Coyote Debating Team

The 1984-85 academic year at Cal State, San Bernardino has seen a number of teams formed to participate in intercollegiate competition. Joining the pack of Coyote defenders eager to establish a reputation for CSUSB are members of the recently-formed Cal State Coyote Debate Team.

The debate team is sponsored by the Communication Department and participation is open to all interested undergraduates and eligible graduate students. No previous experience is required. To join the team and begin preparation for intercollegiate competition, either the novice, junior, or senior division may be chosen. Similar to the early Lincoln-Douglas debates of 1858, and more recent televised in 1960, 1976, 1980 and 1984, intercollegiate debate follows the patterns of face-to-face interaction in which opponents persuasively argue the pros and cons of a given issue or position. Each year the debate proposition is deliberately phrased in the form of a resolution for which one team of two persons is assigned to argue in favor of adoption. The opposing team of two persons-the Negative-is equally bound to argue against adoption of the resolution, in favor of preserving the present way of doing things.

Members of both the Affirmative and Negative teams present their arguments in a structured format before a judge. In attempting to win the decision for their side, each member will argue in opening and rebuttal speeches, using reason, facts, and persuasion. In preparing their remarks, each debater will rely on his/her knowledge of argumentation as well as knowledge of the relevant historical knowledge, contemporary facts and statistics, and will cite the opinions of experts knowledgeable on the subjects discussed.

Participating in debate, especially as a member of an intercollegiate team, can be personally gratifying, intellectually challenging, and professionally valuable. Literally thousands of former debaters now influence politics, law, education, and business. Premier citizens and successful business leaders have attested to the important, overwhelming benefits they received from their debate training.

Numerous surveys and interviews conducted over the years, by scholars and interest are interested in the impact of debate training on professional skills and career plans, have yielded some impressive statistics and persuasive testimonials.

In a survey of 160 leaders in politics, law, education, and the professions, it was discovered that 100 had debated. Of these 100, 90 believed that debate experience had been "extremely valuable" in their personal and professional development.

In three studies of the valuable of debating, the testing of ideas, is intellectually challenging, and professionally valuable. Literally thousands of former debaters now influence politics, law, education, and business. Premier citizens and successful business leaders have attested to the important, overwhelming benefits they received from their debate training.

The California Parent-Teachers Association (PTA) provides a $500 scholarship to upper-division or graduate students entering the field of education. These students must be a citizen, of good character, possess a superior academic record, and demonstrate the financial assistance and make a commitment to teach in California public schools.

The California Retired Teachers Association and a $500 scholarship to a senior or graduate student entering the field of teaching. The student is selected on the basis of financial need, academic achievement and school and community activities.

The California State University, San Bernardino Foundation provides scholarships of varying amounts to students exhibiting financial need, academic superiority and community involvement.

The California State University, San Bernardino Foundation provides two scholarships totaling $800 to students planning to professional excellence in the field of teaching.

The California Retired Teachers Association provides a $500 scholarship to a senior or graduate student entering the field of teaching. The student is selected on the basis of superior academic record and financial assistance and make a commitment to teach in California public schools.

Getting Acquainted With Dr. Peter Wilson

by John Cloud

The mind, a dynamic mind, personality, and a progressive action state. One will enjoy the academic and personal challenges. At the University of Santa Cruz in 1972, Wilson accepted the position of student affairs director. He worked on his M.A. and Ph.D. at UCLA. He directed two student affairs departments, coordinated new student orientation as well as academic advising. He implemented policies regulating student activities and conduct.

Upon receiving his M.A. in Philosophy of Education in 1976, Wilson accepted greater professional challenges. From 1976 to 1980, he moved into the organizational structure as assistant director of student affairs. His next professional move was to director of campus-wide student programs whereupon he directed a total of eight student affairs department's activities, recruitment, student selection, training and supervision, bonded analyses, development and evaluation of programs, and budget preparation and planning.

Note: Dr. Peter Wilson was involved with the United Nations, the Citrus Belt Chapter of the United Farm Workers of America, and the Student Union Multi-Purpose Room.

World Hunger Panel: Famine: A World Crisis. The same two seminars will be offered on Wednesday, February 27 at 12 noon and on Friday, March 1, at 12 noon in the Learning Center. Choose the dates that are the best for you and join Sandy Hall and Bridget Tucker in PL 37. Bring your lunch.

Call Rosemary Binkley at ext. 7612 for further information.

Student Representatives Needed

Associated Students is looking for two student representatives to serve on the Student Union Comm/Pub board. Apply at the A.S. office located in the Student Union on or before February 1 by 5 p.m.

El-Ahraf, associate vice president for student affairs, will serve as moderator, discussing world hunger. Weitz, UN specialist on world hunger, will discuss the issue. Dr. Dorothy Argow, President of the Citrus Belt Chapter of the United Farm Workers of America, will report back to the panel as a conclusion. March 9, at 8 p.m. in the Student Union Multi-Purpose Room.

Dr. Yolanda Moses speaks: The Student Union and the Student Life Department present Dr. Yolanda Moses, Dean of the School of Arts and Associate Professor of Anthropology at Cal Poly Pomona and recipient of the distinguished Alumni Award for 1983. Dr. Moses will speak on Black American Historical Fictions at a special viewing of "A Letter From Elvis" and the return of "60's fashion". The "Finder of Lost Loves" and the audience also join in the fun for an improv piece done in style of Shakespeare "Doomed." The $9 show will be presented by the Groundlings Foundation and sponsored by Ambassador College.

Groundlings A Go-Go presents Ambassadors for Art and Promotion of All American. Groundlings A Go-Go plays Friday ($7.50) and Saturday ($8.50) at 8 p.m. following a completely different late show ($5) at 10:30 p.m. For ticket reservations, call (213) 934-7970. For group sales call (213) 934-4747. Tickets are also available at all TicketMaster outlets in May Company, Music Plus and Sport Mart Stores. To charge through TicketMaster call (213) 400-3303.
For 10 points, who has quick recall, origami folding skills, a collection of steel, a storehouse of arcane knowledge, and a degree in Marketing? The Marketing Association defeat the Math Department team in last Wednesday's College Bowl tournament. The Marketing Association, led by Mitchell Slaegerman, won two games to the Math Department's one win in the championship finals. Members of the Math Department team include Bob Dettel, Jan Brock, Pat Reynolds and John Sarli. The Marketing Association and Math team advanced to the finals by defeating Alpha Kappa Psi, Associated Students, and the Green Unsealed.

The tournament was considerably

collevied by the on- and off-the-record comments of the moderator, John Hatton, Associate Dean of Students. In the finals, John Hatton, psychology professor, served as announcer and Michael Weiss, psychology professor, assumed judging duties. The task of scorekeeping was ably handled by mathematics professor, Dan Rine. Joe Long, director of intramurals, served as timekeeper.

During the preliminary matches, Steven Mellor (psychology professor), Steven Levy (administration professor), Carl Waggener (criminal justice professor), Jonnie Rognson (director of activities), Roberta Stathis-Ochoa (academic programs coordinator), and Helga Lingren (director of the student union) served as game officials. Other members of the College Bowl executive committee include Dick Mone, Keith Dolan, Sherry Hammer, Kent Schofield, and Susan Altmann. Prizes for the first and second place winning teams were donated by Associated Students and the Student Union. First-place winners received a coyote mug and CSUSB window decal. Second place winners were awarded a book entitled How To Improve Your Memory.

This first College Bowl tournament seemed to bring trivia freaks out of the woodwork. The University is tentatively planning to host another College Bowl competition in the spring. Students interested in serving on the College Bowl committee should leave their names at the Student Union information desk.

Special thanks are due Cal Poly, Pomona for loaning the equipment and game packets, and for providing expertise.

An education in your chosen major. And an education in leadership. An education in becoming an Army officer. You get both from Army ROTC. Army ROTC provides professional training and challenging activities. Our cadets look forward to the moment they begin serving our country as leaders.

Full-tuition 2- and 3-year scholarships are available to qualified applicants. Students without scholarships still receive over $2600 during their final two years of Army ROTC.

If you want more than one education...if you want the challenge of leadership and the satisfaction of service...call 867-9546 or visit SS 124, CSUSB. Or ask any Army cadet. One wearing Army Green. One getting two educations.

ARMY ROTC. BE ALL YOU CAN BE.
Health: Possible Herpes Cure

Health Fair Expo Set For April 20th

Rising medical costs and economic stress account for some of the attraction of HFE. However, its overwhelming success is also due to those medical and lay volunteers who handle everything from assisting participants in filling out forms and the actual medical screenings, to the promotion of health counseling and referrals and follow-up phone calls after the event to ensure that participants with abnormalities are taking proper action. Many of these volunteers at our CSU Health Fair are CSU students and faculty. Perhaps as important as the screenings and educational experiences, the Health Fair creates a spirit and a feeling of being involved in a process that cares about the individual by bringing health care to the participants rather than demanding that they bear the burden of finding their own health resources.

If you are interested in getting involved in the planning for this event or would like to donate your time on April 20th, please sign up in the Health Science office in the Physical Sciences building on campus, or call 887-7348 to leave your name.

Possible Herpes Cure

I heard on the news that there is a drug available for people with herpes. Have you heard about any new information on this? Recent media coverage has announced that an oral medication is now available for the treatment of herpes. The media also announced that the drug is available without a prescription for recurrent bouts of herpes. This news was followed by the Federal Drug Administration (FDA) granting approval for this medication, by prescription, for people with active symptoms.

The medication is Acyclovir, marketed under the trade name of Zovirax by the Burroughs Wellcome Company. The Burroughs Wellcome Company's Research Department mailed the scientific, medical, and prescribing information to interested physicians early this week. The company stated that it should be available at pharmacies by the week of February 11, 1985, in 200 mg size capsules. The company will provide additional information to be used as patient information. It is recommended that the physician issuing the prescription discuss the medication with the patient. Pharmacists will also have the material to give to the patient at the time of the prescription. It contains, in part, the following information:

Genital herpes is a sexually transmitted disease and patients should avoid intercourse when visible sores are present because of the risk of infecting intimate partners. Zovirax capsules are for oral ingestion only. Medications should not be shared with others. The prescribed dosage should not be exceeded. Zovirax capsules do not completely eliminate virus. Some patients experience increased severity of the first episode following cessation of therapy; the severity of subsequent episodes and the effect on the natural history of the disease are still under study.

There are still unanswered questions concerning reproductive/transplantation toxicity and mutagenesis long term studies are continuing. Decreased sperm production has been seen at high doses in some animals; preliminary analysis of a study using 400 mg per 100 mg of Zovirax per day for six months in humans did not show similar findings. Chromosomal breaks were seen in vitro after brief exposure to high concentrations. Some other currently marketed medications also cause chromosomal breaks, and the significance of this finding is unknown.

Patients are instructed to consult with their physician if they do not receive sufficient relief in the frequency and severity of their recurrences; they experience severe or troublesome adverse reactions; they become pregnant or intend to become pregnant; they intend to breastfeed while taking Zovirax capsules, or they have other questions.

How is this medication given for an initial attack of herpes? One 200 mg Zovirax capsule is taken five times a day for ten days. For suppressive therapy for those patients with recurrent herpes, one 200 mg capsule is taken three times a day for up to six months. For intermittent therapy, one 200 mg capsule is given five times a day for five days. Therapy should be started at the earliest sign of recurrence.

Will this medication be so expensive that no one can afford it? It is estimated that the cost of the medication will be $1.00 to $1.25 per 200 mg capsule. And you must remember that Zovirax is not a cure! At present, there is no known cure for herpes. In conclusion, when tempted to bare yourself, remember that herpes is forever!

Don't forget to submit any health-related questions to the question box.
Publicity Workshop
To Be Held February 19

The Public Affairs office here on campus in conjunction with The Chronicle, will present a workshop on publicity techniques for club activities on and off campus. This workshop is scheduled for February 19 from noon to 3 p.m. in the Student Union rooms A and B. All club members as well as any interested individuals are encouraged to learn the proper way to successfully advertise club events to the surrounding community as well as other clubs on campus. This workshop is being sponsored by the Activities Office. Be sure to mark this important date down on your calendar you would not want to miss out on the fun.

Remedial Classes To Be Reduced?
by Greg Timpany

The Chancellor's office has released a plan to reduce the number of remedial programs offered by CSU campuses. The plan, using annual target goals, hopes to reduce by three-fourths the number of students enrolled in remedial English and math classes. The Chancellor's office believes that this can be done by the fall of 1990.

The plan will require a strong commitment to working with high schools, adult schools, and junior colleges. According to trustee George Marcus "the plan recognizes where the solutions will be most effective." The plan does fit into current efforts to improve consistency with CSU definitions. They also plan to begin testing students' basic skills prior to matriculation in the fall of 1986.

Other aspects of the plan include increasing the opportunity for secondary school faculty to improve their abilities to teach college preparatory classes. Also the CSU plans to strengthen the college preparatory classes. Improving their ability to reach college preparatory students was a strong goal of this plan.

February 15: Black History Week Banquet (Lower Commons) 6-8 p.m. BLU presents their annual Black History Week Banquet, featuring a Gospel Duet by Community Missionary Baptist Church of Redlands. Keynote speaker will be Dr. David L. Horne of UCR. Tickets: $5

You Can Still Join In The Floor Hockey Fun

It's a saying that's heard all around the country this time of year: But not at Cal State San Bernardino games every Friday at 2; sports action is on for men and women. Co-ed is now in the middle of the season so it's too late to join any team this year. Everyone is welcome to come by any how to watch the great competition for fun.

Intramurals Update by Eleanor Penrose

Intramural sports action currently includes street hockey, 5-on-5 basketball and volleyball. Street hockey is played every Friday, with one game at 2:30 and another at 3:30. Two teams include Hans Brinker, 12 oz. Stammer, PEMM, California Hockey, Chariotown Chiefs and Greaty's Pups. Tie for first place are Charlestown Chiefs and Gretsky's Pups. Tied for first place are Charlestown Chiefs and Gretsky's Pups. Tied for first place are Charlestown Chiefs and Gretsky's Pups.

Intramural Ski Race

Hey, you almost missed the big Intramural Ski Race at Goldmine! There's still time, but, like, it's tomorrow. Get your skis and boogie on up early, 'cuz entries close at 10:30. For sure!

Intramural Roots

Did you know that the National Intramural Recreational Sports Association (NIRSA), formerly known as the National Intramural Recreational Association, was founded by Blacks in 1960? In fact, the entire membership of the association was Black. The conference was hosted by Dr. William Wasson, at Dillard University in New Orleans. The Association later became the National Association of Intercollegiate Athletics (NAIA), and now includes nearly one thousand members, including this writer.

Scholarships/ Fees

Student fees are very unstable. According to senator Stratton, "fees increased four times in the 21-month period between January 1982 and September 1983." Since 1980, student fees have nearly doubled at the UC System and tripled at the CSU System. Since 1980, student fees have nearly doubled at the UC System and tripled at the CSU System.

Meet the Women's Basketball Team

by Eleanor Penrose

CSUSB's women's basketball team played its last home game February 5 against Christ College.

The team played most of the season with 6 members. They are Becky Carranza, LaTonya Johnson, Kenya Lee, Rhonda Smith, Sherry Stark and Sonya Thomas. Ms. Thomas is the team’s number one scorer, averaging a score of 11.2 points per game and 9.2 rebounds. She is currently ranked 22nd in the nation in division three scoring.

Eileen Callaghan, who joined the team since the Christmas break, is also a very strong player, scoring about 7.2 points per game. She is the team’s top rebounder, averaging about 10.4 points per game.

The coach is coached by Gale Fitzgerald. Ms. Fitzgerald was a competitor in the Munich and Montreal Olympics as a member of the U.S. Women’s Track and Field team, and in 1972 was named New Jersey’s outstanding female track and field athlete. This is her first year coaching at CSUSB. She was formerly assistant women’s basketball coach at Cal State, Dominguez Hills, and before that at Central Oregon.

The team will compete next on February 14 at 7:30 p.m., against UC Riverside, the team's only division two opponent. Games after that include UC San Diego on February 16, Cal Baptist on February 20, and they will finish up the season on February 23 against Fresno Pacific.

The Moot Platform Explained

To the Editor:

Due to the uncomfortable millions who have applied for membership since the last letter to the Editor, we are forced to ask for the council for Terrorism Action and Gordon Show Fund Raising of the National Anarchists Peoples Liberation Front have decided to make known our platform.

First, our platform is Moot. Second, here is what we hold to be most important:

1. Old people are Moot.
2. Young people are Moot.
3. Everybody is Moot.
4. Anything not included in 1.2 or 3 is Moot.
5. Make the Moot.

Threw, beware of things which appear to be of importance or meaning, as they are trying to trick you into believing they are not Moot. Also beware of any organization other than the National Anarchists Peoples Liberation Front, as all other parties (except the ones we throw) are Moot. Finally, beware of the Night Owls, who eat non-party members and those who are Moot. You who do not join us have been warned.

See the Woman-eating Monster Council for Terrorism Action, etc.

National Anarchists Peoples Liberation Front, et al.

Moot's editorial was her belief that many things, such as herself, should not allow personal feelings to "get in the way of an assignment." The way she put it, she let her own "personal (sic) feelings" get in the way of her editorial. She was obviously upset with AKP for halting the gambling at midnight and asked with Mr. Turco for brushing her aside.

Alpha Rappa Psi is a professional business fraternity that upholds its' professionalism. Monte Carlo Night was a "class act" put on by a class group.

Sincerely,

Mille Paulino
Vice Pres. Alpha Rappa Psi
