The Adjustments

HOPE

bless

Lots of planning

Less human interaction

more time at home

less going out

Plan for
school,
work,
baby,
etc.

Be hopeful
Be kind
Be smart

on the bright side,

- more time at home = more time w/ baby
- less driving = less gas & less miles in car

Saving money \$

Journal #1

So excited for this archive project. It should be fun. Maybe writing about how things are going or just writing about anything new will be worthwhile.

Let's Get Started

Journal #2

• There's a lot to do! Online classes haven't been too bad but it feels like my professors are giving us so much more work.

My favorite class right now is theatre.

It's my earliest class at 7AM but I don't mind it. The biggest challenge with it is that I have to watch baby & Zorn at the same time.

Journal #3

SPECIAL DAY

It's been a good week so far.

• Anakin crawls on his own now!!!

So excited about that.

• I got kicked out of a zoom session because my wifi went out, luckily my professor records his lectures so I could always look back for missed info.

Journal #4

• Midterm week has been hard. I hope I do well on all my finals. Although I'm a bit nervous for math since it's not my strongest subject.

Good Luck!!

Journal #5

School and mom life aren't so easy when you can't have your family help out. If they don't live in the same house hold as you. ☹️ Sigh** ☹️

THANKS GIVING

Journal Update
Thanksgiving edition

This one was different. We stayed home to protect our little guy. We got to facetime my mom and sisters though. Made a turkey & all the sides. Maybe christmas will be different.

I Hope ———

Anakin isn't getting much interaction with other babies and I really wish he could.

with hope
