STATE-SPONSORED MEDICAL  
PLAN COSTS TO INCREASE

The College has been notified that as of April 1, 1970, rates of all State-sponsored medical and hospitalization basic plans will be increased by varying amounts. The increase is based on the continuing annual rise in the cost of hospital and medical services. Several insurance carriers have submitted figures to the Health Benefits Division of the Public Employees Retirement System (PERS) indicating a 4% loss in the prior year's operations. The March 31 pay warrants will reflect the increases.

HOUSE SOLD OUT AND  
RAV  
REVIEWS FOR  
RIVER" PLAY

Sold out for all five nights, the Drama Department's production, "Spoon River Anthology," has established a new house record.

Sun-Telegram Lively Arts Editor, Charles Perlee, in his review the production, credits the success to Amanda Rudisill's direction on guiding the "eight highly talented young actors to do their own thing." Mr. Perlee termed the performances "excellent;" Mike Stapleton's original music "outstanding, nostalgic and original" and the costuming, lighting and set design "highly professional." Mr. Perlee's review concluded with the recommendation that the production be entered in next season's ANTA contest.

No tickets are available for tonight's or tomorrow's performance.

1969 GRADUATING CLASS  
GIFT BEING INSTALLED

The Class of '69's gift to the College was a sign. This sign is now being installed at the temporary entrance to the College.

The '69 graduates raised over \$200 for the 5x3-foot sign, which conforms to the style of signs to be used throughout the campus (white background with blue lettering). It will be lighted. The sign, which reads "CSC" on the left and "California State College, San Bernardino" on the right, will be located in its present position until a permanent College entrance is constructed. It will then be moved a short distance to a permanent position.
