By the time this letter reaches you, October 6, 1998— a day to celebrate for many public officials in Riverside— is more than a month old. For me, the first two weeks of that month were nothing less than exhilarating. I arrived at Riverside Community Hospital, receiving expert treatment and care for complications caused by three bullets. While my memory of those days, particularly following the surgeries, is somewhat blurred, what is very clear is the critical impact of the hundreds of flowers, gift baskets, cards, letters, and visits I received. I'm convinced that without your support and your prayers, my recovery would not be proceeding as well as it is.

We have much to be grateful for, beginning with the series of heroic actions by public safety officials, paramedics, and other city employees. Their quick, intelligent response in dangerous and uncertain circumstances gave all who were involved a fighting chance to live. The fact that a hospital trauma unit was only five blocks from City Hall was another contributing factor to the miracles that occurred on Main Street that day.

The care I received at Riverside Community Hospital was exceptional. From Ferry Baxter and the trauma team to Gary Feinberg and Larry Hendley who were putting my right jaw back together, all of the doctors, nurses, therapists, and aides we encountered made a point to have I say that from the perspective of eight days in the intensive care unit, and its days on the surgical floor.

During the hospital stay and now at home, the 24-hour a day support of my wife and family has been crucial. Although my attempt to climb the mountain must be followed by a 30-minute time out, I have reached the top of the mountain. I feel better every day and the intensity, the pain, I go on with.

During the last few weeks I will try to make short appearances at a few events, but it's impossible to predict the duration of my hospital stay or my time back home. I'm watching my watch so I can go back, but I would like to do.

Thank you again for taking the time to write. You have given an important voice in a letter that should be read and cherished. Thanksgiving came early for the Beaty family this year.

As I watched "The Temptations: the mini-series," I experienced a moment of nostalgia that took me back in time. For the record, I don't even watch the show and I have no desire to turn back the clock, but seeing the television commercial that brought back the past. Since King, King, Gun and Dave, and various Motown artists with advertising titles. And now, there are time-stoppers, seemingly a return to the days when I grew up on soul music. My taste in music has changed and I would sing the lyrics to any song by any Motown Supremes, The Temptations and other Motown artists. I remember when I was a junior high school in school. It was a middle school now. My favorite radio station, KDIA, "Lucky" 13 did a goose track in my high school, the Dick Gregory, the "Jive" Blue" Blues for Erma. "Doo Dah," from Wixon Pickens to James "The Godfather" Brown, "Brown" was music was magic to me. I fell in love, poppy love, but it was with the help of the "Teenagers" Temptations. Ministers Explode at Stewardship Explosion Experience

By Cheryl Brown

Preachers in the Inland Empire rarely preach the same Biblical doctrine on any subject, and rarely do they preach side-by-side actions it is a special celebration like Christmas or Easter. Recently, 10 preachers from 7 denominations took part in a "Stewardship Explosion" at St. Paul AME Church in San Bernardino. Each had their own particular spin and interpretation of the scriptures each was right on target as they complemented each other's words and preaching. "Stewardship Explosion was a vision God had given me," said Pastor Al Smith of St. Paul AME. "The goal was to teach us congregations and create a kind of fellowship with ministers in the community who may have had more experience on the subject." he continued.

Each night during Stewardship Explosion, one minister was invited to teach while another was invited to preach. The plans were bladed so that they could stay within the particular disciplines and the congregations was good because of the blue. Each allowed the Lord to use them as he saw fit and from the first night on Sunday with Pastor Marc Woodson, Rahnoud-Da Day Advent Church and Pastor Joshua Buckley, Eclipsus Christian Center, to the last night on Friday with Rev. Percy Harper, St. Mark M.B.C. and Dr. Robert Fairley, the week was exciting. Some ministers who taught began with the classroom setting including handouts. Soon the handouts lay in the entry of the Holy Spirit took control and rich blessings went forth. Rev. Morris Buchanan of Bethel AME, Fontana said: "I was excited about the plans. It showed that stewardship is not just money but that is the first time you allow God to be in your life." Pastor Mark Woodson said: "I felt privileged and honored to be a part of such a cutting edge spiritual program. I believed at the outset that was given for money, it was done from a spiritual context."

Ministers all week spoke from different scriptures but one thing everyone had in common was: Malachi 3:6-10. Woodson said in his teaching/presentation that we should know when we give our money in the offering just like for the offering and preaching.

Woodson said he was so impacted he's looking forward to next year. Pastor Smith, his wife, Rev. Bla Smith and Revonnie Dewoskin a member of the church had been working on the plan for 6 months. "God wanted all faiths and all experiences." said Rev. Al Smith. "I have a new man of God," said Rev. Raymond Turner of Temple Baptist Church. "It was a vision, it went beyond stewardship it crossed denominational boundaries and brought together brothers in Christ. It had to be Holy Ghost led — Al Smith to hold forth." Turner's message came from Haggai 1:11. Consider your ways. Most ministers took the first part of Malachi 3:6-10. But slower like Pastor E. Peete focused on Malachi 3:10-12. Pastor Peete expanded on "How to Keep What You Have." You know what you have by giving of your time, talent and substance. God will bless you, protect those blessings and you will prosper. The blessing of all the ministers agreed upon was you are checkpoint in God.

Peete also thought it (the explosion) was a positive exegetical approach to develop knowledge. "I commend Rev. Smith for bringing this new fresh approach for Stewardship," Rev. Shadrack Smith said with many commending so listening as a result of the Stewardship Explosion means that people understand the concept because of the teaching/preaching. The commitment is the fruit of that response. "The more people get, the more people worry when the most

Raiders’ Playoff Hopes Damaged by Miami

Ex UCLA star Abdul-Jabbar, Moreno and Dolphins’ defense fuel Miami’s 27-17 win.

By LEeland STEIN III
Sports Editor

OAKLAND — The Oakland Raiders are far and away playing better than their 4-12 showing of last year, but three weeks ago the Raiders stood at 7-3 and looked to be headed toward their first playoff appearance since 1993. But after Sunday’s 27-17 loss to the Miami Dolphins in Oakland, stands at 7-6 and is in danger of missing the postseason.

Quarterback Donald Hollas endured a rough day, throwing 6 interceptions while getting sacked 8 times.

"After my sixth sack, I started to watch the seagulls flying above the stadium every time I was taken down," Hollas said. "I'm not going to deny I cost the team the game. It's satisfying to be in the position we're in in our division."

Miami’s defense forced another turnover on Oakland's next possession as Inebucker Dwight Hollier recovered Harvey Williams' fumble at the Raiders 22. The Dolphins needed only three plays to go up 17-0 on Marino's 19-yard TD pass to Oronde Gauss with 1:46 remaining in the period. Miami had lost nine straight in Oakland before breaking through last year with a 34-16 victory. Miami had lost nine straight in Oakland before breaking through last year with a 34-16 victory.

"Our defense was able to force them to make costly mistakes and our offense capitalized on that," said Miami quarterback Dan Marino. "We didn't change anything offensively this week. We just stayed with the same game plan."

Miami's tenacious defense forced 6 interceptions and sacked Donald Hollas 8 times, dealing Oakland's playoff hopes a serious blow. Oakland (7-6), which led the AFC wild card race two games earlier, is now 2-9 since winning on the road.

"You're rushed, 6 interceptions is unacceptable at this level," said Thomas, who also had an interception in the fourth quarter. "That was a key for us and we talked about all week.

When it comes to the changes in California's Electric Utility Industry for your business,

You have the power!

What has changed?
Now you can choose your Electric Service Provider (ESP). The ESP is the company that generates the electricity you use. Because many new ESP companies have come into the state, tens of thousands of California electric consumers have already switched providers. As always, the California Public Utilities Commission (CPUC) is on the side of energy consumers, serving as the watchdog to protect you and your rights.

When and why did this happen?
Early in 1998, the electric utility industry opened to competition. This provides you with a choice that could potentially save Californians and YOUR small business money.

How does this affect your small business?
Small businesses can now negotiate for electricity rates like bigger companies, thanks to “aggregation.” This is when your business joins with others to buy electricity as a group. You can contact any registered ESP and ask about aggregation.

Where can you get a list of ESPs?
For a list of providers, call 1-800-789-0550 or visit our web site at www.knowledgispower.org. The CPUC updates the list daily.

Who can you turn to for more information?
The CPUC has information to help you make the right choice for your small business. They have set up the Electric Education Call Center (EECC) and two web sites to give you objective, unbiased, and free information.
