Rita J. Simon Speaks On The Insanity Defense

by Elrond Lawrence

A world-renowned scholar in the fields of sociology, criminology and law will speak on the Insanity Defense at Cal State, San Bernardino on Wednesday, Nov. 13. Professor Rita J. Simon, Dean of the School of Justice in the American University, will present a lecture discussing The Defense of Insanity from 12 noon to 1:30 pm. It will be held in the Eucalyptus Room in the Lower Commons. The event is being sponsored by the Intellectual Life Committee at CSUSB.

As well as being a former editor of The American Sociological Review, Dr. Simon has authored a number of books and professional articles on criminology, sociology and law.

The topic on which she will speak, the Insanity Defense, has a special relevance in current issues, due to its influence in the outcome of trials concerning figures such as Dan White (the "Twinkie Defense") and Richard Ramirez (the "Walk-in Killer"). Recently, there have been several suggestions to change sentencing and legal definitions pertaining to this issue — suggestions which Dr. Simon will address.

An informal meeting with Dr. Simon is planned after the formal lecture. The lecture itself will be videotaped, and will be available for teaching purposes in the future.

Theatre Arts Presents "The Clandestine Marriage"

by John Purcell

The Clandestine Marriage is a play written by David Garrick in the 18th century. The play is being put on by the CSUSB Theatre Arts Department and will run November 14, 15, 16, 20, 21, and 22. The play starts at 8:15 pm and tickets can be purchased in the Theatre Arts Department Office in the Creative Arts Building. $5.00 for General Admission and $2.50 for Students.

Dr. Ronald Barnes, director of the play, is excited about the production. Having worked on putting the play together since September 26, when auditions began, Dr. Barnes has found that the play is quite special. He sees putting this particular play on as a challenge since the comedy of the play is somewhat hidden by the 18th century English which it is written in. "The actors didn't find the comedy in the play right away," Barnes says. "But as they went along they started to notice it. The challenge is that they have to transmit the humor to an audience that has just one night to understand it."

The cast members include Alicia Aultman, Carol Lynn Damgen, Jay Garcia, Manuel Gomez, Kelly M. Grenard, Dagmar Handlos, Kenneth Herring, Michele Marko, David A. Pavlov, Chris Ross, Tami Silver, Stephen Steele, Laura Vechione, and Phillip J. Wurtzel. The cast ranges from freshman to senior. Several members do attend CSUSB, however some come from schools as far away as Michigan and Texas.

Dr. Barnes stated that there is an unusually large number of freshmen in the play. He attributes this to the graduation of many of last year's students. However, some students have had to drop...
What Is Toastmasters?

by Jackie Wilson

Toastmasters International met officially on Friday, Nov. 1 in the Student Union Rooms A & B. The president of the organization is Glen Thompson. What is Toastmasters International? It began as a club organized in October 1924. It was started by Dr. Ralph C. Smedley and it met in the basement of the YMCA in Santa Ana. Its purpose was to practice effective public speaking, how to prepare over meetings, and to promote sociability and good fellowship among its members.

A year later, a club was organized in Anaheim, Calif. and a third followed in Los Angeles. During the 1930's another club was formed in Victoria, British Columbia, the name of the club was then changed to Toastmasters International. Membership in Toastmasters International is sponsored by Area.

That a University theatre can provide students with an insight into this particular time period. The 18th century is particularly interesting because it is the time of the American Revolution. In fact, the play was seen by George Washington in 1789.

Dr. Jim Mulvihill of the History Department will present "The Dinner Party" event on Friday, Nov. 1 in the P.E. Building. A map of the course is posted in the Intramural Office.

Health Center Presents AIDS Awareness

On Tuesday, November 12th, the Health Center presented an informative film on AIDS. Both Drs. Savage and Miller participated in a question and answer session immediately following the film. If you missed the presentation, here is some general information on AIDS.

1. Is AIDS Highly Contagious? *(Acquired Immune Deficiency Syndrome)*

No, it is not. Its prevalence is among a high risk population comprised of:
- a. homosexual/bisexual men (73% of cases)
- b. I.V. drug users (17% of cases)
- c. transfusion recipients of blood or blood products (1%)
- d. heterosexual men and women with multiple partners (only 1% now, but this figure is expected to rise)
- e. percutaneous inoculation from needles or blood products of a known carrier (I.V. drug abusers).

2. How Could A Person Get AIDS?

It is contracted through:
- a. sexual contact with a known carrier (carrier means one who is asymptomatic, but has a positive antibody; has AIDS Related Complex (ARC); or has full blown AIDS). Susceptibility has been overstated in popular media.
- b. contamination of mouth or nose with the amount of virus received at any one time through, for example, sexual acts that cause damage to anal or buccal mucosa. Repeated exposure increases the risk.
- c. percutaneous inoculation from needles or blood products of a known carrier (I.V. drug abusers).

3. Could I Get AIDS If I Shook Hands With Someone Who Has AIDS?

No. There are many mistaken ideas floating around on ways that people can contract AIDS. You cannot get AIDS by:
- a. living with and touching a known carrier in a classroom or other public places.
- b. using a washbasin, toilet seat, shower after a carrier, or using a swimming pool, hot tub, or shower with or after a carrier.

Some other relevant information you should be aware of is:
- a. in regards to contagion, the virus is carried by .5% of the adult population. This translates into a real potential of one million carriers within the next several years of which 5-20% will contract the full blown syndrome, another 30-40% may contract AIDS Related Complex (ARC), and the remainder will possibly be carriers for their lifetime.
- b. The virus is present in all the body fluids of a carrier, but when exposed to air or water is short lived. No case of saliva-to-saliva transmission has yet been documented, but exchange of saliva through kissing theoretically carries some risk.
- c. Testing for antibody is useful for screening blood donors, but not the general population because of false positives and inability to predict who, among the positive, will develop the disease.
- d. As the majority of carriers as asymptomatic, quarantine is of no value in controlling transmission.

The Making of “Mona”

“Mona”, a rock & roll video about the life and martyrdom of a young girl, will be shown Nov. 18 at 1pm and again at 7pm in the SUMP. There is no charge.

The song “Mona”, singer-songwriter Doug Cameron’s testimony to the resolve of a 16-year old girl who was hanged with a dozen other women and children by Iranian Islamic revolutionary authorities solely for her religious beliefs, has steadily climbed both Canadian radio and television video charts since its release there last summer.

The song and video were released in the U.S. in September and have received steady airplay in several regional markets and some airplay on MTV as well as local music video shows.

Accompanying the music video for the campus event is a short documentary on the making of the video, which includes interviews with Doug Cameron and cellmates and relatives of Mona’s, as well as country stars Seals and Crofts and popular artists Seals & Crofts.

The event is being sponsored by Cal State’s Baha’i Club. “The video has already been shown on quite a few local music video shows. Times offers internships

by Jerry Nye

Los Angeles Times' internships, paying up to $520 a week, are available to Cal State San Bernardino students, according to include Wilkerson, an L.A. Times representative.

Wilkerson said that three types of internship programs are available. All are paid and temporary. None of them are considered entry-level positions.

Opportunities for go-getters; Gophers need not apply

Summer internships provide full-time temporary work for students and for recent graduates, for a total of 12 weeks. The positions are available in the Times suburban bureaus, and in regional offices such as San Gabriel.

Approximately 25 positions are available for this summer. The file deadline for applications is Jan. 31. The Times expects about 500 applicants for the summer of 1986.

Summer internships usually have previous intern experience at other newspapers. Wilkerson points out that this is not a requirement, but it is a highly desirable, because they work more independently.

Academic internships provide part-time work during the school year for students in their junior or senior year at the time the internships begin, but sophomores are urged to apply.

Specialists can help you write—the right way

by Kimberly Amos

Students needing assistance in writing can receive it Monday through Friday in the Writing Center, located in SS 114.

The CSUSB Writing Center has a staff of 11 tutors who help 35 to 40 students a day.

"If a student is willing and wants to improve and comes in, they can't help but become better at writing," said tutor Robin Hart.

Part of the Writing Center's goal is to provide support for students in composition courses such as English 99, 100, 101, and 495.

The majority of students are seen on an appointment basis, but drop-in hours are provided Monday 9-10am and 2-3pm, Tuesday 10am-11am and 3-4pm, Wednesday 11am-1pm and 2-3pm, Thursday 9-10am and 11-Noon.

Registration will be streamlined

by Midge Thornton

CSUSB will adopt a computer assisted registration system next fall to provide more efficient scheduling procedures.

Candidates who have completed all six core classes and approved electives will receive priority registration. The registration system will be able to schedule students according to their personal class preference, subject to availability.
CSUSB Hits The Bigtime?

by Chris Ellis

The appearance of George Plimpton last month brought a near capacity crowd to the Student Union Multipurpose room. The people were amazed at his accounts of how he literally put himself in the shoes of participants in just about every major league sport as well as at least one reputable symphony orchestra while writing for Sports Illustrated.

This November 21st, the controversial political comedian Wally George (who enunciates the “Hot Seat” show on KOCE TV) will appear. Mr. George ridicules various “left wing liberals” on the air, while writing for Sports Illustrated. The last threads of my sanity were seriously challenged when I looked like total disruption had occurred. Long tables were in the middle of the room, chairs were scattered everywhere and there was no way of having such troubles come and speak, and asking if it’s worth it. They say the SUMP or Recital Hall (where noted UFO rebuttalist and the students there for the Second Annual Coyote Invitational High School Speech and Debate Tournament, sponsored by the CSUSB Communications Department.

I quickly learned that it wasn’t as easy a job as I thought it would be to run a successful tournament. I saw a number of students speaking in a strange foreign language, and I think I’m completely unfeathered to run it. I finally came to the determination that I hadn’t been completely gone crazy, this was actually the CSUSB Student Union. But our campus had undergone an invasion by the strangers from a very strange foreign land—high-school students. I figured, what all could there be to running a debate and speech tournament? I thought all we would do was answer a few questions and tabulate the results.

Wrong!!! We answered endless questions, tabulated what we were probably about a thousand ballots, ran errands to every possible building on campus, posted lists of participants for rounds, assigned judges and then tracked down people to replace those judges who never showed up to get their ballots.

Then we must have really gotten desperate for judges, because I was recruited, along with two dozen other CSUSB students and professors, to join the world of judging. Considering that I had only been in a couple of high school speech contests and never judged, this was all new and very frightening experience for me.

I had only been a student here for about five weeks, until Saturday, Oct. 19th. That’s when I thought that I knew my way around campus fairly well. That is until Saturday, Oct. 19th.

The students were here for the Second Annual Coyote Invitational High School Speech and Debate Tournament, sponsored by the CSUSB Communications Department.

When there was an occasional question, we answered it, and I agree. But in turning out a successful tournament, we did try to admit it, but they were right, it didn’t hurt all that much. I successfully survived judging three preliminary rounds of individual speaking events (they wouldn’t let me near the debates).

I quickly learned that it wasn’t as easy a job as I thought it would be to run a successful tournament. I saw a number of students speaking in a strange foreign language, and I think I’m completely unfeathered to run it. I finally came to the determination that I hadn’t been completely gone crazy, this was actually the CSUSB Student Union. But our campus had undergone an invasion by the strangers from a very strange foreign land—high-school students. And then it was too late to turn back, I had been sucked into the excitement of the tournament. I joined the ranks of the “unsung heroes,” made up of students and faculty members John Stadler and Sharon Stalcup, asking if it’s worth it. They say the SUMP or Recital Hall (where noted UFO rebuttalist and the students there for the Second Annual Coyote Invitational High School Speech and Debate Tournament, sponsored by the CSUSB Communications Department.
