The convention is designed to improve the quality of the black press and to help the national and the local communities. It is a gathering of black publishers and editors from all over the country.

Some of the outstanding experts in fields impacting on the quality of the black media have been encouraged to serve on various committees and workshops that are designed to serve as resource persons for their respective committees and workshops during the convention.

Sickle Cell Organization May Close Doors in 6 Months

Faye B. Bryant, National President of Alpha Kappa Alpha Sorority, and Norma Tuck, Further-West Regional Director of the organization, announced that the Sickle Cell Organization will close its doors in April of 1985 when the organization's federal funding is terminated.

According to sources close to the organization, the money was allocated to the Sickle Cell Organization to help fund a concerted effort to help those suffering from the disease.

The Sickle Cell Organization is one of the most active groups involved in helping the sickle cell crisis and the resulting health problems.

The organization is composed of 28 national women's units and is dedicated to serve the needs of those suffering from the disease.

The theme for the convention is "Prevention is Better than Cure". The convention is being held in Palm Springs on October 25-27.

The following initiatives on the November ballot pose a grave threat to the lives of Black, Brown, and poor people in California. We must remember the costs in Mental Health and School Funding to our Government's Govenmmt and the jobs and services lost under Prop. 13. The following information is a summary of the 1986 November ballot of the November Bulletin to concern the People.

PROPERTY TAXATION: Proposition 38 (Constitutional Amendment)

Proposition 38 would require California to support an amendment to the Constitution to permit California voters to enacting two proposi­tions that provide for printing of Bilingual Ballots in certain counties. Proposition 38 would require California to support an amendment to the Constitution to permit California voters to enacting two propositions that provide for printing of Bilingual Ballots in certain counties.

REAPPORTIONMENT: Proposition 39 (Constitutional Amendment)

Proposition 39 would create a powerful new body and thus would give all voters a greater voice in the government.

Second Annual Latino Unity Banquet

Preparations are underway for the Second Annual Latino Unity Banquet. With a central theme of Voter Mobilization, the banquet will be held on Thursday, November 1, 1984 at RIVERSIDE Square Convention Center, located at 3443 Orange Street, Riverside, California.

According to Dr. Armando Navarro, Congress for United Communities, State President, "the purpose of the banquet is to give further impetus to the unity efforts designed to get out the vote against propositions 41, 29, 38, and 36 and support those candidates who are against them".

The banquet's program will include presentations by U.S. Senator Alan Cranston; Oscar Chavez, UNI National President, and Dr. Armando Navarro, CPU State President. Invited to give the keynote address will be either Congresswoman Bobbi Garcia of New Mexico, Chairman of the Hispanic Congressional Caucus.

Attending the program will be several honored guests which include: Congressman Mathias Martínez, Congressional Executive, Congressman George Brown, Carmen Peña, California Democratic Party; Vice Chairman, and others. Also, the Spanish International Communications Corporation (SECC) will be honored for its contributions in building bridges that have been directed towards the defeat of the discriminatory Simpson/Mazzoli immigration legislation.

A very special tribute will be made to the late UCR Chancellor, Dr. Thomas Rivers in recognition of his legacy, leadership, and many contributions to the people of California. His wife, Concha Rivera will be present to receive a financial contribution from the Congress for United Communities for the Thomas Rivers Scholarship fund at UCR.

The program starts at 6:30 p.m. with a reception. Dinner will be served from 7:30 to 9:00 p.m. The formal program begins at 9:00 p.m. The cost per person is $25.00. Tables of eight are available for $200.00 and can be reserved for $250.00. Information or reservations call (714) 888-0207.

Carlotta, The Library Assistant

CARLOTTA SORINO is a library assistant at the main branch of the public library. This afternoon she is explaining her work to a group of student volunteers.

"Right this way, ladies and gentlemen," Carlotta said. "Here are our card catalogs. There is a card for every book in the library. One of your duties will be to type and file these cards."

"Do we have to be able to type very fast?" asked Eva.

"If you can type fast, that's fine," said Carlotta, "but we need accuracy more than we need speed."

What else do we have to do?" Jorge asked.

"Each week I will assign two of you to take care of the circulation area," Carlotta said.

"What is the circulation area, Ms. Sorino?" asked Jim.

"The circulation area is where books are borrowed and returned. You stamp the card with the date that the book is to be returned to the library. You use a special machine to take a picture of the person's library card. This is how we know who has borrowed our books," Carlotta explained.

"What do we do if a book is returned late?" Pete asked.

"We charge 10¢ a day for each book that is returned after the due date. That is the date that is stamped on the card in each book," Carlotta responded.

"That is a very nice display over there, Ms. Sorino," said Essie. "Who made it?"

"That display was made by one of the other library assistants," said Carlotta. "That will be one of your duties, too. You will also keep the bulletin board up-to-date."

Did You Know That...

Some of the largest and most active organizations in our communities have Greek names? These organizations help to build our communities. They are called community-building organizations.

These organizations with Greek names are called fraternities (fra-tur-'nuh-teez) and sororities (sah-ror-'uh-teez). A fraternity is a fellowship of men. A sorority is a fellowship of women.

The name of another organization with a Greek name is the National Sorority of Phi Delta Kappa.

We have already learned that Phi (fy) is the 21st letter in the Greek alphabet. Phi is written like this Φ. We have learned that the 4th letter in the Greek alphabet is Delta. It is written like this Δ. We know that Kappa is the 10th letter in the Greek alphabet. It is written like our letter K.

The National Sorority of Phi Delta Kappa was founded in 1923. It is a society of teachers. The sorority encourages the growth of teaching as the finest art among Black people.

Today, there are nearly 5,000 members of the sorority in the United States and abroad.

The sorority has given more than $200,000 in scholarships to deserving students. It sponsors the Ashmun Street Children’s Library in Monrovia, Liberia (West Africa) and other reading centers and clinics.

Is there a chapter of the National Sorority of Phi Delta Kappa in your community? If there is, get in touch with them and tell them you heard about them in The ADVANCER.
Not long ago a man from a village in Zambia wrote to a local newspaper to ask for some advice. "I live near a bus stop," the man explained. "I left my village a few years ago. Many friends and relatives from my village stop off to visit me on their way to and from Lusaka, the capital."

"According to custom," the man continued, "it is my duty to give my tribesmen food and money for their journey. I have a good job, but I am not a rich man. These people keep me poor. I do not dislike them, but what can I do?"

The man was very serious. Many Africans are bound by family and community ties. Unwanted guests are no laughing matter. If these guests come often enough or stay long enough, they could eat this man out of house and home. He may be forced to choose between the older values such as family loyalty and the demands of a new, changing Africa.

Like this man, Africans often find that they must choose between older and newer ways of doing things. Such choices affect ways of spending money. They also affect ways of making money.

Most Africans make their living from the land around them. For hundreds of years, almost all Africans were farmers or hunters. Now many Africans work in factories and stores. But most Africans still make their living as farmers or hunters. In Black Africa three out of every four people earn their living by farming.

There are three groups of Africans who live off the land. They are: hunters and food gatherers, herdsmen and farmers.

Today, very few Africans make a living as hunters (hunting wild animals for food) or food gatherers (picking wild fruits and berries). Some of the people who still make a living in this way are the Pygmies and the San.

The Pygmies are sometimes called Negritos. The average Pygmy adult male is under five feet tall. They were the only inhabitants of the Congo Valley before the farmers came. Today there about 35,000 Pygmies. They live in small bands. They depend on the forest for most of their food. They trade with nearby farmers, too.

The San people are sometimes called Bushmen. They live in caves or small huts on the Kalahari Desert in Southwest Africa and in Botswana. They seek out their quarry—antelopes, for example—by following footprints in the sand. Often the San kill the animal with arrows dipped in poison. Then they carry the carcass back to camp where they skin and butcher it for meat.

A QUIZ ON WEST – CENTRAL AFRICA

Before going on with "Our Geography Lesson," let's take time to see how much we have learned about the countries of West-Central Africa.

For the next few weeks this page will test your knowledge and help you remember the facts. Feel free to use your back issues of The ADVANCER for help. Try to take all parts of the test BEFORE you look at the answers.

WEST-CENTRAL AFRICA

Here are the countries of West-Central-Africa. (The numbers in parentheses are population figures. You will use them later):

A. Angola (6,580,000)
B. Cameroon (8,250,000)
C. Central African Republic (2,446,000)
D. Chad (4,574,000)
E. Congo (1,525,000)
F. Equatorial Guinea (345,000)
G. Gabon (585,000)
H. Sao Tome & Principe (83,000)
I. Zaire (28,504,000)

A. Match the following capitals to the countries above by placing the letter of the country (A-1) in the space beside the capital.
1. Bangui
2. Brazzaville
3. Kinshasa
4. Libreville
5. Luanda
6. Malabo
7. N'djamena
8. Sao Tome
9. Yaounde

B. The numbers in parentheses () beside the countries above are population figures. Place the countries in order from largest (1) to smallest (9) by placing the numbers 1-9 in the spaces beside the countries.

[Clue: In the number 1,500,000, the 1 means millions; 500,000 means 500 thousand. Drop the last 3 zeros and compare the millions and hundred thousands. For example, if you had 1,500,000 and 1,400,000. Drop the zeros—then compare 1,500 and 1,400. 1,500 is larger so it is #1.]

C. Match the following ethnic groups with the countries by placing the letter (A-1) of the country in the spaces.

[Note: You may use a country more than one time.]

AOIP Force
Featuring Blaze & Harmony

Last week, Harmony had to fight a dangerous robot. After winning the fight, she called Blaze...

Hey, Harmony! What's up?

But we have to stop them fast!!

We need more manpower to help us spot these robots and find their creator!!

I caught one of the thieving robots. Dangerous suckers, that's for sure!

Do you have any idea who set this robot caper up?

No. I don't!!

Not only are they stealing books — they're also dangerous — and may hurt people!

OK. Good idea!!
