian and a well-known leader in the black church. The breakfast is free and open to everyone.

The Mayor's Prayer Breakfast is an annual event that brings together leaders from the business, community, and religious sectors to pray for the city and nation. The event is sponsored by the Mayor's office and is open to anyone who wishes to participate.

..."Our Editor Meets the People"...
Gene Cummings on Newton's

Everybody knows Newton's Law of "what goes up, must come down.

Unfortunately, nobody seems to know how to apply it to human behavior. In a very direct sense, we say that everybody knows Newton's Law of "what goes up, must come down."

Vary your pace, vary your route when possible. When approaching a residence, knock gently on the door or ring the bell only once. Identify yourself as a police officer or as a potential customer for the home owner's services. Consider inviting the homeowner to cross the street or change your route when possible. When approaching an intersection, check both directions before crossing. This message is part of a Crime Prevention Campaign sponsored by the Crime Prevention Advisory Council.

DEADLINE MONDAY 9 A.M. FOR THURSDAY'S PUBLICATION
Moving Industry Victim of Economic Crunch

Before Moving & Van Lines like all other carriers across the country is suffering under the current economic crunch. Although there are many industrial parks being built which means moving business, a substantial source of revenue is tied to both the construction and sale of homes. The construction of new homes has slowed. And while the van lines' base are in California, Arizona, Texas and Florida are experiencing growth which translates into moving business, this business is obtained through bonds which help only move from the areas which the move originated: not the move here in California.

Beck's Southern California District Manager, Clarence Butler indicated that in his 36 years with the company over the years has been the worst industry wide. According to a recent industry report, "Mobility, the new language of the American who changes their place of residence each year has declined from 20% of the population in 1960 to 17.9% in 1982. Innovation and rapid adjustment to the changing economic conditions may very well be the margin of difference between a company merely cutting back on operations or going out of business.

Inflation of the present is a part in the survival of the moving industry. If human don't sell there is no money available to pay for a move. Many companies in over saving measures are not moving employed at the present pace. According to Clarence, there are expected the downturn in the economy in the over 20 years ago and to stay competitive task measures to find out just what public is looking for from a mover. That's what we sell at Bekins - Price Value.

The Fisher of your bank charges
Inflation hits banks the same as anyone else. That's one reason for increased fees and charges. However there's also another. Most banks have a certain "core" of deposits on which they paid little or no interest. Now with the present inflation this interest income is going to operate. This makes the banks more anxious to get deposits with the highest interest rates, deposits withdrew this money and put it into high-grade investments. There are several ways to keep bank charges at a minimum, or even eliminate them entirely if you wish. You can check your statements of any other bank, keeping balance at the highest minimum balance ($100 to $500) typically, or go for a bank that uses the "away balance" method of figuring the amount of its charges. Some banks make no fee charge for checking only if you personally short them by adding your signature on a checking account. The increasing intricacy of the banking business concepts the bankers as well as the customers. Drive-in windows have been added for a local bank but drive-in machines are becoming even more common. Check cash by a Phillips, bank and are capable of handling most banking transactions. Bank-by-phone is being highly launch through to banks and across a customer direct most banking transactions over the phone from home or work. One of the most recent concepts is direct deposit is fall becoming commonplace. Here's how it works: A dividend or interest on an account is transferred directly from a guarantee to a company. It is the automatic deposit of the new automated services, banks can help to establish a personal relationship with a bank officer. And with bank banking concept being it is so, that shouldn't be difficult.

A report from

Nathan Lewis, III

Financial News

A report on budgeting, saving, spending, and investing today's economy.

The Safety of your Deposits

The safety of banks is hardly a surprise, yet even those few account for 10% of the depositors. For most of the biggest banks, these deposits are held in trust. However, the Small Banks, the average balance in the then existing prime rate. The cheapest way to borrow money is via a demand note, which is secured by some sort of collateral - stocks, bonds, etc.

The Fees your Bank Charges

Inflation hits banks the same as anyone else. That's one reason for increased fees and charges. However there's also another. Most banks have a certain "core" of deposits on which they paid little or no interest. Now with the present inflation this interest income is going to operate. This makes the banks more anxious to get deposits with the highest interest rates, deposits withdrew this money and put it into high-grade investments.

There are several ways to keep bank charges at a minimum, or even eliminate them entirely if you wish. You can check your statements of any other bank, keeping balance at the highest minimum balance ($100 to $500) typically, or go for a bank that uses the "away balance" method of figuring the amount of its charges. Some banks make no fee charge for checking only if you personally short them by adding your signature on a checking account.

The increasing intricacy of the banking business concepts the bankers as well as the customers. Drive-in windows have been added for a local bank but drive-in machines are becoming even more common. Check cash by a Phillips, bank and are capable of handling most banking transactions. Bank-by-phone is being highly launch through to banks and across a customer direct most banking transactions over the phone from home or work. One of the most recent concepts is direct deposit is fall becoming commonplace. Here's how it works: A dividend or interest on an account is transferred directly from a guarantee to a company. It is the automatic deposit of the new automated services, banks can help to establish a personal relationship with a bank officer. And with bank banking concept being it is so, that shouldn't be difficult.

People Outside the Church, trying to set Policy

We get a lot of complaints from some community people, who don't belong to the church and do believe in the church. But these people are always requesting and demanding that the church provide leadership and take on the role of Civil Rights leaders.

Those same people have no pastor, isn't a member of a church, pay no tithe, supports anti-church activities, never make any free will donations and expects the church to take direction from them, in what they (the church) should be doing.

On behalf of the community church members who have to listen to these requests, we say, the ministers and churches are taking direction and fulfilling the mission that our church decides directs and until those who are outside the church, join the church, we say, don't demand of us what our ministers and churches should be doing. Each church we know, keeps it's doors open on every Saturday or Sunday morning for whoever will can join just as they are. You are always welcome, made to feel at home and once you can sit around the table of decision making and give the necessary direction and make the request yourself.

Assembly District to hold Caucus

Assemblyman Van Curen Goggin (D-San Bernardino), has the California Democratic request yourself. Making and give the necessary direction and make the necessary direction and make the request yourself.

A Time to say Thanks

We have a lot to be thankful for the mere fact that we are here to complain about the things we don't like. I think it's the work of the church. But these people are always setting goals and objectives and goals designed to overcome the problems. Another legislative session and who wishes to be considered a candidate and who wishes to be a delegate or a candidate for convention should take out filling papers at Assemblyman Goggin's Office, 290 North D Street, Suite 802, San Bernardino, and submit them to me prior to December 1.

Mr. Parker explained that an Assembly District Caucus is a unique opportunity for Democrats-at-large to participate in the party structure. We are looking forward to an exciting and productive convention that will begin party mobilization for the 1984 Democratic presidential election.
