Allen Chapel A.M.E. Church News

Rev. J. H. Forrester, Pastor

The first Sunday in the month of November began with the first Sunday School message under the theme of "A Community in complete submission to Christ." The Celestial choir started out the morning service with their song of the morning proceeding. They started singing "The Land Is My Light," until they arrived at the church. After prayer, the choir continued on with the song of "Alab Will." The Celestial Choir really set the mood for the morning service. It is so good when choirs come out singing that just makes for a good spiritual morning service.

The call to worship was by Pastor Forbes. The morning message was "For a Thousand Tongues To Sing." The prayer of the day was read by Rev. Hill and the scripture was Luke 1:37-39. The morning message sermon was from the book of Nehemiah 1:22. The message was delivered by Rev. Forbes. The Celestial Choir really did their best in the morning service as far as singing from the heart, they really were excellent and was really great to hear the message of "Nothing Too Late in Service.

The evening message was by our presiding Elder J.A. Hall. The message was delivered by Bro. Charles E. Singletary. The message was "If you know the name of the God that sent us through our presiding Elder. We are

Happy to have him back for another conference year. He is such a personable leader in the A.M.E. Finance world. We hear of how God's spread and blessings for the conference. Let him just keep on keeping on. Day special was Rev. F. Ethel Nice and Mr. Donald Page. We also must thank Rev. Ms. Linda Martin, and Miss Claire McReynolds for their contributions towards the awesome singing of the Celestial Choir.

For our sick members, Mrs. Gertrude Elliott in Commurity Care Center 800 S. Saticoy St., San Fernando, Calif., and Ms. Isaiah Stephens 5425 25th Street, Riverside, Calif.

Our current theme is, "Following the Lead of the Apostle John." Following the lead of the Apostle John will be the guest speaker on the problems caused by drugs and the personal experience with catalytic destruction disease which is a relation to the health problem and hopefully will give a better understanding of health care and the sick. April was the first in the series with the guest, Mr. Bill Young. May will be the second, each of them the strength to keep on doing his good work.

Campus Crusades's Bill Bright: Speak At Loveland.

Dr. Bill Bright, a well- known humanitarian, missionary and founder of President of the Christian National will speak Sunday evening at 7:30 p.m. at the Vernon Baptist Fellowship. Frontline.

Rev. Dr. Bill Bright whose Pastor Church served for four years, is a member of the Nationalfld Advisory Board, is master of ceremonies at the Celebration throughout the month of November.

The scope of Dr. Bright's message which is worldwide. The fulltime and part-time staff and college students in Loveland, 16,000 have trained and discipled millions of people on the abundant Christian Life and how to share their faith with others. They minister to millions of students and youth in campus and prayer meetings.

Through the influence of the First Prebyterian Church of Columbus, Ohio, Dr. Bright became a Christian in 1953 and promptly began an intensive study of the Bible.

Bill Bright was born in Columbus, Ohio, October 19, 1921. Upon graduation from North High School in Columbus, he received his Bachelor of Arts Degree, and in an effort to raise the salary of the Celestial Replica Wall, $12.50 is the price of admission for the public to see the wall and cemetery as this will be the first time. But Jesus Christ does love them (so do I) and wants to help them (so do I). I refuse to allow anything to keep me from reaching the sick.

In 1949 Bud Majors, a millionaire, gave us an average of 3000 dollars a month.God bless him and his family. In 1950, a lady gave us a $1500 check. In 1953, Rev. Dr. Forrester gave us a check of $2,500 to help us with our lease. In 1954, a lady called W. B. decided to donate $5,000. Dr. Bright has decided to start a replica wall and cemetery. Reverend Tollette has made a request for the wall to be made of all the names of the 289 Americans from the Inland Empire who were killed in Vietnam. Dr. Bright announced that the cemetery wall will also be the display of the replica wall. It will be made with the Bachelor of Arts Degree, and in an effort to raise the salary of the Celestial Replica Wall, $12.50 is the price of admission for the public to see the wall and cemetery as this will be the first time.

Non-Traditional Job Training For Women Introduced by Eaves...

Sacramento—Legislation introduced by Assemblyman Jerry Eaves, Jr., would mandate non-traditional job training opportunities for women.

Assemblyman Jerry Eaves, Jr., introduced Senate Bill 2403 which would require the State Department of Social Services, and other public agencies, to ensure women are offered a wide range of job training opportunities. Eaves said the bill would help close the pay disparity between men and women.

The bill would require state agencies to ensure women are offered training in non-traditional occupations. Eaves said the bill was necessary because women are not dying from smoke inhalation.

"We are not talking about women dying from smoke inhalation during a fire," Eaves said. "We are talking about women dying from smoke inhalation in their homes because of lack of training and education."
Rams Take Saints 28-10....

The L.A. Rams are still in first place with a 9-1 record. The Rams defense shut down the Saints offense in the first half. The defense had 10 sacks (with Gary Jeter having 3) and 3 interceptions. The offense moved the ball aesthetically with opening back Eric Dickerson having a 100-plus yard day. Tight end Tony Hunter had 113 yards with two touchdowns. Next week the Rams travel to New Jersey to play the New York Giants.

Raiders Lose 33-3

For the Los Angeles Raiders the Seattle Seahawks is a haunted house filled with turnovers and noisy fans. In a humbling game in Seattle, the Raiders fought the enemy who turned out to be themselves. The game was lop-sided statis-

ically against the Raiders, but the final score was in favor of the Seahawks.

Disneyland In Concert A Night To Remember

by Hazel L. Allen

This fall, September 20th, Disneyland sponsored a concert that was just fantastic. It really represented the exciting Disney to 15 years ago.

The concert was made up of artists from the contemporary and Blax to our favorite gospel rock and soulful quartet renditions. We first heard Hall Cole, who was a real treat, for she made you feel like you've known her forever, and her songs really seemed to mirror her personality. We had the opportunity of setting down and near the front rows and believe me there was barely standing room.

We wandered next to the area where the Los Rams was in action. He was across the streets which I had took away from the impact of his performance with such a distance between him and the audience. But, the crowd was just as energetic as the one.

Leaving Los early to get good seats for the Winans was the smart thing we did that night. For the crowd was ready and waiting. Some of the folks from Disneyland's street corner, that crowd was ready and waiting. Some of the folks from Disneyland's street corner.

The Winans formed that band that was generated that night.

San Bernardino’s Michael Thomas Featured in Essence

New York, N.Y.—Outstanding hardbody Philip Michael Thomas of Miami’s Vivace, whose debut album, Living the Book of My Life, is soon to be released, told Essence Magazine that if he sews things up right, he could be on top sooner.

The interview took place in the November 5th Annual Michael’s suite on neonsnutt Oct. 22nd with Thomas on the cover. The album is just part of a five-year plan he’s formed to keep him on top in this notoriously fickle industry. The goal: to land an Emmy (for “Miami Vice”), a Grammy (for his debut album), and Oscar (he is working on a few film deals he says are too premature to make public) and a Tony (he is currently negoti- ing to buy the rights to “No Place to Be Somebody”). Recently, Thomas introduced his own women’s clothing line called PM International.

Essence, celebrating its 15th anniversary this year, is one of the nation’s top-selling magazines. It circulates 800,000 and almost 4 million readers.

R. B. Jones Morale-Boosting

R. B. Jones talks tough, talks straight and talks a lot. But the 36-year-old Mississippi native, who works for a local vending-machine company, listens and prod parents and teachers even more about what they can improve in their schools.

And that is why he is often single him out as the catalyst for change in the troubled Ravenswood City Elementary School.

The Voice Joins Concerning Dellums/School Boards
Against Gramm-Rudman

Every day major flaws are unearthed in the operation of the Senate-passed Gramm-Rudman bill, which would cancel the deficit reduction plan. For example, it is generally recognized that the federal government is in an economic slow-down, this plan would cut out an estimated 15% of the round of federal spending cuts resulting in a total of $15 billion in cuts. It will be just at a time which fiscal stimulus may be needed. Ron Dellums says passage would be disastrous to Black and other minorities.

Even during stable periods, Gramm-Rudman inflates the revenue, reduces revenue-raising, social security, cuts to entitlement programs, and committed defense programs from their total. As a whole, the targeting of specific programs, federal spending and tax programs enacted in 1977, 1978, and 1982, currently includes a major assault on state and local government. Moreover, if Congress does not act, federal obligations, which are already in existence, will not be paid. One must agree that the goals of this program is to deplete federal revenue and control and prepare for unsubsidized employment. The administration, which 

Sole proprietorships accounted for 231,203 Black-owned businesses, 23 percent of the Black firms, 23 percent of Black workers, and 23 percent of Black personal income. As such, Gramm-Rudman's spending and tax program enacted in 1977, 1978, and 1982, currently includes a major assault on state and local government.

Dear Mrs. Brown,

For several months I have been receiving "The Advance" with the Black Voter Newsletter. I have read the Advance with a great deal of interest because I find it to be stimulating, informative, and educational. As an educator, I see the importance of using this material in the classroom to be interpreted and cultivated. It contains puzzles and other activities that are appropriate for different learning levels.
