Jackson to Visit Inland Empire

Our time has come: From slave ship to championship. Our time has come, fromouthouse to classroom, our time has come. From disgrace to ancestor, the moment has come. We all right again we have held on our time has come. From disgrace to ancestor, the moment has come. We all right again.

Brown Appointed to Commission

Wilbur Brown, lifetime resident of San Bernardino and active community leader, has been appointed to the San Bernardino Unified School District Personnel Commission. Brown replaces Handy Brown, who was elected to the School Board November 8. Brown served two years of the San Bernardino School District Citizen Budget Advisory Committee. Additionally, he has participated in the Youth Incentive Program, which worked closely with the district to motivate students. He served for 6 years as Chairman of the Personnel Committee of the San Bernardino area Mental Health Association's Board of Directors, and served on the Personnel Committee and as President of the Board of Directors of the New Hope Missionary Neighborhood Service. Brown was a member of the Board of Directors of the Armstead United Way. He is a charter member of the

B of A AND OSC Join in New Loan Program

Operation Second Chance School of Opportunity, (OSS) a subsidiary of the Operation and Bank of America have joined in an environmental loan program to help retrain those in the area who have closed their job through plant closures. Bank of America will make up to $200,000 available at 12 percent interest with payments to begin 60 days following the completion of the loan. Over the past year, most of out-of-work people are finding it is very difficult to get education unless they have a job. Since all the plants have closed, i.e. Kaiser, General Electric, Smith Tool, Santa Fe Railroad, the workers, who need to be retrained can't obtain a loan. The OSS School, offers six-month programs in word processors, computer terminal operation, electronics assembly, drafting and other high technology fields. As the money is repaid, it will be made available for new loans.}

Operation Second Chance reports about 800 workers have been displaced due to plant closures. Requests of aid to Families with Dependent Children (AFDC), or those who receive Supplemental Security Income (SSI), qualify for energy assistance. Others who are able to pay must also be documented as Food Stamp eligible. Persons interested are encouraged to contact Community Action Agency at 787-6688 or 787-6689 for details.

Congressman Brown Holds Community Meeting in Ontario

Congressman George E. Brown met with the local community of Inland Empire recently, at the home of Mr. and Mrs. Bullock. Brown talked to the group about his Inland Empire Voice, which he plans to have available for him to talk to the people of Inland Empire. When state prisoners in institutions such as the California Rehabilitation Center in Norco are paroled, they are released to the local community. When state prisoners commit offenses such as the California Rehabilitation Center in Norco, the local community must take care of the parolee. The local community will be held responsible for the parolee or the criminal. Mr. & Mrs. J.L. Bratton of Ontario welcomed Congressman George E. Brown into their home.

Read the Voice

Mayor Bob Halvorson, who has recently turned Democrat. Later that day at 12:30 P.M. Jackson will speak at New Hope Baptist Church 155 W. 10th Street in San Bernardino. The public is invited.

Jackson's candidacy is seeking a near consensus for the Democratic Party through his Rainbow Coalition of Blacks, Hispanics, Aseans and women. This means he is more involved in the slate making process. Jackson thinks his candidacy will also increase the number of Black and third party politicians to elected office. On several occasions, he has stated the goal is to achieve "parity" in officeholding equal to the proportion of people in the electorate.

Jesse Jackson

Jesse Jackson is coming to the Inland Empire to form the Rainbow Coalition of Blacks, Hispanics, Aseans and women. This means he is more involved in the slate making process. Jackson thinks his candidacy will also increase the number of Black and third party politicians to elected office. On several occasions, he has stated the goal is to achieve "parity" in officeholding equal to the proportion of people in the electorate.

"How to Handle the Temptation to Worry," was the message last Sunday, Pastor Forbes exhorted us to study Jesus for He is our example in everything. When we understand His teachings we are able to walk in His steps, 1 Pet. 2:21. Jesus is touched by our hurts and temptations because He was tempted in every respect as we are, Heb. 4:15. Jesus was confronted with the temptation to worry about His impending death in the garden of Gethsemane, Matt. 26:38-39. He prayed three times turning it over to God.

How did Jesus handle the temptation to worry? He first said, "...why do you worry, you hypocrites? Even though you know that tomorrow's sun is rising, you do not even know when it will be." Matthew 6:26. He knew the Father had plans for all of it. How could He worry about it? He knew it was God's will. We can also know that it is the Father's will for us to do a certain thing and trust Him for the outcomes.

Jesus reminded us to remember our needs and to cast our cares upon Him, and be hungry and thirsty after righteousness. Matthew 6:33. He told us to cast our cares upon Him, and He will give you rest and refresh your soul, Matt. 11:28. We warranty you to join us at 11:00 A.M. on Sunday, at the Howard Johnson's 119th Street location, for worship and to learn more about leading a victorious Christian life.

Cooper-Burkhart Home Rummage Sale The Support Group at Cooper-Burkhart Senior Day Care Center is sponsoring a Rummage Sale on December 9th and 10th, between 9:00 A.M. and 4:00 P.M. The location of the Rummage Sale is at the Trinity Lutheran Parking Lot at the corner of 11th and Crayton in Riverside. Proceeds will go to the residents at the senior day care center. Contributions gratefully accepted and are tax-deductible.

Church of Religious Science Sponsorship Rummage Sale

The Building Committee of the First Church of Religious Science, 3891 Ridge Road, Riverside, California, is sponsoring a Rummage and Baked Goods Sale on December 16, 1983, between 9:00 A.M. and 4:00 P.M. Location of the Rummage and Baked Goods Sale is the Church: upstairs and downstairs.

On the last Sunday of each month, Rev. L.H. Johnson, one of the great fathers of Jesus, exemplified this, as the hope the alms in the charitable works of Luther, the hero document that is written in the holy book of heaven and earth, who sent you his son, Jesus Christ, to suffer upon the cross for our sins. As we partake of the Holy Communion, we very reverently remember that which is written in the holy book of heaven and earth. We all benefited, as we learned to the Lord's Supper and the holy bread, who sent us His Son, Jesus, that the word of God is not false, so that we can stand against temptation as we partake of the Holy Communion, we very reverently remember that which is written in the holy book.

On November 29, 1983, Sis. Miller also gave out 64 complete Thanksgiving Baskets which served as a complete holiday meal which the families were able to prepare their Thanksgiving dinners in their own homes. The baskets were very well put together for a complete meal which consisted of turkey, yams, and all kinds of vegetables, fried chicken, relish, rolls, cake and pie.

Bishop Brookins Attends Bethel Perris Groundbreaking.

(Photos by Ken O’Ferrall)

Bethel African Methodist Episcopal Church is growing and expanding by leaps and bounds. Nestled in the gentle rolling hills at highway 74 and Sophie street, Bethel is becoming a household word in the homes of many Perris area residents.

The church was established in 1946 in the home of the late A.M.E. sisters, the late sisters: Gilday and Calloway, and sister D. Hampton Jackson who presently resides in San Francisco. The enterprise was built and dedicated in November 1970 under the pastorate of Reverend J.N. Harris. Reverend Edgar Jackson is the present pastor of Bethel and under his pastorate the church is experiencing phenomenal growth, with twenty new members added to the roll in the last two or three months. The church is now composed of 160 active members.

The congregation at Bethel is never idle or aloof in it’s efforts to be a strong asset to the A.M.E. faith and the community. For about two years the missionary society of the church has financed and conducted a program to distribute butter, cheese and other government commodities to elderly and needy residents of the community. Pastor Jackson said that the distribution program serves sixty families per month and is limited by lack of funds to handle and package the foodstuffs. However, the new fellowship hall which is under construction will permit expansion of the program.

The hard work and dedication of the members of Bethel congregation has enabled them to begin construction of a new fellowship hall. On Saturday, November 19, Presiding Bishop H. Hartford Brookins was on hand to deliver a strong address to the A.M.E. faith and the community. A Dessert for Special Guests

A homemade cheesecake is a special dessert. And every cheesecake is about one thing: deliciousness. From the rich, smooth cream cheese filling to the flaky, buttery crust, it’s all about making moments special.

Here are some tips to make sure your next cheesecake is a hit:

1. Choose the right recipe: There are many different cheesecake recipes out there, so choose one that suits your preferences. Whether you prefer a classic New York-style cheesecake or a more decadent chocolate version, finding the right recipe is key.

2. Don’t skimp on the ingredients: Cheesecakes are made with cream cheese, sugar, and eggs, among other things. Make sure you use high-quality ingredients, as this will make a huge difference in the final result.

3. Preheat your oven properly: Preheating your oven to the right temperature is crucial. An oven that is too hot or too cold can affect the texture and flavor of your cheesecake.

4. Let it cool before serving: Removing the cheesecake from the oven and allowing it to cool completely before serving is important. This will help it set properly and prevent it from cracking.

5. Add a decorative touch: Whether you top your cheesecake with whipped cream, fruit, or a sprinkle of ground nuts, adding a decorative touch can really make it stand out.

Remember, a good cheesecake takes time and effort, but the result is always worth it. So go ahead and give it a try! You won’t be disappointed.
Perris

By Paulette Brown

February 14, 1984

Valentine Sunday, I feel that we should incorporate rather than be annexed by Riverside or any other city.

Right now we are in the position to develop a community or a city, if you want a "Model for America." As we move into corporations, must make sure that racism, bigotry and other nonproductive elements are a part of our city government. There should be equal job opportunities for all our citizens. Economic gains should also be across the board. The focus should be on developmental awareness and academic excellence as well as economic gain.

I will fight for incorporation if the above is a part of the plan.

Together we can.

solve all the problems. The law is hampering the access question there will be a creative manipulation of the system to spend money on the streets.

Since this meeting however, pressure from the Reagan Administration caused the House to drop the $3.8 billion proposed for highway improvement around the Ontario International Airport. The president threatened to veto the Transportation bill it contained the project. Brown will try again next year.

...Jackson to Visit

him honorary doctoral degree.

The PUSH for Excellence (PUSH-Excels) educational program, which Reverend Jesse Jackson founded, is a mass student motivation and parent-teacher mobilization program designed to promote excellence in public education through total community involvement. It is seen as one of the nation's most powerful, helpful and innovative educational programs in the nation. He also renegotiated the economic relationship between Black America and corporate America with several newspaper articles.

Jesse Jackson is a much sought-after speaker. He has appeared before thousands of groups including the National Congress of Christian Zionism, the National League of Monetary Reform, the U.S. Conference of Mayors, the National Council of Black Mayors, the National Urban League, the United Negro College Fund, the National Council of Negro Women, the University of Notre Dame, Tennessee Agriculture & Industry State University, the National Council of Churches, the National Conference of Christians and Jews, Dr. Robert Shuler's "Hour of Power," the National Education Association, a Joint Committee of the Chicago City and State Legislatures, the American Federation of Teachers, the National Association for the Advancement of Colored People, the American Public Health Association, Phi Delta Kappa, the International Council for the Exploration of International Welfare, the First International Conference of Human Values in London, England and the International Conference on Drug Abuse and Addiction (Dublin, Ireland), and the 20th anniversary of the March on Washington.

He has met with world leaders to discuss issues of peace and human rights, including Pope John Paul II, former President Jimmy Carter, Queen Beatrix of the Netherlands, former President Ramon of Panama, the late President William Tolbert of Liberia, King Khalid of Saudi Arabia, Chief Gatsha Botha of South Africa, Prince Philip of Great Britain, King Hussein of Jordan, former Prime Minister of West Germany Will Brandt and the late President Anwar Sadat of Egypt.

Some of his closest friends include Pope John Paul II, President Jimmy Carter, the late President Anwar Sadat of Egypt, former President Ramon of Panama, the late President William Tolbert of Liberia, King Khalid of Saudi Arabia, Chief Gatsha Botha of South Africa, Prince Philip of Great Britain, King Hussein of Jordan, former Prime Minister of West Germany Will Brandt and the late President Anwar Sadat of Egypt.

Without going into puzzle

THURSDAY, DECEMBER 8, 1983 VOICE NEWS PAGE 7

CONGRESSMAN GEORGE E. BROWN addressed a group of constituents in Ontario, Ca.

DOROTHY BINGHAM, coordinator and longtime supporter of Congressman Brown told the audience about his career and gave examples of how he has helped senior citizens.

The refreshments were outstanding as Constituents enjoyed the fellowship and focused on what the congressman had told them.

A major goal of Reverend Jackson is the achievement of political parity and economic emancipation for Black Americans. He therefore consistently spearheads voter registration drives, urges greater participation for Blacks in the electoral process, and negotiates proprietorship for Blacks in the economic system. He believes we need a "fratbro" coalition of women, men, and other groups to achieve realistic solutions to America's problems.

Another integral part of Reverend Jackson and his leadership in his religious calling. An ordained Baptist minister since 1968, Jesse Jackson is Associate Pastor of Fellowship Missionary, Baptist Church in Chicago. Since 1971, he has delivered the keynote address to the weekly Saturday morning meetings at Devotion PUSH national headquarters in Chicago. He regularly preaches in churches around America on Sunday mornings. In executing his ministerial responsibilities, Reverend Jackson inspires hope and feeling of self-worth in the destitute and dispossessed with his internationally known slogan, "I Am Somebody!"

Reverend Jackson resides in Chicago with his wife Jacqueline and their 5 children, Saturn (20), Jesse, Jr. (18), Jonathan (17), Yusel (13), and Jacqueline (9). Some of his closest friends encouraged him not to run for President because they believe he cannot win. Jackson always quipped back, "If you run, you may lose, but if you don't run, you are guaranteed to lose." With his last run in November, he will be running to the Inland Empire.

Rep. Brown introduces Bill to Invest in the Nation's Disabled

Washington, D.C. — Rep. George E. Brown, Jr. (D-Riverside) introduced a bill today in the U.S. House of Representatives that would allocate resources to help disabled individuals gain independence and employment. These savings include reduced welfare payments, reduced Social Security Disability Insurance payments, reduced Medicare payments, and increased federal, state and local tax revenues. An annual benefit of at least $15.5 million is projected by the end of the second year, based on conservative assumptions. The savings are expected to increase annually thereafter.

"Recent technological advances in sensory and communications aids can make many handicapped individuals independent and employable," Brown said. "It is folly to spend our resources only in the short-term. These savings include reduced welfare payments, reduced Social Security Disability Insurance payments, reduced Medicare payments, and increased federal, state and local tax revenues. An annual benefit of at least $15.5 million is projected by the end of the second year, based on conservative assumptions. The savings are expected to increase annually thereafter.

Brown also noted the personal benefits of this legislation which allows basic human needs for the sensory-impaired. Brown said, "This bill strives to meet the test of progress, as defined by Franklin D. Roosevelt. "The test of our progress is not whether we add more to the abundance of those who have too little. It is whether we provide enough for those who have too little." If we can answer the human needs of disabled individuals, and reduce the deficit of the time, what better progress?

Rep. Brown is a senior member of the House Science and Technology Committee, which recently held hearings on technologies for the disabled. He is also a board member of the Technology Assessment Board, a congressional agency which examines the impact and potential of advancing technologies on society.

NUL Announces Fellowships

The Fellowship Program will be designed to provide young minority men and women with the practical experience needed to enhance and strengthen their professional development. It is named in remembrance of the NUL's co-founder and first executive secretary.

Edison Offers New Residential Pay Plan

Southern California Edison Company is offering its residential customers the opportunity to save even more on their electric energy costs. The plan, available only to Edison customers who have lived in the same residence for at least one year, is designed to help customers budget for residential energy costs, according to Christina Garant, Edison manager for the Fontana/AREA.

"Customers can automatically enroll in this plan simply by paying the Level Plan amount shown in the "Average Area" of their monthly bills," Mrs. Garant said. "It will cost customers nothing to join. If they do not wish to participate, they can pay the "Total Amount Due," she added.

"The utility is customizing its Level Plan to each individual residential customer's energy usage. The result is a lower consumer service charge, based on the household's electric consumption during the previous two years and on current electric rates," Mrs. Garant explained.

On the last month of a customer's Level Plan contract, Edison sends a letter asking the customer to choose whether to continue in the Level Plan or to be charged at the prevailing rates. If the customer chooses to continue in the Level Plan, the plan will be automatically renewed for another year.

"The Level Plan amount will be recalculated every three months to take into account any changes in energy usage and in residential energy costs," Mrs. Garant reported. "The plan helps to stabilize the customer's energy bill and provide an accurate average which the customer can budget on. It makes it easier to know what to expect from month to month," she added.

"The plan is available to all Edison customers who wish to participate. The only requirement is that customers must have lived in the same residence for at least one year," Mrs. Garant explained. "Customers may drop the Level Plan rate at any time by contacting Edison at the phone number below. If a customer chooses to do so, their current plan will be automatically cancelled and Edison will begin charging them the prevailing rates."

The plan does not apply to customers who are participating in Edison's Time of Use Program or customers who are participating in Edison's Drought Program. Edison is also offering an annual energy conservation program called the "Co-Op Program," which is available to all Edison customers.

"Customers who choose to remain on the Level Plan will have the lowest energy bill for their residence," Mrs. Garant said. "The plan helps to stabilize the customer's energy bill and provide an accurate average which the customer can budget on. It makes it easier to know what to expect from month to month," she added.

"The plan is available to all Edison customers who wish to participate. The only requirement is that customers must have lived in the same residence for at least one year," Mrs. Garant explained. "Customers may drop the Level Plan rate at any time by contacting Edison at the phone number below. If a customer chooses to do so, their current plan will be automatically cancelled and Edison will begin charging them the prevailing rates."
