REGISTRATION  
AT GYM TODAY

Registration for the 1971 Spring Quarter takes place today. Students who did not pre-register last month and new students will register at the Gym from 8:15 a.m. to 3:30 p.m. according to the alphabetical last name priority in the Spring Class Schedule.

Students wishing to change their course selection will also be processed.

Nearly 200 changes in room assignments, instructors, hours, canceled and added classes have been made in the Class Schedule. The changes, most of which result from delay in completion of the new Library-Classroom Building, have been incorporated in the Class Schedule Changes. These changes have been posted and are available throughout the campus.

Late registration will be held Monday, March 29. Students register for evening classes on Monday and Tuesday, March 29 and 30.

Classes begin next Monday.

NEW STUDENT PATROL  
TO LEND ASSISTANCE

A student-manned patrol service to lend assistance to campus personnel and visitors has been introduced by the Student Services office.

Two students, Norvel Carter and Michael Watkins, have been assigned to the new positions. They will be available in the late evenings, Monday through Friday, and during the day, Saturday and Sunday, to open buildings, office and lab doors, assist at campus events and generally lend assistance where needed.

Readily identifiable in light blue shirts, black ties, dark blue pants and jackets with state college seals on jacket pockets, the students will be on duty in and around the buildings.

An expansion of the student service is anticipated if the pilot program proves successful.

PAYDAY IS WEDNESDAY, MARCH 31, AFTER 3 P.M.

SMART DATA TERMINAL  
GETS RIGHT ANSWERS

A "multi-lingual" terminal is being tried out on campus.

On loan from Dominguez Hills State, the data terminal, a teletype-like-machine which is connected by telephone line to a CDC 3170 computer at San Fernando Valley State, is adept at "formula translation" and "languages."

It speaks several languages, including "Basic" and "Fortran," and is a marvel at getting the "right" answers to math, physics and other natural science problems as well as assisting with data problems encountered in social science and humanities courses. Problems are typed on the terminal keyboard and relayed to the computer. The answer comes back via the same terminal in one of its languages.

Expected to be available to faculty and students during the Spring Quarter, the terminal is currently located on the first floor of the Biological Sciences Building. It is under the supervision of Robert Schwabe, Director of Institutional Research. Later in the term it will be moved to new quarters in the Library-Classroom Building, which will be home for two like machines which are in the 1971-72 CSCSB Budget.

"CAROUSEL COLLEGE"  
FEATURES SPECIALISTS

The second in a lecture-workshop series for parents and nursery school workers will be offered tomorrow in five San Bernardino area cities.

Entitled "Carousel College," the series is concerned with areas of childhood care and education and is open to all interested persons free of charge. Sessions are held once a month from 9 a.m. to noon in San Bernardino, Redlands, Barstow, Victorville and Ontario.

Featured speakers include college instructors, directors of children's schools, a Head Start day care coordinator, and the director of education and training at Kaiser Foundation Hospital. Each month they travel to a different city to present their material. Topics cover creativity and art, learning theories, communicating individual differ-

"CAROUSEL COLLEGE"-(Cont'd) ences, health and nutrition, and language. Co-sponsor with the CSCSB Office of Continuing Education is the San Bernardino County Welfare Day Care Advisory Board.

READING COURSE QUALIFIES FOR SCHOLARSHIP GRANTS A seminar in reading for elementary teachers, to be offered again this summer at CSCSB, is qualified for scholarship grants, according to Robert West, Director of Department of Education.

Deadline for teachers to submit applications to the state for the \$250 scholarship grants is April 1. The stipends, granted under the Miller-Unruh Basic Reading Act, assist teachers who take approved courses designed to improve reading instruction.

Further information on the seminar, which carries five quarter units of graduate credit, may be obtained from the Education Department. Seventeen courses for prospective or practicing teachers will be offered at CSCSB this summer, some of which may be qualified for scholarships under the Miller-Unruh Act, also.
