Inland Empire Commemorates
King Memory

By Art Cook

Perris area residents heard the dream live on, in this commemorative service last Sunday evening. The mood of the service centered around unity.

The guest speaker of the evening was Dr. Yolanda Moses, the director of California Poly University at Pomona. Dr. Moses explained that due to the death of Clarence, she decided to overlook the racist and numerous accomplishments of Dr. King. It is impossible to describe the greatness of the man in fifteen or twenty minutes. The keynote speaker reviewed his life and accomplishments. She praised the past, the philosophy of the King, quest for human rights through non-violence, led him past the poor of return and ultimately led to his death.

Dr. Moses spoke of the civil rights movement of the 60's and some of those who were outstanding figures of that era such as Dr. Martin Luther King Jr., Parks of Birmingham, Alabama. She produced highly rated images of the interactions of Dr. King and other civil rights leaders, spiced up her knowledge of his subject and eloquence of her speaking.

On hand to provide the musical in focus for the program was the Voice of Hope Gospel Choir from March Air Force Base.

This choir is a group of people who have not received muchori to in the past. I met this group for the first time at last year's service and was impressed.
