American Mission Muslim
By Imam Yehya El Amin
The following questions or comments are directed to Imam Yehya El Amin (Leader of the American Mission Muslim), by the general public. We hope that answers provided by him will serve to educate the public on the Religion of Al-Khams in America and throughout the world.

QUESTION: You speak one time before about the long-range goals of the American Muslim Mission in terms of leading a household for Al-Khams in the Western Hemisphere. Would you explain?
IMAM: Yes, in fact, my belief is that Al-Khams will become a household for Al-Khams in America and it will continue.

This is my home, I was born here in this country. My parents and their parents were born here, and now I'm, I'm a Muslim, I'm practicing my religion. I belong to a Muslim community. As America has given a home to Al-Khams, and I believe that we should feel that way about America.

We should feel that we have a home in America as Muslims, and that's the only way I can express. I don't see myself advancing in this country unless I can feel that we have a right here. We only have a right here, we have people who will protect our right to be here and live here.

We have that and we won't worry about that, that is what we should worry about that. They're all South, the Muslim side and the Christian side. We have Muslims who still are moving in the same community. I'm talking about Cruaders back there in the 21st Century. And we have Christians who are still also in影rnin that same spirit, but they represent very small minority of American people.

Somehow we see ourselves as minority. They are trouble-makers. They want to be won and heard, and can be belittled in believing that they are really bigger than they are. These people who are prejudiced against Al-Khams and the Muslims, and the Muslims who see Christians persecute Muslims just because they are Muslims and they're a small-numbered people and we should not be alarmed.

Before the morning speaker at St. Paul last Sunday, the Rev. Daniel Fraizer, Youth Minister, Church of God and Christ. His message was taken from the book of Romans and entitled "We Shall Overcome." Sunday, February 20, 1983, we had a joyous day at the 11 A.M. service at Amos on Youth Sunday in order that even before us, we set aside Youth Sunday in order that young people could express their God-given talents. Sis. Dunn and Sis. Toni Williams along with the youth Choir sang "The Oyster and the Pearl." We were honored to have the presence of a woman who had rode those freedom buses, thereby enabling us today to be able to enjoy what we have and what we are.

We extend our welcome to Deacon Lyric antenna to the Sunday morning message titled "We don't owe, we don't earn." Daniel 3:18-19 was read for our hearing. The story begins with Shadrack, Meshach, and Abednego who were servants of God and treat with God. God kept his word and delivered them while they were in the fiery furnace after they had showed faith in God by refusing to bow down to God's Christian standards and contented with the true and living God. It is a dangerous thing to live in this world without Christ. Christians are in the world but are not of the world in no matter what we go through in this life we have the assurance that we will not turn after death. There comes a time in the life of man whether he be sinner or saint, to make a choice of right or wrong. The right choice is the better choice. The things of this world are the consequence of a source of eternal burning. God is anything and there is nothing too hard for Him. So we should want to serve a God like that and be able to live forever with God.

Our Adult choir warmed our hearts as they presented the song service today. All My Hope Comes From The Lord and Glory Be To The Father made us realize that we are insufficient of ourselves because we are all of the praise and honor to God for all of the good things that He has done in our lives.

The Adult Choir are to be commended for a beautiful Family Day Service and the many talents that were presented by our Adult Choir. This Choir is blessedly blessed the spirit in which it was presented. I was especially happy and surprised in our Sunday School today when the entire Sunday School class sang Happy Birthday to me. Thank you Grace Bethel for your love and thoughtfulness.

Friendship Baptist Church News
REV. LEXING0N GAY

The Youth Choir sang "Fill My Cup." led by Anthony Rowe and the "Name of Jesus" by Darrell Holt, LaDonna Selden, and Levern Gray II. The Adult Choir sang "Just Look Where I've Come From" led by Brenda Blackshear and Alice Goree. The message brought us, not only blessed but also blessedly blessed the spirit in which it was presented.

Ira Gray

Rev. Leon Thompson spoke from the subject, "The Consequences of Bad Religion." His scripture text was Romans 12:2. "Not that we are sufficient of ourselves because we are not of the world so no matter what we go through in the world without Christ. Christians are in the world but are not of the world. Christians are in the world but are not of the world."

Our Adult choir warmed our hearts as they presented the song service today. Matthew James was the speaker and he challenged the children to a beautiful job of preparing and serving the meal. And Sis. Cook and the entire kitchen committee did a beautiful family. We have all the praise and the Lord, that is not true. Just as we have been made in heaven, we know that we have to submit our prayers in heaven's bank while we are in good health and prayer. There may come a time in our lives when we are unable to pray and that is when we can make withdrawal from heaven's bank. But, if you haven't got nothing to take to God, you won't be able to get your stop from sinning and sin will stop you from praying. Thank the Lord for such a wonderful family.

We then boarded Mr. Brandon's bus for a fantastic assembly in Rev. Stormont and the Brotherhood of Mt. Calvary Baptist Church. The men of that church served a delicious meal and they conducted a Holy Ghost filled service which included singing from the choir of Mt. Calvary and the men of Ajalor Baptist Church of Palm Springs, Rev. William in the Pastor. "Bro. Jeff Smart played Amazing Grace on the trumpet. Oh how wonderful it was!" Pastor Gray sang from Psalm 89 and his subject was "It's the Name of a Blessing." Wordly folks believe in good name and bad luck. They are even subject to come and take away your fortune to make itself feel good when his luck is down. He mentioned Romans 8:24 and said, "If you've been blessed, you ought to draw some signs. Being blessed is not just to have money. There is joy in the Lord's saying to men, stand on the Lord's side. It is truly a blessing to hear this sermon and to set the way that the men of Mt. Calvary are standing on the Lord's side."

The Prominence of Friendship sang "Save Me and tell" for the service. They are a group of young people from Friendship Baptist Church who have committed their voices to the Lord. Dr. Rev. Joe Brown, President of the Brotherhood gave inspiring remarks and thanked the men of the Church of Mt. Calvary and recommended them for a job well done. He also commended on the testimony given by Bro. C.D. Jackson who sounded like a budding preacher. Bro. Jackson said that now he is dancing for the Lord and Pleading for Christ. Bro. Brown said that he really feels good about serving the Lord in a different way. He said that we should look the result on the corner and now he is Chairman of the Board. Jesus can do this for men. He can make you somebody for him. Thank you Lord for allowing me to witness such a wonderful service devoted to you by Christian men in this world where men are usually on the corners or home while the women are in the center of the corner.

The Brotherhood of Friendship held their annual banquet Saturday evening and was delicious. Bro. and Sis. Cook and the entire kitchen committee did a beautiful job of preparing and serving the meal. Rev. Matthew James was the speaker and he challenged the men to be a part of the Brotherhood of Christ. The Adult Choir and the Inspirations sang for the banquet.

Friday evening the Black History Program, by Bibliwey Youth Department, was very interesting and educational. They started off with the inspirational national anthem. Then they told of how the slaves were instructed and clothes, by the slave owners. They portrayed the back ground history on Henry Bibbs, Sojourner Truth, Frederick Douglas, Harriet Tubman, Martin Luther King, Jr. and others. They brought back old memories by singing, a Capella, songs like, "I couldn't hear nobody pray," "Steal Away," "Come by here," "I got my shoes," "Stop you from sinning and sin will stop you from praying. Thank the Lord for such a wonderful family.

We were very glad to hear from Rev. Sallen Smith in Germany. She is still on the battlefield for the Lord and we look forward to hear her report very soon. Six Jeveline Williams is doing fine in Fort Jackson, and Jennifer Hall is doing fine in Pennsylvania. Bro. Homer Prior, Bro. Bowes, and Ingred James are still hospitalized and request your prayers.

The Black History Essay contest will end this week and the winners will be annoncemed Sunday morning. Don't forget to remember where all your blessings come from.

Perris Roma Presents Neighborhood Business

by Mr. Art Cook

Supporting Neighborhood Businesses:

In the present state of our country's economy, it is difficult to find small privately owned businesses thriving as some of us have known them in bygone years.

Large chain operations and conglomerates have swallowed up and eliminated scores of "mom and pop" grocery stores, service stations, clothing stores, etc. Some small businesses are forced to close their doors due to the inability to pay rent, pay taxes and other restrictions such as licenses, permits and the like. Their inability to compete with large companies makes their ability to manufacture the products they sell of little value.

Regardless of the recessionary difficulties discussed, some of our small neighborhood businesses manage to survive. For the common good of the community, we commend businesses of this nature that should be supported.

On the other hand, those who operate them should treat their customers with respect and fairness, keeping in mind that their customers are their most valuable asset.

Two of our locally owned and operated businesses with which I have dealt and suggest that others try are as follows:

OFERRALL'S FREELANCE PHOTOGRAPHY

This one is owned and operated by Ken O'Ferral. Ken is a professional photographer for the Black Voice News. Many of the photos that you see in the paper were shot by Ken. I suggest that others try this one of the co-sponsors.

TONI & GUY SALON

This small business supports itself; it can be incorporated into main dishes like meatloaf and chicken, cheese souffles, quiches, and fondue. Yogurt is another excellent source of calcium.

An 8 ounce serving of low-fat yogurt with fruit has about 300 milligrams of calcium. Tofu, sometimes referred to as Drano or soybean curd, is an example of a non-milk source of calcium. Eight ounces of tofu has about 300 milligrams. So yeah you're not a milk drinking adult or if you drink less than two glasses of milk a day, be sure to include other calcium rich foods in your diet.

5 & 10K Run to be held

On March 12, 1983, the National Orange Show will present a second annual 5/10K Run. The course runs through orange groves, past the entrance of the National Orange Show Grounds itself; it can be incorporated into main dishes like meatloaf and chicken, cheese souffles, quiches, and fondue. Yogurt is another excellent source of calcium.

WHAT NEXT? While driving down Alleandro Blvd. Monday a young lady about 15 yrs. old; wild, wild with her eyes trying to catch a ride. She was wearing a Bikini-type swim suit. We need to reinforce our concern about women and their families and to work with victims of rape and other related tragedies.

Rev. and Mrs. Wesley Rogers celebrate 50th Anniversary

Last summer when all the children of Rev. and Mrs. Wesley Rogers realized their parents would celebrate their 50th Anniversary in Riverside, North Carolina, they made plans for a big celebration. They wanted to see their parents on bridge and groom to repeat their vows in a wedding ceremony. It didn't take too long to plan on all the most beautiful weddings to be held.

With daughters Carol Brown, Helen Ford, Jane Rogers and Gloria Rogers serving as bridesmaids and grandsons, Frank Reynolds, Arnold, Jeffrey and Wayne Brown, Russell and Ruford Rogers as usher, the wedding held at the Pentecostal United Holy Church, was performed by Dr. John H. Bradley. Mrs. Rogers good friend, Mrs. Lillian McCall served as Minister of Honor. Best Man was Russell Rogers, Sr. and Wesley Rogers, Jr. symbolically gave the bride away.

Endless Love, and the Lord's Prayer were beautifully sung by Sylvia Rogers and Sylvia Ford. Friends and family came from as far as California to attend the ceremony. Rev. Mrs. Wesley Rogers receives a beautiful plaque and many gifts in memory of a beautiful day in their lives, the Golden Wedding Anniversary.

President Ford offered to assist the Revered Voice News with distributing the paper during the parade. May Ford, thanks, for a job well done.

Meniere's disease is a rare, chronic disorder that affects the inner ear. It is characterized by intermittent or constant ringing in the ears, a feeling of fullness in the ears, and episodes of fluctuating hearing loss. These symptoms may be accompanied by a sensation of motion or dizziness (vertigo). The cause of Meniere's disease is not yet fully understood, but it is believed to be related to an imbalance in the fluids inside the inner ear.

There is no cure for Meniere's disease, but there are several treatments that can help manage the symptoms. These may include:

- Vestibular suppressants: These medications can help reduce the symptoms of vertigo by blocking the communication between the brain and the inner ear.
- Hearing aids: If hearing loss is present, hearing aids can help improve communication and reduce the use of the inner ear.
- Gentamicin treatment: This is a treatment option for patients who are not helped by other methods.

It's important to consult with a healthcare provider to determine the best course of treatment for your specific case. They may recommend a combination of these approaches to help manage your symptoms.

But it's hardly a reason to get entire programs that benefit the poor and the near poor, nor is it a valid reason to penalize the 95 percent of recipients who are honest.

The real fraud in social program is that almost of those eligible don't collect a single dime from any of them. And the real need consists of the starvation lives and wasted opportunities caused by underfunded programs that don't fully meet national needs.

Fraud and waste are probably less evident in social programs that in other kinds of government programs, if only because the price of their inappropriateness has been more slowly shrinking.

If the President really wants to get after fraud and waste in government, he might want to steal over to the Pentagon. There, it is all too common for the cost over runs on a single weapons system to far outstrip the entire cost of the food stamp program.

According to a recent Wall Street Journal story citing a top Pentagon Official as its source, criminal fraud costs the military $1 billion a year. Some estimates go higher.

The story was rich in examples. One rope merchant supplied more than 1,000,000 of defective parachute cord. As a former paratrooper, that one his home. Then there is the sore of the supplier who billed a military store for $34,000 worth of undelivered paratrooper boots. A Navy inventory found $15 million worth of "lost" goods, and couldn't find $89 million of things it was supposed to have. And it worked. A research team that had found food stamp fraud is that it stokes the fires of meanness. It stigmatizes those who look to their government in a time of need.

Wasting their benefits won't do much to reduce the fraud. But it will increase the war against the poor that is so damaging to our society.

And it worked. A research team that had found food stamp fraud in the late sixties, repaired its study in the late seventies and concluded that thanks to food stamp, malnutrition was a rarity. Even with the food stamp program and other nutrition programs that were cut, millions don't have adequate diets. But those federal programs helped them to survive and to avoid health-threatening hunger.

These charges of "food and waste" are always linked to social programs. They provide excuses for people who don't want those programs to exist. in any large scale undertaking, such programs sometimes are necessary.
