LEARNING SKILLS CENTER
NOW BEING ESTABLISHED

Plans are under way for a College Learning Skills Center, to be ready for operation at the beginning of the Spring Quarter.

Under the title of Motivation Program, the center will work primarily with E.O.P. students during the initial quarter of operation. It is hoped that the program will be opened up to all interested students on campus in 1973-74, according to Tom Rivera, Assoc. Dean of Students in charge of E.O.P.

The program, geared to arouse student interest in reading, with emphasis on motivation, will feature workshops which will teach college survival skills such as note-taking, test-taking techniques, essay writing, research techniques and communication skills.

During this quarter the program will be introduced to instructors on campus to solicit their advice and assistance.

Anne Turley, former assistant reading center director at Valley College, has been appointed to assist with the planning and establishing of the CSCSB Learning Skills Center. Mrs. Turley,

In order to be admitted to the Special Major program a student must submit a written request for approval to the Dean of Academic Planning, stating his academic and professional reasons in an outline of his proposed plan of study. In addition (1) the student must have more than one full year of academic work (45 quarter units) to
