GRADUAL OCCUPANCY OF NEW LIBRARY-CLASSROOM BUILDING TO BEGIN SOON On January 18 the long-anticipated move to the new $4,177,000 Library-Classroom Building will begin when the language lab and five or six currently over-crowded classes transfer to the new facility.

BIDS WILL BE OPENED JAN. 12 FOR CAFETERIA Bids for construction of the permanent Cafeteria Building will be opened Tuesday, January 12, 2 p.m.

If bids are favorable, according to Executive Dean Joseph Thomas, the chances of approval by state agencies are excellent in spite of the construction freeze announced by the Governor's office. Each construction project in the state is being considered on its own merits. After the opening of bids the Cafeteria project will be submitted to the General Services Administration in Sacramento for approval.

The Cafeteria will be needed to serve students living in the College's residence halls complex now under construction. The dorms have no dining facilities.

The architect's estimate on the building is $1.6 million.
