First Black Astronaut Rocketed To Space

The most thrilling space shuttle flight of all took place at Cape Canaveral, Florida on Monday at 12:32 p.m. The Bag day of the 107 last steam of fire that it was that it is as if it were delight. But also thrilling because it carried the first Black astronaut, Dr. Day Bluford.

The historic Challenger flight began 17 minutes later than planned due to a rainstorm. During their 9-day mission a main function is to deploy a satellite for India. They have spent $10 million to prepare for the deployment was successful. An estimated 50,000 people were invited, among them were a number of Black leaders. The night flight was marked with officials say, to allow the crew members to release the bulb in the precision position for the tracking station in Hawaii.
Two of the most popular contemporary gospel artists of the gospel field, Al Green and the Hawkins Family, appeared at the Greek Theatre in Los Angeles last Wednesday evening to a more than adequate crowd of a thousand. The air was fresh, the atmosphere was somewhat cool, and the chance for a unique experience was available.

The extravaganz.a started about 8 p.m., approximately 30 minutes tardy of schedule. The lights were lowered, the air of anticipation had culminated. Over our heads we heard music in the air, "Don't Feel Like Feels Like Singing," "seesawed aides added a voice descendent, "Ladies and Gentlemen, the Hawkins Fam­ily."

I took a deep breath, we are in for a good show, I thought. Walter, Edwin, Tremaine, Tamir and Al in good form. They started their concert with the "insinuates" Be Gladful, What's This, That's How and Face to Face. They continued their concert with Coming Home. Tamir and Tremaine were the obvious crowd pleasers.

Rev. Gardner said the church is being over dramatized in the eye of the public. He pointed the audience with his suggestive antics and his sea­soned concepts.

Gospel music at the Greek Theatre no doubt, would be an unique experience. His thoughts were accurate.

Brown Fundraiser Successful

The campaign committee for the election of Hardy Brown to the School Board held a very successful fundraiser with a party called "The Hawaiian Luau at the home of Mr. & Mrs. Wilson Brue." The fundraiser was successful and raised funds for Hardy Brown's campaign. The event was attended by many, including Councilmen Ralph and Jess Hores, Treasurer, Hardy Brown, Campaign Chair, and Fred Ruhsfeld, Director of Operation Fair Share. The event was held on September 27th and was reported to be very successful.

Councilman Dan Fraizer joined the many who endorsed Hardy Brown's candidacy for the school board.

The threesome, Wilson Brown (no relation), campaign manager, Hardy Brown, candidate, and Jeni Jones, Treasurer, feel the success was due to a lot of hard work by everyone. Councilmen Ralph Hernandez shakes hands with Hardy Brown and pledges his support and endorsement for victory on November 8.

Jim Ballard, Valley College Trustee joins the support for Hardy Brown's campaign. He endorses him for the November 8 election.

Councilman Ralph Hernandez shakes hands with Hardy Brown and pledges his support and endorsement for victory on November 8.

Charlotte Seymour was one of the greeters on the door she joins Hardy Brown, candidate and Zelma Willette as they agree on the event's success.

Art Townsend (l) and Tom Bradley presented Hardy Brown with one of the awards giving him the honor of being one of the 12 Most Influential Blacks in the Inland Empire. Brown is a candidate for the San Bernardino School Board, endorsed by Kaiser Hospital in Person­ nel and is the Publisher of Black Voice News.

Bradley Featured at 12 Most Influential Blacks Reception

Photos by Ron Harris

Tom Bradley came to San Bernardino last week to honor the 12 most influential Blacks in the Inland Empire and to push for voter registration.

Bradley lost the Governor's race in George Deukmejian by just over 50,000 votes and he reminded the crowd at the home of Bonnie Johnson that he is not a negative people to vote for.

Although Bradley didn't declare he was running for office he did say he would leave all options open. He said he may run for Mayor again or even the U.S. Senate, he didn't leave out the governor's seat.

Bradley also needs money, his campaign has a $700,000 deficit and supporter Vivian Nash said we must help him to raise the money to clear this deficit up.

Those honored at the affair were:

- Hardy Brown, publisher of the "Black Chance.
- Wilma Carter, administrative assistant to Congressman George E. Brown, Jr., District 43.
- Frances Grice, executive director of the Operation Second Chance: School of Opportunity.
- Wesley Jefferson, deputy director of Operation Second Chance.
- Mary Marsh Martin, a display sales specialist.
- Albert Casey of APRI, president of the San Bernardino branch of the National Association for the Advancement of Colored People.
- Dr. Benjamin Livingstone, special investigator for The San Bernardino Sun, Frances Grice, Executive Director of Co lored People.

The Recipients of the Precinct Reporter's 12 Most Influential Blacks in the Inland Empire were presented with awards by Publisher Art Townsend and Mayor Tom Bradley (back middle) left to right, Bonnie Johnson was the hostess for the gala affair, Rev. Charles (Chuck) Sing­leston, Pastor of Loveland Baptist Church, Mary Massey, active member of the Social Literate and account executive at the San Ber­

nardino Sun, Frances Grice, Executive Direc­tor of Operation Second Chance, Valerie Paige-Stallman, executive director of the Com­

munity Development Corporation and Wesley Jefferson, deputy director of Operation Second Chance, (back) Hardy Brown, Pub­

lisher of Black Voice News and candidate for the S.B. School Board.

Winners and winners are just fine examples of African-Americans who significantly reduced their energy consumption and cost following a low-in­

put energy survey of their homes by Southern California Edison energy experts. If you're looking for ways to reduce your monthly energy bills, we can arrange a free energy survey of your home today.

All you do is call the toll-free number and set up an appointment at a time that's conve­

inient for you. A trained Edison specialist will visit your home and do a personal, uncomplicated energy survey which will clearly identify steps you can take to save energy and money.

Many energy conservation methods we rec­

ommend cost little or nothing to install. Of course, other savings were affected by in the home following an Edison survey, you may be eligible for hundreds of dollars in cash rebates in energy conservation inside. To find out quickly if you're an Edison customer please fill in the coupon and send it back to us today. Meantime, thank you for your conservation efforts.

Mail to: Champion Home Builders Co., Dept. 1009, 15135 North Street, Dryden, Mich. 48428

Yes! I want to find out how I can save energy and money, too.

Adirondack Panel Products

To arrange your survey, call us toll-free at 1-800-952-5062.

For faster service, fill in the coupon and send it back to: Champion, thank you for your conservation efforts.
To Squeal a Rumor

Many of our local residents have expressed concern and puzzlement about the rumor that Mrs. Edith Rediford is no longer a member of the high school board. Thank you for bringing this to my attention.

I spoke with Edith concerning this matter and she assured me that she is still very much a member of the Board and she is sorry if the report caused any distress. We are pleased to have this miscommunication cleared up.

Hey Kids, SLOW DOWN! I think that I'm becoming paranoid about driving, especially on the freeways. The headknock speed and humpier riding that is taking place gives me the feeling that I'm taking part in a demolition derby. I think that I'm being watched by someone in the Wrecker 500. All of these youngsters need to have cars and all seem to be going too fast. It is going to be a very long trip if I have to be caught between a par of maniacs trying to race cars and then crash.

My daughter Leah and I were caught in the middle on a return trip from Las Vegas last weekend. We allowed our car to go at about 60 miles per hour in a couple of crowded areas, but the speed was only enough to spare us from hitting a couple of times by other vehicles and forced into the gutter.

Listen kids, many of the small cars respond quite promptly to acceleration, turn on a dime, and are fun to drive, but they will also kill you with the speed and lack of safety, any insurance company or highway patrolman.

We would like to see all of you in school after the long weekend, so be careful. Here are some small tips which might refresh your memory of what you were taught in driver's ed.

Slow down, do not trust other drivers to do what you expect them to do, always keep yourself enough space to get out of tight spots and let someone else drive if you're indulging in alcohol.

Remember, slow down, safe driving is your responsibility and not worth risking your life and the agony of causing someone else's.

Please allow me to remind you of something.

We must avoid such a situation. Don't give up - Together we can!!

Middle ear problems are facing the schools in today's society. In particular, fluid in the middle ear space. Another problem is a progressive bony ossification which announced the appointment of Mrs. Rediford as principal of Meadow Valley School. The article stated that she is a former member of the high school board.

I think that I'm becoming paranoid about driving, especially on the freeways. The headknock speed and humpier riding that is taking place gives me the feeling that I'm taking part in a demolition derby. I think that I'm being watched by someone in the Wrecker 500. School Management

A meeting for persons interested in the new certificate program in school business management of Cal State, San Bernardino will be held at 7:30 p.m., Wednesday, Sept. 7 in the basement of the Pau Library, Room B. The program is described as followings:

- 19 and 20. Students must apply for admission to the college prior to registration. Clues will be sent Sept. 22.
- The additional information is available from the Director of the Department of Corrections, which is public concern among various social, religious and community organizations, regarding the racial activities, which it perceives should be addressed to the California Department of Corrections. It should be a serious relative to the people of the State of California, to accept someone to administrate over 30,398 inmates and 38,000 employees by growing by 4,000 each year.

The following is a response to a story printed in the Voice newspaper by State Senate President Pro Tempore Robert B.

Letters to the Editor

Writer Opposes Denton Appointment

Dear Mr. Van De Kemp, Attorney General:

We are writing this letter to express our deep concerns and objection to the appointment, or nomination, of Mr. George F. Denton becoming the permanent Director of the California Department of Corrections.

There are several basic reasons for our concern. We believe that the information we have been brought from the biographical and educational history of Mr. Denton is unacceptable.

Mr. Denton has been a member of the California Department of Corrections for 17 years, with a questionable record in human relations. We believe he should not have been promoted to accept another state's vacancy.

We believe that he has no credibility character, as the responsible leader, that will readily consider the private concerns and public interests of the people. He has no respect for the public good, moral and spiritual, of the African American people, as well as the ability to understand the race obstacles.

We also believe that the California Department of Corrections has a long history of racial activities, which such racial views would not pertain an adequate respect in the California society.

We feel that the Denton's nomination to the California Department of Corrections is a violation of basic democratic principles.

We strongly believe that the California Department of Corrections, as a leader, should not lend credibility to the public and carry out the rights of the people.

We hope that the Governor's memorandum is publish in the California prison system.

We believe that the Denton's appointment is a violation of democratic principles, and we hope that the Governor will not allow this to happen.

RCC Football Picture Day

Riverside College Football "Picture Day" is scheduled for 9 a.m., Sept. 6 on Wheelock Field.

RCC Football

The conference los, the five-game record since World War II. They finished as co-champions of the Orange County Conference, sharing the title with Westminster and Southwestern.

All games this season, with the exception of the 13-11 win on Thanksgiving Day, will begin at 7:30 p.m. RCC went 8-2 last year with only a single conference loss, their best 10-game record since World War II.

Moore Resident Smells A Political Rat

Dear Editor,

I smell a rat in Moreno Valley today.

Check out this possible scenario: some politician who attempts to control support of one of the two new announced sponsors on the Moreno Valley School Board, envisions to fail by a Friday deadline. By prodding with a Member of the Board, this sponsor could be filched.

Also, this is the stuff of Soap Operas, a story you can soon find yourself ACPI-ning and being a part of the most delicious political events.

I am a supporter of your newspaper, Mr. Van De Kemp, and I hope you will do your best to get some result on this.

Sincerely,

Ron El-Amin

The TEENAGE STRUT

By Margretta Kelso Boxer

Now it's arms swung wide and don't act no fool when you do the teenage strut.

Caltrans to hold Public Hearing on Route I-215

The California Department of Transportation (Caltrans) will conduct a Public Hearing on Wednesday, September 7, 1983 at 7:30 p.m. in the Multi-purpose room of Moreno Valley High School.

Caltrans plans to construct an exit to the south freeway at location 35 near the Diamond Bar Road to Route 74 interchange. The schedule and location of these changes is set to begin in June. The project will take about one to two years and is expected to cost $60 million.

The most important feature of this project will be an on-grade interchange at Diamond Bar Road to allow through traffic to continue without having to stop and go.

Caltrans will also be providing the public with an opportunity to comment on all aspects of the proposed project.

The public is invited to attend the hearing and provide their comments in writing to: William E. Conerly, Public Affairs Officer, Caltrans, 1200 Main Street, Riverside, CA 92504.
Thursdav, September 1, 1983

POLITICAL

the Peace March led by Dr. Martin Luther King, Jr. in 1963, he reveals himself to be a man not only of his public actions, his comments against a resolution commemorating the "I have a dream" sentiments of peace and equality so dangerous to our nation's future in the man who has designed a manpower planning initiative. It is any wonder that this man's plan for minority against minority (while reducing the number of minority cases in the Legislature) and virtually eliminates 10 of the 17 women and Jayapathy every Jewish member who opposes women in the State Legislature and Congress. I urge all Californians to judge Sebastiani and his plan by his own words and actions.

Facts About Blacks, 1982-83 Handbook Released

The 1982-83 edition of FACTS ABOUT BLACKS is now available. This seventh edition is an excellent reference for speakers, journalists, government executives, public affairs professionals, and those persons interested in documented information on Black people. FACTS ABOUT BLACKS includes consumer buying characteristics, population characteristics (Black population of 100 cities and the 50 states), politics, income, employment, education, business, Blacks on corporate boards, and the rank and number of men and women in the Armed Forces. This concise, pocket-size brochure states in simple language the most basic statistics of Black people in the United States.

The amendment which passed eliminates the shared state share of federal revenue sharing. Frankly, I saw no need to continue the "state's share" clause. Revenue sharing funds for the states have not been appropriated since 1966. I doubt that they would be appropriated this year, or in the next few years. I felt strongly that the state should be honest with Governors and State Legislators, and tell them that there will be no state share by entitlement or through the appropriate process.

My amendment was also "budget sensitive." The bill authorized $2.3 billion for the states, subject to appropriation. I was concerned that some of my colleagues might call the Congress stupid and approve billions for the states. We must, as a nation, establish priorities. We can not afford to have some states receive more federal dollars than others do. If the tax dollars we send, certainly not back to teaching! Maybe they should be just on Gilman's bill, where there is no communication equipment.

What concerns me is the possibility that in turning the spotlight on money and credit, we will find out what is wrong in another year and greater recession with even less confidence in our ability to get out of the problem. Unlike many of these theoretical guys here in Washington, living out in the real country, you can see the massive unemployment. I can feel the confusion, the uncertainty. I can see the massive unemployment. I can feel the confusion, the uncertainty. For all you guys who can not lose weight, we will find out what is wrong in another year and greater recession with even less confidence in our ability to get out of the problem. Unlike many of these theoretical guys here in Washington, living out in the real country, you can see the massive unemployment. I can feel the confusion, the uncertainty. For all you guys who can not lose weight, we will find out what is wrong in another year and greater recession with even less confidence in our ability to get out of the problem. Unlike many of these theoretical guys here in Washington, living out in the real country, you can see the massive unemployment. I can feel the confusion, the uncertainty. For all you guys who can not lose weight, we will find out what is wrong in another year and greater recession with even less confidence in our ability to get out of the problem.
What's made our country so productive and fruitful, able to achieve a standard of living unmatched by other nations in the world, is the strength of our labor force. Our ingenuity, determination and hard work, our eagerness to take risks, to dare and explore, has led to achievements we never dreamed possible. Each of us in our own way, with our special skills and abilities, contributes to the well-being and progress of all. Today, on Labor Day, we take this chance to congratulate all the working men and women of Name County on a job carefully and proudly well done!

**Best Wishes**

Labor Day is a tribute to all who take pride in their work...

State Senator
Rubin Ayala, 31st District
515 N. Arrowhead Suite 100
San Bernardino, California
884-3165

For only through the efforts of all of us working together, can we hope to better the standards of American life. Let's share this day proudly.

Assemblyman
Terry Goggins, 66th District
290 N. "D" Street
San Bernardino, California
884-1241

People on the job...in every job...have played the biggest part in the workings and prosperity of our nation. They're America's winning team...and have earned our pride and respect for the fine job they're doing! Well done, America!

County Supervisor
Norton Younglove, 5th District
4000 Lemon
Riverside, California
787-2950

We'd like to pay tribute to all you hard working men and women of America. Your diligent labors are well appreciated. Thanks, one and all.

Congressman George E. Brown
3600 Lime St.
686-8863
