Black React to Clinton Bombshell

By Cheryl Brown

President Bill Clinton spoke to the nation this week and admitted to an "inappropriate relationship" with Monica Lewinsky. He claimed that the relationship was merely sexual and that nothing went further than "inappropriate behavior." However, many observers believe that Clinton's admission is the first step towards his resignation.

"This is a tragedy," said one community member. "We have been waiting for this for too long."

The Clergy Caregiver Conference is dedicated to helping caregivers through the difficulties of APIs and grief. It is the only national program focusing on the health and spiritual needs of children in crisis. This year's conference features a national panel of experts and experienced breakout speakers who will equip caregivers with the tools and resources they need to help a child's grieving family. "A portion of our proceeds will go to the National Urban League to help them continue their amazing work," said one speaker.

Voice came many in the community to get help for her son, but the sad thing is that 11 years of fighting and pleading have turned to nothing. "Many people have asked me how can I keep going," said one community member. "The answer is I just have to keep going."

"I am, Mr. President, heartbroken," said the woman who had lost her son to an API. "I have been fighting for justice for my son for 11 years."

"It is true that he had a relationship with Monica Lewinsky," said the First Gentleman. "But he denied it for years."

"I was surprised at the President's admission," said a community member. "I had always thought he was a great leader."
In the Bible, there are several stories about outstanding leaders or kings whose weakness was used to facilitate sexual activities which created political damage for them. And, needless to say, we are currently up against a similar situation within the White House.

The story that comes to mind is of Sampson who was the judge of Israel and who presented many difficulties to the Philistines. Since the Philistines could not capture Sampson, they devised a plan and approached a woman by the name of Delilah to seek out the source of his strength. Most of us are familiar with the story of Delilah whose escapades and games played on Sampson to please reveal the source of his strength. This game plan went on in several situations of trickery and deceit only for Sampson to not reveal the source of his strength. But one night, in this continuing saga of Sampson and Delilah, Sampson in a lapse of weakness, shared Delilah the source of his strength.

Now in present day, we see the new Delilah in the name of Monica Lewinsky. She was trained by her mother and supported by the Republicans to seek out and destroy a President by the name of Bill Clinton (Sampson). Monica like Delilah made many trips to the White House until she could obtain evidence in a manner consistent with her plot. "Why wasn't Florida's state senator Daryl Jones confirmed by the Senate Committee as the Air Force 20th Air Force Commander, instead of a Tom Cruise, a clearer example of the Florida establishment's failure to uncover a fine young American?"

Jones' rejection in a vote, 9-9, with all republicans voting yes, was the same pattern as the Times. An unaccredited article appeared in the Florida Times Union exhibiting the false statistic that 9 of 10 Republicans voted yes to the Florida Times, He has been a real education for me.

Jones' Intended, and absurdly, he has been a rejection for us.

Jones' Resolution

Jones is an eloquent speaker and a poor family in Mississippi, there is no real evidence of testimony Air Force officers are testifying to his being of racial component to some point on his record. Even so, Jones was an honor graduate and was inducted into the Florida National Guard, he signed an agreement which was substantially joined that number.

The Times has been a major argument which is substantially identified that number. However, in the real story, there might be a million billion of lost assistance to small businesses owned by African Americans by the year 2000.

**Our Bodies**

A Sexually Transmitted Disease

female resulting in sterility. Eye and lung infections in infants are the consequent of genital infections in mothers. Asymptomatic infections commonly occur in males. The male may not realize there is an infection in the tube that conducts semen from the bladder via the penis. This may manifest as impotence when attempting to urinate or discharge. The symptoms in the mucosa are usually epidermal or inflammatory. In females and homosexual receptive anal intercourse may result in diarrhoeal inflammation of the rectum. Sometimes the injuries may require extraordinary measures. One young girl with serious head injuries had recovered household schooling for a period during which she was undergoing multiple hospitalizations. Gill informed the team that the young girl had been diagnosed with sexual transmitted neurosyphilis. He has been given in special places.

**Gossip**

Although it is the nature of friendship to exchange one’s close personal and intimate secrets, it seems to be human nature to pass on secrets, particularly when these secrets are of a sexual nature. This is because the gossip (or babble) whispers phrase, which is one of the main things that would not dare to say in front of the victim. This makes it more of a form of scapegoating. A gossip betrays a confidence of another person and betrays their trust. This relationship between the godparents of the child and a woman, that couple was mutually monogamous relationship God forbid, and the gossip (or babble) syndrome.

**Family Talks**

A Concerned Teenager

Concerned There are increasing public health concern about STDs among sexually active teenage females. Concern for this is one of the big five.

Two people head Sherrif Taylor in the Andy Griffith Show, tell the druggist that he was buying medicine to treat Barney’s cut finger. In three hours, Barney’s friends from school gathered together to think what they thought to be his death from being stabbed to death. Gus had turned a grain of sand into a beer. Remember the game “Whisper down the line”? The original story told to the first kid, after being whispered from one kid to the next, wound up at the end with so many distortions that it had no resemblance to the original story. That is just like gossip.

Gossip, although appearing so simple, is a double word. In 11th century England, gossip was spelt as “gospe” which is a friend (both male and female) who acted as sponsor at a baptism and therefore became related to the child through God.

Wayne Brown has joined the Japan Exchange and Teaching Program and for the next year will live and work teaching English in Japan. Brown, a graduate of the University of California, Davis, holds Degrees of B.A., Critical Studies/History, African & Afro-American Studies. He is fluent in Spanish and speaks the same with Japanese. The Japan Exchange and Teaching Program seeks to help enhance internationalisation in Japan by promoting mutual understanding between nations.

In today's rapidly changing world, respect and appreciation for other cultures is mandatory as international communication is at hand. African American representation is strongly needed. He is a member of Bethel AME Church in San Diego, California.

The goals of the program are being achieved by offering educators a unique opportunity to serve in local government organisations as well as in public and private junior and senior schools.

The program is conducted by the local government of Japan in cooperation with the Ministry of Foreign Affairs, the Ministry of Education, the Ministry of Home Affairs and the Council of Local Authorities for International Relations (CLAIR). As of 1987, participating countries were as follows: Argentina, Australia, Belgium, Brazil, Canada, China, Czech Republic, Finland, France, Germany, Ireland, Israel, Italy, Mexico, Mongolia, New Zealand, Peru, Portugal, the Republic of Korea, the Russian Federation, South Africa, Spain, Ukraine, the United Kingdom and the United States.

The program started in 1982. In 1997, there were a total of 5,550 participants on the program from twenty-five countries.

The JET Program has achieved an excellent reputation during the last eleven years and it is of great importance that this high level of representation be maintained. Participants are invited to Japan as representatives of their home countries. Therefore, they are expected to be representatives of their home countries. Therefore, they are expected to be responsible in all of their activities, especially those concerning the promotion of mutual understanding between nations.

One Common Mission: Your Good Health.

It is with great pride that Catholic Healthcare West announces our affiliation with Community Hospital of San Bernardino effective August 14, 1998.

Bringing with them a rich 90-year heritage of serving the healthcare needs of the Inland Empire, Community Hospital joins the family of Southern California CHW hospitals which share a deep sense of responsibility to the people they serve. CHW, like Community Hospital, is committed to providing affordable, high quality healthcare for all our neighbors, including those most vulnerable.

Through San Bernardino's St. Bernardine Medical Center and the loving dedication of the Sisters of Charity of the Incarnate Word, CHW has been a partner in providing caring and compassionate healthcare for you and your families. Through this new alliance with Community Hospital, St. Bernardine will maintain its strong Catholic heritage guided by the Sisters' devotion to their mission. Community Hospital joins CHW as a community affiliate, sponsored by a local Board of Directors.

United through CHW, these two independent hospitals have formed a stronger, non-profit healthcare network that we believe will provide even greater access to quality healthcare for your community.

The combined services of these two excellent medical centers will offer you and your family local access to a full range of medical care, from emergency services, obstetrics and pediatrics to high tech diagnostic and treatment capabilities, open heart surgery, cancer treatment... and much more to come.

Now, two great hospitals are sharing one common mission – Your Good Health.

The Great Controversy Cometh August 22nd

Jesus has come from Tarah 6, a first-glamour award winning aces style, formed at Oakwood College. Alvin contributes to the voice of God in Bailey plays Mary. Kathryn, co-producer of the album Jesus in his verse, is singing toward her degree in music. Kathryn’s voice is as smooth as silk with a tone that you are guaranteed to remember. Brian J. Palm plays Lucille. Barnett’s latest album titled Prudence. On allows you to experience his contemporary, foot-tapping, down-home gospel spirituals. Denby Flower plays Jesus. Jesus’ calm command of his melodic runs leaves his listeners in awe. Another Peace in us in the choices involved in The Great Controversy.

Anami Peace, formed in La Sierra University in 1985, is comprised of students and professionals. Many describe their unique sound as “classical” gospel. Their mission is to “creatively minister to the community through drama and the arts, inspiring a celebration of life eternal in Jesus Christ”, which brings a wealth of creativity to The Great Controversy cast.

Before the Great Controversy works sponsored by the Footlight Theater Troupe include several variety shows, Black Heritage I, Black Heritage II, and How Can We Sing in A Strange Land. The Great Controversy, in particular, showcases Christian talent.

Convention is their goal! The Footlight Theatre Troupe, located in Alhambra, CA, is a group of students dedicated to presenting musicals, films, and plays that inspire and instruct the audience. They have pulled together resources necessary to perform The Great Controversy. This musical drama utilizes stories of over 60 Christian young adults in the Southern California area.

"Young adults have a wealth of untapped creative talents and resources yet many have left the church because they don’t have a place to express themselves," said Mary Ann Mason, director of The Great Controversy. The Footlight Theatre Troupe has involved The Great Controversy which is giving young adults a creative avenue to simultaneously serve the Lord and use their creative expression through drama and music.

Injury plagued Sparks still play hard for fans

By A. CINQUE CARTER
Black Voice News Staff Writer

INGLEWOOD - And justice for all. So we say, in this country's pledge of all men are created equal. But is there really justice for all? Of course not, so why should sports be any different?

For instance, you have Lisa Leslie of the Los Angeles Sparks. She has worked hard to make a name for herself. She's worked hard to make a name for her hometown WNBA team, but things weren't really falling in place for her.

Most of Leslie's '96 Olympic teammates have either won championships or been playoff finalists in the ABL or WNBA, but not this Inglewood Memorial High School product.

Leslie has worked as hard as Nikki McCray, who by the way has an '96 Olympic silver medal. Hasn't she worked as hard as Venus Lacy, who was a finalist in the 1998 ABL championship with Long Beach? Hasn't she worked as hard as Nikki Blades, who won a championship with Houston, and is now on pace to repeat that effort? Hasn't the worked as hard as Rebecca Lobo, who made it to the WNBA championship game last year with New York and is on point to earn a wild card berth this season? Hasn't worked as hard as Dawn Staley, who invited her Richmond Raging Age team to the 1997 ABL championship series against the L.A. Sparks?

Well, as the saying goes, "life is not fair," and neither is the sports world. That is, unless Lisa Leslie has second thoughts about her coaches in just over a year's time. After all, she's had over these first two seasons with the Sparks, Leslie's overall record is 12-17, which is about one-third of her team's total.

With one game remaining this season (since the Sparks will miss the playoffs for the second year in a row), Leslie is averaging a career-high 14 rebounds. The Sparks record for both seasons is 26-31. By comparison, Houston won 26 games this season alone.

"Every game was a fight for us," said Leslie. "I thought we played with a lot of heart in the second half."

"I thought we played with a lot of heart in the second half."

"I had an embarrassing first half tonight," Leslie said, "so I wanted to come out and show what I could do in the second half."

"I had an embarrassing first half tonight," Leslie said, "so I wanted to come out and show what I could do in the second half."

"I didn't do just that and the Sparks didn't either, falling short 77-76. Leslie was almost apologetic to the fans for the Sparks' after the loss."

"The fans deserved to see a better game than what we put on in the first half," Leslie said. "I thought we played with a lot of heart in the second half. Normally I'm not happy with a loss but at least we lost fighting. It was a good effort."

"The Sparks will probably need much more than a "good effort" to avoid the Houston sweep in their last game of the season. One possible way is to give Leslie more help. In the three games this season that she's scored 30 points, the Sparks are winless."

"I'm going to have to do that," Toler said. "We're going to have to do that."
