Martin Luther King, Jr. was born in Atlanta, Georgia, in 1929. Although he earned a Doctor of Philosophy degree from the Boston University in Massachusetts, much of his education was received in the south. He knew the problems and ills in the lives of Black southerners. Dr. King returned to the south and became a leader in his community and improved the functions and organization of his church. In 1964 he received the Noble Peace Prize, for his efforts toward peace in America.

One of Dr. King’s early successes was a bus boycott in Montgomery, Alabama. Black People, although paying the legal fare, were refused service. The boycott became an effective tool of the Black Revolution. Dr. King continued to press for civil rights for the little girl Nicole Webster in a brief telephone interview with the Voice said

The following questions or comments are disputed in recent Worldwide. Muhammad leader of the great Muslim Mission: the poverty of America is a huge that the answers provided by him will serve to America and throughout the world.

**QUESTION:** Do Muslims give Christmas gifts?

**ANSWER:** I know that many do, but I don't know if they give Christmas gifts, but I do know that they don't give them on Christmas Day.

**QUESTION:** If I want to give a Christian a gift, I'll find an occasion to give it, but I don't want to give them a Christmas gift.

**ANSWER:** If any Muslim gives their relatives gifts on Christmas, I don't think they should do it. They shouldn't have any bad feelings because they are celebrating Christmas. They are not encouraging the celebration of Christmas. They are simply letting their relatives know that they love them and share the season's joy with them, although they don't share the ideas. I don't find anything wrong with that.
75th Sunday at 3:00 p.m., the Brotherhood Banquet will be held, again this year, at the Cal Theatre in San Bernardino. Keynote speakers are scheduled for 7 p.m., followed by an auction of 100% of 9:00 a.m. to 5:00 p.m. Sinatra Barbeque at the Church on Saturday, February 5, 1983. A freewill offering will be lifted. Mrs. Theresa Jewel, President.

The Lay Organization will sponsor an 1890 Foundation Banquet and luncheon at Stratton College, 308 Pennsylvania Ave., Riverside, on Saturday, January 16, 1983, at 3:00 p.m.

Mrs. Lillian Robertson, President, invites everyone to attend this gala event.

The Missionary Society Unit will sponsor a Picnic at the Church on Saturday, February 5, 1983. Mrs. Virginia Smith, Chairman.

We solicit your prayers for Mrs. Betty Baxter, Mr. James Herndon, Mrs. Armadale Sloan and others who are in need of it.

The Church family offers heartfelt sympathy to Mr. and Mrs. Robert Brown in the loss of their beloved one, Mr. Robert McPherson.

CONGRATULATIONS: The St. Paul family extends congratulations to Michael and Mrs. Leon (Willa) Inghram and Mrs. Juanita Green who are both celebrating their anniversaries this week. Included this week are Mrs. Henrietta Starks, guest of Paulette, Regina Thompson (San Bernardino), guest of Jewel, and Mrs. Gladys Walker, guest of Jewel who was visiting from Oklahoma City, Oklahoma.

Worries.”

This weekend should prove to be rather exciting for all. The Inspirational Choir will render the closing benediction. There will be music, a revue and a tribute to Martin Luther King, Jr., if you missed the program last year, don’t let tragedy strike twice, be in tune to AM/ 6 · 8 p.m. KUCR 88.1 FM.

The church Family invites everyone to come out and enjoy this fine talentful singing and entertaining evening. We hope you will join us for an evening of music and fun.

1:00 pm. “End of the year banquet” sponsored by the Brotherhood.

The voice, saying let us alone; what have we to do with thee, Judah? what hast thou to do here? I nonw thee who thou art; the Holy One of Israel.

From the moment you saw it I nonw you will not want to miss it. The church family invites everyone to come out and experience this fine young man singing to the glory of His Holy Name.

A farewell will be offered, by Mrs. Theresa Jewel, President.

Dan Frazier

Mend A Screen

Once you have even the smallest hole in a window or door screen, it seems that every bug in town tells all his friends about it. But there are ways to mend your screens, if it's just a matter of a small hole or two. Naturally, if they are old, and deteriorating, you should plan to replace them. In Debugger screens, for the tiny holes, all you need is a dab of clear nail polish or household cement. Use not only a little, but lots of extra immediately. If you have a clean cut in a screen, see if it it's already carefully with a spline thread, snipping your cut edges with the cut edges. Sew with an even pressure, so you don't cause the screen to pull away or pull too tightly. Then catch the edges with the weight clear nail polish or household cement. If the screen has shrunk out or larger hole, clean it by pulling away damaged screening, and cut a patch of insect screen material over the hole larger than the repair area on all sides. Then, patch it just as though you would the small cut, sewing the covering patch over the damaged area, and sewing it firmly with clear nail polish or household cement. For metal screens, pinholes can sometimes be repaired by using a patch. Some replacements are available. For a free estimate call (714) 682-2506.

AUDITIONS!

According to some, there was no way you could improve on Hal Williams' performance. But people are more and more interested in finding something a little more sophisticated. Dan Frazier has been found to contribute something tangible toward improving the arts in the area. He wanted to do some way--using "saving our heritage.

Frazier was concerned about the widespread criminal activities, drug dealing, school dropouts, economic depression and the apathy he encountered in the area.

As a youth minister at an area church, he coordinated a very successful Youth Congress in 1981, and again in 1982. The youth and young adults were exposed to some very enjoyable, constructive, activities such as seminars, counseling sessions, arts trips and isolated Gospel concerts.

Not content with just teaching the kids the basics, Frazier made the decision to file for the office of City Councilman, representing the Sixth Ward. Frazier feels that some of the things he has learned in his work with the children, are key to improving the Sixth Ward as a whole.

Frazier entered the U.S. Army at Fort Lewis, Washington, during the Vietnam War, and was honorably discharged in 1972. He married Evelyn Westbrook of Tacoma, Washington, and has two daughters, Sharron (9) and Evelyn (2).

Frazier is an insurance underwriter with Prudential Life Insurance Co. He has obtained provisional appointment status to the $100,000 bond and is affiliated with the National Foreman League in the National Association of Colored People. His hobbies include hunting, fishing and collecting.

The Fraziers and their children are active members of the Galilee COGIC in San Bernardino, where he serves as youth minister.

If you are interested in community involvement, you should look into the California Black Community Action Network, which is one of the initiatives that you should consider. It's a great way to get involved in the community and help others.

Perris

Day and Black History Day: Learning Center hold MLK Jr. celebration. The morning at the West Riverside Elementary School Cancer Society and the Red Cross Health Center was a great opportunity to learn about health and wellness. Many people came to participate and take advantage of the delicious, healthy food provided by the parents. The morning started with a soul food luncheon with a selection of dishes prepared by community members.

New Beauty Salon: Mrs. Wylie is holding her New Beauty Salon at 266 W. 4th St. this month, and the salon is open on Saturday. The salon is run by Sister Vondal, who worked very hard to find a location and help from the bookkeeper. A list of services offered is also available.

Riverside City College's Office of Continuing Education has recently moved to its new offices in the old Banc of California building. Formerly located in 12-011, RCC's Continuing Education office is now located in Q-25. This office, located at 3900 Main Street, Riverside, 7:00 p.m. every Tuesday afternoon. The program offers a wide range of courses in art, music, and dance, and is open to all ages.

Riverside: Riverside and the surrounding area are full of opportunities to learn about the history and culture of the region. The Riverside City Hall, 3900 Main Street, Riverside 7:00 p.m. every Tuesday afternoon.

CPC Meeting: The Riverside County Community Action Commission will hold its regular monthly meeting on January 20, 1983, at 7:30 p.m.

These are unsettling times for Black America. By any of the accepted indicators of progress—education, employment, housing, voting rights, and misinformation elements of the Black community. Despite the commonly held for Black Americans, the realities are quite different.

The Art of Wise Budgeting and Spending

CREATIVE FINANCING

With interest rates still relatively high, some of the ancestors of a new home have wait. Finding favorable financing has overshadowed the actual purchase price of the home in many cases. With the creative financing methods now available, the problem is choosing the type of financing that will fit consumers' budgets today and in future years. There are some of the types of loans available. If you are in the market for a new home, the type of mortgage you choose should depend on the answers to several questions: Will your income increase in future years? Will interest rates decline? Will inflation decline or moderate in the near future? There are various types of fixed-rate mortgages. The conventional fixed-rate mortgage is in this category. These are obtained for a period of about 25 to 30 years with a fixed monthly payment that is not likely to be considered by persons who feel interest rates will remain relatively stable.

A creative version of fixed-rate mortgages is the graduated payment mortgage. Interest rates may increase as much as 7 ½% annually. After about six years, the payments level off. This mortgage costs more than the conventional mortgage.

The growing equity loans is a variation of the gradual- and payment loan. This is a fixed interest loans with unusually high monthly payments which can increase at a rate of 3% per year. The mortgage is paid off in about half the time as with a conventional mortgage and is mostly chosen for the tax benefits.

Then, there is the zero interest mortgage. A very large down payment (say at least 50% and 70% of the purchase price is usually required. The principal is paid off in full over a shorter period. No interest is charged, but the sale price of the home is usually higher. The buyer may deduct interest as though a 10% mortgage was paid. However, in this type, the interest deducted will decrease the buyer's basis in the home, the result: a bigger gain when the home is sold.

FOOD PRICES

A survey by U.S. News and World Report revealed that grocery prices in eight major cities have increased only 4.2% since 1973 while the Consumer Price Index has increased 179%. Canned and dry milk products and convenience foods along with drugs and cosmetics sold by three-quarters of the nation's grocers will probably help America's grocers' profits. However, the decreases in grocery prices are usually priced lower, but you pay a considerably higher interest rate. This represents a savings of 10% in one product area can wiped out in another.

Kicking the Nicotine Habit is difficult, but possible

Ending the cigarette habit is difficult. Most smokers have tried to quit at least once. Only 5 to 25% of those who enroll in a program to stop smoking are still nonsmokers a year later.

Techniques to stop smoking would have a major and lasting effect on smoking habits, especially in the work environment, where many people work in similar situations. However, because of the environmental and health care aspects of the problem, the process of quitting smoking by stopping cigarettes and other tobacco products is not a simple process. Attaining and maintaining a smoke-free environment is a necessary step in achieving this goal.

**New Staff Member Commended**

Dear Editor:

I would like to commend one of your newest staff, and also congratulate the Editor of the Voice Newspaper, Dr. Martin King. Dr. Martin, as I know him, has added a refreshing element to the journalism staff of one of the most community-minded papers in Southern California, the Voice. His English language correspondence, with its easy-to-read style and conversational tone, is a welcome addition to the Voice.

**ConSUMER QUESTIONS & ANSWERS**

By BLANCHE WILLIAMS

Family and Consumer Science Dept.
University of California

**Question:** What is the characteristic of women who work outside the home?

**Answer:** As an increasing number of women enter the labor market each year, certain facts are evident. One is that about one-third of those who work outside the home are married, and about two-thirds are employed in those roles. The factors include the number and ages of children, family income, race, and level of education.

Women who are married are more apt to be employed than single mothers. Women who are employed outside the home are more likely to be single, to have a higher employment rate than older women. Economic need does not determine the wage rate of minority males.

**A Dream Come True**

It is difficult to know how a man will respond to a specific individual's offer to be his wife. Dr. Martin King was a man who had been married for almost 50 years. He linked the vital principles of peace and inspiration to all regardless of race, religion and background. He linked the vital principles of peace and inspiration to all regardless of race, religion and background. He linked the vital principles of peace and inspiration to all regardless of race, religion and background. He linked the vital principles of peace and inspiration to all regardless of race, religion and background.

As we mark his 54th birthday, January 15, let us note the many advances that have been made to date. The country designed for Freedom, although the country was a land of the pilgrims pride, from every mountain side, let freedom ring from the snow capped mountains of Colorado. Let freedom rise from the city in every state and every city. We will be able to speed up that day when all of God's children will be able to sing with joy of victory. We will be able to speed up that day when all of God's children will be able to sing with joy of victory. We will be able to speed up that day when all of God's children will be able to sing with joy of victory.

Dr. King was showing concern for America, with his heart and his mind when he declared; "I have a dream that my four God's children, Black men, and White men, Jews and Gentiles, Protestants and Catholics will be able to join hands and sing in the words of the old Negro Spiritual, 'Free at last! Free at last! Thank God Almighty, we are free at last.'"

Edward Jenkins

**Blood Bank Receives National Recognition**

The Blood Bank of San Bernardino & Riverside Counties has been designated as an Immunohematology Reference Laboratory by the American Association of Blood Banks (AABB), according to Dr. Arthur J. Silverglate, Medical Director. Designation follows evaluation by the Committee on Reference Laboratories, a joint meeting of AABB and Universal Blood Resources Laboratory designated in the United States.

The AABB is the only national organization engaged in the field of transfusion medicine, with voluntary staffs consisting of scientists, physicians, nurses, medical technologists, and administrators engaged in all aspects of the field. Other programs and services offered by the AABB include the national clearinghouse; a mechanism allowing donors to replace blood for friends or relatives living anywhere in the country; a blood bank, which offers a comprehensive blood bank; and a program providing primary and specialized education and training programs, public educational information services and publications.

Founded in 1947, the AABB is the only national organization engaged in transfusion medicine, with voluntary staffs consisting of scientists, physicians, nurses, medical technologists, and administrators engaged in all aspects of the field. Other programs and services offered by the AABB include the national clearinghouse; a mechanism allowing donors to replace blood for friends or relatives living anywhere in the country; a blood bank, which offers a comprehensive blood bank; and a program providing primary and specialized education and training programs, public educational information services and publications.
