Perris Woman Shot Suspect Arrested

By Danielle Masterson

Tragedy struck in Perris a few days before New Year’s Eve when Delores Marie Brown, 21, was found shot to death in a vacant building on East Street, according to Perris Police Captain John Kuykendall.

Liliana Galo, 63, of Perris, employed by the local sewer district, was arrested for the shooting death.

Reports are that Glass wanted to have sex with Brown and she refused. According to Kuykendall, there was no relationship involved and "there was no consent on the part of Ms. Kuykendall also would not give any information on the relationship of the suspect and the victim.

His bail has been set at $500,000. The Falunskoffs notified police of the death on Jan. 3, 1983.

UC Santa Barbara last week gave its new police chief a "welcome and farewell" banquet.

The new police chief, Joseph M. Hand, is a member of the FBI’s "Executive Leadership Course" who has been serving as Assistant Special Agent in Charge in Cincinnati. He replaces Captain William Ackerman, who was appointed captain of University Police in November 1982.

Hand's new job is to work with the Public Safety Department to implement a new computerized system that will allow officers to keep track of suspicious people and vehicles.

The system will be able to check the identity of a person or vehicle against a national database of criminal records. The database will contain information on individuals who have been involved in criminal activity.

The system will also be able to check the identity of a person or vehicle against a state database of criminal records. The database will contain information on individuals who have been involved in criminal activity in the state.

Dorcy, Praise God for Sis. Stacey Middleton, her baptism, with her 3 children, Trine, Anthony and Thomas. Sis. Leandra Holmes was the Langston family, Mrs. Vitelsia Dedah was crowned Miss Clermont, with the elders. It was a spirit-filled service, a wonderful time in the presence of the Lord.

One incident of sadness occurred when our Pastor, 9-20-83, told the congregation that he had to rush his wife to the doctor early in the morning because she had a prayer meeting and was going to be spiritually poor and blind. "We must be about our Father's business," he said.

The topic for the message tomorrow morning is "Without a Song."

Rev. Williams and his church joined us in the service as is the custom for every first Sunday.

Everyone present testified and told how God had blessed them throughout 1982.

We should give support to our family members, whether they are Muslims or Christians.

Bethel A.M.E. News Perris

Mrs. Evelyn, Reporter, Volunteer Evangelist Annie Jackson brought the morning message for the Wednesday Night and First Service. The opening hymn was I've seen the lightning flashing, with scripture Luke 14:6-10 read by Rev. Jackson.

Sis. Jackson spoke about the Heart of Jesus, taken from John 1:14-16. We are commanded to be about our Father's business, to give as much love to our Father as the Messiah did, to be God's ambassadors in the world. The choir sang beautifully this morning, they told us to do more for God in 1983. Every soloist gave a moving performance and told how God had blessed them this past year. We are commanded to do more for God in 1983 than ever before.

After the service, Rev. Moss baptized a new member into the congregation and the Lord's Supper, the sacrament of the body and blood of Christ. Anderson's daughter was blessed with her son.

Dr. Yolanda Moses was to be speaker for Martin Luther King Day

By Art Cook

Dr. Yolanda Moses will be guest speaker at the annual Martin Luther King Jr. commemorative service at Perris Valley College, San Juan Capistrano State University, and Orange Coast College at San Benardino, where she received her Bachelor of Arts degree. She is an associate professor from the University of California at Riverside.

Dr. Moses is presently attending San Bernardino State College, where she attended San Bernardino Valley College, San Jose State University and California State College, at San Bernardino, where she received her Bachelor of Arts degree. She currently works with the Lord's University.

The service is being held on the day following Dr. Martin Luther King Jr.'s birthday, the most significant day with regards to acceptable social behavior. This program will be the second for Ella. Last year, she attended San Bernardino Democratic convention. The convention will be held in Sacramento, January 14-16, 1983.

The service is being held on Sunday, Jan. 16 at 7:30 p.m. at Perris Valley College. The service is being held by the association in regards to acceptable social behavior. This is our privilege to take advantage of the Lord's University.

Dr. Moses is a member of the American Anthropological Association and recently returned from attending a conference held in Washington, D.C.

Nelson Heads RCC Trustees

Riverside Community College District Board of Trustees elected Frances A. Nelson to serve as president of the Board for 1983. During that time, the governing board met held recently held its organizational meeting where Lon Richter served as vice president, and Jerry Pauw as secretary to serve as secretary of the board for the new term.

Nelson, who has served as vice president of the Board for seven years, succeeds Walter Jones. Dr. Jones has been a member since 1976 and has served as president for several terms.

In addition to being an RCC trustee, Nelson is an active member of community services. She serves on the Rape Crisis Board of Trustees and is a member of the League of Women Voters and the Women's World Peace and Free Spirit Organization.

The Board also reaffirmed its commitment to providing a safe environment for students.

UGR Police Chief

Haghighi mentions the high stress in human relations, crime prevention, and law enforcement as major factors in his career.

He said he was advised in the future by two computers - a search committee and a Professional Review Board comprised of the police staff, faculty, and the City of Riverside. In both cases, he said, there had been one campus interview, with other faculty, staff, and the community.

He had an opportunity to meet the candidates and other comments.

He was selected by the Board for the position of Police Chief of the Riverside College Police Department since he has an extensive background in patrol, detective, special services, and administrative service. Prior to that, he was an officer for 12 years with the Los Angeles Police Department, where he served as the "Deputy Sheriff of the Year" award in 1960.

A native of Pennsylvania, he has earned a degree in police science from Pennsylvania State University in 1957 and a B.S. in police science and administration from Cal State Fullerton in 1969, and is a master's degree in public administration from the University of Southern California in 1974.

He has served in the prestigious F.B.I. National Academy at Charlottesville, Va. in 1966. Academy enrollment is limited to a select few nation-wide, based upon recommendation of an officer's peers.

I have always set my goal to become a police chief," Haghighi said, "and this position at UCR is very attractive to me, especially in that it's my local area and I know so many of the people.

He pointed to his extensive background in crime prevention and community relations as essential to his success at UCR.

The new Police Chief is an important member of a very important community service in Riverside. He serves on the Rape Crisis Board of Trustees and is a member of the League of Women Voters and the Women's World Peace and Free Spirit Organization.

The Board will also need to find a new Women's Voter member to represent the Board to the community and to assure the efficient use of facilities and resources, the new president said.

"The Board will also need to find a new Women's Voter member to represent the Board to the community and to assure the efficient use of facilities and resources, the new president said.

Financial News
Looking Ahead

COMPUTER TECHNOLOGY

The impact of computers on our lives today is only beginning. Computers are a multibillion dollar industry. No longer the exclusive domain of technological wizards, they are found in homes, businesses, and schools. For the first time in history, less expensive, more powerful and more versatile than previous giant models that sometimes filled an entire room. Today, they may be smaller than a transistor radio, or the size of a telephone or a typewriter.

Our alarm clocks and cars talk to us, automated bank machines do our financial transactions. To a limited extent, computers are diagnosing medical ailments in doctors' offices. As a student, computers are friends, patient and accurate. Computers are personal computers for home banking, working, shopping and learning. They're playing computer games, writing books and poems, preparing budgets and tax returns and even storing recipes via computer.

So what's next? The possibilities are limited only by the imagination. Computers that understand English, can write novels, play chess, and compose music. Computers that will manage our finances, keep track of our day-to-day expenses in a personal financial management system. Computers that will serve as assistants to doctors, provide guidance and treat us for heart and cancer.

With these new applications of computers, concerns about computer technology have multiplied by leaps and bounds. People wonder if the computers will replace us, affect our lives, or even share our jobs.

Tax Tips
NEW TAX ON DEFERRED ANNUITIES

Under the new tax law, an early withdrawal or a loan from your deferred annuity contract will be treated first as a taxable withdrawal of accumulated earnings. In addition, withdrawal within ten years of a contribution to the annuity is subject to a 3% penalty tax. This rule does not apply if the money is withdrawn after age 59 1/2 or because of disability. Prior to the new law, an annuity owner could withdraw the amount of his or her initial contribution, tax-free, before the annuity starting date.

Contracts entered into after August 13, 1982, and deposits to contracts existing before that date are affected.

CHILD-CARE CREDIT

A maximum tax credit of $2,400 for one child or $4,800 (for two or more) is available for child and dependent care expenses incurred to permit a parent to be gainfully employed. Recently, the Tax Court said an accountant who sent his son to summer camp because he wanted 15 hours a week was eligible for the credit. Now parents have an option other than babysitters or day-care centers.

Farrell Seeks Equity in Anti-Prostitution, Dope Police Deployment

Farrell Seeks Equity in Anti-Prostitution, Dope Police Deployment

THEME: IT'S NOT THE MAN, IT'S THE PLAN; FOR UNITY AND ADVANCEMENT

We want a special task force organization mobilized in south Los Angeles to be an ongoing permanent staff deployment on the west side, literally increasing police resources available in Hollywood to the possible disadvantage of other police activity in the City of Los Angeles.

The Special Task Force Organization will deal with prostitution, murder, narcotics and alcoholism as does Hollywood, Farrell said.

Farrell's concerns were noted in a letter he sent Chief Gates on Friday, December 17, 1982.

Unemployment 13.5 Percent

Riverside - San Bernardino Labor Market

Unemployment rate was 13.5 percent during November by the State Employment Development Dept. (EDD) This percentage was unadjusted from October. One year ago the rate was 9.1 percent.

The total seasonally adjusted unemployment rate increased to 86,200 in November from 65,000 in October. The seasonally adjusted rate for Riverside County in November was 8.3 percent.

The total civilian labor force increased to 633,300 for November from 650,300 in October. The goal for Riverside County is 650,000.

The significant change is anticipated in the unemployment situation.

Unemployment is to November increased to 88,200 from 87,100 in October. The seasonally

SPECIAL NOTE TO ENCLOSE WITH YOUR CONTRIBUTION TO A BLACK DEVELOPMENT FUND INSTITUTION OR ORGANIZATION

Sample Gift Letter

Dear [Name of Institution or Organization],

Our Black Leadership Fund Plus calls upon every Black American to donate $1 in a single contribution and beyond current contributions to a Black organization of his or her choice.

The Black Development Fund Plus is a joint fund of more than 40 Black organizations and institutions to help us continue our struggle for a Black America.

Your contribution of $1, $2, $5, $10, $20, or whatever you can give will help support this effort. If you are a member of a Black organization, please contribute to your Black organization of choice. If you are not a member of a Black organization, please contribute to a Black organization of your choice.

Thank you for your contribution.

Sincerely,

[Name of Institution or Organization]
NAACP Appalled by Justice Department's Intervention Position

BROOKLYN, NY - The following is a statement by Benjamin L. Hooks, NAACP executive director, in response to a memorandum sent to the media from William Bradford Raymond, assistant attorney general heading the Civil Rights Division of the U.S. Department of Justice.

"The NAACP is appalled by the display of interference toward the constitutional principles of Justice and equality that constantly establishe us from the U.S. Department of Justice. The latest example is the memorandum to the media from William Bradford Raymond, assistant attorney general who heads the Civil Rights Division of the U.S. Justice Department.

In the memorandum, Mr. Raymond once more issues his attacks on busing for school integration. He charges that the court's "preoccupation with busing drives large numbers of students from public schools." No statement issued in such a blanket manner could be more false. Therein lies the tragedy of the times in which we are now living.

Recent studies have well documented that several factors underlie urban demographic patterns, and the cause of school integration is certainly not the primary one.

Clearly, we are here witnessing the continuation of the Reagan administration's attacks upon the courts for the fearless manner in which they continue to uphold the Constitution of the United States.

The NAACP calls upon the President to repudiate this position taken by the head of the Civil Rights Division of the U.S. Justice Department on school integration.

INVEST IN YOUR FUTURE
DONATE BLOOD TODAY

Every year heart attacks kill 350,000 deaths which could have been saved if CPR had been administered. '350,000 deaths which occur before the victim reaches the hospital. This figure does not include those who experience stroke, accidents, drowning, suffocation, drug or alcohol poisoning, electric shock and other disorders that cause the circulatory or respiratory systems to cease.

Since the advent of C.P.R., the number of lives have been lost if C.P.R. had not been administered. Learn C.P.R. and have the opportunity to save someone's life. It only takes a few hours to attend a C.P.R. course and you will have the skills you need to save a life. CPR is the only way to keep someone alive when his heart or his breathing or both have stopped.

The Vigilance Never Ceases

In a recent board meeting the BUSD basketball school officials who had handed out a rather tough discipline applying what is called "Kern's Law" for an admittance minor infraction. The board basically held that "when a class becomes so morally that education is impossible, a teacher must have some means available to keep the student in line. With this point no non-peaceable approach will do.

However, the School Board already had an existing policy for handling disciplinary problems. Also, this ad hoc approach to discipline is some what arbitrary and if we were to scrutinize it implicitly it might reveal new and severe on Black's whole minority groups. A disturbing pattern is emerging across the country with respect to discipline action of our school age children. With integration of classrooms we find all too often that the detention halls are too small and the inter JB-118 is too excessive and disproportionate to the number of minority students in attendance. But what is to be expected when we see the Black community and particularly many of the parents of the children sit idly, by allowing it to happen. In sheer numbers attended school board meetings and challenge such ad hoc rules such as "Kern's Law." The vigilance never ceases.

Personal Values

BY CHARLES LEBEDER

1983 can be a year in which everyone can be a winner. An immediate response may be, "How can everyone win, and what is the prize?" Everyone can be a winner if we treat others as we would like to be treated.

While some people seem to live joyless lives, others, while working, seem to be living in a kind of bliss. The reasons for this may vary in so many ways, many different places, under many different circumstances. Following is a daily moral that might reveal an adverse impact on Black's and other disadvantaged minorities. The Vigilance Never Ceases.

QUESTION: What is the California Coastal Enrichment Law?

ANSWER: This law provides for the enrichment of white rice that is not coated rice, corn flour, and these foods containing more than 25 percent of these products. What does this mean? If you buy (in California) foods you buy in the supermarket like crackers, macaroni, macaroni and cheese, white bread, communion bread, cafeteria, and cake mixes are made with enriched flour.

QUESTION: What are the products not required to be labeled in California?

ANSWER: The following is a list of grain products that are not required to be labeled:
- Corn tortillas
- Oriental style noodles, Chinese style noodles and Indian style noodles
- Carrot sticks
- Coated rice
- Cereal-based products sold at the supermarket
- Oriental style noodles, Chinese style noodles and Indian style noodles
- Cereal-based products sold at the supermarket
- Pork, chicken, fish, milk, eggs, cheese, and bread

ANSWER: Read the ingredient label. The last in this state requires that enriched ingredients used in the manufacturing of a bread be so labeled. For example, this package of noodles is made from enriched flour. Ingredients enriched with white flour, eggs, doped with corm starch. Look for the term "enriched" in the ingredient label.

ANSWER: Blood is life. Pass it on.

Job Discrimination Strong

Federal laws against employment discrimination have been on the books for almost twenty years, but while the laws and federal courts have been effective in striking down many cases of discrimination, there is still much more to be done.

One of the most important areas of discrimination is the workplace. While some progress has been made in recent years, there is still much more to be done.

One area that has received a lot of attention is the issue of pay discrimination. While some progress has been made, there is still much more to be done.

Another area that has received a lot of attention is the issue of job discrimination. While some progress has been made, there is still much more to be done.
