FLYER

COLLEGE EMPLOYEES
NOT YET COVERED
FOR UNEMPLOYMENT

State College and University of California employees are not provided with unemployment insurance benefits under AB 271, according to clarification received Friday from the Faculty and Staff Affairs Office of the Chancellor's Office.

AB 271, signed by Gov. Reagan on July 20, covers California Civil Service employees whose employment is terminated because of budget or funding reduction, organizational changes or reduced workload.

Another bill, AB 1455, which is still in an Assembly committee, would cover State College and University employees terminated because of budget cuts, or reductions resulting from organizational changes or reduced workload.

Broader coverage would be provided by a third measure, AB 1503, which would provide compliance with federal legislation (public Law 91-373) providing unemployment compensation to persons in higher education and other specified occupations. AB 1503 is now in the Senate finance committee. If passed, it would be effective January 1972.
