"Gospel" For Religious Freedom

Hollywood's Religious freedom and the freedom to worship was the message from gospel singer and ministers at the first "Hallelujah Night." The music and message were presented as part of a program to promote the value of religious freedom and to urge people to actively support efforts to protect this freedom.

MARBLE KING: Internationally known gospel singer, Broadway, and television star, performs at "Hallelujah Night" held at the Celebrity Center sponsored by the Religious Freedom Crusade. The message of the evening was Religious Freedom needs to be protected for all religions.

The evening's entertainment was held at the Church of Scientology's Celebrity Center in Holly­ wood and was sponsored by the Religious Freedom Crusade. The event was a celebration of a $39 million recount decision that had been decided against the Church of Scientology of Los Angeles and which was recently decided against a mosiac.

Hubbard's Cupboard opened

By Dr. H. Hubbard, Redlands Community Baptist Church

Am I a warrior or a woman? Am I fighting the good fight of faith? Will the Lord say well done" to the good and faithful servant? Have you had enough?

It is the duty of the Christian and the Church to not only speak out but to actually demonstrate that the very slave like prejudice that we call religious freedom in many places of South Africa as well as the other countries of the political kindven government to help the people in the South of the United States of America. Also the attempting factions who are formed into denominational efforts that again would affect lower income minorities here in America. Have you noticed there are no national bible studies in Beverly Hills and that we do not have word of the water is excellent.

I do not encourage hatred but what I do encourage is love and concern for others. God and the country is speaking out in a loud voice to the oppressor. In this country where even the sky is blue, but we can never have the black and white that exists in the graveyard, man has imitated distance for we can no longer hear the Heavens. He has prolonged life for people are living longer than ever before. Man has made life easier by modern technology, and the war is the thing of the present day.

'Man' from the perspective of the Creator

He is the Witch-crafted yahs from clay, and then Created a firm earth (Ps 145:19). And there is in His presence another determined term, yet Ye doubt within yourselves! Holy Quran '61:11 Sarah slapped

The message of the evening was Religious Freedom needs to be protected for all religions.

Along with the Hallelujah Band, the band was put together for this event and was comprised of such musicians as Nicky Hopkins, pianist player who was involved with such groups as the Beatles, Rolling Stones and the Who, Michael Casales, percussionist who played with Santana and Al Di Meola, and drummer, who has played with Sly and the Family Stone and Weather Report. The evening was offered free of charge and other "Hallelujah Nights" are planned for the near future.

The Religious Freedom Crusade was formed in response to legal challenges and the increase in government infringement into the affairs of religious groups which the Crusade aims to end dangerous religious freedom in the United States. It's goal is to establish an economical and effective defense effort to safeguard and preserve religious liberty and stand in order to bring about religious liberty issues.

To Pastor Reginald Woods

Once again Allen was the featured speaker. However as a Biological and social creature, it does not end there. There was a great need on the part of the evening which was a thing of the present day. He has Annihilated distance for people are living and speaking out. If we fail to stand up or if we question our spiritual beliefs, we can go to outer space. He has made life easier by modern technology and the war is the thing of the present day.

The dedication service will begin at 6:30 p.m. sharp and feature the music ministry of the famous "Gospel" Prayer singers. The church's location is 1104 West 8th Street. Rentals will be served and the public is invited.

QUESTION: What should I consider when purchasing clothes for Back-to-School?

ANSWER: August is the month when parents and children make back-to-school purchases. Remember children's clothes must meet a variety of needs—suitable and some not-so-suitable.

In planning your children's wardrobes, keep in mind each child's activities and interests. Is it necessary to purchase clothes for special occasions?

The expected length of wear of the various clothing items will vary. A child's growth and development require that the clothing be appropriate for particular stages of growth and the activities associated with each stage.

Clothing has many meanings. Clothes give children the means to be like other children, develop a sense of ownership and responsibility, gain self-confidence and independence, and acquire freedom of activity. In relation to growth stages, children may need to choose particular clothes.

Beautification Voluntary Committee

The Eastside Neighborhood Advisory Committee are celebrating the completion of the first two homes funded through the Cal-O-Ease Beautification Assistance Program in Riverside on North and Eleventh Streets, at an open house Friday, August 23, 1985.

Stop-look-and listen...
When a small select, powerful group of men and women came together in Palm Springs recently, the effects were heard all over the nation, and they decided to reciprocate their share of the market in Black Hair Care.

The group was the American Health and Beauty Advisors (AHBAI), a consortium of Black-owned health and beauty product manufacturers, directed by Lafayette Jones.

The group met for a general overview of the ethnic health and beauty market, the current trends in the industry and for what they should prepare.

Jesse Jackson, Myron Johnson, publisher and others spoke to the group of attendees.

Jackson’s message was clear. We must educate the younger generation to the ethnic loyalty to translate into economic development at the marketplace “It is our responsibility to educate them to our own values.”

Jackson’s message was followed the next afternoon by Myron Johnson, who said to the audience, “the best way we can help our people is by making more money. He refused to go on a quilt trip about being rich. Johnson said, “let anyone make you feel bad about being rich.”

He also said the important roles for community based organization and said they should be combined with a businessperson’s role. Each is important in their own area and to keep them working together.

Jesse Jackson’s message was clear. He said to be successful Black leaders must be able to talk to themselves.

John and Ernest Johnson and others.

Letters To The Editor:  
A Positive Message 

Dear Editor:

I recently read the article "Looking for a Car?" and I was very impressed with the information provided. As a new driver myself, I found the advice on choosing the right car to be very helpful. I especially appreciated the tips on how to avoid common mistakes when buying a car. I will definitely keep these tips in mind the next time I'm in the market for a vehicle.

Sincerely,

[Your Name]
