Louise Hayes Fulfills A Goal, Vows To Help Community

Louise Hayes is fulfilling a goal she has long held in her heart and is making it a reality, according to Riverside United School District's Board of Education.

"This is a dream," said Board President Maria Contreras. "This goal has been her dream for years, and now she is making it a reality."

Riverside Mayor William Love agreed. "This is the embodiment of Louise's dream," he said. "She has worked hard to make this dream a reality, and we are proud to support her in her efforts."

To Be Equal

Editorial

Don't let Apathy have you Nov. 4th

By Handy Brown

Apathy. This was one word used to inspire the Million Man March in Washington D.C. two years ago. The organizers knew that the lack of Black Male participation was a quiet time bomb waiting to explode. The organizers knew that if they made the call, thousands would respond. The organizers felt the tension that was confined inside the Black man as a result of a past discrimination. The organizers knew if they delivered a reachable target to him they would hit the bullseye, and they did. The target was the man himself. The organizers just gave them focus and the encouragement to do things on their own or in a group. The men came back into their communities and organized matches, held rallies. Organized voter registrations drives, volunteered to run-for-office and anything else that created things for young people where nothing previously existed. This was great.

In the November election Black males voted in record numbers and gave ninety percent of their votes to President Bill Clinton. This coming November 4, 1997 they have an opportunity to go to the polls in record numbers and vote for local candidates of their choice. All over the Counties of Riverside and San Bernardino there are candidates running for offices that should vote for their boards and city councils. We are encouraging the Black men to take the head and help get people to the polls and vote. Make sure they know and ask your neighbor to vote, if you know a senior citizen who needs a ride take them to the poll and vote. If you know someone who works out of town remind them to vote early. If you have a few minutes in the evening pickup the telephone and call five or ten people and remind them to vote. You don’t have to go to a meeting to do it. You don’t have to explain anything other than go to vote on November 4, 1997. If you do not vote some should vote for them tell them the Black Voice has some recommendations for them to consider. If they don’t like our recommendations then offer them your own, but tell them it is important for them to vote. Tell them if they don’t vote they will be put into the status quo. This means they are without feeling for their fellow brothers and sisters.

These local elections are important, with El Nino lurking around this winter, wouldn’t you like to know someone on the city or county Board of Education. When the city is considering many factors affecting your wallet, wouldn’t you like to know someone at city hall.

VOTE ON TUESDAY, NOVEMBER 4.

The Board should be for what it is good for the entire community and not for what it is good for a special interest.

Many people have a deep concern and they echo the thoughts of many people that it is designed for a high social circle that doesn’t want to be involved in any special events. "Ethnicity is not enough," some say. "Ethnicity should be colored," other say. Although many people are concerned about this society, it seems that the school board is in trouble especially with Black males that need attention. "If there is a..."

"Adults with developmental disabilities need special care and special training. They need care and supervision and are entitled to it," said California. Wilson said, "This bill will provide better services for those living in Residential Facilities and for the Disproportionate Share Elderly."

SB 461 - Senator Betty Kantarow (D-Long Beach) - This bill provides for the retention of unprofessional conduct for the board of trustees of approved vocational education programs for altering, modifying or creating a medical record with reckless disregard for the patient's treatment, or training for optometrists to learn the proper use of ocular media and other chemicals used in contact lenses.

"This legislation protects the patient," Wilson said. "It also provides additional protections for chiropracters, dentists, veterinarians and optometrists who may receive training to detect child abuse."

SB 945 - Senator Carly B. Simi (Glendale) - This bill provides for the voluntary enrollment of all home health aide candidates that have a valid state license in order to submit fingerprint cards in the background check. This prior to direct contact with the patient. Candidates will submit fingerprint cards in the background check, plus applicants for a home health aide license to submit fingerprint cards to the local police department. Candidates will submit fingerprint cards in the background check, plus applicants for the medical license to submit fingerprint cards to the local police department. Candidates will submit fingerprint cards in the background check, plus applicants for the home health aide license.

One thing that stands out in the November elections is the fact that we have less than a week before the elections to vote. This is the time to make sure that we get all the information possible about the candidates and their voting records. It is important to know what they stand for and what they have done in the past. It is also important to know what they plan to do in the future. It is important to know what they plan to do in the future.

Welfare Students May Get Funding for College

Black Voice News

From a nudge from the state's welfare reform and wish, more than $15 million on the line, administrators of San Bernardino Community College district's two colleges are scrambling in ways to help students on welfare become "work-ready" and job on the job once they're employed.

The money is being available immediately from the state's welfare reform and replaces APDC (Add to Families With Dependent Children). Already 3,214 APDC students have been identified within the district - 499 from Sacramento.

From over 140,000 welfare recipients go to community colleges each year. About 140,000 welfare recipients go to community colleges each year. About 140,000 welfare recipients go to community colleges each year. About 140,000 welfare recipients go to community colleges each year.

According to Bundy, "The state challenge is this: The CalWORKs program at the community colleges will be considered successful to the degree that the colleges prepare students to get a job after a few-week search, the county may refer them to community service or school.

Those students enrolled in a community college degree or certificate program before they called up the welfare-to-work program are referred to as "state-initiated" students. The district must help them finish their programs under CalWORKs criteria. For others, who are expected to be referred to the colleges by county welfare offices, the district must develop educational programs that put the students in the workforce in less than a year. A

Electric Industry Changes May Affect Consumers

during the 250,000 black pastors across the nation. In arguing against the merger, he's helping churches help more people. As church members should be printing done by blacks or our own banks or credit unions, and they're making money for everybody and you're a part of the $5 million debt on NBCUSA's $12 million Nashville headquarters. Lyons' revenue also serves as president of the National Baptist Corporation of America, a Memphis-based national marketing firm that provides Baptists single family housing, commercial and industrial development, all types of insurance, real estate, marketing, investment banking, etc. to help facilitate the electric industry transition for residential and special needs audiences, including seniors, ethnic populations, physically challenged, rural, low-income and non-English speaking consumers. The CPUC's Consumer Services program will augment these efforts by communicating relevant consumer protection measures and other policies adopted by the Commission to consumers, local, state and federal officials, and other targeted audiences. The CPUC is the state agency responsible for regulating the safety, service and rate of all privately owned telecommunications, electric, water, and natural gas utilities.

Graduate School Information Day at UCR

After six years in business, serving the Inland Empire and the far west coast with its unique richness of African Clothing and Art, Hasan's Accessories will be closed permanently on December 31, 1997. It is very difficult for us here at Hasan's Accessories to locate at 515 S. Riverside Avenue, Riverside, California (909) 266-4954.

A consumer education conference will be held Friday, October 24, 1997, 8:00 a.m. to 2:00 p.m. in the Commons Drawer 1679, Wilmington, NC 28402. The event will also include a seminar `Exploring Graduate/Professional School Opportunities,' from 2:10 p.m. to 3:00 p.m. in the Commons. The seminar will be conducted by representatives from Georgia State and Carnegie Mellon University. The event's theme is designed to help students with financial savvy, churches can lead economic development efforts. The organization can be reached at P.O. Box 1679, Wilmington, NC 28402.

The CPUC's Consumer Services program will augment these efforts by communicating relevant consumer protection measures and other policies adopted by the Commission to consumers, local, state and federal officials, and other targeted audiences. Phi Beta Sigma Fraternity Hosts Sigmas for Christ 1st.

Mother Teresa A Life of Devotion

The Black Voice News

Phi Beta Sigma Fraternity Hosts Sigmas for Christ 1st.

Benevolent Church.

ONTARIO

The men of Phi Beta Sigma Fraternity, Inc., cordially invites you and your family to attend this worthwhile community event in upholding the name of Jesus Christ and financially supporting our youth in education. Our purpose is to build for the future by setting an example. We want to personally invite church leaders to this worthwhile community event in uplifting the name of Jesus Christ and make a difference.

The men of Sigma have a goal to provide scholarships to students who have chosen to pursue higher education. We have partnered with the NAACP and the ecumenical community. "We want to inform church leaders of our shared goals and aspirations," said President Mfume.

"This summit is timely and necessary," said President & CEO Junius B. Bledsoe, Jr. "We are already seeing signs that we are not as united as we should be. We are encouraging people to find ways to address these issues."

"We want to personally invite church leaders to this worthwhile community event in uplifting the name of Jesus Christ. We hope they will come and we hope to see them again next year."

Community Health Fair at Quinn A.M.E. Church

Quinn A.M.E. Church in Moreno Valley is hosting a community health fair on Saturday, October 18th from 10 a.m. to 1 p.m. Workshops and information will be available on the following topics: Sickle Cell Disease, Heart Disease, Anemia, Cancer, Respiratory Disorders, and more.

Community Health Fair at Quinn A.M.E. Church

"Adventist Church" stands for the religious community is atop the religious community of the world. The purpose of "Adventist Church" is to provide spiritual guidance and support for its members and to promote spiritual growth and development. "Adventist Church" emphasizes the importance of living in accordance with the principles of the Bible and of following the teachings of Jesus Christ. "Adventist Church" also participates in community service and outreach activities to promote the message of salvation and eternal life.

Ellison, Redlands run by undefeated Rubidoux

By LEELAND STEIN III

Rubidoux - Pump, circumstance, ceremony, and, the youthful joy of high school are all magnified during homecoming week, and, it builds to a crescendo by the time the stadium is filled with parents and the combatants occupy their respective sidelines. Rubidoux's homecoming game is always a fun event, with its fireworks and formal displays, as the homecoming queen is announced. All the action steadily increases in intensity or force, but the football game is always the climactic point or moment after a long week of homecoming events.

This year's game pitted the Redlands Falcons against the Rubidoux Falcons. The Falcon were 4-0 going into the contest, but the Terriers (6-2) were feeling pretty good about them selves. Their offense moved the ball, but when we needed a stop, our defense muscle past Rubidoux 28-12, but the game was closer than the final score indicates. The Falcons struck first, as they turned a Terrier fumble into a 8-play, 68-yard drive. Rubidoux, whose running attack, used quarterback Chris Simmons arm and legs to move the ball during the drive. He completed a 19-yard pass to William Withers and took an option, 36-yards to set up back Mitch Millers 4-yard touchdown run. The touchdown gave Rubidoux its only lead of the game, at 6-0.

Redlands came right back and scored two first quarter touchdowns of its own to take a 14-6 lead. Greg Carlson scored the first touchdown on a 7-yard run. Running back Ellison converted right back and scooped 23-yards for the go ahead touchdown and the Terriers never looked back. "I'm a little disappointed, but when I saw that opening I just dug down and tried to push it to the end zone," said Ellison, who rushed for 85 yards in 14 carries. Rubidoux, behind Millers' hard running - he gained a game high 93 tough yards - kept the Falcons in the contest. In fact, Rubidoux ventured into Redlands side of the field eight times, but were halted each time by the physical Terriers. "Our defense played great when they had to," said Redlands coach Joe Krizek. "The defense responded to the challenge big time. Their offense moved the ball, but when we needed a stop we were able to get it."

Not only did the defense make the plays, as coach Walker noted, they made the game clinching touchdowns, too. Rubidoux scored on a Miller 14-yard touchdown punt with the ball in the fourth quarter and appeared to have the momentum and crowd back into the game, but linebacker Joe Krizek intercepted a tipped Simmons pass and ran it 32-yards into the end zone for a 28-12 lead. Redlands who appear to win this week against Citrus Belt League opponent Rubidoux Eisenhower is taking a four game winning streak into the contest and is feeling pretty good about themselves. "I think we have a good team that is capable of playing all the way," Ellison said. "We have a lot of people on this team that is willing to sacrifice and do what's necessary to win. I like this team."

Concerted defensive back Steven Collins: "We are pretty good right now and I think we can get better. We just have to keep practicing hard and stay focused and I think good things will happen for this team."

WNBA STARS STILL GLOWING, SET TO TOUR EUROPE

NEW YORK - With the signing of Nikki McCray, the roster of the WNBA's team that will visit Europe in October increased by one. The select team will play two games, and it will give McCray a taste of what to expect in the WNBA next season. The first stop was at Bonn, Germany on October 12, when the WNBA faced a German National team led by Phoenix Mercury center Marlies Askamp, who carried her club team STV Wupper to a third place finish in the European Championship for Womens last year and is the biggest star on a German team that will host the 1998 Women's World Championship of Basketball from May 26 to June 7. The game also featured a meeting between the National team led by Phoenix Mercury center Marlies Askamp, who carried her club team STV Wupper to a third place finish in the European Championship for Women's last year, and the biggest star on a German team that will host the 1998 Women's World Championship of Basketball from May 26 to June 7. Nothing But the Blues Coming to Cerritos

By Stephen Allen Watts

Panasonic is bringing a little something extra to the table in its annual season of soul concerts at Cerritos College.

Cerritos, a New York native, at the ripe age of 24 sought to not only play for the local soul fans, but to manage and record his. His completed voice/photo experience, training, and quality, amassed all the soulful grooves, layers of jazz and funk that create his unique sound. It is this perfectly produced concert, coupled with his superior song-writing that makes his soul-titled MCA debut album such a necessary addition to any music collection.

This young man discovered his talent early when he was a student in the church choir. "God is Music is God," says Rahsaan. "I knew early on that God was real. I have a very spiritual family." It is that faith that can be heard in his music. His smooth crooning and harmonious riffs all have an emotional and spiritual element that envelopes and secures his listener. I imagine it was that same spiritual element that talent consultant, Chip Fields heard when he auditioned over the phone. She flew him to Los Angeles and it was not long before he was working with George Duke, Stanley Clarke, Martina and Keith Crouch.

"I don't know if I was just stranded on an island and had to pick one music to listen to my first choice would be gospel. I didn't, my second choice would be country blues," he says.

Rahsaan said, "I don't know if I was just stranded on an island and had to pick one music to listen to my first choice would be gospel. I didn't, my second choice would be country blues," he says.

Pamela to bring a little something extra to the table, in its annual season of soul concerts at Cerritos College.

Cerritos, a New York native, at the ripe age of 24 sought to not only play for the local soul fans, but to manage and record his. His completed voice/photo experience, training, and quality, amassed all the soulful grooves, layers of jazz and funk that create his unique sound. It is this perfectly produced concert, coupled with his superior song-writing that makes his soul-titled MCA debut album such a necessary addition to any music collection.

This young man discovered his talent early when he was a student in the church choir. God is Music is God," says Rahsaan. "I knew early on that God was real. I have a very spiritual family." It is that faith that can be heard in his music. His smooth crooning and harmonious riffs all have an emotional and spiritual element that envelopes and secures his listener. I imagine it was that same spiritual element that talent consultant, Chip Fields heard when he auditioned over the phone. She flew him to Los Angeles and it was not long before he was working with George Duke, Stanley Clarke, Martina and Keith Crouch. Rahsaan said, "I don't know if I was just stranded on an island and had to pick one music to listen to my first choice would be gospel. I didn't, my second choice would be country blues," he says.

Food Drive for Homeless Slated for November 1st

Pedley Veterinary Hospital and the Salvation Army are holding a food drive for the homeless in Riverside. The drive will be held on November 1st, from 10 a.m. to 2 p.m. at Pedley Veterinary Hospital, 3695 First St., Riverside. The desired goal is to collect enough food and supplies to help the homeless during the holidays.

Beverly White kicks off 1st Fridays

Beverly White, a local businesswoman, kicked off 1st Fridays at the Salvation Army. The event was held on October 24th at the Salvation Army's facility, 3695 First St., Riverside. There will be food, refreshments, and entertainment for the holiday season.

What's Happening Around the Inland Empire

The San Bernardino chapter of the Salvation Army has held a food drive for the homeless, and is looking for donations of food, clothing, and other supplies.

Community Calendar

The Salvation Army of Riverside will hold its annual holiday craft bazaar on Saturday, November 1st, from 10 a.m. to 2 p.m. at its church facility, 3695 First Street. Attendees will be able to browse and purchase items for the holiday season.

Stay tuned for more information on upcoming events and activities in the Inland Empire.
