Propositions if Passed will Hurt Vote No On These Propositions They Will Hurt You

The following initiatives on the November ballot pose a grave threat to the lives of Black, Brown and other people of color in California. We must remember the costs in Mental Health and School Funding in Black and Brown communities and the jobs and services lost under Prop. 13. The following information is a summary of the November ballot in the 2020 California November election. The November ballot of the 2020 election.

PROPERTY TAXATION: Prop. 13

Proposition 13, passed by 50% of 1979 voters, as authored by Howard Jarvis and later supported by Paul Gann, will have the effect of further marginalizing already marginalized communities. This proposition unilaterally set a ceiling on home values for property tax purposes and would drastically cut the operating revenues the state and local governments receive from property taxes. Proposition 13 was intended to give property owners, especially owners of homes, the right to keep them from being taxed at market value.

Proposition 13 would amend the California Constitution to restructure the property tax system. It would require the state to pay any increase in property values to homeowners. The California Constitution currently allows the state to provide homeowners with a break from property taxes. This proposal would restrict the state's ability to offer this break to homeowners.

REAPPORATION:

Proposition 39

The most potentially damaging initiative is Proposition 39, which would create an electoral commission of 14 members. The majority of members would be elected non-partisan. This proposition would provide for a vote, and thus input, by a cross-section of the public to guarantee equal voting rights for African Americans.

Proposition 39 would offer the following important new protections: 

- Provides for printing of bilingual ballots in certain counties.
- Provides for a vote, and thus input, by a cross-section of the public to guarantee equal voting rights for African Americans.
- Establishes a bureaucratic Public Assistance Commission to evaluate state public assistance programs.
- Reduces Med-Cal benefits by 50%, a significant portion of K-12 school funding.

Represents a threat to public funding of K-12 education.

Individual contributors would be limited to a maximum of $1,000 per candidate or party committee.

$1,000 per candidate.

New bill that plays the public has learned to have people play the public's game. Voting rights would be protected against the public's game.

Proposition 40 would establish a new system to fund public schools. It would limit the use of public funds for education, thus limiting the ability of children to participate in public funding of schools.

League of Women Voters - Prop 38

The "pros and cons" of the November ballot measures will be presented to the public by the Claremont League of Women Voters on Tuesday, October 17, at 6:30 p.m. The meeting is sponsored by the Pomona League of Women Voters and will be held at the Adams Funeral Home toolbar of 234 South Grand Ave., Pomona.

Since several of these measures include important, if controversial, issues, the public is urged to attend any discussion of the measures. For an equal and well-informed examination of the issues, come to this meeting, or call the League of Women Voters at 918.223.5658 for dates of other public meetings.

Focus on Apartheid

Focus on Apartheid by Randy Wills

The late Dr. Martin Luther King, Jr., in the summer of 1966, was unequivocally clear on this subject: "We cannot fight for the freedom of the jews without fighting for the freedom of the Israelis." The words of Dr. King should ring true today in our homes and communities.

Proposition 41 would elimi­

ate a form of South African apartheid that resembles a pyramid. This pyramid involves the following major elements:

- Legalization of the apartheid system.
- The right of whites to vote.
- The right of whites to own property.
- The right of whites to control the government.
- The right of whites to control the economy.
- The right of whites to control the education system.
- The right of whites to control the health care system.
- The right of whites to control the legal system.
- The right of whites to control the military.

Focus on Apartheid and its on-going series of reports examining the realization of South African form of restrictive and dehuman­
izing government call apartheid.

Proposition 41

Would: • Ban assistance for an employer, supporting his children from $500 to $500 per month, a $30 reduction.

Would: Fund $500 for employment training and other programs aimed at taking people off welfare.

Establishes a bureaucratic Public Assistance Commission to evaluate state public assistance programs.

Reduces Med-Cal benefits by 50%, a significant portion of K-12 school funding.

Proposition 41 is a blatant attack on the welfare system of Black women, particularly Black women living in the 30% of Californians receiving public assistance who are Black households of households.

We recommend a vote against the above proposition because of their adverse affect on Black, Brown and poor people.

League of Women Voters - Prop 38

The "pros and cons" of the November ballot measures will be presented to the public by the Claremont League of Women Voters on Tuesday, October 17, at 6:30 p.m. The meeting is sponsored by the Pomona League of Women Voters and will be held at the Adams Funeral Home toolbar of 234 South Grand Ave., Pomona.

If you have your furnace pilot turned off for the summer, it was a smart move. You saved money.

You're not out of the woods yet. It's still around the corner. So make sure you can safely light your furnace pilot before you need your furnace for heat. Your access panel to the main gas control is a good time to look for the instructions.

If you can't find the instructions, or you're unsure how to light your furnace pilot, call our techs at 918-223-5658 and have them take a look at your furnace.

You might have a few more people calling during the first cold spell. So call today while our service people aren't so busy. That way you won't be left out in the cold.

Part 1 of Four Parts

Even in the advantage of the month of Libra when no zodiac of the art of astrology and the other zodiac signs are so far as Libra is concerned, many people find Libra to be a very favorable zodiac for close relationships and to be a very favorable zodiac for close relationships.

Proposition 13 is placed in Libra, while Proposition 39 is not. The question is: how do these two zodiacs relate to each other? The answer is: Libra is favorable for close relationships and Proposition 39 is not.

Pamela: I think one of the instructions is to consider the chart in this book. It is the chart in this book that is favorable for close relationships.

Second Annual Latino Unity Banquet

Preparations are underway for the Second Annual Latino Unity Banquet. With a central theme of Voter Mobilization, the banquet will be held on Thursday, November 1, 1984 at the Hilton Hotel in Los Angeles. The event is scheduled to start at 6:30 p.m.

The banquet's program will include presentations by the California Democratic Party, Vice Chairperson, Dr. Edith Simpson/Mazzoli, and theme-related activities that will be directed towards the defeat of the discriminatory Simpson/Mazzoli immigration legislation. According to Dr. Annando Navarro, CPU State President, "the purpose of the banquet is to give further impetus to the unity efforts designed to get out the vote against propositions 41, 29, 36, and 38 and support those candidates who are against them!"

The banquet's program will also include presentations by U.S. Senator Alan Cranston, Oscar Chavez, UWJ National President, and Dr. Annando Navarro, CPU State President. Invited to give the keynote address will be either Congressman Robert Garcia of New York or Congressman Bill Richardson of New Mexico, Chairperson of the Hispanic Congressional Caucus.

Attending the program will be several honored guests which include: Congresswoman Mathias Martinez, Congresswoman Gutierrez Esteban Torres, Congressman George Brown, Carmen Perez, California Democratic Party, Vice Chairperson, and others. Also, the Spanish International Communication Corporation (SICC) will be honored for its contributions in fighting efforts that have been directed towards the defeat of the discriminatory Simpson/Mazzoli immigration legislation.

A very special tribute will be made to the late UC President, Dr. Toribio Rios. In recognition of his legacy, leadership, and many contributions to the people of California. His wife, Celeda Rios, will present a financial contribution from the Congress for United Communities for the Toribio Rios Scholarship fund at UC.

The program starts at 6:30 p.m. with a reception. Dinner will be served from 7:30 to 9:00 p.m. The formal program begins at 9:00 p.m. The cost per person is $25.00. Tables of eight are available for $200.00 and tables for ten at $250.00. For information or reservations call (714) 888-0207.

Proposition 37, the lottery.

A lot of money to be made these

In these lotteries, however, we are wrong to play the numbers, our percentages of losses are much larger than the percentage of Blacks and poor people. Lottery. We have been somewhat

insensitive In eastern states. As a result, the money for groceries bread, milk, gasoline and other family essentials who's last dollar went to the Lottery. We have seen the many child growing up in Pitts, whose last dollar went to the Lottery.

We commend a No vote on Proposition 37, the lottery.

In California there will be a lot of people playing the lottery and a large percentage will be Black. However, the law of averages won't find many winners.

The company that created the printing and control anything which will make money will be the White owned and will be White dominated. We will again give up our money to them with bitterness, thus draining our resources. We must look at what the liquor and tobacco industries have done in draining our communities with out any returns to them.

Williamson Named Superwoman by NWPC at Brown Fundraiser

Last week, Bill Shattler, actor, who played Perry Como's father, addressed a group of "Super Women" at the home of Alas Young in the Hills of Riverside.

The National Women's Political Caucus (NWPC) held a fund raiser for Congressman George E. Brown, Jr., which honored several Riverside women. Shattler was invited to the meeting on Nuclear Freeze and is one of a group of actors and actresses who are supporting Nuclear Disarmament.

He said he must stop this insane thing that is happening in our country.

Congressman Brown, he said, is no hero, since in the bilateral Nuclear Weapons Freeze issue he voted 400 to 1, 51 votes voting against the freeze. He urged support of him to these gathered.

Superwomen were saluted as such because Lois Lane (Margi Kidder) was formerly saluted as being, because she sent a message and Shattler was a good replacement for her.

The Superwomen were Eunice Williamson, NWPC President, Riverside Branch, Mimi Curtin, Secretary/Treasurer AFT-CIO, Littleton Rockwell, Community leader, Penny Naiman, of Streamline fame, Riverside Councilwoman Jean Mandel and Jane Black, Community leader, and Jean Pappas.
Carlotta, The Library Assistant

CARLOTTA SORINO is a library assistant at the main branch of the public library. This afternoon she is explaining her work to a group of student volunteers.

"Right this way, ladies and gentlemen," Carlotta said. "Here are our card catalogs. There is a card for every book in the library. One of your duties will be to type and file these cards."

"Do we have to be able to type very fast?" asked Eva.

"If you can type fast, that's fine," said Carlotta, "but we need accuracy more than we need speed."

What else do we have to do?" Jorge asked.

"Each week I will assign two of you to take care of the circulation area," Carlotta said.

"What is the circulation area, Ms. Sorino?" asked Jim.

"The circulation area is where books are borrowed and returned. You stamp the card with the date that the book is to be returned to the library. You use a special machine to take a picture of the person's library card. This is how we know who has borrowed our books," Carlotta explained.

"What do we do if a book is returned late?" Pete asked.

"We charge 10¢ a day for each book that is returned after the due date. That is the date that is stamped on the card in each book," Carlotta responded.

"That is a very nice display over there, Ms. Sorino," said Essie. "Who made it?"

"That display was made by one of the other library assistants," said Carlotta. "That will be one of your duties, too. You will also keep the bulletin board up-to-date."

Did You Know That...

Some of the largest and most active organizations in our communities have Greek names? These organizations help to build our communities. They are called community-building organizations.

These organizations with Greek names are called fraternities (fra-tur'-nuh-teez) and sororities (sah-roh'-uh-teez). A fraternity is a fellowship of men. A sorority is a fellowship of women.

The name of another organization with a Greek name is the National Sorority of Phi Delta Kappa.

We have already learned that Phi (fy) is the 21st letter in the Greek alphabet. Phi is written like this: Φ. We have learned that the 4th letter in the Greek alphabet is Delta. It is written like this: Δ. We know that Kappa is the 10th letter in the Greek alphabet. It is written like our letter K.

The National Sorority of Phi Delta Kappa was founded in 1923. It is a society of teachers. The sorority encourages the growth of teaching as the finest art among Black people.

Today, there are nearly 5,000 members of the sorority in the United States and abroad.

The sorority has given more than $200,000 in scholarships to deserving students. It sponsors the Ashmun Street Children's Library in Monrovia, Liberia (West Africa) and other reading centers and clinics.

Is there a chapter of the National Sorority of Phi Delta Kappa in your community? If there is, get in touch with them and tell them you heard about them in The ADVANCER.
Not long ago a man from a village in Zambia wrote to a local newspaper to ask for some advice.

"I live near a bus stop," the man explained. "I left my village a few years ago. Many friends and relatives from my village stop off to visit me on their way to and from Lusaka, the capital."

"According to custom," the man continued, "it is my duty to give my tribesmen food and money for their journey. I have a good job, but I am not a rich man. These people keep me poor. I do not dislike them, but what can I do?"

The man was very serious. Many Africans are bound by family and community ties. Unwanted guests are no laughing matter. If these guests come often enough or stay long enough, they could eat this man out of house and home. He may be forced to choose between the older values such as family loyalty and the demands of a new, changing Africa.

Like this man, Africans often find that they must choose between older and newer ways of doing things. Such choices affect ways of spending money. They also affect ways of making money.

Most Africans make their living from the land around them. For hundreds of years, almost all Africans were farmers or hunters. Now many Africans work in factories and stores. But most Africans still make their living as farmers or hunters. In Black Africa three out of every four people earn their living by farming.

There are three groups of Africans who live off the land. They are: hunters and food gatherers, herdsmen and farmers.

Today, very few Africans make a living as hunters (hunting wild animals for food) or food gatherers (picking wild fruits and berries). Some of the people who still make a living in this way are the Pygmies and the San.

The Pygmies are sometimes called Negrillos. The average Pygmy adult male is under five feet tall. They were the only inhabitants of the Congo Valley before the farmers came. Today there are about 35,000 Pygmies. They live in small bands. They depend on the forest for most of their food. They trade with nearby farmers, too.

The San people are sometimes called Bushmen. They live in caves or small huts on the Kalahari Desert in Southwest Africa and in Botswana. They seek out their quarry—antelopes, for example—by following footprints in the sand. Often the San kill the animal with arrows dipped in poison. Then they carry the carcass back to camp where they skin and butcher it for meat.

"I noticed one of the librarians telling stories to a group of children," Minnie said. "Will we get a chance to do that, too?"

"Yes, Minnie," said Carlotta. "During the summer vacation we have storytelling every afternoon at 2:00 for different groups of children. After school starts we move the time to 3:30."

"What does it take to make a good library assistant?" asked Abdul.

"Library assistants must like people and want to help them. They must be interested in books, too," Carlotta replied.

"Does a library assistant have to go to college?" asked Eva.

"A high school diploma or GED is required, Eva. Some of the assistants at this library have taken courses at the Community College," said Carlotta.

"Have you taken any of these courses?" asked Jim.

"Yes, Jim. I am enrolled in two new courses at the college. I would like to become a librarian someday," replied Carlotta.

"I like people," Minnie said, "and I want to help them. I think I'll volunteer here at the library."

"Good for you, Minnie. Anyone who wants to volunteer can sign up here," Carlotta said, pointing to a pad on the counter.

"Being a volunteer makes you feel good, doesn't it, Ms. Sorino?" asked Essie.

"It surely does, Betty. There's no other feeling like it!" Carlotta replied.
Before going on with "Our Geography Lesson," let's take time to see how much we have learned about the countries of West-Central Africa.

For the next few weeks this page will test your knowledge and help you remember the facts. Feel free to use your back issues of The ADVANCER for help. Try to take all parts of the test BEFORE you look at the answers.

**WEST-CENTRAL AFRICA**

Here are the countries of West-Central-Africa. (The numbers in parentheses are population figures. You will use them later):

A. Angola (6,580,000)
B. Cameroon (8,250,000)
C. Central African Republic (2,446,000)
D. Chad (4,574,000)
E. Congo (1,525,000)
F. Equatorial Guinea (345,000)
G. Gabon (585,000)
H. Sao Tome & Principe (83,000)
I. Zaire (28,504,000)

A. Match the following capitals to the countries above by placing the letter of the country (A-1) in the space beside the capital.

1. Bangui
2. Brazzaville
3. Kinshasa
4. Libreville
5. Luanda
6. Malabo
7. N’djamena
8. Sao Tome
9. Yaounde

B. The numbers in parentheses () beside the countries above are population figures. Place the countries in order from largest (1) to smallest (9) by placing the numbers 1-9 in the spaces beside the countries.

[Clue: In the number 1,500,000, the 1 means millions; 500,000 means 500 thousand. Drop the last 3 zeros and compare the millions and hundred thousands. For example, if you had 1,500,000 and 1,400,000. Drop the zeros—then compare 1,500 and 1,400. 1,500 is larger so it is #1.]

C. Match the following ethnic groups with the countries by placing the letter (A-1) of the country in the spaces. [Note: You may use a country more than one time.]

1. Azanda
2. Bakota
3. Bakongo
4. Bakuba
5. Banda
6. Bantu
7. Bamum
8. Bayaka
9. Fang
10. Mbede

AOIP Force

Featuring Blaze & Harmony

Last week, Harmony had to fight a dangerous robot. After winning the fight, she called Blaze...

Hey, Harmony! What's up?

I caught one of the thieving robots. Dangerous suckers, that's for sure!

Do you have any idea who set this robot caper up?

No. I don't!

But we have to stop them fast!!

Not only are they stealing books— they're also dangerous—and may hurt people!

We need more manpower to help us spot these robots and find their creator!!

Let's call the AOIP kids. We need their help!

OK. Good idea!!
