Mourning Loss of "Mother Gibbs"

San Bernardino County News
May 19, 1994

Mother Gibbs cooked for the poor and helped the sick for nine years. Gibbs at 72, became too old and sick to continue the job. The center was closed in 1991 as a result of her illness and the center started struggling to supply food to as many as 100 people daily. She helped the poor and the homeless.

Irene Gibbs, known affectionately as "Mother Gibbs," died last week. Born April 2, 1922, she was a life-long resident of San Bernardino. She was the mother of 11 children. She has been a依赖 of others.

On May 5th the following selection was issued in response to the recall.

The grounds for the proposed recall of the late Irene Gibbs are: Knowingly and con-"mother Gibbs," San Bernardino County, Calif., through the Inland Empire-News. view to the public. The event will be open to the public.

Before You Vote
Know Your Candidates

Gwen Moore
Candidate for Secretary of State

We have a unique democratic system in California that places the whole system in the hands of the people, and the responsibility, to participate in electing our law enforcement and voting on important public issues.

And yet, our election system makes voting confusing and difficult. It takes a lawyer to read a ballot measure. It takes a detective to get information about elected officials or political issues. Less than half of the electorate is voting in statewide elections, even fewer in some local balloting.

We need major reforms of our Secretary of State. She'll change this distortion of democracy, and revive voting in California.

Gwen has the energy and commitment to get people involved.

Gwen is a problem solver, not a government bureaucrat. In 1979, when she was a member of the California State Assembly, she convinced legislators to enact a law that made it easier to get all citizens to vote.

Gwen Moore has authored 325 laws that make a real difference in our lives:

- California's landmark family leave law.
- Aid to victims of domestic violence.
- Abortion law and the abortion procedure.
- Tax cut deductions for private schools that discriminate.
- Privacy protections for telephone customers.
- Equal education policy for disabled students.
- Public restrooms in public places.
- Voting by mail as a better process for the elderly, disabled, and others who find it difficult to get to the polls.
- Voting in the computer age. We have a banking machine on practically every street, but we still make people vote the old-fashioned way.

- Make information about political candidates and ballot issues available to citizens by computer hook-up at community libraries and civic centers.

In these tough times we need to use every advantage we have to promote jobs and economic growth in California.

Gwen Moore will run a fair and efficient election system.

Gwen Moore is a problem solver, not a government bureaucrat.

As Secretary of State, she will:

Simplify voter registration so that young people and others will be encouraged to sign up to vote.

Remove barriers that make it easier for the elderly, disabled, and others who find it difficult to get to the polls.

Give citizens a chance to get information about elected officials and political issues.

Gwen Moore will restructure the Secretary of State's office and be an advocate for California and competitive international markets.

Gwen Moore doesn't just talk about what needs to be done - she does it.

Gwen Moore has solved problems, making the system work for people.

Get a career day goes throughout its period of extreme heat. The temperature and humidity are at risk.

The problem occurs when the body produces heat faster than it can dissipate. Most often this problem happens when dehydration accompanies excessive heat production. Problems range from minor symptoms such as heat cramps and heat fatigue to more serious symptoms, such as heat exhaustion or heat stroke, which can be fatal.

Heat cramps (painful contractions of muscles) is thought to be caused by dehydration, which creates an imbalance between fluid and electrolytes, including salt and potassium.

**Heat Illness**

Our Bodies

Ernest LeVister, Jr., M.D.

Replacing fluid alone is sufficient to treat or prevent this condition of the body.

For quick replacement, drink a balance electrolyte drink such as Gatorade. Many mineral tables are not effective and may actually increase the need for more fluid to restore fluid and electrolyte balance.

Heat exhaustion is more severe, with symptoms of weakness, dizziness, mental confusion and dehydration. Dehydration has impaired the body’s ability to regulate heat, and body temperature rises as much as 104 degrees. Hospitalization or emergency fluid replacement is needed.

Adequate hydration is the key to prevention. Drink plenty of fluids. Here are a few tips:

- Avoid caffeine and alcohol because they exacerbate dehydration.
- Plan to do more strenuous tasks in the morning or early afternoon, when temperatures are cooler.
- Plan adequate breaks and eat light meals during the day (fruits, veggies).
- If you start to feel the effects of heat illness stop your work and seek shelter.
- Go to the pharmacy and buy Gatorade or other similar products.
- You’ll notice an affordable difference.

Daryl Coley Sings Of Praise And Assurance

God's Word comes very much alive in this Spirit-filled album as he flows through the "Blessed Assurance" - what a Messed assurance that we can know that Jesus is our singing in Daryl Coley's "Style of Heart. of the Master" brings us back to the basic: a daily, time-sing-in-the-heavens with Jesus Christ, and the spreading of His Word. God's "My Strength" and "How Are We The Melody" leading to "Are You My" Sooth it, as are the songs that praise our Lord, recognizing Him for Him. As he closes the album with "In My Dreams" Daryl Coley once again exalts the name of Jesus in a style unique to Daryl. As he produces this finely crafted work of God's glory, as he pens out of respect for God, this is surely an album to be shared with friends and family.

QUESTION: Dear Dr. Woods, Some friends and I were discussing the other day about babies being baptized in water. Half of us were saying that it is good to do so because if they die they will go to heaven. The other half was saying they need to grow up first and make their own decision. Please help us answer your question.

Group of friends in Canton, OH

ANSWER: Let me answer this question quickly. Water Baptism is only for those who have made a personal decision to accept Jesus Christ as their Savior. The Bible says, "Whoever will come let him come." It also says, "If you believe with your heart and confess with your mouth the Lord Jesus, and believe in your heart that God has raised Jesus from the dead, you shall be saved.

Dr. Reginald Woods

served. The Bible says, "God so loved the world, that He gave His only begotten Son, that whosoever believeth in His should not perish but have everlasting life.

SALVATION is a personal decision. One person cannot make that decision for another. Parents cannot make a decision for their baby. What they can do is "Train a child in the way he should go, and when he is old he will not depart from that training." (Proverbs 22:6). You can train your child in right live. May I suggest that you do Hannah did her baby Samuel in 1st Samuel 1:11, 27, 28. Dedicate your child to the Lord. Offer your child to the Lord in prayer. Release your child for his children that they be blessed every day of their lives. This can be publicly.

If you have a question that you would like answered, write: Rev. Dr. Woods, Life Changing Ministries, P.O. Box 9778, San Bernardino, CA 92407-9778.

Donald Byrd's vocals are recognized universally as brilliant, sensitive, and beautifully reharmonized; his movements trance, transforming his dancer's costumes into neoclassical constructions, calling on high standards and livesidestorytelling. Critics worldwide are amazed at how his dances are so big, so fast, yet manage to retain an incredibly energized energy for all.

Ms. Poole: "Michael’s life change impacted you in such a way, that you could never be the same."

"Michael was passionate about his faith and his family. He was such a bright light, and willing to share himself with others no matter what the circumstances. As a result of his leaving, he caused a greater impact on everyone. His life was a positive way. "I miss you, you made a difference, you were a giver, and my friend," said Maynard Giles, a student at MLK Middle School.

Michael is a tribute to our youth in San Bernardino. His life and death should be used to bring youth to the realization that time is important. Their lives count more than what they can do and they too can positively effect their families and communities around them. "Michael was a mis model, and a good friend," said Darnell Edwards, another student at MLK Middle School.

We need more bright and shining forces in the world like Michael, that direct us to seek for good ourselves and our fellowmen. Michael Cornell (Donald) Sumlin’s love for his family; brother Johnny Patterson, Mother San dr a Patterson, Father Donald Harper, Sister Aisha Moore, brother Del Moore, Aunt Mary Hachtes, Uncle Henry Hachtes, Cousin Shana Hachtes continue to reach out. "I’m evened though the alo is so little, we all cel ebrate a live with such a triumph and lasting effects on so many of us in our community."

Mr. Poole selected as State Assembly Fellowship Finalist

The California Legislature has announced the finals for the 1994-95 Jesse M. Unrath Assembly Fellowship Program. Among those selected from the more that 300 applicants is San Bernadino’s Dia S. Poole. The California State Assembly Fellowship Program, founded in 1957, is the oldest and one of the most presti gious legis lative fellow ship programs in the nation.

Mr. Poole is the daughter of Retired Sgt. and Mrs. Joseph Sanford of Magnolia Estates area. He was noted to San Bernardino Community Hospital where he took his last breath on March 31st, and fell down in the street unconscious; it was never determined what caused a greater impact on everyone. "I never will know a man, and we have a difficult time getting a qualified person to come here. This man was not harrowed when he was holding up the Moreno Valley School District and there was no group waiting in the Board Room to give him or any other official a hard time. Professionally these things are done to Closed Session. If he has made a mistake, and we all do, so what? An apology should be all that is necessary. Persons affected should be left alone and allowed to do their jobs, once this is done. This man (Bob Lee) has done an outstanding job for Moreno Valley with very little financial hardship on the local residents."

Mr. Poole is allowed to continuously honor our Super intendent and his staff, they will become nonproductive. They will spend an exam amount of time keeping their heads covered and not exploring the many wonderful things that can bring our nation together. We have the opportunity to allow them to explore new methods of teaching which can bring our youth together. We can’t allow them to lose these opportunities to another System.

San Bernardino still mourns the loss of 15 year-old, Michael Cornell (Donald) Sumlin, who died of respiratory failure (cause unknown), at Arrowhead Regional Medical Center in San Bernardino. He was buried at Los Angeles National Cemetery.

Sumlin was diagnosed with asthma at an early age. His asthma was controlled and encouraged me thus impacting the lives of the people he was in contact with. Michael was well loved by hundreds of young people, students, friends, family, staff and administrators of Dr. Martin Luther King Jr. Middle School. Although no longer among us, Michael’s life is still impacting us, he didn’t leave us the way you see the man," said James Harper, Sister Aisha Moore, another student at MLK Middle School.

Arlington High School Wins '94 State Mock Trials

The winner of the National High School Mock Trial Championship is Arlington High School, Riverside County, California. The five-day competition was held May 7-11 in Chicago, Illinois. Pictured above is Arlington High School's Mock Trial team representing Illinois in the Mock Trial Round Robin. The winning team, Riverside Poly High School, will compete for the International title. All of her land costs: lodging, meals, and land transportation while in Japan will be recognized for excellence as well as for their peerless

and team spirit. Seven months of hard work with many sacrifices resulted in winning the national title. They deserve their honors, and they share a tribute to their outstanding teacher and attorney coaches.

Dr. Dale S. Holmes, Riverside County Superintendent of Schools, said, "Twelve years ago — two years before the national competition began — we met with the Constitutional Rights Foundation and Attorney Virginia Blumenthal to begin a mock trial event in this county. Under the leadership of Barbara Claxton, this event has brought $450,000 of a million dollars to the education of our students and is a shining example of what a community-school partnership can do for these students.

One of the highlights of the 19th annual American Black Achievement (ABA) Awards ceremony held recently in Los Angeles was the presentation of the prestigious Thurgood Marshall Scholarship Fund Award to Dr. William D. DeLauer, president of Delaware State University. A visionary in the field of education who has significantly enhanced his institution's enrollment, endowment and the quality of its academic program, Dr. DeLauer has been cited as being a champion of Black achievement at historically black colleges and universities. The ABA Awards is the only awards program that honors Black achievers in a wide range of fields. Supporters include celebrities, community and public officials, and corporate executives such as Virginia V. Colbert, senior vice president operations for Miller Brewing Company, one of the ABA Awards' long-time sponsors. Colbert (far left) pictured here extending his congratulations to Dr. DeLauer (center) along with: Vanessa Williams (2nd left), ABA Awards host; songstress Gladys Knight (2nd right), and Neill Hanks, Miller's director corporate relations. NORTH STUDENT COMPETES IN JAPAN

Jessica Jenkins
To Speak At Annual Candle Light Service

Jenkins, who is a senior teacher at St. Mary's College, Illinois, said at the conclusion of the 4th round that the California team was the best of all that he has seen during many years of involvement with the Mock Trial program. His performances were evaluated favorably by the tournament: the students' knowledge of the issues, understanding and performance of their roles as prosecution and defense attorneys was exemplary. Critical thinking, formulation of ideas and opinions, oral presentation, effective advocacy and advocacy definitions are required skills to succeed.

Arlington team, comprised of 9th grade teacher and attorney coaches. "The competitive atmosphere for courtroom demeanor, the performance of their roles as witnesses with ballots, banquet and flowers who greeted them at the airport to find a large group of parents, supporters and everyone was recognized for excellence as well as for their peerless

and team spirit. Seven months of hard work with many sacrifices resulted in winning the national title. They deserve their honors, and they are a tribute to their outstanding teacher and attorney coaches.

Dr. Dale S. Holmes, Riverside County Superintendent of Schools, said, "Twelve years ago — two years before the national competition began — we met with the Constitutional Rights Foundation and Attorney Virginia Blumenthal to begin a mock trial event in this county. Under the leadership of Barbara Claxton, this event has brought $450,000 of a million dollars to the education of our students and is a shining example of what a community-school partnership can do for these students.

One of the highlights of the 19th annual American Black Achievement (ABA) Awards ceremony held recently in Los Angeles was the presentation of the prestigious Thurgood Marshall Scholarship Fund Award to Dr. William D. DeLauer, president of Delaware State University. A visionary in the field of education who has significantly enhanced his institution's enrollment, endowment and the quality of its academic program, Dr. DeLauer has been cited as being a champion of Black achievement at historically black colleges and universities. The ABA Awards is the only awards program that honors Black achievers in a wide range of fields. Supporters include celebrities, community and public officials, and corporate executives such as Virginia V. Colbert, senior vice president operations for Miller Brewing Company, one of the ABA Awards' long-time sponsors. NORTH STUDENT COMPETES IN JAPAN

Jessica Jenkins
To Speak At Annual Candle Light Service

Jenkins, who is a senior teacher at St. Mary's College, Illinois, said at the conclusion of the 4th round that the California team was the best of all that he has seen during many years of involvement with the Mock Trial program. His performances were evaluated favorably by the tournament: the students' knowledge of the issues, understanding and performance of their roles as prosecution and defense attorneys was exemplary. Critical thinking, formulation of ideas and opinions, oral presentation, effective advocacy and advocacy definitions are required skills to succeed.

It's that time of year when high school sports come into focus. The Black Voice News covers the latest news and updates on local track and field events, featuring standout athletes and teams vying for state championships.

Leading the way in CIF Division 1 qualifying is the nation's leader in the 100- and 200-meters, Pat Johnson of Fontana. He went out and Wallpaper her balance and got to qualified for a chance to compete in events such as the 200-meters, Pat Johnson of Fontana Interscholastic Federation championships this Saturday; then the Master Meet, followed by the State Championships.

Joanna Haltt is leading the way in CIF Division 1 qualifying in three events. Pat Johnson and Bryan Howard are the top two sprinters in the nation. If all goes well, they will meet at the state finals in two weeks.

For the 1994-1995 school year, the Moreno Valley Unified School District announces that families wishing to enroll their student in a school outside their attendance area may do so by completing an application for intradistrict transfer. Applications are available at school sites or may be obtained at the Facilities Department located at the address listed below. Requests for intradistrict transfers in schools within the school district must be submitted to the Facilities Department at the Community Education Center, 25030 Avenue of the Stars, Moreno Valley by 4:30 p.m. on May 21st. All applications received prior to the deadline will be processed and notification will be sent out on June 2nd. A request intradistrict transfer request must be submitted for each student at a family who desires a transfer.

Students currently attending school outside their attendance area based upon approved intradistrict transfers do not have to reapply if they are planning on staying at that school. Current intradistrict transfers may continue unless that attendance displays a student who lives in the attendance boundary. Students currently attending elementary or middle school on an intradistrict transfer and being promoted to the next level will need to supply if they are planning on attending a middle school or high school outside their attendance area.

Requests to attend outside your established school attendance area can be accommodated when space is available. In the event that requires for intradistrict transfers exceeds the available capacity of a school, random and unbiased selection process will be used. A waiting list may be established.

Information on schools and their programs can be obtained by contacting individual schools or by calling 485-5000 extention 141 and listening to a recorded message. A brochure explaining school programs and choices options will be available May 21st. The Application for Intradistrict Transfer (PDF) is available for download on the Moreno Valley Unified School District website at www.mvusd.org. Information on the application process can be obtained by calling the Facilities Department at 485-5000 ext. 2235.
