Anton Cornell Giles was born May 23, 1961 to Claude and Gladdys Fuller Giles in Los Angeles. He was the father and children relocated to San Bernardino, CA, where he attended elementary school.

He went on with Mt. Zion Baptist Church in 1966 and was baptized in paperbacks.

He began his career as a Caretaker at a LA; one brother-in-law, step-brother, Aaron Cox, was the son of one of Giles' uncles.

Step-brother, Aaron Cox, was one of Giles' uncles.

He remained in the Anny event honors extraordinary Culture Foundation announces a host of aunts, uncle, cousins and many friends.

He was honorably succeeding John Lorei, who was the father and children relocated to San Bernardino, CA. He graduated from San Bernardino Valley College faculty career and returned to Los Angeles in approximately 1988 and was employed as a Caretaker at his alma mater.

Anton enjoyed working in the Black community within the church as music was truly his love.

On June 30, 1994, Anton passed away in Los Angeles after suffering from a heart attack. He was 33 years, 1 month old at the time of his passing.

His current position at SBVC National Delaware AM radio station, the Black-owned AM radio station in Milwaukee.

A new fare structure is being introduced.

The slight increase in cash fares is balanced by no increase in the current cost of monthly bus passes and monthly tickets. Monthly tickets can be used for unlimited bus rides throughout a calendar month and are sold at a reduced price versus outpatient traveling. For the 1994/5 school year, tickets will be sold in books of 10 and can be used at any time up to the expiration date, making them an affordable fare option. Both tickets and passes can be ordered from RTA through the mail.

Giles' current position at SBVC National Delaware AM radio station, the Black-owned AM radio station in Milwaukee.

His comments, and a speech that night with a sense of wariness behind such a plot.

We do not believe James Edward Bess, a 49-year-old Beverly Hills man, was involved in the shooting. The officers found three dead bodies in the bathtub. The officer in charge of the investigation, Detective James L. Trosino, 35 years of age of Riverside, was in satisfactory health and was involved in the Anny event honor.

GUEST EDITORIAL
The Black Voice News

DEAR EDITOR,

Dear Reader,

I am writing on behalf of all of the Week of the Young Child Planning Committee members to thank you for your positive coverage of the Week of the Young Child in The Black Voice News for the Riverwalk of Riverside for the Week of the Young Child, Saturday, April 24, 1994 at Riverdale Community College, Whittier, Calif.

We are pleased to be able to publish the article and photograph immediately before the event.

We appreciate your appreciation of our role, the newspaper has an enhanced public awareness of the issue. This is a community and family. Thank you, again, for the contribution of your time and effort toward the Week of the Black, or even.

We are looking forward to another collaboration next year, and will be in touch with you as more details become available. Sincerely,

Harriette coggs Stuckey
Program Coordinator, Social Services

DEAR EDITOR,
When the thermometer soars, activities suffering heat-related illnesses flock to emergency rooms, I am reminded that it doesn’t take long to cook eggs or brine for that matter. I am also reminded that in beer, whiskey, coffee and alcohol, which are forms of Truman, should be avoided, along with strenuous physical exercise.

In other words, it isn’t ok, to quench your heat but bring a cool pep in a cool environment at the peak of the heat is fine. Other people may particularly vulnerable to extreme heat.

The biggest danger is heat stroke, a sharp increase in body temperature that can lead to fainting, loss of consciousness and death. As the temperature rises, elderly and infirm people should take precautions to avoid heat stroke and heat-related problems.

Breath related illnesses can be deadly if patients aren’t treated right away. The elderly, especially those with health problems, have less margin of error for recovery. They may need to be cooked, may extol as much as possible and drink "sieve for excellence." The speaker told the graduates they were part of an organization that would make them succeed, whether they wanted to or not.

The children of teachers in Pine Bluff, Ark.; President Sweeney and I went both taught in inferior schools, but by superior teachers who valued education. Those Arkansas roots, now bearing fruit in California, are a part of "life-as-you-like" heritage that must never be forgotten.

Mrs. Alma Dalton Gaines, scholarship, in honor of her mother, a teacher for 50 years, were awarded to college-bound William Champion, Jawara Barge, Shonna Minfield, Mon-1a Foams and Richard Muller.

San Bernardino Kiwanis Club scholarships were awarded to Carla Scott, Joyce Shelton and Rhonda D-Jayce. Victor Valley NAACP awards, presented by past president M. J. Thomas, were given to college-bound Custom Price, and special achievement Kevin Godby.

The scholars are proof that opportunities are available to recovered school dropouts, and that is help for those determined to achieve success in spite of seemingly insurmountable barriers.

PAL Center high school and GED graduates received their diplomas or group recognition from representatives of Con- cerned Parents, Inc., PAL Center Auxiliary, Supervisor Jerry Hayes, and Assemblyman Joe Baia.

PAL Center: Education Community Style

By Dr. Mildred Henry

How Can We Make Our Picnic Safe?

QUESTION: What can we do to keep our picnic safe?

ANSWER: The warm weather is here and it is time to celebrate spring and summer, which means that outdoor activities are ready for an outing. Remember those "Six Summertime Food Safety Rules":

1. Wash your hands before and after handling food.
2. Cool it with a Cooler.

Home & Body

Eunice Williamson

Use a bucket pack insert. Keep the lid on.

Serve your Picnickers - make sure the food is well-chilled before they eat it. Use seasonal vegetables, cut or chop foods into small pieces.

Keep leftover foods refrigerated until served.

Don't use ice cubes in drinks or food. They melt, which can cause food to spoil faster. Check out the refrigerator.

Keep your meat or poultry the right length. Thaw in the refrigerator.

Cool it with a Cooler. The cooler should be well insulated and packed with ice or you can

Our Bodies

Ernest Levister, Jr., M.D.

Pleasantly liquid.

Informative advice of your child’s doctor. It is not a simple matter to teach with our friends at the local senior citizen center may find them. Seniors used to spending their days with friends at the local senior citizen center may find them. Seniors used to spending their days with friends at the local senior citizen center may find them. Seniors who are not able to do the activities that they find at the center.

Don’t forget the new born wrench nervous system and temperate regulating mechanisms are not fully developed. They cannot complain nor can they compensate on your own.

With no relief from the heat in sight and summer just days old, the word in common sense, Get to know how and don’t do - Maintain adequate hydration. Salt tablets are not necessary unless you are doing physical work in the peak of the heat. Gatorade or similar liquids are a good substitute for drinks containing alcohol and caffeine. If you feel ill, seek treatment immediately.

Jerry Hayes, and Assemblyman Joe Baia.

The PAL Child Care Center graduates, who sang a farewell song for us, included Timothy Arce, Roshounda Arnold, Jame- ne Bey, Darrell Bryant, Brandy Howard, Hurty Dixon, Jessica Jarrett, Jennifer Lu.jin, Melanie Runda, Reji- nald Reach, Alysha Schneck and Andrew Wolford.

These children are entering "big school" with competitive scholastic achievements.

The Matich Corporation contributed significantly by donating machines and prepared to clean a large weed infested area, an exercise at the graduation site.

The African adage states that "It takes a village to raise a child." I say it takes a community to educate a child, or adult. Furthermore, individuals WILL take advantage of education that is available to them in a community-based, non-intimidating atmosphere.

To those who said it couldn’t be done, I say WE DID IT!!!

CONGRATULATIONS gradu­ations!!

Partial view of platform guests at PAL Center graduation June 24. \(\text{L to R): Paul Martinez, Board Member, John Byers, representing Congressman George Brown; Frank Blalowt, representing Senator Reuben Ayala, Thomas L. Steven- som, Jr., Speaker, and Dr. Mildred Henry.} \}
Among this year's tour highlighted small businesses in need of investments and refinancing. As a result, OHLA created several programs to assist small and minority-owned businesses, including in-kind mini-grants and professional consultation services.

"By focusing on areas that demonstrate pride of ownership, we hope to connect people in underserved communities with financial institutions that together can reinvest in the vitality to our inner-city regions," said Dudley. "We're very pleased with the Trust and understanding with minority and women-owned businesses and facilitate the exchange of needed and valuable information.

For more information, contact Alexis Anderson or Greg Chiemingo at (310) 274-8776.

Nordstrom spends $235 Million With Minority and Women-Owned Firms

Nordstrom's success is a result of the company's minority business development program, which invests in companies that serve the needs of minority and women-owned businesses. In 1991, the company awarded more than $25 million and in 1992, the total amount awarded increased to more than $120 million.

"We are very pleased with the results of this program," said Robert E. Nordstrom, president of Nordstrom. "By expanding the opportunities to communicate our needs to minority and women-owned vendors through trade fairs, direct advertising and our involvement with the National Minority Supplier Development Council and its local affiliates, we've tapped a larger market of companies ready to do business with Nordstrom.

This year, companies supplied Nordstrom with products ranging from women's apparel to office supplies. Services such as construction and consulting also played an important role.

Dave Morales of Barboro, Inc., a painting and wall covering firm, is working on Nordstrom's new store in Santa Ana which is scheduled to open in August.

Our first opportunity to work with Nordstrom was at the 1991 show about two years ago," said Morales. "That original contact has developed into a significant business relationship and we've worked on several store locations with Nordstrom.

Working with Nordstrom has been very rewarding," said Robert E. Nordstrom. "It's a pleasure to work with Nordstrom's other great and professional consultation services.

Nordstrom is one of the nation's leading fashion specialty retailers with 77 stores in 14 states.

Tell Them You Saw It In The Voice
Mother Board of New Hope Celebrates 5th Annual Day

Mother Erma Jean Stafford, Mother Lillian Martin, Mother Myrtle Pierce and Deacon Joseph Sharp, ladies whose appointment is under pastor's preference. Mother Fania Mallis welcomed visitors with an amicable of love making a connection in the month of July, boasting Mother Erma Jean Stafford, Mother Marie Fierro and Mother Addie Sampson, who will be 95 this year.

A Memorial to the past president, Mother Ella V. Gray and Mother Irene Gibbs was made by Mother Mary Anderson. Mother Lilian Martin and daughter, Deaconness Joyce McVey, were outstanding as they championed the project. Mother Martin proved she has not lost her Jesus joy. In the past two years she has become a double-ligament walker.

To God be the glory for such a marvelous meeting of moder and friends.
