Dear COVID-19,

You have taken so much not just from me but from others.

My last months of high school, my high school graduation, my driver's license, my first year at college.

You have held me back from so much.

You didn't let me get the chance to enjoy my summer before college.

You didn't let me enjoy my freshman year at college.

I was so excited to start fresh, but thanks to you I couldn't.

I had to do online school feeling so unmotivated.

I felt like I wasn't getting the chance to reach my full potential in my educational career.

Thank God I still have my family with me healthy, but unfortunately many can not say the same.

**Families have gone through horrific event
they will never forget.**

**This year has been a year no one wants to
relive.**

Because of you, COVID-19.

**Because of you life as we know it will
never be the same.**

Because of you.

From,

A Very Upset Student.
