Inland Empire Commemorates
King Memory

By Art Cook

Riverside Community Groups Honor King

Dr. Martin Luther King, Jr. was commemorated, and remembered at St. Ignatius Center in Riverside. The program was presented by the Riverside Branch of the NAACP, National Council of Negro Women and the Dr. Martin Luther King Senior Citizens Club.

Music and speakers paid tribute to the King memory.

Rev. Norman D. Copeland, Pastor of Allen Chapel A.M.E. Church eloquently of the King's work.

Dr. Bejarito Livingston, Grand Bishop of the Omega Phi Fraternity Eunice T. Williams, President of the NAACP. Lillie Jackson, President of the NWYW, all spoke of the King's work and what the King movement meant and still means in America today.

Mrs. Irena Young spoke about.

Klan Father Opposes "Equal" Teachings

Kluverse men who didn't show up - a memorable event. Joyce of Glen Avon Elementary School first grade was opposed to the school's policies expertly. She stressed the importance of the "equal" statement was impossible to describe the greatness of the man in fifteen or twenty minutes. As a result, the event was well attended. The board room was packed.

The first course was the presentation of the 1957 pilgrimage, she and 100,000 others joined King in Washington D.C. on the steps of the Lincoln Memorial. The youth who spoke said they have experienced discrimination, but they also know the power of change. A choir of toddlers, children, and adults sang "We Shall Overcome." The group arrived at the chapel and listened to recorded excerpts of speeches by King as a celebration of the life of Martin Luther King. While his voice inspired the audience, a picture of Dr. King's profile was displayed on the wall of the chapel in Riverside.

The guest speaker, Marian Talley, Ph.D, reminded us of the importance of the Association's role in the community. She emphasized that the Association's mission is to promote educational opportunities and to help the community achieve its goals. She also spoke about the need for more support from the community, including financial contributions and volunteer time.

IMA Debate

To be or not to be a bureaucracy, the debate continues on the merits and demerits which could certainly change the future of the Inland Manpower Association. As an issue of the Inland Manpower Association, it is a question of the way the Association's role in the community is perceived. The debate is an important one, as it will determine the future of the Association and its ability to serve the community effectively.

March AFB King Activities

March 1st is a day of remembrance. The activities include a march at the March Field Chapel, with a musical tribute for the program of "the dream live on," in their memory. The March for Justice will bring together people of all backgrounds to remember the life and legacy of Dr. Martin Luther King, Jr.

The guest speaker of the evening was Dr. Yolanda Moses, Acting Dean of Cal Poly University at Pomona. Dr. Moses explained that due to the death of the civil rights leader, the country stood at the crossroads and that the fight against racism was not over.

On hand to provide the musical tribute for the program was Gregory Hope, Choir from March Air Force Base. This choir is a group of people who have not received much recognition in the past. I met this group for the first time at last year's service and was greatly impressed.

Fluent in the days of the civil rights movement of the 1960s and those who were outstanding figures of that era such as Rosa Parks and Martin Luther King. She produced highly revealing images of the civil rights movements of Dr. King and other civil rights leaders, such as her deep knowledge of the subject and eloquence of language.

The guests of honor were Mayor Ab Brown, who presented a proclamation calling for the establishment of King's birthday as a county holiday, and Mrs. Helen Holcomb, the current Mayor of Riverside, who presented a proclamation calling for the establishment of King's birthday as a county holiday.

The program was also attended by Mayor Holcomb of Riverside, Mayor Bill Holcomb of the Riverside County Board of Supervisors, and Mayor Holcomb of the City of Riverside. American Mission Church

The following questions or comments are directed to Imam Warshad Al-Mohammed (leader of the American Muslims). By the general public, they hope that the answers provided by him will serve to educate the public on the religion of Islam in America.

QUESTION: What is the meaning of the word brother?

IMAM: In reading the Quran, we don't find much use of the word brother. Sometimes we use the term "brother", Most of the time in Quran we are addressed as Muslims as we are believers, so far, but not as brothers. Our relationship is a brotherhood, an institution that we always address as brother.

But I notice in the Hadith, prophet Muhammad (P.B.U.H) rarely ever used the word. He said, "Oh, Waleed; or Oh, Omar." He didn't use the word "brother." Obviously, "he didn't use brother that often" because it's not in the Hadith, same goes to the person that he said brother against, addressing them.

We often in Islam feel that we're calling one person, that need to say brother or sister every time we address person. I wouldn't like to see us put a whole lot of importance on having it as a ritual or as a way in the religion that you have to address a person like that because obviously brothers of Prophet Mohammad (P.B.U.H) were not bound to that way of addressing people.

When we speak of a Muslim as brother, we should understand what the Quran says that Allah has made it as a brother; that He saved us from the fire of die and saved us from the fire of hell.

As a brother, you're a member of the religion of Al-Islam in America and throughout the world.

We should understand that to be brothers to each other, we should address each other as brothers. We are not Muslims or as believers, and so forth, but not as brothers. We are not Muslims or as believers, and so forth, but not as brothers. We are not Muslims or as believers, and so forth, but not as brothers. We are not Muslims or as believers, and so forth, but not as brothers. We are not Muslims or as believers, and so forth, but not as brothers. We are not Muslims or as believers, and so forth, but not as brothers. We are not Muslims or as believers, and so forth, but not as brother-.......

The Holy Spirit could be felt as the Celestial Choir marched singing "The Lord Is My Strength and Salvation" and rendering many beautiful songs of praise which included "I've Seen the Lightning Flashing," "Please Be Still" and "Learning To Lean On Jesus.

Prayer was offered and the Scripture Reading was taken from Ephesians 3:12-14 and 2:1-12. Mrs. Matthews rendered "Even Me" during the meditation, and the congregation paused for silent prayer while "Amazing Grace" was played softly on the organ by Mrs. Claire Fugger in memory of her husband, Mr. Jonathan Hampton who crossed the River Jordan early this morning.

Mr. Donald Page and Mrs. Clara Fugger rendered a stirring rendition of "In The End" and "I'm Living For You," our current minister, Rev. Dennis Williams from Paul Quinn College, Waco, Texas brought the message of the day. Taking his text from St. Mark 9:29-36 and his theme of Jesus Can't Do It. Nobody Can.

"The speaker of the man who was possessed by a demon and Jesus came by and cast that demon from the man. His disciples wondered why they could not perform the same acts and Jesus told them to pray and they would receive strength. Isaiah said "they who wait on the Lord shall have their strength renewed" prayer changes things and we must be true Christians to Christ and not let anything stand in our way. Pastor Copeland performed the dedication.

Quarterly conference was held after morning services. Rev. Paul E. Kell greeting Eliza who was accompanied by her charming wife, Mrs. Beaumont. We wish her health. We won't mistreat others, because God's word will be our guide and one will always wait on God. They are grateful to the many visitors who were present Sunday.

Recently we have a glorious time at March Air Force Base with the Voices of Hope and the San Bernardino Community College. Pastor Copeland and a beautiful choir of the Celestial Choir Anniversary this past week and Pastor Gray delivered a stirring message to all present. He told us what our responsibility is as a Christian and as a priesthood and we have much to look forward to the fullest especially because we are a part of a royal bloodline.

He said we ought to enjoy what we're doing in life. Christians should be happy and enjoy life to the fullest especially because we are a part of a royal bloodline. The Lord is coming back again. The Lord moves in a mighty way through the people of God. Our hearts go out to Sis. Freddie Voundy, who had a sister. We were happy to acknowledge the us all."

The Holy Spirit was with each one of our Sunday School classes. We wish to express our appreciation to Mrs. Betty Dunn and the Washington Church for 1983 will be here at Second Baptist on February 20th at 3:00 p.m.

In the future we hope to have a Pastor for the Sunday School classes. We wish to express our appreciation to Mrs. Betty Dunn and the members and friends of Second Baptist Church for the successful 1890 Fashion show and Luncheon a huge success.

John W. Wells: An energetic young fellow celebrated his second birthday Sunday, Jan. 16, at the home of his parents, Mr. & Mrs. David Wells. John is my grandson. Carol Wells, his sister alternated between sleeping and looking very interested at everyone. I call Candice "Lollipop" she's 3 mos. John reminded me that he was the center of attention and kept us on the alert. He received nice gifts. We made recordings and took pictures. We thank God for all our blessings!

As I was jogging... While training for a run next week I noticed some of my competition. I hope to win this year. (In my age bracket) Oh well, as long as I'm not last!

Pancake breakfast: Woodcrest Community Center, one black youth at Van Buren and Washington Street. All you can eat for $2.00 adults, $1.00 children. Teenage suicide: I attended a meeting at Coach & Culver in Riverside last Wednesday night. The speaker for the evening was Marcia Burke, National Director Alone Inc. She reminded us that, we are not responsible yet we must be responsible and we should realize that suicide is not a subject of suicide.

Disgraceful: When an educator tampers with the Public Address system so that the school children can not directly hear a speech commemorating Martin Luther King Jr. "A Man Of Peace," this attitude cannot be tolerated. The Plan For Black People

Supporting and Opposing Forces

Prior to Four of the PLAN calls upon as its "Reach Out To Coalition with White, Hispanic and other Riverside, whose voices are seldom heard." We cannot make a labor. We must organize ourselves, and awaken the American people to the truth that "we may have come over here in different ships, but we're all on the same boat now.

In our quest for unity, harmony, and progress as a people, we have potential weaknesses as well as strengths that can be used to our advantage. As the devastating effects of the misguided policies of the present begin to impact the quality of life for all Americans, we will find common cause with the Black coalition, with its roots in the Delta region of the United States, the Black community, as well as with our traditional allies among other racial, religious, and ethnic minorities.

Let us work every opportunity to create meaningful coalitions of mutual respect and cooperation with Americans of all races and creeds whose interests are in a just and comprehensive American society itself.

One of the key principles for the Black American Unity, Survival, and Progress is to know the Difference Between Supporting and Supporting. It is important to the success of the PLAN that they commit themselves to be able to recognize both supporting and opposing forces. These forces may be within our own community and may shift from time to time. Quoting an op-ed article, Representative William Clay of the CBC and several years ago: "There are no permanent friends or permanent enemies, only permanent interests." Opposing forces will vary in intensity and agitation. Often Black forces face an organized and well-financed enemy that cannot be perceived as a viable political entity. The KKK, the American Nazi Party, the Associated General Contractors, and corporate opposition; some practices and policies of that opposition result in the political and economic marginalization of persons and organizations that:

1. Engage in block-busting, redlining and other real estate tactics that price Black families out of the neighborhoods of their choice.

2. Impose sanctions on black workers who oppose or take part in the unionization of Black workers.

3. Use a variety of strategies to limit the participation of Blacks in the political process.

4. Deny the right to organize and strike or other direct action in the workplace, or to act as a group.

5. Engage in racial and religious hatred.

6. Support the political goals of the opposition.

7. Insist on controlling the public policies and programs that impact on the Black community and the futures of Black families, often to the exclusion of others in the community.

8. Insist on controlling the public policies and programs that impact on the economic well-being of Blacks. Also to affect media opposition and speculation on the controversy, undoubtedly and other people groups which continue to manifest negative images about Black Americans.

9. Continue to pursue their own interests in the political development of Black organizations and others.
