V. Required Texts/Readings

Texts:

There is no required text for this course. However, students will have required readings found on the Field Seminar Blackboard site, which is referred to as “Seminar Notes.”

Additional Required Readings:

Students may also receive additional assigned readings such as journal articles, from Field Seminar Liaison / instructor.

VII. Course Requirements and Expectations

Attendance/Participation:

Attendance and participation at Field Practicum and Field Seminar are required to receive a CREDIT for the course. Participation will be monitored by the field liaison.

1. Field Practicum

- Students are expected to maintain the agreed upon schedule of 16 hours per week.
- Any changes in scheduled internship days need to be approved by both the field instructor and field liaison.
- Students cannot miss more than 1 day per semester without notifying their assigned field liaison; whether the hours are being completed remotely or in-person. . Cases of excessive absences will be handled on a case by case basis and may require verifiable documentation.
- Please see Field Manual for further detail.

2. Field Events

- Field events are incorporated into the course seminar, and are held in-person, when deemed safe. However, during the 2020-21 academic year, all field events will be held remotely, due to the COVID-19 pandemic.
- Students are required to participate all field events, whether in-person or remote. If remote, students will be provided assignments through the course seminar.

3. Field Seminar

- Students are required to attend all eight seminars for the year. During the 2020-2021 academic year, seminars will be held via zoom online.
- Any unavoidable absences should be discussed ahead of time, or as soon as possible, with assigned faculty field liaison. The faculty field liaison will discuss options and require an additional assignment. For example, a 3-5 page typed double-spaced paper with references and reflection on the topic missed will be required.
- It should be noted, students who miss more than **one seminar** for the year, **with the completion of a makeup assignment**, risk receiving a NO CREDIT for the course.

Absences and/or Late Arrivals:

Students are required to arrive on time to field placement and to seminar. “On time” is defined as being ready to participate in internship or in seminar at the designated start time. If on a ZOOM meeting / session, students will be clothed appropriately, be in a private, quiet space, have a working camera, and microphone, and be fully present throughout the session.

Cellphone/computer Use:

Cell phones should be silent during seminar class time, during internship hours and should not be used for communication purposes. If use of the cell phone is absolutely necessary, students are asked to step out of the room to briefly take a call or send a message. **Laptops (and similar devices) may be used for educational purposes only (such as taking personal notes, accessing material related to this class, etc.).** They are not to be used during lectures and class presentations unless it is for an educational purpose. If you use your phone and or laptop for reasons other than educational purpose, you will be given a verbal warning; in-person or via e-mail. Please determine the internship policy regarding cell phone and personal computer use while onsite or providing remote services.

Late Submission of Assignments:

Assignments and Discussion Board posts must be turned in prior to or by the due date listed in the course syllabus, unless it is announced otherwise in class. Please contact the instructor if you are going to submit an assignment late. Late assignments will only be accepted if prior arrangements have been made with the instructor.

Discussion Board responses to peers should also be submitted by the due date.. Due to the interactive nature of the assignment and online course environment, additional time will not be extended for responses to peers. There are no exceptions to the policy for late Discussion Board responses unless a student has an emergency. If an emergency occurs, the student should contact the instructor immediately.

- Respond to monthly journal question and peer post on the Black Board site.
- Refer to Course syllabus “Assignments” for specific dates
- Initial Discussion Board posts should be submitted by the due date. Discussion Board responses to peers should also be submitted by the due date. Due to the interactive nature of the course, online course environment, additional time will not be extended for responses to peers after the week ends. There are no exceptions to the policy for late Discussion Board responses unless a student has an emergency. If an emergency occurs, the student should contact the instructor immediately.

d. Complete Educationally Based Process Recordings

Objective: To develop and enhance self-awareness skills and advanced practice and interviewing skills by evaluating specific interactions in the field placement.

- Students are required to submit one process recording per seminar to the faculty liaison/seminar leader; Process Recording must be reviewed and signed by their Agency Field Instructor. This will be submitted through Black Board, 4 days prior to each seminar.

*****It is strongly recommended that field instructor provide written comments on reviewed process recordings before signing, to allow student’s future reflection and reference.***

Grading Policy

Field education is a year-long course (two semesters) graded on satisfactory progress/credit-no credit; at the close of each semester. The contribution of the Agency Field Instructor is to meet with the student mid-semester to provide oral feedback about student’s progress, documenting the progress in the Learning Plan Agreement (LPA) in the Intern Placement Tracking (IPT) System. At the close of each semester, the Agency Field Instructor will also complete a written evaluation, which will monitor and document the student’s progress in field. Although the Agency Field Instructor will provide a Grade

Recommendation on the Learning Plan Agreement (LPA), the grade is assigned by the Field Liaison, taking into consideration three areas:

1. Outcomes of the Learning Plan Agreement Evaluation
2. Completion of the minimum number of field hours per quarter
3. Attendance and participation in all field seminars
4. Completion of seminar assignments (Black Board, process recordings, and assignments)
5. Attendance at field events, as listed on the Master Field Calendar

An INCOMPLETE (I) grade is given when course requirements identified by the agency field instructor or faculty liaison/seminar leader have not been completed by the close of the grading period. In this case, in order to continue in the current year of Field Work, these requirements must be completed no later than the eighth week of the next semester of field work. When required work has been successfully completed, the grade will be changed to CREDIT. If the student fails to complete the requirements by the eighth week of the next semester, they may be required to take a Leave of Absence, or receive a No Credit grade.

Refer to [Field Manual](#) for policies related to No Credit grade.

End of Field Program Evaluations

- Field Evaluation -- Students will complete a field evaluation at the close of Spring semester.
- Field Instructor Evaluation – Students will complete a field instructor evaluation at the close of Spring semester.
- Field Liaison Evaluation – Students will complete a field liaison evaluation at the close of Spring semester.

Writing Coach: Writing Coach

The School of Social Work has a writing coach especially for its students. Our coach, Francesca Astiazaran, will help you identify problems you might have with your writing and assist you in finding solutions. You can visit the writing coach at any stage in your writing: as early as brainstorming and/or understanding your prompt to the final stages of your paper (and, of course, everything in between). Francesca can meet with you on campus during her available hours, online (Via Google Hangouts), or by email. While she is not an editor and cannot simply go through your paper and "fix" things, she can help you with issues such as grammar, sentence structure, and word choice as well. All contact information for Francesca is at <http://socialwork.csusb.edu/tutor/index.htm>.

If a class is canceled due to campus closing, please go to your course Blackboard site to see if there is an alternative assignment for that class session or for other updates.

The list below cannot cover every aspect of every possible situation, but it should cover some basics and provide some initial preparedness.

Emergency Preparedness Checklist for First Class Session Discussion

- Building Alarm goes off (fire or other). Evacuate building calmly. Only use stairs. Proceed as a group to the grass area beyond Parking Lot M (in front of Visual Arts Building). Stay there until building Marshall (wearing reflective vest) indicates all clear. There may be no Marshall in the evening, so go to the grassy area beyond parking lot M and wait for instructions. If someone in your class cannot use the stairs, assist the person to the safest place in the building and inform the police/ fire department of their whereabouts so they can be safely evacuated. Please make sure you have familiarized yourself with where the nearest exit is, how to use stairs to get to the ground floor, and where Parking Lot M is.
- Earthquake. Building phones should sound alarm and give instructions, generally to duck under a desk, table, doorway to up against a wall. It is ok to hold on to a secure object. Make sure the door is open to your classroom if possible. Cover the back of your neck with your hands. Stay away from unsecured furniture. Once the shaking has stopped, proceed as quickly as possible to the stairs and evacuate. Do not use the elevators.
- Medical Emergency: Call 911 and report. Use any first aid available if trained.

- Dangerous person: Leave the area as soon as possible and let others know there is a dangerous person in the area. Call 911 and report.
- Shots fired/active shooter: Move away from the immediate path of danger, If possible, exit the building. Otherwise, SHELTER IN PLACE (definition below). Notify anyone you may encounter to avoid the location of gunshots. After evacuating the area of the shooting, seek shelter and stay there until emergency responders arrive and advise you what to do.
 - Definition of “Shelter in Place” and alternative safe locations. Go to the nearest room or office, close and lock the door. If the door has an interior lock, please lock, Turn off the lights. Seek protective cover. Stay away from doors and windows. Keep quiet and act as if no one is in the room. Do not answer the door. Wait for police to assist you out of the building. Call 911 from an on-campus phone. Faculty may suggest alternative safe locations.
- Identify who in the class has training in the following areas: CPR, other first aid, shots fired/active shooter training.
- Discuss helping mobility, hearing, or sight impaired classmates.

Overview of 2015 Educational Policy and Accreditation Standards Purpose of the Social Work Profession:

The purpose of the social work profession is to promote human and community well-being. Guided by a person-in-environment framework, a global perspective, respect for human diversity, and knowledge based on scientific inquiry, the purpose of social work is actualized through its quest for social and economic justice, the prevention of conditions that limit human rights, the elimination of poverty, and the enhancement of the quality of life for all persons, locally and globally. (CSWE EPAS, 2015)

Social Work Competence:

Social work competence is the ability to integrate and apply social work knowledge, values, and skills to practice situations in a purposeful, intentional, and professional manner to promote human and community well-being.

Assessing Competence:

A competency-based approach refers to identifying and assessing what students demonstrate in practice. In social work this approach involves assessing students' ability to demonstrate the competencies identified in the educational policy. (CSWE EPAS, 2015)

Assessment of student learning outcomes is an essential component of competency-based education. Assessment provides evidence that students have demonstrated the level of competence necessary to enter professional practice, which in turn shows programs are successful in achieving their goals. (CSWE EPAS, 2015)

Competency-based education is an outcomes-oriented approach to curriculum design. The goal of the outcomes approach is to ensure that students are able to demonstrate the integration and application of the competencies in practice. (CSWE EPAS, 2015)
