Van Andrews On Trial

By PEGGY O’MALLEY

Van Andrews, former ASB President at CSOSB and dedicated root of Cal Straight radicals, is on trial.

On Monday, February 5, Van appeared in a confidential administrative hearing with this chosen Adviser/Lawyer (who wishes to remain anonymous). We shall refer to this person as CR.

The trial began as scheduled five minutes late, with Van and CR chatting to the press outside as naturally as chatting goes. Even though we flashed press cards, brushed with Pearl Drops and shuffled important-looking papers, the two office secretaries could not let us enter the Halls of Justice. Why couldn’t the Editor-in-Chief and Respectable Reporter of a prominent campus newspaper enter the Halls of Justice? Because, according to Van and the two office secretaries (who will also remain anonymous), all discipline matters must remain confidential in order to protect the individual concerned. That does not deter an Editor-in-Chief and Respectable Reporter from bringing you the public account of Cal Straight, the facts of the case.

In other words, we moved our chain closer to the door.

The two anonymous office secretaries (whom we shall refer to as Two), attached the typewriter ribbon with blocks of cement dangling from their fingernails, and proofread for errors to loudly erase. Somehow having the imposition we were not appreciated balancing our chains against the doorknob, we retreated to the Constitution wall in noisy solitude. (Incidentally, the Constitution wall bears a copy of Cal Straight’s Constitution and By-Laws, probably left to help students feel at ease while awaiting the Dean’s office... Who wants to sit in the Doctor’s office with the Christian Science Monitor when you’ve got Cal Straight’s Constitution and By-Laws?)

Van and CR were not in the office for a period exceeding ten minutes before Van emerged for a second time to declare that his hearing was a mistrial. His exact words were, “Mistrial, mistrial. We have to go back.”

Therefore the hearing was declared a mistrial due to lack of proper time allotment, the trial will be set for a later date, and Van got to run home to take off that hot lace tablecloth and flowing fishnet.

It was sweet to hear the confidence of a budding young lawyer after the trial. CR has a way with words, “Let’s go get drunk,” he said.

(Part 1: Van Andrews On Trial)

Disciplinary Code

Points of Discipline Code Which Van Andrews May Be Disciplined For:

Due to the fact that discipline matters are not revealed, new wild guesses will be taken in determining which sections of the Disciplinary Code Van Andrews is being called to trial for:

1. Section 4 of Subchapter 3, Chapter 5, Title 5 of the California Administrative Code can result in disciplinary action on campus, The Board of Trustees establishes rules and regulations for acceptable college conduct on State College campuses.

2. Van could be subject to expulsion, suspension or probation through the mandates of this code.

Things like plagiarism, forgery, misrepresentation, cheating, stalking, taking photographs, etc., didn’t sound like Van’s style.

What really sounded more like points the Administration would prosecute on were:

a. Obstruction or disruption, on or off college property, of the state educational process, administrative process or college function. (The Philosophy Dept. would love to jump on that one.)

b. Physical abuse on or off college property of the person or property of any member of the college community or members of his family or the threat of such physical abuse. (Any member of the college community as mentioned in this section would refer to Van himself, who was reported as whipping himself the week after grades came out.)

c. Unauthorized use of, or misuse of state college property. (Reported walking into a class and writing on the blackboard.)

3. Engaging in lewd, indecent, or obscene behavior on state college property or at a state college function. (His hair in the “au naturel” state may offend some.)

4. The term “behavior” includes conduct and expression.

If the Disciplinary Committee chooses to get right down to the real nitty-gritty, they could consider Van’s whip a deadly weapon, not aforementioned but understood as:

a. Knowing possession or use of explosives, dangerous chemicals or deadly weapons on state college property or at a state college function. Deadly weapons are defined as: “… including any instrument or weapon of the kind commonly known as blackjacks, slug shot, billy, sandbag, metal knuckles, any disk dagger, switchblade knife, pistol, revolver, or any other firearm, any knife having a blade longer than five inches, any razor with an unguarded blade, and any metal pipe or bar used or intended to be used as a club.”

One other definition to make the job easier:

4. The term “behavior” includes conduct and expression.

Part 2 of TRIAL OF A FORMER PRESIDENT continued after next hearing.
**Letters to the Editor**

**Feminine & Masculine**

To the editor,

There are certain manifestations in each one of us that conservative, straight society likes to label as "masculine" or "feminine." The activities, concerns, or occupations that are labeled as such are: aggression is masculine, passivity is feminine; women on the bottom, men on the top; mechanical repair is masculine, washing dishes and scrubbing floor is feminine. I would hope we are all familiar with such labels.

Now what must be conveyed are the teachings of the Taoists on feminine and masculine. "She that is feminine yet aligns with that which is feminine receives all things under heaven." Yet the ultimate reversal must also be: "She that is feminine yet aligns with that which is masculine receives all things under heaven." Therefore, to the editor.

To the editor,

The students at Cal State have been polled and it was found that there is the general desire for a change of the college mascot. Therefore a special election will be held on March 1 and 2 in order to establish a new college mascot. This election will meet the college Election Code and will therefore be in effect immediately following the election.

To the editor,

The ASB Senate would like to protest the inequity of borrowing rights in the library. The faculty is allowed to check out books, records and art prints for indefinite periods of time; this denying students' use of these academic tools. I, Senator-at-large, Mary Shepard, recommend that this practice be discontinued and that the facility borrowing rights be restricted from indefinite periods of time to definite periods of time.

The ASB Senate makes a recommendation that faculty borrowing rights in the library be limited to a three (3) month period with renewal upon request. We further recommend that students be given the consideration of knowing the faculty member in possession of the material in case a student needs information from or access to the same material.

Although we realize faculty use of library materials may benefit students participating in the various class studies, prolonged use by the faculty may prohibit others the privilege of acquiring material in our library, too often the needed materials may be limited due to the prolonged use of our faculty. We urge immediate and serious consideration of our recommendations. We feel they are necessary as part of our representation of the needs of the student body of Cal State.

To the editor,

I wonder as you think about coyotes and saint bernards if you'll think about tumbleweed tech and how everyday it looks more and more like a miniature golf course. Suburban lawns, idiot sprinklers and newly painted but already dying olive trees are replacing the natural brush environment. Rocks are being leveled but for you and wildflowers like the small white butter and eggs near the walk between the gym and the library will probably soon disappear.

There are still tern-like birds near the ceramics department and from the vineyards you can hear a bird's call at morning and evening. I'm wondering if it will be like this in five year's time, if the little things that make this school a semi-pleasant environment for me now will be here for younger students than myself. Perhaps if you like this environment too, you could let someone "up there" in planning know before the place becomes one great jig-saw puzzle of concrete paths that nobody uses any way.

To the editor,

I had great pity yesterday for Dean Kent Monroe. He looked like the fool that many here at CSOSB think he is. In a dazzlingly brilliant performance that left administration officials stampeding Chance Betor, Legal Advisor for Van Andrews, begged Dean Monroe to a MISTRIAL. I'll let you in on a little secret, it was easy. It was Kid's stuff. Kent Monroe has on no clothes.

Van C. Andrews

Plains have been made to celebrate the leaving of Dr. Egge.

Van C. Andrews

To the Editor

ONE REPORTER'S OPINION

It is this reporter's opinion that they shouldn't put light-weights like Dean Monroe and Gaye Perry in with the likes of Van Andrews and Chance Betor.

Van C. Andrews

Editorial

Fantasy

Excuse me while I make myself scarce. Someone suggested to me that we change the title of the "Pawprint" to the "Nancy Saunders" - my ego could not withstand such a dramatic change. Sorry, someone suggested that I attend the cafeteria in an editorial, attack, attack, attack. Does anyone remember when Cal State was not a golf course, but a light little trick joint with a grandiose daily on the Biology Building and Bill Maddox, Muner Hanafi, and Cy Smith chasing the tumbleweeds? Or when Larry Kramer used to hold creative writing in the olive grove on warm days, or when students came out en masse to demand the rehiring of Dr. Mankau, and worst of all, those were the days, my friend; but I always knew they would end. Van Andrews was an idea, and deer came shyly down from the foothills to drink out of the P.E. Building's fountain. Here we all are right now. We are becoming a rambling institution of higher education, and who are we to stand in the way of progress? Being a sentimental idealistic romanticist, I prefer to remember Cal State the way it was; but I'm not denying its right to natural growth (????!!?) Who knows, maybe they'll cut away the mountains to build a parking lot. Let's pave paradise. The past will never be, and the future is only a dream. Dream on, all sweet chunks of the cream...

Nancy Jo Saunders

P.S. You will all be pleased to know that the Senate is getting its act together. The Administration is still rehashing.

To the Editor

It has come to the attention of the ASB Senate that there are funds allocated to our campus library for purchase of materials which have been requested by students. We, the Student Senate expect that these funds be used for the purpose stated above.

If the status of these funds has changed, we need to be informed. Otherwise we demand that the library make every effort to honor student purchase requests and post information to the effect of this service for student information. We will expect immediate reply to this correspondence, as it is vital to our purposes, it representing the student body of Cal State.

Van C. Andrews

DAILY PAWPRINT

Reference. Van C. Andrews. I had great pity yesterday for Dean Kent Monroe. He looked like the fool that many here at CSOSB think he is. In a dazzlingly brilliant performance that left administration officials stampeding Chance Betor, Legal Advisor for Van Andrews, begged Dean Monroe to a MISTRIAL. I'll let you in on a little secret, it was easy. It was Kid's stuff. Kent Monroe has on no clothes.

Astrological Forecast

by KENT GRANT
February 9 thru Feb. 22, 1973

Throughout the 13 days of Feb. 9 through Feb. 17 the sun will be in Aquarius, ruled by Uranus, where we find native born with intellectual inclination and the ability to carry and communicate ideas beneficial to goals of brotherhood and humanity. From Feb. 18-22, the sun will transit Pisces; yea, in this watery sign where we find native born with Pisces; yea, in this watery sign where we find native born with Pisces; yea, in this watery sign will be the period to take one of those short journeys you're famous for.

It’s time to work on the emotional side of your nature, in a hurry. This kind of work will be helped with sun turn to Uranus which should increase your intuitive powers. The 10th, 11th, 12th, 17th, 18th, 19th, 20th and 21st are favorable days for you. Days where additional effort and will are needed will be the 13th, 14th, 15th and 22nd. Beware of confusion and misunderstanding. This is a good period to take one of those short journeys you’re famous for.

This is a good time for magickal, magical, or esoteric work. You will want to be tuned into yourself as your psychic faculties are strong. Writing could be very fruitful for you. Your feelings are known to you so it’s a time to listen more and talk less. Put your energies into your work instead of sun turn to Uranus which will be a day of very high energy, but with Mercury square to Saturn it will be a day of very high energy, but with Mercury square to Saturn it's a time to listen more and talk less. Put your energies into your work instead of

For those of you who were there, another one of CIBS's weekly chess tournaments was held. ASB activities were celebrated this past Monday night (Jan. 29). Alas, more than one person turned out to watch the proceedings, as a nationally renowned American chess master, as he treated the audience to a display of chess mastery rarely seen in PS 10.

Mr. Hall started the evening by playing and defeating one Robert Adam, recently defeated ASB presidential candidate, in a blindfold exhibition. Robert was understandably upset by his unexpected loss, but, he reasoned, after all it's only a game. (In other words, he couldn't see what he was doing either.)

Then the chess master proceeded to warm up with a lavish display of games against all comers. (This is a curious aberration of chess wherein the master would play all who would, each move, each player has a total of only five minutes to complete all moves. The result is only salvage a single draw against a half dozen or so defeaters. Inevitably, while this is chess exhibition was going on, two college professors, who were also of the chess club, were both closely connected with the PANTPRINT in one manner or another of bad manners, ignored the proceedings and started up their own little game, thus incurring the ire of the chess master's business manager.

I was so absorbed in observing the audience reaction to the games that I was also distracted by the conclusion of one of the games and I had to whisper to a neighbor, "What's wrong?" She whispered back, "I don't know, I don't even know what they're doing."

While the lightning chess games were a treat to the audience who wanted to beat the fastest pawn in the West, I was more interested with the overall picture, the Big Picture, as it were. Why do people turn out for athletic events? Is it to view vicariously the thrill of victory and the agony of defeat? Is it to view the complacent, smugness of superiority and triumph on the lips of the victor? Whatever, PS 10 should be proud since Professor Thunkwell's series of lectures on Chinese and Indians. It is a subject to be studied in humility and clear mind and may I add that it, as all science which yet is entering a dynamic period of growth and restructure, is affected by you incurring the unvoiced ire of the player involved.

My own game with him was a masterpiece of professional erudition.

White: John Hall, Black: Mr. H. H. Converse (pieces specially designed to take advantage of his exposed King Pawn.)

2. P-K5? (the point) Now I have two decently placed pieces on the next move.

4. QxKt (here he ignores my dictum (published in the Nor. PS 10) that CHESS PROBATES: an abstract for the uninitiated) which stresses the importance of the move and points out the queen sooner than the 23rd move or until one's opponent moves him.

5. ... P-K5 (or never get enough of good thing. If I had more time, Mr. Hall's play I would soon have had the pawn the whole way to the last rank.

6. P-K4 (checkmate: the only way to win a game of chess.)

9. QxP (one can never get enough of good thing. If I had more time, Mr. Hall's play I would soon have had the pawn the whole way to the last rank.)

10. P-K4 (checkmate: the only way to win a game of chess.)

By the way, the SUN TELEGRAM photographer was covering this event. There was the PANTPRINT? The world wonders.

A PENSIVE SENATE

Cynthia Robinson  Skip Anderson  Tom Bennett
Gary Eldred  Kent Grant  Rush Spears
Mary Shepard  Ed Fogg  Virgie DeHaro
Russ Brandt  Antoinette Duncan
Bruce Lambert Jackson is 22 years of age and "tends to earth" characteristics. He is quite a bachelor and native Californian. He is a student at Cal State here in San Bernardino. Besides having a beautiful body, Bruce is a member of Choir and Madrigal Singers and plans to sing professionally. Bruce is delighted with some of the more fruitful things in life, he enjoys listening to music. Twenty-nine year old Donald Blair went to Redlands High School and is currently majoring in Drama as an unclassified graduate. Don works in the Drama Department as a Technical Assistant. His hobbies are reading and painting. Don came to Cal State because it was close and small and he know a lot of people here. He likes Cal State.

Burton Joseph Chowning, 22, is a Music major who wants to be a man when he grows up. He aspirers to be an opera singer and sing bass in Madrigals and Choir. One of his main interests is playing guitar, and he sings beautifully. Burton moved to Hemet from England and attended Ramona High School in Riverside.

Twenty-two year old Sian Klein is an Aquarian born in Vancouver, Washington. He moved to California in 1971 and came to Cal State out of necessity. He is a senior Psychology major who will graduate in June and might like to become a counselor. Stan's hobbies are all sports, skiing (snow and water), and he plays the trumpet. He likes the beach and mountains and lives in Highland but plans to leave the area after graduation. He is a member of the Psychology Club on campus and played on the "Daredevils" football team. He currently plays basketball on the team "Heads, Hands, and Balls."

Carl Jackson is a graduate Student in Education obtaining his M.Ed. in Vocational Education. He is a secondary cousin of Music and English. Carl is a Scorpio, 24 years of age, and decidedly ambitious, talkative, and talented. He likes to dress, play tennis in the morning, and travel. Before coming to Cal State he attended Howard University in Washington, D.C. and U.C.R. After obtaining his credentials, he would like to teach in the Bay Area and eventually become a college professor of the Department of Alpha Phi Alpha social fraternity, Alpha Phi Omega service organization, National Conference, and Phi Mu Alpha Sinfonia. He is in Choir and is a member of the Swing Band in Highland and his phone number is 857-2005.

Jim Schlimpert, 24, lives at Big Pines Resort in Wrightwood where he is a bartender on weekends as well as manages a snow play area. Jim is from St. Louis and came to Cal State in the Air Force, three of which were here in California. He is a senior Business major and plans to go to grad school. Jim likes Cal State and its closeness to these mountains. Jim is a senior Business major and plans to go to grad school.

CONTEST JUDGES RENE DEShane and Nancy Saunders are "influenced" by Ken Pekin, Paul Hovrard, and Carl Jackson. Watch for the calendar, coming soon! It's loose ...
They use plastic spoons. Enter waiter No. 1 with a tray, upon which there are three full bowls of mud. The waiter moves amongst the tables, replacing three empty bowls of mud in front of the men who have finished. (All through the play, waiter No. 1 comes in with the appropriate number of full bowls of mud for eating.) The men do not look up when he passes, but stare at the bowls on the table in a semi-trance. Immediately they begin to eat the mud as it is set in front of them.

The two ambulance attendants enter from stage right escorting the fifth young man to a table. He is disoriented and appears to be in some mental disturbance. The audience must be allowed to see their faces. They are directing mud out of individual bowls placed in front of them.

Actor: (to the audience) "I'm here to protect you." Silence, count to five seconds. Actor looks straight ahead, but without fear.

Actor: "I know the mud isn't very nice this year, but act as though you enjoy it." Silence for five seconds.

Actor: (does not show anger or hostility. Remains fatherly, helpful in attitude.) "Look, I know you don't want to eat mud, but eat it anyway, just for appearance sake. (two second delay, then, almost apologetically) "I want to get along with you." Black. (As his bowl is empty, he looks back, calls the unwilling mud eater to him, and then looks back to the waiting actor, says to him) "I'm through.

The policeman subtly notices him, and then looks back to the unwilling mud eater.

2nd mud eater: (stops eating, looks over at policeman and unwilling mud eater; in soft tones asks) "What's wrong with him?"

Policeman: "I don't know what's wrong with him. (stops eating; as they leave, he looks back; to his feet. As he rises, he does not take his eyes off the bowl, and manages to eat two spoonfuls of mud before they leave the table and exit stage right.) (The ambulance attendants return and help the other mud eater to his feet. As he is not looking at the bowl, he manages to get some mud on his chin before they leave the table. They exit stage right. During this activity, the unwilling mud eater remains straight ahead. The ambulance attendants exit with the unwilling mud eater.)

Actor: (as soon as the ambulance attendants exit with the unwilling mud eater) "It won't eat the mud.

Policeman: "He says he won't eat the mud. Okay." (Turns toward table as he brings arm down from back of chair, he folds arms on table and begins to stare straight ahead smiling. "We're going to have to remove you from the scene." (Count two seconds. Matter of factly) "You just won't cooperate." He motions for the ambulance attendant to remove the 1st unwilling mud eater who spoke. As they come to remove him, he stops eating; as they have, he looks down and ashamed. Exit stage right. The two attendants move back on the stage and wait.

The unwilling mud eater and the policeman, still smiling, rise in unison and exit stage right; they pass between the attendants, who turn and follow them out.

The one willing mud eater remains, eating mud, not looking up or around.

Curtain.

FLYERS:
SPORTS

By BIFF BIZARRO

Intramural basketball competition resumed at Cal State this quarter with two leagues providing good basketball action in the gym every Thursday and Friday afternoons.

The "A" League competition takes place on Wednesdays at 3:00 p.m., while the "B" League occupies Friday afternoons. Now, a look at this year's games through Friday, Feb. 2, starting with the "A" League games.

MOTHER TRUCKERS NIF CAVALIERS

In a closely-fought contest, the veteran Mother Truckers held on for a 61 - 59 victory over the scrapping Cavaliers. The Mother Truckers, long a powerhouse in CSSB basketball, are led by 5-year veteran forward, player-coach John Nagel. In defeating the Cavaliers, the Mother Truckers featured a balanced scoring attack led by Ed Laragione, who hit for 25.

Letters to Biff

Dear Biff,

I just wanted to take a time-out and give you the following information on our team's efforts in conveying our message to the campus community. We appreciate the coverage and feel it is only right that we have the exposure.

We hope that "now you've got the ball, you run with it." We'll keep it up.

The Cal-State Jocks
Michael J. Stott

Yes, CSSCB athletes are exploited as worthy news print yet the exploitation is the sheer barrenness of it all.

D.T.'S BEST ALPHA KAPPA IN GUTTER GAME

In a basketball game that featured more pushing than playing, the D.T.'s defeated the very physical Alpha Kappa Psi team 21 - 27. A total of 30 fouls were called during this game and the refs were probably being kept up. Keep the hatchet buried down, Cal State doesn't have a wrestling program, you're the closest thing we've got.

Los Malos OZZLE D.T.'S

Los Malos, out of the D.T.'s to record a topsided 50 - 27 victory and established themselves as the team to beat in the "B" League. Player - coach Sam Miller led the D.T.'s with 12 points but didn't receive much support from his teammates. Miller also led in assists and rebounds. Los Malos continually paced the action for a furious fast break offense which kept the D.T.'s off balance from the opening jump. Los Malos were led by Randy Svoboda with 14 points and Dan Ochoa, who hit for 10.

HEADS, HANDS, AND BALLS

T.E.I.S., a faculty-composed team, fell to their only defeat of the season by the Heads, Hands, and Balls team. Led by the first half shooting blitz of Sam Svoboda, the D.T.'s hit 12 from the field for a first half total of 20 points. Heads, Hands, and Balls took the ball downcourt and immediately slotted in Kieron, who hit an 18-foot jumper from the top of the key to bring his team within two, 26 - 28.

On the ensuing inbounds play, Heads, Hands, and Balls team captain stole an inbounds pass and called time out with 24 seconds remaining. With seven seconds remaining on the clock, the D.T. center Bob O'Connor made a driving layup won the game for the D.T.'s. Bob O'Connor led all scorers with 17 points, while Kieron hit for 16.

POLACKS HUMILIATED BRYCE'S

In a runaway contest, Cal State's faculty team, T.E.I.S., beat the wisest Polacks by a convincing 52 - 19 score. T.E.I.S. teams were outplayed, and gave away the winning form as they played an exceptionally tight game. By making very few turnovers, playing a resolute defense, and a steady, systematic offense the Polacks were able to exploit themselves as a dark-horse contender for the intramural crown despite their one loss. Greg Price was again hot for T.E.I.S. as he hit for 12 points. He got five back at the free throw booth from Bob Blackly with 8 pts., and Joe Long, who had a game-high 14 pts. The Polacks were led by Smith with 6 pts.

SCHOLING LEADERS

"A" LEAGUE

1. Laragione, Cavaliers
2. Avocados
3. Cavaliers

"B" LEAGUE

1. Los Malos
2. Honkies
