Rules and More!

I have chosen to recreate the board game Monopoly but COVID.19 edition. It can allow everyone that plays aware of how COVID.19 has affected us in the year of 2020. I decided to not change the rules and keep them the same.

Throughout the slides I added some new properties, monopoly pieces, chance/community chest cards, and some new spaces to land on throughout the board. Cases have been rising so this would be a great board game to play while staying indoors with you family.
